Auditor of State Betty Montgomery

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

City of Canton Stark County 218 Cleveland Avenue Canton, Ohio 44702

To the Honorable Mayor and City Council:

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund and the aggregate remaining fund information of the City of Canton, Stark County, Ohio, (the City) as of and for the year ended December 31, 2004, which collectively comprise the City's basic financial statements and have issued our report thereon dated July 22, 2005 in which we noted the financial statements of the City's component unit was audited by other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City's internal control over financial reporting to determine our auditing procedures in order to express our opinion on the financial statements and not to opine on the internal control over financial reporting. Our consideration of the internal control would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts material to the financial statements we audited may occur and not be timely detected by employees when performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider material weaknesses. In a separate letter to the City's management dated August 26, 2005, we reported other matters involving internal control over financial reporting we did not deem reportable conditions.

Compliance and Other Matters

As part of reasonably assuring whether the City's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters that we must report under *Government Auditing Standards*.

Betty Montgomery Auditor of State

July 22, 2005

Auditor of State Betty Montgomery

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

City of Canton Stark County 218 Cleveland Avenue Canton, Ohio 44702

To the Honorable Mayor and City Council:

Compliance

We have audited the compliance of the City of Canton, Stark County, Ohio, (the City) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133, Compliance Supplement that apply to each of its major federal programs for the year ended December 31, 2004. The summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs identifies the City's major federal programs. The City's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to each major federal program. Our responsibility is to express an opinion on the City's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to reasonably assure whether noncompliance occurred with the types of compliance requirements referred to above that could directly and materially affect a major federal program. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing other procedures we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the City's compliance with those requirements.

In our opinion, the City complied, in all material respects, with the requirements referred to above that apply to each major federal program for the year ended December 31, 2004. However, the results of our auditing procedures disclosed instances of noncompliance with those requirements that OMB Circular A-133 requires us to report, which are described in the accompanying Schedule of Findings and Questioned Costs as items 2004-001 through 2004-003. In a separate letter to the City's management dated August 26, 2005, we reported an other matter related to federal noncompliance not requiring inclusion in this report.

Internal Control Over Compliance

The City's management is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the City's internal control over compliance with requirements that could directly and materially affect a major federal program to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance with OMB Circular A-133.

101 Central Plaza South / 700 Bank One Tower / Canton, OH 44702 Telephone: (330) 438-0617 (800) 443-9272 Fax: (330) 471-0001 www.auditor.state.oh.us

| City of Canton |
|---|
| Stark County |
| Independent Accountants' Report on Compliance with Requirements |
| Applicable to Each Major Federal Program and on Internal Control Over |
| Compliance In Accordance With OMB Circular A-133 |
| Page 2 |

We noted a certain matter involving the internal control over compliance and its operation that we consider a reportable condition. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over compliance that, in our judgment, could adversely affect the City's ability to administer a major federal program in accordance with applicable requirements of laws, regulations, contracts, and grants. The reportable condition is described in the accompanying Schedule of Findings and Questioned Costs as item 2004-003.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be timely detected by employees when performing their assigned functions. Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered material weaknesses. We consider item 2004-003 to be a material weakness.

We also noted other matters involving the internal control over federal compliance not requiring inclusion in this report, that we reported to the City's management in a separate letter dated August 26, 2005.

Federal Awards Receipts and Expenditures Schedule

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund and the remaining aggregate fund information of the City as of and for the year ended December 31, 2004, and have issued our report thereon dated July 22, 2005 in which we noted the financial statements of the City's component unit was audited by other auditors. Our audit was performed to form opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying Federal Awards Receipts and Expenditures Schedule provides additional information as required by OMB Circular A-133 and is not a required part of the basic financial statements. In our opinion, this information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

We intend this report solely for the information and use of management, City Council, federal awarding agencies, and pass-through entities. It is not intended for anyone other than these specified parties.

Betty Montgomeny

Betty Montgomery Auditor of State

August 26, 2005, except for the Federal Awards Receipts and Expenditures Schedule which is dated July 22, 2005.

The notes to this schedule are an integral part of this schedule.

NOTES TO THE FEDERAL AWARDS RECEIPTS AND EXPENDITURES SCHEDULE FISCAL YEAR ENDED DECEMBER 31, 2004

NOTE A - SIGNIFICANT ACCOUNTING POLICIES

The accompanying Federal Awards Receipts and Expenditures Schedule (the Schedule) summarizes activity of the City's federal award programs. The Schedule has been prepared on the cash basis of accounting.

NOTE B - SUBRECIPIENTS

The City passes-through certain Federal assistance received from the Federal Department of Housing and Urban Development (HUD) to other governments or not-for-profit agencies (subrecipients). As described in Note A, the City records expenditures of Federal awards to subrecipients when paid in cash.

The subrecipient agencies have certain compliance responsibilities related to administering these Federal Programs. Under Federal Circular A-133, the City is responsible for monitoring subrecipients to help assure that Federal awards are used for authorized purposes in compliance with laws, regulations, and the provisions of contracts or grant agreements, and that performance goals are achieved.

NOTE C - CHILD NUTRITION CLUSTER

Program regulations do not require the City to maintain separate inventory records for purchased food and food received from the U.S. Department of Agriculture. This non-monetary assistance (expenditures) is reported in the Schedule at the fair market value of the commodities received.

Cash receipts from the U.S. Department of Agriculture are commingled with State grants. It is assumed federal monies are expended first.

NOTE D - COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) REVOLVING LOAN PROGRAMS

The City has established a revolving loan program to provide low-interest loans to businesses to create jobs for persons from low-moderate income households and to eligible persons and to rehabilitate homes and local businesses. The Federal Department of Housing and Urban Development (HUD) grants money for these loans to the City. The initial loan of this money is recorded as a disbursement on the accompanying Federal Awards Receipts and Expenditures Schedule (the Schedule). Loans repaid, including interest, are used to make additional loans. Such subsequent loans are subject to certain compliance requirements imposed by HUD, but are not included as disbursements on the Schedule.

These loans are collateralized by mortgages on the property or the asset acquired. At December 31, 2004, the gross amount of loans outstanding under this program was \$312,099.

NOTE E - MATCHING REQUIREMENTS

Certain Federal programs require that the City contribute non-Federal funds (matching funds) to support the Federally-funded programs. The City has complied with the matching requirements. The expenditure of non-Federal matching funds is not included on the Schedule.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS OMB CIRCULAR A -133 § .505 DECEMBER 31, 2004

1. SUMMARY OF AUDITOR'S RESULTS

| (d)(1)(i) | Type of Financial Statement Opinion | Unqualified |
|--------------|---|--|
| (d)(1)(ii) | Were there any material control weakness conditions reported at the financial statement level (GAGAS)? | No |
| (d)(1)(ii) | Were there any other reportable control weakness conditions reported at the financial statement level (GAGAS)? | No |
| (d)(1)(iii) | Was there any reported material non- compliance at the financial statement level (GAGAS)? | No |
| (d)(1)(iv) | Were there any material internal control weakness conditions reported for major federal programs? | Yes |
| (d)(1)(iv) | Were there any other reportable internal control weakness conditions reported for major federal programs? | No |
| (d)(1)(v) | Type of Major Programs' Compliance Opinion | Unqualified |
| (d)(1)(vi) | Are there any reportable findings under § .510? | Yes |
| (d)(1)(vii) | Major Programs (list): | Community Development Block Grant (Entitlement Program), CFDA #14.218, Home Investment Partnerships Program (HOME), CFDA #14.239, Center for Disease Control and Prevention Investigations and Technical Assistance Program, CFDA #93.283 |

None

3. FINDINGS AND QUESTIONED COSTS FOR FEDERAL AWARDS

Federal Questioned Costs

| Finding Number | 2004-001 |
|---------------------------------|--------------------------------------|
| | Community Development Block |
| CFDA Title | Grant/Entitlement Grant |
| CFDA Number | 14.218 |
| Pass Through Entity Number/Year | Direct |
| | U.S. Department of Housing and Urban |
| Federal Oversight Agency | Development |

24 CFR Section 570.200(a)(2) requires all activities undertaken must meet one of three national objectives of the Community Development Block Grant (CDBG) program, i.e., benefit low and moderateincome persons, eliminate slums or blight, or meet community development needs having a particular urgency. In addition 24 CFR Sections 570.200 through 570.207 provide, in part, that CDBG funds are to be used for the following activities: (1) the acquisition of real property; (2) the acquisition, construction, reconstruction, or installation or public works, facilities and site, or other improvements, (3) clearance, demolition, and removal of buildings and improvements; (4) payments to housing owners for losses of rental income incurred in temporarily holding housing for the relocated; (5) disposition of real property acquired under this program; (6) provision of public services (subject to limitations contained in the CDBG regulations); (7) payment of the non-Federal share for another grant program that is part of the assisted activities; (8) interim assistance where immediate action is needed prior to permanent improvements or to alleviate emergency conditions threatening public health and safety; (9) payment to complete a Title I Federal Urban Renewal project; (10) relocation assistance; (11) planning activities; (12) administrative costs; (13) acquisition, construction, reconstruction, rehabilitation, or installation of commercial or industrial buildings: (14) assistance to community-based development organizations: (15) activities related to privately-owned utilities; (16) assistance to private, for-profit businesses, when appropriate to carry out an economic development project; (17) construction of housing assisted under Section 17 of the United States Housing Act of 1937; (18) reconstruction of properties; (19) direct home ownership assistance to facilitate and expand home ownership; (20) technical assistance to public or private entities for capacity building (exempt for the planning/administration cap); (21) housing services related to HOME funded activities; (22) assistance to institutions of higher education to carry out eligible activities; (23) assistance to public and private entities (including for-profits) to assist micro-enterprises; and (24) payment for repairs and operating expenses for acquired "in Rem" properties (i.e., certain properties in New York City); an (25) residential rehabilitation including code enforcement, lead-based paint hazard evaluation, and removal.

The City did not prepare project files or other records to demonstrate that certain expenditures were related to projects that met national objectives or allowable activities as defined above. Nor was documentation maintained to support that these costs were allocated in relation to the relative benefit received. Accordingly, an expenditure of \$41,415 (out of \$961,486 expenditures tested) to the Canton Symphony Orchestra for the 2004 Concert in the Park is a federal questioned cost.

Prior to incurring obligations, the City should evaluate whether an obligation is related to a project that meets one of the national objectives and whether the obligation further meets the allowability criteria. This evaluation should be clearly documented. For potentially higher risk types of expenditures, the Director of Community Development should obtain written verification from representatives of the Department of Housing and Urban Development that the proposed expenditure meets allowability requirements of the program.

Noncompliance

| Finding Number | 2004-002 |
|---------------------------------|--------------------------------------|
| CFDA Title | Home Investment Partnerships (HOME) |
| | Program |
| CFDA Number | 14.239 |
| Pass Through Entity Number/Year | Direct |
| | U.S. Department of Housing and Urban |
| Federal Oversight Agency | Development |

24 CFR 92.203 governs income eligibility determinations. **24. CFR 92.203(a)** states the HOME program has income targeting requirements for the HOME program and for HOME projects. Therefore, the participating jurisdiction (the City) must determine each family is income eligible by determining the family's annual income.

24 CFR 92.203(d)(2) states the participating jurisdiction (the City) is not required to re-examine the family's income at the time HOME assistance is provided for rehabilitation projects, unless more than six months has elapsed since the City determined that the family qualified as income eligible. During 2004, all 9 project files tested (\$228,253 total assistance) were noted where re-certification was required because more than six months had elapsed, but was not performed. However, for these 9 instances, 2004 City income tax returns on file with the City Income Tax Department indicate the families' actual income for 2004 were within the eligibility limits.

The Community Development Director should re-certify income-eligibility in instances where more than 6 months elapse between initial determination and actual assistance occurs. This will help ensure eligibility of households receiving HOME Program assistance.

| Finding Number | 2004-003 |
|---------------------------------|--------------------------------------|

| CFDA Number | 14.239 |
| Pass Through Entity Number/Year | Direct |
| | U.S. Department of Housing and Urban |
| Federal Oversight Agency | Development |

Noncompliance/Material Weakness

OMB Circular A-133 § .400(d)(3) provides in part that pass-through entities are responsible for monitoring the activities of subrecipients as necessary to ensure that federal awards are used for authorized purposes and in compliance with laws, regulations, and the provisions of contracts or grant agreements and that performance goals are achieved.

24 CFR 92.504(a) states the participating jurisdiction (the City) is responsible for managing the day to day operations of its HOME program, ensuring that HOME funds are used in accordance with all program requirements and written agreements, and taking appropriate action when performance problems arise. The use of State recipients, subrecipients or contractors does not relieve the City of this responsibility. The performance of each contractor and subrecipient must be reviewed at least annually.

Regular and annual review of the performance of entities participating in the City's HOME program, subrecipients, contractors, and Community Housing Development Organizations (CHDs) is a component of the City's responsibilities.

Noncompliance/Material Weakness (Continued)

| Finding Number | 2004-003 (Continued) |
|----------------|----------------------|
| | 2004-003 (Continued) |

Files maintained by the Community Development Director contained copies of subrecipient cash drawdown requests (voucher packets) and photographs of project sites indicating some level of rehabilitation progress monitoring was performed. However, the City has not developed a formal subrecipient monitoring plan. Additionally, the City performed no on-site review or desk reviews of subrecipient accounting, beneficiary, or project construction records to determine compliance with program requirements.

The U.S. Department of Housing and Urban Development's website recommends the development of an annual monitoring plan which articulates the City's strategy for conducting a thorough review and aids in gaining assurance that all activities are meeting HOME regulatory requirements. The annual monitoring plan should, at a minimum, address the following areas:

- 1. Monitoring objectives and strategy The plan should identify the City's monitoring goals and strategies, highlighting areas to which staff should pay special attention during the monitoring year.
- Ongoing monitoring The plan should clearly identify the checkpoints that ensure a minimum level of review for all activities during the year and the scope and frequency of those reviews. This component should identify specific reports to be generated and reviews to be conducted, as well as establishing the frequency and timing of such reviews.
- 3. Monitoring staff and schedule The plan should include a schedule of when monitoring reviews will be performed and by whom. To the extent that staff other than the monitoring staff is responsible for any particular reviews, this should be articulated.
- 4. In-Depth monitoring The plan should also identify the program area and partners that will be subject to in-depth, on-site reviews during the coming monitoring year.
- 5. Follow-up activities The plan should detail procedures for communicating the results of reviews with internal (the City) and external (other organizations being monitored) staff and the methods for obtaining and incorporating their feedback.
- Coordination Finally, the plan should describe the necessary coordination between City staff and the staff of other organizations. The plan should also describe the procedures that monitoring staff will follow when informing other HOME program staff about compliance problems.

