INDEPENDENT AUDITOR'S REPORT

Richard Allen Preparatory Montgomery County 627 Salem Avenue Dayton, Ohio 45402

To the Board of Directors:

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Richard Allen Preparatory, Montgomery County, Ohio (the Preparatory), as of and for the fiscal year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Preparatory's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the financial position of Richard Allen Preparatory, Montgomery County, Ohio as of June 30, 2022, and the changes in financial position and its cash flows for the fiscal year then ended in accordance with the accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards,* issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Preparatory, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

As discussed in Note 3 to the financial statements, during fiscal year 2022, the Preparatory adopted new accounting guidance in Governmental Accounting Standards Board (GASB) Statement No. 87, Leases. Out opinion is not modified with respect to this matter.

As discussed in Note 17 to the financial statements, the financial impact of COVID-19 and the continuing recovery measures may impact subsequent periods of the Preparatory. Our opinion is not modified with respect to this matter.

Richard Allen Preparatory Montgomery County Independent Auditor's Report Page 2

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Preparatory's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to
 fraud or error, and design and perform audit procedures responsive to those risks. Such procedures
 include examining, on a test basis, evidence regarding the amounts and disclosures in the financial
 statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Preparatory's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Preparatory's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Richard Allen Preparatory Montgomery County Independent Auditor's Report Page 3

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and schedules of net pension and other post-employment benefit liabilities and pension and other post-employment benefit contributions be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Preparatory's basic financial statements. The Schedule of Expenditures of Federal Awards as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards is presented for purposes of additional analysis and is not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 24, 2024, on our consideration of the Preparatory's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Preparatory's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Preparatory's internal control over financial reporting and compliance.

Keith Faber Auditor of State Columbus, Ohio

April 24, 2024

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2022 (UNAUDITED)

The discussion and analysis of the Richard Allen Preparatory's (Preparatory) financial performance provides an overall review of the Preparatory's financial activities for the fiscal year ended June 30, 2022. The intent of this discussion and analysis is to look at the Preparatory's financial performance as a whole; readers should also review the notes to the basic financial statements and financial statements to enhance their understanding of the Preparatory's financial performance.

Financial Highlights

Key financial highlights for 2022 are as follows:

- In total, net position was a deficit of \$2,089,346 at June 30, 2022.
- The Preparatory had operating revenues of \$4,249,198, operating expenses of \$5,208,537, non-operating revenues of \$1,509,895 and non-operating expenses of \$86,086 for fiscal year 2022.

Using these Basic Financial Statements

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the Preparatory's financial activities. The *statement of net position* and *statement of revenues, expenses and changes in net position* provide information about the activities of the Preparatory, including all short-term and long-term financial resources and obligations.

Reporting the Preparatory's Financial Activities

Statement of Net Position, Statement of Revenues, Expenses, and Changes in Net Position and the Statement of Cash Flows

These documents look at all financial transactions and ask the question, "How did we do financially during 2022?" The statement of net position and statement of revenues, expenses and changes in net position answer this question. These statements include all assets, deferred outflows of resources, liabilities, deferred inflows of resources, revenues and expenses using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting will take into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the Preparatory's *net position* and changes in net position. This change in net position is important because it tells the reader that, for the Preparatory as a whole, the *financial position* of the Preparatory has improved or diminished. The causes of this change may be the result of many factors, some financial, some not.

The statement of cash flows provides information about how the Preparatory finances and meets the cash flow needs of its operations.

The notes provide additional information that is essential to a full understanding of the data provided in the basic financial statements.

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Preparatory's net pension liability and net OPEB liability/asset.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2022 (UNAUDITED)

The table below provides a summary of the Preparatory's net position for fiscal year 2022 and 2021.

Net Position

	2022	2021
Assets		
Current assets	\$ 1,348,965	\$ 1,122,531
Non-current assets	2,071,942	337,140
Total assets	3,420,907	1,459,671
Deferred outflows of resources	1,544,798	1,266,739
Liabilities		
Current liabilities	590,924	434,175
Non-current liabilities	4,087,351	4,139,993
Total liabilities	4,678,275	4,574,168
Deferred inflows of resources	2,376,776	706,058
Net Position		
Investment in capital assets	73,058	95,342
Restricted	60,197	78,973
Unrestricted (deficit)	(2,222,601)	(2,728,131)
Total net position (deficit)	<u>\$ (2,089,346)</u>	<u>\$ (2,553,816)</u>

The net pension liability (NPL) is the largest single liability reported by the Preparatory at June 30, 2022 and is reported pursuant to GASB Statement 68, "Accounting and Financial Reporting for Pensions - an Amendment of GASB Statement 27." The Preparatory adopted GASB Statement 75, "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions," which significantly revises accounting for costs and liabilities related to other postemployment benefits (OPEB). For reasons discussed below, many end users of this financial statement will gain a clearer understanding of the Preparatory's actual financial condition by adding deferred inflows related to pension and OPEB, the net pension liability and the net OPEB liability to the reported net position and subtracting deferred outflows related to pension and OPEB and the net OPEB asset.

Governmental Accounting Standards Board standards are national and apply to all government financial reports prepared in accordance with generally accepted accounting principles. Prior accounting for pensions (GASB 27) and postemployment benefits (GASB 45) focused on a funding approach. This approach limited pension and OPEB costs to contributions annually required by law, which may or may not be sufficient to fully fund each plan's *net pension liability* or *net OPEB liability*. GASB 68 and GASB 75 take an earnings approach to pension and OPEB accounting; however, the nature of Ohio's statewide pension/OPEB plans and state law governing those systems requires additional explanation in order to properly understand the information presented in these statements.

GASB 68 and GASB 75 require the net pension liability and the net OPEB liability/asset to equal the Preparatory's proportionate share of each plan's collective:

- 1. Present value of estimated future pension/OPEB benefits attributable to active and inactive employees' past service.
- 2. Minus plan assets available to pay these benefits.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2022 (UNAUDITED)

GASB notes that pension and OPEB obligations, whether funded or unfunded, are part of the "employment exchange" - that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension and other postemployment benefits. GASB noted that the unfunded portion of this promise is a present obligation of the government, part of a bargained-for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the Preparatory is not responsible for certain key factors affecting the balance of these liabilities. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The Ohio Revised Code permits, but does not require, the retirement systems to provide healthcare to eligible benefit recipients. The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits.

The employee enters the employment exchange with the knowledge that the employer's promise is limited not by contract but by law. The employer enters the exchange also knowing that there is a specific, legal limit to its contribution to the retirement system. In Ohio, there is no legal means to enforce the unfunded liability of the pension/OPEB plan *as against the public employer*. State law operates to mitigate/lessen the moral obligation of the public employer to the employee, because all parties enter the employment exchange with notice as to the law. The retirement system is responsible for the administration of the pension and OPEB plans.

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e. sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension liability or the net OPEB liability. As explained above, changes in benefits, contribution rates, and return on investments affect the balance of these liabilities but are outside the control of the local government. In the event that contributions, investment returns, and other changes are insufficient to keep up with required payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability and the net OPEB liability are satisfied, these liabilities are separately identified within the non-current liability section of the statement of net position.

In accordance with GASB 68 and GASB 75, the Preparatory's statements prepared on an accrual basis of accounting include an annual pension expense and an annual OPEB expense for their proportionate share of each plan's *change* in net pension liability and net OPEB liability/asset, respectively, not accounted for as deferred inflows/outflows.

Over time, net position can serve as a useful indicator of a government's financial position. At June 30, 2022 and 2021, the Preparatory's net position totaled deficits of \$2,089,346 and \$2,553,816, respectively.

Current and non-current assets represent cash, net OPEB asset, accounts, intergovernmental receivables, prepayments, and capital assets. Current liabilities represent accounts payable, accrued wages and benefits, accrued interest, intergovernmental payables for professional services, economic injury disaster loan (EIDL) payable for the amount of the EIDL loan due within one year and the lease obligation due within one year.

Non-current liabilities outstanding at June 30, 2022 represent the EIDL payable, the net pension liability (see Note 8 for detail), the net OPEB liability (see Note 9 for detail) and the lease obligation. Refer to Note 14 for a summary of the changes in the Preparatory's long-term obligations during fiscal year 2022.

The net pension liability decreased \$1,671,689 or 43.62% and deferred inflows of resources related to pension increased \$1,627,103 or 657.04%. These changes were the result of changes at the pension system level for STRS and the School Employees Retirement System (SERS). Net investment income on investments at both pension systems exceeded estimates for the fiscal year 2021 measurement that are used for the fiscal year 2022 reporting which cause a large increase in fiduciary net position.

The Preparatory recognized \$1,761,872 in leases payable at July 1, 2021; however, this entire amount was offset by the intangible asset, right to use lease - buildings.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2022 (UNAUDITED)

The table below shows the changes in net position for fiscal years 2022 and 2021.

Change in Net Position

	2022	2021
Operating Revenues:		
State foundation	\$ 3,112,312	\$ 2,765,475
Services provided to other entities	919,414	1,042,283
Casino aid	23,707	15,618
Facilities funding	193,765	86,181
Total operating revenue	4,249,198	3,909,557
Operating Expenses:		
Salaries	2,895,417	2,670,885
Benefits	896,034	828,145
Purchased services	1,202,296	1,028,401
Materials and supplies	392,295	525,051
Change in pension and OPEB obligations	(338,244)	206,401
Other	10,369	31,797
Depreciation/amortization	150,370	10,873
Total operating expenses	5,208,537	5,301,553
Non-operating Revenues (Expenses):		
Federal and state grants	1,501,592	1,915,824
Other non-operating revenue	8,303	25,731
Interest and fiscal charges	(86,086)	
Total non-operating revenues	1,423,809	1,941,555
Change in net position	464,470	549,559
Net position (deficit) at beginning of year	(2,553,816)	(3,103,375)
Net position (deficit) at end of year	\$ (2,089,346)	<u>\$ (2,553,816)</u>

Overall, operating expenses decreased \$93,016, a minimal change. There was a significant decrease in the change in pension and OPEB obligations due to the changes at the pension system level for STRS and SERS, primarily net investment income on investments at both pension systems exceeded estimates for the fiscal year 2021 measurement that are used for the fiscal year 2022 reporting, which cause a large increase in fiduciary net position. This significant decrease in expenses was offset by an increase in most other expenses. Fluctuations in the pension/OPEB expense reported under GASB 68 and 75 makes it difficult to compare financial information between years.

