INDEPENDENT ACCOUNTANTS' REPORT

Elida Local School District Allen County 4380 Sunnydale Road Elida, Ohio 45807

To the Board of Education:

We have audited the accompanying financial statements of Elida Local School District, Allen County (the School District), as of and for the year ended June 30, 2003. These financial statements are the responsibility of the School District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Ohio Administrative Code Section 117-2-03 (B) requires the School District to prepare its annual financial report in accordance with generally accepted accounting principles. However, as discussed in Note 1, the accompanying financial statements and notes have been prepared on a basis of accounting in accordance with standards established by the Auditor of State for governmental entities that are not required to prepare annual reports in accordance with generally accepted accounting principles. This basis of accounting is a comprehensive basis of accounting other than generally accepted accounting principles. The accompanying financial statements and notes omit assets, liabilities, fund equities, and disclosures that, while material, cannot be determined at this time.

In our opinion, the financial statements referred to above present fairly, in all material respects, the combined cash, investments, and combined fund cash balances of Elida Local School District, as of June 30, 2003, and its combined cash receipts and disbursements and its combined budgeted and actual receipts and budgeted and actual disbursements and encumbrances, for the year then ended on the basis of accounting described in Note 1.

As described in Note 3, during the year ended June 30, 2003, the School District changed its method of accounting for financial reporting.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 24, 2003 on our consideration of the School District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

The accompanying federal awards expenditures schedule is presented for additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-profit Organizations*, and is not a required part of the financial statements. We subjected this information to the auditing procedures applied in the audit of the financial statements. In our opinion, it is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

This report is intended solely for the information and use of management, the audit committee, the Board of Education, and other officials authorized to receive this report under Section 117.26, Ohio Revised Code, and is not intended to be and should not be used by anyone other than these specified parties.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2003

1. DESCRIPTION OF THE SCHOOL DISTRICT AND REPORTING ENTITY

Elida Local School District (the "District") is organized under Article VI, Section 2 and 3 of the Constitution of the State of Ohio. The School District operates under a locally-elected Board form of government consisting of five members elected at-large for staggered four year terms. The District provides educational services as authorized by state statute and/or federal guidelines.

The District is located in a prosperous community within Allen County, consisting of residences and significant office and retail commercial development. The School District is staffed by 114 non-certificated employees, 170 certificated employees who provide services to 2,580 students and other community members.

Reporting Entity

The reporting entity is comprised of the primary government, component units and other organizations that are included to insure that the financial statements of the School District are not misleading. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the School District. For Elida Local School District, this includes general operations, food service and student related activities of the District.

Component units are legally separate organizations for which the District is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of the organization's governing board and (1) the District is able to significantly influence the programs or services performed or provided by the organization; or (2) the District is legally entitled to or can otherwise access the organization's resources; the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the District in that the District approves the budget, the issuance of debt, or the levying of taxes.

Elida Digital Academy Community School (the Academy) is a legally separate, not-for-profit corporation established pursuant to Ohio Rev. Code Chapters 3314 and 1702 to address the growing need for a comprehensive educational program delivered to students in the K - 12 population primarily through distance learning technologies. The comprehensive educational program will address special problems of disabled students, students removed from school for disciplinary reasons, students needing advanced or specialized courses which are not available locally, and others, including some home-schooled students, who are not currently enrolled in any public school and who are not receiving a meaningful, comprehensive, and standards-based educational program. The Academy operates under the direction of a three-member Board of Directors, with Elida Local School District acting as their sponsor. Based on the fact that Elida Local School District appoints the voting majority of the Board of Directors and is able to significantly influence the programs or services performed or provided, the Elida Digital Academy is a component unit of the School District. However, the School District reports on the cash basis of accounting which does not reflect component units within their financial statements and related note disclosures. Separately issued financial statements can be obtained from Elida Digital Academy at 4380 Sunnydale Road, Elida, Ohio 45807.

