#### REPORT OF INDEPENDENT ACCOUNTANTS

Richard Allen Academy Community School Montgomery County 700 Heck Avenue Dayton, Ohio 45408

#### To the Board of Trustees:

We have audited the accompanying balance sheet of the Richard Allen Academy Community School, Montgomery County, (the School), as of June 30, 2002, and the related Statement of Revenues, Expenses, and Changes in Retained Earnings and the Statement of Cash Flows for the year then ended. These financial statements are the responsibility of the School's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Richard Allen Academy Community School, Montgomery County, as of June 30, 2002, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 7, 2002, on our consideration of the School's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Jim Petro Auditor of State

November 7, 2002, except Note 13, as to which the date is December 11, 2002

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2002

#### 1. DESCRIPTION OF THE SCHOOL AND REPORTING ENTITY

Richard Allen Academy (the School) is a state nonprofit corporation established pursuant to Ohio Rev. Code Chapters 3314 and 1702 to maintain and provide a school exclusively for any educational, literary, scientific and related teaching service. The School, which is part of the State's education program, is independent of any school district. The School may sue and be sued, acquire facilities as needed, and contract for any services necessary for the operation of the School.

The School contracts with the Institute of Charter School Management and Resources, Inc. (ICSMR) for a variety of services including management consulting, Ohio Department of Education consulting, Education Management Information System (EMIS) monitoring and consulting, technology and operational support, teacher training, supervision of certified and non-certified personnel and assistance in grant applications (See note 11.)

The School was approved for operation under contract with the Ohio State Board of Education (Sponsor) for a period of five years commencing with fiscal year July 1,1999 through June 30, 2004 after which, the School must apply for an additional contract with the Sponsor. The School operates under a self-appointing ten-member Board of Trustees (the Board). The School's Code of Regulations specifies that vacancies that arise on the Board be filled by the appointment of a successor trustee by a majority vote of the then existing trustees. The Board is responsible for carrying out the provisions of the contract with the Sponsor which includes but is not limited to, state mandated provisions regarding student population, curriculum, academic goals, performance standards, admission standards, and qualifications of teachers. The School has one instructional/support facility staffed by one principal, twelve full-time and seven part-time certified teaching personnel and two non-certified support personnel who provide services to an enrollment of 218 students.

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the School have been prepared in conformity with generally accepted accounting principles as applied to governmental nonprofit organizations. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The School also applies Financial Accounting Standards Board statements and interpretations issued on or before November 30, 1989, provided they do not conflict with or contradict GASB pronouncements. The more significant of the School's accounting policies are described below.

#### A. Basis Of Presentation

Enterprise accounting is used to account for operations that are financed and operated in manner similar to private business enterprises where the intent is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges or where it has been decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2002 (Continued)

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### B. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. Enterprise accounting uses a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities are included on the balance sheet. Equity (i.e., net total liabilities) is segregated into contributed capital and retained earnings. In accordance with GASB Statement No. 33, after fiscal year 2000, capital contributions from other governments and private sources are recorded as non-operating revenues and reported as retained earnings. The operating statement presents increases (i.e., revenues) and decreases (i.e., expenses) in net total assets.

Basis of accounting refers to when revenues and expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made.

The accrual basis of accounting is utilized for reporting purposes. Revenues are recognized when they are earned, and expenses are recognized when they are incurred.

#### C. Budgetary Process

Unlike other public schools located in the state of Ohio, community schools are not required to follow budgetary provisions set forth in Ohio Rev. Code Section 5705, unless specifically provided in the Schools contract with its Sponsor. The contract between the School and its Sponsor requires a detailed school budget for each year of the contract, however the budget does not have to follow the provisions of Ohio Rev. Code Section 5705.

The School's Board adopts a budget at the beginning of the school year. Spending limits are set based on projected revenue from the State of Ohio and other known sources. The Board's adoption of the budget states that actual expenditures are "not to exceed" budget amounts. The School Principal and Treasurer are responsible for ensuring that purchases are made within these limits. However, any variances from the budgetary amounts are presented to the Board for subsequent approval.

#### D. Cash

All monies received by the School are maintained in a demand deposit account. For internal accounting purposes, the School segregates its cash.

#### E. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from these estimates.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2002 (Continued)

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### F. Fixed Assets and Depreciation

Fixed assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated fixed assets are recorded at their fair market value as of the date received. The School maintains a capitalization threshold of \$500. The School does not have any infrastructure. Improvements are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are expensed.