The revenue generated by a community school is dependent on per-pupil allotment given by the state foundation, casino aid, facilities funding. The Preparatory also received federal grant monies through the Child Nutrition Breakfast & Lunch, Title I-A, Expanding Opportunities for Each Child Non-Competitive, Title II-A, Title IV-A, IDEA-B Special Education, IDEA Early Childhood Special Education, ESSER, ARP ESSER, ARP-Homeless, ARP IDEA Part B Special Education, ARP IDEA Early Childhood Special Education programs during fiscal year 2022. The Preparatory reports operating revenue for services provided to other entities, which is revenue received from the Richard Allen Academy for employee services.

Debt

The Preparatory had lease obligations and EIDL payable in the amount of \$1,693,446 and \$150,000, respectively, at June 30, 2022. Of which \$77,332 and \$1,493, respectively, is due within one year. See Note 14 for detail.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2022 (UNAUDITED)

Capital Assets

The Preparatory had \$1,766,504 in capital assets, net of depreciation/amortization, June 30, 2022. See Note 7 to the basic financial statements for detail.

Restrictions and Other Limitations

The future stability of the Preparatory is not without challenges. The Preparatory does not receive any funds from taxes. The primary source of funding is the State foundation program. An economic slowdown in the State could result in budgetary cuts to education, which would have a negative impact on the Preparatory.

Current Financial Related Activities

The Preparatory is reliant upon state foundation monies and federal and state grants to offer quality, educational services to students. In order to continually provide learning opportunities to the Preparatory's students, the Preparatory will apply resources to best meet the needs of its students.

Contacting the Preparatory's Financial Management

This financial report is designed to provide our clients and creditors with a general overview of the Preparatory's finances and to show the Preparatory's accountability for the money it receives. If you have questions about this report or need additional financial information contact Mr. Todd Johnson, Treasurer, 118 W. First Street, Suite 620, Dayton, Ohio 45402.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 1 - DESCRIPTION OF THE ENTITY

Richard Allen Preparatory (Preparatory) is a nonprofit corporation established pursuant to Ohio Revised Code Chapters 3314 and 1702 to maintain and provide a school exclusively for any educational, literary, scientific and related teaching service. The Preparatory, which is part of the State's education program, is independent of any school district. The Preparatory may sue and be sued, acquire facilities as needed, and contract for any services necessary for the operation of the Preparatory.

Effective August 1, 2017, the Preparatory entered into a multi-year Management Agreement (Agreement) with Educational Management and Development Group (EMDG). The Agreement's term runs through June 30, 2023. EMDG is responsible and accountable to the Board of Directors for the administration and day-to-day operations. See Note 12 for additional detail on the contractual relationship between EMDG and the Preparatory. The Preparatory entered into a Sponsor Contract with the sponsor, St. Aloysius, commencing July 1, 2018 through June 30, 2022.

The Preparatory operates under a self-appointing five-member Board. The Preparatory's Code of Regulations specifies that vacancies that arise on the Board be filled by the appointment of a successor trustee by a majority vote of the then existing trustees. The Board is responsible for carrying out the provisions of the contract with the Sponsor which includes but are not limited to, state mandated provisions regarding student population, curriculum, academic goals, performance standards, admission standards, and qualifications of teachers. The Preparatory had an enrollment of 391 full-time equivalent (FTE) students for fiscal year 2022.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements (BFS) of the Preparatory have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The Preparatory's significant accounting policies are described below.

A. Basis of Presentation

The Preparatory's basic financial statements consist of a statement of net position, a statement of revenues, expenses, and changes in net position, and a statement of cash flows.

The Preparatory uses a single enterprise presentation. Enterprise reporting focuses on the determination of operating income, changes in net position, financial position, and cash flows.

B. Measurement Focus

Enterprise activity is accounted for using a flow of economic resources measurement focus. All assets plus deferred outflow of resources and all liabilities plus deferred inflow of resources associated with the operation of the Preparatory are included on the statement of net position. The statement of revenues, expenses and changes in net position presents increases (e.g. revenues) and decreases (e.g. expenses) in total net position. The statement of cash flows reflects how the Preparatory finances meet its cash flow needs.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

C. Basis of Accounting

Basis of accounting determines when transactions are recognized in the financial records and reported on the financial statements. The Preparatory's financial statements are prepared using the accrual basis of accounting. Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. Revenue resulting from non-exchange transactions, in which the Preparatory receives value without directly giving equal value in return, such as grants and entitlements, are recognized in the period in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the period when the resources are required to be used or the period when use is first permitted, matching requirements, in which the Preparatory must provide local resources to be used for a specific purpose, and expenditure requirements, in which the resources are provided to the Preparatory on a reimbursement basis. Expenses are recognized at the time they are incurred.

D. Deferred Outflows of Resources and Deferred Inflows of Resources

In addition to assets, the government-wide statement of net position will report a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. For the Preparatory, see Notes 8 and 9 for deferred outflows of resources related to the Preparatory's net pension liability and net OPEB liability/asset, respectively.

In addition to liabilities, the statement of net position will report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. For the Preparatory, see Notes 8 and 9 for the deferred inflows of resources related to the Preparatory's net pension liability and net OPEB liability/asset, respectively.

E. Budgetary Process

Community schools are statutorily required to adopt a budget by Ohio Revised Code 3314.032I. However, unlike traditional public schools located in the State of Ohio, community schools are not required to follow the specific budgetary process and limits set forth in the Ohio Revised Code Chapter 5705, unless specifically provided in the contract between the Preparatory and its Sponsor. The contract between the Preparatory and the Sponsor does not prescribe an annual budget requirement, but sets forth a requirement to submit a spending plan each fiscal year. Furthermore, the Preparatory must submit a five-year forecast to its Sponsor annually.

F. Cash

Cash received by the Preparatory is reflected as "cash" on the statement of net position. All monies received by the Preparatory are maintained in demand deposit accounts. The Preparatory did not have any investments during fiscal year 2022.

G. Capital Assets

Capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their acquisition value as of the date received. The Preparatory maintains a capitalization threshold of \$1,000. The Preparatory does not have any infrastructure. Improvements are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are expensed.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Depreciation/amortization is computed using the straight-line method over estimated useful lives of five years for leasehold improvements and vehicles, five to seven years for furniture and equipment, and 15-18 years for intangible right to use – leased buildings. Improvements to capital assets are depreciated/amortized over the remaining useful lives of the related capital assets.

H. Net Position

Net position represents the difference between assets and deferred outflow of resources and liabilities and deferred inflow of resources. The net position component "net investment in capital assets," consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction or improvement of those assets. Deferred outflows of resources are stricted debt also should be included in this component of net position. Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislation adopted by the Preparatory or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. The amount restricted for other purposes represents the amounts restricted for food service operations.

The Preparatory applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

I. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the Preparatory. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the Preparatory. All revenues and expenses not meeting this definition are reported as non-operating.

J. Intergovernmental Revenues

The Preparatory currently participates in the State Foundation Program, and the State Special Education Program, which are reflected under "State Foundation", "Casino Aid", and "Facilities Funding" on the Statement of Revenues, Expenses and Changes in Net Position. Revenues received from these programs are recognized as operating revenues in the accounting period in which all eligibility requirements have been met. Amounts awarded under these programs for the 2022 school year totaled \$3,329,784.

Grants and entitlements are recognized as non-operating revenues in the accounting period in which all eligibility requirements have been met. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the Preparatory must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the Preparatory on a reimbursement basis.

The Preparatory participates in the Comprehensive Continuous Improvement Planning Program (CCIP) through the ODE. Revenue received from this program is recognized as non-operating revenues. Amounts awarded under these programs for the 2022 school year totaled \$1,501,592.

K. Accrued Liabilities and Long-Term Obligations

The Preparatory has recognized certain liabilities on its statement of net position relating to expenses, which are due but unpaid as of June 30, 2022.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

L. Pensions/Other Postemployment Benefits (OPEB)

For purposes of measuring the net pension/OPEB liability, net OPEB asset, deferred outflows of resources and deferred inflows of resources related pensions/OPEB, and pension/OPEB expense, information about the fiduciary net position of the pension/OPEB plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension/OPEB plans report investments at fair value.

M. Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

N. Prepayments

Payments made to vendors for services that will benefit periods beyond June 30, 2022 are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of purchase and an expenditure/expense is reported in the year which services are consumed.

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE

Change in Accounting Principles

For fiscal year 2022, the Preparatory has implemented GASB Statement No. 87, "Leases", GASB Implementation Guide 2019-3, "Leases", GASB Statement No. 89, "Accounting for Interest Cost Incurred before the End of a Construction Period", GASB Implementation Guide 2020-1, "Implementation Guide Update - 2020", GASB Statement No. 92, "Omnibus 2020", GASB Statement No. 93, "Replacement of Interbank Offered Rates", GASB Statement No. 97, "Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans—an amendment of GASB Statement No. 99, "Omnibus 2022".

GASB Statement No. 87 and GASB Implementation Guide 2019-3 enhance the relevance and consistency of information of the government's leasing activities. It establishes requirements for lease accounting based on the principle that leases are financings of the right to use an underlying asset. A lessee is required to recognize a lease liability and an intangible right to use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. These changes were incorporated in the Preparatory's fiscal year 2022 financial statements. The Preparatory recognized \$1,761,872 in lease obligations at July 1, 2021; however, this entire amount was offset by the intangible asset, right to use leased - buildings.

GASB Statement No. 89 establishes accounting requirements for interest cost incurred before the end of a construction period. GASB Statement No. 89 requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. GASB Statement No. 89 also reiterates that financial statements prepared using the current financial resources measurement focus, interest cost incurred before the end of a construction period should be recognized as an expenditure on a basis consistent with governmental fund accounting principles. The implementation of GASB Statement No. 89 did not have an effect on the financial statements of the Preparatory.

GASB Implementation Guide 2020-1 provides clarification on issues related to previously established GASB guidance. The implementation of GASB Implementation Guide 2020-1 did not have an effect on the financial statements of the Preparatory.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE - (Continued)

GASB Statement No. 92 enhances comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. The implementation of GASB Statement No. 92 did not have an effect on the financial statements of the Preparatory.