The Elida Education Foundation, Inc. - (the foundation) was organized under the non-profit corporation law of Ohio to operate exclusively for the benefit of the District. The foundation receives and administers donations for educational and public charitable purposes for which the District was formed. The foundation is governed by a five member board of trustees. One trustee shall at all times be a member of the Board of Education, appointed by the Board of Education. One Trustee shall at all times be the Superintendent of the Elida Board of Education and one trustee shall at all times be the Treasurer of the Elida Board of Education. The remaining two Trustees shall be

elected at the annual meeting of the Members. Based on the above information, the foundation is a component unit of the School District, however, the School District reports on the cash basis of accounting which does not reflect component units within their financial statements and related note disclosures. The School District acts as fiscal agent for the Foundation, therefore the financial activity of the Foundation are reported as part of the agency fund of the School District. Additional financial information can be obtained from the Treasurer of the School District.

The School District is associated with four jointly governed organizations and two insurance purchasing pools. These organizations include the Northwest Ohio Area Computer Services Cooperative, Apollo Joint Vocational School, the West Central Ohio Regional Professional Development Center, West Central Ohio Special Education Regional Resource Center, the Northwest Ohio Area Computer Services Cooperative Workers' Compensation Group Rating Plan, and the Allen County Schools Health Benefit Insurance Plan. These organizations are presented in Notes 10 and 11 of the financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. BASIS OF ACCOUNTING

Although required by Ohio Administrative Code Section 117-2-03 (B) to prepare its annual financial report in accordance with generally accepted accounting principles, the District chooses to prepare its financial statements on the basis of accounting formerly prescribed or permitted for school districts by the Auditor of State. This comprehensive basis of accounting is similar to the cash receipts and disbursements basis of accounting. Receipts are recognized when received in cash rather than when earned, and disbursements are recognized when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as formerly prescribed or permitted for school districts by the Auditor of State.

B. FUND ACCOUNTING

The District maintains its accounting records in accordance with the principles of "fund" accounting. Fund accounting is a concept developed to meet the needs of governmental entities in which legal or other restraints require the recording of specific receipts and disbursements. The transactions of each fund are reflected in a self-balancing group of accounts, an accounting entity which stands separate from the activities reported in other funds. The restrictions associated with each class of funds are as follows:

Governmental Fund Types

General Fund - The general fund is the general operating fund of the District. It is used to account for all financial resources except those required by law or contract to be accounted for in another fund

Special Revenue Funds - The special revenue funds are used to account for the proceeds of specific revenue sources (other than expendable trusts, or major capital projects) that are legally restricted to disbursements for specified purposes.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2003 (Continued)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Debt Service Funds - The debt service funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs. According to governmental accounting principles, the debt service fund accounts for the payment of long-term debt for governmental funds only. Under Ohio law, the debt service fund might also be used to account for the payment of the long-term debt of proprietary funds and the short-term debt of both governmental and proprietary funds.

Capital Projects Funds - The capitol projects funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary or trust funds).

Proprietary Fund Types

Proprietary funds are used to account for the District's ongoing activities which are similar to those found in the private sector. The following is the District's proprietary fund types:

Enterprise Funds - The enterprise funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

Fiduciary Fund Type

Fiduciary Funds - are used to account for assets held by a governmental unit in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other funds. These include expendable trust and agency funds.

C. BUDGETARY PROCESS

Budget

A budget of estimated cash receipts and disbursements is submitted to the County Auditor, as Secretary of the County Budget Commission, by January 20 of each year, for the period July 1 to June 30 of the following fiscal year.

Estimated Resources

The County Budget Commission certifies its actions to the District by March 1. As part of this certification, the District receives the official certificate of estimated resources which states the projected receipts of each fund. On or about July 1 this certificate is amended to include any unencumbered balances from the preceding fiscal year. Prior to June 30, the District must revise its budget so that the total contemplated expenditures from a fund during the ensuing fiscal year will not exceed the amount stated in the certificate of estimated resources. The revised budget then serves as the basis for the annual appropriation measure. Budget receipts as shown in the accompanying financial statements do not include July 1, 2002 unencumbered fund balances. However, those fund balances are available for appropriations.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2003 (Continued)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Appropriations

A temporary appropriation measure to control cash disbursements may be passed on or about July 1 of each year for the period July 1 to September 30. An annual appropriation measure must be passed by October 1 of each year for the period July 1 to June 30. The appropriation measure may be amended or supplemented during the year as new information becomes available. Appropriations may not exceed estimated resources.

