We have reviewed the *Independent Auditors' Report* of the Shelby Metropolitan Housing Authority, Shelby County, prepared by Manning & Associates CPAs, LLC, for the audit period January 1, 2006 through December 31, 2006. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Shelby Metropolitan Housing Authority is responsible for compliance with these laws and regulations.

INDEPENDENT AUDITORS' REPORT

The Board of Commissioners
Shelby Metropolitan Housing Authority
706 N. Wagner
Sidney, Ohio

Regional Inspector General of Audit
Department of Housing & Urban Development

We have audited the accompanying basic financial statements of the Shelby Metropolitan Housing Authority as of and for the year ended December 31, 2006, as listed in the table of contents. These financial statements are the responsibility of Shelby Metropolitan Housing Authority's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of the Shelby Metropolitan Housing Authority as of December 31, 2006, and the results of its operations and the cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report dated June 28, 2007 on our consideration of the Shelby Metropolitan Housing Authority's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

The Management's Discussion and Analysis, is not a required part of the basic financial statements but is supplemental information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquires of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion thereon.

Our audit was performed for the purpose of forming an opinion on the basic financial statements of the Authority taken as a whole. The schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements of the Shelby Metropolitan Housing Authority. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as

required by U.S. Office of Management and Budget Circular A-133, *Audit of States, Local Governments and Non-Profit Organizations* and is not a required part of the basic financial statements. The combining financial data schedule ("FDS") and cost certifications are presented for purposes of additional analysis as required by the Department of Housing and Urban Development and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly presented in all material respects, in relation to the basic financial statements taken as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED DECEMBER 31, 2006

Unaudited

The Shelby Metropolitan Housing Authority of Shelby County ("the Authority") management's discussion and analysis is designed to (a) assist the reader in focusing on significant issues, (b) provide an overview of the Authority's financial activity, (c) identify changes in the Authority's financial position, and (d) identify individual fund issues or concerns.

Since the Management's Discussion and Analysis (MD&A) is designed to focus on the current year's activities, resulting changes and currently known facts, please read it in conjunction with the Authority's financial statements (beginning on page 12).

FINANCIAL HIGHLIGHTS

- The Authority's net assets decreased by \$263,912 (or 4%) during 2006, including results from operations of \$(364,275), plus non-operating revenues of \$100,363. Since the Authority engages only in business-type activities, the decreases are all in the category of business-type net assets. Net Assets were \$ 6.3 million and \$ 6.5 million for 2006 and 2005 respectively.
- Revenues increased by \$24,498 (or 2%) during 2006, and were \$1.9 million and \$1.9 million for 2006 and 2005 respectively.
- The total expenses of all Authority programs increased by \$121,157 (or 6%). Total expenses were \$2.1 million and 2.0 million for 2006 and 2005, respectively.

USING THIS ANNUAL REPORT

The Report includes three major sections, the "management Discussion and Analysis (MD&A)", "Basic Financial Statements", and "Other Required Supplementary Information":

MD&A ~ Management's Discussion and Analysis ~
--

Basic Financial Statements ~ Authority-wide Financial Statements – pgs 12-14 ~ Notes to Financial Statements – pgs 15-23

<u>Other Required Supplementary Information</u> ~Required Supplementary Information pgs 24-29 (other than MD&A)
--

The primary focus of the Authority's financial statements is on both the Authority as a whole (Authority-wide) and the major individual funds. Both perspectives (authority-wide and major fund) allow the user to address relevant questions, broaden a basis for comparison (year to year or Authority to Authority) and enhance the Authority's accountability.

AUTHORITY-WIDE FINANCIAL STATEMENTS

The Authority-wide financial statements (see pgs 12-14) are designed to be corporate-like in that all business type activities are consolidated into columns, which add to a total for the entire Authority.

These Statements include a Statement of Net Assets, which is similar to a Balance Sheet. The Statement of Net Assets reports all financial and capital resources for the Authority. The statement is presented in the format where an asset, minus liabilities, equals "Net Assets", formerly known as equity. Assets and liabilities are presented in order of liquidity, and are classified as "Current" (convertible into cash within one year), and "Non-current".

