Independent Auditors' Report

Board of Trustees
Eastern Miami Valley ADAMHS Board
Springfield, Ohio

We have audited the accompanying combined statement of cash receipts, cash disbursements and changes in fund balances of the Eastern Miami Valley ADAMHS Board (the Board) as of and for the year ended June 30, 2002. The financial statement is the responsibility of the Board's management. Our responsibility is to express an opinion on the financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1, the Board prepares its financial statement on the basis of accounting prescribed or permitted by the Auditor of State, which is a comprehensive basis of accounting other than accounting principals generally accepted in the United States of America.

In our opinion, the financial statement referred to above, present fairly, in all material respects, the combined fund cash balances of the Eastern Miami Valley ADAMHS Board as of June 30, 2002, and its combined cash receipts and disbursements for the year then ended on the basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, we also have issued our report dated November 11, 2002 on our consideration of the Board's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Our audit was performed for the purpose of forming an opinion on the financial statement of the Board, taken as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

This report is intended solely for the information and use of the Board, management, the Auditor of State and other officials authorized to receive this report under Section 117.26, Ohio Revised Code, and is not intended and should not be used by anyone other than these specified parties.

EASTERN MIAMI VALLEY ADAMHS BOARD

Notes to the Financial Statements

June 30, 2002

1. Summary of Significant Accounting Policies:

Reporting entity

The Eastern Miami Valley Alcohol, Drug Addiction and Mental Health Services (ADAMHS) Board of Clark, Greene and Madison Counties (the Board), is a body corporate and politic established to exercise the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The Board is directed by an eighteen-member Board. Board members are appointed by the Board's Director and the legislative authorities of the political subdivisions making up the Board. Those subdivisions are the Clark, Greene and Madison County Commissioners, Ohio Department of Alcohol and Drug Addiction Services (ODADAS), and Ohio Department of Mental Health (ODMH). The Board provides alcohol, drug addiction, and mental health services and programs to citizens in Clark, Greene and Madison Counties primarily through contracts with private and public agencies.

The Clark County Auditor and the Clark County Treasurer serve respectively as fiscal officer and custodian of all public funds. The Board's management believes these financial statements present all activities for which the Board is financially accountable.

Basis of accounting

These financial statements follow the basis of accounting prescribed or permitted by the Auditor of State, which is similar to the cash receipts and disbursements basis of accounting. Receipts are recognized when received rather than when earned, and disbursements are recognized when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

Cash

As required by Ohio Revised Code, the Board's cash is held and invested by the Clark County Treasurer, who acts as custodian for the Board's money. The Board's assets are held in the County's cash and investment pool, and are valued at the County Treasurer's carrying amount. Information related to investments and credit risk can be obtained by reviewing the Clark County, Ohio financial statements.

Fund accounting

The Board uses fund accounting to segregate cash and investments that are restricted as to use. The Board classifies its funds into the following types:

General Fund – The General Fund is the general operating fund of the Board. It is used to account for all financial resources except those required to be accounted for in another fund.

EASTERN MIAMI VALLEY ADAMHS BOARD

Notes to the Financial Statements

June 30, 2002

Special Revenue Funds - These funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

Fiduciary (Agency) Funds - These funds are used to account for resources restricted by funds for which the Board receives in an agency capacity.

Budgetary process

The Ohio Revised Code requires that each fund (except certain agency funds) be budgeted annually.

1. Appropriations

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, or account level of control, and appropriations may not exceed estimated resources. The Board must annually approve appropriation measures and subsequent amendments. The County Budget Commission must also approve the annual appropriation measure. Unencumbered appropriations lapse at year end.

2. Estimated Resources

Estimated resources include estimates of cash to be received (budgeted receipts) plus unencumbered cash as of July 1. The County Budget Commission must also approve estimated resources.

3. Encumbrances

The Ohio Revised Code requires the Board to reserve (encumber) appropriations when commitments are made. Encumbrances outstanding at year-end are carried over, and need not be reappropriated.

A summary of fiscal year 2002 budgetary activity appears in Note 2.

Property, plant and equipment

Acquisitions of property, plant and equipment are recorded as disbursements when paid. These items are not reflected as assets on the accompanying financial statements.

Unpaid vacation and sick leave

Employees are entitled to cash payments for unused vacation and sick leave in certain circumstances, such as upon leaving employment. Unpaid vacation and sick leave are not reflected as liabilities under the cash basis of accounting used by the Board.

Interfund Transactions

During the course of normal operations, the Board will, as necessary, transfer cash between funds to meet current obligations.

3. Long-Term Obligations:

These loans are being forgiven by the State over 40 years, as long as the use of these facilities continues to provide mental health services. The loans are exempt from the debt limitations established by Section 5705.19 of the Ohio Revised Code. The original balances of these loans are as follows:

4. Property Tax:

Real property taxes become a lien on January 1 preceding the October 1 date. Property tax levies have been passed in Clark and Greene Counties. Total mental health levy tax rates are 2.0 and 1.5 mills in Clark and Greene Counties, respectively. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable homestead and rollback deductions. Homestead and rollback amounts are then paid by the State, and are reported in the accompanying financial statements as Intergovernmental Receipts. Payments are due to the County by December 31. If the property owner elects to make semi annual payment, the first half is due December 31. The second half payment is due the following June 20.

