INDEPENDENT ACCOUNTANTS' REPORT

Indian Lake Local School District Logan County 6210 State Route 235 North Lewistown, Ohio 43333

To the Board of Education:

We have audited the accompanying financial statements of the Indian Lake Local School District, Logan County, (the "District"), as of and for the fiscal year ended June 30, 2003. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Ohio Administrative Code Section 117-2-03 (B) requires the District to prepare its annual financial report in accordance with generally accepted accounting principles. However, as discussed in Note 2, the accompanying financial statements and notes have been prepared on a basis of accounting in accordance with standards established by the Auditor of State for governmental entities that are not required to prepare annual reports in accordance with generally accepted accounting principles. This basis of accounting is a comprehensive basis of accounting other than generally accepted accounting principles. The accompanying financial statements and notes omit assets, liabilities, fund equities, and disclosures that, while material, cannot be determined at this time.

In our opinion, the financial statements referred to above present fairly, in all material respects, the combined cash, investments, and combined fund cash balances of the District as of June 30, 2003, and its combined cash receipts and disbursements and its combined budgeted and actual receipts and budgeted and actual disbursements and encumbrances, for the year then ended on the basis of accounting described in Note 2.

As discussed in Note 3, during the year-ended June 30, 2003, the District changed its method of accounting for financial reporting which resulted in the restatement of beginning fund balances.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 16, 2003 on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

The accompanying schedule of federal awards expenditures is presented for additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations,* and is not a required part of the financial statements. We subjected this information to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

This report is intended solely for the information and use of the audit committee, management, the Board of Education, and other officials authorized to receive this report under Section 117.26, Ohio Revised Code, and is not intended to be and should not be used by anyone other than these specified parties.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2003

1. DESCRIPTION OF THE SCHOOL DISTRICT

Indian Lake Local School District (the "District") is organized under Article VI, Sections 2 and 3 of the Constitution of the State of Ohio. The District operates under a locally elected Board form of government consisting of five members elected at-large for staggered four-year terms. The District provides educational services as authorized by state statue and/or federal guidelines.

The District was established in 1962 through the consolidation of existing land areas and school districts. The District serves an area of approximately 110 square miles. It is located in Logan County, and includes all of the Village of Russells Point, Village of Lakeview, and Village of Huntsville. The District is the 276th largest in the State of Ohio (amount 612 school districts) in terms of enrollment. It is staffed by 89 non-certificated employees, 140 certificated full-time teaching personnel and 10 administrative employees who provide services to 1990 students and community members. The District currently operates two elementary school buildings, one middle school building, and one comprehensive high school building, which includes the administrative offices, and one bus garage.

A. Reporting Entity:

The reporting entity is composed of the primary government, component units and other organizations that are included to insure that the financial statements of the District are not misleading. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the District. For the District, this includes general operations, food service, and student related activities of the District.

Component units are legally separate organizations for which the District is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of the organization's governing board and (1) the District is able to significantly influence the programs or services performed or provided by the organization; or (2) the District is legally entitled to or can otherwise access the organization's resources; the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to the organization; or the District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the District in that the District approves the budget, the issuance of debt, or the levying of taxes. The District does not have any component units.

The District is associated with five jointly governed organizations, two public entity risk pools, and one related organization. These organizations include the Western Ohio Computer Organization, the Ohio Hi-Point Joint Vocational School District, the Metropolitan Educational Council, the West Central Ohio Special Education Regional Resource Center, the Logan County Education Association, the Ohio School Boards Association Workers' Compensation Group Rating Plan, the Logan Count Schools Benefit Plan Association, and the Logan County District Library. These organizations are presented in Notes 11, 12, and 13 to the financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

Although required by Ohio Administrative Code Section 117-2-03 (B) to prepare its annual financial report with generally accepted accounting principles (GAAP), the District chooses to prepare its financial statements on the basis of accounting formerly prescribed or permitted for school districts by the Auditor of State. The comprehensive basis of accounting is similar to the cash receipts and disbursements basis of accounting. Receipts are recognized when received in cash rather when earned, and disbursements are recognized when paid rather than when a liability has incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as formerly prescribed or permitted for school districts by the Auditor of State.

B. Fund Accounting

The District uses funds to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain District functions or activities.

A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts recording receipts and disbursements in accordance with special restrictions or limitations. For financial statement presentation purposes, the various funds of the District are grouped into the following generic fund types under the broad fund categories governmental, proprietary and fiduciary.

1. Governmental Fund Types:

Governmental funds are those through which most governmental functions of the District are financed. The following are the District's governmental fund types:

General Fund - The General Fund is the operating fund of the District and is used to account for all financial resources except those required to be accounted for in another fund. The General Fund balance is available to the District for any purpose provided it is expended or transferred according to the general laws of Ohio.

Special Revenue Funds - Special revenue funds are used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditure for specified purposes.

Debt Service Fund - The Debt Service fund is used to account for the accumulation of resources for, and the payment of, general long-term obligation principal, interest, and related costs.

