INDEPENDENT ACCOUNTANTS' REPORT

Northeast Ohio Areawide Coordinating Agency Cuyahoga County 1299 Superior Avenue Cleveland. Ohio 44114-3204

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Northeast Ohio Areawide Coordinating Agency, Cuyahoga County, Ohio (NOACA), as of and for the year ended June 30, 2004, which collectively comprise NOACA's basic financial statements as listed in the table of contents. These financial statements are the responsibility of NOACA's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Northeast Ohio Areawide Coordinating Agency, Cuyahoga County, Ohio, as of June 30, 2004, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As described in Note 8, during the year ended June 30, 2004, NOACA implemented a new financial reporting model, as required by the provisions of Governmental Accounting Standards Board Statement No. 34, Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 10, 2004, on our consideration of NOACA's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Lausche Building / 615 Superior Ave., NW / Twelfth Floor / Cleveland, OH 44113-1801 Telephone: (216) 787-3665 (800) 626-2297 Fax: (216) 787-3361 www.auditor.state.oh.us Northeast Ohio Areawide Coordinating Agency Cuyahoga County Independent Accountants' Report Page 2

Management's Discussion and Analysis is not a required part of the basic financial statements but is supplementary information the Governmental Accounting Standards Board requires. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

We conducted our audit to form opinions on the financial statements that collectively comprise NOACA's basic financial statements. The provisional rate computation and fixed rate computation schedules are presented for additional analysis and are not a required part of the basic financial statements. The federal awards expenditure schedule is required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is also not a required part of the basic financial statements. We subjected the federal awards expenditure schedule to the auditing procedures applied in the audit of the basic financial statements. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole. We did not subject the provisional rate computation and fixed rate computation schedules to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we express no opinion on them.

Betty Montgomery Auditor of State

Butty Montgomeny

December 10, 2004

The management's discussion and analysis of Northeast Ohio Areawide Coordinating Agency's (NOACA) financial performance provides an overall review of NOACA's financial activities for the fiscal year ended June 30, 2004. The intent of this discussion and analysis is to look at NOACA's financial performance as a whole; readers should also review the basic financial statements and the notes to the basic financial statements to enhance their understanding of NOACA's financial performance.

Financial Highlights

Key financial highlights for 2004 are as follows:

- Assets, excluding capital assets, exceeded total current liabilities at the close of the most recent fiscal year by \$2.68 million. Of this amount, \$337,923 is restricted for the NOACA's leasehold requirement.
- General revenues accounted for \$688,793 in revenue or 16.6 percent of all net operating revenues. Program specific revenues in the form of charges for services, grants and contributions accounted for \$3.45 million or 83.4 percent of total revenues of \$4.14 million.
- NOACA had \$4.37 million in expenses related to governmental activities; \$3.45 million of these expenses were offset by program specific charges for services, grants or contributions. General revenues of \$688,793, along with cash balances, were adequate to provide for these programs.
- Among major funds, the general fund had \$353,287 in revenues and \$344,553 in expenditures. The general fund's balance at the close of the current year was 778 percent of the current year's expenditures.

Overview of the Financial Statements

The management's discussion and analysis is intended to serve as an introduction to NOACA's basic financial statements. NOACA's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of NOACA's finances, in a manner similar to private-sector business.

The *statement of net assets* presents information on all NOACA's assets and liabilities, with the difference between the two reported as *net assets*. Over time, increases and decreases in net assets may serve as a useful indicator of whether the financial position of NOACA is improving or deteriorating.

The *statement of activities* presents information showing how NOACA's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g. earned but unused vacation leave.)

The government-wide financial statements can be found on pages 10 and 11 of this report.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. NOACA, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All funds of NOACA are included in the governmental funds category.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on current sources and uses of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating NOACA's near-term financing requirements.

Because the focus of governmental funds is narrower than that of government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between the governmental activities statement of net assets and statement of activities.

