We have reviewed the *Independent Auditor's Report* of the Miamisburg City School District, Montgomery County, prepared by BHM CPA Group, Inc., for the audit period July 1, 2024 through June 30, 2025. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Miamisburg City School District is responsible for compliance with these laws and regulations.

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
2 CFR 200.510(b)(6)
FOR THE FISCAL YEAR ENDED JUNE 30, 2025

NOTE A - BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of Miamisburg City School District (the District) under programs of the federal government for the year ended June 30, 2025. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position or changes in net position of the District.

NOTE B – SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

NOTE C – INDIRECT COST RATE

The District has elected not to use the 10-percent / 15-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE D – CHILD NUTRITION CLUSTER

The District commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the District assumes it expends federal monies first.

NOTE E – FOOD DONATION PROGRAM

The District reports commodities consumed on the Schedule at the fair value. The District allocated donated food commodities to the respective program that benefited from the use of those donated food commodities.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
REQUIRED BY GOVERNMENT AUDITING STANDARDS**

Miamisburg City School District
Montgomery County
540 Park Avenue
Miamisburg, Ohio 45342

To the Board of Education:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Miamisburg City School District, Montgomery County, Ohio (the District) as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated December 30, 2025.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER
COMPLIANCE AND ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
REQUIRED BY THE UNIFORM GUIDANCE**

Miamisburg City School District
Montgomery County
540 Park Avenue
Miamisburg, Ohio 45342

To the Board of Education:

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Miamisburg City School District's, Montgomery County, Ohio (the District) compliance with the types of compliance requirements identified as subject to audit in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could have a direct and material effect on each of Miamisburg City School District's major federal programs for the year ended June 30, 2025. Miamisburg City School District's major federal programs are identified in the *Summary of Auditor's Results* section of the accompanying schedule of findings.

In our opinion, Miamisburg City School District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2025.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the *Auditor's Responsibilities for the Audit of Compliance* section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

The District's Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the District's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the *Auditor's Responsibilities for the Audit of Compliance* section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of this testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Miamisburg City School District, Montgomery County, Ohio (the District) as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements. We issued our unmodified report thereon dated December 30, 2025. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. The schedule is the responsibility of management and was derived from and relates directly to the underlying accounting and other records management used to prepare the basic financial statements. We subjected this schedule to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

www.miamisburgcityschools.org

December 30, 2025

Citizens of Miamisburg, and Members of the Miamisburg CSD School Board:

We are pleased to present the Annual Comprehensive Financial Report of the Miamisburg City School District, (the District). The information reported is for the fiscal year ended June 30, 2025. The report contains financial statements, supplemental schedules and other financial and statistical information to provide complete and full disclosure of all material financial aspects of the District for the 2024-2025 fiscal year.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute assurance that the financial statements are free of any material misstatements. Responsibility for the accuracy, completeness and fairness of this report rests with the District and more specifically, the Office of the Treasurer. To the best of our knowledge and belief, this report and the enclosed data are accurate in all material aspects. Our report is designed to present fairly the financial position of the various funds of the District.

This report is prepared in conformance with generally accepted accounting principles in the United States of America (GAAP), as set forth by the Governmental Accounting Standards Board (GASB) and other recognized authoritative services, and is representative of the District's continuing commitment to provide meaningful financial information to the citizens of the District.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative, introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

The Reporting Entity

The District is located in southwestern Ohio in southern Montgomery County and is approximately 30 square miles. The community includes a population of about 71,000 residents who encompass the City of Miamisburg and Miami Township. The socioeconomic profile of district residents, as measured by income levels and housing values, is above average for the State.

540 E. Park Avenue
Miamisburg, OH 45342

(937) 866-3381
Fax: (937) 865-5250

www.miamisburgcityschools.org

The operations of the Miamisburg City School District are managed by the Board of Education (the Board) which is made up of five citizens who are elected by the District's voters to serve four-year terms. The Board is a body politic and corporate as defined by Ohio Revised Code Section 3313.02, and derives its authority from federal and state law.

The Board's major function is to develop operating policies that will best service the needs of the students. In addition, the Board acts as the taxing authority, contracting body, the approver of the annual appropriations resolution and tax budget, as well as ensuring that all other general laws of the State of Ohio are followed in the expenditure of the District's tax dollars. The Board employs the Superintendent to execute policies and provide leadership to the staff. The Board also employs the Treasurer to act as Chief Financial Officer to maintain financial records and invest District funds as specified by Ohio law.

The District provided services to almost 4,900 students during fiscal year 2025. As such, the District provides a full range of education services, including regular, special and vocational instruction for Pre-K through 12th grades, student guidance, extracurricular activities, food service, educational media, student transportation and care and upkeep of buildings.

Local Economy

The District has accessibility to major highways including I-75 and I-675. It is also in close proximity to major metropolitan areas such as Dayton and Cincinnati. The local economy is a mix of manufacturing companies, retail companies and small businesses. Companies located in the District include Lexis-Nexus, Southview Hospital, Kettering Medical Center Network, JatroDiesel, and the expanding Austin Landing area. Businesses such as Kroger., Kohl's, Panera Bread, Dewey's Pizza and Dick's Sporting Goods Warehouse are located in Austin Landing. The areas adjacent to Austin Landing are also being developed. Miamisburg City Schools is home to the Dayton Mall, which is in Miami Township. Downtown Miamisburg is home to many locally owned businesses which support the community throughout the year with organized events, such as Boo in the Burg and the annual Turkey Trot, which has brought as many as 14,000 runners into the City in the past.

District Report Card

The Miamisburg City School District has four primary buildings: Bauer Primary (K-2), Bear Primary (PS-2), Mark Twain Primary (K-2), and Medlar View Primary (PS-2); three intermediate buildings: Jane Chance Intermediate (3-5), Kinder Intermediate (3-5), and Mound Intermediate (3-5); and one building that serves only preschool: Maddux Lang.

Miamisburg Middle School serves grades 6–8, and Miamisburg High School serves grades 9–12.

On the 2024-25 State Report Card, Miamisburg City School District received an Overall Rating of 3.5 stars, which is designated as Meets State Standards. In addition to the overall grade, letter grades are issued for the following six components: Achievement, Progress, Gap Closing, Graduation, Early Literacy and College-Career-Workforce-Military Readiness. Details regarding each component and the MCS rating for each component are as follows:

- ★★★ Achievement (Meets state standards in academic achievement):**
Measures students academic achievement on Ohio State Tests in English Language Arts and Math in third through eighth grades; Ohio State Tests in Science in fifth and eighth grades; and English, Math, Science and Social Studies End of Course Exams in high school using each level of performance (Limited, Basic, Proficient, Accomplished, Advanced, Advanced Plus).
- ★★★★ Progress (Significant evidence that the district exceeded student growth expectations):** Measures the academic performance of students compared to expected growth on Ohio's State Tests in English Language Arts and Math in third through eighth grades; Ohio State Tests in Science in fifth and eighth grades; and English, Math, Science and Social Studies End of Course Exams in high school.
- ★★★ Gap Closing (Meets state standards in closing educational gaps):**
Shows how well schools are meeting the performance expectations for our students in English language arts, math, and graduation. It also measures how schools are doing in supporting English learners to increase language proficiency, reducing chronic absenteeism for all students, and identifying gifted students and providing gifted services.
- ★★★ Graduation (Meets state standards in graduation rates):** Measures the four-year adjusted cohort graduation rate and the five-year adjusted cohort graduation rate.
- ★★ Early Literacy (Needs support to meet state standards in early K-3 literacy):** Measures reading improvement and proficiency for students in kindergarten through third grade.
- ★ College, Career, Workforce, and Military Readiness (Needs significant support to meet state standards in college, career, workforce, and military readiness.):** Measures how prepared students are for future opportunities, whether training in a technical field or preparing for work or college. FY25 was first year for State Report Card assessment for this component. The District is

540 E. Park Avenue
Miamisburg, OH 45342

(937) 866-3381
Fax: (937) 865-5250

www.miamisburgcityschools.org

putting great emphasis on improving their performance and reporting in this crucial area moving forward.

Long Term Financial Planning

Like most school districts statewide, Miamisburg City Schools have experienced declining enrollment over the last ten school years. Since FY16 the District has seen an overall enrollment decrease of 552 students, slightly over 10% total. As a result of the COVID-19 pandemic enrollment declined 5.8% between FY20 and FY21. However, enrollment numbers have greatly stabilized since that time, with an average annual decrease of less than 0.7%. According to enrollment data from Fall Enrollment (Headcount) Reports (ODEW Enrollment Data) district ADM in FY25 was 4,849. However, it should be noted there are multiple residential projects either in process or at the beginning stages within Miamisburg City and Miami Township, and those new subdivisions will likely result in an increase in the student population in proceeding years.

From a facilities perspective, the District passed a bond levy in March 2008 for \$78.5 million used to build, update and improve the District's school buildings. This project consisted of renovating the current High School, building a new elementary building; Jane Chance Elementary, constructing a new Middle School building, and renovating Kinder Elementary. The new Middle School replaces Neff Elementary which housed sixth grade students and Wantz Middle School which housed seventh and eighth graders. Miamisburg Middle School opened in the fall of 2011. Jane Chance Elementary opened in the fall of 2010 at which time Kinder Elementary was closed for renovation. Kinder Elementary opened in the fall of 2012.

District leadership regularly reviews current and projected enrollment figures, and aligns with building capacities to ensure effective utilization. In FY25 the district implemented a new Grade Banding strategy to enhance academic synergies, and improve facility utilization. The District sold a portion of the Jane Chance Elementary land in April 2011 and will purchase land for future expansion whenever opportunities exist. That opportunity presented itself when 51 acres became available for sale in January 2014 on Union Road and the District purchased the entire 51 acres. Further building expansion is anticipated to be in the western area of the District. Additionally, the District refunded 2010 Bonds in December 2020, which led to savings for residents and the District refunded debt again in fiscal year 2022 in a continued effort to save money for residents.

In addition to capital improvements planning, the District's Treasurer/CFO prepares and presents a financial forecast at least twice a year in accordance with Ohio revised code. School districts must regularly review and update their financial forecasts to account for

540 E. Park Avenue
Miamisburg, OH 45342

(937) 866-3381
Fax: (937) 865-5250

www.miamisburgcityschools.org

material changes to financial assumptions, including ratification of new labor contracts, legislation that impacts local or state funding, and property value reappraisals that effect real estate tax revenues. In FY25 the District's Board of Education approved five-year forecasts in November 2024 and May 2025. These forecasts, along with their accompanying Assumptions, are subsequently submitted to the Ohio Department of Education & Workforce (DEW). The forecasts and assumptions are posted to the DEW website for public information and transparency.

FINANCIAL INFORMATION

Accounting Controls

The District's accounting system is organized on a fund basis. Each fund is a distinct, self-balancing entity. Records for general governmental operations are maintained on a cash basis system of accounting as prescribed by the Ohio Auditor of State. Cash basis accounting differs from generally accepted accounting principles (GAAP) as promulgated by the Governmental Accounting Standards Board (GASB). GAAP, as more fully described in the notes to the financial statements, provides for a modified accrual basis of accounting for the General Fund, Special Revenue Funds, Debt Service Fund, and Capital Projects Fund and for full accrual basis of accounting for Government-Wide statements and Custodial Fund. More information about the District's financial position can be attained by reading the management's discussion and analysis.

Budgetary Controls

The budgetary process is prescribed by provisions of the Ohio Revised Code and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriation resolution, all of which are prepared on the budgetary basis of accounting. The certificate of estimated resources and the appropriations resolution are subject to amendment throughout the year with the legal restriction that appropriations cannot exceed estimated resources, as certified. All funds, other than custodial funds, are legally required to be budgeted and appropriated. The primary level of budgetary control is at the fund level. Any budgetary modifications at this level may only be made by resolution of the Board of Education.

Internal Controls

The management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data is compiled to allow for the

540 E. Park Avenue
Miamisburg, OH 45342

(937) 866-3381
Fax: (937) 865-5250

www.miamisburgcityschools.org

preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be derived from its implementation; and (2) the valuation of cost and benefits requires estimates and judgments by management.

Significant Accounting Policies

The District derives over 90% of their General Fund revenue from two sources: State foundation revenue and property and other local taxes (budgetary basis). The District has flexibility with these revenue sources and does not place any specific restrictions on them. The District's policy is to allow the management the ability to properly manage the School's finances along with prescribed Ohio Revised Code standards.

Independent Audit

Included in this report is the BHM CPA Group's unmodified opinion rendered on the District's basic financial statements as of and for the year ended June 30, 2025. An independent audit of the District's financial statements is part of the annual preparation of an annual comprehensive financial report. This annual independent audit will continue to review, comment on and thereby strengthen the District's accounting and budgetary control.

Awards

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the District for its annual comprehensive financial reporting for the fiscal year ended June 30, 2024. This was the fourteenth year the District submitted and received the award for excellence in financial reporting. In order to be awarded a Certificate of Achievement, the District must publish a clear and effective annual comprehensive financial report. The District feels the 2025 annual comprehensive financial report meets these requirements and will successfully receive the award also.

Acknowledgments

The preparation of this report is made possible through the dedicated service and efforts of the entire staff of the Treasurer's Office, Plattenburg Certified Public Accountants, BHM CPA Group, and the Ohio Auditor of State.

INDEPENDENT AUDITOR'S REPORT

Miamisburg City School District
Montgomery County
540 Park Avenue
Miamisburg, Ohio 45342

To the Board of Education:

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Miamisburg City School District, Montgomery County, Ohio (the District), as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Miamisburg City School District, Montgomery County, Ohio as of June 30, 2025, and the respective changes in financial position thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, required budgetary comparison schedule, and schedules of net pension and other post-employment benefit liabilities and pension and other post-employment benefit contributions be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining and individual nonmajor fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual financial report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 30, 2025, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "BHM CPA Group". The letters are cursive and somewhat stylized.

THIS PAGE INTENTIONALLY LEFT BLANK

Miamisburg City School District, Ohio
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2025
(Unaudited)

The discussion and analysis of Miamisburg City School District's (the "School District") financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2025. The intent of this discussion and analysis is to look at the School District's financial performance as a whole; readers should also review the transmittal letter, notes to the basic financial statements and financial statements to enhance their understanding of the School District's performance.

Financial Highlights

Key financial highlights for 2025 are as follows:

- Net position of governmental activities increased \$7,214,956 which represents a 23% increase from 2024.
- General revenues accounted for \$67,367,158 in revenue or 82% of all revenues. Program specific revenues in the form of charges for services and sales, grants and contributions accounted for \$14,598,426 or 18% of total revenues of \$81,965,584.
- The School District had \$74,750,628 in expenses related to governmental activities; \$14,598,426 of these expenses were offset by program specific charges for services, grants or contributions. General revenues of \$67,367,158 were also used to provide for these programs.

Overview of the Financial Statements

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the School District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The *Statement of Net Position* and the *Statement of Activities* provide information about the activities of the whole School District, presenting both an aggregate view of the School District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the School District's most significant funds with all other nonmajor funds presented in total in one column. The General Fund and Bond Retirement Fund are the major funds of the School District.

Government-wide Financial Statements

While this document contains the large number of funds used by the School District to provide programs and activities, the view of the School District as a whole looks at all financial transactions and asks the question, "How did we do financially during 2025?" The Government-wide Financial Statements answer this question. These statements include *all asset and deferred outflows of resources*, and *liabilities and deferred inflows of resources* using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

Miamisburg City School District, Ohio
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2025
(Unaudited)

These two statements report the School District's *net* position and changes in the net position. This change in net position is important because it tells the reader that, for the School District as a whole, the financial position has improved or diminished. The causes of this change may be the result of many factors, both financial and non-financial. Non-financial factors include the School District's property tax base, current property tax laws in Ohio restricting revenue growth, facility conditions, required educational programs and other factors.