The U.S. Housing and Urban Development has developed recommended steps for monitoring program activities and program wide performance under each of the four eligible HOME activity types per:<u>www.hud.gov/offices/cpd/affordablehousing/training/checkup/monitoring/monitoringobjectives.cfm</u> The Community Development Director should consider implementing these recommended steps when designing its own annual monitoring plan. By following the recommended steps, implementation costs may be reduced and some assurance gained that significant concerns the U.S. Housing and Urban Development may have pertaining to the HOME program will be addressed during annual reviews.

SCHEDULE OF PRIOR AUDIT FINDINGS AND QUESTIONED COSTS OMB CIRCULAR A -133 § .505 DECEMBER 31, 2004

July 22, 2005

To Council Members and Citizens of the City of Canton

The Comprehensive Annual Financial Report (CAFR) of the City of Canton as of December 31, 2004 is hereby submitted. This letter and the following report represent the City's continuing commitment to excellence in financial reporting. The purpose of this letter is to acquaint the reader with the CAFR. Responsibility for both the accuracy of the data, the completeness and fairness of the presentation, including all disclosures, rests with the City. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the City's financial position and results of operations. All disclosures necessary to enable the reader to gain an understanding of the City's financial activities have been included.

The CAFR is presented in three sections: introductory, financial and statistical. The introductory section includes this transmittal letter, a list of City officials, the City's organizational chart and the Certificate of Achievement. The financial section includes reporting under the New Governmental Accounting Standard Board Statement No. 34, Independent Accountants' Report, the Management Discussion and Analysis, the Basic Financial Statements including corresponding Notes, the Combining Statements for Non-major Funds and other relevant supplemental financial statements and schedules for 2004. The statistical section includes selected financial and demographic information, generally presented on a multi year basis.

City Organization and Background The City is located in and is the County Seat of Stark County in northeastern Ohio, approximately 58 miles southeast of Cleveland, 23 miles south of Akron, and 94 miles west of Pittsburgh, Pennsylvania. It was incorporated as a village in 1828, and became a city in 1854.

The City's 2000 population of 80,806 placed it as the largest city in the County and the ninth largest in the State.

The City operates under and is governed by the mayor-council form of government. The City operates as a Statutory Municipal Corporation as defined by the Ohio Revised Code.

The City's legislative authority is vested in a twelve-member Council of whom three are elected at-large and nine are elected from their respective ward, for a term of two years. The presiding officer is the President of Council, who is elected at-large by the voters for a two-year term. The President of Council is called upon to vote on legislation in order to break a tie vote. The Council affixes compensation of City officials and employees, and enacts ordinances and resolutions relating to City services, tax levies, appropriating and borrowing money, licensing and regulating business and trades, and other municipal purposes. The Council affirms, by resolution, the individuals appointed by the Mayor to serve on the various boards and commissions for the City. The City's chief executive and administrative officer is the Mayor, who is elected by the voters specifically to that office for a four-year term. The other elected officials are the City Auditor, the City Treasurer and the Law Director, each elected to a four-year term.

The Mayor appoints the directors of City departments other than the Income Tax Department. The major officials appointed by the Mayor are the Directors of Public Service, Public Safety, Chief of Staff, the Fire Chief, the Police Chief and the City Engineer. The Mayor also appoints members to a number of boards and commissions, and appoints and removes, in accordance with civil service requirements, all appointed officers and employees, except Council officers and employees. The City Treasurer appoints the Director of Income Tax who serves at his pleasure.

The Mayor may veto any legislation passed by Council. A veto may be overridden by a two-thirds vote of all members of Council.

Appointed and elected officials, except the members of Council, serve full-time.

City Services

General Government Functions: The City provides police protection, fire fighting and prevention, street maintenance and repairs, building inspection, parks and recreation. Funding for these operations is derived primarily from taxes in addition to small amounts of revenue generated from user fees. These operations could not be sustained without a steady flow of tax revenue.

Proprietary Operations: The City operates Water, Sewer and Refuse Departments. The revenue generated from these business type activities was sufficient to meet all expenses.

Reporting Entity

The City has reviewed its reporting entity definition in order to ensure conformance with the Governmental Accounting Standards Board Statement No. 14 "The Financial Reporting Entity." In defining the City for financial reporting purposes, management has identified all agencies, departments and organizations making up the City of Canton the primary government and its potential component units. The City will present the Canton Community Improvement Corporation (CCIC) as a discretely presented component unit for the year 2004.

Neither the Canton City School District nor the Plain Local School District has been included in the accompanying financial statements. These districts serve the citizens of Canton; however, the board is not appointed by the City, nor is it fiscally dependent on the City.

The City is associated with the Stark Area Regional Transit Authority, the Stark Council of Governments and the Stark County Regional Planning Commission as jointly governed organizations. Canton Tomorrow, Inc. and the Downtown Canton Special Improvement District are disclosed as joint ventures and the Joint Recreation District as a related organization.

Economic Condition and Outlook

Eight commercial banks and savings and loan associations are located in the City. One daily newspaper serves the City. The City is within the broadcast area of eight television stations and thirty AM and FM radio stations. Warner Cable provides cable TV services.

The City is home to a number of steel industrial manufacturers and suppliers. The City has benefited from the consistent financial success of the Timken Company. The City continues to benefit from the diversity of its business base including: Nationwide Insurance, M K Morse Company, Fresh Mark Food Distributor, Ironrock Capital Incorporated, Republic Engineered Products, Republic Storage, and Detroit Diesel to name a few. The continued success of these companies and others is essential in order to create a climate for financial stability.

The City experienced an increase in overall revenue for the first time in three years. In addition the City saw a significant increase of income tax revenue in the second half of 2004 giving rise to optimistic income tax growth estimates for 2005. The gradual economic improvement that has affected the entire nation's economy is impacting Canton's overall economic outlook. The economic future appears to be improving as a result of significant governmental and private construction initiatives. The City must commit substantial resources to attract permanent industrial, retail, and service businesses in order to sustain the temporary revenue increase generated by the various construction projects within the City.

The Canton City School District has embarked on a \$176 million Design for the Future program. Under this five to seven-year program, the School District will replace nine elementary schools and one middle school, provide major additions and renovations to McKinley High School and renovate almost all remaining schools in the School District. Approximately three-quarters of the entire program costs will be funded by more than \$129 million of direct State aid, with the remainder funded by approximately \$46.7 million of voter-approved debt and additional funds. In conjunction with the program, School District officials have announced the development of a \$35 million Timken Regional Campus. The Campus will encompass a ten-block area and be completed in two to four years. The Timken Foundation has provided a \$10 million grant for the project. The Campus will offer Stark State College of Technology courses, an Automotive and Manufacturing Academy and the Timken Academic and Fine Performing Arts Academy. The City believes these major public works have dramatically improved the condition of the School District's facilities that have already been completed. The School District improvement program has two to three years to reach completion.

Malone College, a private four-year college, is located in the City. Mount Union College and Walsh University, private four-year schools, Stark State College of Technology, a public two-year school, and a branch of Kent State University and Ashland University also are located in the County. Within commuting distance are several public and private two-year and four-year colleges and universities, including Kent State University in Kent and a branch of Kent State University in Tuscarawas County, Cleveland State University, Cuyahoga Community College, John Carroll University, Baldwin-Wallace College and Case Western Reserve University in the Cleveland metropolitan area, the University of Akron in Akron, the College of Wooster in Wooster, Hiram College in Hiram, Youngstown State University in Youngstown, and Lake College and Caseman Community College in Lake County.

The City is served by two acute care hospitals located in the City: Aultman Hospital (682 beds) and Mercy Medical Center (476 beds), and three additional acute care hospitals located in the County: Doctors Hospital of Stark County (183 beds), Alliance Community Hospital (166 beds) and Massillon Community Hospital (268 beds). Massillon Psychiatric Center, a 157-bed public adult psychiatric hospital operated by the State, is also located in the County. In 2003, Aultman Hospital began work on its \$98 million dollar expansion plan. The expansion is slated to take 3 years to complete. Aultman

Hospital has expanded its operations consistently over the past ten years. Aultman Hospital continues to play a pivotal role in the financial stability of the City of Canton.

The Canton Park System maintains 60 parks and covers approximately 700 acres. In addition, the City constructed and owns the 5,700-seat Thurman Munson Memorial Stadium. The City's cultural assets include the Canton Art Institute, the Symphony Orchestra Association, the Canton Civic Opera Association and the Players Guild, all of which are housed in the Cultural Center (Center) for the Arts and host a variety of exhibits, musical and dramatic performances and other cultural events each year. The Center, a gift of the Timken Foundation, is a building complex located on 8-1/2 acres in the center of the City, which cost \$13,000,000 to build in 1971. Adjacent to the center is the City-owned auditorium, an air-conditioned arena-type facility with a seating capacity of 6,000. The Cultural Center and the auditorium accommodate conventions. The City's greater metropolitan area has approximately 37 hotels and motels with over 1,950 rooms.

The City is also the home of the National Professional Football Hall of Fame, which attracts more than 200,000 visitors annually. A \$9.2 million renovation and expansion of the facility was completed in September 1995, increasing the size of the facility from 51,000 square feet to 83,000 square feet and adding state-of-the-art video and theatre facilities. During 2003, the Football Hall of Fame completed its \$1.7 million renovation to the Hall of Fame Gallery where the enshrines busts are on display.

The City is an industrial rail center served by the Norfolk & Southern Railway Company, Conrail, the Wheeling and Lake Erie Railway Company and CSX. 147 motor freight truck lines and local cartage haulers serve the Canton-Massillon MSA. Rail passenger service is available through the Cities of Akron and Alliance by Amtrak. In 2003, Canton became a stop on the Cuyahoga Valley Scenic Railroad. The rail system is owned by the National Park Service and provides weekend excursions between Canton and Akron. Greyhound and other independent bus lines provide more complete passenger transportation.

The Stark Area Regional Transit Authority (SARTA), a separate political subdivision, provides daily public transportation in and around the City. County electors approved an increase in the County sales tax of .25 percent for a period of 5 years at the May 1997 primary election for the benefit of the SARTA. The Citizen's renewed this commitment in April 2002. The approval of the sales tax increase is expected to enable SARTA to expand service throughout the County and to increase the frequency of service. Historically, SARTA's service was limited to daily public transportation in the City and to the Belden Village Mall in Jackson Township and provision of service on a contractual basis to the Canton City School District and certain surrounding cities and villages. In addition to the sales tax, SARTA operations are supported in part from payments for contract services and State and Federal operating grants. In 2003, SARTA opened its roughly \$2.5 million Cornerstone Transfer Station, which included a 3,163 square foot customer service building in Downtown Canton.

Interstate 77 (north-south) and two U.S. highways (U.S. 30 and 62) serve the City. The City is served by four state routes (S.R. 800, 43, 153 and 687).

The Akron-Canton Regional Airport, a cooperative effort of Stark County and Summit County (in and for which the City does not have any financial interest or legal obligations), has an operational area of 2,700 acres, most of which is located in Summit County, directly north of and adjacent to Stark County, on Interstate 77. The Airport is served by seven commercial airlines and provides passenger and cargo transport facilities. Airport usage has fluctuated from year to year, sometimes significantly, with changes in the airline industry. The number of passengers using the Airport in 1999 was approximately 745,885, an increase of 42 percent from 1996, after having been as high as 779,479 in 1987. In February 1996, AirTran Airways began offering low-cost, nonstop flights from the Airport to Orlando, Florida. Airport officials believe the addition of the AirTran flights provides sustainable growth in passenger service. The

Airport's master plan, which establishes a schedule of financial and construction priorities based on projected demand, provides for \$56.5 million of capital improvements from 1995 to 2015. The Airport has completed more than \$12 million of terminal, runway and taxiway improvements under the master plan. The Airport recently completed a \$1 million renovation and expansion of the terminal area to enlarge waiting areas and provide improved support facilities for business travelers. The Airport achieved its 1999 goal of providing one new airline and one new destination; the Airport now offers the services of Atlantic Coast Airlines and provides additional service to Washington D.C. The Airport completed plans for an \$11 million Runway Expansion Project in June 2001. The Airport anticipated a 5 to 10 percent growth each year over the next 5 years. The effects of September 11, 2001 have slowed the rate of anticipated growth; however, the Airport continues to experience steady and consistent growth. The Airport experienced steady growth in 2002 and exceeded expectations by increased usage of by 11%. In 2003, in conjunction with its five year capital improvement plan, the Airport opened a new \$7 million baggage claim area and food court complete with wireless Internet access. In 2004 AirTran Airways secured the right to operate three daily round trip flights from Canton to New York and began offering a nonstop flight from Canton to Boston.

For additional information on the City's economic status and financial outlook, refer to the Management Discussion and Analysis starting on page 3.

MAJOR INITIATIVES

In 2004, the City annexed approximately 450 acres and continues to explore further annexation options.

A Downtown Special Improvement District (District) was formed in the City's central business area in 1997 by petition of a majority of the property owners. In March 1997, Canton City Council approved the petition and the District's articles of incorporation and initial services plan. The District has the authority to assess property owners for the cost of public services and improvements that specifically benefit properties and the District.

In 2004 the City chose to consolidate all of its previous community reinvestment areas into one area know as the Central Neighborhoods Community Reinvestment Area. The new area covers the City's central downtown business district, significant portions of the City's northeast and southeast quadrants, and portions of the southwest and northwest quadrants closest to the City's downtown. Residential properties in the Central Neighborhoods Community Reinvestment Area can receive a 100 percent abatement per year for ten years on the increased value of all qualifying improvements, restoration or new construction. Commercial properties in the area can receive a 100 percent abatement on the increased value of all qualifying, restoration and construction for the first 5 years and a 20 percent reduction per year over the remaining five-year period. The construction must be over \$50,000 for commercial projects and \$5,000 for residential projects to qualify.

