Maple Heights, Ohio 44137

We have reviewed the Independent Auditor's Report of the City of Maple Heights, Cuyahoga County, prepared by Ciuni & Panichi, Inc., for the audit period January 1, 2000 through December 31, 2000. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The City of Maple Heights is responsible for compliance with these laws and regulations.

JIM PETRO
Auditor of State

HONORABLE MAYOR SANTO T. INCORVAIA
AND MEMBERS OF CITY COUNCIL
CITY OF MAPLE HEIGHTS, OHIO

We are pleased to submit the Comprehensive Annual Financial Report of the City of Maple Heights, Ohio for the year ended December 31, 2000. This report contains complete disclosure of the City's financial position and results of operations for the year. The CAFR consists of three sections. The Introductory Section which contains the table of contents, this letter of transmittal, a list of principal City officials, and organizational charts of the City; The Financial Section with the opinion letter of the City's independent auditor, the General Purpose Financial Statements and the accompanying Notes to the Financial Statements, the combining financial statements by fund type, and other schedules which provide detailed information for the 2000 fiscal year; and the Statistical Section which details selected financial, economic, and demographic information about the City for the past ten years.

MANAGEMENT REPRESENTATION

The City, and more specifically the Finance Department, assumes the responsibility for the accuracy, completeness, fairness of presentation, and all disclosures contained within this report and believes that the data included is accurate in all material respects. Further, it is our intention to present it in a manner that would fairly set forth the financial position of the City and results of operations as measured by its various activities.

REPORTING ENTITY

For financial reporting purposes, in conformity with the standards of the Governmental Accounting Standards Board, this report includes all funds and account groups that are controlled by or are dependent on the City's governing board. Other governmental type entities within the City have substantial autonomy and separate governmental characteristics including the Maple Heights Board of Education, Cuyahoga County Regional Library, Employees Retirement Systems and all utilities servicing the City. These organizations are administered by boards separate from or independent of the City Council. These entities are not funded by the City nor is the City obligated to finance any deficits they might incur and the City does not guarantee their indebtedness. They have not met the established criteria for inclusion in the reporting entity, and accordingly are excluded from this report.

CITY BACKGROUND

The City of Maple Heights is located in Cuyahoga County, in Northeastern Ohio immediately southeast of the City of Cleveland. The City was incorporated as a village in 1915, and become a city in 1932. It is in the former Cleveland Standard Metropolitan Statistical Area (SMSA), in 1990 the 19th largest SMSA of 323 in the United States.

The City is in the Cleveland-Lorain-Elyria-Primary Metropolitan Statistical Area (PMSA), comprised since 1994 of Ashtabula, Cuyahoga, Geauga, Lorain and Medina counties. The City is also in the Cleveland-Akron-Lorain Consolidated Metropolitan Statistical Area (CMSA), the 11th most populous of 20 in the United States.

According to Fortune Magazine, in 2000 eight of the 500 largest corporations in the United States, based on sales, are headquartered within the PMSA.

The City's 2000 population of 26,156 placed it as the 11th largest city in the urbanized County and 38th largest in the State.

The City's area is 5.5 square miles, broken down by land use of that area as follows:

Residential	53%
Commercial/Industrial	36
Governmental (including parks) and Other Tax Exempt (a)	9
Undeveloped	2

(a) Exempt from property taxation.

The City is served by diversified transportation facilities. Immediate access is to Three State and U.S. highways and to Interstate Highways I-480 and I-271. The City is adjacent to areas served by Conrail and Amtrak, and is served by nearby Cleveland Hopkins International, Burke Lakefront, and Cuyahoga County airports.

The City is provided with banking and financial services by major local commercial banks and savings and loan associations, including local offices of such institutions having principal offices elsewhere.

One daily newspaper and two weekly newspapers serve the City. The City is within the broadcast area of 10 television stations and approximately 30 AM and FM radio stations. Fifty-channel cable TV service is provided by Cablevision.

Public elementary and secondary education is provided by the four elementary schools, one middle school, and one high school operated by the Maple Heights City School District. A large regional branch of the Cuyahoga County Public Library is located in the City.

Within commuting distance are several public and private two-year and four-year colleges and universities, including Cleveland State University, Kent State University, Case Western Reserve University, Baldwin-Wallace College, John Carroll University and Cuyahoga Community College.

CITY SERVICES

Among City-owned facilities, all with an aggregate estimated value (for insurance purposes) of \$13,343,000, are a city hall, police station, jail detention center and two fire stations.

The Library/Civic Center, financed with voted City bonds, houses the facilities of the City's regional library and the civic center activities operated by the Recreation Department and Office on Aging. Among those activities is the Senior Citizen Program, which includes a nutrition program, recreational and medical services staffed by volunteer professionals, and social and transportation services. The Library, part of the Cuyahoga County Library District, houses 281,000 volumes, and serves as the regional library for the Library District's business-related materials.

The Maple Heights Police Department is committed to being a caring and sensitive organization. It is staffed by men and women dedicated to serving the community in a selfless manner. Security of persons and property is foremost on the minds of these devoted officers.

The Maple Heights Fire Department, in addition to providing exemplary services to the residents of the community, will, in partnership with the Village of Oakwood, provide fire and EMS services to the neighboring Village of Walton Hills.

The City provides an extensive recreational program, including a 130-acre public park system that consists of two parks, each with a swimming pool, lighted tennis courts and baseball fields. These parks are situated so that no City resident lives more than a mile from a park. In addition, the City provides residents with seven neighborhood parks and playgrounds.

Located within the City are three major shopping centers, the largest being Southgate USA, a non-enclosed retail shopping center covering a four block area and reported to be one of the largest outdoor shopping centers in the country. It houses approximately 120 tenants, including a professional medical arts building, three branch banking facilities, one major furniture store, and numerous entertainment and restaurant facilities, as well as various other service and retail operations. One of the five Cleveland area medical offices operated by the Kaiser-Permanente Medical Care Program is located in Southgate.

Thirty-three acute-care hospitals with a total bed capacity in excess of 15,000 serve the PMSA. City residents are served primarily by nearby Marymount Hospital (279 beds), Meridia South Pointe (169 beds), Bedford Medical Center (University Hospital Health System 110 beds).

CITY GOVERNMENT

The City operates under and is governed by its Charter, first adopted by the voters in 1931 and which has been and may be amended by the voters from time to time. The City is also subject to some general laws applicable to all cities. Under the Ohio Constitution the City may exercise all powers of local self-government, and police powers to the extent not in conflict with applicable general laws. The Charter provides for a Mayor-Council form of government.

Legislative authority is vested in an eight-member Council. The President of Council is elected at-large, and seven members are elected from districts, all for two-year terms. The Council fixes compensation of City officials and employees, and enacts ordinances and resolutions relating to the City services, tax levies, appropriating and borrowing money, licensing and regulating businesses and trades, and other municipal purposes. The Charter establishes certain administrative departments; the Council may establish divisions of those departments, and additional departments.

The City's chief executive and administrative officer is the Mayor, who is elected by the voters specifically to that office for a four-year term. The Mayor is also the Safety Director and presides over the Mayor's Court.

The Mayor appoints, subject to the approval of Council, the directors of the City's departments, including the Director of Finance. The Mayor also appoints members to a number of boards and commissions, and appoints and removes, in accordance with applicable civil service requirements, most appointed officers and employees.

The Mayor may veto any legislation passed by the Council. A veto may be overridden by a two-thirds vote of all members of the Council.

ECONOMIC CONDITIONS AND OUTLOOK

The City has a long history of managing its finances in a prudent manner. It has done so despite the significant challenges involved in managing a mature, primarily residential, community with a changing local economy and transitional workforce.

The year 2000 was truly the beginning of a new millennium from an economic point of view. The City saw the first effects of the Blue Coral Co. move into Maple Heights and its 215 permanent jobs. Income tax collections increased by 4% helping to stabilize the general fund. The fire department increased services to the residents by adding a third full-time rescue squad, while the police department continued to upgrade its equipment with the purchase of three new patrol vehicles and new radios for patrol officers. In addition, the City renegotiated collective bargaining agreements with its employees for the next four years.

The City expects to be a participant in the Cuyahoga County Brownfield Redevelopment Program. This program will address the redevelopment of the former Cook United building, which has been vacant since 1984. This program is earmarked for sites in the County that cannot be redeveloped without substantial environmental remediation. It is anticipated that this site may be available for redevelopment during 2001.

In 1999, the City began \$1.5 million in safety facility improvements. These improvements consist of constructing two additional bays for fire apparatus and additional office space for the fire prevention bureau and ambulance billing. In addition, a mandated new juvenile holding cell was being constructed in the police station along with other minor upgrades. Construction was completed in 2000.

In 2000, the City began a much anticipated upgrade of its traffic signals. The project involves installing new high-tech signals and equipment to replace all 206 traffic signals. The system, which uses microcomputers, loop detectors and modems to make on-the-spot timing adjustments, is designed to alleviate traffic congestion and reduce air pollution. This \$3 million dollar project is 100% federally funded. The project should be completed in 2001.

