## REPORT OF INDEPENDENT ACCOUNTANTS ON COMPLIANCE AND ON INTERNAL CONTROL REQUIRED BY GOVERNMENT AUDITING STANDARDS

City of Napoleon Henry County 255 West Riverview Avenue P.O. Box 151 Napoleon, Ohio 43545-0151

To the Honorable Mayor and Members of Council:

We have audited the financial statements of the City of Napoleon as of and for the year ended December 31, 2001, and have issued our report thereon dated June 14, 2002. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States.

#### Compliance

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the City's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. However, we noted other matters involving the internal control over financial reporting that do not require inclusion in this report, that we have reported to management of the City in a separate letter dated June 14, 2002.

255 West Riverview Avenue - PO Box 151 Napoleon, Ohio 43545-0151 Phone (419) 599-1235 Fax (419) 599-8393

June 17, 2002

To The Honorable Mayor, The Council and The Citizens of the City of Napoleon, Ohio:

I am pleased to present the Sixth (6<sup>th</sup>) Comprehensive Annual Financial Report (CAFR) of the City of Napoleon, Ohio, (the City) for the year ended December 31, 2001. The report has been prepared in accordance with generally accepted accounting principles established by statements of the Governmental Accounting Standards Board (GASB), other authoritative pronouncements and guidelines recommended by the Government Finance Officers Association of the United States and Canada (GFOA).

#### INTRODUCTION

While there is no legal requirement for the preparation of this report, it represents a commitment by the City of Napoleon to conform to nationally recognized standards of excellence in financial reporting. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the City. I believe the data, as presented, is accurate in all material respects; that it is presented in a manner designed to fairly set forth the financial position and results of operations of the City; and that all disclosures necessary to enable the reader to gain an understanding of the City's financial activity have been presented.

#### The Report

This report is comprised of three major sections:

- 1. <u>The Introductory Section</u> includes this Letter of Transmittal which addresses the organization, accomplishments and operational structure of the City, a list of the Principal City Officials, and an Organizational Chart;
- 2. <u>The Financial Section</u> contains the Report of Independent Accountants, the General Purpose Financial Statements, which include explanatory notes and provide an overview of the City's financial position and operating results, and the Combining Financial Statements of the Individual Funds and Account Groups that provide detailed information to the General Purpose Financial Statements;
- 3. <u>The Statistical Section</u> presents social, economic, and historical data which can be used to identify financial trends and data relative to the fiscal capacity of the City.

#### **The Reporting Entity**

The accompanying general purpose financial statements comply with the provisions of Governmental Accounting Standards Board (GASB) Statement No. 14, "The Financial Reporting Entity", in that the financial statements include all of the organizations, activities, functions and component units for which the City (the reporting entity) is financially accountable. Financial accountability is defined as the appointment of a voting majority of the component unit's board, and either (1) the City's ability to impose its will over the component unit, or (2) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the City.

Based on the foregoing, the reporting entity of the City has no component units, but includes the following services as authorized by its charter: police and fire protection, parks and recreation, planning and zoning, street maintenance and other governmental services. In addition, the City owns and operates a water treatment plant and distribution system, a wastewater treatment plant and collection system, and an electric distribution system and provides refuse collection and recycling services.

#### **Early History**

The City of Napoleon is located in Henry County in Northwest Ohio and occupies land that was once part of a vast area in this region originally known as "The Great Black Swamp of Ohio." This expanse of forest, water, and black soil was a tract of land 120 miles in length covering an average breadth of 40 miles. Through it passed a winding river called the "Maumee" as named by the local Native American tribes. The Maumee River empties into Lake Erie and provided a natural navigable waterway as well as an abundance of aquatic life. The surrounding forests at that time were filled with many varieties of hardwood trees and wild game. These resources were used by the many tribes that occupied the region and later by the early settlers. The English moved into this area in the later 1700's and fought with the French for control. After the Revolutionary War, the Americans gained title to the area, but the Native Americans possessed it. The Native Americans did not leave the area willingly and were defeated in 1796 by General Anthony Wayne in a very decisive battle at a place called Fallen Timbers. During his campaign against the Native Americans, General Anthony Wayne would often encamp his men along the Maumee River where Napoleon is currently located.

After the war of 1812, more trappers, traders, and pioneering farm families began moving into the area, and Henry County was officially formed in 1820. The Miami and Erie Canal, completed in 1843, passed directly through Napoleon and opened the area to early European emigration. The canal helped to foster development throughout the county, and the town began to grow in both population and industry. Agriculture and agriculture based products were at the heart of the area's early growth. After the Civil War, railroads and better roadways opened the area to further development. By the turn of the 20<sup>th</sup> century Napoleon had grown into a strong, diversified economy. Today, and looking forward into the 21<sup>st</sup> century, Napoleon has a thriving community with an economy based on manufacturing, retail sales, various service industries, engineering, and warehousing; all of which add to the continued strength of the traditional agricultural based economy.

#### The City of Napoleon

The first documented dwelling in Napoleon was a log cabin built in 1832. The town of Napoleon was founded in 1835 and was made the county seat of Henry County. The name of "Napoleon" was first given to the township by a group of Frenchmen who inhabited the area. Local citizens adopted the name and the town was officially incorporated as the Village of Napoleon in 1863. In 1950 the Village of Napoleon officially became the "City of Napoleon."

Located on the Maumee River, the City is about 40 miles southwest of Toledo, Ohio, 50 miles north of Lima, Ohio, 65 miles east of Fort Wayne, Indiana, 110 miles southwest of Detroit, Michigan, and 130 miles west of Cleveland, Ohio. Two national highways, US 6 and US 24 running east and west, bypass on the north edge of the City. State Routes (SR) 108 and 109 run through the City north and south. Two (2) entrances to the Ohio Turnpike, Interstate I-80/90 are off SR 108 and 109, located 12 miles north and northeast of the City, and Interstate I-75 is 25 miles east of the City off US 6. The City has limited rail service through the Miami and Western Railroad with a spur that runs through the City connecting to CSX and Norfolk and Southern to the west in Defiance, Ohio. Main lines of CSX and Norfolk and Southern run east and west through southern Henry County, and north and south lines of Canadian National Railroad are to the east in Wood County. Amtrak service is available in Bryan, Ohio, Toledo, Ohio, and Fort Wayne, Indiana. Toledo Express Airport, a full service passenger and freight airport, is located 30 miles to the northeast.

#### **Municipal Services**

The City offers a wide variety of services to its Citizens as authorized by its Charter, the Ohio Revised Code, and City Administrative Codes. The broad categories of service include: police and fire protection; emergency medical rescue services; street maintenance and sweeping; traffic control; planning and engineering; building and zoning code enforcement; cemetery's; community development; municipal court and civil judicial service; recreation programs and parks (including ball fields, playgrounds, picnic areas, a golf course and a boat ramp); and general administrative services. The City does not operate hospitals or schools, and it is not responsible for public assistance programs.

The City also operates four enterprise activities: water treatment and distribution; wastewater collection and treatment; electric distribution for residential, commercial and industrial customers; and residential solid waste collection and disposal, including a curbside recycling program and a yard waste site.

The City's enterprise activities are not subject to rate review by the Public Utilities Commission of Ohio (PUCO) or any similar regulatory body. The City Council by City Charter and Home Rule has the necessary authority to establish and amend utility user rates as required. All utility rates are monitored on an on-going basis to ensure their adequacy to meet operational, maintenance, debt service and capital replacement needs. Responsibility for frequency and amount of any rate changes lies solely with the City Council. The Board of Public Affairs, a citizens board appointed by City Council, reviews and makes recommendations to City Council on all enterprise activity including all policies, procedures and rates.

The City is one (1) of the 85 member municipalities in the American Municipal Power-Ohio (AMP-Ohio). AMP-Ohio is a non-profit corporation organized in Ohio in 1971 for the purpose of owning and operating electric facilities and providing for the generation, transmission and distribution of electric power and energy to its members. AMP-Ohio purchases wholesale electric power and energy and sells it to members at rates based on purchase price plus a small service fee. The organization also develops alternative power sources to best meet members short and long-term needs and operates a power dispatch center 24 hours a day, 365 days a year, to serve its member communities. The City has been and is continuing to position itself to be an electric power provider for retail choice on electric services.

The City has a joint contract between the City and Henry County for operation of the Community Improvement Corporation (CIC). Mutual aide contracts for fire and emergency medical services are between the City, the Townships, Henry County and the Henry County Hospital. Henry County operates the health district, in which the City participates contractually, but has no current fiduciary responsibility by agreement. The City has a contract with the Napoleon Henry County Chamber of Commerce to operate a Tourist Bureau for the City.

#### Form of Government

The Village of Napoleon officially became the "City of Napoleon," in 1950. The citizens of Napoleon, who were determined to exercise home rule authority, voted to become a Chartered City effective January 1, 1952. The Charter was recently amended in its entirety on November 7, 2000, with an effective date of July 1, 2001.

The City operates under and is governed by a Council-Manager form of government. The City is subject to some general laws applicable to all cities and, under the Ohio Constitution, may exercise all powers of local self-government and police powers to the extent that they do not conflict with the Ohio Constitution. The Mayor is separately elected and serves as ceremonial head of the City with limited executive and legislative authority as provided for by the City Charter. The Mayor exercises all judicial powers conferred upon mayors under Ohio law. Legislative authority is vested in a seven-member Council all of whom are elected at-large for staggered four-year terms. The Council fixes compensation of City officials and employees, enacts ordinances and resolutions, and sets policy relating to City services, including; tax levies, utility rates, appropriating and borrowing money, licensing and regulating businesses and trades, and all other municipal services.

General elections are held every two years, alternating with four council seats and then three council seats plus the Mayor. All council seats are elected at-large and terms of office are four-year terms. The Municipal Court Judge is separately elected every four years. The presiding officer of the City Council is the Council President, who is elected from among the Council members. The Charter establishes certain administrative departments. The City Council may establish divisions of those departments and other additional departments as needed. The City Manager, Finance Director, and Law Director are all appointed by City Council and serve at the pleasure of Council with no specified terms. Except for Municipal Court, all other departments/divisions and their respective positions are established by City Council. The City Manager, who has authority over all operational departments except Finance, Law and Municipal Court, appoints all department/division heads. Subject to approval of City Council, the Mayor recommends the appointments of all citizen members of all boards and commissions.

#### ECONOMIC CONDITIONS AND OUTLOOK

#### **Local Economy**

The local economy remained healthy even though overall economic activity declined in the first half of 2001. Business profits were down but withholding taxes were slightly up. This decline started to recover by the end of the year and continues into 2002. The events of 9/11 have had minimal impact locally and actually may have caused increased economic activity in certain areas. Incentives on automobiles, and higher soup demand as people turned to childhood favorites helped, local suppliers of these products to perform well. Commercially, the Scott Street (State Route 108) area located north of the downtown, has experienced booming growth in 2001. This is due to the recent construction and opening of a Super Wal-Mart store in the Heritage Towne Center. New businesses include a Sam Goodys and a Burger King restaurant. A number of other stores who have built new or upgraded their facilities includes Fashion Bug, Shoe Show, Rent-a-Center, Sub-Way and McDonalds.

The Campbell Soup Supply Company, LLC (Campbell's), a manufacturer of soups and various other drinks (V-8 & Splash), among other canned items, is located adjacent to the City and continues to be the largest employer in Henry County. Campbell's employment increased slightly in 2001and is projected currently at one thousand four hundred (1,400) persons. The local plant has recently been running 7 days a week and 24 hours a day due to increased production based on higher product demand, and the shifting of production of certain product lines to the Napoleon Plant from another plant that was on strike. A substantial investment is currently being made into the local plant to upgrade production capability.

The Silgan Can Company, located in the Campbell complex, employs about two hundred and forty (240) persons. They have expanded their market to include Toronto, Canada and Mexico. A warehouse was recently completed adjacent to the plant to handle the increased production.

Automatic Feed Company, a supplier of steel handling equipment and presses, has seen a downturn due to overseas competition. Recently they have obtained contracts from South Africa, and have diversified by selling a software product they developed for use in the manufacturing process.

Other positive aspects, relative to manufacturing, include the introduction of the new Jeep Liberty in Toledo, which has resulted in additional suppliers locating in the area. Napoleon is ideally located as a distribution center to these suppliers. GM Powertrain in Defiance, Ohio has added aluminum parts production to its operations and will see suppliers move to the area. Alex Products, located in Ridgeville Corners (Henry County), is a prime supplier for the auto industry and has recently expanded.

