We have reviewed the Independent Auditor's Report of the Alcohol, Drug Addiction and Mental Health Services Board, Tuscarawas County, prepared by Rea & Associates, Inc., for the audit period January 1, 2002 to December 31, 2002. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Alcohol, Drug Addiction and Mental Health Services Board of Tuscarawas and Carroll Counties is responsible for compliance with these laws and regulations.

## **Independent Auditor's Report**

We have audited the accompanying financial statements of the Alcohol, Drug Addiction, and Mental Health Services Board of Tuscarawas and Carroll Counties (the "Board"), as of and for the year ended December 31, 2002, as listed in the table of contents. These financial statements are the responsibility of the Board's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the Board prepares its financial statements on the basis of accounting prescribed or permitted by the Auditor of State, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, cash balances of the Alcohol, Drug Addiction, and Mental Health Services Board of Tuscarawas and Carroll Counties, as of December 31, 2002, and the revenues it received and expenditures it paid and budgeted receipts, appropriations, and encumbrances for the year then ended, on the basis of accounting described in Note 1.

Our audit was performed for the purpose of forming an opinion on the basic financial statements of the Board. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the U. S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

In accordance with *Government Auditing Standards*, we also have issued our report dated June 6, 2003 on our consideration of the Board's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

This report is intended solely for the information and use of the audit committee, management, Board, federal awarding agencies and pass-through entities, and other officials authorized to receive this report under Section 117.26, Ohio Revised Code. It is not intended to be and should not be used by anyone other than specified parties.

NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2002

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. DESCRIPTION OF THE ENTITY

The Alcohol, Drug Addiction, and Mental Health Services Board of Tuscarawas and Carroll Counties (the Board) is a body politic and corporate established for the purpose of exercising the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The Board operates under the direction of a fifteen-member appointed board. The Tuscarawas County Auditor and Tuscarawas County Treasurer are responsible for fiscal control of the resources of the Board which are maintained in the funds described below. Services provided by the Board include services to persons who are mentally ill, drug and alcohol services to residents, services to battered women, and services to students having trouble in school.

Management believes the financial statements included in this report represent all of the funds of the Board over which the Board has the ability to exercise direct operating control.

B. BASIS OF ACCOUNTING

The Board prepares its financial statements on a basis of cash receipts and disbursements; consequently, certain revenues and the related assets are recognized when received rather than when earned, and certain expenditures are recognized when paid rather than when the obligation is incurred. A general fixed asset group and long-term debt group of accounts are not recorded on the financial statements by the Board under the basis of accounting used. By virtue of Ohio Law, the Board is required to maintain the encumbrance method of accounting and to make appropriations.

C. FUND ACCOUNTING

The Board maintains its accounting records in accordance with the principles of fund accounting. Fund accounting is a concept developed to meet the needs of governmental entities in which legal or other restraints require the recording of specific receipts and disbursements. The transactions of each fund are reflected in a self-balancing group of accounts, an accounting entity which stands separate from the activities reported in other funds. The restrictions associated with each type of funds are as follows:

Governmental Fund Types

General Fund

The General Fund is the general operating fund of the Board. It is used to account for all financial resources except those required by law or contract to be accounted for in another fund.

Governmental Fund Types

Special Revenue Funds

Special revenue funds are to account for proceeds of specific revenue sources that are legally restricted to disbursements for specified purposes.

D. BUDGETARY PROCESS

1. Budget

A budget of estimated cash receipts and disbursements is submitted to the county auditor, as secretary of the county budget commission, by July 20 of each year, for the period January 1 to December 31 of the following year.

2. Estimated Resources

The county budget commission certifies its actions to the Board by September 1. As part of this certification, the Board receives the official certificate of estimated resources which states the projected receipts of each fund. On or about January 1, this certificate is amended to include any unencumbered balances from the preceding year. Prior to December 31, the Board must revise its budget so that the total contemplated expenditures from a fund during the ensuing fiscal year will not exceed the amount stated in the certificate of estimated resources. The revised budget then serves as the basis for the annual appropriation measure. Budget receipts as shown in the accompanying financial statements do not include January 1, 2002, unencumbered fund balances. However, those fund balances are available for appropriations.

3. Appropriations

A temporary appropriation measure to control cash disbursements may be passed on or about January 1 of each year for the period January 1 to March 31. An annual appropriation measure must be passed by April 1 of each year for the period January 1 to December 31. The appropriation measure may be amended or supplemented during the year as new information becomes available. Appropriations may not exceed estimated resources.

4. Encumbrances

The Board is required to use the encumbrance method of accounting by virtue of Ohio law. Under this system, purchase orders, contracts and other commitments for the expenditure of funds are recorded in order to reserve the portion of the applicable appropriation. At the close of each year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations. The encumbered appropriation balance is carried forward to the succeeding year and need not be reappropriated.

E. PROPERTY, PLANT AND EQUIPMENT

Fixed assets acquired or constructed for general governmental service are recorded as expenditures. Depreciation is not recorded for these fixed assets.

F. TOTAL COLUMN ON FINANCIAL STATEMENTS

Total columns on the financial statements are captioned “(Memorandum Only)” to indicate that they are presented only to facilitate financial analysis. Such data is not comparable to a consolidation.

2. PROPERTY TAX

Tuscarawas County

Real property taxes are levied on assessed values which equal 35% of appraised value. The county auditor reappraises all real property every six years with a triennial update. The last update was completed for tax year 2001.

Real property taxes become a lien on all non-exempt real property located in the county on January 1. Real property taxes are payable annually or semiannually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31 with the remainder payable by June 20 of the following year. Under certain circumstances, state statute permits later payment dates to be established.