The City was awarded a grant and loan from the State of Ohio Issue II program for the year 2000. This project will include the complete reconstruction of N. and S. Industrial Avenues and complete a major link in alleviating sanitary sewer backups in the East 141st area. The \$3 million dollar project cost will be funded with a grant of \$1.6 million and a 20 year no interest loan of \$1.4 million. Construction began in November 2000 and is expected to be completed by October 2001. When completed the new roads and sewers will enhance our ability to attract new businesses to our largest concentration of manufacturing in the City.

In 1989, the City entered into an agreement with the neighboring Village of Valley View to operate a joint enterprise zone, named the "Southport Business Center." Since its inception, the Southport Business Center has created more than 700 jobs. Under the joint enterprise zone agreement, 10% of all tax revenues generated, by the existence of the enterprise zone, will be turned over to the City during the term of the tax abatement, but in no case for fewer than 10 years. This agreement expired in 1999. For 2000 and 1999 the amounts paid to the City were \$61,261 and \$59,711, respectively.

Community Development

The City has initiated a variety of programs to assist property owners to improve their property. All of these programs and improvements have been implemented to the extent possible by leveraging local City funds with available State and Federal funds. For example, the City has created a tool lending program, a senior assistance program (including free driveway snow plowing) and a federally funded home exterior maintenance program (which offers grants to homeowners to correct housing violations) through linkages with the Cuyahoga County Department of Development (CDBG). Numerous Community Development projects were in progress in 2000. These projects include:

- **Zoning Code Update** – An outcome of the updated Master Plan that was completed in 1999 was the recommendation to modernize the entire Zoning Code. This was completed in October, 2000.
- **Broadway Streetscape** – In 1999, the City received \$150,000 of Community Development Block Grant (CDBG) funds to assist in the beautification of Broadway Avenue. from McCracken Road to Maple Heights Blvd. including the area around Mapletown Shopping Center. During 2000, the City received an additional \$150,000 in CDBG funds for Phase II which continues down Broadway Avenue to the south corporate limits as well as on Libby Road between Broadway Avenue and Lee Road. The City will fund the remainder of the projected cost of \$300,000.
- **Home Exterior Maintenance Program** - This program administered by the City, provides financial assistance to low to moderate homeowners to repair their house. Assistance is provided to those in violation of the housing code or those in need of maintenance. In 2000, the City received a \$70,000 grant from Community Development Block Grant funds that assisted 32 homeowners.
- **Sidewalk Improvement Program** - The City has operated a Sidewalk Improvement Program since 1991. The program boasts a 50/50 (or the City will pay 75% of cost for Homestead Exemption homeowners) sharing of repair/replacement cost, between residents and the City, to replace damaged and unsafe sidewalks throughout the City. In 2000, the City of Maple Heights provided financial assistance totaling \$121,000.
- **Cuyahoga County Link-Deposit Program** – In 2000, the Cuyahoga County Treasurers Office offered this program to Maple Heights residents. The program offers participants a 3% interest rate reduction on any property improvement loan. During 2000, 32 loans valued at \$239,000 were granted.
- **Cuyahoga County Home Loan Rehabilitation Program** – In 2000, The Cuyahoga County Office of Development offered these loans to Maple Heights residents. The program offers reduced interest rates to those who qualify. During 2000, 10 loans valued at \$105,000 were granted.

Proprietary Functions

The City began operating the Maple Heights Transit System in 1935. In 1975 the City contracted with the Greater Cleveland Regional Transit Authority (GCRTA) (which provides public transportation services throughout the County), establishing a uniform fare structure and mutual transfer privileges as part of an effort to coordinate transit service within the County. The Authority reimburses the City for costs of transportation services provided and furnishes some equipment as required. In 1999, the City renegotiated a new five-year operating agreement with GCRTA expiring on December 31, 2004.

The City's Transit system currently provides service, to residents of and employees in the City, between the City and nearby communities and downtown Cleveland. It has 43 employees, operates 21 buses, and maintains a bus storage and maintenance garage.

During 2000, The City continued operating a "Community Circulator" route utilizing buses much smaller than the standard 50 passenger coaches. The intent of the "circulator" is to provide neighborhood bus service to major shopping areas and as a connector with major cross-town and downtown destinations.

Department Highlights

The Maple Heights Fire Department (the Department) provides fire suppression, rescue services and fire inspection services for the City and the Village of Walton Hills. In addition, the department provides Ambulance Billing services for the City and nine other local communities. During 2000, the department collected a total of \$373,000, which included \$31,000 of billing fees from the nine local communities.

In 2000, the department completed the long awaited renovations to both fire stations and the consolidation of all administrative offices into fire station #1. These renovations will allow for the housing of additional equipment and ultimately helps the department provide better service to the community.

With the continued increase in EMS calls, the City has added a third full-time rescue squad, which will help in responding to all emergency calls.

Debt Administration

The City's outstanding note liability at December 31, 2000 is \$2,995,000. General Obligation Notes were issued for the Maple-Milo Sewer Improvement project, Street Improvements and Safety Facility Building Improvements. The long-term debt balance payable at the end of 2000 was \$13,062,351.

FINANCIAL INFORMATION

Discussion of Controls

The accounting system of the City of Maple Heights is organized and operated on the basis of funds and account groups. Each fund is an independent accounting entity with a self-balancing set of accounts which report the financial position and results of that fund.

The City of Maple Heights adopted the modified accrual/accrual basis of accounting in 1985 in accordance with the provisions of the Governmental Accounting Standards Board. This method accounts for the Governmental and Fiduciary Fund Types on the modified accrual basis and the Proprietary Funds on the accrual basis. Under the modified accrual basis, governmental fund revenues and receivables are recognized when measurable and available. Expenditures are recognized when the obligation is incurred, except for principal and interest on long-term obligations which are recorded when they become due. Proprietary Funds are accounted for on the accrual basis, where revenues are recognized when earned and expenses are recognized when incurred. Each year the City adopts a preliminary budget, based on estimated resources prior to July 15. During the fourth quarter a temporary budget, based on the preliminary budget, is adopted for the first three months of the following year. A final budget for the fiscal year is passed prior to March 31. Budget amendments require the resolution of City Council.

Internal controls have been developed to provide reasonable assurance regarding the safeguarding of assets against loss from unauthorized use or disposition, and the reliability of financial records for preparing financial statements. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefit it provides and the evaluation of costs and benefits requires judgments by management.

General Government Functions

The following summary schedule compares revenues and other sources for general governmental functions which include the General, Special Revenue, Debt Service, and Capital Projects Funds and includes a discussion of material differences from 1999 to 2000.

	<u>2000</u>	<u>1999</u>	<u>Increase (Decrease) From 1999</u>	<u>Percent of Total</u>
<u>Revenues</u>				
Property Taxes	\$ 5,496,972	\$ 5,714,316	\$ (217,344)	17.51%
Municipal Income Taxes	6,476,684	6,330,445	146,239	20.64
Other Local Taxes		410	(410)	
Intergovernmental	4,761,761	3,601,109	1,160,652	15.17
Charges for Services	1,110,077	822,543	287,534	3.54
Fees, Licenses, Permits	1,039,265	822,496	216,769	3.32
Fines and Forfeitures	557,865	475,068	82,797	1.78
Special Assessments	145,187	130,270	14,917	.46
Interest Income	502,028	378,197	123,831	1.60
Workers Compensation Settlements and Refunds	21,253	30,094	(8,841)	.07
Miscellaneous Income	285,824	234,807	51,017	.91
<u>Other Sources</u>				
Proceeds from Sale of Debt	2,995,000	995,000	2,000,000	9.54
Proceeds from Sale of Fixed Assets	1,587	4,089	(2,502)	
Operating Transfers-In	<u>7,993,720</u>	<u>6,967,788</u>	<u>1,025,932</u>	<u>25.46</u>
Total	<u>\$31,387,223</u>	<u>\$26,506,632</u>	<u>\$ 4,880,591</u>	<u>100.00%</u>

Revenue Changes

The decrease in Property Taxes of \$217,344 was due to a decrease in assessed valuation of personal property for 2000.

The increase in Intergovernmental Revenues of \$1,160,652 was the result of increased receipts of prisoner recovery, receipts associated with the COPS Fast Grant and receipts associated with the Traffic Signalization program.

The increase in Municipal Income Taxes of \$146,239 was due to an increase in revenues collected from payroll taxes.

The following summary schedule compares expenditures and other uses for general governmental functions which include the General, Special Revenue, Debt Service, and Capital Projects Funds and includes a discussion of material differences from 1999 to 2000.