NOACA maintains 11 individual governmental funds. Information is presented separately in the governmental fund balance sheet and the statement of fund revenues, expenditures and changes in fund balance for the General, OCPG, Rideshare and Reverse Commute funds which are considered major funds. Data from the other eight governmental funds are combined into single, aggregate presentation.

Notes to the Basic Financial Statements. The notes provide additional information that is essential to develop a full understanding of the data provided in the government-wide and fund financial statements. The notes to the basic financial statements start on page 14 of this report.

Government-Wide Financial Analysis

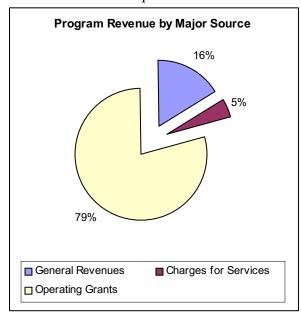

Recall that the Statement of Net Assets provides the perspective of NOACA as a whole. Table 1 provides a comparison of NOACA's net assets for 2004 to 2003.

Capital Assets

At the end of the year, NOACA had \$2.47 million invested in buildings and equipment, less accumulated depreciation. For further information on NOACA's capital assets, refer to Note 4 of the basic financial statements.

Graph 4 shows the breakdown (by percentage) of the individual classes for capital assets.

Percentage of Capital Assets by Class

The Major Funds

NOACA's major funds presentation begins on page 11. These funds are accounted for using the modified accrual basis of accounting, focusing on the near term financial resources of NOACA. All governmental funds had total revenues of \$4.26 million and expenditures of \$4.18 million. The net change in fund balance for the year represented 3.0 percent of the years beginning fund balance.

The general fund recognized \$195,328 in current liabilities for fiscal year 2004. Accrued salaries and benefits accounted for 59.6% of those liabilities. The other major funds, OCPG, Rideshare and Reverse Commute recognized \$128,617, \$25,466 and \$75,747, respectively in current liabilities for the fiscal year. Interfund liabilities accounted for 99.6%, 29.4% and 99.9%, respectively, of those liabilities.

Contacting the Agency's Financial Management

This financial report is designed to provide our members, grantors, citizens and creditors with a general overview of NOACA's finances and to show NOACA's accountability for the money it receives. If you have any questions about this report or need additional financial information, please contact the Director of Finance and Operations, Northeast Ohio Areawide Coordinating Agency, 1299 Superior Avenue, Cleveland, OH 44114.

NOTES TO THE BASIC FINANCIAL STATEMENTS JUNE 30, 2004

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. DESCRIPTION OF THE REPORTING ENTITY AND BASIS OF PRESENTATION

The Northeast Ohio Areawide Coordinating Agency (NOACA) is a comprehensive planning and transportation agency formed for the purpose of coordinating and reviewing federal and state funded planning activities and proposals in northeast Ohio. NOACA was created under Ohio Revised Code Section, 307.14. Members of NOACA include the counties of Cuyahoga, Geauga, Lake, Lorain and Medina and is open to all cities, villages, and townships located in those counties. The Governing Board is made up of representatives, who hold public office, from the various member counties. There are approximately 38 voting representatives on the NOACA Board which fluctuates according to population.

Governmental accounting standards require disclosure of any organizations for which NOACA is financially accountable. NOACA's combined basic financial statements consist of all funds, departments, commissions and boards that are not legally separate from NOACA. NOACA is financially accountable for an organization if NOACA appoints a voting majority of the organization's governing board and (1) NOACA is able to significantly influence the programs or services performed or provided by the organization; or (2) NOACA is legally entitled to or can otherwise access the organization's resources; NOACA is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or NOACA is obligated for the debt of the organization. The criteria for including entities and funds in NOACA's financial statements are in agreement with the Governmental Accounting Standards Board (GASB) Statement 14, Sec. 2100, Authoritative Status of Pronouncements. There are no other governments for which NOACA is financially accountable that require inclusion in this presentation.

