Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. 1. Summary of Significant Accounting Policies:

The following accounting principles and practices of the Corporation are set forth to facilitate the understanding of data presented in the financial statements:

Organization

Community Improvement Corporation of Springfield and Clark, County, Ohio (the Corporation) is a not-for-profit corporation whose purpose is to promote industrial and economic development in Springfield and Clark County, Ohio.

Financial statement presentation

These financial statements have been prepared on the accrual basis of accounting in accordance with Statement of Financial Accounting Standards (SFAS) No. 117 Financial Statements for Not-For-Profit Organizations. SFAS No. 117 requires net assets and revenues, expenses, gains and losses to be classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Corporation and changes therein are classified and reported as follows:

Unrestricted, temporarily restricted and permanently restricted. The Corporation has only unrestricted net assets at August 31, 2002 and 2001.

The Corporation has been liable for income tax on its unrelated business income in excess of related expenses in past years. During the current year, the Corporation has no unrelated business income.

Property and depreciation

Property and equipment are recorded at cost. Depreciation is provided on the straight-line method over the estimated useful lives (five to eight years) of the respective assets. Depreciation for fiscal year 2002 and 2001 was \$9,474 and \$7,241, respectively.

Cash

For purposes of the statement of cash flows, the Corporation considers cash on hand and in demand accounts with a maturity of 90 days or less to be cash.

Notes to the Financial Statements August 31, 2002 and 2001

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Independent Auditors' Report on Compliance and on Internal Control

Over Financial Reporting Based on an Audit of Financial Statements Performed in

Accordance with Government Auditing Standards

Board of Trustees

Community Improvement Corporation of Springfield and Clark County, Ohio

We have audited the financial statements of Community Improvement Corporation of Springfield and Clark County, Ohio, as of and for the years ended August 31, 2002 and 2001, and have issued our report thereon dated December 20, 2002. We conducted our audits in accordance with generally accepted auditing standards and *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether Community Improvement Corporation of Springfield and Clark County, Ohio's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect of the determination of financial statement amounts. However, providing an opinion of compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Community Improvement Corporation of Springfield and Clark County, Ohio's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses

This report is intended solely for the information and use of the Board of Trustees, management, others within the Agency and is not intended to be and should not be used by anyone other than these specified parties.