In the Government-wide Financial Statements, the overall financial position of the School District is presented in the following manner:

- **Governmental Activities** – Most of the School District's programs and services are reported here including instruction, support services, operation of non-instructional services, extracurricular activities, interest and fiscal charges and unallocated depreciation.

Fund Financial Statements

The analysis of the School District's major funds is presented in the Fund Financial Statements (see Table of Contents). Fund financial reports provide detailed information about the School District's major funds. The School District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the School District's most significant funds.

Governmental Funds Most of the School District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called *modified accrual* accounting, which measures cash and all other *financial assets* that can readily be converted to cash. The governmental fund statements provide a detailed *short-term view* of the School District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental *activities* (reported in the Statement of Net Position and the Statement of Activities) and governmental *funds* is reconciled in the financial statements.

Fiduciary Funds Fiduciary funds are used to account for resources held for the benefits of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of these funds are not available to support the School District's own programs.

The School District as a Whole

As stated previously, the Statement of Net Position looks at the School District as a whole. Table 1 provides a summary of the School District's net position for 2025 compared to 2024:

Miamisburg City School District, Ohio

Unrestricted	(59,375,894)	(45,394,581)
Total Net Position	(\$24,616,792)	(\$10,797,654)

Miamisburg City School District, Ohio
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2025
(Unaudited)

Over time, net position can serve as a useful indicator of a government's financial position. At June 30, 2025, the School District's liabilities and deferred inflows exceeded assets and deferred outflows by \$24,616,792.

At year-end, capital assets represented 44% of total assets. Capital assets include land, land improvements, buildings and improvements, furniture and equipment, and vehicles. Capital assets, net of related debt to acquire the assets at June 30, 2025, was \$19,554,228. These capital assets are used to provide services to the students and are not available for future spending. Although the School District's investment in capital assets is reported net of related debt, it should be noted that the resources to repay the debt must be provided from other sources, since capital assets may not be used to liquidate these liabilities.

A portion of the School District's net position, \$15,204,874 represents resources that are subject to external restriction on how they must be used. The external restriction will not affect the availability of fund resources for future use.

Current and Other Assets increased mainly due to an increase in taxes receivable. Long-term liabilities increased due to an increase in compensated absences.

Table 2 shows the changes in net position for fiscal years 2025 and 2024.

Changes in Net Position	7,214,956	3,009,539
Net Position - Beginning of Year, Restated	(31,831,748)	(13,807,193)
Net Position - End of Year	(\$24,616,792)	(\$10,797,654)

The School District's revenues are mainly from two sources. Property taxes levied for general, debt service and capital projects purposes and grants and entitlements comprised 75% of the School District's revenues for governmental activities.

The School District depends greatly on property taxes as a revenue source. The unique nature of property taxes in Ohio creates the need to routinely seek voter approval for operating funds. The overall revenues generated by a levy will not increase solely as a result of inflation. As an example, a homeowner with a home valued at \$100,000 and taxed at 1.0 mill would pay \$35.00 annually in taxes. If three years later the home were reappraised and increased to \$200,000 (and this inflationary increase in value is comparable to other property owners) the effective tax rate would become .5 mills and the owner would still pay \$35.00.

Thus Ohio districts do not receive additional property tax revenue from increases in appraisal values and must regularly return to the voters to maintain a constant level of service. Property taxes made up 53% of revenue for governmental activities for the School District in fiscal year 2025.

Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2025
(Unaudited)

Governmental Activities
Revenue Sources

Revenue Sources	2025	Percentage
General Grants	\$ 18,456,155	22.52%
Program Revenues	14,598,426	17.81%
General Tax Revenues	43,353,378	52.89%
Other Revenues	5,557,625	6.78%
Total Revenue Sources	<u>\$ 81,965,584</u>	<u>100.00%</u>

Instruction comprises 56% of governmental program expenses. Support services expenses were 35% of governmental program expenses. All other expenses including interest and fiscal charges were 9%. Interest expense was attributable to the outstanding bond and borrowings.

Total revenues increased mainly due to an increase in property taxes received during the fiscal. Total expenses decreased primarily due to a decrease in instruction expenses.

Government Activities

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows, for government activities, the total cost of services and the net cost of services. That is, it identifies the cost of these services supported by tax revenue and unrestricted State entitlements.

The School District's Funds

The School District has two major governmental funds: the General Fund and the Bond Retirement Fund. Assets of these funds comprised \$79,364,959 (89%) of the total \$88,882,156 governmental funds' assets.

General Fund: Fund balance at June 30, 2025 was \$21,712,874 including \$14,385,664 of unassigned balance. Fund balance decreased from 2024 to 2025 due to expenses exceeding revenues.

Bond Retirement Fund: Fund balance at June 30, 2025 was \$5,917,484 which increased \$89,755 from 2024. Fund balance increased from 2024 to 2025 due to revenues exceeding expenses.

General Fund Budgeting Highlights

The School District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the General Fund.

For the General Fund, original budget basis revenue was \$64,212,513 compared to final budget basis revenue of \$71,754,917. Of the \$7,542,404 difference, most was due to underestimation of tax and intergovernmental revenues. Actual budget revenues for the year were \$67,151,966. The variance between final budget basis expenditures and actual expenditures of \$9,076,346 was due to excessive budget estimates.

The School District's ending unobligated fund balance was \$26,767,678 which is \$4,473,348 above the final budgeted amount.

Capital Assets and Debt Administration

Capital Assets

At fiscal year end, the School District had \$74,283,643 invested in land, land improvements, buildings and improvements, furniture and equipment, and vehicles. Table 4 shows fiscal year 2025 balances compared to fiscal year 2024:

Miamisburg City School District, Ohio
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2025
(Unaudited)

Table 4
Capital Assets at Year End
(Net of Depreciation)

	Governmental Activities	
	2025	2024
Land	\$2,506,773	\$2,506,773
Construction in Progress	150,000	684,075
Land Improvements	1,933,468	2,091,281
Buildings and Improvements	66,153,983	68,308,557
Furniture and Equipment	2,127,957	2,119,123
Vehicles	1,411,462	1,721,802
Total Net Capital Assets	<u>\$74,283,643</u>	<u>\$77,431,611</u>

The decrease in capital assets from 2024 to 2025 is mainly due to current year additions being less than 2025 depreciation expense and disposals. See Note 7 in the Notes to the Basic Financial Statements for further details on the School District's capital assets.

Debt

At fiscal year end, the School District had \$59,730,737 in debt outstanding, \$3,406,887 due within one year. Table 5 summarizes debt outstanding.

Miamisburg City School District, Ohio
Reconciliation of Total Governmental Fund Balance to
Net Position of Governmental Activities
June 30, 2025

Total Governmental Fund Balance	\$32,207,562
---------------------------------	--------------

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.

Capital assets used in the operation of Governmental Funds	74,283,643
--	------------

Other long-term assets are not available to pay for current-period expenditures and, therefore, are unavailable in the funds.

Property Taxes	1,114,019	
Interest	86,518	
Intergovernmental	444,448	
		1,644,985

In the statement of net position interest payable is accrued when incurred; whereas, in the governmental funds interest is reported as a liability only when it will require the use of current financial resources.

(128,822)

Some liabilities reported in the statement of net position do not require the use of current financial resources and, therefore, are not reported as liabilities in governmental funds.

Compensated Absences	(19,113,696)
----------------------	--------------

Deferred outflow of resources associated with long-term liabilities are not reported in the funds.

3,744,009

Deferred outflows and inflows or resources related to pensions and OPEB are applicable to future periods and, therefore, are not reported in the funds.

Deferred outflows of resources related to pensions	11,855,098	
Deferred inflows of resources related to pensions	(7,918,976)	
Deferred outflows of resources related to OPEB	2,224,842	
Deferred inflows of resources related to OPEB	(7,165,660)	
		(1,004,696)

Long-term liabilities and net OPEB assets are not available to pay for current period expenditures and are not due and payable in the current period and, therefore, are not reported in the funds.

Net OPEB Asset	4,411,250	
Net Pension Liability	(58,207,801)	
Net OPEB Liability	(2,722,489)	
Other Amounts	(59,730,737)	
		(116,249,777)

Miamisburg City School District, Ohio
Reconciliation of the Statement of Revenues, Expenditures, and Changes
in Fund Balance of Governmental Funds to the Statement of Activities
For the Fiscal Year Ended June 30, 2025

Net Change in Fund Balance - Total Governmental Funds	(\$3,417,506)
---	---------------

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital asset additions as expenditures.

However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount of the difference between capital asset additions and depreciation in the current period.

Capital assets used in governmental activities	(469,432)	
Depreciation Expense	<u>(2,678,536)</u>	
		(3,147,968)

Governmental funds report district pension and OPEB contributions as expenditures. However in the Statement of Activities, the cost of pension and OPEB benefits earned net of employee contributions are reported as pension and OPEB expense.

District pension contributions	6,194,276	
Cost of benefits earned net of employee contributions - Pensions	(2,901,513)	
District OPEB contributions	204,732	
Cost of benefits earned net of employee contributions - OPEB	<u>1,346,530</u>	
		4,844,025

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

Delinquent Property Taxes	735,867	
Interest	51,034	
Intergovernmental	<u>195,833</u>	
		982,734

Repayment of bond and note principal are expenditures in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.	3,935,000
--	-----------

In the statement of activities interest expense is accrued when incurred; whereas, in governmental funds an interest expenditure is reported when due.	11,459
--	--------

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Compensated Absences	4,409,581	
Amortization of Bond Premium	922,029	
Amortization of Deferred Charge on Refunding	(532,634)

Miamisburg City School District, Ohio
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2025

Note 1 - Description Of The School District And Reporting Entity

Miamisburg City School District (the "School District") is organized under Article VI, Sections 2 and 3 of the Constitution of the State of Ohio. The School District operates under a locally-elected Board form of government consisting of five members elected at-large for staggered four year terms. The School District provides educational services as authorized by State statute and federal guidelines.

The Board controls the School District's instructional/support facilities staffed by approximately 875 full-time employees. There are approximately 445 certificated employees and approximately 440 classified employees including approximately 20 administrators, who provide services to approximately 4,748 students and other community members.

Reporting Entity

A reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure that the financial statements are not misleading. The primary government of the School District consists of all funds, departments, boards, and agencies that are not legally separate from the School District. For Miamisburg City School District, this includes general operations, food service, and student related activities of the School District.

Component units are legally separate organizations for which the School District is financially accountable. The School District is financially accountable for an organization if the School District appoints a voting majority of the organization's governing board and (1) the School District is able to significantly influence the programs or services performed or provided by the organization; or (2) the School District is legally entitled to or can otherwise access the organization's resources; the School District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the School District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the School District in that the School District approves the budget, the issuance of debt, or the levying of taxes. Based on the application of these criteria, the School District does not have any component units.

The School District participates in three jointly governed organizations and one insurance purchasing pool. These organizations are discussed in Note 13 to the basic financial statements. These organizations are:

Jointly Governed Organizations:

META Solutions
Southwestern Ohio Educational Purchasing Council
Miami Valley Career Technology Center

Insurance Purchasing Pool:

Sedgwick Claims Management Services

Note 2 - Summary of Significant Accounting Policies

The financial statements of Miamisburg City School District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the School District's accounting policies are described below.

Miamisburg City School District, Ohio
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2025

Basis of Presentation

The School District's basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities, and fund financial statements, which provide a more detailed level of financial information.

Government-Wide Financial Statements

The statement of net position and the statement of activities display information about the School District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The government-wide financial statements usually distinguish between those activities that are governmental and those that are business-type. The School District, however, has no activities which are reported as business-type.

The statement of net position presents the financial condition of the governmental activities of the School District at fiscal year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the School District's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program; and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the School District, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the School District.

Fund Financial Statements

During the fiscal year, the School District segregates transactions related to certain School District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the School District at this more detailed level. The focus of governmental fund financial statements is on major funds rather than reporting by type. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

Fund Accounting

The School District uses funds to maintain its financial records during the fiscal year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The School District divides its funds into two categories: governmental and fiduciary.

Governmental Funds

Governmental funds are those through which most governmental functions of the School District typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities plus deferred inflows of resources is reported as fund balance. The following are the School District's major governmental funds:

Miamisburg City School District, Ohio
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2025

General Fund - The General Fund is the operating fund of the School District and is used to account for all financial resources except those accounted for in another fund. The General Fund balance is available to the School District for any purpose provided it is expended or transferred according to the general laws of Ohio.

Bond Retirement Fund - The Bond Retirement Fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

The other governmental funds of the School District account for grants and other resources whose use is restricted to a particular purpose.

Fiduciary Funds

Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private purpose trust funds and custodial funds. Trust funds are distinguished from custodial funds by the existence of a trust agreement or equivalent arrangements that have certain characteristics. Custodial funds are used to report fiduciary activities that are not required to be reported in a trust fund. The District has an OHSAA events fund to account for assets and liabilities of OHSAA athletic events of the District, which is reported as a custodial fund.

Measurement Focus

Government-wide Financial Statements

The government-wide financial statements are prepared using the economic resources measurement focus. All assets, deferred outflows of resources, liabilities and deferred inflows of resources associated with the operation of the School District are included on the statement of net position. The statement of activities presents increases (e.g., revenues) and decreases (e.g., expenses) in total net position.

Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets, current liabilities and deferred inflows of resources generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The custodial fund is reported using the economic resources measurement focus.

Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements and the financial statements of the fiduciary funds are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred inflows and outflows of resources, and in the presentation of expenses versus expenditures.

Miamisburg City School District, Ohio
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2025

Revenues - Exchange and Non-exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. "Measurable" means that the amount of the transaction can be determined, and "available" means that the resources are collectible within the current fiscal year, or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the School District, available means expected to be received within sixty days of fiscal year-end.

Non-exchange transactions, in which the School District receives value without directly giving equal value in return, include property taxes, revenue in lieu of taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes and revenue in lieu of taxes is recognized in the fiscal year for which the taxes are levied (See Note 5). Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the fiscal year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the School District must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the School District on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year-end: property taxes available as an advance, revenue in lieu of taxes, tuition, grants, and interest.

Deferred Outflows/Deferred Inflows of Resources

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net assets that applies to a future period and will not be recognized as an outflow of resources (expense) until then. For the School District, deferred outflows of resources are reported on the government-wide statement of net position for deferred charge on refunding, pension, and other post employment benefits (OPEB). The deferred outflows of resources related to pension and OPEB are explained in Notes 9 and 10.

In addition, deferred outflows of resources include a deferred charge on debt refunding. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net assets that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. For the School District, deferred inflows of resources include revenue in lieu of taxes, grants and other taxes, investment earnings, pension, OPEB and property taxes. Deferred

Miamisburg City School District, Ohio
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2025

inflows of resources related to pension and OPEB are reported on the government-wide statement of net position (see Notes 9 and 10). Delinquent property taxes and grants and entitlements received before the eligibility requirements are met are also recorded as deferred inflows of resources. On governmental fund financial statements, receivables that will not be collected within the available period have also been reported as deferred inflows of resources. On the statement of net position, property taxes for which there is an enforceable legal claim as of June 30, 2025, but which were levied to finance fiscal year 2026 operations, have been recorded as a deferred inflow. Revenue in lieu of taxes (TIF) has been recorded as deferred inflows on both the government-wide statement of net position and the governmental fund financial statement. Grants and other taxes, and investment earnings have been recorded as deferred inflows on the governmental fund financial statements.