The Canton Preservation Society, Canton Tomorrow and the Canton Chamber of Commerce selected Royal Estate Management to design, own, build and operate a new office building known as The Millennium Building, located in the 200 block of Market Avenue North. The 3 story, 72,000 square foot office building is estimated to cost \$8.8 million. Construction on the exterior was completed as well as the majority of the interior by December 2000. The Canton Chamber of Commerce moved into The Millennium Building on December 15, 2000.

The City began construction in August 1998 on the Market Avenue Streetscape and Ice Rink Project from Second Street South to Sixth Street North. The project was completed in early 2000. The project includes all new infrastructure and streetscape. The streetscape combined brick paving, decorative lighting, planting, fountains, statues and flags. This project included the Central Plaza and sidewalk

areas. The project cost was approximately \$8.3 million. A new ice rink was constructed at a cost of \$750,000 to replace the facility located on Market Avenue. Funding for the project included an Ohio State Infrastructure Bank Loan in the amount of \$1.2 million, an Ohio Public Works Commission grant of \$951,480, \$550,000 City CDBG funds and \$4.6 million of general obligation debt issued by the City of Canton.

The City acquired an additional surface parking lot adjacent to City Hall in an attempt to continue its ongoing effort to provide adequate affordable parking in the downtown area. This acquisition is in addition to the 4 separate downtown parcels of land presently utilized as surface parking lots. Three of the parcels will continue as surface parking lots pending future development. The 4th parcel was utilized to construct the Millennium Parking Deck structure providing 404 parking spaces. The \$5.2 million parking deck began operations in July 2000. The project was funded by a \$750,000 State of Ohio Grant, a \$2 million construction loan from the State of Ohio, a \$400,000 Urban Redevelopment Loan and grant, \$970,800 of City CDBG funds, and \$1,171,923 of other City funds provided by the issuance of general obligation debt.

The City Engineering Department oversees all stages of street and sewer improvement projects. During 2004, the City completed a \$13,750 engineering project at Wareham Pl. NE and finalized the \$344,147 Mahoning Trail Project. The engineer's office also completed two storm sewer replacement projects in 2004. The first project was 25th St. NW from Market to Cleveland and cost \$232,652 to complete. The second storm sewer replacement was at Woodland Ave. NW and cost \$49,012. Engineering projects in various stages of planning, development, and construction include: Guilford Ave. NW Bridge Replacement, 4th St. NE improvement, Fulton Road/Monument Park Intersection, Steese Area Drainage Project, 38th St. NW improvement and the 4th St. NW/Shorb Ave. NW Improvement in conjunction with the Canton City Schools Timken Campus expansion program.

During 2004, the City's Sewer Department completed the Water Pollution Control Center Digester project at a cost of \$287,147, the Odor Corrosion Project at a cost of \$1,830,064, and the Reis-Snyder Wetland Sewer Improvement at a cost of \$121,335. The Sewer Department is still working on the Faircrest Annexation Sewer Line and the Market Ave. North Sewer Line. The City's Water Department completed work on the \$245,731 Lawerence Township waterline extension. The project was funded with a \$250,606 loan from the Ohio Water Development Authority.

Financial Information

Accounting Policies and Budgetary Control

The budgetary process is prescribed by provisions of the Ohio Revised Code and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the tax budget, the certificate of estimated resources and the appropriations ordinance: all are prepared on the budgetary basis of accounting. The certificate of estimated resources and the appropriations ordinance are subject to amendment throughout the year with the legal restriction that appropriations cannot exceed estimated resources, as certified. All funds, other than the agency funds, are legally required to be budgetary modifications at this level may only be made by resolution of the City Council. Budgetary control at the department level provides each department the flexibility necessary to move appropriations among their respective expense account line items in order to meet expenses.

The City's fully automated financial system also maintains budgetary control through its purchase order/encumbrance feature. The purchase order, required before making purchases, creates the encumbrance against the current budget. Purchase orders which result in an overrun of budget are not

released until additional appropriations are made available through Council ordinance. This procedure is followed when money is available to allow an increase in appropriations. If no money is available, the purchase request is canceled.

The City Auditor monitors all expenditures for accuracy, appropriateness and compliance. The City Auditor monitors expenses to encumbrances to assure that each obligation incurred was entered into after the appropriate Purchase Order was issued. The City Auditor will exercise his discretion to issue "then and now certificates" for obligations incurred prior to obtaining a purchase order. This certificate is authorized by the Ohio Revised Code for obligations not greater than three-thousand dollars. This certificate simply stated means: "then" meaning at the time the obligation was made and "now" meaning as of the date of the certificate there was sufficient appropriations free from prior obligations necessary to meet this obligation in question. The City Auditor requires an ordinance from Council authorizing a "Moral Obligation", for obligations incurred prior to obtaining a purchase order that exceeds this authority.

The City Auditor continually monitors the encumbrances and expenditures against the budget appropriations and against the County Auditor's Certificate of Estimated Resources. Using the budget prepared by the City the preceding July and including the carry over cash balances less carry over encumbrances at year end, the County Auditor arrives at and issues the certificate of estimated resources for the City. The City Auditor submits amendments to the certificate of estimated resources to the County Auditor as he deems appropriate throughout the year. Ohio Law prohibits total fund appropriations from exceeding the amounts by fund on the County Auditor's Certificate.

Internal Accounting and Reporting Control

As part of its continuing commitment to excellence in financial reporting, the City utilizes a computerized financial accounting and reporting system. Enhancements to the present internal accounting controls and procedures are continually evaluated by the City Auditor. The City Auditor oversees the appropriateness of internal control, develops procedures to enhance internal control and consults with outside auditors to insure that the City remains at a sound financial level of operation.

The City has built internal accounting controls into its financial accounting, budgeting and reporting system to provide reasonable, but not absolute, assurance regarding the safeguarding of assets against loss resulting from unauthorized use or disposition; and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The internal accounting controls built into the City's system were developed using the concept of reasonable assurance. This concept recognizes that the cost of a control should not exceed the benefits likely to be derived from its implementation, and that the evaluation of costs and benefits should require estimates and judgments by management. We believe that the City's internal accounting controls adequately safeguard the City's assets and provide reasonable assurance of proper recording and reporting of financial transactions.

Debt Administration

The gross indebtedness of the City at the end of 2003 was \$62,780,010. At the end of 2004, the gross indebtedness of the City was \$56,622,586. In 2004, the City did not issue notes or bonds. The City received OWDA Loan proceeds of \$249,651 to fund the Lawrence Chester water line extension. The City also received OPWC Loan proceeds of \$183,546 and \$54,389 to fund the 35th Street Storm Sewer Project and the Market Avenue Sanitary Sewer Project respectively.

As of December 31, 2004, the City had \$719,929 and \$19,192,678 in outstanding OPWC and OWDA loans, respectively. The City also had \$14,480,000 outstanding in the enterprise funds and \$18,120,000

for bonds payable in the governmental funds. The City had a legal claim and judgment outstanding of \$232,300. The City had \$4,109,979 in long-term HUD, SIB and Urban Redevelopment Loans outstanding as of December 31, 2004.

The City has maintained its "A+" rating although they call it A-2, it is the same as the former "A" from Moody's Investors Service, Inc. on general obligation bond issue. The general obligation indebtedness of the City is subject to two statutory debt limitations referred to as the "direct debt limitation: (Section 133.05 ORC). The total principal amount of voted and unvoted nonexempt net indebtedness of the City may not exceed 10.5 percent of its assessed value of real and personal property, and in addition, the net principal amount of unvoted nonexempt debt may not exceed 5.5 percent of the same total assessed value. The City's overall legal debt margin was \$94,100,582 and an unvoted debt margin of \$43,178,876 as of December 31, 2004.

Risk Management

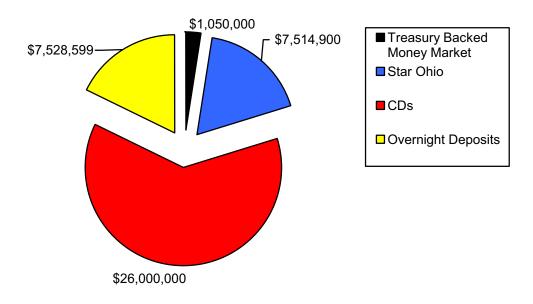

The City participates in the Workers' Compensation Retrospective Rating Plan. In the retrospective rating plan, the City assumes a portion of the risk in return for a reduction in current premiums.

The City contracts with Leonard Insurance Company for commercial property coverage, which has a \$354,162,901 limit and a \$100,000 deductible. The City also contracts with Leonard Insurance Services Agency, Inc. for boiler and machinery coverage, which has a \$1,000,000 limit and a \$2,500 deductible. The City contracts with Ohio Municipal League for automobile combined coverage, which has a \$5,000,000 limit and a \$100,000 deductible. The City also contracts with the Ohio Municipal League for general liability, including police professional and public official liability combined coverage provision. This coverage has a \$5,000,000 limit and a \$100,000 deductible for bodily injury and property damage, fire damage, employee benefit liability, and personal and advertising.

The City has elected to provide employees' major medical, hospitalization, prescription, and dental/vision coverage through a self-insured program. The City maintains a self-insurance internal service fund to account for and finance its uninsured risks of loss in this program. The City purchases, stop-loss coverage of \$150,000 in aggregate per employee. The third party administrators, Aultcare and Benefit Services Inc., review all claims, which are then paid by the City. The advantage of the self-insurance arrangement include, the City holding the reserves and earning interest on them as well as saving on administrative costs. Control of the plans rests with the City.

Cash Management

At December 31, 2004, the City had \$42.1 million in cash and investments. The allocation of these investment resources is included in the graph on the following page.

Allocation of City of Canton Investment Resources

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Canton for its Comprehensive Annual Financial Report as of December 31, 2003. The Certificate of Achievement is the highest form of recognition for excellence in state and local government.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized financial report, whose contents conform to program standards, as well as satisfy both the generally accepted accounting principles and applicable legal requirements.

Independent Audit

The financial records, books of accounts and transactions of the City of Canton, Ohio, for the year ending December 31, 2004, have been audited by the Auditor of State Betty Montgomery's Office. As stated in the auditor's report, the audit was conducted in accordance with Generally Accepted Government Auditing Standards and included a financial compliance evaluation as well as a review of the internal accounting controls. The Auditor's opinion has been included in the report.

Acknowledgements

Special recognition for the preparation of this report is made to our former Civil Engineer, Mick Coutts, and his staff, other contributing department heads, Treasurer's staff, my own Auditor's office staff and City Council for their continuing support and commitment to responsible fiscal reporting. Special acknowledgement is given to my administrative staff: Christine Bagley, James Carman, John Slebodnik and Gary Young for their continued dedication and commitment to sound financial reporting in the preparation of this report.

Sincerely,

Richard A Mallonn II City Auditor

Certificate of Achievement for Excellence in Financial Reporting

Presented to

City of Canton, Ohio

For its Comprehensive Annual **Financial Report** for the Fiscal Year Ended December 31, 2003

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

INDEPENDENT ACCOUNTANTS' REPORT

City of Canton Stark County 218 Cleveland Avenue Canton, Ohio 44702

To the Honorable Mayor and City Council:

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Canton, Stark County, Ohio, (the City) as of and for the year ended December 31, 2004, which collectively comprise the City's basic financial statements as listed in the Table of Contents. These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Canton Community Improvement Corporation. Other auditors audited those financial statements. They have furnished their report thereon to us, and we base our opinion, insofar as it relates to the amounts included for the Canton Community Improvement Corporation on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the report of the other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Canton, Stark County, Ohio, as of December 31, 2004, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparison for the General and Special Revenue Community and Economic Development Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

City of Canton Stark County Independent Accountants' Report Page 2

In accordance with *Government Auditing Standards*, we have also issued our report dated July 22, 2005, on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Management's Discussion and Analysis is not a required part of the basic financial statements but is supplementary information accounting principles generally accepted in the United States of America requires. We have applied certain limited procedures, consisting principally of inquiries of management regarding the methods of measuring and presenting the required supplementary information. However, we did not audit the information and express no opinion on it.

We conducted our audit to opine on the financial statements that collectively comprise the City's basic financial statements. The introductory section, combining non-major fund statements and schedules and statistical tables provide additional information and are not a required part of the basic financial statements. We subjected the combining non-major fund statements and schedules to the auditing procedures applied in the audit of the basic financial statements. In our opinion, based on our audit, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole. We did not subject the Introductory Section and Statistical Tables to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Bitty Montgomery

MANAGEMENT'S DISCUSSION AND ANALYSIS

Our discussion and analysis of the City of Canton's financial performance provides an overview of the City's financial activities as of December 31, 2004. Please read it in conjunction with the City's basic financial statements, which begin on page 13.

FINANCIAL HIGHLIGHTS

- The City's net assets decreased \$2.9 million as a result of this year's operations. Net assets of our business-type activities increased by \$2.1 million, or 2.8 percent, and net assets of governmental activities decreased by \$5.0 million, or 4.4 percent.
- The City did not issue General Obligation Bonds in 2004 and continues to reduce its overall outstanding debt obligations which peaked in 2000.
- The City maintained Bond Ratings of Aaa per Moody's and its AAA status from Standards and Poor's, and Fitch in 2004.
- In 2004 the City established a Compensated Absences Claim Fund to begin reducing the City's unfunded outstanding compensated absence debt.

USING THIS ANNUAL FINANCIAL REPORT

This annual financial report consists of a series of financial statements. The Statement of Net Assets and the Statement of Activities (on pages 13 and 14-15) provide information about the activities of the City as a whole and present a longer-term view of the City's finances. Fund financial statements begin on page 16. For governmental activities, these statements tell how these services were financed in the short-term as well as what remains for future spending. Fund financial statements also report the City's operations in more detail than the government-wide statements by providing information about the City's most financially significant funds.