	<u>2000</u>	<u>1999</u>	<u>Increase (Decrease) From 1999</u>	<u>Percent of Total</u>
<u>Expenditures</u>				
Security of Persons and Property	\$ 8,559,103	\$ 7,783,853	\$ 775,250	29.44%
Public Health and Welfare	74,495	74,495		.26
Leisure Time Activities	1,451,390	1,444,961	6,429	4.99
Community Development	704,851	624,348	80,503	2.42
Basic Utility Services	1,379,139	1,202,430	176,709	4.74
Transportation	1,319,740	1,056,816	262,924	4.54
General Government	2,902,869	2,898,476	4,393	9.99
Capital Outlay	3,469,173	2,133,196	1,335,977	11.93
Debt Service:				
Principal Retirement	1,098,631	1,904,250	(805,619)	3.79
Interest and Fiscal Charges	562,041	518,317	43,724	1.93
<u>Other Uses</u>				
Operating Transfers- Out	<u>7,548,820</u>	<u>6,860,474</u>	<u>688,346</u>	<u>25.97</u>
Total	<u>\$29,070,252</u>	<u>\$26,501,616</u>	<u>\$ 2,568,636</u>	<u>100.00%</u>

Expenditure Changes

The increase in Security of Persons and Property of \$775,250 was due to increases in personnel costs and other related costs.

The increase in Transportation of \$262,924 or was due to an increase in personnel costs and other related costs associated with snow removal.

The increase in Capital Outlay of \$1,335,977 was due to the traffic Signalization Program and the Industrial Avenue/E141 Street project.

DEBT SERVICE

The Debt Service Funds accumulate resources for the payments of principal and interest on long-term general obligations of the City and special assessments obligations with governmental commitment. The sources of revenue for the bond retirement funds include property taxes, restricted income tax, and special assessments.

In December 2000, Moody's Investors Service reaffirmed the City's rating on general obligation bond issues as an A2 rating. Under state statutes, the City's debt limitation is 10.5 percent of the total assessed property valuation. As of December 31, 2000 the City's net general obligation debt of \$5,181,451 was well below the legal limit of \$42,331,240, and net general obligation debt per capita equaled \$198.10.

Balance, December 31, 2000	
General obligation bonds:	
5.125% to 10.375% unvoted general obligation bonds due through 2004	\$ 704,303
3.75% to 4.95% unvoted general obligation bonds due through 2017	4,547,480
4.70% to 5.25% unvoted general obligation bonds due through 2020	2,995,000
8% unvoted general obligation bonds due through 2013	<u>1,030,000</u>
	9,276,783
Special assessment bonds:	
5.125% to 10.375% special assessment obligation bonds due through 2004	138,697
Accrued employee benefits	2,313,044
Capital lease obligations	88,517
Loans payable	3,558,354
Notes payable	<u>2,995,000</u>
	<u>\$18,370,395</u>

CASH MANAGEMENT

Cash management is a vital component of the City's overall financial strategy. An aggressive cash management program is maintained by the Finance Director. Major considerations are cash flows necessary to pay City liabilities and available interest rates. As City funds become available, they are invested immediately in securities authorized by state statutes. Interest earnings are allocated to funds based on the requirements of the Ohio Constitution and state statutes. Interest earnings for 2000 totaled \$502,028 in the governmental funds. All investments are covered by pooled collateral with a face value equal to at least the market value of deposits.

RISK MANAGEMENT

In 2000, the City continued to participate in the Northern Ohio Risk Management Association (NORMA) municipal insurance pool. Originally formed in 1987, this pool is currently comprised of eleven member cities that pool resources for the purpose of gaining maximum general liability, property and casualty coverages at the least possible cost. Losses are paid in a three step process. Each member city has an individual self insurance limit (currently \$2,500). The overall pool has a retention limit (currently \$147,500) and various insurance coverages protect members of the pool to a maximum of up to \$11 million. In addition, the pool has implemented risk control techniques to minimize potential losses to member cities.

The City also continued its coverage in the Ohio Rural Water Authority Workers' Compensation pool. The City has had an excellent Workers' Compensation rating for the past several years. Its participation in this pool further increases the premium credit which it receives from the State of Ohio.

OTHER INFORMATION

Independent Audit

The City of Maple Heights has engaged the independent accounting firm of Ciuni & Panichi, Inc. to perform an annual audit. The City has received an unqualified opinion from Ciuni & Panichi, Inc. and their report is included in the Financial Section of this report.

AWARDS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Maple Heights, Ohio for its Comprehensive Annual Financial Report (CAFR) for the year ended December 31, 1999. The Certificate of Achievement is the highest form of recognition in the area of governmental financial reporting and is awarded to governmental entities who publish an easily readable and efficiently organized CAFR. The report must conform to program standards established by the GFOA. These standards included generally accepted accounting principles and all applicable legal standards. The Certificate is valid for a one year period. The City of Maple Heights has received a Certificate of Achievement for the last 15 consecutive years (fiscal years ended 1985-1999). We believe the current report continues to conform to the Certificate of Achievement requirements, and we are submitting it to the GFOA to determine its eligibility for a succeeding certificate.

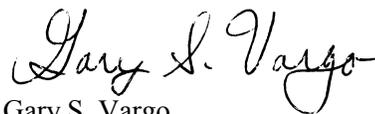

ACKNOWLEDGMENTS

The preparation of this report on a timely basis could not have been accomplished without the efficient and dedicated service of the entire staff of the Finance Department. We would like to express our appreciation to all staff members who have assisted and contributed to its preparation. We would also like to thank Mayor Santo T. Incorvaia, his cabinet and the members of City Council, for without their continued support, the Department of Finance could not have maintained the financial management practices required to ensure the financial integrity of the City. In addition, we thank the independent public accounting firm of Ciuni & Panichi, Inc. for their efforts and professional conduct throughout the audit engagement.

