LOGAN COUNTY METROPOLITAN HOUSING AUTHORITY BELLEFONTAINE, OHIO

GENERAL PURPOSE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2002

Auditor of State Betty Montgomery

Board of Commissioners Logan County Metropolitan Housing Authority 116 North Everett Street Bellefontaine, OH 43311

We have reviewed the Independent Auditor's Report of the Logan County Metropolitan Housing Authority, prepared by Vanderhorst & Manning CPAs, LLC, for the audit period January 1, 2002 through December 31, 2002. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Logan County Metropolitan Housing Authority is responsible for compliance with these laws and regulations.

INDEPENDENT AUDITORS' REPORT

The Board of Commissioners Logan County Metropolitan Housing Authority 116 North Everett Street Bellefontaine, Ohio Regional Inspector General of Audit Department of Housing & Urban Development

We have audited the accompanying general purpose financial statements of the Logan County Metropolitan Housing Authority as of and for the year ended December 31, 2002, as listed in the table of contents. These general purpose financial statements are the responsibility of Logan County Metropolitan Housing Authority's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Logan County Metropolitan Housing Authority as of December 31, 2002, and the results of its operations and the cash flows of its proprietary fund type activities for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report dated June 17, 2003 on our consideration of the Logan County Metropolitan Housing Authority's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The schedules listed in the table of contents are presented for the purposes of additional analysis, and are not a required part of the financial statements of Logan County Metropolitan Authority. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audit of States, Local Governments and Non-Profit Organizations,* and is not a required part of the financial statements. The combining financial data schedule ("FDS") and cost certifications are presented for purposes of additional analysis as required by the Department of Housing and Urban Development and are not a required part of financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly presented in all material respects in relation to the basic financial statements taken as a whole.

\$ 374,156

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Summary of Significant Accounting Policies

The financial statements of the Logan County Metropolitan Housing Authority (the "Authority") have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Authority's accounting policies are described below.

Reporting Entity

The Logan County Metropolitan Housing Authority was created under the Ohio Revised Code Section 3735.27. The Authority contracts with the United States Department of Housing and Urban Development (HUD) to provide low and moderate income persons with safe and sanitary housing through subsidies provided by HUD. The Authority depends on the subsidies from HUD to operate.

The accompanying general purpose financial statements comply with the provision of Governmental Accounting Standards Board (GASB) Statement 14, the Financial Reporting Entity, in that the financial statements include all organizations, activities and functions for which the Authority is financial accountable. This report includes all activities considered by management to be part of the Authority by virtue of Section 2100 of the Codification of Governmental Accounting Standards.

Section 2100 indicates that the reporting entity consists of (a) the primary government, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The definition of the reporting entity is based primarily on the notion of financial accountability. A primary government is financially accountable for the organizations that make up its legal entity. It is also financially accountable for legally separate organizations if its officials appoint a voting majority of an organization's government body and either it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the primary government. A primary government may also be financially accountable for governmental organizations that are fiscally dependent on it.

A primary government has the ability to impose its will on an organization if it can significantly influence the programs, projects, or activities of, or the level of services performed or provided by, the organization. A financial benefit or burden relationship exists if the primary government (a) is entitled to the organization's resources; (b) is legally obligated or has otherwise assumed the obligation to finance the deficits of, or provide financial support to, the organization; or (c) is obligated in some manner for the debt of the organization.

Management believes the financial statements included in this report represent all of the funds of the Authority over which the Authority is financially accountable.

Fund Accounting

The Authority uses the proprietary fund to report on its financial position and the results of its operations for the HUD programs. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fund Accounting (Continued)

Funds are classified into three categories: governmental, proprietary and fiduciary. The Authority uses the proprietary category for its programs.

