We have reviewed the Independent Auditor's Report of the Cardington Lincoln Local School District, Morrow County, prepared by Holbrook & Manter, for the audit period July 1, 2001 through June 30, 2002. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Cardington Lincoln Local School District is responsible for compliance with these laws and regulations.

A handwritten signature in black ink, appearing to read "Jim Petro".

INDEPENDENT AUDITORS' REPORT

Board of Education
Cardington-Lincoln Local School District
Morrow County
Cardington, OH 43315

We have audited the accompanying general-purpose financial statements of Cardington-Lincoln Local School District, as of and for the year ended June 30, 2002, as listed in the table of contents. These general-purpose financial statements are the responsibility of Cardington-Lincoln Local School District's management. Our responsibility is to express an opinion on these general-purpose financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

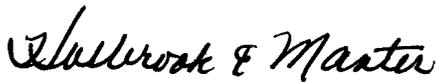

In our opinion, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of Cardington-Lincoln Local School District as of June 30, 2002, and the results of operations and cash flows of its proprietary fund types for the year then ended in conformity with accounting principles generally accepted in the United States.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 21, 2002 on our consideration of Cardington-Lincoln Local School District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Our audit was performed for the purpose of forming an opinion on the general-purpose financial statements taken as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments and Non-Profit Organizations, and is not a required part of the general-purpose financial statements of Cardington-Lincoln Local School District. Such information has been subjected to the auditing procedures applied in the audit of the general-purpose financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the general-purpose financial statements taken as a whole.

CARDINGTON-LINCOLN LOCAL SCHOOL DISTRICT
MORROW COUNTY, OHIO
NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2002

NOTE 1 - DESCRIPTION OF THE SCHOOL DISTRICT:-

The Cardington-Lincoln Local School District (the "District") is located primarily in Morrow (and serves a small portion of Marion) County and includes the Village of Cardington and Lincoln Township. The District serves an area of approximately 85 square miles.

The District was established in 1840 through the consolidation of existing land areas and school districts. The District is organized under Sections 2 and 3, Article VI of the Constitution of the State of Ohio. Under such laws, there is no authority for a school district to have a charter or adopt local laws. The legislative power of the school district is vested in the Board of Education, consisting of five members elected at large for staggered four year terms.

The District ranks as the 424th largest by enrollment among the 705 public and community school districts in the State, and the third largest in Morrow County. It currently operates 1 elementary school, 1 middle school, and 1 comprehensive high school. The District employs 43 non-certified and 86 certified employees to provide services to approximately 1,276 students in grades K through 12 and various community groups.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:-

The financial statements of the District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The District's significant accounting policies are described below.

A. Reporting Entity

The District's reporting entity has been defined in accordance with GASB Statement No. 14, The Financial Reporting Entity, effective for financial statements for periods beginning after December 15, 1992. A reporting entity is comprised of the primary government, component units, and other organizations that are included to insure that the financial statements of the District are not misleading. The primary government consists of all funds, departments, boards, and agencies that are not legally separate from the District. For the District, this includes general operations, food service, and student related activities of the District. Component units are legally separate

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:- (continued)

organizations for which the District is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of the organization's governing board and (1) the District is able to significantly influence the programs or services performed or provided by the organization; or (2) the District is legally entitled to or can otherwise access the organization's resources; the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization or the District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the District in that the District approves the budget, the issuance of debt, or the levying of taxes for the organization. The financial statements of the reporting entity include only those of the District (the primary government). The District has no component units. The following organizations are described due to their relationship to the District.

Jointly Governed Organizations:

Tri-Rivers Educational Computer Association (TRECA)

TRECA is a jointly governed organization among 21 school districts. TRECA was formed for the purpose of applying modern technology (with the aid of computers and other electronic equipment) to the administrative and instructional functions of member districts. Each of the governments of these schools supports TRECA based upon a per pupil charge, dependent upon the software package utilized. TRECA is governed by a Board of Directors consisting of superintendents of the member school districts. The degree of control exercised by any participating school district is limited to its representation on the Board. In the event of the dissolution of TRECA, all current members will share in net obligations or asset liquidations in a ratio proportionate to their last twelve months' financial contributions. Financial information is available from Mike Carder, Director, at 2222 Marion/Mt. Gilead Road, Marion, Ohio 43302.

Tri-Rivers Joint Vocational School

The Tri-Rivers Joint Vocational School (the "JVS") is a distinct political subdivision of the State of Ohio. The JVS operates under the direction of a Board consisting of one representative from each of the participating school district's Board of Education, and one representative from the Delaware Union Educational Service Center. The JVS Board of Education possesses its own budgeting and taxing authority. Financial information is available from Terril Martin, Treasurer, at 2222 Marion Mt. Gilead Road, Marion, Ohio 43302.

Cardington Community Joint Recreation Board

The District and the Village of Cardington participate in a Joint Recreation Board, created under the provisions of Ohio Revised Code, Sections 755.12 to 755.18. The Joint Recreation Board consists of two representatives from each participant, and one appointed by the four members. The degree of control exercised by the District is limited to its representation on the Board. Financial information is available from Louise Mathews, Treasurer, P.O. Box 63, Cardington, Ohio 43315.

Related Organization:

Cardington Public Library

The Cardington Public Library is a distinct subdivision of the State of Ohio, created under Chapter 3375 of the Ohio Revised Code. The Library is governed by a Board of Trustees appointed by the Cardington-Lincoln School District Board of Education. The Board of Trustees possesses its own contracting and budgeting authority, hires and fires personnel and does not depend on the District for operational subsidies. Although the District does serve as the taxing authority for the Library, its role is limited to a ministerial function. The determination to request approval of a tax, including its rate and the purpose, are discretionary decisions made solely by the Board of Trustees. Financial information is available from the Cardington Public Library, Margaret May, Clerk/Treasurer, at 209 South Marion Street, Cardington, Ohio 44315.

