We have reviewed the *Independent Auditor's Report* of Buckeye Local School District, Medina County, prepared by Julian & Grube, Inc., for the audit period July 1, 2022 through June 30, 2023. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. Buckeye Local School District is responsible for compliance with these laws and regulations.

A handwritten signature in black ink that reads "Keith Faber".

Phone: 330-722-8257

December 11, 2023

Board of Education Members  
Buckeye Local School District

We are pleased to submit to you the Buckeye Local School District's 33rd Annual Comprehensive Financial Report (ACFR) for the fiscal year ended June 30, 2023. This report was prepared by the Treasurer's Office, conforms to accounting principles generally accepted in the United States of America as they apply to governmental entities and contains opinions from Julian & Grube, Inc. Responsibility for both the accuracy of the information presented and the completeness and fairness of the presentation, including all disclosures, rests with the School District. To the best of our knowledge and belief, the enclosed data is accurate in all material aspects and is reported in a manner designed to fairly set forth the financial position and results of operations of the School District. This report will provide the taxpayers of the Buckeye Local School District with comprehensive financial data in a format that enables them to gain an understanding of district's financial activity.

## *About Buckeye Local Schools*

### **The School District and Community**

The Buckeye Local School District is located west of the City of Medina, and is about 30 miles south of Cleveland. The Buckeye Local School District covers 70.9 square miles. The District is made up of Litchfield Township, Liverpool Township, York Township and part of Medina City.

On June 12, 1952, the Litchfield, Liverpool, and York Local School Districts consolidated into one school district, to be known as the Buckeye Local School District. At the time of consolidation, there were 781 pupils. Current enrollment is 2,301 with projected enrollment through 2024 to remain constant with little deviation. Buckeye has approximately 250 employees, many of which reside within the School District boundaries.

To serve all the pupils of the consolidated district, a high school was built and dedicated on November 24, 1957. In 1973, a new high school was built and the former high school was converted to the Junior High. Litchfield Elementary school was built in Litchfield township in 1978. A new administrative office was built behind the high school in 1990. In 2004, two new elementary buildings were opened to replace two elementary buildings built in the early 1900's. With the opening of the new elementary building complex, Litchfield Elementary closed to instruction in 2005. Litchfield elementary was sold to a community member through a public auction in 2019.

Buckeye Local School District has a total property tax rate of 61.50 mills, of which the citizens have voted in 57.20 mills. Of that amount the School District has 57.20 mills for operating funds, with an effective millage rate of 20.00 for residential/agriculture and 21.68 on business/other as of January 2022 assessed valuation.

Additional operating funds not included in the effective millage, include an Emergency levy reaffirmed in November 2016 for 6.9 mills for 10 years for operating. It was reduced from 7.9 to 7.6 to 6.90 to 5.50 to 5.30 to 4.10 to collect the same amount as originally approved in 2012 for \$3,201,100. A bond issue for \$23.7 million was approved in March 2000, for the construction of building additions onto existing structures and the elementary complex, that houses two buildings. The effective millage of the bond issue was 4.7 mills as of June 30, 2001 and has been reduced to from 3.5 to 1.90 to 1.40 mills. Effective January 2004, the Board of Education approved moving one inside mill to the permanent improvement fund.

### **Educational and Extracurricular Programming**

The Buckeye Local School District is an independent public school district offering comprehensive educational, extracurricular and co-curricular programs for students preschool thru 12<sup>th</sup> grade. The academic curriculum includes language arts, world languages, mathematics, science, social studies, music, art, physical education, technology, career and technical education, and life skills. Specific programs for gifted and talented students are provided for grades three through twelve. Students have access to literacy, English as a second language and special education programs. Buckeye students can also attend the Medina County Career Center to gain additional career technical programming skills. This facility is located within the district boundaries. There are no charter, primary, or secondary schools within the district boundaries.

Our high school offers Advanced Placement and College Credit Plus (CCP) courses. CCP provides students an opportunity to earn college credit at no-cost to the student from grades 7-12. High School and Junior High students are able to participate in county led career based programming. Other educational programs include early intervention preschool programs and many intervention programs to mitigate loss of learning that may have resulted during the post-COVID recovery .

### ***The Reporting Entity***

Buckeye Local School District has reviewed its reporting entity definition in order to ensure conformance with Governmental Accounting Standards Board Statement Number 14, "The Financial Reporting Entity." In evaluating how to define the District for financial reporting purposes, management has considered all funds, departments, boards, organizations, and agencies making up the Buckeye Local School District, the primary government. Numerous entities conduct their activities within the School District's boundaries but these entities have been excluded from the financial statements because they do not meet the definitions. Management has prepared the Management's Discussion and Analysis (MD&A) of the School District. This discussion follows the auditor's opinion, providing a narrative introduction, overview, and analysis of the basic financial statements. MD&A complement this letter of transmittal and should be read in conjunction with it.

### **Services Provided**

The School provides a wide variety of instruction and support services as mandated by state statute and public desire. These services include regular instruction, special instruction, vocational instruction, student guidance services, and extracurricular or co-curricular activities. Some initiatives introduced in 2023 are a direct result of the significant influx of Federal funding to assist local education agencies in their COVID-19 pandemic recovery efforts. These initiatives will be reviewed and evaluated to determine the feasibility of available funding sources allowing these service offerings/improvements to continue. Buckeye's leadership team works diligently to find innovative, collaborative, and cost effective methods to continue to provide programming to the district in a sustainable manner

Support services are necessary to complete the educational process, such as administrative, technical, and other community services. Additional services include instructional technology integration, uniform school supply sales and a food service operation. Instructional technology integration includes the implementation of advanced technologies on individual devices and in the classroom setting. Uniform school supply sales consist of workbooks and/or access to electronic materials used by the students. Food services provide an opportunity for students to receive a nutritious and balanced meal every day.

## **Organization of the School**

A five-member Board of Education serves as the taxing authority, contracting body, and policy maker for the School District. The Board of Education determines and adopts the School District's strategic plan, policies, annual operating budget, tax budget, and authorizes all expenditures of the School District's tax monies.

The Superintendent is the chief executive officer of the school, responsible to the Board for total education and support services. The Treasurer is the chief financial officer of the School District, responsible to the Board for maintaining all financial records, issuing checks, making investments, paying liabilities, and maintaining the minutes of all Board of Education meetings. All other employees hired with approval of the Board of Education, ultimately report to the Superintendent.

## ***Economic Outlook***

### **Economic Condition and Outlook**

Our tax base covers the townships of Liverpool, Litchfield, York and part of Medina City. The three townships are a mixture of suburban and rural communities. However, the School District is fortunate to contain two substantial industrial parks, providing a large commercial real estate tax base. Buckeye Local School District had been blessed with a large amount of revenue from personal property taxes in the past. In 2005, state lawmakers passed legislation that phased in the elimination of all personal property taxes on equipment except public utility personal property. This legislation was a significant reduction in revenue. It was this revenue from personal property taxes that afforded Buckeye Local the ability to stay off the ballot for additional operating funds. With the passage of this and other legislation that reduced funding to the School District, Buckeye had to place an issue on the ballot. Fortunately, the Buckeye community passed ballot issues to provide operating funding to the School District. The management team is working diligently to provide the services our community desires and that the state mandates in a fiscally responsible manner.

Historically, Medina county has experienced rapid residential growth in family housing and developments. Recently, the demographics of the Buckeye community has been changing. District enrollment has largely remained constant over the last few years. New construction continues to occur within the district. However, most of this new construction is targeting individuals/couples, not expanding families. The recent County Auditor's reappraisal of the School District's valuation provided for increased valuations, showing the county's continued recovery from recent recession years. The 2022 Triennial update increased the School District's assessed valuation 27% on average for the residential/ag division. As a result of the Triennial update, our School District reached the 20 mill floor, allowing some growth in tax revenues. Additionally, construction of the NEXUS pipeline is complete. The tax revenue received from the pipeline was significantly below initial published amounts by approximately 1.8M. Currently, NEXUS is in the appeal process with the Supreme Court of Ohio.

As the COVID-19 global pandemic recovery came to an unspoken end in 2023, the District was presented with long lasting pandemic repercussions to overcome. Loss of learning was a paramount concern for our community. In response the District implemented programs, such as the NWEA map assessment benchmark tool, to assess reading, math and science addressing student growth and achievement. Additionally, select staff received training on a LETRS program that assists staff in the science of reading. Another large repercussion of post-COVID recovery is a continued labor shortage for substitute and contract positions. District leadership has looked for innovative and creative solutions to a bus driver and paraprofessional shortage. Additionally, education is heavily influenced by state mandates for classroom size, academic offerings and special education needs. All of these concerns present significant challenges to our School District to balance pandemic recovery, mandates and community desires with financial stability and fiscal responsibility.

## **Internal Controls**

Management is responsible for establishing and maintaining an internal controls. These controls are designed to ensure the assets of the School District are protected from loss, theft, or misuse, and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with GAAP. The internal controls are designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived from its implementation; and (2) the valuation of cost and benefits requires estimates and judgments by management. Additionally, Management invests in continued professional development to assist in development and implementation of such internal controls. Management believes the School District's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions

## **Long-Term Financial Planning**

In order to make sound financial decisions now and in the future, the Buckeye Local School District has established principles for budget and financial management. These principles provide guidance for budget development, financial management, and debt management, and reserves. One-time surpluses may not be used for continuing expenditures. Rather, they may be used for one-time expenditures such as capital projects or instructional programming improvement/enhancement. The School District maximizes the use of local, state and federal grants as to help preserve general pandemic revenues for other needs. The Board of Education adopted a cash reserve policy that requires 60 days' cash reserve on the last year of the five-year forecast. Once the School District's fund balance drops below this threshold, an action plan to address restoration is required.

## **Relevant Financial Policies**

The budget must be structurally balanced so that continuing revenues support continuing expenditures. Budgetary appropriations may not exceed resources, with a balanced budget maintained in each fund.

With the reaffirmation of the Emergency levy, the community has provided the School District with the opportunity to provide increased services to the students. The School District is now 1:1 for Chromebook devices for all grades preschool through 12. Administration continually evaluates instruction and innovative improvements to instructional delivery and the educational process as a whole. Based on student/family feedback, the School District added more staffing to offer additional elective courses for increased opportunity, including gifted services for high achieving students and co-teaching situations for struggling students. Additionally, we expanded course offerings in Project Lead the Way and foreign languages, partnered with local businesses for on-site career opportunity planning, and provided enhanced wrap around services for students in need.

Some initiatives introduced in 2023 are a direct result of the significant influx of Federal funding to assist local education agencies in their COVID-19 pandemic recovery efforts. These initiatives will be reviewed and evaluated to determine the feasibility of available funding sources allowing these service offerings/improvements to continue. Buckeye's leadership team works diligently to find innovative, collaborative, and cost effective methods to continue to expand programming to the School District in a sustainable manner. The team continues to evaluate the needs of our students and strives to provide opportunities to meet these needs.

## **Certificate of Achievement**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Buckeye Local School District for its Annual Comprehensive Financial Report for the fiscal year ended June 30, 2022. This was the 32nd consecutive year that the School District has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized Annual Comprehensive Financial Report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

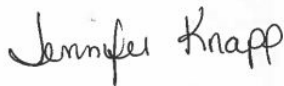

A Certificate of Achievement is valid for a period of one year only. We believe that our current Annual Comprehensive Financial Report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

**Acknowledgments**

We are very proud to submit this 33rd Annual Comprehensive Financial Report for the School District. This represents our continuing commitment towards professionalism in the financial reporting of the Buckeye Local School District. This report significantly increases the accountability of the School District to the taxpayers.

This report would have not been possible without the help of several people. We would like to thank the Board of Education and the Buckeye staff for their support and assistance in preparing this report. We would like to thank Rea and Associates Inc., for their expertise in making the conversion from cash basis to a modified accrual and accrual presentation.

Sincerely,

Jennifer Knapp  
Treasurer

Jeffrey M. Stanton

## Independent Auditor's Report

Buckeye Local School District  
Medina County  
3044 Columbia Road  
Medina, Ohio 44256

To the Members of the Board of Education:

### Report on the Audit of the Financial Statements

#### *Opinions*

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Buckeye Local School District, Medina County, Ohio, as of and for the fiscal year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Buckeye Local School District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Buckeye Local School District, as of June 30, 2023, and the respective changes in financial position, thereof and the budgetary comparison for the General Fund for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

#### *Basis for Opinions*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the Buckeye Local School District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Buckeye Local School District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Buckeye Local School District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Buckeye Local School District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the *management's discussion and analysis, schedules of net pension and other post-employment benefit assets and liabilities and pension and other post-employment benefit contributions*, listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Buckeye Local School District's basic financial statements. The accompanying combining and individual nonmajor fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

***Other Information***

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 11, 2023 on our consideration of the Buckeye Local School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Buckeye Local School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Buckeye Local School District's internal control over financial reporting and compliance.

*This page intentionally left blank*

**Buckeye Local School District**  
**Medina County, Ohio**  
*Management's Discussion and Analysis*  
*For the Fiscal Year Ended June 30, 2023*

---

The discussion and analysis of the Buckeye Local School District's (the "School District") financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2023. The intent of this discussion and analysis is to look at the School District's performance as a whole; readers should also review the transmittal letter, the notes to the basic financial statements and financial statements to enhance their understanding of the School District's financial performance.

***Financial Highlights***

Key financial highlights for 2023 are as follows:

- Net position increased \$8.3 million from fiscal year 2022.
- Capital assets decreased \$0.7 million during fiscal year 2023.
- Outstanding debt decreased from \$6.6 million to \$4.8 million.

***Using this Annual Comprehensive Financial Report***

This annual report consists of a series of financial statements and notes to those statements. The statements are organized so the reader can understand the Buckeye Local School District as a whole entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The *Statement of Net Position and Statement of Activities* provide information about the activities of the whole School District, presenting both an aggregate view of the School District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the School District's most significant funds with all other nonmajor funds presented in total in one column. In the case of Buckeye Local School District, the general fund is by far the most significant fund.

***Reporting the School District as a Whole***

*Statement of Net Position and the Statement of Activities*

While the basic financial statements contain the large number of funds used by the School District to provide programs and activities, the view of the School District as a whole looks at all financial transactions and asks the question, "How did we do financially during fiscal year 2023?" The *Statement of Net Position* and the *Statement of Activities* answer this question. These statements include all assets and deferred outflows of resources and liabilities and deferred inflows of resources (except fiduciary funds) using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

**Buckeye Local School District**  
**Medina County, Ohio**  
*Management's Discussion and Analysis*  
*For the Fiscal Year Ended June 30, 2023*

---

These two statements report the School District's net position and changes in net position. This change in net position is important because it tells the reader that, for the School District as a whole, the financial position of the School District has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the School District's property tax base, current property tax laws in Ohio which restrict revenue growth, facility conditions, required educational programs, and other factors.

