Board of County Commissioners
Lucas County
One Government Center, Suite 600
Toledo, Ohio 43604

We have reviewed the Independent Auditor's Report of Lucas County prepared by Ernst & Young LLP, for the audit period January 1, 2001 to December 31, 2001. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. Lucas County is responsible for compliance with these laws and regulations.

A handwritten signature in black ink, appearing to read "Jim Petro".

Report of Independent Auditors on the Schedule of Expenditures of Federal Awards

Lucas County Board of Commissioners
Toledo, Ohio

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Lucas County, Ohio as of and for the year ended December 31, 2001, and have issued our report thereon dated May 10, 2002. These financial statements are the responsibility of the County's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In accordance with *Government Auditing Standards*, we have also issued our report dated May 10, 2002 on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Our audit was conducted for the purpose of forming an opinion on the financial statements of Lucas County, Ohio, taken as a whole. The accompanying Schedule of Expenditures of Federal Awards for the year ended December 31, 2001 is presented for the purpose of additional analysis as required by U. S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the financial statements. Such information has been subjected to the procedures applied in the audit of the financial statements and, in our opinion, is fairly presented in all material respects in relation to the financial statements taken as a whole.

Lucas County, Ohio

Notes to the Schedule of Expenditures of Federal Awards

December 31, 2001

1. Basis of Presentation

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Lucas County and is presented on the modified accrual basis of accounting, which is described in Note A to Lucas County, Ohio's (the County) basic financial statements. The information in this schedule is presented in accordance with requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

2. Subrecipients

Of the federal expenditures presented in the Schedule, the County provided federal awards to subrecipients as follows:

Program Title	CFDA Number	Amount Provided to Subrecipient
Juvenile Justice Delinquency Prevention - Title II Block Grant	16.540	\$ 58,555
Juvenile Justice Delinquency Prevention - Title V Block Grant	16.548	84,776
Juvenile Accountability Incentive Block Grant	16.548	118,422
Narcotics Block Grant	16.579	1,002,645
Violence Against Women	16.588	308,627
Rehabilitation Services Commission Title I	84.126	198,792
Social Services Block Grants	93.667	328,380
Community Mental Health Services Block Grants	93.958	894,445

Lucas County, Ohio

Notes to the Schedule of Expenditures of Federal Awards (continued)

3. Loans Outstanding

The County had the following loan balances outstanding at December 31, 2001. These loan balances outstanding are also included in the federal expenditures presented in the schedule.

Program Title	CFDA Number	Amount Outstanding
Community Development Block Grant - Revolving Loan Fund	14.219	\$925,976

**Report on Compliance and on Internal Control Over
Financial Reporting Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards***

Lucas County Board of Commissioners
Toledo, Ohio

We have audited the financial statements of Lucas County, Ohio (the County) as of and for the year ended December 31, 2001, and have issued our report thereon dated May 10, 2002. We conducted our audit in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*. However, we noted certain immaterial instances of noncompliance, which we have reported to management of the County in a separate letter dated May 10, 2002.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the County's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. However, we noted other matters involving the internal control over financial reporting that we have reported to management of the County in a separate letter dated May 10, 2002.

This report is intended solely for the information and use of the Board of Commissioners, management, federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

Ernst & Young LLP

May 10, 2002

Report on Compliance and Internal Control Over Compliance in Accordance with OMB Circular A-133

Lucas County Board of Commissioners
Toledo, Ohio

Compliance

We have audited the compliance of Lucas County, Ohio (the County) with the types of compliance requirements described in the *U. S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended December 31, 2001. The County's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the County's management. Our responsibility is to express an opinion on the County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the County's compliance with those requirements.

In our opinion, the County complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended December 31, 2001.

Internal Control Over Compliance

The management of the County is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the County's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the Board of Commissioners, management, federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

Lucas County Board of Commissioners and Citizens of Lucas County,

As Auditor of Lucas County, I am pleased to present the Comprehensive Annual Financial Report (CAFR) for the fiscal year ended December 31, 2001.

This report contains basic financial statements, management's discussion and analysis, supplemental financial statements, and other financial and statistical information which provide a complete and full disclosure of all material financial aspects of Lucas County. This CAFR conforms to generally accepted accounting principles (GAAP) as set forth by the Governmental Accounting Standards Board (GASB). This year's CAFR includes an early implementation of GASB Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Government*.

Responsibility for both the accuracy of the data presented and the completeness and fairness of the presentation, including all disclosures, lies with the management of the County, and in particular the office of the Lucas County Auditor. In fulfilling this responsibility, the Lucas County Auditor's Office has prepared the accompanying financial statements, schedules and tables. We believe this data fairly reflects the financial position of the County and the results of its operations.

The CAFR is presented in three (3) sections: the **Introductory Section**, the **Financial Section** and the **Statistical Section**. The *Introductory Section* contains a table of contents, this letter of transmittal, a list of elected officials, an organization chart and a copy of the Certificate of Achievement for Excellence in Financial Reporting

awarded for the 2000 Lucas County CAFR. The *Financial Section* contains our independent auditor's, Ernst & Young LLP, opinion letter, Management's Discussion and Analysis, the basic financial statements, and relevant supplemental financial statements and schedules for 2000. The *Statistical Section* presents historical, financial, analytical, economic and demographic information that may be useful for further analysis and comparisons.

THE COUNTY

The County was formed by an Act of the Ohio General Assembly on June 20, 1835, in honor of Robert Lucas, then Governor of Ohio. The elected three-member Board of County Commissioners function as both the legislative and executive branch of the County. Each Commissioner serves a term of four years. In addition to the County Auditor, who serves as chief fiscal officer, there are seven elected administrative officials, each of whom operate independently as set forth by Ohio law. These officials are: Clerk of Courts, Coroner, Engineer, Prosecuting Attorney, Recorder, Sheriff, and Treasurer. All of these officials serve four-year terms. The following judges are elected on a county-wide basis to oversee the County's judicial system: Common Pleas Court Judges, Domestic Relations Court Judges, Juvenile Court Judges, Probate Court Judge, and Court of Appeals Judges. Judges are elected to six-year terms.

REPORTING ENTITY AND SERVICES

In conformity with *Governmental Accounting Standards Board Statement No. 14*, all governmental departments, agencies, institutions, commissions, public authorities, and other governmental organizations, for which the County has significant financial accountability, are included in this CAFR for financial reporting purposes. Financial accountability is determined by the County's ability to appoint a voting majority of the Board or financial interdependence.

The County provides general governmental services to its citizens which include: public assistance, health assistance, community related services, civil and criminal justice systems, road and bridge maintenance, sewer and water-line construction and maintenance and other general legislative and administrative support services. The County also operates and maintains the water supply and wastewater treatment systems. A further discussion of the reporting entity and its services may be found in **Note A** of the *Notes to the Financial Statements*.

ECONOMIC CONDITION AND OUTLOOK

The County is in the center of a trade area comprised of 14 counties in northwestern Ohio and southeastern Michigan with a total population of approximately 1.25 million people. The County lies in the central portion of a triangle formed by the cities of Chicago, Detroit and Cleveland. The County is in the Toledo Metropolitan Statistical Area (MSA) and approximately one-third of the population of the United States resides within 500 miles of the County.

The County's economy, historically associated with the glass and automotive industries, has become increasingly diversified. While the County remains the home of four of the nation's largest glass companies, DaimlerChrysler AG, General Motors Corporation and Dana Corporation also continue to be major private employers in the County. However, in recent years, private service industries and governmental employers have provided more than three-fourths of the total employment in the Toledo MSA and approximately 70% of total payrolls in the County

The County's unemployment rate for 2001 was 5.0%, which is .7% higher than the statewide rate of 4.3%, and .2% higher than the national rate of 4.8%.

Three of the 2001 Fortune 500 corporations have their headquarters in the County. These are Dana Corporation,

Owens-Illinois, Inc., and Owens-Corning Fiberglass Corporation. The County is also one of the larger oil refining centers between Chicago and the eastern seaboard with BP Oil Co. and Sun Refining and Marketing Company, Inc.

BP Oil Co. has constructed an approximately \$235 million upgrade to its Toledo area refinery, which will be one of its two remaining refineries in the United States. The improvements will concentrate on improving BP Oil's ability to process heavy, sour crude oil.

DaimlerChrysler AG completed a \$1.2 billion investment to construct a 1.1 million square-foot Jeep assembly plant on Stickney Avenue in Toledo. Construction began in 1998. The new Jeep Liberty began rolling off the assembly line in 2001. The project will retain nearly 4,900 jobs. Daimler Chrysler AG has also constructed a \$30 million combination crossdock and parts sequencing facility in the County to serve its plants in the Midwest

MAJOR COUNTY INITIATIVES

• Current Year Projects

Lucas County continues to promote economic development throughout the area. Lucas County officials and management continue to work closely with state and local governments, corporations, companies, small businesses, labor unions and charitable organizations to improve and expand business opportunities and the standard of living. The following are highlights of some of the activities Lucas County is concerned with:

- In 2001, the Board of County Commissioners completed renovation and expansion of the Emergency Services Building which will act as a consolidated emergency communication center for the Lucas County sheriff, 9-1-1, Emergency Medical Services, the Emergency Management Agency, and the City of Toledo's Police and Fire Dispatch.
- The new Lucas County Criminal Justice Center, which includes an expanded juvenile detention facility was dedicated in March 2001. The County received a \$6.5 million state grant and a \$500 thousand federal grant to assist with the construction costs. The County issued \$17 million in bonds to finance this project.

- Construction of the Lucas County Ballpark was substantially completed. The Ballpark will be the home for minor league baseball's Toledo Mud Hens. The team will relocate to the new facility in 2002 from their current facility at the Lucas County Recreation Center. The county issued \$20 million in economic development revenue bonds and \$6 million in economic development revenue bond anticipation notes in March, 2001. The County retired the notes in March 2002 after receiving revenue for the naming rights (5/3 Field) and the lease of the luxury suites.
- Construction of the \$1.2 billion Jeep plant was completed. The county has pledged \$2 million by 2002 to help the City of Toledo acquire and improve the site for the new plant.
- The County completed construction of a training and conference center in 711 Adams in downtown Toledo. The \$1.3 million dollar center is a joint project with the Board of County Commissioners and the Lucas County Children's Services Board. Construction is expected to be completed in June 2001. The training Center will be under the responsibility of the newly created Training and Organizational Development Division of the Board of County Commissioners Department of Human Resources.

- **Future Projects**

The County will continue to provide a variety of services required to meet the needs of its citizens and actively support economic development in the area. We look forward to the following significant activities made possible by the citizens of Lucas County and its government:

- The Board of County Commissioners acquired from the City of Toledo a site at the corner of Speilbusch and Cherry to locate a new courthouse for the 6th district Court of Appeals. The cost of the facility is estimated at \$7 million and will be shared by the eight counties based on the population of each county. Construction is expected to begin in 2002.
- The Board of County Commissioners and the judges of the Common Pleas Court are looking into the needs of the court over the next fifteen years. Alternatives to meeting the anticipated space needs of the court and how best to meet those needs while preserving the historic Lucas County Courthouse will be examined.

The County has received a program and planning report with 5 alternatives to meet the space needs of the Common Pleas Court. The alternatives called for construction ranging from \$30 million to \$50 million.