The District is also a participant in a public entity risk sharing pool, discussed in Note 11.

B. Fund Accounting

The District uses funds and account groups to report its financial position and the results of its operations. A fund is a separate accounting entity with a self-balancing set of accounts. An account group, on the other hand, is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain school district activities or functions. Funds are classified into three categories: Governmental, Proprietary and Fiduciary. Each category is divided into separate fund types.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:- (continued)

GOVERNMENTAL FUNDS

Governmental Funds are those through which most governmental functions of the District are financed. The acquisition, use and balances of the District's expendable financial resources and the related liabilities (except those accounted for in Proprietary Funds) are accounted for through Governmental Funds. The following are the District's Governmental Fund Types:

General Fund - The General Fund is the general operating fund of the District and is used to account for all financial resources except those required to be accounted for in another fund. The General fund balance is available to the District for any purpose, provided it is expended or transferred in accordance with applicable Ohio statute.

Special Revenue Funds - The Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditures for specified purposes.

Debt Service Fund - The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

Capital Projects Funds - The Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by Proprietary Funds).

PROPRIETARY FUNDS

Proprietary Funds are used to account for the District's ongoing activities which are similar to those often found in the private sector where the determination of net income is necessary or useful to sound financial administration. The following are the District's Proprietary Fund Types:

MORROW COUNTY, OHIO
NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2002

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:- (continued)

Enterprise Funds - The Enterprise Funds are used to account for operations that are (a) financed and operated in a manner similar to private business enterprises-- where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

FIDUCIARY FUNDS

Trust and Agency Funds - These funds are used to account for assets held by the County in a trustee capacity or as an agent for individuals, private organizations, other governments, and/or other funds. These include Expendable Trust and Agency Funds. Expendable Trust Funds are accounted for in essentially the same manner as Governmental funds. Agency Funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations, or have a measurement focus. Agency funds are reported on a cash basis, with note disclosure regarding items which, in other fund types, would be subject to accrual.

ACCOUNT GROUPS

To make a clear distinction between fixed assets related to specific funds and those of general government, and between long-term liabilities related to specific funds and those of general nature, the following account groups are used:

General Fixed Assets Account Group - This group of accounts is established to account for all fixed assets of the District, other than those accounted for in the Proprietary Funds.

General Long-Term Obligations Account Group - This group of accounts is established to account for all long-term obligations of the District except those accounted for in the Proprietary Funds.

FOR THE YEAR ENDED JUNE 30, 2002

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:- (continued)

C. Measurement Focus/Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All Governmental funds and the Expendable Trust fund are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets.

All Proprietary funds are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operations of these funds are included on the balance sheet. Proprietary fund type operating statements present increases (revenues) and decreases (expenses) in net total assets.

The modified accrual basis of accounting is followed for Governmental and Expendable Trust funds. Under the modified accrual basis of accounting, revenues are recognized when they become both measurable and available to finance expenditures of the current period, which for the District is sixty days after the June 30 year-end. Revenues accrued at the end of the year include interest, tuition, grants and entitlements (to the extent such grants and entitlements relate to the current fiscal year), and accounts (student fees and rent). Current property taxes measurable as of June 30, 2002, but which are intended to finance fiscal 2003 operations, have been recorded as deferred revenues. Delinquent property taxes measurable and available (received within 60 days) and amounts available as an advance on future tax settlements are recognized as revenue at year-end. Taxes available for advance and recognized as revenue but not received by the District prior to June 30, 2002, are reflected as a reservation of fund balance for future appropriations. The District is prohibited by law from appropriating this revenue in accordance with ORC Section 5705.35, since an advance of revenue was not requested or received prior to the fiscal year-end.

Nonexchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On the modified accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied and the resources are available. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been met and the resources are available.

CARDINGTON-LINCOLN LOCAL SCHOOL DISTRICT
MORROW COUNTY, OHIO
NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2002

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:- (continued)

The District reports deferred revenues on its combined balance sheet. Deferred revenues arise when a potential revenue does not meet both the “measurable” and “available” criteria for recognition in the current period. Deferred revenues also arise when resources are received by the District before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the government has a legal claim to the resources, the liability for deferred revenue is removed from the combined balance sheet and revenue is recognized.

Expenditures (decreases in net financial resources) are recognized in the period in which the fund liability is incurred with the following exceptions: general long-term obligation principal and interest are reported only when due; and the costs of accumulated unpaid vacation and sick leave are reported as expenditures in the period in which they will be liquidated with available financial resources rather than in the period earned by employees. Allocations of cost, such as depreciation and amortization, are not recognized in Governmental funds.

The Proprietary funds are accounted for on the accrual basis of accounting. Under the accrual basis of accounting, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred. The fair value of donated commodities used during the year is reported on the operating statement as an expense, with a like amount reported as donated commodities revenue. Unused donated commodities are reported as deferred revenue.

On the accrual basis of accounting, revenue from nonexchange transactions, such as grants, entitlements and donations, is recognized in the fiscal year in which all eligibility requirements have been met. The Proprietary funds receive no revenue from property taxes.

