City Council City of Lebanon 50 S. Broadway Lebanon, Ohio 45036

We have reviewed the Independent Auditor's Report of the City of Lebanon, Warren County, prepared by Clark, Schaefer, Hackett & Co., for the audit period January 1, 2000 through December 31, 2000. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The City of Lebanon is responsible for compliance with these laws and regulations.

JIM PETRO Auditor of State

Independent Auditors' Report on Compliance and on Internal Control over Financial Reporting Based on an Audit of Financial Statements Performed

in Accordance with Government Auditing Standards

City Council City of Lebanon, Ohio 50 S. Broadway Lebanon, Ohio 45036

We have audited the financial statements of the City of Lebanon, Ohio (the City) as of and for the year ended December 31, 2000 and have issued our report thereon dated June 13, 2001. We conducted our audit in accordance with generally accepted accounting standards and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*. However, we noted other matters involving compliance that we have reported to management of the City in a separate letter dated June 13, 2001.

Internal Control over Financial Reporting

In planning and performing our audit, we considered the City's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operations that we consider to be material weaknesses. However, we noted other matters involving the internal control over financial reporting that we have reported to management of the City in a separate letter dated June 13, 2001.

This report is intended for the information and use of management and council and is not intended to be and should not be used by anyone other than these specified parties.

Schedule of Prior Findings and Questioned Costs

December 31, 2000

Findings:

Finding Number

1999-20483-001

Internal Control/Government Oversight

The following conditions were noted during the audit of Fiscal Year 1999:

- Council did not receive monthly finance reports for review.
- Council approved a large transfer which funded the Early Retirement Incentive buyouts for possibly ineligible employees. Council did not question the payments regarding the Early Retirement Incentive buyouts until the following month and after the payments had been made.
- Expenditures were made without the original invoices.
- The City received and paid invoices for contracts that were never authorized by Council.

Effective in Fiscal Year 2000, Council received monthly financial reports. Expenditures tested over the course of the audit had appropriate invoices or supporting documentation. One contract from February 2000 had not been approved by Council. However, the City adopted controls in mid-year to prevent this type of unauthorized contractual expenditure. The controls appeared to operating effectively at year-end.

Questioned Costs:

None

June 13, 2001

Citizens of Lebanon Mayor Members of Council City of Lebanon, Ohio

We are pleased to present the fourteenth Comprehensive Annual Financial Report (CAFR) for the City of Lebanon. This report, for the fiscal year ended December 31, 2000, contains the financial statements and other financial and statistical data that provide complete and full disclosure of all material financial aspects of the City of Lebanon ("the City"). The responsibility for the accuracy and completeness of all data presented, and the fairness of the presentation, rests with the City, specifically the City Auditor's office.

This CAFR is divided into three sections as follows:

- 1. The Introductory Section contains the table of contents, letter of transmittal, GFOA Certificate of Achievement, a list of principal officials, and an organization chart of the City.
- 2. The Financial Section begins with the Independent Auditor's Report and includes the General Purpose Financial Statements and Notes which provide an overview of the City's financial position and operating results, and the Combining, Individual Fund and Account Group Statements and Schedules which provide detailed information relative to the General Purpose Financial Statements.
- 3. The Statistical Section presents social and economic data and financial trend information, and demonstrates the fiscal capacity of the City.

CITY OVERVIEW

The City of Lebanon is located in Southwestern Ohio, approximately halfway between the cities of Cincinnati and Dayton. The first settlers came to Lebanon in 1796; the town was platted in 1802 and was incorporated as a village in 1803. Centrally located in Warren County, the City has served as the county seat since 1806. Lebanon grew large enough to become a City in 1960 and, pursuant to Section 7 of Article XVIII of the Ohio Constitution, adopted a charter form of government in 1961.

CITY ORGANIZATION AND REPORTING ENTITY

A current Charter provides for a Council/Manager form of government. The voters elect a seven member council, who, in turn, elects a Mayor and Vice Mayor from its members. Council appoints the City Manager, City Auditor and City Attorney.

A reporting entity is comprised of the primary government. The primary government of the City consists of all funds, departments and activities which are not legally separate from the City. They provide various services including police and fire protection, parks and recreation, planning, zoning, street maintenance and repair, community development, public health and welfare, water, sewer, electric and refuse collection. Council and the City Manager have direct responsibility for these activities.

The City considered potential component units for inclusion in the reporting entity. Component units are organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization's governing board and (1) the City is able to significantly influence the programs or services performed or provided by the organization; or (2) the City is legally entitled to or can otherwise access the organization's resources; the City is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the City is obligated for the debt of the organization. Component units also include organizations that are fiscally dependent on the City in that the City approves the organization's budget, the issuance of its debt or the levying of its taxes. The City has no component units.

The City participates in the Warren County General Health District, a jointly governed organization, for which the City has no financial responsibility or interest. In addition, the City is a member of the Hazardous Material Response Team, a joint venture that provides hazardous material response protection and mutual assistance in the event of a hazardous material incident. Information regarding these entities may be found in the notes to the general purpose financial statements.

ITEMS OF LOCAL INTEREST

Parks and Recreation

The City has a large one hundred fifty acre park and fourteen smaller neighborhood parks. The Caesars Creek State Park near Waynesville offers recreational facilities, including swimming and boating.

Fort Ancient, the oldest state park in Ohio and home of the historic Hopewell Indians, is located approximately seven miles southeast of Lebanon on the east bank of the Little Miami River.

The federal government has designated the Little Miami River a Scenic River Area. The river, fifty miles of which flows mainly in Warren County and through the Lebanon City limits, is being developed for boating, hiking and other recreational purposes. In addition, an old-style railroad tours the scenic area.

The Paramount Kings Island Amusement Center, a nationally known facility, is located on 1600 acres near Lebanon. It has more than one hundred individual attractions, including rides, shows, restaurants, shops, and a water park. Several inns, with more than seven hundred rooms, and a 35-acre campground, with tennis and swimming facilities, are available to accommodate visitors.

The Golf Center at Kings Island, formerly known as Jack Nicklaus Golf Center, opposite Paramount Kings Island on Interstate 71, offers thirty-six holes of play.

Located in the City at the Warren County Fairgrounds, Lebanon Raceway has spring and fall harness racing with pari-mutuel wagering.

The City also hosts one of the largest YMCAs in the world which offers many forms of indoor and outdoor athletic facilities. The one hundred twenty-five acre site includes meeting rooms, pools, gyms, tennis courts, health club facilities and outdoor sports fields.

Culture and Education

Lebanon has many nearby educational facilities, churches, cultural resources, parks and playgrounds. The numerous colleges and universities in the surrounding metropolitan area provide excellent opportunities and facilities for higher educational study to citizens of Lebanon.

The Lebanon Public Library has been serving Lebanon as well as Union and Turtlecreek Township since its dedication in December of 1907. With its over one million dollar addition in 1988, the library's 19,000 square feet hold over 60,000 volumes.

The Warren County Joint Vocational School District offers various areas of study, primarily to provide education in the industrial and commercial field. In addition, an Adult Education Program offers courses in a wide variety of subjects.

Several hospitals within a fifteen mile radius serve the area and are close to Interstate Highways 75, 71 and 275.

Places of historic interest in the City include:

Glendower State Museum – A Greek Revival mansion constructed in the early nineteenth century and showcasing elegant Empire and Victorian furnishings.

<u>Warren County Museum</u> - Acclaimed as one of the nation's outstanding county museums with displays of early life in the area, Shaker exhibits, and a library with a large collection of genealogical information.

Golden Lamb Inn - The oldest hotel in Ohio, dating from 1803 and boasting an extraordinary guest list of many famous people, including Henry Clay, Mark Twain, Charles Dickens, and ten Presidents of the United States.

Transportation

The nearest public airports are the Cincinnati - Northern Kentucky Airport and the Dayton International Airport at Vandalia. Both offer full commercial air passenger and freight service by many major airlines. The Warren County Airport northwest of Lebanon accommodates smaller aircraft.

ECONOMIC CONDITION AND OUTLOOK

Lebanon grew moderately in the year 2000 with the construction of 183 new housing units. This number was down substantially from the previous record breaking year of 321 units in 1999. The platting of residential lots continued in 2000 in anticipation of further growth of housing. New residential plats approved in 2000 created 222 new single family lots and 12 duplex lots. Residential, commercial and industrial growth is expected to remain strong in the year 2001. Warren County continues to be the second fastest growing county in Ohio and Lebanon is ranked as the eighth fastest growing city (ranked by percent growth). With the relatively low interest rates and high demand for real estate in the area it is expected that the growth will continue in 2001. The City added 3.253 miles of streets in 2000, 3.883 miles of water mains, 6.508 miles of sanitary sewers, and 3.277 miles of storm sewers.

New commercial developments approved in 2000 included a new 8,000 square feet CVS Pharmacy on Columbus Avenue, a new 6,700 (s.f.) Tire Discounters on Columbus Avenue, a new 6,700 (s.f.) Advance Auto Parts on Columbus Avenue, a new 2,566 (s.f.) Donatos Pizza on Columbus Avenue, a new 22,000 (s.f.) office condominium project on West Main Street, a new 10,000 (s.f.) Summer's Auto Service Center on Monroe Road, a new 13,000 (s.f.) Lebanon Collision Center on West Main Street, a 1,815 (s.f.) addition to the Custis Veterinary Hospital on West Main Street, a 1,460 (s.f.) addition to One Stop Printing on South Sycamore Street, a new 2,500 (s.f.) Peoples Savings Bank on Columbus Avenue, a new 3,800 (s.f.) Speedway gas and convenience store on East Main Street, and a new 103,000 (s.f.) Big K-Mart on Columbus Avenue.

New industrial development included a new 20,000 (s.f.) Tomak Precision machine shop on Henkle Drive, a 5,800 (s.f.) batch plant addition to Ernst Concrete on Columbia Road, a new 51,700 (s.f.) Franklin Brazing manufacturing plant on McKinley Blvd., a 20,000 (s.f.) storage facility addition to Kardol Quality Products on South West Street, a 83,200 (s.f.) addition to Amtex auto interior manufacturers on Kingsview Drive, a new 40,475 (s.f.) Trim Parts auto parts manufacturer on Deerfield Road, a 21,150 (s.f.) addition to SEI Brakes on Kingsview Drive, a 7,800 (s.f.) addition to Collins Ink on Henkle Drive, and a new 20,000 (s.f.) Doran Racing auto assembly building on McKinley Blvd..