Expenses/Expenditures

On the accrual basis of accounting, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

Cash and Cash Equivalents

To improve cash management, cash received by the School District is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through School District records. Interest in the pool is presented on the financial statements as "Equity in Pooled Cash and Cash Investments."

During fiscal year 2025, the School District invested in money market funds, federal agency securities, commercial paper, negotiable CDs, US Treasury securities, and the State Treasury Asset Reserve of Ohio (STAROhio). Except for the money market funds and STAROhio, investments are reported at fair value which is based on the fund's quoted market prices. For investments in open-ended mutual funds, the fair value is determined by the fund's current share price.

STAROhio is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAROhio is not registered with the SEC as an investment company, but has adopted Accounting Standards Board (GASB), Statement No. 79, "Certain External Investment Pools and Pool Participants." The School District measures their investment in STAR Ohio at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides an NAV per share that approximates fair value.

There were no limitations or restrictions on any participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates. However, 24 hours advance notice is appreciated for deposits and withdrawals of \$100 million or more. STAR Ohio reserves the right to limit the transaction to \$250 million per day, requiring the excess amount to be transacted the following business day(s), but only to the \$250 million limit. All accounts of the participant will be combined for these purposes.

Following Ohio Statutes, the Board of Education has, by resolution, specified the funds to receive an allocation of interest earnings. Interest revenue debited to the General Fund during fiscal year 2025 amounted to \$1,685,981 and \$4,255 was credited to other governmental funds.

Miamisburg City School District, Ohio
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2025

Investments of the cash management pool and investments with an original maturity of three months or less at the time they are purchased by the School District are presented on the financial statements as cash equivalents.

Prepaid Items

Payments made to vendors for services that will benefit periods beyond June 30, 2025 are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of purchase and expenditure/expense is reported in the year in which services are consumed.

Inventory

Inventories are valued at cost using the first-in, first-out method and are expended when used (consumption method) in governmental funds. Inventory consists primarily of expendable commodities and food service items, and amounts held for sale are reported as restricted fund balance until used.

Bond Premiums/Compounded Interest on Capital Appreciation Bonds/ and Deferred Charge on Debt Refunding

On the government-wide financial statements, bond premiums are deferred and amortized over the term of the bonds using the straight-line method, which approximates the effective interest method. Capital appreciation bonds are accreted each fiscal year for the compounded interest during the fiscal year. Bond premiums and the compounded interest earned on the capital appreciation bonds are presented as an addition to the face amount of the bonds payable.

On the governmental fund financial statements, bond premiums are recognized in the period in which the debt is issued. Interest on capital appreciation bonds is recorded as an expenditure when the debt becomes due.

For bond refundings resulting in the defeasance of debt reported in the government-wide financial statements, the difference between the reacquisition price and the net carrying amount of the old debt is deferred and amortized as a component of interest expense. This accounting gain or loss is amortized over the remaining life of the old debt or the life of the new debt, whichever is shorter and is presented as a deferred outflow of resources on the statement of net position.

Capital Assets

All capital assets of the School District are general capital assets that are associated with governmental activities. Capital assets usually result from expenditures in governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net position but are not reported in the fund financial statements.

All capital assets are capitalized at cost (or estimated historical cost which is determined by indexing the current replacement cost back to the fiscal year of acquisition) and updated for additions and retirements during the fiscal year. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement should be reported at their acquisition values as of the date received. The School District maintains a capitalization threshold of \$5,000. The School District does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

Miamisburg City School District, Ohio
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2025

All reported capital assets, except land and construction in progress, are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Land Improvements	10-25 years
Buildings and Improvements	20-50 years
Furniture and Equipment	5-20 years
Vehicles	1-15 years

Accrued Liabilities and Long-term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the governmental funds. However, compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current fiscal year. Bonds and notes that will be paid from governmental funds are recognized as liabilities in the fund financial statements when due.

Pensions/OPEB

For purposes of measuring the net pension/OPEB asset/liability, deferred outflows of resources and deferred inflows of resources related to pension/OPEBs, and pension/OPEB expense, information about the fiduciary net position of the pension/OPEB plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension/OPEB systems report investments at fair value.

Compensated Absences

The School District recognizes a liability for compensated absences for leave time that (1) has been earned for services previously rendered by employees, (2) accumulates and is allowed to be carried over to subsequent years, and (3) is more likely than not to be used as time off or settled during or upon separation from employment. Based on the criteria listed, two types of leave qualify for liability recognition for compensated absences – vacation and sick leave. The liability for compensated absences is reported as incurred in the government-wide financial statements. A liability for compensated absences is recorded in the governmental funds only if the liability has matured because of employee resignations or retirements. The liability for compensated absences includes salary-related benefits, where applicable.

Net Position

Net position represents the difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the

Miamisburg City School District, Ohio
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2025

acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the School District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. Net position restricted for other purposes include amounts for music and athletic programs and student activities.

The School District applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

Fund Balance

In accordance with Governmental Accounting Standards Board Statement No. 54, *Fund Balance Reporting*, the School District classifies its fund balance based on the purpose for which the resources were received and the level of constraint placed on the resources. The following categories are used:

Nonspendable - fund balance relates to resources that are not in spendable form (inventory and prepaids) or have legal or contractual requirements to maintain the balance intact.

Restricted - fund balance relates to resources that have external purpose restraints imposed on them by providers, such as creditors, grantors, or other regulators.

Committed - fund balance relates to resources that are constrained for specific purposes that are internally imposed by the School District at its highest level of decision making authority, the Board of Education. Those committed amounts cannot be used for any other purpose unless the Board of Education removes the specified use by taking the same type of action as when imposing the commitment. This classification also includes contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned - fund balance relates to resources that are intended to be used for specific purposes as approved through the School District's formal purchasing procedure by the Treasurer but are neither restricted nor committed. Assigned fund balances include all remaining amounts (except negative balances) that are reported in governmental funds other than the General Fund, that are not classified as non-spendable and are neither restricted nor committed.

Unassigned - fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The School District applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Internal Activity

Transfers within governmental activities are eliminated on the government-wide financial statements.

Miamisburg City School District, Ohio
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2025

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

Interfund Balances

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "Interfund Receivable" and "Interfund Payable". These amounts are eliminated in the governmental activities column of the statement of net position.

Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Budgetary Process

All funds, other than the custodial fund, are legally required to be budgeted and appropriated. The major documents prepared are the appropriation resolution and the certificate of estimated resources, which are prepared on the budgetary basis of accounting. The certificate of estimated resources establishes a limit on the amounts that the Board of Education may appropriate. The appropriation resolution is the Board's authorization to spend resources and sets annual limits on expenditures plus encumbrances at a level of control selected by the Board. The legal level of budgetary control has been established by the Board of Education at the fund level. Any budgetary modifications at this level may only be made by resolution of the Board of Education. The Treasurer has been given the authority to allocate the Board's appropriations to the function and object level.

The certificate of estimated resources may be amended during the fiscal year if projected increases or decreases in revenue are identified by the School District Treasurer. The amounts reported as the original budgeted amounts in the budgetary schedules reflect the amounts in the certificate when the original appropriations were adopted. The amounts reported as the final budgeted amounts in the budgetary schedules reflect the amounts in certificate that were in effect at the time the final appropriations were passed. Prior to fiscal year-end, the School District requested and received an amended certificate of estimated resources that accurately reflected actual revenue for the fiscal year in all funds.

The appropriation resolution is subject to amendment by the Board throughout the fiscal year with the restriction that appropriations may not exceed estimated revenues. The amounts reported as the original budgeted amounts reflect the first appropriation for that fund that covered the entire fiscal year, including amounts automatically carried over from prior fiscal years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Board during the fiscal year, including all supplemental appropriations.

Note 3 – Accountability

At June 30, 2025, the following funds had a deficit fund balance:

Miamisburg City School District, Ohio
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2025

<u>Funds</u>	<u>Amounts</u>
Title VI-B Grants	\$114,610
Title III Grant	1,315
Supporting Effective Instruction	17,738
Title I Grant	231,197
EHA Preschool Grant	6,543
Drug Free Schools	22,243
Early Childhood Education	47,111

The deficits in the funds were due to timing of grant reimbursement at year end and gaap adjustments. The General Fund provides transfers to cover deficit balances; however, this is done when cash is needed rather than when accruals occur.

Note 4 - Deposits and Investments

Monies held by the School District are classified by State statute into three categories.

Active deposits are public deposits determined to be necessary to meet current demands upon the School District treasury. Such monies must be maintained either as cash in the School District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board of Education has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim monies must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit, or by savings or deposit accounts, including passbook accounts.

Interim monies held by the School District can be deposited or invested in the following securities:

1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States.
2. Bonds, notes, debentures, or any other obligation or security issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, and Government National Mortgage Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities.
3. Written repurchase agreements in the securities listed above provided the fair value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and the term of the agreement must not exceed thirty days.

Miamisburg City School District, Ohio
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2025

4. Bonds and other obligations of the State of Ohio, and with certain limitations including a requirement for maturity within ten years from the date of settlement, bonds and other obligations of political subdivisions of the State of Ohio, if training requirements have been met.
5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts.
6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions.
7. The State Treasurer's investment pool (STAR Ohio).
8. Certain bankers' acceptances (for a period not to exceed one hundred eighty days) and commercial paper notes (for a period not to exceed two hundred seventy days) in an amount not to exceed 40 percent of the interim monies available for investment at any one time if training requirements have been met.

Protection of the deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, or by the financial institutions participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution.

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. Except as noted above, an investment must mature within five years from the date of purchase, unless matched to a specific obligation or debt of the School District, and must be purchased with the expectation that it will be held to maturity.

Deposits

The School District had \$200 cash on hand at June 30, 2025.

Custodial credit risk for deposits is the risk that in the event of bank failure, the School District will not be able to recover deposits or collateral securities that are in the possession of an outside party. At year end, \$10,827,000 of the School District's bank balance of \$11,327,000 was exposed to custodial credit risk because it was uninsured and collateralized with securities held by the pledging financial institution's trust department or agent, but not in the School District's name, or was collateralized through the Ohio Pooled Collateral System (OPCS).

The School District does not have a deposit policy for custodial credit risk beyond the requirements of the State statute. Ohio law requires that deposits either be insured or be protected by:

Eligible securities pledged to the School District and deposited with a qualified trustee by the financial institution as security for repayment whose fair value at all times shall be at least 105 percent of the deposits being secured; or

Miamisburg City School District, Ohio
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2025

Participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution. OPCS requires the total fair value of the securities pledged to be 102 percent of the deposits being secured or a rate set by the Treasurer of State.

Investments

As of June 30, 2025, the School District had the following investments.

	Fair Value	Fair Value Measurement Using	Average Year to Maturity	S&P Rating	Concentration of Credit Risk
Commercial Paper	\$2,177,995	Level 2	0.38	AAA	7%
Negotiables CD's	9,382,422	Level 2	1.76	AAA	33%
Federal Home Loan Bank	3,357,526	Level 2	2.31	AAA	12%
Federal National Mortgage Association	491,020	Level 2	4.21	AAA	2%
Federal Farm Credit Bank	2,736,494	Level 2	3.44	AAA	10%
US Treasury	5,116,891	Level 2	4.08	AAA	18%
STAR Ohio	5,140,165	N/A	0.08	AAAm	18%
Money Market Funds	106,749	N/A	0.00	Not Rated	0%
Totals	<u>\$28,509,262</u>				

Portfolio Weighted Average Maturity

2.03

Fair Value Measurement – Fair value as defined by GASB Statement No. 72 requires the School District to apply valuation techniques that best represent fair value in the circumstances-market approach, cost approach and income approach. The following are the levels for which inputs can be measured. Level 1 – quoted prices (unadjusted) in active markets for identical assets/liabilities (most reliable); Level 2 – quoted prices for similar assets/liabilities, quoted price for identical assets/liabilities or similar assets/liabilities in markets that are not active, or other quoted prices that are observable; and Level 3 – unobservable inputs (least reliable). As discussed further in Note 2, STAR Ohio is reported at its share price.

Interest Rate Risk – The School District's investment policy follows State statute, which requires that an investment mature within five years from the date of purchase, unless matched to a specific obligation or debt of the School District, and that an investment must be purchased with the expectation that it will be held to maturity.

Credit Risk – The S&P ratings of the School District's investments are listed in the table above. Ohio law requires that STAROhio maintain the highest rating provided by at least one nationally recognized standard rating service and that the money market mutual fund be rated in the highest category at the time of purchase by at least one nationally recognized standard rating service. The School District's investment policy limits investments to those authorized by State statute.

Concentration of Credit Risk – The School District places no limit on the amount it may invest in any one issuer; however State statute limits investments in commercial paper and banker's acceptances to 40 percent of the interim monies available for investment at any one time. The

Miamisburg City School District, Ohio
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2025

percentage that each investment represents of the total investments is listed in the table above.

Note 5 - Property Taxes

Property taxes are levied and assessed on a calendar year basis while the School District's fiscal year runs from July through June. First half tax collections are received by the School District in the second half of the fiscal year. Second half tax distributions occur in the first half of the following fiscal year.

Property taxes include amounts levied against all real, public utility and tangible personal property (used in business) located in the School District. Real property tax revenue received in calendar year 2025 represents collections of calendar year 2024 taxes. Real property taxes received in calendar year 2025 were levied after April 1, 2024, on the assessed value listed as of January 1, 2024, the lien date. Assessed values for real property taxes are established by State law at 35 percent of appraised market value. Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31 with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility property tax revenue received in calendar year 2025 represents collections of calendar year 2024 taxes. Public utility real property taxes received in calendar year 2024 became a lien December 31, 2021, were levied after April 1, 2024 and are collected in calendar year 2025 with real property taxes. Public utility real property is assessed at 35 percent of true value; public utility tangible personal property currently is assessed at varying percentages of true value.

The School District receives property taxes from Montgomery County. The County Auditor periodically advances to the School District its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2025, are available to finance fiscal year 2026 operations. The amount available to be advanced can vary based on the date the tax bills are sent.

Accrued property taxes receivable includes real property and public utility property taxes which are measurable as of June 30, 2025 and for which there is an enforceable legal claim. Although total property tax collections for the next fiscal year are measurable, only the amount of real property taxes available as an advance at June 30 was levied to finance current fiscal year operations and is reported as revenue at fiscal year-end. The portion of the receivable not levied to finance current fiscal year operations is offset by a credit to deferred inflow of resources.

The amount available as an advance at June 30, 2025 was \$280,111 in the General Fund, \$38,646 in the Bond Retirement Fund, and \$20,859 in the Permanent Improvement Capital Projects Fund. The amount available as an advance at June 30, 2024 was \$2,865,507 in the General Fund, \$422,750 in the Bond Retirement Fund, and \$200,481 in the Permanent Improvement Capital Projects Fund.

On a full accrual basis, collectible delinquent property taxes have been recorded as a receivable and revenue, while on a modified accrual basis the revenue has been deferred.

The assessed values upon which the fiscal year 2025 taxes were collected are:

Miamisburg City School District, Ohio
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2025

	2024 Second- Half Collections		2025 First- Half Collections	
	Amount	Percent	Amount	Percent
Real Property	\$1,245,548,500	95.6%	\$1,254,856,350	96.3%
Public Utilities Personal	42,513,000	3.3%	48,238,570	3.7%
Total Assessed Value	<u>\$1,288,061,500</u>	<u>100.0%</u>	<u>\$1,303,094,920</u>	<u>100.0%</u>
Tax Rate per \$1,000 of Assessed Value	\$59.17		\$54.73	

Note 6 – Receivables

Receivables at June 30, 2025, consisted of property taxes, intergovernmental grants, accounts (tuition and student fees), interest and interfund. All receivables are considered collectible in full due to the ability to foreclose for the nonpayment of taxes, the stable condition of State programs, and the current year guarantee of federal funds. All receivables, except property taxes, are expected to be received within one year. Property taxes, although ultimately collectible, include some portion of delinquents that will not be collected within one year.

