Board of Directors  
Constellation Schools: Old Brooklyn Community Middle  
4430 State Road  
Cleveland, Ohio 44109

We have reviewed the *Independent Auditor's Report* of the Constellation Schools: Old Brooklyn Community Middle, Cuyahoga County, prepared by Rea & Associates, Inc., for the audit period July 1, 2024 through June 30, 2025. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Constellation Schools: Old Brooklyn Community Middle is responsible for compliance with these laws and regulations.

KEITH FABER  
Ohio Auditor of State

Tiffany L. Ridenbaugh, CPA, CFE, CGFM  
Chief Deputy Auditor

## INDEPENDENT AUDITOR'S REPORT

To the Board of Directors  
Constellation Schools: Old Brooklyn Community Middle  
Cuyahoga County, Ohio  
4430 State Road  
Cleveland, Ohio 44109

### **Report on the Audit of the Financial Statements**

#### ***Opinion***

We have audited the financial statements of the Constellation Schools: Old Brooklyn Community Middle, Cuyahoga County, Ohio, (the "School"), as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the School's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the financial position of the Constellation Schools: Old Brooklyn Community Middle, Cuyahoga County, Ohio, as of June 30, 2025, and the changes in its financial position and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the School and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the School's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the School's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control—related matters that we identified during the audit.

***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and pension and other post-employment benefit schedules, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements.

We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

***Supplementary Information***

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the School's basic financial statements. The Schedule of Expenditures of Federal Awards, as required by *Title 2 U.S. Code of Federal Regulations Part 200*, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 9, 2025 on our consideration of the School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control over financial reporting and compliance.

## **CONSTELLATION SCHOOLS: OLD BROOKLYN COMMUNITY MIDDLE**

### **Management's Discussion and Analysis**

**For the Year Ended June 30, 2025**

**(Unaudited)**

---

The discussion and analysis of Constellation Schools: Old Brooklyn Community Middle's (OBCM) financial performance provides an overall review of financial activities for the fiscal year ended June 30, 2025. The intent of this discussion and analysis is to look at the financial performance of OBCM as a whole. Readers should also review the Notes to the Financial Statements and the Financial Statements to enhance their understanding of the financial performance of OBCM.

#### **Financial Highlights**

Key financial highlights for 2025 include the following:

- In total, net position increased \$572,291 from 2024.
- Total assets and deferred outflow of resources totaled \$3,512,415.
- Liabilities and deferred inflows of resources totaled \$1,819,213.
- Operating revenues totaled \$2,858,807.
- Expenses totaled \$3,294,405.
- Non-operating revenues totaled \$1,007,889.

#### **Using this Financial Report**

This report consists of three parts: the Financial Statements, Notes to the Financial Statements and Required Supplementary Information. The Financial Statements include a Statement of Net Position, a Statement of Revenues, Expenses and Changes in Net Position and a Statement of Cash Flows.

#### **Statement of Net Position**

The Statement of Net Position looks at how well OBCM has performed financially through June 30, 2025. This statement includes all of the assets, deferred outflows of resources, liabilities, deferred inflows of resources and net position using the accrual basis of accounting, which is the accounting method used by most private-sector companies. This basis of accounting takes into account all revenues earned and expenses incurred during the year, regardless as to when the cash is received or expended.

The following schedule provides a summary Statement of Net Position for fiscal years ended June 30, 2025 and 2024 for OBCM.

| <b>Liabilities and Deferred Inflows of Resources</b> |                     |                     |
| Current Liabilities                                  | 228,311             | 314,726             |
| Long-Term Liabilities                                | 1,120,628           | 1,370,019           |
| Deferred Inflow of Resources                         | <u>470,274</u>      | <u>473,200</u>      |
| Total Liabilities and Deferred Inflow of Resources   | <u>1,819,213</u>    | <u>2,157,945</u>    |
| <b>Net Position</b>                                  |                     |                     |
| Investment in Capital Assets                         | 97,166              | 91,297              |
| Unrestricted                                         | <u>1,596,036</u>    | <u>1,029,614</u>    |
| Total Net Position                                   | <u>\$ 1,693,202</u> | <u>\$ 1,120,911</u> |

Cash increased during the year from operations. Other current assets decreased during the year due to a decrease in accounts receivables offset by an increase in intergovernmental receivable. Current liabilities decreased during the year due to the accounts payables decreasing, offset by accrued expenses increasing. In addition, long term liabilities, deferred outflows/inflows of resources fluctuated due to changes fluctuations of accruals related to GASB 68/75.

**Statement of Revenues, Expenses and Changes in Net Position**

The Statement of Revenues, Expenses and Changes in Net Position reports operating and non-operating activities for the fiscal year ended June 30, 2025.

The following schedule provides a summary of the Statement of Revenues, Expenses and Changes in Net Position for OBCM for fiscal years ended June 30, 2025 and 2024.

| Net Position: Beginning of the Year | <u>1,120,911</u>    | <u>537,814</u>      |
| Net Position: End of Year           | <u>\$ 1,693,202</u> | <u>\$ 1,120,911</u> |

The most significant change in revenues include an increase in state aid due to an increase in enrollment. A decreases in federal and state grants was due to reduced allocations available of federal funding from CARES Act resources.

Noted expense changes are increases in purchased services related to the increase in additional outsourced staffing needs due to the increasing enrollment, a decrease of fringe benefits due to the changes in accruals related to GASB 68/75. In addition, a increase in salaries due to the increase in enrollment in the current year.

### Management's Discussion and Analysis

For the Year Ended June 30, 2025

(Unaudited)

---

#### **Capital Assets**

As of June 30, 2025, OBCM had \$97,166 invested in technology and software and furniture and equipment, net of depreciation. This is a \$5,869 increase from June 30, 2024. For more information on capital assets see the Notes to the Financial Statements (Note 4).

#### **Long Term Obligations**

At June 30, 2025, OBCM had no outstanding long-term obligations.

#### **Net Pension and Other Post-Employment Benefits (OPEB) Liabilities**

The net pension and OPEB liability is the largest single liability reported by OBCM at June 30, 2025 and is reported pursuant to GASB Statement 68, *Accounting and Financial Reporting for Pensions—an Amendment of GASB Statement 27* and GASB Statement 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, which significantly revises accounting for costs and liabilities related to pension and other postemployment benefits (OPEB). For reasons discussed below, many end users of this financial statement will gain a clearer understanding of OBCM's actual financial condition by adding deferred inflow related to pension and OPEB, the net pension liability and the net OPEB liability to the reported net position and subtracting deferred outflows related to pension and OPEB and net OPEB asset.

Governmental Accounting Standards Board standards are national and apply to all government financial reports prepared in accordance with generally accepted accounting principles. Prior accounting for pensions (GASB 27) and postemployment benefits (GASB 45) focused on a funding approach. This approach limited pension and OPEB costs to contributions annually required by law, which may or may not be sufficient to fully fund each plan's net pension liability or net OPEB liability/asset. GASB 68 and GASB 75 take an earnings approach to pension and OPEB accounting; however, the nature of Ohio's statewide pension/OPEB plans and state law governing those systems requires additional explanation in order to properly understand the information presented in these statements.

GASB 68 and GASB 75 require the net pension liability and the net OPEB liability/asset to equal OBCM's proportionate share of each plan's collective:

1. Present value of estimated future pension/OPEB benefits attributable to active and inactive employees' past service.
2. Minus plan assets available to pay these benefits.

GASB notes that pension and OPEB obligations, whether funded or unfunded, are part of the "employment exchange" – that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension and other postemployment benefits. GASB noted that the unfunded portion of this promise is a present obligation of the government, part of a bargained-for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange.

### Management's Discussion and Analysis

For the Year Ended June 30, 2025

(Unaudited)

---

However, OBCM is not responsible for certain key factors affecting the balance of these liabilities. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The Ohio revised Code permits but does not require the retirement systems to provide healthcare to eligible benefit recipients. The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits.

The employee enters the employment exchange with the knowledge that the employer's promise is limited not by contract but by law. The employer enters the exchange also knowing that there is a specific, legal limit to its contribution to the retirement system. In Ohio, there is no legal means to enforce the unfunded liability of the pension/OPEB plan *as against the public employer*. State law operates to mitigate/lessen the moral obligation of the public employer to the employee, because all parties enter the employment exchange with notice as to the law. The retirement system is responsible for the administration of the pension and OPEB plans.

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e. sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension liability or the net OPEB liability. As explained above, changes in benefits, contribution rates, and return on investments affect the balance of these liabilities, but are outside the control of the local government. In the event that contributions, investment returns, and other changes are insufficient to keep up with required payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability and the net OPEB liability are satisfied, these liabilities are separately identified within the long-term liability section of the statement of net position.