The focus of the Statement of Net Assets (the "Unrestricted Net Assets") is designed to represent the net available liquid (non-capital) assets, net of liabilities, for the entire Authority. Net Assets (formerly equity) are reported in three broad categories:

Net Assets, Invested in Capital Assets, Net of Related Debt: This component of Net Assets consists of all Capital Assets, reduced by the outstanding balances of any bonds, mortgages, notes or other borrowing that are attributable to the acquisition, construction, or improvement of those assets.

Restricted Net Assets: This component of Net Assets consists of restricted assets, when constraints are placed on the asset by creditors (such as debt covenants), grantors, contributors, laws, regulations, etc.

Unrestricted Net Assets: Consists of Net Assets that do not meet the definition of "Net Assets Invested in Capital Assets, Net of Related Debt", or "Restricted Net Assets".

The Authority-wide financial statements also include a Statement of Revenues, Expenses and changes in fund Net Assets (similar to an Income Statement). This Statement includes Operating Revenues, such as rental income, Operating Expenses, such as administrative, utilities, and maintenance, and depreciation, and Non-Operating Revenue and Expenses, such as capital grant revenue, investment income and interest expense.

The focus of the Statement of Revenues, Expenses and Changes in fund Net Assets is the "Change in Net Assets", which is similar to Net Income or Loss.

Finally, a Statement of Cash Flows is included, which discloses net cash provided by, or used for operating activities, non-capital financing activities, and from capital and related financing activities.

FUND FINANCIAL STATEMENTS

The Authority consists of exclusively Enterprise Funds. Enterprise funds utilize the full accrual basis of accounting. The Enterprise method of accounting is similar to accounting utilized by the private sector accounting.

Many of the funds maintained by the Authority are required by the Department of Housing and Urban Development. Others are segregated to enhance accountability and control.

The Authority's Funds:

Business Type Funds

Conventional Public Housing - Under the conventional Public Housing Program, the Authority rents units that it owns to low-income households. The Conventional Public Housing Program is operated under an Annual contributions contract (ACC) with HUD, and HUD provides Operating Subsidy and Capital Grant funding to enable the PHA to provide the housing at a rent that is based upon 30% of household income.

Capital Fund Program - This is the current primary funding source for the Authority's physical and management improvements. While the formula funding methodology used for the CGP was revised for the CFP, funds are still provided by formula allocation and based on size and age of your units.

Housing Choice Voucher Program - Under the Housing Choice voucher Program, the Authority administers contracts with independent landlords that own the property. The Authority subsidizes the family's rent through a Housing Assistance Payment made to the landlord. The program is administered under an Annual Contributions Contract (ACC) with HUD. HUD provides Annual Contributions Funding to enable the Authority to structure a lease that sets the participants' rent at 30% of household income.

Major Factors Affecting the Statement of Net Assets

During 2006, current and other assets were decreased by \$62,900 and current liabilities were increased by \$906.

Capital assets also changed, decreasing to \$ 6,104,561 from \$ 6,299,350. The \$194,789 decrease may be attributed primarily to a combination of net acquisitions \$(90,479), less current year depreciation and amortization \$(285,268). For more detail see "Capital Assets and Debt Administration" below.

Adjusted Results from Operations	
Capital Expenditures (2)	<u>(90,479)</u>
Unrestricted Net Assets 12/31/06	<u>194,754</u>

- (1) Depreciation is treated as an expense and reduces the results of operations but does not have an impact on unrestricted Net Assets.
- (2) Capital expenditures represent an outflow of unrestricted net assets, but are not treated as an expense against Results of Operations, and therefore must be deducted.

While the results of operations are a significant measure of the Authority's activities, the analysis of the changes in Unrestricted Net Assets provides a clearer change in financial well-being.

