INDEPENDENT AUDITORS' REPORT

Board of Trustees Eden Township Wyandot County 111 Grove Street Nevada, Ohio 44849

We have audited the accompanying financial statements of Eden Township, Wyandot County, Ohio, (the Township) as of and for the years ended 2000 and 1999. These financial statements are the responsibility of the Township's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As discussed in Note 1, the Township prepares its financial statements on the basis of accounting prescribed or permitted by the Auditor of State, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the combined fund cash balances and reserves for encumbrances of Eden Township, Wyandot County, as of December 31, 2000 and December 31, 1999, and its combined cash receipts and disbursements for the years then ended on the basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 11, 2001 on our consideration of the Government's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

This report is intended solely for the information and use of the officials authorized to receive this report under Section 117.26, Ohio Revised Code, and is not intended to be and should not be used by anyone other than these specified parties.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:-

<u>Description of the Entity</u> - Eden Township, Wyandot County, (the Township) is a body corporate and politic established to exercise the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The Township is directed by three publicly-elected Trustees. The Township provides general governmental services.

The Township's management believes these financial statements present all activities for which the Township is financially accountable

<u>Basis of Accounting</u> - These financial statements follow the basis of accounting prescribed or permitted by the Auditor of State, which is similar to the cash receipts and disbursements basis of accounting. Receipts are recognized when received in cash rather than when earned, and disbursements are recognized when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approve).

These statements include adequate disclosure of material matters, as prescribed or permitted by the Auditor of State.

<u>Cash and Investments</u> – Certificates of deposit are valued at cost.

<u>Fund Accounting</u> - The Township uses fund accounting to segregate cash and investments that are restricted as to use. The Township classifies its funds into the following types:

General Fund

The General Fund is the general operating fund. It is used to account for all financial resources except those required by law or contract to be restricted.

Special Revenue Funds

These funds are used to account for proceeds from specific sources (other than from trusts or for capital projects) that are restricted to expenditure for specific purposes. The Township had the following significant Special Revenue Funds:

Motor Vehicle License Tax Fund

This fund receives motor vehicle tax money for constructing, maintaining and repairing township roads.

Gasoline Tax Fund

This fund receives gasoline tax money for constructing, maintaining and repairing township roads.

Cemetery Fund

This fund receives cemetery fees for maintaining Township cemeteries.

Road and Bridge Fund

This fund receives personal property taxes for maintenance of roads and bridges.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

Budgetary Process - The Ohio Revised Code requires that each fund be budgeted annually.

Appropriations

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function or object level of control, and appropriations may not exceed estimated resources. The Board of Trustees must annually approve appropriation measures and subsequent amendments. The Wyandot County Budget Commission must also approve the annual appropriation measure. Appropriations lapse at year end.

Estimated Resources

Estimated resources include estimates of cash to be received (budgeted receipts) plus cash as of January 1. The Wyandot County Budget Commission must also approve estimated resources.

Encumbrances

The Ohio Revised Code requires the Township to reserve (encumber) appropriations when commitments are made. Encumbrances outstanding at year end are canceled, and reappropriated in the subsequent year.

A summary of 2000 and 1999 budgetary activity appears in Note 3.

<u>Property, Plant and Equipment</u> - Acquisitions of property, plant and equipment are recorded as disbursements when paid. These items are not reflected as assets on the accompanying financial statements

Certificates of Deposit	_	163,653	_	179,652
Total Deposits	\$_	279,979	\$_	262,004

If the property owner elects to make semiannual payment, the first half is due December 31. The second half payment is due the following June 20.

Tangible personal property tax is assessed by the property owners, who must file a list of such property to the County by each April 30.

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the Township.

Report on Compliance and on Internal Control Required by Government Auditing Standards

Board of Trustees Eden Township Wyandot County 111 Grove Street Nevada, Ohio 44849

We have audited the accompanying financial statements of Eden Township, Wyandot County, Ohio (the Township), as of and for the years ended December 31, 2000 and December 31, 1999, and have issued our report thereon dated June 11, 2001. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Township's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Township's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matter in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level of risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

We noted certain immaterial instances on noncompliance and internal controls that we have reported to the management of the Township in a separate letter dated June 11, 2001.

This report is intended for the information of the Board of Trustees and Clerk and is not intended to be and should not be used by anyone other than these specified parties.