The diversity of job opportunities in Henry County has helped the unemployment rate remain consistently lower in the County versus many other parts of the state. As of December 31, 2001, the state recorded an unemployment rate of 4.2%, and the national seasonally adjusted unemployment rate was 4.8%. The unemployment rate in Henry County for the same period was 5.1%. While specific data is unavailable from the Ohio Bureau of Employment Services, it is estimated that the City unemployment rate is approximately 4.5%.

#### Business

Emmlorran

In addition to the agricultural based industries, there are many businesses located directly in Napoleon and in the surrounding area that are associated with the automotive industry producing various automotive parts or tool and die machines used in the manufacture of automobiles. Automotive parts manufactured in Napoleon are shipped for use in various assembly plants throughout Ohio, Michigan, other areas of the Midwest, and foreign countries.

The following are the private and public employers that have the largest work forces and are located in or adjacent to the City:

Notions of Astivity on Dusiness

| Carson Industries (Formerly Vision)                               | Structural Foam Plastic Molding                                                          |
| Leader Engineering                                                | Custom Fabrication and Machine Design                                                    |
|                                                                   |                                                                                          |

Excluding Campbell's and Silgan Can, both of which are located outside the City limits, these industries and service providers' employ over 2,000 persons in both full and part-time positions. Campbell's is the largest single employer in the County, and they are estimated to employ 1,400 persons, with another 240 persons employed in the Silgan Can Company.

#### **Future**

Other development includes developer plans for the Oakwood Plaza (Prior location of Wal-Mart, Fashion Bug, Rent-a-Center and Shoe Show stores). Two new commerce parks are being developed: the Napoleon Commerce Park with current construction of a spec-building; and the North Pointe Commerce Park that involves 400 acres of land recently annexed by the City. One business has committed to relocating in the North Pointe Commerce Park with other new businesses inquiring daily about available space. A subdivision on the South side of Napoleon is continuing to construct several new single-family homes. There are three condominium developments currently under construction or in the later planning stages. The State will be replacing the Perry Street Bridge in 2004, with a continuing feasibility study for a second bridge crossing sometime in the next fifteen (15) years.

The downtown area continues to have a relative low vacancy rate, but there are some vacant store fronts. The Perry Street river bridge is scheduled for renovation in 2001-2002. The potential improvements on US 24 from Toledo, Ohio, to Fort Wayne, Indiana, known as the "Port to Fort" project, a four lane limited access highway when completed, will position the City as an ideal location for both industry and commercial development.

#### **MAJOR INITIATIVES**

#### For the Year

The City accomplished numerous undertakings that provide for and promote the welfare of its residents:

- Completed major street improvements and other infrastructure projects.
- Completed major electric distribution line replacements and upgrades.
- Constructed 69 kV electric circuit upgrades for reliability and service.
- Constructed new restrooms at the boat ramp and renovated the boat ramp parking area.
- Upgraded or replaced major equipment in many of the Departments.
- Upgraded various Department computers and software.
- Completed major sewer separations on the sanitary sewer system.
- Completed waterline upgrades on the water distribution system.
- Completed the Raw Water Line construction to the Wauseon reservoir.

#### For the Future

Napoleon plans to continue to update and expand City services where necessary to meet the needs of a growing population. A priority for the City is to keep abreast of infrastructure needs and provide for required improvements as continued growth and development occurs. The following are some of the major goals and projects for the future:

- Final development of a new City Master Plan to assist in City growth and direction.
- Development of industrial and commercial sites for expanded and new industries.
- Major equipment upgrades in various Departments.
- On-going road improvements and other infrastructure street repair.
- Expansion of water and sewer lines to new development areas in the City.
- Elimination of sanitary sewer and combined sewer overflows.
- Initial planning for river bridge replacement in 2004.
- Completion and sale of spec building in new commerce park.
- Completion of service building addition.

#### **Department Accomplishments**

Three (3) year bargaining unit contracts were completed and adopted by all City unions in 2001. Management reviews are ongoing for all departmental operations of the City. These have resulted in changes, enhancing the efficiency and effectiveness of operations. Continuing education and skill training programs remained a priority item for all departments. Safety (OSHA) training programs have been implemented and required for all departments. Renovation to the Municipal Service Building is nearing completion and will better utilize shared services. The City is continuing the process of updating department policies and procedures, and will be reviewing the proposed City Master Plan once completed by the consultant.

#### FINANCIAL INFORMATION

#### **Accounting Controls**

The City's budgetary accounting system was designed to provide reasonable assurance that:

- 1. The City's assets are protected against loss and unauthorized use or disposition; and
- 2. Reliable financial reports for preparing financial statements and providing accountability for assets are maintained.

The concept of reasonable assurance states that internal controls should be evaluated using the following criteria:

- 1. The expense associated with providing the internal controls should not exceed the benefits likely to be derived from their implementation; and
- 2. The evaluation of the offsetting costs and benefits involves estimates and judgment by the City administration and members of the finance office.

All internal control evaluations occur within this framework. It is the belief of the administrative and financial management personnel that the City's financial controls adequately safeguard existing assets and provide reasonable assurance of the proper recording of financial transactions.

#### **Budgetary Controls**

Budgetary control is maintained at the object level for each function within each fund by legislation approved by City Council. The various objects are:

- Personal Services
- Salary and WagesFringe Benefits
- Other Expenditures
- Contractual ServicesTransfers
- ➤ Materials and Supplies ➤ Debt Service -
- Capital Outlay
  Principal & Interest

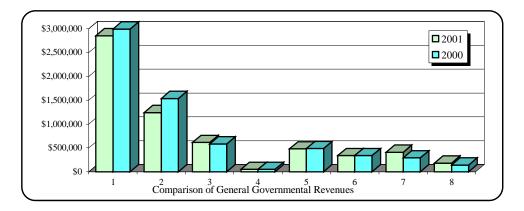

Lower levels within each object are accounted for and reported internally. Such lower levels are referred to as line items of expenditure. Estimated amounts must be encumbered prior to final approval of purchase orders or other contracts to vendors. Encumbrances in excess of the available object level appropriations are not approved unless additional appropriations are authorized. The City Manager has authority to move appropriations within a specific object, but must have legislative approval to move appropriations or supplement appropriations from one object to another. Unencumbered appropriations return (lapse) to the unappropriated balances in the individual funds at the end of each fiscal year. Fiscal Year currently coincides with the calendar year.

#### FINANCIAL HIGHLIGHTS

#### **Governmental Operations**

Revenues for general governmental functions (including all governmental fund types except capital projects funds) totaled \$6,177,560, representing a decrease of (\$247,811) or 3.9% below 2000. The following schedule presents a summary of general governmental revenues for the year ended December 31, 2001, the percentage of total revenues for the year and the amount of increase/(decrease) in relation to 2000 revenue.

|    | Revenue Source            | Total<br>2001<br>Revenues | Percent<br>of Total | Increase<br>(Decrease)<br>over 2000 |
|----|---------------------------|---------------------------|---------------------|-------------------------------------|
| 1. | Taxes                     | \$2,851,943               | 46.17%              | (\$139,613)                         |
| 2. | Intergovernmental Revenue | 1,243,384                 | 20.13%              | (292,971)                           |
| 3. | Charges for Services      | 615,613                   | 9.97%               | 32,658                              |
| 4. | Licenses and Permits      | 52,815                    | 0.85%               | 133                                 |
| 5. | Investment Earnings       | 480,730                   | 7.78%               | (6,381)                             |
| 6. | Special Assessments       | 339,160                   | 5.49%               | (540)                               |
| 7. | Fines and Forfeitures     | 410,473                   | 6.64%               | 116,928                             |
| 8. | All Other Revenues        | 183,442                   | 2.97%               | 41,975                              |
|    | Total                     | \$6,177,560               | 100.00%             | (\$247,811)                         |

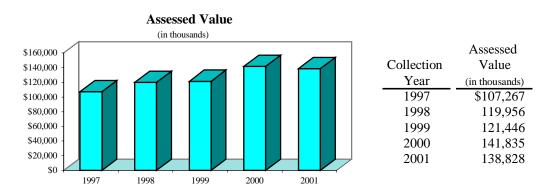

#### **Revenue Narrative**

The City's income tax continues to be its primary source of revenue for general government activities with 2001 collections totaling \$2,449,401. That is a reduction of (\$204,455) or a (7.7%) decrease as compared to the previous year. The largest loss was in Business (Net Profit) returns, with individual and withholdings at or above previous year collection levels. The 1.2% tax applies to all wages, salaries, commissions and other compensation paid by employers and/or the net proceeds from the operation of a business, profession or other enterprise activity. Income tax rates of cities within the State of Ohio are limited to a maximum of 1% unless increased by a voted majority of the resident voters of the city. The initial tax rate of 1.0% started in the 1950's and was increased to 1.2% by voter approval in 1986. The addition of 0.2% was recently re-approved by City residents in 2000, effective in 2001.

The City receives estate (inheritance) tax collected by the County. This tax source varies greatly up or down in any given year. In 2001, collections totaled \$234,377. This is a reduction of (\$24,863) or a (9.6%) decrease as compared to the previous year. Lodge tax collections were also down (\$15,193) or a (17.2%) decrease as compared to the previous year. The new kWH tax added a net of about \$62,000 to the general taxes total.

Property and Real Estate taxes are levied by the City and are billed and collected at the county level. After collection, the county distributes portions of the taxes collected to the various political subdivisions within its geographic boundaries. The property tax rate for the City is 2.90 mills, which represents \$2.90 per \$1,000 of taxable valuation. The tax rate is applied to the assessed value of the property located within the City. Assessed value is approximately 35% of appraised value. Increases in the property tax rate can only occur with the approval of the City's voters. Special Assessments are not included in the property tax revenues. Revenues from property taxes are used for general fund operations, including Police and Fire Pension Funds. In 2001, property and real estate tax cash receipts collected and forwarded to the City were up \$13,856 or a 5.0% increase over 2000.

Total assessed values in the City over the past five years are shown below:

City investment earnings cash receipted in 2001 increased 13.0% over 2000. The increase was due to timing of principal maturity dates and the additional balances from the bond and note sales available for investment. Interest rates followed a steady decline in 2001 until September 11, 2001. In October and November of 2001 short term interest rates reached their lowest level in over 20 years. The City's average investment is less than two (2) years. The current rate levels will negatively impact future interest earnings into 2002. The City's investment policies are discussed later in more detail under the topic of "Cash Management."

Intergovernmental revenues consist primarily of state income, sales, corporate franchise and public utility taxes collected by the State of Ohio and redistributed to other political subdivisions from the local government fund and local government revenue assistance fund. The State also provides a reimbursement for real and personal property tax reductions, gasoline tax, state-levied motor vehicle license tax, inheritance tax and permissive motor vehicle license tax. These revenues are collected by the State or County and partially redistributed to the City and other political subdivisions. The major decrease experienced in the intergovernmental revenues for 2001 was in State Grant Receipts. Specifically the CDBG, CHIS, and CHIP Housing Grant Funds used for low income housing rehabilitation and renovations. The first funding round was completed in 2000 and did not renew in 2001. Actual cash receipted in 2000 for this program was \$378,000 verses \$0 in 2001.

The increase in charges for services from 2000 to 2001 is attributed to higher contracted rates with the Townships on Fire and EMS Services contracts.

The special assessment revenue will vary with the nature and timing of special assessment projects completed by the City of Napoleon. The slight decrease is indicative of these timing differences.

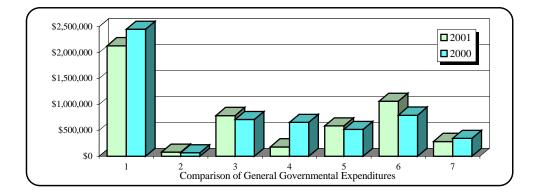

Fines and forfeitures will vary by year dependent on caseload and type of cases filed. There was a major increase in 2001 over 2000 due to increased caseload and increases in fines and court costs levied.

All other revenue is in a miscellaneous category. This includes a variety of less significant revenue sources, including miscellaneous rental income, donations and certain refunds. The category of all other revenues increased in 2001 by \$41,975. This increase was primarily due to receipts to one time miscellaneous receipts. Normally "other revenues" represents a very minor percentage of the City's total receipts.

