REPORT OF INDEPENDENT ACCOUNTANTS

District Board of Health
Lawrence County
2122 South Eighth Street
Ironton, Ohio 45638

To the Members of the Board of Health:

We have audited the accompanying financial statement of the District Board of Health, Lawrence County, Ohio, (the District) as of and for the year ended December 31, 1999. This financial statement is the responsibility of the District's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the District prepares its financial statement on the basis of accounting prescribed or permitted by the Auditor of State, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the combined fund cash balances and reserves for encumbrances of the District Board of Health, Lawrence County, as of December 31, 1999, and its combined cash receipts and disbursements for the year then ended on the basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued our report dated May 11, 2000 on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants.

This report is intended solely for the information and use of the management and Board of Health and other officials authorized to receive this report under § 117.26, Ohio Revised Code, and is not intended to be and should not be used by anyone other than these specified parties.

A handwritten signature in black ink, appearing to read "Jim Petro".

**DISTRICT BOARD OF HEALTH
NOTES TO THE FINANCIAL STATEMENT
DECEMBER 31, 1999**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of the Entity

The District Board of Health, Lawrence County, (the District) is a general health district as defined by Section 3709.01, Revised Code. The District operates under an appointed five member Board and is responsible for the administration of all health programs established by the Revised Code, the Ohio Department of Health, and the Public Health Council. Services provided by the District include the inspection and licensing of food establishments, inspection of sewer and water systems, inspection and licensing of solid waste facilities, inspection of sewer and water systems, inspection and licensing of solid waste facilities, inspection of trailer parks, and public health nursing programs.

The District's management believes this financial statement presents all activities for which the District is financially accountable.

B. Basis of Accounting

The financial statement follows the basis of accounting prescribed or permitted by the Auditor of State, which is similar to the cash receipts and disbursements basis of accounting. Receipts are recognized when received in cash rather than when earned, and disbursements are recognized when paid rather than when a liability is incurred.

The statement includes adequate disclosure of material matters, as prescribed or permitted by the Auditor of State.

C. Cash and Investments

Cash is valued at cost. The District held no investments during the audit period.

D. Fund Accounting

The District uses fund accounting to segregate cash and investments that are restricted as to use. The District classifies its funds into the following types:

1. General Fund

The General Fund is the general operating fund. It is used to account for all financial resources except those required to be accounted for in another fund.

2. Special Revenue Funds

These funds are used to account for proceeds from specific sources (other than from trusts or for capital projects) that are restricted to expenditure for specific purposes. The District had the following significant Special Revenue Funds:

Public Health Nursing Fund - This fund receives monies for the performance of health services to the public.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 1999 AND 1998
(Continued)**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Fund Accounting (Continued)

2. Special Revenue Funds (Continued)

Child and Family Services Fund - This fund receives grant monies from the state to provide health services for mothers and children who do not have access to adequate health care.

E. Budgetary Process

An appropriation measure is adopted by the Board on or before the first Monday of April in each year for the period January 1 to December 31 of the following year. The appropriation measure, together with an itemized estimate of the sources of revenue available to the District for the next fiscal year, is submitted to the County Auditor, who in turn submits it to the County Budget Commission.

The County Budget Commission reviews the appropriation measure and may reduce any item in the appropriation measure, but may not increase any item or the aggregate amount of all amounts of all items in the appropriation measure.

The appropriation measure, as amended by the County Budget Commission, controls expenditures by the District for the period January 1 to December 31 of the following year. The Board may, by resolution, transfer funds from one item to another in the appropriation measure, reduce or increase any item, create new items, and make additional appropriations, subject to the availability of funds and to the approval of the County Budget Commission.

Encumbrances

The District policy is to reverse (encumber) appropriations when commitments are made. Encumbrances outstanding at year end are carried over, and need not be reappropriated.

A summary of 1999 budgetary activity appears in Note 3.

F. Property, Plant and Equipment

Acquisitions of property, plant and equipment are recorded as disbursements when paid. These items are not reflected as assets on the accompanying financial statement.

