## INDEPENDENT AUDITOR'S REPORT

Brookville Local School District  
Montgomery County  
75 June Place  
Brookville, Ohio 45309

To the Board of Education:

### Report on the Audit of the Financial Statements

#### ***Opinions***

We have audited the financial statements of the governmental activities, the major fund, and the aggregate remaining fund information of the Brookville Local School District, Montgomery County, Ohio (the District), as of and for the fiscal year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the major fund, and the aggregate remaining fund information of the Brookville Local School District, Montgomery County, Ohio as of June 30, 2025, and the respective changes in financial position for the fiscal year then ended in accordance with the accounting principles generally accepted in the United States of America.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Emphasis of Matter***

As discussed in Note 19 to the financial statements, during fiscal year 2025, the District adopted new accounting guidance in Governmental Accounting Standards Board (GASB) Statement No. 101, *Compensated Absences*. Our opinion is not modified with respect to this matter.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, required budgetary comparison schedule, and schedules of net pension and other post-employment benefit liabilities and pension and other post-employment benefit contributions be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements.

We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

***Supplementary information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The Schedule of Expenditures of Federal Awards as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards is presented for purposes of additional analysis and is not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated February 19, 2026, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

KEITH FABER  
Ohio Auditor of State

Tiffany L. Ridenbaugh, CPA, CFE, CGFM  
Chief Deputy Auditor

**Brookville Local School District, Ohio**  
**Management's Discussion and Analysis**  
**For the Fiscal Year Ended June 30, 2025**  
**(Unaudited)**

---

The discussion and analysis of Brookville Local School District's financial performance provides an overall review of the District's financial activities for the fiscal year ended June 30, 2025. The intent of this discussion and analysis is to look at the District's financial performance as a whole; readers should also review the notes to the basic financial statements and the basic financial statements to enhance their understanding of the District's performance.

### **Financial Highlights**

Key financial highlights for 2025 are as follows:

- Net position of governmental activities increased \$2,095,104 which represents a 20% increase from 2024.
- General revenues accounted for \$18,549,074 in revenue or 84% of all general and program revenues. Program specific revenues in the form of charges for services and sales, and grants and contributions accounted for \$3,557,112 or 16% of total general and program revenues of \$22,106,186.
- The District had \$20,011,082 in expenses related to governmental activities; \$3,557,112 of these expenses were offset by program specific charges for services, grants or contributions. General revenues of \$18,549,074 were also used to provide for these programs.

### **Overview of the Financial Statements**

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The *Statement of Net Position* and *Statement of Activities* provide information about the activities of the whole District, presenting both an aggregate view of the District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the District's most significant funds with all other nonmajor funds presented in total in one column. The General Fund is the major fund of the District.

### **Government-wide Financial Statements**

While this document contains the large number of funds used by the District to provide programs and activities, the view of the District as a whole looks at all financial transactions and asks the question, "How did we do financially during 2025?" The Government-wide Financial Statements answer this question. These statements include *all assets and deferred outflows*, and *liabilities and deferred inflows* using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

**Brookville Local School District, Ohio**  
**Management's Discussion and Analysis**  
**For the Fiscal Year Ended June 30, 2025**  
**(Unaudited)**

---

These two statements report the District's *net position* and *change in net position*. This change in net position is important because it tells the reader that, for the District as a whole, the financial position has improved or diminished. The causes of this change may be the result of many factors, both financial and non-financial. Non-financial factors include the District's property tax base, current property tax laws in Ohio restricting revenue growth, facility conditions, required educational programs and other factors.

In the Government-wide Financial Statements, the District presents:

- **Governmental Activities** – Most of the District's programs and services are reported here including instruction, support services, operation of non-instructional services, extracurricular activities and interest and fiscal charges.

**Fund Financial Statements**

The analysis of the District's major funds is presented in the Fund Financial Statements. Fund financial reports provide detailed information about the District's major funds. The District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the District's most significant funds.

**Governmental Funds** Most of the District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called *modified accrual* accounting, which measures cash and all other *financial assets* that can readily be converted to cash. The governmental fund statements provide a detailed *short-term view* of the District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental *activities* (reported in the Statement of Net Position and the Statement of Activities) and governmental *funds* is reconciled in the financial statements.

**Fiduciary Funds** Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the District's own programs. The accounting used for fiduciary funds is similar to proprietary funds.

**The District as a Whole**

As stated previously, the Statement of Net Position looks at the District as a whole. Table 1 provides a summary of the District's net position for 2025 compared to 2024:

**Brookville Local School District, Ohio**  
**Management's Discussion and Analysis**

| <b>Total Deferred Inflows of Resources</b>  | <b>12,090,747</b>       | <b>10,974,981</b>   |
| <b>Net Position:</b>                        |                         |                     |
| Net Investment in Capital Assets            | 15,487,274              | 15,593,579          |
| Restricted                                  | 4,245,878               | 4,052,436           |
| Unrestricted                                | (7,031,050)             | (6,793,891)         |
| <b>Total Net Position</b>                   | <b>\$12,702,102</b>     | <b>\$12,852,124</b> |

Over time, net position can serve as a useful indicator of a government's financial position. At June 30, 2025, the District's assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$12,702,102.

**Brookville Local School District, Ohio**  
**Management's Discussion and Analysis**  
**For the Fiscal Year Ended June 30, 2025**  
(Unaudited)

At year-end, capital assets represented 46% of total assets. Capital assets include land, buildings and improvements, and equipment and vehicles. Capital assets, net of related debt to acquire the assets at June 30, 2025, were \$15,487,274. These capital assets are used to provide services to the students and are not available for future spending. Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources to repay the debt must be provided from other sources, since capital assets may not be used to liquidate these liabilities.

A portion of the District's net position, \$4,245,878 represents resources that are subject to external restriction on how they must be used. The external restriction will not affect the availability of fund resources for future use.

Capital Assets decreased from 2024 to 2025 because of the current year depreciation being greater than current year additions. Long term liabilities decreased from 2024 to 2025 due to the net pension liability decreasing.

Table 2 shows the changes in net position for fiscal years 2025 and 2024.

**Table 2**  
**Changes in Net Position**

|                                         | Governmental Activities |              |

---

**Governmental Activities**

The District revenues are mainly from two sources. Property taxes levied for general, debt service, and capital projects purposes, and grants and entitlements comprised 79% of the District's revenues for governmental activities.

The District depends greatly on property taxes as a revenue source. The unique nature of property taxes in Ohio creates the need to routinely seek voter approval for operating funds. The overall revenues generated by a levy will not increase solely as a result of inflation. As an example, a homeowner with a home valued at \$100,000 and taxed at 1.0 mill would pay \$35.00 annually in taxes. If three years later the home were reappraised and increased to \$200,000 (and this inflationary increase in value is comparable to other property owners) the effective tax rate would become .5 mills and the owner would still pay \$35.00.

Thus Ohio districts do not receive additional property tax revenue from increases in appraisal values and must regularly return to the voters to maintain a constant level of service. Property taxes made up 42% of revenue for governmental activities for the District in fiscal year 2025.

**Governmental Activities**  
**Revenue Sources**

---

| Revenue Sources       | 2025                | Percentage     |
|-----------------------|---------------------|----------------|
| General Grants        | \$8,247,925         | 37.31%         |
| Program Revenues      | 3,557,112           | 16.09%         |
| General Tax Revenues  | 9,281,998           | 41.99%         |
| Investment Earnings   | 704,172             | 3.19%          |
| Other Revenues        | 314,979             | 1.42%          |
| Total Revenue Sources | <u>\$22,106,186</u> | <u>100.00%</u> |

Instruction comprises 56% of governmental program expenses. Support services expenses were 34% of governmental program expenses. All other expenses including interest and fiscal charges were 10%. Interest expense was attributable to the outstanding bond and borrowing for capital projects.

Total revenues increased mostly due to an increase in property taxes in 2025 compared to 2024. Total expenses decreased due to changes related to net pension liability and other post employment benefits liability adjustments.

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows, for governmental activities, the total cost of services and the net cost of services. That is, it identifies the cost of these services supported by tax revenue and unrestricted State entitlements.

| Total Expenses                          | <u>\$20,011,082</u>    | <u>\$20,408,063</u> | <u>(\$16,453,970)</u> | <u>(\$16,308,151)</u> |

**The District's Funds**

The District has one major governmental fund: the General Fund. Assets of the general fund comprised \$20,020,072 (80%) of the total \$24,950,395 governmental funds' assets.

**General Fund:** Fund balance at June 30, 2025 was \$10,704,036, an increase in fund balance of \$757,582 from 2024. The increase in fund balance is mainly due to an increase in property tax revenues received from 2024 to 2025.

**General Fund Budgeting Highlights**

The District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the General Fund.

During the course of fiscal year 2025, the District amended its general fund budget. The District uses site-based budgeting and the budgeting systems are designed to tightly control total site budgets but provide flexibility for site management. During the course of the year, the District revised the Budget in an attempt to deal with unexpected changes in revenues and expenditures.

For the General Fund, the original budget basis revenue was \$17,259,390, compared to final budget estimates of \$17,259,390. The difference is \$0.

The District's ending unobligated cash balance was \$11,904,031.

**Capital Assets and Debt Administration**

**Capital Assets**

At the end of fiscal year 2025, the District had \$22,507,041 invested in land, buildings and improvements, and equipment and vehicles. Table 4 shows fiscal year 2025 balances compared to fiscal year 2024:

**Brookville Local School District, Ohio**  
**Management's Discussion and Analysis**  
**For the Fiscal Year Ended June 30, 2025**  
(Unaudited)

**Table 4**  
**Capital Assets at June 30**  
**(Net of Depreciation)**

|                            | Governmental Activities |                     |
|----------------------------|-------------------------|---------------------|
|                            | 2025                    | 2024                |
| Land                       | \$935,308               | \$935,308           |
| Buildings and Improvements | 19,795,538              | 20,799,960          |
| Equipment and Vehicles     | 1,776,195               | 1,840,474           |
| Total Net Capital Assets   | <u>\$22,507,041</u>     | <u>\$23,575,742</u> |

Overall, Net Capital Assets decreased mainly due to current year depreciation being greater than current year additions.

See Note 5 to the basic financial statements for further details on the District's capital assets.

***Debt***

At June 30, 2025, the District had \$7,109,206 in debt outstanding, \$937,000 due within one year. Table 5 summarizes debt outstanding.

**Table 5**  
**Outstanding Debt at Year End**

|                                                       | Governmental Activities |                    |
|-------------------------------------------------------|-------------------------|--------------------|
|                                                       | 2025                    | 2024               |
| Tax Anticipation Note and Refunding Bonds:            |                         |                    |

| 2018 Refunding Bonds:                                 | 6,320,000               | 7,150,000          |
| Premium on Refunding Bonds                            | 428,206                 | 489,379            |
| Total Tax Anticipation Note and Refunding Bonds       | <u>\$7,109,206</u>      | <u>\$8,084,379</u> |

See Note 8 to the basic financial statements for further details on the District's long-term obligations.

**For the Future**

All of the District's financial abilities will need to be met, even with the challenges of the future. With careful planning and monitoring of the District's finances, the District's management is confident that the District can continue to provide a quality education for our students and provide a secure financial future.

**Contacting the District's Financial Management**

This financial report is designed to provide our citizens, taxpayers, and investors and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Treasurer at Brookville Local School District, 75 June Place, Brookville, Ohio 45309.

