Pickerington, Ohio 43147

We have reviewed the *Independent Auditor's Report* of the Pickerington Local School District, Fairfield County, prepared by Julian & Grube, Inc., for the audit period July 1, 2021 through June 30, 2022. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them. In conjunction with the work performed by the Independent Public Accountant, the Auditor of State is issuing the following:

Finding for Recovery Repaid Under Audit – Robotics Club

Section 6610(A)(11), Establishment and Maintenance of Student Activity Funds, of the Pickerington Local School District's policies states, in part, that all monies collected should be deposited with the Treasurer's Office or in a designated depository. Additionally, **Section 6610(A), Collection and Deposit of Cash**, indicates that all student activity funds collected from any source should be substantiated by auditable and checkable records.

Levon Thomas was hired by the District in 2006, serving as the teacher for the industrial technology program and advisor for the robotics club. As a part of its activities, the robotics club participates in various competitions throughout Ohio, with some competitions hosted by the District. The Robotics Education & Competition Foundation (RECF) assists the District with its hosted competitions by processing registrations and advertising the competitions on its website. RECF keeps \$5 per student entry as its compensation and sends the District the profits from the competition, which can be used to pay for related expenses (e.g., officials' fees, concessions, etc.). As club advisor, Mr. Thomas received the checks remitted by RECF for the competitions hosted by the District.

From November 18, 2016 through February 2, 2022, RECF remitted 33 checks totaling \$16,852 to the District. However, 30 checks were deposited into Mr. Thomas' personal bank accounts, totaling \$14,822. The remaining three checks totaling \$2,030 were intercepted by the District while Mr. Thomas was on leave and deposited in the District's bank account on January 28, 2022. These three checks were made payable to Levon Thomas. On February 1, 2022, the District conducted a disciplinary hearing with Mr. Thomas about these payments, which resulted in Mr. Thomas resigning from the District, effective February 2, 2022.

On August 31, 2022, Mr. Thomas pled guilty to one count of theft (**Ohio Rev. Code § 2913.02**), a felony of the fifth degree in Fairfield County Common Pleas Court Case No. 2022 CR 335. He was sentenced to 30 days in jail (suspended), five years community control, 10 days community service, and ordered to pay restitution in the amount of \$14,822

Board of Education
Pickerington Local School District

Pickerington, Ohio 43147
Page -2-

In accordance with the foregoing facts and pursuant to Ohio Rev. Code § 117.28, a finding for recovery for public monies converted or misappropriated is hereby issued against Levon Thomas in the amount of \$14,822, in favor of the District's Student Managed Activity Fund.

Mr. Thomas paid court ordered restitution in full during sentencing.

In accordance with the foregoing facts and pursuant to Ohio Rev. Code § 117.28, a finding for recovery for public monies converted or misappropriated is hereby issued against Levon Thomas in the amount of \$14,822, in favor of the District's Student Managed Activity Fund.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Pickerington Local School District is responsible for compliance with these laws and regulations.

INTRODUCTORY SECTION

This page intentionally left blank.

January 20, 2023

To the Board of Education and the Citizens of the Pickerington Local School District:

As the Treasurer of the Pickerington Local School District (the “District”), I am pleased to submit to you this Annual Comprehensive Financial Report (ACFR) issued by the District. The ACFR for the fiscal year ended June 30, 2022 is prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) and in conformance with standards of financial reporting established by the Governmental Accounting Standards Board (GASB) using guidelines recommended by the Government Finance Officers Association (GFOA).

The Treasurer’s Office is responsible for the accuracy of the data presented and the completeness and fairness of this presentation. We believe the data presented is accurate in all material aspects and that all disclosures necessary to enable the reader to acquire the maximum understanding of the District’s financial activity are included herein.

The basic financial statements of the District for the fiscal year ended June 30, 2022, were audited by Julian and Grube, Inc. whose opinion thereon is included at the beginning of the Financial Section of this report.

In addition to the financial audit, a single audit was performed as required by the Single Audit Act Amendments of 1996 and the provisions of Title 2 *U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*. The single audit report is not included in the CAFR. This transmittal letter is designed to provide historical information about the District, as well as complement the required Management’s Discussion and Analysis (discussed below). Unless noted otherwise, the financial data in this transmittal letter is presented on the modified accrual basis of accounting. GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of the Management’s Discussion and Analysis (MD&A).

The Management’s Discussion and Analysis (MD&A) immediately follows the independent auditor’s report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

PROFILE OF THE DISTRICT

The District originated in the late 1800’s, built its first building in 1907, and is a fiscally independent political subdivision in the State of Ohio. By statute the District operates under standards prescribed by the Ohio State Board of Education as provided in division (D) of Section 3301.07 and Section 119.01 of the Ohio Revised Code to provide education services authorized by charter and further mandated by state and/or federal agencies. The District is located in a suburb of Columbus, the state capital, and operated two high schools, one alternative high school, two junior high schools, three middle schools, and seven elementary schools as of June 30, 2022. The District had approximately 10,606 students in grades kindergarten through the twelfth grade and approximately 204 preschool students enrolled during the 2021-2022 school year.

The District provides a wide variety of educational and support services as mandated by State statute or public desires. These include regular and vocational instruction, special instructional programs for handicapped and gifted students, student guidance and health services, as well as extracurricular activities. The District has a reputation of academic excellence as measured by student academic results on State-mandated assessments.

An elected five-member Board of Education serves as the taxing authority and policy maker for the District. The Board adopts the annual operating budget, tax budget, and approves all expenditures of District tax monies.

“Our mission is to provide all children an efficient and nurturing educational environment which creates life-long learners who are socially responsible citizens. We believe children are our primary focus.”

The Superintendent is the Chief Executive Officer of the District, responsible to the Board for total educational and support operations. The Treasurer is the Chief Financial Officer of the District, responsible to the Board for maintaining all financial records, issuing warrants in payment of liabilities incurred by the District, acting as custodian of all District funds, and investing idle funds as permitted by Ohio law. Other Board-appointed officials, reporting to the Superintendent, include the Assistant Superintendents, the Director of Human Resources, the Director of Student Services and the building principals.

INTERNAL CONTROLS

In developing and revising the District's accounting and internal control system, consideration is given to the adequacy of internal controls to provide reasonable but not absolute assurance regarding:

1. Safeguarding of assets against loss from unauthorized use or disposition; and
2. Keeping reliable financial records for preparing financial statements and maintaining accountability for assets.

The concept of reasonable assurance recognizes that:

1. The cost of a control should not exceed the benefits likely to be derived; and
2. The evaluation of costs and benefits required estimates and judgments by management.

Management believes that the District's internal controls adequately meet the above objectives.

BUDGETARY CONTROLS

In addition to the internal controls mentioned above, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the Board of Education. Activities of all funds are included in the annual appropriated budget. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is established at the individual fund level of expenditures. The District also maintains an encumbrance accounting system as one technique of accomplishing budgetary control. Unencumbered amounts lapse at year-end. A complete description of the District's budgetary process can be found in Note 2.E. to the basic financial statements.

INSTRUCTIONAL ORGANIZATION:

The District provides a wide variety of educational and support services. This includes regular and vocational instruction; special instructional programs for English Learners ("EL students"), students with disabilities and gifted students; student guidance and health services; as well as extracurricular activities.

While rapid growth in student population in past years has presented many challenges - providing student housing, maintaining appropriate class sizes, and additional efforts to ensure horizontal and vertical articulation of instruction - growth has also provided the District opportunities it otherwise might not have had.

The community has supported the District's housing needs and the need for reorganization has resulted in grade level spans that have improved opportunities for students and enhanced instruction. In 1989, the District approved a bond issue that funded a state-of-the-art high school for 1,800 students. As a result, grades 7 and 8 were relocated to the junior high school (the old high school building) and grade 5 was moved from the elementary buildings to be relocated with the sixth grade, forming a middle school and resulting in the District's present configuration of building spans - K-4, 5-6, 7-8, and 9-12.

In November of 1997, the District passed another bond issue. This issue, coupled with a \$6.7 million interest-free State loan, supported the construction of two new middle schools (grades 5-6; Diley Middle School and Harmon Middle School) and the renovation of the middle grade facility to serve as an additional elementary school. These two middle schools were built to facilitate the District's teaming program.

August 2001 marked the reopening of our “East Street Facility” (the previous middle school) as Heritage Elementary. This facility housed the District’s original K-12 school since 1907. It was closed for one year to enable contractors to complete an extensive renovation that was completed in fiscal year 2002.

In November 2000, the District residents passed a \$77.5 million bond issue as well as a 3 mill-operating levy during its first attempt. These dollars were used to construct Pickerington High School North and Lakeview Junior High School, which opened in August of 2003.

The voters approved a \$59.9 million bond issue in fiscal year 2007 for the purpose of constructing a middle school and two elementary buildings (Toll Gate Middle School, Toll Gate Elementary School, and Sycamore Creek Elementary School). Construction was completed in the summer of 2009. The three new buildings opened on schedule at the beginning of the 2009-10 school year.

In May 2009, the voters approved the extension of a classroom facilities maintenance levy. This approval enabled the District to qualify for \$50 million in State funds from the Ohio School Facilities Commission, which has been used for the renovation of five of the district’s oldest school buildings (Pickerington Central High School, Ridgeview Junior High School, Fairfield Elementary School, Pickerington Elementary School, and Violet Elementary School).

On November 3, 2020, District voters defeated a proposed 2.90 mill bond issue that would have raised \$95 million in proceeds to construct a new junior high; add 24 classrooms to Pickerington Central, and 18 classrooms to Pickerington North; renovate Ridgeview Junior High School into a combined K-4 elementary school and 5-6 middle school; renovate Heritage Elementary School into a Pre-School learning Center; and would have allowed for miscellaneous classroom upgrades and appurtenances. The issue was defeated by about 2,000 votes in the midst of the Coronavirus Pandemic. The same issue was put back on the ballot for the May 4, 2021 primary election. District voters again defeated the proposed 2.90 mill bond issue by a total of 1,339 votes.

The District’s two high school facilities have supported enhanced computer usage and instruction, a growing broadcast journalism program, a satellite tech prep program through Eastland-Fairfield Career and Technical Schools, numerous STEM offerings, integrated instruction in algebra, chemistry, English and American history, as well as other program improvements in the arts.

While Pickerington High School Central and Pickerington High School North have well-deserved reputations of being two of the finest public high schools in Ohio, efforts have been made to identify and evaluate ways to better meet the needs and interests of students. Included in these efforts is intervention in reading and math for struggling students, mentoring, internships, “double-blocking” of classes to enhance time usage, redefining requirements for honors classes, a review of the graduation requirements, an increase in athletic academic eligibility standards, and a variety of advanced placement course offerings.

STUDENT ACHIEVEMENT

We are recovering from the impact of Coronavirus pandemic dramatically affected schools during the 2021-2022 school year. For the greatest part of the 2020-2021 school year (until April 5, 2021), Pickerington Schools operated in a hybrid model whereby half of our students attended in-person on Mondays and Tuesdays, and the other half attended in person on Thursdays and Fridays. Students attended school virtually on any weekday in which they were not physically in school. The Ohio Department of Education issued report cards for the 2021-2022 school year, but the pandemic again affected how the state issued grades to Ohio’s public-school districts.

Ohio School Report Cards

2021 - 2022 Report Card for Pickerington Local

The Ohio School Report Cards include performance information provided by schools and districts including academic, financial, and opportunity to learn data. Some of this data is then combined into six components that receive star ratings to indicate the level of performance for the school and district.

Achievement

This component represents whether student performance on state tests met established thresholds and how well students performed on tests overall.

Performance Index 82.8%

Exceeds state standards in academic achievement

Progress

This component looks closely at the growth all students are making based on their past performances.

Significant evidence that the district exceeded student growth expectations by a larger magnitude.

Gap Closing

The Gap Closing Component is a measure of the reduction in educational gaps for student subgroups.

Annual Performance Goals 89.2%

Significantly exceeds state standards in closing educational gaps.

Overall

Graduation

The Graduation Component is a measure of the four-year adjusted cohort graduation rate and the five-year adjusted cohort graduation rate.

94.0% of students graduated in 4 years

96.5% of students graduated in 5 years

Exceeds state standards in graduation rates

Early Literacy

This component looks at how successful schools are at improving reading for at-risk students in grades K-3.

Meets state standards in early literacy (K-3).

Improving K-3 Literacy 39.9%
Third Grade Reading Proficiency 67.8%
Promotion to Fourth Grade 100.0%

College, Career, Workforce and Military Readiness

This component looks at how well-prepared Ohio's students are for future opportunities, whether training in a technical field or preparing for work or college.

Students who are Ready 43.0%

MAJOR INITIATIVES AND PROGRAM ACCOMPLISHMENTS

Data Analysis: Building Leadership Teams and Teacher Based Teams analyze and disaggregate all value-added and achievement results with all teachers of Core Content areas. Data from Ohio Achievement Standardized Tests are analyzed by grade level, content area, and subgroups including standard, response type and item analysis. Teacher-leaders receive training on using data to inform instructional decisions in the classroom.

The District uses data to implement a Response to Intervention (RTI) model so that students who demonstrate below Reading and Mathematics grade-level skills receive targeted assistance for improvement. Intervention is provided to struggling learners by both the classroom teacher and the intervention teacher.

Professional Development: Job-embedded professional learning opportunities are provided to all teaching staff during weekly grade level/content team meetings and district two-hour delays and full day district professional development opportunities. Professional development revolves around implementation of the Ohio's Learning Standards, using evidence-based instructional strategies and incorporating 21st Century skills into daily practice. Building Leadership Teams analyze data to craft Continuous Improvement Plans (CIP). Professional development is provided to teams of teachers based on the instructional needs at the building, grade, or subject level. Instructional coaches at grades K-12 assist teachers as they meet the needs of all students and implement differentiated instructional practices.

Gifted & Talented Programs: The District has programming for gifted at each elementary and middle school through a compacted mathematics curriculum. There is also the Gateway Program which provides services across the board to highly gifted children grades 4-6. This continuum of services leads into the junior high where there are advanced math and ELA classes designed for gifted students and through to the secondary level where acceleration/enrichment opportunities are supplied by a robust AP and College Credit Plus (CCP) curriculum as well as the Mosaic Program.

EL Program: Students in grades K-12 with Limited English Proficiency are provided intervention programs through the Districts' EL (English Learners) teachers. The proficiency of English language is assessed annually through State mandated testing Ohio English Language Proficiency Assessment (OELPA).

Foreign Languages: Seventh grade students may enroll in Spanish 1 for high school credit. Eighth grade students are able to enroll in Spanish, German and French. American Sign Language is also offered at the high school. These additions have provided District students an opportunity to enroll in Advanced Placement foreign language as seniors if they begin their foreign language studies at the junior high level.

High School Credit as an Option for Junior High Students: Formally accelerated junior high students have the option of earning high school credits for English 9, algebra 1, honors geometry, and integrated science courses. All junior high students may earn high school elective credits in foreign language, art, physical education, and acting and theatre history.

Arts Instruction: The District believes in the importance of providing opportunities for all its students to experience and excel in arts education. Music and visual arts, and performing arts teachers provide instruction to students K-12. Beginning in the sixth grade in middle school, students have the opportunity to enroll in instrumental music (including a strings program). At the junior high this is expanded to include both vocal and instrumental music. Students enroll in visual, vocal and instrumental music and performing arts programs at the high school level.

Technology in Instruction: The District recognizes that technology has become an integral part of education. In addition, technology is a tool to facilitate the modern-day skills for college and career readiness for all students. A comprehensive District plan embeds technology use into teaching and learning as well as communication, intervention, data reporting and data analysis.

Technology has continued to advance, and the District has made great strides in terms of enhancing instruction by updating existing technological equipment and infrastructure. The District has made a substantial financial commitment to improving the ability of all students to go One-to-One with devices and access to a robust network infrastructure inside and outside of school to enhance the instructional process. The District has also achieved its goal of providing every student with a technology device (e.g., Chromebook and/or iPad)—Pickerington Schools is one of the largest school districts in Ohio to have achieved this goal. This proved particularly useful during the ordered school closure in the spring of 2020. The District was able to seamlessly adapt to virtual instruction for all students because every student had access to a school-issued technological device.

The District provides students with modern, up to date digital resources that integrate into the curriculum for all students. Students have access to digital content inside and outside of school so that learning can be an ongoing process that extends outside of the walls of the school. The use of technology in our classroom has allowed the district to move into more effective teaching strategies liked blended learning.

The District supports teachers' use of technology by a team of individuals on both the instructional and the infrastructure side of technology. The District created a Technology Help Desk that makes technical services for teachers more efficient.

Summer School Opportunities: The District offers a summer intervention program for students who are a part of the K-6 Response to Intervention (RTI) program and have not met the State's proficient level on the Grade 3 Reading Achievement Assessment. Summer intervention is available for high school students in all content areas in preparation for re-taking Ohio's State Tests. High School students have the opportunity to earn Physical Education credit during summer months. The District also offers credit recovery during the summer.

Pickerington Alternative School: On August 8, 2011, the Pickerington Local School District Board of Education entered into an agreement to sponsor the Pickerington Community School (PCS). PCS was a conversion community school which was created to provide high quality education to its students and contribute to Pickerington's effort to provide quality educational options to all children including those at risk of not graduating.

At the end of the 2016-2017 school year, the Pickerington Local Schools ended its sponsorship of the Pickerington Community School and transformed the former conversion community school into the Pickerington Alternative School (PAS). Like PCS before it, the mission of PAS is to provide its students with a customized and personalized educational experience leading to a high school graduation and meaningful post-school employment or successful transition into post-high school education.

PAS is designed to help address the needs of students who are credit deficient, and therefore not on target to graduate with their respective class. The focus is on helping those students attain the necessary graduation requirements and provide involvement in career and community workforce.

Comprehensive Continuous Improvement Plan: The District annually completes a needs assessment and develops a CCIP (Comprehensive Continuous Improvement Plan) as required by the Ohio Department of Education, Office of Federal Programs in order to receive federal funds, commonly known as "Title" monies. There are two major goals established in this plan for our District: improving student achievement in reading and mathematics, specifically with regards to narrowing the gaps for the following subgroups: students with disabilities; socio-economic status; and racial or ethnic status; and, hiring of teachers who are highly qualified. Strategies and action steps that support this goal are developed to provide a structure for expending funds for the following programs - Title I (Disadvantaged), Title II-A (Improving Teacher Quality), Title III (Limited English Proficient), Title III (Immigrant), Title IV (State Student Support and Academic Initiative), Title VI-B (IDEA - Part B Special Education). The District's current CCIP was approved by the Ohio Department of Education, Office of Federal Programs in the summer of 2021.

Grants Programs: Staff members continue to seek grant funding to increase instructional and professional opportunities. During the latter half of fiscal year 2014 and throughout fiscal year 2015, the District was awarded nearly \$3.0 million in Straight A Grant funds to enhance STEM (Science, Technology, Engineering and Math) programming, in the fields of Engineering/Fabrication and Allied Health Pathways, and to enhance mathematical instruction. Furthermore, the Straight A Grant funds were also used to enhance Instructional Leadership practice. The substantial investment made in STEM programming continues to provide robust programming for students at our junior highs and high schools. According to many studies, careers in STEM will be some of the most vital to our economy in the coming years. The District believes that this programming will ensure that many of its students are adequately prepared to successfully contribute to a highly technical 21st century economy. District programming is also impacted in other areas by grant funding. Critical programming for At-Risk junior high students is provided through the WISE Program (funded by United Way); many teachers apply for and receive Martha Holden Jennings Foundation Awards for specific classroom projects and initiatives; and the Pickerington Education Foundation provides about \$17,000 each year to buildings and teachers to implement programs and services for students. It is also important to note that the District has received several rounds of COVID-related grant funding beginning in the spring of 2020. During the pandemic, the Federal Government has provided the District with the following sums of money, by program, to assist the District with the increased level of services needed during the COVID-19 pandemic:

- Coronavirus Aid, Relief, and Economic Security (CARES) Act (Elementary and Secondary Schools Emergency Relief Fund [ESSER])—\$705,049
- Coronavirus Aid, Relief, and Economic Security (CARES) Act (Coronavirus Relief Fund [CRF])—\$546,252
- Coronavirus Aid, Relief, and Economic Security (CARES) Act (Coronavirus Relief Fund [CRF] BroadbandOhio Connectivity Grant)—\$152,045
- Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act (Elementary and Secondary Schools Emergency Relief Fund [ESSER II])—\$2,753,170
- American Rescue Plan (ARP) Act (American Rescue Plan Elementary and Secondary School Emergency Relief Fund [ARP ESSER])—\$6,187,621
- American Rescue Plan (ARP) Act (IDEA Funds)—\$491,710

Special Education: The District’s special education program provides a full continuum of services from kindergarten through 12th grade based on the individual needs of its 1,520 students on Individualized Education Programs (IEPs). Services are provided in all 14 buildings as well as programs outside of the district. These services range from inclusion support to homebound/hospitalization. Some low incidence classrooms are shared across the district requiring some students to be transported outside of their home building in order to receive the services that are offered in those classrooms. These would include resource rooms that typically serve multiple disabilities, emotional disturbance, and intellectual disabilities. The District supports these classrooms through smaller class sizes, intensive related services support, and the utilization of paraprofessionals in the classrooms. Pickerington has 31 low incidence classrooms that either service the buildings in which they are located or are shared across the District. Each building has at least two intervention specialists that serve identified students in the building. Students in special education resource rooms receive a range of services from instruction in a content area to specific intervention to support a skill deficit that a student may have. The District also utilizes co-teaching in all of the buildings with their intervention specialists. The intervention specialist co-teaches with general education teachers in the general education setting so that students with disabilities can be educated in their least restrictive environment. Pickerington has 112 teachers that provide cross-categorical resource room services, co-teaching in the general classroom, or a combination of both.

In addition, students are supported by experienced related therapies and support staff consisting of 8 school psychologists, 13 speech therapists, 2 occupational therapists, an adaptive physical education teacher, a physical therapist, 1 academic/behavior coach, a work-study coordinator, and 94 paraprofessionals. Some additional services are contracted with other agencies as well. All these classrooms, programs, and personnel are supervised and coordinated on a day-to-day basis by 5 special education administrators. A special education director oversees all the programs at the district level. Three special education secretaries maintain the special education records and enter critical information into the Education Management Information System (EMIS).

The District contracts with the Fairfield County Educational Service Center to provide preschool services to about 204 preschoolers. The preschool classrooms have two models which serve up to eight special needs and four typical students or eight special needs and eight typicals in each classroom. The services for preschoolers are typically center-based or itinerant-based on the needs of the 3-5 year-old students. The program also supports the students with a variety of related services.

ECONOMIC CONDITION AND OUTLOOK

Historical and Demographical Background: The District is located primarily in Fairfield County, with a small portion extending into Franklin County. The District covers approximately 37 square miles in and around the City of Pickerington with a total population of all District residents of approximately 56,191. Located approximately 15 miles from downtown Columbus, Ohio, the District is largely rural/suburban in character and is considered a growing, middle-class suburb of Columbus. The Columbus area has maintained a strong economic climate, even during periods of recession. This is due to the fact that Columbus is the State capital and is the national headquarters for many corporations and insurance companies. There are also a number of universities in the area which contribute to a stable local economy. This stability has contributed to the growth of the District.

In 1990, the community approved a school district income tax. The income tax has proven to be a strong source of income for the District over the years, and it provides an effective balance to the traditional property tax.