Encumbrances

The District is required to use the encumbrance method of accounting by virtue of Ohio law. Under this system, purchase orders, contracts and other commitments for the expenditure of funds are recorded in order to reserve the portion of the applicable appropriation. At the close of each fiscal year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations. The encumbered appropriation balance is carried forward to the succeeding fiscal year and need not be reappropriated.

D. CASH AND INVESTMENTS

To improve cash management, all cash received by the District Treasurer is pooled. Monies for all funds, including proprietary funds, are maintained in this pool. Individual fund integrity is maintained through District accounting records.

Investments are stated at cost which approximates market value. Investment earnings are allocated as authorized by State statute based upon District policy.

E. UNPAID VACATION AND SICK LEAVE

Employees are entitled to cash payments for unused vacation and sick leave in certain circumstances, such as upon leaving employment. Unpaid vacation and sick leave are not reflected as liabilities under the cash basis of accounting used by the District.

F. PROPERTY, PLANT AND EQUIPMENT

Fixed assets acquired or constructed for general governmental service are recorded as expenditures. Depreciation is not recorded for these fixed assets.

G. TOTAL COLUMNS ON FINANCIAL STATEMENTS

Total columns on the financial statements are captioned "Memorandum Only" to indicate that they are presented only to facilitate financial analysis. This data is not comparable to a consolidation. Interfund-type eliminations have not been made in the aggregation of this data.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2003 (Continued)

3. CHANGES IN ACCOUNTING PRINCIPLES AND RESTATEMENT OF FUND BALANCES

For fiscal year 2003, the School District changed its method of accounting for financial reporting from accounting principles generally accepted in the United States of America to a basis of accounting formerly prescribed or permitted for school districts by the Auditor of State. This comprehensive basis of accounting is similar to the cash receipts and disbursements basis of accounting. Receipts are recognized when received in cash rather than when earned, and disbursements are recognized when paid rather than when a liability is incurred. This change had the following effect on fund balances as previously reported:

| | General | Special Revenue | Capital Project | Expendable Trust | Enterprise |
|--|-------------|--------------------|--------------------|---------------------|------------|
| Fund Balance / Retained Earnings June 30, 2002 | (\$ 89,724) | \$161,662 | \$ 24,348 | \$ 65,759 | \$105,473 |
| Accrual adjustments Restated Fund Balance | 910,870 | 109,061 | 39,047 | (65,213) | (35,870) |
| July 1, 2002 | \$ 821,146 | \$270,723 | \$ 63,395 | \$ 546 | \$ 69,603 |

4. DEPOSITS AND INVESTMENTS

State statutes classify monies held by the District into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board of Education has identified as not required for use within the current two year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories or by savings or deposit accounts including, but not limited to passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts. Interim monies may be invested in the following obligations.

Protection of the District's deposits is provided by the Federal Deposit Insurance Corporation, by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public moneys deposited with the institution.

Interim monies may be deposited or invested in the following securities:

- United States treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal or interest by the United States;
- 2. Bonds, notes debentures or any other obligations or security issued by any federal government agency or instrumentality, including but not limited to the federal national mortgage association, federal home loan bank, federal farm credit bank, federal home loan mortgage corporation, government national mortgage association and student loan marketing association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;

4. **DEPOSITS AND INVESTMENTS** (Continued)

- Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily and that the term of the agreement must not exceed thirty days;
- 4. Bonds and other obligations of the State of Ohio;
- 5. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) of this section and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions; and
- 6. The State Treasurer's investment pool (STAR Ohio)
- 7. Certain bankers' acceptances and commercial paper notes for a period not to exceed one hundred eighty days from the date of purchase in an amount not to exceed twenty-five percent of the interim monies available for investment at any one time.
- 8. Under certain circumstances, corporate debt interests rated in either of the two highest rating classifications by at least two nationally recognized rating agencies.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the District and must be purchased with the expectation that it will be held to maturity. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

As of June 30, 2003, the District had \$1,500 in undeposited cash on hand which is included in the fund balance.

The following information classifies deposits and investments by categories of risk as defined in GASB Statement 3, "Deposits with Financial Institutions, Investments (including Repurchase Agreements) and Reverse Repurchase Agreements".