D. Budgets

The budgetary process is prescribed by provisions of the Ohio Revised Code and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriation resolution, all of which are prepared on the budgetary basis of accounting. The certificate of estimated resources and the appropriation resolution are subject to amendment throughout the year with the legal restriction that appropriations cannot exceed estimated resources, as certified. The specific timetable for fiscal year 2002 is as follows:

CARDINGTON-LINCOLN LOCAL SCHOOL DISTRICT
MORROW COUNTY, OHIO
NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2002

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:- (continued)

1. Prior to January 15 of the preceding year, the Superintendent and Treasurer submit to the Board of Education a proposed operating budget for the fiscal year commencing the following July 1. The budget includes proposed expenditures and the means of financing for all funds. Public hearings are publicized and conducted to obtain taxpayers' comments. The expressed purpose of this budget document is to reflect the need for existing (or increased) tax rates.
2. By no later than January 20, the Board-adopted budget is filed with the Morrow County Budget Commission for tax rate determination.
3. Prior to April 1st, the Board of Education accepts, by formal resolution, the tax rates as determined by the Budget Commission and receives the Commission's Certificate of Estimated Resources which states the projected revenue of each fund. Prior to June 30, the District must revise its budget so that total contemplated expenditures from any fund during the ensuing year will not exceed the amount stated in the Certificate of Estimated Resources. The revised budget then serves as a basis for the appropriation measure. On or about July 1, the Certificate is amended to include any unencumbered balances from the preceding year as reported by the District Treasurer. The Certificate may be further amended during the year if projected increases or decreases in revenue are identified by the District Treasurer. The amounts reported in the budgetary statement reflect the amounts set forth in the final Amended Certificate issued for fiscal year 2002.
4. By July 1, the annual appropriation resolution is legally enacted by the Board of Education at the fund level of expenditures, which is the legal level of budgetary control. Although the legal level of budgetary control was established at the fund level of expenditures, the budgetary statements present comparisons at the fund and function level of expenditures as elected by the District Treasurer. (State statute permits a temporary appropriation to be effective until no later than October 1 of each year.) Resolution appropriations by fund must be within the estimated resources as certified by the County Budget Commission and the total of expenditures and encumbrances may not exceed the appropriation totals.
5. All funds, other than Agency funds, are legally required to be budgeted and appropriated. Short-term interfund loans are not required to be budgeted since they represent a temporary cash flow resource, and are intended to be repaid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:- (continued)

6. Any revisions that alter the total of any fund appropriation must be approved by the Board of Education.
7. Formal budgetary integration is employed as a management control device during the year for all funds consistent with the general obligation bond indenture and other statutory provisions. All funds completed the year within the amount of their legally authorized cash basis appropriation.
8. Appropriation amounts are as originally adopted, or as amended by the Board of Education through the year by supplemental appropriations which either reallocated or increased the original appropriated amounts. All supplemental appropriations were legally enacted by the Board during fiscal 2002.
9. Unencumbered appropriations lapse at year-end. Encumbered appropriations are carried forward to the succeeding fiscal year and need not be reappropriated. Cash disbursements plus encumbrances may not legally exceed budgeted appropriations at the fund level.

Encumbrance accounting is utilized with District funds in the normal course of operations, for purchase orders and contract-related expenditures. An encumbrance is a reserve on the available spending authority due to commitment for a future expenditure and does not represent a liability. For Governmental Fund Types, encumbrances outstanding at year-end (not recognized as accounts payable) appear as a reserve to the fund balance on a GAAP basis and as the equivalent of expenditures on a non-GAAP budgetary basis in order to demonstrate legal compliance. Note 15 provides a reconciliation of the budgetary and GAAP basis of accounting. Encumbrances for Enterprise funds are disclosed in Note 12 to the financial statements.

E. Cash and Investments

To improve cash management, cash received by the District is pooled. Monies for all funds, including Proprietary funds, are maintained in this pool. Individual fund integrity is maintained through the District's records. Each fund's interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents" (both unrestricted and restricted) on the combined balance sheet.

During fiscal 2002, investments were limited to certificates of deposit, which are reported at cost.

By policy of the Board of Education, investment earnings are assigned to the General fund, the Food Service fund, the Public School Support fund, the Scholarship fund, the District-Managed Activities fund, and the Student-Managed Activities fund. During fiscal 2002, the following funds were credited with more interest revenue than would have been received based upon its share of investments:

	<u>Interest Actually Received</u>	<u>Interest Based upon Share of Investments</u>	<u>Interest Assigned from Other Funds</u>
General	\$80,804	\$45,701	\$35,103
<u>Special Revenue Funds</u>			
Public School Support	1,858	1,214	644

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:- (continued)

F. Inventory

Inventories for all Governmental funds are valued at cost (first-in/first-out method). The purchase method is used to account for inventories. Under the purchase method, inventories are recorded as expenditures when purchased; however, material amounts of inventories at period-end are reported as assets of the respective fund, which are equally offset by a fund balance reserve which indicates they are unavailable for appropriation even though they are a component of reported assets.

Inventories of Proprietary funds are valued at the lower of cost (first-in/first-out method) or market and expensed when used rather than when purchased.

G. Prepaids

Prepayments for Governmental funds represent cash disbursements which have occurred and are therefore not current expendable resources. These items are reported as fund assets on the balance sheet using the allocation method, which amortizes their cost over the periods benefiting from the advance payment. At period end, because prepayments are not available to finance future Governmental fund expenditures, the fund balance is reserved by an amount equal to the carrying value of the asset.

H. Fixed Assets and Depreciation

1. General Fixed Assets Account Group

General fixed assets are capitalized at cost (or estimated historical cost) and updated for the cost of additions and retirements during the year in the General Fixed Assets Account Group. Donated fixed assets are recorded at their fair market values as of the date donated. The District follows the policy of not capitalizing assets with a cost of less than \$500 and a useful life of less than three years. The costs of normal maintenance and repairs that do not add value to the asset or materially extend an asset's life, are not capitalized, nor is interest on debt issued to construct or acquire general fixed assets. No depreciation is recognized for assets in the General Fixed Assets Account Group. The District has not included infrastructure in the General Fixed Assets Account Group.

2. *Proprietary Funds*

Equipment reflected in these funds are stated at historical cost (or estimated historical cost) and updated for the cost of additions and retirements during the year. Donated fixed assets are recorded at their fair market values as of the date donated. Improvements are capitalized and depreciated over the remaining useful lives of the related fixed assets.

