REPORT OF INDEPENDENT ACCOUNTANTS

Village of Salineville Columbiana County 34 Washington Street Salineville, Ohio 43945

To the Village Council:

We have audited the accompanying financial statements of the Village of Salineville, Columbiana County, (the Village) as of and for the years ended December 31, 2001 and 2000. These financial statements are the responsibility of the Village's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the Village prepares its financial statements on the basis of accounting prescribed or permitted by the Auditor of State, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the combined fund cash balances and reserves for encumbrances of the Village of Salineville, Columbiana County, as of December 31, 2001 and 2000, and its combined cash receipts and disbursements for the years then ended on the basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued our report dated March 1, 2002 on our consideration of the Village's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

This report is intended solely for the information and use of management, Village Council and other officials authorized to receive this report under § 117.26, Ohio Revised Code, and is not intended to be and should not be used by anyone other than these specified parties.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2001 AND 2000

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of the Entity

The Village of Salineville, Columbiana County, (the Village) is a body corporate and politic established to exercise the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The Village is directed by a publicly-elected six-member Council. The Village provides general governmental services, including water and sewer utilities, street maintenance and repair, and police protection. The Village contracts with the Village's volunteer fire department to provide fire protection within the Village.

The Village's management believes these financial statements present all activities for which the Village is financially accountable.

B. Basis of Accounting

These financial statements follow the basis of accounting prescribed or permitted by the Auditor of State, which is similar to the cash receipts and disbursements basis of accounting. Receipts are recognized when received in cash rather than when earned, and disbursements are recognized when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as prescribed or permitted by the Auditor of State.

C. Cash and Investments

Investments are reported as assets. Accordingly, purchases of investments are not recorded as disbursements, and sales of investments are not recorded as receipts. Gains or losses at the time of sale are recorded as receipts or disbursements, respectively.

Certificates of deposit are valued at cost.

D. Fund Accounting

The Village uses fund accounting to segregate cash and investments that are restricted as to use. The Village classifies its funds into the following types:

1. General Fund

The General Fund is the general operating fund. It is used to account for all financial resources except those required to be accounted for in another fund.

2. Special Revenue Funds

These funds are used to account for proceeds from specific sources (other than from trusts or for capital projects) that are restricted to expenditure for specific purposes. The Village had the following significant special revenue funds:

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2001 AND 2000 (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Street Construction, Maintenance and Repair Fund - This fund receives intergovernmental receipts for constructing, maintaining and repairing Village streets.

Fire Levy Fund - This fund receives tax levy monies for fire protection within the Village.

3. Debt Service Funds

These funds are used to accumulate resources for the payment of bonds and note indebtedness. The Village had the following significant debt service fund:

Debt Service Fund - This fund receives transfers from the general fund to pay debt obligations.

4. Enterprise Funds

These funds account for operations that are similar to private business enterprises where management intends that the significant costs of providing certain goods or services will be recovered through user charges. The Village had the following significant enterprise funds:

Water Revenue Fund - This fund receives charges for services from residents to cover the cost of providing this utility.

Sewer Revenue Fund - This fund receives charges for services from residents to cover the cost of providing this utility.

E. Budgetary Process

The Ohio Revised Code requires that each fund be budgeted annually.

1. Appropriations

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund and object level of control and appropriations may not exceed estimated resources. The Council must annually approve appropriation measures and subsequent amendments. The County Budget Commission must also approve the annual appropriation measure. Unencumbered appropriations lapse at year end. The Village had disbursements which exceeded appropriations contrary to Ohio Revised Code § 5705.41(B).

2. Estimated Resources

Estimated resources include estimates of cash to be received (budgeted receipts) plus unencumbered cash as of January 1. The County Budget Commission must also approve estimated resources.

	Total	\$ 885,413	\$ 954,153	\$ (68,740)

Contrary to Ohio law, budgetary expenditures exceeded appropriation authority in the Enterprise Fund Type by \$252,833 for the year ended December 31, 2001 and by \$210,196 for the year ended December 31, 2000.