In accordance with GASB 68 and GASB 75, OBCM's statements include an annual pension expense and an annual OPEB expense for their proportionate share of each plan's change in net pension liability and net OPEB liability/asset, respectively, not accounted for as deferred inflows/outflows.

There was a significant change in net pension / OPEB liability / asset for OBCM. The fluctuations are due to changes in the actuarial liabilities / assets and related accruals that are passed through to OBCM's financial statement. All components of pension and OPEB accruals contribute to the fluctuations in deferred outflows / inflows and net pension/OPEB liabilities/asset and are described in more detail in their respective notes.

### **Current Financial Issues**

The School is a community School and is funded through the State of Ohio Foundation Program. The School relies on this, as well as, other State and Federal funds as its primary source of revenue. In 2022, the State replaced the existing funding formula with a new formula that was implemented in January 2022 as a result of changes in Ohio law under the passage of HB110. Under the new formula, community schools are funded directly with no deductions or transfers from the student's district of residence. The funding calculation for community schools uses several concepts and formulas, some of which also apply to traditional school districts. These primarily include Base Cost, Special Education, Disadvantaged Pupil Impact Aid, English Learners and Career Technical Education. Combined, these elements make up the Core Foundation Funding and the change in calculated amounts compared to the funding received in Fiscal Year 2020 are being phased-in at 16.67% per year until fully implemented. In June 2025, the State Legislature passed the 26-27 biennial budget which included the continued phase-in of the new formula, reaching full implementation in Fiscal Year 2027.

In addition, facility funding remained the same as the last budget cycle and the student equity grant was reduced from \$650 per student to \$500 per student for Fiscal Year 2026. Most all schools had liquidated their remaining ESSER funds during (or prior to) Fiscal Year 2025. Moving forward, all schools will need to continue to be vigilant about growing enrollment and monitoring expenses in order to build sustainable budgets for the future.

### **Contacting the School's Financial Management**

This financial report is designed to provide our constituents with a general overview of the finances for OBCM and to show accountability for the monies it receives. If you have any questions about this report or need additional information please contact the School's Fiscal Officer, C. David Massa, CPA, at 5730 Broadview Road, Parma, Ohio 44134.

CUYAHOGA COUNTY, OHIO**

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2025**

---

**Note 1- Description of the School and Reporting Entity**

Constellation Schools: Old Brooklyn Community Middle (OBCM) is a nonprofit corporation established on December 5, 2003 pursuant to Ohio Revised Code Chapters 3314 and 1702 to maintain and provide a school exclusively for any educational, literary, scientific and related teaching service that qualifies as an exempt organization under § 501(c)(3) of the Internal Revenue Code. On March 28, 2006, OBCM received a determination letter confirming tax-exempt status with the Internal Revenue Service under section 501(c)(3) of the Internal Revenue Code. Management is not aware of any course of action or series of events that have occurred that might adversely affect the tax-exempt status of OBCM. OBCM, which is part of Ohio's education program, is independent of any school district. OBCM may sue and be sued, acquire facilities as needed, and contract for any services necessary for the operation of OBCM.

OBCM was approved for operation as Village Community School (VCS) under a contract dated January 20, 2004 between the Governing Authority (Board) of OBCM and the Lucas County Educational Service Center (LCESC). On July 22, 2005 OBCM (as VCS) entered in to a contract with Buckeye Community Hope Foundation (BCHF) to replace LCESC as the sponsor. The contract with BCHF has been renewed with a current expiration date of June 30, 2030. Sponsorship fees payable to BCHF are calculated as 3% of the Foundation payments received by OBCM, from the State of Ohio.

OBCM entered into an agreement with Constellation Schools (CS) to provide legal, financial, business and educational management services for the fiscal year. The agreement is renewable annually.

OBCM operates under a five-member Board of Directors. The Board is responsible for carrying out the provisions of the contract, which include, but are not limited to, state mandated provisions regarding student population, curriculum, academic goals, performance standards, admission standards, and qualification of teachers. During 2025, the board members for OBCM also serve as the board for Constellation Schools: Eastside Arts Academy, Constellation Schools: Lorain County Middle and Constellation Schools: Westpark Community Middle.

**Note 2 - Summary of Significant Accounting Policies**

The financial statements of OBCM have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental nonprofit organizations. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of OBCM's accounting policies are described below.

**CONSTELLATION SCHOOLS: OLD BROOKLYN COMMUNITY MIDDLE  
CUYAHOGA COUNTY, OHIO**

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2025**

---

**Basis of Presentation**

Enterprise accounting is used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges or where it has been decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

**Measurement Focus and Basis of Accounting**

The accounting and financial reporting treatment is determined by its measurement focus. Enterprise accounting uses a flow of economic resources measurement focus. With this measurement focus, all assets, deferred outflow of resources and all liabilities and deferred inflow of resources are included on the Statement of Net Position. Operating statements present increases (e.g., revenues) and decreases (e.g., expenses) in net total position.

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. OBCM prepares financial statements using the accrual basis of accounting. Revenues resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded when the exchange takes place. Revenues resulting from non-exchange transactions, in which OBCM receives value without directly giving equal value in return, such as grants and entitlements, are recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the fiscal year when the resources are required to be used or the fiscal year when the use is first permitted; matching requirements, in which OBCM must provide local resources to be used for a specified purpose; and expenditure requirements, in which resources are provided to OBCM on a reimbursement basis. Expenses are recognized at the time they are incurred.

**Implementation of New Accounting Principles**

For the fiscal year ended June 30, 2025, OBCM has implemented GASB Statement No. 101, *Compensated Absences* and GASB Statement No. 102, *Certain Risk Disclosures*.

GASB Statement No. 101 updates the recognition and measurement guidance for compensated absences to promote consistency and better meet the information needs of financial statement users. The unified recognition and measurement model in this Statement will result in a liability for compensated absences that more appropriately reflects when a government incurs an obligation. The implementation of GASB Statement No. 101 did not have an effect on the financial statements of OBCM.

**CONSTELLATION SCHOOLS: OLD BROOKLYN COMMUNITY MIDDLE  
CUYAHOGA COUNTY, OHIO**

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2025**

---

GASB Statement No. 102 provides users of governmental financial statements with essential information about risks related to a government's vulnerabilities due to certain concentrations or constraints as concentrations and constraints may limit a government's ability to acquire resources or control spending. The implementation of GASB Statement No. 102 did not have an effect on the financial statements of the OBCM.

**Cash and Cash Equivalents**

All cash received by OBCM is maintained in a demand deposit account and a money market account. All investments of the OBCM are considered to be cash and cash equivalents for financial reporting purposes. During fiscal year 2025, OBCM held no investments.

**Budgetary Process**

Community schools are statutorily required to adopt a budget by Ohio Revised Code 3314.032(C). However, unlike traditional public schools located in the State of Ohio, community schools are not required to follow the specific budgetary process and limits set forth in the Ohio Revised Code Chapter 5705, unless specifically provided in the contract between OBCM and its Sponsor. The contract between OBCM and its Sponsor does not require OBCM to follow the provisions Ohio Revised Code Chapter 5705; therefore, no budgetary information is presented in the basic financial statements.

**Receivables**

Moneys due to OBCM for the year ended June 30, 2025 are recorded as Due From Other Governments and Accounts Receivable. A current asset for the receivable amount is recorded at the time of the event causing the moneys to be due.

**Capital Assets and Depreciation**

Capital assets are capitalized at cost and updated for additions and retirements during the year. Donated capital assets are recorded at their acquisition values as of the dates received. All items with a useful life of one year or greater and a value of \$5,000 or more are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

All capital assets are depreciated. Depreciation of technology and software and furniture and equipment is computed using the straight-line method over their estimated useful lives. Improvements to capital assets are depreciated over the remaining useful lives of the related capital assets or less. Estimated useful lives are as follows:

| <b><u>Capital Asset Classification</u></b> | <b><u>Years</u></b> |
|--------------------------------------------|---------------------|
| Technology and Software                    | 3 to 5              |
| Furniture and Equipment                    | 5 to 10             |

**CONSTELLATION SCHOOLS: OLD BROOKLYN COMMUNITY MIDDLE  
CUYAHOGA COUNTY, OHIO**

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2025**

---

**Intergovernmental Revenues**

OBCM currently participates in the State Foundation Program, the State Poverty Based Assistance Program, Community Schools Facilities Allocation and Casino Tax Distribution. Revenues received from these programs are recognized as operating revenues in the accounting period in which all eligibility requirements have been met. OBCM also participates in Federal Entitlement Programs, the Federal Lunch Reimbursement Program and various State Grant Programs. State and Federal Grants and Entitlements are recognized as non-operating revenues in the accounting period in which all eligibility requirements have been met. Amounts awarded under the above-named programs for the 2025 school year totaled \$3,745,935.