The accounts of NOACA are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures. The various funds are summarized by type in the basic financial statements.

NOACA uses governmental funds with the following major funds presented below:

GOVERNMENTAL FUNDS:

Governmental funds are those through which all governmental functions of NOACA are financed. The acquisition, use and balances of NOACA's expendable financial resources and the related current liabilities are accounted for through governmental funds. The following are NOACA's major governmental funds:

NOTES TO THE BASIC FINANCIAL STATEMENTS JUNE 30, 2004 (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

A. <u>DESCRIPTION OF THE REPORTING ENTITY AND BASIS OF PRESENTATION</u> (Continued)

<u>General Fund</u>. The General Fund is the operating fund of NOACA and is used to account for all financial resources except those required to be accounted for in another fund. The General Fund balance is available to NOACA for any purpose provided it is expended or transferred according to the general laws of Ohio.

OCPG Fund. The OCPG Fund is used to account for the proceeds of specific revenue sources (FHWA/ODOT) that are legally restricted to expenditure for specified purposes.

<u>Rideshare Fund</u>. The Rideshare Fund is used to account for the proceeds of specific revenue sources (FHWA/ODOT) that are legally restricted to expenditure for specified purposes.

Reverse Commute Fund. The Reverse Commute Fund is used to account for the proceeds of specific revenue sources (FHWA/ODOT) that are legally restricted to expenditure for specified purposes.

Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all the activities of the primary government. The effect of interfund activity has been removed from these statements. *Governmental activities* normally are supported by charges for services and intergovernmental revenues.

B. BASIS OF ACCOUNTING

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

NOTES TO THE BASIC FINANCIAL STATEMENTS JUNE 30, 2004 (Continued)

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources* measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when liability is incurred, regardless of the timing of related cash flows. Grants, membership dues and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the NOACA considers revenues to be available if they are collected within sixty days of the end of the fiscal period. Expenditures generally are recorded when a liability is expected to be liquidated with expendable, available resources. However, compensated absences are recorded only when payment is due.

Non-exchange transactions, in which NOACA receives value without directly giving equal value in return, include grants, entitlements and donations. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the Agency must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to NOACA on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

NET ASSETS: Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of these assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by NOACA or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

NOTES TO THE BASIC FINANCIAL STATEMENTS JUNE 30, 2004 (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. BASIS OF ACCOUNTING (Continued)

BUDGETARY AND ACCOUNTING CONTROL: In May/June of each year, management submits an estimate of operating expenditures for the current calendar year to the NOACA Board for their approval. In addition, a fiscal year budget prepared by project is submitted to the Ohio Department of Transportation as a basis for NOACA's overall work program. NOACA is not subject to Ohio Revised Code budgetary requirements.

CASH AND SHORT TERM INVESTMENTS: Cash and short term investments consist of bank balances, investments in the State Treasurer's Investment Pool (STAROhio), an overnight sweep account, certificates of deposit, and government securities.

STAROhio is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAROhio is not registered with the SEC as an investment company, but does operate in a manner consistent with rule 2a7 of the Investment Company Act of 1940. Investments in STAROhio are valued at STAROhio's share price which is the price the investment could be sold for at June 30, 2004.

RESTRICTED CASH:

NOACA is required to maintain a cash balance with Huntington Banks equal to 10% of the Bond proceeds related to the capital lease with the Cleveland Cuyahoga County Port Authority for the building located at 1299 Superior Avenue, Cleveland, Ohio. The capital lease is presented further in Note 9 to the basic financial statements. The carrying amount of \$337,923 with Huntington Banks represents the 10% reserve requirement related to the capital lease. This cash is therefore restricted and identified as such in the assets and equity sections of the governmental fund balance sheet.

CAPITAL ASSETS: Capital assets in service are stated on the basis of historical cost or, if contributed, at fair market value at the date received. Interest incurred during construction is not capitalized on capital assets. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized. The capitalization threshold is \$300.