In the *Statement of Net Position* and the *Statement of Activities*, governmental activities include the School District's programs and services, including instruction, support services, food services and uniform school supplies.

***Reporting the School District's Most Significant Funds***

*Fund Financial Statements*

Fund financial reports provide detailed information about the School District's major funds. The School District uses many funds to account for a multitude of financial transactions; however, these fund financial statements focus on the School District's most significant funds. The School District's major governmental funds are the general fund and debt service fund.

***Governmental Funds*** Most of the School District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

***Reporting the School District's Fiduciary Responsibilities***

The School District is the fiduciary for athletic tournaments. This activity is presented as a custodial fund. The School District's fiduciary activities are reported in separate Statements of Fiduciary Net Position and Changes in Fiduciary Net Position. These activities are excluded from the School District's other financial statements because the assets cannot be utilized by the School District to finance its operations.

*Management's Discussion and Analysis*  
*For the Fiscal Year Ended June 30, 2023*

**The School District as a Whole**

Recall that the Statement of Net Position provides the perspective of the School District as a whole. Because of the discussion below, many end users of this financial statement will gain a clearer understanding of the School District's actual financial condition by adding deferred inflows of resources and subtracting deferred outflows of resources related to pension and the net pension liability to the reported net position. Table 1 provides a summary of the School District's net position for 2023 compared to 2022:

**Table 1**

---

The net pension liability (NPL) is the largest single liability reported by the School District at June 30, 2023, and is reported pursuant to GASB Statement 68, *Accounting and Financial Reporting for Pensions—an Amendment of GASB Statement 27*. In a prior period, the School District also adopted GASB Statement 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. For reasons discussed below, many end users of this financial statement will gain a clearer understanding of the School District's actual financial condition by adding deferred inflows related to pension and OPEB, the net pension liability and the net OPEB liability to the reported net position and subtracting deferred outflows related to pension and OPEB and the net OPEB asset.

Governmental Accounting Standards Board standards are national and apply to all government financial reports prepared in accordance with generally accepted accounting principles. Prior accounting for pensions (GASB 27) and postemployment benefits (GASB 45) focused on a funding approach. This approach limited pension and OPEB costs to contributions annually required by law, which may or may not be sufficient to fully fund each plan's net pension/OPEB liability. GASB 68 and GASB 75 take an earnings approach to pension and OPEB accounting; however, the nature of Ohio's statewide pension/OPEB plans and state law governing those systems requires additional explanation in order to properly understand the information presented in these statements.

GASB 68 and GASB 75 require the net pension liability and the net OPEB asset/liability to equal the School District's proportionate share of each plan's collective:

1. Present value of estimated future pension/OPEB benefits attributable to active and inactive employees' past service.
2. Minus plan assets available to pay these benefits.

GASB notes that pension and OPEB obligations, whether funded or unfunded, are part of the "employment exchange" – that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension and other postemployment benefits. GASB noted that the unfunded portion of this promise is a present obligation of the government, part of a bargained-for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the School District is not responsible for certain key factors affecting the balance of these assets/liabilities. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The Ohio revised Code permits, but does not require the retirement systems to provide healthcare to eligible benefit recipients. The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits.

The employee enters the employment exchange with the knowledge that the employer's promise is limited not by contract but by law. The employer enters the exchange also knowing that there is a specific, legal limit to its contribution to the retirement system. In Ohio, there is no legal means to enforce the unfunded liability of the pension/OPEB plan *as against the public employer*. State law operates to mitigate/lessen the moral obligation of the public employer to the employee, because all parties enter the employment exchange with notice as to the law. For STRS, the plan's fiduciary net OPEB position was sufficient to cover the plan's total OPEB liability resulting in a net OPEB asset that is allocated to each school based on its proportionate share. The retirement system is responsible for the administration of the pension and OPEB plans.

**Buckeye Local School District**  
**Medina County, Ohio**  
*Management's Discussion and Analysis*  
*For the Fiscal Year Ended June 30, 2023*

---

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e. sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension liability or the net OPEB liability reported by the retirement boards. As explained above, changes in benefits, contribution rates, and return on investments affect the balance of these liabilities, but are outside the control of the local government. In the event that contributions, investment returns, and other changes are insufficient to keep up with required payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability and the net OPEB liability are satisfied, these liabilities are separately identified within the long-term liability section of the statement of net position.

In accordance with GASB 68 and GASB 75, the School District's statements prepared on an accrual basis of accounting include an annual pension expense and an annual OPEB expense for their proportionate share of each plan's change in net pension liability and net OPEB asset/liability, respectively, not accounted for as deferred inflows/outflows.

Capital assets include land, land improvements, buildings and improvements, furniture and equipment and vehicles. These capital assets are used to provide services to students and are not available for future spending. Although the School District's investment in capital assets is reported net of related debt, it should be noted that the resources to repay the debt must be provided from other sources, since capital assets may not be used to liquidate these liabilities.

A portion of the City's net position, represents resources that are subject to external restrictions on how they may be used. The remaining balance of net position is unrestricted.

Current and other assets increased over prior year, mainly in cash and taxes receivable, which can be attributed to an increase in valuations, which also explains the increase in deferred inflows related to property taxes.

Other amounts due in more than one year decreased from prior year due to the scheduled payments owed on outstanding debt.

Fluctuations in net pension/OPEB liability/asset for the School District are due to changes in the actuarial liabilities/assets and related accruals that are passed through to the School District's financial statements. All components of pension and OPEB accruals contribute to the fluctuations in deferred outflows/inflows and NPL/NOL/NOA and are described in more detail in their respective notes.

**Buckeye Local School District**  
**Medina County, Ohio**  
*Management's Discussion and Analysis*  
*For the Fiscal Year Ended June 30, 2023*

Overall program revenues increased. This increase can be attributed to an increase in charges for services offset by a decrease in operating grants as the School District began charging for food services to compensate for the decreased food service grants related to COVID-19 pandemic. Property taxes increased in fiscal year 2023 due to an increase in valuations. Other revenue also increased from prior year from investment earnings, which fluctuate with market performance.

Fluctuations in program expenses are primarily associated to changes in the School District's proportionate share of the net pension liability, net OPEB liability/asset and related accruals. As previously indicated, these items are explained in detail within their respective notes.

Governmental activities are mainly supported through taxes and other general revenues. The community, as a whole, is by far the primary support for the School District students.

***Governmental Funds***

The School District's major funds are accounted for using the modified accrual basis of accounting. Changes in fund balance are as follows:

	Fund Balance 6/30/23	Fund Balance 6/30/22	Increase (Decrease)
General	\$ 28,342,641	\$ 22,648,776	\$ 5,693,865
Debt Service	2,670,944	2,937,298	(266,354)

General fund showed an increase in fund balance over the prior year. The increase in tax revenue contributed to the increase in fund balance.

The fund balance of the debt service fund decreased from prior year due to the timing of revenues to cover expenditures.

***General Fund Budgeting Highlights***

The School District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the general fund.

During the course of the fiscal year, the School District amended its general fund appropriations. The School District uses site-based budgeting and budgeting systems are designed to tightly control total site budgets but provide flexibility for site management.

***Original Budget Compared to Final Budget*** For the general fund, original budget basis revenue equaled final budget. There were no individually significant differences in final expenditure appropriations and original budget.

***Final Budget Compared to Actual Results*** The increase in tax and intergovernmental revenue mainly accounts for actual revenues exceeding final estimated revenues. Final appropriations were higher than actual expenditures as cost savings were recognized for all functions throughout the year.

There were no significant differences in other financing sources and uses.

**Buckeye Local School District**  
**Medina County, Ohio**  
*Management's Discussion and Analysis*  
*For the Fiscal Year Ended June 30, 2023*

---

***Capital Assets and Debt Administration***

**Capital Assets**

The decrease in capital assets is the result of current year depreciation and disposals exceeding acquisitions. See Note 9 for more information about the capital assets of the School District.

**Debt**

During the fiscal year, the School District's governmental activities debt obligations decreased primarily from making scheduled principal payments.

For further information regarding the School District's debt obligations refer to Note 12 to the basic financial statements.

There has been no change in the School District's credit rating.

**For the Future**

Life in the Buckeye Local School District is a reflection of Medina County with its agricultural roots, increased commercial and industrial expansion and residential migration from more populated areas. Contributing to the growth and prosperity of the School District is the 1,400-acre industrial park located in Liverpool Township. The Liverpool Industrial Park is Medina County's largest industrial park and is home to several corporate headquarters. Shiloh Industries, Inc., located in the industrial park, is the County's 10th largest employer. Additionally, MTD Products, Sandridge Food Corporation, and Discount Drug Mart, are also part of the County's top ten employers listing located within our School District.

While the School District's agricultural history of farming is still an important part of the County's economy, it has steadily decreased. Over the last decade nearly four thousand farm acres have been lost in the County and this trend continues. As the agricultural growth has decreased, residential growth has increased. Housing developments continue to receive approval by the townships. Prices of new homes are in the \$300,000 to over \$500,000 price range. The new developments are attracting many retirees, empty nesters, as well as some families to the area. Residential/Agricultural property contributes 75 percent of the School District's real estate valuation.

With the reaffirmation of the Emergency levy in 2016, the community has generously provided the School District with the opportunity to provide increased services to the students. The School District continued its commitment to technology initiatives. Currently the School District is operating under a recently adopted strategic plan. The School District is now 1:1 for Chromebook devices for all grades preschool through 12. With the onset of the global pandemic the need for the 1:1 initiative was essential to providing synchronous remote learning services. All devices are permitted to go offsite in support of remote learning. The School District also has been working toward a replacement schedule for interactive displays in the classroom and staff devices. Continuing our commitment to technology the School District employs a Curriculum Technology Specialist, who is responsible for assisting staff/students in implementing technology initiatives. Additionally, the School District has increased gifted services for high achieving students and co-teaching situations for struggling students. Administration continually evaluates instruction and innovative improvements to instructional delivery and the educational process as

**Buckeye Local School District**  
**Medina County, Ohio**  
*Management's Discussion and Analysis*  
*For the Fiscal Year Ended June 30, 2023*

---

a whole. In partnership with local colleges and universities, the College Credit Plus enrollment continues to rise. Each year the School District has increased additional advanced placement offerings. Many students and families are excited to receive college credit during high school.

Staffing levels have seen an increase to allow for strategic class size reductions, increased course delivery, and increased curricular options. In collaboration with the Medina County Career Center, students continue to experience increased opportunities in the areas of science, technology, engineering, arts, and mathematics, including the expansion of Project Lead the Way curriculum. Additionally, we expanded course offerings electives and foreign languages, partnered with local businesses for on-site career opportunity planning, and provided enhanced wrap around services for students in need. The pandemic recovery required the School District to provide increased health and wellness service delivery such as additional nursing services, behavioral health services and interpreting services.

Some initiatives introduced in 2023 are a direct result of the significant influx of Federal funding to assist local education agencies in their COVID-19 pandemic recovery efforts. These initiatives will be reviewed and evaluated to determine the feasibility of available funding sources allowing these service offerings/improvements to continue. Buckeye's leadership team works diligently to find innovative, collaborative, and cost effective methods to continue to provide programming to the School District in a sustainable manner. In collaboration with local businesses, the School District provided several career-based site on-site opportunities. This allows students to meet local business leaders within the community. The team continues to evaluate the needs of our students and strives to provide opportunities to meet these needs.

The School District is also committed to continued maintenance of our campus. Significant improvements continue to be completed on aging HVAC systems throughout the School District. Structural repairs, furniture and fixture replacement, and significant safety and security upgrades, including increased video surveillance were completed to buildings on campus. One new bus was purchased to continue to support the School District's commitment to keeping the bus fleet current. Additionally, the School District upgraded to VOIP as our primary telecommunication system. Our School District's community completed the final stages of master facility planning to determine the needs of two of the School District's aging facilities- the Junior High School and High School. The result was a bond issue placed on the May 2023 ballot to provide a new shared 7-12 building. Unfortunately, the bond issue did not receive majority support of the community. At this time, the School District is re-engaging the community in soliciting feedback on the status and future of the facilities master plan.

Lastly, as the COVID-19 global pandemic recovery came to an unspoken end in 2023, the School District was presented with long lasting pandemic repercussions to overcome. Loss of learning was a paramount concern for our community. In response to this concern the School District implemented the use of a national benchmark assessment tool to assess reading, math and science to address student growth and achievement. LETRS, a training program that assists staff with implementing the science of reading was also introduced to address the post-COVID learning loss gap.

Another large repercussion of post-COVID recovery is a continued labor shortage for substitute and contract positions. School District leadership has looked for innovative and creative solutions to a bus driver shortage and paraprofessional shortage. COVID-19 caused the Federal government to implement a national response to the COVID-19 crisis. One of the responses was Federal legislation infused significant dollars and resources into the economy. Our School District was fortunate enough to use these

**Buckeye Local School District**

*Management's Discussion and Analysis*  
*For the Fiscal Year Ended June 30, 2023*

---

funds for technology purchases, upgrades in facilities, and increased learning opportunities/staffing to overcome loss of learning attributed to the vacillation from remote to on-site learning modalities.

Education is heavily influenced by state mandates for classroom size, academic offerings and special education needs.

All of these concerns present significant challenges to our School District to balance pandemic repercussions, mandates and community desires with financial stability and fiscal responsibility. However, our School District leadership team is committed to find innovative, collaborative, and cost effective methods to continue to expand programming to the School District in a sustainable manner. The team continues to evaluate the needs of our students and strives to provide opportunities to meet these needs.

Buckeye Local School District has committed itself to financial excellence for many years. The School District has received the Government Finance Officers Association (GFOA) Certificate of Achievement for Excellence in Financial Reporting since 1991.

**Contacting the School District's Financial Management**

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the School District's finances and to show the School District's accountability for the money it receives. If you have questions about this report or need additional financial information contact Jennifer Knapp, Treasurer at Buckeye Local School District, 3044 Columbia Road Medina, Ohio 44256.

*Reconciliation of the Statement of Revenues, Expenditures and Changes  
in Fund Balances of Governmental Funds to the Statement of Activities  
For the Fiscal Year Ended June 30, 2023*

<b>Net Change in Fund Balances - Total Governmental Funds</b>	\$	6,715,410
<i>Amounts reported for governmental activities in the statement of activities are different because:</i>		
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense.		
Capital Asset Additions	\$ 151,536	
Current Year Depreciation	<u>(901,228)</u>	(749,692)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.		
Intergovernmental	(28,500)	
Accounts Receivable	(185,850)	
Delinquent Property Taxes	969,340	
County Sales Tax	48,273	
Other	<u>(63,275)</u>	739,988
Repayment of principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.		
General Obligation Bonds	1,475,000	
Certificates of Participation	<u>310,000</u>	1,785,000
Contractually required pension/OPEB contributions are reported as expenditures in governmental funds; however, the statement of net position reports these amounts as deferred outflows.		
Pension	2,157,000	
OPEB	<u>56,191</u>	2,213,191
Except for amount reported as deferred inflows/outflows, changes in the net pension liability and OPEB asset/liability are reported as pension/OPEB expense in the statement of activities.		
Pension	(2,785,360)	
OPEB	<u>501,665</u>	(2,283,695)
Some expenses reported in the statement of activities, do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.		
Compensated Absences		<u>(99,572)</u>
<i>Change in Net Position of Governmental Activities</i>	\$	<u><u>8,320,630</u></u>

**NOTE 1 - DESCRIPTION OF THE SCHOOL DISTRICT**

The Buckeye Local School District (the "School District") is a body politic and corporate established for the purpose of exercising the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The School District operates under an elected Board of Education consisting of five members and is responsible for providing public education to residents of the School District.

