#### REPORT OF INDEPENDENT ACCOUNTANTS

Lima/Allen County Convention and Visitors Bureau Allen County 147 North Main Street Lima, Ohio 45801

#### To the Board of Trustees:

We have audited the accompanying statements of financial position of the Lima/Allen County Convention and Visitors Bureau (the Bureau), Allen County, as of December 31, 2000 and 1999, and the related statements of activities and cash flows for the years then ended. These financial statements are the responsibility of Bureau's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Bureau as of December 31, 2000 and 1999, and the changes in its net assets and its cash flows for the years then ended in conformity with generally accepted accounting principles.

In accordance with *Government Auditing Standards*, we have also issued our report dated April 18, 2001, on our consideration of the Bureau's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

#### NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2000 AND 1999

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

#### A. Organization

The Lima/Allen County Convention and Visitors Bureau, (the Bureau) is a body corporate and politic established to exercise the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The Bureau was founded in February, 1997, as a private, not-for-profit organization (501-(C)(6). The Bureau is directed by an appointed fourteen-member Board of Trustees. The Bureau serves the public by encouraging economic development of the County through the promotion of tourism.

The Bureau's management believes these financial statements present all activities for which the Bureau is financially accountable.

#### **B.** Basis of Accounting

The accompanying financial statements have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The financial statements of the Bureau have been prepared, in all material respects, as recommended by the American Institute of Certified Public Accountants' (AICPA) Audit and Accounting Guide, *Not-for-Profit Organizations*. The audit guide includes the requirements of the Statement of Financial Accounting Standards (SFAS) No. 117, *Financial Statements of Not-for-Profit Organizations*. Under SFAS 117, the Bureau is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted, temporarily restricted, and permanently restricted. The Bureau has no permanently restricted net assets.

#### C. Cash and Cash Equivalents

The Bureau maintains a checking account, savings accounts, and certificates of deposit which are valued at cost. For purposes of the statement of cash flows, cash and cash equivalents include all demand and time deposits.

#### D. Fund Accounting

The Bureau uses fund accounting to segregate cash and investments that are restricted as to use. The Bureau classifies its fund into the following type:

#### 1. General Operating Fund

The general operating fund is used to account for all financial resources except those required by law or contract to be restricted. The fund balance of the operating fund is available to the Bureau for any purpose, provided it is expended or transferred according to the Bureau's regulations.

#### E. Budgetary Process:

The Bureau prepares an annual budget for its fund. There is no legal requirement for the Bureau to prepare a budget. See Budgetary Activity in Note 3.

#### NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2000 AND 1999 (Continued)

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### F. Board Designated Net Assets:

During 2000, the Bureau's Board of Directors designated \$25,826 for a reserve for capital improvements. During 1999, \$25,112 was so designated.

#### G. Fixed Assets:

Fixed assets are capitalized in the fund. All fixed assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated fixed assets are recorded at their fair market values as of the date received. The Bureau maintains a capitalization threshold of five hundred dollars. The Bureau does not have any infrastructure.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized. Improvements are capitalized. Improvements to fund fixed assets are depreciated over the remaining useful lives of the related fixed assets.

Depreciation of furniture and equipment is computed using the straight-line method over an estimated useful life of five to seven years.

#### H. County Hotel/Motel Tax Revenues

The Bureau receives hotel and motel tax monies from various subdivisions. The annual amount of money received from these subdivisions depends on the current contract. The contracts with various townships are on-going and do not have an expiration date.

#### I. Taxes Receivable:

Accounts receivable reflect the Bureau's share of the subsequent two months' hotel/motel taxes which were collected by Allen County, Bath Township and Perry Township. The City of Lima collected lodging taxes for the fourth quarter of 2000 and 1999 which were not remitted to the Bureau until February of 2000 and 2001.

#### J. Other Payables:

The Bureau passes along 36.5 percent of what it receives from Allen County in hotel/motel taxes to the Lima/Allen County Civic and Convention Center. Two months' taxes are used to determine this payable to match to the receivable described above. Effective January 1, 2000, the Bureau also passes along 10 percent of what it receives from Allen County in hotel/motel taxes to the Allen County Commissioner's office to help pay for the Civic Center Expansion project. Additionally, they return all monies paid to them by the new hotel on a monthly basis, in order to pay for the expansion project.

#### K. Pension Plan:

The Bureau has a 401(k) Pension Plan that covers substantially all employees. The Bureau contributes a percentage of compensation based upon the employees' contribution. Total contributions for 2000 and 1999 were \$2,491 and \$2,500, respectively.

#### NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2000 AND 1999 (Continued)

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### L. Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### 2. EQUITY IN POOLED CASH

### REPORT OF INDEPENDENT ACCOUNTANTS ON COMPLIANCE AND ON INTERNAL CONTROL REQUIRED BY GOVERNMENT AUDITING STANDARDS

Lima/Allen County Convention and Visitors Bureau Allen County 147 N. Main Street Lima. Ohio 45801

To the Board of Trustees:

We have audited the financial statements of the Lima/Allen County Convention and Visitors Bureau, (the "Bureau") as of and for the years ended December 31, 2000 and 1999, and have issued our report thereon dated April 18, 2001. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

#### Compliance

As part of obtaining reasonable assurance about whether the Bureau's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the Bureau's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. However, we noted other matters involving the internal control over financial reporting that do not require inclusion in this report, that we have reported to the management of the Bureau in a separate letter dated April 18, 2001.