Brookville Local School District, Ohio  
Reconciliation of Total Governmental Fund Balances to  
Net Position of Governmental Activities  
June 30, 2025

|                                  |              |
|----------------------------------|--------------|
| Total Governmental Fund Balances | \$13,740,039 |
|----------------------------------|--------------|

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.

|                                                            |            |
|------------------------------------------------------------|------------|
| Capital assets used in the operation of Governmental Funds | 22,507,041 |
|------------------------------------------------------------|------------|

Other long-term assets are not available to pay for current-period expenditures and, therefore, are deferred in the funds.

|                           |         |         |
|---------------------------|---------|---------|
| Delinquent Property Taxes | 215,531 |         |
| Investment Earnings       | 28,444  |         |
| Intergovernmental         | 87,920  |         |
|                           |         | 331,895 |

In the statement of net position interest payable is accrued when incurred; whereas, in the governmental funds interest is reported as a liability only when it will require the use of current financial resources.

(42,975)

Some liabilities reported in the statement of net position do not require the use of current financial resources and, therefore, are not reported as liabilities in governmental funds.

|                      |             |
|----------------------|-------------|
| Compensated Absences | (3,417,945) |
|----------------------|-------------|

Deferred outflow of resources associated with long-term liabilities are not reported in the funds.

89,439

Deferred outflows and inflows or resources related to pensions and OPEB are applicable to future periods and, therefore, are not reported in the funds.

|                                                    |             |         |
|----------------------------------------------------|-------------|---------|
| Deferred outflows of resources related to pensions | 3,249,653   |         |
| Deferred inflows of resources related to pensions  | (1,755,950) |         |
| Deferred outflows of resources related to OPEB     | 539,092     |         |
| Deferred inflows of resources related to OPEB      | (1,799,645) |         |
|                                                    |             | 233,150 |

Long-term liabilities and net OPEB assets are not available to pay for current period expenditures and are not due and payable in the current period and, therefore, are not reported in the funds.

|                       |              |              |
|-----------------------|--------------|--------------|
| Net OPEB Asset        | 1,131,277    |              |
| Net Pension Liability | (14,208,431) |              |
| Net OPEB Liability    | (552,182)    |              |
| Other Amounts         | (7,109,206)  |              |
|                       |              | (20,738,542) |

Net Position of Governmental Activities

\$12,702,102

See accompanying notes to the basic financial statements.

Brookville Local School District, Ohio  
Reconciliation of the Statement of Revenues, Expenditures, and Changes  
in Fund Balance of Governmental Funds to the Statement of Activities  
For the Fiscal Year Ended June 30, 2025

---

Net Change in Fund Balances - Total Governmental Funds \$905,352

Amounts reported for governmental activities in the  
statement of activities are different because:

Governmental funds report capital asset additions as expenditures.  
However, in the statement of activities, the cost of those assets is  
allocated over their estimated useful lives as depreciation  
expense. This is the amount of the difference between capital  
asset additions and depreciation in the current period.

|                                                |                    |             |
|------------------------------------------------|--------------------|-------------|
| Capital assets used in governmental activities | 288,771            |             |
| Depreciation Expense                           | <u>(1,343,490)</u> | (1,054,719) |

Governmental funds only report the disposal of assets to the  
extent proceeds are received from the sale. In the statement  
of activities, a gain or loss is reported for each disposal. The  
amount of the proceeds must be removed and the gain or loss  
on the disposal of capital assets must be recognized. This is the  
amount of the difference between the proceeds and the gain or loss.

(13,982)

Governmental funds report district pension contributions as  
expenditures. However in the Statement of Activities, the cost  
of pension benefits earned net of employer contributions is  
reported as pension and OPEB expense.

|                       |                |           |
|-----------------------|----------------|-----------|
| Pension Contributions | 1,574,357      |           |
| Pension Expense       | (843,594)      |           |
| OPEB Contributions    | 40,678         |           |
| OPEB Expense          | <u>340,925</u> | 1,112,366 |

Revenues in the statement of activities that do not provide  
current financial resources are not reported as revenues in  
the funds.

|                           |               |         |
|---------------------------|---------------|---------|
| Delinquent Property Taxes | 72,451        |         |
| Investment Earnings       | 25,908        |         |
| Intergovernmental         | <u>54,711</u> | 153,070 |

Repayment of bond principal and accreted interest is an expenditure  
in the governmental funds, but the repayment reduces long-term  
liabilities in the statement of net position.

914,000

In the statement of activities interest expense is accrued when incurred;  
whereas, in governmental funds an interest expenditure is reported  
when due.

2,963

Some expenses reported in the statement of activities do not require the  
use of current financial resources and, therefore, are not reported as  
expenditures in governmental funds.

|                                              |                 |        |
|----------------------------------------------|-----------------|--------|
| Compensated Absences                         | 27,658          |        |
| Amortization of Bond Premium                 | 61,173          |        |
| Amortization of Deferred Charge on Refunding | <u>(12,777)</u> | 76,054 |

Change in Net Position of Governmental Activities \$2,095,104

**Note 1 - Summary of Significant Accounting Policies**

---

**Reporting Entity**

Brookville Local School District, Ohio (the District) is a body politic and corporate established for the purpose of exercising the rights and privileges conveyed to it by the constitution and laws of the State of Ohio.

The District is governed by a locally elected five-member Board of Education (the Board) which provides educational services. The Board controls the District's instructional support facilities staffed by approximately 69 noncertified and approximately 110 certified teaching personnel and administrative employees providing education to 1,637 students.

A reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure that the financial statements are not misleading. The primary government of the District consists of all funds, departments, boards, and agencies that are not legally separate from the District. For the District, this includes instructional (regular, special education, vocational), student guidance, extracurricular activities, food service, pupil transportation, and care and upkeep of grounds and buildings.

Component units are legally separate organizations for which the District is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of the organization's governing board and (1) the District is able to significantly influence the programs or services performed or provided by the organization; or (2) the District is legally entitled to or can otherwise access the organization's resources; the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the District in that the District approves the budget, the issuance of debt, or the levying of taxes, and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the District. The District has no component units.

The District participates in one insurance purchasing pool and four jointly governed organizations. These organizations are discussed in Note 12 and Note 13 to the basic financial statements. These organizations are:

**Insurance Purchasing Pool:**

- Southwestern Ohio Educational Purchasing Council Workers' Compensation Group Rating Plan

**Jointly Governed Organizations:**

- Southwestern Ohio Educational Purchasing Council
- META Solutions
- Shared Resource Center Regional Council of Governments
- The Ohio Purchasing Council

The accounting policies and financial reporting practices of the District conform to generally accepted accounting principles as applicable to governmental units. The following is a summary of its significant accounting policies.

**Brookville Local School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For The Fiscal Year Ended June 30, 2025**

---

**Basis of Presentation - Fund Accounting**

The accounting system is organized and operated on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures. The various funds are summarized by type in the basic financial statements.

The following fund types are used by the District:

***Governmental Funds*** - These are funds through which most governmental functions typically are financed. The acquisition, use and balances of the District's expendable financial resources and the related current liabilities are accounted for through governmental funds. The difference between governmental fund assets and deferred outflows, and liabilities and deferred inflows is reported as fund balance. The measurement focus is upon determination of "financial flow" (sources, uses and balances of financial resources). The following is the District's major governmental fund:

General Fund - This fund is the general operating fund of the District and is used to account for all financial resources except those accounted for in another fund. The general fund balance is available to the District for any purpose provided it is expended or transferred according to the general laws of Ohio.

***Fiduciary Funds*** - Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private purpose trust funds and custodial funds. Trust funds are distinguished from custodial funds by the existence of a trust agreement or equivalent arrangements that have certain characteristics. Custodial funds are used to report fiduciary activities that are not required to be reported in a trust fund. The District has an OHSAA Events fund to account for assets and liabilities of OHSAA athletic events of the district.

**Basis of Presentation-Financial Statements**

***Government-wide Financial Statements*** - The statement of net position and the statement of activities display information about the District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds.

The government-wide statements are prepared using the economic resources measurement focus. This differs from the manner in which governmental fund financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The government-wide statement of activities presents a comparison between direct expenses and program revenues for each function or program of the District's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the District, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the District.

**Brookville Local School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For The Fiscal Year Ended June 30, 2025**

---

**Fund Financial Statements** - Fund financial statements report detailed information about the District. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by fund type.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental fund types are accounted for using a flow of current financial resources measurement focus. The financial statements for governmental funds are a balance sheet, which generally includes only current assets and current liabilities, and a statement of revenues, expenditures and changes in fund balances, which reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources.

Custodial funds are reported using the economic resources measurement focus.

**Basis of Accounting**

Basis of accounting represents the methodology utilized in the recognition of revenues and expenditures reported in the financial statements. The accounting and reporting treatment applied to a fund is determined by its measurement focus.

The modified accrual basis of accounting is followed by the governmental funds. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e., both measurable and available. The term "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period, which for the District is considered to be 60 days after fiscal year end. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt which is recognized when due.

Under the modified accrual basis, the following revenue sources are considered susceptible to accrual at year end: property taxes, tuition, grants and entitlements, and student fees.

Current property taxes measurable at June 30, 2025, and which are not intended to finance fiscal year 2025 operations, have been recorded as deferred inflows of resources. Delinquent property taxes measurable and available (received within 60 days) and amounts available as an advance on future tax settlements are recognized as revenue at year end.

The accrual basis of accounting is utilized for reporting purposes by the government-wide financial statements and the fiduciary funds. Revenues are recognized when they are earned and expenses are recognized when incurred.

**Revenues - Exchange and Non-exchange Transactions** - Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place.

Nonexchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Grants and entitlements received before eligibility requirements are met are recorded as deferred inflows of resources.

**Brookville Local School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For The Fiscal Year Ended June 30, 2025**

---

Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the District must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

***Deferred Outflows/Inflows of Resources:*** In addition to assets, the statements of financial position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources, represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. The deferred outflows of resources related to a deferred charge on refunding, pension, and OPEB are reported on the governmental-wide statement of net position. For more pension, and OPEB related information, see Notes 6 and 7.

In addition to liabilities, the statements of financial position report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. For the District, deferred inflows of resources include property taxes, revenue in lieu of taxes, grants, investment earnings, pension, and OPEB. Property taxes represent amounts for which there is an enforceable legal claim as of June 30, 2025, but which were levied to finance year 2026 operations. These amounts have been recorded as deferred inflows on both the government-wide statement of net position and the governmental fund financial statements. Deferred inflows of resources related to pension and OPEB plans are reported on the government-wide statement of net position. For more pension and OPEB related information, see Notes 6 and 7.

**Equity in Pooled Cash and Investments**

Cash received by the District is pooled for investment purposes. Each fund's interest in the pool is presented as "Equity in Pooled Cash and Investments" on the financial statements.

Investments are reported at fair value which is based on quoted market prices.

Following Ohio statutes, the Board has, by resolution, specified the funds to receive an allocation of interest earnings. Interest revenue credited to the General Fund during fiscal year 2025 amounted to \$496,017 and 182,247 in Other Governmental Funds.

**Inventory**

Inventories are presented at cost on a first-in, first-out basis and are expended/expensed when used. Inventories consist of food held for resale and consumable supplies.

**Prepaid Items**

Payments made to vendors for services that will benefit periods beyond June 30, 2025 are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of purchase and expenditure/expense is reported in the year in which services are consumed.

**Brookville Local School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For The Fiscal Year Ended June 30, 2025**

---

**Capital Assets and Depreciation**

The accounting and reporting treatment applied to capital assets is determined by their ultimate use:

**Property, Plant and Equipment - Governmental Activities**

These generally are acquired or constructed for governmental activities and are recorded as expenditures in the governmental funds and are capitalized at cost (or estimated historical cost for assets not purchased in recent years). These assets are reported in the Governmental Activities column of the Government-wide Statement of Net Position, but they are not reported in the Fund Financial Statements. The District follows the policy of not capitalizing assets with a cost of less than \$500.