#### **General Governmental Expenditures**

Expenditures for general governmental purposes, including the general, special revenue and debt service funds, totaled \$5,110,229, representing an decrease of (\$431,111) or (7.8%) below 2000. Expenditures for the major functions of the City, the percentage of total expenditures for 2001 and the amount of increase/(decrease) over 2000 are shown in the following table:

|    |                                    | Total        |          | Increase    |
|----|------------------------------------|--------------|----------|-------------|
|    |                                    | 2001         | Percent  | (Decrease)  |
| ,  | Expenditures                       | Expenditures | of Total | over 2000   |
| 1. | Security of Persons and Property   | \$2,132,567  | 41.73%   | (\$319,356) |
| 2. | Public Health and Welfare Services | 79,675       | 1.56%    | 13,557      |
| 3. | Leisure Time Activities            | 786,130      | 15.38%   | 75,937      |
| 4. | Community Environment              | 180,763      | 3.54%    | (473,142)   |
| 5. | Transportation                     | 584,706      | 11.44%   | 65,049      |
| 6. | General Government                 | 1,060,213    | 20.75%   | 266,621     |
| 7. | Debt Service                       | 286,175      | 5.60%    | (59,777)    |
|    | Total                              | \$5,110,229  | 100.00%  | (\$431,111) |

#### **Expenditure Narrative**

Expenditures for security of persons and property decreased in 2001 as compared to 2000 as a result of the purchase of an Aerial Ladder Truck recorded in 2000.

Public health and welfare increased slightly due to increased expenditures in Cemetery operational costs.

Leisure time activities increased due to normal wages and benefits, including seasonal wages, for the various programs sponsored by the City. A larger increase in costs was due to the direct charging of utility services to the end user. Supply costs to run most programs also increased.

The community environment decrease of (\$473,142) in 2001 was in expenditures for the CDBG, CHIS, and CHIP Housing Grant Funds used for low income housing rehabilitation and renovations. The first funding round was completed in 2000 and did not renew in 2001. Actual cash expensed in 2000 for this program was \$450,030 verses \$0 in 2001. There was also a slight reduction in the Economic Development Fund expenditures in 2001 compared to 2000.

Transportation expenditures increased due to the road striping program done every three years.

General government expenditures increased \$266,621 in 2001 due to a number of items added to the budget: added a department of Manager of Information Services (MIS) \$82,414; added additional Municipal Court personnel \$31,110; added contract for a professional lobbyist \$60,000; started the direct charging of utility services to departments \$40,000; one time expenses in professional services, and other normal increases in contracts, supplies and wages and benefits of \$53,097.

#### **Proprietary Operations**

#### **Enterprise Funds:**

The City operates four enterprise funds: a water treatment plant and distribution system, wastewater collection system and treatment plant, electric distribution system and a residential solid waste collection and disposal system, which includes curbside recycling and a yardwaste site. Revenues derived from user charges support the enterprise funds.

Certain pertinent data relating to the enterprise operations of the City is presented below.

|            | Total        | Net       | Return    |
|------------|--------------|-----------|-----------|
|            | Assets       | Income    | on Assets |
| Electric   | \$21,666,268 | \$627,033 | 2.89%     |
| Water      | 5,300,993    | 331,760   | 6.26%     |
| Sewer      | 11,924,516   | 515,540   | 4.32%     |
| Sanitation | 853,582      | 101,629   | 11.91%    |

#### **Internal Service Fund:**

The City's internal service fund is used to account for the financing of goods and services provided by one department to other departments of the City on a cost-reimbursement basis. The City maintains one internal service fund, which is the Garage Rotary Fund. The purpose of the Garage Rotary Fund is to provide centralized service and repairs on all City-owned vehicles and other specialty equipment.

#### **Fiduciary Operations**

Trust and agency funds are established to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, other governmental units and/or other funds. The City maintains two expendable trust funds with assets totaling \$80,729 and a nonexpendable trust fund with assets totaling \$10,566. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. Total assets and liabilities of the agency funds of the City amounted to \$22,166.

#### **Debt Administration**

The debt service funds accumulate resources for the payment of principal, interest and associated administrative costs on the City's general and special assessment (with governmental commitment) long-term debt. Resources come from general revenues, enterprise revenues, special assessments and investment earnings.

The City's general obligation bonds have an excellent rating. Moody's Investors Service last rated the City's bond credit rating at "A2." The total bonded general obligation debt of the City at December 31, 2001, was \$1,590,000 in Waterworks System Improvements and \$1,547,000 in Special Assessment Bonds.

In 1998, the City issued \$3,245,000 in 20 year Electric System Revenue Bonds for its 2<sup>nd</sup> Interconnect Project, and issued \$3,480,000 in 20 year Sewer System Revenue Bonds for its Wastewater Plant Improvements Project. These bond issues will be repaid from the revenues of each respective fund. The principal amount outstanding of revenue backed debt at December 31, 2001, was \$6,045,000. In addition, the City has several loans obtained from the Ohio Water Development Authority (OWDA), which were used to finance the construction of the wastewater treatment plant improvements and waterline improvements. The loans are being repaid from the revenues of the Sewer and Water Funds. The principal amount outstanding of the OWDA loans at December 31, 2001 was \$3,202,104.

In addition to General Obligation and Revenue Backed Debt, the City has a balance of \$263,930 in zero percent (0%) interest loans from Ohio Public Works Commission for an Unimproved Street project, and \$88,341 in deferred loans from Ohio Sewer and Water Rotary Commission for the Palmer Ditch Sewer project.

The ratio of property tax supported general bonded debt to assessed value and the amount of bonded debt per capita are considered to be good indicators to municipal managers, citizens and investors in general governmental debt of the City's debt position. The City's debt position as of December 31, 2001 was as follows:

Overall Legal Debt Margin \$14,831,541 Unvoted Legal Debt Margin 7,768,903

A more thorough presentation of the calculation of these figures is located in the statistical section of this report.

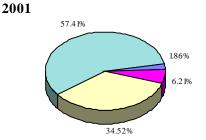

#### **Cash Management**

Cash management is an integral component of the City's overall financial plan. The City's goal is to earn a market rate of return consistent with providing the liquidity needed to pay obligations on a timely basis. Cash flow forecasting and the use of short-term investments, such as repurchase agreements and the State Treasurer's Asset Reserve account (STAR Ohio), allows the City to earn interest on all funds.

The City's investment policy was updated in 2000 and generally complies with Section 135.14 of the Ohio Revised Code. Current policy has a maximum maturity limited to five (5) years. Most investments mature within the current fiscal year. Interest earnings are allocated to funds according to City ordinance. As required by law, all deposits and repurchase agreements are covered by eligible collateral, while the Ohio Revised Code and the City's investment policy specifically permit investment in securities (treasuries and agency/instrumentality issues).

The City's cash resources were invested as follows at December 31, 2001:

| Cash Resources            | 2001         | %      |
|---------------------------|--------------|--------|
| Cash and Cash Equivalents | \$357,109    | 1.86   |
| STAR Ohio                 | 1,191,221    | 6.21   |
| Federal Securities        | 6,614,640    | 34.52  |
| Certificates of Deposit   | 11,000,000   | 57.41  |
| Total                     | \$19,162,970 | 100.00 |

At December 31, 2001, the City had bank balances of \$12,324,950. Federal depository insurance covered \$800,000 of the bank balance. Of the bank balance \$2,000,000 was classified as Category 1, \$1,390,759 was classified as Category 2 and all remaining deposits were classified as Category 3. In addition, the City had \$2,500 cash on hand. Ohio Law requires that deposits be placed in eligible banks or savings and loan associations located in Ohio. Any public depository in which the City places deposits must pledge as collateral eligible securities of aggregate market value equal to the excess of deposits not insured by the Federal Deposit Insurance Corporation (FDIC). The securities pledged as collateral are pledged to a pool for each individual financial institution in amounts equal to at least 105% of the carrying value of all public deposits held by each institution. Obligations that may be pledged as collateral are limited to obligations of the United States and its agencies and obligations of any state, county, municipal corporation or other legally constituted authority of any other state, or any instrumentality of such county, municipal corporation or other authority.

The primary objectives of the City's investment program, in order of priority, are as follows:

- 1. Safety The safety of principal balances is the City's foremost objective and all investments are undertaken in a manner to insure the preservation of capital.
- Liquidity All investments should be sufficiently liquid to meet all operating requirements that
  can be reasonably anticipated. Since all possible cash demands cannot be anticipated, the
  investment portfolio should consist of securities with active resale markets, and with no measure
  of possible erosion in response to interest rate shifts.
- 3. Yield Return on investment is of least importance compared to the safety and liquidity objectives described above. Investments are limited to low risk securities with the expectation of earning a fair return relative to the risk assumed.

All eligible financial institutions must meet the requirements of the Uniform Depository Act, which requires the financial institution to maintain a full service facility located in the City of Napoleon and to have a current Agreement for Deposit of Interim Funds with the City.

Authorized investments are described in detail in Note 4 of the footnotes to the general purpose financial statements included within the financial section of this Comprehensive Annual Financial Report. The City seeks to utilize those funds not needed for daily obligations most effectively by purchasing marketable, short-term instruments at higher yields. Currently, the City uses short-term treasury notes, agency/instrumentality discount notes, and bank certificates of deposit in its investment program.

The yield curve and the yield spreads direct the City toward those instruments providing the highest, short-term yield at the time of the investment. The City uses eligible financial institutions as specified in the Ohio Revised Code for deposit and securities transactions. All depository relationships are based on requirements within the Ohio Revised Code. All securities are currently placed in safekeeping with National City Bank, Cleveland, Ohio.

#### **Risk Management**

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees and natural disasters. The City participates with other cities in the Buckeye Ohio Risk Management Agency, Inc., (BORMA, Inc.) in jointly funded risk financing programs administered by Arthur J. Gallagher & Co. The BORMA, Inc. programs include two separate pools, which provide separate and distinct coverages.

The first pool provides comprehensive automobile liability, automobile physical damage, comprehensive general liability, crime and property liability and public officials liability coverage up to specified limits. The pool includes the following municipalities: Bowling Green, Defiance, Huron, Napoleon, Sandusky and Willard. Member contributions are calculated annually to produce a sufficient sum of money within the pool to fund administrative expenses and to create reserves for claims. On December 31, 2001, the pool cash reserves were \$669,919, which, in the opinion of management, is adequate for any claims against the pool. The amount of risk retained within the pool at the end of 2001 was \$25,000 per claim for property and crime, and \$100,000 for liability, with an annual stop loss of \$450,000. Various insurance carriers cover claims in excess of \$25,000 up to \$10,000,000. Current individual deductible is \$1,000 for property and \$0 for liability.

The second pool is for employee benefits and includes life insurance, accidental death and dismemberment insurance, health insurance and prescription drug insurance. Each member has an option on the coverage it has elected to provide for its employees. Napoleon provides to its employees all available options offered by the pool. The employee benefits pool for 2001 includes the following municipalities: Archbold, Bowling Green, Carey, Clyde, Defiance, Fayette, Hicksville, Napoleon, Oberlin, Sandusky, Upper Sandusky and Willard. On December 31, 2001, the pool had cash reserves of \$1,317,915 and, in the opinion of management, is adequate for any claims against the pool.

Premiums for 2002 are paid to the employee benefits pool at a cost of \$596.41 for family coverage and \$208.12 for single coverage. Life insurance monthly premium is \$5.20. During 2001 the City paid \$565,577 of premiums into the pool for coverage. The cost of coverage is paid by the fund that pays the salary of the individual employees. The amount of risk retained within the employee benefits pool is \$100,000 per individual with excess claims coverage provided by the American National Insurance Company.

The individual BORMA, Inc. members are <u>not</u> considered "participants having equity interest" as defined by GASB Statement No. 14 since members have no rights to any assets of BORMA, Inc. other than possible residual claims upon dissolution. Therefore, BORMA, Inc. is a multi-jurisdictional arrangement that has the characteristics of a joint venture but has additional features that distinguish it, for financial reporting purposes, from the traditional joint venture defined in GASB Statement No. 14.

BORMA, Inc. has the ability to require the member cities to make supplemental payments in the event reserves are not adequate to cover claims. The probability of this occurring is considered remote due to the adequacy of the pool reserves and premium levels, therefore, no amounts have been reserved in the financial statements. Audited financial statements are maintained separately by BORMA, Inc.

The City pays the State Workers' Compensation System a premium based upon a rate per \$100 of payroll plus administrative costs. The rate is determined based upon the accident history of the Ohio Rural Water Association (ORWA) joint rating pool, of which the City became a member in 1999 and continues into 2002. The City reviews closely all Workers' Compensation claims to control costs.

Current safety policies direct training that has been provided on an ongoing basis. This includes various types of safety training for the specific departments; drivers training, a drug free workplace policy with training, and a sexual harassment policy with training. Recently, the City has provided safety training on safe lifting and back training along with other various OSHA related safety programs.

#### OTHER INFORMATION

#### **Independent Audit**

Included in this report is an unqualified audit opinion rendered on the City's financial statements for the year ended December 31, 2001, by the Auditor of State in Ohio. City management plans to continue to subject the financial statements to an annual independent audit as part of the preparation of a Comprehensive Annual Financial Report. An annual audit serves to maintain and strengthen the City's accounting and budgetary controls.

