REPORT OF INDEPENDENT ACCOUNTANTS

Village of Proctorville Lawrence County P.O. Box 406 Proctorville, Ohio 45669

To the Village Council Members:

We have audited the accompanying financial statement of the Village of Proctorville, Lawrence County, Ohio (the Village), as of and for the years ended December 31, 2000 and 1999. This financial statements are the responsibility of the Village's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the Village prepares its financial statements on the basis of accounting prescribed or permitted by the Auditor of State, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the combined fund cash balances of the Village of Proctorville, Lawrence County, as of December 31, 2000 and 1999, and its combined cash receipts and disbursements for the years then ended on the basis of accounting described in Note 1.

As described in Note 9, the Village General fund has experienced deficiencies of disbursements over receipts, and has a cash deficit of (\$24,387) at December 31, 2000. Management's plans to address this deficiency are also disclosed in Note 9.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 26, 2001, on our consideration of the Village's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2000 AND 1999

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of the Entity

The Village of Proctorville, Lawrence County (the Village), is a body corporate and politic established to exercise the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The Village is directed by a publicly-elected six-member Council. The Village provides general governmental services, including maintenance of roads and police and fire protection, as well as providing water service for the citizens.

The Village's management believes these financial statements present all activities for which the Village is financially accountable.

B. Basis of Accounting

These financial statements follow the basis of accounting prescribed or permitted by the Auditor of State, which is similar to the cash receipts and disbursements basis of accounting. Receipts are recognized when received in cash rather than when earned, and disbursements are recognized when paid rather than when a liability is incurred.

These statements include adequate disclosure of material matters, as prescribed or permitted by the Auditor of State.

C. Cash and Investments

Certificates of deposit are valued at cost.

D. Fund Accounting

The Village uses fund accounting to segregate cash and investments that are restricted as to use. The Village classifies its funds into the following types:

1. General Fund

The General Fund is the general operating fund. It is used to account for all financial resources except those required to be accounted for in another fund.

2. Special Revenue Funds

These funds are used to account for proceeds from specific sources (other than from trusts or for capital projects) that are restricted to expenditure for specific purposes. The Village had the following significant Special Revenue Funds:

Street Construction, Maintenance and Repair Fund - This fund receives gasoline tax and motor vehicle license tax money for constructing, maintaining and repairing Village streets.

Highway Maintenance and Repair Fund - This fund receives gasoline tax and motor vehicle license tax money for constructing, maintaining and repairing Village highways.

D. Fund Accounting (Continued)

3. Enterprise Funds

These funds account for operations that are similar to private business enterprises where management intends that the significant costs of providing certain goods or services will be recovered through user charges. The Village had the following significant Enterprise Fund:

Water Fund - This fund receives charges for services from residents to cover the cost of providing this utility.

4. Fiduciary Funds (Agency Fund)

Funds for which the Village is acting in an agency capacity are classified as agency funds. The Village had the following significant fiduciary funds:

Agency Fund - This fund includes activities of the Village's Mayor's Court.

E. Budgetary Process

The Ohio Revised Code requires that each fund (except certain agency funds) be budgeted annually.

1. Appropriations

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the function level of control, and appropriations may not exceed estimated resources. The Council must annually approve appropriation measures and subsequent amendments. The County Budget Commission must also approve the annual appropriation measure. Appropriations lapse at year end.

2. Estimated Resources

Estimated resources include estimates of cash to be received (budgeted receipts) plus cash as of January 1. The County Budget Commission must also approve estimated resources.

3. Encumbrances

The Ohio Revised Code requires the Village to reserve (encumber) appropriations when commitments are made. Encumbrances outstanding at year end are canceled, and reappropriated in the subsequent year. The Village did not encumber all commitments required by Ohio law.

A summary of 2000 and 1999 budgetary activity appears in Note 3.

F. Property, Plant and Equipment

Acquisitions of property, plant and equipment are recorded as disbursements when paid. These items are not reflected as assets on the accompanying financial statements.

G. Unpaid Vacation and Sick Leave

Employees are entitled to cash payments for unused vacation and sick leave in certain circumstances, such as upon leaving employment. Unpaid vacation and sick leave are not reflected as liabilities under the basis of accounting used by the Village.

2. EQUITY IN POOLED CASH AND INVESTMENTS

The Village maintains a cash and investments pool used by all funds. The Ohio Revised Code prescribes allowable deposits and investments. The carrying amount of cash at December 31 was as follows:

	<u>2000</u>	<u>1999</u>
Demand deposits Certificates of deposit	\$ 7,160 40,000	\$ 6,366 60,000
Total deposits and investments	\$ 47,160	\$ 66,366

Deposits: Deposits are insured by the Federal Deposit Insurance Corporation.

	Total	\$	486,800	\$	356,896	\$	129,904

The Village made expenditures in which funds were not certified contrary to Ohio Rev. Code Section 5705.41(D).

5. PROPERTY TAX

Real property taxes become a lien on January 1 preceding the October 1 date for which rates are adopted by the Village Council. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable homestead and rollback deductions. Homestead and rollback amounts are then paid by the State, and are reflected in the accompanying financial statements as Intergovernmental Receipts. Payments are due to the County by December 31. If the property owner elects to make semiannual payment, the first half is due December 31. The second half payment is due the following June 20.