Deposits: At June 30, 2003, the carrying amount of the District's deposits was \$501,897 and the bank balance was \$967,897. Of the bank balance, \$380,110 was covered by federal depository insurance and \$587,787 was uninsured and uncollaterized. Although all statutory requirements for the deposit of money had been followed, non-compliance with federal requirements would potentially subject the District to a successful claim by the Federal Deposit Insurance Corporation.

Investments: The District's investments are categorized below to give an indication of the level of risk assumed by the District at fiscal year end. Category 1 includes investments that are insured or registered or for which the securities are held by the District or its agent in the District's name. Category 2 includes uninsured and unregistered investments which are held by the counterparty's trust department or agent in the District's name. Category 3 includes uninsured and unregistered investments for which the securities are held by the counterparty, or by its trust department or agent but not in the District's name. At year end, the District's only investment was in STAR Ohio, and had a value of \$404,697. STAR Ohio is an investment pool operated by the Ohio Treasurer. It is unclassified since it is not evidenced by securities that exist in physical or book entry form.

5. PROPERTY TAX

Property taxes are levied and assessed on a calendar year basis while the school district fiscal year runs from July through June. First half tax collections are received by the school district in the second half of the fiscal year. Second half tax distributions occur in the first half of the following fiscal year.

Property taxes include amounts levied against all real, public utility and tangible personal property (used in business) located in the school district. Real property tax revenue received in calendar 2003 represents collections of calendar year 2002 taxes. Real property taxes received in calendar year 2003 were levied after April 1, 2002, on the assessed value listed as of January 1, 2002, the lien date. Assessed values for real property taxes are established by State law at thirty-five percent of appraised market value. Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31 with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility property tax revenue received in calendar 2003 represents collections of calendar year 2002 taxes. Public utility real and tangible personal property taxes received in calendar year 2003 became a lien December 31, 2001, were levied after April 1, 2002 and are collected in 2003 with real property taxes. Public utility real property is assessed at thirty-five percent of true value; public utility tangible personal property currently is assessed at varying percentages of true value.

Tangible personal property tax revenue received during calendar 2003 (other than public utility property) represents the collection of 2003 taxes. Tangible personal property taxes received in calendar year 2003 were levied after April 1, 2002, on the value as of December 31, 2002. Tangible personal property is currently assessed at twenty-five percent of true value for capital assets and twenty-four percent of true value for inventory. Payments by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semi-annually. If paid annually, payment is due April 30; if paid semi-annually, the first payment is due April 30, with the remainder payable by September 20. Tangible personal property taxes paid by April 30 are usually received by the School District prior to June 30.

The School District receives property taxes from Allen County. The County Auditor periodically advances to the School District its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2003, are available to finance fiscal year 2003 operations. The amount available to be advanced can vary based on the date the tax bills are sent.

The assessed values upon which fiscal year 2003 taxes were collected are:

| | 2002 Second-Half Collections | | 2003 First-Half Collections | |
|--|---------------------------------|---------|--------------------------------|----------------|
| | <u>Amount</u> | Percent | <u>Amount</u> | Percent |
| Real Property Residential/Agricultural & Commercial/Industrial | \$251,593,640 | 83.40% | \$255,505,440 | 83.90% |
| Public Utilities | 9,339,670 | 3.08 | 9,649,040 | 3.20 |
| Tangible Personal Property General | 40,797,097 | 13.52 | 39,268,817 | 12.90 |
| Total Valuation | <u>\$301,730,407</u> | 100.00% | \$304,423,297 | <u>100.00%</u> |
| Tax rate per \$1,000 of assessed valuation | \$32.20 | | \$32.10 | |

| Total Debt Obligations | \$1,588,648 | <u>\$ 0</u> | \$354,293 | \$1,234,355 |

General obligation bonds issued February 1, 1980, with an interest rate of 7% will be paid from the debt service fund. Energy Conservation Bonds for school building construction dated September 8, 1992 and July 1, 1993, with interest rates of 5.35% and 4.55% respectively will be paid from the General Fund.

Energy Conservation notes were issued on July 15, 1998, for \$764,180 for the purpose of the improvement and renovation of buildings. The notes were issued for a fifteen year period with the final maturity during fiscal year 2014. The loan will be retired from the General fund.