#### **Awards**

The Government Finance Officers Association of the United States and Canada (GFOA) awards a Certificate of Achievement for Excellence in Financial Reporting to those governmental entities that qualify. To be awarded a Certificate of Achievement, a governmental unit must prepare an easily readable and efficiently organized Comprehensive Annual Financial Report whose contents satisfy all program standards. The report must satisfy both generally accepted accounting principles (GAAP) and applicable legal requirements respective to the reporting entity. A Certificate of Achievement is valid for a period of one year only. The City received a Certificate of Achievement for the fiscal year ended December 31, 2000. I believe this, our sixth (6<sup>th</sup>) Comprehensive Annual Financial Report, meets the high standards set by the GFOA for a Certificate of Achievement for Excellence in Financial Reporting, so therefore, I am submitting it to GFOA for certification.

#### **Public Disclosure**

The publication of this Comprehensive Annual Financial Report is indicative of the City's commitment to provide significantly enhanced financial information and accountability to its citizens. In addition to the citizens of Napoleon, the recipients of this report include city, state and federal officials, schools, libraries, newspapers, investment banking firms, banks and rating agencies. The report is made available to any person or organization requesting it. The extensive effort to prepare and distribute this report is indicative of the continued efforts of the City to improve its overall financial accounting, management and reporting capabilities.

#### Acknowledgments

The City is grateful to the many agencies and organizations that continue to contribute to make this report possible, including the Henry County Auditor's Office, the Henry County Chamber of Commerce, the Community Improvement Corporation and the Audit Division of the State Auditor's Office. Special credits go to Ms. Andrea Borstelman for her artistic contribution to the front cover.

Sincere appreciation is also extended to the many individuals who have worked diligently and contributed significant time and effort in gathering data for this report, particularly the staff of Donald J. Schonhardt & Associates, Inc., who through their continued knowledge and professionalism help make this annual project become a reality.

A thank you is extended to the Members of City Council, the Mayor and the City Administration for the support and trust shown to the Finance Department. Also for allocating the resources and time for the development of this report, which demonstrates the City's commitment to conform to reporting requirements established for municipal governments, and to maintain the sound financial position the City has enjoyed for many years. A final thank you to the Citizens of Napoleon, Ohio, who continue to support the many decisions made by the City in its financial operations.

Finally, I would especially like to recognize my staff, all of whom exhibited dedication and proficiency throughout the many hours required in preparing this report. A special thank you is extended to Mr. Ted Rohrs, Assistant Finance Director, who assisted in overseeing this project.

Respectfully submitted,

regory f. Heath

Gregory J. Heath Director of Finance

PS/

The events of 9/11 have impacted everyone in the country in different ways. It has made us more aware that life is very precious and fragile. Our prayers go out to the family and friends of those killed during these events, and to those everyday hero's that rose up during this time of crisis. A special thank you goes to our Police, Fire and Military forces, who are on the front lines and defend our freedoms on a daily basis. Freedom as we know it is being constantly attacked from many directions and must be defended at all costs. Those who attempt to deny our freedom should never under-estimate our resolve to keep it. May God continue to bless America.

# THE CITY OF NAPOLEON, OHIO HENRY COUNTY PRINCIPAL OFFICIALS AS OF DECEMBER 31, 2001

# Certificate of Achievement for Excellence in Financial Reporting

Presented to

# City of Napoleon, Ohio

For its Comprehensive Annual Financial Report for the Fiscal Year Ended December 31, 2000

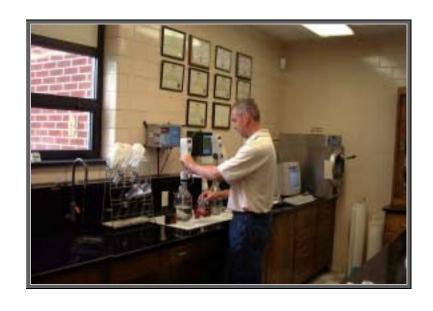

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

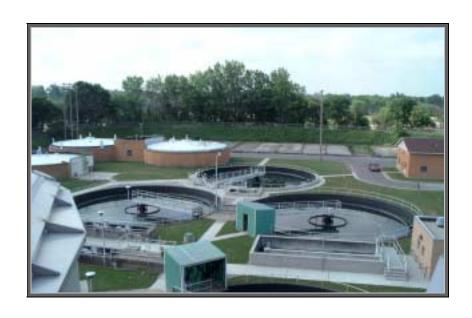

# FINANCIAL SECTION

WATER QUALITY IS THE TOP PRIORITY FOR THE CITY'S WATER TREATMENT PLANT. THERE ARE MANY LAB TESTS TO BE RUN ON A REGULAR BASIS TO INSURE THAT QUALITY.

WASTEWATER IS TREATED AT THE CITY'S WASTEWATER PLANT BIOLOGICALLY & CHEMICALLY TO ENSURE THAT THE WATER QUALITY MEETS OR EXCEEDS EPA STANDARDS.

#### REPORT OF INDEPENDENT ACCOUNTANTS

City of Napoleon Henry County 255 West Riverview Avenue Napoleon, Ohio 43545- 1766

To the Honorable Mayor and Members of Council:

We have audited the accompanying general-purpose financial statements of the City of Napoleon (the City) as of and for the year ended December 31, 2001, as listed in the table of contents. These general-purpose financial statements are the responsibility of the City's management. Our responsibility is to express an opinion on these general-purpose financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of the City of Napoleon, Henry County, as of December 31, 2001, and the results of its operations and the cash flows of its proprietary fund types and nonexpendable trust fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 14, 2002 on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

City of Napoleon
Henry County
Report of Independent Accountants
Page 2

We performed our audit to form an opinion on the general-purpose financial statements of the City, taken as a whole. The combining and individual fund and account group financial statements and schedules listed in the table of contents are presented for additional analysis and are not a required part of the general-purpose financial statements. We subjected this information to the auditing procedures applied in the audit of the general-purpose financial statements and, in our opinion, is fairly presented in all material respects, in relation to the general-purpose financial statements taken as a whole.

We did not audit the data included in the introductory and statistical sections of this report and therefore express no opinion thereon.

Jim Petro Auditor of State

June 14, 2002

### General Purpose $F_{\it INANCIAL}$ Statements

The following general purpose financial statements, along with the notes to the general purpose financial statements, present an overview of the City's financial position at December 31, 2001 and the results of operations and cash flows of its proprietary and nonexpendable trust funds for the year then ended.

#### Schedule of Noncash Investing, Capital and Financing Activities:

As of December 31, 2001, the Electric Fund and the Water Fund had outstanding liabilities of \$279,476 and \$152,672 respectively for the purchase of certain capital assets.

During 2001 the fair value of investments increased by \$65,616, \$9,682, \$17,608 and \$5,094 in the Electric, Water, Sewer and Sanitation Funds respectively.

The notes to the general purpose financial statements are an integral part of this statement.

## THE CITY OF NAPOLEON, OHIO NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS DECEMBER 31, 2001

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Napoleon, Ohio (the City) is a home rule municipal corporation created under the laws of the State of Ohio. The City operates under its own Charter, which provides for a Council/Manager form of government. The Charter was adopted November 7, 1950 and became effective January 1, 1952. The current Charter, as amended, was adopted November 3, 1992 and became effective January 1, 1993.

The accompanying general purpose financial statements of the City present the financial position of the various fund types and account groups, the results of operations of the various fund types and the cash flows of the proprietary and similar trust funds. The financial statements are presented as of December 31, 2001 and for the year then ended and have been prepared in conformity with generally accepted accounting principles (GAAP) applicable to local governments. The Governmental Accounting Standards Board (the "GASB") is the standard-setting body for establishing governmental accounting and financial reporting principles, which are primarily set forth in the GASB's Codification of Governmental Accounting and Financial Reporting Standards (GASB Codification).

#### A. Reporting Entity

The accompanying general purpose financial statements comply with the provisions of the GASB Statement No. 14, "*The Financial Reporting Entity*," in that the financial statements include all organizations, activities, functions and component units for which the City (the primary government) is financially accountable. Financial accountability is defined as the appointment of a voting majority of a legally separate organization's governing body and either (1) the City's ability to impose its will over the organization, or (2) the potential that the organization will provide a financial benefit to or impose a financial burden on the City.

Based on the foregoing, the City's financial reporting entity has no component units but includes all funds, account groups, agencies, boards and commissions that are part of the primary government, which include the following services: police and fire protection, parks and recreation, planning, zoning, street maintenance and other governmental services. In addition, the City owns and operates a water treatment and distribution system, a wastewater treatment and collection system, an electric distribution system and provides refuse collection services all of which are reported as enterprise funds.

#### 1. Joint Ventures with Equity Interest

Ohio Municipal Electric Generation Agency Joint Venture 2 (Omega JV-2) - The City is a participant with thirty-six subdivisions within the State of Ohio in a joint venture to provide supplemental reserve electric power to the participants on a cooperative basis. The Omega JV-2 was created for that purpose. The Omega JV-2 is managed by AMP-Ohio which acts as the joint venture's agent. See Note 15 "Joint Ventures."

#### A. Reporting Entity (Continued)

#### 1. Joint Ventures with Equity Interest (Continued)

Ohio Municipal Electric Generation Agency Joint Venture 5 (Omega JV-5) - The City is a participant with forty-two subdivisions within the State of Ohio in a joint venture to construct a hydroelectric plant and associated transmission facilities in West Virginia on the Ohio River at the Belleville Locks and Dam and receive electricity from its operation. The Omega JV-5 was created for that purpose. See Note 15 "Joint Ventures."

#### 2. Joint Ventures without Equity Interest

Community Improvement Corporation - The City, along with Henry County is a participant in the joint venture to operate the Community Improvement Corporation (CIC). The corporation's duties are to advance, encourage and promote the industrial, economic, commercial and civic development of the City of Napoleon and Henry County. See Note 15 "Joint Ventures."

#### **B.** Basis of Presentation - Fund Accounting

The accounting policies and financial reporting practices of the City conform to generally accepted accounting principles as applicable to governmental units. The following is a summary of its significant accounting policies:

The accounting system is organized and operated on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures (expenses). The various funds are summarized by type in the general purpose financial statements. The following fund types and account groups are used by the City:

#### Governmental Funds

Governmental funds are those funds through which most governmental functions are typically financed. The acquisition, use and balances of the City's expendable financial resources and the related current liabilities (except those accounted for in the proprietary funds) are accounted for through governmental funds. The measurement focus is upon determination of "financial flow" (sources, uses and balances of financial resources). The following are the City's governmental fund types:

<u>General Fund</u> - This fund is used to account for all financial resources except those accounted for in another fund. The general fund balance is available to the City for any purpose provided it is expended or transferred according to the general laws of Ohio and the limitations of the City Charter.

<u>Special Revenue Funds</u> - These funds are used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditure for specified purposes.

<u>Debt Service Fund</u> - This fund is used for the accumulation of resources for, and the payment of, general obligation and special assessment long-term debt principal and interest other than those accounted for in the proprietary funds.

#### B. Basis of Presentation - Fund Accounting (Continued)

<u>Capital Projects Fund</u> - This fund is used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by the proprietary funds).

#### **Proprietary Funds**

All proprietary funds are accounted for on an "economic resources" measurement focus. This measurement focus provides that all assets and liabilities associated with the operation of these funds are included on the balance sheet. Fund equity (i.e., net assets) is segregated into contributed capital and retained earnings components. Proprietary fund type operating statements present increases (i.e., revenues) and decreases (i.e., expenses) in net total assets.

<u>Enterprise Funds</u> - These funds are used to account for operations that are financed and operated in a manner similar to private business enterprises, whereby the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The City maintains separate enterprise funds for its water, sewer, electric and refuse collection services.

<u>Internal Service Fund</u> - This fund is used to account for the financing of services provided by one department to other departments or agencies of the governmental unit or to other governmental units on a cost-reimbursement basis. The City created the Central Garage Rotary Internal Service Fund to account for revenues and expenses associated with maintaining the City's motor transport equipment.

#### Fiduciary Funds

<u>Trust and Agency Funds</u> - These funds are used to account for assets held by a government unit in a trustee capacity or as an agent for individuals, private organizations, other governmental units and/or other funds. The City maintains expendable trust funds, a nonexpendable trust fund and agency funds. Expendable trust funds are accounted for and reported similarly to governmental funds. The nonexpendable trust fund is accounted for in essentially the same manner as the proprietary funds since capital maintenance is critical. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

#### **Account Groups**

To make a clear distinction between fixed assets related to specific funds and those of general government and between long-term liabilities related to specific funds and those of a general nature, the following account groups are used:

<u>General Fixed Assets Account Group</u> - This account group is established to account for fixed assets of the City other than those accounted for in the proprietary funds.