Public utilities are also taxed on personal and real property located in the Village.

Tangible personal property tax is assessed by the property owners, who must file a list of such property to the County by each April 30.

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the Village.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2000 AND 1999 (Continued)

6. DEBT

Debt outstanding at December 31, 2000 was as follows:

		F	Principal	Interest Rate
Water Treatment Plant Mortgage Loan General Obligation Note - Truck		\$	293,105 21,052	6.04% 5.75%
	Total	\$	314,157	

The Water Treatment Plant Mortgage Loan relates to a water treatment plant expansion project. Principal and interest payments on the above debt are to be \$2,265 per month, with one final payment for the balance of the principal and interest due in the 60th month(May 2003) after completion of construction. The remaining principal balance may be renewed for subsequent five-year intervals, at the Bank's option, with the rate adjusted to the previous month's 5-year Treasury Rate in effect at the time of renewal. The Water Loan is collateralized by water and sewer receipts. The Village intends on refinancing the loan at the end of the 60 month period in 2003.

The General Obligation Note was for the purchase of a pick-up truck. Principal and interest payments on the above debt are to be \$444 per month, with the final payment due in June of 2005. The Note is collateralized by the pick-up truck.

Amortization of the above debt, including interest, is scheduled as follows:

Year ending December 31:	 Water Plant Mortgage Loan		General Obligation Note
2001 2002 2003 2004 2005	\$ 27,180 27,180 280,495	\$	5,333 5,333 5,333 5,333 2,604
Total	\$ 334,855	\$	23,936

7. RETIREMENT SYSTEM

The Village's law enforcement officers belong to the Police and Firemen's Disability & Pension Funds (PFDPF). Other full-time employees belong to the Public Employees Retirement System (PERS) of Ohio. PFDPF and PERS are cost-sharing, multiple-employer plans. These plans provide retirement benefits, including postretirement healthcare, and survivor and disability benefits to participants as prescribed by the Ohio Revised Code.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2000 AND 1999 (Continued)

7. RETIREMENT SYSTEM (Continued)

Contribution rates are also prescribed by the Ohio Revised Code. For 2000 and 1999, members of PFDPF contributed 10% of their wages to the PFDPF. The Village contributed an amount equal to 19.5% of their wages. PERS members contributed 8.5% of their gross salaries. The Village contributed an amount equal to 13.55% of participants' gross salaries through June 30, 2000. Effective July 1, 2000 the employers' contribution rate decreased to 8.13% of the participants' gross salaries. The Village has not paid all PFDPF contributions through December 31, 2000. Due to the lack of supporting documentation, management is unable to determine the amount that is unpaid at December 31, 2000.

8. RISK MANAGEMENT

The Village has obtained commercial insurance for the following risks:

- Comprehensive property and general liability
- General liability and casualty
- Public officials, liability
- Vehicle

9. DEFICIT FUND BALANCES

At December 31, 2000 and December 31, 1999, the Village had a negative cash fund balance, as follows, contrary to the provision of Ohio Rev. Code Section 5705.10:

Fund Type	 <u>llance at</u> ber 31, 2000	Dece	<u>Balance</u> mber 31, 1999
General Fund	\$ (24,387)	\$	(5,567)

Due to the increasing deficit fund balance in the above mentioned General Fund, the Village may be facing a fiscal watch/fiscal emergency condition in fiscal year 2001. Through May 31, 2001, the Village reported an unaudited excess of receipts over disbursements of \$20,372, leaving an unaudited General Fund deficit of (\$3,655) at May 31, 2001. Management achieved this reduction in deficit primarily by reducing general operating expenses.

REPORT OF INDEPENDENT ACCOUNTANTS ON COMPLIANCE AND ON INTERNAL CONTROL REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Village of Proctorville Lawrence County P.O. Box 406 Proctorville, Ohio 45669

To the Village Council Members:

We have audited the accompanying financial statements of the Village of Proctorville, Lawrence County, Ohio (the Village), as of and for the years ended December 31, 2000 and 1999, and have issued our report thereon dated June 26, 2001, wherein we noted the Village reported a General Fund deficit at December 31, 2000 and 1999. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Village's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance that are required to be reported under *Government Auditing Standards*, which are described in the accompanying Schedule of Findings as items 2000-30744-001 through 2000-30744-003. We also noted certain immaterial instances of noncompliance that we have reported to the management of the Village in a separate letter dated June 26, 2001.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Village's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. However, we noted a certain matter involving the internal control over financial reporting and its operation that we consider to be a reportable condition. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgement, could adversely affect the Village's ability to record, process, summarize and report financial data consistent with the assertions of management in the financial statements. The reportable conditions are described in the accompanying Schedule of Findings as items 2000-30744-004 through 2000-30744-006.

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. We believe the reportable conditions described above are material weaknesses.