GASB Statement No. 93 establishes accounting and financial reporting requirements related to the replacement of Interbank Offered Rates (IBORs) in hedging derivative instruments and leases. It also identifies appropriate benchmark interest rates for hedging derivative instruments. The implementation of GASB Statement No. 93 did not have an effect on the financial statements of the Preparatory.

GASB Statement No. 97 is to (1) increase consistency and comparability related to the reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform; (2) mitigate costs associated with the reporting of certain defined contribution pension plans, defined contribution other postemployment benefit (OPEB) plans, and employee benefit plans other than pension plans or OPEB plans (other employee benefit plans) as fiduciary component units in fiduciary fund financial statements; and (3) enhance the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensation plans (Section 457 plans) that meet the definition of a pension plan and for benefits provided through those plans. The implementation of GASB Statement No. 97 did not have an effect on the financial statements of the Preparatory.

GASB Statement No. 99 to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees. The implementation of GASB Statement No. 99 did not have an effect on the financial statements of the Preparatory.

NOTE 4 - DEPOSITS

Custodial credit risk is the risk that, in the event of bank failure, the Preparatory's deposits may not be returned. The Preparatory does not have a deposit policy for custodial credit risk. At June 30, 2022, the carrying amount of the Preparatory's deposits was \$1,091,382 and the bank balance was \$1,092,934. Of the bank balance, \$250,000 was covered by the Federal Deposit Insurance Corporation (FDIC) and \$842,934 was uninsured and uncollateralized.

There are no significant statutory restrictions regarding the deposit and investment of funds by the non-profit corporation.

NOTE 5 - RECEIVABLES

At June 30, 2022, the Preparatory had \$208,268 in accounts receivable and \$48,453 in intergovernmental receivables. Accounts receivables consist of amounts due from the Richard Allen Academy for accrued payroll and benefits and other various other non-operating revenues. Intergovernmental receivables consist of federal assistance (CCIP) which eligibility requirements have been met (earned) and amounts due from the School Employees Retirement System (SERS). All receivables are considered collectible in full.

NOTE 6 - PAYABLES

At June 30, 2022, the Preparatory had accounts payable, accrued wages and benefits, intergovernmental payables and accrued interest payable totaling \$188,453, \$221,538, \$95,052, and \$7,056, respectively. Accounts payable includes amounts due to various vendors during the normal course of conducting operations. Accrued wages and benefits payable includes amounts due to employees for services for fiscal year 2022. The intergovernmental payable consists of amounts due to ODE, Treasurer of the State of Ohio and amounts due to STRS and SERS.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 7 - CAPITAL ASSETS

Due to the implementation of GASB Statement No. 87 (see Note 3 for detail), the Preparatory recognized \$1,761,872 in lease obligations at July 1, 2021; however, this entire amount was offset by the intangible asset, right to use leased - buildings.

Capital asset activity for the fiscal year ended June 30, 2022 was as follows:

	Balance 06/30/21	Additions	Reductions	Balance 06/30/22
Capital assets, being depreciated/amortized:				
Leasehold improvements	\$ 73,667	\$ 28,758	\$ -	\$ 102,425
Furniture and equipment	32,932	30,902	-	63,834
Intangible right to use:				
Leased buildings	1,761,872			1,761,872
Total capital assets				
being depreciated/amortized	1,868,471	59,660		1,928,131
Less: accumulated depreciation/amortized				
Leasehold improvements	(8,903)	(17,610)	-	(26,513)
Furniture and equipment	(2,354)	(6,913)	-	(9,267)
Intangible right to use:				
Leased buildings		(125,847)		(125,847)
Total accumulated depreciation/amortization	(11,257)	(150,370)		(161,627)
Capital assets, net	\$ 1,857,214	<u>\$ (90,710)</u>	<u>\$</u>	<u>\$ 1,766,504</u>

NOTE 8 - DEFINED BENEFIT PENSION PLANS

The Statewide retirement systems provide both pension benefits and other postemployment benefits (OPEB).

Net Pension Liability/Net OPEB Liability/Asset

The net pension liability and the net OPEB liability/asset reported on the statement of net position represents a liability or asset to employees for pensions and OPEB, respectively.

Pensions and OPEB are a component of exchange transactions-between an employer and its employees-of salaries and benefits for employee services. Pensions/OPEB are provided to an employee-on a deferred-payment basis-as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension/OPEB liability (asset) represent the Preparatory's proportionate share of each pension/OPEB plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension/OPEB plan's fiduciary net position. The net pension/OPEB liability (asset) calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting these estimates annually.

The Ohio Revised Code limits the Preparatory's obligation for this liability to annually required payments. The Preparatory cannot control benefit terms or the manner in which pensions/OPEB are financed; however, the Preparatory does receive the benefit of employees' services in exchange for compensation including pension and OPEB.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 8 - DEFINED BENEFIT PENSION PLANS - (Continued)

GASB 68/75 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires funding to come from these employers. All pension contributions to date have come solely from these employers (which also includes pension costs paid in the form of withholdings from employees). The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits. In addition, health care plan enrollees pay a portion of the health care costs in the form of a monthly premium. State statute requires the retirement systems to amortize unfunded pension liabilities within 30 years. If the pension amortization period exceeds 30 years, each retirement system's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension/OPEB liability (asset). Resulting adjustments to the net pension/OPEB liability (asset) would be effective when the changes are legally enforceable. The Ohio Revised Code permits, but does not require, the retirement systems to provide healthcare to eligible benefit recipients.

The remainder of this note includes the required pension disclosures. See Note 9 for the required OPEB disclosures.

The proportionate share of each plan's unfunded benefits is presented as a long-term *net pension/OPEB liability (asset)* on the accrual basis of accounting. Any liability for the contractually required pension contribution outstanding at the end of the year is included in intergovernmental payable.

Plan Description - School Employees Retirement System (SERS)

Plan Description - The Preparatory's non-teaching employees participate in SERS, a cost-sharing multiple-employer defined benefit pension plan administered by SERS. SERS provides retirement, disability and survivor benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Ohio Revised Code Chapter 3309. SERS issues a publicly available, stand-alone financial report that includes financial statements, required supplementary information and detailed information about SERS' fiduciary net position. That report can be obtained by visiting the SERS website at www.ohsers.org under Employers/Audit Resources.

Age and service requirements for retirement are as follows:

	Eligible to Retire on or before August 1, 2017 *	Eligible to Retire after August 1, 2017
Full benefits	Any age with 30 years of service credit	Age 67 with 10 years of service credit; or Age 57 with 30 years of service credit
Actuarially reduced benefits	Age 60 with 5 years of service credit; or Age 55 with 25 years of service credit	Age 62 with 10 years of service credit; or Age 60 with 25 years of service credit

* Members with 25 years of service credit as of August 1, 2017 will be included in this plan.

Annual retirement benefits are calculated based on final average salary multiplied by a percentage that varies based on years of service; 2.2% for the first thirty years of service and 2.5% for years of service credit over 30. Final average salary is the average of the highest three years of salary.

An individual whose benefit effective date is before April 1, 2018, is eligible for a cost-of-living adjustment (COLA) on the first anniversary date of the benefit. Beginning April 1, 2018, new benefit recipients must wait until the fourth anniversary of their benefit for COLA eligibility. The COLA is added each year to the base benefit amount on the anniversary date of the benefit. A three-year COLA suspension was in effect for all benefit recipients for the years 2018, 2019, and 2020. Upon resumption of the COLA, it will be indexed to the percentage increase in the CPI-W, not to exceed 2.5% and with a floor of 0%. In 2021, the Board of Trustees approved a 2.5% cost-of-living adjustment (COLA) for eligible retirees and beneficiaries in 2022.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 8 - DEFINED BENEFIT PENSION PLANS - (Continued)

Funding Policy - Plan members are required to contribute 10.00% of their annual covered salary and the Preparatory is required to contribute 14.00% of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to statutory maximum amounts of 10.00% for plan members and 14.00% for employers. The Retirement Board, acting with the advice of the actuary, allocates the employer contribution rate among four of the System's funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund). For the fiscal year ended June 30, 2022, the allocation to pension, death benefits, and Medicare B was 14.00%. For fiscal year 2022, the Retirement Board did not allocate any employer contribution to the Health Care Fund.

The Preparatory's contractually required contribution to SERS was \$71,175 for fiscal year 2022. Of this amount, \$11,104 is reported as intergovernmental payable.

Plan Description - State Teachers Retirement System (STRS)

Plan Description - Licensed teachers participate in STRS, a cost-sharing multiple-employer public employee retirement system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about STRS' fiduciary net position. That report can be obtained by writing to STRS, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS website at www.strsoh.org.

New members have a choice of three retirement plans: a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined (CO) Plan. Benefits are established by Ohio Revised Code Chapter 3307.

The DB plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the calculation is 2.20% of final average salary for the five highest years of earnings multiplied by all years of service. In April 2017, the Retirement Board made the decision to reduce COLA granted on or after July 1, 2017, to 0% to preserve the fiscal integrity of the retirement system. Benefit recipients' base benefit and past cost-of living increases are not affected by this change. Eligibility changes will be phased in until August 1, 2026, when retirement eligibility for unreduced benefits will be five year of service credit and age 65, or 35 years of service credit and at least age 60.

Eligibility changes for DB Plan members who retire with actuarially reduced benefits will be phased in until August 1, 2026, when retirement eligibility will be five years of qualifying service credit and age 60, or 30 years of service credit at any age.

The DC Plan allows members to place all of their member contributions and 9.53% of the 14% employer contributions into an investment account. Investment allocation decisions are determined by the member. The remaining 4.47% of the 14% employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The Combined Plan offers features of both the DB Plan and the DC Plan. In the Combined Plan, 12% of the 14% member rate goes to the DC Plan and the remaining 2% is applied to the DB Plan. Member contributions to the DC Plan are allocated among investment choices by the member, and contributions to the DB Plan from the employer and the member are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60 with five years of service. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity after termination of employment at age 50 and after termination of employment.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 8 - DEFINED BENEFIT PENSION PLANS - (Continued)

New members who choose the DC Plan or Combined Plan will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's Combined Plan account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB 68 reporting purposes.

A DB or Combined Plan member with five or more years of credited service who is determined to be disabled may qualify for a disability benefit. New members must have at least ten years of qualifying service credit that apply for disability benefits. Members in the DC Plan who become disabled are entitled only to their account balance. Eligible survivors of members who die before service retirement may qualify for monthly benefits. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy - Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. The fiscal year 2022 employer and employee contribution rate of 14% was equal to the statutory maximum rates. For fiscal year 2022, the full employer contribution was allocated to pension.

