INDEPENDENT AUDITORS' REPORT

Board of Directors
Darke Metropolitan Housing Authority
Greenville, Ohio

Regional Inspector General of Audit Department of Housing and Urban Development

We have audited the accompanying general purpose financial statements of Darke Metropolitan Housing Authority, as of September 30, 2002, as listed in the table of contents. These general purpose financial statements are the responsibility of the Darke Metropolitan Housing Authority's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Darke Metropolitan Housing Authority as of September 30, 2002, and the results of its operations and its cash flows of its proprietary fund type activities for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards* we have also issued a report dated March 5, 2003, with our consideration of Darke Metropolitan Housing Authority's internal control over financial reporting our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Our audit was performed for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The schedules listed in the table of contents are presented for purposes of additional analysis, and are not a required part of the financial statements of Darke Metropolitan Housing Authority. The Accompanying Schedule of Federal Awards Expenditures is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133. *Audits of States, Local Government and Non-Profit Organizations* and is not a required part of the financial statements. The combining financial data ("FDS") schedule is presented for purposes of additional analysis as required by the Department of Housing and Urban Development and is not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly presented in all material respects to the basic financial statements taken as a whole.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Summary of Significant Accounting Policies

The financial statements of the Darke Metropolitan Housing Authority (the "Authority") have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Authority's accounting policies are described below.

Reporting Entity

The Darke Metropolitan Housing Authority was created under the Ohio Revised Code Section 3735.27. The Authority contracts with the United States Department of Housing and Urban Development (HUD) to provide low and moderate income persons with safe and sanitary housing through subsidies provided by HUD. The Authority depends on the subsidies from HUD to operate.

The accompanying general purpose financial statements comply with the provision of Governmental Accounting Standards Board (GASB) Statement 14, the Financial Reporting Entity, in that the financial statements include all organizations, activities and functions for which the Authority is financial accountable. This report includes all activities considered by management to be part of the Authority by virtue of Section 2100 of the Codification of Governmental Accounting and Financial Reporting Standards.

Section 2100 indicates that the reporting entity consists of (a) the primary government, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The definition of the reporting entity is based primarily on the notion of financial accountability. A primary government is financially accountable for the organizations that make up its legal entity.

It is also financially accountable for legally separate organizations if its officials appoint a voting majority of an organizations' government body and either it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the primary government. A primary government may also be financially accountable for governmental organizations that are fiscally dependent on it.

A primary government has the ability to impose its will on an organization if it can significantly influence the programs, projects, or activities of, or the level of services performed or provided by, the organization. A financial benefit or burden relationship exists if the primary government (a) is entitled to the organization's resources; (b) is legally obligated or has otherwise assumed the obligation to finance the deficits of, or provide financial support to, the organization; or (c) is obligated in some manner for the debt of the organization.

Management believes the financial statements included in this report represent all of the funds of the Authority over which the Authority is financially accountable.

Fund Accounting

The Authority uses the proprietary fund to report on its financial position and the results of its operations for the programs. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

Funds are classified into three categories: governmental, proprietary and fiduciary. The Authority uses the proprietary category for its programs.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Proprietary Fund Types

Proprietary funds are used to account for the Authority's ongoing activities which are similar to those found in the private sector. The following is the proprietary fund type:

Enterprise Fund – This fund is used to account for the operations that re financed and operated in a manner similar to private business enterprises where the intent is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges or where it has been decided that periodic determination of revenue earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

Measurement Focus/Basis of Accounting

The proprietary funds are accounted for on the accrual basis of accounting. Revenues are recognized in the period earned and expenses are recognized in the period incurred. Pursuant to GASB Statement No. 20 Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities that Use Proprietary Fund Accounting the Authority follows GASB guidance as applicable to proprietary funds and FASB Statements and Interpretations, Accounting Principles Board Opinions and Accounting Research Bulletins issued on or before November 30, 1989, that do not conflict with or contradict GASB pronouncements.

Investments

Investments are restricted by provisions of the HUD Regulations (See Note 3). Investments are valued at market value. Interest income earned in fiscal year 2002 totaled \$7,556. The interest income earned on the general fund investments is required to be returned to HUD and this amount was \$973 for the year ended September 30, 2002.

Fixed Assets

Fixed assets are stated at cost and depreciation is computed using the straight-line method over an estimated useful life of the assets. The cost of normal maintenance and repairs, the do not add to the value of the asset or materially extend the asset life, are not capitalized.

Cash and Cash Equivalents

For the purpose of the statement of cash flows, cash and cash equivalents include all highly liquid debt instruments with original maturities of three months or less.

Budgetary Accounting

The Authority annually prepares its budget as prescribed by the Department of Housing and Urban Development. This budget is submitted to the Department of Housing and Urban Development and once approved is adopted by the Board of the Housing Authority.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statement, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMEDIN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors
Darke Metropolitan Housing Authority
Greenville, Ohio

Regional Inspector General of Audit Department of Housing and Urban Development

We have audited the general purpose financial statements of Darke Metropolitan Housing Authority as of and for the year ended September 30, 2002, and have issued our report thereon dated March 5, 2003. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether Darke Metropolitan Housing Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Darke Metropolitan Housing Authority's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being auditing may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operations that we consider to be material weaknesses.

This report is intended for the information and use of the board of directors, management, Auditor of State and federal awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.

Compliance

We have audited the compliance of Darke Metropolitan Housing Authority with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 that are applicable to each of its major federal programs for the year ended September 30, 2002. Darke Metropolitan Housing Authority's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of Darke Metropolitan Housing Authority's management. Our responsibility is to express an opinion on Darke Metropolitan Housing Authority's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; OMB Circular A-133 and *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards, OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of audit includes examining, on a test basis, evidence about Darke Metropolitan Housing Authority's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Darke Metropolitan Housing Authority's compliance with those requirements.

In our opinion, Darke Metropolitan Housing Authority complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended September 30, 2002.

Internal Control Over Compliance

The management of Darke Metropolitan Housing Authority is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered Darke Metropolitan Housing Authority's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Board of Directors

Darke Metropolitan Housing Authority

Greenville, Ohio

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended for the information and use of management and the Board of Directors, management, Auditor of State, and federal awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.
