Canton, Ohio 44709

We have reviewed the *Independent Auditor's Report* of the Plain Local School District, Stark County, prepared by Rea & Associates, Inc., for the audit period July 1, 2024 through June 30, 2025. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Plain Local School District is responsible for compliance with these laws and regulations.

KEITH FABER  
Ohio Auditor of State

Tiffany L. Ridenbaugh, CPA, CFE, CGFM  
Chief Deputy Auditor

## Independent Auditor's Report

To the Board of Education and Management  
Plain Local School District  
Stark County, Ohio  
901 44th Street NW  
Canton, Ohio 44709

### Report on the Audit of the Financial Statements

#### *Opinions*

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Plain Local School District, Stark County, Ohio, (the "District") as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District, as of June 30, 2025, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### *Basis for Opinions*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standard* issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### *Emphasis of Matter*

As discussed in Note 3 to the financial statements, the District restated the net position balance to account for the implementation of Governmental Accounting Standards Board (GASB) Statement No. 101, *Compensated Absences*. Our opinions are not modified with respect to this matter.

#### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, pension and other post-employment benefit schedules and the budgetary

comparison for the general fund be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The *Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. Code of Federal Regulations Part 200*, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the *Schedule of Expenditures of Federal Awards* is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 23, 2025 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering District's internal control over financial reporting and compliance.

**PLAIN LOCAL SCHOOL DISTRICT  
STARK COUNTY, OHIO**

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

The discussion and analysis of the Plain Local School District's (the "District") financial performance provides an overall review of the District's financial activities for the fiscal year ended June 30, 2025. The intent of this discussion and analysis is to look at the District's financial performance as a whole; readers should also review the basic financial statements and the notes to the basic financial statements to enhance their understanding of the District's financial performance.

**Financial Highlights**

Key financial highlights for fiscal year 2025 are as follows:

- In total, net position of governmental activities increased \$5,611,459 from the fiscal year 2024 restated net position.
- General revenues accounted for \$68,723,666 in revenue or 79.23% of all revenues. Program specific revenues in the form of charges for services and sales, grants and contributions accounted for \$18,010,381 or 20.77% of total revenues of \$86,734,047.
- The District had \$81,122,588 in expenses related to governmental activities; \$18,010,381 of these expenses were offset by program specific charges for services, grants or contributions. General revenues supporting governmental activities (primarily taxes and unrestricted grants and entitlements) of \$68,723,666 were adequate to provide for these programs.
- The District's most significant governmental fund is the general fund. The general fund had \$72,618,879 in revenues and other financing sources and \$88,091,917 in expenditures and other financing uses. Fund balance decreased during the year from \$31,761,290 to \$16,278,148, primarily due to transfers to other funds.

**Using this Financial Report**

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The *statement of net position* and *statement of activities* provide information about the activities of the whole District, presenting both an aggregate view of the District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the District's most significant funds with all other nonmajor funds presented in total in one column. The District's major governmental funds are the general fund and the capital projects fund.

**Reporting the District as a Whole**

***Statement of Net Position and the Statement of Activities***

While this document contains the large number of funds used by the District to provide programs and activities, the view of the District as a whole looks at all financial transactions and asks the question, "How did we do financially during 2025?" The statement of net position and the statement of activities answer this question. These statements include *all non-fiduciary assets, liabilities, deferred inflows and outflows of resources, revenues and expenses* using the *accrual basis of accounting* similar to the accounting used by most private-sector companies. This basis of accounting will take into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the District's *net position* and changes in that position. This change in net position is important because it tells the reader that, for the District as a whole, the *financial position* of the District has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the District's property tax base, current property tax laws in Ohio restricting revenue growth, facility conditions, required educational programs and other factors.

**PLAIN LOCAL SCHOOL DISTRICT  
STARK COUNTY, OHIO**

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

In the statement of net position and the statement of activities, the governmental activities include the District's programs and services, including instruction, support services, operation and maintenance of plant, pupil transportation, extracurricular activities, and food service operations.

**Reporting the District's Most Significant Funds**

***Fund Financial Statements***

The analysis of the District's major governmental funds begins on page 13. Fund financial reports provide detailed information about the District's major funds. The District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the District's most significant funds. The District's major governmental funds are the general fund and the capital projects fund.

***Governmental Funds***

Most of the District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called *modified accrual* accounting, which measures cash and all other *financial assets* that can readily be converted to cash. The governmental fund financial statements provide a detailed *short-term* view of the District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental *activities* (reported in the statement of net position and the statement of activities) and governmental *funds* is reconciled in the basic financial statements.

***Reporting the District's Fiduciary Responsibilities***

The District acts in a trustee capacity as an agent for individuals, private organizations, or other governmental units. These activities are reported in custodial funds. The District's fiduciary activities are reported in a statement of fiduciary net position and a statement of changes in fiduciary net position. These activities are excluded from the District's other financial statements because the assets cannot be utilized by the District to finance its operations.

***Notes to the Basic Financial Statements***

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

***Required Supplementary Information***

The required supplementary information provides detailed information regarding the District's proportionate share of the net pension liability and the net OPEB liability/asset of the retirement systems. It also includes a ten year schedule of the District's contributions to the retirement systems to fund pension and OPEB obligations, as well as budgetary information and a budgetary comparison schedule for the District's general fund.

STARK COUNTY, OHIO**

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

**The District as a Whole**

The statement of net position provides the perspective of the District as a whole. The following table provides a summary of the District's net position at June 30, 2025 and 2024. Amounts for fiscal year 2025 have been presented in accordance with the provisions of GASB Statement No. 101 (see Note 3 in the notes to the basic financial statements), while amounts for fiscal year 2024 have been presented in accordance with previous guidance.

**PLAIN LOCAL SCHOOL DISTRICT  
STARK COUNTY, OHIO**

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

The net pension liability (NPL) is the largest single liability reported by the District at June 30, 2025 and is reported pursuant to Governmental Accounting Standards Board (GASB) Statement 68, "Accounting and Financial Reporting for Pensions—An Amendment of GASB Statement 27." The District has adopted GASB Statement 75, "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions," which significantly revises accounting for costs and liabilities related to other postemployment benefits (OPEB). For reasons discussed below, many end users of this financial statement will gain a clearer understanding of the District's actual financial condition by adding deferred inflows related to pension and OPEB, the net pension liability and the net OPEB liability to the reported net position and subtracting deferred outflows related to pension and OPEB and the net OPEB asset.

Governmental Accounting Standards Board standards are national and apply to all government financial reports prepared in accordance with generally accepted accounting principles. Prior accounting for pensions (GASB 27) and postemployment benefits (GASB 45) focused on a funding approach. This approach limited pension and OPEB costs to contributions annually required by law, which may or may not be sufficient to fully fund each plan's *net pension liability* or *net OPEB liability*. GASB 68 and GASB 75 take an earnings approach to pension and OPEB accounting; however, the nature of Ohio's statewide pension/OPEB plans and state law governing those systems requires additional explanation in order to properly understand the information presented in these statements.

GASB 68 and GASB 75 require the net pension liability and the net OPEB liability to equal the District's proportionate share of each plan's collective:

1. Present value of estimated future pension/OPEB benefits attributable to active and inactive employees' past service.
2. Minus plan assets available to pay these benefits.

GASB notes that pension and OPEB obligations, whether funded or unfunded, are part of the "employment exchange" – that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension and other postemployment benefits. GASB noted that the unfunded portion of this promise is a present obligation of the government, part of a bargained-for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the District is not responsible for certain key factors affecting the balance of these liabilities. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The Ohio Revised Code permits, but does not require, the retirement systems to provide healthcare to eligible benefit recipients. The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits.

The employee enters the employment exchange with the knowledge that the employer's promise is limited not by contract but by law. The employer enters the exchange also knowing that there is a specific, legal limit to its contribution to the retirement system. In Ohio, there is no legal means to enforce the unfunded liability of the pension/OPEB plan *as against the public employer*. State law operates to mitigate/lessen the moral obligation of the public employer to the employee, because all parties enter the employment exchange with notice as to the law. The retirement system is responsible for the administration of the pension and OPEB plans.

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e. sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension liability or the net OPEB liability. As explained above, changes in benefits, contribution rates, and return on investments affect the balance of these liabilities but are outside the control of the local government. In the event that contributions, investment returns, and other changes are insufficient to keep up with required payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability and the net OPEB liability are satisfied, these liabilities are separately identified within the long-term liability section of the statement of net position.

**PLAIN LOCAL SCHOOL DISTRICT  
STARK COUNTY, OHIO**

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

In accordance with GASB 68 and GASB 75, the District's statements prepared on an accrual basis of accounting include an annual pension expense and an annual OPEB expense for their proportionate share of each plan's *change* in net pension liability and net OPEB liability, respectively, not accounted for as deferred inflows/outflows. As the previous table illustrates, some of the most significant changes in net position were related to the District's net pension liability and net OPEB liability/asset, and the related deferred inflows/outflows of resources. See Notes 12 and 13 in the notes to the basic financial statements for additional information regarding these components of net position.

At year-end, capital assets represented 39.92% of total assets. Capital assets include land, land improvements, buildings and improvements, furniture and equipment, and vehicles. The net investment in capital assets at June 30, 2025 was \$40,876,654. Capital assets are used to provide services to the students and are not available for future spending.

A portion of the District's net position, \$10,576,365, represents resources that are subject to external restriction on how they may be used. These are mostly resources restricted for debt service, OPEB, or food service operations. The remaining unrestricted portion of the District's net position is a deficit of \$38,552,365.

The table below illustrates the District's assets and deferred outflows of resources, liabilities and deferred inflows of resources, and net position at June 30, 2025 and 2024.

The table on the following page shows the change in net position for fiscal years 2025 and 2024. For fiscal year 2025, the District has implemented GASB Statement No. 101 (see Note 3 in the notes to the basic financial statements); the effect of this implementation is reported in the following table as a restatement.

THIS SPACE IS INTENTIONALLY LEFT BLANK

**PLAIN LOCAL SCHOOL DISTRICT  
STARK COUNTY, OHIO**

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

**Governmental Activities**

Net position of the District's governmental activities increased \$5,611,459 in fiscal year 2025. Total governmental expenses of \$81,122,588 were offset by program revenues of \$18,010,381 and general revenues of \$68,723,666. Program revenues supported 22.20% of the total governmental expenses.

The primary sources of revenue for governmental activities are derived from property taxes and unrestricted grants and entitlements. These two revenue sources combined represent 75.99% and 73.89% of total governmental revenue in 2025 and 2024, respectively. Total revenues increased slightly, up \$1,578,539 or 1.85%, mostly due to an increase in property taxes.

Expenses of the governmental activities decreased \$2,048,693 or 2.46%, which is primarily due to a decrease in total pension and OPEB expense. This total for fiscal year 2025 was \$2,085,493 compared to \$4,256,351 in the prior year. Instruction expenses accounted for 57.36% of all expenses in fiscal year 2025.

The following graph presents the District's governmental activities revenues and expenses for fiscal years 2025 and 2024.

**Governmental Activities - Revenues and Expenses**

The statement of activities shows the cost of program services and the charges for services and grants offsetting those services. The following table shows, for governmental activities, the total cost of services and the net cost of services. That is, it identifies the cost of these services supported by tax revenue and unrestricted State grants and entitlements.

The dependence upon taxes and other general revenues for governmental activities is apparent; 79.81% of instruction activities are supported through taxes and other general revenues. For all governmental activities, general revenue support is 77.80%. The District's taxpayers and unrestricted grants and entitlements, as a whole, are by far the primary support for District students.

The graph below presents the District's governmental activities revenue for fiscal years 2025 and 2024.

**General Fund**

During fiscal year 2025, the District's general fund balance decreased \$15,483,142 or 48.75%. This is partially due to an increase in expenditures over revenues as the tables below illustrate, but it is mostly a result of transfers to other funds in the amount of \$14,000,000. The following table assists in illustrating the revenues of the general fund for fiscal years 2025 and 2024.

|                         | <u>2025<br/>Amount</u> | <u>2024<br/>Amount</u> | <u>Increase<br/>(Decrease)</u> | <u>Percentage<br/>Change</u> |
|-------------------------|------------------------|------------------------|--------------------------------|------------------------------|
| <b><u>Revenues</u></b>  |                        |                        |                                |                              |
| Property taxes          | \$ 35,327,190          | \$ 32,822,696          | \$ 2,504,494                   | 7.63 %                       |
| Tuition and fees        | 2,833,527              | 2,826,801              | 6,726                          | 0.24 %                       |
| Earnings on investments | 2,383,306              | 2,291,273              | 92,033                         | 4.02 %                       |
| Intergovernmental       | 31,198,490             | 31,077,746             | 120,744                        | 0.39 %                       |
| Other revenues          | <u>871,945</u>         | <u>809,844</u>         | <u>62,101</u>                  | 7.67 %                       |
| Total                   | <u>\$ 72,614,458</u>   | <u>\$ 69,828,360</u>   | <u>\$ 2,786,098</u>            | 3.99 %                       |

Total general fund revenues increased across the board, but the overall increase came from property taxes. This is primarily a result of a large increase in assessed property values which went up about \$402 million (30%) for calendar year 2025 collections.