A new master plan for downtown was prepared by Brandstetter-Carroll Consultants reflecting the economic vitality and symbolic importance of the historic core of town. Vacancy rates are extremely low and stores reflect a healthy mix of retail, restaurants, office and service businesses. Tourism remains strong with antique and specialty shops, the Turtlecreek Valley Railroad, the Golden Lamb, and Warren County Historical Society Museum. The Apple Festival and the Christmas Festival continue to draw record crowds.

MAJOR INITIATIVES

A new comprehensive master plan for Lebanon was initiated with consulting assistance from Pflum, Klausmeier and Gehrum, Inc. Several public hearings were held and base data regarding the rapid growth of the community was collected. It is expected that the plan will be completed in late 2001.

The Community Development Block Grant Program provided funding for restroom rehabilitation and playground equipment for Colonial Park South to be completed in 2001 and construction was completed for the restroom and picnic shelter for Pleasant Square Park.

The Lebanon Planning Commission, Shade Tree Commission and City Council worked to adopt a new landscape and tree preservation ordinance that progressively furthers the promotion of urban trees for all new developments. Many new developments approved in 2000 will incorporate large numbers of new shade trees and preserves existing trees of value.

DEPARTMENTAL HIGHLIGHT

The Division of General Services is the direct responsibility of the Deputy Director of Public Works who reports to the City Manager. This Division consists of three Bureaus including: Highway Maintenance, Street Maintenance and Auto Maintenance.

The Bureaus of Highway and Street Maintenance employ 9 full time employees and are responsible for repair and improvement of 79.545 miles of streets and the maintenance of 31.652 miles of storm sewer. The Bureaus perform street line painting such as crosswalks and school markings; fall leaf pick up, snow removal and salting; maintenance of street signs and traffic control signs within the public right-of-way; and storm sewer system repair and cleaning.

The Bureau of Auto Maintenance employs 2 full time employees and is responsible for maintenance and repair of over 100 City (including police and fire) vehicles and motorized pieces of equipment. One of these employees was selected city employee of the year because of the vigor and dedication with which he pursued his duties.

FINANCIAL INFORMATION

Basis of Accounting

The City's records are maintained on a cash basis for all fund types. Prior to the year end closing, adjusting entries are prepared for the various funds to convert the cash basis records to the modified accrual basis for all governmental, expendable trust and agency funds and the accrual basis for the proprietary and nonexpendable trust funds. The modified accrual basis of accounting requires that revenues be recognized when they are both measurable and available. Expenditures are generally recorded when liabilities are incurred. The accrual basis of accounting recognizes revenues when earned and expenses when incurred.

Internal Control Structure and Budgetary Controls

Development of the City's accounting system included consideration of internal accounting controls. Internal accounting controls are designed to provide reasonable but not absolute assurance regarding (1) the safeguarding of assets against loss from unauthorized use or disposition and (2) the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance states that internal controls should be evaluated to insure that the expense associated with providing internal controls does not exceed the benefit expected to be derived from their implementation. This evaluation involves estimates and judgment by the City administration and members of the finance department. The administrative and financial management personnel believe that the City's financial controls adequately safeguard existing assets and provide reasonable assurance of the proper recording of financial transactions.

Budgetary control is maintained by the encumbrance of appropriations for the purchase amounts prior to the release of purchase orders to vendors. Purchase orders are not issued when insufficient appropriations preclude the encumbrance of the amount of the purchase. Each department head is furnished with a monthly report showing the month's transactions and summarizing the balances available to be spent from the appropriations for goods and services.

Governmental Funds - Revenues and Expenditures

The following schedule presents a summary of the General, Special Revenue, Capital Projects and Debt Service funds revenues for the year ended December 31, 2000, and the amount and percentage of increases and decreases in relation to the prior year.

| | | | Percent | Difference | Percent |
|----------------------|--------------|---------------------|-------------|---------------------|-----------|
| Revenue Sources | <u> 1999</u> | 2000 | of Total | from 1999 | of Change |
| Property Taxes and | | | | | |
| Other Local Taxes | \$1,482,166 | \$2,119,642 | 17% | \$637,476 | 43% |
| Income Taxes | 3,571,178 | 3,786,105 | 31 | 214,927 | 6 |
| Payments in Lieu of | | | | | |
| Taxes | 304,260 | 383,995 | 3 | 79,735 | 26 |
| Intergovernmental | 3,634,545 | 1,892,082 | 15 | (1,742,463) | (48) |
| Charges for Services | 1,820,288 | 1,811,072 | 14 | (9,216) | (.5) |
| Fines, Licenses and | | | | | |
| Permits | 980,019 | 1,063,989 | 9 | 83,970 | 9 |
| Special Assessments | 190,612 | 197,895 | 2 | 7,283 | 4 |
| Interest | 849,336 | 1,065,810 | 8 | 216,474 | 25 |
| Other | 316,974 | 138,732 | 1_ | (178,242) | (56) |
| Total | \$13,149,378 | <u>\$12,459,322</u> | <u>100%</u> | <u>\$ (690,056)</u> | (5)% |

Property and other local tax revenue increased due to an increase in the tax rate from \$6.32 mills to \$7.82 mills along with an increase in assessed values.

The industries in the industrial park lease tax abated land from the City and are required to make a payment in lieu of real property taxes. The increase is the result of collecting payments in lieu of property taxes from companies that had completed construction in 1999 for collection in 2000.

Intergovernmental revenues primarily consist of local government assistance provided by the State through grants, reimbursements for real and personal property tax reductions, gasoline tax, state-levied motor vehicle license tax, pari-mutuel betting tax, inheritance tax and permissive motor vehicle license tax. Primarily, the decrease is due to the City receiving inheritance tax money in 1999 from the Cropper Estate.

Interest revenue increased due to more monies available for investment.

Other revenue decreased due to a majority of ambulance billings not done in 2000.

Expenditures for the General, Special Revenue, Capital Projects, and Debt Service funds' operations totaled \$12,157,799. Expenditures for major functions of the City, the percentage of the total and comparisons to last year are shown in the following table:

| Function | 1999 | 2000 | Percent of Total | Difference from 1999 | Percent of Change |
|---|---|--|-------------------|--|---|
| Security of Persons and Property Public Health Services Leisure Time Activities Community Environment Transportation General Government Capital Outlay Debt Service: Principal Retirement Interest and Fiscal Charges | \$3,224,419 128,508 305,079 837,088 534,387 2,414,817 3,900,571 315,276 | \$3,791,041 114,230 467,741 781,818 596,798 2,532,576 3,116,609 330,287 | 31% 1 4 6 5 21 25 | \$566,622 (14,278) 162,662 (55,270) 62,411 117,759 (783,962) | 18% (11) 53 (7) 12 5 (20) |
| Total | \$12,078,604 | \$12,157,799 | 100% | 8,240 \$79,195 | .6% |

Security of Persons and Property includes the costs of the police division and the fire division. The increase in costs is due to increases in salaries and fringe benefits.

Public Health Services include costs associated with the annual County Health Board payment, cemetery operations and improvement. The decrease in expenditures is due to land purchased for the Cemetery in 1999.

Leisure Time activities expenditures increased due to adding personnel to run park activities, starting some new park programs, and adding equipment and other capital improvements to the parks.

Capital Outlay expenditures represent costs incurred in acquiring fixed assets and undertaking major projects. During 1999, the City purchased land and a building for a new fire station. In addition, renovation of the existing fire station was started in 1999. The City continues the Main Street Reconstruction Project, and finished the Silver Street Reconstruction Project and other building improvements in 1999.

Enterprise Funds

The City's Enterprise Funds consist of the electric, sanitation, sewer and water operating funds. The enterprise funds are user fee supported.

| Electric Sanitation | Total Assets \$26,297,144 743,238 | Total Equity \$11,937,672 686,476 | Net Income (Loss) (\$1,919,941) (41,112) | Return on <u>Assets</u> (7.3%) (5.5) | Return on Equity (16.1%) (6.0) |
|------------------------|--|--|--|--|--|
| Sewer | 26,947,632 | 15,332,583 | 29,235 | (5.5) | (6.0) .2 |
| Water | 25,732,684 | 15,816,885 | 954,913 | 3.7 | 6.0 |

Internal Service Funds

The City's Internal Service Funds consist of automotive maintenance and self-insurance funds. The internal service funds are supported by charges to other funds for services.

| | | | Net | Return | Return |
|----------------|------------|------------|-----------|---------|-----------|
| | Total | Total | Income | on | on |
| | Assets | Equity | (Loss) | Assets | Equity |
| Automotive | | | | | |
| Maintenance | \$ 182,814 | \$ 146,646 | \$25,322 | 13.9% | 17.3% |

Fiduciary Funds

The City uses Fiduciary Funds to hold assets in a trustee capacity or as an agent for individuals, private organizations, other governments and/or other funds. The City's Fiduciary Fund types are an Expendable Trust Fund, a Nonexpendable Trust Fund and an Agency Fund.

Debt Administration

The Debt Service Funds relate to the general and special assessment obligations of the City. These funds are used to accumulate resources for the payment of principal and interest on the City's general obligation debt. Revenues for these funds consist primarily of property taxes (real and personal), state shared revenue, special assessments, interest, and municipal income tax.

As of December 31, 2000, the government had a number of debt issues outstanding: \$3,106,908 in general obligation non-voted bonded debt, \$752,711 in general obligation voted debt, \$1,208,091 in special assessment bonded debt with governmental commitment and \$23,881,905 in mortgage revenue bonded debt.

The City has maintained its AA rating from Standard and Poor's Corporation and an A1 rating from Moody's Investors Service, Inc. on general obligation bond issues. The ratio of property tax supported general bonded debt to assessed value and the amount of bonded debt per capita are considered to be good indicators to municipal managers, citizens and investors in general governmental debt of the City's debt position. The City's debt position as of December 31, 2000, was as follows:

| Overall Legal Debt Margin | \$26,768,363 |
|---------------------------------------|--------------|
| Unvoted Legal Debt Margin | 14,181,269 |
| | |
| Net General Bonded Debt | 561,059 |
| Ratio of Net | |
| General Bonded Debt to Assessed Value | .21% |
| Net General Bonded Debt per Capita | 33.07 |

A more complete presentation of the calculations of these figures may be found in the statistical section of this report.