Depreciation of vehicles, furniture and fixtures, and equipment is computed using the straightline method over estimated useful lives of five to ten years. Improvements to fixed assets are depreciated over the remaining useful lives of the related fixed assets. Leasehold improvements are depreciated over the life of the lease agreement of five years.

#### G. Intergovernmental Revenues

The School currently participates in the State Foundation Program and the State Disadvantaged Pupil Impact Aid (DPIA) Program. Revenues received from these programs are recognized as operating revenues in the accounting period in which they are earned, essentially the same as the fiscal year. Grants and entitlements are recognized as non-operating revenues in the accounting period in which all eligibility requirements of the grants have been met.

Amounts awarded under the above named programs for the 2002 school year totaled \$1,470,421.

#### H. Compensated Absences

The School's Principal earns vacation leave each year. The Principal is allowed to carry over any unused vacation leave to subsequent school years. A liability of \$1,158 has been recognized for earned but unused vacation leave at June 30, 2002. No other employees accrue vacation benefits.

The School does not record a liability for sick leave benefits because its policy is not to pay out accumulated sick leave balances upon termination of employment.

#### I. Accrued Liabilities Payable

The School has recognized certain liabilities on its balance sheet relating to expenses, which are due but unpaid as of June 30, 2002, including:

<u>Wages payable</u> – salary payments made after year-end that were for services rendered in fiscal year 2002. Teaching personnel are paid in 24 equal installments, ending with the last payroll in July, for services rendered during the previous school year. Therefore, a liability has been recognized at June 30, 2002 for all salary payments made to teaching personnel during the month of July 2002.

<u>Intergovernmental payable</u> – payment for the employer's share of the retirement contribution (\$14,764), Workers' Compensation (\$295) and Medicaid (\$547) associated with services rendered during fiscal year 2002, but were not paid until the subsequent fiscal year.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2002 (Continued)

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### J. Federal Tax Exemption Status

The School is a non-profit organization that has been determined by the Internal Revenue Service to be exempt from federal income taxes a tax-exempt organization under Section 501 (c)(3) of the Internal Revenue Code. Management is not aware of any course of action or series of events that have occurred that might adversely affect the School's tax exempt status.

#### 3. PRIOR PERIOD ADJUSTMENT

Retained earnings reported at June 30, 2001 have been restated to account for capital leases entered into during fiscal year 2001 that were not recorded. The net present value of these leases totaled \$37,500. The effects of this adjustment include; increasing net loss reported at June 30, 2001 from \$(13,886) to \$(15,634) and decreasing previously reported unreserved retained earnings from \$38,041 to \$36,293.

#### 4. DEPOSITS AND INVESTMENTS

The following information classifies deposits by category of risk as defined in GASB Statement No. 3 "Deposits with Financial Institutions, Investments (including Repurchase Agreements) and Reverse Repurchase Agreements."

**Deposits:** At June 30, 2002, the carrying amount of the School's deposits was \$243,944 and the bank balance was \$252,945. Of the bank balance, \$100,000 was covered by federal depository insurance and the remainder was uninsured and uncollateralized. Although all state statutory requirements for the deposit of public monies had been followed, non-compliance with federal requirements could potentially subject the School to a successful claim by the Federal Deposit Insurance Corporation.

#### 5. INTERGOVERNMENTAL RECEIVABLES

All receivables are considered collectible in full due to the stable condition of State programs, and the fiscal year guarantee of federal funds. Intergovernmental receivables of the School at June 30, 2002 consisted of the federal Title I (\$5,456), Title VI (\$1,026), Classroom Size Reduction (\$5,860) and Eisenhower Math & Science (\$197) grant programs.

#### 6. CAPITAL LEASES PAYABLE

During fiscal year 2001 the School entered into leases for three copiers. The terms of these agreements provide an option to purchase the copiers. The leases meet the criteria of capital leases as defined by Statement of Financial Accounting Standards No. 13 "Accounting for Leases," which defines a capital lease generally as one, which transfers benefits and risks of ownership to the lessee. Fixed assets acquired by lease have been capitalized in an amount equal to the present value of the future minimum lease payments of \$37,500. At the time of acquisition, a corresponding liability was recorded. Principal payments in fiscal year 2002 totaled \$6,106.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2002 (Continued)

#### 6. CAPITAL LEASES PAYABLE (Continued)

The following is a schedule of the future minimum lease payments required under the capital leases and the present value of the minimum lease payments as of June 30, 2002.