G. Unpaid Vacation and Sick Leave

Employees are entitled to cash payments for unused vacation and sick leave in certain circumstances, such as upon leaving employment. Unpaid vacation and sick leave are not reflected as liabilities under the basis of accounting used by the District.

3. EQUITY IN POOLED CASH

Except for the amount shown in the following paragraph, cash balances of the District are maintained and accounted for in the pooled depository balance of Lawrence County. Collateral as of December 31, 1999, was determined to be sufficient through the audit of the financial statements of Lawrence County.

**DISTRICT BOARD OF HEALTH
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 1999 AND 1998
(Continued)**

2. EQUITY IN POOLED CASH (Continued)

Deposits

At December 31, 1999, the District deposits outside of those maintained by the County Treasury were \$0 and the related bank balance was \$22,277. This bank account is primarily a clearing account in which daily receipts are deposited. At the end of the month, a check is written to the Lawrence County Auditor.

The bank balance for the year ended December 31, 1999, was covered by the Federal Deposit Insurance Corporation.

3. BUDGETARY ACTIVITY

Budgetary activity for the years ending December 31, 1999 was as follows:

1999 Budgeted vs. Actual Receipts			
Fund Type	Budgeted Receipts	Actual Receipts	Variance
General	\$ 177,148	\$ 177,442	\$ 294
Special Revenue	394,891	370,257	(24,634)
Total	\$ 572,039	\$ 547,699	\$ (24,340)

1999 Budgeted vs. Actual Budgetary Basis Expenditures			
Fund Type	Appropriation Authority	Budgetary Expenditures	Variance
General	\$ 179,680	\$ 175,211	\$ 4,469
Special Revenue	395,964	374,904	21,060
Total	\$ 575,644	\$ 550,115	\$ 25,529

4. PROPERTY TAX

Real property taxes become a lien on January 1 preceding the October 1 date for which rates are adopted by Board of Health. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable homestead and rollback deductions. Homestead and rollback amounts are then paid by the State, and are reflected in the accompanying financial statement as Intergovernmental Receipts. Payments are due to the County by December 31. If the property owner elects to make semiannual payment, the first half is due December 31. The second half payment is due the following June 20.

Public utilities are also taxed on personal and real property located within the District.

Tangible personal property tax is assessed by the property owners, who must file a list of such property to the County by each April 30.

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the District.

**DISTRICT BOARD OF HEALTH
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 1999 AND 1998
(Continued)**

5. RETIREMENT SYSTEMS

The employees of the District are compensated through the County. The disclosure for retirement commitments and Post Retirement Health Care Benefits are contained in the audit of the financial condition of Lawrence County for the year ended December 31, 1999.

6. RISK MANAGEMENT

The Lawrence County Commissioners maintain comprehensive insurance coverage with private carriers for real property, building contents, and vehicles. Vehicle policies include liability coverage for bodily injury and property damage. Real property and contents are 90% coinsured. The District Board of Health is covered by these policies.

The District is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets, errors and omissions, injuries to employees, and natural disasters. During fiscal year 1998, the District contracted with Buckeye Joint- County Self Insurance Council for property insurance. This policy also covers professional and general liability.

**REPORT OF INDEPENDENT ACCOUNTANTS ON COMPLIANCE AND ON
INTERNAL CONTROL REQUIRED BY *GOVERNMENT AUDITING STANDARDS***

Board of Health
Lawrence County
2122 South Eighth Street
Ironton, Ohio 45638

To the Members of the Board of Health:

We have audited the accompanying financial statement of the District Board of Health, Lawrence County, Ohio, (the District), as of and for the year ended December 31, 1999, and have issued our report thereon dated May 11, 2000. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the District's financial statement is free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*. However, we noted certain immaterial instances of noncompliance that we have reported to management of the District in a separate letter dated May 11, 2000.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered District's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statement and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statement being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. However, we noted other matters involving the internal control over financial reporting that do not require inclusion in this report, that we have reported to management of the District in a separate letter dated May 11, 2000.

This report is intended for the information and use of management and the Board of Health, and is not intended to be and should not be used by anyone other than these specified parties.

A handwritten signature in black ink, appearing to read "Jim Petro". The signature is fluid and cursive, with a large loop at the end.
