REPORT OF INDEPENDENT ACCOUNTANTS

World of Wonder Accelerated Learning Community School Montgomery County 4411 Oakridge Drive Dayton, Ohio 45417

To the Governing Board:

We have audited the accompanying financial statements of the World of Wonder Accelerated Learning Community School, Montgomery County, (the School) as of and for the year ended June 30, 2002, as listed in the table of contents. These financial statements are the responsibility of the School's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the World of Wonder Accelerated Learning Community School, Montgomery County, as of June 30, 2002, and the results of its operations and the cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 21, 2002, on our consideration of the School's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

The accompanying schedule of federal awards expenditures is presented for additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the financial statements. We subjected this information to the auditing procedures applied in the audit of the financial statements. In our opinion, it is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

Jim Petro Auditor of State

October 21, 2002, except for Note 10, as to which the date is December 11, 2002.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2002

1. DESCRIPTION OF THE SCHOOL AND REPORTING ENTITY

The World of Wonder Accelerated Learning Community School is a nonprofit corporation established pursuant to Ohio Revised Code Chapters 3314 and 1702 to address the needs of students in grades K through 4. The School, which is part of the State's education program, is independent of any school district and is nonsectarian in its programs, admission policies, employment practices, and all other operations. The School may sue and be sued, acquire facilities as needed and contract for any services necessary for the operation of the school.

The School is a non-profit organization that has been determined by the Internal Revenue Service to be exempt from federal income taxes as a tax exempt organization under Section 501(c)(3) of the Internal Revenue Code. Management is not aware of any course of action or series of events that have occurred that might adversely affect the school's tax exempt status.

The School was approved for operation under contract with the Dayton City School District (the Sponsor) for a period of three years commencing July 1, 1999 with a five year extension through June 30, 2006. The extension was signed April, 2001. The Sponsor is responsible for evaluating the performance of the School and has the authority to deny renewal of the contract at its expiration or terminate the contract prior to its expiration. The school leases its building facilities from the sponsor and makes an annual lease payment of \$164,829. (See Note 11). The school has an agreement with the sponsor for the school's food service program. The sponsor administers the program and receives reimbursement directly from the Ohio Department of Education for the Nutrition Cluster Federal Program. These amounts have been recorded as on-behalf of receipts and payments in the accompanying financial statements.

The School operates under the direction of a six-member Governing Board. The Board is responsible for carrying out the provisions of the contract which include, but are not limited to statemandated provisions regarding student population, curriculum, academic goals, performance standards, admission standards, and qualifications of teachers. The Governing Board controls the Schools' two instructional/support facilities staffed by 6 non-certified and 25 certified full-time equivalent teaching personnel who provide instructional services to 298 students. A Principal/Business Manager and Treasurer handle administrative responsibilities.

The Governing Board has entered into a consultant contract with the University of Dayton to provide consulting services for teacher training and curriculum development. In exchange for its services, the University of Dayton receives a fee of \$21,850 annually.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the school have been prepared in conformity with generally accepted accounting principles as applied to governmental nonprofit organizations. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The School also applies Financial Accounting Standards Board statements and interpretations issued on or before November 30, 1989, provided they do not conflict with or contradict GASB pronouncements. The more significant of the School's accounting policies are described below.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2002 (Continued)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Presentation

Enterprise Accounting is used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that the costs (expenses, including depreciation) of providing goods or services to the general pubic on a continuing basis be financed or recovered primarily through user charges or where it has been decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

B. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by its measurement focus. Enterprise accounting uses a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities are included on the balance sheet. Operating statements present increases (e.g. revenues) and decreases (e.g. expenses) in net total assets.

Basis of accounting refers to when revenues and expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made.

The full accrual basis of accounting is used for reporting purposes. Revenues are recognized when they are earned, and expenses are recognized when they are incurred.

C. Budgetary Process

Unlike other public schools located in the State of Ohio, community schools are not required to follow budgetary provisions set forth in the Ohio Revised Code chapter 5705, unless specifically provided by the School's contract with its sponsor.

The contract agreement between the school and its sponsor, Dayton City School District, does not prescribe a budgetary process for the School. However, the Governing Board approves annual appropriations for the school and the contract agreement indicates that the school's treasurer and principal will compare budgeted income and expense to actual figures on an ongoing basis with comparison reports being reviewed by the Governing Board at least quarterly.