The following table assists in illustrating the expenditures of the general fund for fiscal years 2025 and 2024.

|                            | <u>2025<br/>Amount</u> | <u>2024<br/>Amount</u> | <u>Increase<br/>(Decrease)</u> | <u>Percentage<br/>Change</u> |
|----------------------------|------------------------|------------------------|--------------------------------|------------------------------|
| <b><u>Expenditures</u></b> |                        |                        |                                |                              |
| Instruction                | \$ 43,823,859          | \$ 42,133,089          | \$ 1,690,770                   | 4.01 %                       |
| Support services           | 29,011,014             | 27,355,326             | 1,655,688                      | 6.05 %                       |
| Extracurricular activities | <u>1,257,044</u>       | <u>1,138,618</u>       | <u>118,426</u>                 | 10.40 %                      |
| Total                      | <u>\$ 74,091,917</u>   | <u>\$ 70,627,033</u>   | <u>\$ 3,464,884</u>            | 4.91 %                       |

General fund expenditures also increased in all areas, as the table above illustrates. Most of the change was from an increase in operational costs for the District's regular instruction programs and also pupil and instructional staff support services.

STARK COUNTY, OHIO**

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

***Capital Projects Fund***

The District created the capital projects fund in fiscal year 2025 to accumulate resources for various capital improvement projects throughout the District over the next several years. The only activity in fiscal year 2025 was revenue of \$77,883 (earnings on investments) and transfers in of \$14,738,536 to establish the fund.

***General Fund Budgeting Highlights***

The District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the general fund.

During the course of fiscal year 2025, the District amended its general fund budget as needed. For the general fund, original and budgeted revenues and other financing sources were \$69,083,000. This was increased to \$70,995,773 in the final budget, mostly to account for the increase in property tax collections. Actual revenues and other financing sources were \$70,995,773 which is equal to the final budget.

General fund original appropriations (appropriated expenditures plus other financing uses) were \$75,918,117. This total was increased to \$92,799,316 in the final budget, which was mostly to account for a \$14,000,000 transfer to the create the capital projects fund. Actual expenditures and other financing uses were \$92,799,316 which is equal to the final budget.

**Capital Assets and Debt Administration**

***Capital Assets***

At the end of fiscal year 2025, the District had \$61,516,582 invested in land, land improvements, buildings and improvements, furniture and equipment, and vehicles (net of accumulated depreciation). The following table shows fiscal year 2025 balances compared to 2024.

**Capital Assets at June 30  
(Net of Depreciation)**

|                            | <u>Governmental Activities</u> |                      |
|----------------------------|--------------------------------|----------------------|
|                            | <u>2025</u>                    | <u>2024</u>          |
| Land                       | \$ 2,384,610                   | \$ 2,384,610         |
| Land improvements          | 16,395,435                     | 15,781,678           |
| Buildings and improvements | 36,786,101                     | 38,335,647           |
| Furniture and equipment    | 4,088,871                      | 3,202,032            |
| Vehicles                   | <u>1,861,565</u>               | <u>1,729,924</u>     |
| Total                      | <u>\$ 61,516,582</u>           | <u>\$ 61,433,891</u> |

Total additions to capital assets for fiscal year 2025 were \$4,385,469 and the District recognized depreciation expense of \$4,302,778 during the year. Net capital asset disposals for the year amounted to \$0. See Note 8 in the notes to the basic financial statements for additional information on capital assets.

***Debt Administration***

At June 30, 2025, the District had \$20,320,000 in general obligation bonds outstanding. Of this total, \$3,085,000 is due within one year and \$17,235,000 is due in greater than one year. The following table summarizes the bonds outstanding.

**PLAIN LOCAL SCHOOL DISTRICT  
STARK COUNTY, OHIO**

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

**Outstanding Debt, at Year-End**

|                           | Governmental Activities |                      |
|---------------------------|-------------------------|----------------------|
|                           | 2025                    | 2024                 |
| General Obligation Bonds: |                         |                      |
| Series 2017 Refunding     | \$ 20,320,000           | \$ 23,290,000        |
| Total                     | <u>\$ 20,320,000</u>    | <u>\$ 23,290,000</u> |

There were no new debt additions in fiscal year 2025 and principal payments amounted to \$2,970,000. See Note 9 in the notes to the basic financial statements for additional information on the District's debt administration.

**Current Financial Related Activities**

The District relies heavily on real estate tax collections. Total receipts in the general fund real estate tax and personal property receipts (and delinquency collections) increased by \$1,802,233 in fiscal year 2025 (FY25). All district millage is continuing. State aid in the general fund experienced an increase due to the phase in of the fair school funding formula. This trend will stop moving into fiscal year 2026. All other revenue was less in fiscal year 2025 than fiscal year 2024 based on a large insurance claim received in fiscal year 2024. Total general fund revenue increased by \$1,196,038 over fiscal year 2024.

The District received federal grant money for COVID-19 relief beginning in June 2020 and those funds have been exhausted. The money was received in June 2020 and was used to reimburse the general fund for salaries, benefits, and sanitizing products totaling \$976,318. The Governor funded a Student Success & Wellness Grant for FY20 and FY21. In FY20 the District spent \$968,589 from this fund and it relieved the general fund in a number of areas and greatly benefited students. The state biennial budget which was funded for fiscal years 2022 and 2023 implemented a new Fair School Funding Plan. The Student Success and Wellness funds became part of restricted general fund dollars in FY22 and FY23. Total state unrestricted and restricted funds were slightly higher in FY25 than they were in FY24.

The District has been conservative in the use of its resources as well as creative. The federal ESSER money and other grant money that has flowed through the State of Ohio for safety, success, and wellness, has been spent to help students in every possible way so they can be successful. It has allowed the general fund to extend its lifecycle while implementing many of the latest best practices. This has included added new positions such as social workers and success coaches, after school programing with transportation home. The District has been able to run a summer school program to address a myriad of needs with transportation. All of the above positions have been maintained by the district now that ESSER funds have run out. Plain was able to add ionization to every building in the district as well as climate control and system modifications and automations to the buildings. The result for the first year is that utility costs dropped due to the higher efficiency of our HVAC systems even with the cost of air conditioning.

Management has been stable and attentive. An intense budgeting process is used and then monitored throughout the year. The five-year forecast is amended as additional facts or possible issues become known. The district remains solid financially as revenues and expenditures are constantly scrutinized and evaluated. Expenditure trends are beginning to exceed the capacity for revenue.

During fiscal year 2023, the District Board, administration, and all three bargaining units negotiated new three year agreements which became effective July 1, 2023 and run through June 30, 2026. These contracts are well in line with current market standards. The district will need to negotiate a new agreement at the conclusion of the current fiscal year.

The Board and Administration will continue to manage its resources conservatively and operate using priority based budgeting to remain financially sound while providing exceptional opportunities in academics, athletics, and the arts for students.

**PLAIN LOCAL SCHOOL DISTRICT  
STARK COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

**NOTE 1 - DESCRIPTION OF THE SCHOOL DISTRICT**

The Plain Local School District (the “District”) was established through the consolidation of existing land areas and school districts and is organized under Section 2 and 3, Articles VI of the Constitution of the State of Ohio. Under such laws there is no authority for a school district to have a charter or adopt local laws. The legislative power of the school district is vested in the Board of Education, consisting of five members elected at large for staggered four-year terms.

The District employs 378 certified and 321 non-certified employees to provide services to approximately 5,672 students in grades K through 12 and various community groups.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The basic financial statements of the District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

**A. Reporting Entity**

The reporting entity has been defined in accordance with GASB Statement No. 14, “The Financial Reporting Entity” as amended by GASB Statement No. 39, “Determining Whether Certain Organizations Are Component Units” and GASB Statement No. 61, “The Financial Reporting Entity: Omnibus an Amendment of GASB Statements No. 14 and No. 34”. The reporting entity is composed of the primary government and component units. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the District. For the District, this includes general operations, food service, and student related activities of the District.

Component units are legally separate organizations for which the District is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of the organization’s Governing Board and (1) the District is able to significantly influence the programs or services performed or provided by the organization; or (2) the District is legally entitled to or can otherwise access the organization’s resources; or (3) the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or (4) the District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the District in that the District approves the budget, the issuance of debt or the levying of taxes. Certain organizations are also included as component units if the nature and significance of the relationship between the primary government and the organization is such that exclusion by the primary government would render the primary government’s financial statements incomplete or misleading. Based upon the application of these criteria, the District has no component units. The basic financial statements of the reporting entity include only those of the District (the primary government).

The following organizations are described due to their relationship to the District:

*JOINTLY GOVERNED ORGANIZATION*

The District is a member of the Stark-Portage Area Computer District (SPARCC), a jointly governed organization which provides computer services to the school districts within the boundaries of Stark and Portage Counties as well as a district in Tuscarawas and a district in Wayne County. Each District’s superintendent serves as a representative on the Board. However, SPARCC is primarily governed by a five member Executive Board which is made up of two representatives from Stark County, two from Portage County and a Treasurer. The Board meets monthly to address any current issues.

**PLAIN LOCAL SCHOOL DISTRICT  
STARK COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)**

*PUBLIC ENTITY RISK POOL*

The Stark County Schools Council of Government (the “Council”) is governed by an assembly which consists of one representative from each of the original participating school district (usually the superintendent or designee). The assembly elects officers for one year terms to serve as the Board of Directors. The assembly exercises control over the operation of the Council. All Council revenues are generated from charges for services. The Council has a Health Benefits Program which is a shared risk pool comprised of 162 entities, most of which are school districts.

The Council also sponsors a workers’ compensation group rating plan which is an insurance purchasing pool.

**B. Fund Accounting**

The District uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self balancing set of accounts. There are three categories of funds: governmental, proprietary and fiduciary. The District does not have proprietary funds.

*GOVERNMENTAL FUNDS*

Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and deferred outflows and liabilities and deferred inflows is reported as fund balance. The following is the District’s major governmental fund:

General fund - The general fund is used to account for and report all financial resources not accounted for and reported in another fund. The general fund balance is available for any purpose provided it is expended or transferred according to the general laws of Ohio.

Capital projects fund – This fund is used to accumulate money for one or more capital projects. For the District, this includes resources committed for a new elementary school building.

Other governmental funds of the District are used to account for:

Nonmajor special revenue funds- Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

Nonmajor capital projects funds- Capital projects funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

Nonmajor debt service funds- Debt service funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest.

**PLAIN LOCAL SCHOOL DISTRICT  
STARK COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)**

*FIDUCIARY FUNDS*

Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and custodial funds. Trust funds are used to account for assets held by the District under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the District's own programs. The District has no trust funds. Custodial funds account for monies on behalf of others that do not meet the definition of a trust fund. The District's custodial fund account for amounts held as fiscal agent for a vocational education compact (see Note 15).

**C. Basis of Presentation and Measurement Focus**

Government-Wide Financial Statements - The statement of net position and the statement of activities display information about the District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds.

The government-wide statement of activities presents a comparison between direct expenses and program revenues for each function or program of the governmental activities of the District. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include amounts paid by the recipient of goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues not classified as program revenues are presented as general revenues of the District.

The government-wide financial statements are prepared using the economic resources measurement focus. All assets and deferred outflows and all liabilities and deferred inflows associated with the operation of the District are included on the statement of net position.

Fund Financial Statements - Fund financial statements report detailed information about the District. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column, and all nonmajor funds are aggregated into one column. Fiduciary funds are reported by fund type.

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and deferred outflows of resources and current liabilities and deferred inflows of resources generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The custodial fund is reported using the economic resources measurement focus.

**D. Basis of Accounting**

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Fiduciary funds use the accrual basis of accounting.

**PLAIN LOCAL SCHOOL DISTRICT  
STARK COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)**

Revenues - Exchange and Nonexchange Transactions - Revenues resulting from exchange transactions, in which each party gives and receives essentially equal value, are recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, available means expected to be received within sixty days of fiscal year-end.

Nonexchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied (See Note 6).

Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the District must provide local resources to be used for a specified purpose and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year-end: property taxes available as an advance, interest, tuition, grants, student fees and rentals.

Deferred Outflows of Resources and Deferred Inflows of Resources - In addition to assets, the government-wide statement of net position will report a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net assets that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. See Notes 12 and 13 for deferred outflows of resources related to net pension liability/asset and net OPEB liability/asset, respectively. In addition, deferred outflows of resources include a deferred charge on debt refunding. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, both the government-wide statement of net position and the governmental fund financial statements report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net assets that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. Deferred inflows of resources include property taxes and unavailable revenue. Property taxes represent amounts for which there is an enforceable legal claim as of June 30, 2025, but which were levied to finance fiscal year 2026 operations. These amounts have been recorded as a deferred inflow of resources on both the government-wide statement of net position and the governmental fund financial statements. Unavailable revenue is reported only on the governmental funds balance sheet, and represents receivables which will not be collected within the available period. Unavailable revenue includes, but is not limited to, delinquent property taxes and intergovernmental grants. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available. The deferred inflow of resources for leases is related to the lease receivable and is being amortized to lease revenue in a systematic and rational manner over the term of the lease.

See Notes 12 and 13 for deferred inflows of resources related to net pension liability/asset and net OPEB liability/asset, respectively. These deferred inflows of resources are only reported on the government-wide statement of net position.

Expenses/Expenditures - On the accrual basis of accounting, expenses are recognized at the time they are incurred. The entitlement value of donated commodities used during the year is reported in the statement of revenues, expenditures and changes in fund balances as an expenditure with a like amount reported as intergovernmental revenue.

