Independent Auditors' Report

To Board of Directors of Middletown Convention and Visitors Bureau, Inc. Middletown, Ohio

We have audited the accompanying statements of cash receipts and disbursements and cash balances arising from cash transactions of Middletown Convention and Visitors Bureau, Inc. for the years ended December 31, 2003 and 2002. These financial statements are the responsibility of the Organization's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As described in Note 1, these financial statements were prepared on the basis of cash receipts and disbursements, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash receipts and disbursements and cash balances arising from cash transactions of Middletown Convention and Visitors Bureau, Inc. for the years ended December 31, 2003 and 2002, on the basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 21, 2004 on our consideration of Middletown Convention and Visitors Bureau, Inc.'s internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grants.

Report on Compliance and on Internal Control Over Financial Reporting Based on An Audit of Financial Statements Performed In Accordance With *Government Auditing Standards*

To Board of Directors of Middletown Convention and Visitors Bureau, Inc. Middletown, Ohio

We have audited the statements of cash receipts and disbursements of Middletown Convention and Visitors Bureau, Inc. as of and for the years ended December 31, 2003 and 2002, and have issued our report thereon dated June 21, 2004. We conducted our audits in accordance with auditing standards generally accepted in the United States of America applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether Middletown Convention and Visitors Bureau, Inc.'s statements of cash receipts and disbursements is free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audits and, accordingly, we do not express such as opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audits, we considered Middletown Convention and Visitors Bureau, Inc.'s internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the statements of cash receipts and disbursements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.
