### **REPORT OF INDEPENDENT ACCOUNTANTS**

Board of Commissioners Madison County One North Main Street P.O. Box 47 London, Ohio 43140

We have audited the accompanying financial statements of Madison County, Ohio, (the County) as of and for the year ended December 31, 1999. These financial statements are the responsibility of the County's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Ohio Administrative Code Section 117-1-11 requires the County to prepare its annual financial report in accordance with generally accepted accounting principles. However, as discussed Note 1, the County, prepares its financial statements on the basis of accounting formerly prescribed or permitted by the Auditor of State, which is a comprehensive basis of accounting other than generally accepted accounting principles. The accompanying financial statements omit assets, liabilities, fund equities, and disclosures that, while material, can not be determined at this time.

In our opinion, the financial statements referred to above present fairly, in all material respects, the combined fund cash balances of Madison County, Ohio, as of December 31, 1999, and its combined cash receipts and disbursements and its combined budgeted and actual receipts and budgeted and actual disbursements and encumbrances, for the year then ended on the basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued our report dated May 30, 2000, on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants.

Our audit was performed for the purpose of forming an opinion on the financial statements of the County, taken as a whole. The accompanying schedule of federal awards expenditures is presented for purposes of additional analysis as required by OMB Circular A-133, and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (As Required by Various Statutes)

## A. DESCRIPTION OF THE ENTITY

Madison County is a body politic and corporate established for the purpose of exercising the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The County operates under the direction of a three-member elected Board of County Commissioners. A County Auditor and County Treasurer are responsible for fiscal control of the resources of the County. Services provided by the County include, but are not limited to, general government, public safety, public works, health, human services, and administration of justice.

The departments listed below maintain amounts of cash activity in a fiduciary capacity outside the control of the County Treasurer. While these departments are part of the primary government, these amounts are not included in the accompanying financial statements. The following table summarizes cash activity in these accounts during the year ended December 31, 1999.

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued) (As Required by Various Statutes)

### A. DESCRIPTION OF THE ENTITY (Continued)

The reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure that the financial statements of the County are not misleading.

#### Primary Government:

The primary government consists of all funds, departments, boards and agencies that are not legally separate from the County. For Madison County, this includes the Union County Board of Mental Retardation and Developmental Disabilities (MRDD); the Madison County Airport, Madison County Park Authority, Madison County Emergency Management Agency (EMA) and other departments and activities that are directly operated by the elected County officials.

#### Component Units:

Component units are legally separate organizations for which the County is financially accountable. The County is financially accountable for an organization if the County appoints a voting majority of the organization's governing board and (1) the County is able to significantly influence the programs or services performed or provided by the organization; or (2) the County is legally entitled to or can otherwise access the organization's resources; the County is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the County is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the County in that the County approves the budget, the issuance of debt, or the levying of taxes. Madison County has the following component units as defined by GASB Statement 14:

Matco Industries Inc. Madison Community Housing Inc.

The inclusion of the financial activity of these component units on the financial statements of Madison County is not required under the basis of accounting as reflected below. The unaudited financial activity of the component units can be obtained from the Madison County Board of Mental Retardation and Developmental Disabilities, their fiscal agent.

As custodian of public funds, the County Treasurer invests all public monies held on deposit in the County treasury. In the case of the separate agencies and districts listed below, the County serves as fiscal agent but the organizations are not considered part of Madison County. Accordingly, the activity of the following organizations is presented as agency funds within the combined financial statements:

Madison County General Health District Madison County Soil and Water Conservation District Madison County Family and Children First Council Madison County Law Library Association

(As Required by Various Statutes)

### A. DESCRIPTION OF THE ENTITY (Continued)

The County is associated with certain organizations which are defined as joint ventures or jointly governed organizations as defined by GASB Statement 14:

The Tri-County Corrections Board is a joint venture for the establishment of a central jail facility for the use of Champaign, Madison, and Union Counties. The operation of the jail is controlled by a joint board whose membership consists of the sheriff, one judge, and one commissioner from each of the participating counties. Each county's ability to influence the operations of the jail is limited to their representation on the board. Champaign County has been appointed the fiscal agent for the joint venture.

