We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

### NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2002

#### NOTE 1 - DESCRIPTION OF THE SCHOOL AND REPORTING ENTITY

Summit Academy Community School for Alternative Learners-Canton, Inc., located in Stark County, (the School) is a state nonprofit corporation established pursuant to Ohio Revised Code Sections 3314 and 1702. The School provides educational, literary, scientific, and related teaching services for "at-risk" children with the symptoms of Attention Deficit Disorder (ADD) and Attention Deficit Hyperactivity Disorder (ADHD). The School, which is part of the State's education program, is independent of any public school district. The School may sue and be sued, acquire facilities as needed, and contract for any services necessary for the operation of the School.

As further described in Note 10 to the financial statements, the School has entered into a contract with Summit Academy Management, Inc. (SAM) on January 1, 2001, to employ and facilitate the day-to-day management of the School. Three of the founding members of the School serve on the Board of Directors of SAM. SAM is a legally separate 501(c)3 corporation and the results of SAM's operations are not reflected in these financial statements. SAM also manages the day-to-day activities of Summit Academy Community School for Alternative Learners – Parma, Inc., Summit Academy Community School for Alternative Learners – Lorain, Inc., Summit Academy Community School for Alternative Learners – Xenia, Inc., Summit Academy Community School for Alternative Learners – Middletown, Inc., Summit Academy Community School for Alternative Learners – Youngstown, Inc., and Summit Academy for the Creative Arts, Inc. These schools, which also have three common board members, are legally separate corporations and the results of their operations are not included in these financial statements.

On November 5, 2002, the School was granted its 501(c)(3) tax exempt status under the Internal Revenue Code. Management is not aware of any events that might adversely affect the School's tax-exempt status.

The School was approved for operation under a contract with the Ohio Department of Education (Sponsor) for a period of five years commencing with fiscal year ended June 30, 2001. The School operates under a self-appointing Board of Trustees (the Board). The School's Code of Regulations specify that vacancies that arise on the Board are filled by the appointment of a successor trustee by a majority vote of the then-existing trustees. The Board is responsible for carrying out the provisions of the contract with the Sponsor which includes, but is not limited to, state-mandated provisions regarding student population, curriculum, academic goals, performance standards, admission standards, and qualifications of teachers. The School has one instructional/support facility staffed by 10 non-certified and 7 certified full-time teaching personnel who provide services to 70 students. These individuals are employees of SAM and not of the School.

#### **NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the School have been prepared in conformity with generally accepted accounting principles as applied to governmental nonprofit organizations. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The School also applies Financial Accounting Standards Board statements and interpretations issued on or before November 30, 1989, provided they do not conflict with or contradict GASB pronouncements. The more significant of the School's accounting policies are described below.

## NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2002 (CONTINUED)

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### A. Basis of Presentation

Enterprise accounting is used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges or where it has been decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

#### B. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by its measurement focus. Enterprise accounting uses a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities are included on the Balance Sheet. Operating statements present increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. Basis of accounting refers to when revenues and expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made. The accrual basis of accounting is utilized for reporting purposes. Revenues are recognized when they are earned, and expenses are recognized when they are incurred.

#### C. Budgetary Process

Unlike traditional public schools located in the State of Ohio, community schools are not required to follow budgetary provisions set forth in Ohio Rev. Code Section 5705, unless specifically provided in the School's contract with its sponsor. The contract between the School and its Sponsor requires a detailed school budget for each year of the contract; however, the budget does not have to follow the provisions of Ohio Rev. Code Section 5705.

#### D. Cash

Cash received by the School is maintained in a demand deposit account.

For purposes of the Statement of Cash Flows and for presentation on the Balance Sheet, investments with an original maturity of three months or less at the time they are purchased are considered to be cash equivalents.

#### E. Fixed Assets and Depreciation

Prior to July 1, 2001, fixed assets were capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated fixed assets were recorded at their fair market value as of the date received. The School maintained a capitalization threshold of \$500. The School does not possess any infrastructure nor does it capitalize interest expense.

Improvements are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are expensed.

# NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2002 (CONTINUED)

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Depreciation of furniture, fixtures and equipment is computed using the straight-line method over the estimated useful lives of 5 to 10 years. Leasehold improvements are depreciated over an estimated useful life of 40 years.

As of July 1, 2001, all new fixed assets used by the School belong to SAM, as further described in Note 10.

#### F. Intergovernmental Revenues

The School currently participates in the State Foundation Program through the Ohio Department of Education. Revenue from this program is recognized as operating revenues in the accounting period in which all eligibility requirements have been met.

The School also participates in the Federal Charter School Grant Program through the Ohio Department of Education. Under this program, the School was eligible to receive \$290,000 over three years in order to offset start-up costs of the School. The School received \$150,000 during fiscal year 2002, for a total of \$290,000 received to date. Grants and entitlements are also recognized as non-operating revenues in the accounting period in which all eligibility requirements have been met.

Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the School must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the School on a reimbursement basis.

#### G. Accrued Liabilities

Accrued liabilities consists of amounts payable to SAM for unremitted revenues in accordance with the School's management contract which is further described in Note 10.

