INDEPENDENT AUDITOR'S REPORT

Village of Ada Hardin County 115 West Buckeye Avenue P.O. Box 292 Ada, Ohio 45810

To the Members of Council:

Report on the Audit of the Financial Statements

Unmodified and Adverse Opinions

We have audited the financial statements of the Village of Ada, Hardin County, Ohio (the Village), which comprises the cash balances, receipts and disbursements for each governmental and proprietary fund type as of and for the year ended December 31, 2022, and the related notes to the financial statements.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the cash balances, receipts and disbursements for each governmental and proprietary fund type as of and for the year ended December 31, 2022, and the related notes to the financial statements, in accordance with the financial reporting provisions which Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(C) permit, described in Note 2.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the *Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles* section of our report, the accompanying financial statements do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Village, as of December 31, 2022, or the changes in financial position thereof for the year then ended.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Village, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Village of Ada Hardin County Independent Auditor's Report Page 2

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 2 of the financial statements, the financial statements are prepared by the Village on the basis of the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(C), which is an accounting basis other than accounting principles generally accepted in the United States of America (GAAP), to satisfy these requirements. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 2 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

Emphasis of Matter

As discussed in Note 15 to the financial statements, the financial impact of COVID-19 and the continuing recovery measures may impact subsequent periods of the Village. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(C) permit. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Village's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Village's internal control. Accordingly, no such opinion is expressed.

Village of Ada Hardin County Independent Auditor's Report Page 3

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that
 raise substantial doubt about the Village's ability to continue as a going concern for a reasonable
 period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 3, 2023, on our consideration of the Village's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Village's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Village's internal control over financial reporting and compliance.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 1 - REPORTING ENTITY

The Village of Ada, Hardin County, Ohio (the "Village") is a body politic and corporate established to exercise the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. A publicly-elected six-member Council directs the Village for four-year terms. The Mayor is elected to a four-year term, and votes only to break a tie. The Village provides general governmental services, water, and sewer utilities, maintenance of Village roads and bridges, pool operations, and police services. The Village receives fire protection services from the Ada-Liberty Township Fire Department.

Jointly Governed Organizations

The Village participates in two jointly governed organizations which are the Ada-Liberty Joint Ambulance District and the Hardin County Regional Planning Commission. Note 11 to the financial statements provides additional information for these entities.

Public Entity Risk Pools

The Village participates in the Ohio Plan Risk Management Inc. and Ohio Municipal League Group Rating Plan, which are public entity risk pools. Note 10 to the financial statements provides additional information for these entities.

The Village's management believes these financial statements present all activities for which the Village is financially accountable.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Presentation

The Village's financial statements consist of a combined statement of receipts, disbursements and changes in fund balances (regulatory cash basis) for all governmental fund types, and a combined statement of receipts, disbursements and changes in fund balances (regulatory cash basis) for the proprietary fund type which are organized on a fund type basis.

B. Fund Accounting

The Village uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The funds of the Village are presented below:

General Fund - The general fund accounts for and reports all financial resources not accounted for and reported in another fund. The general fund balance is available to the Village for any purpose provided it is expended or transferred according to the general laws of Ohio.

Special Revenue Funds - These funds account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The Village had the following significant special revenue funds:

<u>Street Fund</u> - The street fund accounts for and reports the receipt of gasoline tax and motor vehicle tax monies for the purpose of constructing, maintaining and repairing Village roads.

<u>Pool Fund</u> - The pool fund accounts and reports receipts from residents using the Village's pool.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Debt Service Funds - These funds account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest. The Village had the following significant debt service funds:

<u>*Pool Debt Service Fund*</u> – This fund receives transfers, which consist of monies collected from pool admissions and the monies are used to retire debt incurred to operate the Village's pool.

<u>General Obligation Debt Fund</u> – The general obligation debt fund accounts for transactions pertaining to special assessments and the principal and interest payments of governmental fund debt, as well as the issuance of bonds and refunding bonds.

Capital Projects Funds - These funds account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets. The Village had the following capital projects fund:

<u>Capital Projects Fund</u> - The capital projects fund accounts for loans and grants for several road and street construction projects.

Enterprise Funds - These funds account for operations that are similar to private business enterprises, where management intends to recover the significant costs of providing certain goods or services through user charges. The Village had the following significant enterprise funds:

<u>Water Fund</u> - The water fund accounts for the provision of water treatment and distribution to the residents and commercial users located within the Village and the payment of any related debts.

<u>Sewer Fund</u> - The sewer fund accounts for the provision of sanitary sewer services to the residents and commercial users within the Village and the payment of any related debts.

<u>Sewer Debt Retirement Fund</u> - The sewer debt retirement fund accounts for principal and interest payments of sewer debts.