Contributed capital assets are recorded at acquisition value on the date received. The District does not possess any infrastructure. Estimated historical costs for governmental activities capital asset values were initially determined at June 30, 2025 by identifying historical costs where such information was available. In cases where information supporting original cost was not obtainable, estimated historical costs were developed. For certain capital assets, the estimates were arrived at by indexing estimated current costs back to the estimated year of acquisition.

**Depreciation**

All capital assets are depreciated, excluding land and construction in progress. Depreciation has been provided using the straight-line method over the following estimated useful lives:

| <u>Description</u>         | <u>Estimated Lives (in years)</u> |
|----------------------------|-----------------------------------|
| Buildings and Improvements | 20 - 40                           |
| Equipment and Vehicles     | 5 - 20                            |

**Long-Term Obligations**

Long-term liabilities are being repaid from the following funds:

| <u>Obligation</u>                         | <u>Fund</u>                              |
|-------------------------------------------|------------------------------------------|
| Tax Anticipation Note and Refunding Bonds | Nonmajor<br>Governmental Funds           |
| Compensated Absences                      | General & Nonmajor<br>Governmental Funds |

**Compensated Absences**

The District recognizes a liability for compensated absences for leave time that (1) has been earned for services previously rendered by employees, (2) accumulates and is allowed to be carried over to subsequent years, and (3) is more likely than not to be used as time off or settled during or upon separation from employment. Based on the criteria listed, two types of leave qualify for liability recognition for compensated absences – vacation and sick leave. The liability for compensated absences is reported as incurred in the government-wide financial statements. A liability for compensated absences is recorded in the governmental funds only if the liability has matured because of employee resignations or retirements. The liability for compensated absences includes salary-related benefits, where applicable.

**Brookville Local School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For The Fiscal Year Ended June 30, 2025**

---

**Net Position**

Net position represents the difference between assets and deferred outflows and liabilities and deferred inflows. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. Of the District's restricted net position of \$4,245,878, none was restricted by enabling legislation.

The District applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

**Pensions/Other Postemployment Benefits (OPEB)**

For purposes of measuring the net pension/OPEB asset/liability, deferred outflows of resources and deferred inflows of resources related to pensions/OPEB, and pension/OPEB expense, information about the fiduciary net position of the pension/OPEB plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension/OPEB plans report investments at fair value.

**Interfund Activity**

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures in the purchaser funds. Flow of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayment from funds responsible for particular expenditures to the funds that initially paid for them are not presented on the financial statements. Interfund transactions within governmental activities are eliminated on the entity-wide statement of activities.

**Fund Balance**

In accordance with Governmental Accounting Standards Board Statement No. 54, *Fund Balance Reporting*, the District classifies its fund balance based on the purpose for which the resources were received and the level of constraint placed on the resources. The following categories are used:

Nonspendable – resources that are not in spendable form (inventory and prepaids) or have legal or contractual requirements to maintain the balance intact.

Restricted – resources that have external purpose restraints imposed on them by providers, such as creditors, grantors, or other regulators.

Committed – resources that are constrained for specific purposes that are internally imposed by the government at its highest level of decision making authority, the Board of Education.

Assigned – resources that are intended to be used for specific purposes as approved through the District's formal purchasing procedure by the Treasurer.

**Brookville Local School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For The Fiscal Year Ended June 30, 2025**

---

Unassigned – residual fund balance within the General Fund that is not restricted, committed, or assigned. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from incurred expenses for specific purposes exceeding amounts which had been restricted, committed or assigned for said purposes.

The District applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

**Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

**Note 2 - Equity in Pooled Cash and Investments**

---

The District maintains a cash and investment pool used by all funds. Each fund type's portion of this pool is displayed on the statement of net position and balance sheet as "Equity in Pooled Cash and Investments."

State statute requires the classification of monies held by the District into three categories:

Active Monies - Those monies required to be kept in a "cash" or "near cash" status for immediate use by the District. Such monies must by law be maintained either as cash in the District treasury, in depository accounts payable or withdrawable on demand.

Inactive Monies – Those monies not required for use within the current five year period of designated depositories. Ohio law permits inactive monies to be deposited or invested as certificates of deposit maturing not later than the end of the current period of designated depositories, or as savings or deposit accounts, including, but not limited to passbook accounts.

Interim Monies – Those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Those monies held by the District can be deposited or invested in the following securities:

1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States.
2. Bonds, notes, debentures, or any other obligation or security issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, and Government National Mortgage Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities.
3. Written repurchase agreements in the securities listed above provided the market value of the securities subject to the repurchase agreement must exceed the principal

**Brookville Local School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For The Fiscal Year Ended June 30, 2025**

---

value of the agreement by at least two percent and be marked to market daily, and the term of the agreement must not exceed thirty days.

4. Bonds and other obligations of the State of Ohio, and with certain limitations including a requirement for maturity within ten years from the date of settlement, bonds and other obligations of political subdivisions of the State of Ohio, if training requirements have been met.
5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts.
6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions.
7. The State Treasurer's investment pool (STAR Ohio).
8. Certain bankers' acceptances (for a period not to exceed one hundred eighty days) and commercial paper notes (for a period not to exceed two hundred seventy days) in an amount not to exceed 40 percent of the interim monies available for investment at any one time if training requirements have been met.

Protection of the District's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, or by the financial institutions participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution.

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. Except as noted above, an investment must mature within five years from the date of purchase, unless matched to a specific obligation or debt of the District, and must be purchased with the expectation that it will be held to maturity.

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

The following information classifies deposits and investments by categories of risk as defined in GASB Statement 3, "Deposits with Financial Institutions, Investments and Reverse Repurchase Agreements" and amended by GASB Statement 40, "Deposit and Investment Risk Disclosures".

### **Deposits**

Custodial credit risk for deposits is the risk that in the event of bank failure, the District will not be able to recover deposits or collateral securities that are in the possession of an outside party. As of June 30, 2025, the entire amount of the District's bank balance of \$3,849,005 was covered by the FDIC.

**Brookville Local School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For The Fiscal Year Ended June 30, 2025**

---

The District has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits either be insured or be protected by:

Eligible securities pledged to the District and deposited with a qualified trustee by the financial institution as security for repayment whose market value at all times shall be at least 105% of the deposits being secured; or

Participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution. OPCS requires the total market value of the securities pledged to be 102% of the deposits being secured or a rate set by the Treasurer of State.

**Investments**

As of June 30, 2025, the District had the following investments:

|                                     | Fair Value          | Fair Value<br>Hierarchy | Weighted Average<br>Maturity (Years) |
|-------------------------------------|---------------------|-------------------------|--------------------------------------|
| Money Market Fund                   | \$780,456           | Level 1                 | 0.00                                 |
| Negotiable CD's                     | 4,840,820           | Level 2                 | 1.13                                 |
| Federal Home Loan Bank              | 526,296             | Level 2                 | 3.64                                 |

| STAROhio                            | 3,410,195           | N/A                     | 0.08                                 |
| Total Fair Value                    | <u>\$11,597,253</u> |                         |                                      |
| Portfolio Weighted Average Maturity |                     |                         | 1.22                                 |

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The Hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets. Level 2 inputs are significant other observable inputs. Inputs to the valuation techniques used in fair the measurement for Level 2 include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. Level 3 inputs are significant unobservable inputs. The above table identifies the District's recurring fair value measurements as of June 30, 2025.

**Interest Rate Risk** - In accordance with the investment policy, the District manages its exposure to declines in fair values by limiting the weighted average maturity of its investment portfolio.

**Credit Risk** – It is the District's policy to limit its investments that are not obligations of the U.S. Government or obligations explicitly guaranteed by the U.S. Government to investments which have a credit quality rating of the top 2 ratings issued by nationally recognized statistical rating organizations. The District's investments in Money Market Funds and US government agency notes were rated Aaa by Moody's and commercial paper was rated P-1 by Moody's. STAROhio was rated AAAM, the highest rating, by Standard and Poor's as required by Ohio law.

**Brookville Local School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For The Fiscal Year Ended June 30, 2025**

---

Concentration of Credit Risk – The District places no limit on the amount the District may invest in one issuer. The District has invested 7% in Money Market Fund, 42% in Negotiable CD's, 5% in Federal Home Loan Bank, 1% in Federal Farm Credit Bank, 11% in US Treasury Notes, 5% in Commercial Paper, and 29% in STAROhio.

Custodial Credit Risk is the risk that in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. All of the District's securities are either insured and registered in the name of the District or at least registered in the name of the District. The District's investment policy does not address this risk for investments.

**Note 3 – Property Taxes**

---

Property taxes are levied and assessed on a calendar year basis. Second half distributions occur in a new fiscal year. Property taxes include amounts levied against all real and public utility property located in the District. Real property taxes are levied after April 1 on the assessed value listed as of the prior January 1, the lien date. Public utility property taxes attached as a lien on December 31 of the prior year, were levied April 1 and are collected with real property taxes. Assessed values for real property taxes are established by State law at 35 percent of appraised market value. All property is required to be revalued every six years. Public utility property taxes are assessed on real property at 35 percent of true value.

Real property taxes are payable annually or semi-annually. If paid annually, payment is due January 20; if paid semi-annually, the first payment is due December 31 with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established. The District receives property taxes from Montgomery and Preble Counties. The County Auditor periodically advances to the District its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2025, are available to finance fiscal year 2026 operations. The amount available for advance can vary based on the date the tax bills are sent.

Accrued property taxes receivable represents delinquent taxes outstanding and real property and public utility taxes that became measurable as of June 30, 2025. Although total property tax collections for the next fiscal year are measurable, only the amount available as an advance at June 30 is intended to finance current fiscal year operations. The receivable is therefore offset by a credit to deferred inflows of resources for the portion not intended to finance current fiscal year operations. On an accrual basis, collectible delinquent property taxes have been recorded as a receivable and revenue, while on a modified accrual basis the revenue has been deferred.

The assessed values, upon which the fiscal year 2025 receipts were based, were as follows:

| <u>2024 Second Half Collections</u> |                      | <u>2025 First Half Collections</u> |                      |
|-------------------------------------|----------------------|------------------------------------|----------------------|
| Agricultural/Residential and        |                      | Agricultural/Residential and       |                      |
| Other Real Estate                   | \$321,757,790        | Other Real Estate                  | \$335,022,570        |
| Public Utility Personal             | 8,748,260            | Public Utility Personal            | 10,037,010           |
| Total Assessed Value                | <u>\$330,506,050</u> | Total Assessed Value               | <u>\$345,059,580</u> |

**Note 4 – Receivables**

---

Receivables at June 30, 2025 consisted of taxes, intergovernmental, interest, and interfund.

**Brookville Local School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For The Fiscal Year Ended June 30, 2025**

---

**Note 6 - Defined Benefit Pension Plans**

---

The Statewide retirement systems provide both pension benefits and other postemployment benefits (OPEB).

**Net Pension Liability/Net OPEB Liability (Asset)**

Pensions and OPEB are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions/OPEB are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period.

The obligation to sacrifice resources for pensions and OPEB is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension/OPEB liability (asset) represent the District's proportionate share of each pension/OPEB plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension/OPEB plan's fiduciary net position. The net pension/OPEB liability (asset) calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting these estimates annually.

Ohio Revised Code limits the District's obligation for this liability to annually required payments. The District cannot control benefit terms or the manner in which pensions/OPEB are financed; however, the District does receive the benefit of employees' services in exchange for compensation including pension and OPEB.

