REPORT OF INDEPENDENT ACCOUNTANTS

Newton Falls Exempted Village School District
Trumbull County
909 ½ Milton Blvd.
Newton Falls, Ohio 44444

To the Board of Education:

We have audited the accompanying general-purpose financial statements of the Newton Falls Exempted Village School District, Trumbull County, (the District) as of and for the year ended June 30, 2001, as listed in the table of contents. These general-purpose financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these general-purpose financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of the Newton Falls Exempted Village School District, Trumbull County, as of June 30, 2001, and the results of its operations and the cash flows of its proprietary fund types for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 20, 2001 on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

We performed our audit to form an opinion on the general-purpose financial statements of the District, taken as a whole. The accompanying schedule of federal awards expenditures is presented for additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the general-purpose financial statements. We subjected this information to the auditing procedures applied in the audit of the general-purpose financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the general-purpose financial statements taken as a whole.

Jim Petro
Auditor of State

December 20, 2001

Newton Falls Exempted Village School District

Notes to the General Purpose Financial Statements

For the fiscal year ended June 30, 2001

NOTE 1 - DESCRIPTION OF THE SCHOOL DISTRICT

The Newton Falls Exempted Village School District (the "School District") is a body politic and corporate established for the purpose of exercising the rights and privileges conveyed to it by the constitution and laws of the State of Ohio.

The School District operates under a locally elected five-member Board form of government and provides educational services as mandated by state and/or federal agencies. The Board controls the School District's three instructional/support facilities staffed by fifty-seven non-certificated employees and ninety-two certificated full time teaching personnel, and six administrators, who provide services to 1,552 students and other community members.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting entity for establishing governmental accounting and financial reporting principles. The School District also applies Financial Accounting Standards Board Statements and Interpretations issued on or before November 30, 1989, to its proprietary activities provided they do not conflict with or contradict GASB pronouncements. For the fiscal year, the School District has implemented GASB Statement No. 33 "Accounting and Financial Reporting for Non-exchange Transactions" and GASB Statement No. 36 "Recipient Reporting for Certain Shared Non-exchange Revenues". The School District's significant accounting policies are described below.

A. Reporting Entity

The reporting entity is composed of the primary government, component units and other organizations that are included to ensure that the financial statements of the School District are not misleading. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the School District. For the School District, this includes general operations, food service, preschool and student related activities of the School District.

Component units are legally separate organizations for which the School District is financially accountable. The School District is financially accountable for an organization if the School District appoints a voting majority of the organizations' governing board and (1) the School District is able to significantly influence the programs or services performed or provided by the organization; or (2) the School District is legally entitled to or can otherwise access the organizations' resources; the School District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the School District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the School District in that the School District approves the budget, the issuance of debt or the levying of taxes.

Within the boundaries of the School District, Saints Mary and Joseph School is operated as a private school. State legislation provides funding to this private school. The School District receives the money and then disburses the money as directed by the private school. The accounting for the monies is reflected in a special revenue fund of the School District. The School District does not have any component units.

Newton Falls Exempted Village School District

Notes to the General Purpose Financial Statements

For the fiscal year ended June 30, 2001

The School District is associated with the North Eastern Ohio Management Information Network and the North East Ohio Special Education Regional Resource Center which are defined as jointly governed organizations. Jointly governed organizations are governed by representatives from each of the governments that create the organizations, but there is no ongoing financial interest or responsibility by the participating governments. Information regarding these organizations is presented in Note 14.

B. Basis of Presentation - Fund Accounting

The School District uses funds and account groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain School District functions or activities.

A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special restrictions or limitations. An account group is a financial reporting device designed to provide accountability for certain assets and liabilities not recorded in the funds because they do not directly affect net expendable available financial resources.

For financial statement presentation purposes, the various funds of the School District are grouped into the following generic fund types under the broad fund categories governmental, proprietary and fiduciary.

Governmental Fund Types:

Governmental funds are those through which most governmental functions of the School District are financed. The acquisition, use, and balances of the School District's expendable financial resources and the related current liabilities (except those accounted for in proprietary funds and trust funds) are accounted for through governmental funds. The following are the School District's governmental fund types:

General Fund - The general fund is the operating fund of the School District and is used to account for all financial resources except those required to be accounted for in another fund. The general fund balance is available to the School District for any purpose provided it is expended or transferred according to the general laws of Ohio.

Special Revenue Funds – The special revenue funds are used to account for the proceeds of specific revenue sources (other than amounts relating to expendable trusts or major capital projects) that are legally restricted to expenditure for specified purposes.

Debt Service Fund - The debt service fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

Capital Projects Funds – The capital projects funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds or trust funds).

Newton Falls Exempted Village School District

Notes to the General Purpose Financial Statements

For the fiscal year ended June 30, 2001

Proprietary Fund Types:

Proprietary funds are used to account for the School District's ongoing activities which are similar to those found in the private sector. The following are the School District's proprietary fund types:

Enterprise Funds - Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges or where it has been decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

Internal Service Fund – The internal service fund accounts for the financing of services provided by one department or agency to other departments or agencies of the School District on a cost reimbursement basis.

Fiduciary Fund Types:

Fiduciary funds are used to account for assets held by the School District in a trustee capacity or as an agent for individuals, private organizations, other governmental units and/or other funds. These include expendable trust and agency funds. Expendable trust funds are accounted for in essentially the same manner as governmental funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

Account Groups:

To make a clear distinction between fixed assets related to specific funds and those of general government, and between long-term liabilities related to specific funds and those of a general nature, the following account groups are used:

General Fixed Assets Account Group - This account group is established to account for all fixed assets of the School District, other than those accounted for in the proprietary or trust funds.