Capital Projects Funds - The Capital Projects funds are used to account for financial resources to be used for the acquisition of equipment and for the acquisition or construction of major capital facilities (other than those financed by proprietary or trust funds).

NOTES TO THE GENERAL-PURPOSE FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2003 (Continued)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. **Proprietary Fund Type:**

Proprietary funds are used to account for the District's ongoing activities which are similar to those found in the private sector. The following is the District's proprietary fund type:

Enterprise Funds - Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges or where it has been decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

3. Fiduciary Fund Types:

Fiduciary funds are used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other funds. The District's fiduciary funds include expendable trust and agency funds. Expendable trust funds are accounted for in essentially the same manner as governmental funds. Agency funds are custodial in nature and do not involve measurement of results of operations.

C. Budgetary Process

The budgetary process is prescribed by provisions of the Ohio Revised Code and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriation resolution, all of which are prepared on the budgetary basis of accounting. The certificate of estimated resources and the appropriations resolution are subject to amendment throughout the year with the legal restriction that appropriations cannot exceed estimated resources, as certified.

All funds, other than agency funds, are legally required to be budgeted and appropriated. The primary level of budgetary control is at the fund, object level for the General Fund, and the fund, special cost center level for all other funds. Any budgetary modifications at this level may only be made by resolution of the Board of Education.

The District had negative cash fund balances in several funds throughout the fiscal year ended June 30, 2003. This situation violated the requirements of Ohio Rev. Code Section 5705.10.

1. Tax Budget:

Prior to January 15, the Superintendent and Treasurer submit to the Board of Education a proposed operating budget for the ensuing fiscal year starting July 1. The budget includes proposed expenditures and the means of financing for all funds. Public hearings are conducted to obtain taxpayers' comments. The express purpose of this budget document is to reflect the need for existing (or increased) tax rates. By no later than January 20, the Board-adopted budget is filed with the Logan County Budget Commission for rate determination.

NOTES TO THE GENERAL-PURPOSE FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2003 (Continued)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Estimated Resources:

Prior to April 1, the Board of Education accepts, by formal resolution, the tax rates as determined by the County Budget Commission and receives the commission's certificate of estimated resources which states the projected revenue of each fund.

Prior to June 30, the District must revise its budget so that total contemplated expenditures from any fund during the ensuing year will not exceed the amount stated in the certificate of estimated resources. The revised budget then serves as the basis for the appropriation measure. On or about July 1, the certificate is amended to include any unencumbered cash balances from the preceding year. The certificate may be further amended during the year if projected increases or decreases in revenue are identified by the District Treasurer. The amounts reported in the budgetary statements reflect the amounts in the final amended certificate issued during fiscal year 2003.

3. Appropriations:

Upon receipt from the County Auditor of an amended certificate of estimated resources based on final assessed values and tax rates or a certificate saying no new certificate is necessary, the annual appropriation resolution must be legally enacted by the Board of Education at the District's legal level which is the fund, object level for the General Fund and the fund, special cost center for all other funds. Prior to the passage of the annual appropriation measure, the Board may pass a temporary appropriation measure to meet the ordinary expenses of the District.

The appropriation resolution, by fund, must be within the estimated resources as certified by the County Budget Commission and the total of expenditures and encumbrances may not exceed the appropriation totals at any level of control. Any revisions that alter the total of any fund appropriation must be approved by the Board of Education.

The Board may pass supplemental fund appropriations so long as the total appropriations by fund do not exceed the amounts set forth in the most recent certificate of estimated resources. During the year, several supplemental appropriations were legally enacted; however, none of these amendments were significant.

The budget figures which appear in the statements of budgetary comparisons represent the final appropriation amounts, including all supplemental appropriations.

4. Encumbrances:

As part of formal budgetary control, purchase orders, contracts, and other commitments for the expenditure of monies are recorded as the equivalent of expenditures in order to reserve that portion of the applicable appropriation and to determine and maintain legal compliance. Expenditures plus encumbrances may not legally exceed appropriations.

5. Lapsing of Appropriations:

At the close of each fiscal year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriation. Encumbered appropriations are carried forward to the succeeding fiscal year and are not reappropriated.

NOTES TO THE GENERAL-PURPOSE FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2003 (Continued)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Cash and Cash Equivalents

To improve cash management, all cash received by the District is pooled. Monies for all funds, including proprietary funds, are maintained in this account. Individual fund integrity is maintained through District records.

Investments are stated at cost which approximates market value. Investment earnings are allocated as authorized by State statute based upon District policy.

E. Property, Plant and Equipment

Fixed assets acquired or constructed are recorded as expenditures. Depreciation is not recorded for these fixed assets

F. Unpaid Vacation and Sick Leave

Employees are entitled to cash payments for unused vacation and sick leave in certain circumstance, such as upon leaving employment. Unpaid vacation and sick leave are not reflected as liabilities under the cash basis of accounting used by the District.

G. Interfund Transactions

Quasi-external transactions are accounted for as receipts and disbursements. Transactions that constitute reimbursements to a fund for disbursements initially made from it that are properly applicable to another fund are recorded as disbursements in the reimbursing fund and as reductions of disbursements in the fund that is reimbursed.