- The County has completed a strategic implementation plan for a new Human Resources / Payroll, Procurement / Accounts Payable, General Ledger Accounting System. Selection of the software vendor is complete, and the implementation has started with the Payroll module.
- The County will be constructing and equipping a business continuation center (emergency backup computer system). The cost is estimated to be \$1 million.
- The County is initiating a document imaging project that will allow multiple county agencies to collaborate on a single platform.
- The County is developing a partnership with the private sector to open a Career Opportunity Center. This center will focus on providing career services to assist people seeking to improve their employment options.

ACCOUNTING SYSTEM

The County's day-to-day accounting records are maintained on a basis other than GAAP. For financial reporting purposes, the accounting records for all Governmental and Fiduciary Funds are converted to the modified accrual basis, whereby revenues are recognized when measurable and available within the business cycle (within 60 days after year end) and expenditures are recognized when the related fund liability is incurred. The accounting records for the Proprietary Funds are converted to the accrual basis, whereby revenues are recognized when measurable and earned, and expenses are recognized as incurred.

A further discussion of the three methods of accounting (non-GAAP, modified accrual and accrual) and a reconciliation of non-GAAP basis to GAAP basis of accounting may be found in **Note B** and **Note L**, respectively, of the *Notes to the Financial Statements*.

BUDGETARY CONTROLS

Under Ohio law, the Lucas County Board of Commissioners must adopt an appropriations budget by January 1 of a given year, or adopt a temporary appropriation measure with final passage of a permanent budget by April 1st. No expenditure can be made from any budgetary account without the Certificate of the County Auditor certifying that funds are available or in the process of collection. When a purchase order is issued or a contract is entered into by any County department or agency, the County Auditor encumbers the necessary funds to pay for the expenditure. Contracts or purchase orders are rejected and are invalid under Ohio law if sufficient funds are not available to permit the County Auditor to certify the transaction. A further discussion of the budgetary accounting system and its controls may be found in **Note B** of the *Notes to the Financial Statements*.

The County Auditor issues a monthly budget report to the Board of Commissioners and to all departments and agencies showing the monthly and year-to-date expenditures, encumbrances, and the cash balances, as well as the unencumbered balance by fund and account. On a quarterly basis, these reports are made public and are available to the news media.

INTERNAL CONTROL

The management of the County is responsible for establishing and maintaining internal control designed to provide reasonable, but not absolute, assurance that the assets of the County are protected from loss, theft or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The design of the internal control also recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal and state financial assistance, the County is responsible for ensuring that adequate internal control is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control is subject to periodic evaluation by management.

CASH MANAGEMENT

The County Treasurer utilizes cash management and forecasting techniques and procedures to provide for

efficient and optimum use of the County's cash resources as permitted by applicable State of Ohio law.

Among the County's many investments, the County participates in the State Treasury Asset Reserve of Ohio (STAR OHIO) Investment pool. The statewide investment pool is administered by the Treasurer of the State of Ohio.

Certain deposits are collateralized with securities held by the pledging financial institution, or by its trust department or agent but not in the County's name. The pool of securities so pledged must have a current market value at least equal to 110% of all public monies on deposit with the depository including the amount covered by federal insurance.

Cash resources of all funds with the exception of Water, Sewer, and certain Fiduciary Funds are pooled for investment purposes. Currently, interest income derived from these pooled resources is credited to the County's General Fund with the exception of the equitable share distributed to the Self-Funded Health Insurance fund and the Motor Vehicle and Gas Tax fund.

INVESTMENT HIGHLIGHTS

(Amounts in 000's)

Investments and Earnings	<u>2001</u>	<u>2000</u>
Total investments and		
Deposits at year-end:	\$ 263,490	\$ 243,157
Interest revenue:	12,468	13,221

RISK MANAGEMENT

The County Risk Manager monitors and directs the entire insurance program of Lucas County. The County is self-insured for a portion of its general business insurance and insurance coverage after \$500 thousand per occurrence.

The County participates in the State of Ohio Retrospective Rated Workers' Compensation program with a maximum liability of \$300 thousand per accident.

Both programs, along with the self-funded health program for dental benefits, provide savings with proper risk management and loss control.

INDEPENDENT AUDIT

Included in this report on page 14 is an unqualified audit opinion rendered by Ernst & Young LLP with respect to the basic financial statements of the County as of and for the year ended December 31, 2001. As part of the annual preparation of a CAFR, the County subjects all the financial statements to an annual independent audit. This annual audit arrangement serves to strengthen the County's accounting, budgetary and internal control of financial and operational systems.

CERTIFICATE OF ACHIEVEMENT FOR EXCELLENCE IN FINANCIAL REPORTING

The County prepared its first CAFR in 1984 in accordance with the program guidelines for the Certificate of Achievement for Excellence in Financial Reporting (Certificate) awarded by the Government Finance Officers Association of the United States and Canada (GFOA). Each annual report must also satisfy generally accepted accounting principles and disclose applicable legal compliance requirements. The County was awarded the Certificate for the fiscal years ended December 31, 1984 - 2000.

The Certificate is valid for a period of one year. We believe that our current report continues to conform to the guidelines and requirements of the program and will be submitted to the GFOA to determine its eligibility for another Certificate.

ACKNOWLEDGMENTS

Lucas County is proud to have been one of the first counties in Ohio, and one of the relatively few nationwide, to prepare a financial report in conformity with GAAP and the precise guidelines recommended by the GFOA. We are also proud to be one of the first counties to adopt the new reporting model required by GASB No. 34. This report is the result of the continued cooperation, and combined services of the *Elected Officials and management of Lucas County*.

I would especially like to recognize the following members of my staff, all of whom exercised proficiency and dedication throughout this report's publication.

Certificate of Achievement for Excellence in Financial Reporting

Presented to

Lucas County,
Ohio

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended
December 31, 2000

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

Thomas A. Drew
President

Jeffrey L. Esser
Executive Director

Financial Section

Construction of the Lucas County Ballpark was substantially completed in 2001. The ballpark is home to a triple (A) minor league baseball team named The Toledo Mudhens, which is one of the oldest existing baseball franchises in America. The Ballpark named, Fifth Third Field opened to great fanfare including the throwing of the first ball by celebrity Jamie Farr along with several other dignitaries on April 9, 2002

In March, 2001, the County issued \$20 million in economic development revenue bonds and \$6 million in economic development revenue bond anticipation notes to finance the project

Report of Independent Auditors

Lucas County Board of Commissioners
Toledo, Ohio

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Lucas County, Ohio as of and for the year ended December 31, 2001, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the County's management. Our responsibility is to express an opinion on these financial statements based on our audit. We did not audit the financial statements of the discretely presented component units. Those financial statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the discretely presented component units, is based on the reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of the discretely presented component units were not audited in accordance with *Government Auditing Standards*. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the reports of other auditors provides a reasonable basis for our opinion.

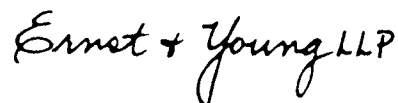

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Lucas County, Ohio, as of December 31, 2001, and the respective changes in financial position and the cash flows, where appropriate, thereof and the respective budgetary comparison for the General, Job and Family Services, Board of Mental Retardation, and Children Services Board Funds for the year then ended in conformity with accounting principles generally accepted in the United States.

As discussed in Note Q to the accompanying financial statements, during 2001, the County changed its method of reporting in accordance with Government Accounting Standards Board Statement No. 34, *Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments*.

The management's discussion and analysis on pages 16 through 22 is not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries to management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

In accordance with *Government Auditing Standards*, we have also issued our report dated May 10, 2002 on our consideration of the County's internal control over financial reporting and our tests of compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements and schedules, and statistical tables are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements and schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section and statistical tables have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

May 10, 2002

LUCAS COUNTY, OHIO
MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2001
(Amounts in 000's)

The discussion and analysis of Lucas County's financial performance provides an overall review of the County's financial activities for the year ended December 31, 2001. The intent of this discussion and analysis is to look at the County's financial performance as a whole. Readers should also review the transmittal letter, and the basic financial statements to enhance their understanding of the County's financial performance.

Financial Highlights

Key financial highlights for 2001 are as follows:

- The assets of the County exceeded its liabilities at the close of the year ended December 31, 2001, by \$515,575 (net assets). Of this amount, \$271,785 may be used to meet the County's ongoing obligations to citizens and creditors.
- The County's total net assets increased by \$128,808, which represents a 33% increase from 2000.
- At the end of the current fiscal year, the County's governmental funds reported a combined ending fund balance of \$165,079, an increase of \$31 million from the prior year. Of this amount, \$129,192 is available for spending (unreserved fund balance) on behalf of its citizens.
- At the end of the current year, unreserved fund balance for the general fund was \$33,722, which represents a 8.7% increase over the prior year, and represents 34% of total general fund expenditures.
- Lucas County's total debt increased by \$28,292 during the current year. The key factor for this increase was the issuance of \$20 million in bonds for a new baseball stadium, and \$17 million in bonds for a new juvenile justice center.

Overview of the Financial Statements

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand Lucas County as a financial whole or as an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial conditions.

The County's basic financial statements comprise three components: 1) County-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

County - Wide Financial Statements

The County-wide financial statements are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business.

Statement of Net Assets and the Statement of Activities.

The statement of net assets presents information on all of the County's assets and liabilities, with the difference between the two reported as net assets. The statement of activities presents information showing how the County's net assets changed during the current year. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by the private sector companies. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when the cash is received or paid.

These two statements report the County's net assets and the change in those assets. This change in net assets is important because it tells the reader whether, for the County as a whole, the financial position of the County has improved or diminished. However, in evaluating the overall position of the County, nonfinancial information such as changes in the County's tax base and the condition of County capital assets will also need to be evaluated.

In the Statement of Net Assets and the Statement of Activities, the County is divided into three kinds of activities:

- ◆ Governmental Activities-Most of the County's services are reported here including public safety, social services programs, administration, and all departments with the exception of our Water and Sewer funds and Wastewater Treatment.

LUCAS COUNTY, OHIO
MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2001
(Amounts in 000's)

- ◆ Business-Type Activities- These services have a charge based upon the amount of usage. The County charges fees to recoup the cost of the entire operation of our Water and Sewer and Wastewater Treatment Plants as well as all capital expenses associated with these facilities.
- ◆ Component Units- The County includes financial data of the Toledo MudHens Baseball Club, Inc., Lott Industries, Inc., Preferred Properties, Inc., and Community Living Options, Inc. These component units are described in Note A of the Notes to the Financial Statements. The component units are separate and may buy, sell lease and mortgage property in their own name and can sue or be sued in their own name.

The County-wide Financial Statements can be found on pages 23 - 25 of this report.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objects. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds. Fund financial reports provide detailed information about the County's major funds. Based on restriction on the use of monies, the County has established many funds which account for the multitude of services provided to our residents. However, these fund financial statements focus on the County's most significant funds. In the case of Lucas County, our major funds are the General, Children Services Board, Board of Mental Retardation, Job and Family Services, Capital Projects, Debt Service, Water Supply System, Sewer System, and Wastewater Treatment.

Governmental Funds: Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the Government-wide financial statements, governmental fund financial statements focus on current sources and uses of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such

information may be useful in evaluating government's near-term financing requirements.

Because the focus of governmental funds is narrower than the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the County's near-term financial decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains several individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental statement of revenues, expenditures and changes in fund balances for the major funds, which were identified earlier. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report. The governmental fund financial statements can be found on pages 26 - 36 of this report.