**PLAIN LOCAL SCHOOL DISTRICT  
STARK COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)**

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

**E. Budgets**

The District is required by State statute to adopt an annual appropriated cash basis budget for all funds. The specific timetable is as follows:

1. On October 25, 2005, the Stark County Budget Commission voted to waive the requirement that school districts adopt a tax budget, as required by section 5705.28 of the Ohio Revised Code, by January 15 and the filing by January 20. The Budget Commission now requires an alternate tax budget be submitted by January 20 which no longer requires specific Board approval.
2. By no later than January 20, the adopted budget is filed with the Stark County Budget Commission for tax rate determination.
3. Prior to April 1, the Board of Education accepts, by formal resolution, the tax rates as determined by the Budget Commission and receives the Commission's certificate of estimated resources which states the projected revenue of each fund. Prior to July 1, the District must revise its budget so that total contemplated expenditures from any fund during the ensuing year will not exceed the amount stated in the certificate of estimated resources. The revised budget then serves as a basis for the appropriation measure. On or about July 1, the certificate of estimated resources is amended to include any unencumbered balances from the preceding year as reported by the District Treasurer. The certificate of estimated resources may be further amended during the year if projected increases or decreases in revenue are identified by the District Treasurer. The amounts reported in the budgetary statement reflect the amounts set forth in the original and final certificate of estimated resources issued for fiscal year 2025.
4. By July 1, the annual appropriation resolution is legally enacted by the Board of Education at the fund level of expenditures, which is the legal level of budgetary control. State statute permits a temporary appropriation to be effective until no later than October 1 of each year. Although the legal level of budgetary control was established at the fund level of expenditures, the District has elected to present budgetary statement comparisons at the fund and function level of expenditures. Resolution appropriations by fund must be within the estimated resources as certified by the County Budget Commission, and the total of expenditures and encumbrances may not exceed the appropriation total.
5. Any revisions that alter the total of any fund appropriation must be approved by the Board of Education.
6. Formal budgetary integration is employed as a management control device during the year for all funds consistent with the general obligation bond indenture and other statutory provisions. All funds completed the year within the amount of their legally authorized cash basis appropriation.
7. Appropriation amounts are as originally adopted, or as amended by the Board of Education through the year by supplemental appropriations which either reallocated or increased the original appropriated amounts. All supplemental appropriations were legally enacted by the Board during fiscal year 2025. All amounts reported in the budgetary statement reflect the original and final appropriations plus all modifications legally enacted by the Board.
8. Unencumbered appropriations lapse at year-end. Encumbered appropriations are carried forward to the succeeding fiscal year and need not be re-appropriated. Expenditures plus encumbrances may not legally exceed budgeted appropriations at the fund level.

**PLAIN LOCAL SCHOOL DISTRICT  
STARK COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)**

**F. Cash and Investments**

To improve cash management, cash received by the District is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through the District's records. Each fund's interest in the pool is presented as "equity in pooled cash, cash equivalents and investments" on the basic financial statements.

During fiscal year 2025, investments were limited to federal agency securities, negotiable certificates of deposit, U.S. Treasury Notes, U.S. Government money market funds, and investments in the State Treasury Asset Reserve of Ohio (STAR Ohio). Except for nonparticipating investment contracts, investments are reported at fair value, which is based on quoted market prices. Nonparticipating investment contracts such as repurchase agreements and nonnegotiable certificates of deposit are reported at cost.

STAR Ohio is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but has adopted Governmental Accounting Standards Board (GASB), Statement No. 79, "Certain External Investment Pools and Pool Participants." The District measures their investment in STAR Ohio at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides an NAV per share that approximates fair value.

There were no limitations or restrictions on any participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates. However, 24 hours notice in advance of all deposits and withdrawals exceeding \$100 million is encouraged. STAR Ohio reserves the right to limit the transaction to \$250 million, requiring the excess amount to be transacted the following business day(s), but only to the \$250 million limit. All accounts of the participant will be combined for these purposes.

Under existing Ohio statutes, all investment earnings are assigned to the general fund except for those specifically related to the auxiliary services fund, food service fund, and permanent improvement fund individually authorized by Board resolution. Interest revenue credited to the general fund during fiscal year 2025, including the change in fair value of investments, amounted to \$2,383,306 which includes \$653,941 assigned from other District funds.

For presentation on the basic financial statements, investments of the cash management pool and investments with original maturities of three months or less at the time they are purchased by the District are considered to be cash equivalents. Investments with an initial maturity of more than three months are reported as investments.

An analysis of the District's investment account at year-end is provided in Note 4.

**G. Inventory**

On government-wide and fund financial statements, purchased inventories are presented at the lower of cost or market and donated commodities are presented at their entitlement value. Inventories are recorded on a first-in, first-out basis and are expended/expensed when received. Inventories are accounted for using the purchase method on the fund statements and using the consumption method on the government-wide statements.

On the fund financial statements, reported materials and supplies inventory is equally offset by fund balance - nonspendable in the governmental funds which indicates that it does not constitute available spendable resources even though it is a component of net current assets.

Inventory consists of expendable supplies held for consumption, donated food and purchased food.

**PLAIN LOCAL SCHOOL DISTRICT  
STARK COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)**

**H. Capital Assets**

General capital assets are those related to government activities. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net position, but are not reported in the fund financial statements.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their acquisition value as of the date received. The District maintains a capitalization threshold of \$5,000. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not. Interest incurred during the construction of proprietary fund capital assets is also capitalized. In addition, assets having an estimated useful life of more than one year that are below the capitalization threshold and not considered repair or maintenance costs are collectively capitalized on the financial statements when the aggregate of those assets are considered significant.

All reported capital assets except land are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

| <u>Asset Class</u>         | <u>Governmental<br/>Activities<br/>Estimated Lives</u> |
|----------------------------|--------------------------------------------------------|
| Land improvements          | 15 - 20 years                                          |
| Buildings and improvements | 15 - 40 years                                          |
| Furniture and equipment    | 5 - 20 years                                           |
| Vehicles                   | 8 years                                                |

**I. Interfund Balances**

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund loans receivable/payable" or "due to/from other funds". These amounts are eliminated in the governmental activities column on the statement of net position.

**J. Compensated Absences**

The District recognizes a liability for compensated absences for leave time that (1) has been earned for services previously rendered by employees, (2) accumulates and is allowed to be carried over to subsequent years, and (3) is more likely than not to be used as time off or settled (for example paid in cash to the employee or payment to an employee flex spending account) during or upon separation from employment. Based on the criteria listed, two types of leave qualify for liability recognition for compensated absences - vacation and sick leave. The liability for compensated absences is reported as incurred in the government-wide financial statements on a first-in, first-out basis. A liability for compensated absences is recorded in the governmental funds only if the liability has matured because of employee resignations or retirements. The liability for compensated absences includes salary-related benefits, where applicable.

Vacation

The District's policy permits employees to accumulate earned but unused vacation benefits, which are eligible for payment at the employee's current pay rate upon separation from employment.

**PLAIN LOCAL SCHOOL DISTRICT  
STARK COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)**

*Sick Leave*

The District's policy permits employees to accumulate earned but unused sick leave. All sick leave lapses when employees leave the employ of the District and, upon separation from service, the employee receives compensation in accordance with the severance policy. A liability for estimated value of sick leave that will be used by employees as time off and at separation is included in the liability for compensated absences.

**K. Accrued Liabilities and Long-Term Obligations**

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds are recognized as a liability on the fund financial statements when due. Net pension/OPEB liability should be recognized in the governmental funds to the extent that benefit payments are due and payable and the pension/OPEB plan's fiduciary net position is not sufficient for payment of those benefits.

**L. Fund Balance**

Fund balance is divided into five classifications based primarily on the extent to which the District is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

*Nonspendable* - The nonspendable fund balance classification includes amounts that cannot be spent because they are not in spendable form or legally required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of loans receivable.

*Restricted* - Fund balance is reported as restricted when constraints are placed on the use of resources that are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

*Committed* - The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the District Board of Education (the highest level of decision making authority). Those committed amounts cannot be used for any other purpose unless the District Board of Education removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

*Assigned* - Amounts in the assigned fund balance classification are intended to be used by the District for specific purposes but do not meet the criteria to be classified as restricted nor committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the general fund, assigned amounts represent intended uses established by policies of the District Board of Education, which includes giving the Treasurer the authority to constrain monies for intended purposes.

*Unassigned* - Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is only used to report a deficit fund balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

**PLAIN LOCAL SCHOOL DISTRICT  
STARK COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)**

The District applies restricted resources first when expenditures are incurred for purposes for which restricted and unrestricted (committed, assigned, and unassigned) fund balance is available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

**M. Net Position**

Net position represents the difference between assets and deferred outflows and liabilities and deferred inflows. The net position component “net investment in capital assets,” consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction or improvement of those assets or related debt also should be included in this component of net position. Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The District applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

**N. Prepayments**

Certain payments to vendors reflect the costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. These items are reported as assets on the balance sheet and statement of net position using the consumption method. A current asset for the prepaid amounts is recorded at the time of the purchase and the expenditure/expense is reported in the year in which services are consumed. At fiscal year-end, because prepayments are not available to finance future governmental fund expenditures, they are reported as nonspendable fund balance on the fund financial statements.

**O. Estimates**

The preparation of the basic financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the basic financial statements and accompanying notes. Actual results may differ from those estimates.

**P. Interfund Activity**

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the basic financial statements.

**Q. Unamortized Bond Premium and Deferred Charges on Refundings**

On the government-wide financial statements, bond premiums are deferred and amortized over the term of the bonds using the straight-line method, which approximates the effective interest method. Bond premiums are presented as an addition to the face amount of the bonds. On the governmental fund financial statements, bond premiums are recognized in the current period.

**PLAIN LOCAL SCHOOL DISTRICT  
STARK COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)**

For advance refundings resulting in the defeasance of debt, the difference between the reacquisition price and the net carrying amount of the old debt is deferred and amortized as a component of interest expense. This accounting gain or loss is amortized over the remaining life of the old debt or the life of the new debt, whichever is shorter and is presented as a deferred outflow of resources on the statement of net position.

A reconciliation between the bond's face value and the amount reported on the statement of net position is presented in Note 9.

**R. Parochial and Private Schools**

Within the District's boundaries, St. Michael's and Our Lady of Peace Schools are operated through the Youngstown Catholic Diocese. Also within the District's boundaries are Canton Country Day School, Holy Cross Preschool and Kindergarten, Weaver Child Development Center and The Golden Key Center for Exceptional Children, which are privately operated. Current State legislation provides funding to these schools. These monies are received and disbursed on behalf of these schools by the Treasurer of the District, as directed by the schools. The fiduciary responsibility of the District for these monies is reflected in a nonmajor governmental fund for financial reporting purposes.

**S. Pensions/Other Postemployment Benefits (OPEB)**

For purposes of measuring the net pension/OPEB liability, net OPEB asset, deferred outflows of resources and deferred inflows of resources related pensions/OPEB, and pension/OPEB expense, information about the fiduciary net position of the pension/OPEB plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension/OPEB plans report investments at fair value.

**T. Extraordinary and Special Items**

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the Board of Education and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during fiscal year 2025.

**U. Fair Value**

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

**NOTE 3 - ACCOUNTABILITY AND COMPLIANCE**

**A. Change in Accounting Principles**

For fiscal year 2025, the District has implemented GASB Statement No. 101, "Compensated Absences" and GASB Statement No. 102, "Certain Risk Disclosures".

GASB Statement No. 101 is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures.

**PLAIN LOCAL SCHOOL DISTRICT  
STARK COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2025

**NOTE 3 - ACCOUNTABILITY AND COMPLIANCE - (Continued)**

GASB Statement No. 102 improves financial reporting by providing users with timely information regarding certain concentrations or constraints and related events that have occurred or have begun to occur that make a government vulnerable to a substantial impact. As a result, users will have better information with which to understand and anticipate certain risks to a government's financial condition. The implementation of GASB Statement No. 102 did not have an effect on the financial statements of the District.

**B. Deficit Fund Balances**

Fund balances at June 30, 2025 included the following individual fund deficits:

| <u>Nonmajor governmental funds</u> | <u>Deficit</u> |
|------------------------------------|----------------|
| Auxiliary services                 | \$ 1,057       |
| IDEA Part B                        | 120,241        |
| Vocational education               | 2,192          |
| Title I non-competitive            | 31             |
| Title I                            | 80,812         |
| Title II-A                         | 7,767          |
| Title IV-A                         | 12,012         |

The general fund is liable for any deficit in these funds and provides transfers when cash is required, not when accruals occur. The deficit fund balances resulted from adjustments for accrued liabilities.

**C. Restatement of Net Position**

During fiscal year 2025, there was a change in accounting principle related to the implementation of GASB Statement No. 101, "Compensated Absences". The effect of changing the accounting principle is to decrease net position as previously reported. This is displayed where applicable in the financial statements as "restatement - change in accounting principle".

**NOTE 4 - DEPOSITS AND INVESTMENTS**

State statutes classify monies held by the District into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board of Education has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use, but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts.

Interim monies may be deposited or invested in the following securities:

1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;

**PLAIN LOCAL SCHOOL DISTRICT  
STARK COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

**NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)**

2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, and Government National Mortgage Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio; and with certain limitations including a requirement for maturity within ten years from the date of settlement, bonds and other obligations of political subdivisions of the State of Ohio, if training requirements have been met;
5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
6. No-load money market mutual funds consisting exclusively of obligations described in items (1) and (2) above and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
7. The State Treasurer's investment pool, the State Treasury Asset Reserve of Ohio (STAR Ohio); and,
8. Certain banker's acceptance and commercial paper notes for a period not to exceed one hundred eighty days and two hundred seventy days, respectively, from the purchase date in an amount not to exceed forty percent of the interim monies available for investment at any one time.