***Reporting Entity***

A reporting entity is comprised of the primary government, component units and other organizations that are included to ensure that financial statements of the School District are not misleading. The primary government of the School District consists of all funds, departments, boards and agencies that are not legally separate from the School District. For Buckeye Local School District, this includes general operations, food service and student related activities of the School District.

Component units are legally separate organizations for which the School District is financially accountable. The School District is financially accountable for an organization if the School District appoints a voting majority of the organization's governing board and (1) the School District is able to significantly influence the programs or services performed or provided by the organization; or (2) the School District is legally entitled to or can otherwise access the organization's resources; the School District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the School District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the School District in that the School District approves their budget, the issuance of their debt or the levying of their taxes. The School District has no component units.

***Jointly Governed Organizations***

***Northeast Ohio Network for Educational Technology (NEOnet)*** - The Northeast Ohio Network for Educational Technology (NEOnet) is a jointly governed organization among 144 educational entities (public, private, community and career centers) and municipalities. The jointly governed organization was formed for the purpose of applying modern technology with the aid of computers and other electronic equipment to administrative and instructional functions among member districts. Each of these entities supports NEOnet based upon a per pupil charge dependent upon the software package utilized. The NEOnet assembly consists of a superintendent or designated representative from each participating school district and a representative from the fiscal agent. NEOnet is governed by a Board of Directors chosen from the general membership of the NEOnet Assembly. The Board of Directors consists of a representative from the fiscal agent, the chairman of each of the operating committees, and at least three at-large Assembly members. Financial information can be obtained by contacting the Fiscal Officer at 700 Graham Road, Cuyahoga Falls, OH 44221.

**Buckeye Local School District**  
**Medina County, Ohio**

*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2023*

---

***Ohio Schools' Council (OSC)*** - The Ohio Schools' Council (OSC) is a jointly governed organization comprised of 240 school districts, private schools and other organizations. The jointly governed organization was formed for the purpose of promoting cooperative agreements and activities among its members in dealing with problems of mutual concern such as a media center services, gas consumption, food service, and insurance. Each member provides operating resources to OSC via an annual membership fee, monthly administrative fee and an actual usage charge, except for insurance.

The OSC assembly consists of a superintendent or designated representative from each participating school district and the fiscal agent. OSC is governed by a Board of Directors chosen from the general membership. The degree of control exercised by any participating school district is limited to its representation on the Board. Financial information can be obtained by contacting the Treasurer at the Ohio Schools' Council at 6393 Oaktree Boulevard Suite 377, Independence, Ohio 44131.

***Medina County Career Center*** - The Medina County Career Center is a distinct political subdivision of the State of Ohio operated under the direction of a Board, consisting of one representative from each participating school district's elected board, which possesses its own budgeting and taxing authority. Accordingly, the Medina County Career Center is not part of the School District and its operations are not included as part of the reporting entity. The Career Center provides vocational programs for School District high school students. Financial information can be obtained by contacting the Treasurer at the Medina County Career Center, 1101 West Liberty Street, Medina, Ohio 44256.

***Risk Sharing Pool***

During the fiscal year the School District participated in the Ohio School Plan (OSP), administered by Hylant Administrative Services organization for comprehensive general liability, property, fleet, cyber protection, pollution, and violence insurance coverage. OSP is a risk sharing pool with over 300 members and is a 100 percent member-owned, non-profit insurance risk pool owned and governed by the school district members. OSP is governed by a Board of Directors comprised of representatives of school districts that participate in the program and receives the following professional endorsements: Ohio School Boards Association, Ohio Association of School Business Officials, and the Buckeye Association of School Administrators.

OSP has agreements with several separate organizations whereby each provides certain administrative, executive, accounting, marketing, underwriting, claim settlement, legal counsel and other services to OSP and its members. Pursuant to participation agreements with OSP, each member school district agrees to pay all funding rates associated with the coverage elected. To obtain a copy of the OSP financial statements please visit their website at [www.ohioschoolplan.org](http://www.ohioschoolplan.org).

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the School District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to local governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

The most significant of the School District's accounting policies are described below.

*For the Fiscal Year Ended June 30, 2023*

---

***Basis of Presentation***

The School District's basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

***Government-wide Financial Statements*** The statement of net position and the statement of activities display information about the School District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The internal activities within “activity” types are eliminated to avoid “doubling up” revenues and expenses.

The statement of net position presents the financial condition of the governmental activities of the School District at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the School District's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the School District, with certain limitations. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the School District.

***Fund Financial Statements*** During the year, the School District segregates transactions related to certain School District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the School District at this more detailed level. The focus of governmental financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

***Fund Accounting***

The School District uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self balancing set of accounts. There are two categories of funds: governmental and fiduciary.

***Governmental Funds*** Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and deferred outflows of resources and liabilities and deferred inflows of resources is reported as fund balance. The following are the School District's major governmental funds:

***General Fund*** The general fund accounts for all financial resources except those required to be accounted for in another fund. The general fund balance is available to the School District for any purpose provided it is expended or transferred according to the general laws of Ohio.

**Buckeye Local School District**  
**Medina County, Ohio**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2023*

---

***Debt Service Fund*** The debt service fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs.

The other governmental funds of the School District account for grants and other resources to which the School District is bound to observe constraints imposed upon the use of the resources.

***Fiduciary Funds*** Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private purpose trust funds and custodial funds. Trust funds are distinguished from custodial funds by the existence of a trust agreement or equivalent arrangements that has certain characteristics. Custodial funds are used to report fiduciary activities that are not required to be reported in a trust fund.

***Measurement Focus***

***Government-wide Financial Statements*** The government-wide financial statements are prepared using the economic resources measurement focus. All nonfiduciary assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of the School District are included on the statement of net position.

***Fund Financial Statements*** All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and deferred outflows of resources and current liabilities and deferred inflows of resources generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include reconciliations with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Like the government-wide statements, fiduciary funds are accounted for on a flow of economic resources measurement focus. In fiduciary funds, a liability to the beneficiaries of fiduciary activity is recognized when an event has occurred that compels the government to disburse fiduciary resources. Fiduciary fund liabilities other than those to beneficiaries are recognized using the economic resources measurement focus.

***Basis of Accounting***

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Proprietary and fiduciary funds also use the accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred outflows/inflows of resources, and in the presentation of expenses versus expenditures.

**Buckeye Local School District**  
**Medina County, Ohio**

*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2023*

---

**Revenues – Exchange and Non-Exchange Transactions** Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the School District, available means expected to be received within 30 days of year-end.

Non-exchange transactions, in which the School District receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied (See Note 6). Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the School District must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the School District on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: property tax advances, grants, fees and other reimbursements.

**Deferred Outflows/Inflows of Resources** In addition to assets, the statements of financial position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net assets that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. For the School District, deferred outflows of resources are reported on the government-wide statement of net position for pension and OPEB. The deferred outflows of resources related to pension and OPEB plans are explained in Notes 10 and 11.

In addition to liabilities, the statements of financial position report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net assets that applies to a future period and will not be recognized until that time. For the School District, deferred inflows of resources include property taxes, pension, OPEB and unavailable revenue. Property taxes represent amounts for which there is an enforceable legal claim as of June 30, 2023, but which were levied to finance fiscal year 2024 operations. These amounts have been recorded as a deferred inflow on both the government-wide statement of net position and governmental fund financial statements. Unavailable revenue is reported only on the governmental funds balance sheet, and represents receivables which will not be collected within the available period. For the School District, unavailable revenue may include delinquent property taxes, grants and entitlements and miscellaneous revenues. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available. The details of these unavailable revenues are identified on the Reconciliation of Total Governmental Fund Balances to Net Position of Governmental Activities. Deferred inflows of resources related to pension and OPEB plans are reported on the government-wide statement of net position. See Notes 10 and 11.

**Expenses/Expenditures** On the accrual basis of accounting, expenses are recognized at the time they are incurred. The entitlement value of donated commodities used during the year is reported in the operating statement as an expense with a like amount reported as intergovernmental revenue.

**Buckeye Local School District**  
**Medina County, Ohio**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2023*

---

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

***Budgetary Data***

All funds, other than custodial funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the appropriation resolution and the certificate of estimated resources, which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amounts that the Board of Education may appropriate. The appropriation resolution is the Board's authorization to spend resources and sets annual limits on expenditures plus encumbrances at a level of control selected by the Board. The legal level of control has been established by the Board of Education at the fund level. Although the legal level of budgetary control was established at the fund level of expenditures, the School District has elected to present budgetary statement comparisons at the fund and function level of expenditures. The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the School District Treasurer. The amounts reported as the original revenue budgeted amounts in the budgetary statement reflect the amounts in the certificate when the original appropriations were adopted. The amounts reported as the final revenue budgeted amounts in the budgetary statement reflect the amounts in the final amended certificate issued during fiscal year 2023.

The appropriation resolution is subject to amendment by the Board throughout the year with the restriction that appropriations may not exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation for that fund that covered the entire fiscal year, including amounts automatically carried over from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Board during the year.

***Cash and Investments***

To improve cash management, all cash received by the School District is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through School District records. Interest in the pool is presented as "equity in pooled cash and investments" on the basic financial statements.

During fiscal year 2023, investments were limited to STAR Ohio, Federal Securities, First American Government Obligations Money Market, U.S. Treasury Notes and negotiable certificates of deposit.

STAR Ohio (the State Treasury Asset Reserve of Ohio), is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but has adopted Governmental Accounting Standards Board (GASB), Statement No. 79, *Certain External Investment Pools and Pool Participants*. The School District measures their investment in STAR Ohio at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides an NAV per share that approximates fair value.

**Buckeye Local School District**  
**Medina County, Ohio**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2023*

---

For the fiscal year, there were no limitations or restrictions on any participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates. However, 24 hours advance notice for deposits and withdrawals of \$100 million or more is encouraged. STAR Ohio reserves the right to limit the transaction to \$250 million, requiring the excess amount to be transacted the following business day(s), but only to the \$250 million limit. All accounts of the participant will be combined for these purposes.

Nonparticipating investment contracts such as repurchase agreements and nonnegotiable certificates of deposit are reported at cost.

Investments of the cash management pool and investments with a maturity of three months or less at the time they are purchased by the School District are presented on the financial statements as “equity in pooled cash and investments.” Investments with an original maturity of more than three months that are not made from the pool are reported as “investments.”

Following Ohio statutes, the Board of Education has, by resolution, specified the funds to receive an allocation of interest earnings. Interest in the general fund amounted to \$263,052, which includes a \$51,414 assigned from other School District funds.

***Prepaid Items***

Payments made to vendors for services that will benefit periods beyond June 30, 2023 are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of purchase and an expenditure/expense is reported in the year in which services are consumed. The School District had no prepaids in fiscal year 2023.

***Capital Assets***

All capital assets of the School District are classified as general capital assets. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide Statement of Net position but are not reported in the fund financial statements.

All capital assets are capitalized at cost (or estimated historical cost) and are updated for additions and retirements during the year. Donated capital assets are recorded at acquisition value. The School District maintains a capitalization threshold of \$5,000. The School District does not possess any infrastructure. Improvements are capitalized; the cost of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset’s life are not.

All reported capital assets except land and construction in progress are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

**Buckeye Local School District**  
**Medina County, Ohio**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2023*

Description	Governmental Activities Estimated Lives
Land	N/A
Land Improvements	10 - 20 Years
Buildings and Improvements	10 - 50 Years
Furniture and Equipment	5 - 20 Years
Vehicles	5 - 20 Years

***Interfund Balances***

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund receivables/payables." These amounts are eliminated in the governmental activities column of the statement of net position.

***Compensated Absences***

Compensated absences are absences for which employees will be paid, such as vacation or sick leave. A liability for compensated absences that are attributable to services already rendered and that are not contingent on a specific event that is outside the control of the School District and its employees, is accrued as employees earn the rights to the benefits. Compensated absences that relate to future services or that are contingent on a specific event that is outside the control of the School District and its employees are accounted for in the period in which such services are rendered or such events take place.

Sick leave benefits are accrued as a liability using the termination method. An accrual for earned sick leave is made to the extent that it is probable that benefits will result in termination payments. The liability is an estimate based on the School District's past experience of making termination payments.

The entire compensated absence liability is reported on the government-wide financial statements. In governmental funds, the liability for unpaid compensated absences is the unused reimbursable leave still outstanding following an employee's resignation or retirement.

In governmental funds, the liability for unpaid compensated absences is the unused reimbursable leave still outstanding following an employee's resignation or retirement. These amounts are recorded in the account "matured compensated absences payable" in the fund from which the employees who have accumulated leave are paid.

***Pensions and Other Postemployment Benefits (OPEB)***

For purposes of measuring the net pension/OPEB asset/liability, deferred outflows of resources and deferred inflows of resources related to pension/OPEB, and pension/OPEB expense; information about the fiduciary net position of the pension/OPEB plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the respective retirement plans. For this purpose, benefit payments (including refunds of member contributions) are recognized when due and payable in accordance with the benefit terms. The retirement plans report investments at fair value.

**Buckeye Local School District**  
**Medina County, Ohio**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2023*

---

***Accrued Liabilities and Long-term Obligations***

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, claims and judgments and compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current fiscal year. Net pension/OPEB liability should be recognized in the governmental funds to the extent that benefit payments are due and payable and the pension/OPEB plan's fiduciary net position is not sufficient for payment of those benefits.

***Net Position***

Net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction or improvement of those assets or related debt also should be included in this component of net position. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the School District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. The amount restricted for other purposes represents amounts restricted for food service. At June 30, 2023, there was no net position restricted by enabling legislation.

The School District applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

***Fund Balance***

In accordance with Governmental Accounting Standards Board Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, the School District classifies its fund balance based on the purpose for which the resources were received and the level of constraint placed on the resources. The classifications are as follows:

*Nonspendable* – The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of loans receivable, as well as property acquired for resale, unless the use of the proceeds from the collection of those receivables or from the sale of those properties is restricted, committed or assigned in the General Fund.

*Restricted* – Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors or laws or regulations of other governments or is imposed by law through constitutional provisions.