General Long-term Debt Account Group - This account group is established to account for all long-term obligations of the School District except those accounted for in the proprietary or trust funds.

C. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental fund types and expendable trust funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

Newton Falls Exempted Village School District

Notes to the General Purpose Financial Statements

For the fiscal year ended June 30, 2001

All proprietary funds are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the balance sheet. Fund equity (i.e., net total assets) is segregated into contributed capital and retained earnings components. Proprietary fund operating statements present increases (i.e., revenues) and decreases (i.e., expenses) in net total assets.

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made.

The modified accrual basis of accounting is followed for the governmental, expendable trust and agency funds. Under this basis, revenues are recognized in the accounting period when they become both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current fiscal year or soon enough thereafter to be used to pay liabilities of the current fiscal year. The available period for the School District is sixty days after year end.

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the School District, available means expected to be received within sixty days of year-end.

Non-exchange transactions, in which the School District receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied (See Note 5). Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the School District must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the School District on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

In applying the susceptible to accrual concept under the modified accrual basis, the following revenue sources are deemed both measurable and available: investment earnings, tuition, grants and entitlements, and student fees.

The School District reports deferred revenues on its combined balance sheet. Deferred revenues arise when a potential revenue does not meet both the measurable and available criteria for recognition in the current period. In the subsequent period, when both revenue recognition criteria are met, the liability for deferred revenue is removed from the combined balance sheet and revenue is recognized. Property taxes measurable at the end of the current fiscal year, and delinquent property taxes, whose availability is indeterminable and which are intended to finance the subsequent fiscal year operations, have been recorded as deferred revenue.

Newton Falls Exempted Village School District

Notes to the General Purpose Financial Statements

For the fiscal year ended June 30, 2001

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Principal and interest on general long-term debt are recorded as fund liabilities when due or when amounts have been accumulated in the debt service fund for payments to be made early in the following year, and the costs of accumulated unpaid vacation and sick leave are reported as fund liabilities in the period in which they will be liquidated with available financial resources rather than in the period earned by employees. Allocations of cost, such as depreciation and amortization, are not recognized in the governmental funds.

The accrual basis of accounting is utilized for reporting purposes by the proprietary funds. Revenues are recognized in the accounting period in which they are earned, and expenses are recognized at the time they are incurred. There were no unbilled service charges receivable at year end. The fair value of donated commodities used during the year is reported in the operating statement as an expense with a like amount reported as donated commodities revenue. Unused donated commodities are reported as deferred revenue.

D. Budgetary Data

The budgetary process is prescribed by provisions of the Ohio Revised Code and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriation resolution, all of which are prepared on the budgetary basis of accounting. The certificate of estimated resources and the appropriations resolution are subject to amendment throughout the year with the legal restriction that appropriations cannot exceed estimated resources, as certified. All funds, other than agency funds, are legally required to be budgeted and appropriated. The primary level of budgetary control is at the fund level. Any budgetary modifications at this level may only be made by resolution of the Board of Education.

Tax Budget:

Prior to January 15, the Superintendent and Treasurer submit to the Board of Education a proposed operating budget for the fiscal year commencing the following July 1. The budget includes proposed expenditures and the means of financing for all funds. Public hearings are publicized and conducted to obtain taxpayers' comments. The express purpose of this budget document is to reflect the need for existing (or increased) tax rates. By no later than January 20, the Board-adopted budget is filed with the Trumbull County Budget Commission for rate determination.

Estimated Resources:

By April 1, the Board of Education accepts, by formal resolution, the tax rates as determined by the Budget Commission and receives the Commission's Certificate of Estimated Resources, which states the projected revenue of each fund. Prior to June 30, the School District must revise its budget so that total contemplated expenditures from any fund during the ensuing year will not exceed the amount stated in the Certificate of Estimated Resources. The revised budget then serves as the basis for the appropriation measure. On or about July 1, the certificate is amended to include any unencumbered cash balances from the preceding year. The certificate may be further amended during the year if projected increases or decreases in revenue are identified by the School District Treasurer. The amounts reported in the budgetary statements reflect the amounts in the final Amended Certificate issued during the fiscal year.

Newton Falls Exempted Village School District

Notes to the General Purpose Financial Statements

For the fiscal year ended June 30, 2001

Appropriations:

Upon receipt from the County Auditor of an amended Certificate of Estimated Resources based on final assessed values and tax rates or a certificate saying no new certificate is necessary, the annual appropriation resolution must be legally enacted by the Board of Education at the fund level of expenditure, which is the legal level of budgetary control. Prior to the passage of the annual appropriation measure, the Board may pass a temporary appropriation measure to meet the ordinary expenses of the School District. The Appropriation Resolution, by fund, must be within the estimated resources as certified by the County Budget Commission and the total of expenditures and encumbrances may not exceed the appropriation totals at any level of control. Any revisions that alter the total of any fund appropriation must be approved by the Board of Education.

The Board may pass supplemental fund appropriations so long as the total appropriations by fund does not exceed the amounts set forth in the most recent Certificate of Estimated Resources. During the year, supplemental appropriations were legally enacted; however, none of these amendments were significant.

The budget figures, which appear in the statements of budgetary comparisons, represent the final appropriation amounts, including all supplemental appropriations. Formal budgetary integration is employed as a management control device during the year for all funds, other than agency funds, consistent with statutory provisions. Under Ohio law advances are not required to be budgeted.

Encumbrances:

As part of formal budgetary control, purchase orders, contracts and other commitments for the expenditure of monies are recorded as the equivalent of expenditures on the non-GAAP budgetary basis in order to reserve that portion of the applicable appropriation and to determine and maintain legal compliance. Expenditures plus encumbrances may not legally exceed appropriations. On the GAAP basis, encumbrances outstanding at fiscal year end are reported as a reservation of fund balance for subsequent-year expenditures for governmental funds and reported in the notes to the financial statements for proprietary funds.

