REPORT OF INDEPENDENT ACCOUNTANTS

Members of the Board
District Board of Health
Licking County
675 Price Rd.
Newark, Ohio 43055

We have audited the accompanying financial statements of the District Board of Health, Licking County (the District) as of and for the year ended December 31, 2001. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the District prepares its financial statements on the basis of accounting prescribed or permitted by the Auditor of State, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the combined fund cash balances of the District Board of Health as of December 31, 2001 and its combined cash receipts and disbursements for the year then ended on the basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued our report dated July 3, 2002 on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

We performed our audit to form an opinion on the financial statements of the District, taken as a whole. The accompanying schedule of federal awards expenditures is presented for additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the financial statements. We subjected this information to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

This report is intended solely for the information and use of the audit committee, management, the Board and other officials authorized to receive this report under § 117.26, Ohio Revised Code, and is not intended to be and should not be used by anyone other than these specified parties.

A handwritten signature in black ink, appearing to read "Jim Petro", written in a cursive style.

**DISTRICT BOARD OF HEALTH
LICKING COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2001**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of the Entity

The District Board of Health, Licking County, (the District) is a body corporate and politic established to exercise the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The District is directed by an eight-member Board and a Health Commissioner. The District is responsible for the administration of all health programs established by the Ohio Department of Health and the Public Health Council. The District's services include communicable disease investigations, immunization clinics, inspections, public health nursing services and issues health-related licenses and permits.

The District's management believes these financial statements present all activities for which the District is financially accountable.

B. Basis of Accounting

These financial statements follow the basis of accounting prescribed or permitted by the Auditor of State, which is similar to the cash receipts and disbursements basis of accounting. Receipts are recognized when received in cash rather than when earned, and disbursements are recognized when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as prescribed or permitted by the Auditor of State.

C. Cash

As required by Ohio Revised Code, the County Treasurer is custodian for the District's cash. The District's assets are held in the County's cash and investment pool, and are valued at the County Treasurer's reported carrying amount.

D. Fund Accounting

The District uses fund accounting to segregate cash and investments that are restricted as to use. The District classifies its funds into the following types:

1. General Fund

The General Fund is the general operating fund. It is used to account for all financial resources except those restricted by law or contract.

2. Special Revenue Fund

This fund is used to account for proceeds from specific sources (other than from trusts or for capital projects) that are restricted to expenditure for specific purposes. The District had the following significant Special Revenue Fund:

Women, Infants and Children (WIC) Fund - This is a Federal grant fund used to account for the Special Supplemental Nutrition Program.

**DISTRICT BOARD OF HEALTH
LICKING COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2001
(Continued)**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Budgetary Process

The Ohio Revised Code requires that each fund be budgeted annually.

1. Appropriations

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function or object level of control, and appropriations may not exceed estimated resources. The Board must annually approve appropriation measures and subsequent amendments. The County Budget Commission must also approve the annual appropriation measure and amendments thereto. Unencumbered appropriations lapse at year end.

2. Estimated Resources

Estimated resources include estimates of cash to be received (budgeted receipts) plus unencumbered cash as of January 1.

3. Encumbrances

The Ohio Revised Code requires the District to reserve (encumber) appropriations when commitments are made. Encumbrances outstanding at year end, if any, are carried over, and need not be reappropriated.

A summary of budgetary activity appears in Note 2.

F. Property, Plant and Equipment

Acquisitions of property, plant and equipment are recorded as disbursements when paid. These items are not reflected as assets on the accompanying financial statements.

G. Accumulated Leave

In certain circumstances, such as upon leaving employment, employees are entitled to cash payments for unused leave. Unpaid leave is not reflected as a liability under District's basis of accounting.

2. BUDGETARY ACTIVITY

Budgetary activity follows:

2001 Budgeted vs. Actual Receipts			
Fund Type	Budgeted Receipts	Actual Receipts	Variance
General	\$1,468,936	\$1,277,089	(\$191,847)
Special Revenue	533,808	376,533	(157,275)
Total	\$2,002,744	\$1,653,622	(\$349,122)

**DISTRICT BOARD OF HEALTH
LICKING COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2001
(Continued)**

2. BUDGETARY ACTIVITY (Continued)

2001 Budgeted vs. Actual Budgetary Basis Expenditures			
Fund Type	Appropriation Authority	Budgetary Expenditures	Variance
General	\$1,378,865	\$1,286,944	\$91,921
Special Revenue	435,871	332,867	103,004
Total	\$1,814,736	\$1,619,811	\$194,925

3. INTERGOVERNMENTAL FUNDING

The County apportions the excess of the District's appropriations over other estimated receipts among the townships and municipalities composing the District, based on their taxable property valuations. The County withholds the apportioned excess from property tax settlements and distributes it to the District. These amounts are included in intergovernmental receipts in the financial statements.

4. RETIREMENT SYSTEM

The District's full-time employees belong to the Public Employees Retirement System (PERS) of Ohio. PERS is a cost-sharing, multiple-employer plan. This plan provides retirement benefits, including postretirement healthcare, and survivor and disability benefits to participants as prescribed by the Ohio Revised Code.

Contribution rates are also prescribed by the Ohio Revised Code. PERS members contributed 8.5% of their gross salaries. The District contributed an amount equal to 8.13% of participants' gross salaries. The District has paid all contributions required through December 31, 2001.

5. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets, errors and omissions, injuries to employees, and natural disasters. The District maintains comprehensive insurance coverage through Public Entities Pool of Ohio for building contents. The District also maintains additional insurance in the form of public official's liability policy. The District also provides health and life insurance and dental coverage to full time employees through a private carrier.

**REPORT OF INDEPENDENT ACCOUNTANTS ON COMPLIANCE AND ON INTERNAL CONTROL
REQUIRED BY *GOVERNMENT AUDITING STANDARDS***

Members of the Board
District Board of Health
Licking County
675 Price Rd.
Newark, Ohio 43055

We have audited the accompanying financial statements of District Board of Health, Licking County (the District) as of and for the year ended December 31, 2001, and have issued our report thereon dated July 3, 2002. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*. However, we noted a certain immaterial instance of noncompliance that we have reported to management of the District in a separate letter dated July 3, 2002.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

**REPORT OF INDEPENDENT ACCOUNTANTS ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO MAJOR FEDERAL PROGRAMS AND INTERNAL CONTROL OVER
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

Members of the Board
District Board of Health
Licking County
675 Price Road
Newark, Ohio 43055

Compliance

We have audited the compliance of the District Board of Health, Licking County (the District) with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133, Compliance Supplement* that are applicable to its major federal program for the year ended December 31, 2001. The District's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings. Compliance with the requirements of laws, regulations, contracts and grants applicable to its major federal program is the responsibility of the District's management. Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance occurred with the types of compliance requirements referred to above that could have a direct and material effect on the major federal program. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the District's compliance with those requirements.

In our opinion, the District complied, in all material respects, with the requirements referred to above that are applicable to its major federal program for the year ended December 31, 2001. We noted a instance of noncompliance that does not require inclusion in this report that we have reported to the management of the District in a separate letter dated July 3, 2002.

Internal Control Over Compliance

The management of the District is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to its federal program. In planning and performing our audit, we considered the District's internal control over compliance with requirements that could have a direct and material effect on its major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

District Board of Health
Licking County
Report of Independent Accountants on Compliance with Requirements
Applicable to Major Federal Programs and Internal Control Over
Compliance in Accordance with OMB Circular A-133
Page 2

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the audit committee, management, the Board, federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.