Sincerely,

Keith D. Schuster, CPA
Director of Finance

Gary S. Vargo
Assistant Director of Finance

Certificate of Achievement for Excellence in Financial Reporting

Presented to

City of Maple Heights,
Ohio

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended
December 31, 1999

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

Anne Spray Kinney
President

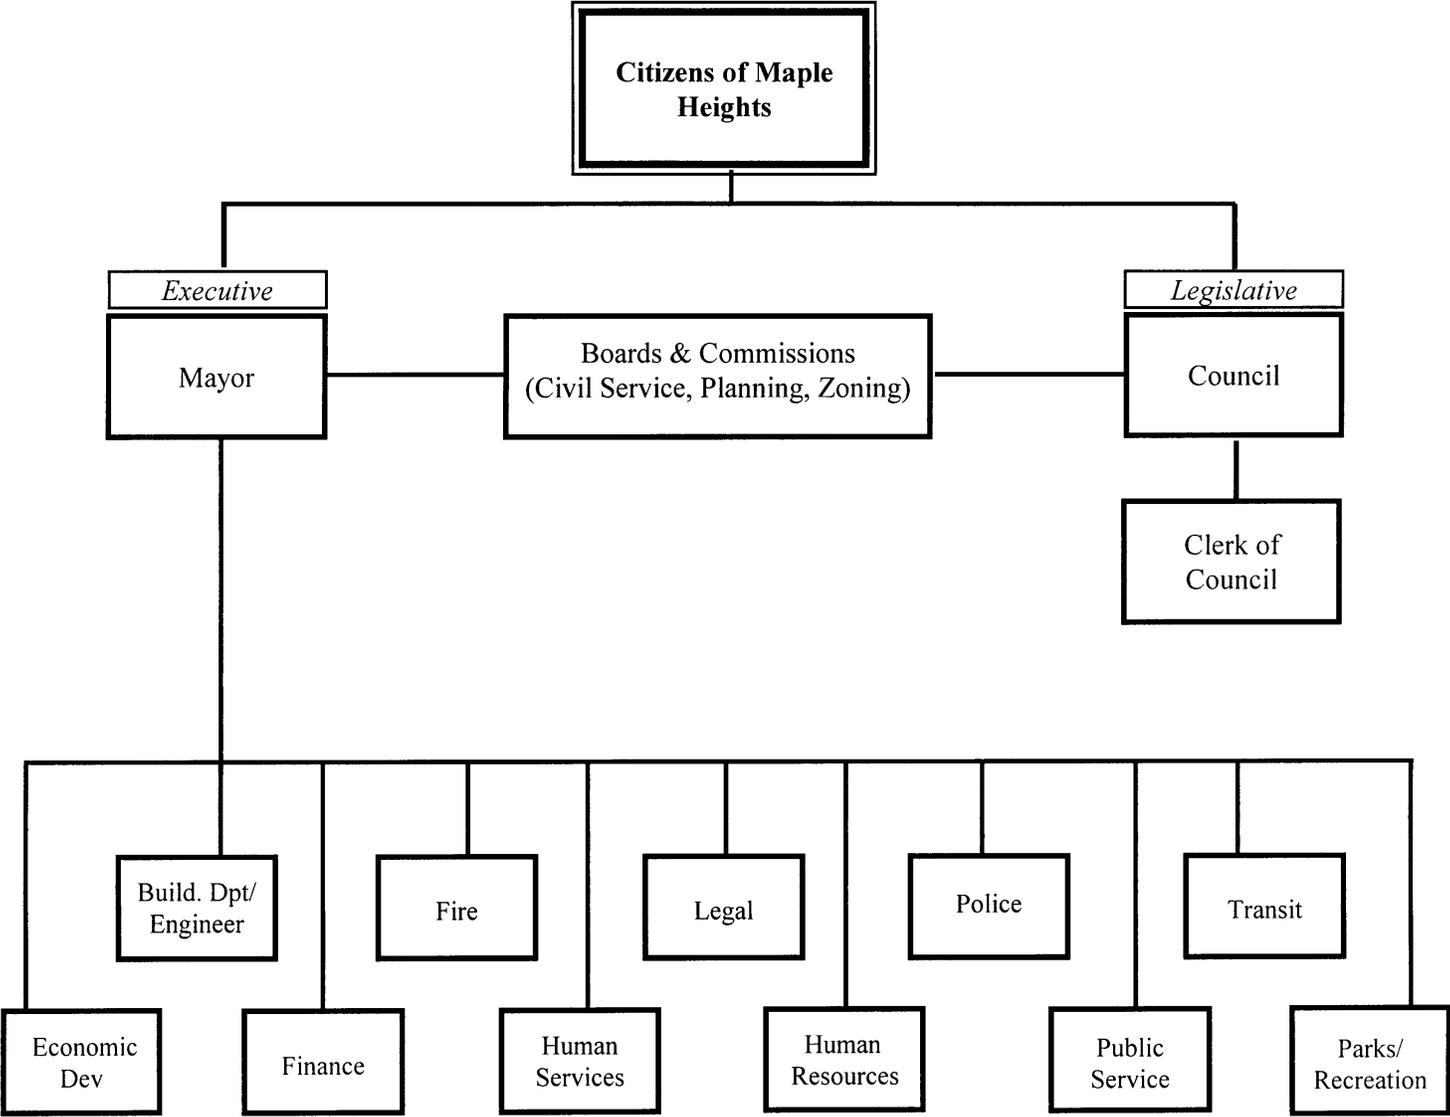

Jeffrey L. Essler

INDEPENDENT AUDITORS' REPORT

Honorable Mayor and Members of City Council
City of Maple Heights, Ohio

We have audited the accompanying general purpose financial statements of the City of Maple Heights, Ohio, as of and for the year ended December 31, 2000, as listed in the Table of Contents. These general purpose financial statements are the responsibility of the City's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the City of Maple Heights, Ohio, as of December 31, 2000, and the results of its operations and the cash flows of its proprietary fund types for the year then ended in conformity with generally accepted accounting principles.

In accordance with *Government Auditing Standards*, we have also issued our report dated April 19, 2001 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

The combining and individual fund and account group financial statements and schedules listed in the *Table of Contents* are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the City of Maple Heights, Ohio. Such information has been subjected to the auditing procedures applied in our audit of the general purpose financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the general purpose financial statements taken as a whole.

We did not audit the statistical data included in the Statistical Section of this report and therefore, express no opinion thereon.

Ciuni & Panichi, Inc.

Cleveland, Ohio
April 19, 2001

CITY OF MAPLE HEIGHTS, OHIO

NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS

DECEMBER 31, 2000

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of Maple Heights have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the City's accounting policies are described below.

A. THE REPORTING ENTITY

The City of Maple Heights, Ohio (City) was organized under the present system of government effective January 1, 1932, and was incorporated as a home rule municipal corporation under the laws of the State of Ohio. The City operates under a Mayor-Council form of government and provides the following services: public safety (police and fire), highway and streets, public transit, parks and recreation, public improvements, community development (planning and zoning), sanitation, public health and general administrative services.

In evaluating how to define the governmental reporting entity, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth by GAAP. In June 1991, the Governmental Accounting Standards Board (GASB) issued Statement No. 14, "The Financial Reporting Entity", which is effective for fiscal years beginning after December 15, 1992 and defines the financial reporting entity of a governmental unit. These principles provide that the reporting entity is comprised of the primary government, organizations for which the primary government is financially accountable, and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the general purpose financial statements to be misleading or incomplete. The City does not have any component units.

CITY OF MAPLE HEIGHTS, OHIO

NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2000

B. BASIS OF PRESENTATION - FUND ACCOUNTING

The accounts of the City are organized on the basis of funds or account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures (expenses). Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are summarized by type in the combined financial statements. The following fund types and account groups are used by the City:

GOVERNMENTAL FUNDS

Governmental funds are those through which most governmental functions typically are financed. The acquisition, use, and balances of the City's expendable financial resources and the related current liabilities (except those accounted for in the proprietary funds) are accounted for through governmental funds. The measurement focus is upon determination of financial position and changes in financial position. The following are the City's governmental fund types:

GENERAL FUND

The general fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

SPECIAL REVENUE FUNDS

The special revenue funds are used to account for receipts derived from specific taxes, grants or other restricted revenue sources (other than special assessments, expendable trusts or major capital projects) that are legally restricted or designated to expenditures for specified purposes.

DEBT SERVICE FUND

The debt service fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs.

CITY OF MAPLE HEIGHTS, OHIO

NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2000

B. BASIS OF PRESENTATION - FUND ACCOUNTING (CONTINUED)

CAPITAL PROJECT FUNDS

Capital project funds are used to account for financial resources used for the acquisition or construction of major capital facilities.

PROPRIETARY FUNDS

The proprietary funds are used to account for the City's ongoing organizations and activities which are similar to those often found in the private sector. The measurement focus is upon determination of net income, financial position, and changes in financial position. The following are the City's proprietary fund types:

ENTERPRISE FUNDS

The enterprise funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises - where the intent is that the costs (expenses, including depreciation) of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the City has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

FIDUCIARY FUNDS

AGENCY FUNDS

Agency funds are used to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, other governments, and other funds. The City has no trust funds. Agency funds are purely custodial (assets equal liabilities) and thus do not involve measurement of results of operations.

CITY OF MAPLE HEIGHTS, OHIO

NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2000

B. BASIS OF PRESENTATION - FUND ACCOUNTING (CONTINUED)

ACCOUNT GROUPS

To make a clear distinction between fixed assets related to specific funds and those of general government, and between long-term liabilities related to specific funds and those of a general nature, the following account groups are used:

GENERAL FIXED ASSETS ACCOUNT GROUP

The general fixed assets account group is used to account for fixed assets other than those accounted for in the proprietary funds. These assets do not represent financial resources available for expenditure.

GENERAL LONG-TERM OBLIGATIONS ACCOUNT GROUP

The general long-term obligations account group is used to account for all unmatured long-term obligations of the City that are not a specific liability of the proprietary funds.

TOTAL COLUMNS IN COMBINED FINANCIAL STATEMENTS

The total columns in the combined financial statements are captioned Memorandum Only to indicate that they are presented only to facilitate analysis. No consolidating or other eliminations were made in arriving at the totals; thus, they do not present consolidated information.

C. BASIS OF ACCOUNTING

The City's financial statements are prepared on the modified accrual/accrual basis of accounting in accordance with generally accepted accounting principles as prescribed by the GASB. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

All proprietary funds are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the balance sheet. Proprietary fund-type operating statements present increases (e.g., revenues) and decreases (e.g., expenses) in net total assets. The City does not utilize nonexpendable trust funds and pension trust funds.

CITY OF MAPLE HEIGHTS, OHIO

NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2000

C. BASIS OF ACCOUNTING (CONTINUED)

All financial transactions for governmental and fiduciary funds are recorded on the modified accrual basis of accounting. Under this accounting method, revenues are recorded when susceptible to accrual (recorded as receivables when available and measurable to finance current City operations). Revenues accrued at the end of the year consist of reimbursements from other governments for grant expenditures, revenues from other governmental entities for services rendered and individual income taxes receivable arising from payroll tax withholdings received within 60 days after year end. The City accrues the first four advances of property taxes generally received within 60 days after year-end from the County auditor. The City accrues special assessment collections received within 60 days after year end as these revenues are available to pay liabilities existing as of year end. Special assessments levied, including principal and interest, but not yet payable are recorded as deferred revenues. Governmental expenditures are reported when the fund liability is incurred except for principal and interest on debt, which is recorded when due.

Financial transactions for proprietary funds are recorded on the accrual basis of accounting; revenues are recognized when earned, and expenses are recognized as incurred.

D. BUDGETARY DATA

Prior to July 15, the Mayor submits a preliminary budget, based on estimated resources, to Council for the forthcoming year. Council reviews the Mayor's recommendations and adopts the preliminary budget.

During the fourth quarter of each year, the Mayor prepares and Council adopts a temporary budget (based on the preliminary budget) for the first three months of the forthcoming year.

During the first quarter of each year, the Mayor submits a final budget to Council for the current fiscal year. Council reviews the Mayor's recommendations and adopts the final budget prior to March 31.

Additional revenue sources were derived throughout 2000 allowing budgeted revenue estimates representing original appropriations to be modified by Council.