SCHEDULE OF FINDINGS DECEMBER 31, 2000 AND 1999

FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

FINDING NUMBER 2000-30744-001

Noncompliance Citation

Ohio Rev. Code Section 5705.10 requires money that is paid into a fund must be used only for the purposes for which such fund has been established. As a result, a negative fund balance indicates that money from each fund was used to cover the expenses of another fund.

The General Fund had a negative cash balance of \$5,567 at December 31, 1999 and a negative cash balance of \$24,387 at December 31, 2000.

We recommend the Village Council not make any disbursements from any fund unless there are available funds to cover the expenditure.

FINDING NUMBER 2000-30744-002

Noncompliance Citation

Ohio Rev. Code Section 5705.39 states that total appropriations from each fund should not exceed the total estimated revenue. No appropriation measure is to become effective until the county auditor files a certificate that the total appropriations from each fund do not exceed the total official estimate or amended official estimate.

Appropriations exceeded estimated revenue in 1999 in the General Fund by \$55,308. In 2000 appropriations exceeded estimated resources in the Street Construction, Maintenance and Repair Fund by \$13,428 and in the Water Fund by \$10,891. Also, the Village did not file the 1999 and 2000 appropriation measures with the County Auditor.

We recommend the Village limit the appropriations to the amounts of the estimated revenues. If revenues are expected to increase, the Village should request an amended certificate of estimated resources and approve appropriation adjustments. We further recommend the Village file each appropriation measure with the County Auditor.

FINDING NUMBER 2000-30744-003

Noncompliance Citation

Ohio Rev. Code § 5705.41(D) states that no order or contracts involving the expenditure of money are to be made unless there is a certificate of the fiscal officer that the amount required for the order or contract has been lawfully appropriated and is in the treasury or in the process of collection to the credit of an appropriate fund free from any previous encumbrances.

Noncompliance Citation (Continued)

Ohio Rev. Code § 5705.41(D) (Continued)

The following exception to this basic requirement is provided by statute:

<u>Then and Now Certificate</u>: This exception provides that, if the fiscal officer can certify that both at the time that the contract or order was made and at the time that the contract or order was made and at the time that he is completing his certification, sufficient funds were available or in the process of collection, to the credit of a proper fund, properly appropriated and free from any previous encumbrance, the taxing authority can authorize the drawing of a warrant. The taxing authority has 30 days from the receipt of such certificate to approve payment by resolution of ordinance. If approval is not made within 30 days, there is no legal liability on the part of the subdivision or taxing district.

Amounts of less than \$1,000, may be paid by the fiscal officer without such affirmation of the taxing authority upon completion of the "then and now" certificate, provided that the expenditure is otherwise lawful. This does not eliminate any otherwise applicable requirement for approval of expenditures of the taxing authority.

In 1999, 29% of the transactions tested and, in 2000, 19% of the transactions tested were not certified prior to the time the commitment was incurred.

We recommend the Village Clerk certify that the amount required to meet a commitment has been lawfully appropriated and is in the treasury or in the process of collection to the appropriate fund free from any previous encumbrance prior to placing incurring obligations. In instances where prior certification is not practical, we recommend issuance of a "then and now" certificate.

Supporting Documentation

Testing of disbursements indicated that 17.5% of the vouchers selected did not include invoices as support of the disbursement and indication of receipt of goods or services rendered. In addition, purchase orders were not included with the vouchers. This could result in unauthorized disbursements as well as the inability to determine if all commitments have been properly encumbered.

We recommend that voucher packets be maintained for all of the disbursements of the Village. Voucher packets should include invoices, supporting documentation, and purchase orders.

Monitoring Village Financial Activity

A review of the minutes of the meetings of the Village Council provided no indication of the Village Council's acceptance, review or approval of the monthly financial reports. As a result, there is no documentation of the Village Council's review of such information. It is important for the Village Council to closely monitor the Village's financial activity due to the small size of the staff and limited segregation of duties within the Village.

There is no documentation of the extent to which the Village Council uses financial information to monitor the financial activity of the Village. For each regular Village Council meeting, the Village Clerk should provide a detailed budget and financial statements, list of investments, cash balances, and checks paid.

The Village Council members should carefully review this information and make appropriate inquiries to help determine the continued integrity of financial information. This information also provides important data necessary to manage the Village. This information can help answer questions such as the following:

Inquiries Relevant to Overall Village Operations:

- ✓ Are current receipts sufficient to cover expenditures?
- ✓ Are expenditures in line with prior year costs?
- ✓ If unusual fluctuations in receipts or expenditures occur, is the reason understood, and has it been appropriately budgeted?
- ✓ Are anticipated receipts being timely received?
- ✓ Is the Village maximizing its return on invested cash balances?
- ✓ Is the Village able to achieve the financial goals as set by the original or amended budgets

In order to effectively monitor the financial activity of the Village, we recommend the Village Council review and accept/approve the monthly financial information provided by the Village Clerk. The review of this information should be noted in the minutes of the meetings of the Village Council.

Annual Financial Report

The Annual Financial Reports for both years 1999 and 2000 did not agree to the Village accounting records such as revenue and disbursement ledgers. This could result in inaccurate reporting of the Village activity.

We recommend the Annual Financial Report agree to the Village's accounting records.