**Buckeye Local School District**  
**Medina County, Ohio**

*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2023*

---

*Committed* – The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the School District Board of Education. Those committed amounts cannot be used for any other purpose unless the School District Board of Education removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

*Assigned* – Amounts in the assigned fund balance classification are intended to be used by the School District for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the general fund, assigned amounts represent intended uses established by policies of the School District Board of Education. The School District Board of Education has, by resolution, authorized the Treasurer to assign fund balance. The School District Board of Education may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year’s appropriated budget.

*Unassigned* – Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed or assigned.

The School District applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

***Interfund Activity***

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

***Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

**Buckeye Local School District**  
**Medina County, Ohio**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2023*

---

***Implementation of New Accounting Principles***

For the fiscal year ended June 30, 2023, the School District has implemented GASB Statement No. 91, *Conduit Debt Obligations*, GASB Statement No. 93, paragraphs 13 and 14, *Replacement of Interbank Offered Rates*, GASB Statement No. 94, *Public-Private and Public-Public Partnerships and Available Payment Arrangements*, GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*, and certain provisions of GASB Statement No. 99, *Omnibus 2022*.

GASB Statement No. 91 provides a single method of reporting conduit debt obligations by issuers and eliminates diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. The implementation of GASB Statement No. 91 did not have an effect on the financial statements of the School District.

GASB Statement No. 93, paragraphs 13 and 14, provide an exception to the lease modifications guidance in GASB Statement No. 87, as amended, for certain lease contracts that are amended solely to replace an IBOR as the rate upon which variable payments depend. The implementation of GASB Statement No. 93 paragraphs 13 and 14, did not have an effect on the financial statements of the School District.

GASB Statement No. 94 improves financial reporting by establishing the definitions of public-private and public-public partnership arrangements and availability payment arrangements as well as provides uniform guidance on accounting and financial reporting for transactions that meet the definitions. The implementation of GASB Statement No. 94 did not have an effect on the financial statements of the School District.

GASB Statement No. 96 improves financial reporting by establishing a definition for subscription-based information technology arrangements (SBITAs) and providing uniform guidance for accounting and financial reporting for transactions that meet that definition. The statement also enhances the relevance and reliability of the financial statements by requiring a government to report a subscription asset and subscription liability for a SBITA and discloses essential information about the arrangement. The note disclosures also allow the users to understand the scale and important aspects of the SBITA activities and evaluate the obligations and assets resulting from the SBITAs. The implementation of GASB Statement No. 96 did not have an effect on the financial statements of the School District.

GASB Statement No. 99 enhances comparability in accounting and financial reporting and improves the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees. The implementation of certain provisions of GASB Statement No. 99 that relate to extension of LIBOR, accounting for SNAP distributions, disclosures of nonmonetary transactions, and pledges of future revenues by pledging governments, did not have an effect on the financial statements of the School District.

**Buckeye Local School District**  
**Medina County, Ohio**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2023*

**NOTE 3 – FUND BALANCE**

Fund balance can be classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the School District is bound to observe constraints imposed upon the use of the resources in governmental funds.

The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented as follows:

	General	Debt Service	Other Governmental Funds	Total
Nonspendable for:				
Unclaimed Monies	\$ 23,277	\$ -	\$ -	\$ 23,277
Total Nonspendable	23,277	-	-	23,277
Restricted for:				
Capital Outlay	-	-	3,129,091	3,129,091
Debt Service	-	2,670,944	-	2,670,944
Food Service	-	-	694,664	694,664
Special Trust	-	-	33,066	33,066
Scholarships	-	-	37,793	37,793
Student Activities	-	-	115,462	115,462
Athletics	-	-	2,615	2,615
State Funded Programs	-	-	23,927	23,927
Other Purposes	-	-	47,216	47,216
Total Restricted	-	2,670,944	4,083,834	6,754,778
Committed for:				
Other Purposes	11,000	-	-	11,000
Total Committed	11,000	-	-	11,000
Assigned for:				
Instruction	20	-	-	20
Support Services	6,772	-	-	6,772
Student and Staff Support	122,623	-	-	122,623
Preschool Program	230,255	-	-	230,255
Other Purposes	192,305	-	-	192,305
Total Assigned	551,975	-	-	551,975
Unassigned	27,756,389	-	(158,020)	27,598,369
Total Fund Balance	\$ 28,342,641	\$ 2,670,944	\$ 3,925,814	\$ 34,939,399

**Buckeye Local School District**  
**Medina County, Ohio**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2023*

Unassigned fund balance included the following individual fund deficits:

<i><b>Non-Major Governmental Funds</b></i>	<b>Deficit</b>
Elementary & Secondary School Emergency Relief	\$ 64,903
Title VI-B	68,031
Title I	25,086
Total	<b>\$ 158,020</b>

The deficits in these nonmajor governmental funds resulted from adjustments for accrued liabilities. The general fund is liable for any deficit in these funds and will provide transfers when cash is required, not when accruals occur.

**NOTE 4 – BUDGETARY BASIS OF ACCOUNTING**

While the School District is reporting financial position, results of operations and changes in fund balance on the basis of accounting principles generally accepted in the United States of America (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The Statement of Revenues, Expenditures and Changes in Fund Balance - Budget (Non-GAAP Basis) and Actual, is presented for the general fund on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and GAAP basis are that:

1. Revenues are recorded when received in cash (budget) as opposed to when susceptible to accrual (GAAP).
2. Expenditures/expenses are recorded when paid in cash (budget) as opposed to when the liability is incurred (GAAP).
3. Encumbrances are treated as expenditures (budget) rather than as an assignment or commitment of fund balance (GAAP).
4. Some funds are included in the general fund (GAAP), but have separate legally adopted budgets (budget).

The following table summarizes the adjustments necessary to reconcile the GAAP basis statement to the budgetary basis statement for the general fund.

**Buckeye Local School District**  
**Medina County, Ohio**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2023*

---

**Net Change in Fund Balance**

	General Fund
GAAP Basis	\$ 5,693,865
Net Adjustment for Revenue Accruals	(1,448,461)
Net Adjustment for Expenditure Accruals	113,869
Funds Budgeted Elsewhere **	7,936
Encumbrances	(14,076)
Budget Basis	\$ 4,353,133

\*\* As part of Governmental Accounting Standards Board Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, certain funds that are legally budgeted in separate special revenue funds are considered part of the general fund on a GAAP basis. This includes the public school support fund, the uniform school supplies fund, the creative tax abatement fund, underground storage fund and the miscellaneous activities fund.

**NOTE 5 – DEPOSITS AND INVESTMENTS**

State statutes classify monies held by the School District into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the School District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board of Education has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts.

Protection of the School District's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, or by the financial institutions participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution.

Interim monies to be deposited or invested in the following securities:

**Buckeye Local School District**  
**Medina County, Ohio**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2023*

---

1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the fair value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio; and with certain limitations including a requirement for maturity within ten years from the date of settlement, bonds and other obligations of political subdivisions of the State of Ohio, if training requirements have been met;
5. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) of this section and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
6. The State Treasurer's investment pool (STAR Ohio);
7. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts.
8. Certain banker's acceptance for a period not to exceed 180 days and commercial paper notes for a period not to exceed 270 days from the purchase date and in an amount not to exceed 40 percent of the interim monies available for investment at any one time.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. Except as noted above, an investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the School District, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

**Buckeye Local School District**  
**Medina County, Ohio**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2023*

**Deposits** – The carrying amount of all deposits was \$19,572,254. At fiscal year-end, \$19,512,285 of the School District’s bank balance of \$19,762,285 was exposed to custodial credit risk. Although the securities were held by the pledging financial institutions’ trust department in the School District’s name and all statutory requirements for the investment of money had been followed, noncompliance with Federal requirements could potentially subject the School District to a successful claim by the FDIC.

**Custodial Credit Risk** Custodial credit risk for deposits is the risk that in the event of a bank failure, the School District will not be able to recover deposits or collateral securities that are in possession of an outside party.

The School District has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits either be insured or protected by:

- Eligible securities pledged to the School District and deposited with a qualified trustee by the financial institution as security for repayment whose fair value at all times shall be at least 105 percent of the deposits being secured; or
- Participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution. OPCS required the total fair value of the securities pledged to be 102 percent of the deposits being secured or a rate set by the Treasurer of State.

For 2023, The School District’s financial institution was approved for a reduced collateral rate of 50 percent through the OPCS.

**Investments:** As of June 30, 2023, the School District had the following investments:

Rating	Investment	Measurement Amount	Level	Investment Maturities in Months			% Total
				0 - 12	13 - 36	Over 36	
Amortized Cost:							
AAAm	STAR Ohio	\$ 6,587,600	N/A	\$ 6,587,600	\$ -	\$ -	42.2%
AAAm	First American Government Obligations Money Market	47,709	N/A	47,709	-	-	0.3%
Fair Value:

\*\*\* Fully insured under FDIC

The School District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets. Level 2 inputs are significant other observable inputs. Level 3 inputs are significant unobservable inputs. The

**Buckeye Local School District**  
**Medina County, Ohio**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2023*

---

above table identifies the School District's recurring fair value measurements as of June 30, 2023. The School District's investments measured at fair value are valued using methodologies that incorporate market inputs such as benchmark yields, reported trades, broker/dealer quotes, issuer spreads, two-sided markets, benchmark securities, bids, offers, and reference data including market research publications. Market indicators and industry and economic events are also monitored which could require the need to acquire further market data (Level 2 inputs).

**Interest Rate Risk:** The Ohio Revised Code generally limits security purchases to those that mature within five years of the settlement date. The School District's investment policy manages its exposure to fair value losses arising from increasing interest rates by limiting the modified duration of its investment portfolio.

**Credit Risk:** The School District's investments are rated by S&P Global Ratings. US Treasury Notes are exempt from ratings since they are explicitly guaranteed by a U.S. Government Agency. The School District's policy on Credit Risk allows only for those investments as stated within the Ohio Revised Code.

STAR Ohio is an investment pool operated by the Ohio State Treasurer. It is unclassified since it is not evidenced by securities that exist in physical or book entry form. Ohio law requires STAR Ohio maintain the highest rating provided by at least one nationally recognized standard rating service. The weighted average of maturity of the portfolio held by STAR Ohio as of June 30, 2023, is 39 days.

**Concentration of Credit Risk:** The School District places no limit on the amount the School District may invest in any one issuer.

**NOTE 6 – PROPERTY TAXES**

Property taxes are levied and assessed on a calendar year basis while the School District fiscal year runs from July through June. First half tax collections are received by the School District in the second half of the fiscal year. Second half tax distributions occur in the first half of the following fiscal year.

Property taxes include amounts levied against all real and public utility property located in the School District. Real property tax revenue received in calendar 2023 represents collections of calendar year 2022 taxes. Real property taxes received in calendar year 2023 were levied after April 1, 2022, on the assessed value listed as of January 1, 2022, the lien date. Assessed values for real property taxes are established by State law at 35 percent of appraised market value. Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31 with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility property tax revenue received in calendar 2023 represents collections of calendar year 2022 taxes. Public utility real and tangible personal property taxes received in calendar year 2023 became a lien December 31, 2021, were levied after April 1, 2022 and are collected with real property taxes. Public utility real property is assessed at 35 percent of true value; public utility tangible personal property currently is assessed at varying percentages of true value.

**Buckeye Local School District**  
**Medina County, Ohio**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2023*

The School District receives property taxes from Medina County. The County Auditor periodically advances to the School District its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2023, are available to finance fiscal year 2023 operations. The amount available to be advanced can vary based on the date the tax bills are sent.

Accrued property taxes receivable includes real property, public utility property and delinquent tangible personal property taxes which are measurable as of June 30, 2023, and for which there is an enforceable legal claim. Although total property tax collections for the next fiscal year are measurable, only the amount of real property taxes available as an advance at June 30 was levied to finance current fiscal year operations and is reported as revenue at fiscal year-end. The portion of the receivable not levied to finance current fiscal year operations is offset by a credit to deferred inflows of resources.

On the accrual basis of accounting, collectible delinquent property taxes have been recorded as a receivable and revenue, while on a modified accrual basis of accounting the revenue has been reported as a deferred inflow of resources.

The assessed values upon which the fiscal year 2023 taxes were collected are:

	2022 Second Half Collections		2023 First Half Collections	
	Amount	Percent	Amount	Percent
Real Estate	\$ 576,892,760	91.37%	\$ 724,382,600	90.47%
Public Utility Personal Property	54,504,730	8.63%	76,313,190	9.53%
	\$ 631,397,490	100.00%	\$ 800,695,790	100.00%
Tax rate per \$1,000 assessed valuation	\$ 63.20		\$ 61.50	

**NOTE 7 - RECEIVABLES**

Receivables at June 30, 2023, consisted of taxes, interfund and intergovernmental. All receivables are considered collectible in full due to the ability to foreclose for the nonpayment of taxes, the stable condition of State programs, and the current year guarantee of federal funds.

During 2007, the voters of Medina County passed a one-half percent sales tax to be used for capital improvements at all school districts within Medina County. Collection began in October 2007 for a period of 30 years. Vendor collections of the tax are paid to the State Treasurer by the twenty-third day of the month following collection. Sales tax is distributed to the school districts of Medina County based on what is essentially a per pupil distribution formula. A receivable is recognized at year end for an estimated amount to be received based on calendar year 2023 County appropriations yet to be received as of June 30, 2023.

**Buckeye Local School District**  
**Medina County, Ohio**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2023*

**NOTE 8 – INTERFUND ACTIVITY**

***Transfers***

During the year, the general fund transferred \$233,705 to the athletics fund to cover deficits in the fund.

***Interfund Loans***

Interfund loans receivable/payable consisted of \$2,548 from the general fund to other nonmajor governmental funds to cover expenditures until expected revenues were received. All interfund loans will be repaid in fiscal year 2024 with monies to be received from reimbursable expenditures incurred during fiscal year 2023. Interfund balances between governmental funds are eliminated on the government-wide statement of net position.

**NOTE 9 – CAPITAL ASSETS**

Capital asset activity for the fiscal year ended June 30, 2023, was as follows:

	Balance 7/1/2022	Additions	Reductions	Balance 6/30/2023
<b>Governmental Activities</b>				
<i>Capital Assets, not being depreciated:</i>				
Land	\$ 752,162	\$ -	\$ -	\$ 752,162

Administration	63,086
Fiscal	9,012
Operation and Maintenance of Plant	54,074
Pupil Transportation	99,135
Food Service Operations	54,074
Extracurricular Activities	9,012
Total Depreciation	\$ 901,228

**NOTE 10 - DEFINED BENEFIT PENSION PLANS**

The Statewide retirement systems provide both pension benefits and other postemployment benefits (OPEB).

***Net Pension Liability/Net OPEB Liability (Asset)***

Pensions and OPEB are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions/OPEB are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period.