Supplemental appropriations may be adopted by Council action. Amounts shown in the financial statements represent the appropriated budgeted amounts and all supplemental appropriations. During 2000, several supplemental appropriations were necessary but were not considered material in nature. Budgeted expenditure amounts represent the current year's original appropriations adjusted by budget transfers and appropriate amendments.

CITY OF MAPLE HEIGHTS, OHIO

NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2000

D. BUDGETARY DATA (CONTINUED)

The City's budgetary process accounts for certain transactions on a basis other than generally accepted accounting principles (GAAP basis). The major difference between the budget basis and the GAAP basis is that financial transactions are recorded on a cash and encumbrance basis as opposed to when susceptible to accrual (GAAP).

Actual results included in the Combined Statement of Revenues and Expenditures - Budget and Actual (Non-GAAP Budgetary Basis) - All Governmental Fund Types are presented in accordance with the City's budgetary process (budget basis) to provide a meaningful comparison of actual results with the budget for those funds for which annual budgets are prepared. Annual budgets are prepared for all funds. Council appropriations are made to personnel costs, (including benefits) other costs, capital outlay, debt service, and transfer accounts for each department. The legal level of budgetary control is at the character level (i.e. personnel costs) whereby the City maintains this control by not permitting expenditures to exceed appropriations for departments of the City without the approval of City Council. Adjustments to the budget can only be made within a department and then within each category. Further legislation is needed in order to move budget authority from "personnel costs" to "other costs" or vice versa, or between departments. Unencumbered appropriations for all governmental and proprietary fund types lapse at year end.

Encumbrance accounting is employed for all governmental fund types. Purchase orders and requisitions, contracts, and other commitments for expenditures are recorded as encumbrances to reserve the applicable portion of the appropriation. Encumbrances outstanding at year end are reported as a reservation of fund balances since they do not constitute expenditures or liabilities because the commitments will be reappropriated and honored during the subsequent year.

E. POOLED CASH AND INVESTMENTS

Cash resources of the individual funds are combined to form a pool of cash and investments. Investments in the Pooled Cash Account consist of certificates of deposit, repurchase agreements, and time deposits and are reported at fair value.

CASH AND CASH EQUIVALENTS

Cash and cash equivalents are defined as highly liquid investments with a maturity of three months or less when purchased.

F. FIXED ASSETS

Fixed assets include land, buildings, improvements and equipment owned by the City. When purchased, such assets are recorded as expenditures in the Governmental Funds and accounted for in the General Fixed Assets Account Group. Infrastructure fixed assets such as streets, sidewalks, curbs, gutters, sewers, and drainage systems are not capitalized. Fixed assets recorded in the Proprietary Funds are capitalized when purchased.

All fixed assets are valued at their historical cost or estimated historical cost if actual historical cost is not available. Donated fixed assets are valued at their estimated fair market value on the date donated.

CITY OF MAPLE HEIGHTS, OHIO

NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2000

F. FIXED ASSETS (CONTINUED)

Interest is capitalized on proprietary fund assets acquired with tax - exempt debt. The City's policy is to capitalize net interest on construction projects until substantial completion of the project. The amount of capitalized interest equals the difference between the interest cost associated with the tax-exempt borrowing used to finance the project and the interest earned from temporary investment of the debt proceeds. Capitalized interest is amortized on the straight-line basis over the estimated useful life of the asset. For 2000, net interest costs incurred on construction projects were not material.

Depreciation is not provided in the General Fixed Assets Account Group. Depreciation for the Enterprise Fund is determined by allocating the cost of the fixed assets over the estimated useful lives of the assets on the straight-line basis.

Estimated useful lives of the various classes of fixed assets are as follows:

Buildings	30 years
Machinery and Equipment	3-5 years

G. INVENTORY OF SUPPLIES

Inventory is valued at cost on a first-in, first-out basis. The costs of governmental fund type inventories are recorded as expenditures in the fund when purchased. The reserve for inventory indicates that a portion of the fund balances is not available for future expenditures. For proprietary funds, inventory is expended when consumed.

H. COMPENSATED ABSENCES

City employees earn vacation leave at graduated rates based on length of service. The City accrues the vacation leave benefits as earned.

City employees earn sick leave, which if not taken, accumulates until retirement. Upon retirement, an employee is paid up to 40% of accumulated sick leave, subject to certain limitations, calculated at current wage rates. The estimated earned benefit to be paid at retirement for the governmental funds has been recorded in the General Long-Term Obligations Account Group representing the City's commitment to fund such costs from future operations. A breakdown of the long and short-term portions of compensated absences as of December 31, 2000 is included in Footnote 8.

CITY OF MAPLE HEIGHTS, OHIO

NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2000

I. LONG-TERM OBLIGATIONS

Long-term debt is recognized as a liability of a governmental fund when due, or when resources have been accumulated in the debt service fund for payment early in the following year. For other long-term obligations, only that portion expected to be financed from expendable available financial resources is reported as a fund liability of a governmental fund. The remaining portion of such obligations is reported in the general long-term obligations account group. Long-term liabilities expected to be financed from proprietary fund operations are accounted for in those funds.

Under Ohio law, a debt retirement fund must be created and used for the payment of all debt principal and interest. Generally accepted accounting principles require the allocation of the debt liability among the capital projects funds and the general long-term obligations account group, with principal and interest payments on matured general obligation long-term debt being reported in the debt service fund. To comply with GAAP reporting requirements, the City's debt liability has been split among the appropriate funds and account group. Debt service fund resources used to pay both principal and interest have also been allocated accordingly.

J. CONTRIBUTED CAPITAL

Contributed capital represents donations by developers, contributions made by the City and assets whose construction was financed by grants or special assessments. These assets are recorded at their fair market value on the date contributed and are not subject to repayment.

K. RESERVES OF FUND EQUITY

Reserves of fund equity in governmental funds indicate that a portion of the fund balance is not available for expenditure or is legally segregated for a specific future use. Fund balances are reserved for encumbrances and inventory of supplies and materials.

L. INTERFUND TRANSACTIONS

During the course of normal operations, the City has numerous transactions between funds, most of which are in the form of transfers of resources to provide services, construct assets and service debt. The accompanying financial statements generally reflect such transactions as operating transfers. Operating subsidies are also recorded as operating transfers. These transfers may reflect both operating subsidies and GAAP basis operating subsidies.

CITY OF MAPLE HEIGHTS, OHIO

NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2000

L. INTERFUND TRANSACTIONS (CONTINUED)

Nonrecurring and nonroutine transfers of equity between funds, capital contributions to the enterprise funds, the subsequent return of all or part of such contributions, and the transfer of residual balances of discontinued funds or projects to the general fund, capital projects funds, or debt service funds (when financed with debt proceeds) are classified as residual equity transfers.

Transactions that constitute reimbursements for expenditures or expenses initially made from a fund that are properly allocable to another fund are recorded as expenditures or expenses in the reimbursing fund and as reductions of the expenditures and expenses in the fund that is reimbursed.

M. INTERGOVERNMENTAL REVENUES

In governmental funds, federal grants awarded on a non-reimbursement basis and federal entitlements are recorded as intergovernmental receivables and revenues when measurable and available. Federal reimbursable-type grants are recorded as intergovernmental receivables and revenues when the related liabilities are incurred.

N. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts, thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees; or acts of God. In 1993, the City joined together with other neighboring cities to form the Northern Ohio Risk Management Agency (NORMA), a not-for-profit corporation, for the purpose of obtaining property and liability insurance and providing for a formalized, jointly administered self-insurance fund. The City pays an annual premium to NORMA for its insurance coverage. The agreement for formation of NORMA provides that NORMA will be self-sustaining through member premiums and will reinsure through commercial companies for claims in excess of the limits described in the agreement.

The City continues to carry health, dental and eye insurance through QualChoice, Delta Dental and Spectera respectively. The City pays the State Workers' Compensation System a premium based on a rate per \$100 of salaries. This rate is calculated based on accident history and administrative costs.

NOTE 2 - DEPOSITS AND INVESTMENTS

The City's Charter specifies that investments of the City will adhere to state statutes. Under these statutes, the Finance Director is responsible for selecting depositories and investing funds. The City, by statute, is to limit deposits and investments of City funds to insured demand deposit accounts, certificates of deposit, United States treasury bills, or obligations of other United States governmental agencies for which the principal and interest is guaranteed by the United States government, and repurchase agreements.

CITY OF MAPLE HEIGHTS, OHIO

NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2000

NOTE 2 - DEPOSITS AND INVESTMENTS (CONTINUED)

Protection of City cash and investments is provided by the various federal deposit insurance corporations as well as qualified securities pledged by the institutions holding the assets. By law, financial institutions may establish a collateral pool to cover all public deposits. The face value of the pooled collateral must equal at least 110% of public funds deposited. At least quarterly the City determines that the collateral has a market value adequate to cover the deposits. Collateral is held by trustees including the Federal Reserve Bank and designated third party trustees of the financial institutions.