EASTERN MIAMI VALLEY ADAMHS BOARD

Notes to the Financial Statements

June 30, 2002

Public utilities are also taxed on personal and real property located within the respective counties.

Tangible personal property tax is assessed by the property owners, who must file a list of such property to the County by each April 30.

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the Board.

5. Retirement Systems:

The Board's employees belong to the Public Employees Retirement System (PERS) of Ohio. PERS is a cost-sharing, multiple-employer plan. This plan provides retirement benefits, including postretirement healthcare, and survivor and disability benefits to participants as prescribed by the Ohio Revised Code. Contribution rates are also prescribed by the Ohio Revised Code. For 2002, PERS members contributed 8.5% of their gross salaries. The Board contributed an amount equal to 13.55% of participants' gross salaries. The Board has paid all contributions required through June 30, 2002. See Clark County, Ohio financial report for complete pension disclosure.

6. Ohio Deferred Compensation Program:

Employees of the Board may elect to participate in the Ohio Public Employees Deferred Compensation Program. The program is a deferred compensation plan under Internal Revenue Code Section 457. Employees may elect to defer a portion of their pay until a later date, normally retirement.

7. Risk Management:

The Board has obtained commercial insurance for the following risks:

- Comprehensive property and general liability
- Vehicles
- Errors and omissions

The Board also provides health insurance and dental coverage to full-time employees through a private carrier. There was no reduction in the level of coverage during the year and settled claims have not exceeded insurance coverage in any of the past three years.

8. Contingencies:

The Board received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies. Any disallowed costs may require refunding to the grantor. Amounts which may be disallowed, if any, are not presently determinable. However, based on prior experience, management believes such refunds, if any, would not be material.

Independent Auditors' Report on Compliance and on Internal Control Over Financial Reporting
Based on an Audit of Financial Statements Performed in Accordance with
Government Auditing Standards

Board of Trustees
Eastern Miami Valley ADAMHS Board
Springfield, Ohio

We have audited the financial statements of the Eastern Miami Valley ADAMHS Board (the Board), as of and for the year ended June 30, 2002, and have issued our report thereon dated November 11, 2002, which was conducted on a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Board's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance that are required to be reported under *Government Auditing Standards* which is described in the accompanying schedule of findings as items 2002-52851-001. We also noted an immaterial instance of noncompliance that we have reported to management of the Board in a separate letter dated November 11, 2002.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Board's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected in a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. However, we noted other matters involving the internal control over financial reporting that do not require inclusion in this report, that we have reported to management of the Board in a separate letter dated November 11, 2002.

This report is intended for the information of the Board, management, the Auditor of State, and federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

Independent Auditors' Report on Compliance with Requirements
Applicable to Each Major Program and Internal Control Over
Compliance in Accordance with OMB Circular A-133

Board of Trustees
Eastern Miami Valley ADAMHS Board
Springfield, Ohio

Compliance

We have audited the compliance of the Eastern Miami Valley ADAMHS Board (the Board) with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2002. The Board's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the Board's management. Our responsibility is to express an opinion on the Board's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Board's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the Board's compliance with those requirements.

In our opinion, the Board complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2002. However, we noted certain instances of noncompliance that do not require inclusion in this report that we have reported to management of the Board in a separate letter dated November 11, 2002.

Internal Control Over Compliance

The management of the Board is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the Board's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended for the information of the Board, management, the Auditor of State, and federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

**2. FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED
TO BE REPORTED IN ACCORDANCE WITH GAGAS**

Finding Number	2002-52851-001
----------------	----------------

A joint county mental health board, as the taxing authority of a subdivision, is responsible for their preparation of a tax budget. Ohio Revised Code Section 5705.28 requires each taxing authority to adopt a tax budget by January 15 of each year for the ensuing fiscal year. The budget must be submitted to the county auditor, their fiscal agent, on or before January 20. In addition, the Board must submit an estimate of contemplated revenues and expenditures for each county in which an appropriation is desired. The county auditor must certify to the budget commission the total amount from all sources available for expenditure from each fund set up in the tax budget, with unencumbered balances from the preceding year in accordance with Ohio Revised Code Section 5705.36. An annual appropriation resolution must be adopted at the end of each year in order for expenditures to be made in the following year. Ohio Revised Code Section 5705.40. The Board must certify the total amount of revenues from all sources available for expenditures from each fund along with balances that existed at the end of the preceding year to the county auditor. Currently, only the budget related to general fund administrative expenditures are adopted and approved by the Board. Budget amounts for resources and other expenditures are prepared by the County at the beginning of each year, however, these budgeted amounts are not adopted by the Board.

We recommend the Board adopt guidelines and procedures to ensure all legally required budget documents are prepared and submitted to the appropriate authority within the timeframe specified. The Board has submitted a tax budget to the County Budget Commission for fiscal year 2003.