D. Cash and Cash Equivalents

All monies received by the School are maintained in a demand deposit account and two Certificates of Deposit. The Certificates of Deposit are non-participating investment contracts reported at cost. For purposes of the statement of cash flow and for presentation of the balance sheet, investments with an original maturity of three months or less at the time they are purchased by the school are considered to be cash equivalents. Investments with a maturity of more than three months are reported as investments.

E. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from these estimates.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2002 (Continued)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F. Fixed Assets and Depreciation

Fixed assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated fixed assets are recorded at their fair market values as of the dates received. The School maintains a capitalization threshold of five hundred dollars. The School does not possess any infrastructure. Improvements are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

Depreciation of furniture and equipment is computed using the straight-line method over an estimated useful life of five years. Improvements to fixed assets are depreciated over the remaining useful lives of the related fixed assets.

G. Intergovernmental Revenues

The School currently participates in the State Foundation Program, the State Disadvantaged Pupil Impact Aid (DPIA) Program and the State Special Education Program (through the State Foundation Program). Revenues received from these programs are recognized as operating revenues in the accounting period in which all eligibility requirements have been met. Grants and entitlements are recognized as non-operating revenues in the accounting period in which all eligibility requirements have been met.

Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the school must provide local resources to be used for specific purpose, and expenditure requirements, in which the resources are provided to the school on a reimbursement basis.

The school also participates in the Charter School Grant Program through the Ohio Department of Education. Under this program, World of Wonder was awarded \$200,000 during the 2002 Fiscal Year.

Amounts awarded under the above named programs for 2002 School Year totaled \$2,329,913.

H. Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the School will compensate the employees for the benefits through paid time off or some other means. The School records a liability for accumulated unused vacation time when earned for all employees.

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those the School has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employees' wage rates at fiscal year-end, taking into consideration any limits specified in the School's termination policy.

I. Accrued Liabilities

Obligations incurred but unpaid prior to June 30, 2002, are reported as accrued liabilities in the accompanying financial statements.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2002 (Continued)

3. DEPOSITS AND INVESTMENTS

The following information classifies deposits by category of risk as defined in GASB Statement No. 3 "Deposits with Financial Institutions, Investments (including Repurchase Agreements) and Reverse Repurchase Agreements."

Deposits: At fiscal year end the carrying amount of the School's deposits were \$547,304 and the bank balance was \$588,248. Of the bank balance, \$349,170 was covered by federal depository insurance and \$239,078 was uninsured and uncollateralized.

The classification of cash and cash equivalents and investments on the financial statements is based on criteria set forth in GASB Statement No. 9 entitled "Reporting Cash Flows of Proprietary and Non-Expendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting."

A reconciliation between the classifications of cash and investments on the financial statements and the classification of deposit and investments presented above per GASB No. 3 is as follows:

	Cash and Cash Equivalents/ Deposits	Investments
GASB Statement 9	\$347,304	\$200,000
Certificate of Deposit	\$200,000	(\$200,000)
GASB Statement 3	<u>\$547,304</u>	<u> </u>

The School invested in two certificates of deposit as of June 30, 2002 with original maturities in excess of 90 days, which are classified as investments for GASB Statement No. 9 purposes on the balance sheet. The Certificates of Deposit are classified as deposits for GASB Statement No. 3 purposes due to collateralization.

4. RECEIVABLES

Receivables at June 30, 2002, consisted of accrued interest, accounts and intergovernmental grants. All receivables are considered collectible in full.

A summary of intergovernmental receivables follows:

Title I	\$80,742
Title VI	268
Title II	104
Class Reduction	349
Total	\$81,463

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2002 (Continued)

5. FIXED ASSETS

A summary of the School's fixed assets as of June 30, 2002, follows:

Furniture and equipment \$201,125 Less Accumulated Depreciation (26,277) Net Fixed Assets \$174,848

The school does not take depreciation in the year of acquisition.