Cash Management

The City pursues an aggressive cash management program by expediting the receipt of revenues and prudently depositing available cash in accounts insured by the Federal Deposit Insurance Corporation. The total interest earned was \$2,319,105 for the year ended December 31, 2000, and represents an annual interest yield of 7.3 percent of the total receipts for the year. A majority of the City's deposits are collateralized by pooled collateral. By law, financial institutions may establish a collateral pool to cover all public deposits. The face value of the pooled collateral must

equal at least 110 percent of the public funds on deposit. The collateral is held by trustees, including the Federal Reserve Bank and designated third party trustees of the financial institutions. The City regularly reviews the market value of the pool to insure that adequate collateral is being provided.

Risk Management

The City contracts with Hylant MacLean for vehicle, property and general liability insurance. Cincinnati Insurance Company covers boiler and machinery, while police and public officials is protected by the Hylant MacLean. The City has an internal accident review board which analyzes all accidents.

The City is self insured for medical and dental insurance and life benefits. A self-insurance internal service fund receives \$480 per employee each month from the other funds as a "premium." All claims are reviewed by a third party administrator and are paid by the City from money in the self-insurance internal service fund. The City purchases stop-loss insurance that reimburses the fund for claims exceeding \$25,000 per person, per occurrence.

OTHER INFORMATION

Independent Audit

An audit team from Clark, Schaefer, Hackett & Co. has performed this year's audit. The results of the audit are presented in the Report of Independent Accountants.

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Lebanon for its comprehensive annual financial report for the year ended December 31, 1999. This was the thirteenth year that the City has received this prestigious award. In order to be awarded a Certificate of Achievement, the City must publish an easily readable and efficiently organized Comprehensive Annual Financial Report, whose contents conform to program standards. Such a report must satisfy both generally accepted accounting principles and applicable legal requirements. Certificate of Achievement is valid for one year. We believe our current report continues to conform to the Certificate of Achievement program requirements; thus, we are submitting it to GFOA for review.

Acknowledgments

A special thanks is extended to my staff for their hard work and dedication in compiling cash reports, accrual information and fixed asset information. I also would like to express appreciation to Mr. Jim Petro, Auditor of State, and his Local Government Services Staff for their assistance in preparing this report.

Independent Auditors' Report

City Council City of Lebanon 50 S. Broadway Lebanon, Ohio 45036

We have audited the accompanying general purpose financial statements of the City of Lebanon, Ohio (the City) as of and for the year ended December 31, 2000, as listed in the table of contents. These general purpose financial statements are the responsibility of the City's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the City of Lebanon, Ohio as of December 31, 2000, and the results of its operations and the cash flows of its proprietary fund types for the year then ended in conformity with generally accepted accounting principles.

In accordance with Government Auditing Standards, we have also issued our report dated June 13, 2001 on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

Our audit was conducted for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The combining and individual fund and account group financial statements and schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the City of Lebanon, Ohio. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general purpose financial statements taken as a whole.

We did not audit the introductory, supplemental, and statistical information as listed in the accompanying table of contents and, therefore, express no opinion thereon.

Middletown, Ohio June 13, 2001

Clark, Schaefer, Hackett Dro.

GENERAL PURPOSE FINANCIAL STATEMENTS

The following general purpose financial statements, along with the notes to the general purpose financial statements, present an overview of the City's financial position at December 31, 2000, and the results of operations and cash flows of its proprietary fund types and nonexpendable trust fund for the year then ended.

NOTE 1 - REPORTING ENTITY AND BASIS OF PRESENTATION

The City of Lebanon (the "City") is a home rule municipal corporation organized under the laws of the State of Ohio, which operates under its own charter. The current Charter, which provides for a Council/Manager form of government, was adopted in 1961. The seven-member Council is elected to four-year terms. Biennially, Council selects one of its members to serve as Mayor and one of its members to serve as Vice Mayor. Council appoints the City Manager, City Auditor and City Attorney.

Reporting Entity

A reporting entity is comprised of the primary government, component units and other organizations that are included to ensure that the financial statements are not misleading. The primary government of the City consists of all funds and departments, which comprise the legal entity of the City. They provide various services including police and fire protection, parks and recreation, planning, zoning, street maintenance and repair, community development, public health and welfare, water, sewer, electric and refuse collection. Council and the City Manager have direct responsibility for these activities.

Component units are legally separate organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization's governing board and (1) the City is able to significantly influence the programs or services performed or provided by the organization; or (2) the City is legally entitled to or can otherwise access the organization's resources; the City is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the City is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the City in that the City approves their budget, the issuance of their debt or the levying of their taxes. The City has no component units.

The Lebanon Municipal Court has been included in the City's financial statements as an agency fund. The City clerk of courts has a fiduciary responsibility for the collection and distribution of court fees and fines.

The City is a member of the Hazardous Material Response Team ("HAZ MAT"), a joint venture whose purpose is to provide hazardous material protection and assistance. HAZ MAT is managed by a board of four trustees, one each from the City of Franklin, the City of Lebanon, Clearcreek Township and Franklin Township. The City of Lebanon has no explicit and measurable equity interest in HAZ MAT. See Note 21.

The Warren County General Health District, a jointly governed organization, provides health services within the County. The Board of Health, which consists of a representative from each of the participating governments, oversees the operation of the District. The City does not have any financial interest in or responsibility for the District. The County Commissioners serve as the taxing authority, and the County Auditor and Treasurer serve as fiscal officers. See Note 21.

NOTE 1 - REPORTING ENTITY AND BASIS OF PRESENTATION (continued)

Basis of Presentation - Fund Accounting

The City uses funds and account groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain City functions or activities.

A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations. An account group is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources.

For financial statement presentation purposes, the various funds of the City are grouped into the following generic fund types under the broad fund categories governmental, proprietary and fiduciary.

Governmental Fund Types

Governmental funds are those through which most governmental functions typically are financed. The acquisition, use and balances of the City's expendable financial resources and the related current liabilities (except those accounted for in proprietary funds and fiduciary funds) are accounted for through governmental funds. The following are the City's governmental fund types.

General Fund - This fund is the operating fund of the City and is used to account for all financial resources except those required to be accounted for in another fund. The general fund balance is available to the City for any purpose provided it is expended or transferred according to the general laws of Ohio and the Charter of the City.

Special Revenue Funds - These funds are established to account for the proceeds of specific revenue sources (other than amounts relating to expendable trusts or major capital projects) that are legally restricted to expenditure for specific purposes.

<u>Capital Projects Funds</u> - These funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds and trust funds).

Debt Service Funds - These funds are used to account for the accumulation of resources for, and the payment of, general long-term and special assessment debt principal, interest and related costs.

Proprietary Fund Types

The proprietary funds are used to account for the City's ongoing activities that are similar to those found in the private sector. The following are the City's proprietary fund types:

NOTE 1 - REPORTING ENTITY AND BASIS OF PRESENTATION (continued)

Enterprise Funds - These funds are used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that costs (expenses, including depreciation) of providing services to the general public on a continuing basis be recovered or financed primarily through user charges, or where it has been decided that a periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

Internal Service Funds - These funds are used to account for the financing of services provided by one department or agency to other departments or agencies of the City on a cost-reimbursement basis.

Fiduciary Funds

Fiduciary funds are used to account for assets the City holds in a trustee capacity or as an agent for individuals, private organizations, other governments and other funds. These include expendable trust, nonexpendable trust and agency funds. The expendable trust fund is accounted for in essentially the same manner as governmental funds. The nonexpendable trust fund is accounted for in essentially the same manner as proprietary funds. The agency fund is purely custodial (assets equal liabilities) and thus do not involve measurement of results of operations.

Account Groups

To make a clear distinction between fixed assets related to specific funds and those of general government, and between long-term liabilities related to specific funds and those of a general nature, the following account groups are used:

General Fixed Assets Account Group - This account group is used to account for all general fixed assets of the City other than those accounted for in proprietary or trust funds.

General Long-Term Obligations Account Group — This account group is used to account for all unmatured general long-term indebtedness of the City that is not a specific liability of the proprietary funds or trust funds, including special assessment debt for which the City is obligated in some manner.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies followed in the preparation of these financial statements are summarized below. These polices conform to generally accepted accounting principles (GAAP) for local governmental units as prescribed in the statements issued by the Governmental Accounting Standards Board (GASB) and other recognized authoritative sources. The City also applies Financial Accounting Standards Board (FASB) Statements and Interpretations issued before November 30, 1989, to its proprietary activities, provided that they do not conflict with or contradict GASB pronouncements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Measurement Focus and Basis of Accounting

The accounting and reporting treatment applied to a fund is determined by its measurement focus. All governmental fund types and the expendable trust fund are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing uses) and decreases (i.e., expenditures and other financing uses) in net current assets.

All proprietary fund types and the nonexpendable trust fund are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the balance sheet. Fund equity (i.e., net total assets) is segregated into contributed capital and retained earnings components. Proprietary fund type operating statements present increases (i.e., revenues) and decreases (i.e., expenses) in net total assets.

Basis of accounting refers to the time when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made.

All governmental fund types, the expendable trust fund and the agency fund are accounted for using the modified accrual basis of accounting. Under this basis, revenues are recognized in the accounting period when they become both measurable and available. "Measurable" means the amount of the transaction can be determined, and "available" means collectible within the current year or soon enough thereafter to be used to pay liabilities of the current year. The available period for the City is thirty days after year end.

In applying the susceptible to accrual concept under the modified accrual basis, the following revenue sources are deemed both measurable and available: state-levied locally shared taxes (including gasoline tax), fines and forfeitures and income tax.