<u>General Long-Term Obligations Account Group</u> - This account group is established to account for all long-term debt of the City except those accounted for in the proprietary funds.

#### C. Basis of Accounting

Basis of accounting represents the methodology utilized in the recognition of revenues and expenditures or expenses in the accounts and reported in the financial statements, and relates to the timing of the measurements made. The accounting and reporting treatment applied to a fund is determined by its measurement focus.

The modified accrual basis of accounting is followed by the governmental funds, expendable trust and agency funds. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e., both measurable and available. Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the modified accrual basis when the exchange takes place and the resources are available. The term "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period, which for the City is 60 days after year end. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt which is recognized when due.

Non-exchange transactions, in which the City receives value without directly giving equal value in return, include income taxes, property taxes, grants, entitlements and donations. Revenue from income taxes is recognized in the period in which the income is earned and is available. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied and the revenue is available. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specific purpose, and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. Revenue considered susceptible to accrual at year end includes income taxes withheld by employers, interest on investments, state levied locally shared taxes (including motor vehicle license fees and local government assistance). Income taxes other than those withheld by employers, licenses, permits, charges for service and other miscellaneous revenues are recorded as revenue when received in cash because generally this revenue is not measurable until received.

Special assessment installments including related accrued interest, which are measurable but not available at December 31, are recorded as deferred revenue. Property taxes, which are measurable at December 31, 2001 but are not intended to finance 2001 operations, and delinquent property taxes whose availability is indeterminate, are recorded as deferred revenue as further described in See Note 5.

The accrual basis of accounting is utilized for reporting purposes by the proprietary funds and the nonexpendable trust fund. Revenues are recognized when they are earned and expenses recognized when incurred.

Pursuant to GASB Statement No. 20, "Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities that Use Proprietary Fund Accounting," the City follows GASB guidance as applicable to proprietary funds and FASB Statements and Interpretations, Accounting Principles Board Opinions and Accounting Research Bulletins issued on or before November 30, 1989 that do not conflict with or contradict GASB pronouncements.

#### D. <u>Budgetary Process</u>

The budgetary process is prescribed by provisions of the Ohio Revised Code and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the tax budget, the certificate of estimated resources and the appropriation ordinance, all of which are prepared on the budgetary basis of accounting. The certificate of estimated resources and the appropriation ordinance are subject to amendment throughout the year.

All funds other than agency funds are legally required to be budgeted and appropriated; however, only governmental and expendable trust funds are required to be reported. The primary level of budgetary control is at the object level within each department. Budgetary modifications may be made only by ordinance of the City Council.

#### 1. Tax Budget

The Director of Finance and the City Manager submit an annual tax budget for the following fiscal year to City Council by July 15 for consideration and passage. The adopted budget is submitted to the County Auditor, as Secretary of the County Budget Commission, by July 20 of each year for the period January 1 to December 31 of the following year.

#### 2. Estimated Resources

The County Budget Commission reviews estimated revenue and determines if the budget substantiates a need to levy all or part of previously authorized taxes. The Budget Commission then certifies its actions to the City by September 1 of each year. As part of the certification process, the City receives an official certificate of estimated resources stating the projected receipts by fund. Prior to December 31, the City must revise its budget so that the total contemplated expenditures from any fund during the ensuing fiscal year do not exceed the amount available as stated in the certificate of estimated resources. The revised budget then serves as the basis for the annual appropriations measure. On or about January 1, the certificate of estimated resources is amended to include any unencumbered fund balances from the preceding year. The certificate may be further amended during the year if a new source of revenue is identified or if actual receipts exceed current estimates. The amounts reported on the budgetary statement reflect the amounts in the final amended official certificate of estimated resources issued during 2001.

#### 3. Appropriations

A temporary appropriation ordinance to control expenditures may be passed on or about January 1 of each year for the period January 1 through March 31. An annual appropriation ordinance must be passed by April 1 of each year for the period January 1 through December 31. The appropriation ordinance establishes spending controls at the fund, department and object level, the legal level of control. The appropriation ordinance may be amended during the year as additional information becomes available, provided that total fund appropriations do not exceed

#### **D. Budgetary Process** (Continued)

#### 3. Appropriations (Continued)

the current estimated resources as certified by the County Budget Commission. The allocation of appropriations among departments and objects within a fund may be modified during the year by an ordinance of City Council. During 2001, several supplemental appropriations were necessary to budget the use of contingency funds, intergovernmental grant proceeds and capital improvement projects. Administrative control is maintained through the establishment of more detailed line-item budgets. The budgetary figures which appear in the "Combined Statement of Revenues, Expenditures, and Changes in Fund Balances--Budget and Actual--All Governmental Fund Types and Expendable Trust Funds" are provided on the budgetary basis to provide a comparison of actual results with the final budget, including all amendments and modifications.

#### 4. Encumbrances

As part of formal budgetary control, purchase orders, contracts and other commitments for expenditures are encumbered and recorded as the equivalent of expenditures (budget basis) in order to reserve that portion of the applicable appropriation and to determine and maintain legal compliance. However, on the GAAP basis of accounting, encumbrances do not constitute expenditures or liabilities and are reported as reservations of fund balances for governmental funds in the accompanying general purpose financial statements.

#### 5. Lapsing of Appropriations

At the close of each fiscal year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations. The encumbered appropriation balance is carried forward to the subsequent fiscal year and need not be reappropriated.

#### 6. Budgetary Basis of Accounting

The City's budgetary process accounts for certain transactions on a basis other than generally accepted accounting principles (GAAP). The major differences between the budgetary basis and the GAAP basis lie in the manner in which revenues and expenditures are recorded. Under the budgetary basis, revenues and expenditures are recognized on a cash basis. Utilizing the cash basis, revenues are recorded when received in cash and expenditures when paid. Under the GAAP basis, revenues and expenditures are recorded on the modified accrual basis of accounting. On the budgetary basis investment earnings are recognized when realized, whereas on a GAAP basis unrealized gains and losses are recognized when investments are adjusted to fair value.

#### **D. Budgetary Process** (Continued)

#### 6. Budgetary Basis of Accounting (Continued)

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budgetary cash basis statements for the governmental funds and the expendable trust funds:

Excess (Deficiency) of Revenues and Other Financing Sources Over (Under) Expenditures and Other Financing Uses

|                               |            | Special     | Debt     | Capital     | Expendable |
|-------------------------------|------------|-------------|----------|-------------|------------|
|                               | General    | Revenue     | Service  | Projects    | Trust      |
|                               | Fund       | Funds       | Fund     | Fund        | Funds      |
| GAAP Basis (as reported)      | (\$72,318) | \$958,476   | \$76,735 | (\$452,094) | \$1,686    |
| Increase (Decrease):          |            |             |          |             |            |
| Accrued Revenues at           |            |             |          |             |            |
| December 31, 2001             |            |             |          |             |            |
| received during 2002          | (648,962)  | (235,821)   | (832)    | (13,966)    | 0          |
| Accrued Revenues at           |            |             |          |             |            |
| December 31, 2000             |            |             |          |             |            |
| received during 2001          | 666,158    | 192,575     | 2,376    | 0           | 0          |
| Accrued Expenditures at       |            |             |          |             |            |
| December 31, 2001             |            |             |          |             |            |
| paid during 2002              | 186,605    | 103,629     | 0        | 62,549      | 2,779      |
| Accrued Expenditures at       |            |             |          |             |            |
| December 31, 2000             |            |             |          |             |            |
| paid during 2001              | (123,690)  | (99,259)    | 0        | (10,127)    | (673)      |
| 2000 Adjustment to Fair Value | 21,907     | 11,861      | 2,737    | 0           | 0          |
| 2001 Adjustment to Fair Value | (19,473)   | (17,427)    | (3,040)  | 0           | 0          |
| Outstanding Encumbrances      | (40,760)   | (1,250,781) | 0        | (162,940)   | 0          |
| Budget Basis                  | (\$30,533) | (\$336,747) | \$77,976 | (\$576,578) | \$3,792    |

#### E. Cash and Cash Equivalents

Cash and cash equivalents include amounts in demand deposits, repurchase agreements, the State Treasury Asset Reserve (STAR Ohio) and certificates of deposit with original maturity dates of three months or less. The STAR Ohio is considered an investment for purposes of GASB Statement No. 3, but it is reported as a cash equivalent in the general purpose financial statements because it is a highly liquid instrument which is readily convertible to cash. The City pools its cash for investment and resource management purposes. Each fund's equity in pooled cash and investments represents the balance on hand as if each fund maintained its own cash and investment account. Restricted assets are comprised of the Electric and Sewer Bond Reserve fund balances and the meter deposit funds held by the City. For purposes of the statement of cash flows, the proprietary funds' shares of equity in pooled certificates of deposit are considered to be cash equivalents. See Note 4, "Cash, Cash Equivalents and Investments."

#### F. Investments

Investment procedures and interest allocations are restricted by provisions of the Ohio Constitution and the Ohio Revised Code. The City allocates interest among certain funds based upon percentages mandated by City ordinance. In accordance with GASB Statement No. 31, "Accounting and Financial Reporting for Certain Investments and for External Investment Pools", the City records all its investments at fair value except for nonparticipating investment contracts (certificates of deposit) which are reported at cost, which approximates fair value. All investments are considered, including those with a maturity of one year or less, and included in the calculation of the change in fair value. Fair value is determined by quoted market prices. See Note 4, "Cash, Cash Equivalents and Investments."

The City has invested funds in the STAR Ohio during 2001. STAR Ohio is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's share price which is the price the investment could be sold for on December 31, 2001.

#### **G.** Inventory

Inventory is stated at cost (first-in, first-out) in the governmental funds and at the lower of cost or market in the proprietary funds. The costs of inventory items are recorded as expenditures in the governmental funds when purchased and as expenses in the proprietary funds when used.

#### H. Fixed Assets and Depreciation

The accounting and reporting treatment applied to fixed assets is determined by the ultimate use:

#### 1. Property, Plant and Equipment - General Governmental Purposes

Fixed assets acquired or constructed for general governmental purposes are recorded as expenditures in the governmental funds and are capitalized at cost (or estimated historical cost for assets not purchased in recent years) in the General Fixed Assets Account Group. Contributed fixed assets are recorded at fair market value at the date received.

Fixed assets consisting of certain improvements other than buildings, including roads, bridges, curbs and gutters, streets and sidewalks, drainage systems and lighting systems, have not been capitalized. Such assets normally are immovable and of value only to the City; therefore, the purpose of stewardship for capital expenditures can be satisfied without recording these assets.

The City has elected not to record depreciation in the General Fixed Assets Account Group.

#### H. Fixed Assets and Depreciation (Continued)

#### 2. Property, Plant and Equipment - Proprietary Funds

Property, plant and equipment (water and sewer lines) acquired by the proprietary funds are stated at estimated historical cost. Contributed fixed assets are recorded at fair market value at the date received.

Depreciation has been provided using the straight-line method over the following estimated useful lives:

| Description                                      | Estimated Lives (Years) |
|--------------------------------------------------|-------------------------|
| Buildings                                        | 25                      |
| Improvements other than Buildings/Infrastructure | 10 - 50                 |
| Vehicles                                         | 5 - 20                  |
| Machinery, Equipment, Furniture and Fixtures     | 3 - 25                  |

#### I. Long-Term Obligations

Long-term liabilities are being repaid from the following funds:

| Obligation                                            | Fund                                                                                                                                                          |
|-------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------|
| General Obligation Bonds<br>Mortgage Revenue Bonds    | Water Fund<br>Sewer Fund<br>Electric Fund                                                                                                                     |
| Special Assessment Bonds with Governmental Commitment | Special Assessment Bond Retirement Fund<br>Sewer Fund                                                                                                         |
| Ohio Public Works                                     |                                                                                                                                                               |
| Commission Loans                                      | Special Assessment Bond Retirement Fund Sewer Fund                                                                                                            |
| OWDA Loans                                            | Water Fund<br>Sewer Fund                                                                                                                                      |
| Compensated Absences                                  | General Fund Street Construction, Maintenance, and Repair Fund Recreation Fund Electric Fund Water Fund Sewer Fund Sanitation Fund Central Garage Rotary Fund |

#### J. Compensated Absences

Employees of the City earn vacation leave at various rates within limits specified under collective bargaining agreements or under statute.

The rate of cash compensation for sick leave payout varies within specified limits under collective bargaining agreements or under law. Employees are paid 25% of the accumulated sick time upon retirement. Employees are eligible for retirement at age 60 with 5 years of service, age 55 with 25 years of service, and any age with at least 30 years of service. Compensation for sick leave is paid at the employee's full rate of pay at the time of termination or retirement.