Protection of the deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, or by the financial institutions participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. Except as noted above, an investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the District and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

**A. Deposits with Financial Institutions**

At June 30, 2025, the carrying amount of all District deposits was \$491,301 and the bank balance of all District deposits was \$2,103,065. Of the bank balance, \$250,000 was covered by the FDIC and \$1,853,065 was potentially exposed to custodial credit risk as discussed below because those deposits were uninsured and could be uncollateralized. Although all statutory requirements for the deposit of money had been followed, noncompliance with Federal requirements could potentially subject the District to a successful claim by the FDIC.

**PLAIN LOCAL SCHOOL DISTRICT  
STARK COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2025

**NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)**

Custodial credit risk is the risk that, in the event of bank failure, the District's deposits may not be returned. The District has no deposit policy for custodial credit risk beyond the requirements of State statute. Ohio law requires that deposits either be insured or protected by: (1) eligible securities pledged to the District and deposited with a qualified trustee by the financial institution as security for repayment whose fair value at all times shall be at least 105 percent of the deposits being secured; or (2) participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution. OPCS requires the total fair value of the securities pledged to be 102 percent of the deposits being secured or a rate set by the Treasurer of State. For 2025, the District's financial institutions were approved for a reduced collateral rate of 50 percent through the OPCS.

**C. Investments**

As of June 30, 2025, the District had the following investments and maturities:

| Measurement/<br><u>Investment type</u> | Measurement<br><u>Value</u> | 6 months or<br><u>or less</u> | <u>Investment Maturities</u> |                           |                           |                                  |
|----------------------------------------|-----------------------------|-------------------------------|------------------------------|---------------------------|---------------------------|----------------------------------|
|                                        |                             |                               | 7 to 12<br><u>months</u>     | 13 to 18<br><u>months</u> | 19 to 24<br><u>months</u> | Greater than<br><u>24 months</u> |
| Fair value:                            |                             |                               |                              |                           |                           |                                  |
| Federal agency securities              | \$ 16,884,074               | \$ 4,496,464                  | \$ 1,223,536                 | \$ 1,465,821              | \$ 1,928,757              | \$ 7,769,496                     |
| Negotiable CDs                         | 2,466,825                   | 243,418                       | -                            | -                         | -                         | 2,223,407                        |
| U.S. Treasury notes                    | 11,947,132                  | 274,071                       | 882,005                      | 2,078,952                 | 1,242,791                 | 7,469,313                        |
| U.S. Government<br>money market        | 464,428                     | 464,428                       | -                            | -                         | -                         | -                                |
| Net Asset Value:                       |                             |                               |                              |                           |                           |                                  |
| STAR Ohio                              | <u>14,725,615</u>           | <u>14,725,615</u>             | <u>-</u>                     | <u>-</u>                  | <u>-</u>                  | <u>-</u>                         |
| Total                                  | <u>\$ 46,488,074</u>        | <u>\$ 20,203,996</u>          | <u>\$ 2,105,541</u>          | <u>\$ 3,544,773</u>       | <u>\$ 3,171,548</u>       | <u>\$ 17,462,216</u>             |

The weighted average maturity of investments is 1.49 years.

The District's investments in U.S. Government money market funds are valued using quoted market prices in active markets (Level 1 inputs). All other District investments measured at fair value are valued using quoted market prices in markets that are not considered to be active, dealer quotations or alternative pricing sources for similar assets or liabilities for which all significant inputs are observable, either directly or indirectly (Level 2 inputs).

*Interest Rate Risk:* Interest rate risk arises because potential purchasers of debt securities will not agree to pay face value for those securities if interest rates subsequently increase. As a means of limiting its exposure to fair value losses arising from rising interest rates and according to State law, the District's investment policy limits investment portfolio maturities to five years or less.

*Credit Risk:* The District's investments in the federal agency securities and U.S. Treasury notes were rated AA+ and Aa1 by Standard & Poor's and Moody's Investor Services, respectively. The U.S. Government money market and STAR Ohio carry a rating of AAAM by Standard & Poor's. Ohio law requires that STAR Ohio maintain the highest rating provided by at least one nationally recognized standard rating service. The District has no investment policy dealing with investment credit risk beyond the requirements in State statutes.

*Custodial Credit Risk:* For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The federal agency securities are exposed to custodial credit risk in that they are uninsured, unregistered and held by the counterparty's trust department or agent but not in the District's name.

**PLAIN LOCAL SCHOOL DISTRICT  
STARK COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

**NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)**

The District has no investment policy dealing with investment custodial credit risk beyond the requirement in State statute that prohibits payment for investments prior to the delivery of the securities representing such investments to the treasurer or qualified trustee.

*Concentration of Credit Risk:* The District places no limit on the amount that may be invested in any one issuer. The following table includes the percentage of each investment type held by the District at June 30, 2025:

| <u>Measurement/<br/>Investment type</u> | <u>Measurement<br/>Value</u> | <u>% of Total</u> |
|-----------------------------------------|------------------------------|-------------------|
| Fair value:                             |                              |                   |
| Federal agency securities               | \$ 16,884,074                | 36.32%            |
| Negotiable CDs                          | 2,466,825                    | 5.31%             |
| U.S. Treasury notes                     | 11,947,132                   | 25.70%            |

| Total                                   | <u>\$ 46,488,074</u>         | <u>100.00%</u>    |

**D. Reconciliation of Cash and Investments to the Statement of Net Position**

The following is a reconciliation of cash and investments as reported in the note above to cash and investments as reported on the statement of net position as of June 30, 2025:

|                                                      |                      |
|------------------------------------------------------|----------------------|
| <u>Cash and investments per note</u>                 |                      |
| Carrying amount of deposits                          | \$ 491,301           |
| Investments                                          | <u>46,488,074</u>    |
| Total                                                | <u>\$ 46,979,375</u> |
| <u>Cash and investments per financial statements</u> |                      |
| Governmental activities                              | \$ 46,054,072        |
| Custodial funds                                      | <u>925,303</u>       |
| Total                                                | <u>\$ 46,979,375</u> |

**NOTE 5 - INTERFUND TRANSACTIONS**

- A. Interfund balances at June 30, 2025, as reported on the fund statements, consist of the following individual interfund loans receivable and payable:

| <u>Receivable fund</u> | <u>Payable fund</u>         | <u>Amount</u> |
|------------------------|-----------------------------|---------------|
| General fund           | Nonmajor governmental funds | \$ 503,553    |

The primary purpose of the interfund balances is to cover costs in specific funds where revenues were not received by June 30. These interfund balances will be repaid once the anticipated revenues are received. \$2,413 is not expected to be repaid within one year and that amount is therefore reported as a component of nonspendable fund balance in the general fund.

Interfund balances between governmental funds are eliminated on the government-wide financial statements; therefore, no internal balances at June 30, 2025 are reported on the statement of net position.

**PLAIN LOCAL SCHOOL DISTRICT  
STARK COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

**NOTE 5 - INTERFUND TRANSACTIONS - (Continued)**

**B.** Interfund transfers for fiscal year 2025 consisted of the following:

| <u>Transfers From</u>       | <u>Transfers To</u>   | <u>Amount</u> |
|-----------------------------|-----------------------|---------------|
| General fund                | Capital projects fund | \$ 14,000,000 |
| Nonmajor governmental funds | Capital projects fund | 738,536       |

Transfers are used to move revenues from the fund that statute or budget required to collect them to the fund that statute or budget requires to expend them and to use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations. All transfers made in fiscal year 2025 were in accordance with Ohio Revised Code Sections 5705.14, 5705.15 and 5705.16. Transfers between governmental funds are eliminated on the government-wide financial statements.

**NOTE 6 - PROPERTY TAXES**

Property taxes are levied and assessed on a calendar year basis while the District's fiscal year runs from July through June. First half tax collections are received by the District in the second half of the fiscal year. Second half tax distributions occur in the first half of the following fiscal year.

Property taxes include amounts levied against all real property and public utility property. Real property tax revenues received in calendar year 2025 represent the collection of calendar year 2024 taxes. Real property taxes received in calendar year 2025 were levied after April 1, 2024, on the assessed values as of January 1, 2024, the lien date. Assessed values for real property taxes are established by State statute at 35 percent of appraised market value. Real property taxes are payable annually or semiannually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established. Public utility property tax revenues received in calendar year 2025 represent the collection of calendar year 2025 taxes. Public utility real and personal property taxes received in calendar year 2025 became a lien on December 31, 2023, were levied after April 1, 2024, and are collected with real property taxes. Public utility real property is assessed at 35 percent of true value; public utility tangible personal property is currently assessed at varying percentages of true value.

The District receives property taxes from Stark County. The County Auditor periodically advances to the District its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2025 are available to finance fiscal year 2025 operations. The amount available as an advance at June 30, 2025 and 2024 were:

|                              | <u>June 30, 2025</u> | <u>June 30, 2024</u> |
|------------------------------|----------------------|----------------------|
| Major governmental funds:    |                      |                      |
| General fund                 | \$ 924,975           | \$ 545,452           |
| Nonmajor governmental funds: |                      |                      |
| Bond retirement fund         | 88,419               | 63,245               |

The amount of second-half real property taxes available for advance at fiscal year-end can vary based on the date the tax bills are sent.

Accrued property taxes receivable includes real property, public utility property and delinquent tangible personal property taxes which are measurable as of June 30, 2025 and for which there is an enforceable legal claim. Although total property tax collections for the next fiscal year are measurable, only the amount of real property taxes available as an advance at June 30 was levied to finance current fiscal year operations and is reported as revenue at fiscal year-end. The portion of the receivable not levied to finance current fiscal year operations is offset by a credit to deferred inflows of resources.

**PLAIN LOCAL SCHOOL DISTRICT  
STARK COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

**NOTE 6 - PROPERTY TAXES - (Continued)**

On the accrual basis of accounting, collectible delinquent property taxes have been recorded as a receivable and revenue, while on a modified accrual basis of accounting the revenue has been reported as a deferred inflow of resources.

The assessed values upon which the fiscal year 2025 taxes were collected are:

|                                                   | 2024 Second<br>Half Collections |                | 2025 First<br>Half Collections |                |
|---------------------------------------------------|---------------------------------|----------------|--------------------------------|----------------|
|                                                   | <u>Amount</u>                   | <u>Percent</u> | <u>Amount</u>                  | <u>Percent</u> |
| Agricultural/residential<br>and other real estate | \$ 1,275,365,460                | 94.77          | \$ 1,674,304,790               | 95.79          |
| Public utility personal                           | <u>70,422,980</u>               | <u>5.23</u>    | <u>73,556,840</u>              | <u>4.21</u>    |
| Total                                             | <u>\$ 1,345,788,440</u>         | <u>100.00</u>  | <u>\$ 1,747,861,630</u>        | <u>100.00</u>  |
| Tax rate per \$1,000 of<br>assessed valuation     | \$ 62.60                        |                | \$ 61.70                       |                |

**NOTE 7 - RECEIVABLES**

Receivables at June 30, 2025 consisted of property taxes, accounts (billings for user charged services and student fees), intergovernmental grants and entitlements, accrued interest, and leases. All receivables are considered collectible in full due to the ability to foreclose for the nonpayment of taxes, the stable condition of State programs and the current year guarantee of federal funds. Receivables have been disaggregated on the face of the basic financial statements. All receivables, except leases, are expected to be collected in the subsequent year.

The District is reporting leases receivable of \$89,137 in the general fund to lease 3,200 square feet of the District's high school. The lease term is August 1, 2023 through July 31, 2033. The base rent is \$4 per square foot per month, payable each month in advance. The District also receives additional amounts based on the actual operating costs of the high school each year (see Note 17 for detail); however, since these are variable payments they have not been considered for purposes of calculating the lease receivable. For fiscal year 2025, the District recognized lease revenue of \$10,693, which is reported in rental income, and interest revenue of \$3,503.