6. RISK MANAGEMENT

A. Property and Liability

The school is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During Fiscal Year 2002, the School was covered through the insurance program of Dayton City School District. Buildings and contents are covered under Fireman's Fund Insurance Company with a \$2,500 deductible. Electronic data processing equipment is covered under Fireman's Fund Insurance Company with a \$1,000 deductible. The World of Wonder School carries liability insurance with Nationwide Insurance Company in the amounts of \$2,000,000 for a single occurrence and \$5,000,000 in aggregate. Settled claims have not exceeded this commercial coverage in any of the past three years. There has been no significant reduction in insurance coverage from last year.

B. Workers' Compensation

The School pays the State Workers' Compensation System a premium for employee injury coverage. The premium is calculated by multiplying annual gross payroll by a factor calculated by the State.

C. Employee Medical, Dental, and Vision Benefits

The School carries their medical insurance through a sub-contract with Dayton City School District. The School pays 80% of medical benefits for employees hired prior to April 1, 1993 and 75% to those employed April 1, 1993, and later. The employee is responsible for the remainder of premiums.

For Fiscal Year 2002 the annual total cost of such coverage is \$7,472 Family and \$2,952 Single Coverage.

The School sub-contracts with Dayton City School District for dental benefits. The School pays 90% of the premium with the employee being responsible for the remaining 10%. The annual total cost is \$670 for Family and \$268 for Single Coverage.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2002 (Continued)

7. DEFINED BENEFIT PENSION PLANS

A. School Employees Retirement System

The School District contributes to the School Employees Retirement System of Ohio (SERS), a cost-sharing multiple employer defined benefit pension plan. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the School Employees Retirement System, 45 N. Fourth St., Columbus, Ohio 43215-3634.

Plan members are required to contribute 9 percent of their annual covered salary and the School is required to contribute at an actuarially determined rate. The current rate is 14 percent of annual covered payroll. A portion of the School's contribution is used to fund pension obligations with the remainder being used to fund health care benefits; for fiscal year 2002, 5.46 percent of annual covered salary was the portion used to fund pension obligations. For Fiscal Year 2001, 4.2 per cent was used to fund pension obligations.

The contribution requirements of plan members and employers are established and may be amended, up to a statutory maximum amount, by the SERS' Retirement Board. The School's required contributions for pension obligations to SERS for the fiscal years ended June 30, 2002, 2001, 2000 were \$ 7,912, \$5,269 and \$5,088, respectively. One hundred percent has been contributed for all three fiscal years.

B. State Teachers Retirement System

The School contributes to the State Teacher's Retirement System of Ohio (STRS), a cost-sharing multiple employer public employee retirement system. STRS provides retirement and disability benefits, annual cost of living adjustments, and death and survivor benefits to members and beneficiaries. Benefits are established by Chapter 3307 of the Ohio Revised Code. STRS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information for STRS. That report may be obtained by writing to the State Teacher Teachers Retirement System, 275 East Broad St., Columbus, Ohio 43215-3371.

For the fiscal year ended June 30, 2002, plan members were required to contribute 9.3 percent of their annual covered salaries. The School was required to contribute 14 percent; 9.5 percent was the portion used to fund pension obligations. Contribution rates are established by STRS, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. The School's required contributions for pension obligations to STRS for the fiscal years ended June 30, 2002, 2001, and 2000 were \$101,871, \$73,117 and \$37,332, respectively; 100 percent has been contributed for all three fiscal years.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2002 (Continued)

8. POST EMPLOYMENT BENEFITS

The School provides comprehensive health care benefits to retired teachers and their dependents through the State Teachers Retirement System (STRS), and to retired non-certified employees and their dependents through the School Employees Retirement System (SERS). Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare premiums. Benefit provisions and the obligations to contribute are established by the Systems based on authority granted by State statute. Both systems are on a pay-as-you-go basis.

All STRS benefit recipients and sponsored dependents are eligible for health care coverage. The STRS Board has statutory authority over how much, if any, of the health care costs will be absorbed by STRS. Most benefit recipients pay a portion of the health care cost in the form of a monthly premium. By law, the cost of coverage paid from STRS funds is included in the employer contribution rate, currently 14 percent of covered payroll. For the fiscal year ended June 30, 2002, the STRS Board allocated employer contributions equal to 4.5 percent of covered payroll to the Health Care Reserve Fund. For the School District, this amount equaled \$48,255 for Fiscal Year 2002.

