REPORT OF INDEPENDENT ACCOUNTANTS

Board of Trustees Law Library Association Delaware County Delaware County Courthouse 91 North Sandusky Street Delaware, Ohio 43015

We have audited the accompanying financial statements of the Law Library Association, Delaware County, Ohio (the Law Library) as of and for the years ended December 31, 1999 and December 31, 1998. These financial statements are the responsibility of the Law Library's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As described Note 1, the Law Library prepares its financial statements on the basis of accounting prescribed or permitted by the Auditor of State, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash balance of the Law Library Association, Delaware County, Ohio, as of December 31, 1999 and December 31, 1998, and its cash receipts and disbursements for the years then ended in accordance with the basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued our report dated May 28, 2000 on our consideration of the Law Library's internal control over financial reporting and our tests of its compliance with certain provisions of laws and regulations.

This report is intended solely for the information and use of the officials authorized to receive this report under Section 117.26, Ohio Revised Code. However, this report is a public record, and is available upon specific request.

REPORT ON COMPLIANCE AND ON INTERNAL CONTROL REQUIRED BY GOVERNMENT AUDITING STANDARDS

Board of Trustees Law Library Association Delaware County Delaware County Courthouse 91 North Sandusky Street Delaware, Ohio 43015

We have audited the accompanying financial statements of the Law Library Association, Delaware County, Ohio, (the Law Library) as of and for the years ended December 31, 1999 and December 31, 1998, and have issued our report thereon dated May 28, 2000. We conducted our audits in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Law Library's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws and regulations, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audits and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards.

Internal Control Over Financial Reporting

In planning and performing our audits, we considered the Law Library's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting that we consider to be material weaknesses. However, we noted other matters involving internal control over financial reporting that do not require inclusion in this report, that we have reported to management of the Law Library in a separate letter dated May 28, 2000.