Land note was issued on December 21, 2001, for \$259,650 at an interest rate of 3.30%. The note was for the purpose of the purchase of land. The note was issued for a five year period with a final maturity during fiscal year 2006. The loan will be retired from the General fund.

B. Future Debt Requirements

The annual requirements to amortize all debt outstanding as of June 30, 2003 are as follows:

| Year Ending | | | |
|-------------|--------------------|------------------|--------------------|

7. RISK MANAGEMENT

Public Liability

The School District is exposed to various risks related to torts, theft of, damage to, and destruction of assets, error and omissions, injuries to employees and natural disasters. During fiscal year 2003, the School District carried property and general liability insurance and boiler and machinery insurance.

Professional liability is protected by the Ohio School Insurance Program with \$1,000,000 each occurrence, \$3,000,000 in annual aggregate limit.

Commercial property and commercial auto insurance is covered by the Selective Insurance Company of South Carolina. Commercial property is insured at a limit of \$45,690,531. Automobile liability has a \$2,000,000 combined single limit of liability. Settled claims have not exceeded this commercial coverage in any of the past three years.

Public officials' bond insurance is provided by Travelers Casualty and Surety Company of America and the Cincinnati Insurance Company for a total of \$160,000.

Health Care Benefits

The School District participates in the Allen County Schools Health Benefit Plan (the Plan), a public entity shared risk pool consisting of the school districts within Allen County. The School District pays monthly premiums to the Plan for employee medical and dental benefits. The Plan is responsible for the management and operations of the program. Upon withdrawal from the Plan, a participant is responsible for the payment of all Plan liabilities to its employees, dependents, and designated beneficiaries accruing as a result of the withdrawal.

Workers' Compensation

The School District participates in the Northwest Ohio Area Computer Services Cooperative Worker's Compensation Group Rating Program (GRP), and insurance purchasing pool (Note 11). The intent of the GRP is to achieve the benefit of a reduced premium GRP. The worker's compensation experience of the participating school districts is calculated as one experience and a common premium rate is applied to all school districts in the GRP. Each participant pays its workers' compensation premium to the Cooperative based on the rate for the GRP rather than its individual rate. Total savings are then calculated and each participant's individual performance is compared to the overall savings of the GRP. A participant will then either receive money from or be required to contribute to the "Equity Pooling Fund". This "equity pooling" arrangement insures that each participant shares equally in the overall performance of the GRP. Participation in the GRP is limited to school districts that can meet the GRP's selection criteria.

8. PENSION PLANS

A. School Employees Retirement System

The School District contributes to the School Employees Retirement System (SERS), a cost-sharing multiple employer defined benefit pension plan. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by State Statue Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3476.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2003 (Continued)

8. PENSION PLANS (Continued)

Plan members are required to contribute 9 percent of their annual covered salary and the School District is required to contribute at an actuarially determined rate. The current School District rate is 14 percent of annual covered payroll. A portion of the School District's contribution is used to fund pension obligations with the remainder being used to fund health care benefits; for fiscal year 2003, 5.46 percent of annual covered salary was the portion used to fund pension obligations. The contribution requirements of plan members and employers are established and may be amended, up to a statutory maximum amount, by the SERS' Retirement Board. The School District's required contributions for pension obligations to SERS for the fiscal years ended June 30, 2003, 2002 and 2001 were \$129,492, \$121,741 and \$90,863 respectively.

B. State Teachers Retirement System

The School District participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing, multiple-employer public employee retirement system. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that may be obtained by writing to STRS Ohio, 275 E. Broad St., Columbus, OH 43215-3371 or by calling (614) 227-4090.

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on member contributions and earned interest matched by STRS Ohio funds times an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5% of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. DC and Combined Plan members will transfer to the Defined Benefit Plan during their fifth year of membership unless they permanently select the DC or Combined Plan. Existing members with less than five years of service credit as of June 30, 2001, were given the option of making a one time irrevocable decision to transfer their account balances from the existing DB Plan into the DC Plan or the Combined Plan. This option expired on December 31, 2001. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

For the fiscal year ended June 30, 2003, plan members were required to contribute 9.3 percent of their annual covered salaries. The School District was required to contribute 14 percent; 9.5 percent was the portion used to fund pension obligations. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10% for members and 14% for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The School District's required contributions for pension obligations for the fiscal years ended June 30, 2003, 2002, and 2001 were \$753,051, \$737,667, and \$731,438 respectively.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2003 (Continued)

8. PENSION PLANS (Continued)

C. Social Security System

Effective July 1, 1991, all employees not otherwise covered by the School Employees Retirement System or the State Teachers Retirement System have an option to choose Social Security or the School Employees Retirement System/State Teachers Retirement System. The Board's liability is 6.2 percent of wages paid.

