

CITY OF CINCINNATI, OHIO

Single Audit Reports

Year Ended December 31, 2005

**Auditor of State
Betty Montgomery**

To the Honorable Mayor and Members of City Council
City of Cincinnati
City Hall
801 Plum Street
Cincinnati, Ohio 45202

We have reviewed the *Independent Auditors' Report* of the City of Cincinnati, Hamilton County, prepared by Clark, Schaefer, Hackett & Co., for the audit period January 1, 2005 through December 31, 2005. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The City of Cincinnati is responsible for compliance with these laws and regulations.

A handwritten signature in cursive script that reads "Betty Montgomery".

BETTY MONTGOMERY
Auditor of State

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
*GOVERNMENT AUDITING STANDARDS***

To the Honorable Mayor and Members of the City Council
City of Cincinnati, Ohio:

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Cincinnati Ohio ("City") as of and for the year ended December 31, 2005, which collectively comprise the City's basic financial statements and have issued our report thereon dated June 21, 2006 wherein we noted the City implemented Governmental Accounting Standards Board (GASB) Statement Nos. 40, 42, 44 and 45 and GASB Technical Bulletin 2004-2. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

Compliance And Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the City in a separate letter dated June 21, 2006.

This report is intended solely for the information and use of the Mayor and Members of City Council, management, and federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than those specified parties.

**REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH
MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN
ACCORDANCE WITH OMB CIRCULAR A-133**

To the Honorable Mayor and Members of the City Council
City of Cincinnati, Ohio:

Compliance

We have audited the compliance of City of Cincinnati, Ohio ("City") with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended December 31, 2005. The City's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the City's management. Our responsibility is to express an opinion on the City's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the City's compliance with those requirements.

In our opinion, the City complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended December 31, 2005. However, the results of our auditing procedures disclosed an instance of noncompliance with those requirements, which is required to be reported in accordance with OMB Circular A-133 and which is described in the accompanying schedule of findings and questioned costs as item 2005-2.

Internal Control Over Compliance

The management of the City is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the City's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on the internal control over compliance in accordance with OMB Circular A-133.

We noted a matter involving the internal control over compliance and its operation that we consider to be a reportable condition. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over compliance that, in our judgment, could adversely affect the City's ability to administer a major federal program in accordance with the applicable requirements of laws, regulations, contracts, and grants. A reportable condition is described in the accompanying schedule of findings and questioned costs as item 2005-1.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with the applicable requirements of laws, regulations, contracts, and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we believe that the reportable condition described above is not a material weakness.

Schedule of Expenditures of Federal Awards

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of and for the year ended December 31, 2005, and have issued our report thereon dated June 21, 2006. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of the Mayor and Members of City Council, management, and federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

*Community Development Block Grant/Entitlement Grants – CFDA No. 14.218 and
HOME Investment Partnerships Program – CFDA No. 14.239*

Finding 2005-1 - Subrecipient Monitoring

Criteria: The A-102 Common Rule requires a pass-through entity to monitor its subrecipients' activities to provide reasonable assurance the subrecipient administers Federal awards in compliance with Federal Requirements.

Conditions: The tickler file used to monitor subrecipients' submission of audit reports was not maintained consistently and accurately throughout the year. Further, the file was not complete as it did not include all subrecipients. The City was unable to provide documentation on its monitoring efforts such as the required submission of audit reports by subrecipients, and follow-up when audit reports submitted did not include all required reports or included audit findings.

Additionally, there was no formal policy or procedure in place to perform during-the-award monitoring activities or to track and monitor the on-site reviews that did occur.

Effect: A pass-through entity assumes responsibility for complying with federal requirements when it accepts federal awards. When the City passes a grant through to a subrecipient, the City is ultimately responsible for compliance at the subrecipient level. Ineffective subrecipient monitoring could result in noncompliance with federal requirements by subrecipients.

Cause: The Department of Community Development and Planning is currently undergoing reorganization and has experienced turnover in significant positions.

Recommendation: We recommend the City evaluate the tickler file system used to monitor subrecipient report filings to ensure the list of subrecipients is complete, the reports are submitted timely and appropriately, audit findings reported are followed up on, and include contractual provisions for appropriate sanctions when subrecipients fail to comply. To assist with completeness of the tickler file system, the City may consider sending a questionnaire to all subrecipients inquiring about the expected amount of total Federal awards expended and whether the subrecipient will have an audit performed in accordance with OMB Circular A-133.

Additionally, we recommend the City implement formal policies and procedures to standardize the on-site reviews of subrecipients. Such policies and procedures should address the maintenance of a tracking system to schedule and track the reviews performed, define the frequency of such reviews; and specify the documentation required to be completed when performing a review.