The following is a schedule of future lease payments under the lease agreement:

| <u>Fiscal Year</u> | <u>Principal</u> | <u>Interest</u>  | <u>Total</u>      |
|--------------------|------------------|------------------|-------------------|
| 2026               | \$ 9,622         | \$ 3,178         | \$ 12,800         |
| 2027               | 9,989            | 2,811            | 12,800            |
| 2028               | 10,370           | 2,430            | 12,800            |
| 2029               | 10,765           | 2,035            | 12,800            |
| 2030               | 11,176           | 1,624            | 12,800            |
| 2031 - 2034        | <u>37,215</u>    | <u>2,251</u>     | <u>39,466</u>     |
| Total              | <u>\$ 89,137</u> | <u>\$ 14,329</u> | <u>\$ 103,466</u> |

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

**NOTE 9 - LONG-TERM OBLIGATIONS**

- A. As a result of implementing GASB Statement No. 101 (see Note 3), the June 30, 2024 balance for compensated absences has been restated. The District's long-term obligations activity for fiscal year 2025 consisted of the following:

|                                                 | Restated<br>Balance<br>Outstanding<br>06/30/24 | <u>Additions</u> | <u>Reductions</u>      | Balance<br>Outstanding<br>06/30/25 | Amounts<br>Due in<br>One Year |
|-------------------------------------------------|------------------------------------------------|------------------|------------------------|------------------------------------|-------------------------------|
| <b>Governmental activities:</b>                 |                                                |                  |                        |                                    |                               |
| General obligation refunding bonds, Series 2017 | \$ 23,290,000                                  | \$ -             | \$ (2,970,000)         | \$ 20,320,000                      | \$ 3,085,000                  |
| Compensated absences *                          | 16,206,339                                     | -                | (428,653)              | 15,777,686                         | 2,052,567                     |
| Net pension liability                           | 57,828,069                                     | -                | (5,541,329)            | 52,286,740                         | -                             |
| Net OPEB liability                              | 4,585,955                                      | -                | (1,755,160)            | 2,830,795                          | -                             |
| Total governmental activities                   | <u>\$ 101,910,363</u>                          | <u>\$ -</u>      | <u>\$ (10,695,142)</u> | 91,215,221                         | <u>\$ 5,137,567</u>           |
| Add: Unamortized premium on bond issue          |                                                |                  |                        | 1,222,187                          |                               |
| Total on statement of net position              |                                                |                  |                        | <u>\$ 92,437,408</u>               |                               |

\* The change in compensated absences is reported net

See Note 12 and Note 13 for more information on the net pension liability and net OPEB liability, respectively.

- B. On December 28, 2017, the District issued general obligation refunding bonds in the amount of \$29,240,000 (Series 2017 issue) for the purpose of advance refunding a portion of the Series 2011A general obligation bonds. These bonds are general obligations of the District, for which its full faith and credit is pledged for repayment. The source of payment is derived from a bonded debt tax levy.

The bonds bear an interest rate of 3.755% and have a final maturity date of November 1, 2030. Interest payments are due on May 1 and November 1 of each year. On the fund financial statements, payments of principal and interest relating to these bonds are recorded as expenditures in the nonmajor debt service fund.

The reacquisition price exceeded the net carrying amount of the old debt by \$2,484,988. This amount is reported as a deferred outflow of resources and is amortized over the remaining life of the refunded debt, which is equal to the life of the new debt issued.

- C. The following is a summary of the future debt service requirements to maturity for the District's general obligation bonds:

| Fiscal Year<br>Ended June 30, | General Obligation Bonds |                     |                      |
|-------------------------------|--------------------------|---------------------|----------------------|
|                               | <u>Principal</u>         | <u>Interest</u>     | <u>Total</u>         |
| 2026                          | \$ 3,085,000             | \$ 705,095          | \$ 3,790,095         |
| 2027                          | 3,200,000                | 587,094             | 3,787,094            |
| 2028                          | 3,315,000                | 464,775             | 3,779,775            |
| 2029                          | 3,440,000                | 337,950             | 3,777,950            |
| 2030                          | 3,570,000                | 206,337             | 3,776,337            |
| 2031                          | <u>3,710,000</u>         | <u>69,655</u>       | <u>3,779,655</u>     |
| Total                         | <u>\$ 20,320,000</u>     | <u>\$ 2,370,906</u> | <u>\$ 22,690,906</u> |

**PLAIN LOCAL SCHOOL DISTRICT  
STARK COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

**NOTE 9 - LONG-TERM OBLIGATIONS - (Continued)**

**D. Legal Debt Margin**

The Ohio Revised Code provides that voted net general obligation debt of the District shall never exceed 9% of the total assessed valuation of the District. The code further provides that unvoted indebtedness shall not exceed 1/10 of 1% of the property valuation of the District. The code additionally states that unvoted indebtedness related to energy conservation debt shall not exceed 9/10 of 1% of the property valuation of the District. The assessed valuation used in determining the District's legal debt margin has been modified by House Bill 530 which became effective March 30, 2006. In accordance with House Bill 530, the assessed valuation used in the District's legal debt margin calculation excludes tangible personal property used in business, telephone or telegraph property, interexchange telecommunications company property, and personal property owned or leased by a railroad company and used in railroad operations. The effect of these debt limitations at June 30, 2025 is a voted debt margin of \$140,431,503, (including available funds of \$3,443,956), and an unvoted debt margin of \$1,747,862.

**NOTE 10 - EMPLOYEE BENEFITS**

**Compensated Absences**

The criteria for determining vacation and sick leave benefits components are derived from negotiated agreements and State laws. Classified employees earn 10 to 25 days of vacation per year, depending upon length of service. Accumulated unused vacation time is paid to classified employees and administrators upon termination of employment in accordance with O.R.C. 3319. Teachers do not earn vacation time.

Teachers, administrators and classified employees earn sick leave at the rate of one and one-fourth days per month or 15 days for each completed year of service. Sick leave may be accumulated up to a maximum of 355 days for all personnel. Upon retirement, payment is made for one-fourth of the accrued, but unused, sick leave balance to a maximum of 71 days for all employees, except for certain administrators, who receive a maximum of 75 days. For all employees except administrators, an additional \$10 per day shall be paid for sick leave accumulated between 200 and 250 days and an additional \$20 per day shall be paid for sick leave accumulated over 250 days.

**NOTE 11 - RISK MANAGEMENT**

**A. Comprehensive**

The District maintains comprehensive insurance coverage with private carriers for liability, real property, building contents, vehicles, and builder's risk. Vehicle policies include liability coverage for bodily injury and property damage. In addition, real property contents are 100% coinsured.

**PLAIN LOCAL SCHOOL DISTRICT  
STARK COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2025

**NOTE 11 - RISK MANAGEMENT - (Continued)**

The following is a description of the District's insurance coverage:

| <u>Coverage</u>    | <u>Insurer</u>                   | <u>Limits of Coverage</u> | <u>Deductible</u> |
|--------------------|----------------------------------|---------------------------|-------------------|
| General liability: | Liberty Mutual Fire Insurance Co |                           |                   |
| Each occurrence    |                                  | \$ 1,000,000              | \$ 2,500          |
| Aggregate          |                                  | 2,000,000                 | 0                 |
| Buildings          | Liberty Mutual Fire Insurance Co | 302,801,691               | 10,000            |
| Contents           | Liberty Mutual Fire Insurance Co | 18,759,762                | 10,000            |
| Fleet:             | Liberty Mutual Fire Insurance Co |                           |                   |
| Comprehensive      |                                  | Actual Cash Value         | 250               |
| Collision          |                                  | Actual Cash Value         | 500               |
| Liability          |                                  | 1,000,000                 | 0                 |
| Umbrella liability | Liberty Mutual Fire Insurance Co | 10,000,000                | 10,000            |
| Violent Event      |                                  |                           |                   |
| Response Coverage  | Liberty Mutual Fire Insurance Co | 1,000,000                 | 0                 |

Settled claims have not exceeded this commercial coverage in any of the past three years and there has been no significant reduction in coverage.

**B. Shared Risk Pool**

The District is a participant in the Stark County Schools Council of Government (the "COG") for the purpose of obtaining benefits at a reduced premium for both health care and workers' compensation.

The District's insurance program for health care is administered by Mutual Health Services Company. Payments are made to the COG for monthly attachment point, monthly stop-loss premiums and administrative charges. The fiscal agent of the COG is the Stark County Educational Service Center.

The Treasurer of the Stark County Educational Service Center pays Mutual Health Services monthly for the actual amount of claims processed, the stop-loss premium, and the administrative charges.

**C. Workers' Compensation**

The District participates in a workers' compensation program jointly sponsored by the Ohio Association of School Business Officials (OASBO) and the Ohio School Board Association (OSBA), known as Ohio SchoolComp. Sedgwick is the program's third party administrator. SchoolComp serves to group its members' risks for the purpose of obtaining a favorable experience rating to determine its premium liability to the Ohio Bureau of Workers' Compensation (OBWC) and the Ohio Workers' Compensation Fund. This may be accomplished through participation in a group rating program or through group retrospective rating. Participation in SchoolComp is restricted to members who meet enrollment criteria and are jointly in good standing with OASBO and OSBA. OASBO and OSBA are certified sponsors recognized by OBWC.

**PLAIN LOCAL SCHOOL DISTRICT  
STARK COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

**NOTE 12 - DEFINED BENEFIT PENSION PLANS**

The Statewide retirement systems provide both pension benefits and other postemployment benefits (OPEB).

***Net Pension Liability/Net OPEB Liability/Asset***

The net pension liability and the net OPEB liability/asset reported on the statement of net position represents a liability or asset to employees for pensions and OPEB, respectively.

Pensions and OPEB are a component of exchange transactions - between an employer and its employees - of salaries and benefits for employee services. Pensions/OPEB are provided to an employee - on a deferred-payment basis - as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension/OPEB liability (asset) represent the District's proportionate share of each pension/OPEB plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension/OPEB plan's fiduciary net position. The net pension/OPEB liability (asset) calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting these estimates annually.

The Ohio Revised Code limits the District's obligation for this liability to annually required payments. The District cannot control benefit terms or the manner in which pensions/OPEB are financed; however, the District does receive the benefit of employees' services in exchange for compensation including pension and OPEB.

GASB 68/75 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires funding to come from these employers. All pension contributions to date have come solely from these employers (which also includes pension costs paid in the form of withholdings from employees). The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits. In addition, health care plan enrollees pay a portion of the health care costs in the form of a monthly premium. State statute requires the retirement systems to amortize unfunded pension liabilities within 30 years. If the pension amortization period exceeds 30 years, each retirement system's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension/OPEB liability (asset). Resulting adjustments to the net pension/OPEB liability (asset) would be effective when the changes are legally enforceable. The Ohio Revised Code permits, but does not require, the retirement systems to provide healthcare to eligible benefit recipients.

The remainder of this note includes the required pension disclosures. See Note 13 for the required OPEB disclosures.

The proportionate share of each plan's unfunded benefits is presented as a long-term *net pension/OPEB liability (asset)* on the accrual basis of accounting. Any liability for the contractually required pension contribution outstanding at the end of the year is included on both the accrual and modified accrual bases of accounting.

***Plan Description - School Employees Retirement System (SERS)***

Plan Description - The District's non-teaching employees participate in SERS, a cost-sharing multiple-employer defined benefit pension plan administered by SERS. SERS provides retirement, disability and survivor benefits, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Ohio Revised Code Chapter 3309. SERS issues a publicly available, stand-alone financial report that includes financial statements, required supplementary information and detailed information about SERS' fiduciary net position. That report can be obtained by visiting the SERS website at [www.ohsers.org](http://www.ohsers.org) under Employers/Audit Resources.

**PLAIN LOCAL SCHOOL DISTRICT  
STARK COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

**NOTE 12 - DEFINED BENEFIT PENSION PLANS - (Continued)**

Age and service requirements for retirement are as follows:

|                              | Eligible to<br>Retire before<br>August 1, 2017 *                                    | Eligible to<br>Retire on or after<br>August 1, 2017                                  |
|------------------------------|-------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------|
| Full benefits                | Any age with 30 years of service credit                                             | Age 67 with 10 years of service credit; or<br>Age 57 with 30 years of service credit |
| Actuarially reduced benefits | Age 60 with 5 years of service credit; or<br>Age 55 with 25 years of service credit | Age 62 with 10 years of service credit; or<br>Age 60 with 25 years of service credit |

\* Members with 25 years of service credit as of August 1, 2017 will be included in this plan.

Annual retirement benefits are calculated based on final average salary multiplied by a percentage that varies based on years of service; 2.2% for the first thirty years of service and 2.5% for years of service credit over 30. Final average salary is the average of the highest three years of salary.

An individual whose benefit effective date is before April 1, 2018, is eligible for a cost-of-living adjustment (COLA) on the first anniversary date of the benefit. New benefit recipients must wait until the fourth anniversary of their benefit for COLA eligibility. The COLA is added each year to the base benefit amount on the anniversary date of the benefit. The COLA is indexed to the percentage increase in the CPI-W, not to exceed 2.5% and with a floor of 0%. A three-year COLA suspension was in effect for all benefit recipients for the years 2018, 2019, and 2020. The Retirement Board approved a 2.5% cost-of-living adjustment (COLA) for calendar year 2024.

Funding Policy - Plan members are required to contribute 10.00% of their annual covered salary and the District is required to contribute 14.00% of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to statutory maximum amounts of 10.00% for plan members and 14.00% for employers. The Retirement Board, acting with the advice of the actuary, allocates the employer contribution rate among four of the System's funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund). For the fiscal year ended June 30, 2025, the allocation to pension, death benefits, and Medicare B was 14.00%. For fiscal year 2025, the Retirement Board did not allocate any employer contribution to the Health Care Fund.

The District's contractually required contribution to SERS was \$1,597,724 for fiscal year 2025. Of this amount, \$198,819 is reported as a liability.

***Plan Description - State Teachers Retirement System (STRS)***

Plan Description - Licensed teachers and other faculty members participate in STRS, a cost-sharing multiple-employer public employee retirement system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about STRS' fiduciary net position. That report can be obtained by writing to STRS, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS website at [www.strsoh.org](http://www.strsoh.org).

New members have a choice of three retirement plans: a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined (CO) Plan. Benefits are established by Ohio Revised Code Chapter 3307.