The City reports deferred revenues in its combined balance sheet. Deferred revenues arise when a potential revenue does not meet both the measurable and available criteria for recognition in the current period. In the subsequent period, when both revenue recognition criteria are met, the liability for deferred revenue is removed from the combined balance sheet and revenue is recognized. Current property taxes, which are not intended to finance current period obligations, and delinquent property taxes measurable as of December 31, 2000, and whose availability is indeterminate, have been recorded as a receivable and deferred revenue. Payments in lieu of taxes and levied special assessments are measurable, and have been recorded as a receivable. Since all assessments and payments in lieu of taxes are due outside the available period, the entire amount has been deferred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Allocations of cost, such as depreciation and amortization, are not recognized in the governmental funds.

The accrual basis of accounting is utilized for reporting purposes by the proprietary funds and the nonexpendable trust fund. Revenues are recognized when they are earned and become measurable, and expenses are recognized when incurred if measurable. Unbilled service charges receivable is recognized as revenue at year-end.

Budgetary Process

The budgetary process is prescribed by provisions of the Ohio Revised Code and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriation ordinance, all of which are prepared on the budgetary basis of accounting. The certificate of estimated resources and the appropriations ordinance are subject to amendment throughout the year with the legal restriction that appropriations cannot exceed estimated resources, as certified. All funds, other than agency funds, are legally required to be budgeted and appropriated. A budgetary statement has not been presented for the Federal Asset Forfeiture Special Revenue Fund and the State Issue II Capital Projects Fund because the City did not anticipate any revenues or expenditures in 2000. No revenues or expenditures occurred for these funds in 2000. The legal level of budgetary control is at the object level (personal services, contractual services, supplies and materials etc.) within each department and fund. For the proprietary funds, the City has elected to present the budgetary statements with more detail within the object level. Budgetary modifications may only be made by resolution of the City Council.

Tax Budget

A tax budget of estimated revenues and expenditures for all budgeted funds is submitted to the County Auditor, as Secretary of the County Budget Commission, by July 20 of each year, for the period January 1 to December 31 of the following year.

Estimated Resources

The County Budget Commission determines if the budget substantiates a need to levy all or part of previously authorized taxes and reviews estimated revenue. The Commission certifies its actions to the City by September 1. As part of this certification, the City receives the official certificate of estimated resources, which states the projected revenues of each fund. Prior to December 31, the City must revise its budget so that the total contemplated expenditures from any fund during the ensuing fiscal year will not exceed the amount available as stated in the certificate of estimated resources. The revised budget then serves as the basis for the annual appropriation ordinance. On or about January 1, the certificate of estimated resources is amended to include unencumbered fund balances at December 31 of the preceding year. The certificate may be further amended during the year if the fiscal officer determines that the revenue to be collected is greater or less than the current estimates. The amounts reported on the budgetary statements reflect the amounts in the final amended official certificate of estimated resources issued during 2000.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Appropriations

A temporary appropriation measure to control expenditures may be passed on or about January 1 of each year for the period from January 1 to March 31. The annual appropriation ordinance must be passed by April 1 of each year for the period January 1 to December 31. The appropriation ordinance fixes spending authority at the fund, department and object level. The appropriation ordinance may be amended during the year as new information becomes available, provided that total fund appropriations do not exceed current estimated resources, as certified. The allocation of appropriations among departments and objects within a fund may be modified during the year only by an ordinance of Council. During the year, twenty-seven supplemental appropriation measures were passed. The budget figures, which appear in the statements of budgetary comparisons represent the final appropriation amounts, including all modifications.

Advances are not required to be budgeted since they represent a temporary cash flow resource that will be repaid.

Encumbrances

As part of formal budgetary control, purchase orders, contracts and other commitments for the expenditure of monies are recorded as the equivalent of expenditures on the non-GAAP budgetary basis in order to reserve that portion of the applicable appropriation and to determine and maintain legal compliance. The Ohio Revised Code prohibits expenditures plus encumbrances from exceeding appropriations. On the GAAP basis, encumbrances outstanding at year-end are reported as reservations of fund balances for subsequent-year expenditures for governmental funds and are reported in the notes to the financial statements for proprietary funds.

Lapsing of Appropriations

At the close of each year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations. The encumbered appropriation balance is carried forward to the succeeding calendar year and is not re-appropriated.

Cash and Cash Equivalents

Cash balances of the City's funds, except cash held by fiscal agent, are pooled and invested in order to provide improved cash management. Individual fund integrity is maintained through City records. Each fund's interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents" on the combined balance sheet.

During 2000, investments were limited to STAR Ohio, City issued debt and open-end mutual funds. Investments are reported at fair value which is based on quoted market prices. For investments in open-end mutual funds, the fair value is determined by the fund's current share price.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

STAR Ohio is an investment pool managed by the State Treasurer's office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's share price which is the price the investment could be sold for on December 31, 2000.

For purposes of the combined statement of cash flows and for presentation on the combined balance sheet, investments with original maturities of three months or less and investments of the cash management pool are considered to be cash equivalents.

The City utilizes a financial institution to service bonded debt as principal and interest payments come due. The balance in this account is presented on the combined balance sheet as "Cash and Cash Equivalents with Fiscal Agent". In addition, cash maintained with the Municipal Court is presented on the combined balance sheet as "Cash and Cash Equivalents with Fiscal Agent". Monies maintained by the Lebanon Housing Services Corporation to administer the Community Development Block Grant is also presented on the combined balance sheet as "Cash and Cash Equivalents with Fiscal Agent".

Interest income is distributed to the funds according to Ohio statutory requirements and the City charter. Interest revenue credited to the General Fund during 2000 amounted to \$708,963, which includes \$653,326 assigned from other City funds.

Inventory of Supplies

Inventories of governmental funds are stated at cost while inventories of proprietary funds are stated at cost or market value, whichever is lower. For all funds, cost is determined on a first-in, first-out basis. The costs of inventory items are recorded as expenditures in the governmental fund types when purchased and as expenses in the proprietary fund types when used. Reported supplies inventory is equally offset by a fund balance reserve in the governmental funds which indicates that it does not constitute available spendable resources even though it is a component of net current assets. The inventory in the electric enterprise fund consists of poles, transformers, lines and switch gears not yet put into service.

Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2000, are recorded as prepaid items using the consumption method by recording a current asset for the prepaid amount and reflecting the expenditure/expense in the year in which services are consumed.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Restricted Assets

Restricted assets in the enterprise funds represent cash and cash equivalents and cash and cash equivalents with fiscal agents set aside to satisfy bond indenture requirements for current and future debt payments and for the replacement and improvement of fixed assets originally acquired with bond proceeds. In addition, electric customer deposits are presented as a restricted cash and cash equivalents.

Fixed Assets and Depreciation

General fixed assets are not capitalized in the funds used to acquire or construct them. Instead, capital acquisition and construction costs are reflected as expenditures in governmental funds, and the related assets are reported in the general fixed assets account group. Fixed assets utilized in the proprietary funds are capitalized in the respective fund. All purchased fixed assets are valued at cost when historical records are available and at estimated historical cost when no historical records exist. Donated fixed assets are valued at their estimated fair market value on the date received. The City capitalized assets in excess of five hundred dollars.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related fixed assets. Interest incurred during the construction of general fixed assets is not capitalized.

Public domain ("infrastructure") general fixed assets consisting of roads, bridges, curbs, gutters, sidewalks, and drainage systems are not capitalized, as these assets are immovable and of value only to the City.

Assets in the general fixed assets account group are not depreciated. Depreciation in the proprietary fund types is computed using the straight-line method over the following useful lives:

| Improvements Other | |
|-------------------------------------|-------------|
| than Buildings | 20 years |
| Buildings | 45 years |
| Equipment | 5-15 years |
| Vehicles | 5-20 years |
| Electric Lines, Poles, Transformers | |
| and Switch Gears | 20-30 years |
| Sewer Lines | 65 years |
| Water Lines | 40-65 years |
| Telecommunications Equipment | 10 years |

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Compensated Absences

Vacation benefits and holiday pay are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the City will compensate the employees for the benefits through paid time off or some other means. The City records a liability for accumulated, unused vacation time when earned for all employees with more than one year of service.

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those the City has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employees' wage rates at year-end, taking into consideration any limits specified in the City's termination policy. The City records a liability for accumulated, unused sick leave for employees after ten years of current service.

For governmental funds, the current portion of unpaid compensated absences is the amount expected to be paid using expendable available resources. These amounts are recorded in the account "Compensated Absences Payable" in the fund from which the employees who have accumulated unpaid leave are paid. The remainder is reported in the General Long-Term Obligations Account Group. In proprietary funds, the entire amount of compensated absences is reported as a fund liability.

Accrued Liabilities and Long-Term Obligations

In general, governmental fund payables and accrued liabilities are reported as obligations of the funds regardless of whether they will be liquidated with current resources. However, compensated absences and contractually required pension contributions are reported as a liability in the General Long-Term Obligations Account Group to the extent that they will not be paid with current expendable available financial resources. Payments made more than thirty days after year-end are generally considered not to have been paid with current available financial resources. Bonds and police pension are recognized as a liability of the General Long-Term Obligations Account Group until due. Long-term debt and other obligations financed by proprietary funds are reported as liabilities in the appropriate proprietary funds.

Capitalization of Interest

The City's policy is to capitalize net interest on proprietary fund construction projects until substantial completion of the project. The amount of capitalized interest equals the difference between the interest cost associated with the tax-exempt borrowing used to finance the project and the interest earned from temporary investments of the debt proceeds over the same period. Capitalized interest is amortized on the straight-line basis over the estimated useful life of the asset. For 2000, no material interest costs were incurred on construction projects in proprietary funds.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Contributed Capital

Contributed capital represents resources from other funds, federal and state grants, other governments, and private sources provided to the City's proprietary funds which are not subject to repayment.

Because prior to 1987 the City had not prepared its financial statements in accordance with generally accepted accounting principles, the exact amount of contributed capital pertaining to years prior to 1987 cannot be determined. Only those amounts that could be specifically identified have been classified as contributed capital in the accompanying general purpose financial statements. All other fund equity amounts pertaining to the enterprise funds have been classified as retained earnings.