Net Increase/ (Decrease)	<u>(118,257)</u>	<u>(263,912)</u>

MAJOR FACTORS AFFECTING THE STATEMENT OF REVENUE, EXPENSE AND CHANGES IN NET ASSETS

Tenant revenue increased during 2006 in comparison to 2005. This was due to a increase in unit months leased and higher rent for tenants working during 2005. Operating subsidies, increased and capital grants decreased. The increase was due to a significant increase in operating subsidy to cover the decrease in the average dwelling rent. Other income increased in 2006 due to Section 8 Fraud Recovery.

Administrative cost decreased due largely to the decrease in other operating cost. Tenant services decreased due to a decrease in Resident Council activities as a result of reduced Resident Participation funding. Utility costs remained stable. Maintenance costs overall decreased due to elimination of most contract labor and some maintenance contracts. General expenses remained stable. General expense increased due to higher commercial insurance cost and collection losses.

Housing Assistance Payments increase due to a higher level of leasing activities within the Authority's Housing Choice Voucher Program and increase in grants due to lower average dwelling rent and administration of new local programs. Under its Local program, Shelby MHA administers a tenant based rental assistance program in essentially the same manner it does its Section 8 Housing Choice Voucher program except the funding for the program is being provided by local sources rather than by HUD. **SMHA appreciates the opportunity to partner with local government to provide additional housing assistance for Shelby County residents.**

ECONOMIC FACTORS

Significant economic factors affecting the Authority are as follows:

- Federal funding provided by Congress to the Department of Housing and Urban Development
- Local labor supply and demand, which can affect salary and wage rates
- Local inflationary, recessionary and employment trends, which can affect resident incomes and therefore the amount of housing assistance
- Inflationary pressure on utility rates, supplies and other costs
- Local rental market rates and housing stock supply and demand, which affects the Authority's ability to maintain leasing rates

SHELBY METROPOLITAN HOUSING AUTHORITY
NOTES TO FINANCIAL STATEMENTS
FOR YEAR ENDED DECEMBER 31, 2006

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Reporting Entity

The Shelby Metropolitan Housing Authority (the Authority) was created under the Ohio Revised Code Section (3735.27) to engage in the acquisition, development, leasing and administration of a low-rent housing program. An Annual Contributions Contract (ACC) was signed by the Authority and the U.S. Department of Housing and Urban Development (HUD) under the provisions of the United States Housing Act of 1937 (42 U.S.C. 1437) Section 1.1. The Authority was also created in accordance with state law to eliminate housing conditions which are detrimental to the public peace, health, safety, morals or welfare by purchasing, acquiring, constructing, maintaining, operating, improving, extending and repairing housing facilities.

The nucleus of the financial reporting entity as defined by the Government Accounting Standards Board (GASB) Statement No. 14 is the “primary government”. A fundamental characteristic of a primary government is that it is a fiscally independent entity. In evaluating how to define the financial reporting entity, management has considered all potential component units. A component unit is a legally separate entity for which the primary government is financially accountable. The criteria of financial accountability is the ability of the primary government to impose its will upon the potential component unit. These criteria were considered in determining the reporting entity.

Basis of Presentation

The financial statements of the Authority have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

In accordance with GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting*, the Authority has elected to apply the provisions of Statements and Interpretations of the Financial Accounting Standards Board issued after November 30, 1989 that do not conflict with GASB pronouncements. The Authority will continue applying all applicable pronouncements issued by the Governmental Accounting Standards Board.

The Authority’s basic financial statements consist of a statement of net assets, a statement of revenues, expenses, and changes in net assets, and a statement of cash flows.

The Authority uses a single enterprise fund to maintain its financial records on an accrual basis. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts.

Enterprise fund reporting focuses on the determination of the change of net assets, financial position and cash flows. An enterprise fund may be used to account for any activity for which a fee is charged to external users for goods and services.

Measurement Focus and Basis of Accounting

The enterprise fund is accounted for on a flow of economic resources measurement focus and the accrual basis of accounting. All assets and all liabilities associated with the operation of the Authority are included on the statement of net assets. The statement of changes in net assets presents increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. The statement of cash flows provides information about how the Authority finances and meets the cash flow of its enterprise activity.

