

SINGLE AUDIT FOR THE YEAR ENDED JUNE 30, 2023

88 East Broad Street Columbus, Ohio 43215 IPAReport@ohioauditor.gov (800) 282-0370

Board of Education Hilliard City School District 2140 Atlas Street Columbus, Ohio 43228

We have reviewed the *Independent Auditor's Report* of Hilliard City School District, Franklin County, prepared by Plattenburg & Associates, Inc., for the audit period July 1, 2022 through June 30, 2023. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. Hilliard City School District is responsible for compliance with these laws and regulations.

Keith Faber Auditor of State Columbus, Ohio

HILLIARD CITY SCHOOL DISTRICT FRANKLIN COUNTY NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS 2 CFR 200.510(b)(6) FOR THE YEAR ENDED JUNE 30, 2023

NOTE A - BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of Hilliard City School District (the District) under programs of the federal government for the fiscal year ended June 30, 2023. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position or changes in net position of the District.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance wherein certain types of expenditures may or may not be allowable or may be limited as to reimbursement.

NOTE C - INDIRECT COST RATE

The District has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE D - CHILD NUTRITION CLUSTER

The District commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the District assumes it expends federal monies first.

NOTE E - FOOD DONATION PROGRAM

The District reports commodities consumed on the Schedule at the fair value. The District allocated donated food commodities to the respective program that benefitted from the use of those donated food commodities.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Board of Education Hilliard City School District

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Hilliard City School District (the District), as of and for the year ended June 30, 2023 and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 15, 2023.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Plattenburg & Associates, Inc. Cincinnati, Ohio December 15, 2023

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE AND ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE

Board of Education Hilliard City School District

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the Hilliard City School District's (the District) compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2023. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the District, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the District's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in
 order to design audit procedures that are appropriate in the circumstances and to test and report on
 internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of
 expressing an opinion on the effectiveness of the District's internal control over compliance.
 Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the District, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements. We issued our report thereon dated December 15, 2023, which contained unmodified opinions on those financial statements. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

December 15, 2023

To the Citizens and Board of Education of the Hilliard City School District:

We are pleased to submit to you the Annual Comprehensive Financial Report (ACFR) of the Hilliard City School District (the "District"). This ACFR, which includes an unmodified opinion from the Auditor of the State of Ohio, conforms to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental entities. Responsibility for the accuracy of the data presented and the completeness and fairness of the presentation, including all disclosures, rest with the District's management. To the best of our knowledge and belief, this ACFR and the enclosed data are accurate in all material respects and are reported in a manner designed to present fairly the financial position and results of operations of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The District's MD&A can be found immediately following the independent auditor's report.

This report includes all funds of the District. The District provides a full range of traditional and nontraditional educational programs, services and facilities. These include elementary and secondary curriculum at the general, college preparatory and vocational levels, a broad range of co-curricular and extracurricular activities, special education programs and facilities.

In addition to providing these general activities the District has administrative responsibility for state funds distributed to St. Brendan's School, Sunrise Academy and the G.E.C. School, private schools located within the District boundaries. In accordance with GASB Statement 24, this responsibility is included in the reporting entity as a special revenue fund. While these organizations share operational and service similarity with the District, all are separate and distinct entities. Because of their independent nature, these organizations' financial statements are not included in this report.

PROFILE OF THE SCHOOL DISTRICT

The District was organized in the late 1800's and is a fiscally independent political subdivision of the State of Ohio. The District is a public school system located primarily in Franklin County, with a small portion (less than 1%) extending into Union County. The District's area is approximately 60 square miles in and around the City of Hilliard. Also included are portions of the cities of Columbus and Dublin, as well as Norwich, Brown, Washington, Prairie, and Franklin Townships. Located approximately 15 miles northwest of the downtown area of the City of Columbus, the District is largely suburban in character and continues to be one of the growing school districts in the State of Ohio.

The Board of Education (the "Board") of the District is composed of five members elected at large by the citizens of the District. The Board serves as the taxing authority, contracting body, and policy initiator for the operation of the District. The Board is responsible for the adoption of the annual operating budget and the approval of all expenditures of the District. The Board is a body politic and corporate, as defined by Section 3313.02 of the Ohio Revised Code, and has only those powers and authority conferred upon it by the Code.

The District had an estimated enrollment of 16,432 students for the fiscal year end June 30, 2023 compared to 16,403 students for the fiscal year ended June 30, 2022. This makes the District the tenth largest public school district in the State of Ohio. These students are housed in 14 elementary schools (grades pre-k to 5), 2 sixth grade centers, 3 middle schools (grades 7 to 8), 3 comprehensive high schools (grades 9 to 12), and an Innovative Learning Campus that offers programs for students in grades 7 through 12. The age of buildings varies with the oldest built in 1956 and the latest which opened in the fall of 2018. Of the District's 23 instructional buildings, 13 have been built since 1989 of which 5 opened in 2002, 1 in 2007, 1 in 2009, and 1 in 2018. Additionally, the District operates a central administration/support services facility and a transportation depot. The District estimates enrollment to be 16,402; 16,342; and 16,220 for the fiscal years ended June 30, 2024, 2025, and 2026 respectively. The District's enrollment figures do not include students living within the District's attendance area who attend charter schools.

Economic Condition and Outlook

Local Economy - The District is in the Columbus, Ohio Metropolitan Statistical Area (MSA), which is comprised of the counties of Delaware, Fairfield, Franklin, Licking, Madison, Morrow, Pickaway and Union, and is the thirty-second largest MSA of 384 in the United States at the time of the 2020 census.

Employment in Franklin County has increased slightly with unemployment in June of 2023 of approximately 3.3% decreasing from 3.8% as of June 2022. Generally, employment in the District is diversified with a majority in the service sector. The two largest employers in the District are the District itself with 1,949 employees and the United Parcel Service (UPS) a package delivery service company, with 1,669 employees. The next largest employer in the District is Hikma Pharmaceutical, a pharmaceutical company in the Columbus portion of the District with approximately 1,250 employees. Employers in the Hilliard portion of the District include BMW Financial Services with 891 employees and Cellco Partnership (dba Verizon) with approximately 651 employees. Additionally, the District is home to many trucking and small manufacturing companies as a result of Interstates 270 and 70 intersecting the District.

The City of Columbus and the City of Hilliard are aggressive in recruiting new businesses and will make use of all economic incentives to increase the tax base. Both entities have made use of tax abatements and Tax Increment Financing to attract businesses. Through negotiations with the cities the District has been reimbursed for property taxes it would have otherwise collected ranging from complete reimbursements to the minimums required by law.

Long-term Financial Planning – The financial forecast of General Fund operations for the next five years demonstrates that the District's fiscal year 2024 ending General Fund cash balance is projected to be approximately \$84,134,810. As of our November 2023 forecast, we forecast a rapidly declining fund balance with a projected negative cash balance by the end of FY2027 as we enter our next projected levy cycle.

The projected General Fund balance could be impacted by future negotiated agreements with our classified and certified unions. After both unions approved a one year extension, the current agreements expire in June 2025. Any impact from future negotiations is not known at this time.

The State of Ohio has implemented a new school funding model for FY22. As part of this new model, the State is no longer passing payments for students attending community schools or on special education or autism scholarships through the District. This change reduces both the revenues and expenditures previously recorded for these students. The current State Budget approved for FY24 and FY25 continues the phase-in of the Fair School Funding Plan (FSFP), which was approved in the previous State budget and updates the base cost inputs from 2018 to 2022. If the current formula continues we will potentially not see significant increases throughout the remainder of this forecast. The static base cost in FY25 could result in a lower state share and there is no year over year guaranteed for funding.

MAJOR INITIATIVES AND ACCOMPLISHMENTS

Accomplishments for 2023

Financial – The District has received the Certificate of Achievement for Excellence in Financial Reporting from the Government Finance Officers Association (GFOA) for twenty-seven consecutive years and the Award for Outstanding Achievement in Popular Annual Financial Reporting for sixteen consecutive years. In addition, the District received the Meritorious Budget Award from the Association of School Business Officials International for the sixteenth time for the FY2023 budget document.

Instruction –Based on the most recent ODE Local Report Card Data available, the District earned component ratings consisting of two 5 Star ratings, one 4 Star rating and two 3 Star rating for an overall rating of 4.5 out of 5 Stars.

One of those components is progress which is based on the District's value-added score which refers to a statistical analysis used to measure the impact of districts, schools and teachers on the academic growth of groups of students from year to year. For the 2022-2023 school year, Hilliard City Schools was ranked #1 out of 607 public school districts on the overall growth index and #14 out of 607 districts on effect size.

Hilliard City Schools is committed to implementing innovative approaches to develop students' academics, interests, and mindsets to ensure that every student, without exception, is ready for tomorrow

Hilliard teachers develop and sustain positive, respectful, and caring relationships for everyone throughout our classrooms, schools, and district. They are dedicated to implementing personalized instruction based on student strengths, needs, and interests.

Operations – From October 2019 to March 2020, the Hilliard City Schools conducted a master facilities planning process to create a roadmap of capital improvements that will address aging facilities, balance enrollment, and build appropriate capacity for future enrollment. The master facilities planning process was intentionally conducted to balance data with the expectations of the community.

The process included input from Hilliard residents through a survey, public meetings, and a steering committee comprised of community members and internal stakeholders. One area of need highlighted by this planning process, was the need for additional preschool space necessary to increase capacity for our special needs students. As a result, in fall of 2022, the District opened a 10,400 square foot expansion that added 8 classrooms to the preschool campus.

Initiatives for 2024

Financial – The District will continue to use financial benchmarking data to analyze the effectiveness of all functions in the District. As further investigation points out areas where the opportunity exists for increased efficiencies, work with administrators responsible for the function to see where changes can be made.

Instruction – The District's academic strategic foundation goals are as follows:

- All students will grow as critical thinkers, empathetic citizens, purposeful communicators, self-advocates, and resilient learners.
- All students learn through rigorous curriculum design, responsive instruction, and intentionally designed learning environments.
- All students engage in experiences within and beyond the classroom that integrate their interests and strengths.
- All students are equipped with the necessary skills and mindsets to personally connect and positively contribute to their community.

The District will improve academics as measured by state and local assessments during the 2023-24 school year with a focus on the following strategies:

- Rigorous learning opportunities, educational resources, and social support are accessible to all students.
- Evidence and data-based systems of academic, physical, social, and emotional support are used to meet the individual needs of each student.
- Student needs are met by analyzing student learning and thinking, anticipating obstacles, and personalization of instruction and intervention.
- School environments are developed and sustained as places where all are cared for, valued, and respected.

Operations – Based on the results of the master facilities planning process, key issues identified include addressing aging facilities and infrastructure, assessing the capacity at our Elementary buildings with the addition of all-day kindergarten, and evaluating the sixth-grade school feeder patterns within the District. These issues will be addressed in the next several years as the District proceeds with phase II of the Master Facility Plan with the steering committee. A community survey will be conducted and reviewed to identify and refine all district facilities and capital improvement needs for the short, middle, long term, as well as address capacity concerns in our buildings.

The District will also monitor, maintain and improve security requirements for surveillance and access at each building.

FINANCIAL INFORMATION

Internal Controls

The management of the District is responsible for establishing and maintaining internal controls designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with GAAP. The internal controls are designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived from its implementation; and (2) the valuation of cost and benefits requires estimates and judgments by management.

Budgetary Controls

The budgetary process is prescribed by provisions of the Ohio Revised Code and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the alternative tax budget document, the certificate of estimated resources, and the appropriations resolution, all of which are prepared on the budgetary basis of accounting. The certificate of estimated resources and the appropriations resolution are subject to amendment throughout the year with the legal restriction that appropriations cannot exceed estimated resources, as certified. All funds, other than agency funds, are legally required to be budgeted and appropriated. The primary level of budgetary control required by the Ohio Revised Code is at the fund level. The level of budgetary control imposed by the District (the level at which expenditures cannot legally exceed the appropriated amount) is established at the fund level for all funds. Any budgetary modifications at these levels may only be made by resolution of the Board of Education.

The District also maintains an encumbrance accounting system as one technique of accomplishing budgetary control. Encumbered amounts at year-end are carried forward to succeeding years and are not re-appropriated.

Independent Audit

The Uniform Guidance requires an annual audit by independent accountants. Plattenburg & Associates, Inc. conducted the District's 2023 fiscal year audit. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the Uniform Guidance. The auditor's report on the basic financial statements is included in the financial section of this report.

Awards

GFOA Certificate of Achievement - The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Hilliard City School District for its Annual Comprehensive Financial Report for the fiscal year ended June 30, 2022.

In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized Annual Comprehensive Financial Report, whose contents conform to program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to conform to the Certificate of Achievement Program requirements, and we are submitting it to the GFOA for their review.

Acknowledgements

Preparation of this report could not have been accomplished without the support and hard work of the staff of the Treasurer's office, Superintendent's office, and the School-Community Relations office. Credit must also be given to the Board of Education. Without their leadership and commitment to excellence this report would not be possible.

Respectfully submitted,

Melison. Dwearingen

INDEPENDENT AUDITOR'S REPORT

Board of Education Hilliard City School District

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Hilliard City School District (the District) as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District, as of June 30, 2023, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison schedule and schedules of pension information and other postemployment information to be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining and individual nonmajor fund financial statements and schedules, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical section but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 15, 2023, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2023 UNAUDITED

As management of the Hilliard City School District (the "District"), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2023. We encourage readers to consider the information presented here in conjunction with our letter of transmittal at the front of this report and the District's financial statement, which follow this section.

Financial Highlights

Key financial highlights for 2023 are as follows:

- The liabilities and deferred inflows of resources of the District exceeded its assets and deferred outflows of resources at the close of the most recent fiscal year by \$17.0 million (negative net position).
- The District's total net position increased by \$7.0 million during the fiscal year.
- As of the close of the current fiscal year, the District's governmental funds reported combined ending fund balances of \$165.8 million, an increase of \$5.9 million in comparison with the prior fiscal year. Of this amount, \$96.9 million is available for spending at the District's discretion (unassigned fund balance).
- At the end of the current fiscal year, unassigned balance for the general fund was \$98.4 million, or 43.2% of total general fund expenditures.