The County adopts an annual appropriated budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

Proprietary Funds: The County maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for its Water and Sewer and Wastewater Treatment operations. Internal Service funds are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County used internal service funds to account for its self-insurance programs, vehicle maintenance, telephone system, central supplies, and worker's compensation programs. Because these services predominantly benefit governmental rather than business-type functions, they have been included with governmental activities in the County-wide financial statements. The proprietary fund financial statements can

**LUCAS COUNTY, OHIO
MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2001
(Amounts in 000's)**

be found on pages 38 - 45 of this report.

Fiduciary Funds: Are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The accounting used for fiduciary funds is much like that of the proprietary funds. The fiduciary fund financial statements can be found on page 46 of this report.

Notes to the Financial Statements: The notes provide additional information that is essential to a full understanding of the data provided in the County-wide and fund financial statements. The notes to the financial statements can be found on pages 50 - 77 of this report.

Other Information: In addition to the basic financial statements and accompanying notes, this report also presents combining and individual fund statements and schedules which can be found on pages 80 - 173 of this report.

County-wide Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of a County's financial position. In the case of the County, assets exceeded liabilities by \$515,575 (\$433,220 in governmental activities and \$82,355 in business type activities) as of December 31, 2001. By far, the largest portion of the County's net assets (69%) reflects its investment in capital assets (e.g., land, buildings, machinery and equipment, infrastructure), less any related debt used to acquire those assets that is still outstanding. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

**Table 1
Net Assets**

	Governmental Activities 2001	Business- Type Activities 2001	Total 2001
Assets

LUCAS COUNTY, OHIO
MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2001
(Amounts in 000's)

An additional portion of the County's net assets (5.9%) represents resources that are subject to restrictions on how they can be used. The remaining balance of unrestricted assets (\$271,785) may be used to meet the County's ongoing obligations to citizens and creditors.

As of December 31, 2001, the County is able to report positive balances in both the governmental and business - type activities of \$433,220 and \$82,355 respectively. Table 2 (on following page) provides a summary of the changes in net assets for the year ended December 31, 2001. The County first implemented GASB Statement No.34, *Basic Financial Statements-and Management's Discussion and Analysis - for State and Local Governments*, in 2001, therefore comparative date is not available. In future years, when prior-year information is available, a comparative analysis of government-wide data will be presented. The County's financial position improved for both governmental-type and business-type activities.

Governmental Activities

Human Services accounts for \$123,391 of the \$436,745 total expenses for governmental activities, or 28% of total expenses. The next largest program is health, accounting for \$91,586 which represents 21% of total governmental expenses

Tax revenue accounts for \$283,308 of the \$560,565 total revenue for governmental activity, or 51% of total revenue. Operating grants was the largest program revenue accounting for \$187,560, or 33% of total governmental revenue. The major recipients of intergovernmental revenue were Job and Family Services, receiving \$83,000, and Children Services Board, receiving \$12,000.

The County's direct charges to users of governmental services made up \$25,022 or 4.5% of total governmental revenue. These charges are for fees for real estate transfers, fees associated with the collection of property taxes, fines and forfeitures related to judicial activity, and licences and permits associated with building inspectors.

Business- type Activities

The net assets for the business - type activities for the County increased by \$5,035 during the year 2001. Major revenue sources were charges for service of \$10,183 and capital contributions of \$3,014 that resulted from assessment on construction projects.

Financial Analysis of the County's Funds

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds: The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unreserved fund balance may serve as a useful measure of the County's net resources available for spending at the end of the fiscal years.

As of the end of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$165.1 million, an increase of \$31.5 million in comparison with the prior year. Approximately 78% of this total amount (129.2 million) constitutes unreserved fund balance, which is available for spending at the government's discretion. The remainder of fund balance is reserved to indicate that it is not available for new spending because it has already been committed 1) to liquidate contracts and purchase orders of the prior period (\$24.4 million), 2) to pay debt service (\$10.5 million), or 3) for a variety of other restricted purposes (\$1.0 million).

The general fund is the chief operating fund of the County. At the end of the current fiscal year, unreserved fund balance of the general fund was \$33.7 million, while total fund balance reached \$36 million. As a measure of the general fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total fund expenditures. Unreserved fund balance represents 33.9 percent to total general fund expenditures, while total fund balance represents 36.2 percent of that same amount.

LUCAS COUNTY, OHIO
MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2001
(Amounts in 000's)

The fund balance of the County's general fund increased by \$3 million during the current fiscal year. Key factors in this growth are as follows:

- An increase in the local real-estate tax of \$1.7 million due to the reappraisal of property values.
- A decrease of \$1.7 million in transfers from the general fund to other funds.

The debt service fund has a total fund balance of \$10.5 million, all of which is reserved for the payment of debt service. The net increase in fund balance during the current year in the debt service fund was \$4.4 million. This is due to payment from the Toledo MudHens Baseball Club, Inc. to retire revenue bond anticipation notes.

Enterprise funds. The County's enterprise funds provide the same type of information found in the government-wide financial statements, but in more detail

Unrestricted net assets of the Water Supply System at the end of the year accounted to \$2.3 million, those for the Wastewater Treatment Plant amounted to \$3.8 million, and total net assets for the Sewer System was \$35.6 million. The total growth in net assets for these were \$2.2 million, \$0.2 million and \$1.6 million respectively. Other factors concerning the finances of these two funds have already been addressed in the discussion of the County's business-type activities.

General Fund Budgetary Highlights.

Differences between the original budget and the final amended budgets were \$5.3 million. This was due to increase in operating transfers out to other funds for debt service and capital projects

Capital Assets and Debt Administration

Capital assets. The County's investment in capital assets for its governmental and business type activities as of December 31, 2001, amounts to \$355.8 million (net of accumulated depreciation). This investment in capital asset includes land, buildings structures and improvements, furniture, fixtures equipment, and infrastructure. The total increase in the County's investment in capital assets for the current fiscal year was

7.4 percent (a 9.2 percent increase for governmental activities and a 2.6 percent increase for business-type activities.)

Major capital asset events during the current fiscal year included the following:

- Completed construction of a \$24 million Juvenile Justice Center
- Substantially completed a new \$39 million Baseball stadium.
- Completed \$5.6 million in infrastructure projects, with \$7.2 million remaining in construction in progress

Additional information on the County's capital assets can be found in Note F.

Long-term debt. At the end of the current fiscal year, the County had total bonded debt outstanding of \$94.8 million. Of this amount, \$61.8 million comprises debt backed by the full faith and credit of the government and \$13 million is special assessment debt for which the government is liable in the event of default by the property owners subject to the assessment. The remaining \$20 million is non-tax revenue bonds. The County also had outstanding \$23.5 million on Ohio Water Development Authority (OWDA) loans and \$2.5 million Ohio Public Works Commission (OPWC) loans.

The County's total debt increased by \$28.2 million during the current fiscal year. The key factor in this increase was a \$20 million bond issued for the baseball stadium and a \$17 million bond issued for the Juvenile Justice Center.

The County maintains an "A+" rating from Standard & Poor's and Fitch and an "A1" rating from Moody's for general obligation debt. The bonds for the baseball stadium have been rated "A2" by Moody's.

State statutes limit the amount of unvoted general obligation debt the County may issue to one percent of its total assessed valuation. The current debt limitation for Lucas County is \$77.8, which is significantly in excess of the County's outstanding unvoted general obligation debt.

**LUCAS COUNTY, OHIO
MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2001
(Amounts in 000's)**

Additional information on the County's long-term debt can be found in Note H.

Economic Factors and Next Year's Budgets and Rates

- The unemployment rate for the County is currently 5.0 percent, which is a increase from the rate of 4.9 percent a year ago. The state average unemployment rate was 4.3, and the national average was 4.8.
- Inflationary trends in the region compare favorably to national indices.

These factors were considered in preparing the County's budget for the 2002 fiscal year.

During the current fiscal year, unreserved fund balance in the general fund increased to \$33.7 million. The County

has prepared a budget for 2002 without appropriating any of the unreserved balance. The County prepared a balance budget for 2002 without an increase in taxes or an increase in rates in the enterprise funds.

Request for Information

This financial report is designed to provide a general overview of Lucas County's finances for all those with an interest in the governments' finances. Questions concerning any of the information provided in this report, or requests for additional financial information should be addressed to:

LUCAS COUNTY, OHIO
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
YEAR ENDED DECEMBER 31, 2001
(Amounts in 000's)

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds	\$ 31,459
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeds depreciation in the current period.	22,367
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	116,331
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. This amount is the net effect of these differences in the treatment of long-term debt.	(28,506)
Some expenses reported in the statement of activities do not require the use of financial resources and, therefore, are not reported as expenditures in governmental funds.	(17,469)
The net revenue of certain activities of internal service funds is reported with governmental activities.	<u>(409)</u>
Change in net assets of governmental activities	<u>\$ 123,773</u>

The Notes to the Financial Statements are an integral part of this statement.

LUCAS COUNTY, OHIO
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2001

Note A - Description of Lucas County and Basis of Presentation

The County: Lucas County is a political subdivision of the State of Ohio. The County was formed by an act of the Ohio General Assembly in 1835. The three member **Board of County Commissioners** is the legislative and executive body of the County. The **County Auditor** is the chief fiscal officer. In addition, there are seven other elected administrative officials, each of whom are independent as set forth by Ohio law. These officials are: **Clerk of Courts, Coroner, Engineer, Prosecutor, Recorder, Sheriff, and Treasurer.** There are also ten **Common Pleas Court Judges, two Domestic Relations Court Judges, two Juvenile Court Judges, one Probate Court Judge** and five **Court of Appeals Judges** elected on a County-wide basis to oversee the County's judicial system.

The accompanying financial statements present the County (Primary Government) and its component units, which are legally separate organizations which the elected officials of the primary government are financially accountable. The financial data of the component units are included in the County's reporting entity because of the significance of their operational or financial relationships with the County. Blended component units, although legally separate entities, are, in substance, part of the government operations.

A discretely presented component unit is an entity that is legally separate from the County but for which the County is financially accountable, or its relationship with the County is such that exclusion would cause the County's financial statements to be misleading or incomplete.

The discretely presented component unit column in the combined financial statements include the County's component units. They are reported in a separate column to emphasize that they are legally separate from the county. A brief description of each component unit, and its relationships to the County follows:

Toledo Mud Hens Baseball Club, Inc. is organized to own, manage, and operate a professional baseball club. The board of this component unit is appointed by the Board of County Commissioners. The County receives rent from the Mud Hens that is substantially below market

rate, which imposes a financial burden, as defined by GASB 14 on the County. For report purposes, the Mud Hens are a proprietary component unit. The Mud Hens are reported on a fiscal year ending October 31. Complete financial statements of the component unit can be obtained from its administrative office at Fifth Third Field, 406 Washington St., Toledo, OH 43604.

Lott Industries, Inc., is a nonprofit organization affiliated with the Lucas County Board of Mental Retardation and Developmental Disabilities (LCBMR/DD), a special revenue fund of the County. It provides employment for individuals with mental retardation and developmental disabilities by obtaining work competitively from the private and public sectors. A majority of the board of the component unit is appointed by the LCBMR/DD. The LCBMR/DD pays the salaries of the administrative staff, which is a financial obligation of the County, and the component unit exists solely to provide service to the LCBMR/DD. For report purposes, Lott Industries, Inc. is a governmental component unit. Complete financial statements of the component unit can be obtained from its administrative office at 2001 Collingwood, Toledo, Ohio 43620.