A summary of the principal items of intergovernmental receivables follows:

Governmental Activities	Amount
General Fund	\$3,445,963
Title VI-B Grant	344,035
Title III Grant	12,014
Title I Grants	354,661
EHA Preschool Grants	11,138
Supporting Effective Instruction	34,575
Drug Free School	27,358
Early Childhood Education	199,158
Total	<u>\$4,428,902</u>

This Space Intentionally Left Blank

Note 7 - Capital Assets

Capital assets activity for the fiscal year ended June 30, 2025, was as follows:

	Balance 6/30/24	Additions	Deductions	Balance 6/30/25
<u>Governmental Activities:</u>				
Capital Assets, not Being Depreciated:				
Land	\$2,506,773	\$0	\$0	\$2,506,773
Construction in Progress	684,075	150,000	(684,075)	150,000
Total Capital Assets, not Being Depreciated	3,190,848	150,000	(684,075)	2,656,773
Capital Assets, Being Depreciated:				
Land Improvements	4,127,042	0	0	4,127,042
Buildings and Improvements	98,565,652	5,100	0	98,570,752
Furniture and Equipment	3,385,358	59,543	0	3,444,901
Vehicles	4,650,922	0	0	4,650,922
Total Capital Assets, Being Depreciated	110,728,974	64,643	0	110,793,617
Less Accumulated Depreciation:				
Land Improvements	2,035,761	157,813	0	2,193,574
Buildings and Improvements	30,257,095	2,159,674	0	32,416,769
Furniture and Equipment	1,266,235	50,709	0	1,316,944
Vehicles	2,929,120	310,340	0	3,239,460
Total Accumulated Depreciation	36,488,211	2,678,536	0	39,166,747
Capital Assets, Being Depreciated, Net	74,240,763	(2,613,893)	0	71,626,870
Governmental Activities Capital Assets, Net	\$77,431,611	(\$2,463,893)	(\$684,075)	\$74,283,643

Depreciation expense was charged to governmental functions as follows:

Instruction:	
Regular	\$2,220,613
Special	84
Vocational	867
Support Services:	
Instructional Staff	41,218
Administration	488
Operation and Maintenance of Plant	153,525
Pupil Transportation	231,021
Operation of Non-Instructional Services	18,171
Extracurricular Activities	12,549
Total Depreciation Expense	\$2,678,536

Note 8 - Risk Management

Property and Liability

The School District is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets, errors and omissions, injuries to employees, and natural disasters. During fiscal year 2025, the School District contracted with Ascot Insurance Company for liability coverages (general, law enforcement liability, educators liability, employment practices liability), auto and excess insurance. Arch Insurance is providing coverage for Crime and Inland Marine. The School District contracted with Affiliated FM for

Miamisburg City School District, Ohio
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2025

property insurance, including building and business personal property. The property policy has a limit of insurance in the amount of \$280,070,539 for property with a \$25,000 deductible. There is a \$100,000 deductible for the perils of earthquake, flood, water damage, wind, and hail. The school district also contracted with Chubb Insurance Company to cover cyber liability exposures. This policy carries an annual limit of \$2,000,000 with a \$15,000 deductible.

The Ascot Insurance Company provides coverage for auto insurance for actual cash value with a \$5000 comprehensive and a \$5,000 collision deductible on all private passenger, vans, trucks and buses. The general liability policy has a \$1,000,000 per occurrence and a \$3,000,000 aggregate limit with a \$10,000 deductible, and a \$5,000,000 excess liability coverage. The educator's liability, employment practices liability and law enforcement carries \$1,000,000 per occurrence and \$3,000,000 aggregate limit with a \$5,000 deductible. The Treasurer, Superintendent, Director of Business Services, and Board President are bonded separately.

Settled claims have not exceeded this commercial coverage in any of the past three fiscal years. There has been no significant reduction in insurance coverage from the prior fiscal year.

Workers' Compensation

For fiscal year 2025, the School District used Sedgwick claims management services, an insurance purchasing pool (Note 13). The intent of the GRP is to achieve the benefit of a reduced premium for the School District by virtue of its grouping and representation with other participants in the GRP. The workers' compensation experience of the participating school districts is calculated as one experience and a common premium rate is applied to all school districts in the GRP. Each participant pays its workers' compensation premium to the State based on the rate for the GRP rather than its individual rate. Participation in the GRP is limited to school districts that can meet the GRP's selection criteria. The firm of Sedgwick provides administrative, cost control, and actuarial services to the GRP.

Note 9 - Defined Benefit Pension Plans

The Statewide retirement systems provide both pension benefits and other postemployment benefits (OPEB).

Net Pension Liability/Net OPEB Liability (Asset)

Pensions and OPEB are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions/OPEB are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period.

The net pension/OPEB liability (asset) represent the District's proportionate share of each pension/OPEB plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension/OPEB plan's fiduciary net position. The net pension/OPEB liability (asset) calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting these estimates annually.

Ohio Revised Code limits the District's obligation for this liability to annually required payments. The

Miamisburg City School District, Ohio
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2025

District cannot control benefit terms or the manner in which pensions/OPEB are financed; however, the District does receive the benefit of employees' services in exchange for compensation including pension and OPEB.

GASB 68/75 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires funding to come from these employers. All pension contributions to date have come solely from these employers (which also includes pension costs paid in the form of withholdings from employees). The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits. In addition, health care plan enrollees pay a portion of the health care costs in the form of a monthly premium. State statute requires the retirement systems to amortize unfunded pension liabilities within 30 years. If the pension amortization period exceeds 30 years, each retirement system's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension/OPEB liability (asset). Resulting adjustments to the net pension/OPEB liability (asset) would be effective when the changes are legally enforceable. The Ohio Revised Code permits, but does not require, the retirement systems to provide healthcare to eligible benefit recipients.

The remainder of this note includes the required pension disclosures. See Note 10 for the required OPEB disclosures.

Plan Description - School Employees Retirement System (SERS)

Plan Description

District non-teaching employees participate in SERS, a cost-sharing multiple-employer defined benefit pension plan administered by SERS. SERS provides retirement, disability and survivor benefits, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Ohio Revised Code Chapter 3309. SERS issues a publicly available, stand-alone financial report that includes financial statements, required supplementary information and detailed information about SERS' fiduciary net position. That report can be obtained by visiting the SERS website at www.ohsers.org under Employers/Audit Resources.

Age and service requirements for retirement are as follows:

	Eligible to Retire on or before August 1, 2017 *	Eligible to Retire on or after August 1, 2017
Full Benefits	Any age with 30 years of service credit	Age 67 with 10 years of service credit; or Age 57 with 30 years of service credit
Actuarially Reduced Benefits	Age 60 with 5 years of service credit Age 55 with 25 years of service credit	Age 62 with 10 years of service credit; or Age 60 with 25 years of service credit

* Members with 25 years of service credit as of August 1, 2017, will be included in this plan.

Annual retirement benefits are calculated based on final average salary multiplied by a percentage that varies based on years of service; 2.2 percent for the first thirty years of service and 2.5 percent for years of service credit over 30. Final average salary is the average of the highest three years of salary.

An individual whose benefit effective date is before April 1, 2018, is eligible for a cost-of-living adjustment

Miamisburg City School District, Ohio
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2025

(COLA) on the first anniversary date of the benefit. New benefit recipients must wait until the fourth anniversary of their benefit for COLA eligibility. The COLA is added each year to the base benefit amount on the anniversary date of the benefit. The COLA is indexed to the percentage increase in the CPI-W, not to exceed 2.5 percent and with a floor of 0 percent. A three-year COLA suspension was in effect for all benefit recipients for the years 2018, 2019, and 2020. The Retirement Board approved a 2.5 percent COLA for calendar year 2024.

Funding Policy

Plan members are required to contribute 10 percent of their annual covered salary and the District is required to contribute 14 percent of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to statutory maximum amounts of 10 percent for plan members and 14 percent for employers. The Retirement Board, acting with the advice of the actuary, allocates the employer contribution rate among four of the System's funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund). For the fiscal year ended June 30, 2025, the allocation to pension, death benefits, and Medicare B was 14.0 percent. For fiscal year 2025, the Retirement Board did not allocate any employer contribution to the Health Care Fund.

The District's contractually required contribution to SERS was \$1,653,668 for fiscal year 2025. Of this amount \$208,510 is reported as accrued wages and benefits.

Plan Description - State Teachers Retirement System (STRS)

Plan Description

District licensed teachers and other faculty members participate in STRS Ohio, a cost-sharing multiple employer public employee system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information, and detailed information about STRS' fiduciary net position. That report can be obtained by writing to STRS, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Web site at www.strsoh.org.

New members have a choice of three retirement plans; a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan, and a Combined Plan. Benefits are established by Ohio Revised Code Chapter 3307.

The DB plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. The calculation is 2.2 percent of final average salary for the five highest years of earnings multiplied by all years of credited service. Effective August 1, 2023, any member can retire with unreduced benefits with 34 years of services credit at any age; or five years of service credit and age 65. Effective June 1, 2025 - July 1, 2027, any member can retire with unreduced benefits with 33 years of service credit at any age; or five years of service credit and age 65. Effective on or after August 1, 2027, any member can retire with unreduced benefits with 34 years of service credit at any age; or five years of service credit and age 65.

In April 2017, the Retirement Board made the decision to reduce COLA granted on or after July 1, 2017, to 0 percent upon a determination by its actuary that it was necessary to preserve the fiscal integrity of the retirement system. Benefit recipients' base benefit and past cost-of living increases are not affected

Miamisburg City School District, Ohio
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2025

by this change. Effective July 1, 2022, an ad-hoc COLA of 3 percent of the base benefit was granted to eligible benefit recipients to begin on the anniversary of their retirement benefit in fiscal year 2023 as long as they retired prior to July 1, 2018. Effective July 1, 2023, a permanent 1 percent COLA of the base benefit was granted to eligible benefit recipients to begin on the anniversary of their retirement benefit in fiscal year 2024 as long as they retired prior to July 1, 2019.

Eligibility changes for DB Plan members who retire with actuarially reduced benefits effective August 1, 2023, can retire with 29 years of service credit at any age; or five years of service credit and age 60. Effective June 1, 2025 - July 1, 2027, retirement eligibility for reduced benefits is 28 years of service credit at any age; or five years of service credit and age 60. Effective on or after August 1, 2027, retirement eligibility for reduced benefits is 29 years of service credit at any age; or five years of service credit and age 60.

The DC Plan allows members to place all their member contributions and 11.09 percent of the 14 percent employer contributions into an investment account. The member determines how to allocate the member and employer money among various investment choices offered by STRS. The remaining 2.91 percent of the 14 percent employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The Combined Plan offers features of both the DB Plan and the DC Plan. In the Combined Plan, 12 percent of the 14 percent member rate is deposited into the member's DC account and the remaining 2 percent is applied to the DB Plan. Member contributions to the DC Plan are allocated among investment choices by the member, and contributions to the DB Plan from the employer and the member are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60 with five years of service. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity at age fifty and after termination of employment.

New members who choose the DC plan or Combined Plan will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's Combined Plan account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB 68 reporting purposes.

A DB or Combined Plan member with five or more years of credited service who is determined to be disabled may qualify for a disability benefit. New members on or after July 1, 2013, must have at least ten years of qualifying service credit to apply for disability benefits. Members in the DC Plan who become disabled are entitled only to their account balance. Eligible survivors of members who die before service retirement may qualify for monthly benefits. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy

Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. The 2025 employer and employee contribution rate of 14 percent was equal to the statutory maximum rates. For 2025, the full employer contribution was

Miamisburg City School District, Ohio
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2025

allocated to pension.

The District's contractually required contribution to STRS was \$4,540,608 for fiscal year 2025. Of this amount \$756,768 is reported as accrued wages and benefits.

Net Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability (asset) was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
Proportion of the Net Pension Liability:			
Current Measurement Date	0.26310100%	0.23256163%	
Prior Measurement Date	<u>0.26087240%</u>	<u>0.23299897%</u>	
Change in Proportionate Share	<u>0.00222860%</u>	<u>-0.00043734%</u>	
Proportionate Share of the Net Pension Liability	\$13,459,186	\$44,748,615	\$58,207,801
Pension Expense	\$1,045,027	\$1,856,486	\$2,901,513

At June 30 2025, reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
<u>Deferred Outflows of Resources</u>			
Differences between expected and actual experience	\$513,860	\$2,817,992	\$3,331,852
Changes of assumptions	120,403	2,062,262	2,182,665
Changes in proportionate share and difference between employer contributions and proportionate share of contributions	125,516	20,789	146,305
Contributions subsequent to the measurement date	<u>1,653,668</u>	<u>4,540,608</u>	<u>6,194,276</u>
Total Deferred Outflows of Resources	<u>\$2,413,447</u>	<u>\$9,441,651</u>	<u>\$11,855,098</u>
<u>Deferred Inflows of Resources</u>			
Differences between expected and actual experience	\$0	\$24,503	\$24,503
Changes of assumptions	0	1,552,291	1,552,291
Net difference between projected and actual earnings on pension plan investments	841,864	3,847,471	4,689,335
Changes in proportionate share and difference between employer contributions and proportionate share of contributions	<u>46,499</u>	<u>1,606,348</u>	<u>1,652,847</u>
Total Deferred Inflows of Resources	<u>\$888,363</u>	<u>\$7,030,613</u>	<u>\$7,918,976</u>

Miamisburg City School District, Ohio
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2025

\$6,194,276 reported as deferred outflows of resources related to pension resulting from contributions subsequent to the measurement date was recognized as a reduction of the net pension liability in the year ending June 30, 2026. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

Fiscal Year Ending June 30:	SERS	STRS	Total
2026	(\$644,011)	(\$3,143,518)	(\$3,787,529)
2027	853,001	3,610,158	4,463,159
2028	(90,021)	(1,632,934)	(1,722,955)
2029	(247,553)	(963,276)	(1,210,829)
Total	(\$128,584)	(\$2,129,570)	(\$2,258,154)

Actuarial Assumptions - SERS

SERS' total pension liability was determined by their actuaries in accordance with GASB Statement No. 67, as part of their annual actuarial valuation for each defined benefit retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment termination). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations. Future benefits for all current plan members were projected through 2137.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation, prepared as of June 30, 2024, and compared with June 30, 2023, are presented below:

	June 30, 2024	June 30, 2023
Inflation	2.40%	2.40%
Future Salary Increases, including inflation	3.25% to 13.58%	3.25% to 13.58%
COLA or Ad Hoc COLA	2.0%, on or after April 1, 2018, COLAs for future retirees will be delayed for three years following commencement	2.00%, on or after April 1, 2018, COLAs for future retirees will be delayed for three years following commencement
Investment Rate of Return	7.00% net of system expenses	7.00% net of system expenses
Actuarial Cost Method	Entry Age Normal (Level Percent of Payroll)	Entry Age Normal (Level Percent of Payroll)

Miamisburg City School District, Ohio
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2025

Mortality rates were based on the PUB-2010 General Employee Amount Weight Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20 percent for males and set forward 2 years and adjusted 81.35 percent for females. Mortality among disabled members were based upon the PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3 percent for males and set forward 3 years and adjusted 106.8 percent for females. Future improvement in mortality rates is reflected by applying the MP-2020 projection scale generationally.

