REPORT OF INDEPENDENT ACCOUNTANTS

Mahoning Valley Sanitary District Trumbull County 1181 Ohltown McDonald Road Mineral Ridge, Ohio 44440

To the Board of Directors:

We have audited the accompanying financial statements of the Mahoning Valley Sanitary District, Trumbull County (the District), as of and for the year ended June 30, 2002. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the District prepares its financial statements on the basis of accounting prescribed or permitted by the Auditor of State, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the combined fund cash balances and reserves for encumbrances of the District as of June 30, 2002, and its combined cash receipts and disbursements for the year then ended on the basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 10, 2002 on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2002

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of the Entity

The Mahoning Valley Sanitary District, Trumbull County (the District), is a political subdivision of the state and a body corporate created under Section 6115.08 of the Ohio Revised Code (The Sanitary District Act of Ohio) for the purpose of providing a water supply for domestic, municipal, and public use to the Cities of Youngstown and Niles, and the Village of McDonald.

On February 5, 1998, Substitute House Bill 26 was enacted to amend various sections of the Revised Code. This bill altered the composition and method of appointment of the members of the Board of Directors of the District, limited the compensation paid and benefits provided to board members; required the members of the board to file financial disclosure statements with the Ohio Ethics Commission, and subjected the District to financial certification requirements prior to expending moneys.

The Board of Directors of the Mahoning Valley Sanitary District is made up of four members. One is appointed by the Mayor of the City of Youngstown, one by the Mayor of the City of Niles, one by the Youngstown City Council, and one by the Niles City Council.

The position of Secretary and Treasurer was combined on January 15, 1997. The Secretary/Treasurer is the fiscal officer of the District and the custodian of the records of the District and its corporate seal.

The chief engineer is the superintendent of all the public works and improvements.

The Sanitary District Advisory Council (the Council) was created under the Ohio Rev. Code Section 6115.104 and consists of members who have been appointed from each municipal corporation or township that receives all or part of its water supply directly or indirectly from the District. The Council shall annually reviews and evaluates the District's receipts and disbursements of funds by the Board of Directors during the preceding calendar year. The Council also shall reviews and evaluates and makes recommendations to the Board of Directors regarding the operations, policies, programs and improvements of the District. The last meeting of the Council was May 20, 1999 (date of last minutes available). The advisory council appears out of compliance with Section 6115.104 of the Ohio Rev. Code.

The District's management believes these financial statements present all activities for which the District is financially accountable.

B. Basis of Accounting

These financial statements follow the basis of accounting prescribed or permitted by the Auditor of State, which is similar to the cash receipts and disbursements basis of accounting. Receipts are recognized when received in cash rather than when earned, and disbursements are recognized when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as prescribed or permitted by the Auditor of State.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2002 (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

C. Cash and Investments

Investments are reported as assets. Accordingly, purchases of investments are not recorded as disbursements, and sales of investments are not recorded as receipts. Gains or losses at the time of sale are recorded as receipts or disbursements, respectively.

The Federal National Mortgage Association notes are valued at cost. The Monitor Treasury MKT FD VI is recorded at share values reported by the fund.

D. Fund Accounting

The District uses fund accounting to segregate cash and investments that are restricted as to use. The District classifies its funds into the following statutory types:

1. Maintenance Fund

This fund is required by Ohio Rev. Code Section 6115.45. All moneys received as compensation for providing a water supply for domestic, municipal, and public use under Section 6115.19, Ohio Rev. Code, is added to the maintenance fund of the District for the purpose of supplying water.

The Maintenance Fund is the operating fund of the Sanitary District. During the year, the District furthers segregates the Maintenance Fund into the Maintenance Fund Operations and the Maintenance Fund Operating Reserve Account.

2. Bond Retirement Funds

These funds are required by various bond covenants. They are used to account for accumulation of resources and for the payment of principal, interest, and related costs. Significant bond retirement funds are:

1998 Series Bond Fund

This fund is used to account for accumulation of resources for, and the payment of principal, interest and related cost of the 1998 Bond Series.