Property, plant and equipment of NOACA is depreciated using the straight line method over the following estimated useful lives:

Assets	<u>Years</u>
Buildings and Improvements	20
Equipment	3

NOTES TO THE BASIC FINANCIAL STATEMENTS JUNE 30, 2004 (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. BASIS OF ACCOUNTING (Continued)

COMPENSATED ABSENCES: Vacation and sick benefits are accrued as a liability as the benefits are earned if the employee's rights to receive compensation are attributable to service already rendered and it is probable that NOACA will compensate the employees for the benefits through paid time off or some other means. The liability includes the employees who are currently eligible to receive termination benefits and those NOACA has identified as probable of receiving payment in the future. The amount is based on accumulated leave and employees' wage rates at fiscal year end, taking into consideration any limits specified in NOACA's termination policy.

NOACA records a liability for accumulated unused vacation time when earned for all employees. NOACA records a liability for accumulated unused sick leave for all employees, taking into consideration any limits specified in NOACA's termination policy.

On the governmental fund financial statements, compensated absences are recognized as a liability and expenditure to the extent payments come due each period, for example, as a result of employee resignations and retirements. The entire compensated absences liability is reported on the government-wide statement of net assets.

FEDERAL AND STATE AGENCY GRANT FUNDS: Project funds authorized under federal and state agency grants are requisitioned from such agencies either on an advance basis or for reimbursement of eligible costs incurred up to amounts contracted for under each grant. These funds are accounted for at the time eligible costs are incurred.

LOCAL CONTRIBUTIONS: Member units of government are assessed membership dues to generate local operating funds and to provide the local matching requirements of federal and state grants.

A local matching contribution is required for most federal and state grants. The exact amount of each matching contribution depends on the federal or state contribution level.

The membership dues are assessed in May or June for the current fiscal year and are accounted for at the time the dues are invoiced. The assessment is made on the basis of the relationship of population in each area as a percentage of the total population served by NOACA.

NOTES TO THE BASIC FINANCIAL STATEMENTS JUNE 30, 2004 (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. BASIS OF ACCOUNTING (Continued)

INDIRECT COSTS: To facilitate equitable distribution of common purpose costs benefiting more than one indirect cost objective, NOACA has negotiated an agency-wide indirect cost allocation plan with its oversight federal agency, the Federal Highway Administration through the Ohio Department of Transportation (ODOT). Rates are based upon a percentage of direct wages and applicable fringe benefits to include sick time, holiday pay, vacation pay, personal days, employer and employee portion of retirement, workers compensation insurance, hospitalization and unemployment insurance. A fixed indirect cost rate is approved annually by ODOT for use during the fiscal year based upon the previous year's actual experience. Differences between the fixed and actual rate will be adjusted in the subsequent year. Negative expenditures may result.

2. <u>DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS (INCLUDING REPURCHASE AGREEMENTS)</u>

CASH AND INVESTMENTS: NOACA maintains cash and cash equivalents at local depository institutions. These amounts are displayed on the statement of net assets and governmental fund balance sheet.

LEGAL REQUIREMENTS: Ohio Revised Code requires the classification of deposits held by NOACA into three categories. Category 1 consists of "active" monies needed for immediate use by NOACA. Such monies must be

maintained either as cash in NOACA treasury or in depository accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts.

Category 2 consists of "inactive" deposits, those monies not required for use within the current five-year period of designation of depositories. Inactive monies may be deposited or invested only as certificates of deposit maturing not later than the end of the period of designation of depositories.