Reporting the City as a Whole

The Statement of Net Assets and the Statement of Activities

Our analysis of the City as a whole begins on page 13. One of the most important questions asked about the City's finances is, "Is the City as a whole better off or worse off as a result of the year's activities?" The Statement of Net Assets and the Statement of Activities report information about the City as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the *accrual basis of accounting*, which is similar to the accounting used by most private-sector companies. Accrual of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the City's *net assets* and changes in them. You can think of the City's net assets, the difference between assets, what the citizens own, and liabilities, what the citizens owe, as one way to measure the City's financial health, or *financial position*. Over time, *increases or decreases* in the City's net assets are one indicator of whether its *financial health* is improving or deteriorating. You will need to consider other non-financial factors; however, such as changes in the City's property tax base, income tax base, and the condition of the City's capital assets (land, roads, building, water and sewer lines etc...) to assess the *overall health* of the City.

In the Statement of Net Assets and the Statement of Activities, we divide the City into two types of activities:

Governmental Activities: Most of the City's basic services are reported here, including the police, fire, street and highway maintenance, capital improvement, vehicle acquisition, parks and recreation, and general administrative. Income taxes, property taxes, undivided local government, ambulance user fees and state and federal grants finance most of these activities.

Business-Type Activities: The City charges a fee to customers to help cover all or most of the cost of certain services it provides. The City's water, sewer and refuse operations are reported here.

Reporting the City's Most Significant Funds

Fund Financial Statements

Our analysis of the City's major funds begins on page 16. The fund financial statements provide detailed information about the most significant funds, not the City as a whole. Some funds are required to be established by State law. However, City Council establishes many other funds to help it control and manage money for particular purposes (Ex. Southeast Community Fund) or to show that it is meeting legal responsibilities for using certain taxes, grants, and other money (Ex. grants received from the U.S. Department of Housing and Urban Development). The City's two kinds of funds, governmental and proprietary, use different accounting approaches.

Governmental funds: Most of the City's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at yearend that are available for spending. These funds are reported using an accounting method called *modified accrual* accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed *short-term view* of the City's general government operations and the basic services it provides. Governmental fund information helps one determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. We describe the relationship (or differences) between governmental *activities* (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds in a reconciliation alongside the fund financial statements.

Proprietary funds: When the City charges customers for the full cost of the services it provides whether to outside customers or to other units of the City, these services are reported in

proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Assets and the Statement of Activities. In fact, the City's enterprise funds (a component of business type funds) are the same as the business-type activities we report in the government-wide statements but provide more detail and additional information, such as a statement of cash flows. We use internal service funds, Health Insurance, Worker's Compensation Insurance, and Compensated Absences Claim funds, (the other component of proprietary funds) to report activities that provide a service to the City's other programs and activities.

THE CITY AS A WHOLE

The City's *combined* net assets changed from a year ago, *decreasing* from \$192.4 million to \$189.5 million. Looking at the net assets and net expenses of governmental and business-type activities separately, different stories emerge. Our analysis below focuses on the net assets (Table 1) and changes in net assets (Table 2) of the City's governmental and business-type activities.

Table 1 Net Assets (In Millions)

| | Govern Activ | imental vities | | ss-Type vities | Total | | |
|-------------------------------|-----------------|---------------------------------------|--------------|-------------------|----------|----------|--|
| | 2004 2003 | | 2004 | 2003 | 2004 | 2003 | |
| Assets | | | | | | | |
| Current and Other Assets | \$ 56.0 | \$ 53.1 | \$ 25.0 | \$ 23.8 | \$ 78.9 | \$ 76.9 | |
| Capital Assets, Net | 101.0 | 110.8 | 88.6 | 90.1 | 189.6 | 200.9 | |
| Total Assets | \$ 157.0 | \$ 163.9 | \$ 113.6 | \$ 113.9 | \$ 268.5 | \$ 277.8 | |
| Liabilities | | | | | | | |
| Current and Other | | | | | | | |
| Liabilities | \$ 10.9 | \$ 9.8 | \$ 3.5 | \$ 1.0 | \$ 12.3 | \$ 10.8 | |
| Due Within One Year | 3.8 | 3.6 | ¢ 0.0 4.0 | 3.9 | 7.8 | 7.5 | |
| Long-Term Liabilities: | | | | | | , | |
| Due Within More Than One Year | 28.9 | 32.1 | 30.0 | 35.0 | 58.9 | 67.1 | |
| Total Liabilities | 43.6 | 45.5 | 37.5 | 39.9 | 79.0 | 85.4 | |
| Net Assets | | | | | | | |
| Invested in Capital | | | | | | | |
| Assets Net of Debt | 83.6 | 99.0 | 54.6 | 49.7 | 138.2 | 148.7 | |
| Restricted: | 0010 | , , , , , , , , , , , , , , , , , , , | 0.110 | | 10012 | 1.017 | |
| Special Revenue | 16.9 | 16.9 | - | - | 16.9 | 16.9 | |
| Debt Services | | - | - | - | | - | |
| Capital Projects | 6.3 | 6.3 | - | - | 6.3 | 6.3 | |
| Unrestricted | 6.6 | (3.8) | 21.5 | 24.3 | 28.1 | 20.5 | |
| Total Net Assets | \$ 113.4 | \$ 118.4 | \$ 76.1 | \$ 74.0 | \$ 189.5 | \$ 192.4 | |

Net assets in the City's governmental activities decreased by 4.4 percent (\$118.4 million compared to \$113.4 million). Unrestricted net assets, the part of net assets that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements—increased from (\$3.8 million) at December 31, 2003 to \$6.6 million at the end of 2004. Restricted net assets, those restricted mainly for capital projects and special purposes such as street cleaning or maintenance remained constant from 2003. The investments in capital assets, net of debt category decreased by \$15.4 million.

Net assets in the City's business-type activities increased by 2.8 percent (\$74.0 million compared to \$76.1 million) in 2004. The City generally can only use these net assets to finance the continuing operations of the water, sewer, and refuse operations.

Table 2 shows the changes in net assets for the year ended December 31, 2004. The City's Governmental Activities revenue increased in 2004 from \$72.0 million to \$75.7 million and expenditures increased slightly by \$1.1 million or 1.3% resulting in a decrease in governmental net assets of \$5.0 million. The City's Business-Type Activities revenue increased by \$0.1 million and expenditures increased by \$1.5 million resulting in a net asset increase of \$2.1 million.

Table 2 Change in Net Assets (In Millions)

Governmental Activities

The 2.0 percent income tax is the largest revenue source for the City. Designated by ordinance, the Capital Acquisition and Improvement Fund receives 20 percent of net income tax received. In addition, the Motor Vehicle Fund receives 5 percent of net income tax received. The remaining 75 percent is allocated to the General Fund and is used for such things as Police and Fire Protection, Street Maintenance, etc.

Graph 3 represents the cost of each of the City's Governmental programs: Security of Persons and Property, General Government, Transportation, Public Health, Leisure Time Activities, Community Development, and Interest on Long Term Debt. The net cost shows the financial burden that was placed on the City's taxpayers by each of these functions. The increase in the net cost demonstrates the inability to recover the increased cost of the program under the current revenue policies.

Graph 3 Program Expenses 2004

As indicated by Governmental Program Expenses, citizen's safety, health, and well being is emphasized.

When looking at sources of income to support governmental activities, it should be noted that charges for service are only 15.9 percent of revenue. Revenues provided by sources other than city residents in the form of operating and capital grants comprise another 13.3 percent. The remaining revenues are primarily generated locally through property (4.2 percent) and income taxes (51.5 percent).

Business-Type Funds

The City's major Enterprise Funds consist of the Water Operating Fund, the Sewer Operating Fund and the Refuse Operating Fund. For a description of these funds see accompanying Notes to the Basic Financial Statements.

The basic financial statements for the major funds are included in this report. Because the focus on business-type funds is a cost of service measurement or capital maintenance, we have included these funds in Graph 5, which demonstrates capital asset balances. Graph 5 is at the end of this section.

The City's Funds

Information about the City's major governmental funds begins on page 16. These funds are reported using the modified accrual basis of accounting. All Governmental funds had total revenues of \$75.7 million and expenditures of \$75.7 million. The General Fund balance

decreased \$91,589. Within the General Fund, expenditures exceeded revenue by just \$13,213. The minimal deficit is a result of City Council's efforts to bring expenses in line with revenue. In recent years the city has taken steps to curb its deficit including negotiating concessions with its five unions, reducing the work force through attrition and retirement incentives, and the cutting of all other budgetary line items. The cost saving steps taken in recent years has allowed the General Fund to reach a near break-even point compared to the \$4.6 million deficit in 2002 and \$0.9 million deficit in 2003. In 2004, cost cutting measures were continued with the establishment of the Compensated Absences Claim Fund. The new fund is receiving biweekly premiums from all other funds presently paying a salary. The money set aside will be used to pay for the salaries of employees using sick leave and cover the cost of benefits paid to employees at the point of termination. The long-term goal of the new fund is to bring down the value of the City's unfunded compensated absences debt.

The Community Development Fund balance decreased by \$506,275 solely due to the administrative guidelines of the department of Housing and Urban Development to request a cash draw from the existing line of credit only when expenditures are ready to be paid. The Capital Improvement Fund balance increased by \$157,176. There were three transfers in the governmental funds last year. All three transfers were from the General Fund to a Nonmajor Special Revenue Fund. The first was for a grant match in the amount of \$40,000. The other two transfers for \$33,000 and \$5,377 were originally supposed to be grant advances, but it was later determined that the money will not be repaid so the advances were reclassified to transfers. The Motor Vehicle Fund balance increased by \$791,142 due to an increase in income tax receipts and money from the sale of fixed assets. The Water fund balance increased by \$2,752,977 and the Sewer fund balance increased by \$1,434,972. Both increases were due to additional customers and the full effect of previous fee increases. The Refuse Department fund balance increased by \$58,343 due largely to a decrease in expenses, especially in the salary line item.

General Fund Budgeting Highlights

The budgetary process is prescribed by provisions of the Ohio Revised Code and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the Tax Budget, the Certificate of Estimated Resources and the Appropriation Ordinance: all are prepared on the budgetary basis of accounting. The Certificate of Estimated Resources and the Appropriations Ordinance are subject to amendment throughout the year with the legal restriction that appropriations cannot exceed estimated resources, as certified. All funds, other than agency funds, are legally required to be budgeted and appropriated. The legal level of budgetary control is at the departmental level. Any budgetary modifications at this level may only be made by resolution of City Council.

The City's fully automated financial system also maintains budgetary control through its requisition/purchase order/encumbrance feature. Department requisitions, which if processed, would result in an overrun of budget are placed into suspense and can only be authorized when additional appropriations are made available through Council ordinance or departmental transfer. The security of the financial system prohibits commitments in excess of appropriations. Requisitions not completed are removed at the close of each month. Requisitions meeting the

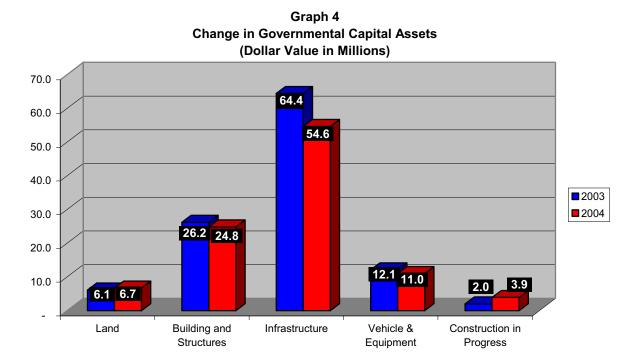

required criteria are processed by the City Auditor resulting in the required purchase order. The purchase order provides for the reserved encumbrance against the current budget.

The City Auditor continually monitors the encumbrances and expenditures against the budgeted appropriations and against the County Auditor's Certificate of Estimated Resources. Using the budget prepared by the City the preceding July and including the carry over balances less carry over encumbrances at year-end, the County Auditor arrives at and issues the Certificate of Estimated Resources for the City. Ohio Law prohibits total fund appropriations from exceeding the amounts by fund on the County Auditor's certificate.

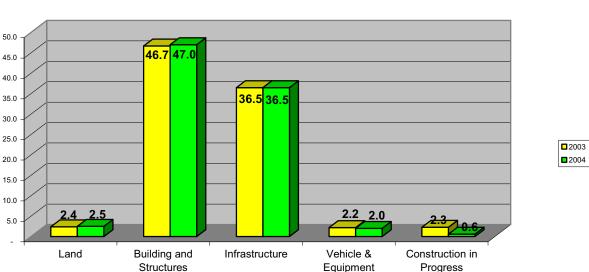

The City Auditor's General Fund variance from original estimated revenues increased by \$126,674 increasing the overall General Fund estimated revenues to \$49,137,774 as indicated on page 20. This change represents 0.2% of total revenue. The General Fund variance from original appropriations to final appropriations was \$26,792,387, this increased the overall General Fund appropriations to \$52,372,892. This change represents the effects of Canton City Council's attempt to analyze the City's overall operations and to appropriate in accordance with it's overall plan for the City. Actual revenue exceeded the final certificate by \$748,306 due largely to increases in income tax and charges for service. Actual expenditures were below the final budget by \$1.5 million. This variance is due to City Council and the City Administration's constant monitoring of expenses throughout the year.

CAPITAL ASSET AND DEBT ADMINISTRATION

At the end of 2004, the City had \$189.6 million invested in a broad range of capital assets, including police, fire and radio equipment, land, buildings, park facilities, roads bridges, and water and sewer lines (see below). This amount represents a net decrease over last year.

City of Canton Stark County, Ohio Management's Discussion and Analysis For The Year Ended December 31, 2004

This year's major additions in the Governmental Activities included land for the new federal campus project, a street sweeper, police cruisers, additional work done on several ongoing street projects, and additions to several of the City's parks. Additions to Business-Type Activities included the completion of the Lawrence Township waterline extension and the completion of the Odor Corrosion project at the City's Waste Water Treatment Plant.

The City's 2005 capital budget anticipates a spending level of \$9.6 million for capital projects. The City's has no plans to borrow outside the organization for these capital projects. More detailed information about the City's capital assets is presented in Note 7 to the basic financial statements.