STRS pays health care benefits from the Health Care Reserve Fund. At June 30, 2001, (the latest information available) the balance in the Fund was \$ 3.256 billion. For the year ended June 30, 2001, net health care costs paid by STRS were \$ 300,772,000 and STRS had 102,132 eligible benefit recipients.

For SERS, coverage is made available to service retirees with ten or more fiscal years of qualifying service credit, and to disability and survivor benefit recipients. Members retiring on or after August 1, 1989 with less than twenty-five years of service credit must pay a portion of their premium for health care. The portion is based on years of service up to a maximum of 75 percent of the premium.

After the allocation for basic benefits, the remainder of the employer's 14 percent contribution is allocated to providing health care benefits. For the fiscal year ended June 30, 2002 employer contributions to fund health care benefits were 8.54 percent of covered payroll, a decrease of 1.26 per cent from Fiscal Year 2001. In addition, SERS levies a surcharge to fund health care benefits equal to 14 percent of the difference between a minimum pay and the member's pay, prorated for partial service credit. For fiscal year 2002, the minimum pay was established at \$12,400. For the School's amount contributed to fund health care benefits, including the surcharge, during the 2002 fiscal year equaled \$14,479.

The surcharge, added to the unallocated portion of the 14 percent employer contribution rate, provides for maintenance of the asset target level for the health care fund. The target level for the health care reserve is 150 percent of the annual health care expenses. Expenses for health care for the fiscal year ended June 30, 2001 (the latest information available), were \$161,439,934 and the target level was \$242.2 million. At June 30, 2001 SERS had net assets available for payment of health care benefits of \$315.7 million. SERS has approximately 50,000 participants currently receiving health care benefits.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2002 (Continued)

9. EMPLOYEE BENEFITS

A. Compensated Absences

The criteria for determining vacation and sick leave components are derived from negotiated agreements of Dayton City School District and State Laws. Classified employees earn ten to twenty days of vacation per fiscal year, depending upon length of service. Vacation days are credited to classified employees each month and must be used within the next twelve months. Vacation may be carried forward beyond June 30 only with the approval of the principal. Accumulated, unused vacation time is paid to classified employees and administrators upon termination of employment. Teachers do not earn vacation time.

Teachers, administrators, and classified employees earn sick leave at the rate of one and one-fourth days per month. Sick leave may be accumulated up to a maximum of 250 days. Upon retirement, payment is made for one-fourth of the total accumulated and unused, up to a maximum of 180 days for teachers and administrators and 160 for classified employees. In addition, classified employees are subject to the following based on length of service:

Length of Service	Maximum Severance Payouts
Less than five years	0 days
Five years to 15 years	30 days
15 years to 25 years	35 days
Over 25 years	40 days

Professional staff members are eligible to accumulate sick days in a severance account once they have accumulated the maximum 250 days of sick leave. These excess days may not be used as sick leave days or "catastrophic illness" donations. Accumulated severance account days will be paid for one-fourth of the accumulated balance, up to a maximum of 45 days.

B. Health Care Benefits

The District provides life insurance and accidental death and dismemberment insurance to employees through Unum Life Insurance Company. The District provides health insurance coverage through united Health Care of Ohio, Inc. Employee share of the total premium ranges between five percent and twenty percent of the monthly premium up to the cap. The premium varies with each employee depending on the terms of the union contract. Dental insurance is provided to aid eligible employees through a plan administered by United Dental Care and Mutual Health Services, the third party administrators.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2002 (Continued)

10. STATE SCHOOL FUNDING DECISION

On December 11, 2002, the Ohio Supreme Court issued its latest opinion regarding the State's school funding plan. The decision reaffirmed earlier decisions that Ohio's current school-funding plan is unconstitutional.

The Supreme Court relinquished jurisdiction over the case and directed "...the Ohio General Assembly to enact a school-funding scheme that is thorough and efficient...". The School District is currently unable to determine what effect, if any, this decision will have on its future State funding and its financial operations.

11. OPERATING LEASE

The School leases a building and office facility from Dayton City Schools (the Sponsor), under a non-cancelable operating lease. The term of this lease commenced July 12, 1999 and has been extended through June 30, 2006. The lease payment includes use of the buildings, the cost of utilities, maintenance, custodial and grounds services. The lease payment was \$164,829 (\$13,736 monthly) for the Fiscal Year ended June 30, 2002.