Reporting the District as a Whole

The Statement of Net Position and Statement of Activities

One of the most important questions asked about the District's finances is, "Is the District better off or worse off as a result of the year's activities?" The Statement of Net Position and the Statement of Activities report information about the District as a whole and about its activities in a manner that helps answer this question. These statements include all assets, deferred outflows, liabilities and deferred inflows using the accrual basis of accounting similar to the accounting used by private sector corporations. All of the current year revenues and expenses are taken into consideration regardless of when cash is received or paid.

These two statements report the District's net position and changes in them. The change in net position provides the reader a tool to assist in determining whether the District's financial health is improving or deteriorating. The reader will need to consider other non-financial factors such as property tax base, current property tax laws, student enrollment growth, and facility conditions in arriving at their conclusion regarding the overall health of the District.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2023 UNAUDITED

Reporting the District's Most Significant Funds

Fund Financial Statements

Our analysis of the District's major funds appears on the fund financial statements beginning with the Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balances. These statements provide detailed information about the most significant funds—not the District as a whole. Some funds are required to be established by State statute, while many other funds are established by the District to help manage money for particular purposes and compliance with various grant provisions. The District's three types of funds, governmental, proprietary, and fiduciary, use different accounting approaches as further described in the notes to the basic financial statements.

Governmental Funds

Most of the District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are financial resources available to spend in the near future to finance the District's programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the basic financial statements.

Proprietary Funds

The District's proprietary fund is the Self Insurance Internal Service Fund used to account for interfund charges and claims payments applicable to the District's group health insurance plan. The activity of the self-insurance fund is included within governmental activities in the government-wide financial statements.

Fiduciary Funds

The District's fiduciary fund is the Ohio High School Athletics Associations (OHSAA) Tournaments custodial fund. The District's fiduciary activities are reported in the Statement of Fiduciary Net Position and the Statement of Changes in Fiduciary Net Position. We exclude these activities from the District's other financial statements because the assets cannot be utilized by the District to finance its operations.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the District, liabilities and deferred inflows exceeded assets and deferred outflows by \$17.0 million according to the Statement of Net Position at the close of the most recent fiscal year.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2023 UNAUDITED

A comparative analysis of fiscal year 2023 to 2022 follows from the Statements of Net Position:

Net Position Governmental Activities

	2023	2022
Current and Other Assets Net OPEB Asset Capital Assets Total Assets	\$ 311,008,664 22,825,404 148,413,032 482,247,100	\$ 313,873,792 18,788,154 152,157,022 484,818,968
Unamortized Amount on Refunding Pension OPEB Total Deferred Outflows of Resources	2,933,196 57,949,535 4,935,887 65,818,618	3,764,687 60,268,441 6,106,203 70,139,331
Current Liabilities Long-term Liabilities: Due Within One Year Due in More Than One Year: Net Pension Liability Net OPEB Liability Other Amounts Total Liabilities	36,381,678 13,730,119 237,757,855 10,419,126 109,426,733 407,715,511	36,423,134 13,042,730 142,850,471 14,239,189 122,500,288 329,055,812
Property Taxes Pension OPEB Total Deferred Inflows of Resources	104,418,800 21,974,485 30,939,470 157,332,755	105,987,226 114,546,639 29,392,708 249,926,573
Net Investment in Capital Assets Restricted Unrestricted (Deficit) Total Net Position	55,071,228 42,581,955 (114,635,731) \$ (16,982,548)	47,756,709 39,288,823 (111,069,618) \$ (24,024,086)

The net pension and net OPEB liabilities, net OPEB asset and related deferred outflows and inflows of resources all fluctuated significantly in comparison with the prior fiscal year-end. These fluctuations are primarily the result of changes in benefit terms, changes in actuarial assumptions, and higher than expected returns on pension plan investments.

Current and Other Assets decreased in comparison with the prior fiscal year-end. This decrease is primarily the result of a decrease in payments in lieu of taxes related to Board of Revision. The State legislature has passed HB126 which eliminates direct payments from companies when challenging property values. The law went into effect July 20, 2022 and we received many direct settlement offers right up to the last day which impacted our FY23 revenue.

Long-term Liabilities increased significantly in comparison with the prior fiscal year-end. This increase is primarily the result of an increase in the net pension liability.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2023 UNAUDITED

A large portion of the District's net position reflects its investment in capital assets less depreciation and any related debt used to acquire those assets that is still outstanding. As of June 30, 2023 this portion of net position is positive which reflects the District has \$55.1 million more in capital assets, net of accumulated depreciation, than debt. The District uses capital assets to provide services; consequently, these assets are not available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves usually are not used to liquidate these liabilities.

A portion of the District's net position (\$42.6 million) represents resources subject to external restrictions on how they may be used. The remaining balance of unrestricted net position may be used to meet the ongoing obligations to citizens and creditors. Unrestricted net position decreased by 3.2% from 2022.

Governmental Activities

Net position of the District's governmental activities increased by \$7.0 million. The details of this increase in net position are as follows:

Change in Net Position

	2023		2022	
Program Revenues Charges for Services Operating Grants and Contributions Capital Grants and Contributions	\$ 8,524,850 22,585,200 143,938	\$	5,773,584 32,763,107 135,000	
General Revenues Property Taxes Unrestricted Grants and Entitlements Payments in Lieu of Taxes Investment Earnings Miscellaneous Total Revenues	167,417,967 61,733,613 7,693,209 2,725,424 852,651 271,676,852		157,160,325 61,667,078 17,285,067 (2,811,484) 1,244,896 273,217,573	
Program Expenses Instructional Support Services Food Service Operations Community Services Extracurricular Activites Interest and Fiscal Charges Total Expenses	 160,225,217 82,263,574 6,819,308 3,867,914 7,471,485 3,987,816 264,635,314		137,542,008 74,679,081 7,158,233 3,186,675 6,065,023 4,170,004 232,801,024	
Change in Net Position Net Position (Deficit) at Beginning of Year,	 7,041,538 (24,024,086)		40,416,549 (64,440,635)	
Net Position (Deficit) at End of Year	\$ (16,982,548)	\$	(24,024,086)	

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2023 UNAUDITED

Charges for services increased significantly in comparison with the prior fiscal year while operating grants and contributions decreased. These changes are the result of the end of USDA waivers in FY22 that allowed us to provide free breakfast and lunch. Because of this ending, sales increase and the revenue structure returned to the our prepandemic mix of sales and grants. Operating grants and contributions also decreased as a result of the ESSER funding beginning to wind down as all funding must be obligated by September of 2024.

Property taxes increased significantly in comparison with the prior fiscal year. This increase is the result of timing of property tax collections and an increase in the amount available for advance compared to the prior year, causing more of the property taxes receivable being reported as revenue rather than a deferred inflow

Payments in Lieu of Taxes decreased significantly in comparison with the prior fiscal year. This decrease is the result a decrease in amounts received from Board of Revision hearings due to HB126 direct payments from companies when challenging property values.

Investment earnings increased significantly for the current year as a result of the improving market.

Total Expenses increase significantly in comparison with the prior fiscal year. This increase is primarily the result of an increase in pension expense from \$164,375 in fiscal year 2022 to \$25.3 million in fiscal year 2023. This increase is primarily the result of changes in benefit terms, changes in actuarial assumptions, and lower than expected returns on pension plan investments.

The Statement of Activities shows the cost of program services and the charges for services and operating grants and contributions offsetting those services. The table below reflects the cost of program services and the net cost of those services after taking into account the program revenues for the governmental activities. General revenues including tax revenue, investment earnings and unrestricted State entitlements must support the net cost of program services.

	Total Cost of Services			Net Cost of	f Services
Programs	2023 2022			2023	2022
Instructional	\$ 160,225,217	\$ 137,542,008	\$	146,756,292	\$ 121,147,944
Support Services	82,263,574	74,679,081		76,937,607	68,234,064
Food Service	6,819,308	7,158,233		(140,393)	(3,230,920)
Community Services	3,867,914	3,186,675		189,528	(444,431)
Extracurricular Activites	7,471,485	6,065,023		5,896,128	4,623,934
Interest and Fiscal Charges	3,987,816	4,170,004		3,742,164	3,798,742
Total	\$ 264,635,314	\$ 232,801,024	\$	233,381,326	\$ 194,129,333

Local property taxes make up 69.6% of total general revenues for governmental activities. The net services column reflects the need for \$233.4 million of support indicating the reliance on general revenues to support governmental activities.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2023 UNAUDITED

The District's Funds

The District's governmental funds reported a combined fund balance of \$165.8 million which represents an increase of \$5.9 million as compared to last year according to the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances. The schedule below shows the fund balance and the total change in fund balance from June 30, 2022 to 2023.

	Fund Balance	Fund Balance	Increase/
	June 30, 2023	June 30, 2022	(Decrease)
General Fund	\$ 122,390,155	\$ 120,523,285	\$ 1,866,870
Bond Retirement Fund	21,365,348	20,172,839	1,192,509
Other Governmental Funds	22,026,472	19,167,929	2,858,543
Total	\$ 165,781,975	\$ 159,864,053	\$ 5,917,922

General Fund

The District's General Fund balance increased as a result of an increase in payments in lieu of taxes from Board of Revision payments being deferred for FY2022 and recognized in FY2023 on the fund level. Interest earnings increased significantly for the current year as a result of the improving market The District is entering the stage of the operating levy cycle where we will soon need to place an issue on the ballot.

	2023	2022	Change
Revenues by Source:			
Property Taxes	\$ 147,099,484	\$ 138,390,667	6.3%
Payments in Lieu of Taxes	14,348,079	10,459,575	37.2%
Intergovernmental	63,993,786	63,982,990	0.0%
Interest Earnings	2,397,401	(2,869,208)	183.6%
Other Revenue	2,026,276	2,576,186	-21.3%
Total Revenues	\$ 229,865,026	\$ 212,540,210	8.2%

As the table below indicates, the largest portion of General Fund expenditures at 63.0% is for instruction.

	2023	2022	Change
Expenditures by Function:			
Instruction	\$ 143,526,033	\$ 131,149,482	9.4%
Support Services	75,620,097	71,768,894	5.4%

Capital Outlay	2,252,506	1,807,357	24.6%
Debt Service	277,500	277,500	0.0%
Total Expenditures	\$ 227,754,502	\$ 210,624,559	8.1%

The increase in expenditures is primarily the result of an increase in salaries and benefits due to the additional staffing positions needed to maintain the online academy while we return to a more normal mode of operation.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2023 UNAUDITED

Bond Retirement Fund

The Bond Retirement fund balance has increased by \$1.2 million due to revenue collections and transfers in from the General fund exceeding principal and interest payments. The revenues of the fund are property taxes, calculated by the county auditor, and state homestead and rollback money computed as a percentage of the tax due to the fund. The expenditures of the fund include principal and interest payments as well as county auditor and treasurer fees.

Other Funds

Other governmental funds consist of the Permanent Improvement fund, Building fund and Special Revenue funds. The aggregate fund balance of these funds showed an increase of \$2.9 million. This is mainly due to increases in the permanent improvement fund from the collection of property taxes exceeded expenditures due to timing of projects being pushed from extended lead times.

General Fund Budget Information

The District's budget is prepared in accordance with Ohio law and is based on the cash basis of accounting, utilizing cash receipts, disbursements and encumbrances. Changes are made to the District's budget as changes in revenues and spending patterns are experienced. Original appropriations of \$229.4 million were increased by \$2.5 million during 2023 to \$231.9 million to accommodate the certified 1-year contract extension incentive.

The District uses the five-year forecast as the original document from which to form the operating budget. After updating the forecast for changes in revenue and expenditure assumptions, the operating budget begins at the school building level. Each school building in the District receives a per pupil allocation augmented with resources for special education students in the specific buildings. Budgets are reviewed periodically to ensure management becomes aware of any variations during the year.

For Fiscal Year 2023, the District budgeted for \$213.8 million in revenues and \$231.9 million in expenditures and a net decrease in fund balance of \$18.1 million. Due in part to conservative budgeting and spending cuts, the District spent \$2.9 million less than budgeted. The District's actual revenues were \$12.2 million higher than budgeted primarily due to large increase in board of revision settlements received right before HB126 went into effect on July 20,2022. When taken together, the District experienced a net decrease of \$2.9 million in fund balances.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2023 UNAUDITED

Capital Assets

At fiscal year-end, the District had \$148.4 million (net of accumulated depreciation) invested in land, buildings and improvements, improvements other than buildings, equipment and vehicles, a decrease of \$3.7 million in comparison with the prior fiscal year. This decrease represents the amount in which current year depreciation and disposals of \$9.3 million exceeded current year additions of \$5.5 million.

See note 7 to the basic financial statements for additional information on Capital Assets.

Debt Administration

At fiscal year-end, the District had \$105.8 million in outstanding general obligation bonds and taxable Qualified School Construction Energy Conservation Bonds including unamortized premiums. These amounts represent decreases of \$12.7 million in comparison with the prior fiscal, and are a result of current year principal payments and amortization.

See note 8 to the basic financial statements for additional information on long-term obligations.

Economic Conditions and Outlook

The latest five-year forecast shows a positive cash balance through fiscal year 2026. Actual expenditures begin to exceed projected revenues in FY23 and continue through the forecast. Property tax reduction laws in Ohio limit any increases in revenues a school district can receive due to increased property values. This requires school districts to periodically return to voters for additional levies. The current plan is to place an operating levy on the ballot in 2024.

The District completed new contracts with both labor unions that went into effect July 1 of 2021 through June 30 of 2024 and both labor unions have agreed to one year contract extensions making the agreements effective through June 30 of 2025. Certified and classified employees received a 2% cost of living increase as well as step increases.