The net pension/OPEB liability (asset) represents the School District’s proportionate share of each pension/OPEB plan’s collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan’s fiduciary net position. The net pension/OPEB liability (asset) calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

Ohio Revised Code limits the School District’s obligation for this liability to annually required payments. The School District cannot control benefit terms or the manner in which pensions/OPEB are financed; however, the School District does receive the benefit of employees’ services in exchange for compensation including pension and OPEB.

**Buckeye Local School District**  
**Medina County, Ohio**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2023*

GASB 68/75 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires funding to come from these employers. All pension contributions to date have come solely from these employers (which also includes pension costs paid in the form of withholdings from employees). The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits. In addition, health care plan enrollees pay a portion of the health care costs in the form of a monthly premium. State statute requires the retirement systems to amortize unfunded pension liabilities within 30 years. If the pension amortization period exceeds 30 years, each retirement system’s board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension/OPEB liability (asset). Resulting adjustments to the net pension/OPEB liability (asset) would be effective when the changes are legally enforceable. The Ohio revised Code permits, but does not require the retirement systems to provide healthcare to eligible benefit recipients.

The proportionate share of each plan’s unfunded benefits is presented as a long-term *net pension/OPEB liability (asset)* on the accrual basis of accounting. Any liability for the contractually-required pension contribution outstanding at the end of the year is included in *intergovernmental payable* on both the accrual and modified accrual bases of accounting.

The remainder of this note includes the required pension disclosures. See Note 11 for the required OPEB disclosures.

***Plan Description - School Employees Retirement System (SERS)***

Plan Description – School District non-teaching employees participate in SERS, a statewide, cost-sharing multiple-employer defined benefit pension plan administered by SERS. SERS provides retirement, disability and survivor benefits, to plan members and beneficiaries. Authority to establish and amend benefits is provided by Ohio Revised Code Chapter 3309. SERS issues a publicly available, stand-alone financial report that includes financial statements, required supplementary information and detailed information about SERS’ fiduciary net position. That report can be obtained by visiting the SERS website at [www.ohsers.org](http://www.ohsers.org) under Employers/Audit Resources.

Age and service requirements for retirement are as follows:

	Eligible to Retire on or before August 1, 2017 *	Eligible to Retire after August 1, 2017
Full Benefits	Any age with 30 years of service credit	Age 67 with 10 years of service credit; or Age 57 with 30 years of service credit
Actuarially Reduced Benefits	Age 60 with 5 years of service credit Age 55 with 25 years of service credit	Age 62 with 10 years of service credit; or Age 60 with 25 years of service credit

\* Members with 25 years of service credit as of August 1, 2017, may be included in this plan.

Annual retirement benefits are calculated based on final average salary multiplied by a percentage that varies based on year of service; 2.2 percent for the first 30 years of service and 2.5 percent for years of service credit over 30. Final average salary is the average of the highest three years of salary.

**Buckeye Local School District**  
**Medina County, Ohio**

*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2023*

---

An individual whose benefit effective date is before April 1, 2018, is eligible for a cost of living adjustment (COLA) on the first anniversary date of the benefit. New benefit recipients must wait until the fourth anniversary of their benefit for COLA eligibility. The COLA is added each year to the base benefit amount on the anniversary date of the benefit. The COLA is indexed to the percentage increase in the CPI-W, not to exceed 2.5 percent and with a floor of 0 percent. A three-year COLA suspension was in effect for all benefit recipients for the years 2018, 2019, and 2020. The Retirement Board approved a 2.5 percent COLA for calendar year 2023.

Funding Policy – Plan members are required to contribute 10 percent of their annual covered salary and the School District is required to contribute 14 percent of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to statutory maximum amounts of 10 percent for plan members and 14 percent for employers. The Retirement Board, acting with the advice of the actuary, allocates the employer contribution rate among four of the System's funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund). For the fiscal year ended June 30, 2023, the allocation to pension, death benefits, and Medicare B was 14.0 percent. For fiscal year 2023, the Retirement Board did not allocate any employer contribution to the Health Care Fund.

The School District's contractually required contribution to SERS was \$414,219 for fiscal year 2023. Of this amount, \$38,118 is reported as an intergovernmental payable.

***Plan Description - State Teachers Retirement System (STRS)***

Plan Description – School District licensed teachers and other faculty members participate in STRS Ohio, a cost-sharing multiple employer public employee system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information, and detailed information about STRS' fiduciary net position. That report can be obtained by writing to STRS, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Web site at [www.strsoh.org](http://www.strsoh.org).

New members have a choice of three retirement plans; a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan, and a Combined Plan. Benefits are established by Ohio Revised Code Chapter 3307.

The DB Plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the calculation is 2.2 percent of final average salary for the five highest years of earnings multiplied by all years of service. Effective August 1, 2017 – July 1, 2019, any member could retire with reduced benefits who had (1) five years of service credit and age 60; (2) 27 years of service credit and age 55; or (3) 30 years of service credit regardless of age. Effective August 1, 2019 – July 1, 2021, any member may retire with reduced benefits who has (1) five years of service credit and age 60; (2) 28 years of service credit and age 55; or (3) 30 years of service credit regardless of age. Eligibility changes will continue to be phased in until August 1, 2023, when retirement eligibility for unreduced benefits will be five years of service credit and age 65, or 35 years of service credit and at least age 60.

**Buckeye Local School District**  
**Medina County, Ohio**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2023*

---

Eligibility changes for DB Plan members who retire with actuarially reduced benefits will be phased in until August 1, 2023, when retirement eligibility will be five years of qualifying service credit and age 60, or 30 years of service credit regardless of age.

The DC Plan allows members to place all their member contributions and 9.53 percent of the 14 percent employer contributions into an investment account. The member determines how to allocate the member and employer money among various investment choices offered by STRS. The remaining 4.47 percent of the 14 percent employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The Combined plan offers features of both the DB Plan and the DC Plan. In the Combined plan, 12 percent of the 14 percent member rate is deposited into the member's DC account and the remaining 2 percent is applied to the DB Plan. Member contributions to the DC Plan are allocated among investment choices by the member, and contributions to the DB Plan from the employer and the member are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The defined benefit portion of the Combined plan payment is payable to a member on or after age 60 with five years of service. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity at age 50 and after termination of employment.

New members who choose the DC Plan or Combined Plan will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's Combined Plan account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB 68 reporting purposes.

A DB or Combined Plan member with five or more years of credited service who is determined to be disabled may qualify for a disability benefit. New members on or after July 1, 2013, must have at least ten years of qualifying service credit to apply for disability benefits. Members in the DC plan who become disabled are entitled only to their account balance. Eligible survivors of members who die before service retirement may qualify for monthly benefits. If a member of the DC plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy – Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. The 2023 employer and employee contribution rate of 14 percent was equal to the statutory maximum rates. For 2023, the full employer contribution was allocated to pension.

The School District's contractually required contribution to STRS was \$1,742,781 for fiscal year 2023. Of this amount, \$301,379 is reported as an intergovernmental payable.

***Pension Liabilities, Pension Expense, and Deferred Outflows/Inflows of Resources Related to Pensions***

The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an independent actuarial valuation as of that date. The School District's proportion of the net pension liability was based on the employer's share of

**Buckeye Local School District**  
**Medina County, Ohio**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2023*

employer contributions in the pension plan relative to the total employer contributions of all participating employers. Following is information related to the proportionate share and pension expense:

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
Proportion of the Net Pension Liability:			
Current Measurement Date	0.0765074%	0.09346921%	
Prior Measurement Date	<u>0.0783308%</u>	<u>0.09401118%</u>	
Change in Proportionate Share	<u>-0.0018234%</u>	<u>-0.00054197%</u>	
Proportionate Share of the Net			
Pension Liability	\$ 4,138,115	\$ 20,778,324	\$ 24,916,439
Pension Expense	\$ 236,798	\$ 2,548,562	\$ 2,785,360

Other than contributions made subsequent to the measurement date and differences between projected and actual earnings on investments; deferred inflows/outflows of resources are recognized in pension expense beginning in the current period, using a straight line method over a closed period equal to the average of the expected remaining services lives of all employees that are provided with pensions, determined as of the beginning of the measurement period. Net deferred inflows/outflows of resources pertaining to the differences between projected and actual investment earnings are similarly recognized over a closed five year period.

At June 30, 2023, the School District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
<b>Deferred Outflows of Resources</b>			
Differences between Expected and Actual Experience	\$ 167,597	\$ 265,991	\$ 433,588
Net Difference between Projected and Actual Earnings on Pension Plan Investments	-	723,042	723,042
Changes of Assumptions	40,832	2,486,541	2,527,373
Changes in Proportion and Differences between School District Contributions and Proportionate Share of Contributions	36,899	238,213	275,112
School District Contributions Subsequent to the Measurement Date	<u>414,219</u>	<u>1,742,781</u>	<u>2,157,000</u>
<b>Total Deferred Outflows of Resources</b>	<u>\$ 659,547</u>	<u>\$ 5,456,568</u>	<u>\$ 6,116,115</u>
<b>Deferred Inflows of Resources</b>			
Differences between Expected and Actual Experience	\$ 27,165	\$ 79,484	\$ 106,649
Net Difference between Projected and Actual Earnings on Pension Plan Investments	144,398	-	144,398
Changes of Assumptions	-	1,871,650	1,871,650
Changes in Proportion and Differences between School District Contributions and Proportionate Share of Contributions	<u>70,457</u>	<u>189,460</u>	<u>259,917</u>
<b>Total Deferred Inflows of Resources</b>	<u>\$ 242,020</u>	<u>\$ 2,140,594</u>	<u>\$ 2,382,614</u>

**Buckeye Local School District**  
**Medina County, Ohio**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2023*

\$2,157,000 reported as deferred outflows of resources related to pension resulting from School District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the fiscal year ending June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

	SERS	STRS	Total
Fiscal Year Ending June 30:			
2024	\$ 18,247	\$ 121,174	\$ 139,421
2025	(48,632)	(83,304)	(131,936)
2026	(206,280)	(571,938)	(778,218)
2027	239,973	2,107,261	2,347,234
Total	\$ 3,308	\$ 1,573,193	\$ 1,576,501

***Actuarial Assumptions - SERS***

SERS' total pension liability was determined by their actuaries in accordance with GASB Statement No. 67, as part of their annual actuarial valuation for each defined benefit retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment termination). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation, prepared as of June 30, 2022 and June 30, 2021, are presented below:

Actuarial Cost Method	Entry Age Normal (Level Percent of Payroll)
Inflation	2.40 percent
Future Salary Increases, including inflation	3.25 percent to 13.58 percent
Investment Rate of Return	7.00 percent, net of investment expense, including inflation
COLA or Ad Hoc COLA	2.00 percent, on and after April 1, 2018, COLA's for future retirees will be delayed for three years following commencement

**Buckeye Local School District**  
**Medina County, Ohio**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2023*

Mortality rates were based on the PUB-2010 General Employee Amount Weight Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20 percent for males and set forward two years and adjusted 81.35 percent for females. Mortality among disabled members were based upon the PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward five years and adjusted 103.3 percent for males and set forward three years and adjusted 106.8 percent for females. Future improvement in mortality rates is reflected by applying the MP-2020 projection scale generationally.

The most recent experience study was completed for the five year period ended June 30, 2020.

The long-term return expectation for the investments has been determined by using a building-block approach and assumes a time horizon, as defined in SERS' *Statement of Investment Policy*. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating an arithmetic weighted average of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalancing uncorrelated asset classes.

The target asset allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Cash	2.00 %	(0.45) %
US Equity	24.75	5.37
Non-US Equity Developed	13.50	6.22
Non-US Equity Emerging	6.75	8.22
Fixed Income/Global Bonds	19.00	1.20
Private Equity	11.00	10.05
Real Estate/Real Assets	16.00	4.87
Multi-Asset Strategies	4.00	3.39
Private Debt/Private Credit	3.00	5.38
Total	<u>100.00 %</u>	

**Discount Rate** The total pension liability for 2022 was calculated using the discount rate of 7.00 percent. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.00 percent). Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

**Sensitivity of the School District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate** Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the School District's proportionate share of the net pension

**Buckeye Local School District**  
**Medina County, Ohio**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2023*

liability calculated using the discount rate of 7.00 percent, as well as what the School District's net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00 percent), or one percentage point higher (8.00 percent) than the current rate.

	1% Decrease	Current Discount Rate	1% Increase
School District's Proportionate Share of the Net Pension Liability	\$ 6,091,108	\$ 4,138,115	\$ 2,492,745

***Actuarial Assumptions - STRS***

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results used in the June 30, 2022, actuarial valuation, are presented below:

Inflation	2.50 percent
Salary Increases	
Current Measurement Period	Varies by service from 2.50 percent to 8.50 percent
Prior Measurement Period	Varies by age from 2.50 percent to 12.50 percent
Payroll Increases	3.00 percent
Investment Rate of Return	7.00 percent, net of investment expenses, including inflation
Discount Rate of Return	7.00 percent
Cost-of-Living Adjustments (COLA)	0.00 percent effective July 1, 2017

For 2022, post-retirement mortality rates for healthy retirees are based on the Pub-2010 Teachers Healthy Annuitant Mortality Table, adjusted 110 percent for males, projected forward generationally using mortality improvement scale MP-2020. Pre-retirement mortality rates are based on Pub-2010 Teachers Employee Table adjusted 95 percent for females, projected forward generationally using mortality improvement scale MP-2020. Post-retirement disabled mortality rates are based on Pub-2010 Teachers Disable Annuitant Table projected forward generationally using mortality improvement scale MP-2020.

For 2021, post-retirement mortality rates for healthy retirees are based on the RP-2014 Annuitant Mortality Table with 50 percent of rates through age 69, 70 percent of rates between ages 70 and 79, 90 percent of rates between ages 80 and 84, and 100 percent of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. Pre-retirement mortality rates are based on RP-2014 Employee Mortality Tables, projected forward generationally using mortality improvement scale MP-2016. Post-retirement disabled mortality rates are based on the RP-2014 Disabled Mortality Table with 90 percent of rates for males and 100 percent of rates for females, projected forward generationally using mortality improvement scale MP-2016.

Actuarial assumptions used in the June 30, 2022 valuation, were based on the results of the latest available actuarial experience study, which is for the period July 1, 2015, through June 30, 2021. An actuarial experience study is done on a quinquennial basis.

STRS' investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

**Buckeye Local School District**  
**Medina County, Ohio**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2023*

Asset Class	Target Allocation*	Long-Term Expected Rate of Return**
Domestic Equity	26.00 %	6.60 %
International Equity	22.00	6.80
Alternatives	19.00	7.38
Fixed Income	22.00	1.75
Real Estate	10.00	5.75
Liquidity Reserves	1.00	1.00
Total	100.00 %	

\*Target allocation percentage is effective as of July 1, 2022. Target weights were phased in over a 3-month period concluding on October 1, 2022.