**Private Grants and Contributions**

OBCM receives grants and contributions from private sources to support the schools' programs. Private grants and contributions are recognized as non-operating revenues in the accounting period in which they are received. OBCM did not receive any private grants and contributions during the 2025 fiscal year.

**Compensated Absences**

Vacation is taken in a manner which corresponds with the school calendar; therefore, OBCM does not accrue vacation time as a liability.

Sick leave benefits are earned at the rate of one and one-quarter day per month and can be accrued up to a maximum of one hundred twenty days. OBCM will accept the transfer of sick days from another school district up to the maximum accrual amount. No financial accrual for sick time is made since unused sick time is not paid to employees upon employment termination.

OBCM recognizes a liability for compensated absences for the leave time that (1) has been earned for services previously rendered by employees, (2) accumulates and is allowed to be carried over to subsequent years, and (3) is more likely than not to be used as time off or settled during or upon separation from employment under the last-in-first-out flow assumption. As of June 30, 2025, OBCM had no accrued compensated absences.

**Pensions and Other Postemployment Benefits (OPEB)**

For purposes of measuring the net pension/OPEB liability, deferred outflows of resources and deferred inflow of resources related to pension/OPEB, and pension/OPEB expense; information about the fiduciary net position of the pension/OPEB plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension/OPEB plans report investments at fair value.

**CONSTELLATION SCHOOLS: OLD BROOKLYN COMMUNITY MIDDLE  
CUYAHOGA COUNTY, OHIO**

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2025**

---

**Accrued Liabilities and Long-term Obligations**

All payables, accrued liabilities and long-term obligations are reported in the financial statements. In general, payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations. However, claims and judgments that will be paid from available funds are reported as a liability in the financial statements only to the extent that they are due for payment during the current fiscal year. Net pension/OPEB liability should be recognized to the extent that benefit payments are due and payable and the pension/OPEB plan's fiduciary net position is not sufficient for payment of those benefits.

**Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from these estimates.

**Deferred Inflow of Resources and Deferred Outflows of Resources**

A deferred outflow of resources is a consumption of assets by OBCM that is applicable to a future reporting period and will not be recognized as an outflow of resources (expense/expenditure) until then. The deferred outflow of resources related to pension and OPEB is described in Note 8 and 9.

A deferred inflow of resources is an acquisition of assets by OBCM that is applicable to a future reporting period and will not be recognized as an inflow of resources (revenue) until that time. The deferred inflow of resources related to pension and OPEB is described in Note 8 and 9.

**Net Position**

Net position represents the difference between assets and deferred outflow and liabilities and deferred inflow. The net position component "net investment in capital assets," consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction or improvement of those assets or related debt also should be included in this component of net position. Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislation adopted by OBCM or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

OBCM applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

**CONSTELLATION SCHOOLS: OLD BROOKLYN COMMUNITY MIDDLE  
CUYAHOGA COUNTY, OHIO**

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2025**

**Operating Revenues and Expenses**

Operating revenues are those revenues that are generated directly from the primary activities of OBCM. For OBCM, these revenues are primarily the State Foundation program. Operating expenses are necessary costs incurred to provide the good or service that is the primary activity of the OBCM. All revenues and expenses not meeting this definition are reported as non-operating.

**Note 3 - Deposits**

The following information classifies deposits by category of risk as defined in GASB Statement No.3 "Deposits with Financial Institutions, Investments (including Repurchase Agreements) and Reverse Repurchase Agreements," as amended by GASB Statement No.40, "Deposit, and Investment Risk Disclosures".

OBCM maintains its cash balances at one financial institution, U.S. Bank, located in Ohio. The balances are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000, per qualifying account. At June 30, 2025, the book amount of OBCM's deposits was \$2,886,604 and the bank balance was \$2,891,997 of which \$2,641,997 was not insured at June 30, 2025 and exposed to custodial credit risk, while \$250,000 was covered by FDIC.

**Note 4 - Capital Assets**

A summary of capital assets at June 30, 2025 follows:

|                                                          | Balance<br>6/30/2024 | Additions | Deletions | Balance<br>6/30/2025 |
|----------------------------------------------------------|----------------------|-----------|-----------|----------------------|

| Total Purchased Services            | <u>\$ 2,235,831</u> |

**Note 6 - Operating Lease**

OBCM leases its facility from Constellation Schools: Old Brooklyn Community Elementary (OBCE) under a one-year sub-lease agreement with the ability to renew annually. Under the terms of the sub-lease OBCM made monthly lease payments of \$23,958. OBCE charged a total of \$287,500 from OBCM for rent during the year. As of June 30, 2025, all monies due OBCE from OBCM have been paid.

On April 10, 2014 Constellation Schools: Old Brooklyn Community Elementary (OBCE) closed a \$30,790,000 multi-school, multi-property bond financing arrangement with the Cleveland Cuyahoga County Port Authority (CCCPA). A portion of the proceeds, \$22,004,213, along with escrow and reserve deposits from a prior bond issue, \$5,245,493, were used to advance refund the entire Constellation Schools Series 2008 Bonds issued by The Industrial Development Authority of the County of Pima. The refunding portion of the issue, along with the escrow and reserve accounts from the 2008 issue, were deposited into an escrow account with US Bank, National Association for the purpose of advance refunding the bonds when they come due.

On December 16, 2024 Constellation Schools: Old Brooklyn Community Elementary (OBCE) in association with the Cleveland-Cuyahoga Port Authority closed a Tax-Exempt Refunding and Improvement Lease Revenue Bonds Series 2024A in the amount of \$30,580,000 and Series 2024B in the amount of \$580,000 to refund the 2014A prior bonds, as well as fund \$3,823,600 in capital improvements at the various locations. Effective with the closing, ownership of the real property occupied by OBCE and OBCM reverted back to OBCE. The sublease between OBCE and OBCM remains in effect. As part of the bond financing arrangement, OBCM, as lessor, is required to provide various reports with OBCE to the trustee.

**CONSTELLATION SCHOOLS: OLD BROOKLYN COMMUNITY MIDDLE  
CUYAHOGA COUNTY, OHIO**

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2025**

---

The Bond Indenture requires OBCE to meet certain covenants. As of June 30, 2025, OBCE is in compliance with debt service coverage ratio and days cash on hand requirements, in addition with the timely filing of audited financial statements. The building serves as collateral on the bond. The Bond Indenture also requires all of the participating schools to meet certain covenants. As of June 30, 2025, all of the schools meet the required debt service coverage ratio and days cash on hand requirements, in addition to the timely filing of audited financial statements requirement. Unless waived by the owners of a majority of the principal amount of bonds outstanding, the school may be required to hire a management consultant to make recommendations with respect to increasing revenues, decreasing expenses or other financial matters of the school which are relevant to meeting ratios and filing timely.

**Note 7 - Risk Management**

**Property and Liability Insurance**

OBCM is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. For fiscal year 2025, OBCM contracted with Traveler's Property Casualty Company of America for property insurance, The Hanover Insurance Company for liability insurance and errors and omissions insurance and Allamerica Financial Benefit Insurance Company for Automobile insurance.

General property and liability is covered at \$10,000,000 single occurrence limit and \$11,000,000 aggregated. Hired and Non-Owned Vehicles are covered at \$1,000,000 combined single limit of liability. Other coverage includes Employee Crime, School Leaders Errors & Omissions, Sexual Abuse and Misconduct, Electronic Data Processing, Cyber Liability and Business Interruption. Settled claims have not exceeded this coverage in any of the past three years, nor has there been any significant reduction in insurance coverage from the prior year.

**Workers' Compensation**

OBCM makes premium payments to the Ohio Workers' Compensation System for employee injury coverage.

**Employee Medical, Dental, Vision and Life Benefits**

OBCM provides medical, dental, vision and life insurance benefits to all full-time employees. Employees participate in premium payments through pretax payroll deductions.

**CONSTELLATION SCHOOLS: OLD BROOKLYN COMMUNITY MIDDLE  
CUYAHOGA COUNTY, OHIO**

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2025**

---

**Note 8 - Defined Benefit Pension Plans**

The Statewide retirement systems provide both pension benefits and other postemployment benefits (OPEB).

***Net Pension Liability/Net OPEB Liability (Asset)***

Pensions and OPEB are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions/OPEB are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period.

The net pension/OPEB liability (asset) represent OBCM’s proportionate share of each pension/OPEB plan’s collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension/OPEB plan’s fiduciary net position. The net pension/OPEB liability (asset) calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting these estimates annually.

Ohio Revised Code limits OBCM’s obligation for this liability to annually required payments. OBCM cannot control benefit terms or the manner in which pensions/OPEB are financed; however, OBCM does receive the benefit of employees’ services in exchange for compensation including pension and OPEB.