Request for Information

This financial report is designed to provide the citizens, taxpayers, customers, and creditors with a general overview of the District's finances and to show accountability for the money it receives. Questions concerning any information provided in this report should be addressed to the Treasurer of the Hilliard City School District, 2140 Atlas Street, Columbus, Ohio 43228.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 1 – REPORTING ENTITY

The Hilliard City School District (the District) was organized in 1870 and is a fiscally independent political subdivision of the State of Ohio. The District is governed by a five-member board of education (the Board) elected by the citizens of the District.

The accompanying basic financial statements comply with the provisions of Governmental Accounting Standards Board (GASB) Statement No. 14, "The Financial Reporting Entity", as amended by GASB Statement No. 39, "Determining Whether Certain Organizations are Component Units", and GASB Statement No. 61, "The Financial Reporting Entity Omnibus – an amendment to GASB Statement No. 14 and 34", in that the financial statements include all organizations, activities, and functions for which the District is financially accountable. Financial accountability is defined as the appointment of a voting majority of a component unit's board and either (i) the District's ability to impose its will over a component unit, or (ii) the possibility that the component unit will provide a financial benefit or impose a financial burden on the District. On that basis, the reporting entity of the District includes the services of the District only (i.e., there are no component units).

JOINTLY GOVERNED ORGANIZATIONS:

The District is a participant among over 200 educational-focused entities in a jointly governed organization to operate the Metropolitan Educational Technology Association (META). META was formed for the purpose of applying modern technology, with the aid of computers and other electronic equipment, to administrative and instructional functions among member districts. META is governed by a board of directors consisting of a member of the board of education and a member of the administrative staff from each of the participating members. The District does not have an ongoing financial interest in or ongoing financial responsibility for META. Financial statements for META can be obtained from META administrative offices at 2100 City Gate Dr., Columbus, Ohio 43219. During fiscal year 2023, the District paid META \$136,435 for services.

Tolles Career & Technical Center in Madison County is a jointly governed organization of the District. The District's Board of Education appoints one member of the seven-member Board of Education of Tolles. However, the financial statements of Tolles are not included within the District's reporting entity as the District cannot impose its will and there is no financial benefit, financial burden relationship or related party transactions between the District and Tolles.

The District's reporting entity includes the following:

St. Brendan's School – Within the District's boundaries, St. Brendan School is operated as a private school. Current State legislation provides funding to the parochial school. The monies are received and disbursed on behalf of the parochial school by the Treasurer of the District, as directed by the parochial school. The activity is reflected in a special revenue fund of the District.

Sunrise Academy – Within the District's boundaries, Sunrise Academy is operated as a private school. Current State legislation provides funding to the Academy. The monies are received and disbursed on behalf of the Academy by the Treasurer of the District, as directed by the Academy. The activity is reflected in a special revenue fund of the District.

Dublin Prep Academy – Within the District's boundaries, Dublin Prep Academy is operated as a private school. As a non-religious non-public school, the Academy's state funding is paid directly to the Academy and no monies were received or disbursed by the District on the Academy's behalf.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 1 – REPORTING ENTITY (continued)

GEC School – Within the District's boundaries, the GEC School is operated as a private school. Current legislation provides funding to the evangelical school. The monies are received and disbursed on behalf of the school by the Treasurer of the District, as directed by the evangelical school. The activity is reflected in a special revenue fund of the District.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The GASB is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The District's significant accounting policies are described below.

A. Government-wide and fund financial statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all non-fiduciary activities of the District. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements except for interfund services provided and used. Governmental Activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for services. Likewise, the primary government is reported separately from legal component units for which the primary government is financially accountable. The District (primary government) has no business-type activities or component units.

The statement of activities demonstrates the degree to which direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to those who benefit from the goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental, proprietary, and fiduciary funds. Fiduciary funds are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

B. Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the fiduciary and proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when the liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 30 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred under accrual accounting. However, debt services expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded when payment is due.

Nonexchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, payment in lieu of taxes, grants, entitlements, and donations. On the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied (See Note 4). Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the District must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets, deferred outflows of resources, current liabilities and deferred inflows of resources generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing resources) and uses (i.e., expenditures and other financing uses) of current financial resources. The approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government- wide statements and the statement for the governmental funds.

The District reports the following major governmental funds:

<u>General Fund</u> – The General Fund is the general operating fund of the District and is used to account for all financial resources except those required to be accounted for in another fund.

<u>Bond Retirement Fund</u> – The Bond Retirement Fund, a debt service fund, is used to account for the accumulation of resources restricted for the payment of general long-term debt principal, interest and related costs.

The District's non-major governmental funds include the following fund types:

<u>Permanent Improvement Fund</u> – The Permanent Improvement Fund, a capital projects fund, is used to account for permanent improvement tax levy receipts and other resources restricted to expenditure for acquiring, constructing, or improving major capital facilities.

<u>Building Fund</u> – The Building Fund, a capital projects fund, is generally used to account for activities related to major construction projects and renovations to existing buildings throughout the District. When appropriate this fund is also used to account for debt proceeds and associated costs of the construction of new school buildings.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

<u>Special Revenue Funds</u> – Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted or committed to expenditures for specific purposes other than debt service or capital projects.

Additionally, the District reports the following fund types:

<u>Proprietary Fund</u> – The District's proprietary fund consists of an internal service fund. Internal service funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the District or to other governments on a cost reimbursement basis. The Self Insurance Internal Service Fund accounts for the interfund charges and claim payments applicable to the District's group health insurance plan.

<u>Fiduciary Funds</u> – Fiduciary Funds are used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governmental units and/or other funds. The District's fiduciary fund consists of a Custodial Fund which is used to account for assets held by the District as fiscal agent for the Ohio High School Athletic Association with monies collected and distributed by the District on their behalf.

C. Cash, Cash Equivalents and Investments

The majority of cash received by the District is pooled in a central bank account with individual fund balance integrity retained throughout. For presentation on the basic financial statements, investments of the cash management pool and investments with original maturities of three months or less at the time they are purchased by the District are considered to be cash equivalents. Investments with an initial maturity of more than three months are reported as investments.

During the fiscal year, the District had funds invested in the State Treasury Asset Reserve of Ohio (STAR Ohio). STAR Ohio is an investment pool managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investments purposes. STAR Ohio is not registered with the SEC as an investment company, but has adopted Governmental Accounting Standards Board (GASB), Statement No. 79, "Certain External Investment Pools and Pool Participants." The District measures their investment in STAR Ohio at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides a NAV per share that approximates fair value.

The Ohio Revised Code authorizes the District to invest in United States and State of Ohio bonds, notes, money market and other obligations; bank certificates of deposit; banker's acceptances; commercial paper notes rated prime and issued by United States corporations; and STAR Ohio. It is management's policy to invest in all of the above types of investments.

Investment earnings are allocated as authorized by State statue or as governed by Board policy. Interest revenue credited to the General Fund during the fiscal year amounted to \$2.4 million which includes \$646,413 assigned from other District funds.

D. Inventory

All inventories are valued at cost using the first in, first out (FIFO) method. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased. At fiscal year-end, inventory consists of donated food and purchased food. Donated commodities are presented at their entitlement value.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

E. Capital Assets and Depreciation

General capital assets are those assets not specifically related to activities reported in the governmental funds. These assets are reported in the government-wide statement of net position but are not reported in the fund financial statements.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their acquisition values as of the date received. Intangible assets are those that lack physical substance, are non-financial in nature and have an initial useful life extending beyond a single reporting period. Intangible assets are capitalized at cost. The District's policy is to capitalize all assets with a cost of \$5,000 or more and a useful life of more than one year. The District has no infrastructure.

All reported capital assets, with the exception of land and intangible assets with an indefinite useful life, are depreciated. Intangible assets that are to be depreciated are included in the appropriate category below following the same depreciation schedule. Improvements are depreciated over the remaining useful life of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

Land Improvements	20
Buildings & Improvements	20-50
Furniture, Fixtures and Equipment	5-20
Buses, Autos and Trucks	5-10

F. Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditure/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. These transfers are eliminated from the statement of activities.

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "due to/from other funds", and receivables and payables resulting from long-term interfund loans are classified as "advances to/from other funds". These amounts are eliminated in the statement of net position.

G. Compensated Absences

The District has implemented the provisions of GASB Statement No. 16, "Accounting for Compensated Absences". Vacation benefits are accrued as a liability as the benefits are earned if the employee's rights to receive compensation are attributable to services already rendered and it is probable that the employer will compensate the employees for the benefits through paid time off or some other means. Sick leave benefits are accrued as a liability using the vesting method. The liability is based on the sick leave accumulated at June 30 by those employees who are currently eligible to receive termination payments and those employees for whom it is probable they will become eligible to receive termination benefits in the future. The criteria for determining the vacation and sick leave liability are derived from Board policy, negotiated agreements, state laws and past experience.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Administrators and classified staff who work twelve-month contracts are granted vacation leave. The leave amount is based on length of service and position. The District accrues vacation leave benefits as earned. Accrued vacation may be carried forward for the next fiscal year. Administrators may carry over an amount of vacation equal to 60 days. Upon separation, administrators are paid for the unused vacation earned, but not used, up to a maximum of 30 days. The maximum classified staff may carry over is the amount of vacation earned, but not used, during the preceding two years of continued employment by the District. District employees earn sick leave at fifteen days per year, which, if not taken, accumulates to a maximum of 255 days. Upon retirement, an employee is paid one-fourth of the accumulated sick leave up to a maximum of 60 days for certified and administrative staff and 63 and 3/4 days for classified staff. The General Fund is primarily responsible for liquidating the liability.

The entire compensated absences liability is reported on the entity-wide financial statements. Governmental fund financial statements report a liability for compensated absences and the retirement incentive to the extent the liabilities mature each period and are expected to be paid using expendable available financial resources.

H. Accrued Liabilities and Long-term Debt

All payables, accrued liabilities and long-term debt are reported in the entity-wide financial statements. For governmental fund financial statements, accrued liabilities are generally reported if payment is due as of the balance sheet date regardless of whether they will be liquidated with current financial resources. However, claims and judgments, termination benefits and compensated absences paid from governmental funds are reported as a fund liability only to the extent they are expected to be paid from expendable available financial resources. Long-term liabilities or liabilities with a maturity of more than one year paid from governmental funds are not recognized within the fund financial statements until payment is due.

I. Deferred Outflows/Inflows of Resources

In addition to assets, the statements of financial position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net assets that applies to a future period and will not be recognized as an outflow of resources (expenses/expenditure) until then. For the District, deferred outflows of resources are reported on the government-wide statement of net position for deferred amount on refunding, pension and OPEB. A deferred amount on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The deferred outflows of resources related to pension and OPEB plans are explained in Notes 10 and 11.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

In addition to liabilities, the statements of financial position report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net assets that applies to a future period and will not be recognized until that time. For the District, deferred inflows of resources include property taxes, accounts receivable, pension, OPEB and unavailable revenue. Property taxes represent amounts for which there is an enforceable legal claim as of June 30, 2023, but which were levied to finance fiscal year 2024 operations. These amounts have been recorded as a deferred inflow on both the government-wide statement of net position and the governmental fund financial statements. Unavailable revenue is reported only on the governmental funds balance sheet, and represents receivables which will not be collected within the available period. For the District, unavailable revenue includes delinquent property taxes, intergovernmental revenues, and interest income. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available. The details of these unavailable revenues are identified on the Reconciliation of Total Governmental Fund Balances to Net Position of Governmental Activities found on page 21. Deferred inflows of resources related to pension and OPEB plans are reported on the government-wide Statement of Net Position (Sees Note 10 and 11).

J. Pensions/Other Postemployment Benefits (OPEB)

For purposes of measuring the net pension/OPEB liability, net OPEB asset, deferred outflows of resources and deferred inflows of resources related to pensions/OPEB, and pension/OPEB expense, information about the fiduciary net position of the pension/OPEB plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension/OPEB plans report investments at fair value.

K. Fund Balances

Fund balance is divided into five classifications based primarily on the extent to which the District is bound to observe constraints imposed upon the use of the resources in governmental funds. The classifications are as follows:

Nonspendable: The nonspendable fund balance classification includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The "not in spendable form" includes items that are not expected to be converted to cash.

Restricted: Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions or enabling legislation.

Committed: The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the Board of Education. The committed amounts cannot be used for any other purpose unless the Board of Education removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Assigned: Amounts in the assigned fund balance classification are intended to be used by the District for specific purposes but do not meet the criteria to be classified as restricted or committed. Although no specific resolution has been made, the District Board of Education authorizes the Treasurer to assign fund balance. The Board may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget.

Unassigned: Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The District applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

L. Management Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United State of America requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities and deferred inflows of resources at the date of the financial statements and the reported amounts of revenues and expenditures during the reported period. Actual results could differ from those estimates.

M. Net Position

Net position represents the difference between assets, deferred outflows of resources, liabilities and deferred inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction, or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors, or laws and regulations of other governments. The District applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

None of the District's reported net position at June 30, 2023 was restricted by enabling legislation.

N. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the Board of Education and that are either unusual in nature or infrequent in occurrence. There were no extraordinary or special items reported during the current fiscal year.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

O. Bond Premiums, Discounts and Issuance Costs

In the government-wide financial statements, bond premiums and discounts are deferred and amortized over the term of the bonds using the straight-line method, which approximates the effective interest method. Bonds payable are reported net of the applicable bond premium and discount. Bond issuance costs are expensed in the period in which they are incurred.

On the governmental fund financial statements, governmental fund types recognize bond premiums and bond discounts in the current period. The face amount of the debt issue is reported as other financing sources. Premiums and discounts received on debt issuances are reported as other financing sources and uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

NOTE 3 - DEPOSITS AND INVESTMENTS

State statutes classify monies held by the District into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits the Board of Education has identified as not required for use within the current five-year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings accounts, including passbook accounts.

Protection of the District's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, or by the financial institutions participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution.