GASB 68/75 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires funding to come from these employers. All pension contributions to date have come solely from these employers (which also includes pension costs paid in the form of withholdings from employees). The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits. In addition, health care plan enrollees pay a portion of the health care costs in the form of a monthly premium. State statute requires the retirement systems to amortize unfunded pension liabilities within 30 years. If the pension amortization period exceeds 30 years, each retirement system's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension/OPEB liability (asset). Resulting adjustments to the net pension/OPEB liability (asset) would be effective when the changes are legally enforceable. The Ohio Revised Code permits, but does not require, the retirement systems to provide healthcare to eligible benefit recipients.

The remainder of this note includes the required pension disclosures. See Note 7 for the required OPEB disclosures.

The proportionate share of each plan's unfunded benefits is presented as a long-term net pension/OPEB liability (asset) on the accrual basis of accounting. Any liability for the contractually-required pension/OPEB contribution outstanding at the end of the year is included in accrued wages and benefits on both the accrual and modified accrual bases of accounting.

---

**Plan Description - School Employees Retirement System (SERS)**

**Plan Description**

District non-teaching employees participate in SERS, a cost-sharing multiple-employer defined benefit pension plan administered by SERS. SERS provides retirement, disability and survivor benefits, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Ohio Revised Code Chapter 3309. SERS issues a publicly available, stand-alone financial report that includes financial statements, required supplementary information and detailed information about SERS' fiduciary net position. That report can be obtained by visiting the SERS website at [www.ohsers.org](http://www.ohsers.org) under Employers/Audit Resources.

Age and service requirements for retirement are as follows:

|                              | Eligible to<br>Retire on or before<br>August 1, 2017 *                          | Eligible to<br>Retire on or after<br>August 1, 2017                                  |
|------------------------------|---------------------------------------------------------------------------------|--------------------------------------------------------------------------------------|
| Full Benefits                | Any age with 30 years of service credit                                         | Age 67 with 10 years of service credit; or<br>Age 57 with 30 years of service credit |
| Actuarially Reduced Benefits | Age 60 with 5 years of service credit<br>Age 55 with 25 years of service credit | Age 62 with 10 years of service credit; or<br>Age 60 with 25 years of service credit |

\* Members with 25 years of service credit as of August 1, 2017, will be included in this plan.

Annual retirement benefits are calculated based on final average salary multiplied by a percentage that varies based on years of service; 2.2 percent for the first thirty years of service and 2.5 percent for years of service credit over 30. Final average salary is the average of the highest three years of salary.

An individual whose benefit effective date is before April 1, 2018, is eligible for a cost-of-living adjustment (COLA) on the first anniversary date of the benefit. New benefit recipients must wait until the fourth anniversary of their benefit for COLA eligibility. The COLA is added each year to the base benefit amount on the anniversary date of the benefit. The COLA is indexed to the percentage increase in the CPI-W, not to exceed 2.5 percent and with a floor of 0 percent. A three-year COLA suspension was in effect for all benefit recipients for the years 2018, 2019, and 2020. The Retirement Board approved a 2.5 percent COLA for calendar year 2024.

**Funding Policy**

Plan members are required to contribute 10 percent of their annual covered salary and the District is required to contribute 14 percent of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to statutory maximum amounts of 10 percent for plan members and 14 percent for employers. The Retirement Board, acting with the advice of the actuary, allocates the employer contribution rate among four of the System's funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund). For the fiscal year ended June 30, 2025, the allocation to pension, death benefits, and Medicare B was 14.0 percent. For fiscal year 2025, the Retirement Board did not allocate any employer contribution to the Health Care Fund.

**Brookville Local School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For The Fiscal Year Ended June 30, 2025**

---

The District's contractually required contribution to SERS was \$347,357 for fiscal year 2025. Of this amount \$32,230 is reported as accrued wages and benefits.

**Plan Description - State Teachers Retirement System (STRS)**

**Plan Description**

District licensed teachers and other faculty members participate in STRS Ohio, a cost-sharing multiple employer public employee system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information, and detailed information about STRS' fiduciary net position. That report can be obtained by writing to STRS, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Web site at [www.strsoh.org](http://www.strsoh.org).

New members have a choice of three retirement plans; a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan, and a Combined Plan. Benefits are established by Ohio Revised Code Chapter 3307.

The DB plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. The calculation is 2.2 percent of final average salary for the five highest years of earnings multiplied by all years of credited service. Effective August 1, 2023, any member can retire with unreduced benefits with 34 years of services credit at any age; or five years of service credit and age 65. Effective June 1, 2025 - July 1, 2027, any member can retire with unreduced benefits with 33 years of service credit at any age; or five years of service credit and age 65. Effective on or after August 1, 2027, any member can retire with unreduced benefits with 34 years of service credit at any age; or five years of service credit and age 65.

In April 2017, the Retirement Board made the decision to reduce COLA granted on or after July 1, 2017, to 0 percent upon a determination by its actuary that it was necessary to preserve the fiscal integrity of the retirement system. Benefit recipients' base benefit and past cost-of living increases are not affected by this change. Effective July 1, 2022, an ad-hoc COLA of 3 percent of the base benefit was granted to eligible benefit recipients to begin on the anniversary of their retirement benefit in fiscal year 2023 as long as they retired prior to July 1, 2018. Effective July 1, 2023, a permanent 1 percent COLA of the base benefit was granted to eligible benefit recipients to begin on the anniversary of their retirement benefit in fiscal year 2024 as long as they retired prior to July 1, 2019.

Eligibility changes for DB Plan members who retire with actuarially reduced benefits effective August 1, 2023, can retire with 29 years of service credit at any age; or five years of service credit and age 60. Effective June 1, 2025 - July 1, 2027, retirement eligibility for reduced benefits is 28 years of service credit at any age; or five years of service credit and age 60. Effective on or after August 1, 2027, retirement eligibility for reduced benefits is 29 years of service credit at any age; or five years of service credit and age 60.

The DC Plan allows members to place all their member contributions and 11.09 percent of the 14 percent employer contributions into an investment account. The member determines how to allocate the member and employer money among various investment choices offered by STRS. The remaining 2.91 percent of the 14 percent employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

**Brookville Local School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For The Fiscal Year Ended June 30, 2025**

---

The Combined Plan offers features of both the DB Plan and the DC Plan. In the Combined Plan, 12 percent of the 14 percent member rate is deposited into the member's DC account and the remaining 2 percent is applied to the DB Plan. Member contributions to the DC Plan are allocated among investment choices by the member, and contributions to the DB Plan from the employer and the member are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60 with five years of service. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity at age fifty and after termination of employment.

New members who choose the DC plan or Combined Plan will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's Combined Plan account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB 68 reporting purposes.

A DB or Combined Plan member with five or more years of credited service who is determined to be disabled may qualify for a disability benefit. New members on or after July 1, 2013, must have at least ten years of qualifying service credit to apply for disability benefits. Members in the DC Plan who become disabled are entitled only to their account balance. Eligible survivors of members who die before service retirement may qualify for monthly benefits. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

**Funding Policy**

Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. The 2025 employer and employee contribution rate of 14 percent was equal to the statutory maximum rates. For 2025, the full employer contribution was allocated to pension.

The District's contractually required contribution to STRS was \$1,227,000 for fiscal year 2025. Of this amount \$204,500 is reported as accrued wages and benefits.

**Net Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

The net pension liability (asset) was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

|                                                  | <u>SERS</u>         | <u>STRS</u>        | <u>Total</u> |

**Actuarial Assumptions - SERS**

SERS' total pension liability was determined by their actuaries in accordance with GASB Statement No. 67, as part of their annual actuarial valuation for each defined benefit retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment termination). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

**Brookville Local School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For The Fiscal Year Ended June 30, 2025**

---

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations. Future benefits for all current plan members were projected through 2137.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation, prepared as of June 30, 2024, and compared with June 30, 2023, are presented below:

|                                                                     | June 30, 2024                                                                                                                              | June 30, 2023                                                                                                                               |

Mortality rates were based on the PUB-2010 General Employee Amount Weight Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20 percent for males and set forward 2 years and adjusted 81.35 percent for females. Mortality among disabled members were based upon the PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3 percent for males and set forward 3 years and adjusted 106.8 percent for females. Future improvement in mortality rates is reflected by applying the MP-2020 projection scale generationally.

The most recent experience study was completed for the five-year period ended June 30, 2020.

The long-term return expectation for the Pension Plan Investments has been determined by using a building-block approach and assumes a time horizon, as defined in SERS' Statement of Investment Policy. ORC 3309.15 and the SERS Board-adopted Investment Policy govern investment activity. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating a weighted average of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalancing uncorrelated asset classes. As of June 30, 2024:

**Discount Rate**

The total pension liability for 2024 was calculated using the discount rate of 7.00 percent. The discount rate determination did not use a municipal bond rate. The projection of cash flows used to determine the discount rate assumed that employers would contribute the actuarially determined contribution rate of projected compensation over the remaining 20-year amortization period of the unfunded actuarial accrued liability. The actuarially determined contribution rate for fiscal year 2024 was 14 percent. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.00 percent). Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability. The annual money-weighted rate of return, calculated as the internal rate of return on pension plan investments, for fiscal year 2024 was 9.31 percent.

**Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate**

Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net pension liability calculated using the discount rate of 7.00 percent, as well as what each plan's net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00 percent), or one percentage point higher (8.00 percent) than the current rate.

|                                                                | 1% Decrease<br>(6.00%) | Current<br>Discount Rate<br>(7.00%) | 1% Increase<br>(8.00%) |
|----------------------------------------------------------------|------------------------|-------------------------------------|------------------------|
| District's proportionate share<br>of the net pension liability | \$4,180,395            | \$2,732,531                         | \$1,513,509            |

**Changes Between the Measurement Date and the Report Date**

The pension information is measured as of June 30, 2024 (measurement date) and used for the fiscal year ending June 30, 2025 (reporting date). There were no changes between the measurement date and the reporting date.

Post-retirement mortality rates are based on the Pub-2010 Teachers Healthy Annuitant Mortality Table, adjusted 110 percent for males, projected forward generationally using mortality improvement scale MP-2020. Pre-retirement mortality rates are based on Pub-2010 Teachers Employee Table adjusted 95 percent for females, projected forward generationally using mortality improvement scale MP-2020. Post-retirement disabled mortality rates are based on Pub-2010 Teachers Disable Annuitant Table projected forward generationally using mortality improvement scale MP-2020.

Actuarial assumptions used in the June 30, 2024, valuation are based on the results of an actuarial experience study for the period July 1, 2015, through June 30, 2021. An actuarial experience study is done on a quinquennial basis.

STRS' investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

| Asset Class          | Target<br>Allocation * | Long-Term Expected<br>Rate of Return ** |
|----------------------|------------------------|-----------------------------------------|
| Domestic Equity      | 26.00%                 | 6.90%                                   |
| International Equity | 22.00                  | 7.70                                    |
| Alternatives         | 19.00                  | 9.10                                    |
| Fixed Income         | 22.00                  | 4.50                                    |
| Real Estate          | 10.00                  | 5.10                                    |
| Liquidity Reserves   | 1.00                   | 2.40                                    |
| Total                | <u>100.00%</u>         |                                         |

\* Final target weights reflected at October 1, 2022.

\*\* 10 year annualized geometric nominal returns, which include the real rate of return and inflation of 2.4 percent, and is net of investment expenses. Over a 30-year period, STRS' investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

**Discount Rate**

The discount rate used to measure the total pension liability was 7.00 percent as of June 30, 2024. The projection of cash flows used to determine the discount rate assumes that member and employer

**Brookville Local School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For The Fiscal Year Ended June 30, 2025**

---

contributions will be made at the statutory contribution rates in accordance with rate increases described above. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Based on those assumptions, STRS' fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2024. Therefore, the long-term expected rate of return on pension plan investments of 7.00 percent was applied to all periods of projected benefit payment to determine the total pension liability as of June 30, 2024.

**Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate**

The following table presents the District's proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.00 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.00 percent) or one-percentage-point higher (8.00 percent) than the current rate:

|                                                                | 1% Decrease<br>(6.00%) | Current<br>Discount Rate<br>(7.00%) | 1% Increase<br>(8.00%) |
|----------------------------------------------------------------|------------------------|-------------------------------------|------------------------|
| District's proportionate share<br>of the net pension liability | \$18,512,637           | \$11,475,900                        | \$5,524,029            |

**Changes Between the Measurement Date and the Report Date**

At the April 2025 STRS Board meeting, they approved the following change:

1. Beginning July 1, 2025, approve a 1.5% cost-of-living increase be paid to eligible benefit recipients on their anniversary date in fiscal year 2026; and
2. Temporarily make thirty-two years of service credit the minimum requirement for unreduced benefits and adjust the years of service credit required for reduced retirement benefits to twenty-seven or more years of service credit at any age for the period effective June 1, 2025 through May 1, 2030, then temporarily make thirty-three years of service credit the minimum requirement for unreduced benefits and adjust the years of service credit required for reduced retirement benefits to twenty-eight or more years of service credit at any age from June 1, 2030 through May 1, 2032, with a return to a minimum of thirty-four years of service credit (twenty-nine years or more for reduced retirement benefits) effective June 1, 2032 going forward.

Any effect on the net pension liability is unknown.

**Note 7 - Defined Benefit OPEB Plans**

---

See Note 6 for a description of the net OPEB liability (asset).

**Plan Description - School Employees Retirement System (SERS)**

**Health Care Plan Description**

The District contributes to the SERS Health Care Fund, administered by SERS for non-certificated retirees and their beneficiaries. For GASB 75 purposes, this plan is considered a cost-sharing other postemployment benefit (OPEB) plan. SERS' Health Care Plan provides healthcare benefits to eligible individuals receiving retirement, disability, and survivor benefits, and to their eligible dependents. Members who retire after June 1, 1986, need 10 years of service credit, exclusive of most types of

**Brookville Local School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For The Fiscal Year Ended June 30, 2025**

---

purchased credit, to qualify to participate in SERS' health care coverage. The following types of credit purchased after January 29, 1981, do not count toward health care coverage eligibility: military, federal, out-of-state, municipal, private school, exempted, and early retirement incentive credit. In addition to age and service retirees, disability benefit recipients and beneficiaries who are receiving monthly benefits due to the death of a member or retiree, are eligible for SERS' health care coverage. Most retirees and dependents choosing SERS' health care coverage are over the age of 65 and therefore enrolled in a fully insured Medicare Advantage plan; however, SERS maintains a traditional, self-insured preferred provider organization for its non-Medicare retiree population. For both groups, SERS offers a self-insured prescription drug program. Health care is a benefit that is permitted, not mandated, by statute. The financial report of the Plan is included in the SERS Annual Comprehensive Financial Report which can be obtained on SERS' website at [www.ohsers.org](http://www.ohsers.org) under Employers/Audit Resources.

The Health Care program is financed through a combination of employer contributions, recipient premiums, investment returns, and any funds received on behalf of SERS' participation in Medicare programs. The System's goal is to maintain a health care reserve account with a 20-year solvency period in order to ensure that fluctuations in the cost of health care do not cause an interruption in the program. However, during any period in which the 20-year solvency period is not achieved, the System shall manage the Health Care Fund on a pay-as-you-go basis.

Access to health care for retirees and beneficiaries is permitted in accordance with Section 3309 of the Ohio Revised Code. SERS' Retirement Board reserves the right to change or discontinue any health plan or program. Active employee members do not contribute to the Health Care Plan. The SERS Retirement Board established the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility, and retirement status.

**Funding Policy**

State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required pensions and benefits, the Retirement Board may allocate the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund in accordance with the funding policy. For fiscal year 2025, no allocation was made to health care. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated if less than a full year of service credit was earned. For fiscal year 2025, this amount was \$30,000. Statutes provide that no employer shall pay a health care surcharge greater than 2 percent of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5 percent of the total statewide SERS-covered payroll for the health care surcharge. For fiscal year 2025, the District's surcharge obligation was \$40,678.

The surcharge, added to the allocated portion of the 14 percent employer contribution rate is the total amount assigned to the Health Care Fund. The District's contractually required contribution to SERS was \$40,678 for fiscal year 2025.

**Plan Description - State Teachers Retirement System (STRS)**

**Plan Description**

The State Teachers Retirement System of Ohio (STRS) administers a cost-sharing Health Plan administered for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS. Ohio law authorizes STRS to offer this plan. Benefits include hospitalization, physicians' fees, prescription

**Brookville Local School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For The Fiscal Year Ended June 30, 2025**

---

drugs and partial reimbursement of monthly Medicare Part B premiums. Health care premiums were reduced by a Medicare Part B premium credit beginning in 2023. the Plan is included in the report of STRS which can be obtained by visiting [www.strsoh.org](http://www.strsoh.org) or by calling (888) 227-7877.

Medicare Part D is a federal program to help cover the costs of prescription drugs for Medicare beneficiaries. This program allows STRS Ohio to recover part of the cost for providing prescription coverage since all eligible STRS Ohio health care plans include creditable prescription drug coverage.

**Funding Policy**

Ohio Revised Code Chapter 3307 authorizes STRS to offer the Plan and gives the Retirement Board discretionary authority over how much, if any, of the health care costs will be absorbed by STRS. Active employee members do not contribute to the Health Care Plan. All benefit recipients pay a portion of the health care costs in the form of a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions, currently 14 percent of covered payroll. For the fiscal year ended June 30, 2025, STRS did not allocate any employer contributions to post-employment health care.

**Net OPEB Liabilities (Assets), OPEB Expense (Income), and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB**

The net OPEB liability (asset) was measured as of June 30, 2024, and the total OPEB liability used to calculate the net OPEB liability (asset) was determined by an actuarial valuation as of that date. The District's proportion of the net OPEB liability (asset) was based on the District's share of contributions to the respective retirement systems relative to the contributions of all participating entities. Following is information related to the proportionate share:

|                                             | <u>SERS</u>         | <u>STRS</u>        | <u>Total</u>  |
|---------------------------------------------|---------------------|--------------------|---------------|
| Proportion of the Net OPEB Liability/Asset: |                     |                    |               |

**Actuarial Assumptions – SERS**

The total OPEB liability is determined by SERS' actuaries in accordance with GASB Statement No. 74, as part of their annual actuarial valuation for each retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment terminations). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

**Brookville Local School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For The Fiscal Year Ended June 30, 2025**

---

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases, actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total OPEB liability in the latest actuarial valuation date of June 30, 2024, compared with June 30, 2023, are presented below:

|                                                       | June 30, 2024                                  | June 30, 2023                                  |

| Prior Measurement Date                                | 6.75% to 4.40%                                 | 7.00% to 4.40%                                 |

Mortality rates among healthy retirees were based on the PUB-2010 General Employee Amount Weighted Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20 percent for males and set forward 2 years and adjusted 81.35 percent for females. Mortality among disabled members were based upon the PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3 percent for males and set forward 3 years and adjusted 106.8 percent for females. Mortality rates for contingent survivors were based on PUB-2010 General Amount Weighted Below Median Contingent Survivor mortality table projected to 2017 with ages set forward 1 year and adjusted 105.5 percent for males and adjusted 122.5 percent for females. Mortality rates for actives is based on PUB-2010 General Amount Weighted Below Median Employee mortality table. Mortality rates are projected using a fully generational projection with Scale MP-2020.

**For The Fiscal Year Ended June 30, 2025**

---

The most recent experience study was completed for the five-year period ended June 30, 2020.

The long-term expected rate of return on plan assets is reviewed as part of the actuarial five-year experience study. The most recent study covers fiscal years 2016 through 2020, and was adopted by the Board on April 15, 2021. Several factors are considered in evaluating the long-term rate of return assumption including long-term historical data, estimates inherent in current market data, and a long-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) were developed by the investment consultant for each major asset class. These ranges were combined to produce the long-term expected rate of return, 7.00 percent, by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The assumption is intended to be a long-term assumption and is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years.

The long-term expected nominal rate of return has been determined by calculating a weighted average of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalancing uncorrelated asset classes. As of June 30, 2024:

| Asset Class                 | Target<br>Allocation | Long-Term Expected<br>Real Rate of Return<br>(geometric) |
|-----------------------------|----------------------|----------------------------------------------------------|
| Cash                        | 3.00 %               | 0.97 %                                                   |
| US Equity                   | 22.00                | 4.68                                                     |
| Non-US Equity Developed     | 12.00                | 4.96                                                     |
| Non-US Equity Emerging      | 6.00                 | 5.66                                                     |
| Fixed Income/Global Bonds   | 18.00                | 2.38                                                     |
| Private Equity              | 14.00                | 7.10                                                     |
| Real Estate                 | 13.00                | 3.64                                                     |
| Infrastructure              | 7.00                 | 4.80                                                     |
| Private Debt/Private Credit | 5.00                 | 5.86                                                     |
| Total                       | <u>100.00 %</u>      |                                                          |

**Discount Rate**

The discount rate used to measure the total OPEB liability at June 30, 2024, was 4.88 percent. The discount rate used to measure total OPEB liability prior to June 30, 2024, was 4.27 percent. The projection of cash flows used to determine the discount rate assumed that contributions will be made from members and the System at the contribution rate of 1.50 percent of projected covered payroll each year, which includes a 1.50 percent payroll surcharge and no contributions from the basic benefits plan. Based on these assumptions, the OPEB plan's fiduciary net position was projected to be depleted in 2059 by SERS' actuaries. The Fidelity General Obligation 20-year Municipal Bond Index Rate was used in the determination of the single equivalent interest rate for both the June 30, 2023, and the June 30, 2024, total OPEB liability. The Municipal Bond Index Rate is the single rate that will generate a present value of benefit payments equal to the sum of the present value determined by the long-term expected rate of return, and the present value determined by discounting those benefits after the date of depletion. The Municipal Bond Index Rate was 3.93 percent at June 30, 2024, and 3.86 percent at June 30, 2023.

**Sensitivity of the Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate and Changes in the Health Care Cost Trend Rates**

The net OPEB liability is sensitive to changes in the discount rate and the health care cost trend rate. The following table presents the net OPEB liability of SERS, what SERS' net OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (3.88%) and higher (5.88%) than the current discount rate (4.88%). Also shown is what SERS' net OPEB liability would be based on health care cost trend rates that are 1 percentage point lower (6.00% decreasing to 3.40%) and higher (8.00% decreasing to 5.40%) than the current rate.

Projections of benefits include the historical pattern of sharing benefit costs between the employers and retired plan members.

Healthy retirees post-retirement mortality rates are based on the Pub-2010 Teachers Healthy Annuitant Mortality Table, adjusted 110 percent for males, projected forward generationally using mortality improvement scale MP-2020; pre-retirement mortality rates are based on Pub-2010 Teachers Employee Table adjusted 95 percent for females, projected forward generationally using mortality improvement scale MP-2020. For disabled retirees, mortality rates are based on the Pub-2010 Teachers Disabled Annuitant Table projected forward generationally using mortality improvement scale MP-2020.

Actuarial assumptions used in the June 30, 2024, valuation are based on the results of an actuarial experience study for the period July 1, 2015, through June 30, 2021. An actuarial experience study is done on a quinquennial basis.