GASB 68/75 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires funding to come from these employers. All pension contributions to date have come solely from these employers (which also includes pension costs paid in the form of withholdings from employees). The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits. In addition, health care plan enrollees pay a portion of the health care costs in the form of a monthly premium. State statute requires the retirement systems to amortize unfunded pension liabilities within 30 years. If the pension amortization period exceeds 30 years, each retirement system’s board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension/OPEB liability (asset). Resulting adjustments to the net pension/OPEB liability (asset) would be effective when the changes are legally enforceable. The Ohio revised Code permits, but does not require, the retirement systems to provide healthcare to eligible benefit recipients.

The proportionate share of each plan’s unfunded benefits is presented as a long-term *net pension/OPEB liability*. Any liability for the contractually required pension contribution outstanding at the end of the year is included in *accrued wages and benefits*.

**CONSTELLATION SCHOOLS: OLD BROOKLYN COMMUNITY MIDDLE  
CUYAHOGA COUNTY, OHIO**

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2025**

The remainder of this note includes the required pension disclosures. See Note 9 for the required OPEB disclosures.

***Plan Description - School Employees Retirement System (SERS)***

Plan Description – OBCM non-teaching employees participate in SERS, a cost-sharing multiple-employer defined benefit pension plan administered by SERS. SERS provides retirement, disability and survivor benefits, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Ohio Revised Code Chapter 3309. SERS issues a publicly available, stand-alone financial report that includes financial statements, required supplementary information and detailed information about SERS' fiduciary net position. That report can be obtained by visiting the SERS website at [www.ohsers.org](http://www.ohsers.org) under Employers/Audit Resources.

Age and service requirements for retirement are as follows:

|                              | Eligible to<br>Retire on or before<br>August 1, 2017 *                          | Eligible to<br>Retire on or after<br>August 1, 2017                                  |
|------------------------------|---------------------------------------------------------------------------------|--------------------------------------------------------------------------------------|
| Full Benefits                | Any age with 30 years of service credit                                         | Age 67 with 10 years of service credit; or<br>Age 57 with 30 years of service credit |
| Actuarially Reduced Benefits | Age 60 with 5 years of service credit<br>Age 55 with 25 years of service credit | Age 62 with 10 years of service credit; or<br>Age 60 with 25 years of service credit |

\* Members with 25 years of service credit as of August 1, 2017, will be included in this plan.

Annual retirement benefits are calculated based on final average salary multiplied by a percentage that varies based on years of service; 2.2 percent for the first thirty years of service and 2.5 percent for years of service credit over 30. Final average salary is the average of the highest three years of salary.

An individual whose benefit effective date is before April 1, 2018, is eligible for a cost-of-living adjustment (COLA) on the first anniversary date of the benefit. New benefit recipients must wait until the fourth anniversary of their benefit for COLA eligibility. The COLA is added each year to the base benefit amount on the anniversary date of the benefit. The COLA is indexed to the percentage increase in the CPI-W, not to exceed 2.5 percent and with a floor of 0 percent. A three-year COLA suspension was in effect for all benefit recipients for the years 2018, 2019, and 2020. The Retirement Board approved a 2.5 percent COLA for calendar year 2024.

Funding Policy – Plan members are required to contribute 10 percent of their annual covered salary and OBCM is required to contribute 14 percent of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to statutory maximum amounts of 10 percent for plan members and 14 percent for employers. The Retirement Board, acting with the advice of the actuary, allocates the employer contribution rate among four of the System's funds (Pension Trust Fund, Death Benefit

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2025**

---

Fund, Medicare B Fund, and Health Care Fund). For the fiscal year ended June 30, 2025, the allocation to pension, death benefits, and Medicare B was 14.0 percent. For fiscal year 2025, the Retirement Board did not allocate any employer contribution to the Health Care Fund.

OBCM's contractually required contribution to SERS was \$11,879 for fiscal year 2025.

***Plan Description - State Teachers Retirement System (STRS)***

Plan Description – OBCM licensed teachers and other faculty members participate in STRS Ohio, a cost-sharing multiple employer public employee system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information, and detailed information about STRS' fiduciary net position. That report can be obtained by writing to STRS, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Web site at [www.strsoh.org](http://www.strsoh.org).

New members have a choice of three retirement plans; a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan, and a Combined Plan. Benefits are established by Ohio Revised Code Chapter 3307.

The DB plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. The calculation is 2.2 percent of final average salary for the five highest years of earnings multiplied by all years of credited service. Effective August 1, 2023, any member can retire with unreduced benefits with 34 years of services credit at any age; or five years of service credit and age 65. Effective June 1, 2025 - July 1, 2027, any member can retire with unreduced benefits with 33 years of service credit at any age; or five years of service credit and age 65. Effective on or after August 1, 2027, any member can retire with unreduced benefits with 34 years of service credit at any age; or five years of service credit and age 65.

In April 2017, the Retirement Board made the decision to reduce COLA granted on or after July 1, 2017, to 0 percent upon a determination by its actuary that it was necessary to preserve the fiscal integrity of the retirement system. Benefit recipients' base benefit and past cost-of living increases are not affected by this change. Effective July 1, 2022, an ad-hoc COLA of 3 percent of the base benefit was granted to eligible benefit recipients to begin on the anniversary of their retirement benefit in fiscal year 2023 as long as they retired prior to July 1, 2018. Effective July 1, 2023, a permanent 1 percent COLA of the base benefit was granted to eligible benefit recipients to begin on the anniversary of their retirement benefit in fiscal year 2024 as long as they retired prior to July 1, 2019.

**CONSTELLATION SCHOOLS: OLD BROOKLYN COMMUNITY MIDDLE  
CUYAHOGA COUNTY, OHIO**

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2025**

---

Eligibility changes for DB Plan members who retire with actuarially reduced benefits effective August 1, 2023, can retire with 29 years of service credit at any age; or five years of service credit and age 60. Effective June 1, 2025 - July 1, 2027, retirement eligibility for reduced benefits is 28 years of service credit at any age; or five years of service credit and age 60. Effective on or after August 1, 2027, retirement eligibility for reduced benefits is 29 years of service credit at any age; or five years of service credit and age 60.

The DC Plan allows members to place all their member contributions and 11.09 percent of the 14 percent employer contributions into an investment account. The member determines how to allocate the member and employer money among various investment choices offered by STRS. The remaining 2.91 percent of the 14 percent employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The Combined Plan offers features of both the DB Plan and the DC Plan. In the Combined Plan, 12 percent of the 14 percent member rate is deposited into the member's DC account and the remaining 2 percent is applied to the DB Plan. Member contributions to the DC Plan are allocated among investment choices by the member, and contributions to the DB Plan from the employer and the member are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60 with five years of service. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity at age fifty and after termination of employment.

New members who choose the DC plan or Combined Plan will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's Combined Plan account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB 68 reporting purposes.

A DB or Combined Plan member with five or more years of credited service who is determined to be disabled may qualify for a disability benefit. New members on or after July 1, 2013, must have at least ten years of qualifying service credit to apply for disability benefits. Members in the DC Plan who become disabled are entitled only to their account balance. Eligible survivors of members who die before service retirement may qualify for monthly benefits. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

**CONSTELLATION SCHOOLS: OLD BROOKLYN COMMUNITY MIDDLE  
CUYAHOGA COUNTY, OHIO**

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2025**

Funding Policy – Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. The 2025 employer and employee contribution rate of 14 percent was equal to the statutory maximum rates. For 2025, the full employer contribution was allocated to pension.

OBCM’s contractually required contribution to STRS was \$123,848 for fiscal year 2025.

***Pension Liabilities, Pension Expense, and Deferred Outflows/Inflows of Resources Related to Pensions***

The net pension liability (asset) was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. OBCM’s proportion of the net pension liability was based on the OBCM’s share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

|                                          | <u>SERS</u>        | <u>STRS</u>        | <u>Total</u> |
|------------------------------------------|--------------------|--------------------|--------------|
| Proportion of the Net Pension Liability: |                    |                    |              |
| Current Measurement Date                 | 0.00241020%        | 0.00506093%        |              |
| Prior Measurement Date                   | <u>0.00010980%</u> | <u>0.00134367%</u> |              |
| Change in Proportionate Share            | <u>0.00230040%</u> | <u>0.00371726%</u> |              |
| Proportionate Share of the Net           |                    |                    |              |
| Pension Liability                        | \$123,296          | \$973,805          | \$1,097,101  |
| Pension Expense                          | (\$33,062)         | (\$16,593)         | (\$49,655)   |

Other than contributions made subsequent to the measurement date and differences between projected and actual earnings on investments; deferred inflows/outflows of resources are recognized in pension expense beginning in the current period, using a straight-line method over a closed period equal to the average of the expected remaining services lives of all employees that are provided with pensions, determined as of the beginning of the measurement period. Net deferred inflows/outflows of resources pertaining to the differences between projected and actual investment earnings are similarly recognized over a closed five-year period.