Category 3 consists of "interim" deposits, those monies which are not needed for immediate use, but which will be needed before the end of the current period of designation of depositories. Interim deposits may be invested or deposited in the following securities:

NOTES TO THE BASIC FINANCIAL STATEMENTS JUNE 30, 2004 (Continued)

2. <u>DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS (INCLUDING REPURCHASE AGREEMENTS)</u> (Continued)

LEGAL REQUIREMENTS: (Continued)

- 1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States treasury or any other obligation guaranteed as to principal or interest by the United States;
- 2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the Federal National Mortgage Association Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
- 3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
- 4. Bonds and other obligations of the State of Ohio;
- 5. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) of this section and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
- 6. The State Treasurer's investment pool (STAR Ohio);
- 7. Certain banker's acceptance and commercial paper notes for a period not to exceed one hundred eighty days from the purchase date in an amount not to exceed twenty-five percent of the interim monies available for investment at any one time; and
- 8. Under limited circumstances, corporate debt interests rated in either of the two highest rating classifications by at least two nationally recognized rating agencies.

DEPOSITS: As of June 30, 2004, the carrying amount of NOACA's deposits was \$144,762 and the bank balance was \$194,004. Of the bank balance \$100,000 was covered by federal depository insurance or by individual surety bonds and \$94,004 was uninsured and uncollateralized.

NOTES TO THE BASIC FINANCIAL STATEMENTS JUNE 30, 2004 (Continued)

2. <u>DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS (INCLUDING REPURCHASE AGREEMENTS)</u> (Continued)

DEPOSITS: (Continued)

NOACA's investments are categorized to give an indication of the level of risk assumed by NOACA at fiscal year end. Category 1 includes investments that are insured or registered or for which the securities are held by NOACA. Category 2 includes uninsured and unregistered investments for which the securities are held by the counterparty's trust department or agent in NOACA's name. Category 3 includes uninsured and unregistered investments for which the securities are held by the broker or dealer or by its trust department but not in NOACA's name. Although the securities serving as collateral were held by the pledging financial institutions trust department or agent in NOACA's name and all State statutory requirements for the deposit of money had been followed, noncompliance with federal requirements could potentially subject NOACA to a successful claim by the Federal Deposit Insurance Corporation.

	Category 3	Carrying <u>Value</u>	Market Fair <u>Value</u>
Huntington Bank Money Market		\$ 39,710	\$ 39,710
STAR Ohio		791,681	791,681

Federal Home Loan Mortgage Corporation	199,610	199,610	199,610
Federal National Mortgage Association	298,123	298,123	298,123
TOTAL	\$1 617 641	\$2,449,032	\$2,449,032
IUIAL	<u>\$1,01/,041</u>	<u>\$2,449,032</u>	<u>\$2,449,032</u>

STAROhio and the Huntington Bank Money Market are not classified by degree of credit risk since they are not evidenced by securities that exist in physical or book entry form. Interest revenue credited to the General Fund during 2004 amounted to \$21,898, which includes \$0 interest assigned from other funds.

The classification of cash and cash equivalents and investments on the combined financial statements is based on criteria set forth in GASB No. 9. A reconciliation between the classification of cash and investments on the combined financial statements and the classification per GASB Statement No. 3 is as follows:

3. PUBLIC EMPLOYEES RETIREMENT SYSTEM

PENSION BENEFITS

NOACA participates in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The traditional plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over 5 years at 20% per year). Under the member-directed plan, members accumulate retirement assets equal to the value of the member and vested employer contributions plus any investment earnings. The combined plan is a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and a defined contribution plan.

Under the combined plan, employer contributions are invested by the retirement system to provide a formula retirement benefit similar to the traditional plan benefit. Member contributions, whose investment is self-directed by the member, accumulate retirement assets in a manner similar to the member directed plan. OPERS provides retirement, disability, survivor and death benefits and annual cost of living adjustments to members of the traditional and combined plans. Members of the member directed plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised code. OPERS issues a stand-alone financial report that may be obtained by writing to OPERS, 277 E. Town St., Columbus, OH 43215-4642 or by calling (614) 222-6705.

NOTES TO THE BASIC FINANCIAL STATEMENTS JUNE 30, 2004 (Continued)

3. PUBLIC EMPLOYEES RETIREMENT SYSTEM (Continued)

PENSION BENEFITS (Continued)

For the year ended June 30, 2004, the members of all three plans were required to contribute 8.5 percent of their annual covered salaries. NOACA's contribution rate for pension benefits for 2004 was 8.55 percent. The Ohio Revised Code provides statutory authority for member and employer contributions.

