Report of Independent Accountants

Village Council Village of South Zanesville Muskingum County 24 East Main Street, P.O. Box 1828 South Zanesville, Ohio 43702

We have audited the accompanying financial statements of the Village of South Zanesville, Muskingum County, Ohio, (the "Village"), as of and for the years ended December 31, 2000 and December 31, 1999. These financial statements are the responsibility of the Village's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As discussed in Note 1, the Village prepares its financial statements on the basis of accounting prescribed or permitted by the Auditor of State, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the combined fund cash balances and reserves for encumbrances of the Village, as of December 31, 2000 and December 31, 1999, and its combined cash receipts and cash disbursements for the years then ended on the basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued a report dated May 18, 2001, on our consideration of the Village's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

This report is intended solely for the information and use of management, the Village Council and other officials authorized to receive this report under Section 117.26, Ohio Revised Code, and is not intended to be and should not be used by anyone other than these specified parties.

1. <u>Summary of Significant Accounting Policies</u>

A. Description of the Entity

The Village of South Zanesville, Muskingum County, Ohio, is a body corporate and politic established to exercise the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The Village is directed by a publicly-elected six-member Council. The Village provides general governmental services, including water and sewer utilities, refuse collection, park and pool operations (leisure time activities), and police and fire services.

The Village's management believes these financial statements present all activities for which the Village is financially accountable.

B. Basis of Accounting

These financial statements follow the basis of accounting prescribed or permitted by the Auditor of State, which is similar to the cash receipts and disbursements basis of accounting. Receipts are recognized when received in cash rather than when earned, and disbursements are recognized when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements includes adequate disclosure of material matters, as prescribed or permitted by the Auditor of State.

C. Cash and Investments

The investment in STAR Ohio is valued at amounts reported by the State Treasurer.

D. Fund Accounting

The Village uses fund accounting to segregate cash and investments that are restricted as to use. The Village classifies its funds into the following types:

General Fund

The General Fund is the general operating fund. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds

These funds are used to account for proceeds from specific sources (other than from trusts or for capital projects) that are restricted to expenditure for specific purposes. The Village had the following significant Special Revenue Funds:

Special Revenue Funds (Continued)

Street Construction, Maintenance and Repair Fund - This fund receives gasoline tax and motor vehicle tax money for constructing, maintaining and repairing Village streets.

State Highway Improvement Fund - This fund receives gasoline tax and motor vehicle tax money for constructing, maintaining, and repairing state highways within the Village.

Special Assessment Street Light Fund - This fund receives a special assessment tax for maintaining and repairing Village street lights.

Debt Service Funds

These funds are used to accumulate resources for the payment of bonds and not indebtedness related to the purchase of the Village's computer system.

Capital Project Funds

These funds are used to account for receipts that are restricted for the acquisition or construction of major capital projects (except those financed through enterprise or trust funds). The Village had the following significant capital project funds:

Municipal Building Construction Fund - This fund received intergovernmental revenues relating to Ohio Public Works Commission projects. These proceeds were used for repair of Village water and sewer lines.

Enterprise Funds

These funds account for operations that are similar to private business enterprises where management intends that the significant costs of providing certain goods or services will be recovered through user charges. The Village had the following significant Enterprise Funds:

Water Operating Fund- This fund receives charges for services from residents to cover the cost of providing this utility.

Sewer Operating Fund- This fund receives charges for services from residents to cover the cost of providing this utility.

Refuse Collection Fund - This fund receives charges for services from residents to cover the costs of providing this utility.

D. <u>Fund Accounting</u> (Continued)

Fiduciary Funds

Funds for which the Village is acting in an agency capacity are classified as agency funds. The Village had the following significant Fiduciary Funds:

Local Income Tax Fund - This fund receives a one percent income tax levied on wages earned by Village residents and employees who work within the Village's corporation limits. Taxes received by this fund are transferred to other funds for expenditure for general governmental purposes.

Mayor's Court Fund - This fund receives and distributes Mayor's Court fines and forfeitures.

E. Budgetary Process

The Ohio Revised Code requires that each fund be budgeted annually.

Appropriations

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function or object level of control, and appropriations may not exceed estimated resources. The Council must annually approve appropriation measures and subsequent amendments. The County Budget Commission must also approve the annual appropriation measure. Unencumbered appropriations lapse at year end.

Estimated Resources

Estimated resources include estimates of cash to be received (budgeted receipts) plus unencumbered cash as of January 1. The County Budget Commission must also approve estimated resources.

Encumbrances

The Ohio Revised Code requires the Village to reserve (encumber) appropriations when commitments are made. Encumbrances outstanding at year end are carried over, and need not be re-appropriated. The Village did not properly encumber all commitments required by Ohio law.

A summary of 2000 and 1999 budgetary activity appears in Note 3.

F. Property, Plant and Equipment

Acquisitions of property, plant and equipment are recorded as disbursements when paid. These items are not reflected as assets on the accompanying financial statements.

1. <u>Summary of Significant Accounting Policies</u> (Continued)

G. Unpaid Vacation and Sick Leave

Employees are entitled to cash payments for unused vacation and sick leave in certain circumstances, such as upon leaving employment. Unpaid vacation and sick leave are not reflected as liabilities under the cash basis of accounting used by the Village.

2. Equity in Pooled Cash and Investments

The Village maintains a cash and investment pool used by all funds. The Ohio Revised Code prescribes allowable deposits and investments. The carrying amount of deposits at December 31 was as follows:

The Village's investments consist solely of monies held in STAROhio.

4. Property Tax

Real property taxes become a lien on January 1 preceding the October 1 date for which rates are adopted by Village Council. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable homestead and rollback deductions. Homestead and rollback amounts are then paid by the State, and are reflected in the accompanying financial statements as Intergovernmental Receipts. Payments are due to the County by December 31. If the property owner elects to make semiannual payments, the first half is due December 31. The second half payment is due the following June 20.

Tangible personal property tax is assessed by the property owners, who must file a list of such property to the County by each April 30.

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the Village.

<u>Report on Compliance and on Internal Control Required by</u> <u>Governmental Auditing Standards</u>

Village Council Village of South Zanesville Muskingum County 24 East Main Street, P.O. Box 1828 South Zanesville, Ohio 43702

We have audited the accompanying financial statements of the Village of South Zanesville, Muskingum County, Ohio, as of and for the years ended December 31, 2000 and December 31, 1999, and have issued our report thereon dated May 18, 2001. We conducted our audits in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Village's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*. However, we noted certain instances of noncompliance that we have reported to the management of the Village in a separate letter dated May 18, 2001.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Village's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting that we onsider to be material weaknesses. However, we noted other matters involving the internal control over financial reporting that do not require inclusion in this report, that we have reported to the management of the Village in a separate letter dated May 18, 2001.