All other interfund transfers are reported as operating transfers.

H. Total Columns on Financial Statements

Total columns on the Financial Statements are captioned "Total - (Memorandum Only)" to indicate that they are presented only to facilitate financial analysis. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

3. CHANGES IN ACCOUNTING PRINCIPLES AND RESTATEMENT OF FUND BALANCES

Commencing with the period ending June 30, 1993, the District began preparing its annual financial statements in accordance with "Generally Accepted Accounting Principals", also known as "GAAP", a widely accepted set of rules, conventions, standards and procedures for reporting financial information, as established by the Governmental Accounting Standards Board. The District has found that the cost of preparation of GAAP financial statements significantly exceeds the cost of non-GAAP financial statements. In the judgement of the District, the application of GAAP does not produce financial statements that are materially more accurate than non-GAAP financial statements. In the light of the higher cost and absence of material benefit, the District has chosen to return to the use of non-GAAP financial statements commencing with the period ending June 30, 2003. This change has the following effect on fund balance types as previously reported:

4. DEPOSITS AND INVESTMENTS

State statutes classify monies held by the District into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the District Treasury, in commercial accounts payable or withdrawal on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board of Education has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit, or by savings or deposit accounts including passbook accounts.

Protection of District's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by suretycompany bonds deposited with the treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

Interim monies to be deposited or invested in the following securities:

1. United States Treasury Notes, Bills, Bonds, or other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal or interest by the United States;

NOTES TO THE GENERAL-PURPOSE FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2003 (Continued)

4. DEPOSITS AND INVESTMENTS (Continued)

- 2. Bonds, notes, debentures, or other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of the federal government agencies or instrumentalities;
- 3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least 2 percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
- 4. Bonds and other obligations of the State of Ohio;
- No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) of this section and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
- 6. The State Treasurer's investment pool (STAROhio)
- 7. Certain bankers' acceptances and commercial paper notes for a period not to exceed one hundred eighty days from the date of purchase in an amount not to exceed twenty-five percent of the interim monies available for investment at any one time.

Investments in stripped principal or interest obligations, reverse purchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the District, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions.

Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

As of June 30, 2003, the District had \$225 in undeposited cash on hand which is included in the fund balance.

The following information classifies deposits and investments by categories of risk as defined in GASB Statement 3, "Deposits with Financial Institutions, Investments and Reverse Repurchase Agreements".

Deposits: At fiscal year end, the carrying amount of the District's deposits was \$2,536,550 and the bank balance was \$2,829,920. Of the bank balance, \$300,000 was covered by federal depository insurance and \$2,529,920 was uninsured and uncollateralized. Although the securities serving as collateral were held by the pledging financial institution's trust department in the District's name and all State statutory requirements for the deposit of money had been followed, non-compliance with federal requirements would potentially subject the District to a successful claim by the Federal Deposit Insurance Corporation.

NOTES TO THE GENERAL-PURPOSE FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2003 (Continued)

4. DEPOSITS AND INVESTMENTS (Continued)

Investments: The District's investments are categorized to give an indication of the level of risk assumed by the District at fiscal year end. Category 1 includes investments that are insured or registered or for which the securities are held by the District or its agent in the District's name. Category 2 includes uninsured and unregistered investments which are held by the counterparty's trust department or agent in the District's name. Category 3 includes uninsured and unregistered investments, or by its trust department or agent but not in the District's name.

The District's investment STAR Ohio, an investment pool operated by the Ohio State Treasurer, is unclassified because the investment is not evidenced by securities that exist in physical or book entry form.

	Carrying Value	Market Value
STAR Ohio	<u>4,317,472</u>	<u>4,317,472</u>
Total Investments	<u>\$4,317,472</u>	<u>\$4,317,472</u>

5. PROPERTY TAXES

Property taxes are levied and assessed on a calendar year basis, while the District operates on a fiscal year from July through June. First half tax collections are received by the District in the second half of the fiscal year. Second half tax distributions occur in the first half of the following year. Property taxes include amounts levied against all real, public utility and tangible personal (used in business) property located in the District. Real property taxes are levied April 1 on the assessed value listed as of the prior January 1, the lien date.

Public utility property taxes attached as a lien on December 31 of the prior fiscal year, were levied April 1 and are collected with real property taxes. Assessed values for real property taxes are established by State law at 35 percent of appraised market value. All property is required to be revalued every six years. Public utility property taxes are assessed on tangible personal property at 88 percent of true value (with certain exceptions) and on real property at 35 percent of true value.

Tangible personal property taxes are levied after April 1 on the value listed as of December 31 of the current year. Tangible personal property assessments are 25 percent of true value. Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due in February with the remainder payable in July. Under certain circumstances, State statute permits earlier or later payment dates to be established.

Tangible personal property taxes paid by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semi-annually. If paid annually, payment is due April 30; if paid semi-annually, the first payment is due April 30, with the remainder payable by September 20. The District receives property taxes from Logan County.

The County Auditor periodically advances to the District its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2003 are available to finance fiscal year 2003 operations. The amount available to be advanced can vary based on the date the tax bills are sent.