Reservations of Fund Equity

Reservations of fund balances are established to identify the existence of assets that, because of their non-monetary nature or lack of liquidity, represent financial resources not available for current appropriation or expenditure or the portion of fund balance that is legally segregated for a specific future use. Fund balances have been reserved for encumbrances, inventory, restricted principal (the nonexpendable contributions to the nonexpendable trust fund), notes receivable and advances receivable. Retained earnings have been reserved as a result of bond covenants for replacement and improvement (accumulations of resources for unforeseen repairs and replacements of assets originally acquired with bond proceeds).

Intergovernmental Revenues

In governmental funds, grants awarded on a non-reimbursement basis, shared revenues, and entitlements intended to finance the current year are recorded as intergovernmental receivables and revenues when measurable and available. Reimbursable grants are recorded as intergovernmental receivables and revenues when the related expenditures are made.

Bond Discounts/Issuance Costs

Bond discounts and issuance costs for proprietary fund types are deferred and amortized over the term of the bonds using the straight-line method since the results are not significantly different from the effective interest method. Bond discounts are presented as a reduction of the face amount of bonds payable whereas issuance costs are recorded as deferred charges.

The accounting loss on the refunded bonds (difference between the reacquisition price and the net carrying amount of the old debt) is being amortized over the remaining life of the old debt or the life of the new debt, whichever is shorter.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Interfund Transactions

Receivables and payables resulting from transactions between funds for services provided or goods received are classified as "Due From Other Funds" or "Due to Other Funds" on the balance sheet. Short-term interfund loans are classified as "Interfund Receivables/Payables." Long-term interfund loan receivables are reported as "Advances to Other Funds" or "Advances from Other Funds" and are equally offset by a fund balance reserve, which indicates that they do not constitute available expendable resources.

Quasi-external transactions are accounted for as revenues and expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed.

All other interfund transactions are reported as operating transfers.

Self-Insurance Fund

The City has created a self-insurance internal service fund for the purpose of paying employee health and life benefits. Contributions to the fund are made in lieu of insurance premium payments.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Total Columns on General Purpose Financial Statements

Total columns on the General Purpose Financial Statements - Overview are captioned "Memorandum Only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations or cash flows in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

NOTE 3 - PRIOR PERIOD ADJUSTMENT

In the prior year, the City overstated Compensated Absences Payable and understated fixed assets. The effect of these changes on net income for the year ended December 31, 1999, and the effect on retained earnings as of December 31, 1999, follows:

| Net Income as previously reported | Enterprise \$1,227,194 |
|--|---------------------------|
| Compensated Absences Payable | (75,012) |
| Restated Amounts for the year Ended 12/31/99 | \$1,152,182 |
| Retained Earnings 12/31/99 | \$26,509,594 |
| Compensated Absences Payable Fixed Assets | (75,012) 116,255 |
| Restated Retained Earnings at 12/31/99 | \$26,550,837 |

NOTE 4 - BUDGET TO GAAP RECONCILIATION

Budgetary Basis of Accounting

While reporting financial position, results of operations, and changes in fund balance/retained earnings on the basis of generally accepted accounting principles (GAAP), the budgetary basis, as provided by law, requires accounting for certain transactions on a basis of cash receipts, disbursements, appropriations and encumbrances.

The Combined Statement of Revenues, Expenditures and Changes in Fund Balances - Budget and Actual, All Governmental Fund Types and Expendable Trust Fund, Budget Basis, and the Combined Statement of Revenues, Expenses and Changes in Fund Equity - Budget and Actual, All Proprietary Fund Types and Nonexpendable Trust Fund, Budget Basis are presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and the GAAP basis are that:

- 1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
- 2. Expenditures/expenses are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
- Outstanding year-end encumbrances are treated as expenditures/expenses (budget basis) rather than
 as a reservation of fund balance for governmental fund types or note disclosure for proprietary fund
 types (GAAP basis).
- 4. Proceeds from and principal payments on short-term note obligations are reported on the operating statement (budget basis) rather than as balance sheet transactions (GAAP basis).

NOTE 4 - BUDGET TO GAAP RECONCILIATION (continued)

- 5. Receipt and payment of year-end interfund loans are treated as other sources or uses (budget basis) rather than an increase or decrease in an asset or liability account (GAAP basis).
- 6. For proprietary funds, the acquisition and construction of capital assets are reported on the operating statement (budget basis) rather than as balance sheet transactions (GAAP basis).

The adjustments necessary to convert the results of operations for the year on the GAAP basis to the budget basis are as follows:

Excess of Revenues and Other Financing Sources Over (Under) Expenditures and Other Financing Uses Governmental Fund Types and Expendable Trust Fund

| | General | Special Revenue | Capital Projects | Debt Service | Expendable Trust |
|-----------------------------------|-----------|--------------------|------------------|-----------------|---------------------|
| GAAP Basis | \$730,401 | \$101,576 | (\$1,019,815) | \$489,411 | \$263,740 |
| Adjustments: | (3,639) | (20,890) | 38,250 | 278,996 | 0 |
| Revenue Accruals | 35,524 | (86,608) | 270,784 | (264,901) | 0 |

|---|--|--|---|
| Adjustments: Revenue Accruals Expense Accruals Acquisition of Fixed Assets Depreciation Encumbrances Debt Principal Payments Utility Deposits Received Utility Deposits Returned Note Proceeds Budget Basis | (547,351) 480,968 (2,865,611) 2,331,203 (2,840,942) (17,340,000) 95,016 (90,790) 16,500,000 (\$5,254,412) | (5,308) 73,634 (7,925) 1,396 (116,913) 0 0 0 | 0 0 0 0 0 0 0 0 0 0 5 |

NOTE 5 - DEPOSITS AND INVESTMENTS

The City is a charter City and has adopted an investment policy through City ordinance. The policy classifies monies held by the City into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the City Treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that Council has identified as not required for use within the current two-year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit, maturing not more than one year from the date of deposit or by savings or deposit accounts including pass book accounts.

Protection of the City's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the Auditor by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

Interim monies can be deposited or invested in the following securities:

- 1. United States treasury notes, bills, bonds, or any other obligation or security issued by the United States treasury or any other obligation guaranteed as to principal and interest by the United States;
- 2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
- Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
- 4. Commercial paper;
- Bankers acceptances;
- 6. No-load money market mutual funds investing exclusively in United States Treasury obligations provided that investments in securities described in this division are made only through eligible institutions; and

NOTE 5 - DEPOSITS AND INVESTMENTS (continued)

7. The State Treasurer's investment pool (STAR Ohio).

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the City, and must be purchased with the expectation that it will be held to maturity.

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Auditor or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

Deposits

At year-end, the carrying amount of the City's deposits was \$1,306,296 and the bank balance was \$1,849,988. Of the bank balance, \$186,881 was covered by federal deposit insurance. The remaining amounts were uninsured and uncollateralized. Although the securities were held by the pledging financial institutions' trust department in the City's name and all statutory requirements for the investment of money had been followed, noncompliance with federal requirements could potentially subject the City to a successful claim by the FDIC.

Investments

GASB Statement No. 3 "Deposits with Financial Institutions, Investments and Reverse Repurchase Agreements" requires that the City's investments be classified in categories of risk. Category 1 includes investments that are insured or registered or for which the securities are held by the City or its agent in the City's name. Category 2 includes uninsured and unregistered investments for which the securities are held by the counterparty's trust department or agent in the City's name. Category 3 includes uninsured and unregistered investments for which the securities are held by the counterparty, or by its trust department or agent but not in the City's name. STAR Ohio, an investment fund operated by the Ohio State Treasurer, and investments in open-end mutual funds made by the trustee who is managing the enterprise funds' restricted assets are unclassified since they are not evidenced by securities that exist in physical or book entry form.

| | Category | Fair <u>Value</u> |
|--------------|-----------|----------------------|
| STAR Ohio | \$0 | \$32,128,368 |
| Mutual Funds | 0 | 2,120,965 |
| City Bonds | 130,000 | 130,000 |
| Total | \$130,000 | \$34,379,333 |

NOTE 5 - DEPOSITS AND INVESTMENTS (continued)

The classification of cash and cash equivalents, and investments on the combined financial statements is based on criteria set forth in GASB Statement No. 9 (See Note 2). A reconciliation between the classifications of cash and investments on the combined financial statements and the classifications per GASB Statement No. 3 is as follows:

| | Cash and Cash Equivalents/ | |
|---------------------|-------------------------------|----------------------|
| | _Deposits_ | Investments |
| GASB Statement 9 | \$35,685,629 | \$0 |
| Investments: | | |
| STAR Ohio | (32,128,368) | 32,128,368 |
| Mutual Funds | (2,120,965) | 2,120,965 |
| City Bonds | (130,000) | 130,000 |
| GASB Statement 3 | <u>\$ 1,306,296</u> | <u>\$ 34,379,333</u> |

NOTE 6 - PROPERTY TAXES

Property taxes include amounts levied against all real, public utility, and tangible personal property located in the City. Property tax revenue received during 2000 for real and public utility property taxes represents collections of 1999 taxes. Property tax payments received during 2000 for tangible personal property (other than public utility property) is for 2000 taxes.

2000 real property taxes are levied after October 1, 2000, on the assessed value as of January 1, 2000, the lien date. Assessed values are established by State law at 35 percent of appraised market value. 2000 real property taxes are collected in and intended to finance 2001.

Public utility tangible personal property currently is assessed at varying percentages of true value; public utility real property is assessed at 35 percent of true value. 2000 public utility property taxes became a lien December 31, 1999, are levied after October 1, 2000, and are collected in 2001 with real property taxes.

2000 tangible personal property taxes are levied after October 1, 1999, on the value as of December 31, 1999. Collections are made in 2000. Tangible personal property assessments are 25 percent of true value.

The full tax rate for all City operations for the year ended December 31, 2000, was \$7.82 per \$1,000 of assessed value. The assessed values of real and tangible personal property upon which 2000 property tax receipts were based are as follows:

| Category | Assessed Value |
|---|----------------|
| Real Property | \$151,321,540 |
| Public Utility Real Property | 59,396,390 |
| Public Utility Tangible Personal Property | 5,765,920 |
| Tangible Personal Property | 41,357,405 |
| Total | \$257,841,255 |

NOTE 6 - PROPERTY TAXES (continued)

Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statue permits later payment dates to be established.

Tangible personal property taxes paid by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semi-annually. If paid annually, payment is due April 30; if paid semi-annually, the first payment is due April 30, with the remainder payable at September 20.