U.S. DEPARTMENT OF JUSTICE

Public Safety Partnership & Community Policing Grants - CFDA No. 16.710

Finding 2005-2 - Unallowable Costs

Criteria: Under the COPS Universal Hiring Program (UHP) award document, the grant award can only be used for payment of entry-level salaries and approved fringe benefits. Overtime, compensatory and military time, training, weapons, communication equipment and vehicles cannot be paid for with UHP funding.

Conditions: We reviewed the salaries and benefits for all police recruits that were paid for with UHP funding during 2005. Our tests disclosed that compensatory and military time were paid with UHP funds.

Effect: \$15,472 of costs is questioned as a result of charging compensatory and military time to the federal grant funds.

Cause: The Police Department has experienced turnover in the grant administration positions.

Recommendation: Policies and procedures should be written to educate and provide guidance to current and future program employees in administration of the grant programs in accordance with their regulations and guidelines.

CITY OF CINCINNATI, OHIO

Schedule of Prior Audit Findings

Year Ended December 31, 2005

U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

Finding 2004-1 – *CFDA 14.218 – Community Development Block Grant/Entitlement Grants*

Condition: The tickler file used to monitor subrecipients' submission of audit reports was not maintained consistently and accurately throughout the year. Further, the file was not complete as it did not include all subrecipients. The City was unable to provide documentation on its monitoring efforts such as the required submission of audit reports by subrecipients, and follow-up when audit reports submitted did not include all required reports or included audit findings.

Additionally, there was no formal policy or procedure in place to perform during the-award monitoring activities or to track and monitor the on-site reviews that did occur.

Recommendations: It was recommended that the City evaluate the tickler file system used to monitor subrecipient report filings to ensure the list of subrecipients is complete, the reports are submitted timely and appropriately, audit findings reported are followed up on, and include contractual provisions for appropriate sanctions when subrecipients fail to comply. To assist with completeness of the tickler file system, the City may consider sending a questionnaire to all subrecipients inquiring about the expected amount of total Federal awards expended and whether the subrecipient will have an audit performed in accordance with OMB Circular A-133.

Additionally, it was recommended that the City implement formal policies and procedures to standardize the on-site reviews of subrecipients. Such policies and procedures should address the maintenance of a tracking system to schedule and track the reviews performed, define the frequency of such reviews; and specify the documentation required to be completed when performing a review.

Current Status: We tested the program as a major program during 2005 and observed the same conditions. Thus, we will repeat the reportable condition in Finding 2005-1.

U.S. DEPARTMENT OF JUSTICE

Finding 2004-2 – *CFDA 16.710 – Public Safety Partnership & Community Policing Grants*

Condition: We reviewed the salaries and benefits for all police recruits that were paid for with UHP funding during 2004. Our tests disclosed that overtime and training costs were paid with UHP funds.

Recommendations: Policies and procedures should be written to educate and provide guidance to program employees concerning the allowability of costs with respect to grant requirements.

Current Status: This grant was tested as a major program during 2005. We observed the City is no longer submitting reimbursements for overtime and training costs. However, it was observed that they were improperly reimbursed for compensatory and military time. Thus, we will repeat the finding of questioned costs in Finding 2005-2.

CORRECTIVE ACTION PLAN

June 28, 2006

Suite 250, City Hall
801 Plum Street
Cincinnati, Ohio 45202
Phone (513) 352-3731
Fax (513) 352-2370

To the Department of Transportation

Joe Gray
Director

The City of Cincinnati respectfully submits the following corrective action plan for the year ended December 31, 2005.

Clark, Schaefer, Hackett & Co.
105 East Fourth Street
Suite 1500
Cincinnati, Ohio 45202

Audit Period: January 1, 2005 – December 31, 2005

The findings from the June 21, 2006 schedule of finding and questioned costs are discussed below. The findings are numbered consistently with the numbers assigned in the schedule.

FINDINGS-FEDERAL AWARD PROGRAMS AUDIT

U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

*Community Development Block Grant/Entitlement Grants – CFDA No. 14.218
and HOME Investment Partnerships Program – CFDA No. 14.239*

Reportable Conditions: See Finding 2005-1 – Subrecipient Monitoring

Recommendation: We recommend the City evaluate the tickler file system used to monitor subrecipient report filings to ensure the list of subrecipients is complete, the reports are submitted timely and appropriately, audit findings reported are followed up on, and include contractual provisions for appropriate sanctions when subrecipients fail to comply. To assist with completeness of the tickler file system, the City may consider sending a questionnaire to all subrecipients inquiring about the expected amount of total Federal awards expended and whether the sub recipient will have an audit performed in accordance with OMB Circular A-133.

Additionally, we recommend the City implement formal policies and procedures to standardize the on-site reviews of subrecipients. Such policies and procedures should address the maintenance of a tracking system to schedule and track the reviews performed, define the frequency of such reviews; and specify the documentation required to be completed when performing a review.