NOACA's required contributions for pension obligations to the traditional and combined plans for the years ended June 30, 2004, 2003, and 2002 were \$209,474, \$210,368, and \$232,109 respectively; 100 percent has been contributed 2004, 2003 and 2002. There were no contributions made to the member-directed plan by either the plan member or NOACA.

OTHER POST – EMPLOYMENT BENEFITS (OPEB)

The Ohio Public Employees Retirement System (OPERS) provides post-retirement health care coverage to age and service retirees with ten or more years of qualifying Ohio service credit with either the traditional or combined plans. Health care coverage for disability recipients and primary survivor recipients is available. The health care coverage provided by the retirement system is considered an Other Post-employment Benefit as described in GASB Statement No. 12. A portion of each employer's contribution to the traditional or combined plans is set aside for the funding of post retirement health care based on authority granted by State statute. The 2003 local government employer contribution rate was 13.55% of covered payroll; 5.00 percent of covered payroll was the portion that was used to fund healthcare.

Benefits are advance-funded using the entry age normal cost method. Significant actuarial assumptions, based on OPERS's latest actuarial review performed as of December 31, 2002, include a rate of return on investments of 8.00 percent, annual increase in active employee total payroll of 4.00 percent compounded annually (assuming no change in the number of active employees) and an additional increase in total payroll of between .50 percent and 6.30 percent based on additional annual pay increases. Health care premiums were assumed to increase 4.00 percent annually.

All investments are carried at market. For actuarial valuation purposes, a smoothed market approach is used. Assets are adjusted to reflect 25 percent of unrealized market appreciation or depreciation on investment assets annually.

NOTES TO THE BASIC FINANCIAL STATEMENTS <u>JUNE 30, 2004</u> (Continued)

3. PUBLIC EMPLOYEES RETIREMENT SYSTEM (Continued)

OTHER POST - EMPLOYMENT BENEFITS (OPEB) (Continued)

The number of active participants in the traditional and combined plans was 364,881. Actual employer contributions for 2004 which were used to fund post-employment benefits were \$122,498 (assuming a rate of 36.90 percent during the period). The actual contribution and the actuarially required contribution amounts are the same. OPERS's net assets available for payment of benefits at December 31, 2002, (the latest information available) were \$10.0 billion. The actuarially accrued liability and the unfunded actuarial accrued liability were \$18.7 billion and \$8.7 billion, respectively.

In December 2001, the Board adopted the Health Care "Choices" Plan. The Choices Plan will be offered to all persons newly hired under OPERS after January 1, 2003, with no prior service credit accumulated toward health care coverage. Choices will incorporate a cafeteria approach, offering a broader range of health care options. The Plan uses a graded scale from ten to thirty years to calculate a monthly health care benefit. This is in contrast to the ten-year "cliff" eligibility standard for the present Plan.

The benefit recipient will be free to select the option that best meets their needs. Recipients will fund health care costs in excess of their monthly health care benefit. The Plan will also offer a spending account feature, enabling the benefit recipient to apply their allowance toward specific medical expenses, much like a Medical Spending Account.

Total Depreciation Expense	\$ 199,076

NOTES TO THE BASIC FINANCIAL STATEMENTS JUNE 30, 2004 (Continued)

5. <u>COMPENSATED ABSENCES</u>

In conformity with Government Accounting Standards Board (GASB) Statement No. 16, NOACA accrues all types of leave benefits as earned by its employees.

Employees of NOACA earn vacation leave, sick leave, and personal leave at various rates. Generally, employees accrue vacation leave at a rate of 3.7 hours every two weeks for the first five years of employment, up to a maximum rate of 7.4 hours every two weeks after 15 years of employment.