A. Cash, Cash Equivalents and Investments

The deposit and investment of the District's monies is governed by the provisions of the Ohio Revised Code (ORC). In accordance with these statutes, the District is authorized to invest in United States and State of Ohio bonds, notes, and other obligations; bank certificates of deposit; banker acceptances; commercial paper notes rated prime and issued by United States corporations; repurchase agreements secured by United States obligations; and STAR Ohio.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 3 – DEPOSITS AND INVESTMENTS (continued)

B. Deposits

Custodial credit risk for deposits is the risk that, in the event of bank failure, the District will not be able to recover deposits or collateral securities that are in the possession of an outside party. At fiscal year-end, the carrying amount of the District's deposits was \$4,071,863 exclusive of \$6,203 in cash on hand. The combined bank balance was \$4,673,924, of which \$1,349,869 was covered by Federal Deposit Insurance Corporation (FDIC) and the remaining balance was uninsured and collateralized. The District's financial institution was approved for a reduced collateral rate of 50% through the Ohio Pooled Collateral System.

The District has no deposit policy for custodial credit risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by:

- 1. Eligible securities pledged to the District and deposited with a qualified trustee by the financial institution as security for repayment whose fair value at all times shall be at least 105% of the deposits being secured; or
- 2. Participation in the Ohio Pooled Colleterial System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution. OPCS requires the total fair value of the securities pledged to be 102% of the deposits being secured or a rate set by the Treasurer of State.

C. Investments

As of June 30, 2023, the District had the following investments and maturities:

					Investmen	t Ma	iturities
	Credit		Percent		Within		More than
Investment Type	Rating	Amount	of Total		1 Year		1 Year
STAR Ohio	AAA	\$ 30,942,783	23.54%	\$	30,942,783	\$	
FHLB	AA	16,053,762	12.21%		1,926,326		14,127,436
FHLMC	AA	1,694,543	1.29%		-		1,694,543
FNMA	AA	5,238,770	3.98%		449,384		4,789,386
FFCB	AA	14,885,524	11.32%		1,927,402		12,958,122
FAMC	Not Rated	4,345,607	3.31%		-		4,345,607
TVA	Not Rated	1,410,210	1.07%

Total		\$ 131,468,506	100.00%	\$	58,802,255	\$	71,256,041

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 3 – DEPOSITS AND INVESTMENTS (continued)

In accordance with GASB Statement No. 79, the District's investment in STAR Ohio is reported at amortized cost. All other District investments are reported at fair value. The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The District reports its money market investment as a level 1 input and all other investments as level 2 inputs. The District's level 2 inputs consist of institutional bond quotes and evaluations based on various market and industry inputs.

Interest Rate Risk: The Ohio Revised Code generally limits security purchases to those that mature within five years of the settlement date. Board policy dictates that the Treasurer may take no more than 25% of the funds to a maximum maturity of five years from the date of purchase as long as cash flow requirements allow the securities to be held to maturity.

Diversification Requirements: The following securities are authorized under both the District's policy and the Ohio Revised Code. District policy requires diversification of the portfolio to avoid incurring unreasonable risks inherent in over investing in specific instruments, individual financial institutions or maturities.

Diversification by Instrument	Maximum Percent of Portfolio
U.S. Treasurer Obligations (bills, notes and bonds)	100%
U.S. Government Agency/Instrumentalities	75%
Certificates of Deposit/Bank Deposits (collateralized)	75%
Repurchase Agreements (repos)	25%
State and Local Government Securities	20%
State of Ohio Investment Pool	75%
Commercial Paper/Banker's Acceptance	25%

Credit Risk: The Ohio Revised Code requires that investments in commercial paper are rated at the time of purchase in the highest classification. In addition, as noted above, the District's investment policy and the Ohio Revised Code place limitations on the types of investments allowed by the District.

Concentration of Credit Risk: The District places limits on the amount the District may invest in any one issuer as disclosed above under diversification requirements. The District investments are in U.S. Government Agency (FHLB, FHLMC, FNMA, FFCB, FAMC and TVA), Commercial Paper, Broker CDs, STAR Ohio, US Treasury Obligations and money market funds. These investments are 33.18%, 5.77%, 4.46%, 23.54%, 31.49% and 1.56% respectively, of the District's total investments, for the amounts listed above. For meeting District diversification requirements certificates of deposit and savings accounts must also be taken into consideration. When taking into account the \$4,673,924 in cash (regular CDs, savings accounts and checking accounts) the District holds, the concentration of credit risk goes to insured/collateralized deposits, U.S. Government Agency (FHLB, FHLMC, FNMA, FFCB, FAMC and TVA), Commercial Paper, Broker CDs, STAR Ohio, US Treasury Obligations and money market funds. These percentages of concentration are 32.05%, 5.57%, 4.31%, 22.73%, 30.41% and 1.51% respectively.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 4 - PROPERTY TAXES

Property taxes are levied and assessed on a calendar year basis while the District fiscal year runs from July through June. First half tax collections are received by the District in the second half of the fiscal year. Second half tax distributions occur in the first half of the following fiscal year.

Property taxes include amounts levied against all real, public utility property, and tangible personal property (used in business) located in the District. Real property tax revenues received in calendar year 2023 represent the collection of calendar year 2022 taxes. Real property taxes received in calendar year 2023 were levied after April 1, 2022, on the assessed values as of January 1, 2022, the lien date. Assessed values for real property taxes are established by State law at thirty-five percent of appraised market value. Real property taxes are payable annually or semiannually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility property tax revenues received in calendar year 2023 represent the collection of calendar year 2022 taxes. Public utility real and tangible personal property taxes received in calendar year 2023 became a lien on December 31, 2021, were levied after April 1, 2022, and are collected in 2023 with real property taxes. Public utility real property is assessed at twenty-five percent of true value.

The District receives property taxes from Franklin County. The County Auditor periodically advances to the District its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2023, are available to finance fiscal year 2023 operations. The amount available to be advanced can vary based on the date the tax bills are sent. Accrued property taxes receivable includes personal property and public utility taxes, and the late June personal property settlement which are measurable as of June 30, 2023 and for which there is an enforceable legal claim. Although total property tax collections for the next fiscal year are measurable, only the amount of real property taxes available as an advance at June 30 and the late personal property tax settlement were levied to finance current fiscal year operations.

On a full accrual basis, collectible delinquent property taxes and the amount available as an advance have been recorded as a receivable and revenue while the rest of the receivable is deferred. On a modified accrual basis, only the amount available as an advance is recognized as revenue.

The assessed values upon which the fiscal year 2023 taxes were collected are:

	2022 Second Half			2023 First Half			
		Amount	Percent		Amount	Percent	
Real Estate	\$	3,334,675,000	95.89%	\$	3,389,690,850	95.64%	
Public Utility Personal		143,022,600	4.11%		154,517,680	4.36%	
Total	\$	3,477,697,600	100.00%	\$	3,544,208,530	100.00%	
Tax rate per \$1,000 of assessed valuation		91.90			91.55		

The Franklin County Treasurer collects property taxes on behalf of the District. The County Auditor periodically remits to the District its portion of the taxes collected. These tax "advances" are based on historical cash flow collection rates. Final "settlements" are made each February and August.

Accrued property taxes receivables represent real property, personal property and public utility taxes which were measurable but not available as of June 30, 2023. However, monies legally available as an advance to the District as of June 30, 2023 are recognized as revenue as they are both measurable and available. The District is prohibited by law from appropriating this amount in accordance with Ohio Revised Code Section 5705.35.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 5 – TAX ABATEMENTS

Under Community Reinvestment Area (CRA) and other property tax abatements entered into by the City of Hilliard and the City of Columbus, the District's property tax revenues were reduced by \$1.2 million and \$496,958 during the fiscal year, respectively. Compensation payments received from the cities during the fiscal year totaled \$875,146.

NOTE 6 – INTERFUND TRANSACTIONS

Due To/From Other Funds:

An interfund receivable and payable of \$40,967 reported within the General Fund and Other Governmental Funds respectively, represents the amount due to the General Fund from Special Revenue Funds for negative cash balances. The negative cash balances reported within the Special Revenue Funds is due to the timing of grant receipts and allowable grant expenditures.

Interfund Transfers:

The following is a summary of transfers in and out between all funds during the current fiscal year:

Fund	 Transfers Out	Transfers In		
General Fund	\$ 293,909	\$	-	
Bond Retirement Fund	-		293,909	

Transfers are used to (a) move revenues from the fund that statue or budget requires to collect them to the fund that statute or budget requires to expend them and/or (b) to use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 7 – CAPITAL ASSETS

A summary of capital asset activity for the fiscal year follows:

Governmental Activities	Beginning Balance		Additions/ Transfers In		Disposals/ Transfers Out		Ending Balance	
Nondepreciable Captial Assets Land Construction in Progress Total Nondepreciable Assets	\$	13,114,136 3,233,339 16,347,475	\$	1,328,702 1,328,702	\$	(4,354,478) (4,354,478)	\$	13,114,136 207,563 13,321,699
Depreciable Capital Assets Land Improvements Buildings and Improvements Furniture, Fixtures and Equipment Vehicles		48,397,637 241,014,937 16,050,221 15,392,909		1,188,708 4,492,367 943,285 1,943,099		- (94,479) (872,296)		49,586,345 245,507,304 16,899,027 16,463,712
Total Depreciable Assets Less accumulated depreciation Land Improvements		320,855,704 (28,849,223)		8,567,459 (1,999,753)		(966,775)		(30,848,976)
Buildings and Improvements Furniture, Fixtures and Equipment Vehicles Total accumulated depreciation		(135,923,092) (10,307,520) (9,966,322) (185,046,157)		(5,054,700) (766,562) (1,432,254) (9,253,269)		62,075 872,296 934,371	_	(140,977,792) (11,012,007) (10,526,280) (193,365,055)

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 8 – LONG-TERM OBLIGATIONS (continued)

Long-Term obligations of the District are included in the Statement of Net Position. Payments of principal and interest relating to these liabilities are recorded as expenditures in the General, Bond Retirement and Permanent Improvement Funds. There is no repayment schedule for the net pension liability and net OPEB liability; however, employer pension and OPEB contributions are made from the fund benefiting from the employee's service which include the General Fund, Food-Service fund, Latchkey fund, District-managed student activity fund, Auxiliary Services, Special Education Part-B IDEA grant, Title III Immigrant/EL grants, Title I, Special Education Preschool grant, and the Title II-A Supporting Effective Instruction grant funds. For additional information related to the net pension liability and net OPEB liability see notes 10 and 11.

Series 2009A School Improvement

Issued to retire a bond anticipation note (BAN) in the amount of \$10,000,000. The BAN was issued for construction purposes and to purchase various capital assets for school improvement.

Series 2011 Energy Conservation

Issued as federally taxable QSCBs (Qualified School Construction Energy Conservation Bonds) under the American Recovery and Reinvestment Act of 2009 for the purpose of installing, modifying and remodeling school buildings to conserve energy. The term bonds mature December 1, 2025 and are subject to mandatory sinking fund requirements. The District will receive direct federal subsidy payments for interest due equal to the lesser of 100% of the interest due or the tax credit rate published daily by the U.S. Treasury, for municipal tax- credit bonds as of the date the bonds are issued. The bonds are subject to extraordinary redemption prior to maturity by either mandatory redemption or optional redemption. Mandatory redemption will occur should the District fail to spend the proceeds within the 3-year period or, if applicable, IRS approved extended period. The mandatory redemption prior to maturity, in whole or part, would occur within 90 days following the close of the three-year period or extended period. The bonds would be redeemed for 100% of the principal plus any interest accrued up to the redemption date. Optional redemption prior to maturity is at the sole discretion of the District in the event QSCB direct payments cease or are reduced. Redemption, in whole or part, will be equal to 100% of the principal amount redeemed plus any accrued interest to the redemption date. At fiscal year-end, the District's mandatory sinking fund balance was \$4,038,515. This amount is reported as Restricted Cash and Cash Equivalents.

Series 2013A Refunding

Issued to advance refund a portion of the 2006A (F) serial bonds. The bond proceeds were invested in obligations guaranteed as to both principal and interest by the United States Government and placed in an escrow account which will use principal and earned interest to pay the interest and principal of the refunded portion of the debt. As a result, the District has in-substance satisfied its obligations through the advance refunding of the serial bonds. The refunding resulted in a decrease of debt service payments of \$3,614,663 with an economic gain of \$3,460,536. The amount of defeased debt as of June 30, 2023 is \$0.

Series 2013B Refunding

Issued to advance refund a portion of the 2005 (B) refunding bonds. The bond proceeds were invested in obligations guaranteed as to both principal and interest by the United States Government and placed in an escrow account which will use principal and earned interest to pay the interest and principal of the refunded portion of the debt. As a result, the District has in-substance satisfied its obligations through the advance refunding of the serial bonds. The refunding resulted in a decrease of debt service payments of \$1,521,002 with an economic gain of \$1,441,546. The amount of defeased debt as of June 30, 2023 is \$0.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 8 - LONG-TERM OBLIGATIONS (continued)

Series 2014 Refunding

Advance refunded portion of 2006 School Improvement Bonds. The bond proceeds were invested in obligations guaranteed as to both principal and interest by the United States Government and placed in an escrow account which will use principal and earned interest to pay the interest and principal of the refunded portion of the debt. As a result, the District has in-substance satisfied its obligations through the advance refunding of the serial bonds. The refunding resulted in a decrease of debt service payments of \$917,982 with an economic gain of \$922,139. The defeased amount of the debt at June 30, 2023 is \$0.

Series 2015 Refunding

Partial current refunding of Series 2005 and partial advance refunding of Series 2009A. The proceeds from the refunding will be placed in escrow accounts for each respective issue refunded which will use principal and earned interest to pay the interest and principal of the refunded portion of the debt. As a result, the District has in-substance satisfied its obligations through the refunding of the serial bonds. The refunding resulted in a decrease in debt service payments of \$1,244,811 and an economic gain of \$108,364. The amount of defeased debt at June 30, 2023 is \$0.

