## MANAGEMENT DISCUSSION AND ANALYSIS

This narrative comparison is for the Columbus Clippers 2002 audit as compared to their previous year. The baseball team has had two less than successful seasons "on the field", with both of the last two years featuring sub .500 records, and last season even finding us in last place in our division, some 21+ games out of first place. With a decline on the field often comes a decline off the field, as the Clippers home attendance was reduced another 13,000+ from the year before.

The overall audit indicates a status quo report...not much change from the year before. The clubs cash and cash equivalents actually increased, since they have retired all of the past improvement programs at the stadium and currently have nothing major in the works while the Franklin County Commissioners study whether or not a renovation of 71 year old Cooper Stadium makes sense; or should the team study proposed relocations to downtown Columbus as proposed by many pushing downtown initiatives for the city. The total assets continue to diminish by the approximate value of depreciated assets, with no further stadium improvements on the near horizon to increase property, plant and equipment holdings.

The attendance decline of 13,000+ outlines why ticket sales, souvenirs and parking receipts are down slightly, although concessions income actually increased due to a raise in some prices and better performance by Sodexo, our food and beverage manager. There was a slight improvement in performance and income from the prior year, but once again, the overall performance is basically one of status quo. The club has worked hard to trim all ancillary expenses as all factors of the economy continue to suffer throughout the country. The team continues to carry a portfolio of almost 2M dollars in reserve for future stadium projects and operating expenses, and even that category has declined in the team's portfolio due to the lackluster performance of stocks and bonds over the past several years.

The team is entering their 27th season overall and their 25th anniversary season as the Triple A affiliate of the legendary New York Yankees. The Columbus Clippers represent the only team in minor league baseball that has paid off both the franchise fee and improvements to the stadium, and own both completely free of debt. That factor alone permits the club some flexibility in a time when many other teams are struggling with debt service issues. It is also the reason why the team and Franklin County are pondering what is next in the team's future....is it a renovation of the existing facility; or is it a pondered move to a downtown site as part of the renovation of downtown Columbus. This decision rests in the hands of the Franklin County Commissioners, who are embarking on a plan to find out what is best for the team and the community it serves.

The Columbus Clippers are in their 27th season of providing affordable, wholesome family entertainment for the citizens of Franklin County and central Ohio. They have done this with no subsidies, and have paid back both the loan for the franchise and also the loan for improvements to the stadium back in 1976. While the economy has hurt the team as it has affected other businesses in central Ohio, the team has addressed and changed with the times and is in position to rebound as early as this season. The two major factors impacting the success of the business operations are the performance of the team on the field and the weather for home games; two items where the business operations have little impact.

Independent Auditors' Report

We have audited the accompanying combined balance sheets of Franklin County Stadium, Inc. (the Stadium) and Columbus Baseball Team, Inc. (the Team) and the related combined statements of revenues, expenses and changes in equity and of cash flows as of and for the years ended December 31, 2002 and 2001. These combined financial statements are the responsibility of the management of the Company. Our responsibility is to express an opinion on these combined financial statements based on our audits. The Stadium and Team are component units of Franklin County pursuant to Codification of Governmental Accounting and Financial Reporting Standards (GASB) section 2600.128 and NO80.103.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the combined financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the financial position of the Stadium and Team as of December 31, 2002 and 2001, and the results of their operations and cash flows for the years then ended in conformity with accounting principles generally accepted in the United State of America.

Our audits were made for the purpose of forming an opinion on the combined financial statements taken as a whole. The accompanying financial information included in the attached Supplementary Combining Schedule of Revenue and Expenses is presented for purposes of additional analysis and is not a required part of the Stadium and Team combined financial statements. Such information has been subjected to the auditing procedures applied in the audits of the aforementioned combined financial statements and, in our opinion, is fairly stated in all material respects in relation to the aforementioned combined financial statements taken as a whole.

In accordance with Government Auditing Standards, we have also issued a report dated January 28, 2003 on our consideration of Stadium's and Team's compliance and on their internal control over financial reporting. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

FRANKLIN COUNTY STADIUM, INC. AND COLUMBUS BASEBALL TEAM, INC.

NOTES TO THE COMBINED FINANCIAL STATEMENTS

DECEMBER 31, 2002 AND 2001

1. Summary of Significant Accounting Policies

Franklin County Stadium, Inc. (the Stadium) and Columbus Baseball Team, Inc. (the Team) were organized by Franklin County, Ohio (the County) as nonprofit Ohio corporations in accordance with Section 1702.01 of the Ohio Revised Code to manage, operate and promote a professional baseball team and such other forms of entertainment that benefit the general welfare of the County. Both corporations are directed by the Franklin County Board of Parks and Recreation (the Board) and are component units of the County.