As can be seen in the financial statements, voters have routinely supported the District in its efforts to keep pace with increased student population and increased costs. However, as in many other school districts, the District and residents were negatively impacted by the recession beginning in 2008. The District responded by reducing expenditures and by placing a levy on the ballot to replace decreasing State and local revenues. On November 2, 2010, voters narrowly defeated a replacement operating levy of 8 mills, which would have resulted in a 6.84 mill increase. The levy would have generated approximately \$7.6 million per year. Due to the levy loss, the District implemented substantial budget reductions for fiscal year 2012.

In June 2011, the Board reached a two-year agreement with the Pickerington Education Association which enabled the District to realize substantial savings in salaries and benefits.

On August 2, 2011, District voters approved a new levy of 5.5 mills for a continuing period of time. The levy commenced in tax year 2011 with collections beginning January 2012. This levy generates approximately \$5.95 million per year. The levy proceeds are being used for current operating expenses.

On May 2, 2017, District voters rejected a Permanent Improvement levy that sought to add 3.00 mills for a continuing period of time to fund ongoing capital projects in the District.

On November 3, 2020, District voters defeated a proposed 2.90 mill bond issue that would have raised \$95 million in proceeds to construct a new junior high; add 24 classrooms to Pickerington Central, and 18 classrooms to Pickerington North; renovate Ridgeview Junior High School into a combined K-4 elementary school and 5-6 middle school; renovate Heritage Elementary School into a Pre-School learning Center; and would have allowed for miscellaneous classroom upgrades and appurtenances. The issue was defeated by about 2,000 votes in the midst of the Coronavirus Pandemic. The same issue was put back on the ballot for the May 4, 2021 primary election. District voters again defeated the proposed 2.90 mill bond issue by a total of 1,339 votes.

State Aid: By the end of the 2021-2022 school year, a new state funding formula called the Fair School Funding Plan had been approved by the 134th Ohio General Assembly. It was subsequently signed into law by the Governor. This new state funding formula, which will be in effect until at least June 30, 2023, will be beneficial to the District. While the increase in revenue is not terribly substantial, the formula changes the way the state of Ohio funds community schools, open enrollment, and scholarships. These amounts were previously provided to the school district of residence in the form of per pupil revenue, but then as these students enrolled in a community school or scholarship program, or open enrolled to another school, the District paid the cost of tuition.

Income Tax: Income tax settlements were up 12.00% for fiscal year 2022 over 2021, and even though fiscal year 2020 was impacted by COVID late in the fiscal year, fiscal year 2020 still ended up 2.03% higher than fiscal year 2019. The effects of COVID briefly impacted District income tax settlements early in fiscal year 2021, but the District has since made up for those losses and is now experiencing moderate income tax growth. Having received our final settlement in fiscal year 2020, our overall growth for the 2019-2020 school year was still a healthy 2.03%. The District is forecasting a healthy 4.19% average annual increase for the next 5 fiscal years.

Property Taxes: Property taxes currently comprise 32.0% of total general fund revenue—a significant source of revenue for the District.

Changes in valuation due to inflation/reappraisal are ‘offset’ by increases or decreases in outside millage so that the District receives the same amount of tax revenue as in the previous year for operating levies. The District had a sexennial reappraisal in the fall of 2019. The increase in overall residential/agricultural values (Class I values) due to reappraisal/inflation for calendar year 2019 was about 20.60%. As in most other areas of the country, the housing market in the District has been very ‘hot.’ The District is currently experiencing a significant surge in new residential construction, but existing homes are also increasing in value as demand for homes in the District continues to outpace supply. Consequently, we are expecting values due to new home construction to increase about 2% per year, and in our next triennial update during calendar year 2022, we expect our existing home values to appreciate by over 20%. On the Class II (Commercial/Industrial) side, the 2019 values decreased due to reappraisal by 3.10%; in 2022, the forecasted increase due to reappraisal/inflation is 4.40%. Increases in Commercial/Industrial due to new construction is forecasted to be about 1.5%, but given that Commercial/Industrial properties make up only about 13% of the value in the District, this increase doesn’t typically result in robust tax revenue increases.

Living in the District remains a popular choice for many seeking residential property, and this creates a scenario where homes hold their value in the District. However, additional *real estate revenue* for the District is almost entirely dependent upon the increase in *new* residential properties as opposed to inflationary/reappraisal valuation increases to *existing* properties (i.e., the increase in value is almost entirely offset by decreases to millage, which keeps tax revenue predominantly the same). That said, many are also finding that the stock of new homes in the District is also increasing. But a ‘deeper dive’ into the forecasted valuation changes for residential (Class I property) in the District shows that inflationary increases are outstripping changes due to new construction. This creates the pressure of added enrollment due to the new homes without a corresponding increase in funding to match (note that our data that a new home almost always comes with a new student).

LONG TERM FINANCIAL PLANNING

Five Year Forecasting: Comprehensive Budgets: Ohio School Districts are required by Ohio law to forecast five-year projections of operational revenues and expenditures. The District submits its five-year projections with respect to its General Fund (cash basis), and those forecasts can be found by visiting the [Ohio Department of Education Five Year Forecast homepage](#). Additionally, the District creates a comprehensive annual budget document each fiscal year that provides a detailed view of planned resource allocations across all funds and fund groups.

These documents represent a concerted effort by District Management to account for the use of District resources in ways that maximize student achievement, while also providing accountability to our community. These reports can be found on the [District Financial webpage](#).

Debt Rating: In November of 2021, Moody’s Investor Services confirmed the District’s Aa2 rating. The District works collaboratively with its Municipal Advisor to carefully monitor its financial health, as measured by its debt rating. In the most recently completed confirmation, Moody’s noted the following about the Pickerington Schools long term economic outlook:

Credit overview

The credit position of Pickerington Local Schools is strong and the Aa2 rating is slightly higher than the US school district median of Aa3. Key credit factors include a very healthy economy, a stable enrollment trend, a robust financial position, somewhat high leverage and very low fixed costs.

Economy

Pickerington Local Schools has a very healthy economy and the enrollment trend is satisfactory. Overall, the factor is roughly aligned with the Aa2 rating.

- Resident income of 145% of the US median is very strong.
- Through fiscal year 2022, the three-year enrollment trend is stable at 1.0%.
- Full value per capita of \$86,283 is satisfactory.

Financial performance

The district's strong financial position is slightly favorable relative to the rating of Aa2.

- Cash balance ratio of 35.1% is robust.
- Available fund balance ratio is strong at 33.2%.

Leverage

Pickerington Local Schools has somewhat elevated leverage and fixed costs are very modest. Overall, this factor is relatively unfavorable compared to the Aa2 rating.

- The ratio of long-term liabilities (Debt + ANPL + OPEB) to operating revenue of 389.4% is somewhat elevated.
- Fixed-costs ratio of 11.2% is very low.

Cash Balance Policy: Finally, the District believes that maintaining a general fund cash balance is necessary in the interest of sound fiscal management. The Board of Education, in concert with District Management, uses the following criteria in determining the level of general fund cash balance:

- The predictability of its revenues and the volatility of its expenditures
- The Board's perceived exposure to significant one-time outlays
- The availability of resources in other funds
- The liquidity of the general fund
- The Board's assigned and committed fund balances.

In all cases, the Board has designated, by formal policy, a cash balance that is not less than 45 days-of normal operating expenses.

AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Pickerington Local School District for its Annual Comprehensive Financial Report (ACFR) for the fiscal year ended June 30, 2021. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized Annual Comprehensive Financial Report. This report must satisfy both accounting principles generally accepted in the United States of America and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that this Annual Comprehensive Financial Report for the fiscal year ended June 30, 2022 continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of the ACFR was made possible by the diligence of the Treasurer's staff and the support of the Board of Education. Special thanks go to the Superintendent, Dr. Chris Briggs, and the Assistant Treasurer, Mrs. Keltah Houser-Siders, of the District for their input and assistance in this project. In the financial area, as in the instructional area, our goal is to achieve excellence.

Respectfully submitted,

John M. Walsh

Independent Auditor's Report

Pickerington Local School District
Fairfield County
90 North East Street
Pickerington, Ohio 43147

To the Members of the Board of Education:

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Pickerington Local School District, Fairfield County, Ohio, as of and for the fiscal year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Pickerington Local School District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Pickerington Local School District, as of June 30, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof and the budgetary comparison for the General Fund for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the Pickerington Local School District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

As described in Note 16 to the financial statements, the financial impact of COVID-19 and the continuing emergency measures may impact subsequent periods of the Pickerington Local School District. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Pickerington Local School District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Pickerington Local School District's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Pickerington Local School District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, and schedules of net pension and other postemployment benefit assets and liabilities and pension and other post-employment benefit contributions, listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Pickerington Local School District's basic financial statements. The accompanying combining and individual nonmajor fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 20, 2023, on our consideration of the Pickerington Local School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Pickerington Local School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Pickerington Local School District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022
(UNAUDITED)

The management's discussion and analysis of the Pickerington Local School District's (the "District") financial performance provides an overall review of the District's financial activities for the fiscal year ended June 30, 2022. The intent of this discussion and analysis is to look at the District's financial performance as a whole; readers should also review the transmittal letter, the basic financial statements and the notes to the basic financial statements to enhance their understanding of the District's financial performance.

Financial Highlights

Key financial highlights for fiscal year 2022 are as follows:

- Net position of governmental activities increased \$15,554,908 which represents a 48.87% increase from 2021's net position.
- General revenues accounted for \$130,294,978 in revenue or 81.23% of all revenues. Program specific revenues in the form of charges for services and sales, grants and contributions accounted for \$30,115,258 or 18.77% for total revenues of \$160,410,236.
- The District had \$144,855,328 in expenses related to governmental activities; only \$30,115,258 of these expenses were offset by program specific charges for services and sales, grants or contributions. General revenues supporting governmental activities (primarily taxes and unrestricted grants and entitlements) of \$130,294,978 were adequate to provide for these programs.
- The District's major governmental funds include the general fund and district debt service fund. The general fund had \$132,957,585 in revenues and other financing sources and \$136,563,289 in expenditures and other financing uses. During fiscal year 2022, the general fund's balance decreased \$3,605,704 from a balance of \$33,479,844 to a balance of \$29,874,140.
- The district debt service fund had \$11,114,393 in revenues and \$10,746,477 in expenditures. The district debt service fund's balance increased \$367,916 from \$13,430,312 to \$13,798,228.

Using the Financial Report

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The *statement of net position* and *statement of activities* provide information about the activities of the whole District, presenting both an aggregate view of the District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the District's most significant funds with all other nonmajor funds presented in total in one column. In the case of the District, the most significant funds are the general fund and district debt service fund which are reported as major funds.

Reporting the District as a Whole

Statement of Net Position and the Statement of Activities

While this document contains the large number of funds used by the District to provide programs and activities, the view of the District as a whole looks at all financial transactions and asks the question, "How did we do financially during 2022?" The statement of net position and the statement of activities answer this question. These statements include *all assets, deferred outflows of resources, liabilities, deferred inflows of resources, revenues and expenses* using the *accrual basis of accounting* similar to the accounting used by most private-sector companies. This basis of accounting will take into account all of the current year's revenues and expenses regardless of when cash is received or paid.

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022
(UNAUDITED)

These two statements report the District's *net position* and changes in that position. This change in net position is important because it tells the reader that, for the District as a whole, the *financial position* of the District has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the District's property tax base, current property tax laws in Ohio restricting revenue growth, facility conditions, required educational programs and other factors.

In the statement of net position and the statement of activities, the governmental activities include the District's programs and services, including instruction, support services, operation and maintenance, pupil transportation, extracurricular activities, and food service operations.

The District's statement of net position and statement of activities can be found on pages F 26 - F 27 of this report.

Reporting the District's Most Significant Funds

Fund Financial Statements

The analysis of the District's major governmental funds begins on page F 13. Fund financial reports provide detailed information about the District's major funds. The District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the District's most significant funds. The District's major governmental funds are the general fund and the district debt service fund.

Governmental Funds

Most of the District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called *modified accrual* accounting, which measures cash and all other *financial assets* than can readily be converted to cash. The governmental fund financial statements provide a detailed *short-term* view of the District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental *activities* (reported in the statement of net position and the statement of activities) and governmental *funds* is reconciled in the basic financial statements. The basic governmental fund financial statements can be found on pages F 28 - F 32 of this report.

Proprietary Funds

The District maintains a proprietary fund. Internal service funds are an accounting device used to accumulate and allocate costs internally among the District's various functions. The District's internal service fund accounts for employee benefits self-insurance. The basic proprietary fund financial statements can be found on pages F 33 - F 35 of this report.

Notes to the Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. These notes to the basic financial statements can be found on pages F 36 - F 81 of this report.

Required Supplementary Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the District's net pension liability and net OPEB liability/asset. The required supplementary information can be found on pages F 84 - F 102 of this report.

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022
(UNAUDITED)

The District as a Whole

The statement of net position provides the perspective of the District as a whole. 2021 amounts were restated in the table below due to the implementation of GASB Statement No. 87 (see Note 3.A for detail). The table below provides a summary of the District's net position at June 30, 2022 and June 30, 2021.

	Net Position	
	Governmental Activities 2022	(Restated) Governmental Activities 2021
<u>Assets</u>		
Current and other assets	\$ 136,591,218	\$ 128,257,016
Net OPEB asset	11,130,141	9,205,902
Capital assets, net	125,379,820	130,497,465
Total assets	<u>273,101,179</u>	<u>267,960,383</u>
<u>Deferred outflows of resources</u>		
Unamortized deferred charges on debt refunding	3,045,601	3,592,087
Pension	35,275,758	30,294,563
OPEB	3,958,117	4,846,336
Total deferred outflows of resources	<u>42,279,476</u>	<u>38,732,986</u>
<u>Liabilities</u>		
Current liabilities	18,001,781	16,474,348
Long-term liabilities:		
Due within one year	10,237,481	9,643,618
Due in more than one year:		
Net pension liability	83,821,640	157,565,983
Net OPEB liability	8,642,776	10,509,089
Other amounts	70,799,780	78,726,353
Total liabilities	<u>191,503,458</u>	<u>272,919,391</u>
<u>Deferred inflows of resources</u>		
Property taxes levied for the next fiscal year	50,739,821	45,267,332
Payments in lieu of taxes for the next fiscal year	546,815	455,145
Leases	1,703,173	1,894,320
Unamortized deferred gain on debt refunding	492,596	526,765
Pension	68,319,126	999,293
OPEB	18,348,073	16,458,438
Total deferred inflows of resources	<u>140,149,604</u>	<u>65,601,293</u>
<u>Net Position</u>		
Net investment in capital assets	56,990,228	53,446,337
Restricted	20,690,813	17,440,741
Unrestricted (deficit)	(93,953,448)	(102,714,393)
Total net position (deficit)	<u>\$ (16,272,407)</u>	<u>\$ (31,827,315)</u>

The net pension liability (NPL) is the largest single liability reported by the District at June 30, 2022 and is reported pursuant to GASB Statement 68, "Accounting and Financial Reporting for Pensions—an Amendment of GASB Statement 27." The District adopted GASB Statement 75, "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions," which significantly revises accounting for costs and liabilities related to other postemployment benefits (OPEB). For reasons discussed below, many end users of this financial statement will gain a clearer understanding of the District's actual financial condition by adding deferred inflows related to pension and OPEB, the net pension liability, and the net OPEB liability to the reported net position and subtracting deferred outflows related to pension and OPEB and net OPEB asset.

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022
(UNAUDITED)

The table below provides a summary of the District's net position at June 30, 2022 and June 30, 2021 *without* the deferred inflows of resources related to pension and OPEB, the net pension liability, the net OPEB liability, the deferred outflows of resources related to pension and OPEB and net OPEB asset. 2021 amounts were restated in the table below due to the implementation of GASB Statement No. 87 (see Note 3.A for detail).

	Governmental Activities 2022	(Restated) Governmental Activities 2021
<u>Assets</u>		
Current and other assets	\$ 136,591,218	\$ 128,257,016
Capital assets, net	125,379,820	130,497,465
Total assets	<u>261,971,038</u>	<u>258,754,481</u>
<u>Deferred outflows of resources</u>		
Unamortized deferred charges on debt refunding	<u>3,045,601</u>	<u>3,592,087</u>
<u>Liabilities</u>		
Current liabilities	18,001,781	16,474,348
Long-term liabilities:		
Due within one year	10,237,481	9,643,618
Due in more than one year	<u>70,799,780</u>	<u>78,726,353</u>
Total liabilities	<u>99,039,042</u>	<u>104,844,319</u>
<u>Deferred inflows of resources</u>		
Property taxes levied for the next fiscal year	50,739,821	45,267,332
Payments in lieu of taxes for the next fiscal year	546,815	455,145
Leases	1,703,173	1,894,320

Unrestricted	<u>34,814,151</u>	<u>38,471,609</u>
Total net position	<u>\$ 112,495,192</u>	<u>\$ 109,358,687</u>

Governmental Accounting Standards Board standards are national and apply to all government financial reports prepared in accordance with accounting principles generally accepted in the United States of America. Prior accounting for pensions (GASB 27) and postemployment benefits (GASB 45) focused on a funding approach. This approach limited pension and OPEB costs to contributions annually required by law, which may or may not be sufficient to fully fund each plan's *net pension liability* or *net OPEB liability*. GASB 68 and GASB 75 take an earnings approach to pension and OPEB accounting; however, the nature of Ohio's statewide pension/OPEB plans and state law governing those systems requires additional explanation in order to properly understand the information presented in these statements.

GASB 68 and GASB 75 require the net pension liability and the net OPEB liability to equal the District's proportionate share of each plan's collective:

1. Present value of estimated future pension/OPEB benefits attributable to active and inactive employees' past service.
2. Minus plan assets available to pay these benefits.

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022
(UNAUDITED)**

GASB notes that pension and OPEB obligations, whether funded or unfunded, are part of the “employment exchange” – that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension and other postemployment benefits. GASB noted that the unfunded portion of this promise is a present obligation of the government, part of a bargained-for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the District is not responsible for certain key factors affecting the balance of these liabilities. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The Ohio Revised Code permits, but does not require, the retirement systems to provide healthcare to eligible benefit recipients. The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits.

The employee enters the employment exchange with the knowledge that the employer’s promise is limited not by contract but by law. The employer enters the exchange also knowing that there is a specific, legal limit to its contribution to the retirement system. In Ohio, there is no legal means to enforce the unfunded liability of the pension/OPEB plan *as against the public employer*. State law operates to mitigate/lessen the moral obligation of the public employer to the employee, because all parties enter the employment exchange with notice as to the law. The retirement system is responsible for the administration of the pension and OPEB plans.

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e. sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension liability or the net OPEB liability. As explained above, changes in benefits, contribution rates, and return on investments affect the balance of these liabilities but are outside the control of the local government. In the event that contributions, investment returns, and other changes are insufficient to keep up with required payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability and the net OPEB liability are satisfied, these liabilities are separately identified within the long-term liability section of the statement of net position.

In accordance with GASB 68 and GASB 75, the District’s statements prepared on an accrual basis of accounting include an annual pension expense and an annual OPEB expense for their proportionate share of each plan’s *change* in net pension liability and net OPEB liability/asset, respectively, not accounted for as deferred inflows/outflows.

Over time, net position can serve as a useful indicator of a government’s financial position. At June 30, 2022, the District’s liabilities plus deferred inflows of resources exceeded assets plus deferred outflows of resources by \$16,272,407.

At fiscal year-end, capital assets represented 45.91% of total assets. Capital assets include land, land and improvements, buildings and improvements, furniture and equipment, vehicles and intangible right to use – leased equipment. Net investment in capital assets at June 30, 2022 was \$56,990,228. These capital assets are used to provide services to the students and are not available for future spending. Although the District’s investment in capital assets is reported net of related debt, it should be noted that the resources to repay the debt must be provided from other sources, since capital assets may not be used to liquidate these liabilities.

A portion of the District’s net position, \$20,690,813, represents resources that are subject to external restriction on how they may be used. Unrestricted net position was a deficit of \$93,953,448 primarily due to the application of GASB Statement No. 68 and GASB Statement No. 75, as described in Note 12 and Note 13, respectively.

The net pension liability decreased \$73,744,343 or 46.80% and deferred inflows of resources related to pension increased \$67,319,833. These changes were the result of changes at the pension system level for the State Teachers Retirement System (STRS) and the School Employees Retirement System (SERS). Net investment income on investments at both pension systems exceeded estimates for the fiscal year 2021 measurement that are used for the fiscal year 2022 reporting which cause a large increase in fiduciary net position.

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022
(UNAUDITED)**

Net position of the District's governmental activities increased \$15,554,908. Total governmental expenses of \$144,855,328 were offset by program revenues of \$30,115,258 and general revenues of \$130,294,978. Program revenues supported 20.79% of the total governmental expenses.

Overall, expenses of the governmental activities decreased \$11,237,906 or 7.20%. This decrease is primarily the result of a decrease in pension expense. This decrease was the result of a decrease in expenses incurred at the pension system level for the State Teachers Retirement System (STRS) and the School Employees Retirement System (SERS) due to an increase in net investment income on investments compared to previous years.

In the area of program revenues, charges for services and sales increased primarily as a result of a change in the school foundation funding model. Operating grants and contributions increased as a result an increase in food service federal assistance and an increase in Elementary and Secondary School Emergency (ESSER) funding received in the current fiscal year.

The primary sources of general revenue for governmental activities are derived from property taxes, school district income taxes, payment in lieu of taxes, and unrestricted grants and entitlements from the State of Ohio. These revenue sources represent 81.55% of total governmental revenue. Real estate property is reappraised every six years. Investment earnings/changes in fair value of investments experienced a significant decrease during the fiscal year as a result of a downturn in the economy. Payment in lieu of taxes increased primarily from the District entering into multiple settlement agreements on property values during the fiscal year.

The graph below presents the District's governmental activities revenues and expenses for fiscal year 2022 and 2021.

Governmental Activities - Revenues and Expenses

The statement of activities shows the cost of program services and the charges for services and grants offsetting those services. The following table shows, for governmental activities, the total cost of services and the net cost of services. That is, it identifies the cost of these services supported by tax revenue and unrestricted State grants and entitlements.

Total expenses	\$ 144,855,328	\$ 114,740,070	\$ 156,093,234	\$ 135,251,977

The dependence upon tax and other general revenues for governmental activities is apparent, as 83.13% of instruction activities are supported through taxes and other general revenues which includes State aid. For all governmental activities, general revenue support is 79.21%. The District's taxpayers and restricted and unrestricted grants and entitlements from the State of Ohio are the primary support for District's students.

The graph below presents the District's governmental activities revenue for fiscal years 2022 and 2021.

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022
(UNAUDITED)

The District's Funds

The District's governmental funds reported a combined fund balance of \$51,767,144, which is more than last year's total of \$51,279,655. The schedule below indicates the fund balance and the total change in fund balance as of June 30, 2022 and June 30, 2021.

	Fund Balance <u>June 30, 2022</u>	Fund Balance <u>June 30, 2021</u>	Increase/ <u>(Decrease)</u>
General	\$ 29,874,140	\$ 33,479,844	\$ (3,605,704)
District debt service	13,798,228	13,430,312	367,916
Other governmental	<u>8,094,776</u>	<u>4,369,499</u>	<u>3,725,277</u>
Total	<u>\$ 51,767,144</u>	<u>\$ 51,279,655</u>	<u>\$ 487,489</u>

General Fund

The following tables show the changes in revenues and expenditures in the general fund from 2022 and 2021.