The most recent experience study was completed for the five-year period ended June 30, 2020.

The long-term return expectation for the Pension Plan Investments has been determined by using a building-block approach and assumes a time horizon, as defined in SERS' Statement of Investment Policy. ORC 3309.15 and the SERS Board-adopted Investment Policy govern investment activity. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating a weighted average of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalancing uncorrelated asset classes. As of June 30, 2024:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return (geometric)
Cash	3.00 %	0.97 %
US Equity	22.00	4.68
Non-US Equity Developed	12.00	4.96
Non-US Equity Emerging	6.00	5.66
Fixed Income/Global Bonds	18.00	2.38
Private Equity	14.00	7.10
Real Estate	13.00	3.64
Infrastructure	7.00	4.80
Private Debt/Private Credit	5.00	5.86
Total	<u>100.00 %</u>	

Discount Rate

The total pension liability for 2024 was calculated using the discount rate of 7.00 percent. The discount rate determination did not use a municipal bond rate. The projection of cash flows used to determine the discount rate assumed that employers would contribute the actuarially determined contribution rate of projected compensation over the remaining 20-year amortization period of the unfunded actuarial accrued liability. The actuarially determined contribution rate for fiscal year 2024 was 14 percent. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.00 percent). Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability. The annual money-weighted rate of return, calculated as the internal rate of return on pension plan investments, for fiscal year 2024 was 9.31 percent.

Miamisburg City School District, Ohio
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2025

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net pension liability calculated using the discount rate of 7.00 percent, as well as what each plan's net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00 percent), or one percentage point higher (8.00 percent) than the current rate.

	1% Decrease (6.00%)	Current Discount Rate (7.00%)	1% Increase (8.00%)
District's proportionate share of the net pension liability	\$20,590,691	\$13,459,186	\$7,454,843

Changes Between the Measurement Date and the Report Date

The pension information is measured as of June 30, 2024 (measurement date) and used for the fiscal year ending June 30, 2025 (reporting date). There were no changes between the measurement date and the reporting date.

Actuarial Assumptions – STRS

Key methods and assumptions used in the June 30, 2024, actuarial valuation compared to those used in the June 30, 2023, actuarial valuation are presented below:

	June 30, 2024	June 30, 2023
Inflation	2.50%	2.50%
Salary increases	From 2.50% to 8.50% based on service	From 2.50% to 8.50% based on service
Investment Rate of Return	7.00 percent, net of investment expenses, including inflation	7.00% net of investments expense, including inflation
Discount Rate of Return	7.00 percent	7.00%
Payroll Increases	3.00 percent	3.00%
Cost-of-Living Adjustments (COLA)	0.0%, effective July 1, 2017	0.0%, effective July 1, 2017

Post-retirement mortality rates are based on the Pub-2010 Teachers Healthy Annuitant Mortality Table, adjusted 110 percent for males, projected forward generationally using mortality improvement scale MP-2020. Pre-retirement mortality rates are based on Pub-2010 Teachers Employee Table adjusted 95 percent for females, projected forward generationally using mortality improvement scale MP-2020. Post-retirement disabled mortality rates are based on Pub-2010 Teachers Disable Annuitant Table projected forward generationally using mortality improvement scale MP-2020.

Actuarial assumptions used in the June 30, 2024, valuation are based on the results of an actuarial experience study for the period July 1, 2015, through June 30, 2021. An actuarial experience study is done on a quinquennial basis.

STRS' investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

Miamisburg City School District, Ohio
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2025

Asset Class	Target Allocation *	Long-Term Expected Rate of Return **
Domestic Equity	26.00%	6.90%
International Equity	22.00	7.70
Alternatives	19.00	9.10
Fixed Income	22.00	4.50
Real Estate	10.00	5.10
Liquidity Reserves	1.00	2.40
Total	<u>100.00%</u>	

* Final target weights reflected at October 1, 2022.

** 10 year annualized geometric nominal returns, which include the real rate of return and inflation of 2.4 percent, and is net of investment expenses. Over a 30-year period, STRS' investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

Discount Rate

The discount rate used to measure the total pension liability was 7.00 percent as of June 30, 2024. The projection of cash flows used to determine the discount rate assumes that member and employer contributions will be made at the statutory contribution rates in accordance with rate increases described above. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Based on those assumptions, STRS' fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2024. Therefore, the long-term expected rate of return on pension plan investments of 7.00 percent was applied to all periods of projected benefit payment to determine the total pension liability as of June 30, 2024.

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following table presents the District's proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.00 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.00 percent) or one-percentage-point higher (8.00 percent) than the current rate:

	1% Decrease (6.00%)	Current Discount Rate (7.00%)	1% Increase (8.00%)
District's proportionate share of the net pension liability	\$72,187,358	\$44,748,615	\$21,540,153

Changes Between the Measurement Date and the Report Date

At the April 2025 STRS Board meeting, they approved the following change:

1. Beginning July 1, 2025, approve a 1.5% cost-of-living increase be paid to eligible benefit recipients on their anniversary date in fiscal year 2026; and
2. Temporarily make thirty-two years of service credit the minimum requirement for unreduced benefits and adjust the years of service credit required for reduced retirement benefits to twenty-seven or more years of service credit at any age for the period effective June 1, 2025 through May 1, 2030, then temporarily make thirty-three years of service credit the minimum requirement for unreduced benefits and adjust the years of service credit required for reduced retirement benefits to twenty-eight or more years of service at

Miamisburg City School District, Ohio
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2025

any age from June 1, 2030 through May 1, 2032, with a return to a minimum of thirty-four years of service credit (twenty-nine years or more for reduced retirement benefits) effective June 1, 2032 going forward. Any effect on the net pension liability is unknown.

Note 10 - Defined Benefit OPEB Plans

See Note 9 for a description of the net OPEB liability (asset).

Plan Description - School Employees Retirement System (SERS)

Health Care Plan Description

The District contributes to the SERS Health Care Fund, administered by SERS for non-certificated retirees and their beneficiaries. For GASB 75 purposes, this plan is considered a cost-sharing other postemployment benefit (OPEB) plan. SERS' Health Care Plan provides healthcare benefits to eligible individuals receiving retirement, disability, and survivor benefits, and to their eligible dependents. Members who retire after June 1, 1986, need 10 years of service credit, exclusive of most types of purchased credit, to qualify to participate in SERS' health care coverage. The following types of credit purchased after January 29, 1981, do not count toward health care coverage eligibility: military, federal, out-of-state, municipal, private school, exempted, and early retirement incentive credit. In addition to age and service retirees, disability benefit recipients and beneficiaries who are receiving monthly benefits due to the death of a member or retiree, are eligible for SERS' health care coverage. Most retirees and dependents choosing SERS' health care coverage are over the age of 65 and therefore enrolled in a fully insured Medicare Advantage plan; however, SERS maintains a traditional, self-insured preferred provider organization for its non-Medicare retiree population. For both groups, SERS offers a self-insured prescription drug program. Health care is a benefit that is permitted, not mandated, by statute. The financial report of the Plan is included in the SERS Annual Comprehensive Financial Report which can be obtained on SERS' website at www.ohsers.org under Employers/Audit Resources.

The Health Care program is financed through a combination of employer contributions, recipient premiums, investment returns, and any funds received on behalf of SERS' participation in Medicare programs. The System's goal is to maintain a health care reserve account with a 20-year solvency period in order to ensure that fluctuations in the cost of health care do not cause an interruption in the program. However, during any period in which the 20-year solvency period is not achieved, the System shall manage the Health Care Fund on a pay-as-you-go basis.

Access to health care for retirees and beneficiaries is permitted in accordance with Section 3309 of the Ohio Revised Code. SERS' Retirement Board reserves the right to change or discontinue any health plan or program. Active employee members do not contribute to the Health Care Plan. The SERS Retirement Board established the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility, and retirement status.

Funding Policy

State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required pensions and benefits, the Retirement Board may allocate the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund in accordance with the funding policy. For fiscal year 2025, no allocation was made to health care. An additional health care surcharge on employers is collected for employees earning less than an actuarially

Miamisburg City School District, Ohio
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2025

determined minimum compensation amount, pro-rated if less than a full year of service credit was earned. For fiscal year 2025, this amount was \$30,000. Statutes provide that no employer shall pay a health care surcharge greater than 2 percent of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5 percent of the total statewide SERS-covered payroll for the health care surcharge. For fiscal year 2025, the District's surcharge obligation was \$204,732.

The surcharge, added to the allocated portion of the 14 percent employer contribution rate is the total amount assigned to the Health Care Fund. The District's contractually required contribution to SERS was \$204,732 for fiscal year 2025.

Plan Description - State Teachers Retirement System (STRS)

Plan Description

The State Teachers Retirement System of Ohio (STRS) administers a cost-sharing Health Plan administered for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS. Ohio law authorizes STRS to offer this plan. Benefits include hospitalization, physicians' fees, prescription drugs and partial reimbursement of monthly Medicare Part B premiums. Health care premiums were reduced by a Medicare Part B premium credit beginning in 2023. The Plan is included in the report of STRS which can be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Medicare Part D is a federal program to help cover the costs of prescription drugs for Medicare beneficiaries. This program allows STRS Ohio to recover part of the cost for providing prescription coverage since all eligible STRS Ohio health care plans include creditable prescription drug coverage.

Funding Policy

Ohio Revised Code Chapter 3307 authorizes STRS to offer the Plan and gives the Retirement Board discretionary authority over how much, if any, of the health care costs will be absorbed by STRS. Active employee members do not contribute to the Health Care Plan. All benefit recipients pay a portion of the health care costs in the form of a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions, currently 14 percent of covered payroll. For the fiscal year ended June 30, 2025, STRS did not allocate any employer contributions to post-employment health care.

Net OPEB Liabilities (Assets), OPEB Expense (Income), and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

The net OPEB liability (asset) was measured as of June 30, 2024, and the total OPEB liability used to calculate the net OPEB liability (asset) was determined by an actuarial valuation as of that date. The District's proportion of the net OPEB liability (asset) was based on the District's share of contributions to the respective retirement systems relative to the contributions of all participating entities. Following is information related to the proportionate share:

This Space Intentionally Left Blank

Miamisburg City School District, Ohio
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2025

	SERS	STRS	Total
Proportion of the Net OPEB Liability/Asset:

Actuarial Assumptions – SERS

The total OPEB liability is determined by SERS' actuaries in accordance with GASB Statement No. 74, as part of their annual actuarial valuation for each retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment terminations). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases, actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total OPEB liability in the latest actuarial valuation date of June 30, 2024, compared with June 30, 2023, are presented below:

This Space Intentionally Left Blank

Miamisburg City School District, Ohio
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2025

	June 30, 2024	June 30, 2023

Mortality rates among healthy retirees were based on the PUB-2010 General Employee Amount Weighted Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20 percent for males and set forward 2 years and adjusted 81.35 percent for females. Mortality among disabled members were based upon the PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3 percent for males and set forward 3 years and adjusted 106.8 percent for females. Mortality rates for contingent survivors were based on PUB-2010 General Amount Weighted Below Median Contingent Survivor mortality table projected to 2017 with ages set forward 1 year and adjusted 105.5 percent for males and adjusted 122.5 percent for females. Mortality rates for actives is based on PUB-2010 General Amount Weighted Below Median Employee mortality table. Mortality rates are projected using a fully generational projection with Scale MP-2020. The most recent experience study was completed for the five-year period ended June 30, 2020.

The long-term expected rate of return on plan assets is reviewed as part of the actuarial five-year experience study. The most recent study covers fiscal years 2016 through 2020, and was adopted by the Board on April 15, 2021. Several factors are considered in evaluating the long-term rate of return assumption including long-term historical data, estimates inherent in current market data, and a long-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) were developed by the investment consultant for each major asset class. These ranges were combined to produce the long-term expected rate of return, 7.00 percent, by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The assumption is intended to be a long-term assumption and is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years.

The long-term expected nominal rate of return has been determined by calculating a weighted average

Miamisburg City School District, Ohio
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2025

of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalancing uncorrelated asset classes. As of June 30, 2024:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return (geometric)
Cash	3.00 %	0.97 %
US Equity	22.00	4.68
Non-US Equity Developed	12.00	4.96
Non-US Equity Emerging	6.00	5.66
Fixed Income/Global Bonds	18.00	2.38
Private Equity	14.00	7.10
Real Estate	13.00	3.64
Infrastructure	7.00	4.80
Private Debt/Private Credit	5.00	5.86
Total	100.00 %	

Discount Rate

The discount rate used to measure the total OPEB liability at June 30, 2024, was 4.88 percent. The discount rate used to measure total OPEB liability prior to June 30, 2024, was 4.27 percent. The projection of cash flows used to determine the discount rate assumed that contributions will be made from members and the System at the contribution rate of 1.50 percent of projected covered payroll each year, which includes a 1.50 percent payroll surcharge and no contributions from the basic benefits plan. Based on these assumptions, the OPEB plan's fiduciary net position was projected to be depleted in 2059 by SERS' actuaries. The Fidelity General Obligation 20-year Municipal Bond Index Rate was used in the determination of the single equivalent interest rate for both the June 30, 2023, and the June 30, 2024, total OPEB liability. The Municipal Bond Index Rate is the single rate that will generate a present value of benefit payments equal to the sum of the present value determined by the long-term expected rate of return, and the present value determined by discounting those benefits after the date of depletion. The Municipal Bond Index Rate was 3.93 percent at June 30, 2024, and 3.86 percent at June 30, 2023.

Sensitivity of the Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate and Changes in the Health Care Cost Trend Rates

The net OPEB liability is sensitive to changes in the discount rate and the health care cost trend rate. The following table presents the net OPEB liability of SERS, what SERS' net OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (3.88%) and higher (5.88%) than the current discount rate (4.88%). Also shown is what SERS' net OPEB liability would be based on health care cost trend rates that are 1 percentage point lower (6.00% decreasing to 3.40%) and higher (8.00% decreasing to 5.40%) than the current rate.

	1% Decrease (3.88%)	Current Discount Rate (4.88%)	1% Increase (5.88%)
District's proportionate share of the net OPEB liability	\$3,630,342	\$2,722,489	\$2,001,077

Miamisburg City School District, Ohio
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2025

	1% Decrease (6.00% decreasing to 3.40%)	Current Trend Rate (7.00% decreasing to 4.40%)	1% Increase (8.00% decreasing to 5.40%)
District's proportionate share of the net OPEB liability	\$1,840,301	\$2,722,489	\$3,882,054

Changes Between the Measurement Date and the Report Date

The OPEB information is measured as of June 30, 2024 (measurement date) and used for the fiscal year ending June 30, 2025 (reporting date). There were no changes between the measurement date and the reporting date.

Actuarial Assumptions – STRS

Key methods and assumptions used in the June 30, 2024, actuarial valuation compared to the prior year are presented below:

	June 30, 2024	June 30, 2023
Projected salary increases	Varies by service from 2.50% to 8.50%	Varies by service from 2.50% to 8.50%
Investment Rate of Return	7.00%, net of investment expenses, including inflation	7.00%, net of investment expenses, including inflation
Payroll Increases	3.00%	3.00%
Discount Rate of Return	7.00%	7.00%
Health Care Cost Trends		
Medical		
Pre-Medicare	7.50% initial 3.94% ultimate	7.50% initial 4.14% ultimate
Medicare	(112.22%) initial 3.94% ultimate	(10.94%) initial 4.14% ultimate
Prescription Drug		
Pre-Medicare	8.00% initial 3.94% ultimate	(11.95%) initial 4.14% ultimate
Medicare	(15.14%) initial 3.94% ultimate	1.33% initial 4.14% ultimate

Projections of benefits include the historical pattern of sharing benefit costs between the employers and retired plan members.