The Stadium and Team have entertained the residents of the County for 26 years. Certain additional costs were incurred in 2001 related to the season-long celebration of the 25<sup>th</sup> anniversary. Those costs included advertising, printing and game entertainment and were recorded as 25<sup>th</sup> anniversary costs in the accompanying financial statements.

The accounting policies and financial reporting practices of the Stadium and Team conform to Generally Accepted Accounting Principles (GAAP). The Stadium and Team apply all relevant Governmental Accounting Standards Board (GASB) pronouncements. The Stadium and Team have implemented GASB Statement 20. They have elected to apply all applicable statements issued by the Financial Accounting Standards Board (FASB). The adoption of this approach to accounting required no change from prior years. The following is a summary of its significant accounting policies:

(a) Basis of Presentation - Fund Accounting

The accounting system is organized and operated on a fund basis. A fund is defined as a fiscal and accounting entity with a set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenses. The operating fund of the Stadium and Team is a proprietary fund. It is used to account for operations that are financed and operated in a manner similar to private business enterprises where the costs (expenses, including depreciation) of operating the stadium are financed through user charges.

(b) Basis of Accounting

The proprietary fund is reported using the accrual basis of accounting. Revenues are recognized in the accounting period in which they are earned and expenses, including depreciation, are recognized at the time liabilities are incurred.

FRANKLIN COUNTY STADIUM, INC. AND COLUMBUS BASEBALL TEAM, INC.

NOTES TO THE COMBINED FINANCIAL STATEMENTS

DECEMBER 31, 2002 AND 2001

The Stadium and Team report deferred revenue on the combined balance sheet. Deferred revenue arises when a potential revenue does not meet both the measurable and available criteria for recognition in the current period. Deferred revenue also arises when resources are received by the Stadium and Team before they have a legal claim to them, as when season ticket monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when revenue recognition criteria are met, or when the Stadium and Team have a legal claim to the resources, the liability for deferred revenue is removed from the combined balance sheet and revenue is recognized.

(c) Budgetary Data

The Stadium and Team are not subject to annual budget requirements.

(d) Management's Estimates

Preparation of financial statements in accordance with generally accepted accounting principles requires the use of management's estimates.

(e) Cash and Cash Equivalents

For purposes of the statement of cash flows, the Company considers all cash in checking accounts, money market accounts and petty cash to be cash equivalents.

(f) Investments Available for Sale

Investments available for sale are stated at fair value. The Stadium and Team pool all individual cash balances and investments available for sale for investment purposes.

Investment income is credited to the Stadium and Team based on the average investment balances in each entity.

The Stadium and Team use the specific identification cost method when calculating realized gains and losses on sales of investments available for sale.

(g) Souvenir and Equipment Inventory

Inventories are stated at the lower of cost (first-in, first-out basis) or market. The cost of inventory is recorded as an expenditure at the time individual inventory items are consumed.

(Continued)

FRANKLIN COUNTY STADIUM, INC. AND COLUMBUS BASEBALL TEAM, INC.

NOTES TO THE COMBINED FINANCIAL STATEMENTS

DECEMBER 31, 2002 AND 2001

(h) Property, Plant and Equipment

Property, plant and equipment purchases are capitalized at cost. Depreciation is recorded on the straight-line basis using the following asset lives:

Machinery and equipment	5 - 10 years
Leasehold improvements	5 - 20 years
Playing field	10 years

(i) Advertising

Advertising costs are expensed as incurred. Advertising costs, net of reimbursements from sponsors, were \$220,263 and \$195,639 for 2002 and 2001, respectively.

(j) Income Taxes

Management believes that the Stadium and Team are exempt from Federal income taxes under Section 115 of the Internal Revenue Code. Accordingly, no income tax expense is recorded in the accompanying combined financial statements.

(k) Reclassifications

Certain revenue and expense amounts in the 2001 financial statements have been reclassified to agree with the 2002 presentation. These reclassifications were made to enable the Stadium and Team financial statements to more closely follow the County's presentation of revenues and expenses.

2. Cash and Cash Equivalents

At December 31, 2002, the Stadium and Team held a cash book balance of \$416,893. Of this total, \$84,883 is held in money market accounts at investment companies. The bank balance in their accounts is \$355,164, of which \$284,906 was covered by federal depository insurance and \$70,258 uncollateralized as defined by the GASB. These uncollateralized deposits were, however, covered by a pledged collateral pool.