6. LONG-TERM OBLIGATIONS (Continued)

The Current Interest Term Bonds maturing December 1, 2025, are subject to mandatory sinking fund redemption at a redemption price of 100% of the principal amount to be redeemed, plus accrued interest to the redemption date, on December 1 in the years and in the respective principal amounts as follows:

	Principal Amount to
Year	be Redeemed
2016	\$240,000
2017	255,000
2018	265,000
2019	280,000
2020	295,000
2021	310,000
2022	325,000
2023	345,000
2024	360,000

The remaining principal amount of such bonds (\$310,000) will mature at stated maturity on December 1, 2025.

The Current Interest Bonds maturing after December 1, 2008 are subject to redemption at the option of the District, either in whole or in part, in such order as the District shall determine, on any interest payment date on or after December 1, 2008, at redemption prices equal to the following percentages of the principal amount redeemed plus, in each case, accrued interest to the date fixed for redemption.

Redemption Period	Redemption Price
December 1, 2008 through November 30, 2009	101%
December 1, 2009 and thereafter	100%

When partial redemption is authorized, the Current Interest Bonds or portions thereof will be selected by lot within a maturity in such manner as the Bond Registrar may determine, provided, however, that the portion of any such Bond so selected will be in the amount of \$5,000 or any integral multiple thereof.

If optional redemption of Current Interest Bonds at a redemption price exceeding 100% is to take place on any date on which a mandatory redemption of such Bonds of the same maturity will take place, such Bonds to be redeemed by optional redemption are to be selected by the Bond Registrar prior to the selection of such Bonds to be redeemed at par on the same date.

The capital appreciation serial bonds will mature in fiscal years 2012 through 2017. The maturity amount of the bonds is \$250,000 per year for a total maturity of \$1,500.000.

6. LONG-TERM OBLIGATIONS (Continued)

If optional redemption of Current Interest Bonds at a redemption price exceeding 100% is to take place on any date on which a mandatory redemption of such Bonds of the same maturity will take place, such Bonds to be redeemed by optional redemption are to be selected by the Bond Registrar prior to the selection of such Bonds to be redeemed at par on the same date.

The capital appreciation serial bonds will mature in fiscal years 2010 through 2014. The maturity amount of the bonds is \$525,000, \$535,000, \$585,000, \$640,000, and \$640,000, respectively.

School Bus Bonds – The District issued unvoted obligation bonds for the purchase of school buses. The bonds were issued for a ten-year period with final maturity in 2007. The bonds will be retired from the debt service fund.

Energy Conservation Note - The District issued unvoted general obligation notes for the purpose of providing energy conservation measures for the District, under the authority of Ohio Revised Code sections 133.06(G) and 3313.372. The notes were issued for a ten-year period with final maturity at June 1, 2003. The loan will be retired from the debt service fund.

Tax Anticipation Notes – The District issued tax anticipation notes, dated August 1999, in anticipation of the collection of a fraction of the proceeds of the five-year emergency tax levy approved in May 1999. Final maturity will be December 1, 2004.

Principal and interest requirements to retire general obligation debt, including notes outstanding at June 30, 2003, are as follows:

8. RISK MANAGEMENT

A. Property and Liability

The District is exposed to various risks of loss related to torts; theft or damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters. The District maintains comprehensive commercial insurance coverage for real property, building contents, and vehicles. Vehicle policies include liability coverage for bodily injury and property damage. Real property and contents are fully insured. Settled claims resulting from these risks have not exceeded the commercial coverage in any of the past three fiscal years.

The District comprehensive commercial insurance coverage for real property and building contents has a liability limit of \$38,515,630, a \$500 deductible, and a 90 percent coinsurance.

The District's fleet insurance has a liability limit of \$1,000,000, \$5,000 for medical payments. The policy includes a \$250 deductible for comprehensive and collision coverage with all buses covered for cash value.

The District's liability policy has a limit of \$3,000,000 aggregate.

B. Workers' Compensation

For fiscal year 2003, the District participated in the Ohio School Boards Association Workers' Compensation Group Rating Program (GRP), an insurance purchasing pool (Note 12). The intent of the GRP is to achieve the benefit of a reduced premium for the District by virtue of its grouping and representation with other participants in the GRP.

The workers' compensation experience of the participating school districts is calculated as one experience and a common premium rate is applied to all school districts in the GRP. Each participant pays its workers' compensation premium to the State based on the rate for the GRP rather than its individual rate. Total savings are then calculated and each participant's individual performance is compared to the overall savings percentage of the GRP. A participant will then either receive money from or be required to contribute to the "Equity Pooling Fund".

This "equity pooling" arrangement insures that each participant shares equally in the overall performance of the GRP. Participation in the GRP is limited to the school districts that can meet the GRP's selection criteria. The firm of Fates McDonald & Co. provides administrative, cost control and actuarial services to the GRP.

C. Health Insurance

The District participates in the Logan County Schools Benefit Plan Association (the "Plan"); a public entity shared risk pool consisting of one joint vocational school, one educational service center and three local school districts. The District pays monthly premiums for employee life insurance and dental and medical benefits. The Plan is responsible for all Plan liabilities to its employees, dependents, and designated beneficiaries accruing as a result to withdrawal.