9. POST RETIREMENT BENEFITS

The District provides comprehensive health care benefits to retired teachers and their dependents through the State Teachers Retirement System (STRS), and to retired non-certified employees and their dependents through the School Employees Retirement System (SERS). Benefits include hospitalization, physicians' fees, prescription drugs, and reimbursement of monthly Medicare premiums. Benefit provisions and the obligations to contribute are established by the Systems based on authority granted by State statute. Both systems are funded on a pay-as-you-go basis.

For STRS, all benefit recipients are required to pay a portion of health care cost in the form of a monthly premium. By Ohio law, the cost of coverage paid from STRS funds shall be included in the employer contribution rate, currently 14 percent of covered payroll. For the year ended June 30, 2002, the board allocated employer contributions equal to 4.5 percent of covered payroll to the Health Care Reserve Fund for which payments for health care benefits are paid. Effective July 1, 2002, 1% of covered payroll will be allocated to the fund. For the School District the amount to fund health care benefits equaled \$356,708 during the 2003 fiscal year. As of June 30, 2002, eligible benefit recipients totaled 105,300. For the fiscal year ended June 30, 2002, net health care costs paid by STRS were \$354,697,000. The balance in the fund was \$3.011 billion at June 30, 2002.

For SERS, coverage is made available to service retirees with ten or more fiscal years of qualifying service credit, disability, and survivor benefit recipients. Members retiring on or after August 1, 1989, with less than twenty-five years of service credit must pay a portion of their premium for health care. The portion is based on years of service up to a maximum of 75 percent of the premium.

At June 30, 2002, the employer contributions to fund health care benefits were 8.54 percent of covered payroll. In addition, SERS levies a surcharge to fund health care benefits equal to 14 percent of the difference between a minimum pay and the member's pay, pro-rated for partial service credit. For fiscal year 2002, the minimum pay has been established at \$12,400. For the School District the amount to fund health care equaled \$202,538 during the 2003 fiscal year. The number of participants currently receiving health care benefits is approximately 50,000. For the fiscal year ended June 30, 2002, net health care costs paid by SERS were \$182,946,777. At June 30, 2002 STRS had net assets available for payment of healthcare benefits of \$335.2 million.

10. JOINTLY GOVERNED ORGANIZATIONS

A. Northwest Ohio Area Computer Services Cooperative

The Northwest Ohio Area Computer Services Cooperative (NOACSC) is a jointly governed organization among forty-seven school districts. The jointly governed organization was formed for the purpose of applying modern technology with the aid of computers and other electronic equipment to administrative and instructional functions among member school districts. Each of the governments of these schools supports NOACSC based upon a per pupil charge dependent upon the software package utilized.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2003 (Continued)

10. JOINTLY GOVERNED ORGANIZATIONS (Continued)

The NOACSC Assembly consists of a representative from each participating school district and the superintendent from the fiscal agent. The Board of Directors consists of the superintendent from the fiscal agent, the two Assembly members from each county in which participating school districts are located. The degree of control exercised by any participating school district is limited to its representation of the Board. Financial information can be obtained by contacting Michael Wildermuth, who serves as Director, at 645 South Main Street, Lima, Ohio, 45804.

B. Apollo Joint Vocational School

The Apollo Joint Vocational School is a distinct political subdivision of the State of Ohio operated under the direction of a Board consisting of one representative from each of the participating school districts' elected boards, which possesses its own budgeting and taxing authority. To obtain financial information write to the Apollo Joint Vocational School, Greg Bukowski, Treasurer, 3325 Shawnee Road, Lima, Ohio 45806.

