#### REPORT OF INDEPENDENT ACCOUNTANTS

Delaware-Morrow Mental Health and Recovery Services Board Delaware County 40 North Sandusky Street, Suite 301 Delaware, Ohio 43015

We have audited the accompanying financial statement of the Delaware-Morrow Mental Health and Recovery Services Board, Delaware County, Ohio (the Board) as of and for the year ended June 30, 2001. This financial statement is the responsibility of the Board's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described Note 1, the Board prepares its financial statement on the basis of accounting prescribed or permitted by the Auditor of State, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the financial statement referred to above present fairly, in all material respects, the cash balance of the Delaware-Morrow Mental Health and Recovery Services Board, Delaware County, Ohio as of June 30, 2001, and its cash receipts and disbursements for the year then ended on the basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued our report dated August 3, 2001 on our consideration of the Board's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

We performed our audit to form an opinion on the financial statement of the Board, taken as a whole. The accompanying schedule of federal awards expenditures is presented for additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the financial statement. We subjected this information to the auditing procedures applied in the audit of the financial statement and, in our opinion, is fairly stated, in all material respects, in relation to the financial statement taken as a whole.

### NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2001

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. Description of the Entity

The Delaware-Morrow Mental Health and Recovery Services Board, Delaware County, Ohio, (the Board) is a body corporate and politic established to exercise the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The Board is a joint venture between Delaware and Morrow Counties and has responsibility for development, coordinated continuation and ongoing modernization, funding, monitoring, and evaluation of community-based mental health and substance abuse programming. The Board is directed by an eighteen-member Board. Board members are appointed by the Board's Director and the legislative authorities of the political subdivisions making up the Board. The Board includes members from those legislative authorities as well as citizens of the Board. Those subdivisions are the *Alcohol and Drug Addiction, Delaware County, and Morrow County.* The Board provides alcohol, drug addiction and mental health services and programs to citizens of the Board. These services are provided primarily through contracts with private and public agencies. The Board exercises total control of the operation, including budgeting, appropriation, contracting, and design management.

The Board's management believes these financial statements present all activities for which the Board is financially accountable.

#### **B.** Basis of Accounting

The financial statement follow the basis of accounting prescribed or permitted by the Auditor of State, which is similar to the cash receipts and disbursements basis of accounting. Receipts are recognized when received in cash rather than when earned, and disbursements are recognized when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

The statement includes adequate disclosure of material matters, as prescribed or permitted by the Auditor of State.

#### C. Cash

As required by Ohio Revised Code, the Board's cash is held by the Delaware County Treasurer, who acts as custodian for Board monies. The Board's assets are held in the County's cash and investment pool, and are valued at the County Treasurer's reported carrying amount.

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### D. Budgetary Process

The Ohio Revised Code requires that each fund be budgeted annually.

#### 1. Appropriations

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the function level of control, and appropriations may not exceed estimated resources. The Board must annually approve appropriation measures and subsequent amendments. The County Budget Commission must also approve the annual appropriation measure. Unencumbered appropriations lapse at year end.

#### 2. Estimated Resources

Estimated resources include estimates of cash to be received (budgeted receipts) plus cash as of January 1. The County Budget Commission must also approve estimated resources.

#### 3. Encumbrances

The Ohio Revised Code requires the Board to reserve (encumber) appropriations when commitments are made. Encumbrances outstanding at year end are canceled, and reappropriated in the subsequent year.

#### 4. Budgetary Presentation

Although, in accordance with Ohio law, the Board adopts a calendar year budget, the internal accounting records are maintained on a June 30 fiscal year end. This is done to facilitate reporting to the State of Ohio for the federal and state funding.

The Board has not adopted, nor reported, on a December 31 fiscal year end which is required by Ohio Revised Codes Section 9.34.

A summary of budgetary activity for the year ended June 30, 2001 appears in Note 2.

#### E. Property, Plant and Equipment

Acquisitions of property, plant and equipment are recorded as disbursements when paid. These items are not reflected as assets on the accompanying financial statements.

#### F. Unpaid Vacation and Sick Leave

Employees are entitled to cash payments for unused vacation and sick leave in certain circumstances, such as upon leaving employment. Unpaid vacation and sick leave are not reflected as liabilities under the basis of accounting used by the Board.

#### 2. BUDGETARY ACTIVITY

Budgetary activity for the year ended June 30, 2001 follows:

2001 Budgeted vs. Actual Receipts			
Budgeted	Actual		
Receipts	Receipts	Variance

#### 3. PROPERTY TAX

Real property taxes become a lien on January 1 preceding the October 1 date for which rates are adopted by the Board. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable homestead and rollback deductions. Homestead and rollback amounts are then paid by the State, and are reflected in the accompanying financial statements as Intergovernmental Receipts. Payments are due to the County by December 31. If the property owner elects to make semiannual payment, the first half is due December 31. The second half payment is due the following June 20.