In accordance with GASB Statement No. 16, "Accounting for Compensated Absences," the City records a liability for vacation time and sick leave when the obligation is attributable to services previously rendered or to rights that vest or accumulate, and when payment of the obligation is probable and can be reasonably determined. For governmental funds, the portion of unpaid compensated absences expected to be paid using expendable, available resources is reported as an expenditure in the fund from which the individual earning the leave is paid, and a corresponding liability is reflected in the account "Compensated Absences Payable." The remaining portion of the liability is reported in the General Long-Term Obligations Account Group.

#### K. Pensions

The provision for pension costs is recorded when the related payroll is accrued and the obligation is incurred.

#### L. Interfund Transactions

During the course of normal operations, the City has numerous transactions between funds. Interfund transactions are generally classified as follows:

- Operating transfers are reported as "Other Financing Sources and Uses" in the governmental funds, as "Operating Transfers In" by the recipient fund and "Operating Transfers Out" by the disbursing fund.
- Residual Equity Transfers are nonroutine or nonrecurring transfers between funds and are reported as additions to or deductions from the fund equity balance. The City did not perform any residual equity transfers in 2001.

Transactions that would be treated as revenues and expenditures if the transactions involved organizations external to the City are similarly treated when involving other funds of the City. The City also advances cash from one fund to another as necessary to meet current obligations.

#### M. Reservations of Fund Balance/Retained Earnings

Reserves indicate that a portion of fund balance is not available for expenditure or is legally segregated for a specific future use. Fund balances are reserved for inventories, debt service, endowments and encumbered amounts not accrued at year end. Retained earnings are reserved for debt service requirements and revenue bond indenture.

#### N. Contributed Capital

Proprietary fund type contributed capital is recorded at the fair market value of the related assets at the date received. Depreciation on contributed fixed assets resulting from grants, entitlements and shared revenues is recorded as an operating expense and closed along with other operating expenses directly to retained earnings. Capital contributions received after December 31, 2000 are recorded as revenue in the proprietary funds.

#### O. <u>Total Columns on the Combined Financial Statements</u>

Total columns on the combined financial statements are captioned "Memorandum Only" to indicate they are presented only to facilitate financial analysis. Data in these columns does not present financial position, results of operations or cash flows in conformity with generally accepted accounting principles, nor is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

### NOTE 2 – CHANGES IN ACCOUNTING PRINCIPLE AND RESTATEMENT OF FUND BALANCES

The beginning fund balances of the General Fund and the Capital Projects Fund have been restated to correct an error in accounting for interest receivable. The accounting error has required a restatement of beginning fund balance at December 31, 2000.

In addition, for fiscal year 2001, the City has implemented GASB Statement No. 33 "Accounting and Financial Reporting for Nonexchange Transactions" and GASB Statement No. 36 "Recipient Reporting for Certain Shared Nonexchange Revenues". At December 31, 2000, the implementation of GASB Statements No. 33 and 36 and the correction of the error in accounting had the following effect on fund balances:

|                       | Fund Balance | GASB           |            | Fund Balance |
|-----------------------|--------------|----------------|------------|--------------|
|                       | as Reported  | 33 & 36        | Accounting | as Restated  |
| Fund Name             | 12/31/00     | Implementation | Error      | 12/31/00     |
| General Fund          | \$2,957,163  | \$60,585       | \$23       | \$3,017,771  |
| Special Revenue Funds | 1,679,137    | 25,393         | 0          | 1,704,530    |
| Capital Projects Fund | 746,132      | 0              | (23)       | 746,109      |

## NOTE 2 – CHANGES IN ACCOUNTING PRINCIPLE AND RESTATEMENT OF FUND BALANCES (Continued)

In addition to the above noted change to fund balance the restatement of fund balances had the following effect on prior year excess (deficiency) of revenues and other financing sources over (under) expenditures and other financing uses:

|                       | Excess (Deficiency)       |                |            | Excess (Deficiency)       |
|-----------------------|---------------------------|----------------|------------|---------------------------|
|                       | of Revenues and           |                |            | of Revenues and           |
|                       | Other Financing Sources   |                |            | Other Financing Sources   |
|                       | Over (Under) Expenditures | GASB           |            | Over (Under) Expenditures |
|                       | and Other Financing Uses  | 33 & 36        | Accounting | and Other Financing Uses  |
| Fund Name             | as Reported 12/31/00      | Implementation | Error      | as Restated 12/31/00      |
| General Fund          | (\$369,777)               | \$60,585       | \$23       | (\$309,169)               |
| Special Revenue Funds | (82,902)                  | 25,393         | 0          | (57,509)                  |
| Capital Projects Fund | 369,739                   | 0              | (23)       | 369,716                   |

#### NOTE 3 - COMPLIANCE AND ACCOUNTABILITY

**Fund Deficits** - The fund deficits at December 31, 2001 of \$29,766 in the Police Pension Fund and \$18,834 in the Fire Pension Fund (special revenue funds) arise from the recognition of expenditures on the modified accrual basis of accounting which are greater than expenditures recognized on the budgetary basis. The deficits do not exist under the cash basis of accounting. The General Fund provides operating transfers when cash is required, not when accruals occur.

#### NOTE 4 - CASH, CASH EQUIVALENTS AND INVESTMENTS

Cash resources of several individual funds are combined to form a pool of cash and investments. In addition, investments are separately held by a number of individual funds.

Statutes require the classification of funds held by the City into three categories:

Category 1 consists of "active" funds - those funds required to be kept in "cash" or "near cash" status for immediate use by the City. Such funds must be maintained either as cash in the City Treasury or in depository accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts.

Category 2 consists of "inactive" funds - those funds not required for use within the current five year period of designation of depositories. Inactive funds may be deposited or invested only as certificates of deposit maturing no later than the end of the current period of designation of depositories.

Category 3 consists of "interim" funds - those funds not needed for immediate use but needed before the end of the current period of designation of depositories. Interim funds may be invested or deposited in the following securities:

#### **NOTE 4 - CASH, CASH EQUIVALENTS AND INVESTMENTS** (Continued)

- United States treasury notes, bills, bonds, or any other obligation or security issued by the United States treasury or any other obligation guaranteed as to principal or interest by the United States:
- Bonds, notes, debentures, or any other obligations or securities issued by any federal
  government agency or instrumentality, including but not limited to, the federal national
  mortgage association, federal home loan bank, federal farm credit bank, federal home loan
  mortgage corporation, government national mortgage association, and student loan marketing
  association. All federal agency securities shall be direct issuances of federal government
  agencies or instrumentalities;
- Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
- Interim deposits in eligible institutions applying for interim funds;
- Bonds and other obligations of the State of Ohio;
- No-load money market mutual funds consisting exclusively of obligations described in the
  first two bullets of this section and repurchase agreements secured by such obligations,
  provided that investments in securities described in this division are made only through
  eligible institutions, and
- The State Treasury Asset Reserve of Ohio (STAR Ohio).

Certain bankers' acceptances and commercial paper notes for a period not to exceed one hundred and eighty days from the date of purchase in an amount not to exceed twenty-five percent of the interim moneys available for investment at any one time.

Ohio law requires that deposits be placed in eligible banks or savings and loan associations located in Ohio. Any public depository in which the City places deposits must pledge as collateral eligible securities of aggregate market value equal to the excess of deposits not insured by the Federal Deposit Insurance Corporation (FDIC). The securities pledged as collateral are pledged to a pool for each individual financial institution in amounts equal to at least 105% of the carrying value of all public deposits held by each institution. Obligations that may be pledged as collateral are limited to obligations of the United States and its agencies and obligations of any state, county, municipal corporation or other legally constituted authority of any other state, or any instrumentality of such county, municipal corporation or other authority. Based upon criteria described in GASB Statement No. 3, "Deposits With Financial Institutions, Investments (including Repurchase Agreements) and Reverse Repurchase Agreements," collateral held in single financial institution collateral pools with securities being held by the pledging financial institution's agent in the pool's name are classified as Category 3.

#### NOTE 4 - CASH, CASH EQUIVALENTS AND INVESTMENTS (Continued)

The GASB has established risk categories for deposits and investments as follows:

#### Deposits:

| Category 1 | Insured or collateralized with securities held by the City or by its agent |
|------------|----------------------------------------------------------------------------|
|            | in the City's name.                                                        |

- Category 2 Collateralized with securities held by the pledging financial institution's trust department or agent in the City's name.
- Category 3 Collateralized with securities held by the pledging financial institution's trust department or agent but not in the City's name.

#### Investments:

- Category 1 Insured or registered with securities held by the City or its agent in the City's name.
- Category 2 Uninsured and unregistered with securities held by the counterparty's trust department or agent in the City's name.
- Category 3 Uninsured and unregistered, with securities held by the counterparty or by its trust department or agent but not in the City's name.

#### A. Deposits

At year end the carrying amount of the City's deposits was \$11,354,609 and the bank balance was \$12,324,950. Federal depository insurance covered \$800,000 of the bank balance. Of the bank balance, \$2,000,000 was classified as Category 1, \$1,390,759 was classified as Category 2 and all remaining deposits were classified as Category 3. In addition, the City had \$2,500 cash on hand.

#### **B.** Investments

The City's investments at December 31, 2001 are summarized below:

| Category 2  | Fair Value                |
|-------------|---------------------------|
| \$6,614,640 | \$6,614,640               |
|             |                           |
| N/A         | 1,191,221                 |
| N/A         | 1,191,221                 |
| \$6,614,640 | \$7,805,861               |
|             | \$6,614,640<br>N/A<br>N/A |

#### **NOTE 4 - CASH, CASH EQUIVALENTS AND INVESTMENTS** (Continued)

#### C. Reconciliation of Cash, Cash Equivalents and Investments

The classification of cash, cash equivalents and investments on the combined financial statements is based on criteria set forth in GASB Statement No. 9. STAR Ohio is treated as a cash equivalent. The classification of cash and cash equivalents (deposits) for purposes of this note are based on criteria set forth in GASB Statement No. 3.

A reconciliation between classifications of cash and investments on the combined financial statements and the classifications per items A and B of this note are as follows:

|                                         | Cash and Cash |              |
|-----------------------------------------|---------------|--------------|
|                                         | Equivalents * | Investments  |
| Per Combined Balance Sheet              | \$1,548,330   | \$17,614,640 |
| Certificates of Deposit                 | 11,000,000    | (11,000,000) |
| (with maturities of more than 3 months) |               |              |
| Investments:                            |               |              |
| STAR Ohio                               | (1,191,221)   | 1,191,221    |
| Per GASB Statement No. 3                | \$11,357,109  | \$7,805,861  |

<sup>\*</sup> Includes cash on hand.

#### **NOTE 5 - TAXES**

#### A. Property Taxes

Property taxes include amounts levied against all real estate and public utility property, and tangible personal property used in business and located in the City. Real property taxes (other than public utility) collected during 2001 were levied after October 1, 2000 on assessed values as of January 1, 2000, the lien date. Assessed values were established by the County Auditor at 35% of appraised market value. All property is required to be revalued every six years. The last revaluation was completed for tax year 2000. Real property taxes are payable annually or semi-annually. If paid annually, payment is due January 31; if paid semi-annually, the first payment is due by February and the remainder payable in July. Under certain circumstances, state statute permits later payment dates to be established.

Taxes collected from tangible personal property (other than public utility) in one calendar year are levied in the prior calendar year on assessed values during and at the close of the most recent fiscal year of the taxpayer that ended on or before March 31 of that calendar year, and at the tax rates determined in the preceding year. Tangible personal property used in business (except for public utilities) is currently assessed for ad valorem taxation purposes at 25% of its true value. Amounts paid by multi-county taxpayers are due September 20 of the year assessed. Single county taxpayers may pay annually or semi-annually, the first payment is due April 30; the remainder payable by September 20.

#### **NOTE 5 - TAXES** (Continued)

#### A. Property Taxes (Continued)

Public utility real and tangible personal property taxes collected in one calendar year are levied in the preceding calendar year on assessed values determined as of December 31 of the second year preceding the tax collection year, the lien date. Certain public utility tangible personal property is currently assessed at 100% of its true value. Public utility property taxes are payable on the same dates as real property described previously.

The County Treasurer collects property taxes on behalf of all taxing districts in the County including the City of Napoleon. The County Auditor periodically remits to the City its portion of the taxes collected.

The full tax rate for the City's operations for the year ended December 31, 2001 was \$2.90 per \$1,000 of assessed value. The assessed value upon which the 2001 receipts were based was \$138,828,427. This amount constitutes \$103,446,330 in real property assessed value, \$3,748,180 in public utility assessed value and \$31,633,917 in tangible personal property assessed value.