\*\*10-Year annualized geometric nominal returns, which include the real rate of return and inflation of 2.25 percent and is net of investment expenses. Over a 30-year period, STRS investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

**Discount Rate.** The discount rate used to measure the total pension liability was 7.00 percent as of June 30, 2022. The projection of cash flows used to determine the discount rate assumes that member and employer contributions will be made at the statutory contribution rates in accordance with rate increases described above. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Based on those assumptions, STRS' fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2022. Therefore, the long-term expected rate of return on pension plan investments of 7.00 percent was applied to all periods of projected benefit payment to determine the total pension liability as of June 30, 2022.

**Sensitivity of the School District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate** The following table presents the School District's proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.00 percent, as well as what the School District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.00 percent) or one-percentage-point higher (8.00 percent) than the current rate:

	1% Decrease	Current Discount Rate	1% Increase
School District's Proportionate Share of the Net Pension Liability	\$ 31,388,482	\$ 20,778,324	\$ 11,805,414

**Changes between the Measurement Date and the Reporting Date** The discount rate was adjusted to 7.00 percent for the June 30, 2022 valuation. Demographic assumptions were changed based on the actuarial experience study for the period July 1, 2015 through June 30, 2021.

**Buckeye Local School District**  
**Medina County, Ohio**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2023*

---

**NOTE 11 - DEFINED BENEFIT OPEB PLANS**

See Note 10 for a description of the net OPEB liability (asset).

***Plan Description - School Employees Retirement System (SERS)***

Health Care Plan Description - The School District contributes to the SERS Health Care Fund, administered by SERS for non-certificated retirees and their beneficiaries. For GASB 75 purposes, this plan is considered a cost-sharing other postemployment benefit (OPEB) plan. SERS' Health Care Plan provides healthcare benefits to eligible individuals receiving retirement, disability, and survivor benefits, and to their eligible dependents. Members who retire after June 1, 1986, need 10 years of service credit, exclusive of most types of purchased credit, to qualify to participate in SERS' health care coverage. The following types of credit purchased after January 29, 1981 do not count toward health care coverage eligibility: military, federal, out-of-state, municipal, private school, exempted, and early retirement incentive credit. In addition to age and service retirees, disability benefit recipients and beneficiaries who are receiving monthly benefits due to the death of a member or retiree, are eligible for SERS' health care coverage. Most retirees and dependents choosing SERS' health care coverage are over the age of 65 and therefore enrolled in a fully insured Medicare Advantage plan; however, SERS maintains a traditional, self-insured preferred provider organization for its non-Medicare retiree population. For both groups, SERS offers a self-insured prescription drug program. Health care is a benefit that is permitted, not mandated, by statute. The financial report of the Plan is included in the SERS Annual Comprehensive Financial Report which can be obtained on SERS' website at [www.ohsers.org](http://www.ohsers.org) under Employers/Audit Resources.

Access to health care for retirees and beneficiaries is permitted in accordance with Section 3309 of the Ohio Revised Code. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). SERS' Retirement Board reserves the right to change or discontinue any health plan or program. Active employee members do not contribute to the Health Care Plan. The SERS Retirement Board established the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility, and retirement status.

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required pensions and benefits, the Retirement Board may allocate the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund in accordance with the funding policy. For fiscal year 2023, no allocation was made to health care. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated if less than a full year of service credit was earned. For fiscal year 2023, this amount was \$25,000. Statutes provide that no employer shall pay a health care surcharge greater than 2 percent of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5 percent of the total statewide SERS-covered payroll for the health care surcharge. For fiscal year 2023, the School District's surcharge obligation was \$56,191, which is reported as an intergovernmental payable. The surcharge, added to the allocated portion of the 14 percent employer contribution rate is the total amount assigned to the Health Care Fund. The School District's contractually required contribution to SERS was equal to its surcharge obligation for fiscal year 2023.

**Buckeye Local School District**  
**Medina County, Ohio**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2023*

***Plan Description - State Teachers Retirement System (STRS)***

Plan Description – The State Teachers Retirement System of Ohio (STRS) administers a cost-sharing Health Plan administered for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS. Ohio law authorizes STRS to offer this plan. Benefits include hospitalization, physicians’ fees, prescription drugs and partial reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS which can be obtained by visiting [www.strsoh.org](http://www.strsoh.org) or by calling (888) 227-7877.

Funding Policy – Ohio Revised Code Chapter 3307 authorizes STRS to offer the Plan and gives the Retirement Board discretionary authority over how much, if any, of the health care costs will be absorbed by STRS. Active employee members do not contribute to the Health Care Plan. Nearly all health care plan enrollees, for the most recent year, pay a portion of the health care costs in the form of a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions, currently 14 percent of covered payroll. For the fiscal year ended June 30, 2023, STRS did not allocate any employer contributions to post-employment health care.

***OPEB Liability (Asset), OPEB Expense, and Deferred Outflows/Inflows of Resources Related to OPEB***

The net OPEB liability (asset) was measured as of June 30, 2022, and the total OPEB liability used to calculate the net OPEB liability (asset) was determined by an actuarial valuation as of that date. The School District's proportion of the net OPEB liability (asset) was based on the School District's share of contributions to the respective retirement systems relative to the contributions of all participating entities. Following is information related to the proportionate share and OPEB expense:

	SERS	STRS	Total
Proportion of the Net OPEB Liability (Asset):			
Current Measurement Date	0.0784743%	0.09346921%	
Prior Measurement Date	0.0808761%	0.09401118%	
Change in Proportionate Share	<u>-0.0024018%</u>	<u>-0.00054197%</u>	
Proportionate Share of the Net			
OPEB Liability (Asset)	\$ 1,101,787	\$ (2,420,229)	
OPEB Expense	\$ (81,130)	\$ (420,535)	\$ (501,665)

Other than contributions made subsequent to the measurement date and differences between projected and actual earnings on investments; deferred inflows/outflows of resources are recognized in OPEB expense beginning in the current period, using a straight-line method over a closed period equal to the average of the expected remaining services lives of all employees that are provided with pensions, determined as of the beginning of the measurement period. Net deferred inflows/outflows of resources pertaining to the differences between projected and actual investment earnings are similarly recognized over a closed five-year period.

At June 30, 2023, the School District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

**Buckeye Local School District**  
**Medina County, Ohio**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2023*

	SERS	STRS	Total
<b>Deferred Outflows of Resources</b>			
Differences between Expected and Actual Experience	\$ 9,262	\$ 35,087	\$ 44,349
Net Difference between Projected and Actual Earnings on OPEB Plan Investments	5,726	42,132	47,858
Changes of Assumptions	175,253	103,093	278,346
Changes in Proportion and Differences between School District Contributions and Proportionate Share of Contributions	113,918	35,102	149,020
School District Contributions Subsequent to the Measurement Date	56,191	-	56,191
<b>Total Deferred Outflows of Resources</b>	<b>\$ 360,350</b>	<b>\$ 215,414</b>	<b>\$ 575,764</b>
<b>Deferred Inflows of Resources</b>			
Differences between Expected and Actual Experience	\$ 704,782	\$ 363,470	\$ 1,068,252
Changes of Assumptions	452,288	1,716,177	2,168,465
Changes in Proportion and Differences between School District Contributions and Proportionate Share of Contributions	120,597	27,394	147,991
<b>Total Deferred Inflows of Resources</b>	<b>\$ 1,277,667</b>	<b>\$ 2,107,041</b>	<b>\$ 3,384,708</b>

\$56,191 reported as deferred outflows of resources related to OPEB resulting from School District contributions subsequent to the measurement date will be recognized as a reduction/addition to the net OPEB liability/asset in the fiscal year ending June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

	SERS	STRS	Total
Fiscal Year Ending June 30:			
2024	\$ (227,460)	\$ (539,472)	\$ (766,932)
2025	(206,120)	(547,960)	(754,080)
2026	(178,236)	(268,588)	(446,824)
2027	(122,701)	(107,981)	(230,682)
2028	(87,974)	(141,277)	(229,251)
Thereafter	(151,017)	(286,349)	(437,366)
Total	<b>\$ (973,508)</b>	<b>\$ (1,891,627)</b>	<b>\$ (2,865,135)</b>

***Actuarial Assumptions - SERS***

The total OPEB liability is determined by SERS' actuaries in accordance with GASB Statement No. 74, as part of their annual actuarial valuation for each retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements,

**Buckeye Local School District**  
**Medina County, Ohio**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2023*

---

employment terminations). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases, actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total OPEB liability in the latest actuarial valuation date of June 30, 2022, are presented below:

Inflation	2.40 percent
Salary Increases, including inflation	3.25 percent to 13.58 percent
Investment Rate of Return	7.00 percent net of investment expense, including inflation
Fiduciary Net Position Depletion	Projected to be 2044
Municipal Bond Index Rate	
Measurement Date	3.69 percent
Prior Measurement Date	1.92 percent
Single Equivalent Interest Rate	
Measurement Date	4.08 percent, net of plan investment expense, including price inflation
Prior Measurement Date	2.27 percent, net of plan investment expense, including price inflation
Health Care Cost Trend Rate	
Medicare	5.125 percent - 4.40 percent
Pre-Medicare	6.750 percent - 4.40 percent
Medical Trend Assumption	7.00 percent - 4.40 percent

Mortality rates among healthy retirees were based on the PUB-2010 General Employee Amount Weighted Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20 percent for males and set forward 2 years and adjusted 81.35 percent for females. Mortality among disabled members were based upon the PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3 percent for males and set forward 3 years and adjusted 106.8 percent for females. Mortality rates for contingent survivors were based on PUB-2010 General Amount Weighted Below Median Contingent Survivor mortality table projected to 2017 with ages set forward 1 year and adjusted 105.5 percent for males and adjusted 122.5 percent for females. Mortality rates for actives is based on PUB-2010 General Amount Weighted Below Median Employee mortality table.

The most recent experience study was completed for the five year period ended June 30, 2020.

**Buckeye Local School District**  
**Medina County, Ohio**

*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2023*

The long-term expected rate of return on plan assets is reviewed as part of the actuarial five-year experience study. The most recent study covers fiscal years 2016 through 2020, and was adopted by the Board in 2021. Several factors are considered in evaluating the long-term rate of return assumption including long-term historical data, estimates inherent in current market data, and a long-normal distribution analysis in which best-estimate ranges of expected future real rates of return were developed by the investment consultant for each major asset class. These ranges were combined to produce the long-term expected rate of return, 7.00 percent, by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The capital market assumptions developed by the investment consultant are intended for use over a 10-year horizon and may not be useful in setting the long-term rate of return for funding pension plans which covers a longer timeframe. The assumption is intended to be a long-term assumption and is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years.

The target asset allocation and best estimates of arithmetic real rates of return for each major asset class, as used in the June 30, 2020 five-year experience study, are summarized as follows:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Cash	2.00 %	(0.45) %
US Equity	24.75	5.37
Non-US Equity Developed	13.50	6.22
Non-US Equity Emerging	6.75	8.22
Fixed Income/Global Bonds	19.00	1.20
Private Equity	11.00	10.05
Real Estate/Real Assets	16.00	4.87
Multi-Asset Strategies	4.00	3.39
Private Debt/Private Credit	3.00	5.38
Total	<u>100.00 %</u>	

**Discount Rate** The discount rate used to measure the total OPEB liability at June 30, 2022, was 4.08 percent. The discount rate used to measure total OPEB liability prior to June 30, 2022 was 2.27 percent. The projection of cash flows used to determine the discount rate assumed that contributions will be made from members and the plan at the contribution rate of 1.50 percent of projected covered payroll each year, which includes a 1.50 percent payroll surcharge and no contributions from the basic benefits plan. Based on these assumptions, the OPEB plan’s fiduciary net position was projected to become insufficient to make all projected future benefit payments of current System members by SERS actuaries. The Municipal Bond Index Rate is used in the determination of the SEIR for both the June 30, 2022 and the June 30, 2021 total OPEB liability. The Municipal Bond Index rate is the single rate that will generate a present value of benefit payments equal to the sum of the present value determined by the long-term expected rate of return, and the present value determined by discounting those benefits after the date of depletion. The Municipal Bond Index Rate is 3.69 percent at June 30, 2022 and 1.92 percent at June 30, 2021.

**Sensitivity of the School District's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate and Changes in the Health Care Cost Trend Rates** The net OPEB liability is sensitive to changes in the discount rate and the health care cost trend rate. The following table presents the net OPEB liability and what the net OPEB liability would be if it were calculated using a discount rate that is one

**Buckeye Local School District**  
**Medina County, Ohio**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2023*

percentage point lower (3.08 percent) and higher (5.08 percent) than the current discount rate (4.08 percent). Also shown is what the net OPEB liability would be based on health care cost trend rates that are one percentage point lower (6.00 percent decreasing to 3.40 percent) and higher (8.00 percent decreasing to 5.40 percent) than the current rate (7.00 percent decreasing to 4.40 percent).

	1% Decrease	Current Discount Rate	1% Increase
School District 's Proportionate Share of the Net OPEB Liability	\$ 1,368,437	\$ 1,101,787	\$ 886,529

	1% Decrease	Current Trend Rate	1% Increase
School District 's Proportionate Share of the Net OPEB Liability	\$ 849,676	\$ 1,101,787	\$ 1,431,086

***Actuarial Assumptions – STRS***

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results used in the June 30, 2022, actuarial valuation are presented below:

	June 30, 2022	June 30, 2021
Projected Salary Increases	Varies by service from 2.5 percent to 8.5 percent	Varies by age from 2.5 percent to 12.50 percent
Investment Rate of Return	7.00 percent, net of investment expenses, including inflation	7.00 percent, net of investment expenses, including inflation
Payroll Increases	3 percent	3 percent
Discount Rate of Return	7.00 percent	7.00 percent
Health Care Cost Trends		
Medical		
Pre-Medicare	7.50 percent initial 3.94 percent ultimate	5.00 percent initial 4 percent ultimate
Medicare	-68.78 percent initial 3.94 percent ultimate	-16.18 percent initial 4 percent ultimate
Prescription Drug		
Pre-Medicare	9.00 percent initial 3.94 percent ultimate	6.50 percent initial 4 percent ultimate
Medicare	-5.47 percent initial 3.94 percent ultimate	29.98 percent initial 4 percent ultimate

Projections of benefits include the historical pattern of sharing benefit costs between the employers and retired plan members.

For 2022, healthy retirees post-retirement mortality rates are based on the Pub-2010 Teachers Healthy Annuitant Mortality Table, adjusted 110 percent for males, projected forward generationally using mortality improvement scale MP-2020; pre-retirement mortality rates are based on Pub-2010 Teachers Employee Table adjusted 95 percent for females, projected forward generationally using mortality

**Buckeye Local School District**  
**Medina County, Ohio**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2023*

improvement scale MP-2020. For disabled retirees, mortality rates are based on the Pub-2010 Teachers Disabled Annuitant Table projected forward generationally using mortality improvement scale MP-2020.