*This space is intentionally left blank.*

**Actuarial Assumptions - SERS**

SERS' total pension liability was determined by their actuaries in accordance with GASB Statement No. 67, as part of their annual actuarial valuation for each defined benefit retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment termination). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

**CONSTELLATION SCHOOLS: OLD BROOKLYN COMMUNITY MIDDLE  
CUYAHOGA COUNTY, OHIO**

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2025**

---

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations. Future benefits for all current plan members were projected through 2137.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation, prepared as of June 30, 2024, are presented below:

|                                              |                                                                                                                          |
|----------------------------------------------|--------------------------------------------------------------------------------------------------------------------------|
| Inflation                                    | 2.40 percent                                                                                                             |
| Future Salary Increases, including inflation | 3.25 percent to 13.58 percent                                                                                            |
| Investment Rate of Return                    | 7.00 percent net of System expenses                                                                                      |
| Actuarial Cost Method                        | Entry Age Normal (Level Percent of Payroll)                                                                              |
| COLA or Ad Hoc COLA                          | 2.0 percent, on or after April 1, 2018, COLAs for future retirees will be delayed for three years following commencement |

Mortality rates were based on the PUB-2010 General Employee Amount Weight Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20 percent for males and set forward 2 years and adjusted 81.35 percent for females. Mortality among disabled members were based upon the PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3 percent for males and set forward 3 years and adjusted 106.8 percent for females. Future improvement in mortality rates is reflected by applying the MP-2020 projection scale generationally.

The most recent experience study was completed for the five-year period ended June 30, 2020.

The long-term return expectation for the Pension Plan Investments has been determined by using a building-block approach and assumes a time horizon, as defined in SERS' *Statement of Investment Policy*. ORC 3309.15 and the SERS Board-adopted Investment Policy govern investment activity. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating a weighted average of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalancing uncorrelated asset classes. As of June 30, 2024:

**Discount Rate** The total pension liability for 2024 was calculated using the discount rate of 7.00 percent. The discount rate determination did not use a municipal bond rate. The projection of cash flows used to determine the discount rate assumed that employers would contribute the actuarially determined contribution rate of projected compensation over the remaining 20-year amortization period of the unfunded actuarial accrued liability. The actuarially determined contribution rate for fiscal year 2024 was 14 percent. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.00 percent). Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability. The annual money-weighted rate of return, calculated as the internal rate of return on pension plan investments, for fiscal year 2024 was 9.31 percent.

**Sensitivity of OBCM's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate** Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net pension liability calculated using the discount rate of 7.00 percent, as well as what each plan's net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00 percent), or one percentage point higher (8.00 percent) than the current rate.

***Actuarial Assumptions – STRS***

Key methods and assumptions used in the June 30, 2024, actuarial valuation are presented below:

|                                   |                                                               |
|-----------------------------------|---------------------------------------------------------------|
| Inflation                         | 2.50 percent                                                  |
| Salary Increases                  | From 2.5 percent to 8.5 percent, based on service             |
| Investment Rate of Return         | 7.00 percent, net of investment expenses, including inflation |
| Discount Rate of Return           | 7.00 percent                                                  |
| Payroll Increases                 | 3.00 percent                                                  |
| Cost-of-Living Adjustments (COLA) | 0.00 percent, effective July 1, 2017                          |

Post-retirement mortality rates are based on the Pub-2010 Teachers Healthy Annuitant Mortality Table, adjusted 110 percent for males, projected forward generationally using mortality improvement scale MP-2020. Pre-retirement mortality rates are based on Pub-2010 Teachers Employee Table adjusted 95 percent for females, projected forward generationally using mortality improvement scale MP-2020. Post-retirement disabled mortality rates are based on Pub-2010 Teachers Disable Annuitant Table projected forward generationally using mortality improvement scale MP-2020.

Actuarial assumptions used in the June 30, 2024, valuation are based on the results of an actuarial experience study for the period July 1, 2015, through June 30, 2021. An actuarial experience study is done on a quinquennial basis.

STRS' investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

| Asset Class          | Target Allocation * | Long-Term Expected Rate of Return ** |
|----------------------|---------------------|--------------------------------------|
| Domestic Equity      | 26.00%              | 6.90%                                |
| International Equity | 22.00               | 7.70                                 |
| Alternatives         | 19.00               | 9.10                                 |
| Fixed Income         | 22.00               | 4.50                                 |
| Real Estate          | 10.00               | 5.10                                 |
| Liquidity Reserves   | 1.00                | 2.40                                 |
| Total                | <u>100.00%</u>      |                                      |

*\*Final target weights reflected at October 1, 2022.*

*\*\*10-Year annualized geometric nominal returns, which include the real rate of return and inflation of 2.25 percent and is net of investment expenses. Over a 30-year period, STRS investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.*

**CONSTELLATION SCHOOLS: OLD BROOKLYN COMMUNITY MIDDLE**  
**CUYAHOGA COUNTY, OHIO**

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2025**

**Discount Rate** The discount rate used to measure the total pension liability was 7.00 percent as of June 30, 2024. The projection of cash flows used to determine the discount rate assumes that member and employer contributions will be made at the statutory contribution rates in accordance with rate increases described above. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Based on those assumptions, STRS’ fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2024. Therefore, the long-term expected rate of return on pension plan investments of 7.00 percent was applied to all periods of projected benefit payment to determine the total pension liability as of June 30, 2024.

**Sensitivity of OBCM’s Proportionate Share of the Net Pension Liability to Changes in the Discount Rate** The following table presents the OBCM's proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.00 percent, as well as what OBCM's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.00 percent) or one-percentage-point higher (8.00 percent) than the current rate:

|                                                            | 1% Decrease<br>(6.00%) | Current<br>Discount Rate<br>(7.00%) | 1% Increase<br>(8.00%) |
|------------------------------------------------------------|------------------------|-------------------------------------|------------------------|
| OBCM's Proportionate Share<br>of the Net Pension Liability | \$ 1,570,918           | \$ 973,805                          | \$ 468,750             |

**Note 9 - Defined Benefit OPEB Plans**

See Note 8 for a description of the net OPEB liability (asset).

***Plan Description – School Employees Retirement System (SERS)***

Health Care Plan Description - OBCM contributes to the SERS Health Care Fund, administered by SERS for non-certificated retirees and their beneficiaries. For GASB 75 purposes, this plan is considered a cost-sharing other postemployment benefit (OPEB) plan. SERS' Health Care Plan provides healthcare benefits to eligible individuals receiving retirement, disability, and survivor benefits, and to their eligible dependents. Members who retire after June 1, 1986, need 10 years of service credit, exclusive of most types of purchased credit, to qualify to participate in SERS' health care coverage. The following types of credit purchased after January 29, 1981, do not count toward health care coverage eligibility: military, federal, out-of-state, municipal, private school, exempted, and early retirement incentive credit. In addition to age and service retirees, disability benefit recipients and beneficiaries who are receiving monthly benefits due to the death of a member or retiree, are eligible for SERS' health care coverage. Most retirees and dependents choosing SERS' health care coverage are over the age of 65 and therefore enrolled in a fully insured Medicare Advantage plan; however, SERS maintains a traditional, self-insured preferred provider organization for its non-Medicare retiree population. For both groups, SERS offers a self-insured prescription drug program. Health care is a benefit that is permitted, not mandated, by statute. The financial report of the Plan is included in the SERS Annual Comprehensive Financial Report which can be obtained on SERS' website at [www.ohsers.org](http://www.ohsers.org) under Employers/Audit Resources.

The Health Care program is financed through a combination of employer contributions, recipient premiums, investment returns, and any funds received on behalf of SERS' participation in Medicare programs. The System's goal is to maintain a health care reserve account with a 20-year solvency period in order to ensure that fluctuations in the cost of health care do not cause an interruption in the program. However, during any period in which the 20-year solvency period is not achieved, the System shall manage the Health Care Fund on a pay-as-you-go basis.

Access to health care for retirees and beneficiaries is permitted in accordance with Section 3309 of the Ohio Revised Code. SERS' Retirement Board reserves the right to change or discontinue any health plan or program. Active employee members do not contribute to the Health Care Plan. The SERS Retirement Board established the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility, and retirement status.

**CONSTELLATION SCHOOLS: OLD BROOKLYN COMMUNITY MIDDLE  
CUYAHOGA COUNTY, OHIO**

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2025**

---

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required pensions and benefits, the Retirement Board may allocate the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund in accordance with the funding policy. For fiscal year 2025, no allocation was made to health care. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated if less than a full year of service credit was earned. For fiscal year 2025, this amount was \$30,000. Statutes provide that no employer shall pay a health care surcharge greater than 2 percent of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5 percent of the total statewide SERS-covered payroll for the health care surcharge. For fiscal year 2025, OBCM's surcharge obligation was \$1,543.