NOTES TO THE GENERAL-PURPOSE FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2003 (Continued)

9. DEFINED BENEFIT PENSION PLANS

A. School Employees Retirement System

The District contributes to the School Employees Retirement System of Ohio (SERS), a costsharing multiple employer defined benefit pension plan administered by the State Teachers Retirement System. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3476.

Plan members are required to contribute 9% of their annual covered salary and the District is required to contribute at an actuarially determined rate. The current school district rate is 14% of annual covered payroll. A portion of the District's contribution is used to fund pension obligations with the remainder being used to fund health care benefits; for fiscal year 2003, 8.17% of annual covered salary was the portion used to fund pension obligations. For fiscal year 2002, 5.46% of annual covered salary was the portion used to fund pension obligations. The contribution requirements of plan members and employers are established and may be amended, up to a statutory maximum amount, by the SERS' Retirement Board.

The District's required contributions for pension obligations to SERS for the fiscal years ended June 30, 2003, 2002 and 2001 were \$134,787, \$85,185 and \$69,556 respectively; 100% percent has been contributed for fiscal year 2003, 2002, and 2001.

B. State Teachers Retirement System

The District participates in the State Teachers Retirement System of Ohio (STRS Ohio), a costsharing, multiple employer public employee retirement system. STRS Ohio provides basic retirement benefits, disability, survivor, and health care benefits based on eligible service credit to members and beneficiaries. Benefits are established by Chapter 3307 of the Ohio Revised Code. STRS Ohio issues a stand-alone financial report that may be obtained by writing to STRS Ohio, 275 E. Broad St., Columbus, OH 43215-3371 or by calling (614) 227-4090.

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on member contributions and earned interest matched by STRS Ohio funds times an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5% of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. DC and Combined Plan members will transfer to the Defined Benefit Plan during their fifth year of membership unless they permanently select the DC or Combined Plan. Existing members with less than five years of service credit as of June 30, 2001, were given the option of making a one time irrevocable decision to transfer their account balances from the existing DB Plan into the DC Plan or the Combined Plan. This option expired on December 31, 2001.

NOTES TO THE GENERAL-PURPOSE FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2003 (Continued)

9. DEFINED BENEFIT PENSION PLANS (Continued)

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

For the fiscal year ended June 30, 2003, plan members were required to contribute 9.3% of their annual covered salaries. The District was required to contribute 14%; 13% was the portion used to fund pension obligations. For fiscal year 2002, the portion used to fund pension obligations was 9.5%. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10% for members and 14% for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The District's required contributions for pension obligations for the fiscal years ended June 30, 2003, 2002, and 2001 were \$ 807,553, \$ 544,726, and \$ 564,16+- respectively; 100 percent has been contributed for fiscal year 2003, 2002, and 2001. The District had no contributions under the Combined Plan and the DC Plan.

B. Social Security System

Effective July 1, 1991, all employees not otherwise covered by the State Teachers Retirement System or the School Employees Retirement System have an option to choose Social Security or the School Employees Retirement System/State Teachers Retirement System. As of June 30, 2003, four members of the Board of Education have elected Social Security. The Board's liability is 6.2% of wages paid.

10. POST RETIREMENT BENEFITS

The District provides comprehensive health care benefits to retired teachers and their dependents through the State Teachers Retirement System (STRS), and to retired non-certified employees and their dependents through the School Employees Retirement System (SERS). Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare premiums. Benefit provisions and the obligations to contribute are established by the Systems based on authority granted by State statute. Both systems are funded on a pay-as-you-go basis.

The State Teachers Retirement Board has statutory authority over how much, if any, of the health care costs will be absorbed by STRS. Most benefit recipients pay a portion of the health care cost in the form of a monthly premium. By law, the cost of coverage paid from STRS funds shall be included in the employer contribution rate, currently 14% of covered payroll. For fiscal year 2003, the Board allocated employer contributions equal to 1% of covered payroll to the Health Care Reserve Fund. For the District, this amount equaled \$62,119.

STRS pays health care benefits from the Health Care Reserve Fund. The balance in the Fund was \$3,011 million at June 30, 2002 (the latest information available). For the fiscal year ended June 30, 2002, net health care costs paid by STRS were \$354,697,000, and STRS had 105,300 eligible benefit recipients.

NOTES TO THE GENERAL-PURPOSE FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2003 (Continued)

10. POST RETIREMENT BENEFITS (Continued)

For SERS, coverage is made available to service retirees with ten or more fiscal years of qualifying service credit, and to disability, and survivor benefit recipients. Members retiring on or after August 1, 1989, with less than twenty-five fiscal years of service credit must pay a portion of their premium for health care. The portion is based on years of service up to a maximum of 75 percent of the premium.

For the fiscal year ended June 30, 2003, employer contributions to fund health care benefits were 5.83% of covered payroll. In addition, SERS levies a surcharge to fund health care benefits equal to 14% of the difference between a minimum pay and the member's pay, pro-rated for partial service credit. For fiscal year 2003, the minimum pay was established at \$14,500. For the District, the amount to fund health care benefits, including the surcharge, was \$108,711, for fiscal year 2003.