Action Taken: This 2005 finding is referenced to be a second year finding for this item. As a corrective action, in response to an identical finding made in 2004, DCDP created and implemented corrective actions that were implemented August 4, 2005.

DCDP instituted an OMB Circular A-133 Audit Process effective August 4, 2005. This process was made part of the Department's Operation Manual. The process is as follows:

- 1) The Operations/Administration Division will maintain a list of the Department's agencies that are subject to this requirement, including the Audit due date.
- 2) The Operations/Administration Division will send to each agency a written reminder of the Audit requirement. This notice will be provided approximately 45 days prior to the due date.
- 3) Upon receipt, Audit Reports are to be immediately forwarded to the Operations/Administration Division for review and appropriate action as required by "Managing CDBG", a guidebook for Grantees on Subrecipient Oversight. Such review and action will be completed within 30 days of receipt of the Audit report.
- 4) The Operations/Administration Division will send a second notice to each agency that fails to provide the Audit report in a timely manner. The relevant Division Manager shall be copied on this notice.
- 5) In the event the agency fails to submit the Audit report after the second notification, in consultation with the relevant Division Manager, the Operations/ Administration Division will send a third notice that will include a suspension of funding to the organization pending receipt of the Audit report or an acceptable plan of action toward the completion of the Audit report.

With vigilant monitoring of this process the goal is to make sure that we do not have any other findings.

U.S. DEPARTMENT OF JUSTICE

Public Safety Partnership & Community Policing Grants – CFDA No. 16.710

Reportable Conditions: See Finding 2005-2 – Unallowable Costs

Recommendation: Policies and procedures should be written to educate and provide guidance to current and future program employees in administration of the grant programs in accordance with their regulations and guidelines.

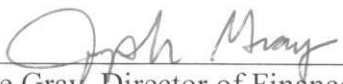

Action Taken: For the second year there was a complete change in personnel responsible for grant administration. While the previous staff had left written instructions relative to the items address in the 2004 audit, which had been incorrectly charged to the grant, the directions either did not address or incorrectly stated that the two items questioned in this audit were allowable costs.

In order to correct the error, the Finance Management section of the Police Department will contact the grant administrator at the COPS office to determine what steps needed to be taken to correct the problem. Any necessary amendments will be filled immediately.

The Standard Operating Procedure detailing grant parameters has been revised.

If the Department of Transportation has questions regarding this plan, please call Kathy Creager at 513 352-2570.

Sincerely yours,

Joe Gray, Director of Finance

June 26, 2006

JOE GRAY
DIRECTOR OF FINANCE

The Honorable Mayor, Members of City Council,
and the Citizens of the City of Cincinnati, Ohio

We are pleased to submit the City of Cincinnati's Comprehensive Annual Financial Report (CAFR) for the year ended December 31, 2005. State law requires that the City of Cincinnati annually publish a complete set of financial statements for the results of its fiscal operations, presented in conformity with generally accepted accounting principles (GAAP). This report is prepared by the Department of Finance, which is responsible for the accuracy of the data and the completeness and fairness of its presentation, including disclosures. We believe that the information presented is accurate in all material respects and reported in a manner designed to show the financial position and operating results of the City.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A) that is located on page 3. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it.

Cincinnati's 2005 CAFR is presented in three sections: Introductory, Financial, and Statistical. The Introductory section, which provides information on the general contents of the report, contains this letter of transmittal, an organizational chart of City government, and a list of City officials. The Financial section is comprised of the auditor's report, the MD&A, the basic financial statements, required supplementary information, and various statements and schedules pertaining to the City's funds and activities. The Statistical section provides various financial, economic, and demographic data about the City, generally on a multi-year basis.

The Administration believes that the City's internal control structure provides reasonable assurance that assets are safeguarded, transactions are recorded and reported appropriately, and policies are followed. The concept of reasonable assurance recognizes that the cost of a control procedure should not exceed the expected benefit.

An important element of the City's control structure is the ongoing program to promote control consciousness throughout the organization. The Administration's commitment to this program is emphasized through written policies and procedures, and a well-qualified financial staff.

The firm of Clark, Schaefer, Hackett and Co. was selected, by the Auditor of the State of Ohio, in October 2004 to perform the City's audit for the five years 2004 to 2008. Clark, Schaefer, Hackett and Co. has audited the accompanying financial statements. Their report is included herein.

A single audit is an organization-wide financial and compliance audit that is conducted in lieu of the traditional grant-by-grant multiple audits performed in the past. Federal law requires us to have this single audit of all City activities. We have remained in compliance with this requirement since its inception in 1985. Clark, Schaefer, Hackett and Co. conducted the single audit for the 2005 fiscal year.

