INDEPENDENT ACCOUNTANTS' REPORT

Village of Willshire Van Wert County 323 State Street P.O. Box 110 Willshire, Ohio 45898-0110

To the Village Council:

We have audited the accompanying financial statements of the Village of Willshire, Van Wert County (the Village), as of and for the years ended December 31, 2002 and December 31, 2001. These financial statements are the responsibility of the Village's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the Village prepares its financial statements on the basis of accounting prescribed or permitted by the Auditor of State, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the combined fund cash balances of the Village as of December 31, 2002 and December 31, 2001, and its combined cash receipts and disbursements for the years then ended on the basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 4, 2003 on our consideration of the Village's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2002 AND 2001

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of the Entity

The Village of Willshire, Van Wert County, (the Village), is a body corporate and politic established to exercise the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The Village is directed by a publicly-elected six-member Council. The Village provides general governmental services, street maintenance and repair, water and sewer utilities, park operations, and fire protection services. The Village contracts with the Van Wert County Sheriff's department to provide security of persons and property. The Village appropriates general fund money to support a volunteer fire department.

The Village's management believes these financial statements present all activities for which the Village is financially accountable.

B. Basis of Accounting

These financial statements follow the basis of accounting prescribed or permitted by the Auditor of State, which is similar to the cash receipts and disbursements basis of accounting. Receipts are recognized when received in cash rather than when earned, and disbursements are recognized when paid rather than when a liability is incurred.

These statements include adequate disclosure of material matters, as prescribed or permitted by the Auditor of State.

C. Cash and Investments

Investments are reported as assets. Accordingly, purchases of investments are not recorded as disbursements, and sales of investments are not recorded as receipts. Gains or losses at the time of sale are recorded as receipts or disbursements, respectively.

Certificates of deposit are valued at cost.

D. Fund Accounting

The Village uses fund accounting to segregate cash and investments that are restricted as to use. The Village classifies its funds into the following types:

1. General Fund

The General Fund is the general operating fund. It is used to account for all financial resources except those required to be accounted for in another fund.

2. Special Revenue Fund

These funds are used to account for proceeds from specific sources (other than from trusts or for capital projects) that are restricted to expenditure for specific purposes. The Village had the following significant Special Revenue Funds:

Street Construction, Maintenance and Repair Fund - This fund receives gasoline tax and motor vehicle tax money for constructing, maintaining and repairing Village streets.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2002 AND 2001 (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fire Fund – This fund receives fire service contract revenue and transfers from the General Fund for maintaining equipment pertinent to providing fire protection services and for contracting emergency medical services.

Fire Special Fund – This fund receives donations from outside private sources for defraying the cost of unique and special equipment for the Fire Department.

3. Enterprise Funds

These funds account for operations that are similar to private business enterprises where management intends that the significant costs of providing certain goods or services will be recovered through user charges. The Village had the following significant Enterprise Funds:

Water Fund - This fund receives charges for services from residents to cover the cost of providing this utility.

Sewer Fund - This fund receives charges for services from residents to cover the cost of providing this utility.

4. Fiduciary Funds (Trust Funds)

Trust funds are used to account for resources restricted by legally binding trust agreements. If the agreement requires the Village to maintain the corpus of the trust, the fund is classified as a nonexpendable trust fund. Other trust funds are classified as expendable. The Village had the following significant fiduciary funds:

Mausoleum Repair Fund – This fund received a donation for the upkeep of the mausoleum at the cemetery.

Cemetery Bequests – The fund receives interest from fund investments. Proceeds are used to maintain grave sites. This fund is a nonexpendable trust fund.

E. Budgetary Process

The Ohio Revised Code requires that each fund be budgeted annually.

1. Appropriations

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function or object level of control and appropriations may not exceed estimated resources. The Council must annually approve appropriation measures and subsequent amendments. The County Budget Commission must also approve the annual appropriation measure. Appropriations lapse at year end.

2. Estimated Resources

Estimated resources include estimates of cash to be received (budgeted receipts) plus cash as of January 1. The County Budget Commission must also approve estimated resources.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2002 AND 2001 (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

3. Encumbrances

The Ohio Revised Code requires the Village to reserve (encumber) appropriations when commitments are made. The Village did not use the encumbrance method of accounting.

A summary of 2002 and 2001 budgetary activity appears in Note 4.

F. Property, Plant and Equipment

Acquisitions of property, plant and equipment are recorded as disbursements when paid. These items are not reflected as assets on the accompanying financial statements.