Depreciation has been provided, where appropriate, on a straight-line basis over the following estimated useful lives:

<u>Asset</u>	<u>Life (years)</u>

I. Intergovernmental Revenues

In Governmental Funds, entitlements and non-reimbursable grants are recorded as receivables and revenue when measurable and available (to the extent such grants and entitlements relate to the current fiscal year). Reimbursement type grants are recorded as receivables and revenues when the related expenditures are incurred. Grants for Proprietary fund operations (excluding commodities) are recognized as revenue when measurable and earned.

The District currently participates in various state and federal programs categorized as follows:

General Fund

- State Foundation Program
- State Property Tax Relief

Special Revenue Funds

- Disadvantaged Pupil Impact Aid
- State Property Tax Relief

J. Interfund Transactions

During the course of normal operations, the District has numerous transactions between funds. The most significant include:

1. Transfers of resources from one fund to another fund. The resources transferred are to be expended for operations by the receiving fund and are recorded as operating transfers, with the exception of Agency funds, which do not report transfers of resources as operating transfers.
2. Reimbursements from one fund to another are treated as expenditures/expenses in the reimbursing fund and a reduction in expenditures/expenses in the reimbursed fund.
3. Short-term interfund loans made pursuant to Board of Education Resolution are reflected as "interfund loans receivable or payable." Such interfund loans are repaid in the following fiscal year.
4. Quasi-external transactions are similar to the purchase of goods or services from a vendor; i.e., the fund which provides a service records revenue, and the fund which receives that service records an expenditure/expense.
5. Residual equity transfers are non-recurring or non-routine permanent transfers of equity, generally made when a fund is closed.
6. Long-term interfund loans that will not be repaid within the next year are termed "advances" and are shown as reservations of fund balances on the combined balance sheet for those funds that report advances to other funds as assets because they are not spendable, available resources.

An analysis of the District's interfund transactions for fiscal year 2002 is presented in Note 5.

K. Compensated Absences

Compensated absences of the District consist of vacation leave and sick leave to the extent that payment to the employee for these absences are attributable to services already rendered and are not contingent on a specific event that is outside the control of the District and the employee.

CARDINGTON-LINCOLN LOCAL SCHOOL DISTRICT
MORROW COUNTY, OHIO
NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2002

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:- (continued)

In accordance with the provisions of GASB Statement No. 16, Accounting for Compensated Absences, a liability for vacation leave is accrued if a) the employees' rights to payment are attributable to services already rendered; and b) it is probable that the employer will compensate the employees for the benefits through paid time off or other means, such as cash payment at termination or retirement. A liability for severance is accrued using the vesting method; i.e., the liability is based on the sick leave accumulated at the balance sheet date by those employees who are currently eligible to receive termination (severance) payments, as well as those employees expected to become eligible in the future. For purposes of establishing a liability for this future severance eligibility, all employees with at least ten years of service with the District were included.

The total liability for vacation and sick leave payments has been calculated using pay rates in effect at the balance sheet date, and reduced to the maximum payment allowed by labor contract and/or statute, plus any applicable additional salary related payments.

Accumulated vacation and sick leave of Governmental Fund Type employees meeting the above requirements have been recorded in the appropriate Governmental fund as a current liability to the extent that the amounts are expected to be payable within the current available period. The balance of the liability is recorded in the General Long-Term Obligations Account Group. Vacation and sick leave for employees meeting the above requirements who are paid from Proprietary funds is recorded as an expense when earned.

L. Long-Term Obligations

In general, Governmental fund payables and accrued liabilities are reported as obligations of the funds regardless of whether they will be liquidated with current resources. However, compensated absences and contractually required pension contributions that will be paid from Governmental funds are reported as a liability in the General Long-Term Obligations Account Group to the extent that they will not be paid with current available expendable financial resources. Payments made more than sixty days after year-end are generally considered not to have been paid with current available financial resources. Bonds, capital leases, and long-term loans are reported as a liability of the General Long-Term Obligations Account Group until due.

Long-term debt and other obligations financed by Proprietary funds are reported as liabilities in the appropriate Proprietary funds.

M. Fund Equity

Reserved fund balances indicate that portion of fund equity which is not available for current appropriation or is legally segregated for a specific use. Fund balances are reserved for encumbrances, materials and supplies inventory, prepayments, debt service, tax revenue unavailable for appropriation, and capital improvement. The reserve for property taxes represents taxes recognized as revenue under GAAP, but not available for appropriation under State statute. The unreserved portions of fund equity reflected for the governmental funds are available for use within the specific purposes of those funds. The District reports amounts set-aside by the School Board for budget stabilization as a designation of fund balance in the general fund.

N. Statutory Reserves

The District is required by State law to set aside certain (cash-basis) General fund revenue amounts, as defined by statute, into various reserves. During the fiscal year ended June 30, 2002, the reserve activity was as follows:

	<u>Textbooks</u>	<u>Capital Acquisition</u>	<u>BWC Refunds</u>
Set-aside cash balance as of July 1, 2001	\$ 0	\$ 29,280	\$ 28,476
Current year set-aside requirement	146,698	146,698	
Current year offsets		(68,652)	
Qualifying disbursements	<u>(270,890)</u>	<u>(123,711)</u>	<u> </u>
Total	<u>(124,192)</u>	<u>(16,385)</u>	<u>28,476</u>
Cash balance carried forward to FY 2003	\$ <u>(124,192)</u>	\$ <u>(16,385)</u>	\$ <u>28,476</u>

Monies representing BWC refunds that were received prior to April 10, 2001, have been shown as a restricted asset and reserved fund balance in the general fund since allowable expenditures are restricted by state statute. Monies set-aside by the School Board for budget stabilization are reported as a designation of fund balance in the general fund. The balance in the budget stabilization designation at June 30, 2002, was \$89,029.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:- (continued)

The District had offsets and qualifying disbursements during the year that reduced the set-aside amount below zero for the textbooks and capital acquisition reserve. These extra amounts may be used to reduce the set-aside requirement for future years.