SHELBY METROPOLITAN HOUSING AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2006

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus and Basis of Accounting (continued)

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operation. The principal operating revenues of the Authority's enterprise fund are charges to tenants for rent and operating subsidies from HUD. Operating expenses for the enterprise fund include the costs of facility maintenance, housing assistance payments, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statement, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

For the purpose of the statement of cash flows, cash and cash equivalents include all highly liquid debt instruments with original maturities of three months or less.

Inventory

Inventory consists of materials and supplies and are stated at cost (first-in, first-out method), which approximates market. The Board believes no allowance is needed for obsolete inventory.

Receivable – net of allowance

Bad debts are provided on the allowance method based on management's evaluation of the collectibility of outstanding tenant receivable balances at the end of the year. The allowance of uncollectible receivable was \$-0- for tenant receivables and \$25,000 for fraud receivables at December 31, 2006.

Fixed Assets

Fixed assets are stated at cost and depreciation is computed using the straight-line method over an estimated useful life of the assets. The cost of normal maintenance and repairs, the do not add to the value of the asset or materially extend the asset life, are not capitalized.

SHELBY METROPOLITAN HOUSING AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2006

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Compensated Absences

The Authority accounts for compensated absences in accordance with GASB Statement No. 16. Sick leave and other compensated absences with similar characteristics are accrued as a liability based on sick leave accumulated at the balance sheet date by those employees who currently are eligible to receive termination payments. To calculate the liability, these accumulations are reduced to the maximum amount allowed as a termination payment.

All employees who meet the termination policy of the Authority for years of service are included in the calculation of the compensated absence accrual amount.

Vacation leave and other compensated absences with similar characteristics are accrued as a liability as the benefits are earned by the employees if both of the following conditions are met: (1) the employees' rights to receive compensation are attributable to services already rendered and are not contingent on a specific event that is outside the control of the employer and employee. (2) It is probable that the employer will compensate the employees for the benefits through paid time off or some other means, such as cash payments at termination or retirement.

In the proprietary fund, the compensated absences are expensed when earned with the amount reported as a fund liability.

Investments

The provisions of the HUD Regulations restrict investments. Investments are stated at fair value. Cost based measures were applied to nonnegotiable certificates of deposit and money market investments. Interest income earned in fiscal year ending December 31, 2006 totaled \$9,882.

Due From/To Other Programs

Inter-program receivables and payables on the FDS Schedule on pages 24-27 are eliminated on the Statement of Net Assets.

Prepaid Expenses

Payments made to vendors for services that will be benefit periods beyond December 31, 2006, are recorded as prepaid expenses using the consumption method. A current asset for the amount is recorded at the time of the purchase and expense is reported in the year in which the services are consumed.

SHELBY METROPOLITAN HOUSING AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2006

NOTE 2 – CASH AND CASH EQUIVALENTS

Cash

State statutes classify monies held by the Authority into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the Authority's Treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Authority has identified as not required for use within the current two-year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies, which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts.

Protection of Authority's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

The Authority's deposits are categorized to give an indication of the level of risk assumed by the entity at year end. Category 1 includes deposits that are insured or collateralized with securities held by the Authority or its safekeeping agent in the Authority's name. Category 2 includes uninsured deposits collateralized with securities held by the pledging financial institution's trust department or safekeeping agent in the Authority's name. Category 3 includes uninsured and uncollateralized deposits, including any bank balance that is collateralized with securities held by the pledging institution, or by its trust department or safekeeping agent, but not in the Authority's name.

The carrying amount of the Authority's deposits was \$277,853 at December 31, 2006. The corresponding bank balances were \$303,081.

The following show the Authority's deposits (bank balance) in each category:

Category 1.	\$ 242,218	was covered by federal depository insurance.
Category 3.	\$ 60,863	was covered by collateral held by the pledging financial institution, in the name of the Authority.