Series 2016 School Improvement

Issued as a portion of the November 2016 bond levy to construct a new middle school and to renovate and improve existing facilities, part of a \$50,000,000 bond levy passed by the voters in November 2016.

Series 2017 School Improvement

Issued as the remainder of the November 2016 bond levy to construct a new middle school and to renovate and improve existing facilities, part of a \$50,000,000 bond levy passed by the voters in November 2016.

Series 2021 Refunding

Advance refunded portion of Series 2013B refunding bonds. The proceeds from the refunding will be placed in escrow accounts for each respective issue refunded which will use principal and earned interest to pay the interest and principal of the refunded portion of the debt. As a result, the District has in-substance satisfied its obligations through the advance refunding of the serial bonds. The refunding resulted in a decrease in debt service payments of \$1,332,519 and an economic gain of \$537,783. The amount of defeased debt at June 30, 2023 is \$11,815,000.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 8 - LONG-TERM OBLIGATIONS (continued)

The following is a summary of future annual debt service requirements for maturity for the general obligation bonds:

	General Obligation Bonds					
Fiscal Year		Principal		Interest		
		_				
2024	\$	12,315,000	\$	3,491,043		
2025		13,010,000		3,050,857		
2026		15,180,000		2,558,317		
2027		10,395,000		2,090,125		
2028		10,640,000		1,742,337		
2029-2033		7,805,000		7,066,963		
2034-2038		9,495,000		5,341,963		
2039-2043		11,520,000		3,291,344		
2044-2047		10,915,000		893,188		
Total	\$	101,275,000	\$	29,526,137		

Debt Limitation

The Ohio Revised Code provides that voted net general obligation debt of the District shall never exceed 9% of the total assessed valuation of the District. The code further provides that, exclusive of certain "exempt debt," unvoted indebtedness shall not exceed 1/10 of 1% of the property valuation of the District. The code additionally states that unvoted indebtedness related to energy conservation debt shall not exceed 9/10 of 1% of the property valuation of the District. The effects of these debt limitations at fiscal year-end are voted debt limit of \$318,978,768, a general unvoted debt limit of \$3,544,209, and an energy conservation unvoted debt limit of \$31,897,877. The District's debt outstanding was within these limits.

Compensated Absences

Compensated absences represent accumulated vacation and an estimated severance liability for employees both eligible to retire and those expected to become eligible in the future. The entire compensated absences balance is reported on the entity-wide financial statements. For governmental fund financial statements, the compensated absences are reported only to the extent they have matured and will be paid with current financial resources. The noncurrent portion of the liability is not reported.

The District pays obligations related to employee compensation from the fund benefitting from their service, except for compensated absences for governmental funds, which are paid from the General Fund.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 9 - SELF-INSURANCE FUND AND RISK MANAGEMENT

The District carries all-risk property insurance on buildings and contents, fleet insurance on all rolling stock, liability and excess liability insurance coverage as well as officers' liability insurance, employee benefits liability and workers' compensation intentional acts defense coverage. All employees are covered by the District's blanket bond. There have been no changes in the aforementioned insurance coverage. Additionally, there were no settlements in excess of insurance coverage over the past three years.

The District became self-insured for workers' compensation costs effective July 1, 2014. The District uses actuarial evaluations to establish the charges adequate to cover all incurred claims and build a reserve against future claims. The District maintains reinsurance for claims over \$400,000 with Midwest Employers Casualty Company.

The District has a limited risk management program for employee health benefits. The premiums are paid into the Self-Insurance Internal Service Fund by the participating District funds. Premiums are based on the District's claims experience. An excess coverage insurance policy covers individual claims in excess of \$250,000 and aggregate claims in excess of the aggregate stop loss amount which is calculated as 120% of expected claims, divided by the expected number of participants at the beginning of the plan year, divided by the number of months in the policy year. The maximum benefit amount that will be paid for claims in excess of the aggregated stop loss amount is \$1,000,000 for the plan year. Additionally, effective January 1, 2014, the District is self-insuring dental insurance provided to employees. Rates for insurance are based on actuarial projections.

The liability for unpaid claims of \$4,410,897 reported in the Self Insurance Fund at June 30, 2023, is based on existing unpaid claims and an estimate for incurred but unreported claims at year end. The estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claim adjustment expenses.

Changes in the Self-Insurance Fund's claim liability amount as of June 30, 2023 and 2022 are:

Medical Self Insurance	 2023	2022	Change
Claims Liability at July 1	\$ 4,340,911	\$ 3,715,920	\$ 624,991
Incurred Claims	36,450,970	34,255,360	2,195,610
Claims Paid	(36,484,893)	(33,630,369)	(2,854,524)
Claims Liability at June 30	\$ 4,306,988	\$ 4,340,911	\$ (33,923)
Dental California	0000	0000	Observans
Dental Self Insurance	 2022	 2022	 Change
Claims Liability at July 1	\$ 135,785	\$ 127,343	\$ 8,442

Claims Paid	(1,956,059)	(1,816,515)	(139,544)
Claims Liability at June 30	\$ 102,306	\$ 135,785	\$ (33,479)
	 	 _	
Workers Comp Self Insurance	 2022	2022	Change
Claims Liability at July 1	\$ -	\$ 4,307	\$ (4,307)
Incurred Claims	54,219	53,840	379
Claims Paid	(52,616)	(58,147)	5,531
Claims Liability at June 30	\$ 1,603	\$ -	\$ 1,603

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 10 – DEFINED BENEFIT PENSION PLANS

Net Pension Liability

The Statewide retirement systems provide both pension benefits and other postemployment benefits (OPEB).

Net Pension Liability/Net OPEB Liability (Asset)

Pensions and OPEB are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions/OPEB are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period.

The net pension/OPEB liability (asset) represents the District's proportionate share of each pension plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan's fiduciary net position. The net pension/OPEB liability (asset) calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

Ohio Revised Code limits the District's obligation for this liability to annually required payments. The District cannot control benefit terms or the manner in which pensions/OPEB are financed; however, the District does receive the benefit of employees' services in exchange for compensation including pension and OPEB.

GASB 68/75 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities (assets) within 30 years. If the amortization period exceeds 30 years, each pension plan's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension/OPEB liability (asset). Resulting adjustments to the net pension/OPEB liability (asset) would be effective when the changes are legally enforceable. The Ohio revised Code permits, but does not require the retirement systems to provide healthcare to eligible benefit recipients.

The proportionate share of each plan's unfunded benefits is presented as a long-term net pension/OPEB liability (asset) on the accrual basis of accounting. Any liability for the contractually-required pension contribution outstanding at the end of the year is included in intergovernmental payable on both the accrual and modified accrual bases of accounting. The remainder of this note includes the required pension disclosures. See Note 11 for the required OPEB disclosures.

Plan Description – School Employees Retirement System (SERS)

Plan Description - District non-teaching employees participate in SERS, a cost-sharing multiple-employer defined benefit pension plan administered by SERS. SERS provides retirement, disability and survivor benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Ohio Revised Code Chapter 3309. SERS issues a publicly available, stand-alone financial report that includes financial statements, required supplementary information and detailed information about SERS' fiduciary net position. That report can be obtained by visiting the SERS website at www.ohsers.org under Employers/Audit Resources.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 10 - DEFINED BENEFIT PENSION PLANS (continued)

Age and service requirements for retirement are as follows:

	Eligible to Retire	Eligible to Retire
	on or Before August 1, 2017*	on or After August 1, 2017
Full Benefits	Any age with 30 years of service credit	Age 67 with 10 years of service credit;
		or Age 57 with 30 years of service credit
Actuarially Reduced	Age 60 with 5 years of service credit; or	Age 62 with 10 years of service credit;
Benefits	Age 55 with 25 years of service credit	or Age 60 with 25 years of service credit

^{*}Members with 25 years of service credit as of August 1, 2017, will be included in this plan.

Annual retirement benefits are calculated based on final average salary multiplied by a percentage that varies based on year of service; 2.2% for the first 30 years of service and 2.5% for years of service credit over 30. Final average salary is the average of the highest three years of salary.

An individual whose benefit effective date is before April 1, 2018, is eligible for a cost-of-living adjustment (COLA) on the first anniversary date of the benefit. Beginning April 1, 2018, new benefit recipients must wait until the fourth anniversary of their benefit for COLA eligibility. The COLA is added each year to the base benefit amount on the anniversary date of the benefit. The COLA, is indexed to the percentage increase in the CPI-W, not to exceed 2.5% and with a floor of 0%.

Funding Policy - Plan members are required to contribute 10% of their annual covered salary and the District is required to contribute 14% of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to statutory maximum amounts of 10% for plan members and 14% for employers. The Retirement Board, acting with the advice of the actuary, allocates the employer contribution rate among four of the System's funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund). For the fiscal year ended June 30, 2023, the allocation to pension, death benefits, and Medicare B was 14.0%. SERS did not allocate any employer contributions to the Health Care Fund for fiscal year 2023.

The District's contractually required contribution to SERS was \$4,224,761 for fiscal year 2023. Of this amount \$285,148 is reported as due to other governments.

Plan Description – State Teachers Retirement System (STRS)

Plan Description - District licensed teachers and other faculty members participate in STRS Ohio, a cost-sharing multiple-employer public employee retirement system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about STRS' fiduciary net position. That report can be obtained by writing to STRS, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Web site at www.strsoh.org.

New members have a choice of three retirement plans; a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. Benefits are established by Ohio Revised Code Chapter 3307.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 10 - DEFINED BENEFIT PENSION PLANS (continued)

The DB plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the calculation is 2.2% of final average salary for the five highest years of earnings multiplied by all years of service. In April 2017, the Retirement Board made the decision to reduce COLA granted on or after July 1, 2017, to 0% to preserve the fiscal integrity of the retirement system. Benefit recipients' base benefit and past cost-of living increases are not affected by this change. Effective August 1, 2019–July 1, 2021, any member could retire with reduced benefits who had (1) five years of service credit and age 60; (2) 28 years of service credit and age 55; or (3) 30 years of service credit regardless of age. Effective Aug. 1, 2021–July 1, 2023, any member may retire with reduced benefits who has (1) five years of service credit and age 60; (2) 29 years of service credit and age 55; or (3) 30 years of service credit regardless of age. Eligibility changes will continue to be phased in through Aug. 1, 2026, when retirement eligibility for unreduced benefits will be five years of service credit and age 65, or 35 years of service credit and at least age 60. Retirement eligibility for reduced benefits will be five years of service credit and age 60, or 30 years of service credit regardless of age.

The DC Plan allows members to place all their member contributions and 9.53% of the 14% employer contributions into an investment account. Investment allocation decisions are determined by the member. The remaining 4.47% of the 14% employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The Combined Plan offers features of both the DB Plan and the DC Plan. In the Combined Plan, 12% of the 14% member rate goes to the DC Plan and the remaining 2% is applied to the DB Plan. Member contributions to the DC Plan are allocated among investment choices by the member, and contributions to the DB Plan from the employer and the member are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60 with five years of service. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity after termination of employment at age 50 or later.

New members who choose the DC plan or Combined Plan will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's Combined Plan account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB 68 reporting purposes.

A DB or Combined Plan member with five or more years of credited service who is determined to be disabled may qualify for a disability benefit. Eligible survivors of members who die before service retirement may qualify for monthly benefits. New members on or after July 1, 2013, must have at least ten years of qualifying service credit that apply for disability benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy - Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. For the fiscal year ended June 30, 2023, the employer rate was 14% and the plan members were also required to contribute 14% of covered salary. The fiscal year 2023 contribution rates were equal to the statutory maximum rates.

The District's contractually required contribution to STRS was \$16,375,272 for fiscal year 2023. Of this amount, \$2,536,421 is reported as due to other governments.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 10 – DEFINED BENEFIT PENSION PLANS (continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

	SERS	STRS	Total
Proportionate Share of the Net			
Pension Liability	\$41,795,568	\$195,962,287	\$237,757,855
Proportion of the Net Pension			
Liability - Current Measurment Date	0.7727359%	0.881516760%	
Proportion of the Net Pension			
Liability - Prior Measurment Date	0.7836681%	0.891101935%	
Change in Proportionate Share	-0.0109322%	-0.009585175%	
Pension Expense	\$2,952,870	\$22,301,299	\$25,254,169

At June 30, 2023, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

0500

		SERS		STRS		Total
Deferred Outflows of Resources		<u></u>				<u>.</u>
Differences between expected and						
actual experience	\$	1,692,754	\$	2,508,569	\$	4,201,323

		<u> </u>				

\$20,600,033 reported as deferred outflows of resources related to pension resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2024.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 10 - DEFINED BENEFIT PENSION PLANS (continued)

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

	SERS		STRS	Total	
Fiscal Year Ending June 30:					
2024	\$	515,243	\$ 943,013	\$	1,458,256
2025		(341,026)	(606,894)		(947,920)
2026		340,288	14,524,393		14,864,681
Total	\$	514,505	\$ 14,860,512	\$	15,375,017

Actuarial Assumptions - SERS

SERS' total pension liability was determined by their actuaries in accordance with GASB Statement No. 67, as part of their annual actuarial valuation for each defined benefit retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment termination). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations. Future benefits for all current plan members were projected through 2035.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation, prepared as of June 30, 2022, are presented below:

Inflation 2.40%

Future Salary Increases, 3.25% to 13.58%

including inflation

COLA or "Ad Hoc" COLA 2.00%, on and after April 1, 2018, COLAs for future retirees will be

delayed for three years following commencement

Investment Rate of Return 7.00%, net of system expenses

Actuarial Cost Method Entry Age Normal (Level Percent of Payroll)

Mortality rates were based on the PUB-2010 General Employee Amount Weight Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20% for males and set forward 2 years and adjusted 81.35% for females. Mortality among disable members were based upon the PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3% for males and set forward 3 years and adjusted 106.8% for females. Future improvement in mortality rates is reflected by applying the MP-2020 projection scale generationally.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 10 – DEFINED BENEFIT PENSION PLANS (continued)

The most recent experience study was completed for the five-year period ended June 30, 2020.

