INDEPENDENT ACCOUNTANTS' REPORT

Village of Senecaville Guernsey County 201 High Street, Rear P.O. Box 5 Senecaville, Ohio 43780

To the Village Council:

We have audited the accompanying financial statements of the Village of Senecaville, Guernsey County, Ohio (the Village), as of and for the years ended December 31, 2002 and 2001. These financial statements are the responsibility of the Village's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the Village prepares its financial statements on the basis of accounting prescribed or permitted by the Auditor of State, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the combined fund cash balances and reserves for encumbrances of the Village of Senecaville, Guernsey County, as of December 31, 2002 and 2001, and its combined cash receipts and disbursements for the years then ended on the basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued our report dated March 13, 2003 on our consideration of the Village's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2002 AND 2001

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of the Entity

The Village of Senecaville, Guernsey County (the Village), is a body corporate and politic established to exercise the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The Village is directed by a publicly-elected six-member Council. The Village provides sewer utilities, fire and police services.

The Village's management believes these financial statements present all activities for which the Village is financially accountable.

B. Basis of Accounting

These financial statements follow the basis of accounting prescribed or permitted by the Auditor of State, which is similar to the cash receipts and disbursements basis of accounting. Receipts are recognized when received in cash rather than when earned, and disbursements are recognized when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as prescribed or permitted by the Auditor of State.

C. Fund Accounting

The Village uses fund accounting to segregate cash and investments that are restricted as to use. The Village classifies its funds into the following types:

1. General Fund

The General Fund is the general operating fund. It is used to account for all financial resources except those required to be accounted for in another fund.

2. Special Revenue Funds

These funds are used to account for proceeds from specific sources (other than from trusts or for capital projects) that are restricted to expenditure for specific purposes. The Village had the following significant Special Revenue Funds:

Street Construction, Maintenance and Repair Fund - This fund receives gasoline tax and motor vehicle tax money for constructing, maintaining and repairing Village streets.

Fire Fund – This fund receives fire levy monies to be used by the volunteer fire department for fire protection services of the Village.

Police Fund – This fund receives tax money and fines for providing police protection for the Village.

3. Debt Service Fund

These funds are used to accumulate resources for the payment of bonds and note indebtedness. The Village had the following significant Debt Service Fund:

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Fund Accounting (Continued)

3. Debt Service Fund (Continued)

Special Assessment Debt Service Fund – This fund receives special assessment monies for the repayment of debt related to sewer engineering costs.

4. Capital Project Fund

These funds are used to account for receipts that are restricted for the acquisition or construction of major capital projects (except those financed through enterprise or trust funds). The Village had the following significant Capital Project Fund:

Sewer Construction Fund – This fund receives grant revenue and bond proceeds to finance the construction of the Village sewer.

5. Enterprise Fund

These funds account for operations that are similar to private business enterprises where management intends that the significant costs of providing certain goods or services will be recovered through user charges. The Village had the following significant Enterprise Fund:

Sewer Operating Fund - This fund receives charges for services from residents to cover the cost of providing this utility.

D. Budgetary Process

The Ohio Revised Code requires that each fund be budgeted annually.

1. Appropriations

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function or object level of control, and appropriations may not exceed estimated resources. The Council must annually approve appropriation measures and subsequent amendments. The County Budget Commission must also approve the annual appropriation measure. Unencumbered appropriations lapse at year end.

2. Estimated Resources

Estimated resources include estimates of cash to be received (budgeted receipts) plus unencumbered cash as of January 1. The County Budget Commission must also approve estimated resources.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2002 AND 2001 (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Budgetary Process (Continued)

3. Encumbrances

The Ohio Revised Code requires the Village to reserve (encumber) appropriations when commitments are made. Encumbrances outstanding at year end are carried over, and need not be reappropriated.

A summary of 2002 and 2001 budgetary activity appears in Note 3.

E. Property, Plant and Equipment

Acquisitions of property, plant and equipment are recorded as disbursements when paid. These items are not reflected as assets on the accompanying financial statements.

2. EQUITY IN POOLED CASH

The Village maintains a cash pool used by all funds. The Ohio Revised Code prescribes allowable deposits and investments. The carrying amount of cash at December 31 was as follows:

	2002	2001
Demand deposits	\$501,817	\$438,011
Total deposits	501,817	438,011

Deposits: Deposits are either insured by the Federal Deposit Insurance Corporation, or collateralized by the financial institution's public entity deposit pool.

3. BUDGETARY ACTIVITY

Budgetary activity for the years ending December 31, 2002 and 2001 follows:

2002 Budgeted vs. Actual Receipts						
	Budgeted Actual					
Fund Type	Receipts	Receipts	Variance

Total	\$863,170	\$203,070	\$660,100

Contrary to Ohio law, budgetary expenditures exceeded appropriation authority in the Sewer Construction fund by \$1,006,571 for the year ended December 31, 2002. Also contrary to Ohio law, at December 31, 2001, appropriations exceeded estimated resources in the Sewer Construction fund by \$295,618.

4. PROPERTY TAX

Real property taxes become a lien on January 1 preceding the October 1 date for which rates are adopted by Village Council. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable homestead and rollback deductions. Homestead and rollback amounts are then paid by the State, and are reflected in the accompanying financial statements as Intergovernmental Receipts. Payments are due to the County by December 31. If the property owner elects to make semiannual payments, the first half is due December 31. The second half payment is due the following June 20.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2002 AND 2001 (Continued)

4. PROPERTY TAX (Continued)

Tangible personal property tax is assessed by the property owners, who must file a list of such property to the County by each April 30.