Employees may accrue a maximum of four years vacation leave credit. Any amounts that exceed a four-year accrual are paid to the employee through the annual conversion program at 100 percent of the employees' hourly rate. At termination or upon other separation from NOACA, employees are paid at their full rate for 100 percent of unused vacation leave.

SICK LEAVE: Sick leave for all full-time employees is accumulated at a rate of 4.6 hours every two weeks. Sick leave is cumulative. Employees may annually choose to cash in some or all of their sick time at the rate of one hour for every four, or 25 percent at current salary levels. All employees must keep 240 hours (6 weeks) sick leave as a minimum balance to participate in the program. Therefore, any sick leave balances that exceed 240 hours, but less than 960 hours can be converted to cash. If employees have a balance beyond 960 hours they will not lose it; it remains in their pool. At termination, retirement or death, employees may convert sick leave to cash at one hour for every four (25%) up to a maximum of 960 hours. (e.g., if you cash in the full 960 hours you will receive payment for 240 hours of work).

PERSONAL LEAVE: All full-time employees receive two personal leave days (16 hours) per fiscal year. The time must be used by the end of the year or it is lost. Unused personal leave is not paid at termination and is not cumulative. Therefore, these benefits are not accrued, but are recorded as an expenditure when employees use personal leave time.

The change in the long-term portion of accrued vacation and sick leave is itemized below:

	<u>July 1, 2003</u>	Additions	(Reductions)	<u>June 30, 2004</u>
Vacation Sick	\$ 241,095 130,852	\$232,250 211,594	\$(203,007) (111,016)	\$270,338 231,430
Total	\$ <u>371,947</u>	<u>\$443,844</u>	<u>\$(314,023)</u>	<u>\$501,768</u>

NOTES TO THE BASIC FINANCIAL STATEMENTS JUNE 30, 2004 (Continued)

6. INTERFUND RECEIVABLES/PAYABLES

Individual fund interfund receivables and payables as of June 30, 2004, are as follows:

	N IMPED EV A ID	INTERFUND
	INTERFUND <u>RECEIVABLES</u>	<u>PAYABLES</u>
Major Funds		
General Fund	\$ 315,020	\$ 0
OCPG	0	128,074
Rideshare	0	7,479
Reverse Commute	0	75,716
Nonmajor Governmental	0	103,751
TOTAL	<u>\$ 315,020</u>	<u>\$315,020</u>

7. RISK MANAGEMENT

NOACA is exposed to various risks of loss related to theft, damage to, and destruction of assets, errors and omissions, injuries to employees and natural disasters. During fiscal year 2003, NOACA contracted with CGU/Acuity Insurance Company for property insurance. Public Officials Liability coverage is provided by United National Insurance Company with a \$1.0 million aggregate limit. Public Employee Dishonesty coverage is provided by the Fidelity and Deposit Insurance Company with a \$500,000 limit per loss. Settled claims have not exceeded coverage for the past four years. There have been no significant reductions in insurance coverage from the prior year.

NOACA pays the Bureau of Worker's Compensation a premium based on a rate per \$100 of salaries. This rate is calculated based on accident history and administrative costs.

NOACA provides health insurance to its full-time employees. Health insurance is provided through one of two plans: Kaiser, and Anthem Blue Cross/Blue Shield. Kaiser and Anthem Blue Cross/Blue Shield claims are the responsibility of and paid for by the respective carriers.

NOTES TO THE BASIC FINANCIAL STATEMENTS JUNE 30, 2004 (Continued)

8. CHANGE IN ACCOUNTING PRINCIPLE/BASIC FINANCIAL STATEMENT PRESENTATION

For fiscal year 2004, NOACA has implemented the following GASB Statements:

GASB Statement No. 34, "Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments."

GASB Statement No. 37, "Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments: Omnibus."

GASB Statement No. 38, "Certain Financial Statement Note Disclosures."

GASB Statement No. 39, "Determining Whether Certain Organizations are Component Units."