The surcharge, added to the unallocated portion of the 14% employer contribution rate, provides for maintenance of the asset target level for the health care fund. The target level for the health care reserve is 150% of annual health care expenses. Expenses for health care for the fiscal year ended June 30, 2002 (the latest information available), were \$182,946,777, and the target level was \$274.4 million. At June 30, 2002, SERS had net assets available for payment of health care benefits of \$335.2 million. SERS has approximately 50,000 participants currently receiving health care benefits.

11. JOINTLY GOVERNED ORGANIZATIONS

Western Ohio Computer Organization – The District is a participant in the Western Ohio Computer Organization (WOCO), which is a computer consortium. WOCO is an association of various public school districts within the boundaries of Auglaize, Champaign, Hardin, Logan, Shelby, and Miami Counties. The organization was formed for the purpose of applying modern technology with the aid of computers and other electronic equipment to administrative and instructional function amount member school districts. Each of the governments of these districts supports WOCO based upon a per pupil charge dependent on the software package utilized. In accordance with GASB Statement No. 14, the District does not have an equity interest in WOCO, as the residual interest in net resources of the joint venture upon dissolution is not equivalent to an equity interest. WOCO is governed by a board of directors consisting of the superintendents of the member school districts and the degree of control is limited to the representation on the board. Financial information can be obtained from Sonny Ivey, who serves as Director, at 129 East Court Street, Sidney, Ohio 45365.

Ohio Hi-Point Joint Vocational School – The Ohio Hi-Point Joint Vocational School District is a district political subdivision of the State of Ohio, which possesses its own budgeting and taxing authority. The Vocational School is governed by a board of education that consists or a representative from each participating school district and its degree of control is limited to its representation on the board. To obtain financial information write to the Ohio Hi-Point Vocational School, Eric Adelsberger, who serves at Treasurer, at 2280 State Route 540, Bellefontaine, Ohio 43311.

Metropolitan Educational Council – The Metropolitan Educational Council (MEC) is a purchasing cooperative made up of nearly 124 Districts in 22 counties. The purpose of the cooperative is to obtain prices for quality merchandise and services commonly used by schools. All member districts are obligated to pay all fees, charges, of other assessments as established by the MEC. The governing board of MEC consists of one voting representative from each member district. To obtain financial information, write to the Metropolitan Educational Council, Elmo Kallner, who serves as director, 6100 Channingway Boulevard, Suite 604, Columbus, Ohio 43232.

11. JOINTLY GOVERNED ORGANIZATIONS (Continued)

West Central Ohio Special Education Regional Resource Center – The West Central Ohio Special Education Regional Resource Center (SERRC) is a special education service center, which selects is own board, adopts its own budget and receives Federal and State grants for its operation. The jointly-governed organization was formed for the purpose of initiating, expanding and improving special education programs and services for children with disabilities and their parents. The SERRC is governed by a board of 52 members made up of the 50 superintendents of the participating districts, one non-public school, and Wright State University whose terms rotate every year. The degree of control exercised by any participating school district is limited to its representation on the Board. Financial information can be obtained by contacting Krista Hart, Treasurer, at the Hardin County Educational Service Center, 1211 West Lima Street, Kenton, Ohio 43326.

Logan County Education Foundation – The Logan County Education Foundation was established to secure and distribute contributions from individuals, corporations, and foundations for the benefit of students within the county. The Foundation promotes, sponsors, and encourages the pursuit of excellence in education for students. The Foundation is managed by a Board of Trustees composed six trustees form each school district. These trustees are nominated by their local school boards including Bellefontaine City School District, Benjamin Logan Local School District, Indian Lake Local School District, and Riverside Local School District, The Executive Board is comprised of the Logan County Educational Service Center Superintendent representing the three local school district. Financial information can be obtained by contacting Eric Adelsberger, who serves as Financial Advisor, 2626 County Road 18, Bellefontaine, Ohio 43311.

12. INSURANCE PURCHASING POOLS

Ohio School Boards Association Workers' Compensation Group Rating Program - The District participates in the Ohio School Boards Association Workers' Compensation Group Rating Program (Program), an insurance purchasing pool. The Program's business and affairs are conducted by a three member Board of directors consisting of the President, the President-Elect and the Immediate Past President of the OSBA. The Executive Director of the OSBA, or his designed, serves as coordinator of the program. Each year, the participating Districts pay an enrollment fee to the Program to cover the costs of administering the program.

The intent of the Program is to achieve the benefit of a reduced premium for the District by virtue of its grouping and representation with other participants in the Program. The workers compensation experience of the participating school districts is calculated as one experience and a common premium rate is applied to all school districts in the Program. Each participant pays its workers' compensation premium to the State based on the rate for the Program rather than its individual rate. Total savings are then calculated and each participant's individual performance is compared to the overall savings percentage of the Program. A participant will then either receive money from or be required to contribute to the "Equity Pooling Fund".