Healthy retirees post-retirement mortality rates are based on the Pub-2010 Teachers Healthy Annuitant Mortality Table, adjusted 110 percent for males, projected forward generationally using mortality improvement scale MP-2020; pre-retirement mortality rates are based on Pub-2010 Teachers Employee Table adjusted 95 percent for females, projected forward generationally using mortality improvement scale MP-2020. For disabled retirees, mortality rates are based on the Pub-2010 Teachers Disabled Annuitant Table projected forward generationally using mortality improvement scale MP-2020.

Miamisburg City School District, Ohio
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2025

Actuarial assumptions used in the June 30, 2024, valuation are based on the results of an actuarial experience study for the period July 1, 2015, through June 30, 2021. An actuarial experience study is done on a quinquennial basis.

STRS' investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

<u>Asset Class</u>	<u>Target Allocation *</u>	<u>Long-Term Expected Rate of Return **</u>
Domestic Equity	26.00%	6.90%
International Equity	22.00	7.70
Alternatives	19.00	9.10
Fixed Income	22.00	4.50
Real Estate	10.00	5.10
Liquidity Reserves	1.00	2.40
Total	<u>100.00%</u>	

* Final target weights reflected at October 1, 2022.

** 10 year annualized geometric nominal returns, which include the real rate of return and inflation of 2.4 percent, and is net of investment expenses. Over a 30-year period, STRS investment consultant indicates that the above target allocations should generate a return above the actual rate of return, without net value added by management.

Discount Rate

The discount rate used to measure the total OPEB liability was 7.00 percent as of June 30, 2024. The projection of cash flows used to determine the discount rate assumed STRS continues to allocate no employer contributions to the health care fund. Based on these assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2024. Therefore, the long-term expected rate of return on health care plan investments of 7.00 percent was applied to all periods of projected health care costs to determine the total OPEB liability as of June 30, 2024.

Sensitivity of the Proportionate Share of the Net OPEB Asset to Changes in the Discount and Health Care Cost Trend Rate

The following table represents the net OPEB asset as of June 30, 2024, calculated using the current period discount rate assumption of 7.00 percent, as well as what the net OPEB asset would be if it were calculated using a discount rate that is one percentage point lower (6.00 percent) or one percentage point higher (8.00 percent) than the current assumption. Also shown is the net OPEB asset as if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current health care cost trend rates.

	<u>1% Decrease (6.00%)</u>	<u>Current Discount Rate (7.00%)</u>	<u>1% Increase (8.00%)</u>
District's proportionate share of the net OPEB asset	(\$3,586,638)	(\$4,411,250)	(\$5,128,842)

Miamisburg City School District, Ohio
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2025

	<u>1% Decrease</u>	<u>Current Trend Rate</u>	<u>1% Increase</u>
District's proportionate share of the net OPEB asset	(\$5,177,315)	(\$4,411,250)	(\$3,489,957)

Changes Between the Measurement Date and the Report Date

At the May 2025 STRS Board meeting, the Board approved the following change: Increasing the health care subsidy for twenty-seven years of service to the maximum subsidy minus the subsidy for three years of service for anyone who retires between August 1, 2023, and July 1, 2032, effective June 1, 2025 through July 1, 2032. After that the maximum subsidy for Healthcare Plan participants who retire August 1, 2032 or later will align with the eligibility for unreduced pensions, and all others eligible for subsidies receive one less year of subsidy for each year below the minimum years of service required to receive unreduced subsidy at any age. Any effect on the net OPEB asset is unknown.

Note 11 - Other Employee Benefits

Compensated Absences

The criteria for determining vacation and sick leave benefits are derived from negotiated agreements and State laws. Eligible classified employees earn 10 to 25 days of vacation per fiscal year, depending upon length of service. Accumulated, unused vacation time is paid to classified employees and administrators upon termination of employment. Teachers do not earn vacation time.

Teachers and classified employees earn sick leave at the rate of one and one-fourth days per month. Non-bargaining unit members and administrators earn sick leave at the rate of one and three-fourth days per month. Sick leave accumulation is unlimited for all personnel. Upon retirement, payment is made based on the following schedule, up to a maximum of 450 days (3,600 Hours):

<u>Sick Leave</u>	<u>Percent Payout</u>	<u>Maximum Payout</u>
Certified Employees (Days)		(Days)
0-100	25.0%	25.0
101-200	27.5%	27.5
201-300	33.0%	33.0
301-450	40.0%	60.0

Severance Payout

Classified employees retiring under the minimum requirements as determined by the Schools Employees Retirement System of Ohio (SERS) shall receive severance pay as outlined below:

Miamisburg City School District, Ohio
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2025

Continuous Years of Service with the district	Percentage Payment
5-9	25%
10-14	28%
15-19	30%
20-24	33%
25 and over	38%

Employee Benefits

The School District has elected to provide employee medical benefits through Anthem. The employees share the cost of the monthly premium with the Board of Education. The percentage varies depending upon the plan selected by the employee. The School District also provides life insurance and dental insurance to its employees.

Note 12 - Long-Term Obligations

The changes in the School District's long-term obligations during fiscal year 2025 were as follows:

	Restated Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
General Obligations Bonds:					
<u>Governmental Activities:</u>					
2016 Refunding Bonds	\$3,390,000	\$0	\$55,000	\$3,335,000	\$55,000
Principal	440,000	0	0	440,000	0
Interest	295,395	45,788	0	341,183	0
Premium on Bonds	331,085	0	26,486	304,599	0

2016 General Obligation Unlimited Tax (UTGO) Refunding Bonds – The School District issued \$42,310,000

Miamisburg City School District, Ohio
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2025

in general obligation refunding bonds on December 2, 2015 to refund \$11,625,000 of the 2008 School Improvement Serial Bonds, \$19,600,000 of the 2008 School Improvement Term Bonds, and \$12,050,000 of the 2009 School Improvement Term Bonds. The series bonds mature on December 1, 2036 and are not subject to optional redemption. The interest ranges from 2% to 5% over the life of the bonds. During the issuance of the general obligation bonds, the School District received \$6,270,654 in bond premium. This will be expensed, \$2,986,040 per year throughout the life of the general obligation bonds. The serial bonds mature December 1, 2038.

2016 UTGO Refunding Bonds – The School District issued \$4,240,000 in general obligation refunding bonds on December 17, 2015 to refund \$4,240,000 of the 2009 School Improvement Term Bonds. The series bonds mature on December 1, 2036 and are not subject to optional redemption. The interest ranges from 1% to 4% over the life of the bonds. During the issuance of the general obligation bonds, the School District received \$556,216 in bond premium. This will be expensed, \$26,486 per year throughout the life of the general obligation bonds.

2016 Certificates of Participation - The School District issued \$4,000,000 in certificates of participation on December 8, 2015 for the Athletic Facilities project. The certificates mature on December 1, 2035 and are subject to optional redemption after December 1, 2023 at 100% of par. The interest ranges from 1% to 4% over the life of the certificates. During the issuance of the certificates of participation, the School District received \$179,921 in premium. This will be expenses, \$8,996 per year throughout the life of the certificates of participation.

The capital appreciation bond was issued at \$440,000. The capital appreciation bond matures in fiscal year 2035 and will bear interest compounded semiannually on June 1 and December 1 of each year and began in fiscal year 2016. The maturity amount of the capital appreciation bonds is \$1,345,000. For fiscal year 2023, the capital appreciation bonds were accreted \$40,561 to a total accreted balance of \$252,310.

The term bonds issued at \$350,000 and maturing on December 1, 2028, will be subject to mandatory sinking fund redemption at a redemption price of 100 percent of the principal amount to be redeemed plus accrued interest to the date of redemption, on December 1, in the fiscal years and in the respective principal amounts as follows:

<u>Fiscal Year</u>	<u>Amount to be Redeemed</u>
2026	\$55,000
2027	60,000
2028	60,000
2029	65,000
Total	<u>\$240,000</u>

The term bonds issued at \$355,000 and maturing on December 1, 2033, will be subject to mandatory sinking fund redemption at a redemption price of 100 percent of the principal amount to be redeemed plus accrued interest to the date of redemption, on December 1, in the fiscal years and in the respective principal amounts as follows:

Miamisburg City School District, Ohio
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2025

<u>Fiscal Year</u>	<u>Amount to be Redeemed</u>
2030	\$65,000
2031	70,000
2032	70,000
2033	75,000
2034	75,000
Total	<u>\$355,000</u>

2017 Tax Exempt Current Refunding Bonds – The School District issued \$4,170,000 in general obligation refunding bonds on September 13, 2016 to refund \$4,225,000 of the 2007 Refunding Serial Bonds. The series bonds mature on December 1, 2024 and are not subject to optional redemption. The interest ranges from 0.55% to 3% over the life of the bonds. During the issuance of the general obligation bonds, the School District received \$245,764 in bond premium. This will be expensed, \$27,307 per year throughout the life of the general obligation bonds.

2020 Taxable Refunding Bonds – The School District issued \$14,610,000 in general obligation refunding bonds on December 22, 2020 to refund \$14,610,000 of the 2012 Refunding Serial Bonds. The series bonds mature on December 1, 2039 and are not subject to optional redemption. The interest ranges from 2.13% to 4% over the life of the bonds. During the issuance of the general obligation bonds, the School District received \$807,912 in bond premium. This will be expensed, \$42,522 per year throughout the life of the general obligation bonds.

2022 Series Refunding Bonds – On April 5, 2022 the District issued \$27,195,387 in bonds with an interest rate between 2.25% and 2.95% which was used to partially refund \$27,200,000 of the outstanding 2016 refunding bonds with an interest rate between 4.00% and 5.00%. The net proceeds of \$27,195,387 (after payment of underwriting fees, insurance and other issuance costs) were used to purchase U.S. government securities. Those securities were deposited into an irrevocable trust with an escrow agent to provide all future debt service payments on the bond issues. As a result, \$27,200,000 of the 2016 refunding bonds are considered to be defeased and the related liability for those bonds have been removed from the Statement of Net Position.

The District refunded 2016 refunding bonds to reduce its total debt service payments by \$2,537,068 and to obtain an economic gain (difference between the present value of the debt service payments on the old and new debt) of \$1,660,778.

Compensated absences will be paid from the General, Food Service, Auxiliary Services, EMIS, Miscellaneous State Grants, Title VI-B, Title I, Preschool, and Miscellaneous Federal Grants Funds. Notes payable will be paid from the Permanent Improvement fund. Net pension/OPEB liability will be paid from the same fund where retirement benefits are paid currently the General, Food Service, District Managed Activities, and Auxiliary Services along with state and federal grant funds.

The School District's overall legal debt margin was \$71,206,722 with an unvoted debt margin of \$1,303,095 at June 30, 2025.

Miamisburg City School District, Ohio
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2025

Principal and interest requirements to retire general obligation debt outstanding at June 30, 2023, are as follows:

Note 13 - Jointly Governed Organizations And Insurance Purchasing Pool

Jointly Governed Organizations

META Solutions – META Solutions (META) is a computer consortium. META is an educational solutions partner providing services across Ohio. META provides cost effective fiscal, network, technology, and student services, a purchasing cooperative, and other individual services based on each client's needs.

The governing board of META consists of a president, vice-president and eleven board members who represent the members of META. The board works with META's Chief Executive Officer, Chief Operating Officer, and Chief Financial Officer to manage operations and ensure the continued progress of the organization's mission, vision, and values. The board exercises total control over the operation of META including budgeting, appropriating, contracting, and designating management. Each member's degree of control is limited to its representation on the Board. The School paid META \$185,651 for services provided during the fiscal year. Financial information can be obtained from Ashley Widby, who serves as the Chief Financial Officer at 100 Executive Drive, Marion, Ohio 43302.

Southwestern Ohio Educational Purchasing Council - The School District participates in the Southwestern Ohio Educational Purchasing Council (SOEPC), a purchasing council made up of over 260 school districts and boards of developmental disabilities in 18 counties. The purpose of the council is to obtain prices for quality merchandise and services commonly used by schools. All member districts are obligated to pay all fees, charges, or other assessments as established by the SOEPC. Each member district has one voting representative. Any district withdrawing from the SOEPC forfeits its claim to any and all SOEPC assets. One year prior notice is necessary for withdrawal from the group. During this time, the withdrawing

Miamisburg City School District, Ohio
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2025

member is liable for all member obligations. Payments to SOEPC are made from the General Fund. During fiscal year 2025, the School District paid \$0 for membership to SOEPC. To obtain financial information, write to the Southwestern Ohio Educational Purchasing Council, Ken Swink, who serves as Director, at 303 Corporate Center Drive, Suite 208, Vandalia, Ohio 45377.

Miami Valley Career Technology Center - The Miami Valley Career Technology Center is a distinct political subdivision of the State of Ohio operated under the direction of a Board consisting of seventeen representatives from the participating school districts' elected boards, which possess its own budgeting and taxing authority. One member is appointed from the following city and/or exempted village school districts: Miamisburg, Northmont, Trotwood-Madison, Carlisle, Eaton, Versailles, Huber Heights, Milton-Union, Vandalia, Tipp City, and West Carrollton. Three members are appointed from the Montgomery County Educational Service Center and one is appointed from each of the Miami, Preble, and Darke County Educational Service Centers. The School District did not contribute financially to this organization during fiscal year 2025. To obtain financial information, write to the Miami Valley Career Technology Center, Bradley McKee, who serves as Treasurer, at 6800 Hoke Road, Clayton, Ohio 45315.

Insurance Purchasing Pool

Sedgwick Claims Management Services - Sedgwick Managed Care Ohio is an Ohio workers' compensation managed care organization (MCO) providing seamless solutions to help injured employees recover and return to work safely and quickly, and to help employers control expenses and reduce lost workdays.

Note 14 - Set-Aside Calculations

The School District is required by State statute to annually set aside an amount based on a statutory formula for the acquisition and construction of capital improvements. Amounts not spent by fiscal year-end or offset by similarly restricted resources received during the fiscal year must be held in cash at fiscal year-end.

The following cash basis information describes the change in the fiscal year-end set-aside amounts for capital improvements. Disclosure of this information is required by State statute.

	Capital Improvements
Set-aside Reserve Balance as of June 30, 2024	\$0
Current Fiscal Year Set-aside Requirement	1,123,607
Qualifying Disbursements	(1,123,607)
Totals	<u>\$0</u>

Although the School District had qualifying disbursements during the year that reduced the capital acquisition amounts to below zero, the amount is not carried forward to the next fiscal year.

Note 15 – Implementation of New Accounting Principles

New Accounting Principles

For fiscal year 2025, the School District implemented Governmental Accounting Standards Board (GASB) Statement No. 101, Compensated Absences, GASB Statement No. 102, Certain Risk Disclosures, and GASB Implementation Guide No. 2025-1.

Miamisburg City School District, Ohio
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2025

GASB Statement No. 102 addresses the variety of risks that state and local governments face that could negatively affect the level of service they provide or their ability to meet obligations as they come due. Although governments are required to disclose information about their exposure to some of those risks, essential information about other risks that are prevalent among state and local governments is not routinely disclosed because it is not explicitly required. The objective of this Statement is to provide users of government financial statements with essential information about risks related to a government's vulnerabilities due to certain concentrations or constraints. The implementation of GASB Statement No. 102 did not have an effect on the financial statements of the School District.