At year end, the carrying amount of the City's deposits was \$2,499,319 and the bank balance was \$2,801,907. Of the bank balance, \$314,982 was covered by the federal depository insurance, by collateral held by the City or by its agent in the name of the City. \$2,486,925 was covered by collateral held by third party trustees pursuant to Section 135.181, Revised Code, in collateral pools securing all public funds on deposit with specific depository institutions.

The City's investments are categorized to give an indication of the level of risk assumed by the entity at year-end. Category 1 includes investments that are insured or registered or for which the securities are held by the City or its agent in the City's name. Category 2 includes uninsured and unregistered investments for which the securities are held by the counterparty's trust department or agent in the City's name. Category 3 includes uninsured or unregistered investments for which the securities are held by the counterparty, or by its trust department or agent but not in the City's name.

Summary of Investments

<u>Description</u>	<u>Risk Category 3</u>	<u>Carrying Amount</u>	<u>Fair Value</u>
U.S. Government Securities	\$ <u>2,964,894</u>	\$ 2,964,894	\$ 2,964,894
Investment in State Treasurer's Investment Pool (STAR OHIO)		<u>4,521,399</u>	<u>4,521,399</u>
Total Investments		\$ <u>7,486,293</u>	\$ <u>7,486,293</u>

The City of Maple Heights has invested funds in the State Treasury Asset Reserve of Ohio (STAROhio) during fiscal year 2000. STAROhio is an investment pool managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. STAROhio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAROhio are valued at STAROhio's share price, which is the price the investment could be sold for on December 31, 2000. The amounts invested with STAROhio are not classified by risk categories because they are not evidenced by securities that exist in physical or book entry form as defined by GASB Statement No. 3.

CITY OF MAPLE HEIGHTS, OHIO

NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2000

NOTE 3 - INCOME TAXES

The residents of the City are required to pay City income taxes on income they earn outside the City. Prior to January 1, 1990, 100% credit was allowed for all income taxes paid to other municipalities. Effective January 1, 1990, the credit against a person's City income tax liability for municipal income taxes paid at a rate of 2% on the same income to another municipal corporation was reduced from 100% to 75%. Effective January 1, 1995 the credit was increased from 75% to 80%.

Employers within the City are required to withhold income tax on employee compensation and remit this tax to an intermediary collection agency (Regional Income Tax Agency) at least quarterly. Corporations and self-employed individual taxpayers are required to pay their estimated tax quarterly and file a declaration annually with the collection agency. The collection agency remits taxes collected to the City each month.

NOTE 4 - PROPERTY TAXES

Property taxes include amounts levied against all real, public utility, and tangible personal property located in the City. Taxes collected on real property (other than public utility) in one calendar year are levied in the preceding calendar year on assessed values as of January 1 of that preceding year, the lien date. Assessed values are established by state statute at 35 percent of appraised market value. All property is required to be revalued every six years. The latest revaluation was completed in 2000 and will be reflected with collections in 2001. Real property taxes are payable annually or semiannually. The first payment is due January 20, with the remainder payable by June 20.

Taxes collected on tangible personal property (other than public utility) in one calendar year are levied in the prior calendar year on assessed values during and at the close of the most recent fiscal year of the taxpayer that ended on or before March 31 of that calendar year, and at the tax rates determined in the preceding year. Tangible personal property used in business (except for public utilities) is being assessed for ad valorem taxation purposes at 25 percent of its true value. Amounts paid by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semiannually. If paid annually, payment is due April 30; if paid semiannually, the first payment is due April 30; with the remainder payable by September 20.

Public utility real and tangible personal property taxes collected in one calendar year are levied in the preceding calendar year on assessed values determined as of December 31 of the second year preceding the tax collection year, the lien date. Certain public utility tangible personal property currently is assessed at 100 percent of its true value. Public utility property taxes are payable on the same dates as real property taxes described previously.

CITY OF MAPLE HEIGHTS, OHIO

NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS

DECEMBER 31, 2000

NOTE 4 - PROPERTY TAXES (CONTINUED)

The County Treasurer collects property taxes on behalf of all taxing districts in the county, including the City of Maple Heights. The County Auditor periodically remits to the City its portion of the taxes collected.

The full tax rate for all City operations for the year ended December 31, 2000, was \$15.00 per \$1,000 of assessed value. The assessed values of real and tangible personal property upon which 2000 property tax receipts were based are as follows:

<u>Category</u>	<u>Assessed Value</u>
Real Estate	\$ 313,364,500
Tangible Personal	31,911,123
Public Utility	<u>17,619,230</u>
Total	\$ <u>362,894,853</u>

NOTE 5 - FIXED ASSETS

A summary of changes in the General Fixed Assets Account Group follows:

	Balance December 31, <u>1999</u>	<u>Additions</u>	<u>Retirements</u>	Balance December 31, <u>2000</u>
Land	\$ 298,650		\$ (140,948)	\$ 157,702
Buildings 4,898,548		6,170,422	\$ 1,228,126	(2,500,000)
Machinery and Equipment	6,784,336	371,391	(53,097)	7,102,630
Construction in Progress	<u>61,732</u>	<u> </u>	<u>(61,732)</u>	<u>-</u>
	\$ <u>13,315,140</u>	\$ <u>1,599,517</u>	\$ <u>(2,755,777)</u>	\$ <u>12,158,880</u>

As of December 31, 2000, the City retired from the General Fixed Assets Account Group the library building in the amount of \$2,640,948. This was done in conjunction with the final payment on Voted General Obligation Bonds on December 1, 2000.

A summary of the Enterprise Funds fixed assets and accumulated depreciation at December 31, 2000 follows:

	Balance December 31, <u>1999</u>	<u>Additions</u>	<u>Retirements</u>	Balance December 31, <u>2000</u>
Building	\$ 225,338			\$ 225,338

NOTE 6 - DEFINED BENEFIT PENSION PLANS

A. PUBLIC EMPLOYEES RETIREMENT SYSTEM

The City of Maple Heights contributes to the Public Employees Retirement System of Ohio ("System"), a cost-sharing multiple-employer defined benefit pension plan. The System provides retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members and beneficiaries. Benefits are established by Chapter 145 of the Ohio Revised Code. The System issues a stand alone financial report. That report may be obtained by writing to the Public Employees Retirement system, 277 East Town Street, Columbus, Ohio 43215-4642 or by calling (614) 466-2085 or 1-800-222-PERS (7377).

Plan members, other than those engaged in law enforcement, are required to contribute 8.5 percent of their annual covered salary to fund pension obligations. The Retirement Board instituted a temporary employer contribution rate rollback for calendar year 2000. The decision to rollback rates was based upon the December 31, 1998 actuarial study, which indicated that actuarial assets exceeded actuarial liabilities. The rate rollback was 20% for local government divisions. The 2000 employer contribution rate was 10.84% of covered payroll for local governments. Contributions are authorized by state statute. The contribution rates are determined actuarially. The City's contributions to the System for the years ended December 31, 2000, 1999, 1998 were \$418,933, \$573,299, \$553,176, respectively, equal to the required contributions for each year.

B. OHIO POLICE AND FIRE PENSION FUND

The City of Maple Heights contributes to the Ohio Police and Fire Pension Fund (OP&F), a cost-sharing multiple-employer defined benefit pension plan. OP&F provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. OP&F issues a publicly available financial report that includes financial information and required supplementary information for the plan. That report may be obtained by writing to OP&F, 140 East Town Street, Columbus, Ohio 43215-5164.

Plan members are required to contribute 10 percent of their annual covered salary, while employers are required to contribute 19.5 percent and 24 percent, respectively for police officers and firefighters. The City of Maple Heights contributions to OP&F for the years ending December 31, 2000, 1999, and 1998, were \$960,212, \$893,591, and \$858,065, respectively, equal required contributions for each year.

In addition to the current contribution, the City also pays installments on the accrued liability incurred when the State of Ohio established the statewide pension system for Police and Firemen in 1967. As of December 31, 2000, the liability of the City was \$405,356, payable in semi-annual payments through the year 2035. This is an accounting liability of the City which will not vary. The liability is reported in the general long-term obligations account group. The current portion is not included as a current liability in either the Police Pension Fund or the Fire Pension Fund because it is not material in amount.

CITY OF MAPLE HEIGHTS, OHIO

NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2000

NOTE 7 - POSTEMPLOYMENT BENEFITS

A. PUBLIC EMPLOYEES RETIREMENT SYSTEM

The Public Employees Retirement System (PERS) of Ohio provides postretirement health care coverage to age and service retirees with ten or more years of qualifying Ohio service credits. Health care coverage for disability recipients and primary survivor recipients is available. The health care coverage provided by the Retirement System is considered an Other Postemployment Benefit (OPEB) as described in GASB Statement No. 12. A portion of each employer's contribution to PERS is set aside for the funding of postretirement health care based on the authority granted by State statute. The employer contribution rate was rolled back for the year 2000 for local governments to 10.84 percent of covered payroll: 4.3 percent was used to fund health care in 2000. The City of Maple Heights' actual contributions for 2000 which were used to fund postemployment benefits were \$275,445 in 2000.