Profile of the Government

Cincinnati was founded in 1788, chartered as a village in 1802, and incorporated as a City in 1819. It is located on the Ohio River in Southwestern Ohio near the junction of Ohio, Indiana and Kentucky. Voters approved major revisions to the City Charter in 1926 to provide for home rule and the council-manager form of government. The City's form of government was modified in 2001 based on a charter amendment approved by the voters in 1999 to implement a strong Mayor form of government. The Mayor is chosen through a direct election and the nine-members of City Council are chosen in a separate at-large election.

The Mayor is elected to a four-year term and City Council members are elected to two-year terms. Term limits enacted in November 1993 limit members of City Council to four consecutive two-year terms and the Mayor to two consecutive four-year terms. The Mayor appoints the City Manager subject to prior approval of the City Council.

The City is the only governmental unit in the reporting entity; it has no component units. In determining what constitutes the City reporting entity, the criteria established by the Governmental Accounting Standards Board were used. The City is not financially accountable for any potential component units. Hamilton County and the Cincinnati City School District are separate governmental jurisdictions that overlap the City's boundaries. These entities are not included in the City's financial reports.

An operating budget is adopted each fiscal year for the General Fund and those Special Revenue Funds identified as appropriated in the financial statements. Budgetary data for the Nonappropriated Special Revenue Funds is maintained as well. For each budgeted expenditure classification, the level of appropriation control, which may not be exceeded, is: personal service, non-personal service, capital outlay, and debt service. Any revisions that alter the appropriation control classification of any division within a City department must be approved by the City Council. Encumbrances do not lapse at year-end and are included as expenditures in the current year budget (Non-GAAP Budgetary Basis).

The City provides the full range of municipal services including police and fire protection, parks, recreation, public services (highways, streets, and waste collection), health and human services, culture, public improvements, planning and zoning, general administrative, water and sewer services.

Information Useful in Assessing the Government's Economic Condition

Local Economy

Fifty-four percent of the nation's population, 53% of the nation's purchasing power, 54% of the nation's manufacturing establishments, and 57% of the nation's value added by manufacturing is located within 600 miles of the City. The City's diverse economic base has been and continues to be a source of financial stability for the City. Among its prominent manufacturing groups are transportation equipment, which includes aircraft engines and auto parts; food and kindred products; metalworking and general industrial machinery; chemicals; fabricated metal products; printing and publishing.

According to the Greater Cincinnati Chamber of Commerce in its Economic Outlook 2006, recovery has slowed from the mild recession primarily due to overly optimistic projections of employment growth. During the past five years the unemployment rate in the Cincinnati MSA rose from an initial low of 4.0% (2001) to a high of 5.4% (2005). Regional job growth is expected to be a modest 1.7% in 2006. Cincinnati's keys to successful recovery are in its ability to attract and maintain business and to reduce impact of loss of population and jobs to growing suburban areas.

Per the U.S. 2000 Census the City of Cincinnati's population was 331,285. The 2005 updated population estimates made by the Census Bureau has the Cincinnati population at 317,361.

Long Term Financial Planning

City Council established standards for a minimum working capital reserve account in 1984 to assure a strong financial position and to protect Cincinnati's general obligation bond rating during periods of fiscal stress. The policy called for achievement of a minimum reserve level, for emergency needs of a catastrophic nature, of no less than 5% or more than 8% of general operating revenues by December 31, 1986. The targeted year-end reserve level was achieved in January of each year 1985 through 2005. For 2006, the target reserve of \$22.2 million (6.6% of 2006 estimated revenues) has already been achieved.

Actual Non-GAAP General Fund expenditures/encumbrances in 2005 were \$329.1 million which is a \$1.5 million increase compared with 2004 expenditure/encumbrances of \$327.6 million. Actual Non-GAAP revenue in 2005 of \$334.0 million was greater than the original 2005 revenue estimate of \$318.0 million by \$16 million.

Standard and Poor's rates the City's general obligation bonds "AA+", the second highest rating. The City's bond rating by Moody's is Aa1", the second highest rating. The ratings reflect the City's strong financial management and healthy local economy.

Relevant Financial Policies

Cash temporarily idle during the year was invested in Certificates of Deposit, obligations of the U.S. Treasury, and the State Treasurer's investment pool. The City has an investment committee that meets regularly to review investment policies and procedures. Beginning in March 2003, separate portfolios were created for general investments and bond investments in order to track specific interest earned on bond proceeds.