	2022 <u>Amount</u>	2021 <u>Amount</u>	Increase/ <u>(Decrease)</u>	Percentage <u>Change</u>
<u>Revenues</u>				
Property taxes	\$ 39,484,626	\$ 41,336,615	\$ (1,851,989)	(4.48) %
Income taxes	24,100,949	22,223,902	1,877,047	8.45 %
Payment in lieu of taxes	2,108,460	1,225,437	883,023	72.06 %
Tuition and fees	1,710,310	1,317,829	392,481	29.78 %
Investment earnings/change in fair value of investments	(929,355)	229,702	(1,159,057)	(504.59) %
Intergovernmental	62,868,027	62,919,451	(51,424)	(0.08) %
Other revenues	<u>1,258,059</u>	<u>990,757</u>	<u>267,302</u>	26.98 %
Total	<u>\$ 130,601,076</u>	<u>\$ 130,243,693</u>	<u>\$ 357,383</u>	0.27 %

	2022 <u>Amount</u>	2021 <u>Amount</u>	Increase/ <u>(Decrease)</u>	Percentage <u>Change</u>
<u>Expenditures</u>				
Instruction	\$ 82,093,377	\$ 81,438,913	\$ 654,464	0.80 %
Support services	47,753,963	42,854,240	4,899,723	11.43 %
Operation of non-instructional services	68,696	242,757	(174,061)	(71.70) %
Extracurricular activities	2,339,612	2,060,538	279,074	13.54 %
Facilities acquisition and construction	153,730	454,422	(300,692)	(66.17) %
Capital outlay	2,356,509	42,428	2,314,081	5,454.14 %
Debt service	<u>1,197,402</u>	<u>1,093,672</u>	<u>103,730</u>	9.48 %
Total	<u>\$ 135,963,289</u>	<u>\$ 128,186,970</u>	<u>\$ 7,776,319</u>	6.07 %

Overall revenues of the general fund increased \$357,383 or 0.27%. Certain revenues previously reported in tuition are now reported in intergovernmental revenue under the new funding model. The change in fair value of investments experienced a significant decrease during the current fiscal year as a result of a downturn in the economy. Payment in lieu of taxes increased primarily from the District entering into multiple settlement agreements on property values during the fiscal year.

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022
(UNAUDITED)

Property tax revenues decreased \$1,851,989 or 4.48%. Actual property tax cash receipts increased \$691,001 or 1.70% from fiscal year 2021. The change is due to fluctuations in the amount of tax advance available from the County Auditors at fiscal year-end. The tax advance available for the fiscal years ended June 30, 2022, 2021, and 2020 were \$2,693,330, \$4,500,520, and \$3,764,720, respectively. The amount of tax advance available can vary depending upon when tax bills are sent out by County Auditors. The amount of tax advance available at fiscal year-end is reported as revenue in that fiscal year.

Expenditures of the general fund increased \$7,776,319 or 6.07%. Support services increased due to an increase in pupil, fiscal, operations and maintenance and pupil transportation related expenditures. Capital outlay increased due to the District entering into notes payable agreements in the current fiscal year. All other expenditures remained comparable to the prior fiscal year.

District Debt Service Fund

The district debt service fund balance increased \$367,916. The table that follows assists in illustrating the financial activities and fund balance of the district debt service fund.

	<u>2022</u> <u>Amount</u>	<u>2021</u> <u>Amount</u>	<u>Increase/</u> <u>(Decrease)</u>	<u>Percentage</u> <u>Change</u>
<u>Revenues</u>				
Taxes	\$ 9,420,589	\$ 10,105,485	\$ (684,896)	(6.78) %
Intergovernmental	1,249,880	1,265,806	(15,926)	(1.26) %
Payment in lieu of taxes	443,924	260,729	183,195	70.26
Miscellaneous	-	114,669	(114,669)	(100.00) %
Total	<u>\$ 11,114,393</u>	<u>\$ 11,746,689</u>	<u>\$ (632,296)</u>	(5.38) %
<u>Expenditures</u>				
Support services	\$ 231,039	\$ 151,632	\$ 79,407	52.37 %
Debt service	<u>10,515,438</u>	<u>11,223,587</u>	<u>(708,149)</u>	(6.31) %
Total	<u>\$ 10,746,477</u>	<u>\$ 11,375,219</u>	<u>\$ (628,742)</u>	(5.53) %

This increase in fund balance was due to total revenues in the current fiscal year exceeding total expenditures.

General Fund Budgeting Highlights

The District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the general fund.

For the general fund, original and final budgeted revenues and other financing sources were \$126,460,894. Actual revenues and other financing sources for fiscal year 2022 were \$129,270,769. This represents a 2.22% increase over final budgeted revenues and other financing sources. The primary reason for actual revenues coming in more than original and final budgeted revenues is due to an increase in State foundation funding and income tax revenues received. In accordance with State statute, estimated revenues are required to be amended if additional amounts are intended to be appropriated.

General fund original appropriations and other financing uses totaled \$138,416,584. The final appropriations and other financing uses totaled \$139,061,128, which was an increase of \$644,544 from original appropriations and other financing uses. The actual budget basis expenditures and other financing uses for fiscal year 2022 totaled \$134,385,776, which was \$4,675,352 less than the final budget appropriations and other financing uses. This positive variance is due to a tight control over expenditures and the District's regular, special, other instruction and pupil transportation expenditures being lower than anticipated. The decrease in these expenditures was primarily the result of salaries and fringe benefits and contract services proving to be lower than anticipated.

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022
(UNAUDITED)

Capital Assets and Debt Administration

Capital Assets

Due to the implementation of GASB Statement No. 87 (see Note 3.A for detail), the District has reported capital assets for intangible right to use - leased equipment at July 1, 2021, which was reported in the furniture and equipment classification in the prior year. At June 30, 2022, the District had \$125,379,820 invested in land, land improvements, buildings and improvements, furniture and equipment, vehicles and intangible right to use – leased equipment. This entire amount is reported in governmental activities. The following table shows June 30, 2022 balances compared to June 30, 2021.

**Capital Assets at June 30
(Net of Depreciation/Amortization)**

	Governmental Activities	
	2022	2021
Land	\$ 9,185,480	\$ 9,185,480
Construction-in-progress	-	99,405
Land improvements	9,786,941	10,346,889
Building and improvements	102,636,810	107,428,217
Furniture and equipment	1,986,228	1,696,358
Vehicles	1,304,146	1,064,669
Intangible right to use - Leased equipment	480,215	676,447
Total	\$ 125,379,820	\$ 130,497,465

The overall decrease in capital assets, net of depreciation/amortization, of \$5,117,645 is due to depreciation/amortization expense of \$8,411,916 and disposal (net accumulated depreciation/amortization) of \$26,087 exceeding capital asset additions of \$3,320,358 for fiscal year 2022.

See Note 8 to the basic financial statements for additional information on the District's capital assets.

Debt Administration

Due to the implementation of GASB Statement No. 87 (see Note 3.A for detail), the District has reported notes payable obligations at July 1, 2021, which was reported in the prior year as lease purchase agreements. The District also has reported lease obligations at July 1, 2021, which was reported in the prior year as capital lease obligations.

At June 30, 2022, the District had \$66,890,000 in general obligation bonds, \$2,184,724 in notes payable, and \$589,881 in lease obligations. Of this amount, \$9,279,649 is due within one year and \$60,384,956 is due in greater than one year.

In previous years, the District passed various tax levies, providing for facility improvements and additions to the District's buildings. The general obligation bonds are scheduled to mature in fiscal year 2035. Payment of principal and interest on the general obligation bonds is being made from the district debt service fund.

Current Financial Related Activities

Revenues

Representing 41.4% of general fund revenue, Unrestricted Grants in Aid (a.k.a. State Foundation) is the most critical piece of funding for the District. This is also the piece of the funding that is directly tied to the biennial budget.

Beginning in FY 2022 Ohio adopted the Fair School Funding Plan (FSFP). Funding is driven by a base cost methodology that incorporates the four components identified as necessary to the education process. The Base Cost is currently calculated for two years using a statewide average from historical actual data. The FSFP change to district educated enrollment could be lower than the district's historical formula funded enrollment but also potentially reduces tuition cost. In FY 2021, the district had approximately \$4,136,929 in possible tuition cost reductions. These reductions will be reflected in the purchased services expenditure note.

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022
(UNAUDITED)**

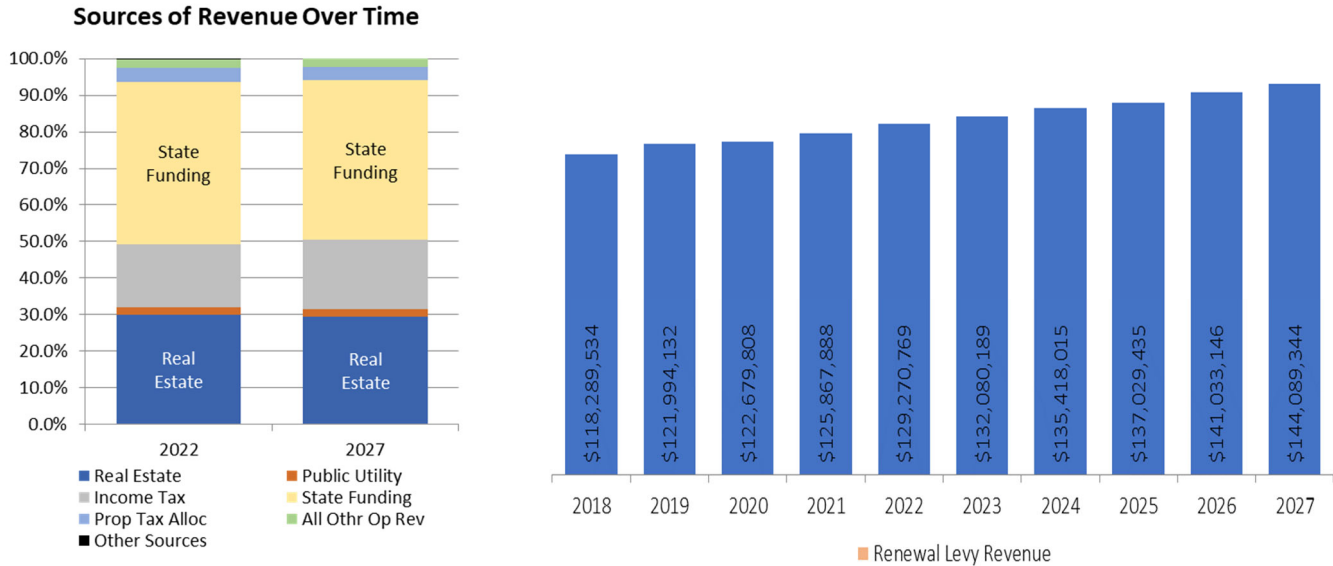

Our historical real estate tax related revenue across all classes of property (residential/agricultural, commercial/industrial, and Homestead/Rollbacks), and forecasted amounts in these same categories for the next five fiscal years, are as follows:

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022
(UNAUDITED)**

The outlook for total General Fund revenues for the District is shown in the following charts:

Expenses

The District also completed negotiations with both of its unions, the Pickerington Education Association (PEA) and the Pickerington Support Staff Association (PSSA—wage re-opener only) in the spring of 2021.

The District has agreed to the following wage increases with each bargaining unit:

- Pickerington Education Association, two (2) year contract—2021-2022 and 2022-2023 school years, 2.00% base increase both years. The District will also pay a \$1,000 stipend to each teacher in December of 2021 with ARP ESSER funds.
- Pickerington Support Staff Association, two (2) year wage settlement, 2021-2022 and 2022-2023 school years, base salary increases of 2.0% for each year. The District will also pay a \$500 stipend to each classified staff member in December of 2021 with ARP ESSER funds.

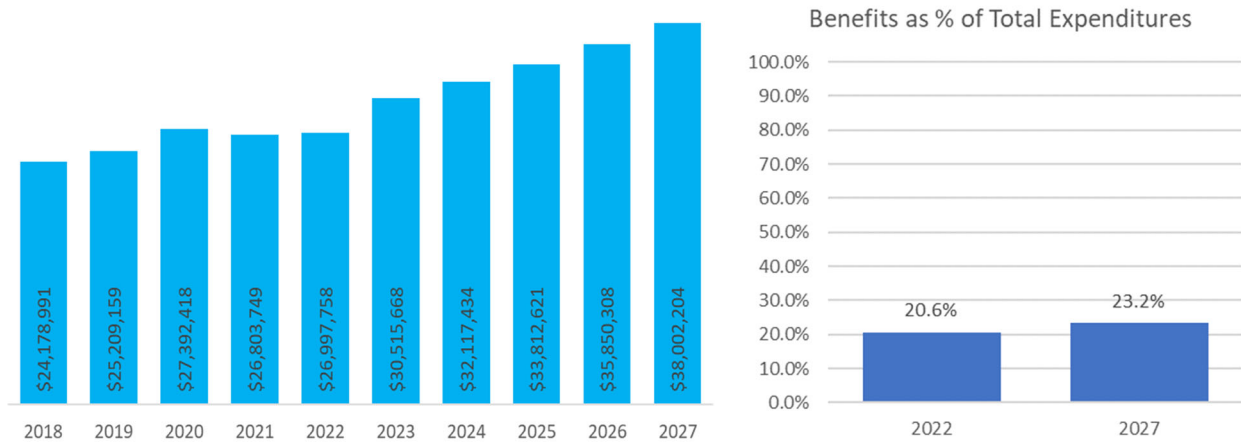

Our projected expenses for employee salaries, and salaries as a percentage of total expenditures for the General Fund are show in the following chart:

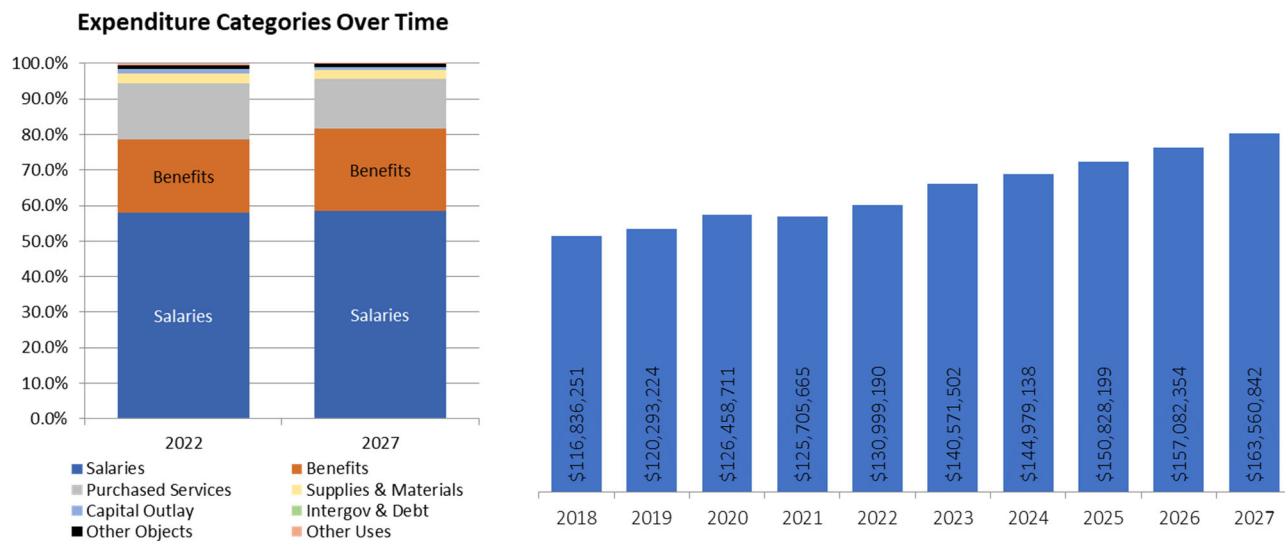

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

**MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022
(UNAUDITED)**

The District has also been diligent in managing its self-funded health insurance plans, and has kept inflationary increases in premiums to historic lows over the past 6-7 years. Combined with vigilant negotiations with our employees, salary driven fringes (retirement, Medicare, etc.) have also been kept to reasonable levels. Benefits make up about 22% of total expenditures in the General Fund, and when combined with salaries, these two expenditure categories account for about 80% of the General Fund. The following charts show the projected expenditures for benefits, and the corresponding proportion of total expenditures for benefits:

The outlook for total General Fund expenses for the District is shown in the following charts:

Forecasted General Fund Revenues, Expenses and Cash Balances:

While the District has remained diligent in controlling costs, the simple fact remains that costs are increasing faster than our revenues. While we ended fiscal year 2022 with about \$29.97 million in cash carryover for our General Fund, the following graphic summarizes the challenges the District faces over the next five (5) fiscal years as its revenues are forecasted to fall below its expenses. Our carryover cash balances are forecasted to drop in each of the next five (5) fiscal years accordingly.

FOR THE FISCAL YEAR ENDED JUNE 30, 2022
(UNAUDITED)**

Additional Information

Over the past 10-12 years, District voters have also been very supportive of the District’s operational and capital needs. The following levy history provides the reader with insight into how that support has manifested itself at the ballot box:

- The District passed a 5 mill replacement levy on November 6, 2007, for a continuing period of time. The tax collections, which began January 2009, are used for current operating expenses.
- On March 4, 2008, District voters approved a 7.9 mill renewal levy, for a continuing period of time. The levy commenced in tax year 2009 with collections beginning January 2010. The levy proceeds are used for current operating expenses.
- In May 2009, District residents approved the extension of a 0.5 mill classroom facilities maintenance levy. This levy generates approximately \$400,000 per year, which is restricted for the maintenance of the District's facilities. The renewal of this levy enabled the District to qualify for over \$50 million in state funds from the Ohio School Facilities Commission. These funds are being used to renovate the District’s five oldest school buildings.
- On November 2, 2010, voters narrowly defeated a replacement operating levy of 8 mills, which would have resulted in a 6.84 mill increase. The levy would have generated approximately \$7.6 million per year. The levy was needed by the District due to state and local revenue losses and increasing costs.
- On August 2, 2011, District voters approved a new levy of 5.5 mills, for a continuing period of time. The levy commenced in tax year 2011 with collections beginning January 2012. This levy generates approximately \$5.95 million per year. The levy proceeds are used for current operating expenses.

However, on May 2, 2017, District voters did not approve a Permanent Improvement levy that sought to add 3.00 mills for a continuing period of time to fund ongoing capital projects in the District.

Additionally, on November 3, 2020, District voters defeated a proposed 2.90 mill bond issue that would have raised \$95 million in proceeds to construct a new junior high; add 24 classrooms to Pickerington Central, and 18 classrooms to Pickerington North; renovate Ridgeview Junior High School into a combined K-4 elementary school and 5-6 middle school; renovate Heritage Elementary School into a Pre-School learning Center; and would have allowed for miscellaneous classroom upgrades and appurtenances. The issue was defeated by about 2,000 votes in the midst of the Coronavirus Pandemic.

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

**MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022
(UNAUDITED)**

The same issue was put back on the ballot for the May 4, 2021 primary election. District voters again defeated the proposed 2.90 mill bond issue by a total of 1,336 votes.

A major issue facing the District in light of these bond issue failures is how to deal with projected student growth. Many District school buildings are approaching capacity, and major residential development continues to flourish in the community.

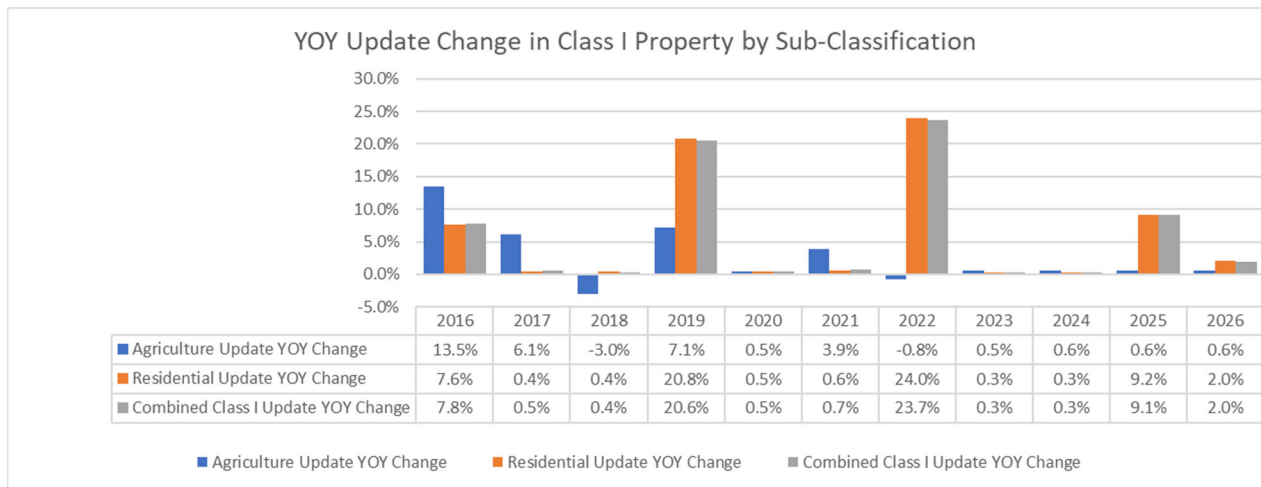

The flourishing residential market is increasing the valuation in the District, which only marginally increases real estate revenue to the District—this increase is due almost entirely due to *new* residential development, as inflationary/reappraisal increases for *existing* homes results in an increase ONLY on inside millage.

The District’s projected real estate valuations across all types of property, and the corresponding millage rates that affect real estate revenue, are in the following chart:

Values, Tax Rates and Gross Collections							Gross Collection Rate Including Delinquencies
Tax Yr	Valuation	Value Change	Class I Rate	Change	Class II Rate	Change	
2021	1,580,325,640	46,179,120	27.43	-	33.19	-	97.5%
2022	1,954,062,332	373,736,692	22.04	(5.39)	30.93	(2.25)	98.7%
2023	1,997,200,480	43,138,148	21.99	(0.05)	31.06	0.13	98.8%
2024	2,037,270,126	40,069,646	21.95	(0.05)	31.19	0.13	98.8%
2025	2,242,068,686	204,798,560	20.41	(1.54)	30.63	(0.56)	98.8%
2026	2,314,684,517	72,615,831	20.07	(0.33)	30.75	0.12	98.8%

But as noted, additional real estate revenue for the District is almost entirely dependent upon the increase in *new* residential properties as opposed to inflationary/reappraisal valuation increases to *existing* properties. A ‘deeper dive’ into the forecasted valuation changes for residential (Class I property) in the District shows that inflationary increases are outstripping changes due to new construction. This creates the pressure of added enrollment due to the new homes without a corresponding increase in funding to match (note that our data shows that a new home almost always comes with a new student).