	Fiscal Year		Lease Payment
_	2003	\$	10,800
	2004		10,800
	2005		10,800
	2006	_	1,800
Total Minimum Lease Payments			34,200
Less: Amount Representing Interest			(7,308)
Present Value of Minimum Lease Payment	S	\$	26,892

#### 7. FIXED ASSETS

A summary of the School's fixed assets at June 30, 2002, follows:

Leasehold Improvements	\$ 23,658
Vehicles/Equipment	78,998
Subtotal	102,656
Less: Accumulated Depreciation	<u>(30,328</u> )
Net Fixed Assets	\$ <u>72,328</u>

#### 8. RISK MANAGEMENT

**Property and liability** – The School is exposed to various risks of loss related to torts; theft or damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal year 2002, the School contracted with Cincinnati Insurance Company for business personal property, director and officer liability, and general liability insurance. Business personal property coverage carries a \$250 deductible and has a \$50,000 limit. Director and officer liability coverage is set at \$1,000,000 per loss with a \$1,000 deductible. General liability coverage provides \$1,000,000 per occurrence and \$2,000,000 in the aggregate with no deductible. The Cincinnati Insurance Company also provides umbrella liability coverage of \$1,000,000 per occurrence, as well as, in the aggregate. Business auto coverage is provided by the National Liability & Fire Insurance Company.

**Employee insurance benefits** – As part of the management agreement with the Institute of Charter School Management and Resources, Inc. (see note 11), insurance benefits for School employees are paid by the Institute through the monthly management fee established in the agreement.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2002 (Continued)

#### 9. DEFINED BENEFIT PENSION PLANS

#### A. School Employees Retirement System

The School contributes to the School Employees Retirement System of Ohio (SERS), a cost sharing multiple employer public employee retirement system administered by the School Employees Retirement System Board. SERS provides basic retirement benefits, disability, survivor, and health care benefits based on eligible service credit to members and beneficiaries. Authority to establish and amend benefits is provided by chapter 3309 of the Ohio Revised Code. SERS issues a publicly available financial report that includes financial statements and required supplementary information- for SERS. The report may be obtained by writing to the School Employees Retirement System, 45 North Fourth Street, Columbus, Ohio 43215-3684.

Plan members are required to contribute 9 percent of their annual covered salary and the School is required to contribute at an actuarially determined rate. The current rate is 14 percent of annual covered payroll. A portion of the School's contribution is used to fund pension obligations with the remainder being used to fund health care benefits; for the fiscal year 2002, 5.46 percent of annual covered salary was the portion used to fund pension obligations. The contribution requirements of plan members and employers are established and may be amended, up to statutory maximum amounts, by the SERS' Retirement Board. The School's required contributions for pension obligations to SERS for the fiscal years ended June 30, 2002, 2001 and 2000 were \$2,292, \$1,046, and \$577, respectively; 100 percent has been contributed for all fiscal years.

#### **B.** State Teachers Retirement System

The School contributes to the State Teachers Retirement System of Ohio (STRS), which is a cost-sharing, multiple-employer public employee retirement system. STRS provides retirement and disability benefits, annual cost-of living adjustments, and death and survivor benefits to members and beneficiaries. Benefits are established by Chapter 3307 of the Ohio Revised Code. STRS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information for STRS. That report may be obtained by writing to the State Teachers Retirement System, 275 East Broad Street, Columbus, Ohio 43215-3371.

For the fiscal year ended June 30, 2002, plan members were required to contribute 9.3 percent of their annual covered salaries. The School was required to contribute 14 percent; 9.5 percent was the portion used to fund pension obligations. Contribution rates are established by STRS, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. The School's required contributions for pension obligations to STRS for the fiscal years ended June 30, 2002, 2001, and 2000 were \$51,447, \$34,395, and \$11,093; 81 percent has been contributed for fiscal year 2002 and 100 percent for the fiscal years 2001 and 2000. \$14,764 representing the unpaid contribution for fiscal year 2002 is recorded as an intergovernmental payable.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2002 (Continued)

#### 10. POSTEMPLOYMENT BENEFITS

State Teachers Retirement System of Ohio (STRS Ohio) provides comprehensive healthcare benefits to retirees and their dependents. Coverage includes hospitalization, physicians' fees, prescription drugs, and partial reimbursement of monthly Medicare premiums. All benefit recipients and sponsored dependents are eligible for health care coverage. Pursuant to the Ohio Revised Code (R.C.), the State Teachers Retirement Board (the Board) has discretionary authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Most benefit recipients pay a portion of the health care cost in the form of a monthly premium. The R.C. grants authority to STRS Ohio to provide health care coverage to benefit recipients, spouses and dependents.