Lapsing of Appropriations:

At the close of each fiscal year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriation. Encumbered appropriations are carried forward to the succeeding fiscal year and are not reappropriated.

E. Cash and Investments

To improve cash management, all cash received by the School District is pooled in a central bank account. Monies for all funds, including proprietary funds, are maintained in this account or temporarily used to purchase short-term investments. Individual fund integrity is maintained through School District records. Each fund's interest in the pool is presented as "Equity in pooled cash and cash equivalents" on the balance sheet. During the fiscal year, investments were limited to overnight repurchase agreements and interest in Star Ohio, the State Treasurer's Investment Pool. These investments are stated at cost, which approximates market. Under existing Ohio statutes, all investment earnings accrue to the general fund except those specifically related to certain trust funds, unless the Board specifically allows the interest to be recorded in other funds. The Board of Education has passed a resolution to allow interest to also be recorded in other funds as listed in Note 4.

Newton Falls Exempted Village School District

Notes to the General Purpose Financial Statements

For the fiscal year ended June 30, 2001

For purposes of the combined statement of cash flows and for presentation on the combined balance sheet, investments of the cash management pool and investments with an original maturity of three months or less at the time they are purchased by the School District are considered to be cash equivalents. Investments with an initial maturity of more than three months that are not purchased from the pool are reported as investments. During the fiscal year all investments of the School District had a maturity of three months or less.

F. Inventory

Inventories of governmental funds are stated at cost while inventories of proprietary funds are stated at the lower of cost or market. For all funds, cost is determined on a first-in, first-out basis. Inventory in governmental funds was not significant at the end of the current fiscal period. Inventories of proprietary funds consist of donated food, purchased food, and supplies held for resale and are expensed when used.

G. Fixed Assets and Depreciation

General fixed assets are not capitalized in the funds used to acquire or construct them. Instead, capital acquisition and construction costs are reflected as expenditures in governmental funds, and related assets are reported in the general fixed assets account group. Fixed assets utilized in the proprietary funds are capitalized in the respective fund. All fixed assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated fixed assets are recorded at their fair market values as of the date received. The School District maintains a capitalization threshold of five hundred dollars. The School District does not possess any infrastructure.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related fixed assets, as applicable.

Assets in the general fixed assets account group are not depreciated. Depreciation of equipment in the proprietary fund types is computed using the straight line method over an estimated useful life of five to twenty years.

H. Restricted Assets

Restricted assets in the general fund represent cash and cash equivalents whose use is limited by legal requirements. Restricted assets include amounts required by statute to be set-aside by the School District for the purchase of textbooks and for the acquisition or construction of capital assets. Restricted assets may also include amounts set aside as a reserve for budget stabilization, which is now optional as determined by the School District. See Note 18 for the calculation of the year-end restricted asset balance and the corresponding fund balance reserves.

I. Intergovernmental Revenues

For governmental funds, intergovernmental revenues, such as entitlements and grants awarded on a non-reimbursement basis, are recorded as receivables and revenues when measurable and available. Reimbursement type grants are recorded as receivables and revenues when the related expenditures are incurred and all other grant requirements have been met. Other than commodities, grants and entitlements for proprietary fund operations are recognized as non-operating revenues in the accounting period in which they are earned and became measurable.

Newton Falls Exempted Village School District

Notes to the General Purpose Financial Statements

For the fiscal year ended June 30, 2001

The School District currently participates in several State and Federal programs, categorized as follows:

Entitlements

General Fund

State Foundation Program

School Bus Funding

State Equity Funding

State Property Tax Relief

Special Revenue Funds

Disadvantaged Pupil Impact Aid

Non-Reimbursable Grants

Special Revenue Funds

Career Education

Classroom Facilities Maintenance

Drug Free Schools

Educational Management Information Systems

Eisenhower Grant

Extended Learning Opportunities

Goals 2000

Professional Development

Summer Intervention

Textbook Subsidy

Title I

Title VI

Title VI-B

Title VI-R

Capital Projects

SchoolNet

Technical Equity

Reimbursable Grants

General Fund

Driver Education Reimbursement

Vocational Education Equipment Reimbursement

Proprietary Funds

Government Donated Commodities

National School Lunch Program

Grants and entitlements amounted to approximately fifty-seven percent of the School District's operating revenue during the current fiscal year.

J. Short-term Interfund Assets/Liabilities

Receivables and payables resulting from transactions between funds for services provided or goods received are classified as "due from other funds" or "due to other funds" on the balance sheet. Short-term interfund loans are classified as "interfund receivables" and "interfund payables."

Newton Falls Exempted Village School District

Notes to the General Purpose Financial Statements

For the fiscal year ended June 30, 2001

K. Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employee's rights to receive compensation are attributable to services already rendered and it is probable that the School District will compensate the employees for the benefits through paid time off or some other means. Sick leave benefits are accrued as a liability based on the sick leave accumulated at the balance sheet date by those employees who currently are eligible to receive termination payments, as well as other employees who are expected to become eligible in the future to receive such payments. To calculate the liability, these accumulations are reduced to the maximum amount allowed as a termination payment. Accruals for those employees who are expected to become eligible in the future are based on assumptions concerning the probability that individual employees or class or group of employees will become eligible to receive termination payments. All employees with ten or more years of service were included in the calculation of the long term compensated absences accrual amount.

Accumulated vacation and sick leave of employees paid from governmental funds has been recorded in the appropriate governmental fund as a current liability to the extent that the amounts are expected to be paid using expendable available financial resources. The balance of the liability is recorded in the general long-term debt account group. Vacation and sick leave for employees paid from proprietary funds are recorded as an expense and liability of the fund.