The Five County Joint Juvenile Detention and Rehabilitation Center is a jointly governed organization involving Union, Champaign, Delaware, Logan, and Madison Counties. The Center provides facilities for the training, treatment, and rehabilitation of delinquent, dependent, abused or neglected children and was established under Section 2151.34 of the Ohio Revised Code. The operation of the Center is controlled by a joint board of trustees whose membership consists of two appointees of the Union County Commissioners, two appointees of the Delaware County Commissioners, and one appointee from Champaign, Logan, and Madison Counties. Each county's ability to influence the operations of the Center is limited to their representation on the board of trustees. Appropriations are adopted by the joint board of trustees who exercise control over the operation, maintenance, and construction of the Center. Union County serves as the fiscal agent. Each county is charged for their share of the operating costs of the Center based on the number of individuals from their County in attendance.

Madison County participates in a jointly governed solid waste management district along with Allen, Champaign, Hardin, Shelby, and Union Counties. The District was established following the requirements of House Bill 592. The board of directors consists of County Commissioners from each County. Each county's ability to influence the operations of the District is limited to their representation on the board of directors. The original funding for the District was contributed by each County based on its population compared to the total population of all participating counties. It is the intent of the District to be self-supporting and not require funding from the participating counties. Allen County, being the largest of the six counties, is the fiscal agent of the District.

The County's management believes these financial statements present all activities for which the County is financially accountable.

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(As Required by Various Statutes)

### **B. BASIS OF ACCOUNTING**

Although required by Ohio Administrative Code Section 117-1-11 to prepare its annual financial report in accordance with generally accepted accounting principles, the County chooses to prepare its financial statements on the basis of accounting formerly prescribed or permitted by the Auditor of State. This basis of accounting is similar to the cash receipts and disbursements basis of accounting. Receipts are recognized when received in cash rather than when earned, and disbursements are recognized when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as formerly prescribed or permitted by the Auditor of State.

### C. FUND ACCOUNTING

The County uses fund accounting to segregate cash and investments that are restricted as to use. The County classifies its funds into the following types:

### **GOVERNMENTAL FUND TYPES:**

#### **General Fund**

The General Fund is the operating fund of the County and is used to account for all financial resources except those required by law or contract to be accounted for in another fund.

#### **Special Revenue Funds**

These funds are used to account for the proceeds of specific revenue sources (other than from trusts, or for capital projects) that are restricted to expenditures for specific purposes.

#### **Debt Service Fund**

The debt service fund is used to accumulate resources for the payment of bonds and note indebtedness.

#### **Capital Projects Funds**

These funds are used to account for receipts that are restricted for the acquisition or construction of major capital projects (except those financed through enterprise or trust funds).

(Continued)

- 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued) (As Required by Various Statutes)
  - C. FUND ACCOUNTING (continued)

### **PROPRIETARY FUND TYPES:**

### Enterprise Funds

These funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purpose.

### Internal Service Funds

These funds account for the financing of services provided by one department or agency to other departments or agencies of the County, nonprofit organizations, or quasi-governmental entities on a cost reimbursement basis.

### FIDUCIARY FUND TYPES:

### Trust and Agency Funds

Trust funds are used to account for resources restricted by legally binding trust agreements. If the agreement requires the County to maintain the corpus of the trust, the fund is classified as a nonexpendable trust fund. Other trust funds are classified as expendable. Funds for which the County is acting in an agency capacity are classified as agency funds.

### D. BUDGETARY PROCESS

The Ohio Revised Code requires that each fund be budgeted annually.

#### 1. Budget

A budget of estimated cash receipts and disbursements is submitted to the County Auditor, as secretary of the County Budget Commission, by July 20 of each year, for the period January 1 to December 31 of the following year.

### 2. Estimated Resources

Estimated resources include estimates of cash to be received (budgeted receipts) plus unencumbered cash as of January 1. The County Budget Commission must also approve estimated resources.

### NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 1999

(Continued)

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued) (As Required by Various Statutes)

### D. BUDGETARY PROCESS (Continued)

### 3. Appropriations

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund level of control, and appropriations may not exceed estimated resources. The County Commissioners must annually approve appropriation measures and subsequent amendments. The County Budget Commission must also approve the annual appropriation measure. Unencumbered appropriations lapse at year end.

#### 4. Encumbrances

The Ohio Revised Code requires the County to reserve (encumber) appropriations when commitments are made. Purchase commitments were not always encumbered as required by Ohio law during 1999. Encumbrances outstanding at year-end are carried over and need not be reappropriated.

### E. PROPERTY, PLANT AND EQUIPMENT

Acquisitions of property, plant and equipment are recorded as disbursements when paid. These items are not reflected as assets on the accompanying financial statements.