Preferred Properties, Inc. and Affiliates is a not-for-profit corporation organized to provide affordable and accessible housing to persons with disabilities. One third of the board of the component unit is appointed by the LCBMR/DD. Funds for the purchase of housing are received from the LCBMR/DD which come from board funds and pass through of funds from Community Assistance Projects administered by the Ohio Department of Mental Retardation and Developmental Disabilities. This imposes a financial obligation on the County. For report purposes, Preferred Properties, Inc. is a governmental component unit. Preferred Properties, Inc. is reported on a fiscal year ending June 30. Complete financial statements of the component unit can be obtained from its administrative office at 2001 Collingwood, Toledo, Ohio 43620.

Community Living Options, Inc. is a non-profit corporation that provides residential assistance and support services to individuals with mental retardation and

LUCAS COUNTY, OHIO
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2001

Note A - Description of Lucas County and Basis of Presentation (continued)

developmental disabilities. The board of the component unit is appointed by the LCBMR/DD. The component unit receives the majority of its funding from the State of Ohio, passed through the LCBMR/DD. The LCBMR/DD has agreed to fund any losses of the component unit which imposes a financial obligation on the County. For report purposes, Community Living Options, Inc. is a governmental component unit. Complete financial statement of the component unit can be obtained from its administrative office at 2001 Collingwood, Toledo, Ohio 43620.

In determining its reporting entity and component units, the County considered all potential component units, including the Lucas County Board of Health, Metropolitan Park District, Lucas County Soil and Water Conservation District, Lucas County Port Authority, Lucas County Improvement Corporation, Toledo Zoological Society, Toledo Area Sanitary District, Toledo Lucas County Public Library, Lucas County Board of Education and Toledo-Lucas County Convention and Visitors Bureau and concluded that such were neither component units nor related organizations of the County and that it would not be misleading to exclude their activities from the County's reporting entity.

Basis of Presentation: The County's basic financial statements consist of government-wide statements, including a statement of net assets and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

Government-wide Financial Statements: The statement of net assets and the statement of activities display information about the County as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The activity of the internal service funds is eliminated to avoid "doubling up" revenues and expenses. The statements distinguish between those activities of the County that are governmental and those that are considered business-type activities.

The statement of net assets presents the financial condition of the governmental and business-type activities for the County at year-end. The statement of activities

presents a comparison between direct expenses and program revenues for each program or function of the County's governmental activities and for the business-type activities of the County. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient for the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the County, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the County.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the County's water and sewer function and various other functions of the County. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Fund Financial Statements: During the year, the County segregates transactions related to certain County functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the County at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Internal service funds are combined and the totals are presented in a single column on the face of the proprietary fund statements. Fiduciary funds are reported by type.

Fund Accounting: The County uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self balancing set of

LUCAS COUNTY, OHIO
NOTES TO THE FINANCIAL STATEMENTS-(continued)
DECEMBER 31, 2001

Note B - Summary of Significant Accounting Policies
(continued)

accounts. There are three categories of funds: governmental, proprietary and fiduciary.

Governmental Funds: Governmental funds are those through which most governmental functions of the County are financed. Governmental fund reporting focuses on the sources, use and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental funds assets and liabilities is reported as fund balance. The following are the County's major governmental funds.

- **General Fund:** This fund accounts for the general operating revenues and expenditures of the County not recorded elsewhere. The primary revenue sources are sales and use taxes, property taxes, state and local government fund receipts, investment earnings and charges for services.
- **Children Services Board Special Revenue Fund:** This fund accounts for County-wide property tax levy, state grants and reimbursements used for County child care programs.
- **Board of Mental Retardation Special Revenue Fund:** This fund accounts for a County-wide property tax levy, state grants and reimbursements used for care and services for the mentally handicapped and retarded.
- **Public Assistance Special Revenue Fund:** This fund accounts for various federal and state grants and reimbursements as well as transfers from the General Fund used for human service programs.
- **Capital Improvements Capital Projects Fund:** This fund accounts for renovation and construction of County owned buildings and facilities, and construction of special assessment projects.
- **Debt Service Fund:** This fund accounts for revenues received and used to pay principal and interest on debt.

Proprietary Fund

- Proprietary fund reporting focuses on the determination of operating income, changes in net assets, financial position

and cash flows. These funds are used to account for operations that provide services which are financed primarily by user charges, or activities where periodic measurement of income is appropriate for capital maintenance, public policy, management control or other purposes. The County reports the following major proprietary funds.

- **Water Supply System Enterprise Fund:** This fund accounts for the distribution of treated water to individuals and commercial users of Lucas County.
- **Sewer System Enterprise Fund:** This fund accounts for sanitary sewer services provided to individuals and commercial users in Lucas County and portions of Wood County.
- **Wastewater Treatment Enterprise Fund:** This fund accounts for wastewater treatment services provided to the Sanitary Engineer, cities of Maumee and Sylvania, Village of Waterville, Sylvania Township and other portions of Lucas County and portions of Wood County

Additionally the County reports which Internal Service Funds account for the goods or services provided by certain County departments to other County funds, departments and other governmental units, on a cost reimbursement basis. The County also reports agency funds that account for and maintain assets held by the County or as an agent for individuals, private organizations, and other governmental units and other funds. These assets include: property and other taxes, as well as other intergovernmental resources that have been collected and which will be distributed to other taxing districts located in Lucas County.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Water Supply System, Wastewater Treatment Plant, and Sewer System, and of the County's internal service funds are charges to customers for sales and services. The County also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds

LUCAS COUNTY, OHIO
NOTES TO THE FINANCIAL STATEMENTS-(continued)
DECEMBER 31, 2001

Note B - Description of Lucas County and Basis of Presentation (continued)

and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non operating revenues and expenses.

Note B - Summary of Significant Accounting Policies

The accompanying financial statements of the County are prepared in conformity with GAAP for local government units as prescribed in statements and interpretations issued by the GASB and other recognized authoritative sources. The County has elected not to apply FASB Statements and interpretations issued after November 30, 1989, to its proprietary activities.

Government-wide Financial Statements: The government-wide financial statements are prepared using the economic resources measurements focus. All assets and liabilities associated with the operation of the County are included on the Statement of Net Assets.

Fund Financial Statements: All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurements focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Like the governmental-wide statements, all proprietary fund types are accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of these funds are included on the statement of net assets. The statement of changes in fund new assets presents increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. The

statement of cash flows provides information about how the County finances and meets the cash flow needs of its proprietary activities.

Fiduciary funds are reported using the economic resources measurement focus.

Basis of Accounting: Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis accounting. Governmental Funds use the modified accrual basis of accounting. Proprietary and fiduciary funds also use the accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

Revenues - Exchange and Non-Exchange Transactions: Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the County, available means expected to be received within thirty days of fiscal year-end.

Non-exchange transactions, in which the County receives value without directly giving equal value in return, include property taxes, grants, entitlement and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. (See Note K). Revenue from grants, entitlement and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the County must provide local

LUCAS COUNTY, OHIO
NOTES TO THE FINANCIAL STATEMENTS-(continued)
DECEMBER 31, 2001

Note B - Summary of Significant Accounting Policies
(continued)

resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the County on a reimbursement basis. On modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: delinquent taxes, sales tax, grants, interest, fees and charges for services.

Deferred Revenue: Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

Property taxes for which there is an enforceable legal claim as of December 31, 2001 but which were levied to finance fiscal year 2002 operations, have been recorded as deferred revenue. Grants and entitlements received before the eligibility requirements are met are also recorded as deferred revenue.

On governmental fund financial statements, receivables that will not be collected within the available period have also been reported as deferred revenue.

Expenses/Expenditures: On the accrual basis of accounting, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in the governmental funds.

Budgetary Information: Under Ohio law, the Board of County Commissioners must adopt an appropriations budget by January 1st of a given year, or adopt a temporary appropriation measure with final passage of a permanent budget by April 1st, for all funds except Agency Funds. Budgets are legally required for each organizational unit by object (personal services, materials

and supplies, charges for services, and capital outlays and equipment).

Each County department prepares a budget that is approved by the Board of County Commissioners. Modifications to the original budget within expenditure objects can be made by the budget manager in the Auditor's Office. The County maintains budgetary control within an organizational unit and fund by not permitting expenditures and encumbrances to exceed appropriations at the object level (the legal level of control). Unencumbered and unexpended appropriations lapse at year-end. Encumbered and unpaid appropriations (reserved for encumbrances) are carried forward to the next year as authority for expenditures.

The County's budgetary process accounts for certain transactions on a basis other than GAAP. The major difference between the budget basis and the GAAP basis are:

- (1) Revenues are recorded when received in cash (budget) as opposed to when susceptible to accrual (GAAP).
- (2) Expenditures are recorded when encumbered, or paid in cash (budget), as opposed to when susceptible to accrual (GAAP).

The actual results of operations, compared to the final appropriation, which include amendments to the original appropriation, for each fund type by expenditure function and revenue source are presented in the *Combined Statement of Revenues, Expenditures and Changes in Fund Balances-Budget and Actual (non-GAAP Budgetary Basis)- All Governmental Fund Types*. The difference between the accrual and cash basis statements was not significant. The reserve for encumbrances is carried forward as part of the budgetary authority for the next year and is included in the revised budget amounts shown in the budget to actual comparisons.

Cash Equivalents: Investments of the cash management pool, and investments with original maturities of three months or less at the time they are purchased by the County are considered to be cash equivalents. Investments with an initial maturity of more than three months are considered to be investments.

LUCAS COUNTY, OHIO
NOTES TO THE FINANCIAL STATEMENTS-(continued)
DECEMBER 31, 2001

Note B - Summary of Significant Accounting Policies
(continued)

Inventory of Materials and Supplies: Inventory is valued at cost using the first-in, first-out method. Inventory is recorded as an expenditure/expense when consumed.

Capital Assets: Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed.

Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized, as projects are constructed. Interest incurred during the construction phase of proprietary capital assets is included as part of the capitalized value of the assets constructed.

All reported capital assets are depreciated using the straight line method over the following estimated useful lives:

- Furniture, fixtures and equipment 5 - 20 years
- Buildings, structures, improvements 20 - 40 years
- Land improvements (water and sewer lines) 40 years
- Infrastructure 20 - 40 years

Use of Estimates: The preparation of the basic financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Grants and Other Intergovernmental Revenues: Local Government fund revenues are recorded as receivables and revenues when measurable and available. Assistance awards made on the basis of entitlement are recorded as intergovernmental receivables and revenues when entitlement occurs. Federal and State reimbursement type grants for the acquisition or construction of capital assets are recorded as receivables and contributed capital when the related expenses are incurred. All other Federal and State reimbursement type grants are recorded as receivables and revenues when the related expenditures/expenses are incurred.

Interfund Transactions: During the normal course of operations, the County has numerous transactions between funds. These transactions include charges for services provided by an Internal Service fund to other funds and operating transfers. Transfers represent transfers of resources from a fund receiving revenue to a fund through which those resources will be expended and are recorded as other financing sources (uses) in Governmental Fund Types and as transfers in Proprietary funds.

The Internal Service funds record charges for services to all County funds, departments and other governmental units as operating revenue. Both Governmental and Proprietary funds record these payments to the Internal Service funds as operating expenditures/expenses.

Compensated Absences: The County records accumulated unpaid vacation, overtime pay, and vested sick time benefits as accrued wages and benefits payable when earned by employees. The entire compensated absences liability is reported on the governmental-wide financial statements.