The full tax rate applied to real property for the tax (calendar) year 2001 was \$.50 per \$1,000 of assessed valuation. After adjustment of the rate for inflationary increases in property values, the effective tax rate was \$.245 per \$1,000 of assessed valuation for real property classified as residential/agricultural, and \$.343 per \$1,000 of assessed valuation for all other real property. Real property owners' tax bills are further reduced by homestead and rollback deductions, when applicable. The amount of these homestead and rollback reductions is reimbursed to the Board by the State of Ohio.

NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2002

2. PROPERTY TAX (Continued)

Owners of tangible personal property are required to file a list of such property, including costs, by April 30 of each year. The property is assessed for tax purposes at varying statutory percentages of cost. The tax rate applied to tangible personal property for the fiscal year ended December 31, 2002 was \$.50 per \$1,000 of assessed valuation.

Real property – 2001 valuation:

Residential/Agricultural	\$ 946,720,760
Commercial/Industrial/Minerals	265,895,940
Public Utilities	531,720

Tangible personal property - 2002 valuation:

General	216,689,625
Public Utilities	<u>70,163,550</u>

Total valuation \$ 1,500,001,595

The Tuscarawas County Treasurer collects property tax on behalf of all taxing districts within the county. The Tuscarawas County Auditor periodically remits to the taxing districts their portion of the taxes collected.

Carroll County

Carroll County did not have a property tax levy in effect for community mental health, alcohol, and drug services.

3. EQUITY IN POOLED INVESTMENTS

The County Auditor serves as statutory fiscal officer of the Board. Board investments, as shown on the “Combined Statement of Investments and Fund Cash Balance at December 31, 2002” were commingled with the County’s cash and investments for investment purposes and were not separately identified as to risk.

4. INTERFUND CASH ADVANCES OUTSTANDING

As of December 31, 2002, the following interfund cash advances from the Board's General Fund were not repaid as follows:

Special Revenue Funds:	
Title XIX Medicaid Fund	<u>\$ 470,000</u>

5. RETIREMENT COMMITMENTS

Employees of the Board were covered by the Public Employees Retirement System of Ohio. The State of Ohio accounts for the activity of the retirement system and, accordingly, the amount of that fund is not reflected in the accompanying financial statements. As of December 31, 2002, Board employees contributed 8.5 percent of their gross wages to the fund, while the Board contributed 13.55 percent of its employees' gross wages.

6. RISK MANAGEMENT

The Board is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters.

Public officials' liability insurance is provided by Westport Insurance Corporation with limits of \$1,000,000. This policy has a \$2,500 deductible.

Settled claims have not exceeded this commercial coverage in any of the past three years. There has not been a significant reduction in coverage from the prior year.

The Board pays the State Workers' Compensation System a premium based on a rate of \$100 of salaries. This rate is calculated based on accident history and administrative costs.

NOTES TO THE FINANCIAL STATEMENTS

6. RISK MANAGEMENT (Continued)

The Board has elected to provide employees' major medical, vision and hospitalization through the Tuscarawas County self-insured program. The predominate participant is the County. The County maintains a Self-Insurance Internal Service Fund to account for and finance its uninsured risks of loss in this program. This plan provides a major medical plan with a \$100 single and \$200 family deductible. A third party administrator, AultCare, located in Canton, Ohio, reviews all claims which are then paid by the County. The County purchases stop-loss coverage of \$100,000 per employee per year and an aggregate limit of \$1,000,000. The County pays coverage into the Self-Insurance Internal Service Fund for County employees of \$685.00 family, \$295.00 individual per employee per month, which represents the entire premium required. The County also pays a \$4.31 monthly premium per employee for death benefit. These premiums are paid by the fund that pays the salary for the employee and is based on historic cost information. Claims liability information is disclosed in the Tuscarawas County Comprehensive Annual Financial Report.

7. CONTINGENCIES

Grants

The Board received financial assistance from federal and state agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the general fund or other applicable funds.

Disallowances totaling \$154,415 for the federal Substance Abuse Prevention and Treatment Block Grant were determined in the prior year audit. On June 23, 2003 the Board received a letter from ODADAS, indicating a repayment of the SFY 2000 and 2001 carry-over funds in the amount of \$122,687 must be made within 45 days. There has been no resolution on the SFY 2002 carry-over amount as yet. The Board has maintained adequate amounts in the Block Grant Fund to make the repayment.

## **Independent Auditor's Report on Compliance and Internal Control Over Financial Reporting Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards***

We have audited the accompanying financial statements of Alcohol, Drug Addiction, and Mental Health Services Board of Tuscarawas and Carroll Counties (the "Board"), as of and for the year ended December 31, 2002, and have issued our report thereon dated June 6, 2003. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

### Compliance

As part of obtaining reasonable assurance about whether the Board's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

### Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Board's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control structure over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operations that we consider to be material weaknesses. However, we noted other matters involving the internal control over financial reporting, which we have reported to management of the Board in a separate letter dated June 6, 2003.

This report is intended for the information and use of the audit committee, management, Board, federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

**Independent Auditor's Report on Compliance with

Compliance

We have audited the compliance of the Board with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended December 31, 2002. The Board's major federal programs are identified in the "Summary of Auditor's Results" section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to its major federal programs is the responsibility of the Board's management. Our responsibility is to express an opinion on the Board's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Board's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Board's compliance with those requirements.

In our opinion, the Board complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended December 31, 2002.

Internal Control Over Compliance

The management of the Board is responsible for establishing and maintaining effective internal control over compliance with requirements, laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the Board's internal control over compliance with requirements that would have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with *OMB Circular A-133*.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended for the information and use of the audit committee, management, Board, federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.