A schedule of the restricted assets at June 30, 2002 follows:

Amount restricted for BWC refunds	<u>\$28,476</u>
Total restricted assets	<u>\$28,476</u>

O. Statement of Cash Flows

The District's Financial Statements have been prepared in accordance with GASB Statement No. 9, Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting. The District has presented (Exhibit 5) a statement of cash flows for its Enterprise funds. For purposes of the statement of cash flows, the District considers cash equivalents to include all short term investments (maturity of 90 days or less from date of purchase).

P. Financial Reporting for Proprietary and Similar Fund Types

The District's financial statements have been prepared in accordance with GASB Statement No. 20, Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting. The District accounts for its Proprietary activities in accordance with all applicable GASB pronouncements, as well as pronouncements of the Financial Accounting Standards Board (FASB) and its predecessors issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements.

Q. Restricted Assets

Restricted assets in the General fund represent cash and cash equivalents set aside to establish a BWC refund reserve. This reserve is required by State statute and can be used only for statutorily-specified purposes. A fund balance reserve has also been established. See Note 2.N. for statutory reserves. Cash is not restricted for designations of fund balance, because designations are not required by statute, and may be changed or eliminated at management's decision.

R. Memorandum Only - Total Columns

Total columns on the General Purpose Financial Statements are captioned (Memorandum Only) to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations, or changes in financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

S. Bond Discounts, Premiums and Interest Costs

For governmental fund types, bond premiums and discounts, as well as issuance cost, are recognized during the current period. Bond proceeds are reported as other financing sources net of the applicable premium or discount. Issuance costs, whether or not withheld from the actual net proceeds received, are reported as debt service expenditures. The long-term debt that appears in the general long-term obligations account group is always reported at the bond's face value.

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE:-

A. Deficit Fund Balances

Fund balances at June 30, 2002 included the following individual fund deficits:

<u>Special Revenue Funds</u>

Title I	(460)

These GAAP deficits will be funded by anticipated future intergovernmental revenues or other subsidies not recognized and recorded at June 30. The General fund provides transfers for deficit balances; however, transfers are made when cash is needed rather than when accruals occur.

B. Agency Funds

The following are accruals for the agency funds, which in another fund type, would be recognized in the combined balance sheet:

C. Change in Accounting Principle

GASB Statement No. 33, Accounting and Financial Reporting for Nonexchange Transactions, was implemented during fiscal 2001. This statement pertains to the financial reporting of certain types of revenue received by the District for which no value is given in return, including derived tax revenues, imposed nonexchange transactions, government-mandated nonexchange transactions, and voluntary nonexchange transactions. The adoption of this statement had no effect on fund balances/retained earnings as previously reported by the District at June 30, 2000.

NOTE 4 - EQUITY IN POOLED CASH AND INVESTMENTS:-

State statutes classify monies held by the District into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the School District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits the Board of Education has identified as not required for use within the current two year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings accounts, including passbook accounts.

Protection of the District's deposits is provided by the Federal Deposit Insurance Corporation, by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the Treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public moneys deposited with the institution.

CARDINGTON-LINCOLN LOCAL SCHOOL DISTRICT
MORROW COUNTY, OHIO
NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2002

NOTE 4 - EQUITY IN POOLED CASH AND INVESTMENTS:- (continued)

Interim monies may be deposited or invested in the following securities:

1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, Notes, Debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio;
5. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
6. The State Treasurer's investment pool (STAROhio);
7. Certain bankers' acceptances and commercial paper notes for a period not to exceed one hundred and eighty days from the date of purchase in an amount not to exceed twenty-five percent of the interim moneys available for investment at any one time; and
8. Under limited circumstances, corporate debt instruments rated in either of the two highest rating classifications by at least two nationally recognized rating agencies.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the

District, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

The following information classifies deposits and investments by categories of risk as defined in GASB Statement No. 3, Deposits With Financial Institutions, Investments (including Repurchase Agreements), and Reverse Repurchase Agreements.

Deposits: At year-end the carrying amount of the District's deposits was \$3,342,368 and the bank balance was \$3,507,398 (both amounts include \$561,890 in non-negotiable certificates of deposit).

1. Of the bank balance and CDs, \$200,000 was covered by federal deposit insurance and \$3,307,398 was covered by collateral held by third party trustees pursuant to Section 135.181 of the Ohio Revised Code in collateral pools securing all public funds on deposit with the District's depositories.
2. Collateral is required for demand deposits and certificates of deposits in excess of all deposits not covered by federal depository insurance. Obligations that may be pledged as collateral are obligations of the United States and its agencies, obligations of the State of Ohio and its municipalities and obligations of the other states.

Obligations pledged to secure deposits must be delivered to a bank other than the institution in which the deposit is made. Written custodial agreements are required.

Investments: The District's investments are required to be categorized to give an indication of the level of risk assumed by the District at year end. Category 1 includes investments that are insured or registered or for which the securities are held by the District or its agent in the District's name. Category 2 includes uninsured and unregistered investments for which the securities are held by the counterparty's trust department or agent in the District's name. Category 3 includes uninsured and unregistered investments for which the securities are held by the counterparty, or by its trust department or agent but not in the District's name. The District did not have any investments (as defined by GASB Statement No. 3) subject to categorization.

NOTE 6 - PROPERTY TAXES:-

Property taxes are levied and assessed on a calendar year basis. Distributions from the second half of the calendar year occur in a new fiscal year and are intended to finance the operations of that year. Property taxes include amounts levied against all real, public utility and tangible (used in business) property located in the District.

Real property taxes and public utility taxes are levied after April 1 on the assessed value listed as of the prior January 1, the lien date. Assessed values are established by State law at 35% of appraised market value.

Public utility property taxes are assessed on tangible personal property, as well as land and improvements. Real property is assessed at 35% of market value and personal property is assessed at 100% of market value, except for the personal property of rural electric companies, which is assessed at 50% of market value, and railroads, which are assessed at 29%.