The Preparatory's contractually required contribution to STRS was \$277,167 for fiscal year 2022. Of this amount, \$59,434 is reported as intergovernmental payable.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Preparatory's proportion of the net pension liability was based on the Preparatory's share of contributions to the pension plan relative to the projected contributions of all participating entities.

Following is information related to the proportionate share and pension expense:

	SERS			STRS	 Total
Proportion of the net pension					
liability prior measurement date	0.	00761400%	(0.01375809%	
Proportion of the net pension					
liability current measurement date	0.	00836501%	0	0.01448658%	
Change in proportionate share	0.00075101%		0.00072849%		
Proportionate share of the net			_		
pension liability	\$	308,645	\$	1,852,239	\$ 2,160,884
Pension expense	\$	1,001	\$	46,475	\$ 47,476

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 8 - DEFINED BENEFIT PENSION PLANS - (Continued)

At June 30, 2022, the Preparatory reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	SERS		STRS		Total
Deferred outflows of resources					
Differences between expected and					
actual experience	\$	31	\$	57,226	\$ 57,257
Changes of assumptions		6,499		513,845	520,344
Difference between employer contributions and proportionate share of contributions/					
change in proportionate share		25,237		470,723	495,960
Contributions subsequent to the					
measurement date		71,175		277,167	 348,342
Total deferred outflows of resources	\$	102,942	\$	1,318,961	\$ 1,421,903
		SERS		STRS	Total
Deferred inflows of resources					
Differences between expected and					
actual experience	\$	8,005	\$	11,610	\$ 19,615
Net difference between projected and					
actual earnings on pension plan investments		158,961		1,596,276	1,755,237
Difference between employer contributions and proportionate share of contributions/					
change in proportionate share		12,240		87,652	 99,892
Total deferred inflows of resources	\$	179,206	\$	1,695,538	\$ 1,874,744

\$348,342 reported as deferred outflows of resources related to pension resulting from Preparatory contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the fiscal year ending June 30, 2023.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

	 SERS		STRS		Total
Fiscal Year Ending June 30:					
2023	\$ (35,507)	\$	(185,918)	\$	(221,425)
2024	(25,347)		(56,943)		(82,290)
2025	(37,793)		(122,124)		(159,917)
2026	 (48,792)		(288,759)		(337,551)
Total	\$ (147,439)	\$	(653,744)	\$	(801,183)

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 8 - DEFINED BENEFIT PENSION PLANS - (Continued)

Actuarial Assumptions - SERS

SERS' total pension liability was determined by their actuaries in accordance with GASB Statement No. 67, as part of their annual actuarial valuation for each defined benefit retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment termination). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation, prepared as of June 30, 2021, are presented below:

Wage inflation:	
Current measurement date	2.40%
Prior measurement date	3.00%
Future salary increases, including inflation:	
Current measurement date	3.25% to 13.58%
Prior measurement date	3.50% to 18.20%
COLA or ad hoc COLA:	
Current measurement date	2.00%
Prior measurement date	2.50%
Investment rate of return:	
Current measurement date	7.00% net of system expenses
Prior measurement date	7.50% net of system expenses
Discount rate:	
Current measurement date	7.00%
Prior measurement date	7.50%
Actuarial cost method	Entry age normal (level percent of payroll)

In 2021, Mortality rates were based on the PUB-2010 General Employee Amount Weight Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20% for males and set forward 2 years and adjusted 81.35% for females. Mortality among disabled members were based upon the PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3% for males and set forward 3 years and adjusted 106.8% for females. Future improvement in mortality rates is reflected by applying the MP-2020 projection scale generationally.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 8 - DEFINED BENEFIT PENSION PLANS - (Continued)

In the prior measurement date, the mortality rates were based on the RP-2014 Blue Collar Mortality Table with fully generational projection and a five-year age set-back for both males and females. Mortality among service retired members, and beneficiaries were based upon the RP-2014 Blue Collar Mortality Table with fully generational projection with Scale BB, 120% of male rates, and 110% of female rates. Mortality among disabled members was based upon the RP-2000 Disabled Mortality Table, 90% for male rates and 100% for female rates, set back five years is used for the period after disability retirement.

The most recent experience study was completed for the five-year period ended June 30, 2020.

The long-term return expectation for the Pension Plan Investments has been determined using a building-block approach and assumes a time horizon, as defined in SERS' *Statement of Investment Policy*. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating a weighted average of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalancing uncorrelated asset classes.

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Cash	2.00 %	(0.33) %
US Equity	24.75	5.72
Non-US Equity Developed	13.50	6.55
Non-US Equity Emerging	6.75	8.54
Fixed Income/Global Bonds	19.00	1.14
Private Equity	11.00	10.03
Real Estate/Real Assets	16.00	5.41
Multi-Asset Strategy	4.00	3.47
Private Debt/Private Credit	3.00	5.28
Total	100.00 %	

Discount Rate - The total pension liability was calculated using the discount rate of 7.00%. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by state statute. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.00%). Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

Sensitivity of the Preparatory's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate -Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net pension liability calculated using the discount rate of 7.00%, as well as what each plan's net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00%), or one percentage point higher (8.00%) than the current rate.

	Current					
	1%	1% Decrease		Discount Rate		6 Increase
Preparatory's proportionate share						
of the net pension liability	\$	513,509	\$	308,645	\$	135,874

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 8 - DEFINED BENEFIT PENSION PLANS - (Continued)

Actuarial Assumptions - STRS

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results used in the June 30, 2021, actuarial valuation are presented below:

	June 30, 2021	June 30, 2020
Inflation	2.50%	2.50%
Projected salary increases	12.50% at age 20 to	12.50% at age 20 to
	2.50% at age 65	2.50% at age 65
Investment rate of return	7.00%, net of investment expenses, including inflation	7.45%, net of investment expenses, including inflation
Discount rate of return	7.00%	7.45%
Payroll increases	3.00%	3.00%
Cost-of-living adjustments (COLA)	0.00%	0.00%

For the June 30, 2021, actuarial valuation, post-retirement mortality rates are based on the RP-2014 Annuitant Mortality Tables with 50% of rates through age 69, 70% of rates between ages 70 and 79, 90% of rates between ages 80 and 84, and 100% of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. Pre-retirement mortality rates are based on RP-2014 Employee Mortality Tables, projected forward generationally using mortality improvement scale MP-2016. Post-retirement disabled mortality rates are based on the RP-2014 Disabled Mortality Tables with 90% of rates for males and 100% of rates for females, projected forward generationally using mortality improvement scale MP-2016.

Actuarial assumptions used in the June 30, 2021 valuation are based on the results of an actuarial experience study for the period July 1, 2011 through June 30, 2016.

STRS Ohio's investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return *
Domestic Equity	28.00 %	7.35 %
International Equity	23.00	7.55
Alternatives	17.00	7.09
Fixed Income	21.00	3.00
Real Estate	10.00	6.00
Liquidity Reserves	1.00	2.25
Total	100.00 %	

*10-Year geometric nominal returns, which include the real rate of return and inflation of 2.25% and does not include investment expenses. Over a 30-year period, STRS' investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

Discount Rate - The discount rate used to measure the total pension liability was 7.00% as of June 30, 2021. The projection of cash flows used to determine the discount rate assumes that member and employer contributions will be made at the statutory contribution rates in accordance with the rates described previously. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Based on those assumptions, STRS Ohio's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2021. Therefore, the long-term expected rate of return on pension plan investments of 7.00% was applied to all periods of projected benefit payments to determine the total pension liability as of June 30, 2021.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 8 - DEFINED BENEFIT PENSION PLANS - (Continued)

Sensitivity of the Preparatory's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following table represents the net pension liability as of June 30, 2021, calculated using the current period discount rate assumption of 7.00%, as well as what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00%) or one percentage point higher (8.00%) than the current assumption:

	Current					
	1%	6 Decrease	Dis	count Rate	1%	6 Increase
Preparatory's proportionate share						
of the net pension liability	\$	3,468,551	\$	1,852,239	\$	486,459

Changes Between Measurement Date and Reporting Date - STRS approved a one-time 3.00% cost-of-living adjustment to eligible benefit recipients effective July 1, 2022. It is unknown what the effect this change will have on the net pension liability.

NOTE 9 - DEFINED BENEFIT OPEB PLANS

Net OPEB Liability/Asset

See Note 8 for a description of the net OPEB liability (asset).

Plan Description - School Employees Retirement System (SERS)

Health Care Plan Description - The Preparatory contributes to the SERS Health Care Fund, administered by SERS for non-certificated retirees and their beneficiaries. For GASB 75 purposes, this plan is considered a cost-sharing other postemployment benefit (OPEB) plan. SERS' Health Care Plan provides healthcare benefits to eligible individuals receiving retirement, disability, and survivor benefits, and to their eligible dependents. Members who retire after June 1, 1986, need 10 years of service credit, exclusive of most types of purchased credit, to qualify to participate in SERS' health care coverage. In addition to age and service retirees, disability benefit recipients and beneficiaries who are receiving monthly benefits due to the death of a member or retiree, are eligible for SERS' health care coverage. Most retirees and dependents choosing SERS' health care coverage are over the age of 65 and therefore enrolled in a fully insured Medicare Advantage plan; however, SERS maintains a traditional, self-insured preferred provider organization for its non-Medicare retiree population. For both groups, SERS offers a self-insured prescription drug program. Health care is a benefit that is permitted, not mandated, by statute. The financial report of the Plan is included in the SERS Annual Comprehensive Financial Report which can be obtained on SERS' website at www.ohsers.org under Employers/Audit Resources.

Access to health care for retirees and beneficiaries is permitted in accordance with Section 3309 of the Ohio Revised Code. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). SERS' Retirement Board reserves the right to change or discontinue any health plan or program. Active employee members do not contribute to the Health Care Plan. The SERS Retirement Board established the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility, and retirement status.