The City's Investment Policy, which was approved by the Mayor and City Council, is to minimize credit and market risks while maintaining a competitive yield on its portfolio. Accordingly, deposits are either insured by federal depository insurance or collateralized. The investments held by the City at December 31, 2005 were either backed by the full faith and credit of the U.S. Government or were investments with a credit rating of A-/A3 and above with the exception of a Park Board investment of \$51,000 that was BBB-/Baa3. The Investment Policy uses a laddered approach to schedule investment maturities whose weighted average maturity of the general investment portfolio is not to exceed two years. As of December 31, 2005, the weighted average maturity was 429 days. The Investment Policy also identifies a benchmark that is used to monitor the performance of the investment portfolio. During 2005, the benchmark ranged from 2.02% to 3.27% and the rate of return for general investments ranged from 2.23% to 2.78%. The rate of return on general investments was 2.78% in 2005 compared to 2.22% for all investments in 2004.

The City maintains a comprehensive all-risk property insurance program through a commercial carrier, covering approximately \$924 million in property values. The program contains a \$100,000 deductible, provides 100% replacement cost of property and has a maximum limit of \$100 million for earthquake damage and \$100 million for flood damage.

The City of Cincinnati Retirement System's (CRS) net plan assets increased from \$2.38 billion as of December 31, 2004 to \$2.41 billion as of December 31, 2005. The increase of \$30 million was generated by investment returns of 6.8% in 2005 on the total CRS investment portfolio. (See Pension Trust Fund financial statements on pages 32 and 33. See footnote 20.)

The Cincinnati Retirement System's actuary has reported that the funding progress of the plan as of December 31, 2005 remained relatively unchanged from the previous year at 93.6%. Although the retirement system is slightly under-funded, the City of Cincinnati has pre-funded not only the retirement system's pension liabilities but also its healthcare liabilities. Thus, the funding progress calculation accounts for both pension and healthcare liabilities.

Major Initiatives

In 2005, the City continued to improve customer service throughout city government and promote revitalization of neighborhoods, downtown, and the riverfront area. Major initiatives, accomplishments, and positive changes were made in the following areas and are of particular interest.

The Cincinnati Center City Development Corporation (3CDC), a private, non-profit corporation was created in July 2003 to help develop Cincinnati's Center City as a regional center of high value employment and real estate, sustained by a diverse mix of housing, culture, and entertainment leveraging public and private partnerships. Significant accomplishments include:

Over-the-Rhine (OTR) – a project that will revitalize OTR as a vibrant, economically and racially diverse mixed-use community. The City recently pledged \$2.4 million in subsidy funding as part of the \$16.8 million Gateway II project, which will include first floor commercial space, 20 rental units and 40 condominium units. Funding of \$5.4 million and \$9.0 million was also provided by the Cincinnati Equity Fund and New Market Tax Credits, respectively.

Fountain Square - In the summer of 2005, 3CDC worked with the City of Cincinnati to initiate the Fountain Square Revitalization project as a world-class public space with unique retail, dining and entertainment that anchors an active, bustling Fountain Square District spanning several blocks around the Square, and includes significant renovation of the garage and plaza. The total project cost is \$42.6 million of which the City has invested \$4 million and is scheduled for completion in August 2006. Additionally, owners of surrounding buildings signaled their commitment to redevelop the entire District by pledging more than \$30 million of private investment in their properties.

In June 2006, the City will complete the expansion of its convention center (Duke Energy Center) that will enable it to accommodate 75% of the national convention center market and provide economic impact to the Cincinnati region.

Awards and Acknowledgements

Certificate of Achievement and Budget Award

During 2005, the Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Cincinnati for its CAFR for the fiscal year ended December 31, 2004. The Certificate of Achievement is a prestigious national award-recognizing conformance with the highest standards for preparation of state and local government financial reports. In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized Comprehensive Annual Financial Report, whose contents conform to program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a one-year period.

This is the twenty-fifth consecutive year that the City has received this award. In 1979, for our 1978 annual financial report, we were the first governmental unit in Ohio to receive the Certificate. As of December 31, 2004, 117 municipal reporting entities in Ohio and only 1,711 units nationwide are holders of the Certificate. We believe our current report continues to conform to the Certificate of Achievement Program requirements, and we are submitting it to the GFOA for their review.

We are equally proud of the GFOA's Award for Distinguished Budget Presentation earned by the City its annual budget beginning January 1, 2004. This is the 19th consecutive year that the City has received this award. For the fiscal years beginning in 2004, only 28 entities in Ohio and only 1,010 nationwide received the award.

The preparation of this Comprehensive Annual Financial Report was accomplished by the efficient and dedicated services provided by the entire staff of the Department of Finance. Each member of the Department has our sincere appreciation for the contribution made in the preparation of this report. Appreciation is also expressed to those in other City departments for their cooperation and assistance in matters pertaining to the financial affairs of the City. We hereby acknowledge and thank all who contributed their time and effort.

Respectfully,

A handwritten signature in black ink, appearing to read "Joe Gray". The signature is written in a cursive, flowing style.