Proprietary Fund Types

Proprietary funds are used to account for the Authority's ongoing activities, which are similar to those found in the private sector. The following is the proprietary fund type:

<u>Enterprise Fund</u> – This fund is used to account for the operations that are financed and operated in a manner similar to private business enterprises where the intent is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges or where it has been decided that periodic determination of revenue earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

Measurement Focus/Basis of Accounting

The proprietary funds are accounted for on the accrual basis of accounting. Revenues are recognized in the period earned and expenses are recognized in the period incurred. Pursuant to GASB Statement No. 20 Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities that Use Proprietary Fund Accounting, the Authority follows GASB guidance as applicable to proprietary funds and FASB Statements and Interpretations, Accounting Principles Board Opinions and Accounting Research Bulletins issued on or before November 30, 1989, that do not conflict with or contradict GASB pronouncements.

Investments

The provisions of the HUD Regulations restrict investments. Investments are valued at market value. Interest income earned in fiscal year ending December 31, 2002 totaled \$1,031.

Fixed Assets

Fixed assets are stated at cost and depreciation is computed using the straight line method over an estimated useful life of the assets. The cost of normal maintenance and repairs, the do not add to the value of the asset or materially extend the asset life, are not capitalized.

Cash and Cash Equivalents

For the purpose of the statement of cash flows, cash and cash equivalents include all highly liquid debt instruments with original maturities of three months or less.

Compensated Absences

The Authority accounts for compensated absences in accordance with GASB Statement No. 16. Sick leave and other compensated absences with similar characteristics are accrued as a liability based on sick leave accumulated at the balance sheet date by those employees who currently are eligible to receive termination payments. To calculate the liability, these accumulations are reduced to the maximum amount allowed as a termination payment.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Compensated Absences (Continued)

All employees who meet the termination policy of the Authority for years of service are included in the calculation of the compensated absence accrual amount.

Vacation leave and other compensated absences with similar characteristics are accrued as a liability as the benefits are earned by the employees if both of the following conditions are met: (1) the employees' rights to receive compensation are attributable to services already rendered and are not contingent on a specific event that is outside the control of the employer and employee. (2) It is probable that the employer will compensate the employees for the benefits through paid time off or some other means, such as cash payments at termination or retirement.

In the proprietary fund, the compensated absences are expensed when earned with the amount reported as a fund liability.

Budgetary Accounting

The Authority annually prepares its budget as prescribed by the Department of Housing and Urban Development. This budget is submitted to the Department of Housing and Urban Development and once approved is adopted by the Board of the Housing Authority.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statement, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

PHA HUD Contributions

This represents contributions made available by HUD with respect to all federally aided projects under an annual contributions contract.

Receivable - net of allowance

Bad debts are provided on the allowance method based on management's evaluation of the collectibility of outstanding tenant receivable balances at the end of the year. The allowance of uncollectable receivable was \$3,551 at December 31, 2002.

Inventories

Inventories are stated at cost. The allowance for obsolete inventory was \$100 at December 31, 2002.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Accounting and Reporting for Nonexchange Transactions

The Authority adopted GASB 33 effective for the year ended December 31, 2001. Nonexchange transactions occur when the Public Housing Authority (PHA) receives (or gives) value without directly giving equal value in return. GASB 33 identifies four classes of nonexchange transactions as follows:

- Derived tax revenues: result from assessments imposed on exchange transactions (i.e., income taxes, sales taxes, and other assessments on earnings or consumption).
- Imposed nonexchange revenues: result from assessments imposed on nongovernmental entities, including individuals, other than assessments on exchange transactions (i.e. property taxes and fines).
- Government-mandated nonexchange transactions: occur when a government at one level provides resources to a government at another level and requires the recipient to use the resources for a specific purpose (i.e., federal programs that state or local governments are mandated to perform).
- Voluntary nonexchange transactions: result from legislative or contractual agreements, other than exchanges, entered into willingly by the parties to the agreement (i.e., certain grants and private donations).

PHA grants and subsidies will be defined as a government-mandated or voluntary nonexchange transactions.

GASB 33 establishes two distinct standards depending upon the kind of stipulation imposed by the provider.