The surcharge, added to the allocated portion of the 14 percent employer contribution rate is the total amount assigned to the Health Care Fund. OBCM's contractually required contribution to SERS were equal to the surcharge amount for fiscal year 2025.

***Plan Description - State Teachers Retirement System (STRS)***

Plan Description – The State Teachers Retirement System of Ohio (STRS) administers a cost-sharing Health Plan administered for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS. Ohio law authorizes STRS to offer this plan. Benefits include hospitalization, physicians' fees, prescription drugs and partial reimbursement of monthly Medicare Part B premiums. Health care premiums were reduced by a Medicare Part B premium credit beginning in 2023. The Plan is included in the report of STRS which can be obtained by visiting [www.strsoh.org](http://www.strsoh.org) or by calling (888) 227-7877.

Medicare Part D is a federal program to help cover the costs of prescription drugs for Medicare beneficiaries. This program allows STRS Ohio to recover part of the cost for providing prescription coverage since all eligible STRS Ohio health care plans include creditable prescription drug coverage.

Funding Policy – Ohio Revised Code Chapter 3307 authorizes STRS to offer the Plan and gives the Retirement Board discretionary authority over how much, if any, of the health care costs will be absorbed by STRS. Active employee members do not contribute to the Health Care Plan. All benefit recipients pay a portion of the health care costs in the form of a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions, currently 14 percent of covered payroll. For the fiscal year ended June 30, 2025, STRS did not allocate any employer contributions to post-employment health care.

***Net OPEB Liability (Asset)***

The net OPEB liability (asset) was measured as of June 30, 2024, and the total OPEB liability used to calculate the net OPEB liability (asset) was determined by an actuarial valuation as of that date. OBCM's proportion of the net OPEB liability (asset) was based on the OBCM's share of contributions to the respective retirement systems relative to the contributions of all participating entities. Following is information related to the proportionate share and OPEB expense:

|                                               | SERS               | STRS                | Total       |
|-----------------------------------------------|--------------------|---------------------|-------------|
| Proportion of the Net OPEB Liability (Asset): |                    |                     |             |
| Current Measurement Date                      | 0.0023100%         | 0.00506093%         |             |
| Prior Measurement Date                        | 0.0033266%         | 0.00521238%         |             |
| Change in Proportionate Share                 | <u>-0.0010166%</u> | <u>-0.00015145%</u> |             |
| Proportionate Share of the Net                |                    |                     |             |
| OPEB Liability (Asset)                        | \$ 23,527          | \$ (95,996)         |             |
| OPEB Expense                                  | \$ (14,223)        | \$ (19,421)         | \$ (33,644) |

Other than contributions made subsequent to the measurement date and differences between projected and actual earnings on investments; deferred inflows/outflows of resources are recognized in OPEB expense beginning in the current period, using a straight-line method over a closed period equal to the average of the expected remaining services lives of all employees that are provided with pensions, determined as of the beginning of the measurement period. Net deferred inflows/outflows of resources pertaining to the differences between projected and actual investment earnings are similarly recognized over a closed five-year period.

*This space is intentionally left blank.*

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2025**

---

***Actuarial Assumptions - SERS***

The total OPEB liability is determined by SERS' actuaries in accordance with GASB Statement No. 74, as part of their annual actuarial valuation for each retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment terminations). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases, actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total OPEB liability in the latest actuarial valuation date of June 30, 2024, are presented below:

|                                                       | June 30, 2024                               |
|-------------------------------------------------------|---------------------------------------------|
| Inflation                                             | 2.40 percent                                |
| Future Salary Increases, including Inflation          | 3.25 percent to 13.58 percent               |
| Investment Rate of Return                             | 7.00 percent net of investment expense      |
| Actuarial Cost Method                                 | Entry Age Normal (Level Percent of Payroll) |
| Fiduciary Net Position is Projected<br>to be Depleted | 2059                                        |

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2025**

Mortality rates among healthy retirees were based on the PUB-2010 General Employee Amount Weighted Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20 percent for males and set forward 2 years and adjusted 81.35 percent for females. Mortality among disabled members were based upon the PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3 percent for males and set forward 3 years and adjusted 106.8 percent for females. Mortality rates for contingent survivors were based on PUB-2010 General Amount Weighted Below Median Contingent Survivor mortality table projected to 2017 with ages set forward 1 year and adjusted 105.5 percent for males and adjusted 122.5 percent for females. Mortality rates for actives is based on PUB-2010 General Amount Weighted Below Median Employee mortality table. Mortality rates are projected using a fully generational projection with Scale MP-2020.

The most recent experience study was completed for the five-year period ended June 30, 2020.

The long-term expected rate of return on plan assets is reviewed as part of the actuarial five-year experience study. The most recent study covers fiscal years 2016 through 2020, and was adopted by the Board on April 15, 2021. Several factors are considered in evaluating the long-term rate of return assumption including long-term historical data, estimates inherent in current market data, and a long-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) were developed by the investment consultant for each major asset class. These ranges were combined to produce the long-term expected rate of return, 7.00 percent, by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The assumption is intended to be a long-term assumption and is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years.

The long-term expected nominal rate of return has been determined by calculating a weighted average of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalancing uncorrelated asset classes. As of June 30, 2024:

| Asset Class                 | Target<br>Allocation | Long-Term Expected<br>Real Rate of Return<br>(geometric) |
|-----------------------------|----------------------|----------------------------------------------------------|
| Cash                        | 3.00 %               | 0.97 %                                                   |
| US Equity                   | 22.00                | 4.68                                                     |
| Non-US Equity Developed     | 12.00                | 4.96                                                     |

**CONSTELLATION SCHOOLS: OLD BROOKLYN COMMUNITY MIDDLE  
CUYAHOGA COUNTY, OHIO**

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2025**

**Discount Rate** The discount rate used to measure the total OPEB liability at June 30, 2024, was 4.88 percent. The discount rate used to measure total OPEB liability prior to June 30, 2024, was 4.27 percent. The projection of cash flows used to determine the discount rate assumed that contributions will be made from members and the System at the contribution rate of 1.50 percent of projected covered payroll each year, which includes a 1.50 percent payroll surcharge and no contributions from the basic benefits plan. Based on these assumptions, the OPEB plan's fiduciary net position was projected to be depleted in 2059 by SERS' actuaries. The Fidelity General Obligation 20-year Municipal Bond Index Rate was used in the determination of the single equivalent interest rate for both the June 30, 2023, and the June 30, 2024, total OPEB liability. The Municipal Bond Index Rate is the single rate that will generate a present value of benefit payments equal to the sum of the present value determined by the long-term expected rate of return, and the present value determined by discounting those benefits after the date of depletion. The Municipal Bond Index Rate was 3.93 percent at June 30, 2024, and 3.86 percent at June 30, 2023.

**Sensitivity of OBCM's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate and Changes in the Health Care Cost Trend Rates** The net OPEB liability is sensitive to changes in the discount rate and the health care cost trend rate. The following table presents the net OPEB liability of SERS, what SERS' net OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (3.88%) and higher (5.88%) than the current discount rate (4.88%). Also shown is what SERS' net OPEB liability would be based on health care cost trend rates that are 1 percentage point lower (6.00% decreasing to 3.40%) and higher (8.00% decreasing to 5.40%) than the current rate.

Projections of benefits include the historical pattern of sharing benefit costs between the employers and retired plan members.

Healthy retirees post-retirement mortality rates are based on the Pub-2010 Teachers Healthy Annuitant Mortality Table, adjusted 110 percent for males, projected forward generationally using mortality improvement scale MP-2020; pre-retirement mortality rates are based on Pub-2010 Teachers Employee Table adjusted 95 percent for females, projected forward generationally using mortality improvement scale MP-2020. For disabled retirees, mortality rates are based on the Pub-2010 Teachers Disabled Annuitant Table projected forward generationally using mortality improvement scale MP-2020.

Actuarial assumptions used in the June 30, 2024, valuation are based on the results of an actuarial experience study for the period July 1, 2015, through June 30, 2021. An actuarial experience study is done on a quinquennial basis.

