REPORT OF INDEPENDENT ACCOUNTANTS

Forest Jackson Public Library Hardin County 102 West Lima Street Forest, Ohio 45843

To the Board of Trustees:

We have audited the accompanying financial statements of the Forest Jackson Public Library, Hardin County, (the "Library") as of and for the years ended December 31, 2001 and 2000. These financial statements are the responsibility of the Library's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the Library prepares its financial statements on the basis of accounting prescribed or permitted by the Auditor of State, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United states of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the fund cash balances, and reserves for encumbrances of the Library as of December 31, 2001 and 2000, and its cash receipts and disbursements for the years then ended on the basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued our report dated April 5, 2002 on our consideration of the Library's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2001 AND 2000

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of the Entity

Forest Jackson Public Library, Hardin County, (the Library) is a body corporate and politic established to exercise the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The Library is directed by an seven-member Board of Trustees, appointed by the Board of Education of the Riverdale School District for a term of seven years. The Library serves as an information agency to support both the formal and informal learning requirements and recreational needs of its patrons. The Library extends its services to all the residents of the State of Ohio on equal terms.

The Riverdale Local School District is a separate entity from the Library and the financial statements of the school are not included herein.

The Library's management believes these financial statements present all activities for which the Library is financially accountable.

B. Basis of Accounting

These financial statements follow the basis of accounting prescribed or permitted by the Auditor of State, which is similar to the cash receipts and disbursements basis of accounting. Receipts are recognized when received in cash rather than when earned, and disbursements are recognized when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as prescribed or permitted by the Auditor of State.

C. Cash and Investments

Certificates of deposit are valued at cost. The investment in STAR Ohio (the State Treasurer's investment pool) is valued at amounts reported by the State Treasurer.

D. Fund Accounting

The Library uses fund accounting to segregate cash and investments that are restricted as to use. The Library classifies its funds into the following types:

1. General Fund

The General Fund is the general operating fund. It is used to account for all financial resources except those required to be accounted for in another fund.

2. Capital Project Funds

These funds are used to account for receipts that are restricted for the acquisition or construction of major capital projects (except those financed through enterprise or trust funds). The Library had the following capital project fund:

Building and Repair Fund - receives receipts that are restricted for acquisition or construction of major capital projects.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2001 AND 2000 (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Budgetary Process

The Ohio Administrative Code requires that each fund be budgeted annually.

1. Appropriations

The Board must annually approve appropriation measures and subsequent amendments. Unencumbered appropriations lapse at year end. Budgetary expenditures (that is, disbursements and encumbrances may not exceed appropriations at the fund, function, and object level of control.

2. Estimated Resources

Estimated resources include estimates of cash to be received (budgeted receipts) plus unencumbered cash as of January 1. The County Budget Commission must also approve estimated resources.

3. Encumbrances

The Ohio Administrative Code requires the Library to reserve (encumber) appropriations when commitments are made. Encumbrances outstanding at year end are carried over, and need not be reappropriated. Encumbrances outstanding at year end are canceled, and reappropriated in the subsequent year.

Effective January 1, 2001, the Ohio Administrative Code amended library budgetary requirements. Libraries are not required to estimate resources or encumber appropriations.

A summary of 2001 and 2000 budgetary activity appears in Note 3.

F. Property, Plant and Equipment

Acquisitions of property, plant and equipment are recorded as capital outlay disbursements when paid. These items are not reflected as assets on the accompanying financial statements.

G. Unpaid Vacation and Sick Leave

Employees are entitled to cash payments for unused vacation and sick leave in certain circumstances, such as upon leaving employment. Unpaid vacation and sick leave are not reflected as liabilities under the cash basis of accounting used by the Library.

2. EQUITY IN POOLED CASH AND INVESTMENTS

The Library maintains a cash and investments pool used by all funds. The Ohio Revised Code prescribes allowable deposits and investments. The carrying amount of cash and investments at December 31 follows:

4. GRANTS - IN - AID

The primary source of revenue for Ohio public libraries is the State Library and Local Government Support Fund (LLGSF), created by the State Legislature to replace the intangible tax. The LLGSF is allocated to each county based on the county's prior intangibles tax of LLGSF revenues, and its population. The County Budget Commission allocates these funds to the library based on its needs such as for the construction of new library buildings improvements, operations, maintenance, or other expenses. The Budget Commission cannot reduce its allocation of these funds to the Library on account of any additional resources realized by the library.

5. RETIREMENT SYSTEM

The Public Employees Retirement System of Ohio (PERS) is a state operated, cost-sharing, multiple employer public employee retirement system. PERS provides retirement benefits to vested employees who are eligible to retire based upon years of service. PERS also provides survivor and disability benefits to vested employees.

Contribution rates are prescribed by the Ohio Revised Code. The Library's PERS members contributed 8.5% of their gross salaries. The Library contributed an amount equal to 13.55% of participants' gross salaries through June 30, 2000. PERS temporarily reduced the employer contribution rate to 8.13% effective July 1, 2000. The rate returned to 13.55% on January 1, 2001. The Library has paid all contributions required through December 31, 2001

REPORT OF INDEPENDENT ACCOUNTANTS ON COMPLIANCE AND ON INTERNAL CONTROL REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Forest Jackson Public Library Hardin County 102 West Lima Street Forest, Ohio 45843

To the Board of Trustees:

We have audited the financial statements of the Forest Jackson Public Library, Hardin County, (the "Library"), as of and for the years ended December 31, 2001 and 2000, and have issued our report thereon dated April 5, 2002. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Library's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Library's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting that we consider to be material weaknesses. However, we noted other matters involving the internal control over financial reporting that do not require inclusion in this report, that we have reported to management of the Library in a separate letter dated April 5, 2002.