- Time requirements specify (a) the period when resources are required to be used or when use may begin (for example, operating or capital grants for a specific period) or (b) that the resources are required to be maintained intact in perpetuity or until a specified date or event has occurred (for example, permanent endowments, term endowments, and similar agreements). Time requirements affect the timing of recognition of nonexchange transactions.
- Purpose restrictions specify the purpose for which resources are required to be used. (i.e. capital grants used for the purchase of capital assets). Purpose restrictions do not affect when a nonexchange transaction is recognized. However, PHAs that receive resources with purpose restrictions should report resulting net assets, equity, or fund balance as restricted.

The PHA will recognize assets (liabilities) when all applicable eligibility requirements are met or resources received whichever is first. Eligibility requirements established by the provider may stipulate the qualifying characteristics of recipients, time requirements, allowable costs, and other contingencies.

The PHA will recognize revenues (expenses) when all applicable eligibility requirements are met. For transactions that have a time requirement for the beginning of the following period, PHAs should record resources received prior to that period as deferred revenue and the provider of those resources would record an advance.

The PHA receives government-mandated or voluntary nonexchange transactions, which do not specify time requirements. Upon award, the entire subsidy should be recognized as a receivable and revenue in the period when applicable eligibility requirements have been met.

NOTE 2 – CASH AND CASH EQUIVALENTS

Cash

State statutes classify monies held by the Authority into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the Authority's Treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Authority has identified as not required for use within the current twoyear period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts.

Protection of Authority's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

The Authority's deposits are categorized to give an indication of the level of risk assumed by the entity at year end. Category 1 includes deposits that are insured or collateralized with securities held by the Authority or its safekeeping agent in the Authority's name. Category 2 includes uninsured deposits collateralized with securities held by the pledging financial institution's trust department or safekeeping agent in the Authority's name. Category 3 includes uninsured and uncollateralized deposits, including any bank balance that is collateralized with securities held by the pledging institution, or by its trust department or safekeeping agent, but not in the Authority's name.

The following show the Authority's deposits (bank balance) in each category:

- Category 1. \$ 125,685 was covered by federal depository insurance.
- Category 3. \$ 301,183 was covered by collateral held by the pledging

financial institution, but not in the name of the Authority.

Collateral is required for demand deposits and certificates of deposit at 110 percent of all deposits not covered by federal deposit insurance. Obligations that may be pledged as collateral are obligations of the United States and its agencies and obligations of the State and its municipalities, school districts, and district corporations. Obligations pledged to secure deposits must be delivered to a bank other than the institution in which the deposit is made. Written custodial agreements are required.

NOTE 2 - CASH AND CASH EQUIVALENTS (Continued)

Investments

HUD, State Statue and Board Resolutions authorize the Authority to invest in obligations of U.S. Treasury, agencies and instrumentalities, certificates of deposit, repurchase agreements, money market deposit accounts, municipal depository fund, super NOW accounts, sweep accounts, separate trading of registered interest and principal of securities, mutual funds, bonds and other obligations of this State, and the State Treasurer's investment pool. Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the Authority, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

The Authority's investments are categorized to give an indication of the level of risk assumed by the entity at yearend. Category A includes investments that are insured or registered or for which the securities are held by the Authority or its agent in the Authority's name. Category B includes uninsured and unregistered investments for which the securities are held by the counterparty's Trust department or agent in the Authority's name. Category C includes uninsured and unregistered investments for which securities are held by the counterparty or its Trust department but not in the Authority's name. Star Ohio is not classified, since it is not evidenced by securities that exist in physical or book entry form.

The Authority's deposits are classified as cash on the balance sheet and are considered as deposits for GASB 3 purposes. Therefore, the categories described above do not apply.

NOTE 3 – PROPERTY AND EQUIPMENT

A summary of property and equipment at December 31, 2002, by class is as follows:

Buildings and Building Improvements Land and Land Improvements Furniture and Fixtures, Equipment and Moving Vehicles Total	\$ \$	6,712,490 686,092 288,179 7,686,761
Less Accumulated Depreciation		(1,901,102)
Net Property and Equipment	<u>\$</u>	5,785,659

The depreciation expense for year ended December 31, 2002 is \$228,526.