**PLAIN LOCAL SCHOOL DISTRICT  
STARK COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

**NOTE 12 - DEFINED BENEFIT PENSION PLANS - (Continued)**

The DB plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. The calculation is 2.2 percent of final average salary for the five highest years of earnings multiplied by all years of credited service. Effective August 1, 2023, any member can retire with unreduced benefits with 34 years of services credit at any age; or five years of service credit and age 65. Effective June 1, 2025 - July 1, 2027, any member can retire with unreduced benefits with 33 years of service credit at any age; or five years of service credit and age 65. Effective on or after August 1, 2027, any member can retire with unreduced benefits with 34 years of service credit at any age; or five years of service credit and age 65.

In April 2017, the Retirement Board made the decision to reduce COLA granted on or after July 1, 2017, to 0 percent upon a determination by its actuary that it was necessary to preserve the fiscal integrity of the retirement system. Benefit recipients' base benefit and past cost-of living increases are not affected by this change. Effective July 1, 2022, an ad-hoc COLA of 3 percent of the base benefit was granted to eligible benefit recipients to begin on the anniversary of their retirement benefit in fiscal year 2023 as long as they retired prior to July 1, 2018. Effective July 1, 2023, a permanent 1 percent COLA of the base benefit was granted to eligible benefit recipients to begin on the anniversary of their retirement benefit in fiscal year 2024 as long as they retired prior to July 1, 2019.

Eligibility changes for DB Plan members who retire with actuarially reduced benefits effective Aug. 1, 2023, can retire with 29 years of service credit at any age; or five years of service credit and age 60. Effective June 1, 2025 - July 1, 2027, retirement eligibility for reduced benefits is 28 years of service credit at any age; or five years of service credit and age 60. Effective on or after Aug. 1, 2027, retirement eligibility for reduced benefits is 29 years of service credit at any age; or five years of service credit and age 60.

The DC Plan allows members to place all of their member contributions and 11.09% of the 14% employer contributions into an investment account. The member determines how to allocate the member and employer money among various investment choices offered by STRS. The remaining 2.91% of the 14% employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The Combined Plan offers features of both the DB Plan and the DC Plan. In the Combined Plan, 12% of the 14% member rate is deposited into the member's DC account and the remaining 2% is applied to the DB Plan. Member contributions to the DC Plan are allocated among investment choices by the member, and contributions to the DB Plan from the employer and the member are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60 with five years of service. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity at age 50 and after termination of employment.

New members who choose the DC Plan or Combined Plan will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's Combined Plan account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB 68 reporting purposes.

A DB or Combined Plan member with five or more years of credited service, who is determined to be disabled, may qualify for a disability benefit. New members, on or after July 1, 2013, must have at least ten years of qualifying service credit to apply for disability benefits. Members in the DC Plan who become disabled are entitled only to their account balance. Eligible survivors of members who die before service retirement may qualify for monthly benefits. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

FOR THE FISCAL YEAR ENDED JUNE 30, 2025

**NOTE 12 - DEFINED BENEFIT PENSION PLANS - (Continued)**

Funding Policy - Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. The fiscal year 2025 employer and employee contribution rate of 14% was equal to the statutory maximum rates. For fiscal year 2025, the full employer contribution was allocated to pension.

The District's contractually required contribution to STRS was \$4,051,832 for fiscal year 2025. Of this amount, \$677,692 is reported as a liability.

***Net Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions***

The net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's share of contributions to the pension plan relative to the contributions of all participating entities.

Following is information related to the proportionate share and pension expense:

|                                                                  | SERS                | STRS                 | Total         |
|------------------------------------------------------------------|---------------------|----------------------|---------------|
| Proportion of the net pension liability prior measurement date   | 0.271066600%        | 0.198980120%         |               |
| Proportion of the net pension liability current measurement date | <u>0.273949500%</u> | <u>0.198905270%</u>  |               |
| Change in proportionate share                                    | <u>0.002882900%</u> | <u>-0.000074850%</u> |               |
| Proportionate share of the net pension liability                 | \$ 14,014,152       | \$ 38,272,588        | \$ 52,286,740 |
| Pension expense                                                  | \$ 1,057,100        | \$ 1,992,579         | \$ 3,049,679  |

At June 30, 2025, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

|                                                                                                                      | SERS                | STRS                | Total                |
|----------------------------------------------------------------------------------------------------------------------|---------------------|---------------------|----------------------|
| <b>Deferred outflows of resources</b>                                                                                |                     |                     |                      |
| Differences between expected and actual experience                                                                   | \$ 535,049          | \$ 2,410,173        | \$ 2,945,222         |

***Actuarial Assumptions - SERS***

SERS' total pension liability was determined by their actuaries in accordance with GASB Statement No. 67, as part of their annual actuarial valuation for each defined benefit retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment terminations). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations. Future benefits for all current plan members were projected through 2137.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

| Future salary increases, including inflation | 3.25% to 13.58%                                                                                               | 3.25% to 13.58%                                                                                               |
| COLA or ad hoc COLA                          | 2.00% on or after April 1, 2018, COLAs for future retirees will be delayed for 3 years following commencement | 2.00% on or after April 1, 2018, COLAs for future retirees will be delayed for 3 years following commencement |
| Investment rate of return                    | 7.00% net of system expenses                                                                                  | 7.00% net of system expenses                                                                                  |
| Actuarial cost method                        | Entry age normal (level percent of payroll)                                                                   | Entry age normal (level percent of payroll)                                                                   |

In 2024, mortality rates were based on the following:

**Service Retirement:** PUB-2010 General Employee Amount Weighted Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20% for males and set forward 2 years and adjusted 81.35% for females. Future improvement in mortality rates is reflected by applying the MP-2020 projection scale generationally.

**Disabled Retirement:** PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3% for males and set forward 3 years and adjusted 106.8% for females. Future improvement in mortality rates is reflected by applying the MP-2020 projection scale generationally.

**Contingent Survivor:** PUB-2010 General Amount Weighted Below Median Contingent Survivor mortality table projected to 2017 with ages set forward 1 year and adjusted 105.5% for males and adjusted 122.5% for females. Future improvement in mortality rates is reflected by applying the MP-2020 projection scale generationally.

In the prior measurement date, mortality rates were based on the PUB-2010 General Employee Amount Weighted Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20% for males and set forward 2 years and adjusted 81.35% for females. Mortality among disabled members were based upon the PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3% for males and set forward 3 years and adjusted 106.8% for females. Future improvement in mortality rates is reflected by applying the MP-2020 projection scale generationally.

The most recent experience study was completed for the five-year period ended June 30, 2020.

The long-term return expectation for the Pension Plan Investments has been determined by using a building-block approach and assumes a time horizon, as defined in SERS' *Statement of Investment Policy*. Ohio Revised Code Section 3309.15 and the Board-adopted Investment Policy govern investment activity at SERS. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating a weighted average of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalancing uncorrelated asset classes.

| Infrastructure              | 7.00                 | 4.80                                                  |
| Private Debt/Private Credit | 5.00                 | 5.86                                                  |
| Total                       | 100.00 %             |                                                       |

**Discount Rate** - Total pension liability for 2024 was calculated using the discount rate of 7.00%. The discount rate determination did not use a municipal bond rate. The projection of cash flows used to determine the discount rate assumed that employers would contribute the actuarially determined contribution rate of projected compensation over the remaining 20-year amortization period of the unfunded actuarial accrued liability. The actuarially determined contribution rate for fiscal year 2024 was 14%. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return, 7.00%. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability. The annual money-weighted rate of return, calculated as the internal rate of return on pension plan investments, for fiscal year 2024 was 9.31%.

**Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate** - Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the proportionate share of the net pension liability calculated using the discount rate of 7.00%, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00%), or one percentage point higher (8.00%) than the current rate.

|                                                                | 1% Decrease   | Current<br>Discount Rate | 1% Increase  |

For the June 30, 2024 actuarial valuation, post-retirement mortality rates are based on the Pub-2010 Teachers Healthy Annuitant Mortality Table, adjusted 110% for males, projected forward generationally using mortality improvement scale MP-2020. Pre-retirement mortality rates are based on Pub-2010 Teachers Employee Table adjusted 95% for females, projected forward generationally using mortality improvement scale MP-2020. Post-retirement disabled mortality rates are based on Pub-2010 Teachers Disabled Annuitant Table projected forward generationally using mortality improvement scale MP-2020.

For the prior measurement date, post-retirement mortality rates are based on the Pub-2010 Teachers Healthy Annuitant Mortality Table, adjusted 110% for males, projected forward generationally using mortality improvement scale MP-2020. Pre-retirement mortality rates are based on Pub-2010 Teachers Employee Table adjusted 95% for females, projected forward generationally using mortality improvement scale MP-2020. Post-retirement disabled mortality rates are based on Pub-2010 Teachers Disabled Annuitant Table projected forward generationally using mortality improvement scale MP-2020.

Actuarial assumptions used in the June 30, 2024 valuation are based on the results of an actuarial experience study for the period July 1, 2015 through June 30, 2021. An actuarial experience study is done on a quinquennial basis.

STRS' investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

| Asset Class          | Target<br>Allocation* | Long-Term Expected<br>Real Rate of Return ** |
|----------------------|-----------------------|----------------------------------------------|
| Domestic Equity      | 26.00 %               | 6.90 %                                       |
| International Equity | 22.00                 | 7.70                                         |
| Alternatives         | 19.00                 | 9.10                                         |
| Fixed Income         | 22.00                 | 4.50                                         |
| Real Estate          | 10.00                 | 5.10                                         |
| Liquidity Reserves   | 1.00                  | 2.40                                         |
| Total                | <u>100.00 %</u>       |                                              |

\* Final target weights reflected at October 1, 2022.

**PLAIN LOCAL SCHOOL DISTRICT  
STARK COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

**NOTE 12 - DEFINED BENEFIT PENSION PLANS - (Continued)**

\*\*10-Year annualized geometric nominal returns, which include the real rate of return and inflation of 2.40% and is net of investment expenses. Over a 30-year period, STRS' investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

**Discount Rate** - The discount rate used to measure the total pension liability was 7.00% as of June 30, 2024. The projection of cash flows used to determine the discount rate assumes that member and employer contributions will be made at the statutory contribution rates in accordance with the rates described previously. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Based on those assumptions, STRS' fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2024. Therefore, the long-term expected rate of return on pension plan investments of 7.00% was applied to all periods of projected benefit payments to determine the total pension liability as of June 30, 2024.

**Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate** - The following table represents the proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.00%, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00%) or one percentage point higher (8.00%) than the current assumption:

|                                                                | 1% Decrease   | Current<br>Discount Rate | 1% Increase   |
|----------------------------------------------------------------|---------------|--------------------------|---------------|
| District's proportionate share<br>of the net pension liability | \$ 61,740,391 | \$ 38,272,588            | \$ 18,422,858 |

**Assumption and Benefit Changes Since the Prior Measurement Date** - The discount rate remained at 7.00% for June 30, 2024 valuation.

Retirement rates were extended to younger ages intended to ensure that the ranges in retirement eligibility impacted participants at such ages.

Demographic assumptions were changed based on the actuarial experience study for the period July 1, 2015 through June 30, 2021.

FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

**NOTE 13 - DEFINED BENEFIT OPEB PLANS - (Continued)**

***Plan Description - School Employees Retirement System (SERS)***

Health Care Plan Description - The District contributes to the SERS Health Care Fund, administered by SERS for non-certificated retirees and their beneficiaries. For GASB 75 purposes, this plan is considered a cost-sharing other postemployment benefit (OPEB) plan. SERS' Health Care Plan provides healthcare benefits to eligible individuals receiving retirement, disability, and survivor benefits, and to their eligible dependents. Members who retire after June 1, 1986, need 10 years of service credit, exclusive of most types of purchased credit, to qualify to participate in SERS' health care coverage. The following types of credit purchased after January 29, 1981, do not count toward health care coverage eligibility: military, federal, out-of-state, municipal, private school, exempted, and early retirement incentive credit. In addition to age and service retirees, disability benefit recipients and beneficiaries who are receiving monthly benefits due to the death of a member or retiree, are eligible for SERS' health care coverage. Most retirees and dependents choosing SERS' health care coverage are over the age of 65 and therefore enrolled in a fully insured Medicare Advantage plan; however, SERS maintains a traditional, self-insured preferred provider organization for its non-Medicare retiree population. For both groups, SERS offers a self-insured prescription drug program. Health care is a benefit that is permitted, not mandated, by statute. The financial report of the Plan is included in the SERS Annual Comprehensive Financial Report which can be obtained on SERS' website at [www.ohsers.org](http://www.ohsers.org) under Employers/Audit Resources.

The Health Care program is financed through a combination of employer contributions, recipient premiums, investment returns, and any funds received on behalf of SERS' participation in Medicare programs. The System's goal is to maintain a health care reserve account with a 20-year solvency period in order to ensure that fluctuations in the cost of health care do not cause an interruption in the program. However, during any period in which the 20-year solvency period is not achieved, the System shall manage the Health Care Fund on a pay-as-you-go basis.

Access to health care for retirees and beneficiaries is permitted in accordance with Section 3309 of the Ohio Revised Code. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). SERS' Retirement Board reserves the right to change or discontinue any health plan or program. Active employee members do not contribute to the Health Care Plan. The SERS Retirement Board established the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility, and retirement status.

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required pensions and benefits, the Retirement Board may allocate the remainder of the employer contribution of 14% of covered payroll to the Health Care Fund in accordance with the funding policy. For the fiscal year ended June 30, 2025, SERS did not allocate any employer contributions to post-employment health care. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated if less than a full year of service credit was earned. For fiscal year 2025, this amount was \$30,000. Statutes provide that no employer shall pay a health care surcharge greater than 2% of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5% of the total statewide SERS-covered payroll for the health care surcharge. For fiscal year 2025, the District's surcharge obligation was \$199,148.