For 2021, healthy retirees the mortality rates are based on the RP-2014 Annuitant Mortality Table with 50 percent of rates through age 69, 70 percent of rates between ages 70 and 79, 90 percent of rates between ages 80 and 84, and 100 percent of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. For disabled retirees, mortality rates are based on the RP-2014 Disabled Mortality Table with 90 percent of rates for males and 100 percent of rates for females, projected forward generationally using mortality improvement scale MP-2016.

Actuarial assumptions used in the June 30, 2022, valuation are based on the results of an actuarial experience study for the period July 1, 2015 through June 30, 2021. An actuarial experience study is done on a quinquennial basis.

STRS' investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

Asset Class	Target Allocation*	Long-Term Expected Rate of Return**
Domestic Equity	26.00 %	6.60 %
International Equity	22.00	6.80
Alternatives	19.00	7.38
Fixed Income	22.00	1.75
Real Estate	10.00	5.75
Liquidity Reserves	1.00	1.00
Total	100.00 %	

\*Target allocation percentage is effective as of July 1, 2022. Target weights were phased in over a 3-month period concluding on October 1, 2022.

\*\*10-Year annualized geometric nominal returns, which include the real rate of return and inflation of 2.25 percent and is net of investment expenses. Over a 30-year period, STRS investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

**Discount Rate** The discount rate used to measure the total OPEB liability was 7.00 percent as of June 30, 2022. The projection of cash flows used to determine the discount rate assumed STRS continues to allocate no employer contributions to the health care fund. Based on these assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2022. Therefore, the long-term expected rate of return on health care plan investments of 7.00 percent was applied to all periods of projected health care costs to determine the total OPEB liability as of June 30, 2022.

**Buckeye Local School District**  
**Medina County, Ohio**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2023*

***Sensitivity of the School District's Proportionate Share of the Net OPEB Asset to Changes in the Discount Rate and Health Care Cost Trend Rate*** The following table represents the net OPEB asset as of June 30, 2022, calculated using the current period discount rate assumption of 7.00 percent, as well as what the net OPEB asset would be if it were calculated using a discount rate that is one percentage point lower (6.00 percent) or one percentage point higher (8.00 percent) than the current assumption. Also shown is the net OPEB asset as if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current health care cost trend rates.

	1% Decrease	Current Discount Rate	1% Increase
School District 's Proportionate Share of the Net OPEB (Asset)	\$ (2,237,438)	\$ (2,420,229)	\$ (2,576,805)

	1% Decrease	Current Trend Rate	1% Increase
School District 's Proportionate Share of the Net OPEB (Asset)	\$ (2,510,366)	\$ (2,420,229)	\$ (2,306,453)

**NOTE 12 – LONG TERM OBLIGATIONS**

The changes in the School District's long-term obligations during the year consist of the following:

	Outstanding 7/1/2022	Additions	Reductions	Outstanding 6/30/2023	Amounts Due in One Year
<b>Governmental Activities:</b>					
<i>General Obligation Bonds:</i>

*2022 General Obligation Bond Refunding*

On March 24, 2022, the School District issued \$5,960,000 in refunded general obligation bonds. The proceeds of the bonds were used to refund \$2,610,000 of the School District's outstanding School Facilities Construction and Improvement Refunding Bonds, 2007, \$2,480,000 of the School District's outstanding School Facilities Construction and Improvement Refunding Bonds, Series 2010 and \$870,000 of the School District's outstanding School Facilities Construction and Improvement Refunding Bonds, Series 2013. The bonds were issued for a 4 year period with final maturity at December 1, 2025. At the date of the refunding, \$6,053,961 was deposited in an irrevocable trust to provide for all future payments on the refunded bonds. As of June 30, 2023, \$4,555,000 of these bonds are considered defeased.

The issuance resulted in a difference between the cash flows required to service the old debt and the cash flows required to service the new debt of \$408,607. The issuance resulted in an economic gain of \$265,182.

*2010 Certificate of Participation*

During fiscal year 2010, the School District entered into a lease-purchase agreement for construction of an addition to the elementary school. The School District is leasing the project site from Stifel, Nicolaus & Company, Inc. Stifel, Nicolaus & Company, Inc. assigned The Bank of New York Mellon Trust Company N.A. as Trustee, transferring rights, title and interest in the project to the Trustee. The School District is acting as an agent for the lessor, and is constructing the facilities from the proceeds provided by the lessor. As part of the agreement, The Bank of New York Mellon Trust Company N.A. deposited \$3,500,000, with a fiscal agent for the construction project. The Bank of New York Mellon Trust Company N.A. has sold certificates of participation in the building lease. The School District will make annual lease payments to The Bank of New York Mellon Trust Company N.A. Interest rates range between 3.1 percent and 5.0 percent with the final payment due January 15, 2024.

The Certificates maturing on and after January 15, 2018 are subject to redemption prior to maturity, at any time on or after July 15, 2017, in whole upon the exercise by the School District of its option to purchase the project facilities pursuant to the lease or in whole or in part in connection with the refunding of Certificates, at the redemption price of 100 percent of the principal amount redeemed, plus interest accrued to the redemption date.

In the event of default, as defined by the lease agreement, the amounts payable by the School District may become due. If payments are not made, the lessor may retake possession of the additions to the elementary school, including but not limited to equipment and furniture. Additionally, the lessor has the option to sublease the project facilities, holding the School District liable for all lease payments and other payments due prior to the effective date of the sublease and for the difference between the rental and other amounts paid by the subleases pursuant to such sublease and the amounts payable by the School District pursuant to the lease during the then current lease term.

**Buckeye Local School District**  
**Medina County, Ohio**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2023*

All general obligation bonds will be paid from property taxes in the debt service fund and the certificates of participation will be paid from sales tax in the County sales tax fund. Compensated absences have been paid from the general and the food service funds in prior years. There is no repayment schedule for the net pension liability and net OPEB liability; however, employer pension and OPEB contributions are primarily made from the General Fund. For additional information related to the net pension liability and net OPEB liability see Notes 10 and 11.

The School District's legal debt margin for fiscal year 2023 is \$70,336,038.

Principal and interest requirements to retire general obligation bonds and direct borrowing outstanding at June 30, 2023 are as follows:

Fiscal Year Ending June 30,	General Obligation Bonds		Certificate of Participation	
	Principal	Interest	Principal	Interest
2024	\$ 1,475,000	\$ 50,966	\$ 325,000	\$ 7,516
2025	1,500,000	30,736	-	-
2026	1,510,000	10,268	-	-
	<u>\$ 4,485,000</u>	<u>\$ 91,970</u>	<u>\$ 325,000</u>	<u>\$ 7,516</u>

**NOTE 13 - SET-ASIDES**

The School District is required by State statute to annually set aside in the general fund an amount based on a statutory formula for the acquisition and construction of capital improvements. Amounts not spent by year-end or offset by similarly restricted resources received during the year must be held in cash at year-end and carried forward to be used for the same purposes in future years.

The following cash basis information describes the change in the year end set-aside amount for capital acquisition. Disclosure of this information is required by State statute.

	Capital Improvement Reserve
Set Aside Reserve Balance June 30, 2022	\$ -
Current Year Set-Aside Requirement	494,339
Current Year Offsets	(725,218)
Total	<u>\$ (230,879)</u>
Balance Carried Forward to Fiscal Year 2024	<u>\$ -</u>
Set Aside Reserve Balance June 30, 2023	<u>\$ -</u>

**Buckeye Local School District**  
**Medina County, Ohio**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2023*

---

Although the School District had current year offsets during the fiscal year that reduced the set-aside amount to below zero, this amount may not be used to reduce the set aside requirement for future years. The negative balance is, therefore, not presented as being carried forward to future years.

**NOTE 14 – RISK MANAGEMENT**

***Property and Liability***

The School District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal year 2023 the School District participated in the Ohio School Plan's property, general liability, cyber protection, pollution and violence insurance program.

Settled claims have not exceeded this commercial coverage in any of the past three years. There has not been a significant reduction in coverage from the prior year.

***Workers' Compensation***

The School District participates in the Ohio Association of School Business Officials Workers' Compensation Group Rating Program (GRP), an insurance purchasing pool. The intent of the GRP is to achieve the benefit of a reduced premium for the School District by virtue of its grouping and representation with other participants in the GRP. The workers' compensation experience of the participating school districts is calculated as one experience and a common premium rate is applied to all school districts in the GRP.

***Health and Prescription Insurance***

The District participates in the North Central Ohio Joint Insurance Association, a public entity shared risk pool consisting of six local school districts. Each participating member pays premiums to the Association for employee medical, dental, and vision coverage. The Association is responsible for the management and operation of the program. Upon withdrawal, the District is responsible for the payment of all Association liabilities to its employees, dependents, and designated beneficiaries accruing as a result of the withdrawal. Upon termination of the Association, all member's claims are paid without regard to the members account balance. The Association Board of Directors has the right to return or not return monies to an existing participating member subsequent to the settlement of all expenses and claims.

**NOTE 15 – CONTINGENCIES**

***Litigation***

The School District is susceptible to claims and lawsuits, however it is the opinion of the School District and its council that there are no significant liabilities anticipated in excess of insurance coverage.

**Buckeye Local School District**  
**Medina County, Ohio**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2023*

---

***Grants***

The School District received financial assistance from federal and State agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, the effect of any such disallowed claims on the overall financial position of the School District at June 30, 2023, if applicable, cannot be determined at this time. In the opinion of management, any such disallowed claim will not have a material effect on the financial position of the School District.

**NOTE 16 – ENCUMBRANCE COMMITMENTS**

The School District utilizes encumbrance accounting as part of its budgetary controls. Encumbrances outstanding at fiscal year end may be reported as part of restricted, committed or assigned classifications of fund balance. At fiscal year end, the School District's commitments for encumbrances in the governmental funds consisted of \$6,792 in the general fund and \$67,637 in the nonmajor governmental funds.

**NOTE 1 - NET PENSION LIABILITY**

There were no changes in assumptions or benefit terms for the fiscal years reported unless otherwise stated below:

***Changes in Assumptions - SERS***

For fiscal year 2022, the SERS Board adopted the following assumption changes:

- Assumed rate of inflation was reduced from 3.00 percent to 2.40 percent
- Payroll growth assumption was reduced from 3.50 percent to 1.75 percent
- Assumed real wage growth was reduced from 0.50 percent to 0.85 percent
- Discount rate was reduced from 7.50 percent to 7.00 percent
- Rates of withdrawal, retirement and disability were updated to reflect recent experience.
- Mortality among active members, service retirees and beneficiaries, and disabled members were updated.

For fiscal year 2017, the SERS Board adopted the following assumption changes:

- Assumed rate of inflation was reduced from 3.25 percent to 3.00 percent
- Payroll Growth Assumption was reduced from 4.00 percent to 3.50 percent
- Assumed real wage growth was reduced from 0.75 percent to 0.50 percent
- Rates of withdrawal, retirement and disability were updated to reflect recent experience.
- Mortality among active members was updated to RP-2014 Blue Collar Mortality Table with fully generational projection and a five year age set-back for both males and females.
- Mortality among service retired members, and beneficiaries was updated to RP-2014 Blue Collar Mortality Table with fully generational projection with Scale BB, 120 percent of male rates, and 110 percent of female rates.
- Mortality among disabled members was updated to RP-2000 Disabled Mortality Table, 90 percent for male rates and 100 percent for female rates, set back five years is used for the period after disability retirement.

***Changes in Benefit Terms - SERS***

For fiscal year 2022, cost-of-living adjustments were increased from 2.00 percent to 2.50 percent.

For fiscal year 2021, cost-of-living adjustments were reduced from 2.50 percent to 2.00 percent.

For fiscal year 2018, the cost-of-living adjustment was changed from a fixed 3.00 percent to a cost-of-living adjustment that is indexed to CPI-W not greater than 2.50 percent with a floor of zero percent beginning January 1, 2018. In addition, with the authority granted the Board under HB 49, the Board has enacted a three-year COLA suspension for benefit recipients in calendar years 2018, 2019 and 2020.

**Buckeye Local School District**  
**Medina County, Ohio**  
*Notes to the Required Supplementary Information*  
*For the Fiscal Year Ended June 30, 2023*

---

***Changes in Assumptions – STRS***

For fiscal year 2022, the Retirement Board approved several changes to the actuarial assumptions. The salary increases were where changed from 12.50 percent at age 20 to 2.50 percent at age 65 to varying by service from 2.50 percent to 8.50 percent. The healthy and disabled mortality assumptions were updated to the Pub-2010 mortality tables with generational improvement scale MP-2020.

For fiscal year 2021, the long term expected rate of return was reduced from 7.45 percent to 7.00 percent.

For fiscal year 2018, the Retirement Board approved several changes to the actuarial assumptions in 2017. The long term expected rate of return was reduced from 7.75 percent to 7.45 percent, the inflation assumption was lowered from 2.75 percent to 2.50 percent, the payroll growth assumption was lowered to 3.00 percent, and total salary increases rate was lowered by decreasing the merit component of the individual salary increases, in addition to a decrease of 0.25 percent due to lower inflation. The healthy and disabled mortality assumptions were updated to the RP-2014 mortality tables with generational improvement scale MP-2016. Rates of retirement, termination and disability were modified to better reflect anticipated future experience.

***Changes in Benefit Terms - STRS***

For fiscal year 2018, the cost-of-living adjustment (COLA) was reduced to zero.

**NOTE 2 - NET OPEB LIABILITY (ASSET)**

***Changes in Assumptions – SERS***

Amounts reported incorporate changes in key methods and assumptions used in calculating the total OPEB liability as presented as follows:

**Municipal Bond Index Rate:**

Fiscal year 2023	3.69 percent
Fiscal year 2022	1.92 percent
Fiscal year 2021	2.45 percent
Fiscal year 2020	3.13 percent
Fiscal year 2019	3.62 percent
Fiscal year 2018	3.56 percent
Fiscal year 2017	2.92 percent

**Single Equivalent Interest Rate, net of plan investment expense, including price inflation:**

Fiscal year 2023	4.08 percent
Fiscal year 2022	2.27 percent
Fiscal year 2021	2.63 percent
Fiscal year 2020	3.22 percent
Fiscal year 2019	3.70 percent
Fiscal year 2018	3.63 percent
Fiscal year 2017	2.98 percent

**Buckeye Local School District**  
**Medina County, Ohio**  
*Notes to the Required Supplementary Information*  
*For the Fiscal Year Ended June 30, 2023*

---

Pre-Medicare Trend Assumption

Fiscal year 2023	6.75 percent initially, decreasing to 4.40 percent
Fiscal year 2022	6.75 percent initially, decreasing to 4.40 percent
Fiscal year 2021	7.00 percent initially, decreasing to 4.75 percent
Fiscal year 2020	7.00 percent initially, decreasing to 4.75 percent
Fiscal year 2019	7.25 percent initially, decreasing to 4.75 percent
Fiscal year 2018	7.50 percent initially, decreasing to 4.00 percent

Medicare Trend Assumption

Fiscal year 2023	7.00 percent initially, decreasing to 4.40 percent
Fiscal year 2022	5.125 percent initially, decreasing to 4.40 percent
Fiscal year 2021	5.25 percent initially, decreasing to 4.75 percent
Fiscal year 2020	5.25 percent initially, decreasing to 4.75 percent
Fiscal year 2019	5.375 percent initially, decreasing to 4.75 percent
Fiscal year 2018	5.50 percent initially, decreasing to 5.00 percent

***Changes in Benefit Terms - SERS***

There have been no changes to the benefit provisions.