L. Accrued Liabilities and Long-term Obligations

In general, governmental fund payables and accrued liabilities are reported as obligations of the funds regardless of whether they will be liquidated with current resources. However, claims and judgments, compensated absences, contractually required pension contributions, and special termination benefits that will be paid from governmental funds are reported as a liability in the general long-term obligations account group to the extent that they will not be paid with current available expendable financial resources. Bonds and capital leases are reported as a liability of the general long-term obligations account group until due.

Long-term debt and other obligations financed by proprietary funds are reported as liabilities in the appropriate proprietary funds.

M. Interfund Transactions

Quasi-external transactions are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed.

Nonrecurring or nonroutine permanent transfers of equity are reported as residual equity transfers. All other interfund transfers are reported as operating transfers.

Newton Falls Exempted Village School District

Notes to the General Purpose Financial Statements

For the fiscal year ended June 30, 2001

N. Fund Balance Reserves

The School District records reservations for portions of fund equity which are legally segregated for specific future use or which do not represent available expendable resources and therefore are not available for appropriations of expenditures. Unreserved fund balance indicates that portion of fund equity which is available for appropriation in future periods. Fund equity reserves are established for encumbrances, textbook/instructional materials purchases, capital improvement expenditures, and debt service.

O. Total Columns on General Purpose Financial Statements

Total columns on the general purpose financial statements are captioned "Total - (Memorandum Only)" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations, or cash flows in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

P. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

NOTE 3 - BUDGETARY BASIS OF ACCOUNTING

While the School District is reporting financial position, results of operations and changes in fund balance/retained earnings on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law and described above is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The Combined Statement of Revenues, Expenditures and Changes in Fund Balances - Budget (Non-GAAP Basis) and Actual, All Governmental Fund Types and Expendable Trust Fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and GAAP basis are that:

1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
2. Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
3. Encumbrances are treated as expenditures (budget basis) rather than as a reservation of fund balance (GAAP basis).

The following table summarizes the adjustments necessary to reconcile the GAAP and budgetary basis statements for all governmental fund types and expendable trust fund.

Newton Falls Exempted Village School District

Notes to the General Purpose Financial Statements

For the fiscal year ended June 30, 2001

	<i>Excess of Revenues and Other Financing Sources Over (Under)</i>			
	<i>Expenditures and Other Financing Uses</i>			
	<i>General</i>	<i>Special Revenue</i>	<i>Debt Service</i>	<i>Capital Projects</i>
<i>GAAP Basis</i>	\$ (5,269)	\$ 154,790	\$ 13,097	\$ 150,143
<i>Revenue Accruals</i>	36,898	1,554	(37)	(858)
<i>Expenditure Accruals</i>	(40,443)	(54,014)	-	1,500
<i>Encumbrances (Budget Basis)</i>				
<i>Outstanding at year end</i>	(275,826)	(52,921)	-	-
<i>Budget Basis</i>	\$ (284,640)	\$ 49,409	\$ 13,060	\$ 150,785

NOTE 4 - DEPOSITS AND INVESTMENTS

State statutes classify monies held by the School District into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the School District Treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board of Education has identified as not required for use within the current two year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including pass book accounts. Interim monies may be invested in the following obligations provided they mature or are redeemable within five years from the date of settlement:

1. United States treasury bills, notes, bonds, or any other obligations or security issued by the United States treasury or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or other obligations or securities issued by any federal government agency or instrumentality. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements for a period not to exceed thirty days in securities listed above that mature within five years from the date of settlement;
4. Bonds and other obligations of the State of Ohio;

Newton Falls Exempted Village School District

Notes to the General Purpose Financial Statements

For the fiscal year ended June 30, 2001

5. No-load money market mutual funds consisting exclusively of obligations described in item (1) or (2) above and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
6. The State Treasurer's investment pool (STAR Ohio);
7. Certain bankers' acceptances and commercial paper notes in an amount not to exceed twenty-five percent of the interim monies available for investment at any one time; and
8. Under limited circumstances, corporate debt instruments rated in either of the two highest rating classifications by at least two nationally recognized rating agencies.

Protection of the School District's deposits is provided by the Federal Deposit Insurance Corporation, by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the Treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

Deposits:

At year end, the carrying amount of the School District's deposits and petty cash of \$1,000, was (\$80,867), and the bank balance was \$1,000. The bank balance was entirely covered by federal depository insurance.

Investments:

GASB Statement No. 3 "Deposits with Financial Institutions, Investments and Reverse Repurchase Agreements" requires that the School District's investments be classified in categories of risk. Category 1 includes investments that are insured or registered or for which the securities are held by the School District or its agent in the School District's name. Category 2 includes uninsured and unregistered investments for which the securities are held by the counterparty's trust department or agent in the School District's name. Category 3 includes uninsured and unregistered investments for which the securities are held by the counterparty, or by its trust department or agent but not in the School District's name.

Interest is legally required to be placed in the general fund and the building capital projects fund. Interest revenue credited to the general fund during the fiscal year 2001 amounted to \$130,017, which includes \$102,263 assigned from other School District funds.

The School District has invested funds in STAR Ohio during 2001. STAR Ohio is an investment pool managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's share price, which is the price the investment could be sold for on June 30, 2001. The School District's investment in STAR Ohio is an unclassified investment since it is not evidence by securities that exist in physical or book entry form.