The long-term return expectation for the Pension Plan Investments has been determined by using a building-block approach and assumes a time horizon, as defined in the *Statement of Investment Policy*. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating an arithmetic weighted average of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalancing uncorrelated asset classes. The asset allocation, as used in the June 30, 2020 five-year experience study, is as summarized as follows:

		Long-Term Expected
Asset Class	Target Allocation	Real Rate of Return
Cash	2.00 %	(0.45) %
US Equity	24.75	5.37
Non-US Equity Developed	13.50	6.22
Non-US Equity Emerging	6.75	8.22
Fixed Income/Global Bonds	19.00	1.20
Private Equity	11.00	10.05
Real Estate/Real Assets	16.00	4.87
Multi-Asset Strategy	4.00	3.39
Private Debt/Private Credit	3.00	5.38

Discount Rate Total pension liability was calculated using the discount rate of 7.00%. The discount rate determination does not use a municipal bond rate. The projection of cash flows used to determine the discount rate assumed that employers would contribute the actuarially determined contribution rate of projected compensation over the remaining 22-year amortization period of the unfunded actuarial accrued liability. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.00%). Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on investments was applied to all periods of projected benefits to determine the total pension liability.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.00%, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate.

	1% Decrease	Current Discount Rate	1% Increase
	(6.00%)	(7.00%)	(8.00%)
District's proportionate share			
of the net pension liability	\$61,521,081	\$41,795,568	\$25,177,091

Assumption and Benefit Changes Since the Prior Measurement Date The Cost-of-Living-Adjustments was increased from 2.00% to 2.50%.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 10 - DEFINED BENEFIT PENSION PLANS (continued)

Actuarial Assumptions - STRS

The total pension liability in the June 30, 2022, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.50%

Salary Increases Varies by service from 2.5% to 8.5%

Payroll Increases 3.00%

Investment Rate of Return 7.00%, net of investment expenses, including inflation

Discount Rate of Return 7.00% Cost-of-Living Adjustments (COLA) 0.00%

Post-retirement mortality rates are based on the Pub-2010 Teachers Healthy Annuitant Mortality Table, adjusted 110% for males, projected forward generationally using mortality improvement scale MP-2020. Pre-retirement mortality rates are based on Pub-2010 Teachers Employee Table adjusted 95% for females, projected forward generationally using mortality improvement scale MP-2020. Post-retirement disabled mortality rates are based on Pub-2010 Teachers Disable Annuitant Table projected forward generationally using mortality improvement scale MP-2020.

Actuarial assumptions used in the June 30, 2022 valuation are based on the results of the latest available actuarial experience study which is for the period July 1, 2015 through June 30, 2021.

STRS' investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

Asset Class	Target Allocation*	Long-Term Expected Real Rate of Return**
Domestic Equity	26.00 %	6.60 %
International Equity	22.00	6.80
Alternatives	19.00	7.38
Fixed Income	22.00	1.75
Real Estate	10.00	5.75
Liquidity Reserves	1.00	1.00

^{*}Target allocation percentage is effective as of July 1, 2022. Target weights were phased in over a 3-month period concluding on October 1, 2022.

**10-Year annualized geometric nominal returns, which include the real rate of return and inflation of

^{**10-}Year annualized geometric nominal returns, which include the real rate of return and inflation of 2.25% and is net of investment expenses. Over a 30-year period, STRS Ohio's investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 10 - DEFINED BENEFIT PENSION PLANS (continued)

Discount Rate The discount rate used to measure the total pension liability was 7.00% as of June 30, 2022. The projection of cash flows used to determine the discount rate assumes that employer and member contributions will be made at statutory contribution rates of 14% each. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Based on those assumptions, STRS' fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2022. Therefore, the long-term expected rate of return on pension plan investments of 7.00% was applied to all periods of projected benefit payment to determine the total pension liability as of June 30, 2022.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate The following table presents the District's proportionate share of the net pension liability as of June 30, 2022, calculated using the current period discount rate assumption of 7.00%, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower or one-percentage-point higher than the current rate:

	1% Decrease	Current Discount Rate	1% Increase
	(6.00%)	(7.00%)	(8.00%)
District's proportionate share			
of the net pension liability	\$296,027,675	\$195,962,287	\$111,337,948

Assumption and Benefit Changes Since the Prior Measurement Date Demographic assumptions were changed based on the actuarial experience study for the period July 1, 2015 through June 30, 2021.

Social Security System Effective July 1, 1991, all employees not otherwise covered by School Employees Retirement System or State Teachers Retirement System have an option to choose Social Security. As of June 30, 2023, no one has elected Social Security. The District's liability is 6.2% of wages paid.

NOTE 11 - DEFINED BENEFIT OPEB PLANS

See Note 10 for a description of the net OPEB liability (asset).

Plan Description – School Employees Retirement System (SERS)

Health Care Plan Description – The District contributes to the SERS Health Care Fund, administered by SERS for non-certificated retirees and their beneficiaries. For GASB 75 purposes, this plan is considered a cost-sharing other postemployment benefit (OPEB) plan. SERS' Health Care Plan provides healthcare benefits to eligible individuals receiving retirement, disability, and survivor benefits, and to their eligible dependents. Members who retire after June 1, 1986, need 10 years of service credit, exclusive of most types of purchased credit, to qualify to participate in SERS' health care coverage. In addition to age and service retirees, disability benefit recipients and beneficiaries who are receiving monthly benefits due to the death of a member or retiree, are eligible for SERS' health care coverage.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 11 – DEFINED BENEFIT OPEB PLANS (continued)

Most retirees and dependents choosing SERS' health care coverage are over the age of 65 and therefore enrolled in a fully insured Medicare Advantage plan; however, SERS maintains a traditional, self-insured preferred provider organization for its non-Medicare retiree population. For both groups, SERS offers a self-insured prescription drug program. Health care is a benefit that is permitted, not mandated, by statute. The financial report of the Plan is included in the SERS Annual Comprehensive Financial Report which can be obtained on SERS' website at www.ohsers.org under Employers/Audit Resources.

Access to health care for retirees and beneficiaries is permitted in accordance with Section 3309 of the Ohio Revised Code. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). SERS' Retirement Board reserves the right to change or discontinue any health plan or program. Active employee members do not contribute to the Health Care Plan. The SERS Retirement Board established the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility, and retirement status.

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required pensions and benefits, the Retirement Board may allocate the remainder of the employer contribution of 14% of covered payroll to the Health Care Fund in accordance with the funding policy. For the fiscal year ended June 30, 2023, SERS did not allocate any employer contributions to health care. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated if less than a full year of service credit was earned. For fiscal year 2023, this amount was \$25,000. Statutes provide that no employer shall pay a health care surcharge greater than 2.0% of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5% of the total statewide SERS-covered payroll for the health care surcharge. For fiscal year 2023, the District's surcharge obligation was \$251,654, which is reported as a due to other governments.

Plan Description – State Teachers Retirement System (STRS)

Plan Description – The State Teachers Retirement System of Ohio (STRS) administers a cost-sharing Health Plan administered for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS. Ohio law authorizes STRS to offer this plan. Benefits include hospitalization, physicians' fees, prescription drugs and partial reimbursement of monthly Medicare Part B premiums. The Medicare Part B premium reimbursements elimination date was postponed indefinitely. The Plan is included in the report of STRS which can be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Funding Policy – Ohio Revised Code Chapter 3307 authorizes STRS to offer the Plan and gives the Retirement Board discretionary authority over how much, if any, of the health care costs will be absorbed by STRS. Active employee members do not contribute to the Health Care Plan. Nearly all health care plan enrollees, for the most recent year, pay a portion of the health care costs in the form of a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions, currently 14% of covered payroll. For the fiscal year ended June 30, 2023, STRS did not allocate any employer contributions to post-employment health care.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 11 – DEFINED BENEFIT OPEB PLANS (continued)

OPEB Liabilities/(Assets), OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

The net OPEB liability/(asset) was measured as of June 30, 2022, and the total OPEB liability used to calculate the net OPEB liability/(asset) was determined by an actuarial valuation as of that date. The District's proportion of the net OPEB liability/(asset) was based on the District 's share of contributions to the respective retirement systems relative to the contributions of all participating entities. Following is information related to the proportionate share and OPEB expense:

	SERS	STRS	Total
Proportionate Share of the Net			
OPEB Liability/(Asset)	\$10,419,126	(\$22,825,404)	(\$12,406,278)
Proportion of the Net OPEB Liability/			
(Asset) - Current Measurement Date	0.7420975%	0.881516760%	
Proportion of the Net OPEB			
Liability - Prior Measurement Date	0.7523684%	0.891101935%	
Change in Proportionate Share	-0.0102709%	-0.009585175%	
OPEB Expense	(\$875,152)	(\$4,013,429)	(\$4,888,581)

At June 30, 2023, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	SERS STRS		STRS	Total		
Deferred Outflows of Resources						
Differences between expected and						
actual experience	\$	87,588	\$	330,886	\$	418,474
Differences between projected and						
actual investment earnings		54,152		397,335		451,487
Change of assumptions		1,657,296		972,287		2,629,583

Actuarial Assumptions - SERS

The total OPEB liability is determined by SERS' actuaries in accordance with GASB Statement No. 74, as part of their annual actuarial valuation for each retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment terminations). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases, actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 11 – DEFINED BENEFIT OPEB PLANS (continued)

Key methods and assumptions used in calculating the total OPEB liability in the latest actuarial valuation date of June 30, 2022, are presented below:

Inflation 2.40%

Future Salary Increases, including inflation 3.25% to 13.58%

Investment Rate of Return, including inflation 7.00% net of investment expense

Municipal Bond Index Rate:

Measurement Date 3.69%
Prior Measurement Date 1.92%

Single Equivalent Interest Rate, net of plan investment

expense, including price inflation:

Measurement Date 4.08%
Prior Measurement Date 2.27%

Medical Trend Assumption 7.00% to 4.40%

Mortality rates among healthy retires were based on the PUB-2010 General Employee Amount Weight Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20% for males and set forward 2 years and adjusted 81.35% for females. Mortality among disabled retires were based upon the PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3% for males and set forward 3 years and adjusted 106.8% for females. Mortality among contingent survivors were based upon the PUB-2010 General Amount Weighted Below Median Contingent Survivor mortality table projected to 2017 with ages set forward 1 year and adjusted 105.5% for males and adjusted 122.5% for females. Mortality among active members were based on the PUB-2010 General Amount Weighted Below Median mortality table.

The most recent experience study was completed for the five-year period ended June 30, 2020.

The long-term expected rate of return on plan assets is reviewed as part of the actuarial five-year experience study. The most recent study covers fiscal years 2016 through 2020, and was adopted by the Board in 2021. Several factors are considered in evaluating the long-term rate of return assumption including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return were developed by the investment consultant for each major asset class. These ranges were combined to produce the long-term expected rate of return, 7.00%, by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The capital market assumptions developed by the investment consultant are intended for use over a 10-year horizon and may not be useful in setting the long-term rate of return for funding pension plans which covers a longer timeframe. The assumption is intended to be a long-term assumption and is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 11 – DEFINED BENEFIT OPEB PLANS (continued)

The target asset allocation and best estimates of arithmetic real rates of return for each major asset class, as used in the June 30, 2020 five-year experience study, are summarized as follows:

		Long-Term Expected
Asset Class	Target Allocation	Real Rate of Return
Cash	2.00 %	(0.45) %
US Equity	24.75	5.37
Non-US Equity Developed	13.50	6.22
Non-US Equity Emerging	6.75	8.22
Fixed Income/Global Bonds	19.00	1.20
Private Equity	11.00	10.05
Real Estate/Real Assets	16.00	4.87
Multi-Asset Strategy	4.00	3.39
Private Debt/Private Credit	3.00	5.38

Discount Rate The discount rate used to measure the total OPEB liability at June 30, 2022, was 4.08%. The discount rate used to measure total OPEB liability prior to June 30, 2022, was 2.27%. The projection of cash flows used to determine the discount rate assumed that contributions will be made from members and the System at the contribution rate of 1.50% of projected covered payroll each year, which includes a 1.50% payroll surcharge and no contributions from the basic benefits plan. Based on these assumptions, the OPEB plan's fiduciary net position was projected to become insufficient to make all projected future benefit payments of current System members by SERS actuaries. The Municipal Bond Index Rate is used in the determination of the SEIR for both the June 30, 2022 and the June 30, 2021 total OPEB liability. The Municipal Bond Index rate is the single rate that will generate a present value of benefit payments equal to the sum of the present value determined by the long-term expected rate of return, and the present value determined by discounting those benefits after the date of depletion. The Municipal Bond Index Rate is 3.69% at June 30, 2022 and 1.92% at June 30, 2021.

Sensitivity of the District's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate and Changes in the Health Care Cost Trend Rates The net OPEB liability is sensitive to changes in the discount rate and the health care cost trend rate. The following table presents the net OPEB liability of SERS, what SERS' net OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower and higher than the current discount rate. Also shown is what SERS' net OPEB liability would be based on health care cost trend rates that are 1 percentage point lower and higher than the current rate.