This "equity pooling" arrangement insures that each participant shares equally in the overall performance of the program. Participation in the Program is limited to school districts that can meet the Program's selection criteria. The firm of Gates, McDonald & Company provides administrative, cost control and actuarial services to the Program.

12. INSURANCE PURCHASING POOLS (Continued)

Logan County School Benefit Plan Association – The District participates in the Logan County Schools Benefit Plan Association (the Plan); a public entity shared risk pool consisting of one educational service center, one joint vocational school district, and three local school districts. The District pays monthly premiums to the Plan for employee life insurance, and dental and medical benefits. The Plan is responsible for the payment of all Plan liabilities to its employees, dependents, and designated beneficiaries accruing as a result of withdrawal.

13. RELATED ORGANIZATION

Logan County District Library – The Logan County District Library is a distinct political subdivision of the State of Ohio created under Chapter 3375 of the Ohio Revised Code. The Library is governed by a Board of Trustees appointed by the Judge of Common Pleas Court. The Board of Trustees possesses its own contracting and budgeting authority, hires and fires personnel and does not depend on the School District for operational subsidies. Although the School District does serve as the taxing authority and may issue tax related debt on behalf of the Library, its role is limited to a ministerial function. The determination to request approval of a tax, the rate and the purpose are discretionary decisions made solely by the Board of Trustees. Financial information can be obtained from the Logan County District Library, Wilma Furgeson, Clerk/Treasurer, at 220 North Main, Bellefontaine, Ohio 43311.

14. STATE SCHOOL FUNDING DECISION

On December 11, 2002, the Ohio Supreme Court issued its latest opinion regarding the State's school funding plan. The decision reaffirmed earlier decisions that Ohio's current school-funding plan is unconstitutional. \

The Supreme Court relinquished jurisdiction over the case and directed "...the Ohio General Assembly to enact a school-funding scheme that is thorough and efficient...".

The District is currently unable to determine what effect, if any, this decision will have on its future State funding and on its financial operations.

15. SET ASIDE DISCLOSURE

As stated in House Bill 412, revised in Senate Bill 345, school districts are required to maintain two reserves; one for capital acquisition and maintenance, and one for textbooks and other instructional materials. A reserve represents resources whose use is limited because of contractual or statutory restrictions.

The following cash basis information describes the change in the year-end set-aside amounts. Disclosure of this information is required by State statute.

Current Year Offsets			
Qualifying Disbursements	(343,564)	(782,350)	
Cash Balance Carried forward to FY 2003	(\$231,642)	(\$564,539)	\$5,563

The District had qualifying disbursements during the year that reduced the textbooks and capital acquisition set-aside amounts to below zero. The District may, and has chosen to carry forward the excess amount for the textbooks and capital acquisition set-asides to offset set-aside requirements of future years.

In prior years, the District was also required to set aside money for budget stabilization. For fiscal year 2003, only the unspent portion of workers' compensation refunds continues to be set aside at fiscal year end. This balance must be spent according to S.B. 345.

16. CONTINGENCIES

A. Grants

The District received financial assistance from federal and state agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the District at June 30, 2003.

B. Litigation

There are currently no matters in litigation with the district as defendant.

NOTES TO THE SCHEDULE OF FEDERAL AWARDS EXPENDITURES FOR THE FISCAL YEAR ENDED JUNE 30, 2003

NOTE A -- SIGNIFICANT ACCOUNTING POLICIES

The accompanying Schedule of Federal Awards Expenditures (the "Schedule") summarizes activity of the District's federal award programs. The schedule has been prepared on the cash basis of accounting.

NOTE B -- NUTRITION CLUSTER

Nonmonetary assistance, such as food received from the U.S. Department of Agriculture, is reported in the Schedule at the fair market value of the commodities received and consumed. Cash receipts from the U.S. Department of Agriculture are commingled with State grants. It is assumed federal monies are expended first. At June 30, 2003, the District had no significant food commodities in inventory.

NOTE C -- NEGATIVE RECEIPTS

The negative receipt in the Eisenhower Professional Development State Grant represents the elimination of this grant. This receipt was transferred into the Improving Teacher Quality State Grants.

NOTE D -- TRANSFER OF FUNDS BETWEEN COST CENTERS

The following transfers between fund cost centers were approved by the Ohio Department of Education.

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE AND ON INTERNAL CONTROL REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Indian Lake Local School District Logan County 6210 State Route 235 North Lewistown, Ohio 43333

To the Board of Education:

We have audited the financial statements of Indian Lake Local School District, Logan County, (the "District"), as of and for the year ended June 30, 2003, and have issued our report thereon dated December 16, 2003, which noted the District prepares its financial statements on a basis of accounting other than that prescribed by Ohio Administrative Code Section 117-2-03 (B). We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America.

Compliance

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance that are required to be reported under *Government Auditing Standards* which is described in the accompanying schedule of findings as items 2003-001 through 2003-003.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting in order to determining our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting would not t necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operations that we consider to be material weaknesses. However, we noted other matters involving the internal control over financial reporting that do not require inclusion in this report, that we have reported to management of the District in a separate letter dated December 16, 2003.