Newton Falls Exempted Village School District

Notes to the General Purpose Financial Statements

For the fiscal year ended June 30, 2001

	<u>Category</u> <u>3</u>	<u>Fair</u> <u>Value</u>
<i>Categorized Investments</i>

<i>Investment in STAR Ohio</i>	<u>(2,736,509)</u>	<u>2,736,509</u>
<i>GASB Statement No. 3</i>	<u>\$ (80,867)</u>	<u>\$ 3,863,086</u>

NOTE 5 - PROPERTY TAXES

Property taxes are levied and assessed on a calendar year basis. Second half distributions occur in a new fiscal year. Property taxes include amounts levied against all real, public utility and tangible personal (used in business) property located in the School District. Real property taxes are levied after April 1 on the assessed value listed as of the prior January 1, the lien date. Public utility property taxes attached as a lien on December 31 of the prior year were levied April 1 and are collected with real property taxes. Assessed values for real property taxes are established by State law at thirty-five percent of appraised market value. All property is required to be revalued every six years. Public utility property taxes are assessed on tangible personal property at eighty-eight percent of true value (with certain exceptions) and on real property at thirty-five percent of true value. Tangible personal property taxes are levied after April 1 on the value listed as of December 31 of the current year. Tangible personal property assessments are twenty-five percent of true value.

Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31 with the remainder payable by June 20. Under certain circumstances, State statute permits alternative payment dates to be established.

Tangible personal property taxes paid by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semi-annually. If paid annually, payment is due April 30; if paid semi-annually, the first payment is due April 30, with the remainder payable by September 20.

Newton Falls Exempted Village School District

Notes to the General Purpose Financial Statements

For the fiscal year ended June 30, 2001

The School District receives property taxes from Trumbull County. The County Auditor periodically advances to the School District its portion of the taxes collected. Second-half real property tax payments collected by the county by June 30 are available to finance the current year operations. The amount available to be advanced can vary based on the date the tax bills are sent.

Accrued property taxes receivable represent delinquent taxes outstanding and real property, tangible personal property and public utility taxes which became measurable as of June 30. Although total property tax collections for the next fiscal year are measurable, only the amount available as an advance at June 30 is intended to finance current year operations. The receivable is therefore offset by a credit to deferred revenue for that portion not intended to finance current year operations. There were no new levies passed during the current fiscal year. The assessed values upon which the current fiscal year taxes were collected are:

<u>Property Category</u>	<u>2000</u> <u>Assessed Value</u>	<u>1999</u> <u>Assessed Value</u>
<u>Real Property</u>		
Residential and Agricultural	\$ 75,660,620	\$ 74,462,260
Commercial and Industrial	15,353,920	15,492,580
Public Utilities	5,187,190	5,207,620
<u>Tangible Personal Property</u>		
General	6,495,521	8,746,803
Public Utilities	66,160	80,730
Total	<u>\$ 102,763,411</u>	<u>\$ 103,989,993</u>

NOTE 6 - RECEIVABLES

Receivables at year end consisted of taxes, accounts (tuition and fees), interest, interfund and intergovernmental grants and entitlements. All receivables are considered collectible in full due to the ability to foreclose for the nonpayment of taxes, the stable condition of State programs, and the current year guarantee of federal funds. The general, special revenue, and debt service, and enterprise fund's intergovernmental receivable at June 30, 2001 consisted of \$175, \$50,144, \$37, and \$21,870 respectively.

NOTE 7 - FIXED ASSETS

A summary of the enterprise funds' fixed assets at year end follows:

<u>Classification</u>	<u>Balance</u>
Equipment	182,322
Less: accumulated depreciation	<u>(82,531)</u>
Net Fixed Assets	<u>\$ 99,791</u>

Newton Falls Exempted Village School District

Notes to the General Purpose Financial Statements

For the fiscal year ended June 30, 2001

A summary of the changes in general fixed assets during fiscal year 2001 follows:

<u>Classification</u>	<u>Balance</u> <u>July 1</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance</u> <u>June 30</u>
<i>Land and Land Improvements</i>	\$ 195,065	\$ -	\$ -	\$ 195,065
<i>Buildings</i>	9,509,089	-	-	9,509,089
<i>Improvements other than Buildings</i>	53,604	2,800	-	56,404
<i>Furniture and Equipment</i>	2,718,492	181,670	(51,002)	2,849,160
<i>Vehicles</i>	831,109	-	-	831,109
<i>Total</i>	<u>\$ 13,307,359</u>	<u>\$ 184,470</u>	<u>\$ (51,002)</u>	<u>\$ 13,440,827</u>

NOTE 8 - RISK MANAGEMENT

The School District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. There have been no settlements paid in excess of insurance nor has insurance coverage been significantly reduced in the past three years.

The School District pays the State Workers' Compensation System a premium based on a rate per \$100 of salaries. This rate is calculated based on accident history and administrative costs.

NOTE 9 - DEFINED BENEFIT PENSION PLANS

A. School Employees Retirement System

The School District contributes to the School Employees Retirement System of Ohio (SERS), a cost-sharing multiple employer defined benefit pension plan. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by state statute per Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the School Employees Retirement System, 45 North Fourth Street, Columbus, Ohio 43215-3634.

Plan members are required to contribute nine percent of their annual covered salary and the School District is required to contribute an actuarially determined rate of fourteen percent of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended, up to the statutory maximum amounts, by the SERS Retirement Board. The School District's required contributions for pension obligations to SERS for the fiscal years ended June 30, 2001, 2000, and 1999 were \$197,535, \$162,746, and \$164,508, respectively; forty-three percent has been contributed for fiscal year 2001 and 100 percent for the fiscal years 2000 and 1999. \$111,723 representing the unpaid contribution for fiscal year 2001, is recorded as a liability within the respective funds and the general long-term obligations account group.