The County Treasurer collects property taxes on behalf of all taxing districts in the county, including the City of Lebanon. Property taxes receivable represent real and tangible personal property taxes, public utility taxes and outstanding delinquencies which are measurable as of December 31, 2000. Although total property tax collections for the next fiscal year are measurable, amounts to be received during the available period are not subject to reasonable estimation at December 31, nor are they intended to finance 2000 operations. The receivable is therefore offset by a credit to deferred revenue.

NOTE 7 - PAYMENTS IN LIEU OF TAXES

The City acquired property that is leased to twenty corporations, Amtex Inc., Lucas Sumitomo Brakes Inc., Bunnell Hill, Ghent Manufacturing, Cinmar, JBM, E-Beam Services, Knauf USA, OPW, Portman Equipment Co., Service Wholesale, Eastgate Graphics, Flint Ink, J & N Distribution, R & I Enterprises Quantum Metals, Dorn Enterprises, Franklin Brazing, Tomak Precision, and Trim Parts. The corporations have built or are in the process of building factories on the land leased from the City. To encourage development, the companies have been granted an exemption from paying any property taxes on the new construction; however, payments in lieu of taxes are made to the City in an amount equal to the real property taxes that otherwise would have been due. These payments are being used for costs associated with promoting and improving the industrial park. Payments will continue over the thirty-year life of the lease.

A receivable for the amount of the payments has been recorded in the Tax Increment Financing Special Revenue Fund with a corresponding credit to deferred revenue. At the conclusion of the lease term, the companies may purchase the leased property for \$1. See Note 14.

NOTE 8 - INCOME TAX

The City levies a municipal income tax of one percent on substantially all income earned within the City. In addition, the residents of the City are required to pay income tax on income earned outside of the City; however, the City allows a credit for income taxes paid to another municipality up to 100 percent of the City's current tax rate.

Employers within the City are required to withhold income tax on employee compensation and remit the tax to the City either monthly or quarterly. Corporations and other individual taxpayers are required to pay their estimated tax quarterly and file a declaration annually.

NOTE 8 - INCOME TAX (continued)

Income tax proceeds are to be used to pay the cost of administering the tax, general fund operations, capital improvements, debt service and other governmental functions when needed, as determined by Council. In 2000, the proceeds were allocated to the General Fund, the Capital Improvements Capital Projects Fund and the General Obligation Debt Retirement Debt Service Fund. Income tax revenue for 2000 was \$3,786,105.

NOTE 9 - RECEIVABLES

Receivables at December 31, 2000, consisted of property, income and other local taxes, intergovernmental receivables arising from grants, entitlements and shared revenues, special assessments, notes, payments in lieu of taxes, utility accounts, interfund, and capital leases. All receivables are considered fully collectible except utility accounts.

NOTE 11 - DEFINED BENEFIT PENSION PLANS

Public Employees Retirement System

All full-time employees, other than non-administrative full-time police officers and firefighters, participate in the Public Employees Retirement System of Ohio (PERS), a cost-sharing multiple-employer public employee retirement system administered by the Public Employees Retirement Board. PERS provides basic retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members and beneficiaries. Benefits are established by Chapter 145 of the Ohio Revised Code. PERS issues a stand-alone financial report that includes financial statements and required supplementary information for PERS. That report may be obtained by writing to the Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642.

NOTE 11 - DEFINED BENEFIT PENSION PLANS (continued)

Plan members are required to contribute 8.5 percent of their annual covered salary to fund pension obligations. For calendar year 2000, PERS instituted a temporary employer rate rollback for state and local governments. The 2000 employer pension contribution rate for the City was 6.54 percent of covered payroll, reduced from 9.35 percent in 1999. The contribution rates are determined actuarially. The City's required contributions to PERS for the years ended December 31, 2000, 1999, and 1998 were \$229,170, \$357,085, and \$317,715, respectively. The full amount has been contributed for 1999 and 1998. 80 percent has been contributed for 2000 with the remainder being reported as a fund liability and within the general long-term obligations account group.

Police and Firemen's Disability and Pension Fund

The City of Lebanon contributes to the Ohio Police and Fire Pension Fund (OP&F), a cost-sharing multiple-employer public employee retirement system administered by the OP&F's Board of Trustees. OP&F provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. OP&F issues a publicly available financial report that includes financial information and required supplementary information. That report may be obtained by writing to the Ohio Police and Fire Pension Fund, 140 East Town Street, Columbus, Ohio 43215-5164.

Police and firefighters are required to contribute 10 percent of their annual covered salary to fund pension obligations and the City is required to contribute 12.25 percent for police and 16.75 percent for firefighters. For 1999, the City contributions were 12.5 percent for Police and 17 Percent for firefighters. Contributions are authorized by State statute. The City's contributions to the OP&F for police and firefighters were \$163,294 and 19,561 for the year ended December 31, 2000, \$142,286 and \$10,793 for the year ended December 31, 1999, and \$132,280 and \$9,948 for the year ended December 31, 1998. The full amount has been contributed for 1999 and 1998. 74 percent for police and 76 percent for firefighters has been contributed for 2000 with the remainder being reported as a liability within the general long-term obligations account group.

In addition to current contributions, the City pays installments on the accrued liability incurred when the State of Ohio established the statewide pension system for police and firefighters in 1967. As of December 31, 2000, the unfunded liability of the City was \$22,784, payable in semiannual installments through the year 2030. This is an accounting liability of the City which will not vary. The liability is reported in the general long-term obligations account group.

NOTE 12 - POSTEMPLOYMENT BENEFITS

Public Employees Retirement System

The Public Employees Retirement System of Ohio (PERS) provides postretirement health care coverage to age and service retirees with ten or more years of qualifying Ohio service credit. Health care coverage for disability recipients and primary survivor recipients is available. The health care coverage provided by the retirement system is considered an Other Postemployment Benefit (OPEB) as described in GASB Statement

NOTE 12 - POSTEMPLOYMENT BENEFITS (continued)

No. 12. A portion of each employer's contribution to PERS is set aside for the funding of postretirement health care based on authority granted by State statute. The 2000 employer contribution rate was 10.84 percent of covered payroll; 4.30 percent was the portion that was used to fund health care for 2000. For 1999, the contribution rate was 13.55 percent of covered payroll; 4.2 percent was the portion that was used to fund health care.

Benefits are advance-funded using the entry age normal cost method. Significant actuarial assumptions, based on PERS's latest actuarial review performed as of December 31, 1999, include a rate of return on investments of 7.75 percent, an annual increase in active employee total payroll of 4.75 percent compounded annually (assuming no change in the number of active employees) and an additional increase in total payroll of between .54 percent and 5.1 percent based on additional annual pay increases. Health care premiums were assumed to increase 4.75 percent annually.

All investments are carried at market. For actuarial valuation purposes, a smoothed market approach is used. Assets are adjusted to reflect 25 percent of unrealized market appreciation or depreciation on investment assets.

The number of active contributing participants was 401,339. The City's actual contributions for 2000 which were used to fund postemployment benefits were \$415,837. The actual contribution and the actuarially required contribution amounts are the same. PERS's net assets available for payment of benefits at December 31, 1999, (the latest information available) were \$10,805.5 million. The actuarially accrued liability and the unfunded actuarial accrued liability were \$12,473.6 million and \$1,668.1 million, respectively.

For 2000, PERS elected to return to an actuarially pre-funded type of disclosure because it is a better presentation of PERS's actual funding methodology. Since 1997, disclosures had been based on a pay-as-you-go funding basis.

Police and Firemen's Disability and Pension Fund

The Ohio Police and Fire Pension Fund (OP&F) provides postretirement health care coverage to any person who receives or is eligible to receive a monthly benefit check or is a spouse or eligible dependent child of such person. An eligible dependent child is any child under the age of eighteen whether or not he is attending school or under the age of twenty-two if attending school full-time or on a 2/3 basis.

The health care coverage provided by the retirement system is considered an Other Postemployment Benefit (OPEB) as described in GASB Statement No. 12. The Ohio Revised Code provides the statutory authority allowing the OP&F's Board of Trustees to provide health care coverage and states that health care costs paid from the OP&F shall be included in the employer's contribution rate. Health care funding and accounting is on a pay-as-you-go basis. The total police employer contribution is 19.5 percent of covered payroll and the total firefighter employer contribution rate is 24 percent of covered payroll, of which 7.25 percent of covered payroll was applied to the postemployment health care program during 2000. For 1999, the percentage used to fund health care was 7 percent. In addition, since July 1, 1992 most retirees have been required to contribute a portion of the cost of their health care coverage through a deduction from their monthly benefit payment.

NOTE 12 - POSTEMPLOYMENT BENEFITS (continued)

The City's actual contributions for 2000 that were used to fund postemployment benefits were \$99,603 for police and \$8,467 for fire. The OP&F's total health care expenses for the year ended December 31, 1999, (the latest information available) were \$95,004,633, which was net of member contributions of \$5,518,098. The number of OP&F participants eligible to receive health care benefits as of December 31, 1999, was 12,467 for police and 9,807 for firefighters.

NOTE 13 - OTHER EMPLOYEE BENEFITS

Compensated Absences

Accumulated Unpaid Vacation

City employees earn vacation leave at varying rates based upon length of service. In the past, vacation leave was permitted to accumulate with no limit. Currently, vacation leave earned in one year must be used in the next year. If the employee has not used the vacation earned for one year, the vacation accrual stops. When an employee terminates employment, he is paid for his unused vacation leave. The total obligation for vacation accrual for the City as a whole amounted to \$300,097 at December 31, 2000.

Accumulated Unpaid Sick Leave

City employees earn sick leave at the rate of four and six tenths hours per eighty hours of service. Sick leave is cumulative without limit. In the case of death or retirement, an employee (or his estate) is paid 50% of accumulated sick leave up to 1040 hours and 10% for accumulated hours in excess of 1,040. The total obligation for sick leave accrual for the City as a whole as of December 31, 2000, was \$501,577.

Accumulated Unpaid Holiday Pay

Under contract, police personnel who work a holiday receive holiday time in addition to four hours pay. Accumulated unpaid holiday time is paid to employees upon separation or death. At December 31, 2000, the accrual for unpaid holiday time amounted to \$36,543.