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the Village.

5. DEBT

Debt outstanding at December 31, 2002 was as follows:

	Principal	Interest Rate
Ohio Water Development Authority Loan	\$329,992	2.20%
Ohio Public Works Commission Loan	225,714	0.00%
Sanitary Sewer Mortgage Revenue Bonds	864,000	4.50%
Total	\$1,419,706	

The Ohio Water Development Authority (OWDA) loan relates to a sewer construction project for the creation of the Village sewer system. The loan will be repaid in semiannual installments of \$14,193.22, including interest, over 20 years. The Village has agreed to set special assessments sufficient to cover OWDA debt service requirements.

The Sanitary Sewer System Mortgage Revenue Bonds relate to the construction of the Village sewer system. The Village will begin repayment of the loan in June 2003. The bonds are secured by the revenues generated by the sewer system and a mortgage upon sewer system. The Village has agreed to set sewer rates sufficient to cover the debt service requirements.

The Ohio Public Works Commission loan related to the construction of the Village sewer system. The loan will be repaid in semi-annual installments of \$5,787.54, over 20 years. The loan is collateralized by sewer receipts. The Village has agreed to set sewer rates sufficient to cover the debt service requirements.

As required by the mortgage revenue bond covenant, the Village has established and funded a "Sewer Debt Sinking Fund", "Sewer Debt Reserve Fund" and a "Sewer Surplus Fund".

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2002 AND 2001 (Continued)

5. DEBT (Continued)

Amortization of the above debt, including interest, is scheduled as follows:

			Sanitary Sewer
			System Mortgage
	OWDA Loan	OPWC Loan	Revenue Bonds
Year ending December 31:			
2003	\$28,386	\$11,576	\$36,396

2038-2042			239,296
Total	\$383,215	\$225,714	\$1,894,222

6. RETIREMENT SYSTEMS

The Village's full-time employees belong to the Public Employees Retirement System (PERS) of Ohio. PERS is a cost-sharing, multiple-employer plan. This plan provides retirement benefits, including postretirement healthcare, and survivor and disability benefits to participants as prescribed by the Ohio Revised Code.

Contribution rates are also prescribed by the Ohio Revised Code. For 2002 and 2001, PERS members contributed 8.5% of their wages. The Village contributed an amount equal to 13.55% of participants' gross salaries. The Village has paid all contributions required through December 31, 2002.

7. RISK MANAGEMENT

Commercial Insurance

The Village has obtained commercial insurance for the following risks:

- Comprehensive property and general liability;
- Vehicles; and
- Errors and omissions.

INDEPENDENT ACCOUNTANTS'REPORT ON COMPLIANCE AND ON INTERNAL CONTROL REQUIRED BY GOVERNMENT AUDITING STANDARDS

Village of Senecaville Guernsey County 201 High Street, Rear P.O. Box 5 Senecaville, Ohio 43780

To the Village Council:

We have audited the accompanying financial statements of the Village of Senecaville, Guernsey County, Ohio (the Village), as of and for the years ended December 31, 2002 and 2001, and have issued our report thereon dated March 13, 2003. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Village's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance that are required to be reported under *Government Auditing Standards*, which are described in the accompanying Schedule of Findings as items 2002-31030-001 through 2002-31030-004. We also noted certain immaterial instances of noncompliance that we have reported to management of the Village in a separate letter dated March 13, 2003.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Village's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. However, we noted other matters involving the internal control over financial reporting that do not require inclusion in this report, that we have reported to management of the Village in a separate letter dated March 13, 2003.

SCHEDULE OF FINDINGS DECEMBER 31, 2002 AND 2001

FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

FINDING NUMBER 2002-31030-001

Noncompliance Citation

Ohio Rev. Code Section 5705.36 allows subdivisions to request increased amended certificates of estimated resources and reduced amended certificates upon determination by the fiscal officer that revenues to be collected will be greater or less than the amount in the official certificate of estimated resources. An increased amended certificate must be obtained from the budget commission if the legislative authority intends to appropriate and expend the excess revenue. A reduced amended certificate must be obtained if the amount of the deficiency will reduce available resources below the current level of appropriation.

The Village did not obtain an increased amended certificate of estimated resources when they appropriated monies in the Sewer Construction Fund. The Village did not include the Sewer Construction Fund in its amended certificate. They did appropriate \$295,618 in this fund. Actual receipts in this fund were \$39,617 of which \$38,660 was expended.

We recommend the Village obtain amended certificates of estimated resources when they intend to appropriate and expend the monies. We also recommend the Village monitor estimated resources and actual resources in order to ensure the available resources are not reduced below the current level of appropriation.

FINDING NUMBER 2002-31030-002

Noncompliance Citation

Ohio Rev. Code Section 5705.39 states in part that the total appropriation from each fund shall not exceed the total estimated revenue.

In 2001, appropriations exceeded estimated resources in the Sewer Construction Fund. There were no estimated resources in this fund, however, appropriations were \$295,618. The Village had actually received \$39,617 of which \$38,660 was expended. In 2002, appropriations exceeded estimated resources in the Debt Service Reserve Fund. There was \$9,600 in estimated resources in this fund. Appropriations were \$35,000 in this fund for 2002.

We recommend the Clerk amend the certificate of estimated resources or modify total appropriations with Council and the County Budget Commission whenever appropriations exceed estimated resources.