Ohio law prohibits taxation of property from all taxing authorities in excess of 1% of assessed value without a vote of the people. Under current procedures, the City's share is .29% (2.90 mills) of assessed value.

#### B. Income Tax

The City levies a tax of 1.2% on all salaries, wages, commissions and other compensation and on net profits earned within the City as well as on incomes of residents earned outside the City. In the latter case, the City allows a credit of 100% of the tax paid to another municipality to a maximum of 1.2% of taxable salaries, wages, commissions and other compensation.

Employers within the City are required to withhold income tax on employees compensation and remit the tax to the City either monthly or quarterly, as required. Corporations and other individual taxpayers are required to pay their estimated tax quarterly and file a declaration annually.

#### **NOTE 6 - RECEIVABLES**

Receivables at December 31, 2001 consisted of taxes, interest, accounts receivable, special assessments and intergovernmental receivables arising from shared revenues.

**NOTE 7 - OPERATING TRANSFERS** 

Following is a summary of operating transfers in and out for all funds for 2001:

| Fund                                    | Transfers In | Transfers Out |
|-----------------------------------------|--------------|---------------|
| General Fund                            | \$36,228     | \$1,540,431   |
| Special Revenue Funds:                  |              |               |
| Street Construction, Maintenance        |              |               |
| and Repair Fund                         | 206,110      | 0             |
| Motor Vehicle License Tax Fund          | 0            | 36,360        |
| EMS Transport Service Fund              | 0            | 20,000        |
| Recreation Fund                         | 408,316      | 0             |
| Special Events Fund                     | 15,000       | 0             |

#### NOTE 9 – DEFINED BENEFIT PENSION PLANS

All of the City's full-time employees participate in one of two separate retirement systems which are cost-sharing multiple employer defined benefit pension plans.

#### A. Public Employees Retirement System (the "PERS of Ohio")

The following information was provided by the PERS of Ohio to assist the City in complying with GASB Statement No. 27, "Accounting for Pensions by State and Local Government Employers."

All employees of the City, except full-time uniformed police officers and full-time firefighters, participate in the PERS of Ohio, a cost-sharing multiple employer defined benefit pension plan. The PERS of Ohio provides retirement and disability benefits, annual cost-of-living adjustments and death benefits to plan members and beneficiaries. Chapter 145 of the Ohio Revised Code provides statutory authority to establish and amend benefits. The Public Employees Retirement System of Ohio issues a stand-alone financial report that includes financial statements and required supplementary information for the PERS of Ohio. Interested parties may obtain a copy by making a written request to 277 East Town Street, Columbus, Ohio 43215-4642 or by calling (614) 466-2085 or 1-800-222-7377.

The Ohio Revised Code provides statutory authority for employee and employer contributions. The employee contribution rate is 8.5%. The 2001 employer contribution rate for local government employer units was 13.55%, of covered payroll, 9.25% to fund the pension and 4.3% to fund health care. The contribution requirements of plan members and the City are established and may be amended by the Public Employees Retirement Board. The City's contributions to the PERS of Ohio for the years ending December 31, 2001, 2000 and 1999 were \$467,008, \$351,599 and \$412,637, respectively, which were equal to the required contributions for each year.

The PERS of Ohio provides postemployment health care benefits to age and service retirants with ten or more years of qualifying Ohio service credit and to primary survivor recipients of such retirants. Health care coverage for disability recipients is also available. The health care coverage provided by the PERS of Ohio is considered an Other Postemployment Benefit (OPEB) as described in GASB Statement No. 12. A portion of each employer's contribution to the PERS of Ohio is set aside for the funding of post retirement health care. The Ohio Revised Code provides statutory authority requiring public employers to fund postemployment health care through their contributions to the PERS of Ohio. The portion of the 2001 employer contribution rate (identified above) that was used to fund health care for the year 2001 was 4.3% of covered payroll which amounted to \$148,202.

#### **NOTE 9 – DEFINED BENEFIT PENSION PLANS** (Continued)

#### A. Public Employees Retirement System (the "PERS of Ohio") (Continued)

The significant actuarial assumptions and calculations relating to postemployment health care benefits were based on the PERS of Ohio's latest actuarial review performed as of December 31, 2000. An entry age normal actuarial cost method of valuation is used in determining the present value of OPEB. The difference between assumed and actual experience (actuarial gains and losses) becomes part of unfunded actuarial accrued liability. All investments are carried at market value. For actuarial valuation purposes, a smoothed market approach is used. Under this approach assets are adjusted annually to reflect 25% of unrealized market appreciation or depreciation on investment assets. The investment assumption rate for 2000 was 7.75%. An annual increase of 4.75% compounded annually, is the base portion of the individual pay increase assumption. This assumes no change in the number of active employees. Additionally, annual pay increases, over and above the 4.75% base increase, were assumed to range from 0.54% to 5.1%. Health care costs were assumed to increase 4.75% annually.

Benefits are advanced-funded on an actuarially determined basis. The number of active contributing participants was 411,076. The actuarial value of the PERS of Ohio net assets available for OPEB at December 31, 2000 is \$11,735.9 million. The actuarially accrued liability and the unfunded actuarial accrued liability, based on the actuarial cost method used, were \$14,364.6 million and \$2,628.7 million, respectively.

#### B. Ohio Police and Fire Pension Fund (the "OP&F Fund")

All City full-time police officers and full-time firefighters participate in the OP&F Fund, a cost-sharing multiple-employer defined benefit pension plan. The OP&F Fund provides retirement and disability benefits, annual cost of living adjustments and death benefits to plan members and beneficiaries. Contribution requirements and benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. The Ohio Police and Fire Pension Fund issues a stand-alone financial report that includes financial statements and required supplementary information for the OP&F Fund. Interested parties may obtain a copy by making a written request to 140 East Town Street, Columbus, Ohio 43215-5164 or by calling (614) 228-2975.

Plan members are required to contribute 10.0% of their annual covered salary, while employers are required to contribute 19.5% and 24.0% respectively for police officers and firefighters. The City's contributions to the OP&F Fund for the years ending December 31, 2001, 2000 and 1999 were \$124,324, \$110,562 and \$108,165 for police and \$81,655, \$74,793 and \$65,086 for firefighters, respectively, which were equal to the required contributions for each year.

The OP&F Fund provides postemployment health care coverage to any person who received or is eligible to receive a monthly benefit check or is a spouse or eligible dependent child of such person. An eligible dependent child is any child under the age of 18 whether or not the child is attending school, or under the age of 22 if attending school on a full-time or two-thirds basis. The health care coverage provided by the OP&F Fund is considered an Other Postemployment Benefit (OPEB) as described in GASB Statement No. 12. The Ohio Revised Code provides that health care costs

#### **NOTE 9 – DEFINED BENEFIT PENSION PLANS (Continued)**

#### B. Ohio Police and Fire Pension Fund (the "OP&F Fund") (Continued)

paid from the funds of the OP&F Fund shall be included in the employer's contribution rate. The Ohio Revised Code also provides statutory authority allowing the Fund's Board of Trustees to provide postemployment health care coverage to all eligible individuals from the employer's contributions to the OP&F Fund.

The portion of the 2001 covered payroll that was used to fund postemployment health care benefits was \$47,817 representing 7.5% of covered payroll for police and \$25,517 representing 7.5% of covered payroll for fire. Health care funding and accounting was on a pay-as-you-go basis. In addition, since July 1, 1992 most retirees have been required to contribute a portion of the cost of their health care coverage through a deduction from their monthly benefit payment. As of December 31, 2000, the date of the last actuarial evaluation available, the number of participants eligible to receive health care benefits was 12,853 for police and 10,037 for firefighters. The OP&F Fund does not provide separate data on the funded status and funding progress of postemployment health care benefits. The Fund's total health care expenses for the year ended December 31, 2000 were \$106,160,054, which was net of member contributions of \$5,657,431.

#### **NOTE 10 – COMPENSATED ABSENCES**

In accordance with GASB Statement No. 16, "Accounting for Compensated Absences," vacation and compensatory time are accrued as liabilities when an employee's right to receive compensation is attributable to services already rendered and it is probable the employee will be compensated through paid time off or some other means, such as cash payments at termination or retirement. Leave time that has been earned but is unavailable for use as paid time off or as some other form of compensation because an employee has not met the minimum service time requirement, is accrued to the extent that it is considered to be probable that the conditions for compensation will be met in the future.

Sick leave is accrued using the vesting method, whereby the liability is recorded on the basis of leave accumulated by employees who are eligible to receive termination payments as of the balance sheet date, and on leave balances accumulated by other employees who are expected to become eligible in the future to receive such payments.

At December 31, 2001, the total accumulated unpaid sick leave, vacation and compensation time recorded in the General Long-Term Obligations Account Group was:

|                   | Hours  | Amount    |
|-------------------|--------|-----------|
| Sick Leave        | 32,100 | \$130,778 |
| Vacation Time     | 9,352  | 138,640   |
| Compensation Time | 1,165  | 16,230    |
| Total             | 42,617 | \$285,648 |
|                   |        |           |

The compensated absences attributable to the enterprise funds and the internal service fund have been recorded within the respective fund and are not included in the figures presented above.

#### **NOTE 11 - NOTES PAYABLE**

The Ohio Revised Code provides that notes including renewal notes issued in anticipation of the issuance of general obligation bonds may be issued and outstanding from time to time up to a maximum period of 20 years from the date of issuance of the original notes. The maximum maturity for notes anticipating general obligation bonds payable from special assessments is five years. Any period in excess of five years must be deducted from the permitted maximum maturity of the bonds anticipated, and portions of the principal amount of notes outstanding for more than five years must be retired in amounts at least equal to and payable no later than those principal maturities required if the bonds had been issued at the expiration of the initial five year period.

### NOTE 12 - LONG-TERM DEBT AND OTHER LONG-TERM OBLIGATIONS (Continued)

The principal amount of the City's special assessment debt outstanding at December 31, 2001, \$1,547,000, is general obligation debt (backed by the full faith and credit of the City) that is being retired with the proceeds from special assessments levied against benefited property owners. The City is obligated to repay the debt irrespective of the amount of special assessments collected from property owners. The fund balance of \$387,721 in the Debt Service Fund at December 31, 2001 is reserved for the retirement of outstanding special assessment bonds in the General Long-Term Debt Account Group. The Sewer Fund will be collecting special assessments to retire the enterprise funds' special assessment debt.

#### **A. Future Long-Term Financing Requirements**

A summary of the City's future long-term debt funding requirements including principal and interest payments as of December 31, 2001 follows:

|           | Gen         | eral        | Mort        | gage        | Spec        | ial       |

| Totals    | \$3,202,104 | \$1,736,831 | \$263,930 | \$0      | \$12,648,034 | \$6,296,994 |

### B. Deferred Loan Payable to the Ohio Sewer and Water Rotary Commission

The City has received an advance to meet the portion of the cost of extension of waterlines to be financed by assessments which collections are deferred or exempt pursuant to division (B) of Section 6103.052 of the Ohio Revised Code. The City is responsible for collecting the assessments upon expiration of the maximum time for which the deferments were made or when the property no longer meets the exemption criteria. This money must be remitted to the Ohio Sewer and Water Rotary Commission within one year. If the money is not collected and remitted to the Commission within one year, the City is responsible for paying interest from the general fund of the City.

#### NOTE 12 - LONG-TERM DEBT AND OTHER LONG-TERM OBLIGATIONS (Continued)

### C. Joint Ventures

The City is a participant in two joint ventures, one of which has issued Certificates of Beneficial Interest (See Note 15). The debt service payment obligations of the joint ventures' participants, payable from each participants' user charges, is subject only to the prior payment of the operation and maintenance expenses. In case of default by a participant, the remaining participants become liable for that participant's debt service payments. The Certificates of Beneficial Interest are fully insured in case of total default by all of the participants. No defaults have occurred to date on either of these joint ventures.

The debt associated with OMEGA JV-5 amounts to 7.35 percent of \$197,825,000 or approximately \$14,540,139. The total principal retirements and the portion that will be paid by the City is as follows:

|           | Certificates of     | City of        |
|-----------|---------------------|----------------|
| Years     | Beneficial Interest | Napoleon Share |
| 2002      | \$3,280,000         | \$241,080      |
| 2003      | 3,445,000           | 253,208        |
| 2004      | 3,620,000           | 266,070        |
| 2005      | 3,800,000           | 279,300        |
| 2006      | 4,000,000           | 294,000        |
| 2007-2030 | 179,680,000         | 13,206,480     |
| Totals    | \$197,825,000       | \$14,540,139   |

#### **NOTE 13 - RISK MANAGEMENT**

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees and natural disasters. The City participates with other cities in the Buckeye Ohio Risk Management Agency, Inc., (BORMA, Inc.) in jointly funded risk financing programs administered by Arthur J. Gallagher & Co. BORMA, Inc. includes two separate pools which provide separate and distinct coverages.

