REPORT OF INDEPENDENT ACCOUNTANTS

Portage District Board of Health Portage County 449 South Meridian Street Ravenna, OH 44266

To the Board of Health:

We have audited the accompanying financial statements of the Portage District Board of Health, Portage County, Ohio, (the District) as of and for the years ended December 31, 2000 and 1999. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the District prepares its financial statements on the basis of accounting prescribed or permitted by the Auditor of State, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the combined fund cash balances and reserves for encumbrances of the District as of December 31, 2000 and 1999, and its combined cash receipts and disbursements for the years then ended on the basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued our report dated March 7, 2001 on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the result of our audit.

This report is intended solely for the information and use of the audit committee, management, the Board of Health, and other officials authorized to receive this report under § 117.26, Ohio Revised Code, and is not intended to be and should not be used by anyone other than these specified parties.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2000 AND 1999

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of the Entity

Portage District Board of Health, Portage County, (the District) operates under Section 3709.01 of the Ohio Revised Code for Health Districts. The District consists of five Board Members who are elected by the Advisory Council of the Portage County Board of Health, and two members who are appointed by the Mayors of Aurora and Streetsboro Cities respectively. They are appointed for five-year overlapping terms. The primary purpose of the District is to provide a safe environment and promote wellness within the community.

The District's management believes these financial statements present all activities for which the District is financially accountable.

B. Basis of Accounting

These financial statements follow the basis of accounting prescribed or permitted by the Auditor of State, which is similar to the cash receipts and disbursements basis of accounting. Receipts are recognized when received in cash rather than when earned, and disbursements are recognized when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as prescribed or permitted by the Auditor of State.

C. Cash

As required by the Ohio Revised Code, the District's cash is held and invested by the Portage County Treasurer, who acts as the custodian for District monies. The District's assets are held in the County's cash and investment pool, and are valued at the County Treasurer's reported carrying amount.

D. Fund Accounting

The District uses fund accounting to segregate cash and investments that are restricted as to use. The District classifies its funds into the following types:

1. General Fund

The General Fund is the general operating fund. It is used to account for all financial resources except those required to be accounted for in another fund.

2. Special Revenue Funds

These funds are used to account for proceeds from specific sources (other than from trusts or for capital projects) that are restricted to expenditure for specific purposes. The District had the following significant Special Revenue Funds:

Solid Waste Fund - This fund receives monies from licenses and permits of wells, septic, plumbing, inspections, etc. that are related to housing activity.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2000 AND 1999 (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Food Service Fund - This fund receives monies from the purchase of food service and vending licenses.

Federal Fund - This fund receives monies from the federal government specifically from the Health Services Block Grant.

State Fund - This fund receives monies from the state government specifically from the Immunization Action Grant, and the Rabies Prevention Grant.

E. Budgetary Process

The Ohio Revised Code requires that each fund be budgeted annually.

1. Appropriations

The Board of Health of the Portage District Board of Health, annually, on or before the first Monday of April, shall adopt an itemized appropriation measure. Such appropriation measure shall set forth the amounts for the current expenses of such District for the fiscal year beginning on the first day of January of the following year. The appropriation measure, together with an estimate in itemized form of the several sources of revenue available to the District, including the amount due from the state for the next fiscal year as provided in Section 3709.32 of the Revised Code and the amount which the Board anticipates will be collected in fees during the ensuing fiscal year, shall be certified to the Portage County Auditor. The Auditor will then submit this to the Portage County Budget Commission, which may reduce any item in such appropriation measure, but may not increase any item or the aggregate of all items.

2. Estimated Resources

Estimated resources include estimates of cash to be received (budgeted receipts) plus unencumbered cash as of January 1. The County Budget Commission must also approve estimated resources.

A summary of 2000 and 1999 budgetary activity appears in Note 2.

F. Property, Plant and Equipment

Acquisitions of property, plant and equipment are recorded as disbursements when paid. These items are not reflected as assets on the accompanying financial statements.

G. Unpaid Vacation and Sick Leave

Employees are entitled to cash payments for unused vacation and sick leave in certain circumstances, such as upon leaving employment. Unpaid vacation and sick leave are not reflected as liabilities under the basis of accounting used by the District.

3. RETIREMENT SYSTEMS

All full-time employees of the District participate in the Public Employees Retirement System (PERS) of Ohio, a cost-sharing, multiple-employer public employee retirement system administered by the Public Employees Board. PERS provides basic retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members and beneficiaries. Benefits are established by Chapter 145 of the Ohio Revised Code. PERS issues a stand-alone financial report which may be obtained by writing to the Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2000 AND 1999 (Continued)

3. RETIREMENT SYSTEMS (Continued)

Plan members are required to contribute 8.5 percent of their annual covered salary to fund pension obligations. For calendar year 2000, PERS instituted a temporary employer rollback for state and local governments. The 2000 employer pension contribution rate for the District was 6.54 percent of covered payroll, reduced from 9.35 percent in 1999. Contributions are authorized by State statute. The contribution rates are determined actuarially. The District has paid all contributions required through December 31, 2000.

4. RISK MANAGEMENT

The District has obtained commercial insurance for the following risks:

- Comprehensive property and general liability
- Vehicles
- Errors and omissions

5. RESTATEMENT OF FUND BALANCE

The Special Revenue Fund Balance as of December 31, 1998 was restated due to an error in which the Special Revenue fund balance in the December 31, 1998 report included the General Fund balance in addition to the Special Revenue Fund balance.

REPORT OF INDEPENDENT ACCOUNTANTS ON COMPLIANCE AND ON INTERNAL CONTROL REQUIRED BY GOVERNMENT AUDITING STANDARDS

Portage District Board of Health Portage County 449 South Meridian Street Ravenna, OH 44266

To the Board of Health:

We have audited the accompanying financial statements of Portage District Board of Health, Portage County, Ohio (the District), as of and for the years ended December 31, 2000 and 1999, and have issued our report thereon dated March 7, 2001. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.