	1% Decrease (3.08%)	Current Discount Rate (4.08%)	1% Increase (5.08%)
District's proportionate share of the net OPEB liability	\$12,940,712	\$10,419,126	\$8,383,522
	1% Decrease (6.0% decreasing to 3.40%)	Current Discount Rate (7.00% decreasing to 4.40%)	1% Increase (8.00% decreasing to 5.40%)
District's proportionate share of the net OPEB liability	\$8,035,016	\$10,419,126	\$13,533,160

Assumption and Benefit Changes Since the Prior Measurement Date The discount rate was changed from 2.27% to 4.08% and the health care trend rates were updated.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 11 – DEFINED BENEFIT OPEB PLANS (continued)

Actuarial Assumptions - STRS

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results used in the June 30, 2022 actuarial valuation are presented below:

Salary Increases Varies by service from 2.5% to 8.5%

Payroll Increases 3.00%

Investment Rate of Return 7.00%, net of investment expenses, including inflation

Discount Rate of Return 7.00%

Health Care Cost Trends:

Pre-Medicare 7.50% initial, 3.94% ultimate
Medicare -68.78% initial, 3.94% ultimate

Prescription Drug Cost Trends:

Pre-Medicare 9.00% initial, 3.94% ultimate
Medicare -5.47% initial, 3.94% ultimate

Projections of benefits include the historical pattern of sharing benefit costs between the employers and retired plan members.

For healthy retirees the post-retirement mortality rates are based on the Pub-2010 Teachers Healthy Annuitant Mortality Table, adjusted 110% for males, projected forward generationally using mortality improvement scale MP-2020; pre-retirement mortality rates are based on Pub-2010 Teachers Employee Table adjusted 95% for females, projected forward generationally using mortality improvement scale MP-2020. For disabled retirees, mortality rates are based on the Pub-2010 Teachers Disabled Annuitant Table projected forward generationally using mortality improvement scale MP-2020.

Actuarial assumptions used in the June 30, 2022 valuation are based on the results of the latest available actuarial experience study for the period July 1, 2015 through June 30, 2021.

STRS' investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

	Long-Term Expected Rear
Target Allocation*	Rate of Return**
26.00 %	6.60 %
22.00	6.80
19.00	7.38
22.00	1.75
10.00	5.75
1.00	1.00
	26.00 % 22.00 19.00 22.00 10.00

^{*}Target allocation percentage is effective as of July 1, 2022. Target weights were phased in over a 3-month period concluding on October 1, 2022.

^{**10-}Year annualized geometric nominal returns, which include the real rate of return and inflation of 2.25% and is net of investment expenses. Over a 30-year period, STRS Ohio's investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 11 – DEFINED BENEFIT OPEB PLANS (continued)

Discount Rate The discount rate used to measure the total OPEB liability was 7.00% as of June 30, 2022. The projection of cash flows used to determine the discount rate assumed STRS Ohio continues to allocate no employer contributions to the health care fund. Based on these assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2022. Therefore, the long-term expected rate of return on health care fund investments of 7.00% was applied to all periods of projected health care costs to determine the total OPEB liability as of June 30, 2022.

Sensitivity of the District's Proportionate Share of the Net OPEB Asset to Changes in the Discount and Health Care Cost Trend Rate The following table represents the District's proportionate share of the net OPEB asset as of June 30, 2022, calculated using the current period discount rate assumption of 7.00%, as well as what the District's proportionate share of the net OPEB asset would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current assumption. Also shown is the District's proportionate share of the net OPEB asset as if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current health care cost trend rates.

	1% Decrease (6.00%)	Current Discount Rate (7.00%)	1% Increase (8.00%)
District's proportionate share of the net OPEB asset	\$(21,101,484)	\$(22,825,404)	\$(24,302,086)
	1% Decrease in Trend Rate	Current Trend Rate	1% Increase in Trend Rate
District's proportionate share of the net OPEB asset	\$(23,675,495)	\$(22,825,404)	\$(21,752,369)

Assumption and Benefit Changes Since the Prior Measurement Date Salary increase rates were updated based on the actuarial experience study for the period July 1, 2015 through June 30, 2021 and were changed from age based to service based. Healthcare trends were updated to reflect emerging claims and recoveries experience.

NOTE 12 - CONTINGENCIES

Litigation - The District is party to various legal proceedings seeking damages or injunction relief generally incidental to its operations and pending projects. The ultimate disposition of such proceedings is not presently determinable, but will not, in the opinion of District Management, have a material adverse effect on the financial condition of the District

Grants - The District received financial assistance from federal and state agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. This also encompasses the Auditor of State's ongoing review of student attendance data. However, the effects of any such disallowed claims on the overall financial position of the District at June 30, 2023, if applicable, cannot be determined at this time.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 13 - OTHER COMMITMENTS

A. Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of funds are recorded in order to reserve that portion of the applicable appropriation, is employed in governmental funds. Encumbrances are reported as a component of assigned, restricted, or committed fund balances since they do not constitute expenditures or liabilities. Outstanding encumbrances in governmental funds as of June 30, 2023 were as follows:

Fund Type	Encumbrances		
General	\$	2,572,232	
Other Governmental		4,195,919	
Total	\$	6,768,151	

NOTE 14 - SET-ASIDES

The District is required by State statute to annually set aside in the general fund an amount based on a statutory formula for the acquisition and construction of capital improvements. Amounts not spent by year end or offset by similarly restricted resources received during the year must be held in cash at year end and carried forward to be used for the same purposes in future years. State law has set the amount for the set-aside at the number of students times 3% of the average cost per pupil.

The following cash basis information describes the changes in the fiscal year end set-aside amounts:

		Captial
	Ac	quisition
Set-aside cash balance as of July 1, 2022	\$	-
Current fiscal year set-aside requirement		3,479,742
Current fiscal year offsets	(5,351,598)
Total	(1,871,856)
Set-aside balance at June 30, 2023	\$	-

Amounts listed as qualifying disbursements in this table are the total amounts for the year. The District had an excess of qualifying disbursements, however, the set-aside cash balance carried forward is \$0 for capital acquisition.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 15 – ACCOUNTABILITY AND COMPLIANCE

Fund balances at fiscal year-end included the following individual deficits:

Other Governmental Funds	Deficit Fund Balances				
ESSER	\$	(667,982)			
21st Century		(13,255)			
IDEA-B Special Education		(459,648)			
Title I School Improvement		(15,221)			
Title III Language Instruction for English Learners		(22,646)			
Title I Improving Basic Programs		(296,767)			
Title IV-A Student Support and Academic Enrichment		(33,215)			
IDEA-B Early Childhood Special Education		(8,376)			
Title II-A Supporting Effective Instruction		(47,185)			

The GAAP basis deficit balances in the Other Governmental Funds are a result of the application of accounting principles generally accepted in the United States of America. The General Fund provides transfers to cover deficit balances; however, this is done when cash is needed rather than when accruals occur.

NOTE 16 - CHANGE IN ACCOUNTING PRINCIPLES

For fiscal year ending June 30, 2023, the District has implemented the following:

GASB Statement No. 96 "Subscription-Based Information Technology Arrangements" provides guidance on the accounting and financial reporting for subscription-based information technology arrangements for government end users. The implementation of this statement did not have an effect on the financial statements of the District.

GASB Statement No. 99 "Omnibus 2022" enhances comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements and accounting and financial reporting for financial guarantees. The implementation of this statement did not have an effect on the financial statements of the District.

NOTES TO SCHEDULES OF REQUIRED SUPPLEMENTARY INFORMATION FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 1 – BUDGETARY PROCESS

All governmental funds are subject to annual expenditures budgets. The Board follows the procedures outlined below in establishing the expenditures budget data:

- 1. Beginning in fiscal year 2011 the Franklin County Auditor eliminated the tax budget requirement. Alternative information must be filed by January 20th with the County Auditor. Board action is not required for the alternative document.
- 2. The County Budget Commission certifies its actions to the District by March 1. As part of this certification, the District receives the official certificate of estimated resources which states the projected receipts of each fund. On or about July 1, this certificate is amended to include any unencumbered balances from the preceding year.
- 3. An annual appropriation measure must be passed by October 1 of each year for the period July 1 to June 30. Unencumbered appropriations lapse at year-end and encumbered appropriations are carried over to the following fiscal year and need not be re-appropriated. The Hilliard Board of Education adopted its 2023 permanent appropriation measure at its June 13, 2022 regular meeting. The Board of Education adopted at the June 12, 2023 regular meeting a permanent appropriation measure for fiscal year 2024. The appropriation measure may be amended or supplemented during the year as new information becomes available. Individual buildings and/or departments may transfer funds within their budgets. Revised appropriations are presented during the year and include the transfers requested by staff and any amendments to fund unanticipated expenditures. Appropriations may not exceed estimated resources and expenditures may not exceed appropriations at the fund level.

NOTES TO SCHEDULES OF REQUIRED SUPPLEMENTARY INFORMATION FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 2 - RECONCILING BUDGET BASIS AND GAAP

The District prepares its budget on a basis of accounting that differs from accounting principles generally accepted in the United States of America (GAAP). The actual column presented on the Budgetary Comparison Schedule – General Fund is prepared in accordance with the budget basis of accounting.

The major differences between the budgetary basis of accounting and GAAP are that:

- 1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis);
- 2. Expenditures are recorded when encumbered (budget basis) as opposed to when the liability is incurred (GAAP basis);
- 3. Encumbrances are recorded as the equivalent of expenditures (budget basis) as opposed to an assignment of fund balance (GAAP basis);
- 4. Due to the implementation of GASB 54, some funds were reclassified to the General Fund. These funds are not required to be included in the General Fund Budgetary Statement. Therefore, the activity from these funds is excluded with an adjustment for their change in fund balance.

A reconciliation of the General Fund results of operations at the end of the year on the GAAP basis to the budget basis follows:

Net Change in Fund Balance									
Budget Basis	\$	(2,907,464)							
Net Adjustments:									
Revenue and Other Financing Sources Accruals		3,255,310							
Expenditure and Other Financing Uses Accruals		(880,572)							
Encumbrances		2,572,232							
Funds Budgeted as Other Funds		(172,636)							
GAAP Basis	\$	1,866,870							

NOTES TO SCHEDULES OF REQUIRED SUPPLEMENTARY INFORMATION FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 3 – NET PENSION LIABILITY

School Employees Retirement System

Changes in benefit terms:

Fiscal year 2019

 With the authority granted the Board under Senate Bill 8, the Board has enacted a three-year COLA delay for future benefit recipients commencing benefits on or after April 1, 2018.

Fiscal year 2018

The cost-of-living adjustment was changed from a fixed 3.00% to a cost-of-living adjustment that is
indexed to CPI-W not greater than 2.5% with a floor of 0% beginning January 1, 2018. In addition,
with the authority granted the Board under HB 49, the Board has enacted a three-year COLA
suspension for benefit recipients in calendar years 2018, 2019 and 2020.

Changes in assumptions:

Fiscal year 2023

Cost-of-Living-Adjustments was increased from 2.00% to 2.50%

Fiscal year 2022

- Assumed rate of inflation was reduced from 3.00% to 2.40%
- Payroll growth assumption was reduced from 3.50% to 1.75%
- Assumed real wage growth was increased from 0.50% to 0.85%
- Cost-of-Living-Adjustments was reduced from 2.50% to 2.00%
- The discount rate was reduced from 7.50% to 7.00%
- Rates of withdrawal, compensation, participation, spouse coverage assumption, retirement and disability were updated to reflect recent experience.
- Mortality among active members were updated to the PUB-2010 General Amount Weighted Below Median Employee mortality table. Future improvement in mortality rates is reflected by applying the MP-2020 projection scale generationally.
- Mortality among service retired members were updated to the PUB-2010 General Employee Weighted Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20% for males and set forward 2 years and adjusted 81.35% for females. Future improvement in mortality rates is reflected by applying the MP-2020 projection scale generationally.
- Mortality among contingent survivors were updated to the PUB-2010 General Amount Weighted Below Median Contingent Survivor mortality table projected to 2017 with ages set forward 1 year and adjusted 105.5% for males and adjusted 122.5% for females. Future improvement in mortality rates is reflected by applying the MP-2020 projection scale generationally.
- Mortality among disabled members were updated to the PUB-2010 General Disabled Retiree
 mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3% for males and
 set forward 3 years and adjusted 106.8% for females. Future improvement in mortality rates is
 reflected by applying the MP-2020 projection scale generationally.

NOTES TO SCHEDULES OF REQUIRED SUPPLEMENTARY INFORMATION FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 3 – NET PENSION LIABILITY (continued)

Fiscal year 2017

- Assumed rate of inflation was reduced from 3.25% to 3.00%
- Payroll Growth Assumption was reduced from 4.00% to 3.50%
- Assumed real wage growth was reduced from 0.75% to 0.50
- Rates of withdrawal, retirement and disability were updated to reflect recent experience.
- Mortality among active members were updated to the RP-2014 Blue Collar Mortality Table with fully generational projection and a five-year age set-back for both males and females. The above rates represent the base rates used.
- Mortality among service retired members, and beneficiaries were updated to the RP-2014 Blue Collar Mortality Table with fully generational projection with Scale BB, 120% of male rates, and 110% of female rates.
- Mortality among disable member were updated to the RP-2000 Disabled Mortality Table, 90% for male rates and 100% for female rates, set back five years is used for the period after disability retirement.

State Teachers Retirement System

Changes in benefit terms:

Fiscal year 2018 The cost-of-living adjustment was reduced to zero.

Changes in assumptions:

Fiscal year 2023 Demographic assumptions were changed based on the actuarial experience study for the period July 1, 2015 through June 30, 2021.

Fiscal year 2022 The discount rate was adjusted to 7.00% from 7.45% for the June 30, 2021 valuation.

Fiscal year 2018 The STRS Retirement Board approved several changes to the actuarial assumptions in 2017. The long term expected rate of return was reduced from 7.75% to 7.45%, the inflation assumption was lowered from 2.75% to 2.50%, the payroll growth assumption was lowered to 3.00%, and total salary increases rate was lowered by decreasing the merit component of the individual salary increases, in addition to a decrease of 0.25% due to lower inflation. The healthy and disabled mortality assumptions were updated to the RP-2014 mortality tables with generational improvement scale MP-2016. Rates of retirement, termination and disability were modified to better reflect anticipated future

experience.

NOTES TO SCHEDULES OF REQUIRED SUPPLEMENTARY INFORMATION FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 4 - NET OPEB LIABILITY

School Employees Retirement System

Changes in benefit terms: There have been no changes to the benefit provisions.