Joe Gray
Director of Finance

CERTIFICATE OF ACHIEVEMENT

Certificate of Achievement for Excellence in Financial Reporting

Presented to

City of Cincinnati,
Ohio

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended
December 31, 2004

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

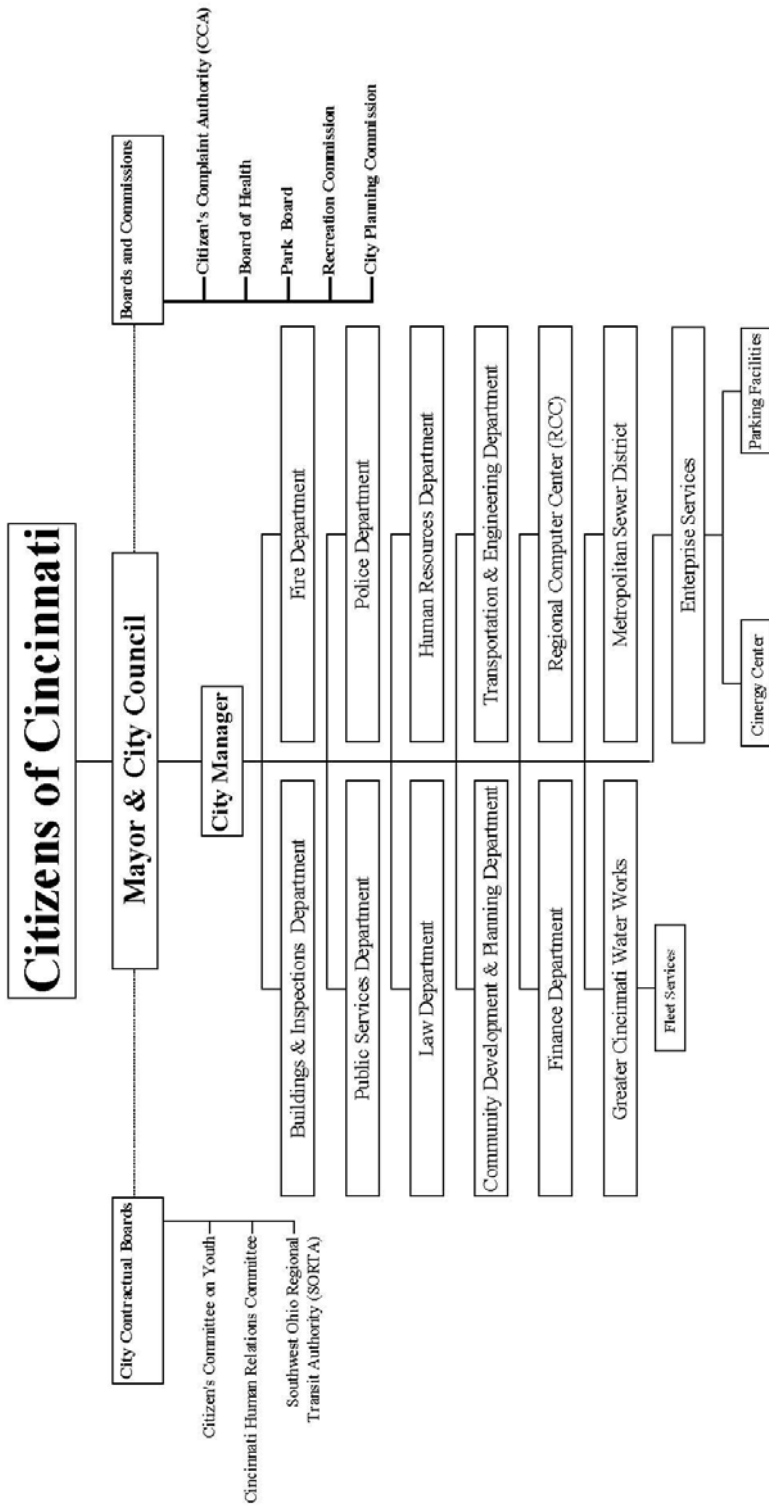

President

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Cincinnati, Ohio for its comprehensive annual financial report for the fiscal year ended December 31, 2004.

The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. The City of Cincinnati has received a Certificate of Achievement for the last twenty-five consecutive years (fiscal years ended 1980 - 2004). We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

INDEPENDENT AUDITORS' REPORT

To the Honorable Mayor and Members of the City Council
City of Cincinnati, Ohio:

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Cincinnati, Ohio as of and for the year ended December 31, 2005, which collectively comprise the City of Cincinnati, Ohio's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City of Cincinnati, Ohio's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Cincinnati, Ohio as of December 31, 2005, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As described in Note 1 to the basic financial statements, the City adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 40, *Deposit and Investment Risk Disclosures*; GASB Statement No. 42, *Accounting and Financial Reporting for Impairment of Capital Assets and Insurance Recoveries*; GASB Statement No. 44, *Economic Condition Reporting: The Statistical Section*; GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*; and GASB Technical Bulletin 2004-2, *Recognition of Pension and Other Postemployment Benefit Expenditures/Expenses and Liabilities by Cost-Sharing Employers* as of January 1, 2005.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 21, 2006, on our consideration of the City of Cincinnati, Ohio's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The management's discussion and analysis and the budgetary information on pages 3-16 and 83-84, respectively, are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Cincinnati, Ohio's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements and schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements and schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Clark, Schaefer, Hachett & Co.