STRS' investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

***This Space Intentionally Left Blank***

**Brookville Local School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For The Fiscal Year Ended June 30, 2025**

| Asset Class          | Target<br>Allocation * | Long-Term Expected<br>Rate of Return ** |
|----------------------|------------------------|-----------------------------------------|
| Domestic Equity      | 26.00%                 | 6.90%                                   |
| International Equity | 22.00                  | 7.70                                    |
| Alternatives         | 19.00                  | 9.10                                    |
| Fixed Income         | 22.00                  | 4.50                                    |
| Real Estate          | 10.00                  | 5.10                                    |
| Liquidity Reserves   | 1.00                   | 2.40                                    |
| Total                | 100.00%                |                                         |

\* Final target weights reflected at October 1, 2022.

\*\* 10 year annualized geometric nominal returns, which include the real rate of return and inflation of 2.4 percent, and is net of investment expenses. Over a 30-year period, STRS investment consultant indicates that the above target allocations should generate a return above the actual rate of return, without net value added by management.

**Discount Rate**

The discount rate used to measure the total OPEB liability was 7.00 percent as of June 30, 2024. The projection of cash flows used to determine the discount rate assumed STRS continues to allocate no employer contributions to the health care fund. Based on these assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2024. Therefore, the long-term expected rate of return on health care plan investments of 7.00 percent was applied to all periods of projected health care costs to determine the total OPEB liability as of June 30, 2024.

**Sensitivity of the Proportionate Share of the Net OPEB Asset to Changes in the Discount and Health Care Cost Trend Rate**

The following table represents the net OPEB asset as of June 30, 2024, calculated using the current period discount rate assumption of 7.00 percent, as well as what the net OPEB asset would be if it were calculated using a discount rate that is one percentage point lower (6.00 percent) or one percentage point higher (8.00 percent) than the current assumption. Also shown is the net OPEB asset as if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current health care cost trend rates.

|                                                         | 1% Decrease<br>(6.00%) | Current<br>Discount Rate<br>(7.00%) | 1% Increase<br>(8.00%) |
|---------------------------------------------------------|------------------------|-------------------------------------|------------------------|

**Changes Between the Measurement Date and the Report Date**

At the May 2025 STRS Board meeting, the Board approved the following change: Increasing the health

**Brookville Local School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For The Fiscal Year Ended June 30, 2025**

care subsidy for twenty-seven years of service to the maximum subsidy minus the subsidy for three years of service for anyone who retires between August 1, 2023, and July 1, 2032, effective June 1, 2025 through July 1, 2032. After that the maximum subsidy for Healthcare Plan participants who retire August 1, 2032 or later will align with the eligibility for unreduced pensions, and all others eligible for subsidies receive one less year of subsidy for each year below the minimum years of service required to receive unreduced subsidy at any age. Any effect on the net OPEB asset is unknown.

**Note 8 - Long-Term Debt and Other Obligations**

Detail of the changes in long-term debt and other obligations of the District for the year ended June 30, 2025 is as follows:

|                                                          | Restated<br>Beginning<br>Balance | Issued | Retired     | Ending<br>Balance | Due In<br>One Year |

\*-net change

General obligation bonds and TAN will be paid from the debt service fund and permanent improvement fund, respectively. Compensated absences will be paid from the General, IDEA Part B, Title I, and Food Service funds.

There is no repayment schedule for the net pension liability and net OPEB liability; however, employer pension and OPEB contributions are made from the fund benefitting from their service.

**Permanent Improvement Levy Tax Note**

During fiscal year 2019, the District received \$800,000 in a permanent improvement levy tax anticipation note for capital improvements for the District. The note is for ten years with a 2.80% interest rate.

**Advanced Refunded Bonds**

On September 5, 2017, the District issued \$10,965,000 in general obligation bonds to refund the 2006 general obligation bonds. The fiscal year 2018 refunding issue consisted of \$8,840,000 Refunding Bonds, Series 2017A (Tax-Exempt) and \$2,125,000 Refunding Bonds, Series 2017B (Federally Taxable). The \$856,417 premium on the issuance of the refunding bonds will be amortized over the remaining life of the debt which has a final maturity date of November 1, 2031. The bonds will be paid from the debt service fund.

**Brookville Local School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For The Fiscal Year Ended June 30, 2025**

---

The proceeds of the 2018 refunding bonds were placed, along with the premium proceeds and a \$5,355,577 payment from the District, into an irrevocable trust for the purpose of refunding the District's Series 2006 Bonds when they were called on December 1, 2017. As a result, the refunded bonds are considered to be defeased and the liability associated with these bonds has been removed from the Statement of Net Position. The reacquisition prices exceeded the net carrying value of the old debt by \$178,878. This amount is being reported as a deferred outflow of resources on the Statement of Net Position and is being amortized over the term of the 2018 refunding bonds issued. This advance refunding was undertaken to reduce total debt service payments over the next 14 years by \$8,633,232, and resulted in an economic gain of \$2,306,009.

**Principal and Interest Requirements**

A summary of the District's future long-term debt funding requirements, including principal and interest payments as of June 30, 2025 follows:

| Fiscal Year<br>Ending June 30 | Refunding Bonds    |                  | Permanent Improvement<br>Levy Tax Note |                 |
|-------------------------------|--------------------|------------------|----------------------------------------|-----------------|
|                               | Principal          | Interest         | Principal                              | Interest        |
| 2026                          | \$850,000          | \$235,800        | \$87,000                               | \$8,890         |
| 2027                          | 880,000            | 201,200          | 89,000                                 | 6,426           |
| 2028                          | 915,000            | 165,300          | 91,000                                 | 3,906           |
| 2029                          | 950,000            | 128,000          | 94,000                                 | 1,316           |
| 2030                          | 1,000,000          | 89,000           | 0                                      | 0               |
| 2031-2032                     | 1,725,000          | 62,500           | 0                                      | 0               |
| Total                         | <u>\$6,320,000</u> | <u>\$881,800</u> | <u>\$361,000</u>                       | <u>\$20,538</u> |

**Note 9 - Statutory Reserves**

---

The District is required by state law to set aside certain general fund revenue amounts, as defined, into various reserves. During the fiscal year ended June 30, 2025, the reserve activity (cash-basis) was as follows:

|                                               | Capital Acquisition<br>Reserve |
|-----------------------------------------------|--------------------------------|
| Set-aside Reserve Balance as of June 30, 2024 | \$0                            |
| Current Year Set-aside Requirement            | 365,972                        |
| Qualified Disbursements                       | (203,641)                      |
| Current Year Offsets                          | (162,331)                      |
| Total                                         | <u>\$0</u>                     |
| Set-Aside Reserve Balance as of June 30, 2025 | <u>\$0</u>                     |
| Carried Forward as of June 30, 2025           | <u>\$0</u>                     |

Amounts of offsets and qualifying expenditures presented in the table for the capital acquisition set-asides were limited to those necessary to reduce the year-end balance to zero. Although the District may have had additional offsets and qualifying expenditures for capital acquisitions, these amounts may not be used to reduce the set-aside requirements of future fiscal years and therefore are not presented as being carried forward to the next fiscal year.

**Brookville Local School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For The Fiscal Year Ended June 30, 2025**

---

**Note 10 – Interfund Transactions**

---

Interfund transactions at June 30, 2025, consisted of the following interfund receivable and interfund payable and transfers in and out:

|                          | Interfund        |                  | Transfers       |                 |
|--------------------------|------------------|------------------|-----------------|-----------------|
|                          | Receivable       | Payable          | In              | Out             |
| General                  | \$148,902        | \$0              | \$0             | \$0             |
| Other Governmental Funds | 333              | 149,235          | 96,148          | 96,148          |
| Total                    | <u>\$149,235</u> | <u>\$149,235</u> | <u>\$96,148</u> | <u>\$96,148</u> |

Interfund balance/transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budget authorizations; to segregate and to return money to the fund from which it was originally provided once a project is completed; and for maintenance of the District's buildings and grounds in accordance with the District's OSFC project.

**Note 11 - Risk Management**

---

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. During fiscal year 2025 the District contracted with the following insurance providers for various insurance coverages, as follows:

| Insurance Provider              | Coverage               | Deductible |
|---------------------------------|------------------------|------------|
| Arthur J. Gallagher and Company | School Board Liability | \$25,000   |
| Arthur J. Gallagher and Company | Excess Liability       | 5,000      |
| Arthur J. Gallagher and Company | Excess Property        | 5,000      |
| Arthur J. Gallagher and Company | Boiler & Machinery     | 10,000     |
| Arthur J. Gallagher and Company | Auto Liability         | 1,000      |
| Arthur J. Gallagher and Company | Cyber Liability        | 25,000     |
| Arthur J. Gallagher and Company | Pollution              | 50,000     |

There has been no significant reduction in insurance coverages from coverages in the prior year. In addition, settled claims resulting from these risks have not exceeded commercial insurance coverages in any of the past three fiscal years.

**Note 12 - Insurance Purchasing Pool**

---

Southwestern Ohio Educational Purchasing Council Workers' Compensation Group Rating Plan (WCGRP) - The District participates in the WCGRP, an insurance purchasing pool. The group rating plan for workers' compensation was established under Section 4123.29 of the Ohio Revised Code. The Plan's business and affairs are conducted by an executive committee elected by members of the council.

Each year, the participating school districts pay an enrollment fee to the WCGRP to cover the costs of administering the program.

**Notes to the Basic Financial Statements**  
**For The Fiscal Year Ended June 30, 2025**

---

**Note 13 - Jointly Governed Organizations**

---

Southwestern Ohio Educational Purchasing Council (SOEPC) - SOEPC is a purchasing council made up of 260+ school districts and boards of developmental disabilities in 18 counties. The purpose of the cooperative is to obtain prices for quality merchandise and services commonly used by schools. All member districts are obligated to pay all fees, charges, or other assessments as established by the SOEPC. Each member district has one voting representative. Title to any and all equipment and supplies purchased by the SWOEPC is held in trust for the member district by the fiscal agent. Payments to SOEPC are made from the general fund. During fiscal year 2025, the District paid \$96,584 to SOEPC. To obtain financial information, write to the Southwestern Ohio Educational Purchasing Council, 303 Corporate Center Drive, Suite 208, Vandalia, Ohio 45377.

META Solutions - The District is a member of the META Solutions (META). META develops, implements, and supports the technology and instructional needs of schools. The Board of Directors of META consists of a president and vice president along with 11 members. During fiscal year 2025, the District paid \$46,185 to META. Financial information can be obtained from the Chief Financial Officer, at 100 Executive Drive, Marion, Ohio 43302.

Shared Resource Center Regional Council of Governments - The District participates in the Shared Resource Center Regional Council of Governments (Council), a jointly governed organization consisting of educational entities within Montgomery County. The purpose of the Council is to provide cost effective services to its members and to other entities, enhance and facilitate relationships between stakeholders in the public and private sector, and collaborate on research and development for innovations in education and local government. The Council is governed by a Governing Board, consisting of one individual from each of the seven original members, including the District. The degree of control exercised by any participating educational entity is limited to its representation on the Governing Board. During fiscal year 2025, the District paid \$187,177 to the Shared Resource Center. Financial information can be obtained from the Montgomery County Educational Service Center, 200 South Keowee Street, Dayton, Ohio 45402.

The Ohio Purchasing Council - The Ohio Purchasing Council is an Ohio Regional Council of Governments, as authorized by ORC 167, created to help organizations navigate public procurement laws and utilize unit priced contracts.

**Note 14 – Contingencies**

---

**Grants**

The District received financial assistance from federal and State agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, the affect of any such disallowed claims on the overall financial position of the District at June 30, 2025, if applicable, cannot be determined at this time.

**School Foundation**

School district foundation funding is based on the annualized full-time equivalent (FTE) enrollment of each student. The Ohio Department of Education and Workforce (DEW) is legislatively required to adjust/reconcile funding as enrollment information is updated by schools throughout the State, which can

**Brookville Local School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For The Fiscal Year Ended June 30, 2025**

---

extend past the fiscal year end. As of the date of this report, DEW adjustments for fiscal year 2025 are finalized. As a result, the net impact of the FTE adjustments on the fiscal year 2025 financial statements was insignificant.