GASB Implementation Guide No. 2025-1 includes providing clarity on a range of accounting issues for state and local governments. These topics under GASB Implementation Guide No. 2025-1 provisions were implemented and did not have an effect on the financial statements of the School District.

GASB Statement No. 101 sets out to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. The implementation of GASB Statement No. 101 had the following effect on net position as reported June 30, 2024, by opinion unit affected:

	<u>Government-Wide</u>
	Governmental
	<u>Activities</u>
Net Position-Beginning of Year, as Previously Presented	(\$10,797,654)
Change in Accounting Principal- Adoption of GASB 101	<u>(21,034,094)</u>
Net Position-Beginning of Year, as Restated or Adjusted	<u><u>(\$31,831,748)</u></u>

Note 16 - Interfund Assets/Liabilities And Transfers

	Interfund		Transfers	
	<u>Receivable</u>	<u>Payable</u>	<u>In</u>	<u>Out</u>
General Fund	\$462,178	\$0	\$0	\$10,142
Other Governmental Funds	<u>0</u>	<u>462,178</u>	<u>10,142</u>	<u>0</u>
Total All Funds	<u><u>\$462,178</u></u>	<u><u>\$462,178</u></u>	<u><u>\$10,142</u></u>	<u><u>\$10,142</u></u>

The interfund payables from the General Fund to the nonmajor special revenue funds relate to short term advances for grant funds that will be repaid in the following year when those reimbursements are received.

The General Fund had transfers out to the Other Governmental Funds. Transfers are used to move General Fund revenues that are used to subsidize various programs in other funds. For fiscal year 2025, these programs included food service fund, other grant fund, and student activity fund.

Miamisburg City School District, Ohio
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2025

Note 17 – Fund Balance Allocation

The School District has chosen to present to the consolidated summary of fund balance classification on the financial statements. The detail of those fund balance classifications are outlined below:

Fund Balances	General	Bond Retirement	Non-Major Funds	Total
Nondisposable:				
Prepays	\$62,091	\$0	\$682,474	\$744,565
Total Nondisposable	62,091	0	682,474	744,565
Restricted for:				
Student Activity	0	0	126,131	126,131
Debt Service	0	5,917,484	0	5,917,484
Other Grants	0	0	69,119	69,119
Capital Improvements	0	0	146,446	146,446
Permanent Improvements	0	0	1,257,903	1,257,903
Food Service	0	0	2,236,394	2,236,394
Special Trust	0	0	130,073	130,073
Athletic Programs	0	0	306,258	306,258
Auxiliary Services	0	0	42,434	42,434
Data Communications Grant	0	0	17,920	17,920
Miamisburg School Foundation	0	0	6,500	6,500
Total Restricted	0	5,917,484	4,339,178	10,256,662
Assigned to:				
Encumbrances *	1,156,869	0	0	1,156,869
Budgetary Resources	6,005,631	0	0	6,005,631
Public School Support	102,619	0	0	102,619
Total Assigned	7,265,119	0	0	7,265,119
Unassigned (Deficit)	14,385,664	0	(444,448)	13,941,216
Total Fund Balance	\$21,712,874	\$5,917,484	\$4,577,204	\$32,207,562

* Encumbrances (assigned) will be used for instruction, support services and capital improvements throughout the District.

Note 18 – Contingencies

Grants

The School District received financial assistance from federal and State agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, the effect of any such disallowed claims on the overall financial position of the School District at June 30, 2025, if applicable, cannot be determined at this time.

Miamisburg City School District, Ohio
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2025

Litigation

The School District is not party to legal proceedings.

School Foundation

School district foundation funding is based on the annualized full-time equivalent (FTE) enrollment of each student. The Ohio Department of Education (ODE) is legislatively required to adjust/reconcile funding as enrollment information is updated by schools throughout the State, which can extend past the fiscal year end. As of the date of this report, ODE adjustments for fiscal year 2025 are finalized. As a result, the net impact of the FTE adjustments on the fiscal year 2025 financial statements was insignificant.

Note 19 – Related Party Disclosures

The School District has evaluated its financial transactions, arrangements, and relationships in accordance with the requirements of the U.S. Department of Education (34 CFR §668.23(d)(1)) and Auditor of State Technical Bulletin 2025-001, which extend beyond the disclosure requirements of GASB Codification Section 2250, Related Party Transactions.

Management has determined that, for the fiscal year ended June 30, 2025, the School District had no related party relationships, related entities, related party transactions, or related party outstanding balances that are required to be disclosed. Accordingly, no related party disclosures are presented in these financial statements.

See accompanying notes to the required supplementary information.

Miamisburg City School District, Ohio
Notes to the Required Supplementary Information
For The Fiscal Year Ended June 30, 2025

Note 1 - Budgetary Basis of Accounting

While the School District is reporting financial position, results of operations and changes in fund balances on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The statement of revenues, expenditures and changes in fund balance - budget (non GAAP basis) and actual is presented for the General Fund on the budgetary basis to provide a meaningful comparison of actual results with the budget.

The major differences between the budget basis and GAAP basis are as follows:

- (1) Revenues are recorded when received in cash (budget) as opposed to when susceptible to accrual (GAAP).
- (2) Expenditures are recorded when paid in cash (budget) as opposed to when the fund liability is incurred (GAAP).
- (3) Encumbrances are treated as expenditures (budget) rather than as a restriction, commitment or assignment of fund balance (GAAP).
- (4) Advances are operating transactions (budget) as opposed to balance sheet transactions (GAAP).
- (5) Funds treated as General Fund equivalents on the GAAP basis are not included on the budget basis.

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budgetary basis statements for the General Fund.

Net Change in Fund Balance	
	General
GAAP Basis	(\$2,872,829)
Revenue Accruals	2,249,024
Expenditure Accruals	1,555,494
Transfers In	197,735
Transfers (Out)	(56,502)
Advances (Out)	(11,766)
Encumbrances	(1,518,660)
Budget Basis	(\$457,504)

Note 2 - Net Pension Liability

School Employees Retirement System (SERS)

Changes in Benefit Terms:

2025: Effective August 1, 2024, HB 33 established a Contribution-Based Benefit Cap (CBBC). Under this provision, a member's retirement allowance (and any survivor benefit derived from that allowance) will

Miamisburg City School District, Ohio
Notes to the Required Supplementary Information
For The Fiscal Year Ended June 30, 2025

be limited if the calculated benefit under the statutory formula exceeds the CBBC amount.

2023-2024: There were no changes in benefit terms since the prior measurement period.

2022: Cost of Living Adjustments (COLA) increased from 0.50% to 2.50%.

2020-2021: There were no changes in benefit terms from the amounts reported for this fiscal year.

2019: With the authority granted the Board under Senate Bill 8, the Board has enacted a three year COLA delay for future benefit recipients commencing benefits on or after April 1, 2018.

2018: SERS changed from a fixed 3.00% annual increase to a Cost of Living Adjustments (COLA) based on the changed in the Consumer Price Index Index (CPI-W), with a cap of 2.50% and a floor of 0.00%.

2014-2017: There were no changes in benefit terms from the amounts reported for these fiscal years.

Changes in Assumptions:

2023-2025: The following changes of assumptions affected the total pension liability since the prior measurement date:

- (1) Cost of Living Adjustments (COLA) was increased from 2.00% to 2.50% for calendar years 2025, 2024 and 2023.

2022: The following changes of assumptions affected the total pension liability since the prior measurement date:

- (1) The assumed rate of inflation was reduced from 3.00% to 2.40%,
- (2) Payroll growth assumption was reduced from 3.50% to 1.75%,
- (3) Assumed real wage growth was increased from 0.50% to 0.85%,
- (4) Cost of Living Adjustments (COLA) was reduced from 2.50% to 2.00%,
- (5) The discount rate was reduced from 7.50% to 7.00%,
- (6) Rates of withdrawal, compensation, participation, spouse coverage assumption, retirement, and disability were updated to reflect recent experience, and,
- (7) Mortality among active members, service retirees and beneficiaries, and disabled members were updated.

2018-2021: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for these fiscal years.

2017: The following changes of assumptions affected the total pension liability since the prior measurement date:

- (1) The assumed rate of inflation was reduced from 3.25% to 3.00%,
- (2) Payroll growth assumption was reduced from 4.00% to 3.50%,
- (3) Assumed real wage growth was reduced from 0.75% to 0.50%,
- (4) Rates of withdrawal, retirement and disability were updated to reflect recent experience,
- (5) Mortality among active members was updated to RP-2014 Blue Collar Mortality Table with fully generational projection and a five year age set-back for both males and females,
- (6) Mortality among service retired members, and beneficiaries was updated to the following RP-2014 Blue Collar Mortality Table with fully generational projection with Scale BB, 120% of male rates, and 110% of female rates,
- (7) Mortality among disabled members was updated to RP-2000 Disabled Mortality Table, 90% for male rates and 100% for female rates, set back five years is used for the period after disability

Miamisburg City School District, Ohio
Notes to the Required Supplementary Information
For The Fiscal Year Ended June 30, 2025

retirement, and

(8) The discount rate was reduced from 7.75% to 7.50%.

2014-2016: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for these fiscal years.

State Teachers Retirement System (STRS)

Changes in Benefit Terms:

2025: In March 2024, the Board adopted a change in the service retirement eligibility requirements for both unreduced and actuarially reduced benefits. This change is effective for retirements beginning June 1, 2024. The change allows for unreduced retirement at 34 years of service indefinitely (was previously set to increase to 35 years beginning August 1, 2029). The change also allows for an actuarially reduced retirement at any age with 29 years of service.

2019-2024: There were no changes in benefit terms from the amounts reported for these fiscal years.

2018: STRS decreased the Cost of Living Adjustment (COLA) to zero.

2014-2017: There were no changes in benefit terms from the amounts reported for these fiscal years.

Changes in Assumptions:

2025: Retirement rates were extended to younger ages intended to ensure that the ranges in retirement eligibility impacted participants at such ages. Demographic assumptions were changed based on the actuarial experience study for the period July 1, 2015 through June 30, 2021.

2024: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for this fiscal year.

2023: The following changes of assumptions affected the total pension liability since the prior measurement date:

- (1) Post-retirement mortality rates are based on the Pub-2010 Teachers Healthy Annuitant Mortality Table:
 - a. Adjusted 110.0% for males, projected forward generationally using mortality improvement scale MP-2020
- (2) Pre-retirement mortality rates are based on Pub-2010 Teachers Employee Table:
 - a. Adjusted 95.0% for females, projected forward generationally using mortality improvement scale MP-2020
- (3) Post-retirement disabled mortality rates are based on Pub-2010 Teachers Disable Annuitant Table:
 - a. Projected forward generationally using mortality improvement scale MP-2020
- (4) Projected salary increases changed from 2.50% to 12.50% to 2.50% to 8.50%

2022: There were changes in assumptions since the prior measurement date, which the discount rate was adjusted to 7.00% from 7.45%.

2019-2021: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for these fiscal years.

2018: The following changes of assumptions affected the total pension liability since the prior measurement date:

Miamisburg City School District, Ohio
Notes to the Required Supplementary Information
For The Fiscal Year Ended June 30, 2025

- (1) The long term expected rate of return was reduced from 7.75% to 7.45%,
- (2) The inflation assumption was lowered from 2.75% to 2.50%,
- (3) The payroll growth assumption was lowered to 3.00%,
- (4) Total salary increases rate was lowered by decreasing the merit component of the individual salary increases, in addition to a decrease of 0.25% due to lower inflation,
- (5) The healthy and disabled mortality assumptions were updated to the RP-2014 mortality tables with generational improvement scale MP-2016, and
- (6) Rates of retirement, termination and disability were modified to better reflect anticipated future experience.

2014-2017: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for these fiscal years.

Note 3 - Net OPEB (Asset)/Liability

School Employees Retirement System (SERS)

Changes in Benefit Terms:

2025: The SERS Board increased the minimum compensation used for determining the health care surcharge from \$25,000 to \$30,000.

2024: Effective January 1, 2024, the non-Medicare disability health care subsidy amounts will change to reflect amounts equal to that of service retirees by years of service.

2017-2023: There were no changes in benefit terms from the amounts reported for these fiscal years.

Changes in Assumptions:

2025: Amounts reported for the fiscal year incorporate changes in key methods and assumptions used in calculating the total OPEB liability as presented below:

- (1) Discount Rate:

Prior Measurement Date	4.27%
Measurement Date	4.88%
- (2) Municipal Bond Index Rate:

Prior Measurement Date	3.86%
Measurement Date	3.93%
- (3) Single Equivalent Interest Rate, net of plan investment expense, including price inflation:

Prior Measurement Date	4.27%
Measurement Date	4.88%
- (4) Health care trend rates were updated.
- (5) Fiduciary Net Position projected depletion changed from 2048 to 2059.

2024: Amounts reported for the fiscal year incorporate changes in key methods and assumptions used in calculating the total OPEB liability as presented below:

- (1) Discount Rate:

Prior Measurement Date	4.08%
Measurement Date	4.27%
- (2) Municipal Bond Index Rate:

Prior Measurement Date	3.69%
Measurement Date	3.86%
- (3) Single Equivalent Interest Rate, net of plan investment expense, including price inflation:

Miamisburg City School District, Ohio
Notes to the Required Supplementary Information
For The Fiscal Year Ended June 30, 2025

Prior Measurement Date 4.08%

Measurement Date 4.27%

- (4) The assumption for percent of pre-Medicare eligible retirees who choose the Wraparound plan increased from 10% to 20%.
- (5) The health care trend assumption on retiree premiums was updated to not apply trend to the \$35 surcharge.
- (6) The morbidity factors were updated based on the Society of Actuaries' June 2013 research report Health Care Costs—From Birth to Death by Dale Yamamoto and from the ASOP 6 practice note developed by the American Academy of Actuaries.
- (7) An assumption was added to assume that 15% of pre-65 retirees who waive will elect coverage upon Medicare eligibility.

2023: Amounts reported for the fiscal year incorporate changes in key methods and assumptions used in calculating the total OPEB liability as presented below:

- (1) Discount Rate:

Prior Measurement Date 2.27%

Measurement Date 4.08%

- (2) Municipal Bond Index Rate:

Prior Measurement Date 1.92%

Measurement Date 3.69%

- (3) Single Equivalent Interest Rate, net of plan investment expense, including price inflation:

Prior Measurement Date 2.27%

Measurement Date 4.08%

- (4) Health care trend rates were updated.

2022: Amounts reported for the fiscal year incorporate changes in key methods and assumptions used in calculating the total OPEB liability as presented below:

- (1) Discount Rate:

Prior Measurement Date 2.63%

Measurement Date 2.27%

- (2) Investment Rate of Return:

Prior Measurement Date 7.50%

Measurement Date 7.00%

- (3) Assumed Rate of Inflation:

Prior Measurement Date 3.00%

Measurement Date 2.40%

- (4) Payroll Growth Assumption:

Prior Measurement Date 3.50%

Measurement Date 1.75%

- (5) Assumed Real Wage Growth:

Prior Measurement Date 0.50%

Measurement Date 0.85%

- (6) Municipal Bond Index Rate:

Prior Measurement Date 2.45%

Measurement Date 1.92%

- (7) Single Equivalent Interest Rate, net of plan investment expense, including price inflation:

Prior Measurement Date 2.63%

Measurement Date 2.27%

- (8) Rates of withdrawal, retirement and disability were updated to reflect recent experience.