#### F. UNPAID VACATION AND SICK LEAVE

Employees are entitled to cash payments for unused vacation and sick leave in certain circumstances, such as upon leaving employment. Unpaid vacation and sick leave are not reflected as liabilities under the cash basis of accounting used by the County.

### G. TOTAL COLUMNS ON FINANCIAL STATEMENTS

Total columns on the financial statements are captioned "Memorandum Only" to indicate they are presented to facilitate financial analysis. This data is not comparable to a consolidation. Interfund-type eliminations have not been made in the aggregation of this data.

### 2. EQUITY IN POOLED CASH AND INVESTMENTS

The County maintains a cash and investments pool used by all funds. The Ohio Revised Code prescribes allowable deposits and investments.

Statutes require the classification of money held by the County into three categories:

Category 1 consists of "active" moneys, those monies required to be kept in a "cash" or "near-cash" status for immediate use by the County. Such moneys must be maintained either as cash in the County's treasury or in depository accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or money market accounts.

#### NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 1999 (Continued)

### 2. EQUITY IN POOLED CASH AND INVESTMENTS (Continued)

Category 2 consists of "inactive" moneys, those moneys not required for use within the current twoyear period of designation of depositories. Inactive moneys may be held in deposits or investments maturing not later than the end of the current period of designation of depositories.

Category 3 consists of "interim" moneys, those moneys which are redeemable within two years from the date of purchase, not to exceed the end of the current period of depositories. Interim moneys may be invested or deposited, pursuant to section 135.14, Revised Code, in the following securities:

- 1. Bonds, notes, or other obligations of or guaranteed by the United States, or those for which the faith of the United States is pledged for the payment of principal and interest;
- 2. Bonds, notes, debentures, or other obligations or securities issued by any federal government agency, or instrumentality;
- 3. Interim deposits in the eligible institutions applying for interim moneys as provided in Section 135.08 of the Revised Code. The award of interim deposits shall be made in accordance with Section 135.08 of the Revised Code and the treasurer or governing board shall determine that periods for which such interim deposits are to be made and shall award such interim deposits for such periods, provided that any eligible institution receiving an interim deposit award may, upon notification that the award has been made decline to accept the interim deposit in which event the award shall be made as though such institution had not applied for such interim deposit;
- 4. Bonds and other obligations of the State of Ohio;
- 5. No-load money market mutual funds consisting exclusively of obligations described in division 1 or 2 of this section and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions mentioned in section 135.03 of the Revised Code; and
- 6. The State Treasurer's investment pool (STAR Ohio).
- 7. Certain banker's acceptances and commercial paper notes for a period not to exceed one hundred and eighty days from the date of the purchase in an amount not to exceed twenty five percent of the interim monies available for investment at any one time

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. An investment must mature within five years from the date of purchase, unless matched to a specific obligation or debt of the County, and must be purchased with the expectation that it will be held to maturity.

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

The following information classifies deposits and investments by categories of risk as defined in GASB Statement No. 3, "Deposits with Financial Institutions, Investments (including Repurchase Agreements), and Reverse Repurchase Agreements".

#### NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 1999 (Continued)

**Deposits:** At December 31, 1999, the carrying amount of the County's deposits was \$5,370,892 and the bank balance was \$6,220,319. Of the bank balance, \$240,000 was covered by federal depository insurance. The remainder of the bank balance is secured by a collateral pool established by the financial institution.

**Investments:** The County's investments are categorized below to give an indication of the level of risk assumed by the County at fiscal year end.

- Category 1 Investments that are insured or registered, or securities held by the County or its agent in the County's name;
- Category 2 Includes uninsured and unregistered investments for which the securities are held by the counterparty's trust department or agent in the County's name;
- Category 3 Includes uninsured and unregistered investments for which the securities are held by the counterparty, or by its trust department or agent but not in the County's name.

#### NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 1999 (Continued)

#### 4. PROPERTY TAXES

Real property taxes are levied on assessed values which equal 35% of appraised value. The county auditor reappraises all real property every six years with a triennial update.

Real property taxes become a lien on all non-exempt real property located in the County on January 1. Real property taxes are payable annually or semiannually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31 with the remainder payable by June 20 of the following year. Under certain circumstances, state statute permits later payment dates to be established.

The full tax rate applied to real property for calendar year 1999 was \$8.30 per \$1,000 of assessed valuation. After adjustment of the rate for inflationary increases in property values, the effective tax rate was \$7.35 per \$1,000 of assessed valuation for real property classified as residential/ agricultural and \$7.35 per \$1,000 of assessed valuation for all other real property. Real property owners' tax bills are further reduced by homestead and rollback deductions, when applicable. The amount of these homestead and rollback reductions is reimbursed to the County by the State of Ohio.