Collateral is required for demand deposits and certificates of deposit at 110 percent of all deposits not covered by federal deposit insurance. Obligations that may be pledged as collateral are obligations of the United States and its agencies and obligations of the State and its municipalities, school districts, and district corporations. Obligations pledged to secure deposits must be delivered to a bank other than the institution in which the deposit is made. Written custodial agreements are required.

Investments

HUD, State Statute and Board Resolutions authorize the Authority to invest in obligations of U.S. Treasury, agencies and instrumentalities, certificates of deposit, repurchase agreements, money market deposit accounts, municipal

depository fund, super NOW accounts, sweep accounts, separate trading of registered interest and principal of securities, mutual funds, bonds and other obligations of this State, and the State Treasurer’s investment pool. Investments in stripped principal or interest obligations reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the Authority, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

The Authority’s investments are categorized to give an indication of the level of risk assumed by the entity at year-end. Category A includes investments that are insured or registered or for which the securities are held by the Authority or its agent in the Authority’s name. Category B includes uninsured and unregistered investments for which the securities are held by the counterparty’s Trust department or agent in the Authority’s name. Category C includes uninsured and unregistered investments for which securities are held by the counterparty or its Trust department but not in the Authority’s name. Star Ohio is not classified, since it is not evidenced by securities that exist in physical or book entry form.

The Authority’s deposits are classified as cash on the balance sheet and are considered as deposits for GASB 3 purposes. Therefore, the categories described above do not apply.

NOTE 4 – DEFINED BENEFIT PENSION PLANS – PUBLIC EMPLOYEES RETIREMENT SYSTEM

All employees participate in the Ohio Public Employees Retirement System of Ohio (OPERS), a cost sharing multiple employer public employee retirement system administered by the Ohio Public Employee Retirement Board. OPERS has provided the following information to the Authority in order to assist the Authority in complying with GASB Statement No. 27, *Accounting for Pensions by State and Local Governmental Employers* (Statement No. 27). OPERS administers three separate pension plans as described below:

- A. The Traditional Pension Plan – a cost-sharing multiple-employer defined benefit pension plan.
- B. The Member-Directed Plan – a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20% per year). Under the Member-Directed Plan members accumulate retirement assets equal to the value of member and (vested) employer contributions plus any investment earnings thereon.
- C. The Combined Plan – a cost-sharing multiple-employer defined benefit pension plan. Under the Combined Plan employer contributions are invested by the retirement system to provide a formula retirement benefit similar in nature to the traditional Pension Plan benefit. Member contributions, the investment of which is self-directed by the members, accumulate retirement assets in a manner similar to the Member-Directed Plan.
- D. OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the Tradition Plan and Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits.
- E. Authority to establish and amend benefits is provided by state statute per Chapter 145 of the ORC.
- F. OPERS issues a stand-alone financial report. Interested parties may obtain a copy at www.opers.org, by making a written request to OPERS at: 277 East Town Street, Columbus, Ohio 43215-4642, or by calling (614) 222-5601 or 1-800-222PERS (7377).
- G. The ORC provides statutory authority for employee and employer contributions. The Authority's employee contribution rate in 2006 was 9.0%. The Authority's contribution rate, as an employer, was 13.70% of covered payroll.
- H. The Authority's employer share contributions to OPERS for the three years ended December 31, 2006, 2005, and 2004 were \$55,942, \$53,752 and \$53,607, respectively, or 71% of the required contributions for 2006, and equal to the required contributions for 2005 and 2004.

OPERS members are eligible to retire at any age with 30 years of service, at age 60 with at least 5 years of service or at age 55 with at least 25 years of service. Those retiring with less than 30 years of service or less than age 65 receive reduced benefits. Under the Traditional Pension Plan, eligible employees are entitled to a monthly retirement benefit equal to 2.2% of the average of their three highest years of earnings multiplied by the first 30 years of service plus 2.5% of the average of their three highest years for each year in excess of 30. Under the Member-Directed Plan, eligible members are entitled to a monthly benefit dependent upon the performance of the OPERS investment options the member selected. OPERS also provides death and disability benefits. Under the Combined Plan, eligible members are entitled to a monthly benefit equal to 1.0% of the average of their three highest years for each year in excess of 30. Additionally, under the Combined Plan, a benefit is provided based on the performance of the OPERS investment options the member selected. OPERS also provides death and disability benefits. Benefits are established by the ORC.