GASB Interpretation No. 6, "Recognition and Measurement of Certain Liabilities and Expenditures in Governmental Fund Financial Statements."

GASB Statements No. 34 creates new basic financial statements for reporting on NOACA's financial activities. The financial statements now include government-wide financial statements prepared on an accrual basis of accounting and fund financial statements which present information for individual major funds rather than by fund type. Non-major funds are presented in total in one column.

GASB Statement No. 37 clarifies certain provisions of Statement No. 34, including the required content of the Management's Discussion and Analysis, the classification of program revenues and the criteria for determining major funds. GASB Statement No. 38 modifies, establishes and rescinds certain financial statement note disclosures.

GASB Interpretation No. 6 clarifies the financial reporting of certain governmental fund liabilities.

Restatement of Fund Balance

The new standards for reporting fund obligations for compensated absences in Interpretation No. 6 caused changes in previously reported fund balances. This restatement had the following effect on fund balance of the governmental activities of NOACA as they were previously reported. The transition from governmental fund balance to net assets of the governmental activities is also presented.

9. <u>CAPITAL LEASES – LESSEE DISCLOSURE</u>

NOACA entered into a capital lease with the Cleveland-Cuyahoga County Port Authority (CCCPA) on March 1, 1998. The lease term is for a period of 20 years commencing on January 1, 1999, with an option to purchase the building at the completion of the lease on May 15, 2018, for \$1.00.

The lease provides that CCCPA will hold title to the building and lease it to NOACA under a financing lease structure. The bonds are a series of bonds of the CCCPA Bond Fund Program. The bond fund is currently rated "BBB+" by Fitch Investor Service.

Assets under the capital lease totaled \$3,345,000 at June 30, 2004. The following is a schedule of the future minimum lease payments under the capital lease, together with the net present value of the minimum lease payments as of June 30, 2004.

	Governmental Activities

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS JUNE 30, 2004

BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (Schedule) reflects the expenditures of the Northeast Ohio Areawide Coordinating Agency under programs financed by the U.S. government for the year ended June 30, 2004. The schedule has been prepared in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

MATCHING REQUIREMENTS

Certain Federal programs require that the NOACA contribute non-Federal funds (matching funds) to support the Federally-funded programs. NOACA has complied with the matching requirements. The expenditure of non-Federal matching funds is not included on the Schedule.

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE AND ON INTERNAL CONTROL REQUIRED BY GOVERNMENT AUDITING STANDARDS

Northeast Ohio Areawide Coordinating Agency Cuyahoga County 1299 Superior Avenue Cleveland. Ohio 44114-3204

We have audited the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Northeast Ohio Areawide Coordinating Agency, Cuyahoga County, Ohio (NOACA), as of and for the year ended June 30, 2004, which collectively comprise NOACA's basic financial statements and have issued our report thereon dated December 10, 2004, wherein we noted, NOACA adopted Governmental Accounting Standards Board Statement No. 34. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether NOACA's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance we must report under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered NOACA's internal control over financial reporting to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO ITS MAJOR FEDERAL PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Northeast Ohio Areawide Coordinating Agency Cuyahoga County 1299 Superior Avenue Cleveland, Ohio 44114-3204

Compliance

We have audited the compliance of the Northeast Ohio Areawide Coordinating Agency, Cuyahoga County, Ohio (NOACA), with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133, Compliance Supplement* that are applicable to its major federal program for the year ended June 30, 2004. NOACA's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings. Compliance with the requirements of laws, regulations, contracts and grants applicable to its major federal program is the responsibility of NOACA's management. Our responsibility is to express an opinion on NOACA's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance occurred with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program. An audit includes examining, on a test basis, evidence about NOACA's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on NOACA's compliance with those requirements.

In our opinion, NOACA complied, in all material respects, with the requirements referred to above that are applicable to its major federal program for the year ended June 30, 2004.

Internal Control Over Compliance

The management of NOACA is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered NOACA's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.