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required pensions and benefits, the Retirement Board may allocate the remainder of the employer contribution of 14% of covered payroll to the Health Care Fund in accordance with the funding policy. For the fiscal year ended June 30, 2022, SERS did not allocate any employer contributions to post-employment health care. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated if less than a full year of service credit was earned. For fiscal year 2022, this amount was \$25,000. Statutes provide that no employer shall pay a health care surcharge greater than 2% of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5% of the total statewide SERS-covered payroll for the health care surcharge. For fiscal year 2022, the Preparatory's surcharge obligation was \$6,074.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 9 - DEFINED BENEFIT OPEB PLANS - (Continued)

The surcharge added to the allocated portion of the 14% employer contribution rate is the total amount assigned to the Health Care Fund. The Preparatory's contractually required contribution to SERS was \$6,074 for fiscal year 2022. Of this amount, \$6,074 is reported as intergovernmental payable.

Plan Description - State Teachers Retirement System (STRS)

Plan Description - The State Teachers Retirement System of Ohio (STRS) administers a cost-sharing Health Plan administered for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS. Ohio law authorizes STRS to offer this plan. Benefits include hospitalization, physicians' fees, prescription drugs and partial reimbursement of monthly Medicare Part B premiums. The Medicare Part B monthly reimbursement elimination date was postponed indefinitely. The Plan is included in the report of STRS which can be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Funding Policy - Ohio Revised Code Chapter 3307 authorizes STRS to offer the Plan and gives the Retirement Board discretionary authority over how much, if any, of the health care costs will be absorbed by STRS. Active employee members do not contribute to the Health Care Plan. Nearly all health care plan enrollees, for the most recent year, pay a portion of the health care costs in the form of a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions, currently 14% of covered payroll. For the fiscal year ended June 30, 2022, STRS did not allocate any employer contributions to post-employment health care.

OPEB Liabilities/Assets, **OPEB** Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

The net OPEB liability/asset was measured as of June 30, 2021, and the total OPEB liability/asset used to calculate the net OPEB liability/asset was determined by an actuarial valuation as of that date. The Preparatory's proportion of the net OPEB liability/asset was based on the Preparatory's share of contributions to the respective retirement systems relative to the contributions of all participating entities.

Following is information related to the proportionate share and OPEB expense:

		SERS	 STRS	 Total
Proportion of the net OPEB				
liability/asset prior measurement date	C	0.00724327%	0.01375809%	
Proportion of the net OPEB

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 9 - DEFINED BENEFIT OPEB PLANS - (Continued)

Actuarial Assumptions - SERS

The total OPEB liability is determined by SERS' actuaries in accordance with GASB Statement No. 74, as part of their annual actuarial valuation for each retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment terminations). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases, actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total OPEB liability in the latest actuarial valuation date of June 30, 2021 are presented below:

Wage inflation:	
Current measurement date	2.40%
Prior measurement date	3.00%
Future salary increases, including inflation:	
Current measurement date	3.25% to 13.58%
Prior measurement date	3.50% to 18.20%
Investment rate of return:	
Current measurement date	7.00% net of investment
	expense, including inflation
Prior measurement date	7.50% net of investment
	expense, including inflation
Municipal bond index rate:	
Current measurement date	1.92%
Prior measurement date	2.45%
Single equivalent interest rate, net of plan investment expense,	
including price inflation:	
Current measurement date	2.27%
Prior measurement date	2.63%
Medical trend assumption:	
Current measurement date	
Medicare	5.125 to 4.400%
Pre-Medicare	6.750 to 4.400%
Prior measurement date	
Medicare	5.25 to 4.75%
Pre-Medicare	7.00 to 4.75%

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 9 - DEFINED BENEFIT OPEB PLANS - (Continued)

In 2021, Mortality rates were based on the PUB-2010 General Employee Amount Weight Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20% for males and set forward 2 years and adjusted 81.35% for females. Mortality among disabled members were based upon the PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3% for males and set forward 3 years and adjusted 106.8% for females. Future improvement in mortality rates is reflected by applying the MP-2020 projection scale generationally.

In the prior measurement date, the mortality rates were based on the RP-2014 Blue Collar Mortality Table with fully generational projection and a five-year age set-back for both males and females. Mortality among service retired members, and beneficiaries were based upon the RP-2014 Blue Collar Mortality Table with fully generational projection with Scale BB, 120% of male rates, and 110% of female rates. Mortality among disabled members was based upon the RP-2000 Disabled Mortality Table, 90% for male rates and 100% for female rates, set back five years is used for the period after disability retirement.

The most recent experience study was completed for the five-year period ended June 30, 2020.

The long-term expected rate of return on plan assets is reviewed as part of the actuarial five-year experience study. The most recent study covers fiscal years 2015 through 2020 and was adopted by the Board in 2021. Several factors are considered in evaluating the long-term rate of return assumption including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return were developed by the investment consultant for each major asset class. These ranges were combined to produce the long-term expected rate of return, 7.00%, by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The capital market assumptions developed by the investment consultant are intended for use over a 10-year horizon and may not be useful in setting the long-term rate of return for funding pension plans which covers a longer timeframe. The assumption is intended to be a long-term assumption and is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years.

The target asset allocation and best estimates of arithmetic real rates of return for each major asset class, as used in the
June 30, 2020 five-year experience study, are summarized as follows:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Cash	2.00 %	(0.33) %
US Equity	24.75	5.72
Non-US Equity Developed	13.50	6.55
Non-US Equity Emerging	6.75	8.54
Fixed Income/Global Bonds	19.00	1.14
Private Equity	11.00	10.03
Real Estate/Real Assets	16.00	5.41
Multi-Asset Strategy	4.00	3.47
Private Debt/Private Credit	3.00	5.28
Total	100.00 %	

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 9 - DEFINED BENEFIT OPEB PLANS - (Continued)

Discount Rate - The discount rate used to measure the total OPEB liability at June 30, 2021 was 2.27%. The discount rate used to measure total OPEB liability prior to June 30, 2021 was 2.63%. The projection of cash flows used to determine the discount rate assumed that contributions will be made from members and the System at the contribution rate of 1.50% of projected covered payroll each year, which includes a 1.50% payroll surcharge and no contributions from the basic benefits plan. Based on these assumptions, the OPEB plan's fiduciary net position was projected to become insufficient to make all projected future benefit payments of current System members by SERS actuaries. The Municipal Bond Index Rate is used in the determined of the SEIR for both the June 30, 2020 and the June 30, 2021 total OPEB liability. The Municipal Bond Index rate is the single rate that will generate a present value of benefit payments equal to the sum of the present value determined by the long-term expected rate of return, and the present value determined by discounting those benefits after the date of depletion. The Municipal Bond Index Rate is 1.92% at June 30, 2021 and 2.45% at June 30, 2020.

Sensitivity of the Preparatory's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate and Changes in the Health Care Cost Trend Rates - The net OPEB liability is sensitive to changes in the discount rate and the health care cost trend rate. The following table presents the net OPEB liability, what the net OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (1.27%) and higher (3.27%) than the current discount rate (2.27%). Also shown is what the net OPEB liability would be based on health care cost trend rates that are 1 percentage point lower (5.75% decreasing to 3.40%) and higher (7.75% decreasing to 5.40%) than the current rate (6.75% decreasing to 4.40%).

	1%	Decrease	Dise	count Rate	1% Increase

NOTE 9 - DEFINED BENEFIT OPEB PLANS - (Continued)

Projections of benefits include the historical pattern of sharing benefit costs between the employers and retired plan members.

For healthy retirees the mortality rates are based on the RP-2014 Annuitant Mortality Tables with 50% of rates through age 69, 70% of rates between ages 70 and 79, 90% of rates between ages 80 and 84, and 100% of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. For disabled retirees, mortality rates are based on the RP-2014 Disabled Mortality Tables with 90% of rates for males and 100% of rates for females, projected forward generationally using mortality improvement scale MP-2016.

Actuarial assumptions used in the June 30, 2021 valuation are based on the results of an actuarial experience study for the period July 1, 2011 through June 30, 2016.

Assumption Changes Since the Prior Measurement Date - The discount rate was adjusted to 7.00% from 7.45% for the June 30, 2021 valuation.

Benefit Term Changes Since the Prior Measurement Date - The non-Medicare subsidy percentage was increased effective January 1, 2022 from 2.055% to 2.100%. The non-Medicare frozen subsidy base premium was increased effective January 1, 2022. The Medicare Part D subsidy was updated to reflect it is expected to be negative in CY2022. The Part B monthly reimbursement elimination date was postponed indefinitely.

STRS' investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return *
Domestic Equity	28.00 %	7.35 %
International Equity	23.00	7.55
Alternatives	17.00	7.09
Fixed Income	21.00	3.00
Real Estate	10.00	6.00
Liquidity Reserves	1.00	2.25
Total	100.00 %	

*10-Year geometric nominal returns, which include the real rate of return and inflation of 2.25% and does not include investment expenses. Over a 30-year period, STRS' investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

Discount Rate - The discount rate used to measure the total OPEB asset was 7.00% as of June 30, 2021. The projection of cash flows used to determine the discount rate assumed STRS Ohio continues to allocate no employer contributions to the health care fund. Based on these assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2021. Therefore, the long-term expected rate of return on health care fund investments of 7.00% was applied to all periods of projected health care costs to determine the total OPEB liability as of June 30, 2021.

Sensitivity of the Preparatory's Proportionate Share of the Net OPEB Asset to Changes in the Discount and Health Care Cost Trend Rate - The following table represents the net OPEB asset as of June 30, 2021, calculated using the current period discount rate assumption of 7.00%, as well as what the net OPEB asset would be if it were calculated using a discount rate that is one percentage point lower (6.00%) or one percentage point higher (8.00%) than the current assumption. Also shown is the net OPEB asset as if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current health care cost trend rates.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 9 - DEFINED BENEFIT OPEB PLANS - (Continued)

	1%	Decrease	Current count Rate				
Preparatory's proportionate share of the net OPEB asset	\$	257,742	\$ 305,438	\$	345,280

Preparatory's proportionate share of the net OPEB asset	\$	343,666	\$ 305,438	\$	258,165		

NOTE 10 - RISK MANAGEMENT

A. Property and Liability

The Preparatory is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal year 2022, the Preparatory maintained the following coverage through the Alliance of Nonprofits for Insurance Company:

Coverage Property liability: Building replacement cost Business personal property limit	Limits of <u>Coverage</u> \$10,593,500 765,000
Deductible	5,000
General liability:	
Each occurrence	1,000,000
General aggregate	2,000,000
Products – aggregate	2,000,000
Personal & advertising injury	1,000,000
Damages to rented premises, per occurrence	500,000
Medical payments	20,000
Liquor Liability:	
Aggregate limit	1,000,000
Common cause	1,000,000
Social Service Professional:	
Aggregate limit	2,000,000
Event	1,000,000
Improper Sexual Conduct Limits:	
Aggregate limit	\$1,000,000
Each occurrence	1,000,000

There have been no settlements exceeding coverage in the last three years. There was a significant increase in building replacement cost insurance coverage from the prior year.