Miamisburg City School District, Ohio
Notes to the Required Supplementary Information
For The Fiscal Year Ended June 30, 2025

- (9) Rate of health care participation for future retirees and spouses was updated to reflect recent.
- (10) Mortality among active members was updated to the following:
 - a. PUB-2010 General Amount Weighted Below Median Employee mortality table.
- (11) Mortality among service retired members was updated to the following:
 - a. PUB-2010 General Employee Amount Weighted Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20% for males and set forward 2 years and adjusted 81.35% for females.
- (12) Mortality among beneficiaries was updated to the following:
 - a. PUB-2010 General Amount Weighted Below Median Contingent Survivor mortality table projected to 2017 with ages set forward 1 year and adjusted 105.5% for males and adjusted 122.5% for females.
- (13) Mortality among disabled member was updated to the following:
 - a. PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3% for males and set forward 3 years and adjusted 106.8% for females.
- (14) Mortality rates are projected using a fully generational projection with Scale MP-2020.

2021: Amounts reported for the fiscal year incorporate changes in key methods and assumptions used in calculating the total OPEB liability as presented below:

- (1) Discount Rate:

Prior Measurement Date	3.22%
Measurement Date	2.63%
- (2) Municipal Bond Index Rate:

Prior Measurement Date	3.13%
Measurement Date	2.45%
- (3) Single Equivalent Interest Rate, net of plan investment expense, including price inflation:

Prior Measurement Date	3.22%
Measurement Date	2.63%

2020: Amounts reported for the fiscal year incorporate changes in key methods and assumptions used in calculating the total OPEB liability as presented below:

- (1) Discount Rate:

Prior Measurement Date	3.70%
Measurement Date	3.22%
- (2) Municipal Bond Index Rate:

Prior Measurement Date	3.62%
Measurement Date	3.13%
- (3) Single Equivalent Interest Rate, net of plan investment expense, including price inflation:

Prior Measurement Date	3.70%
Measurement Date	3.22%

2019: Amounts reported for the fiscal year incorporate changes in key methods and assumptions used in calculating the total OPEB liability as presented below:

- (1) Discount Rate:

Prior Measurement Date	3.63%
Measurement Date	3.70%
- (2) Municipal Bond Index Rate:

Prior Measurement Date	3.56%
------------------------	-------

Miamisburg City School District, Ohio
Notes to the Required Supplementary Information
For The Fiscal Year Ended June 30, 2025

Measurement Date	3.62%
(3) Single Equivalent Interest Rate, net of plan investment expense, including price inflation:	
Prior Measurement Date	3.63%
Measurement Date	3.70%

2018: Amounts reported for the fiscal year incorporate changes in key methods and assumptions used in calculating the total OPEB liability as presented below:

(1) Discount Rate:	
Fiscal Year 2018	3.63%
Fiscal Year 2017	2.98%
(2) Municipal Bond Index Rate:	
Fiscal Year 2018	3.56%
Fiscal Year 2017	2.92%
(3) Single Equivalent Interest Rate, net of plan investment expense, including price inflation:	
Fiscal Year 2018	3.63%
Fiscal Year 2017	2.98%

2017: The following changes of assumptions affected the total OPEB liability since the prior measurement date:

- (1) The assumed rate of inflation was reduced from 3.25% to 3.00%,
- (2) Payroll growth assumption was reduced from 4.00% to 3.50%,
- (3) Assumed real wage growth was reduced from 0.75% to 0.50%,
- (4) Rates of withdrawal, retirement and disability were updated to reflect recent experience,
- (5) Mortality among active members was updated to RP-2014 Blue Collar Mortality Table with fully generational projection and a five year age set-back for both males and females,
- (6) Mortality among service retired members, and beneficiaries was updated to the following RP-2014 Blue Collar Mortality Table with fully generational projection with Scale BB, 120% of male rates, and 110% of female rates, and
- (7) Mortality among disabled members was updated to RP-2000 Disabled Mortality Table, 90% for male rates and 100% for female rates, set back five years is used for the period after disability retirement.

State Teachers Retirement System (STRS)

Changes in Benefit Terms:

2025: Healthcare trends were updated to reflect emerging claims and recoveries experience as well as benefit changes effective January 1, 2025. The larger Medicare trends for Years 2027 and 2028 reflect the assumed impact of the expiration of current Medicare Advantage contract on December 31, 2028.

2024: Healthcare trends were updated to reflect emerging claims and recoveries experience as well as benefit changes effective January 1, 2024. The change in the subsidy percentage and the base amount for all retiree Non-Medicare Eligible (NME) participants, from 2.2% per year in last year's valuation to 2.5% per year, capped at 75%, as well as the unfreezing of the NME subsidy, the removal of the 6% cap on the year over year subsidy increase for Medicare Eligible (ME) participants, the changes in deductible and office visits copays for Aetna's Medicare Advantage plan, and updates in the medical and PBM vendor contracts. In addition, there were benefit changes related to the change in eligibility for unreduced Pension benefits.

Miamisburg City School District, Ohio
Notes to the Required Supplementary Information
For The Fiscal Year Ended June 30, 2025

2023: Salary increase rates were updated based on the actuarial experience study for the period July 1, 2015 through June 30, 2021 and were changed from age based to service based. Healthcare trends were updated to reflect emerging claims and recoveries experience.

2022: The non-Medicare subsidy percentage was increased effective January 1, 2022 from 2.055% to 2.100%. The non-Medicare frozen subsidy base premium was increased effective January 1, 2022. The Medicare Part D subsidy was updated to reflect it is expected to be negative in CY2022. The Part B monthly reimbursement elimination date was postponed indefinitely.

2021: There was no change to the claims costs process. Claim curves were updated to reflect the projected fiscal year end 2021 premium based on June 30, 2020 enrollment distribution. The non-Medicare subsidy percentage was increased effective January 1, 2021 from 1.984% to 2.055% per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2021. The Medicare subsidy percentages were adjusted effective January 1, 2021 to 2.1% for the AMA Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed indefinitely.

2020: There was no change to the claims costs process. Claim curves were trended to the fiscal year ending June 30, 2020 to reflect the current price renewals. The non-Medicare subsidy percentage was increased effective January 1, 2020 from 1.944% to 1.984% per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2020. The Medicare subsidy percentages were adjusted effective January 1, 2021 to 2.1% for the Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed to January 1, 2021.

2019: The subsidy multiplier for non-Medicare benefit recipients was increased from 1.900% to 1.944% per year of service effective January 1, 2019. The non-Medicare frozen subsidy base premium was increased effective January 1, 2019 and all remaining Medicare Part B premium reimbursements will be discontinued beginning January 1, 2020. The Board is extending the current Medicare Part B partial reimbursement program for one year. Under this program, benefit recipients currently enrolled in the STRS Ohio Health Care Program and Medicare Part B receive \$29.90 per month to reimburse a portion of the Medicare Part B premium. The reimbursement was set to be reduced to \$0 beginning January 1, 2020. This impacts about 85,000 benefit recipients.

2018: The subsidy multiplier for non-Medicare benefit recipients was reduced from 2.10% to 1.90% per year of service. Medicare Part B premium reimbursements were discontinued for certain survivors and beneficiaries and all remaining Medicare Part B premium reimbursements will be discontinued beginning January 1, 2019.

2017: There were no changes in benefit terms from the amounts reported for this fiscal year.

Changes in Assumptions:

2025: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for this fiscal year.

2024: Healthcare trends were updated to reflect emerging claims and recoveries experience as well as benefit changes effective January 1, 2024. The change in the subsidy percentage and the base amount for all retiree Non-Medicare Eligible (NME) participants, from 2.2% per year in last year's valuation to 2.5% per year, capped at 75%, as well as the unfreezing of the NME subsidy, the removal of the 6% cap on the year over year subsidy increase for Medicare Eligible (ME) participants, the changes in deductible and office visits copays for Aetna's Medicare Advantage plan, and updates in the medical and PBM vendor

contracts. In addition, there were benefit changes related to the change in eligibility for unreduced Pension benefits.

2023: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for this fiscal years.

2022: There were changes in assumptions since the prior measurement date, which the discount rate was adjusted to 7.00% from 7.45%.

2021: There were changes in assumptions during the measurement year, which decreased the total OPEB liability by approximately \$0.26 billion. The assumption changes included changes in healthcare costs and trends.

2020: There were changes in assumptions during the measurement year, which increased the total OPEB liability by approximately \$0.04 billion. The assumption changes included changes in healthcare costs and trends.

2019: The discount rate was increased from the blended rate of 4.13% to the long-term expected rate of return of 7.45% based on the methodology defined under GASB Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans (OPEB). Valuation year per capita health care costs were updated.

2018: The discount rate was increased from 3.26% to 4.13% based on the methodology defined under GASB Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans (OPEB) and the long term expected rate of return was reduced from 7.75% to 7.45%. Valuation year per capita health care costs were updated, and the salary scale was modified. The percentage of future retirees electing each option was updated based on current data and the percentage of future disabled retirees and terminated vested participants electing health coverage were decreased. The assumed mortality, disability, retirement, withdrawal and future health care cost trend rates were modified along with the portion of rebated prescription drug costs.

2017: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for this fiscal year.

COMBINING STATEMENTS AND INDIVIDUAL FUND SCHEDULES

MAJOR GOVERNMENTAL FUND

Bond Retirement Fund - The Bond Retirement Fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest. The bond retirement fund should be used to report resources if legally mandated (i.e. debt payable from property taxes). Financial resources that are being accumulated for principal and interest maturing in future years also should be reported in the bond retirement fund. The Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balance for the Bond Retirement Fund has been included in the Basic Financial Statements. The Schedule of Revenues, Expenditures and Changes in Fund Balance Budget and Actual (Non-GAAP Budgetary Basis) follows this page.

Miamisburg City School District, Ohio

NONMAJOR GOVERNMENTAL FUNDS

Special Revenue Funds

Special Revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects. The term proceeds of specific revenue sources establishes that one or more specific restricted or committed revenues should be the foundation for a special revenue fund.

Capital Projects Funds

The Capital Projects Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets. Capital projects funds exclude those types of capital-related outflows financed by proprietary funds or for assets that will be held in trust for individuals, private organizations, or other governments.

NONMAJOR SPECIAL REVENUE FUNDS

Fund Descriptions

Food Service – It accounts for all food service charges for services, state and federal grants specific to the fund service activity, as well as related food service expenditures.

Special Trust – A fund used to account for contributions received by the School District that are eligible for use in all School District programs.

Other Grant – This fund accounts for the proceeds of specific revenue sources, except for state and federal grants that are legally restricted to expenditures for specified purposes.

Athletic - This fund is provided to account for those student activity programs that have student participation in the activity, but do not have student management of the programs. This fund would usually include athletic programs but could also include the band, cheerleaders, flag corps, and similar types of activities.

Auxiliary Services – This fund accounts for monies which provide services and materials to pupils attending non-public schools within the School District.

Data Communications Grant - This fund provides to account for money appropriated for Ohio Educational Computer Network Connections.

Miscellaneous State Grants – This fund accounts for various state monies received from State agencies that are not classified elsewhere. A separate special cost center must be used for each grant and be approved by the Auditor of State.

Title VI-B Grant – This fund accounts for federal funds for the provision of full educational opportunities to handicapped children at the preschool, elementary and secondary levels and to assist in the training of teachers, supervisors and other specialists in providing educational services to the handicapped.

Title III Grant - This fund accounts for the School to develop and carry out elementary and secondary school programs, including activities at the pre-school level, to meet the educational needs of children of limited English proficiency.

Title I Grant – This fund accounts for federal funds expended for services provided to meet special educational needs of educationally deprived children.

EHA Preschool Grant – The Preschool Grant Program, Section 619 of Public Law 99-457, addresses the improvement and expansion of services for handicapped children ages three (3) through five (5) years.

Supporting Effective Instruction State Grants – This fund accounts for federal funds to be used to support the teachers in grades 1 through 3, so that the number of students per teacher will be reduced.

Miscellaneous Federal Grants – This fund accounts for various federal monies received from State agencies that are not classified elsewhere. A separate special cost center must be used for each grant and be approved by the Auditor of State.

Title I Supplemental School Improvement - To help schools improve the teaching and learning of children failing, or most at risk of failing to meet challenging State achievement standards.

ESSER - To provide emergency relief grants to school districts related to the COVID-19 pandemic.

Student Activity - To account for revenues generated by student managed activities.

Miamisburg School foundation - To account for the growing need for a comprehensive educational program delivered to students in the 7-12 population primarily through distance learning technologies and computer based classroom curriculum.

Drug-Free School - To offer a disciplined environment conducive to learning, by preventing violence in and around schools and strengthen programs that prevent the illegal use of alcohol, tobacco, and drugs, involve parents, and coordinated with related Federal, State, and community efforts and resources.

Early Childhood Education – A fund to assist the district in paying the cost of preschool programs for three and four year olds.

NONMAJOR CAPITAL PROJECTS FUNDS

Permanent Improvement Fund – The Permanent Improvement Fund is used to account for financial resources, specifically property and other local taxes generated by the District's permanent improvement levy, to be used to maintain the District's facilities, as well as provide for major equipment and instructional material purchases.

Capital Projects Fund – This fund is used to accumulate money for one or more capital projects.

OTHER GENERAL FUNDS

With the implementation of GASB Statement No. 54, certain funds that the District prepares legally adopted budgets for no longer meet the definition to be reported as Special Revenue funds and have been included with the General Fund in the governmental fund financial statements. The District has only presented the budget schedules for these funds.

Fund Descriptions

Uniform School Supplies - To account for the purchase and sale of school supplies as adopted by the Board of Education for resale to students of the District.

Public School Support - To account for specific local revenue sources (other than taxes) generated by individual school buildings (e.g. sale of pictures, profits from vending machines, etc.) Expenditures include field trips, materials, equipment and other items to supplement co- curricular and extra-curricular programs.

Insurance Replacement - To account for funds set aside by the School District for future insurance costs increases.

Termination Benefits - A fund used to accumulated monies for paying termination benefits or for paying salaries when the number of pay periods exceeds the usual and customary for a year.

Management Information Systems – This fund accounts for hardware and software development, or other costs associated with the requirements of the management information system. Since the only revenue sources are transfers, the fund is combined with the General fund for GAAP basis purposes.

Employee Benefits – A fund provided to account for monies received from other funds as payment for providing medical, hospitalization, life, dental, vision, or any other similar employee benefits. The Employee Benefits Fund may make payments for services provided to employees, for reimbursements to employees who have paid providers, to third party administrators for claim payment or administration, for stop-loss coverage or for any other reinsurance or similar purposes.

Statistical Section

STATISTICAL SECTION

This part of the District's annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the District's overall financial health.

Contents

Financial Trends - These schedules contain trend information to help the reader understand how the District's financial position has changed over time.

Revenue Capacity - These schedules contain information to help the reader understand and assess the District's most significant local revenue source, the property tax.

Debt Capacity - These schedules present information to help the reader assess the affordability of the District's current levels of outstanding debt and the District's ability to issue additional debt in the future.

Economic and Demographic Information - These schedules offer economic and demographic indicators to help the reader understand the environment within which the District's financial activities take place and to provide information that facilitates comparisons of financial information over time and among governments.

Operating Information - These schedules contain service and infrastructure data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs.

Sources - Unless otherwise noted, the information in these schedules is derived from the annual comprehensive financial reports for the relevant year.

Source: Montgomery County Auditor

- (1) Taxes levied and collected are presented on a cash basis
- (2) State reimbursements of rollback and homestead exemptions are included
- (3) Penalties and interest are included, since by Ohio law they become part of the tax obligation as assessment occurs.
- (4) The information is provided by the County Auditor and "collections from subsequent years" are not applied back to each levy year. Since the information comes from a third party, the District is not able to allocate the collections back. This will result in actual collections appearing to exceed the levied amount