Tangible personal property taxes attach as a lien and are levied on January 1 of the current year. Tangible personal property assessments are 25% of true value. The first \$10,000 of assessed value is exempt from taxation. The District receives a state subsidy in lieu of tax revenue which would otherwise have been collected.

CARDINGTON-LINCOLN LOCAL SCHOOL DISTRICT
MORROW COUNTY, OHIO
NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2002

NOTE 6 - PROPERTY TAXES:- (continued)

The assessed value upon which the 2001 taxes were collected was \$84,695,680. Agricultural/residential and public utility/minerals real estate represented 76.97% or \$65,189,140 of this total; Commercial & industrial real estate represented 6.47% or \$5,481,410 of this total, public utility tangible represented 7.53% or \$6,374,310 of this total and general tangible property represented 9.03% or \$7,650,820 of this total. The voted general tax rate at the fiscal year ended June 30,2002 was \$27.60 per \$1,000 of assessed valuation for operations, \$1.00 per \$1,000 for permanent improvement and \$3.79 per \$1,000 for bond debt.

Real property taxes are payable annually or semi-annually. If paid annually, payment is due January 20; if paid semi-annually, the first payment is due January 20 with the remainder payable by June 20.

The Morrow County Treasurer collects property tax on behalf of the District. The County Auditor periodically remits to the District its portion of the taxes collected. These tax "advances" are based on statutory cash flow collection rates. Final "settlements" are made each February and August.

Accrued property taxes receivable represent delinquent taxes outstanding and real property, personal property, and public utility taxes which became measurable as of June 30, 2002. Although total property tax collections for the next fiscal year are measurable, they are not (exclusive of advances) intended to finance current year operations. The net receivable (total receivable less amount available intended to finance the current year) is therefore offset by a credit to deferred revenue.

Taxes available for advance and recognized as revenue but not received by the District prior to June 30, 2002, are reflected as a reservation of fund balance for future appropriations. The District is prohibited by law from appropriating this revenue in accordance with ORC Section 5705.35, since an advance of revenue was not requested or received prior to the fiscal year-end. Available tax advances at June 30, 2002 totaled \$400,942, in the General fund; \$70,030, in the Debt Service fund; \$14,129, in the Permanent Improvements fund; and \$9,209 in the Classroom Maintenance special revenue fund.

NOTE 10 - LONG-TERM OBLIGATIONS:-

1. On September 1, 2001 the District issued general obligation bonds to provide funds for the advance refunding of the 1992 general obligation bonds which were originally issued for construction and improvement to various facilities. The proceeds of the bonds were used to advance refund the 1992 general obligation bonds by purchasing U.S. Government Securities that were placed in an irrevocable trust for the purpose of generating resources for all future debt service payments of the refunded debt. On December 1, 2001 the 1992 general obligation bonds were called and paid in full.

The District advance refunded the 1992 general obligation bonds to reduce its total debt service over the next 13 years by \$255,065 and to obtain an economic gain (difference between the present values of the debt service payments on the old and new debt) of \$197,069.

NOTE 10 - LONG-TERM OBLIGATIONS:- (continued)

The bonds are general obligations of the District for which the full faith and credit of the District is pledged for repayment. Accordingly, such unmatured obligations of the District are accounted for in the general long-term obligations account group. Payments of principal and interest relating to this bond are recorded as an expenditure in the debt service fund.

This issue is comprised of both current interest bonds, par value \$1,670,000, and capital appreciation bonds, par value \$259,996. The interest rates on the current interest bonds range from 2.40% to 4.15%. The capital appreciation bonds mature on December 1, 2012 (effective interest 7.74%), December 1, 2013 (effective interest 7.736%) and December 1, 2014 (effective interest rate 7.727%) at a redemption price equal to 100% of the principal, plus accrued interest to the redemption date. The present value (as of issue date) reported in the general long-term obligations account group at June 30, 2002 was \$259,996. A total of \$9,871 in accreted interest on the capital appreciation bonds has been included in the general long-term obligations account group at June 30, 2002.

Interest payments on the current interest bonds are due on June 1 and December 1 of each year. The final maturity stated in the issue is December 1, 2014.

B. In 1991, the District received a loan from the U.S. Environmental Protection Agency for an asbestos abatement project. The loan is interest free as long as the District remains current on repayment. This loan is a general obligation of the District for which the full faith and credit of the District are pledged for repayment. The outstanding balance of the loan is reported in the General Long-Term Obligations Account Group. Payments are recorded as expenditures of the General fund, from current operating revenue. The following schedule describes the loan outstanding at June 30, 2002:

Purpose	Interest Rate	Issue Date	Maturity Date	Original Amount	Outstanding 07/01/01	Retired in 2002	Outstanding 06/30/2002

NOTE 11 - RISK MANAGEMENT:-

1. Property and Liability

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal year 2002, the District contracted for the following insurance coverages:

Nationwide Insurance

Total Policy Coverage - includes the following:

Buildings and Contents - replacement cost (\$500 deductible)	\$19,357,100
Inland Marine Coverage (\$500 deductible)	
Boiler and Machinery (\$1,000 deductible)	
Automobile Liability	2,000,000
Uninsured Motorist	2,000,000
Medical Payments - per person	3,000
General School District Liability	
Per Occurrence	1,000,000
Total per Year	3,000,000
Excess Coverage	2,000,000

Settled claims have not exceeded this commercial coverage in any of the past three years. There has not been a significant reduction in insurance coverage from the prior year.

2. OSBA Worker's Compensation Group Rating

The District participates in the Ohio School Boards Association Workers' Compensation Group Rating Program (GRP), an insurance purchasing pool. The GRP's business and affairs are conducted by a three member Board of Directors consisting of the President, the President-Elect and the Immediate Past President of the Ohio School Boards Association. The Executive Director of the OSBA, or his designee, serves as coordinator of the program. Each year, the participating school districts pay an enrollment fee to the GRP to cover the costs of administering the program.