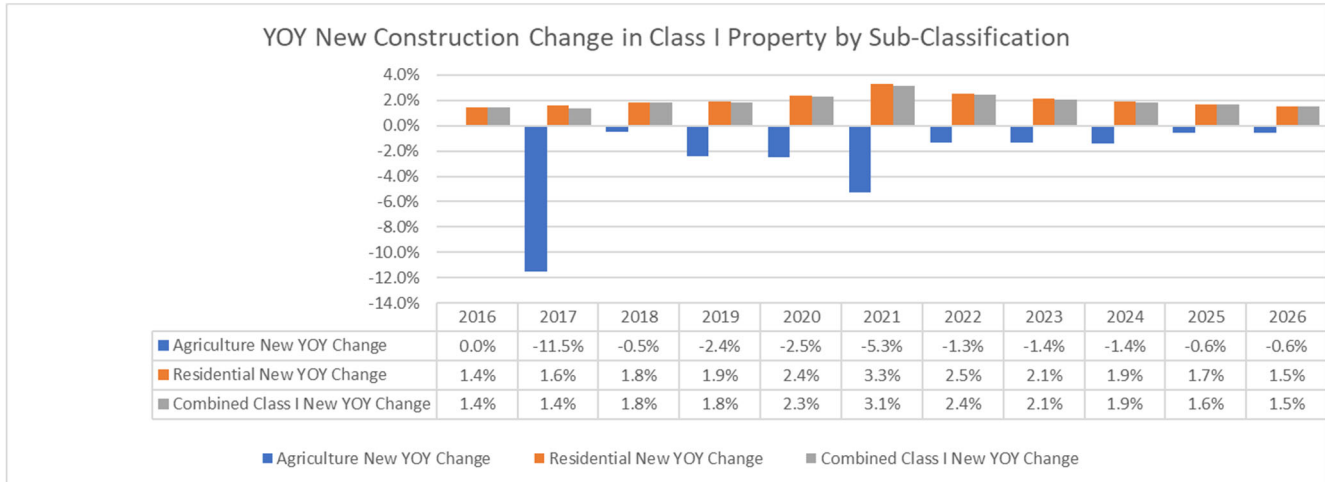

Changes Due to Inflationary/Reappraisal Factors

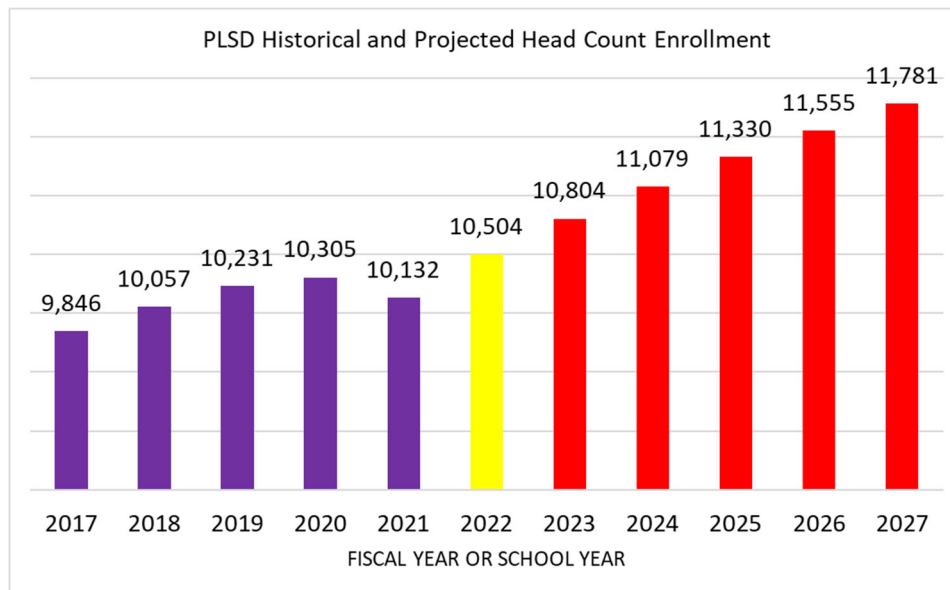

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022
(UNAUDITED)

Changes Due to New Construction

Additionally, enrollment projections show just how much we expect to grow over the next 5 years:

The immediate need for the District is for additional space, and we expect to ask our voters to approve a bond issue within the next 1-2 fiscal years to accommodate growth. While new homes and new students generate new real estate revenue and ostensibly new state funding, new students also put pressure on operational spending. It will therefore be imperative for the District to manage its resources so that the pressures to add staff and other costs associated with serving a larger enrollment do not completely outstrip the increases in revenue.

Final Notes

Finally, the Board believes that maintaining a general fund cash balance is necessary in the interest of sound fiscal management. The Board uses the following criteria in determining the level of general fund cash balance:

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022
(UNAUDITED)

- The predictability of its revenues and the volatility of its expenditures
- The Board's perceived exposure to significant one-time outlays
- The availability of resources in other funds
- The liquidity of the general fund
- The Board's assigned and committed fund balances.

In all cases, the Board has designated, by formal policy, a cash balance that is not less than 45 days of normal operating expenses.

The District's leadership has proactively managed costs by enacting staffing and budget reductions; effectively managed the negotiations process; and has formally adopted a cash balance policy to initiate 'triggers' that provide an objective basis for defining financial stability. While District leadership will continue these efforts, it must be noted that the upcoming operational challenges are notable, and may require efforts beyond just controlling *costs*. Said differently, the residents of the District have historically shown support on the revenue side as well via the passage of new operational levies to increase revenue. Notably, the voters of the District last passed an operations levy in August of 2011. The most recent five-year forecast shows that the District will have exhausted its cash reserves by the end of the 2023-2024 school year--*more than twelve years removed from the last operational levy*, a commendable testament to the fiscal responsibility and foresight implemented by District leadership. Nonetheless, the challenge of trying to pass both a future bond issue, and presumably an operations levy within a couple of years of that bond issue, will be challenging. Yet the answers to these questions will also be very impactful in determining the financial stability of the District, and in how well we are able to provide the needed facilities to meet anticipated student population growth. These will be critical issues for the District for fiscal year 2022 and beyond.

Contacting the District's Financial Management

This financial report is designed to provide our citizens, taxpayers, and investors and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need additional financial information contact John Walsh, Treasurer of Pickerington Local School District at 90 East Street, Pickerington, Ohio 43147.

RECONCILIATION OF TOTAL GOVERNMENTAL FUND BALANCES TO
NET POSITION OF GOVERNMENTAL ACTIVITIES
JUNE 30, 2022

Total governmental fund balances		\$	51,767,144
<i>Amounts reported for governmental activities on the statement of net position are different because:</i>			
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.			125,379,820
Other long-term assets are not available to pay for current-period expenditures and therefore are deferred inflows in the funds.			
Property taxes receivable	\$	1,025,482	
Income taxes receivable		1,725,633	
Accounts receivable		3,723	
Accrued interest receivable		33,560	
Intergovernmental receivable		441,611	
Total			3,230,009
An internal service fund is used by management to charge the costs of insurance to individual funds. The assets and liabilities of the internal service fund are included in governmental activities on the statement of net position.			10,545,748
Unamortized premiums on refunding bonds issued are not recognized in the funds.			(3,352,542)
Unamortized amounts on refundings are not recognized in the funds.			2,553,005
Accrued interest payable is not due and payable in the current period and therefore is not reported in the funds.			(179,167)
The net pension/OPEB assets & liabilities are not due and payable in the current period; therefore, the assets, liabilities and related deferred inflows/outflows are not reported in governmental funds.			
Deferred outflows - pension		35,275,758	
Deferred inflows - pension		(68,319,126)	
Net pension liability		(83,821,640)	
Deferred outflows - OPEB		3,958,117	
Deferred inflows - OPEB		(18,348,073)	
Net OPEB asset		11,130,141	
Net OPEB liability		(8,642,776)	
Total			(128,767,599)
Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds.			
General obligation bonds		(66,890,000)	
Notes payable		(2,184,724)	
Lease obligations		(589,881)	
Compensated absences		(7,784,220)	
Total			(77,448,825)

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

Net change in fund balances - total governmental funds	\$	487,489
<i>Amounts reported for governmental activities in the statement of activities are different because:</i>		
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets are allocated over their estimated useful lives as depreciation/amortization expense.		
Capital asset additions	\$ 3,320,358	
Current year depreciation/amortization	<u>(8,411,916)</u>	
Total		(5,091,558)
The net effect of various miscellaneous transactions involving capital assets (i.e., sales, disposals, trade-ins, and donations) is to decrease net position.		
		(26,087)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.		
Property taxes	(66,117)	
Income taxes	276,062	
Earnings on investments	9,464	
Extracurricular	588	
Classroom materials and fees	525	
Rental income	2,610	
Intergovernmental	<u>66,354</u>	
Total		289,486
Repayment of bond, lease obligations, and notes payable principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities on the statement of net position.		
		9,178,891
Issuance of notes payable are recorded as other financing sources in the funds; however, in the statement of activities, they are not reported as other financing sources as they increase liabilities on the statement of net position.		
		(2,356,509)
In the statement of activities, interest is accrued on outstanding bonds, whereas in governmental funds, an interest expenditure is reported when due. The following items resulted in additional interest being reported in the statement of activities:		
Decrease in accrued interest payable	19,686	
Amortization of bond premiums	585,187	
Amortization of deferred charges/gains on debt refunding	<u>(512,317)</u>	
Total		92,556
Contractually required contributions are reported as expenditures in governmental funds; however, the statement of net position reports these amounts as deferred outflows.		
Pension	12,219,524	
OPEB	<u>311,585</u>	
Total		12,531,109
Except for amounts reported as deferred inflows/outflows, changes in the net pension/OPEB liability/asset are reported as pension/OPEB expense in the statement of activities.		
Pension	(813,819)	
OPEB	<u>701,113</u>	
Total		(112,706)
Some expenses reported in the statement of activities, such as compensated absences, do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.		
		(66,154)
An internal service fund used by management to charge the costs of insurance to individual funds is not reported in the district-wide statement of activities. Governmental fund expenditures and the related internal service fund revenues are eliminated. The net revenue (expense) of the internal service fund is allocated among the governmental activities.		
		<u>628,391</u>
Change in net position of governmental activities	\$	<u>15,554,908</u>

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 1 - DESCRIPTION OF THE SCHOOL DISTRICT

The Pickerington Local School District (the “District”) was organized in the late 1800’s and is an independent political subdivision of the State of Ohio. The District is not reported as a Component Unit in any other governmental unit. The District is governed by a five-member Board of Education (the “Board”) elected by the citizens of the District.

The District employs 421 non-certified, 706 certified and 93 administrative employees to provide services to approximately 10,606 students and community groups. The District provides regular, vocational and special instruction. The District also provides support services for the pupils, instructional staff, general and school administration, business and fiscal services, facilities acquisitions and construction services, operation and maintenance of plant, student transportation, food services, extracurricular activities and non-programmed services.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of the District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The District’s significant accounting policies are described below.

A. Reporting Entity

The reporting entity has been defined in accordance with GASB Statement No. 14, “The Financial Reporting Entity” as amended by GASB Statement No. 39, “Determining Whether Certain Organizations Are Component Units” and GASB Statement No. 61, “The Financial Reporting Entity: Omnibus an Amendment of GASB Statements No. 14 and No. 34”. The reporting entity is composed of the primary government and component units. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the District. For the District, this includes general operations, food service, and student related activities of the District.

Component units are legally separate organizations for which the District is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of the organization’s Governing Board and (1) the District is able to significantly influence the programs or services performed or provided by the organization; or (2) the District is legally entitled to or can otherwise access the organization’s resources; or (3) the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or (4) the District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the District in that the District approves the budget, the issuance of debt or the levying of taxes. Certain organizations are also included as component units if the nature and significance of the relationship between the primary government and the organization is such that exclusion by the primary government would render the primary government’s financial statements incomplete or misleading. Based upon the application of these criteria, the District has no component units. The basic financial statements of the reporting entity include only those of the District (the primary government).

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The following organizations are described due to their relationship to the District:

JOINTLY GOVERNED ORGANIZATIONS

Metropolitan Educational Technology Association (META) Solutions

The District is a participant in META Solutions which is a computer consortium that resulted from the mergers between Tri-Rivers Educational Computer Association (TRECA), Metropolitan Educational Council (MEC), Metropolitan Dayton Educational Cooperative Association (MDECA), Southeastern Ohio Valley Voluntary Education Cooperative (SEOVEC), and South Central Ohio Computer Association (SCOCA). META Solutions develops, implements and supports the technology and instructional needs of schools in a cost-effective manner. META Solutions provides instructional, core, technology and purchasing services for its member districts. The Board of Directors consists of the Superintendents from eleven of the member districts. Financial information can be obtained from the Chief Financial Officer, 100 Executive Drive, Marion, Ohio 43302.

Eastland-Fairfield Career and Technical Schools (Career Center)

The Career Center is a jointly governed organization. The District's Board of Education appoints one member of the seven-member Board of Education of the Career Center. However, the financial statements of the Career Center are not included within the District's reporting entity, as the District cannot impose its will and there is no financial benefit, financial burden relationship or related-party transactions between the District and the Career Center.

PUBLIC ENTITY RISK POOL

Ohio School Plan

The District belongs to the Ohio School Plan (the "Plan"), a non-assessable, unincorporated non-profit association providing a formalized, jointly administered self-insurance risk management program and other administrative services to Ohio's public educational entities ("Members"). Pursuant to Section 2744.081 of the Ohio Revised Code, the Plan is a separate legal entity. The Plan provides property, liability, automobile, violence and other coverages, modified for each Member's needs. The Plan pays judgments, settlements and other expenses resulting from covered claims that exceed the Member's deductible. The complete audited financial statements for the Ohio School Plan are available at the Plan's website, www.ohioschoolplan.org.

B. Fund Accounting

The District uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self balancing set of accounts. There are three categories of funds: governmental, proprietary and fiduciary. The District does not have any fiduciary funds.

GOVERNMENTAL FUNDS

Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets plus deferred outflows of resources and liabilities plus deferred inflows of resources is reported as fund balance. The following are the District's major governmental funds:

General fund - The general fund is used to account for and report all financial resources not accounted for and reported in another fund. The general fund balance is available for any purpose provided it is expended or transferred according to the general laws of Ohio.

District debt service fund - The district debt service fund is used to account all debt activity except the debt associated with the library which is accounted for in another nonmajor debt service fund.

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Other governmental funds of the District are used to account for (a) financial resources that are restricted, committed, or assigned to expenditures for capital outlays including the acquisition or construction of capital facilities and other capital assets, (b) specific revenue sources that are restricted or committed to an expenditure for specified purposes other than debt service or capital projects, and (c) financial resources that are restricted, committed, or assigned to expenditure for principal and interest.

PROPRIETARY FUNDS

Proprietary funds are used to account for the District's ongoing activities which are similar to those often found in the private sector where the determination of net income is necessary or useful to sound financial administration.

The following is the District's proprietary fund type:

Internal service funds - The internal service funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the District or to other governments, on a cost-reimbursement basis. The internal service funds of the District account for a self-insurance program which provides medical, dental and prescription drug benefits to employees and a worker's compensation fund used to account for monies received from other funds as payment for providing worker's compensation benefits to employees.

C. Basis of Presentation and Measurement Focus

The District's basic financial statements consist of government-wide financial statements, including a statement of net position and a statement of activities, and fund financial statements, which provide a more detailed level of financial information.

Government-Wide Financial Statements - The statement of net position and the statement of activities display information about the District as a whole. These statements include the financial activities of the primary government. The internal service fund activity is eliminated to avoid "doubling up" revenues and expenses.

The government-wide statement of activities presents a comparison between direct expenses and program revenues for each function or program of the governmental activities of the District. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include amounts paid by the recipient of goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues not classified as program revenues are presented as general revenues of the District.

The government-wide financial statements are prepared using the economic resources measurement focus. All assets, deferred outflows of resources, liabilities and deferred inflows of resources associated with the operation of the District are included on the statement of net position.

Fund Financial Statements - Fund financial statements report detailed information about the District. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column, and all nonmajor funds are aggregated into one column.

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets, current deferred outflows of resources, current liabilities and current deferred inflows of resources generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Like the government-wide statements, the internal service fund is accounted for on a flow of economic resources measurement focus. All assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of this fund are included on the statement of net position. The statement of revenues, expenses and changes in net position presents increases (i.e., revenues) and decreases (i.e., expenses) in total net position. The statement of cash flows provides information about how the District finances and meets the cash flow needs of its proprietary activity.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operation. The principal operating revenues of the District's internal service fund are charges for services. Operating expenses for the internal service fund include claims and purchased services expenses. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Proprietary funds also use the accrual basis of accounting.

Revenues - Exchange and Nonexchange Transactions - Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, available means expected to be received within sixty days of fiscal year end.

Nonexchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, income taxes, grants, entitlements, payment in lieu of taxes and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied (see Note 6). Revenue from income taxes is recognized in the fiscal year in which the underlying exchange transaction occurred (see Note 17). Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the District must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year end: property taxes available as an advance, income taxes, payment in lieu of taxes, interest, grants, leases, student fees, extracurricular revenues, and rentals.

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Deferred Outflows of Resources and Deferred Inflows of Resources - In addition to assets, the government-wide statement of net position will report a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net assets that applies to future periods and will not be recognized as an outflow of resources (expense/expenditure) until then. For the District, see Notes 12 and 13 for deferred outflows of resources related to the District's net pension liability and net OPEB liability/asset, respectively. In addition, deferred outflows of resources include a deferred charge on debt refunding. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, both the government-wide statement of net position and the governmental fund financial statements report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net assets that applies to future periods and will not be recognized as an inflow of resources (revenue) until that time. For the District, deferred inflows of resources include property taxes, payments in lieu of taxes and unavailable revenue. Property taxes and payments in lieu of taxes represent amounts for which there is an enforceable legal claim as of June 30, 2022, but which were levied to finance fiscal year 2023 operations. These amounts have been recorded as a deferred inflow of resources on both the government-wide statement of net position and the governmental fund financial statements. Unavailable revenue is reported only on the governmental funds balance sheet, and represents receivables which will not be collected within the available period. For the District unavailable revenue includes, but is not limited to, delinquent property taxes and intergovernmental grants. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available. The deferred inflows of resources for leases is related to the lease receivable and is being amortized to lease revenue in a systematic manner over the term of the lease.

For the District, see Note 12 and 13 for deferred inflows of resources related to the District's net pension liability and net OPEB liability/asset, respectively. These deferred inflows of resources are only reported on the government-wide statement of net position. In addition, deferred inflows of resources include a deferred gain on debt refunding. A deferred gain on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

Expenses/Expenditures - On the accrual basis of accounting, expenses are recognized at the time they are incurred. The entitlement value of donated commodities received during the year is reported as an expenditure with a like amount reported as intergovernmental revenue.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

E. Budgets

The budgetary process is prescribed by provisions of the Ohio Revised Code and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriation resolution, all of which are prepared on the budgetary basis of accounting. The certificate of estimated resources and the appropriations resolution are subject to amendment throughout the year with the legal restriction that appropriations cannot exceed estimated resources, as certified. All funds are legally required to be budgeted and appropriated. The primary level of budgetary control is at the fund level of expenditures. Any budgetary modifications at this level may only be made by resolution of the Board of Education. Although the legal level of control has been established at the fund level of expenditures, the District has elected to present the budgetary statement for the general fund at the fund and function level of expenditures in the basic financial statements.

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Tax Budget - Prior to January 15, the Superintendent and Treasurer submit to the Board of Education a proposed operating budget for the fiscal year commencing the following July 1. The budget includes proposed expenditures and the means of financing for all funds. Public hearings are publicized and conducted to obtain taxpayers' comments. The purpose of this budget document is to reflect the need for existing or increased tax rates. By no later than January 20, the Board-adopted budget is filed with Fairfield County Budget Commission for rate determination.

Estimated Resources - By April 1, the Board of Education accepts, by formal resolution, the tax rates as determined by the Budget Commission and receives the Commission's certificate of estimated resources, which states the projected revenue of each fund. Prior to July 1, the District must revise its budget so that total contemplated expenditures from any fund during the ensuing year will not exceed the amount stated in the certificate of estimated resources. The revised budget then serves as the basis for the appropriation measure. On or about July 1, the certificate is amended to include any unencumbered cash balances from the preceding year. The certificate may be further amended during the year if projected increases or decreases in revenue are identified by the District Treasurer. The amounts reported in the budgetary statement reflect the amounts in the original and final certificates of estimated resources issued during the fiscal year.

Appropriations - Upon receipt from the County Auditor of an amended certificate of estimated resources based on final assessed values and tax rates or a certificate saying no new certificate is necessary, the annual appropriation resolution is enacted by the Board of Education. Prior to the passage of the annual appropriation measure, the Board may pass a temporary appropriation measure to meet the ordinary expenses of the District. The appropriation resolution must be within the estimated resources as certified by the County Budget Commission and the total of expenditures may not exceed the appropriation totals at the legal level of control. Any revisions that alter the fund level must be approved by the Board of Education.

The Board may pass supplemental fund appropriations so long as the total appropriations by fund do not exceed the amounts set forth in the most recent certificate of estimated resources. During the year, all supplemental appropriations were legally enacted.

The appropriation resolution is subject to amendment by the Board throughout the year with the restriction that appropriations may not exceed estimated revenues. The amounts reported as the original budget amounts reflect the first appropriation for that fund covering the entire fiscal year, including amounts automatically carried over from prior year. The amounts reported in the budgetary statement represent the original appropriation amounts passed by the Board that covered the entire fiscal year and the final appropriation amounts passed by the Board during the year, including all amendments.

F. Cash and Investments

To improve cash management, cash received by the District, other than cash with fiscal agent, is pooled. Monies for all funds, excluding the internal service fund, are maintained in this pool. Individual fund integrity is maintained through the District's records. Each fund's interest in the pool is presented as "equity in pooled cash and investments" on the financial statements.

During fiscal year 2022, investments were limited to negotiable certificates of deposits (negotiable CDs), commercial paper, U.S. government money market mutual fund, U.S Treasury notes, taxable municipal bonds, non-taxable municipal bonds, Federal Home Loan Bank (FHLB) Securities, Federal Home Loan Mortgage Corporation (FHLMC) Securities, Federal National Mortgage Association (FNMA) Securities, Federal Farm Credit Bank (FFCB) Securities and investments in the State Treasury Asset Reserve of Ohio (STAR Ohio). Except for investments in STAR Ohio, investments are reported at fair value, which is based on quoted market prices.

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

STAR Ohio is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but has adopted Governmental Accounting Standards Board (GASB), Statement No. 79, "Certain External Investment Pools and Pool Participants." The District measures its investment in STAR Ohio at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides an NAV per share that approximates fair value.

For fiscal year 2022, there were no limitations or restrictions on any participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates. However, notice must be given 24 hours in advance of all deposits and withdrawals exceeding \$100 million. STAR Ohio reserves the right to limit the transaction to \$250 million, requiring the excess amount to be transacted the following business day(s), but only to the \$250 million limit. All accounts of the participant will be combined for these purposes.

Under existing Ohio statutes all investment earnings are assigned to the general fund unless statutorily required to be credited to a specific fund or the Board of Education has, by resolution, specified the funds to receive an allocation of interest earnings. Interest revenue credited to the general fund during fiscal year 2022 amounted to \$408,043, which includes \$125,236 assigned from other District funds.

For presentation on the basic financial statements, investments of the cash management pool and investments with original maturities of three months or less at the time they are purchased by the District are considered to be cash equivalents. Investments that are not part of the cash management pool with an initial maturity of more than three months are reported as investments.

An analysis of the District's investment account at year end is provided in Note 4.

G. Inventory

On government-wide and fund financial statements, inventories of supplies are reported at cost, inventories held of resale are reported at the lower of cost or market and donated commodities are presented at their entitlement value. Inventories are recorded on a first-in, first-out basis and are expensed when used. On the fund financial statements, inventories are accounted for using the consumption method.

On the fund financial statements, reported material and supplies inventory is equally offset by a nonspendable fund balance in the governmental funds which indicates that it does not constitute available spendable resources even though it is a component of net current assets.

Inventory consists of expendable supplies held for consumption, donated food and purchased food.

H. Capital Assets

General capital assets are those assets specifically related to governmental activities. These assets result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net position, but are not reported in the fund financial statements.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and deductions during the fiscal year. Donated capital assets are recorded at their acquisition values as of the date received. During fiscal year 2022, the District maintained a capitalization threshold of \$5,000. The District does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not.