***Changes in Assumptions – STRS***

For fiscal year 2022, the healthy and disabled mortality assumptions were updated to the RPub-2010 mortality tables with generational improvement scale MP-2020. Rates of retirement, termination and disability were modified to better reflect anticipated future experience.

For fiscal year 2022, the following changes were made to the actuarial assumptions:

- Projected salary increases from 3.25 to 10.75 percent, including wage inflation to varying by service from 2.50 to 8.50 percent
- Medicare medical health care cost trends from -16.18 percent initial to -68.78 percent initial and 4.00 percent ultimate to 3.94 percent ultimate
- Medicare prescription drug health care cost trends from 29.98 percent initial to -5.47 percent initial and 4.00 percent ultimate to 3.94 percent ultimate

For fiscal year 2021, valuation year per capita health care costs were updated. Health care cost trend rates ranged from -5.20 percent to 9.60 percent initially for fiscal year 2020 and changed for fiscal year 2021 to a range of -6.69 percent to 11.87 percent, initially.

For fiscal year 2019, the discount rate was increased from the blended rate of 4.13 percent to the long-term expected rate of return of 7.45 percent. Valuation year per capita health care costs were updated. Health care cost trend rates ranged from 6.00 percent to 11 percent initially and a 4.50 percent ultimate rate for fiscal year 2018 and changed for fiscal year 2019 to a range of -5.20 percent to 9.60 percent, initially and a 4.00 percent ultimate rate.

For fiscal year 2018, the blended discount rate was increased from 3.26 percent to 4.13 percent. Valuation year per capita health care costs were updated, and the salary scale was modified. The percentage of future retirees electing each option was updated based on current data and the percentage of future disabled retirees

**Buckeye Local School District**  
**Medina County, Ohio**  
*Notes to the Required Supplementary Information*  
*For the Fiscal Year Ended June 30, 2023*

---

and terminated vested participants electing health coverage were decreased. The assumed mortality, disability, retirement, withdrawal and future health care cost trend rates were modified along with the portion of rebated prescription drug costs.

***Changes in Benefit Terms – STRS***

For fiscal year 2021, there were no changes to the claims costs process. Claim curves were updated to reflect the projected fiscal year 2021 premium based on June 30, 2020 enrollment distribution. The non-Medicare subsidy percentage was increased effective January 1, 2021 from 1.984 percent to 2.055 percent per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2021. The Medicare subsidy percentages were adjusted effective January 1, 2021 to .1 percent for the AMA Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed indefinitely.

For fiscal year 2020, there was no change to the claims costs process. Claim curves were trended to the fiscal year ending June 30, 2020 to reflect the current price renewals. The non-Medicare subsidy percentage was increased effective January 1, 2020 from 1.944 percent to 1.984 percent per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2020. The Medicare subsidy percentages were adjusted effective January 1, 2021 to 2.1 percent for the Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed to January 1, 2021

For fiscal year 2019, the subsidy multiplier for non-Medicare benefit recipients was increased from 1.9 percent to 1.944 percent per year of service effective January 1, 2019. The non-Medicare frozen subsidy base premium was increased effective January 1, 2019 and all remaining Medicare Part B premium reimbursements will be discontinued beginning January 1, 2020.

For fiscal year 2018, the subsidy multiplier for non-Medicare benefit recipients was reduced from 2.1 percent to 1.9 percent per year of service. Medicare Part B premium reimbursements were discontinued for certain survivors and beneficiaries and all remaining Medicare Part B premium reimbursements will be discontinued beginning January 2019. This was subsequently extended, see above paragraph.

Nonmajor Governmental Funds  
and  
Individual Fund Schedules for  
Governmental Funds***

# Buckeye Local School District

## Combining Statements – Nonmajor Funds

---

### *Nonmajor Special Revenue Funds*

The Special Revenue Funds are used to account for the proceeds of specific sources (other than amounts relating to expendable trusts or major capital projects) that are legally restricted to expenditure for specified purposes. With the implementation of GASB No. 54, the public school support, uniform school supplies, underground storage, creative tax abatement special revenue funds and certain special cost centers of the special trust special revenue fund (referred to as the miscellaneous activities fund) have been classified with the general fund for GAAP reporting purposes. However, these funds have their own legally adopted budgets. As a result, an Individual Fund Schedules of Revenues, Expenditures and Changes in Fund Balance – Budget (Non-GAAP Basis) and Actual have been presented for these funds. The title of each special revenue fund is descriptive of the activities accounted for therein. The special revenue funds are:

***Local Grants Fund*** - This fund accounts for funds received to promote community involvement and volunteer activities between the school and community.

***Student Activities Fund*** - This fund reflects resources that belong to the student bodies of various schools, accounting for sales and other revenue generating activities.

***Athletics Fund*** - This fund accounts for gate receipts and other revenues from athletic events and costs of the School District's Athletic Program.

***Data Communications Fund*** – This fund accounts for State monies that provide for equipment and other costs associated with the development of data communication systems.

***Agriculture Education Fund*** – This fund accounts for State monies that support quality agricultural education programs and the students served by addressing the need for year-round application of the knowledge and skills learned in the classroom and laboratory.

***Miscellaneous State Grants Fund*** – This fund accounts for State Grants which are not required to be accounted for in a separate fund.

***Elementary & Secondary School Emergency Relief Fund*** – This fund accounts for Federal funds for expenditures directly related to the coronavirus (COVID-19) pandemic as well as “other activities that are necessary to maintain the operation of continuity of services.”

***Title VI-B Fund*** - This fund accounts for Federal monies to assist schools in identification of handicapped children, development of procedural safeguards, implementation of least restrictive alternative service patterns, and provision of full educational opportunities to handicapped children at the preschool, elementary and secondary levels.

***Title I Fund*** - This fund accounts for Federal revenues to implement a variety of programs intended to provide supplemental instruction for children of low income families identified as educationally disadvantaged.

# Buckeye Local School District

## Combining Statements – Nonmajor Funds

---

### *Nonmajor Special Revenue Funds (continued)*

***Title IV-A Fund*** - This fund accounts for Federal monies to improve students' academic achievement by increasing the capacity of states, local education agencies, schools, and local communities to (1) provide all students with access to a well-rounded education, (2) improve school conditions for student learning, and (3) improve the use of technology in order to improve the academic achievement and digital literacy of all students.

***Preschool Handicapped Fund*** - This fund accounts for Federal monies that provide for the cost of developing a public preschool.

***Improving Teacher Quality Fund*** – This fund accounts for Federal monies used for reduction of class size in grades kindergarten through third.

***Miscellaneous Federal Grants Fund*** – This fund accounts for other Federal Grants which are not required to be accounted for in a separate fund.

***Food Service Fund*** – This fund accounts for financial activity related to the food service operations of the School District.

***Special Trust Fund*** – This fund accounts for monies held by the School District in a trustee capacity for individuals and/or private organizations that benefit the student body or the local community.

***Scholarship Fund*** - This fund accounts for donations to be used for scholarships. The income may be expended, but the principal must remain intact.

***Miscellaneous Activities Fund*** – This group of special cost centers accounts for financial activities related to preschool, summer programs, book fairs and other miscellaneous activities. This fund is included with the General Fund for financial statement reporting purposes.

***Uniform School Supplies Fund*** – This fund accounts for financial activity related to the purchase and sale of school supplies as adopted by the Board of Education for use within the School District. This fund is included with the General Fund for financial statement reporting purposes.

***Underground Storage Tank Fund*** - This fund accounts for the financial responsibility rules of the State Fire Marshall to cover insurance deductible. This fund is included with the General Fund for financial statement reporting purposes.

***Public School Support Fund*** – This fund accounts for school site sales revenue and expenditures for field trips, assemblies and any other activity costs approved by board resolutions. This fund is included with the General Fund for financial statement reporting purposes.

# Buckeye Local School District

## *Combining Statements – Nonmajor Funds*

---

### *Nonmajor Special Revenue Funds (continued)*

***Creative Tax Abatement Fund*** – This group of special cost centers accounts for monies received from local businesses in lieu of taxes. This fund is included with the General Fund for financial statement reporting purposes.

### *Nonmajor Capital Projects Funds*

Capital Projects Funds are used to account for financial resources used for the acquisition, construction, or improvement of capital facilities other than those financed by proprietary funds.

***Permanent Improvement Fund*** - This fund accounts for all transactions related to the acquiring, constructing, or improving of such permanent improvements as are authorized by Chapter 5705, Revised Code.

***County Sales Tax Fund*** – This fund accounts for county sales tax charged in Medina County, collected by State of Ohio (1/2 %) distributed back to Medina County which distributes back to the Medina County school districts on a per pupil basis. This money can only be used for capital projects for the individual districts.

# Statistical Section

*This page intentionally left blank*

## *Statistical Section*

This part of the Buckeye Local School District's annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information says about the School District's overall financial health.

### **Contents**

### **Page(s)**

#### **Financial Trends**

These schedules contain trend information to help the reader understand how the School District's financial performance and well-being have changed over time.

S-2 - S-11

#### **Revenue Capacity**

These schedules contain information to help the reader assess the School District's most significant local revenue source, the property tax.

S-12 - S-17

#### **Debt Capacity**

These schedules present information to help the reader assess the affordability of the School District's current levels of outstanding debt and the School District's ability to issue additional debt in the future.

S-18 - S-22

#### **Economic and Demographic Information**

These schedules offer economic and demographic indicators to help the reader understand the environment within which the School District's financial activities take place.

S-23 - S-24

#### **Operating Information**

These schedules contain service data to help the reader understand how the information in the School District's financial report relates to the services the School District provides and the activities it performs.

S-25 - S-30

**Sources:** Unless otherwise noted, the information in these schedules is derived from the annual comprehensive financial reports for the relevant year.

#### **NOTE:**

With the implementation of GASB No. 68 in fiscal year 2015, the calculation of pension expense has changed, however, government-wide expenses for 2014 and prior fiscal years were not restated to reflect this change.

With the implementation of GASB No. 75 in fiscal year 2018, the calculation of OPEB expense has changed, however, government-wide expenses for 2017 and prior fiscal years were not restated to reflect this change.

With the implementation of GASB No. 84 for fiscal year 2021, there have been minor reclassifications of funds (example custodial funds reclassified to special revenue for GAAP purposes). Prior year year amounts have not been adjusted to reflect this change.

(1) State reimbursement of rollback and homestead exemptions are included.

Note: The Medina County Treasurer collects property taxes on a calendar-year basis, therefore, the above data has been presented on a calendar-year basis. The County does not identify delinquent collections by the year for which the tax was levied. As a result, the percent of total collections to tax levy could exceed 100% in any given year. The School District needs more time to work with the County to obtain this information.

THE ACCOMPANYING NOTES ARE AN INTEGRAL PART OF THIS SCHEDULE

**BUCKEYE LOCAL SCHOOL DISTRICT  
MEDINA COUNTY, OHIO**

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
2 CFR 200.510(b)(6)  
FOR THE FISCAL YEAR ENDED JUNE 30, 2023

**NOTE 1 – BASIS OF PRESENTATION & SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of the Buckeye Local School District under programs of the federal government for the fiscal year ended June 30, 2023 and is prepared in accordance with the cash basis of accounting. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Buckeye Local School District, it is not intended to and does not present the financial position, or changes in net position of the Buckeye Local School District. Such expenditures are recognized following cost principles contained in Uniform Guidance wherein certain types of expenditures may or may not be limited to as to reimbursement.

**NOTE 2 – DE MINIMIS COST RATE**

CFR Section 200.414 of the Uniform Guidance allows a non-federal entity that has never received a negotiated indirect cost rate to charge a de minimis rate of 10% of modified total direct costs to indirect costs. Buckeye Local School District has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

**NOTE 3 - CHILD NUTRITION CLUSTER**

The Buckeye Local School District commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the Buckeye Local School District assumes it expends federal monies first.

**NOTE 4 – FOOD DONATION PROGRAM**

The Buckeye Local School District reports commodities consumed on the Schedule at the entitlement value. The Buckeye Local School District allocated donated food commodities to the respective program that benefited from the use of those donated food commodities.

**Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With  
*Government Auditing Standards***

Buckeye Local School District  
Medina County  
3044 Columbia Road  
Medina, Ohio 44256

To the Members of the Board of Education:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Buckeye Local School District, Medina County, Ohio, as of and for the fiscal year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Buckeye Local School District's basic financial statements, and have issued our report thereon dated December 11, 2023.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Buckeye Local School District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Buckeye Local School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Buckeye Local School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Buckeye Local School District's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Buckeye Local School District

Medina County

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters

Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards*

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Buckeye Local School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Buckeye Local School District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Buckeye Local School District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

December 11, 2023

**Independent Auditor’s Report on Compliance for Each Major Federal Program  
and on Internal Control Over Compliance and on the Schedule of Expenditures of Federal Awards  
Required by the Uniform Guidance**

Buckeye Local School District  
Medina County  
3044 Columbia Road  
Medina, Ohio 44256

To the Members of the Board of Education:

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited the Buckeye Local School District’s compliance with the types of compliance requirements identified as subject to audit in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could have a direct and material effect on each of the Buckeye Local School District’s major federal programs for the fiscal year ended June 30, 2023. The Buckeye Local School District’s major federal programs are identified in the summary of auditor’s results section of the accompanying schedule of findings.

In our opinion, the Buckeye Local School District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the fiscal year ended June 30, 2023.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the “Auditor’s Responsibilities for the Audit of Compliance” section of our report.

We are required to be independent of the Buckeye Local School District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Buckeye Local School District’s compliance with the compliance requirements referred to above.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Buckeye Local School District’s federal programs.

Medina County  
Independent Auditor's Report on Compliance for Each Major Federal Program  
and on Internal Control Over Compliance and on the Schedule of Expenditures of Federal Awards  
Required by the Uniform Guidance

***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Buckeye Local School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Buckeye Local School District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Buckeye Local School District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Buckeye Local School District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Buckeye Local School District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

**Report on Internal Control over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the "Auditor's Responsibilities for the Audit of Compliance" section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Medina County  
Independent Auditor's Report on Compliance for Each Major Federal Program  
and on Internal Control Over Compliance and on the Schedule of Expenditures of Federal Awards  
Required by the Uniform Guidance

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance**

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Buckeye Local School District, as of and for the fiscal year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Buckeye Local School District's basic financial statements. We issued our report thereon dated December 11, 2023, which contained unmodified opinions on those financial statements. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.