#### H. Use of Estimates

In preparing the financial statements, management is sometimes required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### **NOTE 3 - DEPOSITS**

At June 30, 2002, the carrying amount of the School's deposits was \$492, and the bank balance was \$2,563. All of the bank balance was covered by federal depository insurance.

#### **NOTE 8 - DEFINED BENEFIT PENSION PLANS**

The School has contracted with SAM to provide teaching and administrative personnel who are employees of SAM. However, the School is still responsible for monitoring and ensuring that pension contributions are made by SAM. The retirement systems consider the School as the Employer-of-Record and the School is ultimately responsible for remitting retirement contributions to each of the systems noted below.

#### A. SCHOOL EMPLOYEES RETIREMENT SYSTEM

On behalf of the School, SAM contributes to the School Employees Retirement System of Ohio (SERS), a cost-sharing multiple-employer public employee retirement system administered by the School Employees Retirement Board. SERS provides basic retirement benefits, annual cost-of-living adjustments, disability, survivor, and health care benefits based on eligible service credit to members and beneficiaries. Benefits are established by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand alone financial report that includes financial statements and required supplementary information for SERS. The report may be obtained by writing to the School Employees Retirement System, 300 East Broad Street, Columbus, Ohio 43215-3746.

Plan members are required to contribute 9% of their annual covered salary and the School is required to contribute at an actuarially determined rate. The current rate is 14% of annual covered payroll. A portion of the School's contribution is used to fund pension obligations with the remainder being used to fund health care benefits; for fiscal year 2002, 5.46% of annual covered salary was the portion used to fund pension obligations. For the fiscal year 2001, 4.2% was used to fund pension obligations. The contribution requirements of plan members and employers are established and may be amended up to a statutory maximum amount, by the SERS Retirement Board. SAM's required contributions for pension obligations to SERS for the year ended June 30, 2002 was \$12,749.

#### B. STATE TEACHERS RETIREMENT SYSTEM

On behalf of the School, SAM also contributes to the State Teachers Retirement System of Ohio (STRS), a cost-sharing multiple-employer public employee retirement system. STRS provides retirement and disability benefits, annual cost-of-living adjustments, disability, and death and survivor benefits to members and beneficiaries. Benefits are established by Chapter 3307 of the Ohio Revised Code. STRS issues a publicly available, stand alone financial report that includes financial statements and required supplementary information for STRS. The report may be obtained by writing to the State Teachers Retirement System, 275 East Broad Street, Columbus, Ohio 43215-3746.

For the fiscal year ended June 30, 2002, plan members are required to contribute 9.3% of their annual covered salaries. SAM was required to contribute 14%; 9.5% was the portion used to fund pension obligations. Contribution rates are established by STRS, upon recommendation of its consulting actuary, not to exceed statutory maximum rates of 10% for members and 14% for employers. SAM's required contributions for pension obligations to STRS for the year ended June 30, 2002 was \$24,131.

## NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2002 (CONTINUED)

#### **NOTE 9 - POST EMPLOYMENT BENEFITS**

On behalf of the School, SAM provides comprehensive health care benefits to retired teachers and their dependents through the State Teachers Retirement System (STRS), and to retired classified employees and their dependents through the State Employees Retirement System (SERS). Benefits include hospitalization, physicians' fees, prescription drugs, and reimbursement of monthly Medicare premiums. Benefit provisions and the obligations to contribute are established by the Systems based on authority granted by State statute. Both systems are funded on a pay-as-you-go basis.

The State Teachers Retirement Board has statutory authority over how much, if any, of the health care costs will be absorbed by STRS. Most benefit recipients pay a portion of the health care cost in the form of a monthly premium. By Ohio law, the cost of coverage paid from STRS funds shall be included in the employer contribution rate, currently 14% of covered payroll. For the year ended June 30, 2002, the STRS Board allocated employer contributions equal to 4.5% of covered payroll to the Health Care Reserve Fund. For SAM, this amount equaled \$11,431 during the 2002 fiscal year.

STRS pays heal care benefits from the Health Care Reserve Fund. The balance in the Fund was \$3.256 million at June 30, 2001 (the latest information available). For the year ended June 30, 2001, net health care costs paid by STRS were \$300,772,000 and STRS had 102,132 eligible benefit recipients.

For SERS, coverage was made available to service retirees with 10 or more fiscal years of qualifying service credit, disability, and survivor benefit recipients. Members retiring on or after August 1, 1989, with less then 25 years of service credit must pay a portion of their premium for health care. The portion is based on years of service up to a maximum of 75% of the premium.

For fiscal year 2002, employer contributions to fund health care benefits were 8.54% of the covered payroll. For fiscal year 2001, 9.8% was used to fund health care benefits. In addition, SERS levies a surcharge to fund health care benefits equal to 14% of the difference between a minimum pay and member's pay, pro-rated for partial credit. For fiscal year 2002, the minimum pay was established at \$12,400. The surcharge, added to the unallocated portion of the 14% employer contribution rate, provides for maintenance of the asset target level for he health care fund. The target level for the health care reserve is 150% of annual health care expenses. Expenses for health care at June 30, 2001 (the latest information available), were \$161,439,934 and the target level was \$242.2 million.