G. Accumulated Leave

In certain circumstances, such as upon leaving employment, employees are entitled to cash payments for unused leave. Unpaid leave is not reflected as a liability under the Village's basis of accounting.

2. RESTATEMENT OF FUND BALANCES

The Village approved transfers from the Water and Sewer funds to a Debt Service fund for the purpose of making debt payments, however, no debt payments were made from the Debt Service fund and this was not the proper allocation of water and sewer revenues as set forth in debt covenant(s). Therefore, an adjustment is required the Water, Sewer, and Debt Service funds to realign these funds which were improperly transferred.

The following table summarizes the changes to fund balances:

| Fund | Water | Sewer | Debt Service |
|--|----------|----------|--------------|
| Fund Balance, December 31, 2000 | \$ 6,891 | \$61,422 | \$31,860 |
| Reverse Transfers | 11,928 | 19,932 | (31,860) |
| Restated Fund Balance, January 1, 2001 | \$18,819 | \$81,354 | \$0 |

3. EQUITY IN POOLED CASH AND INVESTMENTS

The Village maintains a cash and investments pool used by all funds. The Ohio Revised Code prescribes allowable deposits and investments. The carrying amount of cash and investments at December 31 was as follows:

| | 2001 | 2002 |
|--------------------------------|-----------|-----------|
| Demand deposits | \$10,817 | \$8,256 |
| Certificates of deposit | 265,000 | 224,510 |
| Total deposits | 275,817 | 232,766 |
| Repurchase agreement | 6,592 | 0 |
| Total deposits and investments | \$282,409 | \$232,766 |

Deposits: Deposits are either (1) insured by the Federal Depository Insurance Corporation, (2) collateralized by the financial institution's public entity deposit pool.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2002 AND 2001 (Continued)

3. EQUITY IN POOLED CASH AND INVESTMENTS (Continued)

Investments: The Village had a Repurchase/Security Agreement with Community First Bank and Trust. This agreement allowed the financial institution to invest excess funds in a repurchase agreement account. The financial institution maintained a record identifying the Village as owner of these securities and was not evidenced by securities that exist in physical or book-entry form. In July 2002 the bank did not offer this type of investment.

Contrary to Ohio Rev. Code Section 5705.39, the Village appropriations for the following funds exceeded estimated resources during 2002 and 2001.

Appropriations exceeded the estimated resources for the following instances during 2002:

5. PROPERTY TAX

Real property taxes become a lien on January 1 preceding the October 1 date for which rates are adopted by Village Council. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable homestead and rollback deductions. Homestead and rollback amounts are then paid by the State, and are reflected in the accompanying financial statements as Intergovernmental Receipts. Payments are due to the County by December 31. If the property owner elects to make semiannual payments, the first half is due December 31. The second half payment is due the following June 20.

Public utilities are also taxed on personal and real property located within the Village.

Tangible personal property tax is assessed by the property owners, who must file a list of such property to the County by each April 30.

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the Village.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2002 AND 2001 (Continued)

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE AND ON INTERNAL CONTROL REQUIRED BY GOVERNMENT AUDITING STANDARDS

Village of Willshire Van Wert County 323 State Street PO Box 110 Willshire, OH 45898

To the Village Council:

We have audited the accompanying financial statements of the Village of Willshire, Van Wert County, (the Village), as of and for the years ended December 31, 2002 and December 31, 2001, and have issued our report thereon dated June 4, 2003. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Village's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance that are required to be reported under *Government Auditing Standards*, which are described in the accompanying schedule of findings as items 2002-001 to 2002-004. We also noted certain immaterial instances of noncompliance that we have reported to management of the Village in a separate letter dated June 4, 2003.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Village's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. However, we noted other matters involving the internal control over financial reporting that do not require inclusion in this report, that we have reported to management of the Village in a separate letter dated June 4, 2003.

SCHEDULE OF FINDINGS DECEMBER 31, 2002 AND 2001

FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

FINDING NUMBER 2002-001

Ohio Rev. Code 733.28 states the village clerk shall keep the books of the village, exhibit accurate statements of all moneys received and expended, of all the property owned by the village and the income derived therefrom, and of all taxes and assessments.