12. CONTINGENCIES

A. Grants

Amounts received from grantor agencies are subject to audit and adjustment by the Grantor. Any disallowed costs may require refunding to the grantor. Amounts, which may be disallowed, if any, are not presently determinable. However, in the opinion of the school, any such disallowed claims will not have a material adverse effect on the financial position of the school.

B. State Funding

The Ohio Department of Education conducts reviews of enrollment data and Full-Time Equivalency (FTE) calculations made by the schools. These reviews are conducted to ensure the schools are reporting accurate student enrollment data to the state, upon which State foundation funding is calculated. The results of this review could result in state funding being adjusted. The school does not anticipate any adjustments to state funding for Fiscal Year 2002, as a result of such a review.

C. Litigation

A suit was filed in Franklin County Common Pleas Court on May 14, 2001, alleging that Ohio Community (Charter) Schools Program violates the State Constitution and State Laws. The effect of this suit, if any, on the school is not presently determinable.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2002 (Continued)

13. PURCHASED SERVICES

For the Fiscal Year ended June 30, 2002 purchased service expenses for services rendered by various vendors were as follows:

Professional Technical	\$ 77,434
Property Services	159,682
Student Enrichment	50,485
Travel	8,987
Communications	7,185
Transportation	2,223
Federal School Breakfast/Lunch Program	132,838
Total	\$438,834

14. CONTRIBUTIONS

The District received contributions and donations amounting to \$273,552. These donations were from numerous individuals, and foundations. The largest donation was received from the Walton and Mathile Foundations in the amount of \$206,000.

SCHEDULE OF FEDERAL AWARDS EXPENDITURES FOR THE YEAR ENDED JUNE 30, 2002

Federal Grantor/ Pass Through Grantor Program Title	Federal CFDA Number	Receipts	Non-Cash Receipts	Disbursements	Non-Cash Disbursements
U.S. DEPARTMENT OF AGRICULTURE					
Passed Through Ohio Department of Education: Nutrition Cluster:

The accompanying notes to this schedule are an integral part of this schedule.

NOTES TO SCHEDULE OF FEDERAL AWARDS EXPENDITURES YEAR ENDED JUNE 30, 2002

NOTE A - SIGNIFICANT ACCOUNTING POLICIES

The accompanying Schedule of Federal Awards Expenditures (the Schedule) summarizes activity of the District's federal award programs. The schedule has been prepared on the cash basis of accounting.

NOTE B - FOOD DISTRIBUTION

Nonmonetary assistance, such as food received from the U.S. Department of Agriculture, is reported in the Schedule at the fair market value of the commodities received and consumed. Cash receipts from the U.S. Department of Agriculture are commingled with State grants. It is assumed federal monies are expended first. At June 30, 2002, the District had no significant food commodities in inventory.

REPORT OF INDEPENDENT ACCOUNTANTS ON COMPLIANCE AND ON INTERNAL CONTROL REQUIRED BY GOVERNMENT AUDITING STANDARDS

World of Wonder Accelerated Learning Community School Montgomery County 4411 Oakridge Drive Dayton, Ohio 45417

To the Governing Board:

We have audited the financial statements of World of Wonder Accelerated Learning Community School, Montgomery County, (the School), as of and for the year ended June 30, 2002, and have issued our report thereon dated October 21, 2002. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the School's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the School's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. However, we noted other matters involving the internal control over financial reporting that do not require inclusion in this report, that we have reported to management of the School in a separate letter dated October 21, 2002.

REPORT OF INDEPENDENT ACCOUNTANTS ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

World of Wonder Accelerated Learning Community School Montgomery County 4411 Oakridge Drive Dayton, Ohio 45417

To the Governing Board:

Compliance

We have audited the compliance of World of Wonder Accelerated Learning Community School, Montgomery County, (the School), with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133, Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2002. The School's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the School's management. Our responsibility is to express an opinion on the School's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance occurred with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program. An audit includes examining, on a test basis, evidence about the School's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the School's compliance with those requirements.

In our opinion, World of Wonder Accelerated Learning Community School, Montgomery County, complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2002.

Internal Control Over Compliance

The management of the School is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the School's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Internal Control Over Compliance (Continued)

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended for the information and use of the audit committee, management, Governing Board, and federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.
