REPORT OF INDEPENDENT ACCOUNTANTS

Northwest Library District Wood County 181½ South Main Street Bowling Green, Ohio 43402-2910

To the Board of Trustees:

We have audited the accompanying financial statements of the Northwest Library District, Wood County, Ohio, (NORWELD) as of and for the years ended June 30, 2000 and 1999. These financial statements are the responsibility of NORWELD's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As discussed in Note 1, NORWELD prepares its financial statements on the basis of accounting prescribed or permitted by the Auditor of State, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the combined fund cash balances and reserves for encumbrances of NORWELD as of June 30, 2000 and 1999, and its combined cash receipts and disbursements for the years then ended on the basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 30, 2000 on our consideration of NORWELD's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of audits performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audits.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2000 AND 1999

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of the Entity

The Northwest Library District (NORWELD) is a Metropolitan Library System, as defined by §3375.90 of the Ohio Revised Code, established for the purpose of exercising the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. NORWELD is an organization of public, academic, special, school, institutional, and other libraries or information services within NORWELD's geographical service area. NORWELD operates under a Membership Council, which consists of library administrators and trustees from member libraries, and a Board of Trustees (15 members) elected by the Membership Council. The Board of Trustees is responsible for the provision of special library and educational resources to NORWELD.

NORWELD's management believes these financial statements present all activities for which NORWELD is financially accountable, except employee deferred compensation funds maintained by outside custodians are not included in these financial statements. These assets are described in Note 6 to the financial statements.

B. Basis of Accounting

These financial statements follow the basis of accounting prescribed or permitted by the Auditor of State, which is similar to the cash receipts and disbursements basis of accounting. Receipts are recognized when received in cash rather than when earned, and disbursements are recognized when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as prescribed or permitted by the Auditor of State.

C. Cash and Investments

The investment in STAR Ohio (the State Treasurer's investment pool) is valued at amounts reported by the State Treasurer.

D. Fund Accounting

NORWELD uses fund accounting to segregate cash and investments that are restricted as to use. NORWELD classifies its funds into the following types:

1. General Fund

The General Fund is the general operating fund. It is used to account for all financial resources except those required to be accounted for in another fund.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2000 AND 1999 (Continued)

2. Special Revenue Funds

These funds are used to account for proceeds from specific sources that are restricted to expenditure for specific purposes. NORWELD had the following significant Special Revenue Fund:

<u>NORWELD Fund</u> - This fund receives State Library allocations and membership fees from participating libraries to be used for program operations.

E. Budgetary Process

The Ohio Administrative Code requires that each fund be budgeted annually.

1. Budget

NORWELD prepares two separate budgets of estimated cash receipts and disbursements in January of each year, for the period July 1 to June 30 of the following year. One is prepared for the grant program, and is submitted to the State Library of Ohio. The other budget is prepared for the general fund and is submitted to the Board of Trustees, but is not required to be submitted to the State Library of Ohio.

2. Appropriations

The approved budget serves as the appropriation measure to control cash disbursements.

3. Encumbrances

The District is required to use the encumbrance method of accounting by virtue of Ohio law. Under this system, purchase orders, contracts and other commitments for the expenditure of funds are recorded in order to reserve the portion of the applicable appropriation. At the close of each fiscal year, the unencumbered cash balance in the grant fund must be encumbered by June 30 and expended before August 31. The unencumbered cash balance in the general fund is carried forward to the succeeding fiscal year and becomes subject to future appropriations and the encumbered appropriation balance is carried forward to the succeeding fiscal year and need not be reappropriated.

A summary of FY00 and FY99 budgetary activity appears in Note 3.

F. Property, Plant and Equipment

Acquisitions of property, plant and equipment are recorded as capital outlay disbursements when paid. These items are not reflected as assets on the accompanying financial statements.

G. Unpaid Vacation and Sick Leave

Employees are entitled to cash payments for unused vacation and sick leave in certain circumstances, such as upon leaving employment. Unpaid vacation and sick leave are not reflected as liabilities under the cash basis of accounting used by NORWELD.

REPORT OF INDEPENDENT ACCOUNTANTS ON COMPLIANCE AND ON INTERNAL CONTROL REQUIRED BY GOVERNMENT AUDITING STANDARDS

Northwest Library District Wood County 181½ South Main Street Bowling Green, Ohio 43402-2910

To the Board of Trustees:

We have audited the accompanying financial statements of the Northwest Library District, Wood County, Ohio, (NORWELD) as of and for the years ended June 30, 2000 and 1999, and have issued our report thereon dated November 30, 2000. We conducted our audits in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether NORWELD's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audits and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Library's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. However, we noted a matter involving the internal control over financial reporting that does not require inclusion in this report, that we have reported to management of NORWELD in a separate letter dated November 30, 2000.