STRS' investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

**CONSTELLATION SCHOOLS: OLD BROOKLYN COMMUNITY MIDDLE  
CUYAHOGA COUNTY, OHIO**

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2025**

| Asset Class          | Target Allocation * | Long-Term Expected Rate of Return ** |
|----------------------|---------------------|--------------------------------------|
| Domestic Equity      | 26.00%              | 6.90%                                |
| International Equity | 22.00               | 7.70                                 |
| Alternatives         | 19.00               | 9.10                                 |
| Fixed Income         | 22.00               | 4.50                                 |
| Real Estate          | 10.00               | 5.10                                 |
| Liquidity Reserves   | 1.00                | 2.40                                 |
| Total                | 100.00%             |                                      |

*\*Final target weights reflected at October 1, 2022.*

*\*\*10-Year annualized geometric nominal returns, which include the real rate of return and inflation of 2.25 percent and is net of investment expenses. Over a 30-year period, STRS investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.*

**Discount Rate** The discount rate used to measure the total OPEB liability was 7.00 percent as of June 30, 2024. The projection of cash flows used to determine the discount rate assumed STRS continues to allocate no employer contributions to the health care fund. Based on these assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2024. Therefore, the long-term expected rate of return on health care plan investments of 7.00 percent was applied to all periods of projected health care costs to determine the total OPEB liability as of June 30, 2024.

**Sensitivity of OBCM's Proportionate Share of the Net OPEB Asset to Changes in the Discount and Health Care Cost Trend Rate** The following table represents the net OPEB asset as of June 30, 2024, calculated using the current period discount rate assumption of 7.00 percent, as well as what the net OPEB asset would be if it were calculated using a discount rate that is one percentage point lower (6.00 percent) or one percentage point higher (8.00 percent) than the current assumption. Also shown is the net OPEB asset as if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current health care cost trend rates.

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2025**

---

|                                                       | <u>1% Decrease</u> | <u>Current<br/>Trend Rate</u> | <u>1% Increase</u> |
|-------------------------------------------------------|--------------------|-------------------------------|--------------------|
| OBCM's Proportionate Share<br>of the Net OPEB (Asset) | (\$112,667)        | (\$95,996)                    | (\$75,947)         |

**Note 10 – Contingencies**

**Grants**

OBCM received financial assistance from Federal and State agencies in the form of grants. The disbursement of funds received under these programs requires compliance with terms and conditions, specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of OBCM. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of OBCM at June 30, 2025.

**Note 11 - Sponsorship and Management Agreements**

OBCM entered into an agreement with Buckeye Community Hope Foundation to provide sponsorship and oversight services as required by law. The agreement is effective September 18, 2005 and was amended to continue through June 30, 2030. Sponsorship fees are calculated as 3% of the Fiscal Year 2025 Foundation payments received by OBCM, from the State of Ohio. The total amount due from OBCM for fiscal year 2025 was \$88,246, all of which was paid prior to June 30, 2025.

OBCM had an agreement with Constellation Schools to provide legal, financial, and business management services for fiscal year 2025. The agreement was for a period of four-years, effective August 19, 2021. Management fees are calculated as 6.25% of the Fiscal Year 2025 Foundation payments received by OBCM from the State of Ohio plus a fixed fee of \$192,500. The total amount due from OBCM for the fiscal year ending June 30, 2025 was \$376,364 all of which was paid prior to June 30, 2025.

---

There were no changes in assumptions or benefit terms for the fiscal years reported unless otherwise stated below:

**NOTE 1 - NET PENSION LIABILITY**

***Changes in Assumptions - SERS***

Amounts reported in 2022 incorporate changes in assumptions used by SERS in calculating the total pension liability in the latest actuarial valuation. These assumptions compared with those used in prior years are presented as follows:

|                                                 | <u>Fiscal Years 2025-2022</u>   | <u>Fiscal Years 2021-2017</u>                            | <u>Fiscal Years 2016 and Prior</u>                       |
|-------------------------------------------------|---------------------------------|----------------------------------------------------------|----------------------------------------------------------|
| Wage Inflation                                  | 2.40%                           | 3.00%                                                    | 3.25%                                                    |
| Future Salary Increases,<br>including inflation | 3.25% to 13.58%                 | 3.50% to 18.20%                                          | 4.00% to 22.00%                                          |
| Investment Rate of Return                       | 7.00% net of<br>system expenses | 7.50% net of investment<br>expenses, including inflation | 7.75% net of investment<br>expenses, including inflation |

Beginning in 2022, amounts reported use mortality rates based on the PUB-2010 General Employee Amount Weighted Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20 percent for males and set forward 2 years and adjusted 81.35 percent for females. Mortality among disabled members were based upon the PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3 percent for males and set forward 3 years and adjusted 106.8 percent for females. Future improvement in mortality rates is reflected by applying the MP2020 projection scale generationally.

Beginning in fiscal year 2018, on each anniversary of the initial retirement, the allowance of all retirees and survivors may be increased by the annual rate of increase in the CPI-W measured as of the June preceding the beginning of the applicable calendar year. The annual rate of increase shall not be less than 0 percent nor greater than 2.5 percent.

Amounts report for 2017 through 2021 use mortality rates that are based on the RP-2014 Blue Collar Mortality Table with fully generational projection and a five-year age set-back for both males and females. Amounts reported for fiscal year 2016 and prior, use mortality assumptions that are based on the 1994 Group Annuity Mortality Table set back one year for both men and women. Special mortality tables were used for the period after disability retirement.

***Changes in Benefit Terms - SERS***

For fiscal year 2022, COLA was increased from 2.00 percent to 2.50 percent.

For fiscal year 2021, COLA was reduced from 2.50 percent to 2.00 percent.

**CONSTELLATION SCHOOLS: OLD BROOKLYN COMMUNITY MIDDLE  
CUYAHOGA COUNTY, OHIO**

**NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION  
FOR THE YEAR ENDED JUNE 30, 2025**

For fiscal year 2018, the cost-of-living adjustment was changed from a fixed 3.00 percent to a cost-of-living adjustment that is indexed to CPI-W not greater than 2.50 percent with a floor of zero percent beginning January 1, 2018. In addition, with the authority granted the Board under HB 49, the Board has enacted a three-year COLA suspension for benefit recipients in calendar years 2018, 2019 and 2020.

***Changes in Assumptions – STRS***

Beginning with fiscal year 2022, amounts reported incorporate changes in assumptions and changes in benefit terms used by STRS in calculating the total pension liability in the latest actuarial valuation. These new assumptions compared with those used in fiscal years 2018-2021 and fiscal year 2017 and prior are presented as follows:

|                                                 | <u>Fiscal Years 2025-2022</u> | <u>Fiscal Years 2021-2018</u> | <u>Fiscal Years 2017 and Prior</u> |
|-------------------------------------------------|-------------------------------|-------------------------------|------------------------------------|
| Inflation                                       | 2.50%                         | 2.50%                         | 2.75%                              |
|                                                 | Varies by service from        | From 12.50% at age 20 to      | From 12.25% at age 20 to           |

| Investment Rate of Return,<br>net of investment | 7.00%                         | 7.45%                         | 7.75%                              |
| Payroll Increases                               | 3.00%                         | 3.00%                         | 3.50%                              |

Beginning with fiscal year 2022, post-retirement mortality rates are based on the Pub-2010 Teachers Healthy Annuitant Mortality Table, adjusted 110 percent for males, projected forward generationally using mortality improvement scale MP-2020. Pre-retirement mortality rates are based on Pub-2010 Teachers Employee Table adjusted 95 percent for females, projected forward generationally using mortality improvement scale MP-2020. Post-retirement disabled mortality rates are based on Pub-2010 Teachers Disabled Annuitant Table projected forward generationally using mortality improvement scale MP-2020.

Beginning with fiscal year 2018, post-retirement mortality rates for healthy retirees were based on the RP2014 Annuitant Mortality Table with 50 percent of rates through age 69, 70 percent of rates between ages 70 and 79, 90 percent of rates between ages 80 and 84, and 100 percent of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. Post-retirement disabled mortality rates are based on the RP-2014 Disabled Mortality Table with 90 percent of rates for males and 100 percent of rates for females, projected forward generationally using mortality improvement scale MP-2016. Pre-retirement mortality rates are based on RP-2014 Employee Mortality Table, projected forward generationally using mortality improvement scale MP-2016.

For fiscal year 2017 and prior actuarial valuation, mortality rates were based on the RP-2000 Combined Mortality Table (Projection 2022—Scale AA) for Males and Females. Males' ages are set-back two years through age 89 and no set back for age 90 and above. Females younger than age 80 are set back four years, one year set back from age 80 through 89, and no set back from age 90 and above.

**NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION  
FOR THE YEAR ENDED JUNE 30, 2025**

***Changes in Benefit Terms - STRS***

For fiscal year 2023, the Board approved a one-time 3 percent COLA effective on the anniversary of a benefit recipient's retirement date for those eligible during fiscal year 2023 and eliminated the age 60 requirement to receive unreduced retirement that was scheduled to go into effect August 1, 2026.

For fiscal year 2018, the COLA was reduced to zero.

Fiscal year 2017 and prior, COLA was 2 percent simple applied as follows: for members retiring before August 1, 2013, 2 percent per year; for members retiring August 1, 2013 or later, 2 percent COLA commences on fifth anniversary of retirement date.