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

All reported capital assets except land and construction in progress are depreciated/amortized. Improvements are depreciated/amortized over the remaining useful lives of the related capital assets. Depreciation/amortization is computed using the straight-line method over the following useful lives:

<u>Description</u>	Governmental Activities <u>Estimated Lives</u>
Land improvements	20 years
Buildings and improvements	25 - 50 years
Furniture and equipment	5 - 20 years
Vehicles	6 - 10 years
Intangible right to use: leased equipment	5 years

The District is reporting intangible right to use assets related to leased equipment. The intangible assets are being amortized in a systematic and rational manner of the shorter of the lease term or the useful life of the underlying asset.

I. Interfund Balances

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as “due to/from other funds”. These amounts are eliminated in the governmental activities column on the statement of net position.

J. Issuance Costs/Bond Premiums and Discounts and Accounting Gain or Loss on Debt Refunding

On the governmental fund financial statements, issuance costs, bond premiums, bond discounts, and charges from debt refunding are recognized in the current period.

On the government-wide financial statements, issuance costs are recognized in the current period and are not amortized. Bond premiums and discounts are amortized over the term of the bonds using the straight-line method. Unamortized bond premiums are presented as an addition to the face amount of the bonds reported on the statement of net position. Unamortized bond discounts are presented as a reduction to the face amount of the bonds reported on the statement of net position. The reconciliation between the bonds face value and the amount reported on the statement of net position is presented in Note 9.

For advance refunding resulting in the defeasance of debt, the difference between the reacquisition price and the net carrying amount of the old debt is deferred and amortized as a component of interest expense. This accounting gain or loss is amortized over the remaining life of the old debt or the life of the new debt, whichever is shorter, and is presented as a deferred inflow or outflow of resources.

K. Compensated Absences

Compensated absences of the District consist of vacation leave and sick leave to the extent that payments to the employee for these absences are attributable to services already rendered and are not contingent on a specific event that is outside the control of the District and the employee.

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

In accordance with the provisions of GASB Statement No. 16, "Accounting for Compensated Absences", a liability for vacation leave is accrued if a) the employees' rights to payment are attributable to services already rendered; and b) it is probable that the employer will compensate the employees for the benefits through paid time off or other means, such as cash payment at termination or retirement. An accrual for earned sick leave is made to the extent that it is probable that the benefits will result in termination (severance) payments. A liability for sick leave is accrued using the vesting method; i.e., the liability is based on the sick leave accumulated at the balance sheet date by those employees who are currently eligible to receive termination (severance) payments, as well as those employees expected to become eligible in the future. For purposes of establishing a liability for sick leave on employees expected to become eligible to retire in the future, all employees with at least 15 years of service at any age were considered expected to become eligible to retire in accordance with GASB Statement No. 16.

The total liability for vacation and sick leave payments has been calculated using pay rates in effect at the balance sheet date and reduced to the maximum payment allowed by labor contract and/or statute, plus any applicable additional salary related payments.

The entire compensated absence liability is reported on the government-wide financial statements.

For governmental fund financial statements, the current portion of unpaid compensated absences is the amount expected to be paid using expendable available resources. The expenditures and liabilities related to these obligations are recognized in the governmental funds when they mature, for example, as a result of employee resignations and retirements. These amounts are recorded in the account "compensated absences payable" in the fund from which the employees who have accumulated unpaid leave are paid. The noncurrent portion of the liability is not reported.

L. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities and long-term obligations payable from the internal service fund are reported on the proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner from current financial resources are reported as obligations of the funds. However, claims and judgments and compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds, lease obligations, and notes are recognized as a liability on the fund financial statements when due. Net pension/OPEB liability should be recognized in the governmental funds to the extent that benefit payments are due and payable and the pension/OPEB plan's fiduciary net position is not sufficient for payment of those benefits.

M. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the District is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable - The nonspendable fund balance classification includes amounts that cannot be spent because they are not in spendable form or legally required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of loans receivable in the general fund.

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Restricted - Fund balance is reported as restricted when constraints are placed on the use of resources that are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

Committed - The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the District Board of Education (the highest level of decision making authority). Those committed amounts cannot be used for any other purpose unless the District Board of Education removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned - Amounts in the assigned fund balance classification are intended to be used by the District for specific purposes but do not meet the criteria to be classified as restricted nor committed. In governmental funds other than the general fund, assigned amounts include all remaining amounts that are not classified as nonspendable and are neither restricted nor committed. In the general fund, assigned amounts represent intended uses established by policies of the District Board of Education, which includes giving the Treasurer the authority to constrain monies for intended purposes.

Unassigned - Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is only used to report a deficit fund balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The District applies restricted resources first when expenditures are incurred for purposes for which restricted and unrestricted (committed, assigned, and unassigned) fund balance is available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

N. Net Position

Net position represents the difference between assets and deferred outflows and liabilities and deferred inflows. The net position component "net investment in capital assets," consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction or improvement of those assets or related debt also should be included in this component of net position. Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. The amount restricted for other purposes represents amounts restricted for the school trusts fund (a nonmajor governmental fund), the scholarship fund (a nonmajor governmental fund) and unclaimed funds fund (a fund legally budgeted in a separate special revenue fund but is considered part of the general fund on a GAAP basis).

The District applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

O. Prepayments

Certain payments to vendors reflect the costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. These items are reported as assets on the balance sheet using the consumption method. A current asset for the prepaid amounts is recorded at the time of the purchase and the expenditure/expense is reported in the year in which services are consumed.

On the fund financial statements, reported prepayments is equally offset by nonspendable fund balance in the governmental funds which indicates that it does not constitute available spendable resources even though it is a component of net current assets.

P. Estimates

The preparation of the basic financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the basic financial statements and accompanying notes. Actual results may differ from those estimates.

Q. Pensions/Other Postemployment Benefits (OPEB)

For purposes of measuring the net pension/OPEB liability, net OPEB asset, deferred outflows of resources and deferred inflows of resources related pensions/OPEB, and pension/OPEB expense, information about the fiduciary net position of the pension/OPEB plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension/OPEB plans report investments at fair value.

R. Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the basic financial statements.

S. Fair Value Measurements

The District categorizes its fair value measurements within the fair value hierarchy established by accounting principles generally accepted in the United States of America. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

T. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the Board of Education and that are either unusual in nature or infrequent in occurrence. The District had no extraordinary or special items during the fiscal year.

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE

A. Change in Accounting Principles

For fiscal year 2022, the District has implemented GASB Statement No. 87, "Leases", GASB Implementation Guide 2019-3, "Leases", GASB Statement No. 89, "Accounting for Interest Cost Incurred before the End of a Construction Period", GASB Implementation Guide 2020-1, "Implementation Guide Update - 2020", GASB Statement No. 92, "Omnibus 2020", GASB Statement No. 93, "Replacement of Interbank Offered Rates", GASB Statement No. 97, "Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans—an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32" and certain paragraphs of GASB Statement No. 99, "Omnibus 2022".

GASB Statement No. 87 and GASB Implementation Guide 2019-3 enhance the relevance and consistency of information of the government's leasing activities. It establishes requirements for lease accounting based on the principle that leases are financings of the right to use an underlying asset. A lessee is required to recognize a lease liability and an intangible right to use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. These changes were incorporated in the District's fiscal year 2022 financial statements. The District recognized \$1,894,320 in governmental activities in leases receivable at July 1, 2021, due to the implementation of GASB 87; however, this entire amount was offset by deferred inflows of resources for leases. In addition, the District reported capital lease obligations and capital assets at June 30, 2021, that have been reclassified as lease obligations and an intangible asset, right to use - leased equipment at July 1, 2021. The District also had lease-purchase agreement obligations at June 30, 2021, that have been reclassified as notes payable at July 1, 2021.

GASB Statement No. 89 establishes accounting requirements for interest cost incurred before the end of a construction period. GASB Statement No. 89 requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. GASB Statement No. 89 also reiterates that financial statements prepared using the current financial resources measurement focus, interest cost incurred before the end of a construction period should be recognized as an expenditure on a basis consistent with governmental fund accounting principles. The implementation of GASB Statement No. 89 did not have an effect on the financial statements of the District.

GASB Implementation Guide 2020-1 provides clarification on issues related to previously established GASB guidance. The implementation of GASB Implementation Guide 2020-1 did not have an effect on the financial statements of the District.

GASB Statement No. 92 enhances comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. The implementation of GASB Statement No. 92 did not have an effect on the financial statements of the District.

GASB Statement No. 93 establishes accounting and financial reporting requirements related to the replacement of Interbank Offered Rates (IBORs) in hedging derivative instruments and leases. It also identifies appropriate benchmark interest rates for hedging derivative instruments. The implementation of GASB Statement No. 93 did not have an effect on the financial statements of the District.

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE - (Continued)

GASB Statement No. 97 is to (1) increase consistency and comparability related to the reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform; (2) mitigate costs associated with the reporting of certain defined contribution pension plans, defined contribution other postemployment benefit (OPEB) plans, and employee benefit plans other than pension plans or OPEB plans (other employee benefit plans) as fiduciary component units in fiduciary fund financial statements; and (3) enhance the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensation plans (Section 457 plans) that meet the definition of a pension plan and for benefits provided through those plans. The implementation of GASB Statement No. 97 did not have an effect on the financial statements of the District.

GASB Statement No. 99 to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees. The implementation of GASB Statement No. 99 did not have an effect on the financial statements of the District.

B. Deficit Fund Balances

Fund balances at June 30, 2022 included the following individual fund deficits:

<u>Nonmajor funds</u>	<u>Deficit</u>
Elementary and secondary school emergency relief (ESSER)	\$ 95,999
IDEA Part-B	118,091
Title III	523
Title I	74,578

The general fund is liable for any deficit in these funds and provides transfers when cash is required, not when accruals occur. The deficit fund balances resulted from adjustments for accrued liabilities and deferred inflows of resources.

NOTE 4 - DEPOSITS AND INVESTMENTS

State statutes classify monies held by the District into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board of Education has identified as not required for use within the current five-year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use, but which will be needed before the end of the current period of designation of depositories.

Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts.

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

Interim monies may be deposited or invested in the following securities:

1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, and Government National Mortgage Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the fair value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio, and certain limitations including a requirement for maturity within ten years from the date of settlement, bonds and other obligations of political subdivisions of the State of Ohio, if training requirements have been met;
5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
6. No-load money market mutual funds consisting exclusively of obligations described in items (1) and (2) above and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
7. The State Treasurer's investment pool, the State Treasury Asset Reserve of Ohio (STAR Ohio) and;
8. Certain bankers' acceptances (for a period not to exceed one hundred eighty days) and commercial paper notes (for a period not to exceed two hundred seventy days) in an amount not to exceed 40 percent of the interim monies available for investment at any one time if training requirements have been met.

Protection of the deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, or by the financial institutions participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. Except as noted above, an investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the District, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

A. Cash with Fiscal Agent

At fiscal year-end, \$21,881 was on deposit with Huntington National Bank for matured bonds and interest payable. These funds are included in the total amount of "Deposits with Financial Institutions" below.

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

B. Deposits with Financial Institutions

At June 30, 2022, the carrying amount of all District deposits was \$8,890,231. Based on the criteria described in GASB Statement No. 40, “Deposits and Investment Risk Disclosures”, as of June 30, 2022 the bank balance of all District deposits was \$8,973,610. Of the bank balance, \$250,000 was covered by the FDIC, \$4,906,756 was covered by the Ohio Pooled Collateral System (OPCS), and \$3,816,854 was exposed to custodial credit risk.

Custodial credit risk is the risk that, in the event of bank failure, the District will not be able to recover deposits or collateral securities that are in the possession of an outside party. The District has no deposit policy for custodial credit risk beyond the requirements of State statute. Ohio law requires that deposits either be insured or protected by (1) eligible securities pledged to the District and deposited with a qualified trustee by the financial institution as security for repayment whose fair value at all times shall be at least 105 percent of the deposits being secured, or (2) participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution. OPCS requires the total fair value of the securities pledged to be 102 percent of the deposits being secured or a rate set by the Treasurer of State. As of June 30, 2022, the District’s financial institution was approved for a reduced collateral rate of 50 percent through the OPCS but had 56.25 percent collateralized. Although all statutory requirements for the deposit of money had been followed, noncompliance with Federal requirements could potentially subject the District to a successful claim by the FDIC.

C. Investments

As of June 30, 2022, the District had the following investments and maturities:

Measurement/ <u>Investment type</u>	Measurement <u>Amount</u>	Investment Maturities				
		<u>6 months or less</u>	<u>7 to 12 months</u>	<u>13 to 18 months</u>	<u>19 to 24 months</u>	<u>Greater than 24 months</u>
<i>Amortized Cost:</i>						
STAR Ohio	\$ 10,767,592	\$ 10,767,592	\$ -	\$ -	\$ -	\$ -
<i>Fair Value:</i>						
FHLMC	242,684	-	-	-	-	242,684
FNMA	1,860,500	-	-	-	-	1,860,500
FFCB	952,230	-	-	-	952,230	-
FHLB	10,690,911	-	-	1,141,784	1,624,318	7,924,809
U.S. Government money market mutual fund	291,644	291,644	-	-	-	-
Negotiable CDs	7,843,488	2,231,789	1,973,044	1,213,924	980,961	1,443,770
U.S. Treasury notes	924,125	-	-	-	271,541	652,584
Taxable municipal bonds	2,802,155	-	-	1,077,720	-	1,724,435
Non-taxable municipal bonds	156,266	-	-	-	-	156,266
Commerical paper	18,635,923	12,993,157	5,642,766	-	-	-
Total	\$ 55,167,518	\$ 26,284,182	\$ 7,615,810	\$ 3,433,428	\$ 3,829,050	\$ 14,005,048

The weighted average maturity of investments is 1.17 years.

The District’s investments in U.S Government money market mutual funds are valued using quoted market prices (Level 1 inputs). The District’s investments in federal agency securities (FHLMC, FNMA, FFCB, FHLB), negotiable CDs, U.S. Treasury notes, taxable municipal bonds, non-taxable municipal bonds and commercial paper are valued using quoted market prices that are not considered to be active, dealer quotations or alternative pricing sources for similar assets or liabilities for which all significant inputs are observable, either direct or indirectly (Level 2 inputs).

FAIRFIELD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

Interest Rate Risk: As a means of limiting its exposure to fair value losses arising from rising interest rates and according to State law, the District's investment policy limits investment portfolio maturities to five years or less.

Credit Risk: The District's investments in federal securities (FHLMC, FNMA, FFCB, FHLB) were rated AA+ and AAA by Standard & Poor's and Aaa by Moody's Investor Services. U.S. treasury notes were rated AA+ and Aaa by Standard & Poor's and P-1 by Moody's Investor Services, respectively. Taxable municipal bonds were rated AA, AAA and A+ by Standard & Poor's and Aa1, Aa2 and Aa3 by Moody's Investor Services. Non-taxable municipal bonds were rated Aa2 by Moody's Investor Services. Commercial paper investments were rated A-1 and A-1+ by Standard & Poor's and P-1 by Moody's Investor Services. The negotiable CDs are not rated but are fully insured by the FDIC. Standard & Poor's has assigned STAR Ohio and the U.S. government money market mutual fund an AAAM rating. Ohio Law requires that STAR Ohio maintain the highest rating provided by at least one nationally recognized standard rating service. The District has no investment policy dealing with credit risk.

Custodial Credit Risk: For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The FHLB, FHLMC, FFCB and FNMA securities, commercial paper, and the negotiable CDs are exposed to custodial credit risk in that they are uninsured, unregistered and held by the counterparty's trust department or agent, but not in the District's name. The District has no investment policy dealing with investment custodial risk beyond the requirement in State statute that prohibits payment for investments prior to the delivery of the securities representing such investments to the Treasurer or qualified trustee. The negotiable CD's are fully insured by the FDIC.

Concentration of Credit Risk: The District places no limit on the amount that may be invested in any one issuer. The following table includes the percentage of each investment type held by the District at June 30, 2022:

<u>Measurement/ Investment type</u>	<u>Measurement Amount</u>	<u>% of Total</u>
<i>Amortized Cost:</i>		
STAR Ohio	\$ 10,767,592	19.52
<i>Fair Value:</i>		
FHLMC	242,684	0.44

U.S. Treasury notes	924,125	1.68
Taxable municipal bonds	2,802,155	5.08
Non-taxable municipal bonds	156,266	0.28
Commercial paper	<u>18,635,923</u>	<u>33.77</u>
Total	<u>\$ 55,167,518</u>	<u>100.00</u>

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

D. Reconciliation of Cash and Investments to the Financial Statements

The following is a reconciliation of cash and investments as reported in the note above to cash and investments as reported on the financial statements as of June 30, 2022:

<u>Cash and investments per note</u>	
Carrying amount of deposits	\$ 8,890,231
Investments	<u>55,167,518</u>
Total	<u>\$ 64,057,749</u>
 <u>Cash and investments per financial statements</u>	
Governmental activities	<u>\$ 64,057,749</u>

NOTE 5 - INTERFUND TRANSACTIONS

A. Interfund transfers for the year ended June 30, 2022, consisted of the following, as reported on the fund financial statements:

<u>Transfers from the general fund to:</u>	<u>Amount</u>
Nonmajor governmental fund	<u>\$ 600,000</u>

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, and to use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

Interfund transfers between governmental funds are eliminated on the government-wide financial statements.

All transfers made in fiscal year 2022 were in accordance with Ohio Revised Code Sections 5705.14, 5705.15 and 5705.16.

B. Due from and to other funds at June 30, 2022 consisted of the following individual amounts, as reported in the fund financial statements:

<u>Due to general fund from:</u>	<u>Amount</u>
Nonmajor governmental funds:	
ESSER	\$ 316,828
IDEA Part-B	143,533
Title I School improvement	13,995
Title I	<u>1,903</u>
Total	<u>\$ 476,259</u>

The purpose of this amount due from and to other funds is to cover negative cash balances in nonmajor special revenue governmental funds. The District may maintain negative cash balances in nonmajor special revenue funds if three criteria are met: (1) the general fund must have available and unencumbered funds to cover the negative amounts; (2) a reimbursement request must have been submitted by the fiscal year-end; and (3) there is a reasonable likelihood that the request for payment will be made. The District has met these three requirements.

The amounts due to and from other funds will be repaid once the anticipated revenues are received. Amounts due from and to other funds between governmental funds are eliminated on the government-wide financial statements.

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 6 - PROPERTY TAXES

Property taxes are levied and assessed on a calendar year basis while the District fiscal year runs from July through June. First half tax collections are received by the District in the second half of the fiscal year. Second half tax distributions occur in the first half of the following fiscal year.

Property taxes include amounts levied against all real property and public utility property. Real property tax revenues received in calendar year 2022 represent the collection of calendar year 2021 taxes. Real property taxes received in calendar year 2022 were levied after April 1, 2021, on the assessed values as of January 1, 2021, the lien date. Assessed values for real property taxes are established by State statute at 35 percent of appraised fair value. Real property taxes are payable annually or semiannually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established. Public utility property tax revenues received in calendar year 2022 represent the collection of calendar year 2021 taxes. Public utility real and personal property taxes received in calendar year 2022 became a lien on December 31, 2020, were levied after April 1, 2021, and are collected with real property taxes. Public utility real property is assessed at 35 percent of true value; public utility tangible personal property is currently assessed at varying percentages of true value.

The District receives property taxes from Fairfield and Franklin Counties. The County Auditors periodically advance to the District its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2022, are available to finance fiscal year 2022 operations. The amount available as an advance at June 30, 2022 was \$2,693,330 in the general fund, \$675,792 in the District debt service fund and \$29,470 in the classroom facilities maintenance fund (a nonmajor governmental fund). This amount is recorded as revenue. The amount available for advance at June 30, 2021 was \$4,500,520 in the general fund, \$1,099,936 in the District debt service fund and \$49,858 in the classroom facilities maintenance fund (a nonmajor governmental fund). The amount of second-half real property taxes available for advance at fiscal year-end can vary based on the date the tax bills are sent.

Accrued property taxes receivable includes real property, public utility property and delinquent tangible personal property taxes which are measurable as of June 30, 2022 and for which there is an enforceable legal claim. Although total property tax collections for the next fiscal year are measurable, only the amount of real property taxes available as an advance at June 30 was levied to finance current fiscal year operations and is reported as revenue at fiscal year-end. The portion of the receivable not levied to finance current fiscal year operations is offset by a credit to deferred inflows.

On the accrual basis of accounting, collectible delinquent property taxes have been recorded as a receivable and revenue, while on a modified accrual basis of accounting the revenue has been reported as a deferred inflow.

The assessed values upon which the fiscal year 2022 taxes were collected are:

	2021 Second Half Collections		2022 First Half Collections	
	<u>Amount</u>	<u>Percent</u>	<u>Amount</u>	<u>Percent</u>
Agricultural/residential and other real estate	\$ 1,534,146,520	98.00	\$ 1,580,325,640	97.72
Public utility personal	31,257,790	2.00	36,931,130	2.28
Total	<u>\$ 1,565,404,310</u>	<u>100.00</u>	<u>\$ 1,617,256,770</u>	<u>100.00</u>

Tax rate per \$1,000 of
assessed valuation for:

General	\$72.20	\$72.20
Bond	7.00	7.00
Facilities maintenance	0.50	0.50

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 7 - RECEIVABLES

- A. Receivables at June 30, 2022 consisted of taxes, payment in lieu of taxes, accounts, accrued interest, intergovernmental grants and entitlements, and leases. All receivables are considered collectible in full due to the ability to foreclose for the nonpayment of taxes, the stable condition of State programs and the current year guarantee of federal funds. A summary of receivables reported on the statement of net position follows:

Governmental activities:

Property taxes	\$ 55,163,895
Income taxes	10,867,697
Payment in lieu of taxes	2,394,601
Accounts	380,101
Accrued interest	119,998
Intergovernmental	1,626,366
Leases	<u>1,743,787</u>
Total	<u>\$ 72,296,445</u>

Receivables have been disaggregated on the face of the basic financial statements. All receivables are expected to be collected within the subsequent year, with the exception of the lease receivable.

B. Lease Receivable

The District has entered into a site lease agreement for a cell tower which commenced on September 28, 2001. The initial term of the agreement was for five years with five renewal terms of five years each extending the term of the agreement to December 30, 2031. A second amendment was made to the lease on August 16, 2019, which six additional five-year renewal terms were added to the agreement, extending the agreement to December 30, 2061. In addition, the District was notified January 29, 2021, that a sublease agreement had been entered into in which the District receives 35% of the rent. Payments are received monthly and are reported in the permanent improvement fund (a nonmajor governmental fund).

The District entered into a building space lease agreement for vehicle storage and maintenance facility for buses which commenced on July 1, 2015. The initial term of the agreement was for five years with an option to renew for an additional three years, extending the term of the agreement to June 30, 2023. Payments are received annually and are reported in the permanent improvement fund (a nonmajor governmental fund).

The District is reporting leases receivable of \$1,743,787 in the permanent improvement fund (a nonmajor governmental fund) at June 30, 2022. For fiscal year 2022, the District recognized interest revenue of \$67,099.

THIS SPACE IS INTENTIONALLY LEFT BLANK

Food service operation	685,828
Total depreciation/amortization expense	<u>\$ 8,411,916</u>

NOTE 9 - LONG-TERM OBLIGATIONS

A. General Obligation Bonds

The District has several general obligation bond issues outstanding. These bonds were issued for general governmental activities, specifically; construction and/or renovation of school buildings. These general obligation bonds are direct obligations of the District for which its full faith, credit and resources are pledged and payable from taxes levied on all taxable property in the school district. Accordingly, such unmatured obligations of the District are accounted for on the statement of net position. Payments of principal and interest relating to these bonds are recorded as expenditures in the District's district debt service fund.