The surcharge added to the allocated portion of the 14% employer contribution rate is the total amount assigned to the Health Care Fund. The District's contractually required contribution to SERS was \$199,148 for fiscal year 2025, which is reported as a liability.

NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2025

**NOTE 13 - DEFINED BENEFIT OPEB PLANS - (Continued)**

***Plan Description - State Teachers Retirement System (STRS)***

Plan Description - The State Teachers Retirement System of Ohio (STRS) administers a cost-sharing Health Plan administered for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS. Ohio law authorizes STRS to offer this plan. Benefits include hospitalization, physicians' fees, prescription drugs and partial reimbursement of monthly Medicare Part B premiums. Health care premiums were reduced by a Medicare Part B premium credit beginning in 2023. The Plan is included in the report of STRS which can be obtained by visiting [www.strsoh.org](http://www.strsoh.org) or by calling (888) 227-7877.

Medicare Part D is a federal program to help cover the costs of prescription drugs for Medicare beneficiaries. This program allows STRS Ohio to recover part of the cost for providing prescription coverage since all eligible STRS Ohio health care plans include creditable prescription drug coverage.

Funding Policy - Ohio Revised Code Chapter 3307 authorizes STRS to offer the Plan and gives the Retirement Board discretionary authority over how much, if any, of the health care costs will be absorbed by STRS. Active employee members do not contribute to the Health Care Plan. All benefit recipients pay a portion of the health care costs in the form of a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions, currently 14% of covered payroll. For the fiscal year ended June 30, 2025, STRS did not allocate any employer contributions to post-employment health care.

***Net OPEB Liabilities/Assets, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB***

The net OPEB liability/asset was measured as of June 30, 2024, and the total OPEB liability used to calculate the net OPEB liability/asset was determined by an actuarial valuation as of that date. The District's proportion of the net OPEB liability/asset was based on the District's share of contributions to the respective retirement systems relative to the contributions of all participating entities.

Following is information related to the proportionate share and OPEB expense:

|                                          | SERS                 | STRS                 | Total          |

**PLAIN LOCAL SCHOOL DISTRICT  
STARK COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2025

**NOTE 13 - DEFINED BENEFIT OPEB PLANS - (Continued)**

***Actuarial Assumptions - SERS***

The total OPEB liability is determined by SERS' actuaries in accordance with GASB Statement No. 74, as part of their annual actuarial valuation for each retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment terminations). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases, actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total OPEB liability in the latest actuarial valuation date of June 30, 2024 and June 30, 2023 are presented below:

|                                                                                               | June 30, 2024                                           | June 30, 2023                                           |
|-----------------------------------------------------------------------------------------------|---------------------------------------------------------|---------------------------------------------------------|
| Inflation                                                                                     | 2.40%                                                   | 2.40%                                                   |
| Future salary increases, including inflation                                                  | 3.25% to 13.58%                                         | 3.25% to 13.58%                                         |
| Investment rate of return                                                                     | 7.00% net of investment<br>expense, including inflation | 7.00% net of investment<br>expense, including inflation |
| Actuarial cost method                                                                         | Entry Age Normal (Level<br>Percent of Payroll)          | Entry Age Normal (Level<br>Percent of Payroll)          |
| Fiduciary net position is projected to be depleted                                            | 2059                                                    | 2048                                                    |
| Municipal bond index rate                                                                     | 3.93%                                                   | 3.86%                                                   |
| Single equivalent interest rate, net of plan<br>investment expense, including price inflation | 4.88%                                                   | 4.27%                                                   |
| Medical trend assumption                                                                      | 7.00 to 4.40%                                           | 6.75 to 4.40%                                           |

In 2024, the following mortality assumptions were used:

**Healthy Retirees** - PUB-2010 General Employee Amount Weighted Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20% for males and set forward 2 years and adjusted 81.35% for females.

**Disabled Retirees** - PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3% for males and set forward 3 years and adjusted 106.8% for females.

**Contingent Survivors** - PUB-2010 General Amount Weighted Below Median Contingent Survivor mortality table projected to 2017 with ages set forward 1 year and adjusted 105.5% for males and adjusted 122.5% for females.

**Actives** - PUB-2010 General Amount Weighted Below Median Employee mortality table.

**PLAIN LOCAL SCHOOL DISTRICT  
STARK COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

**NOTE 13 - DEFINED BENEFIT OPEB PLANS - (Continued)**

**Mortality Projection** - Mortality rates are projected using a fully generational projection with Scale MP-2020.

In the prior measurement date, the following mortality assumptions were used:

**Healthy Retirees** - PUB-2010 General Employee Amount Weighted Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20% for males and set forward 2 years and adjusted 81.35% for females.

**Disabled Retirees** - PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3% for males and set forward 3 years and adjusted 106.8% for females.

**Contingent Survivors** - PUB-2010 General Amount Weighted Below Median Contingent Survivor mortality table projected to 2017 with ages set forward 1 year and adjusted 105.5% for males and adjusted 122.5% for females.

**Actives** - PUB-2010 General Amount Weighted Below Median Employee mortality table.

**Mortality Projection** - Mortality rates are projected using a fully generational projection with Scale MP-2020.

The most recent experience study was completed for the five-year period ended June 30, 2020.

The long-term expected rate on plan assets of return on plan assets is reviewed as part of the actuarial five-year experience study. The most recent five-year experience study was performed for the period covering fiscal years 2016 through 2020, and was adopted by the Board on April 15, 2021. Several factors are considered in evaluating the long-term rate of return assumption including long-term historical data, estimates inherent in current market data, and a long-normal distribution analysis in which best estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) were developed by the investment consultant for each major asset class. These ranges were combined to produce the long-term expected rate of return, 7.00%, by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The assumption is intended to be a long-term assumption and is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years.

The long-term expected nominal rate of return has been determined by calculating a weighted average of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalancing uncorrelated asset classes.

As of June 30, 2024:

| <u>Asset Class</u>          | <u>Target<br/>Allocation</u> | <u>Long-Term Expected Real<br/>Rate of Return (geometric)</u> |
|-----------------------------|------------------------------|---------------------------------------------------------------|
| Cash                        | 3.00 %                       | 0.97 %                                                        |
| US Equity                   | 22.00                        | 4.68                                                          |
| Non-US Equity Developed     | 12.00                        | 4.96                                                          |
| Non-US Equity Emerging      | 6.00                         | 5.66                                                          |

**PLAIN LOCAL SCHOOL DISTRICT  
STARK COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2025

**NOTE 13 - DEFINED BENEFIT OPEB PLANS - (Continued)**

**Discount Rate** - The discount rate used to measure the total OPEB liability at June 30, 2024, was 4.88%. The discount rate used to measure total OPEB liability prior to June 30, 2024, was 4.27%. The projection of cash flows used to determine the discount rate assumed that contributions will be made from members and the System at the contribution rate of 1.50% of projected covered payroll each year, which includes a 1.50% payroll surcharge and no contributions from the basic benefits plan. Based on these assumptions, the OPEB plan's fiduciary net position is projected to be depleted in 2059 by SERS' actuaries. The Fidelity General Obligation 20-year Municipal Bond Index Rate was used in the determination of the single equivalent interest rate for both the June 30, 2023 and the June 30, 2024 total OPEB liability. The Municipal Bond Index Rate is the single rate that will generate a present value of benefit payments equal to the sum of the present value determined by the long-term expected rate of return, and the present value determined by discounting those benefits after the date of depletion. The Municipal Bond Index Rate was 3.93% at June 30, 2024 and 3.86% at June 30, 2023.

**Sensitivity of the District's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate and Changes in the Health Care Cost Trend Rates** - The net OPEB liability is sensitive to changes in the discount rate and the health care cost trend rate. The following table presents the proportionate share of the net OPEB liability, what the proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (3.88%) and higher (5.88%) than the current discount rate (4.88%). Also shown is what the proportionate share of the net OPEB liability would be based on health care cost trend rates that are 1 percentage point lower (6.00% decreasing to 3.40%) and higher (8.00% decreasing to 5.40%) than the current rate (7.00% decreasing to 4.40%).

|                                                             | 1% Decrease  | Current<br>Discount Rate | 1% Increase  |
|-------------------------------------------------------------|--------------|--------------------------|--------------|
| District's proportionate share<br>of the net OPEB liability | \$ 3,774,765 | \$ 2,830,795             | \$ 2,080,684 |

|                                                             | 1% Decrease  | Current<br>Trend Rate | 1% Increase  |
|-------------------------------------------------------------|--------------|-----------------------|--------------|
| District's proportionate share<br>of the net OPEB liability | \$ 1,913,512 | \$ 2,830,795          | \$ 4,036,491 |

**Actuarial Assumptions - STRS**

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results used in the June 30, 2024 actuarial valuation, compared with June 30, 2023 actuarial valuation, are presented below:

|                            | June 30, 2024                                          |          | June 30, 2023                                          |          |
|----------------------------|--------------------------------------------------------|----------|--------------------------------------------------------|----------|
| Projected salary increases | Varies by service from 2.50% to 8.50%                  |          | Varies by service from 2.50% to 8.50%                  |          |
| Investment rate of return  | 7.00%, net of investment expenses, including inflation |          | 7.00%, net of investment expenses, including inflation |          |
| Payroll increases          | 3.00%                                                  |          | 3.00%                                                  |          |
| Discount rate of return    | 7.00%                                                  |          | 7.00%                                                  |          |
| Health care cost trends    |                                                        |          |                                                        |          |
|                            | Initial                                                | Ultimate | Initial                                                | Ultimate |
| Medical                    |                                                        |          |                                                        |          |
| Pre-Medicare               | 7.50%                                                  | 3.94%    | 7.50%                                                  | 4.14%    |
| Medicare                   | -112.22%                                               | 3.94%    | -10.94%                                                | 4.14%    |
| Prescription Drug          |                                                        |          |                                                        |          |
| Pre-Medicare               | 8.00%                                                  | 3.94%    | -11.95%                                                | 4.14%    |
| Medicare                   | -15.14%                                                | 3.94%    | 1.33%                                                  | 4.14%    |

**PLAIN LOCAL SCHOOL DISTRICT  
STARK COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

**NOTE 13 - DEFINED BENEFIT OPEB PLANS - (Continued)**

Projections of benefits include the historical pattern of sharing benefit costs between the employers and retired plan members.

For the June 30, 2024 actuarial valuation, for healthy retirees the post-retirement mortality rates are based on the Pub-2010 Teachers Healthy Annuitant Mortality Table, adjusted 110% for males, projected forward generationally using mortality improvement scale MP-2020; pre-retirement mortality rates are based on Pub-2010 Teachers Employee Table adjusted 95% for females, projected forward generationally using mortality improvement scale MP-2020. For disabled retirees, mortality rates are based on the Pub-2010 Teachers Disabled Annuitant Table projected forward generationally using mortality improvement scale MP-2020.

For the prior measurement date, for healthy retirees the post-retirement mortality rates are based on the Pub-2010 Teachers Healthy Annuitant Mortality Table, adjusted 110% for males, projected forward generationally using mortality improvement scale MP-2020; pre-retirement mortality rates are based on Pub-2010 Teachers Employee Table adjusted 95% for females, projected forward generationally using mortality improvement scale MP-2020. For disabled retirees, mortality rates are based on the Pub-2010 Teachers Disabled Annuitant Table projected forward generationally using mortality improvement scale MP-2020.

Actuarial assumptions used in the June 30, 2024 valuation are based on the results of an actuarial experience study for the period July 1, 2015 through June 30, 2021. An actuarial experience study is done on a quinquennial basis.

***Assumption Changes Since the Prior Measurement Date*** - The discount rate remained unchanged at 7.00% for the June 30, 2024 valuation.

***Benefit Term Changes Since the Prior Measurement Date*** - Healthcare trends were updated to reflect emerging claims and recoveries experience as well as benefit changes effective January 1, 2025. The larger Medicare trends for Years 2027 and 2028 reflect the assumed impact of the expiration of current Medicare Advantage contract on December 31, 2028.

STRS' investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

| Asset Class          | Target<br>Allocation* | Long-Term Expected<br>Real Rate of Return ** |
|----------------------|-----------------------|----------------------------------------------|
| Domestic Equity      | 26.00 %               | 6.90 %                                       |
| International Equity | 22.00                 | 7.70                                         |
| Alternatives         | 19.00                 | 9.10                                         |
| Fixed Income         | 22.00                 | 4.50                                         |
| Real Estate          | 10.00                 | 5.10                                         |
| Liquidity Reserves   | 1.00                  | 2.40                                         |
| Total                | <u>100.00 %</u>       |                                              |

\* Final target weights reflected at October 1, 2022.

\*\*10-Year annualized geometric nominal returns, which include the real rate of return and inflation of 2.40% and is net of investment expenses. Over a 30-year period, STRS' investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

**PLAIN LOCAL SCHOOL DISTRICT  
STARK COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

**NOTE 13 - DEFINED BENEFIT OPEB PLANS - (Continued)**

**Discount Rate** - The discount rate used to measure the total OPEB liability was 7.00% as of June 30, 2024. The projection of cash flows used to determine the discount rate assumed STRS continues to allocate no employer contributions to the health care fund. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2024. Therefore, the long-term expected rate of return on health care plan investments of 7.00% was applied to all periods of projected health care costs to determine the total OPEB liability as of June 30, 2024.