NOTE 4 – ADMINISTRATIVE FEE

The Authority receives an "administrative fee" as part of the annual contribution from HUD to cover the costs (including overhead) of administering the Section 8 Housing Assistance Payments (HAP) Programs. The fee is a percentage of a HUD determined base rate for each unit per month under HAP contracts. The rates are as follows:

A. Choice Vouchers:	
County:	
Logan, Champaign, Hardin	\$42.17/unit
Union	\$46.98/unit
Auglaize	\$43.62/unit
Hard to House Fees	\$75.00/unit

NOTE 5 – DEFINED BENEFIT PENSION PLANS – PUBLIC EMPLOYEES RETIREMENT SYSTEM

All employees participate in the Public Employees Retirement System of Ohio (PERS), a cost sharing multiple employer public employee retirement system administered by the Public Employee Retirement Board. PERS provides basic retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members and beneficiaries. Benefits are established by Chapter 145 of the Ohio Revised Code. PERS issues a stand-alone financial report, which may be obtained by writing to the Public Employee Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642.

Plan members are required to contribute 8.5 percent of their annual covered salary to fund pension obligations. The employer contribution rate was 13.55 percent of covered payroll. The Authority's required contributions to PERS for the years ended December 31, 2002, 2001, and 2000 were \$37,617, \$37,370, and \$31,487 respectively. The full amount has been contributed for 2001 and 2000. Ninety-two percent has been contributed for 2002, with the remainder being reported as a liability with within the enterprise fund.

NOTE 6 - POSTEMPLOYMENT BENEFITS PUBLIC EMPLOYEES RETIREMENT SYSTEM

The Public Retirement System of Ohio (PERS) provides post-retirement health care coverage to age and service retirees with ten or more years of qualifying Ohio service credit and to primary survivor recipients of such retirees. Health coverage for disability recipients is available. The health care coverage provided by the retirement system is considered on Other Post-employment Benefit (OPEB) as described in GASB Statement No. 12. A portion of each employer's contribution to PERS is set aside for the funding of post-retirement health care based on authority granted by State statute. The Ohio Revised Code provides the statutory authority requiring public employers to fund pension and postretirement health care through their contributions to PERS. The portion of employer contributions rate used to fund health care for 2002 and 2001 was 4.3 percent of covered payroll.

The significant actuarial assumptions, based on PERS's latest actuarial review performed as of December 31, 2000, include a rate of return on investments of 7.75 percent, an annual increase in active employee total payroll of 4.75 percent compounded annually for inflation (assuming no change in the number of active employees) and an additional increase in total payroll of between .54 percent and 5.1 percent based on additional annual pay increases. Health care premiums were assumed to increase 4.75 percent annually.

All investments are carried at market. For actuarial valuation purposes, a smoothed market approach is used. Assets are adjusted to reflect 25 percent of unrealized market appreciation or depreciation on investment assets.

NOTE 6 - POSTEMPLOYMENT BENEFITS PUBLIC EMPLOYEES RETIREMENT SYSTEM, Continued

Benefits are advance-funded using the entry age normal cost method. The number of active contributing participants was 411,076. The actuarial value of PERS of Ohio net assets available for OPEB at December 31, 2000 was \$11,735.9 million. The actuarially accrued and the unfounded actuarial accrued liability, based on the actuarial cost method used, were \$14,364.6 million and \$2,628.7 million, respectively.

NOTE 7 – COMPENSATED ABSENCES

Vacation and sick leave policies are established by the Board of Commissioners.

Annual vacation leave is given to all full time permanent employees on a pro-rata basis; two weeks per year for service one through five years, three weeks for six to ten years of service and four weeks for ten years of service or more. The annual leave earned must be taken on or before December 31, of each year. No accumulation is permitted and as such no accrual at December 31, 2002.