NOTE 14 - CAPITAL LEASE RECEIVABLE

In 1994, City-owned land within the Kingsview Industrial Park was leased to twenty companies, Amtex Inc., Lucas Sumitomo Brakes Inc., Bunnell Hill, Ghent Manufacturing, Cinmar, E-Beam Services, Eastgate Graphics, Flint Ink, J & N Distribution, JBM, Knauf USA, OPW, Portman Equipment Co., Service Wholesale, R & I Enterprises, Quantum Metals, Dorn Enterprises, Franklin Brazing, Tomak Precision, and Trim Parts. The companies are developing the land. The new construction has been granted a tax exemption, although payments in lieu of taxes will be made to the City. See Note 7.

The lease period is thirty years. At the conclusion of the lease period, the companies may purchase the leased properties for \$1. The City has classified these agreements as direct financing capital leases. The lease payments to the City are paid into the Industrial Development Capital Projects Fund and will be used for improvements to the industrial park.

NOTE 14 - CAPITAL LEASE RECEIVABLE (continued)

The City has recognized the future minimum lease payments, less unearned interest income, as leases receivable in the capital projects fund type. That portion (other than unearned interest income) which is not available at year-end is classified as deferred revenue.

| Total Minimum Lease Payments to be Received | \$103,666 |
|---|-----------------|
| Less: Unearned Interest | (41,476) |
| Net Investment in Direct Financing Leases | <u>\$62,190</u> |

NOTE 15 - RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters. During 2000, the City contracted with Hylant MacLean for vehicle, property and general liability insurance. Cincinnati Insurance Company covers boiler and machinery, while police liability and public officials are protected by Hylant MacLean.

Boiler and machinery deductible levels vary with equipment. EDT equipment has a \$250 deductible for computer equipment and \$10,000 deductible for cable equipment. Vehicles hold a \$250 to \$500 deductible, general liability has a \$0 deductible, and property has a \$1,000 deductible. The City carries a \$2,500 deductible for both police professional and public officials liability insurance. The City has an internal accident review board which analyzes all vehicle accidents. The City also contracts with Hylant MacLean, who reviews each accident claim. Settled claims have not exceeded this commercial coverage in any of the past four years and there have been no significant reductions in coverage from last year. However, the City did renew the coverage with Hylant MacLean last year and received a three year rate guarantee.

The City pays the State Workers' Compensation System a premium based on a rate per \$100 of salaries. This rate is calculated based on accident history and administrative costs.

The City has elected to provide employee medical, dental and life insurance benefits through a self insured program. The City maintains a Self-Insurance Internal Service Fund to account for and finance its uninsured risks of loss in this program. This plan provides a medical plan with a \$50 single and \$50 per person family deductible for City employees. The City also provides a dental plan with a \$50 deductible, and \$30,000 in accidental life insurance. A third party administrator reviews all claims which the City then pays. Klais & Company, located in Akron, was the third party administrator for the year. The City purchases stop-loss coverage for claims in excess of \$25,000 per employee, per occurrence.

The City pays into the Self-Insurance Internal Service Fund \$480 per employee per month. The fund that pays the salary for the employee pays this premium which is based on historic cost information. The claims liability of \$270,825 reported in the fund at December 31, 2000, is based on the requirements of Governmental Accounting Standards Board Statement No. 10 which requires that a liability for unpaid claims costs be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and that the amount of the

NOTE 15 - RISK MANAGEMENT (continued)

loss can be reasonably estimated. Estimates were calculated by using actual claims reports for several months following the balance sheet date. This estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claim adjustment expenses. Changes in the fund's claims liability amount for the past two years were:

| 1999 | Balance at <u>January 1</u> , \$159,781 | Current Year <u>Claims</u> \$838,938 1,188,866 | Claim Payments \$789,936 1,126,824 | Balance at December 31, \$208,783 270,825 |
|------|---|---|------------------------------------|---|
| 2000 | 208,783 | 1,188,866 | 1,120,024 | 270,023 |

NOTE 16 - LONG-TERM OBLIGATIONS

Changes in general long-term obligations during 2000 were as follows:

| | Balance at January 1, 2000 | Increases | Decreases | Balance at December 31, 2000 |
|--|----------------------------------|-----------|------------|------------------------------------|

| TOTAL - General Long-Term Obligations | \$6,223,225 | \$211,497 | <u>\$495,660</u> | \$5,939,062 |

The Kingsview/Fujitec and Kingsview/Henkle special assessment/general obligation bonds were issued to finance the construction and improvement of two roads near the industrial park area. The City owns some of the land that borders these roads and is therefore paying a portion of this debt with payments in lieu of tax revenue generated from Amtex Inc., Lucas Sumitomo Brakes Inc., Bunnell Hill, Ghent Manufacturing, Cinmar, JBM, E-Beam Services, Knauf USA, OPW, Portman Equipment Co., Service Wholesale, Eastgate

NOTE 16 - LONG-TERM OBLIGATIONS (continued)

Graphics, Flint Ink, J & N Distribution and R & I Enterprises, Quantum Metals, Dorn Enterprises, Franklin Brazing, Tomak Precision, and Trim Parts, the twenty corporations that occupy land in the industrial park The debt is being paid from the General Obligation Debt Retirement Debt Service Fund with income tax revenue. The remainder is being assessed to the property owners.

The Deerfield Road Improvement special assessment/general obligation bonds were issued to finance the construction and improvement of a road. The City is responsible for paying for the costs of intersections, rights of way and some additional costs as determined by legal counsel. This is being paid through the General Obligation Debt Retirement Debt Service Fund with income tax revenue. The remainder is being assessed.

The Pleasant Street Improvement special assessment/general obligation bonds were issued to finance the construction and improvement of a road and new storm sewer. The City is responsible for paying for the costs of the intersections, rights of way, storm sewer and some additional costs as determined by legal counsel. This is being paid through the General Obligation Debt Retirement Debt Service Fund with income tax revenue. The remainder is being assessed.

The Miller Road general obligation bonds will be paid through the General Obligation Debt Retirement Debt Service Fund with City income tax revenue.

The Special Assessment Bond issues are backed by the full faith and credit of the City. In the event that an assessed property owner fails to make payments, the City will be required to pay the related debt.

The Library Improvement general obligation bonds consist of \$620,000 in serial bonds and \$89,224 of capital appreciation bonds which were accreted \$16,412 in 2000. The carrying balance of the capital appreciation bonds at December 31, 2000, was \$132,711. The Library Improvement Bond will be paid through the Library Bond Retirement Debt Service Fund with property tax levy revenue.

Compensated absences and due to other governments, which represents contractually required pension contributions, will be paid from the fund which the employees' salaries are paid from. The police pension liability is paid from general property tax revenue.

Changes during 2000 in the City's long-term enterprise fund obligations were as follows:

| Mortgage Revenue Bonds | Balance at January 1, 2000 | Increases | Decreases | Balance at December 31, 2000 |
|---------------------------------------|----------------------------|-----------|-----------|------------------------------------|
| 1999 – 4.9 to 5.35% Sanitary Sewer | \$8,830,000 | \$0 | \$200,000 | \$8,630,000 |

NOTE 16 - LONG-TERM OBLIGATIONS (continued)

| | Balance at January 1, 2000 | Increases | Decreases | Balance at December 31, 2000 |
|--|----------------------------------|-----------|----------------------------|------------------------------------|
| 1999 – 3.75 to 5.3% Water System Improvement and Refunding | \$10,106,590 | \$0 | \$316,843 | \$9,789,747 |
| 1997 – 4.0 to 4.8% Sanitary Sewer | 1,352,376 | 0 | 120,820 | 1,231,556 |
| Mortgage Revenue Bonds 1996 – 3.70% Electric System | _4,403,139 | 0 | 172,537 | _4,230,602 |
| TOTAL - Mortgage Revenue Bonds Payable | 24,692,105 | 0 | 810,200 | 23,881,905 |
| Compensated Absences Payabl TOTAL - Enterprise Funds | e <u>213,566</u> \$24,905,671 | 0 \$0 | <u>97,347</u> \$907,547 | 116,219 \$23,998,124 |

The Mortgage Revenue Bonds are being repaid from charges for services in the respective enterprise fund. Compensated absences will be paid from the fund which the employees' salaries are paid from.

In prior years, the City defeased Water System Improvement Mortgage Revenue Bonds by placing the proceeds of the new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust assets and the liability of the defeased bonds are not included in the City's financial statements. On December 31, 2000, \$1,205,000 of bonds are considered defeased.

The 1999 Water System improvement bond is reported at carrying value. Face value of the bond was \$9,855,000 and the unamortized deferred charge on the refunded bonds was \$65,253 at December 31, 2000.

The 1997 sewer system mortgage revenue bond is reported at carrying value. Face value of the bond was \$1,385,000 and the unamortized deferred charge on the refunded bonds was \$153,444 at December 31, 2000.

The electric system mortgage revenue bond issue is reported at carrying value. Face value of the bond was \$4,270,000 and the unamortized discount was \$39,398 at December 31, 2000.

The Enterprise Funds' related bond indentures have certain restrictive covenants, which require that bond reserve funds be maintained and charges for fees to customers be in sufficient amounts, as defined, to satisfy the obligations under the indenture agreements. In addition, special provisions exist regarding covenant violations, redemption of principal, and maintenance of properties in good condition.