Cincinnati, Ohio

City of Cincinnati

Management's Discussion and Analysis

As management of the City of Cincinnati (the City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended December 31, 2005. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages v - x of this report. The government-wide financial statements are presented on a GAAP basis; that is they reflect accrual basis of accounting. The GAAP fund financial statements will differ from those presented on a budgetary basis.

Financial Highlights

- The assets of the City, including all Governmental and Business-type activities, exceeded its liabilities at the close of the most recent fiscal year by \$1.6 billion (net assets). Of this amount, \$61.1 million is considered unrestricted. The unrestricted net assets of the City's governmental activities are \$37.6 million and may be used to meet the government's on-going obligations. The unrestricted net assets of the City's business type activities are \$23.5 million and may be used to meet the on-going obligations of the City's parking, convention center, stormwater, aviation and golf business-type activities. Unrestricted net assets do not include assets with externally imposed restricted or restriction imposed by law. They do include assets that are obligated but not paid such as encumbrances and on-going projects.
- The City's total net assets increased \$91.3 million in 2005. Net assets of the governmental activities increased by \$22.2 million which represents a 2.8% increase from the 2004 balance. Net assets of business-type activities increased \$69.1 million or 9.6% increase from 2004. Governmental activities investment in capital assets, net of related debt increased \$19.3 million. Governmental activities restricted net assets increased \$10.1 million. Business-type activities investment in capital assets, net of related debt increased \$75.5 million. Business-type activities restricted net assets increased \$46 million as water works operations and debt were considered restricted in 2005.
- As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$356.3 million, an increase of \$30.8 million in comparison with the prior year. On a combined basis approximately 51%, \$182.2 million, is considered unreserved at December 31, 2005. Unreserved fund balance includes \$94.9 million for capital projects.
- At the end of the current fiscal year, the general fund reported a fund balance of \$71.2 million. The unreserved fund balance for the general fund was \$56 million, or 17.3% of the total general fund expenditures. There was a \$9.8 million increase in general fund balance for the year ended December 31, 2005.
- The City's total debt increased by \$100.2 million (16.6%) during the current fiscal year.

Overview of the Financial Statements

The discussion and analysis are intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business. The government-wide financial statements can be found on pages 19 to 21 of this report.

The statement of net assets presents information on all of the City's assets and liabilities, with the difference between the two reported as *net assets*. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the City's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of the related cash flows*. Thus revenue and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes, and earned but unused vacation leave).

Both of the government-wide financial statements (statement of net assets and statement of activities) distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include general government, community development, parks and recreation, public safety, transportation and engineering, enterprise services, public services, and public health. The business-type activities of the City include the Water Works, Parking Facilities, Convention Center, General Aviation, Municipal Golf, and Stormwater Management Funds.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements. The basic governmental fund financial statements can be found on pages 22 to 26 of this report.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City's near term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City maintains 28 individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the general fund, the capital projects fund, and the debt service fund, all of which are considered to be major funds. Data from the other 25 funds are combined into a single aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* found elsewhere in this report

The City adopts an annual appropriated budget for its General Fund. A budgetary comparison statement has been provided for the General Fund to demonstrate compliance with this budget.

Proprietary funds. The City maintains two different types of proprietary funds - enterprise and internal service. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City uses enterprise funds to account for its water works, parking facilities, convention center, municipal airport, municipal golf courses, and stormwater management system. *Internal service funds* are an accounting device to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds for its printing services, general stores operation, municipal garage, property management function, self-insurance medical fund, workers' compensation fund, and regional computer center. Because all of these services predominantly benefit governmental rather than business-type functions, they have been included within *governmental activities* in the government-wide financial statements. The basic proprietary fund financial statements can be found on pages 27 to 31 of this report.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Water Works Fund and the

Convention Center funds which are considered to be major funds of the City. The other enterprise funds are combined into a single, aggregated presentation in the proprietary fund financial statements. All internal service funds are also combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the other enterprise funds and internal service funds are provided in the form of *combining statements* found elsewhere in this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. The City uses fiduciary funds to account for pension, trust and agency funds. Fiduciary funds are *not* reflected in the government-wide financial statements because the resources of those funds are *not* available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 32 and 33 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 35 to 79 of this report.