Tangible personal property tax is assessed by the property owners, who must file a list of such property to the County by each April 30.

The Delaware and Morrow County Treasurers collect property taxes on behalf of all taxing districts within their county and are responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the Board. Mental Health Levy Taxes collected in Morrow County are paid to the Delaware County Treasurer, who is the fiscal agent of the Board.

#### 4. RETIREMENT SYSTEMS

The Board's employees belong to the Public Employees Retirement System (PERS) of Ohio. PERS is a cost-sharing, multiple-employer plan. This plan provides retirement benefits, including postretirement healthcare, and survivor and disability benefits to participants as prescribed by the Ohio Revised Code.

Contribution rates are also prescribed by the Ohio Revised Code. For the year ended June 30, 2001, PERS members contributed 8.5% of their gross salaries. The Board contributed an amount equal to 10.84% of participants' gross salaries. The Board has paid all contributions required through June 30, 2001.

- Comprehensive property and general liability
- Vehicles
- Errors and omissions

The Board also provides health insurance and dental and vision coverage to full-time employees through a private carrier.

#### 6. CONTINGENT LIABILITIES

Amounts received from grantor agencies are subject to audit and adjustment by the grantor, principally the federal government. Any disallowed costs may require refunding to the grantor. Amounts which may be disallowed, if any, are not presently determinable. However, based on prior experience, management believes such refunds, if any, would not be material

#### **NOTE B - SUB-RECIPIENTS**

The Board passes-through certain Federal assistance received from the Ohio Department of Mental Health, Ohio Department of Education, and the Ohio Department of Alcohol and Drug Abuse Services to other governments or not-for-profit agencies (sub-recipients). As described in Note A, the Board records expenditures of Federal awards to sub-recipients when paid in cash. All monies recorded on the Schedule are passed along to provider agencies acting as sub-recipients.

The sub-recipient agencies have certain compliance responsibilities related to administering these Federal Programs. Under Federal Circular A-133, the Board is responsible for monitoring sub-recipients to help assure that Federal awards are used for authorized purposes in compliance with laws, regulations and the provisions of contracts or grant agreements, and that performance goals are achieved.

### REPORT OF INDEPENDENT ACCOUNTANTS ON COMPLIANCE AND ON INTERNAL CONTROL REQUIRED BY GOVERNMENT AUDITING STANDARDS

Delaware-Morrow Mental Health and Recovery Services Board Delaware County 40 North Sandusky Street, Suite 301 Delaware, Ohio 43015

We have audited the financial statement of the Delaware-Morrow Mental Health and Recovery Services Board, Delaware County, Ohio (the Board) as of and for the year ended June 30, 2001 and have issued our report thereon dated August 3, 2001. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

#### Compliance

As part of obtaining reasonable assurance about whether the Board 's financial statement is free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance that is required to be reported under *Government Auditing Standards* which is described in the accompanying schedule of findings as item 2001-60621-001. We also noted a certain immaterial instance of noncompliance that we have reported to management of the Board in a separate letter dated August 3, 2001.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the Board's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

## REPORT OF INDEPENDENT ACCOUNTANTS ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Delaware-Morrow Mental Health and Recovery Services Board Delaware County 40 North Sandusky Street, Suite 301 Delaware, Ohio 43015

#### Compliance

We have audited the compliance of the Delaware-Morrow Mental Health and Recovery Services Board, Delaware County, Ohio (the Board) with the types of compliance requirements described in the *U.S. Office* of *Management and Budget (OMB) Circular A-133, Compliance Supplement* that are applicable to its major federal program for the year ended June 30, 2001. The Board's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings. Compliance with the requirements of laws, regulations, contracts and grants applicable to its major federal program is the responsibility of the Board's management. Our responsibility is to express an opinion on the Board's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance occurred with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program. An audit includes examining, on a test basis, evidence about the Board's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Board's compliance with those requirements.

In our opinion, the Board complied, in all material respects, with the requirements referred to above that are applicable to its major federal program for the year ended June 30, 2001.

#### **Internal Control Over Compliance**

The management of the Board is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the Board's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Delaware-Morrow Mental Health and Recovery Services Board Delaware County Report on Compliance With Requirements Applicable to Each Major Federal Program and Internal Control Over Compliance In Accordance With OMB Circular A-133 Page 2

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended for the information and use of the audit committee, management, the Board, and federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.