The post-retirement health care coverage is advance-funded on an actuarially determined basis. The following assumptions and calculations were based on PERS's latest actuarial review performed as of December 31, 1999: an entry age normal actuarial cost method of valuation is used in determining the present value of benefit liabilities; the difference between assumed and actual experience is part of the unfunded actuarial accrued liability; the investment assumption rate for 1999 was 7.75 percent; all investments are carried at market value; for actuarial valuation purposes, a smoothed market approach is used- meaning that assets are adjusted annually to reflect 25 percent of unrealized market appreciation or depreciation on investment assets; individual pay increases are assumed to increase 4.75 percent compounded annually, with no change in the number of active employees; annual pay increases over and above the 4.75 percent base increase were assumed to range from 0.54 percent to 5.1 percent; and health care costs are assumed to increase 4.75 percent annually. The actuarially accrued post-retirement health care liability for PERS as of December 31, 1999 was \$12,473,600,000. The net assets were \$10,805,500,000, leaving an unfunded actuarial accrued liability of \$1,668,100,000. The number of active contributing participants is 401,339.

B. OHIO POLICE AND FIRE PENSION FUND

The Ohio Police and Fire Pension Fund provides postretirement health care coverage to any person who receives or is eligible to receive a monthly benefit check or is a spouse or eligible dependent child of such person. An eligible dependent child is any child under the age of eighteen whether or not the child is attending school or under the age of twenty-two if attending school full-time or on a two thirds basis. The health care coverage provided by the retirement system is considered an Other Postemployment Benefit (OPEB) as described in GASB Statement No. 12. The Ohio Revised Code provides that health care cost paid from the funds of OP&F shall be included in the employer's contribution plan. The total Police employer contribution rate is 19.50 percent of covered payroll and the total firefighter employer contribution rate is 24 percent of covered payroll.

The Ohio Revised Code provides the statutory authority allowing OP&F's Board of Trustees to provide health care coverage to all eligible individuals.

CITY OF MAPLE HEIGHTS, OHIO

NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2000

B. OHIO POLICE AND FIRE PENSION FUND (CONTINUED)

Health care funding an accounting is on a pay-as-you go basis. A percentage of covered payroll, as defined by the Board, is used to pay retiree health care expenses. The Board defined allocation was 7.0 percent and 7.25 percent of covered payroll in 1999 and 2000, respectively. The allocation is 7.5 percent in 2000. In addition, since July 1, 1992 most retirees have been required to contribute a portion of the cost of their health care coverage through a deduction from their monthly benefit payment.

The number of participants eligible to receive health care benefits as of December 31, 1999 the last date of the last actuarial valuation available, are 12,467 for Police and 9,807 for Firefighters. The City's actual contributions for 2000 that were used to fund postemployment benefits were \$178,021 for police and \$145,461 for firemen. OP&F's total health care expense for the year ending December 31, 1999, the date of the last actuarial valuation available, was \$95,004,633, which was the net of member contributions of \$5,518,098.

NOTE 8 - OTHER EMPLOYEE BENEFITS

COMPENSATED ABSENCES

Vacation leave is earned at rates which vary depending upon length of service and standard work week. Accumulated vacation leave must be taken by each year end or be forfeited unless approved by the Mayor or Council by motion. City employees are paid for earned, unused vacation leave at the time of termination of employment.

Each department earns sick leave at rates which vary depending upon length of service and standard work week. Each employee with the City is paid a portion of the employee's earned unused sick leave, with a maximum number of hours per department specifications, upon retirement from the City with 5 years of service.

At December 31, 2000 the current amounts of unpaid compensated absences in the governmental fund types and the balance of the liability in the General Long-Term Obligations Account Group were \$521,197 and \$1,779,745 respectively. The liability for compensated absences in the proprietary fund at December 31, 2000 was \$221,744.

As of December 31, 2000, the City's legal debt margin (the ability to issue additional principal amounts of general obligation bonded debt) was \$42,331,240.

All bonds outstanding are backed by the full faith and credit of the City. It is the City's policy to pay debt service of the Special Assessment bonds from the revenues of those funds.

No reserves or sinking funds exist to cover defaults by property owners related to special assessments bonds; however, property values in excess of amounts owed by the City guarantee payment by property owners.

CITY OF MAPLE HEIGHTS, OHIO

NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2000

NOTE 9 - DEBT OBLIGATIONS (CONTINUED)

The capital lease obligations are agreements entered into by the City for certain leased equipment. Such agreements are treated as lease purchases (capital leases) and are classified as long-term obligations in the financial statements. Upon satisfaction of the lease obligations, title to the equipment will pass to the City. Future minimum lease payments under capital leases as of December 31, 2000 are \$75,898 from 2001 through 2002 and \$18,974 in 2003. Of these amounts, \$6,355 represents interest resulting in a capital lease obligation outstanding of \$88,517 at December 31, 2000.

The loan payable, from the Ohio Public Works Commission, represents a 20 year interest free loan, with principal only payments, which began July 1, 1996.

The City obtained loans from the Ohio Water Development Authority to be repaid in semi-annual installments. A summary of the future debt service requirements as of December 31, 2000 follows:

	<u>Ohio Water Development Authority</u>				
	<u>Principal</u>	<u>Interest</u>		<u>Principal</u>	<u>Interest</u>
2001	\$ 133,930	\$ 118,071	2005	\$ 158,147	\$ 93,935
2002	\$ 139,613	\$ 112,408	2006-2010	\$ 897,264	\$ 363,497
2003	\$ 145,536	\$ 106,504	2011-2015	\$ 1,104,482	\$ 157,029
2004	\$ 151,710	\$ 100,350	2016	\$ 123,600	\$ 2,587
			Totals	\$ 2,854,282	\$ 1,054,381

In 1998, the City defeased a general obligation bond issue by placing proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. For financial reporting purposes, the debt has been considered defeased and therefore removed as a liability from the City's General Long-Term Debt Account Group. As of December 31, 2000 the amount of defeased debt outstanding amounted to \$3,210,000.

On December 1, 2000, the City issued \$2,995,000 of General Obligation (Limited Tax) Capital Purposes Bonds, Series 2000. The proceeds are being used to refund Capital Purpose Notes Series 2000 and pay costs of issuance.

NOTE 10 - RISK MANAGEMENT

The Northern Ohio Risk Management Association (NORMA) is jointly owned and operated by the Cities of Maple Heights, Bedford Heights, Chagrin Falls, Eastlake, Highland Heights, Mayfield Heights, Richmond Heights, Solon, and South Euclid and the Village of Hudson for the purpose of enabling its members to obtain the maximum exposure protection at the least possible cost. The pool has a complete package of coverage, including property, general liability, automobile liability, employee dishonesty, boiler and machinery, and other coverages, supplemented by an umbrella liability policy.

The members formed a not-for-profit corporation known as NORMA, Inc. to administer the pool. NORMA is governed by a board of trustees that consists of one representative from each of the participating members. Each entity must commit to the Association for terms of three years.

CITY OF MAPLE HEIGHTS, OHIO

NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS
(CONTINUED)

DECEMBER 31, 2000

NOTE 10 - RISK MANAGEMENT (CONTINUED)

Each member provides operating resources to NORMA based on actuarially determined rates and shares in NORMA's equity based on the City's percentage of contributions. In the event of losses, the first \$2,500 of any valid claim will be paid by the member. The next payment, up to an additional \$147,500 will be paid from the self-insurance pool. Any additional payment is made from the stop loss coverage carried by the pool. As of December 31, 2000 NORMA had an aggregate stop loss of \$500,000 per policy year. Any losses over these amounts would be the obligation of the excess insurance carriers. If the aggregate claims paid by the pool exceed the available resources, the pool may require the members to make additional supplementary payments up to a maximum of the regular annual payment. (This has not been necessary throughout the thirteen-year history of the pool.)

There were no reductions in insurance coverage from the previous year, nor have settlements exceeded insurance coverage in any of the prior three fiscal years.

NOTE 11 - SEGMENT INFORMATION FOR ENTERPRISE FUNDS

Segment information for the Enterprise Funds is summarized as follows:

<u>For the Year Ended</u> <u>December 31, 2000:</u>	<u>Solid Waste</u> <u>Collection</u>	<u>Transit</u>	<u>Recreation</u> <u>Banner</u>	<u>Total</u>

CITY OF MAPLE HEIGHTS, OHIO

NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS
(CONTINUED)

DECEMBER 31, 2000

NOTE 12 - BUDGETARY BASIS OF ACCOUNTING

While reporting financial position, results of operations, and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts and disbursements.