NOTE 5 – POST-EMPLOYMENT BENEFITS PUBLIC EMPLOYEES RETIREMENT SYSTEM

OPERS has provided the following information pertaining to other postemployment benefits for health care costs in order to assist the Authority in complying with GASB Statement No. 12, *Disclosure of Information on Postemployment Benefits Other Than Pension Benefits by State and Local Government Employers* (Statement No. 12).

- A. Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: The Traditional Pension Plan – a cost sharing multiple-employer defined benefit pension plan; the Member-Directed Plan – a defined contribution plan; and the Combined Plan – a cost-sharing multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS provides retirement, disability, survivor, and postretirement health care benefits to qualifying members of both the Traditional and the Combined Plans; however, health care benefits are not statutorily guaranteed. Members of the Member-Directed Plan do not qualify for ancillary benefits, including postemployment health care coverage.

In order to qualify for postretirement health care coverage, age and service retirees under the Traditional Pension and Combined Plans must have 10 or more years of qualifying Ohio service credit. Health care coverage for disability recipients and primary survivor recipients is available. The health care coverage provided by the Retirement System is considered an Other Postemployment benefit (OPEB) as described in GASB Statement No. 12.

A portion of each employer's contribution to OPERS is set aside for the funding of postretirement health care. The Ohio Revised Code provides statutory authority for employer contributions. The 2006 employer contribution rate for local government employer units was 13.70% of covered payroll and 4.50% was used to fund health care for the year.

- B. The Ohio Revised Code provides the statutory authority requiring public employers to fund postretirement health care through their contributions to OPERS.
- C. Summary of Assumptions:
Actuarial Review. The assumptions and calculations below were based on the Systems latest Actuarial Review performed as of December 31, 2005.

Funding Method. An entry age normal actuarial cost method of valuation is used in determining the present value of OPEB. The difference between assumed and actual experience (actuarial gains and losses) becomes part of unfunded actuarial accrued liability.

Assets Valuation Method. All investments are carried at market value. For actuarial valuation purposes, a smoothed market approach is used. Under this approach assets are adjusted annually to reflect 25% of unrealized market appreciation or depreciation on investment assets.

Investment Return. The investment assumption rate for 2005 was 6.50%.

Active Employee Total Payroll. An annual increase of 4.00% compounded annually is the based portion of the individual pay increase assumption. This assumes no change in the number of active employees. Additionally, annual pay increases, over and above the 4.00% base increase, were assumed to range from .50% to 6.3%.

YEAR ENDED DECEMBER 31, 2006

NOTE 5 – POST-EMPLOYMENT BENEFITS PUBLIC EMPLOYEES RETIREMENT SYSTEM (Continued)

Health care. Health care costs were assumed to increase at the projected wage inflation rate plus an additional factor ranging from .50% to 6.0% for the next 9 years. In subsequent years (10 and beyond) health care costs were assumed to increase at 4.00% (the projected wage inflation rate).

D. OPEB are advanced-funded on an actuarially determined basis. The following disclosures are required:

1. The number of active contributing participants in the Traditional Pension and Combined Plans at year end 2006 was 369,214.
2. The Authority's contribution used to fund OPEB was \$18,375.
3. \$11.1 billion represents the actuarial value of the retirement System's net assets available for OPEB at December 31, 2005.
4. The actuarially accrued liability and the unfunded actuarial accrued liability, based on the actuarial cost method used, were \$31.3 billion and \$20.2 billion, respectively.

E. OPERS Board adopts a Health care Preservation Plan:

The Health care Preservation Plan (HCPP) adopted by the OPERS Retirement Board on September 9, 2004, was effective January 1, 2007. In addition to the HCPP, OPERS has taken additional action to improve the solvency of the Health Care fund in 2005 by creating a separate investment pool for health care assets. As an additional component of the HCPP, members and employer contribution rates increased as of January 1, 2006 and January 1, 2007, which will allow additional funds to be allocated to the health care plan.