4. PROPERTY TAX

Real property taxes become a lien on January 1 preceding the October 1 date for which rates are adopted by Village Council. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable homestead and rollback deductions. Homestead and rollback amounts are then paid by the State, and are reflected in the accompanying financial statements as Intergovernmental Receipts. Payments are due to the County by December 31. If the property owner elects to make semiannual payment, the first half is due December 31. The second half payment is due the following June 20.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2001 AND 2000 (Continued)

4. PROPERTY TAX (Continued)

Tangible personal property tax is assessed by the property owners, who must file a list of such property to the County by each April 30.

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the Village.

5. LOCAL INCOME TAX

The Village levies a municipal income tax of one percent on substantially all earned income arising from employment, residency, or business activities within the Village as well as certain income of residents earned outside of the Village.

Employers within the Village withhold income tax on employee compensation and remit the tax to the Village either monthly or quarterly, as required. Corporations and other individual taxpayers pay estimated taxes quarterly and file a declaration annually.

6. DEBT

Debt outstanding at December 31, 2001 was as follows:

	-	Principal	Interest Rate
Ohio Public Works Commission Loan Water and Sewer General Obligation Bonds General Obligation Notes Ohio Water Development Authority Loans		\$ 212,625 577,000 161,785 157,064	0.00% 5.00% 5.88 % - 6.05% 0.00% - 6.41%
Т	otal	\$ 1,108,474	

The proceeds of the General Obligation Notes were used to purchase a fire truck and to purchase a building for the Village's use. The original loan amount for the fire truck was \$139,964 and approved in 1998. The original loan amount for the building was \$70,000 and was approved in 1996. The assets purchased with loan proceeds, the fire truck and the building, were used as collateral, respectively.

The Water and Sewer General Obligation Bonds relate to a water and sewer plant expansion and improvement project. The original bond amount of \$587,000 was approved in 1979. The bonds are collateralized by future water and sewer receipts.

The Ohio Public Works Commission (OPWC) Loan was used for a water line replacement project in the Village. The original loan amount of \$243,000 was approved in 1999. The loan is collateralized by future water and sewer receipts. The Village has agreed to set utility rates sufficient to cover OPWC debt service requirements.

The Ohio Water Development Authority (OWDA) Loans were used to plan and implement water system improvements for the Village. The original loan amounts of \$25,000 and \$200,000 were approved in 1996 and 2000, respectively. The loans are collateralized by future water and sewer receipts. The Village has agreed to set utility rates sufficient to cover OWDA debt service requirements.

7. RETIREMENT SYSTEMS

The Village's law enforcement officers belong to the Police and Firemen's Disability and Pension Funds (PFDPF). Other full-time Village employees belong to the Public Employees Retirement System (PERS) of Ohio. PFDPF and PERS are cost-sharing, multiple-employer plans. These plans provide retirement benefits, including postretirement healthcare, and survivor and disability benefits to participants as prescribed by the Ohio Revised Code.

Contribution rates are also prescribed by the Ohio Revised Code. For 2001 and 2000, members of PFDPF contributed 10% of their wages to the PFDPF. The Village contributed an amount equal to 19.5% of their wages. For 2001 and 2000, PERS members contribute 8.5% of their gross salaries. The Village contributed an amount equal to 13.55% of participants' gross salaries for 2001 and from January 1, 2000 through June 30, 2000. PERS temporarily reduced the employer contribution rate to 8.13% effective July 1, 2000 through December 31, 2000. The Village has paid all contributions required through December 31, 2001.

8. RISK MANAGEMENT

The Village has obtained commercial insurance for the following risks:

- Comprehensive property and general liability
- Vehicles
- Errors and omissions

9. LEGAL COMPLIANCE

As required by Ohio Revised Code § 733.28 and § 733.45, all financial activity of the Village was not recorded on the Village's official ledgers. Specifically, the transactions of the water and sewer departments were not recorded on Village records maintained by the Village Clerk/Treasurer.