By Ohio law, the cost of coverage paid from STRS funds shall be included in the employer contribution rate, currently 14 percent of covered payroll.

The Retirement Board allocates employer contributions to the Health Care Reserve Fund from which health care benefits are paid. For fiscal year ended June 30, 2002, the Board allocated employer contributions equal to 4.5 percent of covered payroll to the Health Care Reserve Fund. The balance in the Health Care Reserve Fund was \$3.256 billion on June 30, 2001. For the School, this amount equaled \$24,370 during the 2002 fiscal year.

For the year ended June 30, 2001, net health care costs paid by STRS Ohio were \$300,772,000. There were 102,132 eligible benefit recipients.

For SERS, the Ohio Revised Code gives the discretionary authority to provide postretirement health care to retirees and their dependents. Coverage is made available to service retirees with ten or more years of qualifying service credit, disability and survivor benefit recipients. Members retiring on or after August 1, 1989, with less than twenty-five years of service credit must pay a portion of their premium for health care. The portion is based on years of service up to a maximum of 75 percent of the premium.

After the allocation for basic benefits, the remainder of the employer's 14 percent contribution is allocated to providing health care benefits. For the fiscal year ended June 30, 2002, the allocation rate is 8.54 percent. In addition, SERS levies a surcharge to fund health care benefits equal to 14 percent of the difference between a minimum pay and the member's pay, pro-rated for partial service credit. For fiscal year 2002, the minimum pay has been established at \$12,400. For the School, the amount to fund health care benefits, including the surcharge, was \$3,585 for fiscal year 2002.

The surcharge, added to the unallocated portion of the 14 percent employer contribution rate, provides for maintenance of the asset target level for the health care fund. The target level for the health care reserve is 150 percent of annual health care expenses. Expenses for health care at June 30, 2001, were \$161,439,934 and the target level was \$242.2 million. At June 30, 2001, the Retirement System's net assets available for payment of health care benefits of \$315.7 million. The number of benefit recipients currently receiving heath care benefits is approximately 50,000.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2002 (Continued)

### 11. AGREEMENTS WITH INSTITUTE OF CHARTER SCHOOL MANAGEMENT AND RESOURCES, INC.

The School entered into a five-year Management Agreement with the Institute of Charter School Management and Resources, Inc. (ICSMR), which is an education consulting and management company.

The Management Agreement's term coincides with the school's charter agreement and provides that ICSMR will perform functions reasonably required to manage the operation of the School; ensure students receive services which are in accordance with applicable educational standards; make every effort to ensure the School complies with the requirements of any applicable statute, ordinance, law, rule, regulation or order of any governmental or regulatory body having jurisdiction; acquire all necessary licenses and permits; maintain all student and financial records required by federal, state and local laws and regulations, as well as, protecting the confidentiality of those records; act as the School's agent in making deposits and disbursements promptly; provide for all expenses of operating the School, including lease payments for the school building, equipment and operating supplies needed in the operation of the School, from its management fee; be responsible for hiring qualified teachers and other employees of the School, as well as, dismissal of such employees. However, the School will be responsible for the compensation of the employees.

ICSMR receives a monthly management fee of 10% of the total operating revenues of the School from all sources excluding extraordinary items. ICSMR charges the School for any expenses it incurs on behalf of the School in order to provide District wide services. These expenses may include but are not limited to District wide management services provided by ICSMR employees in the area of instruction, transportation, financial, and general business management and development, as well as, district wide purchase of textbooks and supplies. During fiscal year 2002, the School paid ICSMR a total of \$400,474, of which \$106,630 was for management fees.

#### 12. CONTINGENCIES:

#### A. Grants

Amounts received from grantor agencies are subject to audit and adjustment by the grantor. Any disallowed costs may require refunding to the grantor. Amounts, which may be disallowed, if any, are not presently determinable. However, in the opinion of the School, any such disallowed claims will not have a material adverse effect on the financial position of the School.

#### B. State funding

The Ohio Department of Education conducts reviews of enrollment data and FTE calculations made by the schools. These reviews are conducted to ensure the schools are reporting accurate student enrollment data to the State, upon which state foundation funding is calculated. The conclusions of this review could result in state funding being adjusted. This information was not available as of the date of this report. The School does not anticipate any material adjustments to state funding for fiscal year 2003, as a result of such a review.