The first pool provides comprehensive automobile liability, automobile physical damage, comprehensive general liability, crime and property liability and public officials liability coverage up to specified limits. The pool includes the following municipalities: Bowling Green, Defiance, Huron, Napoleon, Sandusky and Willard. Member contributions are calculated annually to produce a sufficient sum of money within the pool to fund administrative expenses and to create reserves for claims. As of December 31, 2001 the pool had cash reserves of \$669,919, which in the opinion of management is adequate for any claims against the pool. The amount of risk retained within the pool is \$25,000 per claim for property and crime, \$100,000 for liability, general liability and auto, \$1,000,000 per occurrence, \$10,000,000 aggregate. Claims in excess of \$25,000 up to \$10,000,000 are covered by various insurance carriers.

#### **NOTE 13 - RISK MANAGEMENT** (Continued)

The second pool is for employee benefits and includes life insurance, accidental death and dismemberment insurance, health insurance and prescription drug insurance. Each member has an option on the coverage it has elected to provide for its employees. Napoleon provides to its employees all available options offered by the pool. The employee benefits pool includes the following municipalities: Archbold, Bowling Green, Carey, Defiance, Fayette, Clyde, Hicksville, Oberlin, Upper Sandusky, Napoleon, Sandusky and Willard. As of December 31, 2001 the pool had cash reserves of \$1,317,915 which, in the opinion of management, is adequate for any claims against the pool.

Premiums are paid to the employee benefits pool at a cost of \$596.41 for family coverage and \$208.12 for single coverage. The life insurance monthly premium is \$5.20. During 2001 the City paid \$565,677 into the pool for coverage. The cost of coverage is paid by the fund that pays the salary of the individual employees. The amount of risk retained within the employee benefits pool is \$100,000 per individual with excess claims coverage provided by the American National Insurance Company.

The individual BORMA, Inc. members are <u>not</u> considered "participants having equity interest" as defined by GASB Statement No. 14 since members have no rights to any assets of BORMA, Inc. other than possible residual claims upon dissolution. Therefore, BORMA, Inc. is a multijurisdictional arrangement that has the characteristics of a joint venture but has additional features that distinguish it, for financial reporting purposes, from the traditional joint venture defined in GASB Statement No. 14.

BORMA, Inc. has the ability to require the member cities to make supplemental payments in the event reserves are not adequate to cover claims. The probability of this occurring is considered remote due to the adequacy of the pool reserves and premium levels, therefore, no amounts have been reserved in the financial statements. Audited financial statements are maintained separately by BORMA, Inc.

Workers' Compensation claims are covered through the City's participation in the State of Ohio's program. The City pays the State Workers' Compensation System a premium based upon a rate per \$100 of payroll plus administrative costs. The rate is determined based on accident history of the North Central Ohio Municipal Finance Officers Association, of which the City is a member. The City also pays unemployment claims to the State of Ohio as incurred.

There has been no significant reduction in insurance coverages from coverages in the prior year. In addition, settled claims resulting from these risks have not exceeded commercial insurance coverages in any of the past three fiscal years.

#### **NOTE 14 - CONTINGENCIES**

The City is a party to various legal proceedings which seek damages or injunctive relief generally incidental to its operations and pending projects. The City's management is of the opinion that the ultimate disposition of various claims and legal proceedings will not have a material effect, if any, on the financial condition of the City.

#### **NOTE 15 - JOINT VENTURES**

### A. Ohio Municipal Electric Generation Agency Joint Venture 2 (Omega JV-2)

At the beginning of 2001, the City was a participant with thirteen other subdivisions within the State of Ohio in a joint venture to provide supplemental reserve electric power to the participants on a cooperative basis. This joint venture was titled the Omega JV-3. In accordance with the joint venture agreement, the City remitted \$1,096 to the joint venture for 2001. However, during 2001, the Omega JV-3 was liquidated and the City received an equity interest payout of \$131,382. Also during 2001, a new joint venture called the Omega JV-2 was created. The net assets from Omega JV-3 were rolled over into Omega JV-2. The City is a participant with thirtysix subdivisions within the State of Ohio in this joint venture to provide supplemental reserve electric power to the participants on a cooperative basis. On dissolution of the joint venture, the net assets of Omega JV-2 will be shared by the participants on a percentage basis. The Omega JV-2 is managed by AMP-Ohio which acts as the joint venture's agent. The participants are obligated by the agreement to remit monthly costs incurred from using electricity generated by the joint venture. In accordance with the joint venture agreement, the City remitted \$121,616 to the joint venture for 2001. The City's net investment and its share of the operating results of Omega JV-2 are reported in the City's electric fund (an enterprise fund). The City's equity interest in Omega JV-2 was \$108,314 at December 31, 2001. Complete financial statements for Omega JV-2 can be obtained from AMP-Ohio or from the City's Finance Director.

### B. Ohio Municipal Electric Generation Agency Joint Venture 5 (Omega JV-5)

The City is a participant with forty-two subdivisions within the State of Ohio in a joint venture to construct a hydroelectric plant and associated transmission facilities in West Virginia on the Ohio River at the Belleville Locks and Dam and receive electricity from its operation. Omega JV-5 was created for that purpose. On dissolution of the joint venture, the net assets of Omega JV-5 will be shared by the participants on a percentage basis. The Omega JV-5 is managed by AMP-Ohio which acts as the joint venture's agent. The participants are obligated by the agreement to remit monthly costs incurred from using electricity generated by the joint venture and a portion of the \$153,415,000 certificates of beneficial interest debt that was issued to construct the fixed asset. In accordance with the joint venture agreement, the City remitted \$1,405,005 to the joint venture for 2001. The City's net investment and its share of the operating results of Omega JV-5 are reported in the City's electric fund (an enterprise fund). The City's equity interest in Omega JV-5 was \$475,442 at December 31, 2001. Complete financial statements for Omega JV-5 can be obtained from AMP-Ohio or from the City's Finance Director.

### C. Community Improvement Corporation (CIC)

The City, along with Henry County is a participant in the joint venture to operate the Community Improvement Corporation (CIC). The corporation's duties are to advance, encourage and promote the industrial, economic, commercial and civic development of the City of Napoleon and Henry County. The CIC is governed by a Board of 10 Trustees. Five of these trustees are residents of the City of Napoleon and the remaining five are residents of Henry County. The City's degree of control over the Board is limited to its representation on the Board. The City has no equity interest in the CIC. The City paid \$29,000 to the CIC during 2001. Financial information can be obtained from the CIC, 104 East Washington Street, Napoleon, Ohio 43545.

### **NOTE 16 - CONTRIBUTED CAPITAL**

During 2001, there were no changes to contributed capital reported by the City:

### **NOTE 18 - CONDUIT DEBT OBLIGATIONS**

The City issued mortgage revenue bonds to provide financial assistance to The Lutheran Orphans' and Old Folks' Home Society at Napoleon, Ohio, Inc. The City has no obligation for the debt beyond the resources provided by the mortgage revenue bonds. Neither the City, the State, nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. At December 31, 2001, there were two mortgage revenue bonds outstanding with an aggregate principal amount payable of \$2,220,706.

### Combining and Individual Fund and Account Group $S_{TATEMENTS\ AND}\ S_{CHEDULES}$

The following combining statements and schedules include the General Fund, Special Revenue Funds, Enterprise Funds, Fiduciary Funds and the General Fixed Assets Account Group.

The General Fund is used to account for government resources not accounted for in any other fund. The General Fund balance is available to the City for any purpose provided it is expended or transferred according to the Charter and/or the general laws of Ohio.

### SCHEDULE OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCE BUDGET AND ACTUAL (NON-GAAP BUDGETARY BASIS) FOR THE YEAR ENDED DECEMBER 31, 2001

| Fund Balance at Beginning of Year             | 2,383,547   | 2,383,547   | 0             |
| Prior Year Encumbrances                       | 65,127      | 65,127      | 0             |
| Fund Balance at End of Year                   | \$2,310,101 | \$2,418,141 | \$108,040     |

Special Revenue funds are used to account for the proceeds of specific revenue sources (other than amounts relating to expendable trusts or major capital projects) that are legally restricted to expenditures for specified purposes.

### Street Construction, Maintenance and Repair Fund

To account for state-levied and controlled gasoline tax and motor vehicle registration fees designated for street maintenance and repair.

### **State Highway Improvement Fund**

To account for the portion of the state gasoline tax and motor vehicle registration fees designated for street maintenance and repair of state highways within the City.

#### **Motor Vehicle License Tax Fund**

To account for county-levied motor vehicle registration fees designate for street construction, maintenance and repair.

### **EMS Transport Service Fund**

To account for service charges to clients for emergency medical services.

### **Recreation Fund**

To account for the operation and maintenance of public recreational facilities.

### **Special Events Fund**

To account for revenues received from various sources to be used for special events sponsored by the City.

#### **Economic Development Fund**

To account for federal and state grants which are designated for community and environmental improvements.

#### **Hotel/Motel Tax Fund**

To account for the collection of Hotel/Motel Excise Tax, otherwise known as Lodge Tax.

### Community Development Block Grant (CDBG) Program Income Fund

To account for recording monies paid back for CHIS and CHIP Grants from clients.

### **Indigent Drivers Alcohol Treatment Fund**

To account for the revenues from fines as established by the state to pay for alcohol related training programs for indigent persons.

(Continued)

#### **Law Enforcement and Education Fund**

To account for the financial resources used to educate and treat persons with alcohol related problems and to enhance law enforcement activities as a deterrent to the operation of motor vehicles while under the influence of alcohol.

### **Court Computerization Fund**

To account for the acquisition, improvement, replacement and repair of capital assets of the Napoleon Municipal Court.

### **Law Enforcement Trust Fund**

To account for funds received by the police department for contraband, per state statute.

### **Mandatory Drug Fine Fund**

To account for mandatory fines collected for drug related offenses.

### **Fire Equipment Fund**

To account for monies received from fire contracts to be used for the purchase of fire fighting apparatus.

### **Municipal Probation Service Fund**

To account for monies received from fines levied and expenditures by Probation Officer.

#### **Law Enforcement Block Grant Fund**

To account for grant monies for special overtime for Police Department. (The Balance Sheet is not presented because there are no assets or liabilities at year end.)

#### **Probation Officer Grant Fund**

To account for monies received from State Grant for Municipal Probation Officer.

#### **Court Improvement Fund**

To account for monies received from fines levied and expenditures for Court Improvements.

### **Handicap Parking Fines Fund**

To account for monies received from Municipal Court for handicap parking violations.

#### **Police Pension Fund**

To account for taxes levied toward partial payment of the current and accrued liability for police disability and pension.

#### **Fire Pension Fund**

To account for taxes levied toward partial payment of the current and accrued liability for fire disability and pension.

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprise, whereby the intent of the City is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or where the City has decided that periodic determination of net income is appropriate for accountability purposes.

#### **Electric Fund**

To account for the operation of the City's electric distribution service.

#### Water Fund

To account for the operation of the City's water distribution service.

#### **Sewer Fund**

To account for the operation of the City's sanitary sewer collection service.

#### **Sanitation Fund**

To account for the operation of the City's trash collection service.

#### Schedule of Noncash Investing, Capital and Financing Activities:

As of December 31, 2001, the Electric Fund and the Water Fund had outstanding liabilities of \$279,476 and \$152,672 respectively for the purchase of certain capital assets.

During 2001 the fair value of investments increased by \$65,616, \$9,682, \$17,608 and \$5,094 in the Electric, Water, Sewer and Sanitation Funds respectively.

Fiduciary fund types are used to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, other governmental units and/or other funds.

#### EXPENDABLE TRUST FUNDS

#### **Napoleon Cemetery Trust Fund**

To account for monies received by specific agreement, gifts, bequests or otherwise to provide for perpetual care of individual plots within the City cemetery.

#### **Unclaimed Monies Fund**

To account for stale uncashed warrants held until a legitimate claim is made or until the statute of limitations prevails.

#### NONEXPENDABLE TRUST FUND

#### **Forest Hill Cemetery Fund**

To account for monies received by specific agreement, gifts, bequests or otherwise to provide for care of the Forest Hill Mausoleum.

#### AGENCY FUNDS

#### **Municipal Court Fund**

To account for funds that flow through the municipal court office.

#### **Payroll Withholding Fund**

To account for withholding taxes until remitted to other entities.

#### **Employee Benefits Fund**

To account for funds related to the IRS 125 Employee Benefits Plan.