The Village did not account for all transactions on the books of the Village or the financial statements. The proceeds of debt issued for the purchase of the Village Hall was not recorded during 2001, in addition to the subsequent renewal and rollover of this note debt during 2001 and 2002. During 2001, this resulted in the failure to record \$58,979 for debt proceeds, \$29,900 for capital outlay expenses and \$29,079 for repayment of debt on the records of the Village. During 2002, this resulted in the failure to record \$26,296 in debt proceeds and repayment of debt. The Village also incorrectly recorded the monthly debt payments during 2001 and 2002 as capital outlay expenses rather than debt payments. The accompanying financial statements include adjustments to accurately report this financial activity of the Village.

The Village should record all transaction in the books of the Village. Reference can be made to the Village Officer's Handbook and AOS Bulletin 97-001 with regards to accounting for debt issuances and repayment.

FINDING NUMBER 2002-002

Ohio Rev. Code Section 5705.41(D) states that no subdivision shall make any contract or order any expenditure of money unless the certificate of the fiscal officer is attached. The fiscal officer must certify that he amount required to meet such a commitment has been lawfully appropriated and is in the treasury or in the process of collection to the credit of an appropriate fund free from any previous encumbrance. Further, contracts and orders for expenditures lacking prior certificate should be considered null and void. If no certificate is issued at the time the contract or order is entered into, the fiscal officer may later certify that there were funds properly appropriated and in the treasury or in the process of collection and such funds are free from previous encumbrance both at the time that contract or order was entered into and at the time of payment. After certifying this, the fiscal officer may proceed to pay for such order or contract. If the amount involved is over \$1,000, the taxing authority must approve of such payment within 30 days of the date of the fiscal officer's certification.

For 100% of the expenditures tested, the Village honored expenditures for which there was no certification from the fiscal officer. Council did not exercise the exception outlined above for any of these expenditures.

The Village should review Ohio Rev. Code Section 5705.41(D) and implement procedures for certification of funds.

Village of Willshire Van Wert County Schedule of Findings Page 2

FINDING NUMBER 2002-003

Ohio Rev. Code Sections 5705.14, 5705.15, and 5705.16, state that no transfer can be made from one fund of a subdivision to any other fund, subject to certain exceptions. Money may be transferred from the general fund to any other fund of the subdivision by resolution of the taxing authority. Except in the case of transfers from the general fund, transfers can be made only by resolution of the taxing authority passed with the affirmative vote of two thirds of the members. Transfers from the general fund require a resolution passed by a simple majority of the board members (i.e., a two thirds vote is not required for general fund transfers though a resolution is required). In addition to the transfers listed above, which are authorized in Ohio Rev. Code Section 5705.14, the taxing authority of any political subdivision, with the approval of the Tax Commissioner and of the Court of Common Pleas, may transfer from one fund to another any public funds under its supervision.

The Village made a transfer from the Fire Fund and Fire Special Fund to the Fire Truck Repair Fund in the amount of \$8,026 (representing 13.8% of total Special Revenue Fund type expenditures) which is not appropriate unless approved by the Tax Commissioner and Court of Common Pleas. This transfer was also not approved by Council.

The Village should review the Ohio Revised Code for proper transfers and have Council approve all transfers.

FINDING NUMBER 2002-004

Ohio Rev. Code Section 5705.39 states that the total appropriation from each fund should not exceed the total estimated revenue. No appropriation measure is to become effective until the county auditor files a certificate that the total appropriations from each fund do not exceed the total official estimate or amended official estimate.

Appropriations exceeded the estimated resources for the following instances during 2002:

| Fund | Estimated Resources | Appropriations | Variance |
|--------------------------|------------------------|----------------|-----------|
| Street Construction Fund | \$12,794 | \$22,600 | (\$9,806) |
| Tree Fund | 36,354 | 36,500 | (146) |
| Fire Fund | 12,830 | 26,320 | (13,490) |
| Water Fund | 93,633 | 157,000 | (63,367) |

Appropriations exceeded the estimated resources for the following instances during 2001:

| | Estimated | | |
|--------------------------|-----------|-----------------------|-----------|
| Fund | Resources | Appropriations | Variance |
| Street Construction Fund | \$21,840 | \$24,300 | (\$2,460) |
| Tree Fund | 1,338 | 2,500 | (1,162) |
| Fire Fund | 15,017 | 22,120 | (7,103) |
| Cemetery Fund | 0 | 5,500 | (5,500) |
| Water Fund | 115,948 | 157,440 | (41,492) |
| Water Construction Fund | 0 | 4,529 | (4,529) |

The Village should not appropriate more than the beginning balance of the fund plus the amounts estimated.