**Note 15 – Accountability**

---

The following funds had deficit fund balances at June 30, 2025:

| <u>Other Governmental Funds:</u> | <u>Deficit</u> |
|----------------------------------|----------------|
| Title I                          | \$24,571       |
| IDEA Part B                      | 81,378         |
| Title II-A                       | 786            |

These deficits were created by the recognition of accrued liabilities. The General Fund provides transfers to cover deficit balances; however this is done when cash is needed rather than when accruals occur. These deficits do not exist on a cash basis.

**Brookville Local School District, Ohio**  
**Notes to the Basic Financial Statements**  
**For The Fiscal Year Ended June 30, 2025**

**Note 16 – Fund Balances**

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the District is bound to observe constraints imposed upon the use of the resources in the governmental funds. The constraints placed on fund balance for the major governmental fund and all other governmental funds are presented below:

| Fund Balances                    | General      | Other<br>Governmental<br>Funds | Total        |
|----------------------------------|--------------|--------------------------------|--------------|
| Nonspendable:                    |              |                                |              |
| Prepays                          | \$9,782      | \$557                          | \$10,339     |
| Total Nonspendable               | 9,782        | 557                            | 10,339       |
| Restricted for:                  |              |                                |              |
| Athletics                        | 0            | 228,565                        | 228,565      |

| Total Fund Balance               | \$10,704,036 | \$3,036,003                    | \$13,740,039 |

**Note 17 – Tax Abatements Entered Into by Other Governments**

Other governments entered into property tax abatement agreements with property owners under the Ohio Community Reinvestment Area (“CRA”) program with the taxing districts of the District. The CRA program is a directive incentive tax exemption program benefiting property owners who renovate or construct new buildings. Under this program, the other governments designated areas to encourage revitalization of the existing housing stock and the development of new structures. Within the taxing districts of the District, City of Brookville has entered into such an agreement. Under this agreement the District’s property taxes were reduced by approximately \$749,999 in the prior year. Per Montgomery County information regarding the current year tax abatement will be available in 2026.

**Note 18– Related Party Disclosures**

---

The District has evaluated its financial transactions, arrangements, and relationships in accordance with the requirements of the U.S. Department of Education (34 CFR §668.23(d)(1)) and Auditor of State Technical Bulletin 2025-001, which extend beyond the disclosure requirements of GASB Codification Section 2250, Related Party Transactions.

Management has determined that, for the fiscal year ended June 30, 2025, the District had no related party relationships, related entities, related party transactions, or related party outstanding balances that are required to be disclosed. Accordingly, no related party disclosures are presented in these financial statements.

**Note 19 – Implementation of New Accounting Principles**

---

**New Accounting Principles**

For fiscal year 2025, the District implemented Governmental Accounting Standards Board (GASB) Statement No. 101, Compensated Absences, GASB Statement No. 102, Certain Risk Disclosures, and GASB Implementation Guide No. 2025-1.

GASB Statement No. 102 addresses the variety of risks that state and local governments face that could negatively affect the level of service they provide or their ability to meet obligations as they come due. Although governments are required to disclose information about their exposure to some of those risks, essential information about other risks that are prevalent among state and local governments is not routinely disclosed because it is not explicitly required. The objective of this Statement is to provide users of government financial statements with essential information about risks related to a government's vulnerabilities due to certain concentrations or constraints. The implementation of GASB Statement No. 102 did not have an effect on the financial statements of the District.

GASB Implementation Guide No. 2025-1 includes providing clarity on a range of accounting issues for state and local governments. These topics under GASB Implementation Guide No. 2025-1 provisions were implemented and did not have an effect on the financial statements of the District.

GASB Statement No. 101 sets out to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. The implementation of GASB Statement No. 101 had the following effect on net position as reported June 30, 2024, by opinion unit affected:

|                                                            | <u>Government-Wide</u>     |
|------------------------------------------------------------|----------------------------|
|                                                            | <u>Governmental</u>        |

**Note 1 – Budgetary Process**

---

All funds, except custodial funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the appropriations resolution and the certificate of estimated resources which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount that the Board of Education may appropriate. The appropriation resolution is Board's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by Board. The legal level of control has been established by Board at the fund-object level for the General Fund and the fund level for all other funds. Any budgetary modifications at this level may only be made by resolution of the Board of Education.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the District Treasurer. The amounts reported as the original budgeted amounts on the budgetary schedule reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary schedule reflect the amounts on the final amended certificate of estimated resources issued during the fiscal year 2025.

The appropriation resolution is subject to amendment by the Board throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation resolution for that fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by Board during the year.

While the District is reporting financial position, results of operations and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The Schedule of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual (Non-GAAP Budgetary Basis) is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budgetary basis and GAAP basis are as follows:

1. Revenues are recorded when received in cash (budgetary basis) as opposed to when susceptible to accrual (GAAP basis).
2. Expenditures are recorded when paid in cash (budgetary basis) as opposed to when the liability is incurred (GAAP basis).
3. Encumbrances are treated as expenditures for all funds (budgetary basis) rather than as an assignment of fund balance for governmental fund types and expendable trust funds (GAAP basis).
4. Some funds are reported as part of the general fund (GAAP basis) as opposed to the general fund being reported alone (budgetary basis).

**Notes to the Required Supplementary Information**  
**For The Fiscal Year Ended June 30, 2025**

---

The following table summarizes the adjustments necessary to reconcile the GAAP basis to the budgetary basis for the General Fund.

|                      | Net Change in Fund Balance |
|----------------------|----------------------------|
|                      | General                    |
| GAAP Basis           | \$757,582                  |
| Revenue Accruals     | 242,379                    |
| Expenditure Accruals | 349,917                    |
| Advances (Out)       | (36,460)                   |
| Encumbrances         | (273,172)                  |
| Budgetary Basis      | <u>\$1,040,246</u>         |

**Note 2 - Net Pension Liability**

---

**School Employees Retirement System (SERS)**

**Changes in Benefit Terms:**

2025: Effective August 1, 2024, HB 33 established a Contribution-Based Benefit Cap (CBBC). Under this provision, a member's retirement allowance (and any survivor benefit derived from that allowance) will be limited if the calculated benefit under the statutory formula exceeds the CBBC amount.

2023-2024: There were no changes in benefit terms since the prior measurement period.

2022: Cost of Living Adjustments (COLA) increased from 0.50% to 2.50%.

2020-2021: There were no changes in benefit terms from the amounts reported for this fiscal year.

2019: With the authority granted the Board under Senate Bill 8, the Board has enacted a three year COLA delay for future benefit recipients commencing benefits on or after April 1, 2018.

2018: SERS changed from a fixed 3.00% annual increase to a Cost of Living Adjustments (COLA) based on the changed in the Consumer Price Index Index (CPI-W), with a cap of 2.50% and a floor of 0.00%.

2014-2017: There were no changes in benefit terms from the amounts reported for these fiscal years.

**Changes in Assumptions:**

2023-2025: The following changes of assumptions affected the total pension liability since the prior measurement date:

- (1) Cost of Living Adjustments (COLA) was increased from 2.00% to 2.50% for calendar years 2025, 2024 and 2023.

2022: The following changes of assumptions affected the total pension liability since the prior measurement date:

- (1) The assumed rate of inflation was reduced from 3.00% to 2.40%,
- (2) Payroll growth assumption was reduced from 3.50% to 1.75%,
- (3) Assumed real wage growth was increased from 0.50% to 0.85%,
- (4) Cost of Living Adjustments (COLA) was reduced from 2.50% to 2.00%,
- (5) The discount rate was reduced from 7.50% to 7.00%,
- (6) Rates of withdrawal, compensation, participation, spouse coverage assumption, retirement, and

**For The Fiscal Year Ended June 30, 2025**

---

- disability were updated to reflect recent experience, and,
- (7) Mortality among active members, service retirees and beneficiaries, and disabled members were updated.

2018-2021: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for these fiscal years.

2017: The following changes of assumptions affected the total pension liability since the prior measurement date:

- (1) The assumed rate of inflation was reduced from 3.25% to 3.00%,
- (2) Payroll growth assumption was reduced from 4.00% to 3.50%,
- (3) Assumed real wage growth was reduced from 0.75% to 0.50%,
- (4) Rates of withdrawal, retirement and disability were updated to reflect recent experience,
- (5) Mortality among active members was updated to RP-2014 Blue Collar Mortality Table with fully generational projection and a five year age set-back for both males and females,
- (6) Mortality among service retired members, and beneficiaries was updated to the following RP-2014 Blue Collar Mortality Table with fully generational projection with Scale BB, 120% of male rates, and 110% of female rates,
- (7) Mortality among disabled members was updated to RP-2000 Disabled Mortality Table, 90% for male rates and 100% for female rates, set back five years is used for the period after disability retirement, and
- (8) The discount rate was reduced from 7.75% to 7.50%.

2014-2016: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for these fiscal years.

**State Teachers Retirement System (STRS)**

**Changes in Benefit Terms:**

2025: In March 2024, the Board adopted a change in the service retirement eligibility requirements for both unreduced and actuarially reduced benefits. This change is effective for retirements beginning June 1, 2024. The change allows for unreduced retirement at 34 years of service indefinitely (was previously set to increase to 35 years beginning August 1, 2029). The change also allows for an actuarially reduced retirement at any age with 29 years of service.

2019-2024: There were no changes in benefit terms from the amounts reported for these fiscal years.

2018: STRS decreased the Cost of Living Adjustment (COLA) to zero.

2014-2017: There were no changes in benefit terms from the amounts reported for these fiscal years.

**Changes in Assumptions:**

2025: Retirement rates were extended to younger ages intended to ensure that the ranges in retirement eligibility impacted participants at such ages. Demographic assumptions were changed based on the actuarial experience study for the period July 1, 2015 through June 30, 2021.

2024: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for this fiscal year.

2023: The following changes of assumptions affected the total pension liability since the prior

**Brookville Local School District, Ohio**  
**Notes to the Required Supplementary Information**  
**For The Fiscal Year Ended June 30, 2025**

---

measurement date:

- (1) Post-retirement mortality rates are based on the Pub-2010 Teachers Healthy Annuitant Mortality Table:
  - a. Adjusted 110.0% for males, projected forward generationally using mortality improvement scale MP-2020
- (2) Pre-retirement mortality rates are based on Pub-2010 Teachers Employee Table:
  - a. Adjusted 95.0% for females, projected forward generationally using mortality improvement scale MP-2020
- (3) Post-retirement disabled mortality rates are based on Pub-2010 Teachers Disable Annuitant Table:
  - a. Projected forward generationally using mortality improvement scale MP-2020
- (4) Projected salary increases changed from 2.50% to 12.50% to 2.50% to 8.50%

2022: There were changes in assumptions since the prior measurement date, which the discount rate was adjusted to 7.00% from 7.45%.

2019-2021: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for these fiscal years.

2018: The following changes of assumptions affected the total pension liability since the prior measurement date:

- (1) The long term expected rate of return was reduced from 7.75% to 7.45%,
- (2) The inflation assumption was lowered from 2.75% to 2.50%,
- (3) The payroll growth assumption was lowered to 3.00%,
- (4) Total salary increases rate was lowered by decreasing the merit component of the individual salary increases, in addition to a decrease of 0.25% due to lower inflation,
- (5) The healthy and disabled mortality assumptions were updated to the RP-2014 mortality tables with generational improvement scale MP-2016, and
- (6) Rates of retirement, termination and disability were modified to better reflect anticipated future experience.