The following is a summary of the District's general obligation bonds outstanding at June 30, 2022:

	Balance <u>June 30, 2021</u>	<u>Additions</u>	<u>Reductions</u>	Balance <u>June 30, 2022</u>
General Obligation Bonds:				
Series 2014, current interest refunding bonds	\$ 8,450,000	\$ -	\$ (1,990,000)	\$ 6,460,000

FAIRFIELD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 9 - LONG-TERM OBLIGATIONS - (Continued)

Series 2014 Refunding General Obligation Bonds - On August 20, 2014, the District issued general obligation bonds (Series 2014 Refunding Bonds) to advance refund the callable portion of the Series 2007 current interest general obligation bonds (\$24,670,000) and series 2004 current interest bonds (\$3,450,000). The issuance proceeds of \$27,875,000 were used to purchase securities which were placed in an irrevocable trust to provide resources for all future debt service payments on the refunded debt. This refunded debt is considered defeased (in-substance) and accordingly, has been removed from the statement of net position.

The refunding issue is comprised of current interest bonds with an interest rate of 1.00% to 5.00%. The reacquisition price exceeded the net carrying amount of the old debt by \$3,450,864. This amount is being netted against the new debt and amortized over the remaining life of the refunded debt, which is equal to the life of the new debt issued.

Interest payments on the current interest bonds are due on June 1 and December 1 each year. The final maturity stated on the current interest bonds is December 1, 2024.

The current interest refunding bonds were partially refunded in the amount of \$10,040,000 with the proceeds from the series 2020 refunding bonds during fiscal year 2021.

Series 2015 Refunding General Obligation Bonds - On December 10, 2015, the District issued general obligation bonds (Series 2015 Refunding Bonds) to advance refund the callable portion of the Series 2007 current interest general obligation bonds (\$8,805,000). The issuance proceeds of \$8,805,000 were used to purchase securities which were placed in an irrevocable trust to provide resources for all future debt service payments on the refunded debt. This refunded debt is considered defeased (in-substance) and accordingly, has been removed from the statement of net position.

The refunding issue is comprised of current interest bonds with an interest rate of 4.00%. The reacquisition price exceeded the net carrying amount of the old debt by \$1,176,960. This amount is being netted against the new debt and amortized over the remaining life of the refunded debt, which is equal to the life of the new debt issued.

Interest payments on the current interest bonds are due on June 1 and December 1 each year. The final maturity stated on the current interest bonds is December 1, 2031.

Series 2016 Refunding General Obligation Bonds - On September 8, 2016, the District issued \$47,745,000 general obligation bonds (Series 2016 Refunding Bonds) to refund the callable portion of the Series 2006 current interest general obligation bonds (\$49,860,000). The issuance proceeds of \$50,898,545 were used to purchase securities which were placed in an irrevocable trust to provide resources for all future debt service payments on the refunded debt. This refunded debt is considered defeased (in-substance) and accordingly, has been removed from the statement of net position.

The refunding issue is comprised of current interest bonds with an interest rate of 2.75%. The net carrying amount exceeded the reacquisition price of the old debt by \$697,610. This amount is being netted against the new debt and amortized over the remaining life of the refunded debt, which is equal to the life of the new debt issued. The final maturity on the bonds is December 1, 2026.

Series 2016B Refunding General Obligation Bonds - On July 6, 2016, the District issued \$10,010,000 general obligation bonds (Series 2016B Refunding Bonds) to refund the callable portion of the Series 2007 current interest general obligation bonds (\$10,450,000). The issuance proceeds of \$11,022,414 were used to purchase securities which were placed in an irrevocable trust to provide resources for all future debt service payments on the refunded debt. This refunded debt is considered defeased (in-substance) and accordingly, has been removed from the statement of net position. The final maturity on the bonds is December 1, 2034.

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 9 - LONG-TERM OBLIGATIONS - (Continued)

The refunding issue is comprised of current interest bonds with an interest rate ranging from 3.111% to 4.000%. The reacquisition price exceeded the net carrying amount of the old debt by \$1,201,354. This amount is being netted against the new debt and amortized over the remaining life of the refunded debt, which is equal to the life of the new debt issued.

Series 2020 Refunding General Obligation Bonds - On September 10, 2020, the District issued general obligation bonds (Series 2020 Refunding Bonds) to advance refund the callable portion of the Series 2014 current interest general obligation refunding bonds (\$10,040,000). The issuance proceeds of \$10,005,000 were used to purchase securities which were placed in an irrevocable trust to provide resources for all future debt service payments on the refunded debt. This refunded debt is considered defeased (in-substance) and accordingly, has been removed from the statement of net position in the amount of \$10,040,000.

The refunding issue is comprised of current interest bonds with an interest rate of 4.00% to 4.25%. The reacquisition price exceeded the net carrying amount of the old debt by \$1,636,094. This amount is being netted against the new debt and amortized over the remaining life of the refunded debt, which is equal to the life of the new debt issued. This refunding was undertaken to reduce the combined total debt service payments through December 1, 2028 by \$595,153 and resulted in a net present value economic gain of \$566,365.

Interest payments on the current interest bonds are due on June 1 and December 1 each year. The final maturity stated on the current interest bonds is December 1, 2028.

The following is a summary of the future debt service requirements to maturity for the general obligation bonds:

Fiscal Year Ending June 30,	Current Interest Bonds		
	Principal	Interest	Total
2023	\$ 8,380,000	\$ 2,133,049	\$ 10,513,049
2024	8,635,000	1,872,720	10,507,720
2025	8,910,000	1,604,036	10,514,036
2026	9,170,000	1,326,876	10,496,876
2027	7,835,000	1,063,337	8,898,337
2028 - 2032	13,950,000	3,310,932	17,260,932
2033 - 2035	10,010,000	533,769	10,543,769
Total	\$ 66,890,000	\$ 11,844,719	\$ 78,734,719

- B.** Due to the implementation of GASB Statement No. 87 (see Note 3.A for detail), the District has reported notes payable obligations from direct borrowing at July 1, 2021, which were reported in the prior year as lease-purchase agreements from direct borrowing. The District has also reported lease obligations at July 1, 2021, which were reported in the prior year as capital lease obligations. During the fiscal year 2022, the following changes occurred in governmental activities long-term obligations.

THIS SPACE IS INTENTIONALLY LEFT BLANK

Add: unamortized premiums on refundings				<u>3,352,542</u>	
Total on statement of net position				<u>\$ 173,501,677</u>	

Net Pension Liability - See Note 12 for detail on the net pension liability. The District pays obligations related to employee compensation from the fund benefitting from their service, which is primarily the general fund.

Net OPEB Liability - See Note 13 for detail on the net OPEB liability. The District pays obligations related to employee compensation from the fund benefitting from their service, which is primarily the general fund.

Compensated Absences - Compensated absences will be paid from the fund which the employees' salaries are paid which, for the District, is primarily the general fund and food service fund (a nonmajor governmental fund).

C. Notes Payable from Direct Borrowing

During fiscal year 2007, the District entered into a notes payable agreement with Fifth Third Bank to construct a bus/maintenance facility. Payments have been reclassified as debt service expenditures in the basic financial statements for the general fund. These expenditures are reflected as program/function expenditures on a budgetary basis. The District fulfilled this debt obligation during the fiscal year.

During fiscal year 2020 and fiscal year 2018, the District entered into notes payable agreements with Apple, Inc to acquire various Apple products for students including iPads and computers. Payments have been reclassified as debt service expenditures in the basic financial statements for the general fund. These expenditures are reflected as program/function expenditures on a budgetary basis. The District fulfilled its debt obligations for the note payable agreement entered into during fiscal year 2018 during the fiscal year.

During fiscal year 2020, the District entered into a notes payable agreement with BGE Financial Corporation to acquire various musical instruments for students. Payments have been reclassified as debt service expenditures in the basic financial statements for the general fund. These expenditures are reflected as program/function expenditures on a budgetary basis.

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 9 - LONG-TERM OBLIGATIONS - (Continued)

During fiscal year 2022, the District entered into a notes payable agreement with Apple, Inc to acquire MacBook Air laptops for teachers, administration and District office staff and board of education members. Payments have been reclassified as debt service expenditures in the basic financial statements for the general fund. These expenditures are reflected as program/function expenditures on a budgetary basis.

During fiscal year 2022, the District entered into a notes payable agreement with First Western Equipment Finance to acquire field lining equipment. Payments have been reclassified as debt service expenditures in the basic financial statements for the general fund. These expenditures are reflected as program/function expenditures on a budgetary basis.

During fiscal year 2022, the District entered into a notes payable agreement with Vantage Financial to acquire chromebooks for students. Payments have been reclassified as debt service expenditures in the basic financial statements for the general fund. These expenditures are reflected as program/function expenditures on a budgetary basis.

All the notes payable agreements are considered direct borrowings. Direct borrowings have terms negotiated directly between the District and the lender and are not offered for public sale. In conjunction with the agreement for the bus/maintenance facility, the District and Fifth Third Bank have entered into a Ground Lease agreement whereby the District has leased to Fifth Third Bank, under a Ground Lease, the Project Site and Fifth Third Bank has subleased the Project Site, and the facilities already located and/or to be constructed thereon (the Project Facilities”) back to the District under the terms of the agreement. The Project Site and Project Facilities are collateral for the debt as, in the event of default or “Nonappropriation of Funds”, the Fifth Third Bank shall have the right to re-lease the Project Site and Project Facilities and/or assign the Ground Lease. The agreements with Apple, Inc. and BGE Financial Corporation provide that the Board of Education should appropriate funds for the base rent, as defined in the lease, due in each succeeding fiscal year. Failure to appropriate within the allotted time frame is a default under the lease and cause the lease to terminate.

The following is a summary of the District’s future debt service requirements to maturity for the notes payable:

Fiscal Year Ending June 30,	Notes Payable from Direct Borrowing		
	Principal	Interest	Total
2023	\$ 697,703	\$ 84,690	\$ 782,393
2024	727,357	55,033	782,390
2025	713,181	23,556	736,737
2026	46,483	581	47,064
Total	<u>\$ 2,184,724</u>	<u>\$ 163,860</u>	<u>\$ 2,348,584</u>

D. Lease Obligations

In fiscal years 2021, 2020 and 2017, the District entered into lease agreements for copier and printer equipment. Lease payments have been reclassified and are reflected as debt service expenditures in the basic financial statements for the general fund. These expenditures are reflected as program/function expenditures on a budgetary basis. The District fulfilled its debt obligations for the leases entered into during fiscal year 2017 during the fiscal year.

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 9 - LONG-TERM OBLIGATIONS - (Continued)

The following is a summary of the District’s future debt service requirements to maturity for the lease obligations:

Fiscal Year Ending June 30,	Lease Obligations		
	Principal	Interest	Total
2023	\$ 201,946	\$ 24,907	\$ 226,853
2024	212,277	14,576	226,853
2025	168,600	3,942	172,542
2026	7,058	148	7,206
Total	<u>\$ 589,881</u>	<u>\$ 43,573</u>	<u>\$ 633,454</u>

E. Legal Debt Margin

The Ohio Revised Code provides that voted net general obligation debt of the District shall never exceed 9% of the total assessed valuation of the District. The code further provides that unvoted indebtedness shall not exceed 1/10 of 1% of the property valuation of the District. The code additionally states that unvoted indebtedness related to energy conservation debt shall not exceed 9/10 of 1% of the property valuation of the District. The assessed valuation used in determining the District’s legal debt margin has been modified by House Bill 530 which became effective March 30, 2006. In accordance with House Bill 530, the assessed valuation used in the District’s legal debt margin calculation excluded tangible personal property used in business, telephone or telegraph property, interexchange telecommunications company property and personal property owned or leased by a railroad company and used in railroad operations.

The Ohio Revised Code further provides that when a Board of Education declares a resolution that the student population is not adequately served by existing facilities and that insufficient capacity exists within the 9 percent limit to finance additional facilities, the State Department of Education may declare that District a “special needs” District. This permits the incurrence of additional debt based upon projected 5-year growth of the school district’s assessed valuation. The District was determined to be a “special needs” District on March 28, 1996 and confirmed on October 5, 2000 and again in October, 2006. In addition, the unvoted net debt of a school district cannot exceed 0.1 percent of the total assessed value of property. On June 30, 2022, the District had no unvoted debt.

NOTE 10 - OTHER EMPLOYEE BENEFITS

Compensated Absences

The criteria for determining vacation and sick leave benefits are derived from negotiated agreements and State laws. Classified eleven and twelve month employees hired prior to April 1, 2011 earn 12 to 20 days of vacation per year, with a maximum accrual of 24 to 40 days, depending upon length of service. Classified eleven and twelve month employees hired after to April 1, 2011 earn 10 to 20 days of vacation per year, with a maximum accrual of 20 to 40 days, depending upon length of service. Accumulated unused vacation time is paid to classified employees upon termination of employment. Teachers do not earn vacation time.

Non-administrative employees earn sick leave at the rate of one and one-fourth days per month. Upon retirement, payment is made for twenty-five percent of the total sick leave accumulation, up to a maximum accumulation of 65 days for certificated staff with a minimum of five years with the District; and 65 days for classified employees with a minimum of five years with the District. An employee receiving such payment must meet the retirement provisions set by STRS Ohio and SERS Ohio.

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 10 - OTHER EMPLOYEE BENEFITS - (Continued)

Administrative twelve month employees earn 15 to 25 days of vacation per year, with a maximum accrual of 45 to 60 days, depending upon length of service. Administrative employees earn sick leave at a rate ranging from one and one-third days per month to one and two-thirds days per month, depending upon the number of contractual days worked. Upon retirement, payment is made for twenty-five percent of the total sick leave accumulation, up to a maximum accumulation of 82 days for administrative employees with a minimum of five years of service with the District. Accumulated unused vacation time is paid to administrative employees upon termination of employment.

NOTE 11 - RISK MANAGEMENT

A. Property and Liability

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District participated in the Ohio School Plan Program beginning July 1, 2008. The following is the District's insurance coverage through the group purchasing program described in Note 2.A.:

Total policy coverage - includes the following:	
Property limit (\$25,000 deductible) per occurrence	\$410,188,218
Boiler and Machinery (\$25,000 deductible) per occurrence	100,000,000
Automobile liability (\$25,000 deductible)	4,000,000
Medical payments	5,000
Public Employee Dishonesty/ Theft per occurrence	1,000,000
General school district liability:	
Per occurrence	4,000,000
Total per aggregate	6,000,000

Settled claims have not exceeded this commercial coverage in any of the past three years. There has not been a significant reduction in insurance coverage from the prior year.

B. Self-Insured Worker's Compensation Program

On January 1, 2017, the District began operating its own Worker's Compensation internal service fund. Sedgwick CMS acts as the claims administrator for this self-funded plan.

The District received its last Group Retrospective Rating Plan Rebate on 12/31/2019, depositing this rebate into the self-insured worker's compensation fund. This ended its previous affiliation with the Ohio SchoolComp Workers' Compensation Group Retrospective Rating Plan.

C. Employee Health Insurance

The District is self-insured for its medical, dental, and prescription drug coverage. Premiums are paid into the self-insurance fund and are available to pay claims and administrative costs. Anthem, Inc. acts as the claims administrator for this self-funded plan. A stop-loss insurance contract with Anthem, Inc. covers specific liability claims in excess of \$250,000 per – subscriber (the stop-loss applies to all covered persons on the plan per subscriber).

The claims liability of \$1,136,000 reported in the internal service fund at June 30, 2022 is based on an estimate provided by the third-party administrator and the requirements of GASB Statement No. 10, "Accounting and Financial Reporting for Risk Financing and Related Insurance Issues", as amended by GASB Statement No. 30, "Risk Financing Omnibus", which requires that a liability for unpaid claim costs, including estimates of costs relating to incurred but not reported claims, be reported. The estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claim adjustment expenses.

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 11 - RISK MANAGEMENT - (Continued)

Changes in the fund’s claims liability for 2022 and 2021 are listed below:

	<u>Balance at Beginning of Year</u>	<u>Current Claims</u>	<u>Claims Payment</u>	<u>Balance at End of Year</u>
2022	\$ 831,500	\$ 15,918,133	\$ (15,613,633)	\$ 1,136,000
2021	1,026,900	15,792,692	(15,988,092)	831,500

Employees may also purchase vision group coverage, with the full premium being paid by employees.

Employer and employee contributions to premiums for health (including prescription drug) and dental coverage are determined for most employees by negotiated agreements with employee labor unions. Currently, single coverage and family coverage for all employees except administrators are as follows:

Coverage	Administrators	Certified Staff	Classified Staff
Health PPO	Board pays 80%	Board pays 80%	Board pays 80%
Health HDHP	Board pays 80%	N/A	Board pays 85%
Dental	Board pays 80%	Board pays \$55/month	Board pays \$55/month

NOTE 12 - DEFINED BENEFIT PENSION PLANS

The Statewide retirement systems provide both pension benefits and other postemployment benefits (OPEB).

Net Pension Liability/Net OPEB Liability/Asset

The net pension liability/asset and the net OPEB liability/asset reported on the statement of net position represents a liability or asset to employees for pensions and OPEB, respectively.

Pensions and OPEB are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions/OPEB are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension/OPEB liability (asset) represent the District’s proportionate share of each pension/OPEB plan’s collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension/OPEB plan’s fiduciary net position. The net pension/OPEB liability (asset) calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting these estimates annually.

The Ohio Revised Code limits the District’s obligation for this liability to annually required payments. The District cannot control benefit terms or the manner in which pensions/OPEB are financed; however, the District does receive the benefit of employees’ services in exchange for compensation including pension and OPEB.

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 12 - DEFINED BENEFIT PENSION PLANS - (Continued)

GASB 68/75 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires funding to come from these employers. All pension contributions to date have come solely from these employers (which also includes pension costs paid in the form of withholdings from employees). The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits. In addition, health care plan enrollees pay a portion of the health care costs in the form of a monthly premium. State statute requires the retirement systems to amortize unfunded pension liabilities within 30 years. If the pension amortization period exceeds 30 years, each retirement system’s board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension/OPEB liability (asset). Resulting adjustments to the net pension/OPEB liability (asset) would be effective when the changes are legally enforceable. The Ohio Revised Code permits, but does not require, the retirement systems to provide healthcare to eligible benefit recipients.

The remainder of this note includes the required pension disclosures. See Note 13 for the required OPEB disclosures.

The proportionate share of each plan’s unfunded benefits is presented as a long-term *net pension/OPEB liability (asset)* on the accrual basis of accounting. Any liability for the contractually required pension contribution outstanding at the end of the year is included in intergovernmental payable on both the accrual and modified accrual bases of accounting.

Plan Description - School Employees Retirement System (SERS)

Plan Description - The District non-teaching employees participate in SERS, a cost-sharing multiple-employer defined benefit pension plan administered by SERS. SERS provides retirement, disability and survivor benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Ohio Revised Code Chapter 3309. SERS issues a publicly available, stand-alone financial report that includes financial statements, required supplementary information and detailed information about SERS’ fiduciary net position. That report can be obtained by visiting the SERS website at www.ohsers.org under Employers/Audit Resources.

Age and service requirements for retirement are as follows:

	Eligible to Retire on or before August 1, 2017 *	Eligible to Retire after August 1, 2017
Full benefits	Any age with 30 years of service credit	Age 67 with 10 years of service credit; or Age 57 with 30 years of service credit
Actuarially reduced benefits	Age 60 with 5 years of service credit; or Age 55 with 25 years of service credit	Age 62 with 10 years of service credit; or Age 60 with 25 years of service credit

* Members with 25 years of service credit as of August 1, 2017 will be included in this plan.

Annual retirement benefits are calculated based on final average salary multiplied by a percentage that varies based on years of service; 2.2% for the first thirty years of service and 2.5% for years of service credit over 30. Final average salary is the average of the highest three years of salary.

An individual whose benefit effective date is before April 1, 2018, is eligible for a cost-of-living adjustment (COLA) on the first anniversary date of the benefit. Beginning April 1, 2018, new benefit recipients must wait until the fourth anniversary of their benefit for COLA eligibility. The COLA is added each year to the base benefit amount on the anniversary date of the benefit. A three-year COLA suspension was in effect for all benefit recipients for the years 2018, 2019, and 2020. Upon resumption of the COLA, it will be indexed to the percentage increase in the CPI-W, not to exceed 2.5% and with a floor of 0%. In 2021, the Board of Trustees approved a 2.5% cost-of-living adjustment (COLA) for eligible retirees and beneficiaries in 2022.

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 12 - DEFINED BENEFIT PENSION PLANS - (Continued)

Funding Policy – Plan members are required to contribute 10.00% of their annual covered salary and the District is required to contribute 14.00% of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to statutory maximum amounts of 10.00% for plan members and 14.00% for employers. The Retirement Board, acting with the advice of the actuary, allocates the employer contribution rate among four of the System's funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund). For the fiscal year ended June 30, 2022, the allocation to pension, death benefits, and Medicare B was 14.00%. For fiscal year 2022, the Retirement Board did not allocate any employer contribution to the Health Care Fund.

The District's contractually required contribution to SERS was \$2,476,712 for fiscal year 2022. Of this amount, \$232,831 is reported as intergovernmental payable.

Plan Description - State Teachers Retirement System (STRS)

Plan Description - Licensed teachers participate in STRS, a cost-sharing multiple-employer public employee retirement system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about STRS' fiduciary net position. That report can be obtained by writing to STRS, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS website at www.strsoh.org.

New members have a choice of three retirement plans: a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined (CO) Plan. Benefits are established by Ohio Revised Code Chapter 3307.

The DB plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the calculation is 2.20% of final average salary for the five highest years of earnings multiplied by all years of service. In April 2017, the Retirement Board made the decision to reduce COLA granted on or after July 1, 2017, to 0% to preserve the fiscal integrity of the retirement system. Benefit recipients' base benefit and past cost-of living increases are not affected by this change. Eligibility changes will be phased in until August 1, 2026, when retirement eligibility for unreduced benefits will be five year of service credit and age 65, or 35 years of service credit and at least age 60.

Eligibility changes for DB Plan members who retire with actuarially reduced benefits will be phased in until August 1, 2026, when retirement eligibility will be five years of qualifying service credit and age 60, or 30 years of service credit at any age.

The DC Plan allows members to place all of their member contributions and 9.53% of the 14% employer contributions into an investment account. Investment allocation decisions are determined by the member. The remaining 4.47% of the 14% employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The Combined Plan offers features of both the DB Plan and the DC Plan. In the Combined Plan, 12% of the 14% member rate goes to the DC Plan and the remaining 2% is applied to the DB Plan. Member contributions to the DC Plan are allocated among investment choices by the member, and contributions to the DB Plan from the employer and the member are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60 with five years of service. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity after termination of employment at age 50 and after termination of employment.

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 12 - DEFINED BENEFIT PENSION PLANS - (Continued)

New members who choose the DC Plan or Combined Plan will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's Combined Plan account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB 68 reporting purposes.

A DB or Combined Plan member with five or more years of credited service who is determined to be disabled may qualify for a disability benefit. New members must have at least ten years of qualifying service credit that apply for disability benefits. Members in the DC Plan who become disabled are entitled only to their account balance. Eligible survivors of members who die before service retirement may qualify for monthly benefits. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy - Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. The fiscal year 2022 employer and employee contribution rate of 14% was equal to the statutory maximum rates. For fiscal year 2022, the full employer contribution was allocated to pension.

The District's contractually required contribution to STRS was \$9,742,812 for fiscal year 2022. Of this amount, \$1,692,744 is reported as intergovernmental payable.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's share of contributions to the pension plan relative to the projected contributions of all participating entities.