Debt

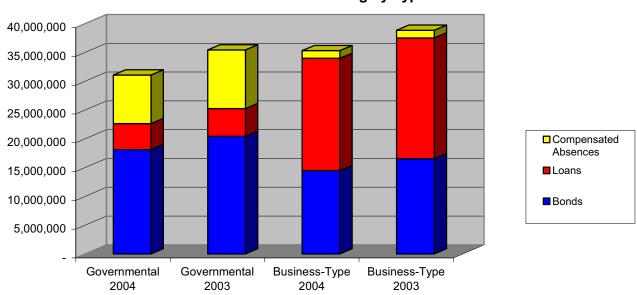

At December 31, 2004, the City had \$18.1 million in General Obligation Bonds.

| e | | e | | | | |

| | _ | | _ | | | |

Table 6General Obligation Bond Debt Outstanding at Year End

The City's overall legal debt margin was \$94,100,582 as of December 31, 2004. The City's unvoted legal debt margin was \$43,178,876 as of December 31, 2004.

At December 31, 2004, the City had outstanding long-term debt obligations in the amount of \$31.3 million down from \$35.7 million in 2003 for the governmental activities this represents a 12.3 percent decrease. The City's business-type activities debt obligation as of December 31, 2004 was \$35.3 million down from \$38.8 million in 2003 this represents a decrease of 9.0 percent. The breakout on debt is presented in the graph below.

Graph 7 Total Debt Outstanding by Type

The City's general obligation bond rating is Aaa from Moody's and AAA from Standard and Poor's. Other obligations include accrued vacation pay and sick leave. More detailed information about the City's long-term liabilities is presented in Note 9 to the basic financial statements.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Richard A Mallonn II-City Auditor, City of Canton, 218 Cleveland Ave., Canton, Ohio 44702. (Phone 330-489-3226 or Fax 330-580-2067).

City of Canton Stark County, Ohio Notes to the Basic Financial Statements For The Year Ended December 31, 2004

NOTE 1 - DESCRIPTION OF THE CITY AND REPORTING ENTITY

The City of Canton (the City) is a municipal corporation incorporated under the laws of the State of Ohio. The City operates under a Mayor-Council form of government. The Mayor and Council are elected. The City provides police and fire protection, emergency medical, parks and recreation, planning, zoning, street maintenance and repair, refuse collection and general administrative services to the citizens of the City.

Reporting Entity

A reporting entity is comprised of the primary government, component units and other organizations that are included to ensure that financial statements are not misleading. A primary government consists of all funds, departments, boards and agencies that are not legally separate from the City. The primary government of the City includes City departments and agencies that provide the following services: police protection, fire fighting and prevention, street maintenance and repairs, building inspection, parks and recreation, water, sewer and sanitation.

Component units are legally separate organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization's governing board; and (1) the City is able to significantly influence the programs or services performed or provided by the organization; or (2) the City is legally entitled to or can otherwise access the organization's resources; the City is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the City is obligated for the debt of the organizations. Component units may also include organizations for which the City authorizes the issuance of debt or the levying of taxes, or determines the budget. The City will report the financial status of the Canton Community Improvement Corporation (CCIC) as a discretely presented component unit in its basic financial statements. A complete copy of the CCIC financial statements can be obtained by contacting the City's Community and Economic Development Department.

The City is associated with the Stark Area Regional Transit Authority, the Stark Council of Governments and the Stark County Regional Planning Commissions as jointly governed organizations; Canton Tomorrow Inc., and the Downtown Canton Special Improvement District as joint ventures; and the Joint Recreation District as a related organization. See Notes 12, 13 and 14.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of the City have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to local governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The City also applies Financial Accounting Standards Board (FASB) Statements and interpretations issued on or before November 30, 1989, to its governmental and business-type activities provided they do not conflict with or contradict GASB pronouncements. The City has not elected to apply FASB statements and interpretations issued after November 30, 1989. The most significant of the City's accounting policies are described below.

Basis of Presentation

The City's basic financial statements consist of government-wide statements, including a statement of net assets and a statement of activities, and fund financial statements, which provide a more detailed level of financial information.

City of Canton Stark County, Ohio Notes to the Basic Financial Statements For The Year Ended December 31, 2004

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Government-wide Financial Statements

The Statement of Net Assets and the Statement of Activities display information about the City as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The activity of the internal service fund is eliminated to avoid "doubling up" revenues and expenses. The statements distinguish between those activities of the City that are governmental and those that are considered business-type activities.

The Statement of Net Assets presents the financial condition of the governmental and business-type activities of the City at year-end. The Statement of Activities presents a comparison between direct expenses and program revenues for each program or function of the City's governmental activities and for the business-type activities of the City. Direct expenses are those that are specifically associated with a service, program or department and therefore are clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues, which are not classified as program revenues, are presented as general revenues of the City, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the City.

Fund Financial Statements

During the year, the City segregates transactions related to certain City functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the City at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The internal service fund is presented in a single column on the face of the proprietary fund statements. Fiduciary funds are reported by type.

Fund Accounting

The City uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. There are three categories of funds: governmental, proprietary and fiduciary.

Governmental Funds

Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the City's major governmental funds:

City of Canton Stark County, Ohio Notes to the Basic Financial Statements For The Year Ended December 31, 2004

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

<u>General Fund</u> - The general fund accounts for all financial resources except those required to be accounted for in another fund. The general fund balance is available to the City for any purpose provided it is expended or transferred according to the general laws of Ohio.

<u>Community and Economic Development Fund</u> – To account for HUD Community and Economic Development Block Grant money used for the acquisition of real property, administrative costs, public facilities, and the rehabilitation of real property.

<u>Capital Projects</u> – To account for the City's capital projects and expenditures of 20 percent of the net income tax receipts.

<u>Motor Vehicle Purchase Fund</u> – To account for the purchase and maintenance of the City's vehicles and, expenditures of 5 percent of the net income tax receipts.

The other governmental funds of the City account for grants and other resources whose use is restricted to a particular purpose.

Proprietary Funds

Proprietary fund reporting focuses on changes in net assets, financial position and cash flows. Proprietary funds are classified as either enterprise or internal service.

<u>Enterprise Funds</u> - Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The following are the City's major enterprise funds:

<u>Enterprise Water Operating Fund</u> - The water operating enterprise fund accounts for the provision of water treatment and distribution to its residential and commercial users located within the City, and surrounding communities.

<u>Enterprise Sewer Operating Fund</u> - The sewer operating enterprise fund accounts for the provision of sanitary sewer service to the residents and commercial users located within the City, and several surrounding communities.

<u>Enterprise Refuse Operating Fund</u> - The refuse operating enterprise fund accounts for the provision of trash collection to the residents and commercial users located in the City.

<u>Internal Service Funds</u> - Internal service funds account for the financing of services provided by one department or agency to other departments or agencies of the City on a cost-reimbursement basis. The City's internal service fund reports on a self-insurance program for employee medical benefits, compensated absences, and the City's retrospective rating worker's compensation benefits.

Fiduciary Funds

Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. Trust funds are used to account for assets held by the City under a trust agreement for

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

individuals, private organizations, or other governments and are therefore not available to support the City's own programs. The City's only trust fund is a private-purpose trust fund established to account for monies donated to assist the poor of the City. The agency funds account for building permit fees collected on behalf of the State, municipal court collections that are distributed to various local governments, and the collection of payroll and employee deductions to be distributed to other governmental agencies. The City's agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

Measurement Focus

Government-wide Financial Statements

The government-wide financial statements are prepared using the economic resources measurement focus. All assets and all liabilities associated with the operation of the City are included on the Statement of Net Assets.

Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Like the government-wide statements, all proprietary funds are accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of these funds are included on the statement of net assets. The statement of changes in fund net assets presents increases (i.e., revenues) and decreases (i.e., expenses) in total net assets. The statement of cash flows provides information about how the City finances and meets the cash flow needs of its proprietary activities.

The private-purpose trust fund is reported using the economic resources measurement focus.

Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Proprietary and fiduciary funds also use the accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue and in the presentation of expenses versus expenditures.

Revenues - Exchange and Non-exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the City, available means expected to be received within sixty days of year-end. Nonexchange transactions, in which the City receives value without directly giving equal value in return, include income taxes, property taxes, grants, entitlements and donations. On an accrual basis, revenue from income taxes is recognized in the period in which the income is earned. Revenue from property taxes is recognized in the year for which the taxes are levied (See Note 5). Revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized. Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: income tax, state-levied locally shared taxes (including gasoline tax), fines and forfeitures, interest, tuition, grants, fees and rentals.

Deferred Revenue

Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

Property taxes for which there is an enforceable legal claim as of December 31, 2004, but which were levied to finance year 2005 operations, have been recorded as deferred revenue. Special assessments not received within the available period and grants and entitlements received before the eligibility requirements are met are also recorded as deferred revenue on modified accrual only.

On governmental fund financial statements, receivables that will not be collected within the available period have also been reported as deferred revenue.

Expenses/Expenditures

On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

Appropriations

A temporary appropriation ordinance to control expenditures may be passed on or about January 1 of each year for the period January 1 to March 31. An annual appropriation ordinance must be passed by April 1 of each year, for the period January 1 to December 31. The appropriation ordinance fixes spending authority at the fund, department level. The appropriation ordinance may be amended during the year by

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

action of Council, as new information becomes available, provided that total fund appropriations do not exceed current estimated resources, as certified. The allocation of appropriations among departments and objects within a fund may be modified during the year by an ordinance of council. There were two significant supplemental appropriations in 2004. The first occurred in March 2004 when City Council authorized the establishment of the compensate absences internal service fund. The supplement included both the appropriations to fund this internal service fund and the budgetary adjustments affecting personal service expenses that were impacted as a result of this new fund. The second significant supplemental occurred in June 2004 when City Council adopted its 2004 capital improvement budget. The budget figures, which appear in the statements of budgetary comparisons, represent the final appropriation amounts, including all amendments and modifications.

Lapsing of Appropriations

At the close of each year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations. The encumbered appropriation balance is carried forward to the succeeding fiscal year and is not re-appropriated.

Cash and Cash Equivalents

To improve cash management, cash received by the City is pooled. Monies for all funds, except the private-purpose trust fund and funds requiring that interest proceeds follow the invested principal, are maintained in this pool. Individual fund integrity is maintained through the City's records.

The City utilizes financial institutions to service bonded debt as principal and interest come due. The balances in these accounts are presented as "cash and cash equivalents with fiscal agent."

The City has segregated bank accounts for monies held separate from the City's central bank account. These monies are presented in the Statement of Net Assets as "cash and cash equivalents with fiscal agents" and "investments in segregated accounts" since they are not required to be deposited into the City treasury.

During 2004, investments were limited to certificates of deposit, a money market investment, repurchase agreements, and STAROhio.

Except for nonparticipating investment contracts, investments are reported at fair value, which is based on quoted market prices. Nonparticipating investment contracts such as repurchase agreements and nonnegotiable certificates of deposit are reported at cost.

STAROhio is an investment pool managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. STAROhio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAROhio are valued at STAROhio's share price, which is the price investments could be sold for on December 31, 2004.

Investment procedures are restricted by the provisions of the Ohio Revised Code. Interest revenue credited to the general fund during 2004 amounted to \$507,254, which includes \$20,453, assigned from other city funds.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

For purposes of the statement of cash flows and for presentation on the statement of net assets/balance sheet, investments with an original maturity of three months or less and investments of the cash management pool are considered to be cash equivalents.

Inventory

On government-wide financial statements, inventories are presented at the lower of cost or market on a first-in, first-out basis and are expensed when used.

On fund financial statements, inventories of governmental funds are stated at cost while inventories of proprietary funds are stated at the lower of cost or market. For all funds, cost is determined on a first-in, first-out basis. Inventory in governmental funds consists of expendable supplies held for consumption. The cost of inventory items is recorded as an expenditure in the governmental fund types when purchased. Inventories of the proprietary funds are expensed when used.

Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2004, are recorded as prepaid items using the consumption method by recording a current asset for the prepaid amount and reflecting the expenditure/expense in the year in which it was consumed.

Capital Assets

General capital assets are those assets not specifically related to activities reported in the proprietary funds. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net assets but are not reported in the fund financial statements. Capital assets utilized by the proprietary funds are reported both in the business-type activities column of the government-wide statement of net assets and in the respective funds.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their fair market values as of the date received. The City maintains a capitalization threshold of five thousand dollars. The City's infrastructure consists of bridges, culverts, storm sewers, streets, traffic signals and water and sewer lines. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not. Interest incurred during the construction of capital assets is also capitalized.

All reported capital assets are depreciated except for land and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the City Engineer's interpretation of historical records of necessary improvements and replacement. Depreciation is computed using the straight-line method over the following useful lives:

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

| | Governmental | Business-Type |
|------------------------|-----------------|-----------------|
| | Activities | Activities |
| Description | Estimated Lives | Estimated Lives |
| Buildings & Structures | 10 to 45 years | 10 to 45 years |
| Vehicles & Equipment | 10 to 15 years | 10 to 15 years |
| Infrastructure | 10 to 50 years | 10 to 50 years |

Interfund Balances

On fund financial statements, long-term interfund loans are classified as "due to/from other funds" on the balance sheet and are equally offset by a fund balance reserve account, which indicates that they do not constitute available expendable resources. These amounts are eliminated in the governmental and business-type activities columns of the statement of net assets, except for any net residual amounts due between governmental and business-type activities, which are presented as internal balances.

Compensated Absences

The City reports compensated absences in accordance with the provisions of GASB No. 16, "Accounting for Compensated Absences." Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the employer will compensate the employees for the benefits through paid time off or some other means. The City records a liability for accumulated unused vacation time when earned for all eligible employees with more than one year of service.

Sick leave benefits are accrued as a liability using the termination method. An accrual for unused earned sick leave is made to the extent that it is probable that benefits will result in termination payments. The liability is an estimate based on the City's past experience of making termination payments.

The entire compensated absence liability is reported on the government-wide financial statements.

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, claims and judgments, compensated absences, and contractually required pension contributions that will

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds, capital leases and long-term loans are recognized as a liability on the fund financial statements when due.

Fund Balance Reserves

The City reserves those portions of fund balance which are legally segregated for a specific future use or which do not represent expendable resources and therefore are not available for appropriation or expenditure. As a result, encumbrances, inventories, and loans receivable are recorded as a reservation of fund balance. The other purpose reservation line item is used to create a reserve fund balance for any amount due from another fund.

Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The City applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the City, these revenues are charges for services for water services, sewer treatment, refuse collection, and the workers compensation and health insurance internal service funds. Operating expenses are necessary costs incurred to provide the good or service that is the primary activity of the fund.

Contributions of Capital

Contributions of capital in proprietary fund financial statements arise from outside contributions of capital assets, tap-in fees to the extent they exceed the cost of the connection to the system, or from grants or outside contributions of resources restricted to capital acquisition and construction.

Interfund Activity

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in business-type activities. Interfund transfers are eliminated when reported in the entity wide financial statements for

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

both the governmental and business-type activities. Transactions that constitute reimbursements to a fund for expenditures or expenses initially made from it that are properly applicable to another fund are recorded as expenditures/expenses in the reimbursing fund, and as a reduction of expenditures/expenses in the fund that is reimbursed.

Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the City Administration and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during 2004.

Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

NOTE 3 - BUDGETARY BASIS OF ACCOUNTING

While the City is reporting financial position, results of operations and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The Statement of Revenues, Expenditures and Changes in Fund Balances - Budget (Non-GAAP Basis) and Actual presented for the General Fund and Major Special Revenue Funds are presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and GAAP basis are as follows:

- 1. Revenues are recorded when received in cash (budget) as opposed to when susceptible to accrual (GAAP).
- 2. Expenditures/expenses are recorded when paid in cash (budget) as opposed to when the liability is incurred (GAAP).
- 3. Encumbrances are treated as expenditures (budget) rather than as a reservation of fund balance (GAAP).
- 4. Unreported cash (cash on hand) represents amounts received but not included as revenue on the budget basis operating statements. These amounts are included as revenue on the GAAP basis operating statement.

NOTE 3 - BUDGETARY BASIS OF ACCOUNTING (Continued)

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budgetary basis statements for the General Fund and the Community and Economic Development Fund.

Net Change in Fund Balance

| | Community and | | |
|-------------------------------------|-------------------|------|---------------|
| | General | | Economic |
| | Fund | Deve | elopment Fund |
| GAAP Basis | \$ (91,589) | \$ | (506,275) |
| Net Adjustment for Revenue Accruals | (554,297) | | 2,166,666 |
| Net Adjustment for Expenditure | | | |
| Accruals | 96,657 | | 148,613 |
| Encumbrances | (496,118) | | (1,783,259) |
| Budget Basis | \$ (1,045,347) | \$ | 25,745 |

NOTE 4 - DEPOSITS AND INVESTMENTS

State statutes classify monies held by the City into three categories.

Active deposits are public deposits necessary to meet current demands on the City treasury. Active monies must be maintained either as cash in the City treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that Council has identified as not required for use within the current 5-year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies, which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts.

Protection of the City's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds with the City Auditor by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

NOTE 4 - DEPOSITS AND INVESTMENTS (Continued)

Interim monies may be invested in the following securities:

- 1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;
- 2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
- 3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreements must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
- 4. Bonds and other obligations of the State of Ohio;
- 5. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) of this section and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions; and
- 6. The State Treasurer's investment pool (STAROhio).

Investments in stripped principal or interest obligation, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the City, and must be purchased with the expectation that it will be held to maturity.

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

The following information classifies deposits and investments by categories of risk as defined in GASB Statement No. 3, "Deposits with Financial Institutions, Investments (including Repurchase Agreements), and Reverse Repurchase Agreements."

Cash on Hand

At year-end, the City had \$311,322 in undeposited cash on hand which is included on the Financial Statements of the City as part of "Cash and Cash Equivalents."

NOTE 4 - DEPOSITS AND INVESTMENTS (Continued)

Deposits

At year end, the carrying amount of the City's deposits was \$29,196,850 and the bank balance was \$33,265,616. Of the bank balance:

- 1. \$716,652 was covered by federal depository insurance.
- 2. \$32,548,964 was uncollateralized and uninsured. Although the pledging bank has an investment and securities pool used to collateralize all public deposits, which are held in the financial institution's name, noncompliance with federal requirements could potentially subject the City to a successful claim by the FDIC.

Investments

The City's investments are required to be categorized to give an indication of the level of risk assumed by the City at year-end. Category 1 includes investments that are insured or registered or for which the securities are held by the City or its agent in the City's name. Category 2 includes uninsured and unregistered investments for which the securities are held by the counterparty's trust department or agent in the City's name. Category 3 includes uninsured and unregistered investments for which the securities are held by the counterparty, or by its trust department or agent but not in the City's name. STAROhio and Money Market Investment are unclassified investments since they are not evidenced by securities that exist in physical or book entry form.

| | Category | Carrying | Fair |
|--------------------------|--------------|---------------|---------------|
| | 3 | Amount | Value |
| Money Market Investments | - | 1,050,000 | 1,050,000 |
| Repurchase Agreements | 4,143,941 | 4,143,941 | 4,143,941 |
| STAR Ohio | | 7,514,900 | 7,514,900 |
| Total Investments | \$ 4,143,941 | \$ 12,708,841 | \$ 12,708,841 |

The classification of cash and cash equivalents, and investments on the basic financial statements is based on criteria set forth in GASB Statement No. 9. Reconciliation between the classification of cash and investments on the basic financial statements and the classification per GASB Statement No. 3 is as follows:

NOTE 4 - DEPOSITS AND INVESTMENTS (Continued)

| | Cash and Cash | | | |
|--|---------------|------------------|-------------|------------|
| | Equiv | valents/Deposits | Investments | |
| GASB Statement No. 9 | \$ | 42,093,499 | \$ | 124,514 |
| Investments of the cash management pool: | | | | |
| Money Market | | (1,050,000) | | 1,050,000 |
| Repurchase Agreements | | (4,143,941) | | 4,143,941 |
| STAROhio | | (7,514,900) | | 7,514,900 |
| Petty Cash | | (1,000) | | - |
| Cash on Hand/Unrecorded Cash | | (311,322) | | - |
| Investments with maturity of greater than 3 months | | 124,514 | | (124,514) |
| GASB Statement No. 3 | \$ | 29,196,850 | \$ | 12,708,841 |

NOTE 5 - RECEIVABLES

Receivables at December 31, 2004, consisted of taxes, accounts (billings for user charged services), loans and intergovernmental receivables. All of these receivables, except loans receivable, are considered fully collectible.

No allowances for doubtful accounts have been recorded because uncollectible amounts are expected to be insignificant.

Special assessments expected to be collected in more than one-year amount to \$21,744 in the Debt Service Fund, and \$455,679 for the other governmental funds. Special assessments are included in either accounts receivable or taxes receivable.

Property Taxes

Property taxes include amounts levied against all real, public utility, and tangible personal property located in the City. Property tax revenue received during 2004 for real and public utility property taxes represents collections of the 2003 taxes. Property tax payments received during 2004 for tangible personal property (other than public utility property) is for 2004 taxes.

2004 real property taxes are levied after October 1, 2004, on the assessed value as of January 1, 2004, the lien date. Assessed values are established by State law at 35 percent of appraised market value. 2004 real property taxes are collected in and intended to finance 2005.

Public utility tangible personal property currently is assessed at varying percentages of true value; public utility real property is assessed at 25 percent of true value. 2004 public utility property taxes became a lien December 31, 2003, are levied after October 1, 2004, and are collected in 2005 with real property taxes.

2004 tangible personal property taxes are levied after October 1, 2003, on the value as of December 31, 2003. Collections are made in 2004. Tangible personal property assessments are 25 percent of true value.

NOTE 5 - RECEIVABLES (Continued)

The assessed value upon which the 2004 taxes were collected was 1,018,434,116. Real estate represented 79.31 percent (807,690,020) of this total, public utility tangible personal property represented 4.47 percent (845,543,340) and general tangible personal property represented 16.22 percent (165,200,756). The tax rates per 1,000 of assessed valuation for the year ended December 31, 2004, for all City operations applied to taxable property in the following taxing districts within the City limits was 3.40 for District 2 – Canton Local School District, 2.00 for District 3 – Plain Local School District, and 2.60 for District 4 – Canton City School District.

Real property taxes are payable annually or semiannually. If paid annually, the payment is due by December 31; if paid semiannually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits later payment dates to be established.

Tangible personal property taxes paid by multi-county taxpayers are due September 20. Single-county taxpayers may pay annually or semiannually. If paid annually, payment is due April 30; if paid semiannually, the first payment is due April 30 with the remainder payable at September 20.

The County Treasurer collects property taxes on behalf of all taxing districts in the county including the City of Canton. The County Auditor periodically remits to the City its portion of the taxes. Property taxes receivable represent real and tangible personal property taxes, public utility taxes and outstanding delinquencies, which are measurable as of December 31, 2004. Although total property tax collections for the next year are measurable, amounts to be received during the available period are not subject to reasonable estimation at December 31, nor are they intended to finance 2004 operations. The receivable is offset by deferred revenue.

Income Taxes

The City levies a municipal income tax of two percent on all salaries, wages, commissions and other compensation, and net profits earned within the City as well as incomes of residents earned outside of the City. In the latter case, the City allows a credit of 100 percent of the tax paid to another municipality to a maximum of the total amount assessed.

Employers within the City are required to withhold income tax on employee compensation and remit the tax to the City either monthly or quarterly, as required. Corporations and other individual taxpayers are required to pay their estimated tax quarterly and file a declaration annually. By City ordinance, income tax proceeds, after income tax department expenditures, are credited to the following funds: 75 percent to the General Fund, 20 percent to the Capital Projects and 5 percent to the Motor Vehicle Purchase Capital Projects Funds.

NOTE 5 - RECEIVABLES (Continued)

Due From Other Governments

A summary of intergovernmental receivables follows:

| | Amounts | |
|---------------------------------------|---------|------------|
| Governmental Activities | | |
| Local Government and Local Government | | |
| Revenue Assistance | \$ | 3,483,353 |
| Charges for Service | | 434,115 |
| Courts | | 69,818 |
| Gasoline and Excise Tax | | 677,290 |
| Motor Vehicle Tax | | 68,328 |
| Grants | | 10,010,423 |
| Total: | \$ | 14,743,327 |

Loans Receivable

The special revenue funds reflect community development loans receivable in the amount of \$3,223,374. The loans receivable represent the principal owed to the City for Community Development Block Grants. The loans bear interest at annual rates between 0 and 11 percent. The loans are to be repaid over periods ranging from 2 months to 20 years.

NOTE 6 - RISK MANAGEMENT

Workers' Compensation

Since 1989, the City has participated in the Ohio Bureau of Workers' Compensation Retrospective Rating Plan. Under the retrospective rating plan, the City assumes a portion of the risk in return for a reduction in current premiums. Current limits for claims incurred in 2004 are \$250,000 per claim.

A minimum premium for fixed costs is charged by the Ohio Bureau of Workers' Compensation. A maximum premium, the employer's experience-rated premium multiplied by the maximum percentage selected by the employer, may be charged back to the City for a ten-year evaluation period per claim. For the policy year 2004, the City selected Tier 1which calls for no claim limit and a 200 percent maximum premium limit.

NOTE 6 - RISK MANAGEMENT (Continued)

The claims liability of \$2,885,168 reported in the internal service fund at December 31, 2004, is based on the requirements of GASB Statement No. 10 which requires that a liability for unpaid claim costs, including estimates of costs relating to incurred but not reported claims, be reported. The estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claim adjustment expenses.

Changes in claims activity for the past two years are as follows:

| | Balance | Current | | Balance |
|------|--------------|------------|------------|--------------|
| | Beginning | Year | Claim | End |
| | of Year | Claims | Payments | of Year |
| 2003 | \$ 2,465,990 | \$ 427,489 | \$ 611,395 | \$ 2,282,084 |
| 2004 | 2,282,084 | 1,538,259 | 935,175 | 2,885,168 |

Property and Liability

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters. The City contracts with Leonard Insurance Company for commercial property coverage, which has a \$354,162,901 limit and a \$100,000 deductible. The City also contracts with Leonard Insurance Services Agency, Inc. for boiler and machinery coverage, which has a \$1,000,000 limit and a \$2,500 deductible. The City contracts with Ohio Municipal League for automobile combined coverage, which has a \$5,000,000 limit and a \$100,000 deductible. The City also contracts with the Ohio Municipal League for general liability, including police professional and public official liability combined coverage provision. This coverage has a \$5,000,000 limit and a \$100,000 limit and a \$5,000,000 limit and a \$100,000 limit and a \$100,000 limit and a \$100,000 limit and a \$100,000 deductible. The City also contracts with the Ohio Municipal League for general liability, including police professional and public official liability combined coverage provision. This coverage has a \$5,000,000 limit and a \$100,000 limit and a \$1

The City's elected officials are bonded for their respective terms. In addition, several specific employees (i.e., court bailiffs) are bonded where required by Ohio Revised Code.

Settled claims have not exceeded this commercial coverage in any of the past three years. There has not been significant reduction in coverage from the prior year.

Medical

The City has elected to provide employees' major medical, hospitalization, prescription, dental and vision coverage through a self-insured program. The City maintains a self-insurance internal service fund to account for and finance its uninsured risks of loss in this program. The City purchases stop-loss coverage of \$150,000 in aggregate per employee. The third party administrators, Aultcare and Benefit Services Inc., review all claims, which are then paid by the City.

NOTE 6 - RISK MANAGEMENT (Continued)

The claims liability of \$621,229 reported in the self-insurance fund at December 31, 2004, is estimated by the third-party administrators and is based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for unpaid claims costs, including estimates of costs relating to incurred but not report claims, be reported. The estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claim adjustment expenses.

Changes in the fund's claims liability amount for the last two years follow:

| | Balance | Current | |] | Balance |
|------|------------|--------------|--------------|----|---------|
| | Beginning | Year | Claim | | End |
| | of Year | Claims | Payments | | of Year |
| 2003 | \$ 711,603 | \$ 6,532,212 | \$ 6,328,831 | \$ | 914,984 |
| 2004 | 914,984 | 6,812,181 | 7,105,936 | | 621,229 |

NOTE 7 - CAPITAL ASSETS

Capital asset activity for the year ended December 31, 2004, was as follows:

| | Balance 12/31/03 | Additions | Deductions | Balance 12/31/04 |
|-----------------------------------|------------------|------------|-------------|---------------------|

| Leisure Time Activities | 536,001 |
| Total Depreciation Expense | \$ 15,427,821 |

NOTE 8 - COMPENSATED ABSENCES

The criteria for determining vacation and sick leave components are derived from negotiated agreements, City ordinances and State laws. Employees earn two to six weeks of vacation per year, depending upon length of service. Twelve days of vacation may be carried forward into the next year.