For governmental funds, the current portion of unpaid compensated absences is the amount expected to be paid

LUCAS COUNTY, OHIO
NOTES TO THE FINANCIAL STATEMENTS-(continued)
DECEMBER 31, 2001

Note B - Summary of Significant Accounting Policies
(continued)

using expendable available resources. These amounts are recorded in the account "compensated absences payable" in the fund from which the employees who have accumulated unpaid leave are paid. The non-current portion of the liability is not reported.

Ohio law requires that vacation time not be accumulated for more than three years. Normally, all vacation time is to be taken in the year available unless administrative written approval for carryover is obtained. Unused vacation is payable upon termination of employment. Unused sick time may be accumulated until retirement. Employees with a minimum of ten years of service are paid one third of accumulated sick time upon retirement with a maximum of 40 days. In general, employees are eligible to be paid for unused compensatory time upon termination of employment. All sick, vacation and compensatory payments are made at employees' current wage rates.

Self-Funded Insurance: The County is self-funded for dental and health benefits. The dental program is administered by Stateline TPA, Inc., which provides claims review and processing services. Each County fund is charged for its proportionate share of the cost for covered employees. Payment of these benefits is accounted for in an internal service fund. The County records a liability for incurred but unreported claims at year end based upon an actuarial estimate provided by Stateline TPA, Inc. The County also maintains a Self-Funded Workers' Compensation fund and a Risk Retention fund to manage liability insurance County-wide. There have been no significant reductions in coverage from the prior year and settled claims have not exceeded commercial coverage in any of the last three years.

The County's Self-funded Workers' Compensation fund (an internal service fund) accounts for and finances its uninsured risks of loss for workers' compensation claims. Under this program, the Self-funded Workers' Compensation fund provides coverage for up to a maximum of \$300 thousand for each workers' compensation claim. The County will pay premiums to the State of Ohio Bureau of Workers' Compensation for claims in excess of coverage provided by the fund. In addition, the fund will pay assessments to the Bureau of

Workers' Compensation for administration and payment of claims.

All funds of the County participate in the program and make payments to the Self-funded Workers' Compensation Fund based on their usage of the program to cover actuarial estimates of the amounts needed to pay current-year claims. The claims liability of \$6.8 million reported in the fund at December 31, 2001 is based on the requirements of Governmental Accounting Standard Board Statement 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements, and the amount of the loss can be reasonably estimated. This liability includes an amount for claims that have been incurred but not reported. Because actual claims liabilities depend on such complex factors as inflation, changes in legal doctrines, and damage awards, the process used in computing claims liability does not necessarily result in an exact amount. Liabilities for losses to be settled by fixed or reasonably determinable payments over a long period of time are reported at their present value using an expected future investment yield assumption of 6.00%.

Fund Balance Reservations and Designations: The County reserves portions of fund balances that are legally segregated for specific future uses or that do not represent available, spendable resources and, therefore, are not appropriate for expenditures. Designations of fund balances are amounts that have been designated by management for a specific future use, which are not legally segregated. Undesignated fund balances are not reserved nor designated and are appropriate in future periods.

Prepaid Items: Payments made to vendors for services that benefit future periods are recorded as prepaid items in both government-wide and fund financial statements. A current asset for the prepaid amount is recorded at the time of purchase, and the expenditure is reported in the year in which services are consumed.

LUCAS COUNTY, OHIO
NOTES TO THE FINANCIAL STATEMENTS-(continued)
DECEMBER 31, 2001

Note C - Reconciliation of Government-wide and Fund financial Statements

I. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net assets.

The governmental fund balance sheet includes a reconciliation between *fund balance - total governmental funds, and net assets - governmental activities* as reported in the government-wide statement of net assets. One element of that reconciliation explains that "long-term liabilities are not due and payable in the current period and therefore not reported in the funds." Details of this difference are as follows: (Amounts in 000's)

Bonds payable	\$ 94,786
OWDA loans payable	2,709
OPWC loans payable	2,242
Capital leases payable	9,231
Landfill liability payable	12,255
Compensated absences	<u>17,469</u>
<i>Net adjustment to reduce fund balance - total governmental funds to arrive at net assets - governmental funds.</i>	<u>\$138,692</u>

II. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities.

The governmental fund statement of revenues, expenditures, and changes in fund balance includes a reconciliation between net changes in *fund balances - total governmental funds and changes in net assets of governmental activities*. One element of that reconciliation explains that "Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of these assets is allocated over their estimated useful lives and reported as depreciation expenses." The details of the difference are as follows: (Amounts in 000's)

Capital outlay	\$48,311
Capital outlay in excess of fixed asset additions.	(6,680)
Depreciation expense	<u>(19,264)</u>
<i>Net adjustment</i>	<u>\$22,367</u>

Another element of that reconciliation states that "The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets." The details of this difference are as follows: (Amounts in 000's)

Proceeds of loans	\$ 746
Proceeds of bonds	38,585
Proceeds of capital lease transactions	<u>21</u>
	39,352
Principal retirement	<u>(10,846)</u>
<i>Net adjustment</i>	<u>\$28,506</u>

Note D - Pooled Cash and Cash Equivalents, Segregated Cash, Investments and Deposits

To improve cash management, cash received by the County is pooled in a central bank account which is managed by the County Treasurer. Amounts for all funds including proprietary funds, are maintained in this account or are temporarily used to purchase short term investments. Individual fund integrity is maintained through the County's records. Each fund's interest in the pooled bank accounts is presented as cash and cash equivalents, and investments on the balance sheet. During 2001, investments were limited to STAR Ohio, certificates of deposit, U.S. Treasury Obligations and Mortgage-backed Securities, and a revenue Bond anticipation note. These investments are stated at fair value. Money market investments that mature within one year of acquisition and participating interest-earning investment contracts that mature within one year of acquisition are reported at amortized cost. The County's investments are covered by Custodian Safekeeping Agreements with all securities dealers of County owned purchased securities, whereby such securities are held for the County by a third party custodian.

LUCAS COUNTY, OHIO
NOTES TO THE FINANCIAL STATEMENTS-(continued)
DECEMBER 31, 2001

**Note D - Pooled Cash and Cash Equivalents,
Segregated Cash, Investments and Deposits
(continued)**

Investment income is recorded in the General and Self-funded Health funds. Investment income in the General fund includes earnings on all pooled investments. Investment income earned during 2001 totaled approximately \$12.5 million.

The County uses separate bank accounts for resources not deposited with the County Treasurer. These interest bearing depository accounts are presented in the Combined Balance Sheet as "Segregated Cash Accounts."

Legal Provisions: The County Treasurer is permitted by Ohio law to deposit or invest County funds provided that they mature or are redeemable within two years from date of purchase. The Treasurer is permitted to invest or deposit in the following classification of obligations:

1) Obligations of, or backed by the faith of, the United States Government.

2) Obligations issued by any Federal agency.

3) Deposits in institutions eligible under Ohio law. All deposits are collateralized with eligible securities, as described by state statutes, which are pledged to a collateral pool for each individual financial institution, in amounts equal to at least 110% of the carrying value of all public deposits held by each institution.

4) Obligations of the State.

5) Repurchase agreements with institutions eligible under Ohio law not to exceed 30 days, where the institution agrees unconditionally to repurchase any of the securities listed in (1) or (2).

6) Commercial paper issued by any corporation incorporated under the laws of the United States or a state if both of the following conditions apply. Two nationally recognized rating agencies rank the commercial paper in either of their two highest categories; the total amount

invested in commercial paper at any time does not exceed five per cent of the county's total average portfolio, as determined and calculated by the investing authority.

7) Bankers acceptances, if the following conditions are met: The acceptances mature in two hundred seventy days or fewer from the date of settlement; the acceptances are eligible for purchase by the federal reserve system; the total amount invested in bankers acceptances at any time does not exceed ten per cent of the county's total average portfolio, as determined and calculated by the investing authority.

8) The State Treasurer's Investment pool (STAROhio). Investment authority for the State Treasurer's Investment pool is established by the State Legislature and reflected in the Ohio Revised Code.

9) No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) of this section and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions.

The Governmental Accounting Standard Board (GASB Statement 3) has established credit risk categories for deposits and investments.

- Category 1 - Investments that are insured or registered, or securities held by the County or its agent in the County's name.

Deposits that are insured or collateralized with securities held by the County or its agent in the County's name.

- Category 2 - Investments that are uninsured and unregistered, with securities held by the counterparty's trust department or agent in the County's name.

LUCAS COUNTY, OHIO
NOTES TO THE FINANCIAL STATEMENTS-(continued)
DECEMBER 31, 2001

**Note D - Pooled Cash and Cash Equivalents,
Segregated Cash, Investments and Deposits
(continued)**

Deposits that are collateralized with securities held by the pledging financial institution's trust department or agent but not in the County's name.

Deposits that are uncollateralized or collateralized with securities held by the pledging financial institution, or by its trust department or agent but not in the County's name.

- Category 3 - Investments that are uninsured or unregistered, with securities held by the counterparty, or by its trust department or agent but not in the County's name.

Based on the above criteria, the County's deposits and investments at December 31, 2001 are classified as follows:

Amount Available for Deposit or Investment	(Amounts in 000's)
Carrying amounts per combined balance sheet:	
Pooled	\$ 241,127
Segregated	8,151
Outstanding Checks	14,288
Other reconciling items (net)	(76)
Amount available for deposit and investment (Bank balances of deposits/fair value of investments)	<u>\$ 263,490</u>

Deposits: At year-end the County had the following deposits eligible under Ohio law:	Risk Category			Bank Balance	Fair Value
	1	2	3		
	(Amounts in 000's)				
FDIC insured deposits	\$ 1,459	\$ -	\$ -	\$ 1,459	
Insured by the financial institutions collateral pool	-	-	11,055	11,055	
Money Market Account	-	-	10,091	10,091	
Certificates of deposit	-	<u>38,913</u>	-	<u>38,913</u>	
Total deposits	<u>\$ 1,459</u>	<u>\$ 38,913</u>	<u>\$ 21,146</u>	<u>\$ 61,518</u>	
Investments: At year-end the County had the following investments:					
U.S. Treasury Notes	\$ 19,259	\$ -	\$ -		\$ 19,259
U.S. Treasury Bills	922	-	-		922
United States Agency Securities	141,748	-	-		141,748

Lucas County Recreation, Inc. and Toledo Mud Hens Baseball Club, Inc. have available a \$500,000 line of credit with an interest rate at 2% above the rate paid on certificates of deposit (4.07% at October 31, 2001). There were no outstanding borrowings at October 31, 2001. Preferred Properties, Inc. and Affiliates have a note payable of \$6 thousand with an interest rate of 9.7% due in July of 2002, a note payable of \$16 thousand with an interest rate of 8.58% due in July 2005, and a note payable of \$28 thousand with an interest rate of 7.5% due in June 2006. They also have various mortgages payable totaling \$3,267 thousand secured by real estate with interest rates varying from 0% to 9.00%. Preferred Properties, Inc. has available a \$150,000 line of credit with an interest rate at 1.5% over prime (6.75% at June 30, 2001). There were \$115 thousand of outstanding borrowings at June 30.

long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are

Note H - Long-term Debt and Other Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements,

LUCAS COUNTY, OHIO
NOTES TO THE FINANCIAL STATEMENTS-(continued)
DECEMBER 31, 2001

Note H - Long-term Debt and Other Obligations
(continued)

reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Long-term Bonds: All long-term debt issued for governmental purposes of the County and special assessment bonds are retired from the Debt Service Fund. General Obligation bonds are secured by the County's ability to levy a voted or unvoted property tax within limitations of Ohio Law.