C. West Central Ohio Special Education Regional Resource Center (SERRC)

The SERRC is a special education service center which selects its own board, adopts its own budget and receives direct Federal and State grants for its operation. The jointly governed organization was formed for the purpose of initiating, expanding and improving special education programs and services for children with disabilities and their parents. The SERRC is governed by a board of 52 members made up of the 50 superintendents of the participating districts, one non-public school, and Wright State University whose term rotates every year. The degree of control exercised by any participating school district is limited to its representation on the Board. Financial information can be obtained by contacting Krista Hart, Treasurer, Hardin County Educational Service Center, 1 Court House Square, Suite 50, Kenton, Ohio 43326-2385.

D. West Central Ohio Regional Professional Development Center (the Center)

The Center is a jointly governed organization among the school districts located in Allen, Auglaize, Hancock, Hardin, Mercer, Paulding, Putnam and Van Wert counties. The jointly governed organization was formed for the purpose of establishing an articulated, regional structure for professional development, in which school districts, the business community, higher education and other groups cooperatively plan and implement effective professional development activities than are tied directly to school improvement, and in particular, to improvements to instructional programs. The Center is governed by a board made up of 52 representatives of the participating school districts, the business community, and two institutions of higher learning whose term rotates every two years. The degree of control exercised by any participating school district is limited to its representation on the Board. Financial information may be obtained by contacting Dorothy Oldham, Treasurer, Hancock County Educational Service Center, 604 Lima Avenue, Findlay, Ohio 45840-3087.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2003 (Continued)

11. GROUP INSURANCE PURCHASING POOL

A. Northwest Ohio Area Computer Service Cooperative Workers' Compensation Group Rating Plan

The School District participates in a group rating plan for workers' compensation as established under Section 4123.29 of the Ohio Revised Code. The Group Rating Plan was established through the Northwest Ohio Area Computer Service Cooperative as a group insurance purchasing pool. The GRP's business and affairs are conducted by a twenty-five member Board of Directors consisting of two representatives from each county elected by a majority vote of all charter member schools within each county plus one representative from the fiscal agency A-site. The treasurer of Findlay City Schools serves as coordinator of the program. Each year, the participating Districts pay an enrollment fee to cover the costs of administering the program.

B. Allen County Schools Health Benefit Plan

The School District participates in the Allen County Schools Health Benefit Plan (the plan), a public entity shared risk pool consisting of the school districts within Allen County. The Trust is organized as a Voluntary Employee Benefit Association under 26 U.S.C. Section 501(c)(9) and provides medical, accident and other benefits to the employees of the participating school districts. Each participating school district's superintendent is appointed to a Board of Trustees which advises the Trustee, CoreSource, concerning aspects of the administration of the Trust.

Each school district decides which plans offered by the Board of Trustees will be extended to its employees. Participation in the Trust is by written application subject to the acceptance by the Board of Trustees and payment of the monthly premium. Financial information can be obtained from Don Smith who serves as chairman, at the Allen County Educational Service Center, 201 North Main Street, Lima, Ohio 45801.

12. STATUTORY RESERVES

The School District is required by state law to set aside certain general fund revenue amounts, as defined, into various reserves. For fiscal year ended June 30, 2003, the reserve activity was as follows:

| | | Capital | Budget |
|--|-------------------|---------------------|----------------------|
| | <u>Textbooks</u> | <u>Acquisitions</u> | Stabilization |
| Set-Aside Cash Balance as of June 30, 2002 | \$75,347 | \$0 | \$57,832 |
| Carryover | 0 | (946,905) | 0 |
| Required Set-Aside | 352,213 | 352,213 | 0 |
| Qualifying Expenditures | <u>(401,015</u>) | (232,797) | 0 |
| Balance Carried Forward to Subsequent Year | \$ 26,545 | \$ (827,489) | \$ 57,832 |

The School District had qualifying disbursements during the year that reduced the set-aside amounts to below zero. For capital acquisitions, the extra amount which was a result of capital expenditures from bond or note proceeds, can be used to reduce the set aside requirements of future years. Also, revised code 3315.17 allows for the extra amount to carry over into future years for textbooks.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2003 (Continued)

13. CONTINGENCIES

A. Grants

The District received financial assistance from federal and state agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the District at June 30, 2003.