REPORT OF INDEPENDENT ACCOUNTANTS ON COMPLIANCE AND ON INTERNAL CONTROL REQUIRED BY GOVERNMENT AUDITING STANDARDS

Village of Salineville Columbiana County 34 Washington Street Salineville, Ohio 43945

To the Village Council:

We have audited the accompanying financial statements of the Village of Salineville, Columbiana County, (the Village), as of and for the years ended December 31, 2001 and 2000, and have issued our report thereon dated March 1, 2002. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Village's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance that are required to be reported under *Government Auditing Standards* which are described in the accompanying schedule of findings as items 2001-31241-001 through 2001-31241-003. We also noted certain immaterial instances of noncompliance that we have reported to management of the Village in a separate letter dated March 1, 2002.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Village of Salineville's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. However, we noted other matters involving the internal control over financial reporting that do not require inclusion in this report, that we have reported to management of the Village in a separate letter dated March 1, 2002.

SCHEDULE OF FINDINGS DECEMBER 31, 2001 AND 2000

FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

FINDING NUMBER 2001-31215-001

Ohio Revised Code § 733.28 and 733.45 provide that the village clerk/treasurer shall keep the books of the village, exhibit accurate statements of all monies received and expended, of all the property owned by the village and the income derived therefrom, and of all taxes and assessments. The clerk/treasurer shall keep an accurate record of all moneys received by him/her, showing the amount thereof, from whom and on which account received. The clerk/treasurer shall keep an accurate account of all disbursements made by him/her, showing the amount thereof, to whom and on what account paid. The books shall be arranged so the amounts received and the amounts paid on account be exhibited in separate funds.

During 2000, the Village utility department did not provide financial information to the Clerk/Treasurer regrading water and sewer receipts and disbursements. As a result, water and sewer financial activity was not recorded on the Village's official ledgers. Water and sewer receipts and disbursements were also accounted for using a separate checking account outside the Clerk/Treasurer's control. The Village has adjusted the 2000 financial statements to include this activity and discontinued this practice during 2001.

The Village should ensure the Clerk/Treasurer is provided appropriate information to record all financial activity of the Village in the receipts ledger, appropriation ledger and the cash journal, as appropriate, so that accurate statements of all moneys received and expended can be prepared. Periodically, financial reports including all activity of the Village should be submitted to Council for review. Failure to post all financial activity to the Village ledgers resulted in several errors on the annual financial statements. Adjustments to include activity of all funds were made by the Village and are included in the financial statements.

FINDING NUMBER 2001-31215-002

Ohio Revised Code § 5705.41 (D) states that no subdivision shall make any contract or order any expenditure of money unless the certificate of the fiscal officer is attached. The fiscal officer must certify that the amount required to meet such a commitment has been lawfully appropriated and is in the treasury or in the process of collection to the credit of an appropriate fund free from any previous encumbrance. The amount so certified shall be recorded against the applicable appropriation account.

This section also provides two exceptions to the above requirements:

- A. Then and Now Certificate If no certificate is furnished as required, upon receipt of the fiscal officer's certificate that a sufficient sum was, both at the time of the contract or order and at the time of the certificate, appropriated and free of any previous encumbrances, the Village may authorize the issuance of a warrant in payment of the amount due upon such contract or order by resolution within 30 days from the receipt of such certificate, if such expenditure is otherwise valid.
- B. If the amount involved is less than one thousand dollars the fiscal officer issues a certificate, but may authorize it to be paid without the affirmation of the Council.

The Village did not properly certify 20% of tested expenditures in 2001 and 23% of tested expenditures in 2000. This included purchases which were not certified at all and purchases which were certified by the Village Administrator.

SCHEDULE OF FINDINGS DECEMBER 31, 2001 AND 2000 (Continued)

Failure to certify the availability of funds and encumber appropriations could result in overspending and negative cash balances. The Village should obtain approved purchase orders which include the fiscal officer's certification that the amount required to meet the obligation has been lawfully appropriated and authorized prior to making a commitment.

FINDING NUMBER 2001-31215-003

Ohio Revised Code § 5705.41(B) prohibits a subdivision from making an expenditure unless it has been properly appropriated.

Expenditures exceeded appropriations in the Enterprise Fund Type by 131% during 2001 and 81% during 2000.

The Village Clerk/Treasurer should monitor expenditures by comparing the expenditures to appropriations and should approach Village Council to request amendments to the original appropriations as necessary to guard against overspending.