Following is information related to the proportionate share and pension expense:

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
Proportion of the net pension liability prior measurement date	0.46601730%	0.52380684%	
Proportion of the net pension liability current measurement date	<u>0.44247620%</u>	<u>0.52789055%</u>	
Change in proportionate share	<u>-0.02354110%</u>	<u>0.00408371%</u>	
Proportionate share of the net pension liability	\$ 16,326,089	\$ 67,495,551	\$ 83,821,640
Pension expense	\$ (519,760)	\$ 1,333,579	\$ 813,819

FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 12 - DEFINED BENEFIT PENSION PLANS - (Continued)

At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
Deferred outflows of resources			
Differences between expected and actual experience	\$ 1,576	\$ 2,085,287	\$ 2,086,863
Changes of assumptions	343,780	18,724,476	19,068,256
Difference between employer contributions and proportionate share of contributions/ change in proportionate share	372,164	1,528,951	1,901,115
Contributions subsequent to the measurement date	<u>2,476,712</u>	<u>9,742,812</u>	<u>12,219,524</u>
Total deferred outflows of resources	<u>\$ 3,194,232</u>	<u>\$ 32,081,526</u>	<u>\$ 35,275,758</u>
	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
Deferred inflows of resources			
Differences between expected and actual experience	\$ 423,402	\$ 423,059	\$ 846,461
Net difference between projected and actual earnings on pension plan investments	8,408,413	58,168,250	66,576,663
Difference between employer contributions and proportionate share of contributions/ change in proportionate share	<u>896,002</u>	<u>-</u>	<u>896,002</u>
Total deferred inflows of resources	<u>\$ 9,727,817</u>	<u>\$ 58,591,309</u>	<u>\$ 68,319,126</u>

\$12,219,524 reported as deferred outflows of resources related to pension resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the fiscal year ending June 30, 2023.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
Fiscal Year Ending June 30:			
2023	\$ (2,261,691)	\$ (8,967,948)	\$ (11,229,639)
2024	(2,168,519)	(7,467,477)	(9,635,996)
2025	(1,999,217)	(8,402,176)	(10,401,393)
2026	<u>(2,580,870)</u>	<u>(11,414,994)</u>	<u>(13,995,864)</u>
Total	<u>\$ (9,010,297)</u>	<u>\$ (36,252,595)</u>	<u>\$ (45,262,892)</u>

**PICKERINGTON LOCAL SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 12 - DEFINED BENEFIT PENSION PLANS - (Continued)

Actuarial Assumptions - SERS

SERS' total pension liability was determined by their actuaries in accordance with GASB Statement No. 67, as part of their annual actuarial valuation for each defined benefit retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment termination). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation, prepared as of June 30, 2021, are presented below:

Wage inflation:	
Current measurement date	2.40%
Prior measurement date	3.00%
Future salary increases, including inflation:	
Current measurement date	3.25% to 13.58%
Prior measurement date	3.50% to 18.20%
COLA or ad hoc COLA:	
Current measurement date	2.00%
Prior measurement date	2.50%
Investment rate of return:	
Current measurement date	7.00% net of system expenses
Prior measurement date	7.50% net of system expenses
Discount rate:	
Current measurement date	7.00%
Prior measurement date	7.50%
Actuarial cost method	Entry age normal (level percent of payroll)

In 2021, Mortality rates were based on the PUB-2010 General Employee Amount Weight Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20% for males and set forward 2 years and adjusted 81.35% for females. Mortality among disabled members were based upon the PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3% for males and set forward 3 years and adjusted 106.8% for females. Future improvement in mortality rates is reflected by applying the MP-2020 projection scale generationally.

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 12 - DEFINED BENEFIT PENSION PLANS - (Continued)

In the prior measurement date, the mortality rates were based on the RP-2014 Blue Collar Mortality Table with fully generational projection and a five-year age set-back for both males and females. Mortality among service retired members, and beneficiaries were based upon the RP-2014 Blue Collar Mortality Table with fully generational projection with Scale BB, 120% of male rates, and 110% of female rates. Mortality among disabled members was based upon the RP-2000 Disabled Mortality Table, 90% for male rates and 100% for female rates, set back five years is used for the period after disability retirement.

The most recent experience study was completed for the five-year period ended June 30, 2020.

The long-term return expectation for the Pension Plan Investments has been determined using a building-block approach and assumes a time horizon, as defined in SERS' *Statement of Investment Policy*. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating a weighted average of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalancing uncorrelated asset classes.

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Cash	2.00 %	(0.33) %
US Equity	24.75	5.72
Non-US Equity Developed	13.50	6.55
Non-US Equity Emerging	6.75	8.54
Fixed Income/Global Bonds	19.00	1.14
Private Equity	11.00	10.03
Real Estate/Real Assets	16.00	5.41
Multi-Asset Strategy	4.00	3.47
Private Debt/Private Credit	3.00	5.28
Total	<u>100.00 %</u>	

Discount Rate - The total pension liability was calculated using the discount rate of 7.00%. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by state statute. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.00%). Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net pension liability calculated using the discount rate of 7.00%, as well as what each plan's net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00%), or one percentage point higher (8.00%) than the current rate.

	1% Decrease	Current Discount Rate	1% Increase
District's proportionate share of the net pension liability	\$ 27,162,602	\$ 16,326,089	\$ 7,187,183

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 12 - DEFINED BENEFIT PENSION PLANS - (Continued)

Actuarial Assumptions - STRS

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results used in the June 30, 2021, actuarial valuation are presented below:

	June 30, 2021	June 30, 2020
Inflation	2.50%	2.50%
Projected salary increases	12.50% at age 20 to 2.50% at age 65	12.50% at age 20 to 2.50% at age 65
Investment rate of return	7.00%, net of investment expenses, including inflation	7.45%, net of investment expenses, including inflation
Discount rate of return	7.00%	7.45%
Payroll increases	3.00%	3.00%
Cost-of-living adjustments (COLA)	0.00%	0.00%

For the June 30, 2021, actuarial valuation, post-retirement mortality rates are based on the RP-2014 Annuitant Mortality Tables with 50% of rates through age 69, 70% of rates between ages 70 and 79, 90% of rates between ages 80 and 84, and 100% of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. Pre-retirement mortality rates are based on RP-2014 Employee Mortality Tables, projected forward generationally using mortality improvement scale MP-2016. Post-retirement disabled mortality rates are based on the RP-2014 Disabled Mortality Tables with 90% of rates for males and 100% of rates for females, projected forward generationally using mortality improvement scale MP-2016.

Actuarial assumptions used in the June 30, 2021 valuation are based on the results of an actuarial experience study for the period July 1, 2011 through June 30, 2016.

STRS Ohio’s investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return *
Domestic Equity	28.00 %	7.35 %
International Equity	23.00	7.55
Alternatives	17.00	7.09
Fixed Income	21.00	3.00
Real Estate	10.00	6.00
Liquidity Reserves	1.00	2.25
Total	<u>100.00 %</u>	

*10-Year geometric nominal returns, which include the real rate of return and inflation of 2.25% and does not include investment expenses. Over a 30-year period, STRS’ investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 12 - DEFINED BENEFIT PENSION PLANS - (Continued)

Discount Rate - The discount rate used to measure the total pension liability was 7.00% as of June 30, 2021. The projection of cash flows used to determine the discount rate assumes that member and employer contributions will be made at the statutory contribution rates in accordance with the rates described previously. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Based on those assumptions, STRS Ohio's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2021. Therefore, the long-term expected rate of return on pension plan investments of 7.00% was applied to all periods of projected benefit payments to determine the total pension liability as of June 30, 2021.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following table represents the net pension liability as of June 30, 2021, calculated using the current period discount rate assumption of 7.00%, as well as what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00%) or one percentage point higher (8.00%) than the current assumption:

	1% Decrease	Current Discount Rate	1% Increase
District's proportionate share of the net pension liability	\$ 126,393,907	\$ 67,495,551	\$ 17,726,568

Changes Between Measurement Date and Reporting Date - STRS approved a one-time 3.00% cost-of-living adjustment to eligible benefit recipients effective July 1, 2022. It is unknown what the effect this change will have on the net pension liability.

NOTE 13 - DEFINED BENEFIT OPEB PLANS

Net OPEB Liability/Asset

See Note 12 for a description of the net OPEB liability (asset).

Plan Description - School Employees Retirement System (SERS)

Health Care Plan Description - The District contributes to the SERS Health Care Fund, administered by SERS for non-certificated retirees and their beneficiaries. For GASB 75 purposes, this plan is considered a cost-sharing other postemployment benefit (OPEB) plan. SERS' Health Care Plan provides healthcare benefits to eligible individuals receiving retirement, disability, and survivor benefits, and to their eligible dependents. Members who retire after June 1, 1986, need 10 years of service credit, exclusive of most types of purchased credit, to qualify to participate in SERS' health care coverage. In addition to age and service retirees, disability benefit recipients and beneficiaries who are receiving monthly benefits due to the death of a member or retiree, are eligible for SERS' health care coverage. Most retirees and dependents choosing SERS' health care coverage are over the age of 65 and therefore enrolled in a fully insured Medicare Advantage plan; however, SERS maintains a traditional, self-insured preferred provider organization for its non-Medicare retiree population. For both groups, SERS offers a self-insured prescription drug program. Health care is a benefit that is permitted, not mandated, by statute. The financial report of the Plan is included in the SERS Annual Comprehensive Financial Report which can be obtained on SERS' website at www.ohsers.org under Employers/Audit Resources.

Access to health care for retirees and beneficiaries is permitted in accordance with Section 3309 of the Ohio Revised Code. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). SERS' Retirement Board reserves the right to change or discontinue any health plan or program. Active employee members do not contribute to the Health Care Plan. The SERS Retirement Board established the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility, and retirement status.

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 13 - DEFINED BENEFIT OPEB PLANS - (Continued)

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required pensions and benefits, the Retirement Board may allocate the remainder of the employer contribution of 14% of covered payroll to the Health Care Fund in accordance with the funding policy. For the fiscal year ended June 30, 2022, SERS did not allocate any employer contributions to post-employment health care. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated if less than a full year of service credit was earned. For fiscal year 2022, this amount was \$25,000. Statutes provide that no employer shall pay a health care surcharge greater than 2% of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5% of the total statewide SERS-covered payroll for the health care surcharge. For fiscal year 2022, the District's surcharge obligation was \$311,585.

The surcharge added to the allocated portion of the 14% employer contribution rate is the total amount assigned to the Health Care Fund. The District's contractually required contribution to SERS was \$311,585 for fiscal year 2022. Of this amount, \$311,585 is reported as intergovernmental payable.

Plan Description - State Teachers Retirement System (STRS)

Plan Description - The State Teachers Retirement System of Ohio (STRS) administers a cost-sharing Health Plan administered for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS. Ohio law authorizes STRS to offer this plan. Benefits include hospitalization, physicians' fees, prescription drugs and partial reimbursement of monthly Medicare Part B premiums. The Medicare Part B monthly reimbursement elimination date was postponed indefinitely. The Plan is included in the report of STRS which can be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Funding Policy - Ohio Revised Code Chapter 3307 authorizes STRS to offer the Plan and gives the Retirement Board discretionary authority over how much, if any, of the health care costs will be absorbed by STRS. Active employee members do not contribute to the Health Care Plan. Nearly all health care plan enrollees, for the most recent year, pay a portion of the health care costs in the form of a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions, currently 14% of covered payroll. For the fiscal year ended June 30, 2022, STRS did not allocate any employer contributions to post-employment health care.

OPEB Liabilities/Assets, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

The net OPEB liability/asset was measured as of June 30, 2021, and the total OPEB liability/asset used to calculate the net OPEB liability/asset was determined by an actuarial valuation as of that date. The District's proportion of the net OPEB liability/asset was based on the District's share of contributions to the respective retirement systems relative to the contributions of all participating entities.

THIS SPACE IS INTENTIONALLY LEFT BLANK

Actuarial Assumptions - SERS

The total OPEB liability is determined by SERS' actuaries in accordance with GASB Statement No. 74, as part of their annual actuarial valuation for each retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment terminations). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases, actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 13 - DEFINED BENEFIT OPEB PLANS - (Continued)

Key methods and assumptions used in calculating the total OPEB liability in the latest actuarial valuation date of June 30, 2021 are presented below:

Wage inflation:	
Current measurement date	2.40%
Prior measurement date	3.00%
Future salary increases, including inflation:	
Current measurement date	3.25% to 13.58%
Prior measurement date	3.50% to 18.20%
Investment rate of return:	
Current measurement date	7.00% net of investment expense, including inflation
Prior measurement date	7.50% net of investment expense, including inflation
Municipal bond index rate:	
Current measurement date	1.92%
Prior measurement date	2.45%
Single equivalent interest rate, net of plan investment expense, including price inflation:	
Current measurement date	2.27%
Prior measurement date	2.63%
Medical trend assumption:	
Current measurement date	
Medicare	5.125 to 4.400%
Pre-Medicare	6.750 to 4.400%
Prior measurement date	
Medicare	5.25 to 4.75%
Pre-Medicare	7.00 to 4.75%

In 2021, Mortality rates were based on the PUB-2010 General Employee Amount Weight Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20% for males and set forward 2 years and adjusted 81.35% for females. Mortality among disabled members were based upon the PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3% for males and set forward 3 years and adjusted 106.8% for females. Future improvement in mortality rates is reflected by applying the MP-2020 projection scale generationally.

In the prior measurement date, the mortality rates were based on the RP-2014 Blue Collar Mortality Table with fully generational projection and a five-year age set-back for both males and females. Mortality among service retired members, and beneficiaries were based upon the RP-2014 Blue Collar Mortality Table with fully generational projection with Scale BB, 120% of male rates, and 110% of female rates. Mortality among disabled members was based upon the RP-2000 Disabled Mortality Table, 90% for male rates and 100% for female rates, set back five years is used for the period after disability retirement.

The most recent experience study was completed for the five-year period ended June 30, 2020.

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 13 - DEFINED BENEFIT OPEB PLANS - (Continued)

The long-term expected rate of return on plan assets is reviewed as part of the actuarial five-year experience study. The most recent study covers fiscal years 2015 through 2020 and was adopted by the Board in 2021. Several factors are considered in evaluating the long-term rate of return assumption including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return were developed by the investment consultant for each major asset class. These ranges were combined to produce the long-term expected rate of return, 7.00%, by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The capital market assumptions developed by the investment consultant are intended for use over a 10-year horizon and may not be useful in setting the long-term rate of return for funding pension plans which covers a longer timeframe. The assumption is intended to be a long-term assumption and is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years.

The target asset allocation and best estimates of arithmetic real rates of return for each major asset class, as used in the June 30, 2020 five-year experience study, are summarized as follows:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Cash	2.00 %	(0.33) %
US Equity	24.75	5.72
Non-US Equity Developed	13.50	6.55
Non-US Equity Emerging	6.75	8.54
Fixed Income/Global Bonds	19.00	1.14
Private Equity	11.00	10.03
Real Estate/Real Assets	16.00	5.41
Multi-Asset Strategy	4.00	3.47
Private Debt/Private Credit	3.00	5.28
Total	<u>100.00 %</u>	

Discount Rate - The discount rate used to measure the total OPEB liability at June 30, 2021 was 2.27%. The discount rate used to measure total OPEB liability prior to June 30, 2021 was 2.63%. The projection of cash flows used to determine the discount rate assumed that contributions will be made from members and the System at the contribution rate of 1.50% of projected covered payroll each year, which includes a 1.50% payroll surcharge and no contributions from the basic benefits plan. Based on these assumptions, the OPEB plan's fiduciary net position was projected to become insufficient to make all projected future benefit payments of current System members by SERS actuaries. The Municipal Bond Index Rate is used in the determination of the SEIR for both the June 30, 2020 and the June 30, 2021 total OPEB liability. The Municipal Bond Index rate is the single rate that will generate a present value of benefit payments equal to the sum of the present value determined by the long-term expected rate of return, and the present value determined by discounting those benefits after the date of depletion. The Municipal Bond Index Rate is 1.92% at June 30, 2021 and 2.45% at June 30, 2020.

Sensitivity of the District's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate and Changes in the Health Care Cost Trend Rates - The net OPEB liability is sensitive to changes in the discount rate and the health care cost trend rate. The following table presents the net OPEB liability, what the net OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (1.27%) and higher (3.27%) than the current discount rate (2.27%). Also shown is what the net OPEB liability would be based on health care cost trend rates that are 1 percentage point lower (5.75% decreasing to 3.40%) and higher (7.75% decreasing to 5.40%) than the current rate (6.75% decreasing to 4.40%).

FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 13 - DEFINED BENEFIT OPEB PLANS - (Continued)

	<u>1% Decrease</u>	<u>Current Discount Rate</u>	<u>1% Increase</u>
District's proportionate share of the net OPEB liability	\$ 10,709,446	\$ 8,642,776	\$ 6,991,774

	<u>1% Decrease</u>	<u>Current Trend Rate</u>	<u>1% Increase</u>
District's proportionate share of the net OPEB liability	\$ 6,654,230	\$ 8,642,776	\$ 11,298,864

Actuarial Assumptions - STRS

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results used in the June 30, 2021, actuarial valuation, compared with June 30, 2020, are presented below:

	<u>June 30, 2021</u>		<u>June 30, 2020</u>	
Inflation	2.50%		2.50%	
Projected salary increases	12.50% at age 20 to 2.50% at age 65		12.50% at age 20 to 2.50% at age 65	
Investment rate of return	7.00%, net of investment expenses, including inflation		7.45%, net of investment expenses, including inflation	
Payroll increases	3.00%		3.00%	
Cost-of-living adjustments (COLA)	0.00%		0.00%	
Discount rate of return	7.00%		7.45%	
Blended discount rate of return	N/A		N/A	
Health care cost trends				
	Initial	Ultimate	Initial	Ultimate
Medical				
Pre-Medicare	5.00%	4.00%	5.00%	4.00%
Medicare	-16.18%	4.00%	-6.69%	4.00%
Prescription Drug				
Pre-Medicare	6.50%	4.00%	6.50%	4.00%
Medicare	29.98%	4.00%	11.87%	4.00%

Projections of benefits include the historical pattern of sharing benefit costs between the employers and retired plan members.

For healthy retirees the mortality rates are based on the RP-2014 Annuitant Mortality Tables with 50% of rates through age 69, 70% of rates between ages 70 and 79, 90% of rates between ages 80 and 84, and 100% of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. For disabled retirees, mortality rates are based on the RP-2014 Disabled Mortality Tables with 90% of rates for males and 100% of rates for females, projected forward generationally using mortality improvement scale MP-2016.

Actuarial assumptions used in the June 30, 2021 valuation are based on the results of an actuarial experience study for the period July 1, 2011 through June 30, 2016.

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 13 - DEFINED BENEFIT OPEB PLANS - (Continued)

Assumption Changes Since the Prior Measurement Date - The discount rate was adjusted to 7.00% from 7.45% for the June 30, 2021 valuation.

Benefit Term Changes Since the Prior Measurement Date - The non-Medicare subsidy percentage was increased effective January 1, 2022 from 2.055% to 2.100%. The non-Medicare frozen subsidy base premium was increased effective January 1, 2022. The Medicare Part D subsidy was updated to reflect it is expected to be negative in CY2022. The Part B monthly reimbursement elimination date was postponed indefinitely.

STRS' investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return *
Domestic Equity	28.00 %	7.35 %
International Equity	23.00	7.55
Alternatives	17.00	7.09
Fixed Income	21.00	3.00
Real Estate	10.00	6.00
Liquidity Reserves	1.00	2.25
Total	<u>100.00 %</u>	

*10-Year geometric nominal returns, which include the real rate of return and inflation of 2.25% and does not include investment expenses. Over a 30-year period, STRS' investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

Discount Rate - The discount rate used to measure the total OPEB asset was 7.00% as of June 30, 2021. The projection of cash flows used to determine the discount rate assumed STRS Ohio continues to allocate no employer contributions to the health care fund. Based on these assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2021. Therefore, the long-term expected rate of return on health care fund investments of 7.00% was applied to all periods of projected health care costs to determine the total OPEB liability as of June 30, 2021.

Sensitivity of the District's Proportionate Share of the Net OPEB Asset to Changes in the Discount and Health Care Cost Trend Rate - The following table represents the net OPEB asset as of June 30, 2021, calculated using the current period discount rate assumption of 7.00%, as well as what the net OPEB asset would be if it were calculated using a discount rate that is one percentage point lower (6.00%) or one percentage point higher (8.00%) than the current assumption. Also shown is the net OPEB asset as if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current health care cost trend rates.

	1% Decrease	Current Discount Rate	1% Increase
	District's proportionate share of the net OPEB asset	\$ 9,392,118	\$ 11,130,141
	1% Decrease	Current Trend Rate	1% Increase
District's proportionate share of the net OPEB asset	\$ 12,523,169	\$ 11,130,141	\$ 9,407,532

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 14 - BUDGETARY BASIS OF ACCOUNTING

While reporting financial position, results of operations, and changes in fund balance on the basis of accounting principles generally accepted in the United States of America (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts and disbursements.

The statement of revenue, expenditures and changes in fund balance - budget and actual (non-GAAP budgetary basis) presented for the general fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and the GAAP basis are that:

- (a) Revenues and other financing sources are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis);
- (b) Expenditures and other financing uses are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis);
- (c) In order to determine compliance with Ohio law, and to reserve that portion of the applicable appropriation, total outstanding encumbrances (budget basis) are recorded as the equivalent of an expenditure, as opposed to assigned or committed fund balance for that portion of outstanding encumbrances not already recognized as an account payable (GAAP basis);
- (d) Some funds are included in the general fund (GAAP basis), but have separate legally adopted budgets (budget basis); and,
- (e) Investments are reported at fair value (GAAP basis) rather than cost (budget basis).

The adjustments necessary to convert the results of operations for the year on the budget basis to the GAAP basis for the general fund is as follows:

Net Change in Fund Balance

	<u>General fund</u>
Budget basis	\$ (5,115,007)
Net adjustment for revenue accruals	(451,430)
Net adjustment for expenditure accruals	(3,032,501)
Net adjustment for other sources/uses	2,310,719
Funds budgeted elsewhere	(704,072)
Adjustment for encumbrances	3,386,587
GAAP basis	<u>\$ (3,605,704)</u>

Certain funds that are legally budgeted in separate special revenue funds are considered part of the general fund on a GAAP basis. This includes the uniform school supplies fund, the public school support fund, the other grant fund, the termination benefits fund, and the following special cost centers of the district agency fund: the STRS and SERS board share agency fund, flexible spending account fund, unclaimed fund and PCS agency closeout fund.

NOTE 15 - CONTINGENCIES

A. Grants

The District receives significant financial assistance from numerous federal, State and local agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the District. However, in the opinion of management, any such disallowed claims will not have a material effect on the financial position of the District.

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 15 - CONTINGENCIES - (Continued)

B. Litigation

The District is involved in no material litigation as either plaintiff or defendant.

NOTE 16 - COVID-19

The United States and the State of Ohio declared a state of emergency in March of 2020 due to the COVID-19 pandemic. Ohio's state of emergency ended in June 2021 while the national state of emergency continues. During fiscal year 2022, the District received COVID-19 funding. The financial impact of COVID-19 and the continuing emergency measures may impact subsequent periods of the District. The impact on the District's future operating costs, revenues, and additional recovery from emergency funding, either federal or state, cannot be estimated. The District's investment portfolio fluctuates with market conditions, and due to market volatility, the amount of gains or losses that will be realized in subsequent periods, if any, cannot be determined.

NOTE 17 - SCHOOL DISTRICT INCOME TAX

The District currently benefits from a 1% income tax, which is assessed on all residents of the District. In 2022, the District income tax generated \$24,100,949 in revenue on the modified accrual basis of accounting. The District apportions all the proceeds to the general fund.