There are no postemployment benefits provided by the Authority other than those provided through OPERS.

The liability for past service costs at the time OPERS was established was assumed by the State of Ohio; therefore, it is not a liability of the Authority. The Authority is current on all of its required pension fund contributions.

NOTE 6 – DEFINED BENEFIT PLANS

Effective February 1, 2006, The Board adopted a new health care plan in its continuing effort to respond to the rise in cost of health care. The new plan will result in higher deductibles: \$2,500 per employee annually and \$5000 per family annually. The plan will include the authority providing each employee covered under the plan a \$200 per month allowance toward a housing authority savings (HAS) plan account. This contribution is being made to assist the employee with their \$2500 annual deductible.

NOTE 7 – COMPENSATED ABSENCES

Vacation and sick leave policies are established by the Board of Commissioners based on local and state laws.

All permanent employees will earn one and ¼ days sick leave per month to a maximum of 180 days. The Authority's policy is to accrue sick leave for employees five years before retirement. All permanent employees will earn vacation hours accumulated based on length of service. All vacation time accumulated will be paid upon separation to a maximum of four weeks.

At December 31, 2006 based on the vesting method, \$39,666 was accrued by the Authority for unused vacation and sick time, it is managements belief this to be all long- term.

NOTE 8 – CONTINGENCIES

Grants

The Authority received financial assistance from federal and state agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the Authority. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the Authority at December 31, 2006.

Risk Management

The Housing Authority maintains comprehensive insurance coverage with private carriers for health, real property, building contents, and vehicles. Vehicle policies include liability coverage for bodily injury and property damage. There was no significant reduction in coverage and no settlements exceeded insurance coverage during the past three years.

Litigation and Claims

In the normal course of operations, the Authority may be subject to litigation and claims. At December 31, 2006 the Authority was involved in no matters which management believes would have a material effect on the financial statements.

NOTE 9 – BASIS OF PRESENTATION

The accompanying schedule of federal awards includes the federal grant activity of Shelby Metropolitan Housing Authority and is presented on the accrual basis of accounting.

NOTE 10 –PAYMENT IN LIEU OF TAXES

The Authority has cooperation agreements with certain municipalities under which it makes payment in lieu of real estate taxes for various public services. Expense recognized for payment in lieu of taxes totaled \$18,190.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCOUDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Commissioners
Shelby Metropolitan Housing Authority
Sidney, Ohio

We have audited the general purpose financial statements of the Shelby Metropolitan Housing Authority, as of and for the year ended December 31, 2006, and have issued our report thereon dated June 28, 2007. We conducted our audit in accordance with auditing standards generally accepted in the United States of American and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audits, we considered Shelby Metropolitan Housing Authority's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Authority's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the Authority's financial statements that is more than inconsequential will not be prevented or detected by the Authority's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Authority's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Shelby Metropolitan Housing Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the board of commissioner and management of the authority, and Auditor of the State and federal awarding agencies, and is not intended to be and should not be used by anyone other than those specified parties.

**REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM
AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

Board of Commissioners
Shelby Metropolitan Housing Authority
Sidney, Ohio

Compliance

We have audited the compliance of the Shelby Metropolitan Housing Authority, Sidney, Ohio, (Authority) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended December 31, 2006. The Authority's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the Authority's management. Our responsibility is to express an opinion on the Authority's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Authority's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Authority's compliance with those requirements.

In our opinion, the Authority complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended December 31, 2006.

Internal Control Over Compliance

The management of the Authority is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the Authority's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control over compliance.

**REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH
OMB CIRCULAR A-133** (continued)

A Control deficiency in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Authority's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the Authority's control.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the board of commissioners and management of the Authority, and Auditor of State, federal awarding agencies and is not intended to be and should not be used by anyone other than those specified parties.