**Sensitivity of the District's Proportionate Share of the Net OPEB Asset to Changes in the Discount and Health Care Cost Trend Rate** - The following table represents the net OPEB asset as of June 30, 2024, calculated using the current period discount rate assumption of 7.00%, as well as what the proportionate share of the net OPEB asset would be if it were calculated using a discount rate that is one percentage point lower (6.00%) or one percentage point higher (8.00%) than the current assumption. Also shown is the proportionate share of the net OPEB asset as if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current health care cost trend rates.

|                                                         | 1% Decrease  | Current<br>Discount Rate | 1% Increase  |

|                                                         | 1% Decrease  | Current<br>Trend Rate    | 1% Increase  |
| District's proportionate share<br>of the net OPEB asset | \$ 4,428,053 | \$ 3,772,853             | \$ 2,984,890 |

**NOTE 14 - CONTINGENCIES**

**A. Grants**

The District received financial assistance from federal and State agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the general fund or other applicable funds. However, the effect of any such disallowed claims on the overall financial position of the District at June 30, 2025, if applicable, cannot be determined at this time.

**B. Litigation**

The District is involved in no material litigation as either plaintiff or defendant.

**C. Foundation Funding**

Foundation funding is based on the annualized full-time equivalent (FTE) enrollment of each student. Traditional districts must comply with minimum hours of instruction, instead of a minimum number of school days each year. The funding formula the Ohio Department of Education and Workforce (ODEW) is legislatively required to follow will continue to adjust as enrollment information is updated by the District, which can extend past the fiscal year-end. ODEW has finalized the impact of enrollment adjustments to the June 30, 2025 Foundation funding for the District, which is included in the financial statements as a liability.

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

**NOTE 15 - DISTRICT AS A FISCAL AGENT**

Career Technical Education Program Agreement

The District serves as the fiscal agent for a four-district career/technical compact formed to provide vocational (career/technical) education programs for the students in each district in the most effective and efficient manner possible. The other districts included in the agreement are: North Canton City Schools, Jackson Local Schools and Lake Local Schools. The term of the agreement is July 1, 2023 through June 30, 2028. The districts offer career/technical programs which conform to the regulations and statutes of the State of Ohio. Each District contributes \$150 per Career-Tech student to a permanent improvement, capital equipment, and supply fund to provide for needed equipment, computer software and site licenses (per State allowances) and facility improvements.

**NOTE 16 - SET-ASIDES**

The District is required by State law to annually set-aside certain general fund revenue amounts, as defined by statutory formula, for the acquisition and construction of capital improvements. Amounts not spent by the end of the fiscal year or offset by similarly restricted resources received during the year must be held in cash at fiscal year-end. This amount must be carried forward to be used for the same purpose in future years. Expenditures exceeding the set-aside requirement may not be carried forward to the next fiscal year.

The following cash-basis information describes the change in the fiscal year-end set-aside amount for capital improvements. Disclosure of this information is required by State statute.

|                                             | <u>Capital<br/>Improvements</u> |
|---------------------------------------------|---------------------------------|
| Set-aside balance June 30, 2024             | \$ -                            |
| Current year set-aside requirement          | 1,424,277                       |
| Current year qualifying expenditures        | <u>(3,736,817)</u>              |
| Total                                       | <u>\$ (2,312,540)</u>           |
| Balance carried forward to fiscal year 2026 | <u>\$ -</u>                     |
| Set-aside balance June 30, 2025             | <u>\$ -</u>                     |

**NOTE 17 - BUILDING RENTAL**

On June 30, 2005, the District and the Stark County District Library (the "Library") entered into an agreement in which the Library would lease a 12,000 square foot area which is part of the new library facility constructed at Glen Oak High School. On May 20, 2015, the District approved a renewal to the lease for another ten year period beginning on July 1, 2016 with no termination in the first five years. In March 2021, both parties agreed to a new 10 year agreement with a leased square footage of 10,205 feet beginning July 1, 2021 with no termination in the first five years. There is no annual lease payment due to the District. The Library will continue to pay operating costs based on a new contract. The Library paid operating costs of \$11.21 per square foot on 10,205 square feet of the library facility during fiscal year 2025. The square footage rate is adjusted annually based on actual operating costs for the 10 year lease term.

The District has also entered into an agreement with Child and Adolescent Behavioral Health "C&A", an Ohio nonprofit corporation, for the portion of the high school facility that was previously a medical care facility and not needed for school purposes. The Mental Health Facility consists of the leased premises and a Joint Use Area, a total of 3,200 square feet. The Joint Use Area consists of the parking lot and other interior and exterior areas that allow ingress and egress into the leased premises. The terms of the lease include a base cost of \$4.00 per square foot per month, and annual operating costs of \$11.21 per square foot for fiscal year 2025. The lease term is August 1, 2023 through July 31, 2033.

NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2025

**NOTE 18 - OTHER COMMITMENTS**

The District utilizes encumbrance accounting as part of its budgetary controls. Encumbrances outstanding at year-end may be reported as part of restricted, committed, or assigned classifications of fund balance. At year-end, the District's commitments for encumbrances (less any amounts included in payables) in the governmental funds were as follows:

| <u>Fund</u>                 | <u>Year-End<br/>Encumbrances</u> |
|-----------------------------|----------------------------------|
| General                     | \$ 2,202,771                     |
| Capital projects            | 491,951                          |
| Nonmajor governmental funds | <u>627,701</u>                   |
| Total                       | <u><u>\$ 3,322,423</u></u>       |

**PLAIN LOCAL SCHOOL DISTRICT  
STARK COUNTY, OHIO**

**NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION  
FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

**NOTE 1 - BUDGETARY PROCESS**

While reporting financial position, results of operations, and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts and disbursements.

The schedule of revenues, expenditures and changes in fund balance - budget and actual (non-GAAP budgetary basis) presented for the general fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and the GAAP basis are that:

- (a) Revenues and other financing sources are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis);
- (b) Expenditures and other financing uses are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis);
- (c) In order to determine compliance with Ohio law, and to reserve that portion of the applicable appropriation, total outstanding encumbrances (budget basis) are recorded as the equivalent of an expenditure, as opposed to assigned or committed fund balance for that portion of outstanding encumbrances not already recognized as an account payable (GAAP basis); and
- (d) Some funds are included in the general fund (GAAP basis), but have separate legally adopted budgets (budget basis).

The adjustments necessary to convert the results of operations for the year on the budget basis to the GAAP basis is as follows:

**Net Change in Fund Balance**

|                                                                  | <u>General fund</u>    |
|------------------------------------------------------------------|------------------------|
| Budget basis                                                     | \$ (21,803,543)        |
| Net adjustment for revenue and other financing sources accruals  | 1,415,831              |
| Net adjustment for expenditure and other financing uses accruals | 671,062                |
| Funds budgeted elsewhere                                         | 986,583                |
| Adjustments for encumbrances                                     | <u>3,257,029</u>       |
| GAAP Basis                                                       | <u>\$ (15,473,038)</u> |

As part of Governmental Accounting Standards Board Statement No. 54, "Fund Balance Reporting", certain funds that are legally budgeted in separate special revenue funds are considered part of the general fund. This includes the public school support fund, the district agency fund, and the termination benefits fund.

*SCHOOL EMPLOYEES RETIREMENT SYSTEM (SERS) OF OHIO*

*Change in benefit terms:*

- There were no changes in benefit terms from the amounts reported for fiscal year 2016.
- There were no changes in benefit terms from the amounts reported for fiscal year 2017.
- For fiscal year 2018, SERS changed from a fixed 3% annual increase to a Cost of Living Adjustment (COLA) based on the changes in the Consumer Price Index (CPI-W), with a cap of 2.5% and a floor of 0%.
- For fiscal year 2019, with the authority granted the Board under Senate Bill 8, the Board has enacted a three year COLA delay for future benefit recipients commencing benefits on or after April 1, 2018.
- There were no changes in benefit terms from the amounts previously reported for fiscal year 2020.
- There were no changes in benefit terms from the amounts previously reported for fiscal year 2021.
- For fiscal year 2022, SERS changed from a Cost of Living Adjustment (COLA) of 2.5% to 2.0%.
- For fiscal year 2023, SERS changed from a Cost of Living Adjustment (COLA) of 2.0% to 2.5%.
- There were no changes in benefit terms from the amounts reported for fiscal year 2024.
- There were no changes in benefit terms from the amounts reported for fiscal year 2025.

*Change in assumptions:*

- There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for fiscal year 2016.
- For fiscal year 2017, the following changes of assumptions affected the total pension liability since the prior measurement date: (a) the assumed rate of inflation was reduced from 3.25% to 3.00%, (b) payroll growth assumption was reduced from 4.00% to 3.50%, (c) assumed real wage growth was reduced from 0.75% to 0.50%, (d) rates of withdrawal, retirement and disability were updated to reflect recent experience, (e) mortality among active members was updated to RP-2014 Blue Collar Mortality Table with fully generational projection and a five-year age set-back for both males and females, (f) mortality among service retired members and beneficiaries was updated to the following RP-2014 Blue Collar Mortality Table with fully generational projection with Scale BB, 120% of male rates and 110% of female rates, (g) mortality among disabled members was updated to RP-2000 Disabled Mortality Table, 90% for male rates and 100% for female rates, set back five years is used for the period after disability retirement and (h) the discount rate was reduced from 7.75% to 7.50%.
- There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for fiscal year 2018.
- There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for fiscal year 2019.
- There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for fiscal year 2020.
- There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for fiscal year 2021.
- For fiscal year 2022, the following changes of assumptions affected the total pension liability since the prior measurement date: (a) wage inflation decreased from 3.00% to 2.40%, (b) future salary increases changed from 3.50% - 18.20% to 3.25% - 13.58%, (c) investment rate of return decreased from 7.50% to 7.00%, (d) discount rate decreased from 7.50% to 7.00% and (e) mortality tables changed from the RP-2014 Blue Collar mortality table to the PUB-2010 General Employee Amount Weighted Below Median Healthy Retiree mortality table.
- There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for fiscal year 2023.
- There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for fiscal year 2024.

**Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance  
and Other Matters Based on an Audit of Financial Statements Performed in Accordance with  
*Government Auditing Standards***

To the Board of Education and Management  
Plain Local School District  
Stark County, Ohio  
901 44th Street NW  
Canton, Ohio 44709

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Plain Local School District, Stark County, Ohio (the "District") as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 23, 2025, wherein we noted the District restated the net position balance to account for the implementation of Governmental Accounting Standards Board (GASB) Statement No. 101, *Compensated Absences*.

**Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Auditor's Report on Compliance for Each Major Federal Program and  
Report on Internal Control over Compliance Required by the Uniform Guidance**

To the Board of Education and Management  
Plain Local School District  
Stark County, Ohio  
901 44th Street NW  
Canton, Ohio 44709

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited Plain Local School District's, Stark County, Ohio (the "District") compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of District's major federal programs for the year ended June 30, 2025. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2025.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the District's federal programs.

### ***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control Over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with

Independent Auditor's Report on Compliance for Each Major Federal Program and  
Report on Internal Control over Compliance Required by the Uniform Guidance  
Page 3 of 3

a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

The accompanying notes are an integral part of this schedule.

**Plain Local School District  
Stark County, Ohio**

*Notes to the Schedule of Expenditures of Federal Awards  
2 CFR 200.510(b)(6)  
For the Year Ended June 30, 2025*

**NOTE A – BASIS OF PRESENTATION**

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of Plain Local School District (the District) under programs of the federal government for the year ended June 30, 2025. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, or changes in net position of the District.

**NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance, wherein certain types of expenditures may or may not be allowable or may be limited as to reimbursement.

**NOTE C – INDIRECT COST RATE**

The District has elected not to use the de minimis indirect cost rate as allowed under the Uniform Guidance.

**NOTE D - SUBRECIPIENTS**

The District passes certain federal awards received from the Ohio Department of Education and Workforce (ODEW) to other governments (subrecipients). As Note B describes, the District reports expenditures of Federal awards to subrecipients when paid in cash.

As a pass-through entity, the District has certain compliance responsibilities, such as monitoring its subrecipients to help assure they use these subawards as authorized by laws, regulations, and the provisions of contracts of grant agreements, and the subrecipients achieve the award's performance goals.

**NOTE E - CHILD NUTRITION CLUSTER**

The District commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the District assumes it expends federal monies first.

**NOTE F – FOOD DONATION PROGRAM**

The District reports commodities consumed on the Schedule at the entitlement value. The District allocated donated food commodities to the respective programs that benefitted from the use of those donated food commodities.

**NOTE G – TRANSFERS BETWEEN PROGRAM YEARS**

Federal regulations require schools to obligate certain federal awards by June 30. However, with ODEW's consent, schools can transfer unobligated amounts to subsequent fiscal year's program. The District transferred the following amounts from 2024 to 2025 programs:

|                                                 |         |         |
|-------------------------------------------------|---------|---------|
| Title I Grants to Local Education Agencies      | 84.010A | 58,500  |
| Supporting Effective Instruction State Grant    | 84.367A | 106,746 |
| Title III Immigrant                             | 84.365A | 1,366   |
| Student Support and Academic Enrichment Program | 84.424A | 68,164  |
| Special Education Grants to States              | 84.027A | 491,691 |