Changes in Assumptions:

Fiscal year 2023

- The discount rate was changed from 2.27% to 4.08%.
- The health care trend rates were updated.

Fiscal year 2022

- The discount rate was changed from 2.63% to 2.27%.
- The investment rate of return was reduced from 7.50% to 7.00%.
- Assumed rate of inflation was reduced from 3.00% to 2.40%
- Payroll Growth Assumption was reduced from 3.50% to 1.75%
- Assumed real wage growth was increased from 0.50% to 0.85%
- Rates of withdrawal, retirement and disability were updated to reflect recent experience.
- Rate of health care participation for future retirees and spouses was updated to reflect recent experience.
- Mortality among active members were updated to the PUB-2010 General Amount Weighted Below Median Employee mortality table.
- Mortality among service retired members were updated to the PUB-2010 General Employee Amount Weighted Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20% for males and set forward 2 years and adjusted 81.35% for females.
- Mortality among beneficiaries were updated to the PUB-2010 General Amount Weighted Below Median Contingent Survivor mortality table projected to 2017 with ages set forward 1 year and adjusted 105.5% for males and adjusted 122.5% for females.
- Mortality among disabled member were updated to the PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3% for males and set forward 3 years and adjusted 106.8% for females.
- Mortality rates are projected using a fully generational projection with Scale MP-2020.

Fiscal year 2021

- The discount rate was changed from 3.22% to 2.63%.
- The health care trend rates were updated.

Fiscal vear 2020

• The discount rate was changed from 3.70% to 3.22%.

Fiscal year 2019

- The discount rate was changed from 3.63% to 3.70%.
- The health care trend rates were updated.

Fiscal year 2018

• The discount rate was changed from 2.98% to 3.63%.

NOTES TO SCHEDULES OF REQUIRED SUPPLEMENTARY INFORMATION FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 4 – NET OPEB LIABILITY (continued)

Fiscal year 2017

- Assumed rate of inflation was reduced from 3.25% to 3.00%
- Payroll Growth Assumption was reduced from 4.00% to 3.50%
- Assumed real wage growth was reduced from 0.75% to 0.50%
- Rates of withdrawal, retirement and disability were updated to reflect recent experience.
- Mortality among active members were updated to the RP-2014 Blue Collar Mortality Table with fully generational projection and a five-year age set-back for both males and females.
- Mortality among service retired members, and beneficiaries were updated to the RP-2014 Blue Collar Mortality Table with fully generational projection with Scale BB, 120% of male rates, and 110% of female rates.
- Mortality among disabled members were updated to the RP-2000 Disabled Mortality Table, 90% for male rates and 100% for female rates, set back five years is used for the period after disability retirement.

State Teachers Retirement System

Changes in benefit terms:

- Fiscal year 2023 Salary increase rates were updated based on the actuarial experience study for the period July 1, 2015 through June 30, 2021 and were changed from age based to service based. Healthcare trends were updated to reflect emerging claims and recoveries experience.
- Fiscal year 2022 The non-Medicare subsidy percentage was increased effective January 1, 2022 from 2.055% to 2.100%. The non-Medicare frozen subsidy base premium was increased effective January 1, 2022. The Medicare Part D subsidy was updated to reflect it is expected to be negative in CY2022. The Part B monthly reimbursement elimination date was postponed indefinitely.
- Claim curves were updated to reflect the projected FYE 2021 premium based on June 30, 2020 enrollment distribution. The non-Medicare subsidy percentage was increased effective January 1, 2021 from 1.984% to 2.055% per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2021. The Medicare subsidy percentages were adjusted effective January 1, 2021 to 2.1% for the AMA Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed indefinitely.
- Fiscal year 2020 The non-Medicare subsidy percentage was increased effective January 1, 2020 from 1.944% to 1.984% per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2020. The Medicare subsidy percentages were adjusted effective January 1, 2021 to 2.1% for the Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed to January 1, 2021.

NOTES TO SCHEDULES OF REQUIRED SUPPLEMENTARY INFORMATION FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 4 – NET OPEB LIABILITY (continued)

Fiscal year 2019 The subsidy multiplier for non-Medicare benefit recipients was increased from 1.9% to 1.944% per year of service effective January 1, 2019. The non-Medicare frozen subsidy base premium was increased effective January 1, 2019 and all remaining Medicare Part B premium reimbursements will be discontinued beginning January 1, 2020.

Fiscal year 2018 The subsidy multiplier for non-Medicare benefit recipients was reduced from 2.1% to 1.9% per year of service. Medicare Part B premium reimbursements were discontinued for certain survivors and beneficiaries and all remaining Medicare Part B premium reimbursements will be discontinued beginning January 2019.

Changes in Assumptions:

Fiscal year 2022 discount rate was adjusted to 7.00% from 7.45% for the June 30, 2021 valuation.

Fiscal year 2019 The discount rate was increased from the blended rate of 4.13% to the long-term expected rate of return of 7.45% based on the methodology defined under GASB Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans (OPEB). Valuation year per capita health care costs were updated.

Fiscal year 2018 The discount rate was increased from 3.26% to 4.13% based on the methodology defined under GASB Statement No. 74, "Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans (OPEB)" and the long term expected rate of return was reduced from 7.75% to 7.45%. Valuation year per capita health care costs were updated, and the salary scale was modified. The percentage of future retirees electing each option was updated based on current data and the percentage of future disabled retirees and terminated vested participants electing health coverage were decreased. The assumed mortality, disability, retirement, withdrawal and future health care cost trend rates were modified along with the portion of rebated prescription drug costs.

SUPPLEMENTARY INFORMATION

-This page was intentionally left blank-

GOVERNMENTAL FUNDS DESCRIPTION OF FUNDS

Bond Retirement Fund - A fund used to account for the accumulation of resources for, and payment of, general long-term debt principal, interest and related costs.

Non-major Governmental Funds

Non-major Governmental Funds are established to account for revenues from specific sources, which legally, or otherwise, are restricted or committed to expenditures for specific purposes. A description of the District's Non-major Governmental Funds follows:

Capital Projects Funds

Capital projects funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets. A description of the District's Non-major Capital Project Funds follows:

<u>Permanent Improvement Fund</u> - A fund used to account for all transactions related to the acquiring, constructing, or improving of such permanent improvements as are authorized by Section 5705, Ohio Revised Code.

<u>Building Fund</u> - A fund used to account for the debt proceeds (excluding premiums) and accompanying expenditures to construct a new school building and provide capital renovations across the district.

Special Revenue Funds

Special Revenue funds are established to account for revenues from specific sources, which legally, or otherwise, are restricted to expenditures for specific purposes. A description of the District's Nonmajor Special Revenue Funds follows:

<u>Food Service</u> - A fund used to record financial transactions related to the District's food service operation.

<u>Latchkey</u> - A fund provided to account for revenues and expenditures made in connection with the District's school age care program.

<u>Miscellaneous Local Grants</u> - A fund used to account for the proceeds of specific revenue sources, except for state and federal grants that are legally restricted to expenditures for specified purposes.

<u>Student Activities Fund</u> - A fund provided to account for those student activity programs, which have student participation in the activity and have students involved in the management of the program. This fund typically includes those student activities, which consist of a student body, student president, student treasurer and faculty advisor.

<u>District-Managed Student Activities</u> - A fund provided to account for those student activity programs which have student participation in the activity, but do not have student management of the programs. This fund would usually include athletic programs but could also include the band, cheerleaders, flag corps, and other similar types of activities.

GOVERNMENTAL FUNDS DESCRIPTION OF FUNDS

<u>Auxiliary Services</u> - A special revenue fund used to account for monies which provide services and materials to pupils attending non-public schools, located within the District.

<u>Miscellaneous State Grants</u> - A fund used to account for other state grants, not required to be accounted for in another fund.

ESSER - A fund established as part of the Education Stabilization Fund (CARES ACT) this fund is used to account for Federal grant funds intended to address the impact of the COVID-19 pandemic. These funds are being used to address learning loss, improve District safety protocols, and also support the District's ability to provide an additional year of online educational opportunities for students in FY22. We are also using these funds to address student wellness issues exacerbated by the pandemic.

21st Century - A fund used to account for federal funds provided for academic enrichment opportunities for children who come from economically disadvantaged families outside of regular school hours to help them meet academic standards in reading and mathematics

<u>IDEA-B Special Education</u> - A fund used to account for provision of grants received to assist states in the identification of handicapped children, development of procedural safeguards, implementation of least restrictive alternative service patterns, and provision of full educational opportunities to handicapped children at the preschool, elementary and secondary levels.

<u>Title I School Improvement</u> - A fund used to help schools improve the teaching and learning of children failing, or most at risk of failing to meet challenging State academic achievement standards.

<u>Title III Language Instruction for English Learners</u> - A fund provided to account for the Foreign Language Grant program, which is funded with U.S. Department of Education grant monies.

<u>Title I Improving Basic Programs</u> - A fund provided to account for financial assistance to State and Local Educational Agencies, to meet the special literacy and math needs of economically disadvantaged children.

<u>Title IV-A Student Support and Academic Enrichment</u> - A fund used to account for federal funds provided to support activities related to effective use of technology, provide well-rounded educational opportunities and student wellness initiatives.

<u>IDEA-B Early Childhood Special Education</u> - A fund used to account for revenues and expenditures related to the Preschool Grant Program, Section 69 of Public Law 99-457, addresses the improvement and expansion of services for handicapped children ages three (3) through five (5) years.

<u>Title II-A Supporting Effective Instruction</u> - A fund to account for grants providing financial assistance to State and Local Educational Agencies to improve teacher quality, increasing the number of highly qualified teachers in classrooms and reducing class size.

<u>Miscellaneous Federal Grants</u> - A fund used to account for Federal funds not required to be accounted for in a separate fund.

GOVERNMENTAL FUNDS DESCRIPTION OF FUNDS

The following Special Revenue Funds are reported within the General Fund for GAAP purposes due to GASB 54. However, they are reported separately on the schedule of budgetary expenditures only.

<u>Special Building Trust</u> - A fund used to account for building contributions and can be fully expended for district/building purposes.

<u>Rotary Services</u> - A fund used to report any activity for which a fee is charged to external users for goods or services and tend to be curricular in nature.

<u>Public School Support</u> - A fund used to account for specific local revenue sources, other than taxes or expendable trusts (i.e., profits from vending machines) that used for various operating purposes at each department's discretion.

<u>District Administration Fund</u> - A fund established to account for the employee vision insurance and flexible spending account contributions and resulting expenditures to a third-party administrator of the plan. No budgetary schedule is presented for this fund as no expenditures were budgeted in fiscal year 2023.

<u>Underground Storage Tanks</u> - A fund used to account for the deductible amount as required by the Ohio Bureau of Underground Storage Tank Regulation. The District has 3 underground petroleum tanks at its transportation facility.

PROPRIETARY FUND DESCRIPTION OF FUND

Internal Service Fund

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to another department or agency on a cost reimbursement basis. A description of the District's Internal Service Fund follows:

Employee Benefit Self-Insurance - A fund provided to account for monies received from other funds as payment for providing medical, hospitalization, life and dental insurance. Payments are made to a third party administrator for claims payments, claims administration and stop-loss coverage.

FIDUCIARY FUND DESCRIPTION OF FUND

Custodial Fund

Custodial Funds are used to account for fiduciary activities that are not required to be reported in a trust fund. The fund does not account for the District's own source revenue. A description of the District's Custodial Fund follows:

<u>Ohio High School Athletics Associations (OHSAA) Tournaments</u> - A fund provided to account for proceeds and expenses associated with hosting OHSAA-sponsored athletic events. No budgetary schedule is presented for this fund as no expenditures were budgeted in fiscal year 2023.

STATISTICAL SECTION

This part of the District's annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the District's overall financial health.

Contents	Page
Financial Trends These schedules contain trend information to help the reader understand how the District's financial performance and well-being have changed over time.	118-127
Revenue Capacity These schedules contain information to help the reader assess the affordability of the District's most significant local revenue source, the property tax.	128-133
Debt Capacity These schedules present information to help the reader assess the affordability of the District's current levels of outstanding debt and the District's ability to issue additional debt in the future.	134-139
Demographic and Economic Information	140-143
These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.	
Operating Information These schedules contain service data to help the reader understand how the information in the District's financial report relates to the services the District provideds and the activities it performs.	144-157

Sources: Unless otherwise noted, the information in these schedules is derived from the annual comprehensive financial reports for the relevant year.

Source: School District Records

Note: Year of original construction in parentheses. Increases in square footage and capacity are the result of renovations and additions. Capacity is the "program" capacity and can increase/decrease as a result of changes in federal, state, or local standards.

N/A - Not available, building was not open

^{*} The District built a new middle school that opened for FY19. The new middle school was named Memorial Middle School. The old Memorial Middle School was repurposed as a sixth grade building and renamed Station Sixth Grade Building. Station Sixth grade building was repurposed as part of the Innovative Learning Center and is called the Hub.

^{**} The District finished the preshool expansion in 2023.

^{# -} Formerly Central Office

^{@-}Capacity re-evaluated and updated in summer 2016

N/A - Information not applicable or not available at the time of this document's preparation.

Source: School District Student Records and Ohio Department of Education

NC - Not calculated due to the state's education community experienced unprecedented disruptions during the 2019-2020 and 2020-2021 school years due to the COVID-19 pandemic.

⁽a) - New SAT scoring method combines Critical Reading/Writing into a single score as of 2018.

^{# -} Per Pupil for 2014 and 2013 not available from ODE, calculated based on ADM and modified accrual expenditures, excluding debt payments.

^{@ -} Information based on Title I Eligibility From CCIP

^{* -} The Performance Index Score reflects the achievement of every tested student. The score is a weighted average of all tested subjects in grades 3-8 and 10. The most weight is given to advanced students (1.2) and the weights decrease for each performance level. This creates a scale of 0 to 120 points, with 100 being the goal.