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Indian Lake Local School District Logan County 6210 State Route 235 North Lewistown, Ohio 43333

To the Board of Education:

Compliance

We have audited the compliance of Indian Lake Local School District, Logan County, (the "District") with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133, Compliance Supplement* that are applicable to its major federal programs for the year ended June 30, 2003. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the District's management. Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance occurred with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the District's compliance with those requirements.

As described in item 2003-004 in the accompanying schedule of findings, the District did not comply with requirements regarding Procurements that are applicable to its Nutrition Cluster. Compliance with such requirements is necessary, in our opinion, for District to comply with requirements applicable to that program.

In our opinion, except for the noncompliance described in the preceding paragraph, the District complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2003.

One First National Plaza / 130 W. Second St. / Suite 2040 / Dayton, OH 45402 Telephone: (937) 285-6677 (800) 443-9274 Fax: (937) 285-6688 www.auditor.state.oh.us Indian Lake Local School District Logan County Independent Accountants' Report on Compliance with Requirements Applicable to Each Major Federal Program and Internal Control Over Compliance In Accordance With OMB Circular A-133 Page 2

Internal Control Over Compliance

The management of the District is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the District's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses. However, we noted a matter involving the internal control over federal compliance that does not require inclusion in this report, that we have reported to management of the District in a separate letter dated December 16, 2003.

This report is intended for the information and use of the audit committee, management, the Board of Education, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

2. FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

FINDING NUMBER 2003-001

Finding for Recovery

During the school year ended June 30, 2003, the District's Student Activity Key Club had a nut and candy sale fund raiser, the proceeds of which were to be paid into the Key Club Student Activity Fund. The supplier's invoice showed expected revenue of \$4,413.50 for this fund raiser, however, the actual revenue collected and receipted into the Key Club Student Activity Fund was \$4,229.50, which resulted in a shortage of \$184.

In accordance with the foregoing facts and pursuant to **Ohio Rev. Code Section 117.28**, a Finding for Recovery for public money collected but not accounted for, is hereby issued against Key Club Student Activity Advisor, John Tucci, in the amount of \$184 and in favor of the District's Key Club Student Activity Fund.

Finding Number 2003-002

Ohio Rev. Code Section 117.38 provides that each public office shall file a financial report for each fiscal year. The Auditor of State may prescribe forms by rule or may issue guidelines, or both, for such reports. If the auditor of state has not prescribed a rule regarding the form for the report, the public office shall submit its report on the form utilized by the public office. Ohio Administrative Code Section 117-2-03 further clarifies the requirements of Ohio Rev. Code Section 117.38.

Ohio Administrative Code Section 117-2-03(B) requires the District to prepare its annual financial report in accordance with generally accepted accounting principles. However, the District prepares its financial statements in accordance with standards established by the Auditor of State for governmental entities not required to prepare annual reports in accordance with generally accepted accounting principles. The accompanying financial statements and notes omit assets, liabilities, fund equities, and disclosures that, while material, cannot be determined at this time. Pursuant to Ohio Rev. Code Section 117.38, the District may be fined and subject to various other administrative remedies for its failure to file the required financial report.

To help provide the users with more meaningful financial statements, the District should prepare their financial statements according to generally accepted accounting principals.

Indian Lake Local School District Logan County Schedule of Findings Page 3

Finding Number 2003-003

Ohio Rev. Code Section 5705.10 states that money that is paid to into a fund must be used only for the purposes for which such fund has been established. As a result, a negative fund balance indicates that money from one fund was used to cover expenses of another fund. The District had negative cash fund balances throughout the year in the following funds:

FUND	MONTH ENDING	DEFICIT BALANCE
Enterprise Food Service	August	\$14,063
	September	\$32,077
	October	\$36,218
	November	\$33,316
	December	\$37,592
	January	\$25,232
	February	\$32,408
	March	\$29,998
	April	\$35,255
	Мау	\$45,700
Special Revenue Title VI-B	April	\$60,809
Special Revenue Title 1	October	\$4,936
	November	\$6,836
	January	\$15,024
	February	\$5,534
	March	\$4,634
Special Revenue Title VI	August	\$4,955
	Мау	\$6,379
Special Revenue Title II-A	January	\$3,796
Special Revenue Title IV	May	\$3,879
Special Revenue VOAG Grant	September	\$6,000
Special Revenue DPIA	December	\$4,091

The District should implement procedures to identify those funds that may develop a negative balance. Money should then be transferred or advanced into those funds to prevent a negative balance. Indian Lake Local School District Logan County Schedule of Findings Page 4

3. FINDINGS FOR FEDERAL AWARDS

Finding Number 2003-004

Nutrition Cluster

7 C.F.R. 3016.36[c](1) states that all procurement transactions will be conducted in a manner providing full and open competition. The District did not solicit quotes from competing vendors for milk and bread products, in part, purchased with money provided by the Nutrition Cluster Grant. This practice could result in the District incurring excessive costs for these products.

Monitoring procedures should be implemented to help assure full and open competition is utilized in the purchase of products from money provided by the Nutrition Cluster Grant.