NOTE 18 - SET-ASIDES

The District is required by State law to annually set-aside certain general fund revenue amounts, as defined by statutory formula, for the acquisition and construction of capital improvements. Amounts not spent by the end of the fiscal year or offset by similarly restricted resources received during the year must be held in cash at fiscal year-end. This amount must be carried forward to be used for the same purpose in future years. Expenditures and offsets exceeding the set-aside requirement may not be carried forward to the next fiscal year.

The following cash-basis information describes the change in the fiscal year-end set-aside amount for capital improvements. Disclosure of this information is required by State statute.

	<u>Capital Improvements</u>
Set-aside balance June 30, 2021	\$ -
Current year set-aside requirement	1,854,760
Current year qualifying expenditures	(2,493,307)
Current year offsets	<u>(1,100,694)</u>
Total	<u>\$ (1,739,241)</u>
Balance carried forward to fiscal year 2023	<u>\$ -</u>
Set-aside balance June 30, 2022	<u>\$ -</u>

During prior fiscal years, the District issued \$161,400,000 in classroom facilities construction bonds. These proceeds may be used to reduce capital acquisition to zero for future years. The amount presented for prior year offset from bond proceeds is limited to an amount needed to reduce the reserve for capital improvement to zero. The District is responsible for tracking the amount of the bond proceeds that may be used as an offset in future periods, which was \$148,615,282 at June 30, 2022.

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 19 - OTHER COMMITMENTS

The District utilizes encumbrance accounting as part of its budgetary controls. Encumbrances outstanding at year end may be reported as part of restricted, committed, or assigned classifications of fund balance. At year end, the District's commitments for encumbrances in the governmental funds were as follows:

<u>Fund</u>	<u>Year-End Encumbrances</u>
General	\$ 3,065,548
Nonmajor governmental funds	<u>2,694,000</u>
Total	<u>\$ 5,759,548</u>

NOTE 20 - TAX ABATEMENTS ENTERED INTO BY OTHER GOVERNMENTS

Community Reinvestment Areas

The City of Pickerington, Violet Township, and Fairfield County provide tax abatements through Community Reinvestment Areas (CRAs).

Under the authority of Ohio Revised Code (ORC) Section 3735.67, the CRA program is an economic development tool administered by municipal and county governments that provides real property tax exemptions for property owners who renovate existing or construct new buildings. CRA's are areas of land in which property owners can receive tax incentives for investing in real property improvements. Under the CRA program, local governments petition to the Ohio Development Services Agency (ODSA) for confirmation of a geographical area in which investment in housing is desired. Once an area is confirmed by the ODSA, local governments may offer real property tax exemptions to taxpayers that invest in that area. Property owners in the CRA can receive temporary tax abatements for renovation of existing structures and new construction in these areas. Property owners apply to the local legislative authority for approval to renovate or construct in the CRA. Upon approval and certification of completion, the amount of the abatement is deducted from the individual or entity's property tax bill.

The CRA agreements entered into by the City of Pickerington, Violet Township, and Fairfield County affect the property tax receipts collected and distributed to the District. Under these agreements, the District's property taxes were reduced by \$27,619.

NOTE 21 - SUBSEQUENT EVENTS

John Walsh became the new Treasurer effective November 14, 2022.

Voters passed a \$89.930 million bond issue on November 8, 2022.

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

PENSION

SCHOOL EMPLOYEES RETIREMENT SYSTEM (SERS) OF OHIO

Changes in benefit terms :

- There were no changes in benefit terms from the amounts reported for fiscal years 2014-2017.
- For fiscal year 2018, SERS changed from a fixed 3% annual increase to a Cost of Living Adjustment (COLA) based on the changes in the Consumer Price Index (CPI-W), with a cap of 2.5% and a floor of 0%.
- There were no changes in benefit terms from the amounts previously reported for fiscal year 2019.
- There were no changes in benefit terms from the amounts previously reported for fiscal year 2020.
- There were no changes in benefit terms from the amounts previously reported for fiscal year 2021.
- For fiscal year 2022, SERS changed from a Cost of Living Adjustment (COLA) of 2.5% to 2.0%.

Changes in assumptions :

- There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for fiscal years 2014-2016.
- For fiscal year 2017, the following changes of assumptions affected the total pension liability since the prior measurement date: (a) the assumed rate of inflation was reduced from 3.25% to 3.00%, (b) payroll growth assumption was reduced from 4.00% to 3.50%, (c) assumed real wage growth was reduced from 0.75% to 0.50%, (d) rates of withdrawal, retirement and disability were updated to reflect recent experience, (e) mortality among active members was updated to RP-2014 Blue Collar Mortality Table with fully generational projection and a five year age set-back for both males and females, (f) mortality among service retired members and beneficiaries was updated to the following RP-2014 Blue Collar Mortality Table with fully generational projection with Scale BB, 120% of male rates and 110% of female rates, (g) mortality among disabled members was updated to RP-2000 Disabled Mortality Table, 90% for male rates and 100% for female rates, set back five years is used for the period after disability retirement and (h) the discount rate was reduced from 7.75% to 7.50%.
- There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for fiscal year 2018.
- There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for fiscal year 2019.
- There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for fiscal year 2020.
- There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for fiscal year 2021.
- For fiscal year 2022, the following changes of assumptions affected the total pension liability since the prior measurement date: (a) wage inflation decreased from 3.00% to 2.40%, (b) future salary increases changed from 3.50%-18.20% to 3.25%-13.58%, (c) investment rate of return decreased from 7.50% to 7.00%, (d) discount rate decreased from 7.50% to 7.00% and (e) mortality tables changed from the RP-2014 Blue Collar mortality table to the PUB-2010 General Employee Amount Weight Below Median Healthy Retiree mortality table.

STATE TEACHERS RETIREMENT SYSTEM (STRS) OF OHIO

Changes in benefit terms :

- There were no changes in benefit terms from the amounts reported for fiscal years 2014-2017.
- For fiscal year 2018, STRS decreased the Cost of Living Adjustment (COLA) to zero.
- There were no changes in benefit terms from amounts previously reported for fiscal year 2019.
- There were no changes in benefit terms from amounts previously reported for fiscal year 2020.
- There were no changes in benefit terms from amounts previously reported for fiscal year 2021.
- There were no changes in benefit terms from amounts previously reported for fiscal year 2022.

FOR THE FISCAL YEAR ENDED JUNE 30, 2022

OTHER POSTEMPLOYMENT BENEFITS (OPEB) (CONTINUED)

STATE TEACHERS RETIREMENT SYSTEM (STRS) OF OHIO

Changes in benefit terms :

- There were no changes in benefit terms from the amounts previously reported for fiscal year 2017.
- For fiscal year 2018, STRS reduced the subsidy multiplier for non-Medicare benefit recipients from 2.1% to 1.9% per year of service. Medicare Part B premium reimbursements were discontinued for certain survivors and beneficiaries and all remaining Medicare Part B premium reimbursements will be discontinued beginning January 2019.
- For fiscal year 2019, STRS increased the subsidy multiplier for non-Medicare benefit recipients from 1.9% to 1.944% per year of service effective January 1, 2019. The non-Medicare frozen subsidy base premium was increased January 1, 2019 and all remaining Medicare Part B premium reimbursements will be discontinued beginning January 1, 2020.
- For fiscal year 2020, STRS increased the subsidy percentage from 1.944% to 1.984% effective January 1, 2020. The Medicare subsidy percentages were adjusted effective January 1, 2021 to 2.1% for the Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed to January 1, 2021.
- For fiscal year 2021, the non-Medicare subsidy percentage was increased effective January 1, 2021 from 1.984% to 2.055% per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2021. The Medicare subsidy percentages were adjusted effective January 1, 2021 to 2.1% for the AMA Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed indefinitely.
- For fiscal year 2022, the non-Medicare subsidy percentage was increased effective January 1, 2022 from 2.055% to 2.100%. The non-Medicare frozen subsidy base premium was increased effective January 1, 2022. The Medicare Part D subsidy was updated to reflect it is expected to be negative in CY2022. The Part B monthly reimbursement elimination date was postponed indefinitely.

Changes in assumptions :

- There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for fiscal year 2017.
- For fiscal year 2018, the following changes of assumptions affected the total OPEB liability since the prior measurement date: (a) the discount rate was increased from 3.26% to 4.13% based on the methodology defined under GASB Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans (OPEB), (b) the long term expected rate of return was reduced from 7.75% to 7.45%, (c) valuation year per capita health care costs were updated, and the salary scale was modified, (d) the percentage of future retirees electing each option was updated based on current data and the percentage of future disabled retirees and terminated vested participants electing health coverage were decreased and (e) the assumed mortality, disability, retirement, withdrawal and future health care cost trend rates were modified along with the portion of rebated prescription drug costs.
- For fiscal year 2019, the following changes of assumptions affected the total OPEB liability/asset since the prior measurement date: (a) the discount rate was increased from the blended rate of 4.13% to the long-term expected rate of return of 7.45% based on the methodology defined under GASB Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans (OPEB) and (b) decrease in health care cost trend rates from 6.00%-11.00% initial; 4.50% ultimate down to Medical Pre-Medicare 6.00% and Medicare 5.00% initial; 4.00% ultimate and Prescription Drug Pre-Medicare 8.00% and Medicare (5.23%) initial; 4.00% ultimate.
- For fiscal year 2020, health care cost trend rates were changed to the following: medical pre-Medicare from 6.00% initial - 4.00% ultimate down to 5.87% initial - 4.00% ultimate; medical Medicare from 5.00% initial - 4.00% ultimate down to 4.93% initial - 4.00% ultimate; prescription drug pre-Medicare from 8.00% initial - 4.00% ultimate down to 7.73% initial - 4.00% ultimate and (5.23%) initial - 4.00% ultimate up to 9.62% initial - 4.00% ultimate.
- For fiscal year 2021, health care cost trend rates were changed to the following: medical pre-Medicare from 5.87% initial - 4.00% ultimate down to 5.00% initial - 4.00% ultimate; medical Medicare from 4.93% initial - 4.00% ultimate down to -6.69% initial - 4.00% ultimate; prescription drug pre-Medicare from 7.73% initial - 4.00% ultimate down to 6.50% initial - 4.00% ultimate; prescription drug Medicare from 9.62% initial - 4.00% ultimate up to 11.87% initial - 4.00% ultimate.
- For fiscal year 2022, the following changes of assumption affected the total OPEB liability since the prior measurement date: (a) the long-term expected rate of return was reduced from 7.45% to 7.00%, (b) the discount rate of return was reduced from 7.45% to 7.00% and (c) health care cost trend rates were changed to the following: medical Medicare from -6.69% initial - 4.00% ultimate down to -16.18% initial - 4.00% ultimate; prescription drug Medicare from 11.87% initial - 4.00% ultimate up to 29.98% initial - 4.00% ultimate.

COMBINING STATEMENTS
AND INDIVIDUAL FUND SCHEDULES

SUPPLEMENTARY INFORMATION

**PICKERINGTON LOCAL SCHOOL DISTRICT
FAIRFIELD COUNTY, OHIO**

Major Funds

General

The general fund is used to account for resources traditionally associated with a school district which are not required legally, or by sound financial management, to be accounted for in another fund. These activities include, but are not limited to, general instruction, pupil services, operation and maintenance of facilities, student transportation, and administration.

Since there is only one general fund and the legal level of budgetary control is not greater than that presented in the basic financial statements, thus no additional financial statements are presented here.

District Debt Service

The District debt service fund is used to account for the accumulation of resources and payment of general obligation bond principal and interest and certain long-term obligations from governmental resources when the government is obligated in some manner for payment. It is also used to account for the accumulation of resources and payment of general obligation bonds payable, as required by Ohio Law.

**PICKERINGTON LOCAL SCHOOL DISTRICT
COMBINING STATEMENTS - NONMAJOR FUNDS**

Nonmajor Special Revenue Funds

The special revenue funds are used to account for the proceeds of specific revenue sources (other than amounts relating to debt service or major capital projects) that are legally restricted to expenditure for specified purposes. The title of each special revenue fund is descriptive of the activities accounted for therein. The nonmajor special revenue funds are:

Food Services

This fund is used to record financial transactions related to food service operations.

School Trusts

This fund is used to account for trust agreements in which principal and income are used to support District programs.

Scholarship

A fund to account for the Doug Davis Memorial Scholarship Fund and the Tri-County Realtor Scholarship Fund for eligible students of the District. The principal and any income derived may be expended.

Facilities Maintenance

A fund provided to account for proceeds for State Building Assistance repayment.

Student Managed Activity

A fund provided to account for those student activity programs which have student participation in the activity and have students involved in the management of the program. This fund typically includes those student activities which consist of a student body, student president, student treasurer and faculty advisor.

Student Activity

A fund provided to account for those student activity programs which have student participation in the activity, but do not have student management of the programs. This fund includes the athletic programs and the drama program.

Data Communication

A fund provided to account for money for Ohio Educational Computer Network Connections. This fund is not presented on the combining balance sheet of nonmajor special revenue funds because there are no assets, deferred outflows of resources, liabilities, or deferred inflows of resources at fiscal year-end.

Summer School Subsidy

A fund to account for the student intervention services.

Student Wellness and Success

This fund accounts for the grant monies received through Student Wellness and Success Programs which are restricted for projects that help students' academic achievement through mental health counseling, wraparound services, mentoring and after-school programs. This fund is not presented on the combining balance sheet of nonmajor special revenue funds because there are no assets, deferred outflows of resources, liabilities, or deferred inflows of resources at fiscal year-end.

Miscellaneous State Grants

To account for state grants not classified elsewhere.

Elementary and Secondary School Emergency Relief

To account for emergency relief grants related to the COVID-19 pandemic. Restrictions include, but are not limited to, providing for coordination of preparedness and response efforts, training and professional development of staff, planning and coordination during long-term closure, and purchasing technology for students.

**PICKERINGTON LOCAL SCHOOL DISTRICT
COMBINING STATEMENTS - NONMAJOR FUNDS**

Nonmajor Special Revenue Funds (Continued)

Coronavirus Relief

To account for costs that are necessary expenditures incurred due to the public health emergency with respect to the Coronavirus Disease 2019 (COVID-19). This fund is not presented on the combining balance sheet of nonmajor special revenue funds because there are no assets, deferred outflows of resources, liabilities, or deferred inflows of resources at fiscal year-end.

IDEA Part B

To account for a federal grant aimed to assist in providing an appropriate public education to all children with disabilities.

Title I School Improvement

To account for Federal funds to improve the teaching and learning of children failing, or most at risk of failing to meet challenging State academic achievement standards.

Title III

This fund is used to account for Federal funds to provide educational services and to meet special education needs of non-English speaking children.

Title I

To provide financial assistance to State and local educational agencies to meet the special needs of educationally deprived children. Included are the Even Start and Comprehensive School Reform programs.

Student Support and Academic Enrichment

To account for Federal funds to improve students' academic achievement by increasing the capacity of states, local education agencies, schools and local communities to (1) provide all students with access to well-rounded education; (2) improve school conditions for student learning; and (3) improve the use of technology in order to improve the academic achievement and digital literacy of all students.

IDEA Preschool Grant

To account for grant monies pertaining to Section 619 of Public Law 99-457, addressing the improvement and expansion of services for handicapped children ages three (3) through five (5) years. This fund is not presented on the combining balance sheet of nonmajor special revenue funds because there are no assets, deferred outflows of resources, liabilities, or deferred inflows of resources at fiscal year-end.

Supporting Effective Instruction

To account for various monies to hire additional classroom teachers, so that the number of students per teacher will be reduced.

Miscellaneous Federal Grants

To account for federal grants not classified elsewhere. This fund is not presented on the combining balance sheet of nonmajor special revenue funds because there are no assets, deferred outflows of resources, liabilities, or deferred inflows of resources at fiscal year-end.

District Agency

This fund has various special costs with different purposes listed below. The following special cost centers are included with various funds on a GAAP basis but, have a separate legally adopted budget (budget basis) and are presented together for the budgetary schedules.

The following special cost centers are included in the general fund (GAAP basis). These special cost centers are not included in the combining statements for the nonmajor special revenue funds since they are reported in the general fund (GAAP basis).

**PICKERINGTON LOCAL SCHOOL DISTRICT
COMBINING STATEMENTS - NONMAJOR FUNDS**

Nonmajor Special Revenue Funds (Continued)

Flexible Spending Account

A fund used to account for payroll accounts and funds.

Unclaimed Funds

To account for unclaimed funds.

PCS Agency Closeout

To account for the remaining funds from the Pickerington Community School closure.

STRS Board Share

A fund used to account for the board share of the amounts due to the State Teachers Retirement Services.

SERS Board Share

A fund used to account for the board share of the amounts due to the School Employees Retirement Services.

The following special cost centers are included in the student managed activity fund (GAAP basis). These special cost centers are included in the combining statements for the nonmajor special revenue funds under the student managed activities fund column.

Orchestra Boosters

To account for the remaining funds from the PHSC Orchestra Boosters.

Special Olympics of Ohio

To account for activity of the District's Special Olympics Club.

The following special cost center is included in the student activity fund (GAAP basis). This special cost center is included in the combining statements for the nonmajor special revenue funds under the student activities fund column.

PHSC OHSAA/CDAB Tournaments

To account for monies related to hosting the Ohio High School Athletic Association (OHSAA) tournaments.

The following funds are included in the general fund (GAAP basis), but have separate legally adopted budgets (budget basis). These funds are not included in the combining statements for the nonmajor special revenue funds since they are reported in the general fund (GAAP basis); however, the budgetary schedules for these funds are presented in this section.

Uniform School Supplies

This fund accounts for the purchase and sale of school supplies for use in the District. Profits derived from such sales are used for school purposes or activities connected with the school.

Public School Support

A fund provided to account for special local revenue sources, other than taxes or expendable trusts (i.e., profits from vending machines) that are assigned to expenditures for specified purposes. Such expenditures may include curricular and extra-curricular related purchases.

Other Local Grants

This fund is used to account for the proceeds of specific revenue sources, except for state and federal grants that are assigned to expenditures for specified purposes.

Termination Benefits

A fund provided to account for accumulated cash for the payment of termination benefits.

COMBINING STATEMENTS - NONMAJOR FUNDS**

Nonmajor Capital Project Fund

Capital project funds are established to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds and trust funds). The nonmajor capital project fund is:

Permanent Improvement

To account for the acquisition, construction, or improvement of capital facilities.

The District had only one nonmajor capital projects fund. As a result, no additional financial statements are presented but, are presented on the combining balance sheet and combining statement of revenues, expenditures and changes in fund balances - nonmajor governmental funds.

COMBINING STATEMENTS - PROPRIETARY FUNDS**

Proprietary Funds

Internal service funds account for the financing of goods or services provided by one department or agency of the District to other departments, or agencies, on a cost-reimbursement basis. Charges are intended to recoup the total cost of such services.

Self Insurance

The internal service fund accounts for operations of the District's self-insurance program for medical, dental and prescription drug benefits.

Worker's Compensation

The internal service fund accounts for monies received from other funds as payment for providing worker's compensation benefits to employees.

Source: Fairfield County Auditor and District financial records

Note: Ohio Bond Law sets a limit of 9% for voted debt and 1/10 of 1% for unvoted debt.

House Bill 530 became effective on March 30, 2006, which excluded tangible personal property used in business, telephone or telegraph property, interexchange telecommunications company property, and personal property owned or leased by a railroad company and used in railroad operations.

(A): On March 28, 1996, the District was determined to be a "special needs" district, meaning the District was permitted to exceed the voted debt limitation. This status was confirmed on October 5, 2000 and October 2006.

Voted Debt Margins are determined without reference to applicable monies in the District's debt service fund.

Source: District records, including square footage and capacity data provided by a recent study performed by Ohio Facilities Construction Commission (OFCC) and enrollment data from the head counts performed for the SF-3 Average Daily Membership calculations.

Notes: Year of original construction is in parentheses.

In cases in which enrollment numbers are larger than capacity, the District has utilized portable classrooms, which are not included in square footage or capacity amounts. Renovations have been made to several buildings over the years; however, related changes in square footage and capacity are not available. The District has presented the current square footage and capacity figures as of the study performed by OFCC.

(1) During 2018, building square footage totals were updated to agree with information presented in the EMIS system.

Note: Data for items marked "N/A" are either unavailable, not applicable or no longer computed for the respective reporting period. For the 2019-2021 school years, the Coronavirus Pandemic eliminated most state testing. The state issued 'Not Reported' grades for nearly all of the 2019-2021 School Report Card data. Any reported testing results were severely impacted by the Coronavirus shutdown.

FAIRFIELD COUNTY, OHIO**

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
2 CFR 200.510(b)(6)
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 1 – BASIS OF PRESENTATION & SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of the Pickerington Local School District under programs of the federal government for the fiscal year ended June 30, 2022 and is prepared in accordance with the cash basis of accounting. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Pickerington Local School District, it is not intended to and does not present the financial position, changes in net position, or cash flows of the Pickerington Local School District. Such expenditures are recognized following cost principles contained in Uniform Guidance wherein certain types of expenditures may or may not be limited to as to reimbursement.

NOTE 2 – DE MINIMIS COST RATE

CFR Section 200.414 of the Uniform Guidance allows a non-federal entity that has never received a negotiated indirect cost rate to charge a de minimis rate of 10% of modified total direct costs to indirect costs. The Pickerington Local School District has not elected to use the 10% de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE 3 - CHILD NUTRITION CLUSTER

The Pickerington Local School District commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the Pickerington Local School District assumes it expends federal monies first.

NOTE 4 – FOOD DONATION PROGRAM

The Pickerington Local School District reports commodities consumed on the Schedule at the entitlement value. The Pickerington Local School District allocated donated food commodities to the respective program that benefitted from the use of those donated food commodities.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards*

Pickerington Local School District
Fairfield County
90 North East Street
Pickerington, Ohio 43147

To the Members of the Board of Education:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Pickerington Local School District, Fairfield County, Ohio, as of and for the fiscal year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Pickerington Local School District's basic financial statements, and have issued our report thereon dated January 20, 2023, wherein we noted as described in Note 16 to the financial statements, the financial impact of COVID-19 and the continuing emergency measures may impact subsequent periods.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Pickerington Local School District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Pickerington Local School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Pickerington Local School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Pickerington Local School District's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Pickerington Local School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Pickerington Local School District
Fairfield County

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards*
Page 2

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Pickerington Local School District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Pickerington Local School District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Auditor’s Report on Compliance for Each Major Federal Program
and on Internal Control Over Compliance and on the Schedule of Expenditures of Federal Awards
Required by the Uniform Guidance**

Pickerington Local School District
Fairfield County
90 North East Street
Pickerington, Ohio 43147

To the Members of the Board of Education:

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the Pickerington Local School District’s compliance with the types of compliance requirements identified as subject to audit in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could have a direct and material effect on each of the Pickerington Local School District’s major federal programs for the fiscal year ended June 30, 2022. The Pickerington Local School District’s major federal programs are identified in the summary of auditor’s results section of the accompanying schedule of findings.

In our opinion, the Pickerington Local School District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the fiscal year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the “Auditor’s Responsibilities for the Audit of Compliance” section of our report.

We are required to be independent of the Pickerington Local School District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Pickerington Local School District’s compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Pickerington Local School District’s federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Pickerington Local School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Pickerington Local School District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Pickerington Local School District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of the Pickerington Local School District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Pickerington Local School District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the "Auditor's Responsibilities for the Audit of Compliance" section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Pickerington Local School District, as of and for the fiscal year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Pickerington Local School District's basic financial statements. We issued our unmodified report thereon dated January 20, 2023. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.