The County issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds have been issued for governmental-type activities. The original amount of general obligation bonds issued in prior years was \$135 million. During the year, general obligation bonds totaling \$17 million were issued for a Juvenile Justice Center.

Self-supporting bonds are secured by an unvoted property tax levy (special assessments); however, each appropriate bond indenture provides for principal and interest to be paid from user charges.

The County issued \$1.585 million of special assessment debt in 2001 to provide funds for the construction of various sewers and water lines. These bonds will be repaid from amounts levied against the property owners benefited by this construction. In the event property owners default on their special assessment obligations, the County is obligated to meet the debt service requirements from County funds. At December 31, 2001, the County had \$383 thousand set aside for the retirement of this debt. These funds are included in pooled cash and investments.

The County also issued \$2,014 in Ohio Water Development Authority Loans (OWDA) and Ohio Public Works Commission (OPWC) loans in 2001.

Under the Uniform Bond Act of the Ohio Revised Code, the County has the capacity to issue approximately \$43.3 million of additional unvoted general obligation debt.

Lott Industries, Inc., a discretely presented component unit of the County has bonds payable of \$4.3 million that mature on August 1, 2021, with a variable interest rate that was 1.8% at December 31, 2001.

Nontax Revenue Bonds: In 2001, the County issued \$20 million of Nontax Revenue Bonds for a new baseball stadium which the County owns and leases to the Toledo Mud Hens Baseball Club, Inc. In 2001, the County also issued \$6 million of Nontax Revenue Notes for that project which were prepaid and retired in April, 2002. The Nontax Revenue Bonds do not represent or constitute a general obligation debt or pledge of the faith or credit or taxing power of the County. The Nontax Revenue Bonds are special obligations of the County payable solely from the Nontax Revenues. The County has covenanted to appropriate in its annual appropriation measure for each year, and to pay to the Trustee for the Nontax Revenue Bonds by January 15, of such year, Nontax Revenues in an amount sufficient to pay all bond service charges due and payable on the Nontax Revenue Bonds during the then current year.

Capital Lease Obligations: The County entered into a lease agreement for a portion of the Government Center. The lease is classified as a capital lease. The portion of the Government Center leased by the County has been recorded as land and building for \$16.9 million.

The County has entered into certain other agreements to lease equipment and other assets. Such agreements are, in substance, lease purchases (capital leases) and are classified as capital lease obligations in the financial statements.

LUCAS COUNTY, OHIO
NOTES TO THE FINANCIAL STATEMENTS-(continued)
DECEMBER 31, 2001

Note H - Long-term Debt and Other Obligations
(continued)

Operating Leases: At December 31, 2001, the County had 12 operating leases for office space and equipment. Operating lease payments are recorded as expenditures/expenses for the current period.

The County's future minimum lease payments under lease obligations which have been capitalized and operating leases as of December 31, 2001 are as follows (Amounts in 000's):

<u>Year</u>	<u>Government activities Capital Leases</u>	<u>Business type activities Capital Leases</u>	<u>Operating Leases</u>
2002	\$ 2,185	\$ 7	\$ 41
2003	1,915	8	16
2004	1,915	7	7
2005	1,915	-	3
2006	1,915	-	1
2007 - 2008	<u>2,938</u>	<u>-</u>	<u>-</u>
<i>Total minimum lease payments</i>	12,783	\$ 22	<u>\$ 68</u>
Less: amount representing interest	<u>3,552</u>	<u>3</u>	
<i>Present value of future minimum lease payments</i>	<u>\$ 9,231</u>	<u>\$ 19</u>	

Accrued Wages and Benefits: Unpaid vested hours at December 31, 2001 representing this liability for all governmental funds are as follows (Amounts in 000's):

	<u>Hours</u>
Vacation	463
Sick	341
Compensation ...	41

Deferred Compensation: County employees have the option of participating in three state-wide deferred compensation plans, created in accordance with the *Internal Revenue Code Section 457*. Under these plans, employees elect to have a portion of their pay deferred until a future time. According to these plans, the deferred compensation is not available to employees until termination, retirement, death or unforeseeable

LUCAS COUNTY, OHIO
NOTES TO THE FINANCIAL STATEMENTS-(continued)
DECEMBER 31, 2001

Note H - Long-term Debt and Other Obligations
(continued)

emergency. The deferred pay and any income earned thereon is not subject to income tax until actually received by the employee.

All amounts of compensation deferred under these plans, all property and rights purchased with those amounts, and all income attributable to those amounts, property, or rights are to be held in trust for the exclusive benefit of the participants and their beneficiaries.

Conduit Debt Obligations: From time to time, the County has issued Industrial Revenue Bonds, Hospital Facilities Bonds and Commercial Housing Revenue Bonds to provide financial assistance to private, profit and non-profit sector entities for the acquisition and construction of industrial, hospital and commercial facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Upon repayment of the bonds, ownership of the acquired facilities transfers to the private-sector entity served by the bond issuance. Neither the County, the State nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements.

As of December 31, 2001 there were 155 series of Industrial, Hospital and Commercial Housing Revenue Bonds outstanding. The aggregate principal amount payable for the 14 series issued after January 1, 1995 was \$274,908,154. The aggregate principal amount payable for the 141 series issued and with bonds outstanding issued prior to January 1, 1995, could not be determined; however, their original issue amounts total \$1,324,032,000.

Note I - Employee Retirement Systems and Pension Plan

All eligible employees of the County, other than the teachers for the Board of Mental Retardation, participate in the Public Employees Retirement System of Ohio (PERS), a statewide cost-sharing multiple-employer defined benefit pension plan. Teachers for the Board of Mental Retardation participate in the State Teachers Retirement System of Ohio (STRS). STRS is also a statewide cost-sharing multiple-employer public employee retirement system administered and controlled by the State. County employees are not currently covered under the Federal Social Security Act. The plan provides retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by State statute under Chapter 145 of the Ohio Revised Code.

Law enforcement officers in the County Sheriff's department contribute 10.1% of their annual compensation and the County contributes 16.7% of the same base. The County is required to contribute 22.05% of annual compensation for employees of the County engineer based upon a contract with their respective union. All other eligible County employees contribute 8.5% of their annual compensation with the County contributing 13.55% of the same amount. The County's contribution to PERS for the years ending December 31, 2001, 2000, and 1999, were \$19.2 million, \$14.9 million, and \$17.2 million respectively, equal to the requested contribution for each year. All contributions to PERS were made within the required due dates. The Ohio Revised Code provides statutory authority for employee and employer contributions.

LUCAS COUNTY, OHIO
NOTES TO THE FINANCIAL STATEMENTS-(continued)
DECEMBER 31, 2001

Note I - Employee Retirement Systems and Pension Plans (continued)

STRS contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10% for members and 14% for employers. State statute provides authority for employee and employer contributions. Contribution requirements for the fiscal years ended June 30, 2001, 2000 and 1999 were 9.30% of covered payroll for employees and 14% for employers. The county's contribution requirement to STRS for the years ending December 31, 2001, 2000 and 1999 were \$6 thousand, \$70 thousand, and \$148 thousand respectively, equal to the required contribution for each year. All contributions to STRS were made within the required due dates.

Note J - Other Post-Retirement Obligations

In addition to pension benefits, the County provides post-retirement health care benefits to employees who retire from the County under the PERS and STRS plan discussed in Note I.

The Ohio Revised Code provides the statutory authority requiring public employees to fund post-retirement health care through their contributions to PERS. PERS provides post-retirement health coverage to age and service retirees with ten (10) or more years qualifying Ohio service credit. Health care coverage for disability recipients and to primary survivor recipients of such retirees is available. The health care coverage provided by the retirement system is considered an Other Post-Employment Benefit (OPEB) as described in GASB Statement No. 12. A portion of each employer's contribution to PERS is set aside for the funding of post retirement health care. The Ohio Revised Code provides statutory authority for employer contributions. For local government employers, the rate was 13.55% of covered payroll and 16.70% for law enforcement employers, with 4.3% used to fund healthcare for regular employees and law enforcement employees.

The following assumptions and calculations were based on PER'S latest actuarial review performed as of December 31, 2000.

An entry age normal actuarial cost method of valuation is used in determining the present value of OPEB. The differences between assumed and actual experience (actuarial gains and losses) becomes part of unfunded actuarial accrued liability.

All investments are carried at market value. For actuarial valuation purposes, a smoothed market approach is used. Under this approach, assets are adjusted annually to reflect 25% of unrealized market appreciation or depreciation on investment assets. The investment assumption rate for 2000 was 7.75%.

An annual increase of 4.75% annually, is the base portion of the individual pay increase assumption. This assumes no change in the number of active employees. Additionally, annual pay increases, over and above the 4.75% base increase, were assumed to range from .54% to 5.1%. Health care costs were assumed to increase 4.75% annually.

OPEBs are advance-funded on an actuarially determined basis. The number of active contributing participants was 411,076. The rates stated above are the actuarially determined contribution requirements for PERS. The employer contributions to fund post-employment benefits in 2001 was \$5.9 million. The portion of employer contributions used to fund post-employment benefits can be determined by multiplying actual employer contributions times .3173 for local government employers and .2575 for law enforcement employers.

The actuarial value of the Retirement System's net assets available for OPEB was \$11,735.9 million at December 31, 2000 (the latest information available). The actuarially accrued liability and the unfunded actuarial accrued liability were \$14,364.6 million and \$2,628.7 million, respectively,

STRS provides comprehensive health care benefits to retirees and their dependents. Coverage includes hospitalization, physician fees, prescription drugs and

LUCAS COUNTY, OHIO
NOTES TO THE FINANCIAL STATEMENTS-(continued)
DECEMBER 31, 2001

Note J - Other Post-Retirement Obligations
(continued)

reimbursement of monthly Medicare premiums. All benefit recipients and sponsored dependents are eligible for health care coverage. The Ohio Revised Code provides statutory authority allowing the STRS Board of Trustees to provide health care coverage to all eligible employees. The Board has the discretionary authority over how much, if any, of the associated health care costs will be absorbed by the plan. All benefit recipients are required to pay a portion of the health care cost in the form of a monthly premium. By Ohio law, the cost of the coverage paid from STRS funds shall be included in the employer contribution rate, currently 14% of covered payroll. The Board allocates employer contributions equal to 4.5% of covered payroll to the health care reserve fund within the employer's trust fund from which payments for health care benefits are paid. The balance in the health care reserve fund was \$3,256 million at June 30, 2001 (the latest information available). The 4.5% contribution for Lucas County amounted to \$2 thousand. The number of participants eligible to receive health care benefits as of July 1, 2001 was 102,132. The STRS plan's net health care expenses for the year ended June 30, 2001 as a whole was \$301 million. The health care reserve fund allocation for the year ended June 30, 2001, will be 4.5% of covered payroll.

Note K - Property Taxes, Sales Taxes, and Deferred Revenues

Property taxes include amounts levied against real,

public utility and tangible personal (business) property. The assessed value by property classification, upon which taxes collected in 2001 were based is as follows:

<u>(Amounts in 000's)</u>	
Real property	\$6,388,629
Public utility and tangible personal property	<u>1,300,310</u>
<i>Total assessed property value . . .</i>	<u><u>\$7,688,939</u></u>

In 2001, real property taxes were levied on January 2, 2001, on the assessed values as of January 1, 2000, the lien date. Assessed values are established by the County Auditor at 35% of appraised market value. A revaluation of real property is required to be completed no less than every six years, with a statistical update every third year. The most recent revaluation was completed in 2001.