NOTES TO THE COMBINED FINANCIAL STATEMENTS

DECEMBER 31, 2002 AND 2001

3. Investments Available for Sale

The Stadium's and Team's investments are categorized below to give an indication of the level of risk assumed at year-end. Category No. 1 includes investments insured or collateralized with securities held by the entity or by its agent in the entity's name. Category No. 2 includes investments collateralized with securities held by the pledging financial institution's trust department or agent in the entity's name. Category No. 3 includes investments which are uncollateralized. (This includes any investment balance that is collateralized with securities held by the pledging financial institution, or by its trust department or agent, but not in the entity's name). All investments and deposits of the Stadium and Team meet the criteria for categorization, except for mutual funds, which, by their nature, are not required to be categorized. There are no legal restrictions over the type of investments in which the Stadium and Team may invest.

Investments:	Category			Fair Value	Cost
	1	2	3

Deferred compensation accounts				<u>186,000</u>	<u>186,000</u>
Total investments				<u>\$2,064,077</u>	<u>\$2,084,901</u>

Gross unrealized holding gains and losses were \$92,300 and \$113,124, as of December 31, 2002.

4. Retirement and Deferred Compensation

Certain employees of the Stadium and Team participate in a nonqualified retirement plan. The Stadium and Team have a policy of purchasing life insurance policies for these employees. The Stadium and Team are the owner and beneficiary of these policies. The cash surrender value of these policies is included in investments available for sale.

Certain employees of the Stadium and Team participate in nonqualified Deferred Compensation Plans (the Plans). Under these Plans employees defer a portion of their incentive pay until a later date, usually after retirement. The benefits under these Plans are subject to vesting schedules. The assets of the Plans remain the property of the Stadium and Team until the employees vest in their benefit. The Stadium and Team have a fiduciary responsibility regarding these assets and their use.

6. Concessions Contract

On March 1, 2001 the Stadium entered into a contract with Sodexo Marriott (Sodexo) to operate the concession stands. The agreement is for a three-year period, but contains provisions for an annual review and analysis of operations.

The concessions revenue for 2002 and 2001 consists of commissions from Sodexo of \$815,252 and \$798,096, respectively.

7. Transactions with Affiliates

The Stadium leases Cooper Stadium from the Franklin County Commissioners (the Commissioners) for a fee of \$1.00 per year plus an amount to be jointly agreed upon by the Board and the Commissioners based upon the availability of unexpended revenue and considering any and all funds expended by the Stadium and Team for maintenance and/or improvements to Cooper Stadium. The lease expense was \$1.00 for 2002 and 2001. The lease is for an indefinite term, but must be renewed each year. The Stadium subleases Cooper Stadium to the Team.

8. Player Development Contracts/Baseball Agreement

In January 1999, the National Association of Professional Baseball Leagues (the Minor Leagues) signed an agreement (the baseball agreement) with the National League of Professional Baseball Clubs and the American League of Professional Baseball Clubs (collectively the Major Leagues), which is effective through September 30, 2007, subject to modification by either party after the 2003 season. The terms of the baseball agreement modified the Team's player development contract with the Major Leagues. Under the terms of the baseball agreement, the Major League Club (New York Yankees Baseball Club) is responsible for the entire salary and other related compensation amounts of the players. The Team is responsible for the players hotel and travel costs, uniform and equipment cost and other partial costs as designated in the contract.

In addition, beginning in 1992 the baseball agreement requires payment from the Minor Leagues to the Major Leagues for maintenance of the player development contracts, in an amount equal to a percentage of the Minor League's Clubs' net championship season ticket revenue. In 2002, each Minor league team paid 4.0% of the net championship season ticket revenue.

The Team has renewed the operating contract with the New York Yankees Baseball Club through December 2004.

**Independent Accountants' Report on Compliance  
And on Internal Control Over Financial Reporting Based  
on an Audit of Financial Statements Performed in Accordance  
With Government Auditing Standards**

The Board of Trustees  
Franklin County Stadium and Columbus Baseball Team, Inc.

We have audited the combined financial statements of Franklin County Stadium, Inc. (the Stadium) and Columbus Baseball Team, Inc. (the Team) as of and for the years ended December 31, 2002 and 2001, and have issued our report thereon dated January 28, 2003. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we performed tests of the Stadium's and Team's compliance with certain provisions of laws, regulations, contracts and grants noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audits, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported herein under Government Auditing Standards.

Internal Control Over Financial Reporting

In planning and performing our audits, we considered the Stadium's and Team's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the combined financial statements and not to provide assurance on the internal control over financial reporting. A material weakness is a condition in which the design or operation of one or more internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the combined financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended for the information and use of the Board of Trustees, management, and the Auditor of State of Ohio, and is not intended and should not be used by anyone other than these specified parties.