NOTE 11 - RISK MANAGEMENT:- (continued)

The intent of the GRP is to achieve the benefit of a reduced premium for the District by virtue of its grouping and representation with other participants in the GRP. The workers compensation experience of the participating school districts is calculated as one experience and a common premium rate is applied to all school districts in the GRP. Each participant pays its workers' compensation premium to the State based on the rate for the GRP rather than its individual rate. Total savings are then calculated and each participant's individual performance is compared to the overall savings percentage of the GRP. A participant will then either receive money from or be required to contribute to the "Equity Pooling Fund". This "equity pooling" arrangement insures that each participant shares equally in the overall performance of the GRP. Participation in the GRP is limited to school districts that can meet the GRP's selection criteria. The firm of GatesMcDonald & Co. Provides administrative, cost control and actuarial services to the GRP.

3. Group Health and Dental Insurance

The District offers group life insurance and accidental death and dismemberment insurance to all employees through Medical Life Insurance Company. The District offers employee group medical/surgical benefits through Medical Mutual of Ohio. Depending upon the plan chosen, the employees share a portion of the cost of the monthly premium with the Board. The premium varies with employee depending on the terms of the union contract. Dental insurance is offered by the District to all employees through Medical Mutual of Ohio. Regardless of the plan utilized by the employees, all group benefit plans are traditionally funded, and the District does not retain any risk of loss.

Post employment health care is provided to plan participants or their beneficiaries through the respective retirement systems discussed in Note 14. As such, no funding provisions are required by the District.

NOTE 13 - DEFINED BENEFIT PENSION PLANS:-

1. **SCHOOL EMPLOYEES RETIREMENT SYSTEM**

The District contributes to the School Employees Retirement System of Ohio (SERS), a cost-sharing multiple employer defined benefit pension plan. SERS provides basic retirement and disability benefits, cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is established by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. The report may be obtained by writing to the School Employees Retirement System, 45 North Fourth Street, Columbus, Ohio 43215-3634.

Plan members are required to contribute 9 percent of their annual covered salary and the District is required to contribute at an actuarially determined rate, which was 14 percent for 2002; 5.46 percent was the portion to fund pension obligations. The contribution rates of plan members and employers are established and may be amended by the School Employees Retirement Board, up to maximum amounts allowed by State statute. The adequacy of the contribution rates is determined annually. The District's required contributions for pension obligations to SERS for the fiscal years ended June 30, 2002, 2001, and 2000 were \$128,407, \$122,597, and \$110,600, respectively; 42 percent has been contributed for fiscal year 2002 and 100 percent for the fiscal years 2001 and 2000. \$74,532, which represents the unpaid contribution for fiscal year 2002, is recorded as a liability within the respective funds and the General Long-Term Obligations Account Group.

2. **STATE TEACHERS RETIREMENT SYSTEM**

The District contributes to the State Teachers Retirement System of Ohio (STRS), a cost-sharing multiple employer public employee retirement system administered by the State Teachers Retirement Board. STRS provides basic retirement benefits, disability, survivor, and health care benefits based on eligible service credit to members and beneficiaries. Benefits are established by Chapter 3307 of the Ohio Revised Code. STRS issues a publicly available financial report that includes financial statements and required supplementary information for STRS. The report may be obtained by writing to the State Teachers Retirement System, 275 East Broad Street, Columbus, Ohio 43215-3771.

NOTE 13 - DEFINED BENEFIT PENSION PLANS:- (continued)

Plan members are required to contribute 9.3 percent of their annual covered salary and the District is required to contribute 14 percent; 9.5 percent was the portion used to fund pension obligations. Contribution rates are established by the State Teachers Retirement Board, upon recommendation of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. The District's required contributions for pension obligations to STRS for the fiscal years ended June 30, 2002, 2001, and 2000 were \$499,381, \$464,631, and \$487,857, respectively; 83 percent has been contributed for fiscal year 2002 and 100 percent for the fiscal years 2001 and 2000. \$84,724, which represents the unpaid contribution for fiscal year 2002, is recorded as a liability within the respective funds.

3. **SOCIAL SECURITY SYSTEM**

Effective July 1, 1991, all employees not otherwise covered by the STRS or the SERS have an option to choose Social Security or the SERS/STRS. As of June 30, 2002, members of the Board of Education have elected Social Security. The Board's liability is 6.2 percent of wages paid.

NOTE 14 - POSTEMPLOYMENT BENEFITS:-

The District provides comprehensive health care benefits to retired teachers and their dependents through the STRS, and to retired non-certified employees and their dependents through the SERS. Benefits include hospitalization, physicians' fees, prescription drugs, and reimbursement of monthly Medicare premiums. Benefit provisions and the obligations to contribute are established by the Systems based on authority granted by State statute. Both systems are funded on a pay-as-you-go basis.

The State Teachers Retirement Board has statutory authority over how much, if any, of the health care costs will be absorbed by STRS. Most benefit recipients are required to pay a portion of health care cost in the form of a monthly premium. By Ohio law, the cost of coverage paid from STRS funds shall be included in the employer contribution rate, currently 14 percent of covered payroll. For this fiscal year, the Board allocated employer contributions equal to 4.5 percent of covered payroll to the Health Care Reserve Fund. For the District, this amount equaled \$160,515 during the 2002 fiscal year.

CARDINGTON-LINCOLN LOCAL SCHOOL DISTRICT
MORROW COUNTY, OHIO
NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2002

NOTE 14 - POSTEMPLOYMENT BENEFITS:- (continued)

STRS pays health care benefits from the Health Care Reserve Fund. The balance in the Health Care Reserve Fund was \$3.256 billion at June 30, 2001 (the latest information available). For the year ended June 30, 2001, net health care costs paid by STRS were \$300.772 million and there were 102,132 eligible benefit recipients.