Employees may bank up to 75 days earned vacation time toward retirement, payable at retirement or termination. No more than 15 days of earned vacation may be banked in any one-year in minimum increments of five days. In March 2003, the City eliminated banked vacation for individuals in management and non-bargaining classifications. In lieu of, or in addition to banking vacation, an employee may request to receive cash payment for unused vacation of no more than 10 days per year in minimum increments of five days calculated at 90 percent of the current rate of pay. Employees must declare their desire to receive cash payment no later than October 1 of each year. Payment shall be made on the first regular pay day in November of each year. Approval of the cash payment is within the sole discretion of the appointing authority.

Employees earn sick leave at the rate 4.6 hours per 80 hours worked. Sick leave accumulation is unlimited. Upon retirement or death, an employee can be paid 100 percent to a maximum of 150 days of accumulated, unused sick leave. Firefighters and police can be paid 100 percent to a maximum of 187.5 days and 1,500 hours, respectively. In March 2003, the City created a weighted scale for management and non-bargaining classifications. In addition, the City was able to negotiate this same scale with the union representing approximately 135 of the City's clerical and technical workers. This scale will now require 3,400 hours of unused sick time at retirement in order to receive the same 1,500 hours severance as noted above.

In 2004 the City establish a Compensated Absence Claim Fund for the purpose of depositing sick expense premiums from the employees labor fund distribution to pay both current and previous unfunded compensated absences. The expense associated with current and future obligations is being charged as a direct claim against the Compensated Absences Claim Fund. The premium supporting the fund is included in the personal service charge for each fund. The premium is equal to 125% of the total cost of the sick leave accrued on biweekly payrolls.

Note 9 – LONG-TERM OBLIGATIONS

General Obligation Bonds

The government issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds have been issued for both governmental and business-type activities. The City's most recent general obligation bond issuance came in 2001 for the purpose of replacing its aging radio communication system.

General obligation bonds are direct obligations and pledge the full faith and credit of the government. These bonds are generally issued as 20-year serial bonds, with some exceptions. General obligation bonds currently outstanding are as follows:

| | Interest | Original |
|--|-----------------|--------------|
| Purpose | Rates | Amount |
| Governmental Activities, 1993 Various Purpose Refunding | 2.5 - 5.375% \$ | 6,375,000 |
| Governmental Activities, 1998 Pension Refunding | 3.15 - 1.75% | 6,080,000 |
| Governmental Activities, 1999 Various Purpose Bonds | 3.5% | 6,635,000 |
| Governmental Activities, 2001 Radio Communication | 4.0 - 2.25% | 5,610,000 |
| Business-Type Activities, 1995 Water Works System | 4.6 - 5.85% | 10,070,000 |
| Business-Type Activities, 1998 Utility System | 4.1 - 5.0% | 7,995,000 |
| Business-Type Activities, 1993 Various Purpose Refunding | 2.5 - 5.375% | 2,365,000 |
| | \$ | 6 45,130,000 |

Annual debt service requirements to maturity for general obligation bonds are as follows:

| General Obligation Bolius | | | | | | |
|---------------------------|-------------------------|--------------|---------------------------------|--------------|--|--|

General Obligation Bonds

NOTE 9 - LONG-TERM OBLIGATIONS (Continued)

The City has annual debt requirements for the following three loans, all related to governmental activities. A Housing and Urban Development loan was entered into in 1995 for the Cornerstone improvement and construction project. The interest rate for this loan is 4% with an original outstanding balance of \$2,320,000. In 2004, the City chose to refinance the outstanding balance of the Housing and Urban Development loan resulting in a savings in interest payments. The balance refinanced was \$1,650,000 with an interest rate of 2.31% for the first payment rising incrementally to 5.19% for the final payment. A State Infrastructure Bank loan was entered into in 1998 for the Market Avenue Streetscape project. The interest rate for this loan is 4% with an original outstanding balance of \$1,179,031. Finally, a State of Ohio Urban Redevelopment loan was issued in 2000, with an interest rate of 4% and an original outstanding balance of \$1,650,916 and was used to build the Millennium Parking Deck. These loans were all issued as part of the City's continuing effort to improve its downtown business district.

Annual debt service requirements to maturity for the Housing and Urban Development Loan, the State Infrastructure Bank Loan, and the Urban Redevelopment Loan are as follows:

| | | | State Infrastructure Bank Loan | | |
|---------------|---------------|---------------|--------------------------------|--------------|---------------|
| | | | Year Ending | Government | al Activities |

| | | | | | | | | |

Ohio Public Works Commission Loan

Note: The difference of \$54,389 between the above Governmental Activities schedule and the primary debt schedule on page 53 is due to additional debt proceeds accrued during the City's available period. The debt is associated with a new loan agreement the City has recently entered into. As of year end, no debt schedule was available for the loan nor could a reasonable estimate be made as to when loan repayments would begin based on the limited information available.

NOTE 9 - LONG-TERM OBLIGATIONS (Continued)

The City entered in to various loan agreements with the Ohio Water Development Authority for the purpose of improving and expanding both the water and the water pollution control operations. These loans will be repaid from business-type activity revenue. The Ohio Water Development Authority loans outstanding were as follows:

| | Interest | Original |
|---|----------|---------------|
| Purpose | Rates | Amount |
| Steiner Heights Water Line Extension | 6.39% | 591,671 |
| Plain Township Water Line Extension (55th St) | 4.74% | 1,653,459 |
| Water Main Extension (Norwood Hills) | 4.55% | 527,230 |
| Perry Township Water Extension | 4.65% | 1,459,754 |
| Lake Local School Waterline | 4.64% | 1,980,974 |

| | | | | | |
| Totals | \$ 74,540,907 | \$ 1,765,948 | \$ (9,667,121) | \$ 66,639,734 | \$ 7,741,998 |

*Note: During 1998, the City issued utility system general obligation bonds. The proceeds reported in the water enterprise fund and the sewer enterprise fund of \$5,375,000 and \$5,375,000, respectively, were used for a water meters project. The utility system general obligation bonds are reported net of the unamortized premium of \$6,426 in the water enterprise fund and \$6,426 in the sewer enterprise fund. Also, the above schedule of long-term debt obligations would differ from the government wide statement of net assets as a result of the compensated absences payable associated with business activities being included with the long-term liabilities of the governmental activities. The internal service Compensated Absence Claim Fund is responsible for the payment of both the governmental and business type compensated absence liabilities. Since governmental activities are the primary user of the internal service funds, GAAP requires the internal service funds to be reported with the governmental activities. The result is a discrepancy of \$1,332,355 between the debt reflected in the above schedule for governmental and business type activities and the debt numbers reflected in the Due in More Than One Year line item on the Statement of Net Assets on page 13. A similar discrepancy of \$132,771 results for the Due Within One Year line item. The City's overall legal debt margin was \$94,100,582 and an unvoted debt margin of \$43,178,876 at December 31, 2004.

NOTE 10 - DEFINED BENEFIT PENSION PLANS

Ohio Public Employee Retirement System

All City full-time employees, other than Police and Firemen, participate in the Ohio Public Employees Retirement System (OPERS), a cost sharing multiple-employer public employee retirement system administered by the Ohio Public Employees Retirement Board. OPERS provides basic retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members and beneficiaries. Benefits are established by Chapter 145 of the Ohio Revised Code. OPERS issues a standalone financial report which may be obtained by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642.

Plan members are required to contribute 8.5 percent of their annual covered salary to fund pension obligations and the City is required to contribute 13.55 percent for the year 2004. Contributions are authorized by State statute. The contribution rates are determined actuarially. The City's required contributions to OPERS for the years ended December 31, 2004, 2003, and 2002 were \$3,204,912, \$3,275,288, and \$3,549,389, respectively. The full amount has been contributed for 2003 and 2002. 93.95 percent has been contributed for 2004 with the remainder being presented as "Due to Other Governments" in the payroll clearing, agency fund.

Ohio Police and Firemen's Disability and Pension Fund

The City contributes to the Ohio Police and Firemen's Disability and Pension Fund (OP&F), a costsharing multiple employer public employee retirement system administered by the OP&F's Board of Trustees. The PFDPF provides retirement and disability benefits, annual cost of living adjustments and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and by Chapter 742 of the Ohio Revised Code. The OP&F issues a publicly available financial report that includes financial information and required supplementary information. That report may be obtained by writing to the Ohio Police and Firemen's Disability and Pension Fund, 140 East Town Street, Columbus, Ohio 43215.

Police and firefighters are required to contribute 10 percent of their annual covered salary to fund pension obligations and for 2004 the City was required to contribute 19.5 percent for police and 24.0 percent for firefighters. Contributions are authorized by State statute. The City's contributions to the PFDPF for police and firefighters were \$1,698,203 and \$1,981,171 for the year ending December 31, 2004, \$1,735,243 and \$1,998,274 for the year ended December 31, 2003, \$1,872,704 and \$2,077,467 for the year ended December 31, 2002. The full amount has been contributed for 2003 and 2002 72.61 and 71.47 percent, respectively, have been contributed for 2004 with the remainder being presented as "Due to Other Governments" in the payroll clearing, agency fund.

NOTE 11 - POSTEMPLOYMENT BENEFITS

Ohio Public Employees Retirement System

The Ohio Public Employees Retirement System (OPERS) provides postretirement health care coverage to age and service employees with ten or more years of qualifying Ohio service credit and to primary survivor recipients of such retirees. Health care coverage for disability recipients is available. The health care coverage provided by the retirement system is considered an Other Postemployment Benefit (OPEB) as described in GASB Statement No. 12. A portion of each employer's contribution to OPERS is set

NOTE 11 - POSTEMPLOYMENT BENEFITS (Continued)

aside for the funding of postretirement health care based on the authority granted by State statute. The 2004 employer contribution rate was 13.55 percent of covered payroll for employees; 4.0 percent was the portion that was used to fund health care for 2004.

Benefits are funded on a pay-as-you-go basis. OPEB are financed through employer contributions and investment earnings. The contributions allocated to retiree health care and Medicare, along with investments income on allocated assets and periodic adjustments in health care provisions, are expected to be sufficient to sustain the program indefinitely. As of December 31, 2003 (the latest information available), the net assets available for future OPEB payments were \$10.5 billion. The City's actual contributions for 2003, which were used to fund OPEB, were \$946,090.

During 1997, OPERS adopted a new calculation method for determining employer contributions applied to OPEB. Under the new method, effective January 1, 1998, employer contributions, equal to 4.2 percent of member covered payroll, are used to fund health care expenses. Under the prior method, accrued liabilities and normal cost rates were determined for retiree health coverage.

Ohio Police and Firemen's Disability and Pension Fund

The Ohio Police and Firemen's Disability and Pension Fund (OP&F) provides postretirement health care coverage to any person who receives or is eligible to receive a monthly benefit check or is a spouse or eligible dependent child of such person. An eligible dependent child is any child under the age of 18 whether or not the child is attending school or under the age of 22 if attending full-time or on a 2/3 basis.

The health care coverage provided by the retirement system is considered an Other Postemployment Benefit (OPEB) as described in GASB Statement No. 12. The Ohio Revised Code provides the authority allowing the Ohio Police and Firemen's Disability and Pension Fund's board of trustees to provide health care coverage and states that health care cost paid from the Police and Firemen's Disability and Pension Fund shall be included in the employer's contribution rate. Health care funding and accounting is on a pay-as-you-go basis. The total police employer contribution is 19.5 percent of covered payroll and the total firefighter employer contribution rate is 24 percent of covered payroll, of which 7.75 percent of covered payroll was applied to the postemployment health care program during 2003 and 2004. In addition, since July 1, 1992, most retirees have been required to contribute a portion of the cost of their health care coverage through a deduction from their monthly benefit payment.

The City's actual contributions for 2004 that were used to fund postemployment benefits were \$674,866 for police and \$639,720 for fire. OP&F's total health care expenses for the year ended December 31, 2003 (the latest information available) were \$150,853,148, which was net of member contributions of \$17,207,506. The number of OP&F participants eligible to receive health care benefits as of December 31, 2003, was 13,662 for police and 10,474 for firefighters.

NOTE 12 - JOINT VENTURES

Canton Tomorrow, Inc.

The City participates in Canton Tomorrow, Inc., formed under Chapter 1702 of the Ohio Revised Code. Of the 21 member board, the City appoints three members. The degree of control exercised by any participating government is limited to its representation on the board. Canton Tomorrow, Inc., was formed to serve as a catalyst to bring together the vision, initiative and action necessary for the continuing revitalization of the City. Continued existence of Canton Tomorrow, Inc. is dependent on the City's continued participation, despite its minimal contribution to the overall budget; however, the City does not have an equity interest in Canton Tomorrow, Inc. (Agency). The Agency is not accumulating significant financial resources or experiencing fiscal stress, which would cause additional financial benefit or burden to the City. Canton Tomorrow's funding comes from a grant given by the City to the Canton Regional Chamber of Commerce. In 2004 the grant was for \$175,000 and the Chamber of Commerce is responsible for dividing it up amongst is various agencies like Canton Tomorrow. Complete financial statements can be obtained from Canton Tomorrow, Inc.

Downtown Canton Special Improvement District

The City participates in the Downtown Canton Special Improvement District (District), formed under Chapter 1710 of the Ohio Revised Code. Of the 9 member board, the City appoints two members. The degree of control exercised by any participating government is limited to its representation on the board. The District was created for the purpose of developing and implementing plans for public improvements and public services. Continued existence of the District is dependent on the City's continued participation; however, the City does not have an equity interest in the District. In 2004, the City contributed \$84,531 to the District, which represents 100 percent of total contributions. Complete financial statements can be obtained from the Downtown Canton Special Improvement District.

NOTE 13 – RELATED ORGANIZATION

Joint Recreation District

The City appoints three of the five members of the Joint Recreation District (District) Board. The District hires and fires its own staff and does not rely on the City to finance deficits. The City is not financially accountable for the District nor is the District financially dependent on the City. The District serves as its own budgeting, taxing and debt issuance authority. The City did not make any contributions during 2004. Complete financial statements can be obtained from the Canton Recreation Department.