B. Employee Insurance Benefits

During fiscal year 2022, the Preparatory provided health, dental, vision and life insurance benefits to employees through Anthem.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 11 - SPONSOR

The Preparatory entered into a Sponsor Contract with the sponsor, St. Aloysius, commencing July 1, 2018 through June 30, 2022. Sponsor fee expense for fiscal year 2022 totaled \$89,618.

NOTE 12 - MANAGEMENT COMPANY AGREEMENT

Educational Management and Development Group, LLC

Effective August 1, 2017, the Preparatory entered into a multi-year Management Agreement (Agreement) with Educational Management and Development Group (EMDG). The Agreement's term runs through June 30, 2023.

EMDG will provide the Preparatory with the educational and administrative services set forth as follows:

- Educational services curriculum, instruction oversight and coordination, instructional tools, extra-curricular and co-curricular programs, and additional educational services.
- Administrative services personnel management, facility operation and maintenance, business administration (talent acquisition and human resources administration), facility acquisition and management, financial management, grants management, executive leadership, Board expenses, transportation and food services, public relations, budgeting and financial reporting, maintenance of financial and student records, marketing and community outreach, state data reporting, professional development for all staff, Board governance services, building level leadership and training supervision, fundraising, technology administration, admissions, student hearings, academic progress reports, rules and procedures, parent satisfaction forms, and additional administrative services.

As part of the terms of this Agreement, the "Continuing Fee" percentage of the Preparatory is 16 percent of gross revenues and a license fee of 3 percent of gross revenues. In addition to the management fee described above, the Preparatory will reimburse EMDG for its payroll and other costs eligible for reimbursements. Teachers and support staff recommended by EMDG will be employees of the Preparatory. The Director of the Preparatory will be an employee of EMDG, whose selection and removal shall be subject to approval of the Board.

EDMG may terminate the Agreement prior to the end of the term in the event the Preparatory fails to remedy a material breach of the Agreement within thirty days after written notice from EMDG. The Preparatory may terminate the Agreement for cause or without cause, per terms of the Agreement. The Agreement will terminate upon termination of the Preparatory' Charter or substantial reduction in state and federal funding.

The Preparatory paid \$428,320 to EMDG during fiscal year 2022 for management services.

NOTE 13 - PURCHASED SERVICES

For fiscal year ended June 30, 2022, purchased services expenses were as follows:

Professional services	\$ 707,079
Property services	72,389
Communications	33,769
Utility services	99,319
Contracted food services	 289,740
Total	\$ 1,202,296

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 14 - LONG-TERM OBLIGATIONS

Due to the implementation of GASB Statement No. 87 (see Note 3 for detail), the Preparatory recognized \$1,761,872 in lease obligations at July 1, 2021; however, this entire amount was offset by the intangible asset, right to use leased - buildings.

The following changes occurred in the long-term obligations during fiscal year 2022:

	Ju	Balance ne 30, 2021	Additions	Reductions	Balance ne 30, 2022	_	Amounts Due in One Year
Net pension liability:							
STRS	\$	3,328,967	\$ -	\$ (1,476,728)	\$ 1,852,239	\$	-
SERS		503,606	 _	 (194,961)	 308,645		
Total net pension liability		3,832,573	 -	 (1,671,689)	 2,160,884		-
Net OPEB liability:

USSBA loans payable:							
EIDL		150,000	-	-	150,000		1,493
Lease obligations		1,761,872	 -	 (68,426)	 1,693,446		77,332
Total long-term obligations	\$	5,901,865	\$ 4,426	\$ (1,740,115)	\$ 4,166,176	\$	78,825

Net Pension Liability

See Note 8 for information on the Preparatory's net pension liability.

Net OPEB Liability

See Note 9 for information on the Preparatory's net OPEB liability.

USSBA Loans Payable

On August 27, 2020, the United States Small Business Administration (USSBA) awarded the Preparatory a \$150,000 economic injury disaster loan (EIDL) related to the COVID-19 pandemic to be used for various operating purposes of the Preparatory. The original terms of the loan agreement required monthly principal and interest payments of \$641, at a 2.75% interest rate, to be repaid over 29 years beginning 12 months from the date of the loan. Before any payments were made, the USSBA determined that due to the continued adverse effects of the pandemic, a deferment period of 30 months from the date of the original loan would be granted. Further guidance from the USSBA stated that the 30-month EIDL deferment period would not be extended and COVID-19 EIDL is not forgivable.

A summary of the Preparatory's future debt service payments, including principal and interest payments, related to the USSBA loans payable is as follows:

	 USSBA Loans Payable									
Fiscal Year	Principal		Interest	_	Total					
2023	\$ 1,493	\$	1,712	\$	3,205					
2024	3,655		4,037		7,692					
2025	3,758		3,934		7,692					
2026	3,862		3,830		7,692					
2027	3,970		3,722		7,692					
2028-2032	21,570		16,890		38,460					
2033-2037	24,745		13,715		38,460					
2038-2042	28,388		10,072		38,460					
2043-2047	32,568		5,892		38,460					
2048-2050	 25,991		1,313		27,304					
Total	\$ 150,000	\$	65,117	\$	215,117					

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 14 - LONG-TERM OBLIGATIONS - (Continued)

Lease Obligations

In a prior fiscal year, the Preparatory entered into two lease agreements for the right to use buildings for classroom space. In accordance with GASB Statement No. 87, the Preparatory has reported an intangible capital asset and corresponding liability for the future scheduled payments under the lease agreements.

The Preparatory, entered into a lease agreement on August 1, 2017, with Cash Money Properties, Ltd. to lease classroom space for the Preparatory. The initial term of the lease commenced August 1, 2017 and will expire on June 30, 2035. The base rent lease payments are \$4,500 per month.

The Preparatory, entered into a lease agreement on May 13, 2020, with Our Lady of Grace Church to lease classroom space and playground space for the Preparatory. The term of the lease commenced July 1, 2020, and continues through June 30, 2035. The Preparatory shall pay to Our Lady of Grace Church in annual base rent payable in advance in monthly installments.

The following is a schedule of future lease payments under the lease agreements:

Fiscal	Lease Obligations											
Year Ended,	Principal	Interest	Total									
2023	\$ 77,332	\$ 82,916	\$ 160,248									
2024	81,288	78,960	160,248									
2025	85,447	74,801	160,248									
2026	109,011	69,993	179,004									
2027	114,588	64,416	179,004									
2028-2032	693,330	226,674	920,004									
2033-2035	532,450	42,038	574,488									
Total	\$ 1,693,446	\$ 639,798	\$ 2,333,244									

NOTE 15 - RELATED PARTY TRANSACTIONS

The Governing Board of Richard Allen Preparatory served in the same capacity for the Richard Allen Academy for the fiscal year 2022, all of which were managed by the EMDG. Richard Allen Preparatory shares its Superintendent and the Treasurer/CFO with Richard Allen Academy.

The Superintendent serves as Executive Director of EMDG. The Treasurer/CFO is not an employee of EMDG (nor has no other affiliation with EMDG) and has a separate contract with the Board.

The Preparatory pays EMDG 16 percent of gross revenues and a license fee of 3 percent of gross revenues. In addition to the management fee described above, the Preparatory will reimburse EMDG for its payroll and other costs eligible for reimbursements. See Note 12 for details.

NOTE 16 - CONTINGENCIES

A. Grants

The Preparatory received financial assistance from Federal and State agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the Preparatory at June 30, 2022.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 16 - CONTINGENCIES - (Continued)

B. Pending Litigation

The Preparatory is not involved in any litigation that, in the opinion of management, would have a material effect on the financial statements.

NOTE 17 - COVID-19

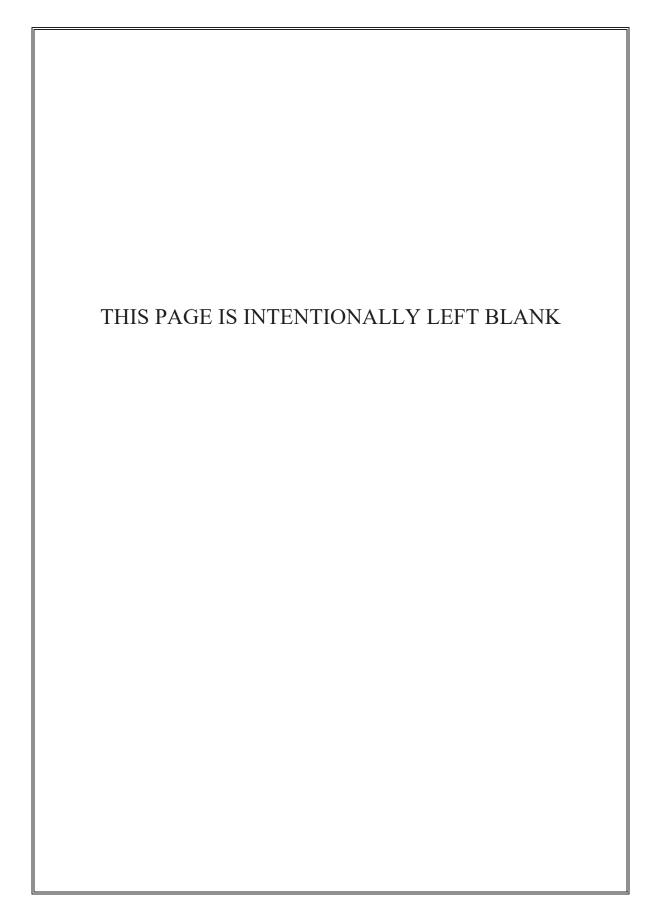

The United States and the State of Ohio declared a state of emergency in March of 2020 due to the COVID-19 pandemic. Ohio's state of emergency ended in June 2021 while the national state of emergency ended in May 2023. During fiscal year 2022, the Preparatory received COVID-19 funding. The financial impact of COVID-19 and the continuing recovery measures may impact subsequent periods of the Preparatory.