Owners of tangible personal property are required to file a list of such property including costs, by April 30 of each year. The property is assessed for tax purposes at varying statutory percentages of cost. The tax rate applied to tangible personal property for calendar year 1999 was \$8.50 per \$1,000 of assessed valuation.

The assessed values upon which fiscal year 1999 taxes were collected are:

### REPORT ON COMPLIANCE AND ON INTERNAL CONTROL REQUIRED BY GOVERNMENT AUDITING STANDARDS

Board of Commissioners Madison County One North Main Street P.O. Box 47 London, Ohio 43140

We have audited the financial statements of Madison County, Ohio (the County) as of and for the year ended December 31, 1999, and have issued our report thereon dated May 30, 2000, wherein we noted the County had not adopted generally accepted accounting principles as required by the Ohio Administrative Code. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

### Compliance

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance that are required to be reported under *Government Auditing Standards* which are described in the accompanying schedule of findings as items 1999-60649-01 and 1999-60649-02. We also noted certain immaterial instances of noncompliance that we have reported to management of Madison County in a separate letter dated May 30, 2000.

### Internal Control Over Financial Reporting

In planning and performing our audit, we considered the County's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. However, we noted other matters involving the internal control over financial reporting to the matters in the internal control over financial reporting and its operation that we consider to be material weaknesses. However, we noted other matters involving the internal control over financial reporting that do not require inclusion in this report, that we have reported to management of the County in a separate letter dated May 30, 2000.

### REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Board of Commissioners Madison County One North Main Street P.O. Box 47 London, Ohio 43140

### Compliance

We have audited the compliance of Madison County, Ohio (the County) with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133, Compliance Supplement* that are applicable to its major federal program for the year ended December 31, 1999. The County's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings. Compliance with the requirements of laws, regulations, contracts and grants applicable to its major federal program is the responsibility of the County's management. Our responsibility is to express an opinion on the County's compliance based on our audit.

We conducted our audit of compliance in accordance with generally accepted auditing standards; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States*, *Local Governments*, *and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance occurred with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Madison County's compliance with those requirements.

In our opinion, Madison County complied, in all material respects, with the requirements referred to above that are applicable to its major federal program for the year ended December 31, 1999.

### Internal Control Over Compliance

The management of the County is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the County's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Board of Commissioners Madison County Report on Compliance With Requirements Applicable to Each Major Federal Program and Internal Control Over Compliance In Accordance With OMB Circular A-133 Page 2

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts, and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended for the information and use of the management, Board of County Commissioners, and federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

### 2. FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

Finding Number	1999-60649-01
----------------	---------------

Ohio Admin. Code Section 117-1-11 requires the County to prepare its annual financial report in accordance with generally accepted accounting principles. However, the County prepares its financial statements on the basis of accounting formerly prescribed or permitted by the Auditor of State, which is a basis of accounting other than generally accepted accounting principles. The accompanying financial statements omit assets, liabilities, fund equities, and disclosures that, while material, can not be determined at this time. The County can be fined and various other administrative remedies may be taken against the County.

Finding Number 1999-60649-02
------------------------------

Ohio Rev. Code Section 5705.41(D) states no subdivision shall make any contract or order any expenditure of money unless the certificate of the fiscal officer is attached. The fiscal officer must certify the amount required to meet such a commitment has been lawfully appropriated and is in the treasury or in the process of collection to the credit of an appropriate fund free from any previous encumbrance. The amount so certified shall be recorded against the applicable appropriation account.

This section also provides an exception to the above requirement:

Then and Now Certificate - If no certificate is furnished as required, upon receipt of the fiscal officer's certificate that a sufficient sum was, both at the time of the contract or order and at the time of the certificate, appropriated and free of any previous encumbrances, the District may authorize the issuance of a warrant in payment of the amount due upon such contract or order by resolution within thirty days from the receipt of such certificate, if such expenditure is otherwise valid.

If the amount involved is less than one hundred dollars, the fiscal officer may authorize it to be paid without the affirmation of the Board of County Commissioners. The Board of County Commissioners, by resolution, may exempt purchases of \$750 or less from the prior certification requirement.

92% of the transactions tested were not certified by the fiscal officer until the time of payment. There was no indication that then and now certificates were utilized or that the Board of Commissioners had exempted such purchases from the certification requirement. We recommend the County certify that funds are available before purchase or utilize then and now certificates.