#### C. Litigation

A suit was filed in Franklin County Common Pleas Court on May 14, 2001, alleging that Ohio's Community (i.e., Charter) Schools program violates the state Constitution and state laws. The effect of this suit, if any, on the School is not presently determinable.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2002 (Continued)

#### 13. STATE SCHOOL FUNDING DECISION

On December 11, 2002, the Ohio Supreme Court issued its latest opinion regarding the State's school funding plan. The decision reaffirmed earlier decisions that Ohio's current school-funding plan is unconstitutional.

The Supreme Court relinquished jurisdiction over the case and directed"...the Ohio General Assembly to enact a school-funding scheme that is thorough and efficient...". The School District is currently unable to determine what effect, if any, this decision will have on its future State funding and its financial operations.

#### 14. OPERATING LEASE

The School leases its facilities from St. Mary Development Corporation under a renewable five-year lease agreement beginning August 25, 1999 through August 24, 2005. Rent for fiscal year 2002 totaled \$66,051. The terms of the lease are not expected to change during fiscal year 2003.

#### 15. RELATED PARTIES:

The Board, Chief Executive Officer, and Chief Fiscal Officer of Richard Allen Academy Community School serve in the same capacity for Richard Allen Preparatory Community School. The Chief Executive Officer and Chief Fiscal Officer are also employees of the Institute of Charter School Management and Resources, the management company for both Richard Allen Academy and Richard Allen Preparatory.

Also, during fiscal year 2002, the School loaned the Institute of Charter School Management and Resources \$35,000 for purposes of cash flow. Prior to the end of the fiscal year, the Institute of Charter School Management and Resources repaid this loan.

#### 16. OTHER PURCHASED SERVICES

During the year ended June 30, 2002, other purchased service expenses for services rendered by various vendors were as follows:

Professional and technical services	\$ 149,001
Communications	6,073
Pupil transportation	4,852
Public relations and advertising	4,532
Property services	2,645
Other	2,631
	\$ 169,734

### REPORT OF INDEPENDENT ACCOUNTANTS ON COMPLIANCE AND ON INTERNAL CONTROL REQUIRED BY GOVERNMENT AUDITING STANDARDS

Richard Allen Academy Community School Montgomery County 700 Heck Avenue Dayton, Ohio 45408

#### To the Board of Trustees:

We have audited the financial statements of Richard Allen Academy Community School, Montgomery County, (the School), as of and for the year ended June 30, 2002, and have issued our report thereon dated November 7, 2002. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

#### Compliance

As part of obtaining reasonable assurance about whether the School's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance that is required to be reported under *Government Auditing Standards* which is described in the accompanying schedule of findings as item 2002-10357-001. We also noted certain immaterial instances of noncompliance that we have reported to management of the School in a separate letter dated November 7, 2002.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the School's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. However, we noted a matter involving the internal control over financial reporting that does not require inclusion in this report, that we have reported to management of the School in a separate letter dated November 7, 2002.

#### SCHEDULE OF FINDINGS FOR THE YEAR ENDED JUNE 30, 2002

### FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

#### **FINDING NUMBER 2002-10357-001**

Richard Allen Academy School entered into a lease agreement with IOS Capital for three Cannon 550 Image Runner copiers on September 5, 2000. One of the leased copiers was in service at the Richard Allen Preparatory School during the year ended June 30, 2002. The payments associated with the copier in use at Richard Allen Preparatory School totaled \$4,417 for the 2002 fiscal year. In addition, another of the copiers was in service at the West Park Academy School during the year ended June 30, 2002. The payments associated with the copier in use at West Park Academy totaled \$4,417 for the 2002 fiscal year. The payment for these copiers did not serve any purpose of Richard Allen Academy School.

In accordance with the forgoing facts, and pursuant to Ohio Rev. Code Section 117.28, a Finding for Recovery for public money illegally expended is issued against Richard Allen Preparatory School and West Park Academy in favor of Richard Allen Academy in the amount of \$4,417 each.

The Institute of Charter School Management and Resources is the management company for all three schools and on October 28, 2002, on behalf of Richard Allen Preparatory School and West Park Academy paid Richard Allen Academy \$8,834 for their copier usage during the 2002 fiscal year. As a result, we consider this a finding for recovery repaid under audit.

#### SCHEDULE OF PRIOR AUDIT FINDINGS FOR YEAR ENDED JUNE 30, 2002

Finding Number	Finding Summary	Fully Corrected?	Not Corrected, Partially Corrected; Significantly Different Corrective Action Taken; or Finding No Longer Valid; <i>Explain</i> :
