REPORT OF INDEPENDENT ACCOUNTANTS

Regional Airport Authority Allen County P.O. Box 1401 Lima, Ohio 45802

To the Board of Trustees

We have audited the accompanying financial statements of the Regional Airport Authority, Allen County, (the Authority) as of and for the years ended December 31, 2000 and 1999. These financial statements are the responsibility of the Authority's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described Note 1, the Authority prepares its financial statements on the basis of accounting prescribed or permitted by the Auditor of State, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the fund cash balances of the Regional Airport Authority, Allen County, and its cash receipts and disbursements for the years then ended on the basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued our report dated April 6, 2001, on our consideration of the Government's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

This report is intended solely for the information and use of the audit committee, management, Board of Trustees and other officials authorized to receive this report under Section 117.26, Ohio Revised Code, and is not intended to be and should not be used by anyone other than these specified parties.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2000 AND 1999

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of the Entity

The Regional Airport Authority, Allen County, (the Authority) is a body corporate and politic established to exercise the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The Authority is directed by a seven member Board, appointed by the County Commissioners. The Authority is responsible for the safe and efficient operation and maintenance of the airport.

The Authority contracts with Allen County Aviation Corporation (the Corporation) for a substantial portion of the day-to-day operations of the Allen County Airport. The Corporation pays the Authority one cent per gallon of fuel sold, five cents per gallon for fuel flowage, 1 percent of fees collected by the Corporation for instruction, aircraft rental, charters, parts and labor, and storage fees, and 100% of the fees for tie downs and terminal rent. The Authority pays the Corporation \$1,200 per month for buildings and ground maintenance.

The Authority also receives significant income for land and hangar rental from entities other than the Corporation.

The Authority's management believes these financial statements present all activities for which the Authority is financially accountable.

B. Basis of Accounting

These financial statements follow the basis of accounting prescribed or permitted by the Auditor of State, which is similar to the cash receipts and disbursements basis of accounting. Receipts are recognized when received in cash rather than when earned, and disbursements are recognized when paid rather than when a liability is incurred.

These statements include adequate disclosure of material matters, as prescribed or permitted by the Auditor of State.

C. Cash and Investments

The Authority did not have investments during the audit period.

D. Fund Accounting

The Authority uses fund accounting to segregate cash that is restricted as to use. The Authority classifies its funds into the following types:

1. General Fund

The General Fund is the general operating fund. It is used to account for all financial resources except those required to be accounted for in another fund.

REPORT OF INDEPENDENT ACCOUNTANTS ON COMPLIANCE AND ON INTERNAL CONTROL REQUIRED BY GOVERNMENT AUDITING STANDARDS

Regional Airport Authority Allen County P.O. Box 1401 Lima, Ohio 45802

To the Board of Trustees

We have audited the financial statements of the Regional Airport Authority, Allen County, (the Authority), as of and for the years ended December 31, 2000 and 1999, and have issued our report thereon dated April 6, 2001. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*. However, we noted certain immaterial instances of noncompliance that we have reported to management of the Authority in a separate letter dated April 6, 2001.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Authority's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. However, we noted a certain matter involving the internal control over financial reporting and its operation that we consider to be a reportable condition. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgement, could adversely affect the Authority's ability to record, process, summarize and report financial data consistent with the assertions of management in the financial statements. The reportable condition is described in the accompanying schedule of findings as item 2000-60202-001.

Internal Control Over Financial Reporting (Continued)

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal conditions that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we believe the reportable condition described above is a material weakness. We also noted other matters involving the internal control over financial reporting that do not require inclusion in this report, that we have reported to management of the Authority in a separate letter dated April 6, 2001.

This report is intended for the information and use of the audit committee, management and Board of Trustees, and is not intended to be and should not be used by anyone other than these specified parties.

SCHEDULE OF FINDINGS DECEMBER 31, 2000 AND 1999

FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

FINDING NUMBER 2000-60202-001 Material Weakness

The Allen County Regional Airport Authority contracts with a private for-profit company, Aviation Corporation, to handle certain day-to-day operations of the Allen County Airport. The Corporation collects gross revenues from fuel sales, flight instruction, aircraft rental, charters, parts, labor, storage, tie downs and terminal rental. The agreement between the Airport Authority and the Aviation Corporation stipulates that the Authority will receive one cent per gallon of fuel sold plus five cents per gallon for flowage fee. The Authority also is to receive 1 percent of flight instruction fees, aircraft rental, charters, parts, and labor and storage revenues; and 100 percent of tie down and terminal revenues. The Corporation provides a monthly statement to the Authority indicating total sales for the month times the applicable percentages, with a total amount of revenues being turned over to the Authority.

The latest written agreement between the Aviation Corporation and the Authority that was produced for audit was dated 1985. The Corporation and the Authority agree that substantial modifications have been made to this agreement, however, there is no written evidence supporting those revised terms. Further, the Corporation denies that the Authority has any right to audit the fuel sales or other revenues the Corporation collects.

The Authority should revise its agreement with Aviation Corporation. Current agreed-upon terms should be specified. The Authority may wish to collect a flat fee from the Corporation or, alternatively, the revision should allow for periodic audit of the relevant Corporation records by Authority management to assure the completeness of revenues received.

The Authority is currently in the negotiation process with the Corporation to revise its agreement. However, no formal agreement has been made to date.