NOTE 16 - LONG-TERM OBLIGATIONS (continued)

As of December 31, 2000, the City's overall legal debt margin (the ability to issue additional amounts of general obligation bonded debt) was \$26,768,363 and the unvoted debt margin was \$14,181,269. Principal and interest requirements to retire the City's long-term obligations outstanding at December 31, 2000, were:

| 2001 2002 2003 2004 2005 2006-10 2011-15 2016-39 | Special Assessment Bonds \$181,650 167,497 164,936 160,988 160,586 740,907 106,338 | General Obligation Bonds \$430,623 426,383 425,754 430,549 425,606 1,993,464 1,181,615437,287 | Police Pension Liability \$1,264 1,264 1,264 1,264 6,320 6,320 23,416 | Mortgage Revenue Bonds \$2,061,943 2,061,117 2,054,265 2,058,148 2,061,045 9,516,373 8,343,055 2,932,510 | Total \$2,675,480 2,656,261 2,646,219 2,650,949 2,648,501 12,257,064 9,637,328 3,393,213 |

NOTE 20 - CONTRIBUTED CAPITAL

During the year, contributed capital increased by the following amounts:

| | Electric | Sanitation | Sewer | Water | |
|-------------------------|------------------|------------------|--------------|-------------|--------------|
| Source | Fund | Fund | Fund | Fund | Total |
| Developer | \$0 | \$0 | \$714,920 | \$584,350 | \$1,299,270 |
| Contribution from Other | Fund 43,000 | 0 | 203,362 | 0 | 246,362 |
| Contributed Capital | | | | | |
| January 1 | 67,995 | <u>347,887</u> | 11,016,392 | 5,221,778 | 16,654,052 |
| Contributed Capital | | | | | |
| December 31 | <u>\$110,995</u> | <u>\$347,887</u> | \$11,934,674 | \$5,806,128 | \$18,199,684 |

In addition, the Auto Maintenance Internal Service Fund had contributed capital at the beginning and end of the year of \$64,666.

NOTE 21 - JOINT VENTURE/JOINTLY GOVERNED ORGANIZATION

Hazardous Materials Response Team

As described in Note 1, the City is a member of a Hazardous Material Response Team ("HAZ MAT") which is a joint venture with three other local governments. This joint venture was created to provide hazardous material response protection and mutual assistance in the event of a hazardous material incident.

In March 2000, the HAZ MAT joint venture was disbanded and management of its operation was assumed by the Warren County Board of Commissioners. The balance of the HAZ MAT fund will be paid to the County in the next fiscal year.

The following is a summary of the financial information of the year ended December 31, 2000, prepared on the basis of cash receipts and disbursements:

| Operating Revenues | • | \$-0- |
|--------------------------------|---|----------|
| Operating Expenditures | | 21,338 |
| Excess of Operating Revenues | | ŕ |
| Over Expenditures | | (21,338) |
| Fund Balance Beginning of Year | | 21,351 |
| Fund Balance End of Year | | \$13 |

Warren County General Health District

The Warren County General Health District, a jointly governed organization, provides health services to the citizens within the County. The Board of Health, which consists of a representative from each of the participating governments, including the City, oversees the operation of the District. The City contributed \$3,000 during 2000 for the operation of the District. The City does not have any financial interest in or responsibility for the District. The County Commissioners serve as the taxing authority, and the County Auditor and Treasurer serve as fiscal officers. You may obtain financial information from Kathy Steptenson at the Warren County General Health District, 416 S. East Street, Lebanon, Ohio 45036.

NOTE 22 - SIGNIFICANT CONTRACTUAL OBLIGATIONS

The City of Lebanon has entered into the following contracts as of December 31, 2000:

| Company | Purpose | Amount Remaining |
|-----------------------|----------------------------|------------------|
| National Engineering | Wastewater Treatment Plant | \$546,928 |
| Hummel Industries | City Bldg. Exterior Repair | 66,271 |
| Weidle Corporation | Columbia Bus. Pk. Sec I | 144,584 |
| Armrel Byrnes | Henkle Dr. Sanitary Swr | 131,385 |
| Layne-Ohio | Groundwater Exploration | 73,955 |
| Brock & Sons | Cemetery Rd. Reconst. | 326,701 |
| Armrel Byrnes | Interstate Sanitary Sewer | 420,883 |
| Preload Corporation | 1.0 MG Clearwell | 196,928 |
| Woolpert | Wastewater Treatment Plant | 123,461 |
| Excel Contracting | Cemetery Fountain | 138,229 |
| Clark Substations | Monroe Substation | 48,380 |
| Virginia Transformer | Monroe Substation | 231,718 |
| Alstom USA | Monroe Substation | 37,790 |
| Utiliserve High Volt. | Monroe Substation | \$169,000 |

NOTE 23 - ACCOUNTABILITY AND COMPLIANCE

A. Accountability - Fund Equity Deficits

The COPS FAST and Urban Redevelopment Special Revenue Funds have deficit fund balances of \$49,725 and \$129,996 respectively. The Industrial Development Capital Projects Fund had a deficit fund balance of \$4,566,082. The deficit fund balances are a result of the application of generally accepted accounting principles to the financial reporting of this fund. Advances (long term and current) from other funds and proceeds of notes used to finance these projects are not recognized as other financing sources, but rather as a fund liability. The deficits will be eliminated when the advances and notes are repaid. The Self-Insurance Internal Service Fund had deficit fund equity of \$18,614. The City is currently monitoring the Self-Insurance Fund to find a way to alleviate this deficit.

B. Compliance

The City had appropriations in excess of estimated receipts plus available balances for the Community Development and the COPS FAST Special Revenue Funds of \$8,245 and \$1,138, respectively. The Capital Improvements Capital Projects Fund had appropriations in excess of estimated receipts plus available balances of \$1,478,689.

The General Fund had expenditures in excess of appropriations in Capital Outlay and Operating Transfers - Out of \$24,722 and \$107,300, respectively. The Self-Insurance Internal Service Fund had expenditures in excess of appropriations in Contractual Services of \$44,735.

NOTE 24 - CONTINGENT LIABILITIES

Litigation

The City is of the opinion that ultimate disposition of claims and legal proceedings will not have a material effect, if any, on the financial condition of the City.

Federal and State Grants

For the period January 1, 2000, to December 31, 2000, the City received state grants for specific purposes that are subject to review and audit by grantor agencies or their designee. Such audits could lead to a request for reimbursement to the grantor agency for expenditures disallowed under the terms of the grant. Based on prior experience, the City believes such disallowance, if any, would be immaterial.

THIS PAGE INTENTIONALLY LEFT BLANK

COMBINING, INDIVIDUAL FUND AND ACCOUNT GROUP STATEMENTS AND SCHEDULES

GENERAL FUND

To account for governmental resources which are not required to be accounted for in any other fund. The general fund balance is available to the City for any purpose provided it is expended or transferred according to the charter and/or the general laws of Ohio.

SPECIAL REVENUE FUNDS

To account for the proceeds of specific revenue sources (other than expendable trust or for major capital projects) that are legally restricted to expenditure for specific purposes.

Bi-Centennial Celebration

To account for monies received for the celebration of the bi-centennial of the City.

Cemetery

To account for monies received for the operation and maintenance of the cemeteries.

Community Development

To account for monies received from the federal government under the Community Development Block Grant Program

Computer Improvement

To account for an additional court cost that will be used to computerize the clerk of court's office.

Computerized Legal Research

To account for an additional court cost that will be used to purchase and maintain computer equipment used in legal research.

COPS FAST

To account for monies received from the federal government for the COPS FAST Grant, a program of the U.S. Department of Justice, established for the hiring of an additional police officer.

DARE

To account for donations and fund raising proceeds that are used to operate the Drug Abuse Resistance Education program.

Drug Law Enforcement

To account for fines generated from the prosecution of illegal drug usage and sales.

Enforcement and Education

To account for a portion of fines collected in DUI cases to be used to enforce DUI laws and teach the public about the dangers of driving under the influence.

Federal Asset Forfeiture

To account for monies received from federal forfeitures to be used for law enforcement. Budgetary information has not been presented for this fund because the City did not anticipate any revenues or expenditures in 2000. The budgetary fund balance was \$1,357 at December 31, 2000.

Fire and Life Squad

To account for revenues to be used for the operation of the fire and life squad.

(Continued)

SPECIAL REVENUE FUNDS (Continued)

Indigent Drivers' Alcohol Treatment

To account for a portion of fines collected in DUI cases to be used to pay for the treatment of indigent persons convicted of DUI offenses.

Law Enforcement

To account for proceeds from the sale of confiscated contraband.

Parking

To account for the monies collected from the City's parking meters used for the maintenance of parking meters and parking lots.

Park Recreation Impact Fee

To account for monies received from all sources for the purpose of purchasing land for open space.

State Highway

To account for gasoline tax and motor vehicle license fees used for routine maintenance of state highways within the City.

Street Maintenance and Repair

To account for gasoline tax and motor vehicle license fees remitted to the City for routine street maintenance.

Tax Increment Financing

To account for payments received in lieu of taxes on property granted a tax exemption by the City.

<u>Urban Redevelopment</u>

To account for monies received, primarily debt, for the housing redevelopment projects in the North Mechanic Street area.

THIS PAGE INTENTIONALLY LEFT BLANK

CAPITAL PROJECTS FUNDS

To account for financial resources to be used for the acquisition or construction of major capital facilities; other than those financed by proprietary or trust funds.

Capital Improvements

To account for capital acquisitions purchased from City municipal income tax revenue.

Cemetery Improvement

To account for monies received from all sources for cemetery improvements.

Community Center

To account for monies received from all sources for the Community Center

Industrial Development

To account for capital expenditures connected with the development of the Kingsview Industrial Park.

State Issue II

To account for Issue II funds received from the State of Ohio for each project awarded through this program and local matching funds. Budgetary information has not been presented for this fund because the City did not anticipate any revenues or expenditures in 2000. The budgetary fund balance was \$81,167.

ENTERPRISE FUNDS

To account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that the costs (expenses, including depreciation) of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges or where it has been decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

Electric

To account for the provision of electricity and telecommunication operations to residential and commercial users living within the City.

Sanitation

To account for the provision of refuse collection service to residential and commercial users living within the City.

Sewer

To account for the provision of sanitary sewer service to residential and commercial users living within the City.

Water

To account for the provision of water treatment and distribution to residential and commercial users living within the City.

FIDUCIARY FUNDS

To account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, other governmental units and/or other funds. The City has one expendable trust fund and one nonexpendable trust fund, and the level of budgetary control is the same as that presented in the general purpose financial statements.

EXPENDABLE TRUST FUND

Donation

To account for donations for fire, police, life squad and parks and recreation.

NONEXPENDABLE TRUST FUND

Cemetery Perpetual Care

To account for a portion of all plot sales and the opening and closing of graves. The interest will be spent to maintain the cemetery.

AGENCY FUND

Municipal Court

To account for monies that flow through the Clerk of Courts Office.