The Combined Statements of Revenue, Expenditures, and Changes in Fund Balance - Budget and Actual - All Governmental Fund Types and the Statement of Revenues, Expenses, and Changes in Fund Balance - Budget and Actual - All Enterprise Fund Types are presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and the GAAP basis are identified as follows:

- (a) Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis);
- (b) Expenditures/Expenses are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis);
- (c) In order to determine compliance with Ohio law, and to reserve that portion of the applicable appropriation, encumbrances are recorded as the equivalent of an expenditure (budget basis) as opposed to a reservation of fund balance for governmental funds, and note disclosure for enterprise funds (GAAP basis).
- (d) Short-term note proceeds and note principal retirement for governmental funds are operating transactions (budget) as opposed to balance sheet transaction (GAAP).

The adjustments necessary to convert the results of operations for the year on the GAAP basis to the budget basis for the governmental funds and enterprise funds are as follows:

	Excess of Revenues and Other Financing Sources Over (Under) Expenditures and Other Financing Uses			
	<u>General</u>	<u>Special Revenue</u>	<u>Debt Service</u>	<u>Capital Projects</u>
GAAP Basis	\$ 297,635	\$ (128,083)	\$ 2,865,778	\$ (718,359)

Excess Revenues Over (Under) Expenses, Advances and Transfers/Net Income (Loss)

		<u>Proprietary Fund</u> <u>Enterprise</u>
Net Loss	\$	(42,577)
<u>Increase (Decrease) Due To:</u>		
Revenue accruals		160,262
Expense accruals		22,948
Depreciation expense		8,630
Encumbrances		<u>24,049</u>
Budget Basis		\$ <u>173,312</u>

NOTE 13 - TRANSIT FUND

The City owns, operates and maintains a public transportation system for its residents, under an agreement with the Regional Transit Authority (RTA). The terms of the agreement with RTA specify that the City will be reimbursed for all costs, including an administration fee, incurred in connection with the system.

NOTE 14 - ACCOUNTING AND FINANCIAL REPORTING FOR PROPRIETARY FUNDS

Under the guidelines of GASB Statement No. 20, "Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities that use Proprietary Fund Accounting", the City has elected not to apply Financial Accounting Standards Board Statements and Interpretations issued after November 30, 1989, to its proprietary activities. The adoption of this approach to accounting for proprietary activities by the City required no change from prior years.

NOTE 15 - CONTINGENT LIABILITIES

The City is a defendant in a number of lawsuits pertaining to matters which are incidental to performing routine governmental and other functions. City officials, after consultation with the City's Law Director, are of the opinion that settlement of potential uninsured claims against the City would not have a material adverse effect on the financial position of the City.

CITY OF MAPLE HEIGHTS, OHIO

NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS
(CONTINUED)

DECEMBER 31, 2000

NOTE 16 – INTERFUND RECEIVABLES AND PAYABLES

At December 31, 2000 the interfund receivables and payables were as follows:

	<u>Interfund Receivables</u>	<u>Interfund Payables</u>
General Fund	\$ 400,000	
Special Revenue Funds:		
Municipal Income Tax Fund		\$ 622,951
Police Pension	111,433	
Fire Pension	<u>111,518</u>	
	<u>\$ 622,951</u>	<u>\$ 622,951</u>

NOTE 17 – FUND EQUITY DEFICITS

At December 31, 2000 the following funds had a deficit fund balance:

	<u>Deficit Fund Balance</u>
Special Revenue:	
Water Use Charge	<u>\$ 646,443</u>
Capital Projects:	
Street Improvement	\$ 294,066
Safety Facilities Building Improvements	1,425,155
Broadway Streetscape	<u>8,791</u>
Total Capital Projects	<u>\$1,728,012</u>

The deficits were caused by the application of generally accepted accounting principles to these funds. Bond anticipation note proceeds used to finance the projects are not recognized as “Other Financing Sources”, but rather as a fund liability. The deficits in these funds will be eliminated when the projects are near completion and the notes are bonded and/or resources are provided for the retirement of the notes.

CITY OF MAPLE HEIGHTS, OHIO

SPECIAL REVENUE FUND

Street Maintenance and Repair Fund

Required by the Ohio Revised Code to account for that portion of the motor vehicle registration fees and state gasoline tax designated for construction, maintenance and repairs of streets and highways.

State Highway Fund

To account for that portion of the motor vehicle registration fees and state gasoline tax designated for construction, maintenance and repairs of highways.

Municipal Income Tax Fund

To account for the receipt and transfer of income taxes levied by City Ordinance.

Police Pension Fund

To accumulate property taxes levied toward partial payment of the current liability for police disability and pension.

Fire Pension Fund

To accumulate property taxes levied toward partial payment of the current liability for fire disability and pension.

Cable Television Fund

To account for monies received from the Cable T.V. Franchise Contracts.

Water Use Charge Fund

To account for monies collected by the Cleveland Water Department under the ordinance levying water use charges to be used for financing the City's portion of major sewer repair projects.

Street Lighting Fund

To accumulate property taxes levied toward payment of the current liability for street lighting throughout the City.

Ambulance Billing Service Fund

To account for monies received from insurance and state agencies per usual customary rates established by such agencies for City's squad services.

Continued

CITY OF MAPLE HEIGHTS, OHIO

SPECIAL REVENUE FUND (CONTINUED)

Municipal Motor Vehicle License Tax Fund

To account for monies received from the municipal motor vehicle license tax.

Drug Law Enforcement Fund

To account for monies received from confiscation during police action involving drugs. Expenditures are strictly enforced per Ohio Revised Code.

Computer Fee Fund

To account for monies received from court fines to fund the computerization of the Mayor's Court.

COPS Fast Grant Fund

To account for the proceeds and disbursements for a federal grant used for community police programs.

Police Services Levy Fund

To accumulate property taxes levied toward payment of the current liability for police services throughout the City.

Fire Services Levy Fund

To accumulate property taxes levied toward payment of the current liability for fire services throughout the City.

Report On Compliance And On Internal Control Over Financial Reporting
Based on an Audit of Financial Statements Performed in Accordance
With *Government Auditing Standards*

Members of the City Council of the
City of Maple Heights, Ohio

We have audited the financial statements of the City of Maple Heights, Ohio, as of and for the year ended December 31, 2000, and have issued our report thereon dated April 19, 2001. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the City of Maple Heights, Ohio's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed one instance of noncompliance that is required to be reported under *Government Auditing Standards* and is described in the accompanying schedule of findings as item 2000-1. We also noted certain immaterial instances of noncompliance, which we have reported to management of the City of Maple Heights, Ohio, in a separate letter dated April 19, 2001.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City of Maple Heights, Ohio's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. However, we noted other matters involving the internal control over financial reporting, which we have reported to management of the City of Maple Heights, Ohio, in a separate letter dated April 19, 2001.

Members of the City Council of the
City of Maple Heights, Ohio

2

This report is intended solely for the information and use of the City Council, management, the Auditor of State, federal awarding agencies, and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

Cecilia P. Cameron, Dec.

Cleveland, Ohio
April 19, 2001

**Report On Compliance with Requirements Applicable to Each
Major Program and Internal Control Over Compliance in
Accordance with OMB Circular A-133**

Members of the City Council of the
City of Maple Heights, Ohio

Compliance

We have audited the compliance of the City of Maple Heights, Ohio with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to its major federal program for the year ended December 31, 2000. The City of Maple Heights, Ohio's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings. Compliance with the requirements of laws, regulations, contracts, and grants applicable to its major federal program is the responsibility of the City of Maple Heights, Ohio's management. Our responsibility is to express an opinion on the City of Maple Heights, Ohio's compliance based on our audit.

We conducted our audit of compliance in accordance with generally accepted auditing standards; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Maple Heights, Ohio's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the City of Maple Heights, Ohio's compliance with those requirements.

In our opinion, the City of Maple Heights, Ohio complied, in all material respects, with the requirements referred to above that are applicable to its major federal program for the year ended December 31, 2000.

Internal Control Over Compliance

The management of the City of Maple Heights, Ohio is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the City of Maple Heights, Ohio's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts, and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

Schedule of Expenditures of Federal Awards

We have audited the financial statements of the City of Maple Heights, Ohio as of and for the year ended December 31, 2000, and have issued our report thereon dated April 19, 2001. Our audit was performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the financial statements of the City of Maple Heights, Ohio. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

This report is intended solely for the information and use of the City Council, management, the Auditor of State, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

(d)(I)(ix)	Low Risk Auditee?	No

2. FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

2000-1 In accordance with ORC Section 5705.41(D), no orders or contracts involving the expenditure of money is to be made unless there is attached a certificate of the fiscal officer that the amount required for the order or contract has been lawfully appropriated and is in the treasury or in the process of collection to the credit of an appropriated fund free from any previous encumbrances.

During our review of expenditures, it was noted in several instances that purchase orders were issued after the City received the invoice. In addition, we noted several expenditures that were made without a purchase order generated.

3. FINDINGS FOR FEDERAL AWARDS

There were no findings for federal awards to report in 2000.