**NOTE 2 - NET OPEB LIABILITY (ASSET)**

***Changes in Assumptions – SERS***

Amounts reported incorporate changes in assumptions and changes in benefit terms used by SERS in calculating the total OPEB liability in the latest actuarial valuation. These new assumptions compared with those used in fiscal year 2021 and prior are presented below:

|                                                                                  | <u>Fiscal Years 2025-2022</u> | <u>Fiscal Years 2021-2017</u> |
|----------------------------------------------------------------------------------|-------------------------------|-------------------------------|
| Inflation                                                                        | 2.40%                         | 3.00%                         |
| Future Salary Increases,<br>including inflation                                  | 3.25% to 13.58%               | 3.50% to 18.20%               |
| Investment Rate of Return,<br>net of investment expenses,<br>including inflation | 7.00%                         | 7.50%                         |

Amounts reported incorporate changes in key methods and assumptions used in calculating the total OPEB liability as presented as follows:

|                                                                                                  | <u>Fiscal Year</u> |             |             |             |             |             |             |             |             |

| Municipal Bond Index Rate                                                                        | 3.93%              | 3.86%       | 3.69%       | 1.92%       | 2.45%       | 3.13%       | 3.62%       | 3.56%       | 2.92%       |
| Single Equivalent Interest Rate,<br>net of plan investment expense,<br>including price inflation | 4.88%              | 4.27%       | 4.08%       | 2.27%       | 2.63%       | 3.22%       | 3.70%       | 3.63%       | 2.98%       |

***Changes in Assumptions – STRS***

For fiscal year 2023, the projected salary increases were changed from age based (2.5 percent to 12.50 percent) to service based (2.5 percent to 8.5 percent).

For fiscal year 2022, the discount rate was decreased from 7.45 percent to the long-term expected rate of return of 7.00.

**CONSTELLATION SCHOOLS: OLD BROOKLYN COMMUNITY MIDDLE  
CUYAHOGA COUNTY, OHIO**

**NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION  
FOR THE YEAR ENDED JUNE 30, 2025**

---

For fiscal year 2019, the discount rate was increased from the blended rate of 4.13 percent to the long-term expected rate of return of 7.45.

For fiscal year 2018, the blended discount rate was increased from 3.26 percent to 4.13 percent. Valuation year per capita health care costs were updated, and the salary scale was modified. The percentage of future retirees electing each option was updated based on current data and the percentage of future disabled retirees and terminated vested participants electing health coverage were decreased. The assumed mortality, disability, retirement, withdrawal and future health care cost trend rates were modified along with the portion of rebated prescription drug costs.

***Changes in Benefit Terms – STRS***

For fiscal year 2025, healthcare trends were updated to reflect emerging claims and recoveries experience.

For fiscal year 2024, healthcare trends were updated to reflect emerging claims and recoveries experience as well as benefit changes effective January 1, 2024.

For fiscal year 2023, health care trends were updated to reflect emerging claims and recoveries experience

For fiscal year 2022, there was no change to the claims costs process. Claim curves were updated to reflect the projected fiscal year ending June 30, 2022, premium based on June 30, 2021, enrollment distribution. The non-Medicare subsidy percentage was increased effective January 1, 2022, from 2.055 percent to 2.1 percent per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2022. The Medicare Part D Subsidy was updated to reflect it is expected to be negative in calendar year 2022. The Part B monthly reimbursement elimination date was postponed indefinitely

For fiscal year 2021, there were no changes to the claims costs process. Claim curves were updated to reflect the projected fiscal year 2021 premium based on June 30, 2020 enrollment distribution. The non-Medicare subsidy percentage was increased effective January 1, 2021 from 1.984 percent to 2.055 percent per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2021. The Medicare subsidy percentages were adjusted effective January 1, 2021 to .1 percent for the AMA Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed indefinitely.

**CONSTELLATION SCHOOLS: OLD BROOKLYN COMMUNITY MIDDLE  
CUYAHOGA COUNTY, OHIO**

**NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION  
FOR THE YEAR ENDED JUNE 30, 2025**

---

For fiscal year 2020, there was no change to the claims costs process. Claim curves were trended to the fiscal year ending June 30, 2020 to reflect the current price renewals. The non-Medicare subsidy percentage was increased effective January 1, 2020 from 1.944 percent to 1.984 percent per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2020. The Medicare subsidy percentages were adjusted effective January 1, 2021 to 2.1 percent for the Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed to January 1, 2021.

For fiscal year 2019, the subsidy multiplier for non-Medicare benefit recipients was increased from 1.9 percent to 1.944 percent per year of service effective January 1, 2019. The non-Medicare frozen subsidy base premium was increased effective January 1, 2019 and all remaining Medicare Part B premium reimbursements will be discontinued beginning January 1, 2020.

For fiscal year 2018, the subsidy multiplier for non-Medicare benefit recipients was reduced from 2.1 percent to 1.9 percent per year of service. Medicare Part B premium reimbursements were discontinued for certain survivors and beneficiaries and all remaining Medicare Part B premium reimbursements will be discontinued beginning January 2019. This was subsequently extended, see above paragraph.

**INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED  
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Board of Directors  
Constellation Schools: Old Brooklyn Community Middle  
Cuyahoga County, Ohio  
4430 State Road  
Cleveland, OH 44109

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the Constellation Schools: Old Brooklyn Community Middle, Cuyahoga County, Ohio (the “School”), as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the School's basic financial statements, and have issued our report thereon dated December 9, 2025.

**Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the School's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the school's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the school's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR’S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL  
PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE  
REQUIRED BY THE UNIFORM GUIDANCE**

To the Board of Directors  
Constellation Schools: Old Brooklyn Community Middle  
Cuyahoga County, Ohio  
4430 State Road  
Cleveland, OH 44109

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited the Constellation Schools: Old Brooklyn Community Middle's, Cuyahoga County, Ohio (the “School”) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the School's major federal programs for the year ended June 30, 2025. The School’s major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the School complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2025.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the School and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the School’s compliance with the compliance requirements referred to above.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the School’s federal programs.

### ***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the School's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the School's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the School's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of the School's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### ***Report on Internal Control over Compliance***

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Constellation Schools: Old Brooklyn Community Middle  
Independent Auditor's Report on Compliance for Each Major Federal Program and  
Report on Internal Control over Required by the Uniform Guidance  
Page 3

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**CONSTELLATION SCHOOLS: OLD BROOKLYN COMMUNITY MIDDLE  
CUYAHOGA COUNTY, OHIO  
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
2 CFR 200.510(b)(6)  
FOR THE YEAR ENDED JUNE 30, 2025**

**Note A – Basis of Presentation**

The accompanying schedule of expenditures of federal awards (the “Schedule”) includes the federal award activity of Constellation Schools: Old Brooklyn Community Middle (the “School”) under programs of the federal government for the year ended June 30, 2025. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the School, it is not intended to and does not present the financial position, changes in net position, or cash flows of the School.

**Note B – Summary of Significant Accounting Policies**

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. The School has elected not to use the de minimis indirect cost rate as allowed under the Uniform Guidance.

**Note C – Transfers**

The School generally must spend Federal assistance within 15 months of receipt. However, with Ohio Department of Education and Workforce (DEW) approval, a School can transfer (carryover) unspent Federal assistance to the succeeding year, thus allowing the School a total of 27 months to spend the assistance. During fiscal year 2025, the DEW authorized the following transfers:

| ALN Number / Grant Title                             | Grant<br>Year | Transfer<br>Out  | Transfer<br>In   |
|------------------------------------------------------|---------------|------------------|------------------|
| 84.010A Title I Grants to Local Educational Agencies | 2024          | \$ 26,863        |                  |
| 84.010A Title I Grants to Local Educational Agencies | 2025          |                  | \$ 26,863        |
| 84.287A 21st Century                                 | 2024          | 16,871           |                  |
| 84.287A 21st Century                                 | 2025          |                  | 16,871           |
|                                                      |               | <u>\$ 43,734</u> | <u>\$ 43,734</u> |

**Note D – Child Nutrition Cluster**

The School commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the School assumes it expends federal monies first.

**Note E – Transfers Between Programs**

The School transferred the following funds between programs in fiscal year 2025:

| ALN Number / Grant Title                                   | Grant<br>Year | Transfer<br>Out  | Transfer<br>In   |
|------------------------------------------------------------|---------------|------------------|------------------|
| 84.424A Title IV-A Student Support and Academic Enrichment | 2025          | \$ 11,292        |                  |
| 84.367A Title II-A Improving Teacher Quality               | 2025          | 18,256           |                  |
| 84.010A Title I - Grants to Local Educational Entities     | 2025          |                  | \$ 29,548        |
|                                                            |               | <u>\$ 29,548</u> | <u>\$ 29,548</u> |

The amount transferred to Title I is included in Title I program expenditures when disbursed.