NOTE 14 - JOINTLY GOVERNED ORGANIZATIONS

Stark Area Regional Transit Authority

The City participates in the Stark Area Regional Transit Authority (Authority), which is a jointly governed organization between Stark County and the cities of Canton, Massillon and Alliance. A nine-member board of trustees oversees the operation of the Authority. The City appoints three of the nine members. Each member's control over the operation of the Authority is limited to its representation on the Board. The Board exercises total authority for the day-to-day operations of the Authority, which include budgeting, appropriating, contracting and designating management. The City has no financial responsibility for any of the Authority's liabilities. The City made no monetary contributions to assist in the operational expenses of SARTA during 2004. Complete financial statements may be obtained from the Stark Area Regional Transit Authority.

NOTE 14 - JOINTLY GOVERNED ORGANIZATION (Continued)

Stark Council of Governments

The Stark Council of Governments (SCOG) is a jointly governed organization. SCOG is a regional council of governments formed under Chapter 167 of the Ohio Revised Code. Currently, SCOG's functions include the funding and operation of the Stark County Metropolitan Narcotics Unit and the Canton Crime Lab. SCOG is governed by the membership, including Stark County, and other cities and villages and townships. The membership elects a nine member executive committee. Based on recommendations of the executive committee, the membership approves its own budget, appoints personnel and performs accounting and finance related activities. Continued existence of the agency is dependent on the City's continued participation; however, the City does not have an equity interest in the agency. The agency is not accumulating significant financial resources or experiencing fiscal stress, which would cause additional financial benefit or burden to the City. The City contributed \$654,497 from the General Fund for 2004 for the operation of SCOG, which represents 48.5 percent of total contributions. Complete financial statements may be obtained from the Stark Council of Governments.

Stark County Regional Planning Commission

The City participates in the Stark County Regional Planning Commission (Commission), which is a statutorily created political subdivision of the State. The commission is jointly governed among Stark County, and other cities, villages, and townships. Of the 48-member board, the City appoints 5 members. The degree of control exercised by any participating government is limited to its representation on the board. The principal aim of the Commission is to provide comprehensive planning, both long and short-term range, dealing with the economic and physical environment of Stark County. The board exercises total authority for the day-to-day operations of the Commission. These include budgeting, appropriating, contracting, and designating management. The City has no financial responsibility for any of the Commission's liabilities. In 2004, the City contributed \$101,688 to the Commission. Complete financial statements can be obtained from the Stark County Regional Planning Commission, Stark County, Ohio.

<u>NOTE 15 – DISCRETELY PRESENTED COMPONENT UNIT</u>

The component unit column in the combined financial statements identifies the financial data of the City's component unit, Canton Community Improvement Corporation. It is reported separately to emphasize that it is legally separate from the City.

Canton Community Improvement Corporation

Canton Community Improvement Corporation (CCIC) is a legally separate, not-for-profit, community improvement corporation, as authorized under Chapter 1724 of the Ohio Revised Code. The seven-member board is comprised of the following; the City's Mayor, three appointed or elected officials, chosen by the Mayor, and three recommended by the Mayor and approved by the other three board members. The CCIC was organized for the purpose of advancing, encouraging, and promoting the industrial, economic, and commercial and civic development of the community. The City's Community and Economic Development Department, as authorized by City Council, provides an annual grant to pay for all operational costs associated with the CCIC.

NOTE 16 - CONTRACTUAL COMMITMENTS

As of December 31, 2004, the City had significant contractual commitments as follows:

| | | Remaining |
|-------------------------------------|---|-------------|
| Company | Project | On Contract |
| Canton City Schools/CIC | Bus Garage Relocation | \$ 800,000 |
| Canton Regional Chamber of Commerce | Mill Road Industrial Park | 400,000 |
| Eslich Wrecking | Kresge Abatement (Clean Ohio Revitialization) | 227,950 |
| Central Allied | Market Ave. Sanitary Sewer | 1,473,814 |

NOTE 17 – OPERATING LEASES

The City has entered into multiple year non-cancelable operating leases for equipment and vehicles. In addition, some of the operating leases have options to purchase the equipment or vehicle at the end of the lease. Total rental costs for such leases were \$161,290 for the year ended December 31, 2004. The minimum rental commitments under all such non-cancelable leases are as follows:

| Year Ending | Amount |
|-------------|------------|
| 2005 | \$ 200,079 |
| 2006 | 189,649 |
| 2007 | 85,609 |
| 2008 | 69,776 |
| 2009 | 64,741 |
| Total | \$ 609,854 |

NOTE 18 - CONTINGENT LIABILITIES

Grants

The City received financial assistance from federal and State agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the general fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the City.

NOTE 18 - CONTINGENT LIABILITIES (Continued)

Litigation

The Case of Bobby J. Wright vs. City of Canton, Et Al, was settled on May 14, 2001 in the United States District Court, Northern District of Ohio, Case No. 5:00CV2717, as authorized by the City Council. The terms of this settlement resulted in an obligation of \$506,200 payable over the next twelve years.

| Year Ending | Amount |
|-------------|------------|
| 2005 | \$ 27,600 |
| 2006 | 27,600 |
| 2007 | 27,600 |
| 2008 | 27,600 |
| 2009 | 27,600 |
| 2010-2014 | 94,300 |
| Total | \$ 232,300 |

The City is a party to various other legal proceedings. The City management is of the opinion that ultimate disposition of those subsequent pending claims and legal proceedings will likely not have a material adverse effect, if any, on the financial condition of the City. However any litigation that could be successful against the City would in all likelihood not exceed a maximum exposure of \$400,000.

NOTE 19 - NOTES PAYABLE

GASB Statement No. 38 requires that short-term debt activity during the year be disclosed, even if no short-term debt is outstanding at year-end. Details are to include a schedule of changes in short-term debt, disclosing beginning and end of year balances, increases and decreases and the purpose for which the short-term debt was issued. The City had no short debt obligations for 2004.

NOTE 20 - INTERFUND BALANCES AND TRANSFERS

Interfund transfers for the year ended December 31, 2004, consisted of the following:

| | Transfer From | | | | |
|-----------------|---------------|------|--------|--|--|
| | General | eral | | | |
| Transfer to | Fund | | Total | | |
| Nonmajor | | | | | |
| Special Revenue | \$78,377 | \$ | 78,377 | | |
| Total | \$78,377 | \$ | 78,377 | | |

NOTE 20 - INTERFUND BALANCES AND TRANSFERS (Continued)

Transfers are used to move resources from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorization.

At December 31, 2004, the Community and Economic Development Fund had an interfund due to balance of \$2,327,304. The General Fund and Nonmajor Internal Service Funds had interfunds due from for \$27,304 and \$2,300,000 respectively. The interfund obligations between the General Fund and Nonmajor Special Revenue Funds represent the advance funding necessary to provide adequate cash reserves to meet the Health Funds payroll. The obligation between the Nonmajor Internal Service Funds and the Community and Economic Development Fund represents the advance funding need to fund a federal project. These obligations will be satisfied using the appropriate grant and program revenues associated with each fund.

| | Due from | | | | | | |
|---------------------------|--------------|-----------|-------------|--|--|--|--|
| | Community | | | | | | |
| | and Economic | Special | | | | | |
| | Development | Revenue | Total | | | | |
| Due to | | | | | | | |
| General Fund | \$ - | \$ 27,304 | \$ 27,304 | | | | |
| Nonmajor Internal Service | 2,300,000 | | 2,300,000 | | | | |
| Total | \$2,300,000 | \$ 27,304 | \$2,327,304 | | | | |

Combining, Statements and

Individual Fund Schedules

Special Revenue Funds are established to account for the proceeds of specific revenue sources (other than expendable trusts or for major capital projects) that are restricted by law and administrative action to expenditures for specified purposes.

Police and Fire Pension Fund To account for property taxes and transfers from the general fund for the payment of the employer's share of police and fire pension benefits.

Street Construction, Maintenance and Repair Fund Required by the Ohio Revised Code to account for that portion of the State gasoline tax and motor vehicle registration fees designated for maintenance of streets within the City.

State Highway Fund Required by the Ohio Revised Code to account for that portion of the State gasoline tax and motor vehicle registration fees designated for maintenance of State highways within the City.

Municipal Road Fund To account for County grant money used for various street projects approved through the county's municipal road fund.

Cornerstone Parking Deck Fund To account for parking fees used for the upkeep of the Cornerstone Parking Deck.

Health Services Fund To account for State and Federal grant funds used for various health education, prevention, and treatment programs in the City.

Court Fund To account for revenues received from Canton Municipal Court fines and to account for how such revenues are spent.

Canton Rail Station Fund To account for grant monies used in conjunction with the building of the Scenic Valley Railroad train station.

Court's Computer Fund To account for monies used to maintain court computer systems.

Law Department Dispute Resolution Fund To provide for the receipt of fees charged for discretionary public services provided to resolve various types of disputes.

Recycle Ohio Fund To account for grant monies used for the City's recycling program.

Youth Development Fund To account for grant monies used for summer youth employment programs.

Enforcement and Education Fund To account for fines which are used for educating the public on the dangers of driving while under the influence of alcohol and the laws governing the operation of a motor vehicle while under the influence of alcohol.

Indigent Driver Alcohol Treatment Fund To account for fines collected by the municipal court from persons whose driver's license or permit was suspended for driving under the influence of alcohol. By order of the court, this fund will provide for the cost of rehabilitation for those deemed to be indigent.

Law Enforcement Fund To account for monies received from the sale or disposition of seized contraband. Expenditures from this fund are made for law enforcement purposes.

Municipal Probation Services Fund To account for fines and forfeitures used for various probation projects.

Prisoner Housing Fund To account for fines collected used for the housing and/or treatment of indigent offenders.

Fire Donation Fund To account for the receipts and expenditures associated with donations given to the City's Fire Department.

Clean Ohio Revitalization Fund To account for the receipts and expenditures associated the Clean Ohio Revitalization Grant received by the City for asbestos abatement projects.

Supplementary Police Forces Fund To account for the receipts and expenditures associated with the City's Auxiliary Police Force and Police Youth Corp.

Local Law Enforcement Block Grant Fund To account for block grant monies used for law enforcement purposes.

Other Smaller special revenue funds operated by the City and subsidized in part by local State and Federal monies as well as miscellaneous sources. These funds are as follows:

City Hall Plaza Fund Guardrail/Attenuator Replacement Fund Bryne Memorial Mediation Fund Southeast Community Center Fund Park Fund D.A.R.E. Program Fund Drug Law Enforcement Fund Misdemeanor Community Sanction Grant Fund Thermal Imaging System Fund Clerk of Courts Administration Fund Court Security Funding Fund Federal Forfeiture Fund EMS Training & Equipment Fund Firefighters Assistance Grant Fund Debt Service Funds are established to account for the accumulation of resources for, and the payment of, general and special assessment long-term debt principal and interest and related costs.

General Obligation Bond Retirement Fund To account for the accumulation of resources to pay principal and interest on general obligation debt.

Special Assessment Bond Retirement Fund To account for the collection of special assessments levied against properties for the payment of special assessment bonds and related interest costs.

Nonmajor Capital Projects Funds

Capital Projects Funds are established to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds).

Radio Communication Fund To account for the purchase of a Digital Radio Communication System.

Market Avenue Sanitary Sewer Fund To account for the improvement of a portion of Market Avenue's Sanitary Sewer System.

Harmount Sidewalk Improvement Fund To account for improvements of Harmount Street sidewalks.

Traffic Signalization Fund To account for costs associated with the maintenance of the traffic signals within the City.

Shorb & 4th Street Roadway Improvement Fund To account for all costs associated with the revamping and rerouting of Shorb Avenue and 4th Street NW.

Street & Storm Sewer Improvement Fund To account for some of the costs associated with the repair, improvement, and construction of streets or storm sewer projects.

OPWC Fund To account for some of the costs associated with State of Ohio Issue II monies used for infrastructure replacements and street improvements.

Civic Center Improvement Fund To account for improvements at the Civic Center.

Internal Service Funds are established to account for the financing of services provided by one department or agency to other departments or agencies of the City on a cost-reimbursement basis.

Workers' Compensation Retrospective Fund To account for the charges to operating funds on a percentage of payroll basis and the payment of premiums and claims under the retrospective rating plan as provided by the Ohio Bureau of Workers' Compensation.

Health Insurance Fund To account for charges to the operating funds on a per employee basis for the health and hospitalization self-insurance, eye and dental insurance and for payments to AFSCME for the unions' administered employees' eye and dental premiums. This fund also pays the salaries and fringe benefits of the employees responsible for administering and processing claims.

Compensated Absence Claim Fund To account for charges to the operating funds on a per employee basis for the claims associated with and mandated by local and state fringe benefit provisions including accumulated sick time, continuing disability, banked vacation, and termination pay.

Fiduciary funds are used to account for assets held by the City in trustee capacity, or as an agent for individuals, private organizations, other governments, and/or other funds.

Nonexpendable Trust Fund-Private Purpose Trust

This fund is accounted for in essentially the same manner as proprietary funds.

Hartford Houtz Fund To account for monies donated to be used to improve the health and education of children.

Agency Funds

Agency funds are purely custodial (assets equal liabilities) and thus do not involve the measurement of results of operations.

Building Escrow Fund To account for receipts from insurance companies, under City and State statutes, necessary to ensure compliance with building codes after a structure fire. Disbursements are normally to property owners upon release from the code enforcement department.

Payroll Clearing Fund To account for payroll taxes and other related payroll deductions accumulated from the funds for distribution to other governmental units and private organizations.

Employee Buyout Incentive Fund To account for money being held and disbursed in conjunction with the City's 2002 Incentive Retirement Plan.

Auditor's Transfer Fund To account for and hold receipts from various entities until proper disbursement.

Municipal Court Fund To account for municipal court activities, including the civil division and trusteeship accounts, not currently reflected on the city's records.

Other Agency Funds To account for various receipts and disbursements which includes monies received from patrons for Civic Center events, which are not disbursed in full until the completion of the event and monies received from state assessments for the Building Department which are disbursed periodically.