NOTE 18 - FEDERAL TAX STATUS

The Preparatory completed its application and filed for tax exempt status under 501(c) 3 of the Internal Revenue Code and was approved for tax exempt status. Management is not aware of any course of action or series of events that have occurred that might adversely affect the Preparatory's tax-exempt status.

NOTE 19 - MANAGEMENT PLAN

Management merged the Richard Allen Preparatory and the Richard Allen Academy II effective June 1, 2018. Management has taken steps towards increasing student enrollment and containing costs, which would provide additional State funding and reduce expenses respectively, enabling the Preparatory to return to financial stability.

PENSION

SCHOOL EMPLOYEES RETIREMENT SYSTEM (SERS) OF OHIO

Changes in benefit terms :

- There were no changes in benefit terms from the amounts reported for fiscal years 2014-2017.
- ^a For fiscal year 2018, SERS changed from a fixed 3% annual increase to a Cost of Living Adjustment (COLA) based on the changes in the Consumer Price Index (CPI-W), with a cap of 2.5% and a floor of 0%.
- ^a There were no changes in benefit terms from the amounts previously reported for fiscal year 2019.
- ^a There were no changes in benefit terms from the amounts previously reported for fiscal year 2020.
- ^a There were no changes in benefit terms from the amounts previously reported for fiscal year 2021.
- For fiscal year 2022, SERS changed from a Cost of Living Adjustment (COLA) of 2.5% to 2.0%.

Changes in assumptions :

- ^a There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for fiscal years 2014-2016.
- ^a For fiscal year 2017, the following changes of assumptions affected the total pension liability since the prior measurement date: (a) the assumed rate of inflation was reduced from 3.25% to 3.00%, (b) payroll growth assumption was reduced from 4.00% to 3.50%, (c) assumed real wage growth was reduced from 0.75% to 0.50%, (d) rates of withdrawal, retirement and disability were updated to reflect recent experience, (e) mortality among active members was updated to RP-2014 Blue Collar Mortality Table with fully generational projection and a five year age set-back for both males and females, (f) mortality among service retired members and beneficiaries was updated to the following RP-2014 Blue Collar Mortality Table with fully generational projection with Scale BB, 120% of male rates and 110% of female rates, (g) mortality among disabled members was updated to RP-2000 Disabled Mortality Table, 90% for male rates and 100% for female rates, set back five years is used for the period after disability retirement and (h) the discount rate was reduced from 7.75% to 7.50%.
- There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for fiscal year 2018.
- ^a There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for fiscal year 2019.
- There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for fiscal year 2020.
- There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for fiscal year 2021.
- ^D For fiscal year 2022, the following changes of assumptions affected the total pension liability since the prior measurement date: (a) wage inflation decreased from 3.00% to 2.40%, (b) future salary increases changed from 3.50%-18.20% to 3.25%-13.58%, (c) investment rate of return decreased from 7.50% to 7.00%, (d) discount rate decreased from 7.50% to 7.00% and (e) mortality tables changed from the RP-2014 Blue Collar mortality table to the PUB-2010 General Employee Amount Weight Below Median Healthy Retiree mortality table.

STATE TEACHERS RETIREMENT SYSTEM (STRS) OF OHIO

Changes in benefit terms :

- ^a There were no changes in benefit terms from the amounts reported for fiscal years 2014-2017.
- ^a For fiscal year 2018, STRS decreased the Cost of Living Adjustment (COLA) to zero.
- ^o There were no changes in benefit terms from amounts previously reported for fiscal year 2019.
- ^a There were no changes in benefit terms from amounts previously reported for fiscal year 2020.
- ^o There were no changes in benefit terms from amounts previously reported for fiscal year 2021.
- ^a There were no changes in benefit terms from amounts previously reported for fiscal year 2022.

STATE TEACHERS RETIREMENT SYSTEM (STRS) OF OHIO

Changes in benefit terms :

- ^a There were no changes in benefit terms from the amounts previously reported for fiscal year 2017.
- ^a For fiscal year 2018, STRS reduced the subsidy multiplier for non-Medicare benefit recipients from 2.1% to 1.9% per year of service. Medicare Part B premium reimbursements were discontinued for certain survivors and beneficiaries and all remaining Medicare Part B premium reimbursements will be discontinued beginning January 2019.
- ^a For fiscal year 2019, STRS increased the subsidy multiplier for non-Medicare benefit recipients from 1.9% to 1.944% per year of service effective January 1, 2019. The non-Medicare frozen subsidy base premium was increased January 1, 2019 and all remaining Medicare Part B premium reimbursements will be discontinued beginning January 1, 2020.
- ^D For fiscal year 2020, STRS increased the subsidy percentage from 1.944% to 1.984% effective January 1, 2020. The Medicare subsidy percentages were adjusted effective January 1, 2021 to 2.1% for the Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed to January 1, 2021.
- ^a For fiscal year 2021, the non-Medicare subsidy percentage was increased effective January 1, 2021 from 1.984% to 2.055% per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2021. The Medicare subsidy percentages were adjusted effective January 1, 2021 to 2.1% for the AMA Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed indefinitely.
- ^a For fiscal year 2022, the non-Medicare subsidy percentage was increased effective January 1, 2022 from 2.055% to 2.100%. The non-Medicare frozen subsidy base premium was increased effective January 1, 2022. The Medicare Part D subsidy was updated to reflect it is expected to be negative in CY2022. The Part B monthly reimbursement elimination date was postponed indefinitely.

Changes in assumptions :

- ^a There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for fiscal year 2017.
- For fiscal year 2018, the following changes of assumptions affected the total OPEB liability since the prior measurement date: (a) the discount rate was increased from 3.26% to 4.13% based on the methodology defined under GASB Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans (OPEB), (b) the long term expected rate of return was reduced from 7.75% to 7.45%, (c) valuation year per capita health care costs were updated, and the salary scale was modified, (d) the percentage of future retirees electing each option was updated based on current data and the percentage of future disabled retirees and terminated vested participants electing health coverage were decreased and (e) the assumed mortality, disability, retirement, withdrawal and future health care cost trend rates were modified along with the portion of rebated prescription drug costs.
- For fiscal year 2019, the following changes of assumptions affected the total OPEB liability/asset since the prior measurement date: (a) the discount rate was increased from the blended rate of 4.13% to the long-term expected rate of return of 7.45% based on the methodology defined under GASB Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans (OPEB) and (b) decrease in health care cost trend rates from 6.00%-11.00% initial; 4.50% ultimate down to Medical Pre-Medicare 6.00% and Medicare 5.00% initial; 4.00% ultimate and Prescription Drug Pre-Medicare 8.00% and Medicare (5.23%) initial; 4.00% ultimate.
- ^a For fiscal year 2020, health care cost trend rates were changed to the following: medical pre-Medicare from 6.00% initial 4.00% ultimate down to 5.87% initial 4.00% ultimate; medical Medicare from 5.00% initial 4.00% ultimate down to 4.93% initial 4.00% ultimate; prescription drug pre-Medicare from 8.00% initial 4.00% ultimate down to 7.73% initial 4.00% ultimate and (5.23%) initial 4.00% ultimate up to 9.62% initial 4.00% ultimate.
- For fiscal year 2021, health care cost trend rates were changed to the following: medical pre-Medicare from 5.87% initial 4.00% ultimate down to 5.00% initial 4.00% ultimate; medical Medicare from 4.93% initial 4.00% ultimate down to -6.69% initial 4.00% ultimate; prescription drug pre-Medicare from 7.73% initial 4.00% ultimate down to 6.50% initial 4.00% ultimate; prescription drug Medicare from 9.62% initial 4.00% ultimate up to 11.87% initial 4.00% ultimate.
- For fiscal year 2022, the following changes of assumption affected the total OPEB liability since the prior measurement date: (a) the long-term expected rate of return was reduced from 7.45% to 7.00%, (b) the discount rate of return was reduced from 7.45% to 7.00% and (c) health care cost trend rates were changed to the following: medical Medicare from -6.69% initial 4.00% ultimate down to -16.18% initial 4.00% ultimate; prescription drug Medicare from 11.87% initial 4.00% ultimate up to 29.98% initial 4.00% ultimate.

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS 2 CFR 200.510(b)(6) FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE A – BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of Richard Allen Preparatory (the Preparatory) under programs of the federal government for the fiscal year ended June 30, 2022. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Preparatory, it is not intended to and does not present the financial position, changes in net position, or cash flows of the Preparatory.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance wherein certain types of expenditures may or may not be allowable or may be limited as to reimbursement.

NOTE C – INDIRECT COST RATE

The Preparatory has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE D - CHILD NUTRITION CLUSTER

The Preparatory commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the Preparatory assumes it expends federal monies first.

NOTE E – FOOD DONATION PROGRAM

The Preparatory reports commodities consumed on the Schedule at the entitlement value. The Preparatory allotted donated food commodities to the respective program that benefitted from the use of those donated food commodities.

OHIO AUDITOR OF STATE KEITH FABER

65 East State Street Columbus, Ohio 43215 ContactUs@ohioauditor.gov 800-282-0370

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Richard Allen Preparatory Montgomery County 627 Salem Avenue Dayton, Ohio 45402

To the Board of Directors:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of Richard Allen Preparatory, Montgomery County, (the Preparatory) as of and for the fiscal year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Preparatory's basic financial statements and have issued our report thereon dated April 24, 2024, wherein we noted the Preparatory adopted new accounting guidance in Governmental Accounting Standards Board (GASB) Statement No. 87, *Leases*. We also noted the financial impact of COVID-19 and the continuing recovery measures may impact subsequent periods of the Preparatory.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Preparatory's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Preparatory's internal control. Accordingly, we do not express an opinion on the effectiveness of the Preparatory's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Preparatory's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified a certain deficiency in internal control, described in the accompanying schedule of findings as item 2022-002 that we consider to be a material weakness.

Richard Allen Preparatory Montgomery County Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Required by *Government Auditing Standards*

Page 2

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Preparatory's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matter that is required to be reported under *Government Auditing Standards* and which is described in the accompanying schedule of findings as item 2022-001.