At June 30, 2001, SERS had net assets available for payment of health care benefits of \$315.7 million. SERS has approximately 50,000 participants currently receiving health care benefits. For SAM, the amount to fund health care benefits, including surcharge equaled \$19,997 during the 2002 fiscal year.

During the fiscal year, SAM paid off a demand note payable due to Academy Management Company, Inc. (AMC) on behalf of the School. #### NOTE 11 - TRANSACTIONS WITH RELATED PARTIES (Continued)

In a prior year, the School entered into a capitalized lease agreement for a copier. This lease meets the criteria of a capital lease as defined by Statement of Financial Accounting Standards No. 13, "Accounting for Leases", which defines a capital lease generally as one which transfers benefits and risks of ownership to the lessee. The capital lease has been recorded at the present value of the future minimum lease payments as of the inception date of the lease (\$17,402). The following is a schedule of the future minimum lease payments as of June 30, 2002. During the fiscal year, SAM paid \$4,968 for this lease agreement.

Year Ending June 30	Copier
2003	\$ 4,968
2004	4,968
2005	4,968
2006	413
Total future minimum lease payments	 15,317
Less: Amount representing interest	 (3,113)
Present value of future minimum lease payments	\$ 12,204

#### B. Notes Receivable

During fiscal year 2001, the School loaned money to Summit Academy for Alternative Learners, Inc. in the amount of \$20,000. The related note is due on demand and bears interest at 6.8%.

#### C. Rental Agreements

In a prior year, the School entered into a lease agreement for a portion of a building. This lease included an option to purchase the building for \$562,500, which SAM exercised in October 2002. During the year ended June 30, 2002, the School paid SAM \$94,386 as occupancy costs for this facility.

#### D. Risk Management

The School is exposed to various risks of loss related to torts; theft or damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal year 2002, SAM contracted with a commercial insurance company for property and general liability insurance on behalf of the School. Property coverage carries a \$1,000 deductible and has a \$1,342,500 limit. General liability coverage provides \$1,000,000 per occurrence and \$2,000,000 in the aggregate with a \$1,000 deductible.

# NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2002 (CONTINUED)

#### NOTE 11 - TRANSACTIONS WITH RELATED PARTIES (Continued)

#### E. Benefits

SAM has contracted with a private carrier to medical/surgical benefits. SAM pays 75% of the monthly premium for full-time employees and 50% for part-time employees. The employees are responsible for the remaining amounts. For fiscal year 2002, SAM's and the employees' monthly premiums varied depending on family size and the ages of those covered.

SAM also contributed to the School Employees Retirement System of Ohio (SERS) and the State Teachers Retirement System of Ohio (STRS) for its employees working within the School.

#### **NOTE 12 - CONTINGENCIES**

**GRANTS** – The School received financial assistance from federal and state agencies in the form of grants, which was then turned over to SAM. The disbursement of funds received under these programs require compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the School at June 30, 2002.

**LITIGATION** – A suit was filed in Franklin County Common Pleas Court on May 14, 2001, alleging that Ohio's Community (i.e., Charter) Schools program violates the state Constitution and state laws. The effect of this suit, if any, on the School is not presently determinable.

#### **NOTE 13 - STATE SCHOOL FUNDING DECISION**

On December 11, 2002, the Ohio Supreme Court issued its latest opinion regarding the State's school funding plan. The decision reaffirmed earlier decisions that Ohio's current school-funding plan is unconstitutional.

The Supreme Court relinquished jurisdiction over the case and directed "...the Ohio General Assembly to enact a school-funding scheme that is thorough and efficient...". The School is currently unable to determine what effect, if any, this decision will have on its future State funding and its financial operations.

#### **NOTE 14 – SUBSEQUENT EVENT**

The Ohio Department of Education conducts reviews of enrollment data and full-time equivalency (FTE) calculations made by the schools. These reviews are conducted to ensure the schools are reporting accurate student enrollment data to the State, upon which state foundation funding is calculated. The review resulted in an overpayment to the School in the amount of \$10,012 and is reflected as deferred revenue. This amount will be repaid through the reduction of future foundation payments.

### REPORT OF INDEPENDENT ACCOUNTANTS ON COMPLIANCE AND ON INTERNAL CONTROL REQUIRED BY GOVERNMENT AUDITING STANDARDS

Summit Academy Community School for Alternative Learners - Canton, Inc. Stark County
1111 West Market Street
Akron, Ohio 44313

To the Board of Trustees:

We have audited the financial statements of Summit Academy Community School for Alternative Learners - Canton, Inc., Stark County, Ohio, (the School) as of and for the year ended June 30, 2002, and have issued our report thereon dated February 13, 2003. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

#### Compliance

As part of obtaining reasonable assurance about whether the School's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance that are required to be reported under *Government Auditing Standards*. However, we noted immaterial instances of noncompliance that do not require inclusion in this report, that we have reported to management of the School in a separate letter dated February 13, 2003.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the School's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. However, we noted other matters involving the internal control over financial reporting that do not require inclusion in this report, that we have reported to management of the School in a separate letter dated February 13, 2003.