Sick leave accrues for full time permanent employees on the basis of 10 hours per month, cumulative to 120 days or 960 hours. An employee at the time of retirement from active service with the authority may elect to be paid cash for one-fourth (1/4) of the value of accrued unused sick leave credit at the employees rate of pay at the time of retirement. The Authority's policy is to begin to accrue sick leave for employees five (5) years before they are eligible for retirement. At December 31, 2002, the authority had no sick leave accrued because the earliest eligible retiree for active employees is 2010.

NOTE 8 – CONTINGENCIES

Grants

The Authority received financial assistance from federal and state agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the Authority. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the Authority at December 31, 2002.

Commitments and Contingencies

The authority has, under its normal operations, entered into commitments for the purchase of maintenance, cleaning, and other services. Such commitments are monthly or annually.

The Authority is exposed to various risks of loss related to torts; theft to, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During 2002, the Authority was insured through the State Housing Authority Risk Pool Association, Inc. (SHARP), a public entity risk pool operating a common risk management and insurance program for its housing authority members. The State Housing Authority Risk Pool Association, Inc. is self-sustaining through member premiums and reinsures through commercial insurance companies.

The Authority carried commercial insurance for risk of loss for employee health and accident insurance.

There has been no significant reduction in coverage from last year. Settled claims have not exceeded this coverage in any of the last three years.

NOTE 9 – FAMILY SELF-SUFFICIENCY PROGRAM

The Logan County Metropolitan Housing Authority has a Family Self-Sufficiency Program (FSSP). This program is designed to assist families to become self sufficient through an escrowed savings plan provided by the Authority. Upon completion of the objectives, the family receives their escrow balance.

At December 31, 2002, the Authority held in escrow \$18,704 for the Family Self-Sufficiency Program. The Authority recognizes the escrow as cash and due to FSSP participants on the balance sheet under other current liabilities.

NOTE 10 - MICROENTERPRISE PROGRAM

The Logan County Metropolitan Housing Authority currently administers a Microenterprise Program. This program is funded from grants and donations from various government levels and community donations. The Program reimburses the Authority for any expenditures they have encumbranced.

NOTE 11 – BASIS OF PRESENTATION

The accompanying schedule of federal awards includes the federal grant activity of Logan County Metropolitan Housing Authority and is presented on the accrual basis of accounting.

REPORT ON COMPLIANCE ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Commissioners Logan County Metropolitan Housing Authority Bellefontaine, Ohio

We have audited the general purpose financial statements of the Logan County Metropolitan Housing Authority, Bellefontaine, Ohio, as of and for the year ended December 31, 2002, and have issued our report thereon dated June 17, 2002. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether Logan County Metropolitan Housing Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Logan County Metropolitan Housing Authority's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the board of directors and management of the Authority, Auditor of the State, and federal awarding agencies and is not intended to be and should not be used by anyone other than those specified parties.

REPORT ON COMPLIANCE WITH REQUIRMENTS APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Board of Commissioners Logan County Metropolitan Housing Authority Bellefontaine, Ohio

Compliance

We have audited the compliance of the Logan County Metropolitan Housing Authority, Bellefontaine, Ohio, with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended December 31, 2002. The Logan County Metropolitan Housing Authority's major federal programs are identified in the summary of the auditors' results section of the accompanying schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the Logan County Metropolitan Housing Authority's management. Our responsibility is to express an opinion on the Logan County Metropolitan Housing Authority's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Authority's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Logan County Metropolitan Housing Authority's compliance with those requirements.

In our opinion, the Logan County Metropolitan Housing Authority complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended December 31, 2002.

Internal Control Over Compliance

The management of the Logan County Metropolitan Housing Authority is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the Authority's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with *OMB Circular A-133*.

REPORT ON COMPLIANCE WITH REQUIRMENTS APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133 (continued)

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contacts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the board of directors, management, Auditor of State, federal awarding agencies and is not intended to be and should not be used by anyone other than those specified parties.