Preparatory's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the Preparatory's responses to the findings identified in our audit and described in the accompanying schedule of findings and / or corrective action plan. The Preparatory's responses were not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the responses.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Preparatory's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Preparatory's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO THE MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Richard Allen Preparatory Montgomery County 627 Salem Avenue Dayton, Ohio 45402

To the Board of Directors:

Report on Compliance for the Major Federal Program

OHIO AUDITOR OF STAT

KEITH FABER

Opinion on the Major Federal Program

We have audited Richard Allen Preparatory's, Montgomery County, (the Preparatory) compliance with the types of compliance requirements identified as subject to audit in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could have a direct and material effect on Richard Allen Preparatory's major federal program for the fiscal year ended June 30, 2022. Richard Allen Preparatory's major federal program is identified in the *Summary of Auditor's Results* section of the accompanying schedule of findings.

In our opinion, Richard Allen Preparatory complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major federal program for the fiscal year ended June 30, 2022.

Basis for Opinion on the Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Preparatory and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for the major federal program. Our audit does not provide a legal determination of the Preparatory's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

The Preparatory's Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Preparatory's federal programs.

Richard Allen Preparatory Montgomery County Independent Auditor's Report on Compliance with Requirements Applicable to the Major Federal Program and on Internal Control Over Compliance Required by the Uniform Guidance Page 2

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Preparatory's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Preparatory's compliance with the requirements of the major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design
 and perform audit procedures responsive to those risks. Such procedures include examining, on a
 test basis, evidence regarding the Preparatory's compliance with the compliance requirements
 referred to above and performing such other procedures as we considered necessary in the
 circumstances.
- obtain an understanding of the Preparatory's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Preparatory's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control other compliance with a type of compliance is a network deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance is a deficiency over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Richard Allen Preparatory Montgomery County Independent Auditor's Report on Compliance with Requirements Applicable to the Major Federal Program and on Internal Control Over Compliance Required by the Uniform Guidance Page 3

Our consideration of internal control over compliance was for the limited purpose described in the *Auditor's Responsibilities for the Audit of Compliance* section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance that we find the consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of this testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Keith Faber Auditor of State Columbus, Ohio

SCHEDULE OF FINDINGS 2 CFR § 200.515 JUNE 30, 2022

1. SUMMARY OF AUDITOR'S RESULTS

(d)(1)(i)	Type of Financial Statement Opinion	Unmodified
(d)(1)(ii)	Were there any material weaknesses in internal control reported at the financial statement level (GAGAS)?	Yes
(d)(1)(ii)	Were there any significant deficiencies in internal control reported at the financial statement level (GAGAS)?	No
(d)(1)(iii)	Was there any reported material noncompliance at the financial statement level (GAGAS)?	Yes
(d)(1)(iv)	Were there any material weaknesses in internal control reported for major federal programs?	No
(d)(1)(iv)	Were there any significant deficiencies in internal control reported for major federal programs?	No
(d)(1)(v)	Type of Major Programs' Compliance Opinion	Unmodified
(d)(1)(vi)	Are there any reportable findings under 2 CFR § 200.516(a)?	No
(d)(1)(vii)	Major Programs (list):	COVID-19 Education Stabilization Fund (AL #84.425D)
(d)(1)(viii)	Dollar Threshold: Type A\B Programs	Type A: > \$ 750,000 Type B: all others
(d)(1)(ix)	Low Risk Auditee under 2 CFR § 200.520?	No

2. FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

FINDING NUMBER 2022-001

NONCOMPLIANCE

Ohio Rev. Code § 102.03 (E) states no public official or employee shall solicit or accept anything of value that is of such a character as to manifest a substantial and improper influence upon the public official or employee with respect to that person's duties.

Ohio Rev. Code § 2921.42(A)(4), states, in part, no public official shall knowingly have an interest in the profits or benefits of a public contract entered into by or for the use of the political subdivision or governmental agency or instrumentality with which the public official is connected.

Richard Allen Preparatory Montgomery County Schedule of Findings Page 2

FINDING NUMBER 2022-001 (Continued)

In previous periods, the Preparatory had a contract with Institute of Management and Resources, Inc. (IMR) to perform management services and Dr. Michelle Bozeman served as the Superintendent of Richard Allen Schools while being employed as the Director of IMR. Due to the bankruptcy process related to IMR, the Preparatory then entered into an agreement with a new management company, Educational Management and Development Group (EMDG), to perform management services effective August 1, 2017. Dr. Michelle Bozeman again was employed as the Director of EMDG while serving as the Superintendent of the School. Dr. Bozeman may have violated Ohio Rev. Code § 2921.42(A)(4) because as a public official in her role as the Superintendent of the School, Dr. Bozeman had a pecuniary interest in the agreement between EMDG and the Preparatory.

Additionally, Dr. Bozeman received compensation and benefits from EMDG while in her role as Director. Dr. Bozeman may have violated Ohio Rev. Code § 102.03(E) because her acceptance of the compensation and benefits from EMDG may have impaired her ability to objectively and independently exercise judgment in matters concerning EMDG in her role as the Superintendent for the Preparatory.

The Preparatory should take appropriate steps to verify that its management is independent of the management company and policies and procedures are implemented to detect and appropriately address any conflict of interest. Failure to do so could result in the Preparatory entering into contracts that might not be in the best interest of the Preparatory or the attending students. A referral will be made to the Ohio Ethics Commission.

Officials' Response: The School strongly objects to this finding as it pertains to alleged ethics matters involving the School's chief administrator. As in prior years, the Auditor indicates that a "referral will be made to the Ohio Ethics Commission." No prior referrals have resulted in an ethics finding against Dr. Bozeman (former Thomas), however, which is not surprising because none have occurred. The School again raises the question of how an operator—which, as Ohio law provides, can include an "individual" managing day-to-day operations by contract with an independent governing authority—can fulfill a school's chief administrator role when considering the Auditor's position that such administrators cannot be connected with the operator. The proposed finding fails to address this conflict with R.C. 3314.02(A)(8)(a). Consistent with Ohio community school law, a staff member of the operator—regardless of position with the operator of interest under R.C. 102.03 or R.C. 2921.42 where the school's independent governing authority has permissibly delegated such operational responsibility. Accordingly, this baseless allegation should be removed from the Audit Report.

Auditor of State Conclusion: The Auditor agrees that similar findings have been reported in prior audits to the Ohio Ethics Commission (OEC), however, the OEC has not, to the best of the Auditor's knowledge, indicated that the findings are unfounded. Since the issue has neither been corrected during this audit period by the Preparatory, nor has the Auditor received clear notice from the OEC that it has declined to investigate the matter, this finding must be included in accordance with requirements in AU-C 265.

Richard Allen Preparatory Montgomery County Schedule of Findings Page 3

FINDING NUMBER 2022-001 (Continued)

Further, it is not clear how the Preparatory can claim that Ohio Rev. Code § 3314.02(A)(8)(a) permits Dr. Bozeman (formerly Thomas) from serving as a public official in her role as the Superintendent of the Schools while simultaneously working for and being compensated as the Director of EMDG (for which the Preparatory contracted with during the audit period), without being in violation of Ohio Rev. Code §§102.03(E) and 2921.42(A). Ohio Rev. Code § 3314.02(A)(8)(a) defines operator or management company as "an individual or organization that manages the daily operations of a community school pursuant to a contract between the operator or management company and the school's governing authority. ... "Here, under Ohio Rev. Code § 3314.02(A)(8)(a), EMDG was the organization that managed the daily operations of the Preparatory pursuant to a contract between EMDG and the Preparatory. Ohio Rev. Code § 3314.02(A)(8)(a) does not state that a management company is required, or even permitted, to have the same individual serve as a public official of the Preparatory while also serving as a director for the management company. Counter to the Preparatory's argument in its official response stating "operator staff member-regardless of position with the operator-who fulfills the operator's contractual duties to manage the day-to-day operations of a school does not have a conflict of interest," it is clear that this is not merely a case in which the management company, under the authority granted to it by the governing authority, placed an individual to serve in a position for the Preparatory. This is a case where an individual who was actively employed and being compensated as the Director of the management company was simultaneously placed to be the Superintendent, a public official, of the Preparatory.

In sum, Dr. Bozeman, as the Superintendent of the Preparatory, meets the definition of a public official under the Ohio Ethics Laws and she is thus subject to comply with Ohio Rev. Code §§ 102.03(E) and 2921.42(A), regardless of how Ohio Rev. Code § 3314.02(A)(8)(a) defines operator or management company.

FINDING NUMBER 2022-002

MATERIAL WEAKNESS – ECONOMIC INJURY DISASTER LOAN

In our audit engagement letter, as required by AU-C Section 210, *Terms of Engagement*, paragraph .06, management acknowledged its responsibility for the preparation and fair presentation of their financial statements; this responsibility includes designing, implementing and maintaining internal control relevant to preparing and fairly presenting financial statements free from material misstatement, whether due to fraud or error as discussed in AU-C Section 210 paragraphs .A14 & .A16. Governmental Accounting Standards Board (GASB) Cod. 1100 paragraph .101 states a governmental accounting system must make it possible both: (a) to present fairly and with full disclosure the funds and activities of the governmental unit in conformity with generally accepted accounting principles, and (b) to determine and demonstrate compliance with finance-related legal and contractual provisions.

On August 28, 2020 the Preparatory was issued an economic injury disaster loan (EIDL) through the United States Small Business Administration in the amount of \$150,000. The Preparatory incorrectly believed that the EIDL had been 100% forgiven before any payments were made. This led to required adjustments to the financial statements. For fiscal year 2022, net position at the beginning of the year was overstated by \$150,000, long-term liabilities (EIDL payable) was understated by \$148,507, current liabilities (EIDL payable) was understated by \$150,000.

Failure to properly identify, track, and report all debt of the Preparatory could lead to material financial statement errors, payment of additional fees and interest charges for not repaying debt timely, and debt covenant noncompliance, among other potential issues.

This was caused by the Preparatory's inability to track and report all outstanding Preparatory debt and the inability to verify that there is adequate appropriate supporting documentation if the Preparatory believes that any debt has been forgiven.

Richard Allen Preparatory Montgomery County Schedule of Findings Page 4

FINDING NUMBER 2022-002 (Continued)

The Preparatory should implement policies and procedures to verify that all Preparatory debt is appropriately tracked and reported. Any debt that is forgiven in the future should be supported with clear evidence of the forgiveness.

Officials' Response: The Preparatory plans to repay the entire balance of the loan prior to the current fiscal year end.

3. FINDINGS AND QUESTIONED COSTS FOR FEDERAL AWARDS

None.