Newton Falls Exempted Village School District

Notes to the General Purpose Financial Statements

For the fiscal year ended June 30, 2001

B. State Teachers Retirement System

The School District contributes to the State Teachers Retirement System of Ohio (STRS), a cost-sharing multiple employer defined benefit pension plan. STRS provides basic retirement benefits, disability, survivor, and health care benefits based on eligible service credit to members and beneficiaries. Authority to establish and amend benefits is provided by state statute per Chapter 3307 of the Ohio Revised Code. STRS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the State Teachers Retirement System, 275 East Broad Street, Columbus, Ohio 43215-3771.

Plan members are required to contribute 9.3 percent of their annual covered salary and the School District is required to contribute an actuarially determined rate of fourteen percent of annual covered payroll. Contribution rates are established by STRS, upon recommendation of its consulting actuary, not to exceed statutory maximum rates of ten percent for members and fourteen percent for employers. The School District's required contributions for pension obligations to STRS for the fiscal years ended June 30, 2001, 2000, and 1999 were \$615,736, \$566,936, and \$531,496, respectively; eighty-three percent has been contributed for fiscal year 2001 and 100 percent for the fiscal years 2000 and 1999. \$104,932 representing the unpaid contribution for fiscal year 2001 is recorded as a liability within the respective funds.

NOTE 10 - POSTEMPLOYMENT BENEFITS

Comprehensive health care benefits are provided to retired teachers and their dependents through the State Teachers Retirement System (STRS). Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare premiums. All benefit recipients and sponsored dependents are eligible for health care coverage. Benefit provisions and the obligations to contribute are established by the STRS based on authority granted by State statute. Most benefit recipients are required to pay a portion of the health care cost in the form of a monthly premium.

By Ohio law, the cost of coverage paid from STRS funds shall be included in the employer contribution rate, currently fourteen percent of covered payroll. The retirement board currently allocates employer contributions equal to eight percent of covered payroll to the Health Care Reserve Fund from which payments for health care benefits are paid. For the School District this amount equaled \$351,849 during the 2001 fiscal year. The balance in the Health Care Reserve Fund for the STRS was \$3.419 billion at June 30, 2000, (latest information available). For the year ended June 30, 2000, the net health care costs paid by the STRS were \$283,137,000 and eligible benefit recipients totaled 99,011.

Newton Falls Exempted Village School District

Notes to the General Purpose Financial Statements

For the fiscal year ended June 30, 2001

For the School Employees Retirement System (SERS), coverage is made available to service retirees with ten or more years of qualifying service credit, disability and survivor benefit recipients. Members retiring on or after August 1, 1989, with less than twenty-five years of service credit must pay a portion of their premium for health care. The portion is based on years of service up to a maximum of seventy-five percent of the premium. For this fiscal year, employer contributions to fund health care benefits were 8.45 percent of covered payroll. In addition, SERS levies a surcharge to fund health care benefits equal to fourteen percent of the difference between a minimum pay and the member's pay, pro-rated for partial service credit. For fiscal year 2001, the minimum pay has been established at \$12,400. The surcharge, added to the unallocated portion of the fourteen percent contribution rate, provides for maintenance of the asset target level for the health care fund. For the School District, the amount of employer contributions used to fund health care equaled \$145,137, which includes a surcharge of \$25,911 during the 2001 fiscal year.

Health care benefits are financed on a pay-as-you-go basis. The target level for the health care reserve is 150% of annual health care expenses. Expenses for health care at June 30, 2000, (latest information available) were \$140,696,340 and the target level was \$211 million. At June 30, 2000, the SERS's net assets available for payment of health care benefits was \$252.3 million, at cost. The number of participants receiving health care benefits was approximately 50,000.

NOTE 11 – OTHER EMPLOYEE BENEFITS

The School District has joined together with other school districts in the County to form the Trumbull County School Insurance Consortium Association, a public entity risk pool currently operating as a common risk management and insurance program for seventeen member school districts in Trumbull County. The School District pays a monthly premium to United Health Care for its insurance coverage. It is intended that the Trumbull County School Insurance Consortium Association will be self-supporting through member premiums. The monthly premium is for a fully insured medical and prescription program.

The School District provides health, dental, vision and life insurance coverage for employees. The dental insurance coverage is administered by Core Source, a third party administrator. Vision Service Plan administers the vision coverage. Medical Life Insurance Company provides the life insurance coverage. The School District pays the insurance premiums, as a fringe benefit for the employees.

NOTE 12 - INTERFUND TRANSACTIONS

The District had short-term interfund loans which are classified as “interfund receivables/payables.” An analysis of interfund balances is as follows:

Newton Falls Exempted Village School District

Notes to the General Purpose Financial Statements

For the fiscal year ended June 30, 2001

Interfund receivable/payable

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
Emergency Levy	Food Service enterprise fund	\$ 52,000
Emergency Levy	Title VI-B special revenue fund	4,610
Emergency Levy	Eisenhower special revenue fund	493
Emergency Levy	Vocational Education special revenue fund	355
<i>Total</i>		<u>\$ 57,458</u>

Due to/from other funds

<u>Due to Fund</u>	<u>Due from Fund</u>	<u>Amount</u>
District Agency	General fund	\$ 18,525
District Agency	Auxiliary special revenue fund	161
District Agency	Teacher Development special revenue fund	8
District Agency	Management Information system special revenue fund	1
District Agency	Miscellaneous State Grants special revenue fund	95
District Agency	Title VI-B special revenue fund	104

District Agency	Reducing class size special revenue fund	70
District Agency	Food Service enterprise fund	566
<i>Total</i>		<u>\$ 20,063</u>

NOTE 13 - LONG TERM DEBT

Changes in long-term obligations of the School District during the current fiscal year were as follows:

	<u>Balance</u> <u>July 1</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance</u> <u>June 30</u>
<u>General Long-Term Debt</u>				
General Obligation Bonds, 6.679% maturing on December 1, 2011	\$ 4,485,000	\$ -	\$ (290,000)	\$ 4,195,000
State Construction Loan, 0.000% maturing on December 1, 2011	2,178,692	-	-	2,178,692
<u>Other Obligations</u>				
Long-term compensated absences	660,217	-	(24,790)	635,427
Employer pension obligations	60,647	56,986	(60,647)	56,986
<i>Total Other Obligations</i>	<u>720,864</u>	<u>56,986</u>	<u>(85,437)</u>	<u>692,413</u>
<i>Total General Long-Term Debt</i>	<u>\$ 7,384,556</u>	<u>\$ 56,986</u>	<u>\$ (375,437)</u>	<u>\$ 7,066,105</u>

Newton Falls Exempted Village School District

Notes to the General Purpose Financial Statements

For the fiscal year ended June 30, 2001

The annual requirements to amortize all bonds outstanding as of year end including interest payments of \$1,526,936 are as follows:

	<i>General Obligation Bonds</i>
2002	574,788
2003	574,943
2004	573,080
2005	574,155
2006	573,580
<i>Thereafter</i>	<u>2,851,390</u>
<i>Total</i>	<u><u>\$ 5,721,936</u></u>

The State Construction Loan represents money received from the State for construction. The School District must repay the State by levying a property tax of one-half mill until the 2009 tax year. At the end of this period, any remaining obligation is forgiven. Effective May 20, 1997, in any year in which the School District's adjusted valuation per pupil is less than the statewide median, no repayment would be required. In lieu of the repayment, the School District would be required to set aside the proceeds of the half-mill levy for facilities repair and maintenance. In any year in which the School District's per pupil valuation increases above the state-wide median, half of the levy proceeds will have to be used to repay the debt with the remaining half used for repairs and maintenance. For fiscal year 2001 the School District's adjusted valuation per pupil was less than the statewide median.

The General Obligation Bonds Payable will be paid from the Bond Retirement debt service fund. Compensated absences and employer pension due to the School Employees Retirement System will be paid from the fund from which the person is paid.

NOTE 14 - JOINTLY GOVERNED ORGANIZATIONS

North Eastern Ohio Management Information Network (NEOMIN) is the computer service organization or Data Acquisition Site (DAS) used by the School District. NEOMIN is an association of public school districts in a geographic area determined by the Ohio Department of Education. The Trumbull County Educational Service Center acts as the fiscal agent for the consortium. The purpose of the consortium is to develop and employ a computer system efficiently and effectively for the needs of the member Boards of Education. All Districts in the consortium are required to pay fees, charges, and assessments as charged. NEOMIN is governed by a board made up of superintendents from all of the participating districts. An elected Executive Board consisting of five members of the governing board is the managerial body of the consortium and meets on a monthly basis. The School District does not maintain an ongoing financial interest or an ongoing financial responsibility. Payments to NEOMIN are made from the general fund. During the current fiscal year the School District contributed \$23,310 to NEOMIN.

Newton Falls Exempted Village School District

Notes to the General Purpose Financial Statements

For the fiscal year ended June 30, 2001

North East Ohio Special Education Regional Resource Center (NEO/SERRC) is a special education service center which selects its own board, adopts its own budget and receives direct federal and state grants for its operation. NEO/SERRC is governed by a governing board of thirty-nine members made up of representatives from thirty-five superintendents of the participating districts, one non-public school, one county board of mental retardation and two parents whose terms rotate every year. Information can be obtained by contacting the treasurer at Mahoning County Educational Service Center, 2801 Market Street, Youngstown, Ohio 44507.

NOTE 15 - CONTINGENCIES

A. Grants:

The School District received financial assistance from federal and state agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the general fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the School District at year end.

B. Litigation:

The School District is party to legal proceedings. The School District is of the opinion that the ultimate disposition of claims will not have a material effect, if any, on the financial condition of the School District.

C. Other Contingencies:

On September 6, 2001, the Ohio Supreme Court issued its latest opinion regarding the State's school funding plan. The decision identified aspects of the current plan that require modification if the plan is to be considered constitutional, including:

1. A change in the school districts that are used as the basis for determining the base cost support amount. Any change in the amount of funds distributed to school districts as a result of this change must be retroactive to July 1, 2001, although a timeline for distribution is not specified.
2. Fully funding parity aid no later than the beginning of fiscal year 2004 rather than fiscal year 2006.

The Supreme Court relinquished jurisdiction over the case based on anticipated compliance with its order.

In general, it is expected that the decision would result in an increase in State funding for most Ohio school districts. However, as of October 19, 2001, the Ohio General Assembly is still analyzing the impact this Supreme Court decision will have on funding for individual school districts. Further, the State of Ohio, in a motion filed September 17, 2001, asked the Court to reconsider and clarify the parts of the decision changing the school districts that are used as the basis for determining the base cost support amount and the requirement that changes be made retroactive to July 1, 2001.

On November 2, 2001, the Court granted this motion for consideration. The Court may re-examine and redetermine any issue upon such reconsideration.

Newton Falls Exempted Village School District

Notes to the General Purpose Financial Statements

For the fiscal year ended June 30, 2001

As of the date of these financial statements, the School District is unable to determine what effect, if any, this decision and the reconsideration will have on its future State funding and on its financial operations.

NOTE 16 - SEGMENT INFORMATION FOR ENTERPRISE FUNDS

The School District maintains two enterprise funds to account for the operations of food service and uniform school supplies programs. The table below reflects in a summarized format the more significant financial data relating to the enterprise funds of the School District as of and for the fiscal year ended June 30.