2014-2017: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for these fiscal years.

---

**Note 3 - Net OPEB (Asset)/Liability**

**School Employees Retirement System (SERS)**

**Changes in Benefit Terms:**

2025: The SERS Board increased the minimum compensation used for determining the health care surcharge from \$25,000 to \$30,000.

2024: Effective January 1, 2024, the non-Medicare disability health care subsidy amounts will change to reflect amounts equal to that of service retirees by years of service.

2017-2023: There were no changes in benefit terms from the amounts reported for these fiscal years.

**Changes in Assumptions:**

2025: Amounts reported for the fiscal year incorporate changes in key methods and assumptions used in calculating the total OPEB liability as presented below:

**Brookville Local School District, Ohio**  
**Notes to the Required Supplementary Information**  
**For The Fiscal Year Ended June 30, 2025**

---

- (1) Discount Rate:
  - Prior Measurement Date 4.27%
  - Measurement Date 4.88%
- (2) Municipal Bond Index Rate:
  - Prior Measurement Date 3.86%
  - Measurement Date 3.93%
- (3) Single Equivalent Interest Rate, net of plan investment expense, including price inflation:
  - Prior Measurement Date 4.27%
  - Measurement Date 4.88%
- (4) Health care trend rates were updated.
- (5) Fiduciary Net Position projected depletion changed from 2048 to 2059.

2024: Amounts reported for the fiscal year incorporate changes in key methods and assumptions used in calculating the total OPEB liability as presented below:

- (1) Discount Rate:
  - Prior Measurement Date 4.08%
  - Measurement Date 4.27%
- (2) Municipal Bond Index Rate:
  - Prior Measurement Date 3.69%
  - Measurement Date 3.86%
- (3) Single Equivalent Interest Rate, net of plan investment expense, including price inflation:
  - Prior Measurement Date 4.08%
  - Measurement Date 4.27%
- (4) The assumption for percent of pre-Medicare eligible retirees who choose the Wraparound plan increased from 10% to 20%.
- (5) The health care trend assumption on retiree premiums was updated to not apply trend to the \$35 surcharge.
- (6) The morbidity factors were updated based on the Society of Actuaries' June 2013 research report Health Care Costs—From Birth to Death by Dale Yamamoto and from the ASOP 6 practice note developed by the American Academy of Actuaries.
- (7) An assumption was added to assume that 15% of pre-65 retirees who waive will elect coverage upon Medicare eligibility.

2023: Amounts reported for the fiscal year incorporate changes in key methods and assumptions used in calculating the total OPEB liability as presented below:

- (1) Discount Rate:
  - Prior Measurement Date 2.27%
  - Measurement Date 4.08%
- (2) Municipal Bond Index Rate:
  - Prior Measurement Date 1.92%
  - Measurement Date 3.69%
- (3) Single Equivalent Interest Rate, net of plan investment expense, including price inflation:
  - Prior Measurement Date 2.27%
  - Measurement Date 4.08%
- (4) Health care trend rates were updated.

2022: Amounts reported for the fiscal year incorporate changes in key methods and assumptions used in calculating the total OPEB liability as presented below:

- (1) Discount Rate:

| Fiscal Year 2017                                                                                | 2.98% |

2017: The following changes of assumptions affected the total OPEB liability since the prior measurement date:

- (1) The assumed rate of inflation was reduced from 3.25% to 3.00%,
- (2) Payroll growth assumption was reduced from 4.00% to 3.50%,
- (3) Assumed real wage growth was reduced from 0.75% to 0.50%,
- (4) Rates of withdrawal, retirement and disability were updated to reflect recent experience,
- (5) Mortality among active members was updated to RP-2014 Blue Collar Mortality Table with fully generational projection and a five year age set-back for both males and females,

**Brookville Local School District, Ohio**  
**Notes to the Required Supplementary Information**  
**For The Fiscal Year Ended June 30, 2025**

---

- (6) Mortality among service retired members, and beneficiaries was updated to the following RP-2014 Blue Collar Mortality Table with fully generational projection with Scale BB, 120% of male rates, and 110% of female rates, and
- (7) Mortality among disabled members was updated to RP-2000 Disabled Mortality Table, 90% for male rates and 100% for female rates, set back five years is used for the period after disability retirement.

**State Teachers Retirement System (STRS)**

**Changes in Benefit Terms:**

2025: Healthcare trends were updated to reflect emerging claims and recoveries experience as well as benefit changes effective January 1, 2025. The larger Medicare trends for Years 2027 and 2028 reflect the assumed impact of the expiration of current Medicare Advantage contract on December 31, 2028.

2024: Healthcare trends were updated to reflect emerging claims and recoveries experience as well as benefit changes effective January 1, 2024. The change in the subsidy percentage and the base amount for all retiree Non-Medicare Eligible (NME) participants, from 2.2% per year in last year's valuation to 2.5% per year, capped at 75%, as well as the unfreezing of the NME subsidy, the removal of the 6% cap on the year over year subsidy increase for Medicare Eligible (ME) participants, the changes in deductible and office visits copays for Aetna's Medicare Advantage plan, and updates in the medical and PBM vendor contracts. In addition, there were benefit changes related to the change in eligibility for unreduced Pension benefits.

2023: Salary increase rates were updated based on the actuarial experience study for the period July 1, 2015 through June 30, 2021 and were changed from age based to service based. Healthcare trends were updated to reflect emerging claims and recoveries experience.

2022: The non-Medicare subsidy percentage was increased effective January 1, 2022 from 2.055% to 2.100%. The non-Medicare frozen subsidy base premium was increased effective January 1, 2022. The Medicare Part D subsidy was updated to reflect it is expected to be negative in CY2022. The Part B monthly reimbursement elimination date was postponed indefinitely.

2021: There was no change to the claims costs process. Claim curves were updated to reflect the projected fiscal year end 2021 premium based on June 30, 2020 enrollment distribution. The non-Medicare subsidy percentage was increased effective January 1, 2021 from 1.984% to 2.055% per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2021. The Medicare subsidy percentages were adjusted effective January 1, 2021 to 2.1% for the AMA Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed indefinitely.

2020: There was no change to the claims costs process. Claim curves were trended to the fiscal year ending June 30, 2020 to reflect the current price renewals. The non-Medicare subsidy percentage was increased effective January 1, 2020 from 1.944% to 1.984% per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2020. The Medicare subsidy percentages were adjusted effective January 1, 2021 to 2.1% for the Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed to January 1, 2021.

2019: The subsidy multiplier for non-Medicare benefit recipients was increased from 1.900% to 1.944% per year of service effective January 1, 2019. The non-Medicare frozen subsidy base premium was increased effective January 1, 2019 and all remaining Medicare Part B premium reimbursements will be discontinued beginning January 1, 2020. The Board is extending the current Medicare Part B partial

---

reimbursement program for one year. Under this program, benefit recipients currently enrolled in the STRS Ohio Health Care Program and Medicare Part B receive \$29.90 per month to reimburse a portion of the Medicare Part B premium. The reimbursement was set to be reduced to \$0 beginning January 1, 2020. This impacts about 85,000 benefit recipients.

2018: The subsidy multiplier for non-Medicare benefit recipients was reduced from 2.10% to 1.90% per year of service. Medicare Part B premium reimbursements were discontinued for certain survivors and beneficiaries and all remaining Medicare Part B premium reimbursements will be discontinued beginning January 1, 2019.

2017: There were no changes in benefit terms from the amounts reported for this fiscal year.

**Changes in Assumptions:**

2025: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for this fiscal year.

2024: The health care cost trend rates were changed to the following: Pre-Medicare from 7.50% initial – 3.94% ultimate to 7.50% initial – 4.14% ultimate; Medical Medicare from - 68.78% initial – 3.94% ultimate to - 10.94% initial – 4.14% ultimate; prescription drug Pre-Medicare from 9.00% initial – 3.94% ultimate to -1 1.95% initial – 4.14% ultimate; Medicare from – 5.47% initial – 3.94% ultimate to 1.33% initial – 4.14% ultimate.

2023: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for this fiscal year.

2022: There were changes in assumptions since the prior measurement date, which the discount rate was adjusted to 7.00% from 7.45%.

2021: There were changes in assumptions during the measurement year, which decreased the total OPEB liability by approximately \$0.26 billion. The assumption changes included changes in healthcare costs and trends.

2020: There were changes in assumptions during the measurement year, which increased the total OPEB liability by approximately \$0.04 billion. The assumption changes included changes in healthcare costs and trends.

2019: The discount rate was increased from the blended rate of 4.13% to the long-term expected rate of return of 7.45% based on the methodology defined under GASB Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans (OPEB). Valuation year per capita health care costs were updated.

2018: The discount rate was increased from 3.26% to 4.13% based on the methodology defined under GASB Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans (OPEB) and the long term expected rate of return was reduced from 7.75% to 7.45%. Valuation year per capita health care costs were updated, and the salary scale was modified. The percentage of future retirees electing each option was updated based on current data and the percentage of future disabled retirees and terminated vested participants electing health coverage were decreased. The assumed mortality, disability, retirement, withdrawal and future health care cost trend rates were modified along with the portion of rebated prescription drug costs.

2017: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for this fiscal year.

**BROOKVILLE LOCAL SCHOOL DISTRICT  
MONTGOMERY COUNTY**

**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
2 CFR § 200.510(b)(6)  
FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

**NOTE A – BASIS OF PRESENTATION**

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of Brookville Local School District (the District) under programs of the federal government for the fiscal year ended June 30, 2025. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position or changes in net position of the District.

**NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance wherein certain types of expenditures are not allowable or are limited as to reimbursement.

**NOTE C – INDIRECT COST RATE**

The District has elected not to use the 15-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

**NOTE D - CHILD NUTRITION CLUSTER**

The District commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the District assumes it expends federal monies first.

**NOTE E – FOOD DONATION PROGRAM**

The District reports commodities consumed on the Schedule at the fair value. The District allocated donated food commodities to the program that benefitted from the use of those donated food commodities.

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Brookville Local School District  
Montgomery County  
75 June Place  
Brookville, Ohio 45309

To the Board of Education:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the governmental activities, the major fund, and the aggregate remaining fund information of the Brookville Local School District, Montgomery County, Ohio (the District) as of and for the fiscal year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated February 19, 2026, wherein we noted the District adopted new accounting guidance in Governmental Accounting Standards Board (GASB) Statement No. 101, *Compensated Absences*.

### ***Report on Internal Control Over Financial Reporting***

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

***Report on Compliance and Other Matters***

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

***Purpose of This Report***

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS  
APPLICABLE TO THE MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER  
COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

Brookville Local School District  
Montgomery County  
75 June Place  
Brookville, Ohio 45309

To the Board of Education:

**Report on Compliance for the Major Federal Program**

***Opinion on the Major Federal Program***

We have audited Brookville Local School District's, Montgomery County, (the District) compliance with the types of compliance requirements identified as subject to audit in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could have a direct and material effect on Brookville Local School District's major federal program for the fiscal year ended June 30, 2025. Brookville Local School District's major federal program is identified in the *Summary of Auditor's Results* section of the accompanying schedule of findings.

In our opinion, Brookville Local School District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major federal program for the fiscal year ended June 30, 2025.

***Basis for Opinion on the Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the *Auditor's Responsibilities for the Audit of Compliance* section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for the major federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

***Responsibilities of Management for Compliance***

The District's Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the District's federal programs.

### ***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of the major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control Over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the *Auditor's Responsibilities for the Audit of Compliance* section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Brookville Local School District  
Montgomery County  
Independent Auditor's Report on Compliance with Requirements  
Applicable to the Major Federal Program and on Internal Control Over  
Compliance Required by the Uniform Guidance  
Page 3

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of this testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
