We conducted our audit in accordance with auditing standards generally accepted in the United States of America. NOTES TO FINANCIAL STATEMENTS JUNE 30, 2002 AND 2001

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Nature of Activities - OIH, Inc. (OIH) is a not-for-profit corporation formed in 1976 for the purposes of improving employment opportunities for individuals with severe disabilities in the State of Ohio. OIH accomplishes its mission by marketing products and services manufactured and/or provided by Ohio's community rehabilitation programs. Nearly all of OIH's activities are conducted in conjunction with the Ohio State Use Program as governed by the State Use Law (Ohio Revised Code (ORC) Sections 4115.31 to 4115.35). As a result, OIH's primary marketing targets are state agencies, political subdivisions, and instrumentalities of the state.

OIH entered into an operating agreement dated January 13, 2000 with the State Committee for the Purchase of Products and Services Provided by Persons with Severe Disabilities (the Committee). The Committee, which was created under ORC Section 4115.32, is responsible for the operation of the State Use Program within Ohio. In accordance with the agreement, OIH has been certified as an approved central nonprofit agency responsible for carrying out the intent of the State Use Program within Ohio and was issued a certificate effective for the period February 1, 2000 through January 31, 2005. The terms and conditions of the agreement include, among other things, compliance with specific objectives of the State Use Program. In addition, the agreement establishes a commission fee that constitutes the sole source of revenue that OIH may collect for its services as a certified nonprofit agency under the Ohio State Use Program. This commission fee is subject to change annually upon review by the Committee.

Basis of Presentation - OIH's financial statements are presented in accordance with Statement of Financial Accounting Standards (SFAS) No. 117, "Financial Statements of Not-for-Profit Organizations." Under SFAS 117, OIH is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. In addition, OIH is required to present a statement of cash flows.

Property and Equipment - Property and equipment are recorded at original cost. Depreciation of furniture and equipment and vehicles is provided using the straight-line method over the estimated lives of the assets ranging from 3 to 7 years. Leasehold improvements are being amortized over the terms of the leases.

Sources of Revenue - OIH, Inc. promotes the sale of products manufactured and services performed by various community rehabilitation programs throughout the state. In order to cover OIH expenses, a commission is added to the cost of the products and services sold. OIH pays the cost of the products and services sold by the community rehabilitation programs within thirty days of receipt of an invoice. OIH invoices and collects payments for the goods and services sold to the customers. OIH invoiced customers approximately \$29.5 million during the year ended June 30, 2002 and \$28.7 million during the year ended June 30, 2001 in conjunction with community rehabilitation program sales. Another source of revenue is the investment income on available cash balances, which is subject to fluctuation based on current market rates.

Federal Income Taxes - OIH is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. OIH is not classified as a private foundation.

Cash and Cash Equivalents - For purposes of the statements of cash flows, OIH considers all highly liquid investments with a maturity of three months or less to be cash equivalents.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2002 AND 2001

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Accounts Receivable - Accounts receivable are presented at net realizable value. The allowance for doubtful accounts was \$35,159 and \$35,415 at June 30, 2002 and 2001, respectively.

Use of Estimates - The financial statements of OIH are prepared in conformity with accounting principles generally accepted in the United States of America. This presentation requires the use of estimates and assumptions made by management that affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 2 - CONCENTRATION OF RISK

During the years ended June 30, 2002 and 2001, OIH maintained cash balances at one financial institution consisting of demand deposits and money market accounts in excess of the \$100,000 coverage provided by FDIC.

Approximately 72% and 75% of all sales pertained to custodial services for the years ended June 30, 2002 and 2001, respectively. For these same periods, approximately 44% of all revenues were generated from sales to one customer, the Ohio Department of Transportation.

NOTE 3 - OPERATING LEASES

OIH leases office space under two operating leases. The office leases expire between June 2003 and June 2004. Future minimum lease payments under non-cancelable operating leases at June 30, 2002 were as follows:

2003	\$ 103,140
2004	9,500
	\$ 112,640

NOTE 4 - RETIREMENT PLAN

OIH has in effect a retirement plan which covers all eligible employees. The plan is a tax saving annuity program which allows employees to defer a portion of their wages on a before tax basis subject to limits established under Internal Revenue Code Sections 403(b), 415(c), and 402(g).

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2002 AND 2001

NOTE 5 - DESIGNATED FUNDS

These funds are designated at June 30, 2002 and 2001 by the Board of Directors for possible contingencies and unforeseen problems. OIH has invested the funds in money market agreements.

NOTE 6 - RELATED PARTY TRANSACTIONS

It is not uncommon for OIH's Board to include Directors associated with community rehabilitation programs that utilize the services of OIH. The participation of the community rehabilitation programs on OIH's Board is considered important to OIH's ability to fulfill its defined purpose. All community rehabilitation programs are subject to the same criteria when transacting with OIH. Total purchases of goods and services by OIH from related community rehabilitation programs amounted to \$46,758 for the year ended June 30, 2002.

NOTE 7- CURRENT VULNERABILITY DUE TO CERTAIN CONCENTRATIONS

Nearly all of OIH's business activities are conducted in conjunction with the State Use Program as a certified central nonprofit agency. As a result, the operations of OIH are dependent on the economy within the State of Ohio and are subject to the administrative directives, rules, and regulations of the State of Ohio, specifically as they pertain to the State Use Law. Such administrative directives, rules, and regulations are subject to change by acts of state legislation. Such changes could occur with little notice and could significantly impact the operations of OIH. Furthermore, the terms and conditions of the operating agreement dated January 13, 2000 between OIH and the Committee authorizes the Committee to adjust the commission fee on an annual basis which could significantly impact the operations of OIH.

OIH's role as a certified central nonprofit agency is subject to non-renewal upon expiration of the current operating agreement with the Committee, which expires January 31, 2005.