<u>Description</u>	<u>Food Service</u>	<u>Uniform School Supplies</u>	<u>Total</u>
<i>Operating revenues</i>	\$ 236,453	\$ 15,666	\$ 252,119
<i>Depreciation expense</i>	3,431	-	3,431
<i>Operating loss</i>	(200,749)	(8,863)	(209,612)
<i>Operating grants</i>	143,737	-	143,737
<i>Donated commodities</i>	16,021	-	16,021
<i>Net income (loss)</i>	(40,991)	5,708	(35,283)
<i>Net working capital</i>	(56,213)	-	(56,213)
<i>Total assets</i>	150,202	-	150,202
<i>Compensated absences payable</i>	7,081	-	7,081
<i>Total equity</i>	36,497	-	36,497
<i>Encumbrances outstanding (budget basis) at June 30, 2001</i>	\$ 7,103	\$ -	\$ 7,103

NOTE 17 – FUND DEFICITS

As of June 30, 2001, there were several funds that had deficit balances. These deficits were caused by the application of generally accepted accounting principles. The general fund provides transfers to cover deficit balances in other funds; however, this is done when cash is needed rather than when accruals occur.

<i>General Fund</i>	\$ 374,876
<i>Vocational Education special revenue</i>	355
<i>Title VI special revenue</i>	26
<i>Title VI-R special revenue</i>	70

NOTE 18 – STATUTORY RESERVES

The School District is required by State statute to annually set aside monies for the purchase of textbooks and other instructional materials, and for capital improvements. The amounts set-aside may be reduced by offset credits, which are monies received and restricted for the same specific purpose. Amounts not spent by year-end or reduced by offset credits must be held in cash at year-end and carried forward to be used for the same purposes in future years.

Newton Falls Exempted Village School District

Notes to the General Purpose Financial Statements

For the fiscal year ended June 30, 2001

Although no longer required by state statute, a budget stabilization reserve may still be set aside at the discretion of the School District.

During the fiscal year ended June 30, 2001, the reserve activity was as follows:

	<i>Textbook Reserve</i>	<i>Capital Maintenance Reserve</i>	<i>Budget Stabilization Reserve</i>	<i>Total</i>
<i>Set-aside Cash Balance as of June 30, 2000</i>	\$ -	\$ -	\$ 165,483	\$ 165,483
<i>Current Year Set-aside Requirement</i>	192,051	192,051	-	384,102
<i>Current Year Offset</i>	-	-	-	-
<i>Qualifying Disbursements</i>	<u>(150,331)</u>	<u>(156,646)</u>	<u>(165,483)</u>	<u>(472,460)</u>
<i>Total</i>	<u>\$ 41,720</u>	<u>\$ 35,405</u>	<u>\$ -</u>	<u>\$ 77,125</u>
<i>Cash Balance Carried Forward to FY 2002</i>	<u>\$ 41,720</u>	<u>\$ 35,405</u>	<u>\$ -</u>	<u>\$ 77,125</u>

NOTE 19 – RESTATEMENT OF PRIOR YEAR BALANCES

The Emergency Levy special revenue fund has been reclassified and is now included as part of the General fund. This change requires a restatement of prior year balances as follows:

	<i>General</i>	<i>Special Revenue</i>
<i>Fund balances as previously stated June 30, 2000</i>	\$ (239,168)	\$ 1,075,378
<i>Restatement</i>	<u>603,340</u>	<u>(603,340)</u>
<i>Restated July 1, 2001</i>	<u>\$ 364,172</u>	<u>\$ 472,038</u>

**NEWTON FALLS EXEMPTED VILLAGE SCHOOL DISTRICT
TRUMBULL COUNTY
FISCAL YEAR ENDED JUNE 30, 2001**

NOTES TO SCHEDULE OF FEDERAL AWARDS EXPENDITURES

NOTE A--SIGNIFICANT ACCOUNTING POLICIES

The accompanying Schedule of Federal Awards Expenditures (the Schedule) summarizes activity of the Government's federal award programs. The schedule has been prepared on the cash basis of accounting.

NOTE B-- FOOD DISTRIBUTION

Nonmonetary assistance, such as food received from the U.S. Department of Agriculture, is reported in the Schedule at the fair market value of the commodities received and consumed. Cash receipts from the U.S. Department of Agriculture are commingled with State grants. It is assumed federal monies are expended first. At June 30, 2001, the District had no significant food commodities in inventory.

**REPORT OF INDEPENDENT ACCOUNTANTS ON COMPLIANCE AND ON
INTERNAL CONTROL REQUIRED BY GOVERNMENT AUDITING STANDARDS**

Newton Falls Exempted Village School District
Trumbull County
909 ½ Milton Blvd.
Newton Falls, OH 44444

To the Board of Education:

We have audited the financial statements of the Newton Falls Exempted Village School District as of and for the year ended June 30, 2001, and have issued our report thereon dated December 20, 2001. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*. However, we noted a certain immaterial instance of noncompliance that we have reported to management of Newton Falls Exempted Village School District in a separate letter dated December 20, 2001.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Newton Falls Exempted Village School District's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. However, we noted other matters involving the internal control over financial reporting that do not require inclusion in this report, that we have reported to management of Newton Falls Exempted Village School District in a separate letter dated December 20, 2001.

**REPORT OF INDEPENDENT ACCOUNTANTS ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND INTERNAL CONTROL OVER
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

Newton Falls Exempted Village School District
Trumbull County
909 ½ Milton Blvd.
Newton Falls, OH 44444

To the Board of Education:

Compliance

We have audited the compliance of the Newton Falls Exempted Village School District with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133, Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2001. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the District's management. Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance occurred with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on District's compliance with those requirements.

In our opinion, the District complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2001.

Internal Control Over Compliance

The management of the District is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the District's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended for the information and use of the management, Board of Education, and federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.