Tangible personal property tax is assessed on equipment and inventory held by businesses. Tangible property is assessed at 25% of true value (as defined). In 2001, each business was eligible to receive a \$10 thousand exemption in assessed value which was reimbursed by the State.

Real property taxes are payable annually or semi-annually. In 2001, if paid annually, payment was due by February 9th. If paid semi-annually, the first payment (at least 1/2 of amount billed) was due February 9th, with the remainder due July 20th.

By July 2001, the final collection date, 95.1% of the total current and delinquent property taxes billed in 2001 were collected.

The County Auditor remits portions of the taxes collected to all taxing districts when completing periodic settlements of Real and Public Utility property taxes in February and August and Tangible Personal Property taxes in June and October for the first and second halves of the year, respectively. The County accrues billed but uncollected property taxes as receivables at their estimated net realizable value.

LUCAS COUNTY, OHIO
NOTES TO THE FINANCIAL STATEMENTS-(continued)
DECEMBER 31, 2001

Note K - Property Taxes, Sales Taxes, and Deferred Revenues (continued)

The delinquent real property taxes outstanding and available to the County within the first 60 days of 2002 were recorded as 2001 revenue, the remaining taxes receivable are offset by a credit to deferred revenue. Although total property taxes levied for the next fiscal year are measurable, amounts to be received during the available period are not subject to reasonable estimation at December 31, 2001, and are not available for appropriation and use until 2002. The deferred revenues are offset by these property tax receivables and special assessment receivables related to future capital service projects.

In 1970, the County Commissioners, by resolution, imposed a .5% tax on all retail sales, including motor vehicles, made in the County. In 1982, the County commissioners increased the sales tax by .5% to 1%. In

November, 1993, Lucas County voters approved a permanent increase of .25% to 1.25% in the sales tax. Vendor collections of the tax are paid to the State Treasurer by the twenty-third day of the month following collection. The State Tax Commissioner certifies to the State Auditor the amount of the tax to be returned to the County. The Tax Commissioner's certification must be made within forty-five (45) days after the end of each month. The State Auditor then has five (5) days in which to draw the warrant payable to the County.

Proceeds of the tax are credited entirely to the General Fund. Amounts that have been collected by the State and are to be received within 60 days of year end are accrued as revenue, as measurable and available. Sales tax revenue for 2001 amounted to \$69.8 million.

Ohio law prohibits taxation of property from all taxing authorities in excess of 10.00 mills of assessed value without a vote of the people. Presently, the County levies 2.00 mills of the 10.00

mill limit for the General Fund. An additional 15.80 mills have been levied for voted millage. A summary of voted millage follows:

<u>Purpose</u>	<u>Voter Authorized Rate(a)</u>	<u>Rate Levied for Current Year Collection Agricultural/ Residential/(b)</u>	<u>Commercial/ Industrial</u>	<u>Final Collection Year</u>
Senior services45	.360917	.406460	2004

Zoo operating70	.501832	.632272	2002
911 Telephone system ..	<u>.70</u>	<u>.501538</u>	<u>.632272</u>	2001
Total	<u>15.80</u>	<u>10.506213</u>	<u>13.278364</u>	

(a) Dollars per \$1,000 of assessed valuation.

(b) Ohio law provides for a reduction of certain voted levies to offset inflation in the value of real property. The voted levies are subject to change.

LUCAS COUNTY, OHIO
NOTES TO THE FINANCIAL STATEMENTS-(continued)
DECEMBER 31, 2001

Note L - Reconciliation of Budget Basis to GAAP Basis

A reconciliation for the major governmental funds at December 31, 2001 from the budget basis to a GAAP basis for excess of revenues and other financing sources over (under) expenditures and other uses follows: (Amounts in 000's).

	<u>General Fund</u>	<u>Children Services Board</u>	<u>Board of Mental Retardation</u>	<u>Job and Family Services</u>
Budget Basis	(\$1,149)	\$103	(\$9,842)	\$8,292
Net adjustments for revenue accruals	1,543	161	(81)	1
Net adjustments for expenditure accruals	2,027	1,660	(1,644)	(843)
Net adjustment for encumbrances	2,290	752	3,376	513
Net adjustments for other Financing sources (uses) accruals . . .	<u>(1,669)</u>	<u>(1,383)</u>	-	<u>21</u>
GAAP Basis	<u>\$3,042</u>	<u>\$1,293</u>	<u>\$(8,191)</u>	<u>\$7,984</u>

Note M - Amendments to Original Appropriations Budget

Amendments beyond the object level must be approved by the Board of County Commissioners. In 2001, the original appropriation measure was increased for the major funds by the Commissioners approximately as follows: General Fund, \$5.1 million; Job and Family Services, \$12.5 million; Debt Service, \$1.5 million; Water Supply, \$30 thousand, Capital Projects, \$24.5 million; Sewer System, \$461 thousand.

Note N - Contingencies

The County owns and operated a landfill site located in the western portion of the county. The site accepted solid waste from a number of private and industrial waste haulers from 1954 to its closure in 1976. A solid waste transfer station was operated from May, 1980 through July, 1991. This site is now closed and the County no longer operates a landfill. State and federal laws require the County to cleanup, monitor and maintain the site.

LUCAS COUNTY, OHIO
NOTES TO THE FINANCIAL STATEMENTS-(continued)
DECEMBER 31, 2001

Note N - Contingencies (continued)

The County engaged a consultant to complete a study regarding the cleanup, monitoring and maintenance of the site. This study will be subject to review by the Ohio Environmental Protection Agency. The study estimates approximately \$12.4 million will be needed to enact the plan, of which approximately \$162 thousand of the costs are to be incurred in the next year. The current liability of \$162 thousand is included in accounts payable in the Capital Projects Fund with the remaining \$12.3 million recorded as a long-term liability due in more than one year. Actual cost may be higher due to inflation, changes in technology, or changes in regulations. Funding is expected to be obtained from the issuance of General Obligation notes or bonds, and from the State Infrastructure Bond Fund. Other potential sources of revenue include indemnification by generators for response costs incurred.

The County is a defendant in a number of other claims and lawsuits which may be classified as routine litigation. In addition, the County is a defendant in numerous other claims and lawsuits ranging from tort liability to civil rights litigation. Management believes that any settlement related to these claims and lawsuits will not have a material adverse effect on the financial position of the County.

The County participates in a number of Federal and State assisted grant programs. The major programs are through: Ohio Department of Alcohol and Drug Addiction; Community Development Block Grant; Ohio Department of Human Services; and Ohio Department of Mental Health. These programs are subject to financial and compliance audits by grantors or their representatives. Audits of certain programs have been completed under guidance of OMB Circular A-133 and are included in a separately issued report. There were no material instances of noncompliance or findings noted within these reports.

Note O - Joint Venture

Lucas County has entered into a contractual agreement with the City of Toledo, Defiance County, Fulton County,

Henry County, and Williams County to form the Corrections Commission of Northwest Ohio to operate a regional jail in northwestern Ohio. Each entity is responsible for a portion of the capital and operating budget as follows:

City of Toledo	35.65%
Lucas County	31.84%
Defiance County	9.35%
Fulton County	8.65%
Williams County	8.65%
Henry County	<u>5.86%</u>
	<u>100.00%</u>

The Corrections Commission of Northwest Ohio is an 18 member board made up of the president of the Board of County Commissioners, Sheriff, presiding judge of the Court of Common Pleas for each County, the Mayor, Chief of Police, and presiding Municipal Court Judge for The City of Toledo. Each participating entity has an equal degree of control over budgeting and financing.

All debt for the construction of the jail was incurred by the participating governmental agencies, and are not liabilities of the Corrections Commission of Northwest Ohio. Lucas County has approximately \$2.0 million of bonds outstanding at year end for construction of the regional jail.

Complete financial statements of the Corrections Commission of Northwest Ohio can be obtained from its administrative office as follows:

CORRECTIONS COMMISSION OF NORTHWEST OHIO
 03151 ROAD 24.25 RT. 1, BOX 100-A
 STRYKER, OHIO 43557

LUCAS COUNTY, OHIO
NOTES TO THE FINANCIAL STATEMENTS-(continued)
DECEMBER 31, 2001

Note P - Risk Management

Self-Funded Insurance: The County is self-funded for dental and health benefits. The dental program is administered by Stateline TPA, Inc., which provides claims review and processing services. Each County fund is charged for its proportionate share of the cost for covered employees. Payment of these benefits is accounted for in an internal service fund. The County records a liability for incurred but unreported claims at year end based upon an actuarial estimate provided by Stateline TPA, Inc. The County also maintains a Self-Funded Workers' Compensation fund and a Risk Retention fund to manage liability insurance County-wide.

The claims liability of \$6.8 million reported in the internal service funds at December 31, 2001, is based on the requirements of GASB Statement No. 10 which requires that a liability for unpaid claims costs, including estimates of costs relating to incurred but not reported claims, be reported (see table below). Changes in the funds' claims liability amounts for 2000 and 2001 were:

	Balance at Beginning of Year	Current Year Claims	Change in Provision for Workers Compensation Claims	Claim Payments	Balance at End of Year
2000..	\$6,817	\$18,280	\$(361)	\$18,483	\$6,253
2001..	\$6,253	\$23,040	\$381	\$22,833	\$6,841

Note Q - Change in Method of Accounting

In 2001, the County implemented GASB Statement No. 34, *Basic Financial Statements-and Management's Discussion and Analysis-of State and Local Governments*, which requires a change in format of the financial statements. The new governmental reporting model has the following sections: *Management's Discussion and Analysis, Governmental-wide financial Statements, and Fund Financial Statements*. Under the new reporting model, the infrastructure has been added to the capital assets and appropriately depreciated.

Due to the implementation of GASB Statement No. 34, the prior year retained earnings and contributed capital for the enterprise funds were restated to reflect the net assets. Also, the prior year fund balance for the nonmajor Governmental Funds was restated to reflect the allocation of expendable trust funds related those funds as follows (Amounts in 000's):

	Nonmajor Governmental Funds	Water Supply System	Wastewater Treatment	Sewer System
Fund Balance / Retained Earnings at December 31, 2000, as previously reported.	\$32,783	\$ 3,492	\$2,445	\$(5,658)
Contributed Capital at December 31, 2000	-	28,220	4,012	39,763
Expendable Trust Fund balance at December 31, 2000	<u>5,603</u>	<u>-</u>	<u>-</u>	<u>-</u>
<i>Net Assets at December 31, 2000 as restated.</i>	<u>\$38,386</u>	<u>\$31,712</u>	<u>\$6,457</u>	<u>\$34,105</u>

Combining Financial Statements and Schedules

The new Lucas County Juvenile Justice Center, which includes an expanded juvenile detention facility, was dedicated in March, 2001. The County received a \$6.5

million state grant, and a \$500 thousand federal grant to assist with the construction costs. The County issued \$17 million in bonds to finance this project.

LUCAS COUNTY, OHIO
GENERAL FUND
December 31, 2001

General Fund - The General Fund accounts for all financial resources and expenditures except for those to be

accounted for in other funds or account groups.

LUCAS COUNTY, OHIO
NONMAJOR GOVERNMENTAL
December 31, 2001

Special Revenue Funds- *The Special Revenue funds account for all specific financial resources (other than expendable trusts, or major capital projects) that are legally restricted for specified expenditure purposes. The following are the Special Revenue funds which Lucas County operates:*

Community Mental Health- To account for revenues received from a county-wide property tax levy, federal and state grants, and reimbursements used for various county mental health programs.