Fiduciary Funds – Fiduciary funds include private purpose trust funds, investment trust funds, and custodial funds. Trust funds account for assets held under a trust agreement meeting certain criteria. Custodial funds are purely custodial in nature and are used to report fiduciary activity that is not required to be reported in a trust fund. For regulatory purposes, certain own source revenues are permitted to flow through clearing funds presented as custodial funds. Also, for regulatory purposes, certain deposits and clearing funds are permitted to be presented as custodial funds. The Village does not have any fiduciary funds.

C. Basis of Accounting

These financial statements follow the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03 (C). This basis is similar to the cash receipts and disbursements accounting basis. The Board recognizes receipts when received in cash rather than when earned, and recognizes disbursements when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03 (C) permit.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

D. Budgetary Process

The Ohio Revised Code requires that each fund be budgeted annually.

Appropriations - Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function or object level of control, and appropriations may not exceed estimated resources. The Village Council must annually approve appropriation measures and subsequent amendments. Unencumbered appropriations lapse at year end.

Estimated Resources - Estimated resources include estimates of cash to be received (budgeted receipts) plus unencumbered cash as of January 1. The County Budget Commission must approve estimated resources.

Encumbrances - The Ohio Revised Code requires the Village to reserve (encumber) appropriations when individual commitments are made. Encumbrances outstanding at year end are carried over, and need not be reappropriated.

A summary of 2022 budgetary activity appears in Note 4.

E. Deposits and Investments

The Village's accounting basis includes investments as assets. This basis does not record disbursements for investment purchases or receipts for investment sales. This basis records gains or losses at the time of sale as receipts or disbursements, respectively.

The Village values Federal Agency Notes U.S. Treasury Notes, and commercial paper at cost. Money market mutual funds are recorded at share values the mutual funds report. Investment in STAR Ohio is measured at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides an NAV per share that approximates fair value. The Village also had investments in certificates of deposit, which were purchased through the CDARS program.

For 2022, there were no limitations or restrictions on any participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates. However, 24 hours advance notice for deposits and withdrawals of \$100 million or more is encouraged. STAR Ohio reserves the right to limit the transaction to \$250 million per day, requiring the excess amount to be transacted the following business day(s), but only to the \$250 million limit. All accounts of the participant will be combined for these purposes.

F. Capital Assets

The Village records disbursements for acquisitions of property, plant, and equipment when paid. The accompanying financial statements do not report these items as assets.

H. Accumulated Leave

In certain circumstances, such as upon leaving employment, employees are entitled to cash payments for unused leave. The financial statements do not include a liability for unpaid leave.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

I. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the Village must observe constraints imposed upon the use of its governmental-fund resources. The classifications are as follows:

Nonspendable - The Village classifies assets as *nonspendable* when legally or contractually required to maintain the amounts intact. For regulatory purposes, nonspendable fund balance includes unclaimed monies that are required to be held for five years before they may be utilized by the Village. The Village classifies these unclaimed monies as nonspendable in the general fund.

Restricted - Fund balance is *restricted* when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or is imposed by law through constitutional provisions.

Committed - Council can *commit* amounts via formal action (resolution). The Village must adhere to these commitments unless the Council amends the resolution. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed to satisfy contractual requirements.

Assigned - Assigned fund balances are intended for specific purposes but do not meet the criteria to be classified as *restricted* or *committed*. Governmental funds other than the general fund report all fund balances as *assigned* unless they are restricted or committed. For regulatory purposes, assigned fund balance in the general fund is limited to encumbrances outstanding at year end.

Unassigned - Unassigned fund balance is the residual classification for the general fund and includes amounts not included in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The Village applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

For regulatory purposes, limited disclosure related to fund balance is included in Note 14.

J. Long-Term Obligations

The Village's cash basis financial statements do not report liabilities for bonds or other long-term obligations. Proceeds of debt are reported when the cash is received and the principal and interest payments are reported when paid.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 5 - PROPERTY TAXES

Real property taxes become a lien on January 1 preceding the October 1 date for which the Council adopted tax rates. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable homestead and rollback deductions. The financial statements include homestead and rollback amounts the State pays as Intergovernmental Receipts. Payments are due to the County by December 31. If the property owner elects to pay semiannually, the first half is due December 31. The second half payment is due the following June 20.

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the Village.

NOTE 6 - LOCAL INCOME TAXES

The Village levies a municipal income tax of 1.65% on substantially all earned income arising from employment, residency, or business activities within the Village as well as certain income of residents earned outside of the Village.

The Villages utilizes a third party (R.I.T.A) to collect income taxes on behalf of the Village. Employers within the Village withhold income tax on employee compensation and remit the tax to R.I.T.A either monthly or quarterly, as required. R.I.T.A remits these collections to the Village on a monthly basis, less a fee for collection services. Corporations and other individual taxpayers pay estimated taxes quarterly and file a declaration annually.