1998 Series Bond Debt Service Reserve Fund

The interest in this account is utilized to made interest and principle payments when due. This reduces the amount that is needed for the Bond Revenue Account.

Rate Stabilization Account Fund

This fund was created at the time of refunding of a prior debt. Monies are to be deposited and used by the District, as authorized and approved by the Board, for any lawful purpose.

1999 Series Bond Fund

This fund is used to account for accumulation of resources to be used solely and exclusively for the payment of the 1999 Series Bond's debt service charges to the extent amounts in the Debt Service Fund are insufficient.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2002 (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

1999 Series Bond Debt Service Reserve Fund

This fund must maintain a certain amount based on the 1999 Series Bond's trust agreement. The interest in this account is utilized to make interest and principle payments when due. This reduces the amount that is needed from the Bond Revenue Account.

3. Bond Fund

This fund is required by Section 6115.45, Ohio Rev. Code. The Bond Fund consists of the proceeds of levies made against the special assessments of benefits equalized and confirmed under Section 6115.01 to 6115.79, inclusive, of the Ohio Revised Code. This fund is also used to account for financial resources to be used for the acquisition or construction of major capital facilities or equipment.

Revenue Account Fund

This fund receives operating revenue due from water districts, based on an approved water rate schedule. A percentage of the proceeds from this fund are transferred to the Maintenance Fund which is the operating fund of the Sanitary District for operating the expenses for the District. A percentage of the proceeds are also used for debt service payments.

At year end any excess funds that were not used are transfer to the District's Capital Replacement Account Bond Fund and/or Remaining Revenue Account Bond Fund, as required by a bond covenant.

E. Budgetary Process

The Ohio Revised Code requires that the Maintenance Fund be Budgeted Annually. The Mahoning Valley Sanitary District prepares a budget for the Maintenance Fund and the Bond Fund.

1. Appropriations

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund or function level of control, and appropriations may not exceed estimated resources. The Board of Directors must annually approve appropriation measures and subsequent amendments. Unencumbered appropriations lapse at year end.

2. Estimated Resources

Estimated resources include estimates of cash to be received (budgeted receipts) plus unencumbered cash as of January 1

3. Encumbrances

The Ohio Revised Code requires the District to reserve (encumber) appropriations when commitments are made. Encumbrances outstanding at year end are carried over, and need not be reappropriated

A summary of July 1, 2001 through June 30, 2002 budgetary activity appears in Note 3.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2002 (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F. Major Source of Revenue

The major source of revenue for the District is the exclusive sale of water to the cities of Youngstown and Niles, and the Village of McDonald.

G. Property, Plant and Equipment

Acquisitions of property, plant and equipment are recorded as disbursements when paid. These items are not reflected as assets on the accompanying financial statements.

H. Unpaid Vacation and Sick Leave

Employees are entitled to cash payments for unused vacation and sick leave in certain circumstances, such as upon leaving employment. Unpaid vacation and sick leave are not reflected as liabilities under the cash basis of accounting used by the District.

I. Total Columns on the Financial Statements

The total columns on the financial statements are captioned "Memorandum Only" to indicate that they are presented only to facilitate financial analysis. This data is not comparable to a consolidation. Interfund-type eliminations have not been made in the aggregation of this data.

2. EQUITY IN POOLED CASH AND INVESTMENTS

The District maintains a cash and investments pool used by all funds. The Ohio Revised Code prescribes allowable deposits and investments. The carrying amount of cash and investments at June 30, 2002 was as follows:

	Carrying Amount	Market Value	
Demand Deposits	\$ 2,340	Not Applicable	
Sweep Account	5,884,679	Not Applicable	
Total Deposits	5,887,019		
Federal National MortgageAssociation	1,720,044	1,724,909	
Treasurery Market Fund VI	3,612,772	3,614,501	
Total investments	5,332,816	\$5,339,410	
Total deposits and investments	\$ 11,219,835		

Deposits:

Deposits are either insured by the Federal Depository Insurance Corporation (FDIC) or collateralized by the financial institution's public entity deposit pool.