B. Litigation

The School District is of the opinion that any current or future claims will either result in a favorable outcome or be covered by current insurance policies, so as not to materially affect the overall financial position of the School District.

C. State School Funding Decision

On December 11, 2002, the Ohio Supreme Court issued its latest opinion regarding the State's school funding plan. The decision reaffirmed earlier decisions that Ohio's current school-funding plan is unconstitutional.

The Supreme Court relinquished jurisdiction over the case and directed "...the Ohio General Assembly to enact a school-funding scheme that is thorough and efficient...". The School District is currently unable to determine what effect, if any, this decision will have on its future State funding and its financial operations.

NOTES TO SCHEDULE OF FEDERAL AWARDS EXPENDITURES JUNE 30, 2003

NOTE A -- SIGNIFICANT ACCOUNTING POLICIES

The accompanying Schedule of Federal Awards Expenditures (the Schedule) summarizes activity of the Government's federal award programs. The schedule has been prepared on the cash basis of accounting.

NOTE B -- CHILD NUTRITION CLUSTER

Program regulations do not require the Government to maintain separate inventory records for purchased food and food received from the U.S. Department of Agriculture. This nonmonetary assistance (expenditures) is reported in the Schedule at the fair market value of the commodities received.

Cash receipts from the U.S. Department of Agriculture are commingled with State grants. It is assumed federal monies are expended first.

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE AND INTERNAL CONTROL REQUIRED BY GOVERNMENT AUDITING STANDARDS

Elida Local School District Allen County 4380 Sunnydale Road Elida, Ohio 45807

To the Board of Education:

We have audited the financial statements of Elida Local School District, Allen County, Ohio, (the District), as of and for the year ended June 30, 2003, and have issued our report thereon dated September 24, 2003, wherein we noted that the School District implemented the basis of accounting previously prescribed by the Auditor of State for financial reporting rather than generally accepted accounting principles which is now required. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance that is required to be reported under *Government Auditing Standards* which is described in the accompanying schedule of findings as item 2003-001. We also noted certain immaterial instances of noncompliance that we have reported to management of the District in a separate letter dated September 24, 2003.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. However, we noted others matters involving the internal control over financial reporting that do not require inclusion in this report, that we have reported to management of the School District in a separate letter dated September 24, 2003.

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Elida Local School District Allen County 4380 Sunnydale Road Elida, Ohio 45807

To the Board of Education:

Compliance

We have audited the compliance of Elida Local School District, Allen County (the District), with the types of compliance requirements described in the *U. S. Office of Management and Budget (OMB) Circular A-133, Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2003. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings. Compliance with the requirements of laws, regulations, contracts and grants applicable to its major federal programs are the responsibility of the District's management. Our responsibility is to express an opinion on the School District's compliance based on our audit.

We conducted our audit of compliance in accordance with generally accepted auditing standards; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether material noncompliance occurred with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the District's compliance with those requirements.

In our opinion, the District complied, in all material respects, with the requirements referred to above that are applicable to its major federal programs for the year ended June 30, 2003.

Internal Control Over Compliance

The management of the District is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the District's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended for the information and use of management, the audit committee, Board of Education, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

2. FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

| Finding Number | 2003-001 |
|----------------|----------|
| 5 | |

Ohio Rev. Code Section 117.38 provides that each public office shall file a financial report for each fiscal year. The Auditor of State may prescribe forms by rule or may issue guidelines, or both, for such reports. If the auditor of state has not prescribed a rule regarding the form for the report, the public office shall submit its report on the form utilized by the public office. Ohio Administrative Code Section 117-2-03 further clarifies the requirements of Ohio Rev. Code Section 117.38.

Ohio Admin Code Section 117-2-03 (B) requires the School District to prepare its annual financial report in accordance with generally accepted accounting principles (GAAP). However, the School District prepares its financial statements in accordance with standards established by the Auditor of State for governmental entities not required to prepare annual reports in accordance with generally accepted accounting principles. The accompanying financial statements omit assets, liabilities, fund equities, and disclosures that, while material, cannot be determined at this time. Pursuant to Ohio Rev. Code Section 117.38 the School District may be fined and subject to various other administrative remedies for its failure to file the required financial report.

The School District should prepare their financial statements in accordance with GAAP.