NOTE 8 - DEFINED BENEFIT PENSION PLANS - (Continued)

Ohio Police and Fire Pension Fund

The Village's full-time police officers belong to the Police and Fire Pension Fund (OP&F). OP&F is a cost-sharing, multiple-employer plan. The Ohio Revised Code prescribes this plan's benefits, which include postemployment healthcare and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. OP&F participants contributed 12.25% of their wages. The Village contributed to OP&F an amount equal to 19.50% of full-time police officers' wages. The Village has paid all contributions required through December 31, 2022.

Social Security

Elected Officials have the option to opt out of OPERS in accordance with Ohio Revised Code 145.01 (B) or Ohio Administrate Code Section 145-1-26 and Ohio Revised Code Section 742.01, respectively, and are subject to Social Security Tax.

Four of the Village's elected officials contribute to Social Security. This plan provides retirement benefits, including survivor and disability benefits to participants.

Employees contributed 6.2% of their gross salaries. The Village contributed an amount equal to 6.2% of participants' gross salaries. The Village has paid all contributions required through December 31, 2022.

NOTE 9 - POSTEMPLOYMENT BENEFITS

Both OPERS and OP&F offer cost-sharing, multiple-employer defined benefit postemployment plans, which include multiple health care plans including medical coverage, prescription drug coverage, deposits to a Health Reimbursement Arrangement, and Medicare Part B premium reimbursements, to qualifying benefit recipients. The portion of employer contributions allocated to health care for OPERS members in the Traditional Pension Plan and Combined Plan was 0 percent during calendar year 2022. The portion of employer contributions allocated to health care for OPERS members in the Member Directed Plan was 4.0 percent during calendar year 2022. OP&F contributes 0.5 percent to fund these benefits.

Beginning January 1, 2019, OP&F changed its retiree health care model to a stipend-based health care model. A stipend funded by OP&F was placed in individual Health Reimbursement Accounts that retirees use to be reimbursed for health care expenses.

Effective January 1, 2022, OPERS discontinued the group plans currently offered to non-Medicare retirees and reemployed retirees. Instead, eligible non-Medicare retirees will select an individual medical plan. OPERS will provide a subsidy or allowance via an HRA allowance to those retirees who meet health care eligibility requirements. Retirees will be able to seek reimbursement for plan premiums and other qualified medical expenses.

NOTE 10 - PUBLIC ENTITY RISK POOLS

A. Ohio Plan Risk Management, Inc.

The Village belongs to the Ohio Plan Risk Management, Inc. NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 10 - PUBLIC ENTITY RISK POOLS - (Continued)

Pursuant to Section 2744.081 of the Ohio Revised Code, the plan provides property, liability, errors and omissions, law enforcement, automobile, excess liability, crime, surety and bond, inland marine and other coverages to its members sold through fourteen appointed independent agents in the State of Ohio.

Effective November 1, 2016, the OPRM elected to participate in a property loss corridor deductible. The property corridor includes losses paid between 70% and 75%. In 2018, the casualty loss corridor was eliminated and the property corridor was adjusted to losses paid between 65% and 70%. Effective November 1, 2019, the property loss corridor was adjusted to losses between 60% and 67.5% and has remain unchanged. OPRM had 773 members as of December 31, 2022.

The Pool's audited financial statements conform with generally accepted accounting principles, and reported the following assets, liabilities and equity at December 31, 2022.

B. Ohio Municipal League Group Rating Plan

The Village participates in the Ohio Municipal League Group Rating Plan (GRP) for worker's compensation. The intent of the GRP is to achieve the benefit of reduced premiums for the participants, foster safer working conditions and foster cost-effective claims management skills by virtue of its grouping and representation with other participants in the GRP. The workers' compensation experience of the participating entities is calculated as one experience and a common premium is applied to all entities in the GRP. Each participant pays its workers' compensation premium to the State based on the rate for all entities in the GRP rather than its individual rate. Total savings are then calculated, and each participant's individual performance is compared to the overall savings of the GRP. A participant will then either receive money from or be required to contribute to the "Equity Pooling Fund." This "equity pooling" arrangement ensures that each participant shares equally in the overall performance of the GRP.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Village of Ada Hardin County 115 West Buckeye Avenue P.O. Box 292 Ada, Ohio 45810

To the Members of Council:

We have audited, in accordance the with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the cash balances, receipts, and disbursements for each governmental and proprietary fund type as of and for the year ended December 31, 2022 and the related notes to the financial statements of the Village of Ada, Hardin County, (the Village) and have issued our report thereon dated November 3, 2023, wherein we noted the Village followed financial reporting provisions Ohio Rev. Code § 117.38 and Ohio Admin. Code 117-2-03(C) permit. We also noted the financial impact of COVID-19 and the continuing recovery measures may impact subsequent periods of the Village.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Village's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Village's internal control. Accordingly, we do not express an opinion on the effectiveness of the Village's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Village's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Village of Ada Hardin County Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Required by *Government Auditing Standards* Page 2

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Village's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Village's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Village's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