For SERS, coverage is made available to service retirees with ten or more fiscal years of qualifying service credit, disability, and survivor benefit recipients. Members retiring on or after August 1, 1989, with less than twenty-five years of service credit must pay a portion of their premium for health care. The portion is based on years of service up to a maximum of 75 percent of the premium.

For this fiscal year, employer contributions to fund health care benefits were 8.54 percent of covered payroll. In addition, SERS levies a surcharge to fund health care benefits equal to 14 percent of the difference between a minimum pay and the member's pay, pro-rated for partial service credit. For fiscal year 2002, the minimum pay has been established at \$12,400. The surcharge, added to the unallocated portion of the 14 percent employer contribution rate, provides for maintenance of the asset target level for the health care fund.

The target level for the health care reserve is 150% of annual health care expenses. Expenses for health care at June 30, 2001 (the latest information available), were \$161.440 million and the target level was \$242.2 million. At June 30, 2001 (the latest information available), SERS had net assets available for payment of health care benefits of \$315.7 million and there were approximately 50,000 participants receiving health care benefits. For the District, the amount to fund health care benefits, including surcharge, equaled \$92,107 during the 2002 fiscal year.

NOTE 15 - BUDGETARY BASIS OF ACCOUNTING:-

While reporting financial position, results of operations, and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts and disbursements.

NOTE 15 - BUDGETARY BASIS OF ACCOUNTING:- (continued)

The Combined Statement of Revenue, Expenditures, and Changes in Fund Balances - Budget and Actual - All Governmental Fund Types is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and the GAAP basis are that:

- (a) Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis);
- (b) Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis);
- (c) In order to determine compliance with Ohio law, and to reserve that portion of the applicable appropriation, encumbrances are recorded as the equivalent of an expenditure (budget basis) as opposed to a reservation of fund balance for Governmental funds (GAAP basis).
- (d) Proceeds from and principal payments on bond and revenue anticipation notes are reported on the operating statement (budget basis) rather than as balance sheet transactions (GAAP basis).

The adjustments necessary to convert the results of operations for the year on the budget basis to the GAAP basis for the Governmental funds are as follows:

NOTE 16 - CONTINGENT LIABILITIES:-

A. Grants

The District receives significant financial assistance from numerous federal, state and local agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However in the opinion of management, any such disallowed claims will not have a material effect on any of the financial statements of the individual fund types included herein or on the overall financial position of the District at June 30, 2002.

NOTE 16 - CONTINGENT LIABILITIES:- (continued)

B. Litigation

The District was not involved in litigation as either plaintiff or defendant at period end.

C. School Funding Decision

On September 6, 2001, the Ohio Supreme Court issued its latest opinion regarding the State's school funding plan. The decision identified aspects of the current plan that require modification if the plan is to be considered constitutional, including:

- A change in the school districts that are used as the basis for determining the base cost support amount. Any change in the amount of funds distributed to school districts as a result of this change must be retroactive to July 1, 2001, although a time line for distribution is not specified.
- Fully funding parity aid no later than the beginning of fiscal year 2004 rather than fiscal year 2006.

The Supreme Court relinquished jurisdiction over the case based on anticipated compliance with its order.

The State of Ohio, in a motion filed September 17, 2001, asked the Court to reconsider and clarify the parts of the decision changing the school districts that are used as the basis for determining the base cost support amount and the requirement that changes be made retroactive to July 1, 2001. In November 2001, the Court granted the request for reconsideration, but also ordered the parties to participate in a settlement conference with a court appointed mediator. On March 21, 2002, the mediator issued his final report indicating that the conference was unable to produce a settlement. The case is now under reconsideration by the Court.

As of the date of these financial statements, the District is unable to determine the effect, if any, this decision will have on its future State funding and on its financial operations.

JUNE 30, 2002

NOTE A – SIGNIFICANT ACCOUNTING POLICIES:-

The accompanying Schedule of Federal Awards Receipts and Expenditures (the “Schedule”) summarizes activity of the District’s federal award programs. The Schedule has been prepared on the cash basis of accounting.

NOTE B – FOOD DISTRIBUTION:-

Nonmonetary assistance, such as food received from the U.S. Department of Agriculture, is reported in the Schedule as the fair market value of the commodities received and consumed. Cash receipts from the U.S. Department of Agriculture are commingled with State grants. It is assumed federal monies are expended first.

REPORT ON COMPLIANCE AND ON INTERNAL CONTROL
OVER FINANCIAL REPORTING BASED ON AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Education
Cardington-Lincoln Local School District
Morrow County
Cardington, Ohio 43315

We have audited the financial statements of Cardington-Lincoln Local School District as of and for the year ended June 30, 2002 and have issued our report thereon dated November 21, 2002. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether Cardington-Lincoln Local School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions with laws, regulation, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*. However, we noted certain immaterial instances of noncompliance that we have reported to management of Cardington-Lincoln Local School District in a separate letter dated November 21, 2002.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Cardington-Lincoln Local School District's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting.

Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the general-purpose financial statements being audited may occur and not be detected in a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. However, we noted other matters involving the internal control over financial reporting that we have reported to the management of Cardington-Lincoln Local School District in a separate letter dated November 21, 2002.

This report is intended for the information and use of the Board of Education, management and federal awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH
MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN
ACCORDANCE WITH OMB CIRCULAR A-133

Board of Education
Cardington-Lincoln Local School District
Morrow County
Cardington, OH 43315

Compliance

We have audited the compliance of Cardington-Lincoln Local School District (the District) with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2002. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the District's management. Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the District's compliance with those requirements.

In our opinion, the District complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2002.

Internal Control Over Compliance

The management of the District is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the District's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended for the information and use of the Board of Education, management and federal awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.