Real Estate Assessment- To account for state mandated county-wide real estate reappraisals.

Motor Vehicle and Gas Tax- To account for monies received by the County for State gasoline tax and vehicle registration fees used for county road and bridge improvements programs.

Emergency Medical Services- To account for emergency medical care financed by a county-wide sales tax.

Emergency Telephone System- To account for a county-wide property tax levy used for emergency telephone assistance

Zoo Operating- To account for a county-wide property tax levy. Monies are distributed directly to the Toledo Zoological Society.

Child Support Enforcement Agency- To account for revenues from: fees, fines, federal and state grants and other similar revenue sources, and to account for legally restricted expenditures used for the collection and protection of support payments made and owed to parents and children.

Capital Projects Funds- *Capital Projects funds account for financial resources to be used for the construction of acquisition of major capital facilities (other than those financed by proprietary funds and trust funds). The following are the Capital funds which Lucas County operates:*

Other Special Revenue Funds- To account for revenues from: fees, taxes, fines, federal and state grants, licenses and other similar revenue sources, and to account for legally restricted expenditures for specified purposes. Summarized information on the financial activity and balances of the following Special Revenue funds include:

- Dog and Kennel
- Hotel Lodging Tax
- Community Development Grant
- Emergency Management Agency
- Marriage License
- Coroner's Lab Fund
- Law Enforcement Drug Fund
- Delinquent Real Estate Tax and Assessment Collection Fund
- Tax Installment Payment Plan
- Emergency Planning Fund
- Indigent Guardianship
- Drug & Alcohol Services Board
- Community MR/RES Services
- Senior Services
- Economic Development
- Indigent Drivers
- Probation Service
- Motor Vehicle Enforcement and Education
- Building Regulations
- Certificate of Title Administration
- Recorder Equipment
- Juvenile Treatment Center
- Juvenile Felony Care
- Adult Probation Grant
- Correctional Treatment Facility
- Common Pleas Civil Mediation
- Sheriff's Policing
- Workforce Development
- Family and Children First Council

When compared to combined Special Revenue fund totals, other special revenue funds comprise less than 10% in each of the following categories: assets, liabilities, revenues and expenditures.

Permanent Zoo Improvements- To account for a County-wide property tax levy used for renovation and construction of buildings, facilities and infrastructure for the Toledo Zoo.

LUCAS COUNTY, OHIO
ENTERPRISE FUNDS
December 31, 2001

Enterprise Funds- *Enterprise funds account for operations that are financed and operated in a manner similar to private business enterprises. The intent of Lucas County is that the costs of providing services to the general public on a continuing basis be financed or recovered primarily through user charges. The following are the Enterprise funds which Lucas County operates:*

Sanitary Engineer- To account for the administrative costs of operating the water supply system, wastewater treatment system, and sewer system.

Water Supply System- To account for the distribution of treated water to individuals and commercial users of Lucas County.

Wastewater Treatment- To account for wastewater treatment services provided to the Sanitary Engineer, Cities of Maumee and Sylvania, Village of Waterville, Sylvania Township and other portions of Lucas County and portions of Wood County.

Sewer System- To account for sanitary sewer services provided to individuals and commercial users in Lucas County and portions of Wood County.

Solid Waste- To account for the administration of solid waste disposal county-wide.

Parking Facilities- To account for operation of parking facilities.

LUCAS COUNTY, OHIO
INTERNAL SERVICE FUNDS
December 31, 2001

Internal Service Funds- *Internal Service funds account for the financing of goods or services provided by one department or agency to other departments or agencies of the governmental unit, or to other governmental units on a cost-reimbursement basis. The following are the Internal Service funds which Lucas County operates:*

Central Supplies- To account for supplies, mailing and copying services provided to various County departments and other governmental units. Users are billed for costs incurred.

Vehicle Maintenance- To account for vehicle maintenance services provided to various County departments and other governmental units. Users are billed for costs incurred.

County-City Telephone- To account for inter-departmental charges for the use of the telephone system. Users are billed for costs incurred.

Self-Funded Health Insurance - To account for claims and administration of the health insurance program for covered County employees and eligible dependents. County departments are billed according to the employee's family or marital status.

Self-Funded Dental Insurance- To account for claims and administration of the dental insurance program for covered County employees and eligible dependents. County departments are billed according to the employee's family or marital status.

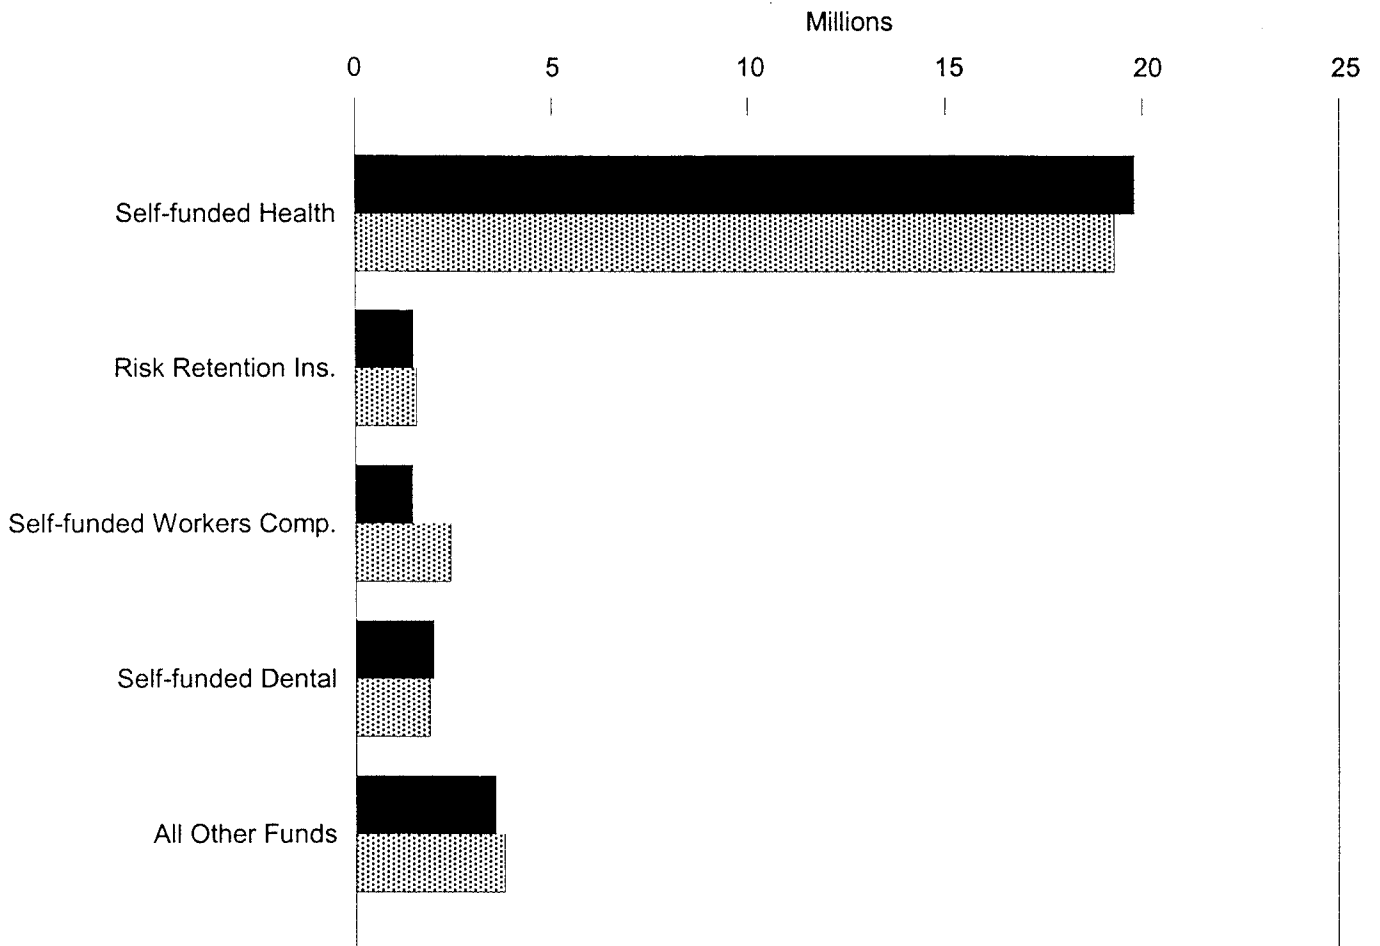

Centralized Drug Testing- To account for drug testing charges incurred by the jail and other criminal justice system departments.

Risk Retention Insurance- To account for claims and administration of liability insurance for county departments. The departments are billed based on the cost of insurance policies.

Self-Funded Workers' Compensation- To account for claims and administration of workers' compensation for county departments. The departments are billed based on their portion of total covered payroll and usage of the program.

LUCAS COUNTY, OHIO
AGENCY FUNDS
December 31, 2001

Agency Funds- *Agency funds maintain assets held by Lucas County as an agent for individuals, private organizations, other governmental units and/or other funds. The following are the Agency funds which Lucas County maintains:*

Payroll Fund- To maintain and account for the accumulation of payroll withholdings until payment is remitted to third parties.

Real Estate Fund, General Personal Fund, Estate Tax Fund and Hotel Lodging Tax Fund- These various and separate funds maintain and account for the accumulation and disbursement of taxes for: real property, intangible property, estate tax and hotel lodging tax.

Local Government Fund- To maintain and account for the accumulation and disbursement of state revenue sharing monies.

Auto License Fund- To maintain and account for the accumulation and disbursement of automobile license and registration fee collections.

Gasoline Tax Fund- To maintain and account for the accumulation and disbursement of gasoline tax collections.

Trailer Tax Fund- To maintain and account for the accumulation and disbursement of mobile home tax collections.

Subdivision Advance Fund- To maintain and account for tax advance distributions to subdivisions within Lucas County.

Undivided Interest Fund- To maintain and account for the accumulation and disbursement of the County investment earnings.

Tax Installment Payment Plan (T.I.P.P.) Fund- To account for real estate taxes paid on an installment basis until they can be applied to a current tax bill.

Other Agency Funds- To maintain and account for resources and uses for: taxes, research, deposits, licenses and estate. Other Agency funds include:

- Payment in Lieu of Taxes
- Computer Legal Research
- Grain Tax
- Cigarette Licenses
- Escheated Estates
- Law Library
- Coroner Escrow
- Advance Fund

When compared to combined Agency funds, Other Agency funds comprise less than 10% in assets and liabilities.

Statistical Section

The Toledo Zoo opened its Wolf Exhibit in January, 2002. Five gray sibling wolves born at the Wildlife Science Center in Minnesota inhabit the 35,000 square foot natural environment. The cost of the wolf exhibit is approximately \$1 million dollars.

Currently in the Toledo Museum Science building is "Howl!", an educational exhibit depicting the natural habitat of the wolf, their relationship to man and the

environment. Hands on exhibits along with informational kiosks provide insight from birth to adulthood in the life of a wolf.

The Zoo's capital projects are supported by a county-wide .95 mill permanent improvement levy.

¹ Exempt properties are not included in the estimated actual values or in assessed valuations.

² The estimated actual values for real estate property were derived by 35% of the assessed values of real estate property. Refer to "Note J- Property Tax Revenues" in the Notes to the Financial Statements.

³ The estimated actual values for personal property and public utility were derived from an average rate of the assessed values (the average rate consists of varying rates for manufacturing equipment, inventory and other equipment) for the ten fiscal years presented.