The District uses a commercial bank to manage its overnight investments of available money in its checking accounts. These sweep accounts are "sweep-to-deposit" from a non-interest account to an interest bearing account. These transactions are bank deposits and are insured by the FDIC and collateralized by the financial institution's public entity deposit pool.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2002 (Continued)

2. EQUITY IN POOLED CASH AND INVESTMENTS (Continued)

Investments:

The FNMA notes are held in book-entry form by the Federal Reserve, in the name of the District's financial institutions. The financial institutions maintain records identifying the District as owner of these securities. The Treasury Market Fund VI is held by the bank's trust department in the name of the District.

3. BUDGETARY ACTIVITY

Budgetary activity for the years ending June 30, 2002 follows:

2002 Budgeted vs. Actual Receipts (Maintenance and Bond Funds)

Estimated	Actual	
Budget	Receipts	Variance
\$7,647,027	\$7,419,927	(\$227,100)

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2002 (Continued)

4. DEBT

No new debt was issued for the period July 1, 2001 through June 30, 2002. Debt outstanding at June 30, 2002 was as follows:

	Principal	Interest Rate
General Obligation Bonds	\$ 18,185,000	5%
Water Revenue Bonds	28,760,000	6%
	\$ <u>46,945,000</u>	

Outstanding general obligation bonds consist of the District's construction issues. General obligation bonds are direct obligations of the District for which its full faith, credit, and resources are pledged and payable from assessments levied on the cities of Youngstown and Niles, and paid through their water departments.

Proceeds from the water revenue bonds were used for:

- 1. Financing certain improvements to the District's water supply system,
- 2. Retiring all of the outstanding Mahoning Valley Sanitary District Water Revenue Bond Anticipation Notes.
- 3. Funding a Debt Service Reserve Account,
- 4. Reimbursing the District for certain engineering costs incurred in anticipation of issuing the water revenue bonds, and
- 5. Paying certain costs of issuance of the water revenue bonds.

The water revenue bonds are obligations of the District, and are payable from the revenues, and are secured by a pledge of and lien on the revenues in the Maintenance Fund.

Amortization of the above debt, including interest, is scheduled as follows:

Year ending June 30:	General Obligation Bonds		Wa	ater Revenue Bonds
2003	\$	1,690,869	\$	2,624,629
2004		1,709,769		2,624,835
2005		1,706,869		2,625,640
2006		1,702,569		2,622,062
2007		1,720,043		2,624,955
2008 - 2012		8,483,371		13,107,963
2013 - 2017		8,440,407		13,109,513
2018 - 2019				5,244,082
Total	\$	25,453,897	\$	44,583,679

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2002 (Continued)

5. RETIREMENT SYSTEMS

All full-time employees of the district belong to the Public Employees Retirement System (PERS) of Ohio. PERS is a cost-sharing, multiple-employer plan. This plan provides retirement benefits, including postretirement healthcare, and survivor and disability benefits to participants as prescribed by the Ohio Revised Code.

Contribution rates are also prescribed by the Ohio Revised Code. The employees' contribution of 8.5% of their gross salaries was picked up by the District in accordance with the terms of a collective bargaining agreement for July 1, 2001 through June 30, 2002.

The District also contributed an amount equal to 13.55% of participants' gross salaries. The District has also paid all contributions required through June 30, 2002.

6. RISK MANAGEMENT

The District has obtained commercial insurance for the following risks:

- Comprehensive property and general liability
- Vehicles
- Errors and omissions
- Builder's Risk Insurance

The District also provides health insurance and dental and vision coverage to full-time employees through a private carrier.

REPORT OF INDEPENDENT ACCOUNTANTS ON COMPLIANCE AND ON INTERNAL CONTROL REQUIRED BY GOVERNMENT AUDITING STANDARDS

Mahoning Valley Sanitary District Trumbull County 1181 Ohltown McDonald Road Mineral Ridge, Ohio 44440

To the Board of Directors:

We have audited the accompanying financial statements of the Mahoning Valley Sanitary District, Trumbull County (the District), as of and for the year ended June 30, 2002, and have issued our report thereon dated December 10, 2002. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standard*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.