Other Information. In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* concerning the Budgetary Comparison of the City's General Fund. Required supplementary information can be found on pages 81 to 84 of this report.

The combining statements referred to earlier in connection with nonmajor governmental funds and internal service funds are presented immediately following the required supplementary information. Combining and individual fund statements and schedules can be found on pages 85 to 144 of this report.

Government-wide Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of the City, assets exceeded liabilities by \$1.6 billion at the close of the most recent fiscal year.

The largest portion of the City's net assets \$1.3 billion (83.7%) reflects its investment in capital assets (e.g. land, buildings, machinery, equipment, and infrastructure), less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to its citizens; consequently, these assets are *not* available for spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, because the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's net assets \$200.2 million (12.5%) represents resources that are subject to external restrictions on how they may be used. The remaining balance \$61.1 million (3.8%) represents *unrestricted net assets* and may be used to meet the government's ongoing obligations to citizens and creditors. It is important to note that although the total unrestricted net assets is \$61.1 million; the unrestricted net assets of the City's business-type activities (\$23.5 million) may not be used to fund governmental activities.

At the end of the current fiscal year, the City is able to report positive balances in all three categories of net assets, both for the government as a whole, as well as for its separate governmental and business-type activities. The same held true for the prior fiscal year.

Overall net assets of the City increased \$91.3 million in 2005. Net assets for governmental activities increased \$22.2 million, while net assets of business-type activities increased \$69.1 million.

There was an increase of \$10.1 million in restricted net assets reported in connection with the City's governmental activities and a \$46 million increase in restricted net assets reported in connection with the City's business-type activities. The key factors in these changes were the expenditures of funds restricted for capital projects that were funded by prior year bond sales and a decrease in revenue from grants. The reason for the increase in business type assets is that the operation of the water works and payment for their revenue bonds are considered restricted this year.

The City's governmental activities amount invested in capital assets, net of related debt, increased \$19.3 million as debt increased and bond proceeds and capital grants were used to complete certain capital projects during 2005. The City's business-type activities amount invested in capital assets, net of related debt, increased \$75.5 million.

Governmental activities. Governmental activities increased the City's net assets in 2005 by \$22.2 million, thereby accounting for a 24.3% of the increase in net assets of the City. Key elements of the change in net assets include:

- Capital grants and contributions decreased \$3.4 million. There was a decrease of \$7 million with the completion of projects, which included the Queen City Avenue street realignment project. This was offset by a contribution of \$3 million from Hamilton County for bridges.
- Revenues from Income Taxes increased \$35.9 million.
- Expenditures for Public Safety increased by \$13.2 million. Public Safety is comprised of both the Fire and Police Departments. This increase is attributable to:
 - \$2.8 million increase in costs for employee benefits,
 - \$6.1 million increase in salaries and fringe benefits,
 - \$1.6 million increase in Health Care, Pension, Other Post Employee Benefits and Compensated Absences Obligations
 - \$2.0 million increase in allocations from Internal Service funds, the biggest piece is attributable to Self Insurance Worker's Compensation cost.
- Expenses for General Government Activities increased by \$8.1 million. Contributing to this is:
 - \$4.0 million decrease in various General Fund expenditures including salary reduction of \$2.1 million and \$1.0 million decrease in Regional Computer Center charges.
 - \$1.3 million decrease in other Governmental Funds primarily due to a reduction in payables and accruals.
 - \$9.3 million increase in Unpaid Claims Liabilities as an increase in the value of major settlements has affected the accrual of liabilities and a change in the accrual method for Worker's Compensation.
 - \$2.6 million increase in Pension Obligations,
 - \$1.4 million increase in allocations from Internal Service funds, the biggest piece is attributable to Self Insurance Worker's Compensation cost.
- Shared tax revenue decreased \$4.9 million due to a decrease in Estate Tax revenues of \$2.8 million and a change in deferred revenues of \$2.0 million.
- General government charges for services decreased by \$6.7 million primarily due to:
 - A one-time lease payment to the City's Bond Retirement Fund in the amount of \$15.5 million received in 2004 but not in 2005,
 - \$3.8 million increase in General Fund revenues primarily due to fee increases.
 - \$1.4 million increase in General Fund Overhead and charges for Healthcare to outside agencies,
 - \$3.3 million increase in revenues from Public Safety primarily due to reimbursements from Hurricane Katrina and better collection efforts for Emergency Transport Services.
- Expenses for Community Development decreased by \$21.1 million primarily due to:
 - \$3.1 million decrease in General Fund expenditures due to a reduction in Human Services funding and a reduction in salaries,
 - \$10.0 million reduction in Debt Service as less debt was sold in 2005,
 - \$3.7 million reduction in Other Government expenses as the Workforce Investment Act grant is no longer administered by the City.
 - \$3.6 million reduction in Depreciation and Capitalization of Assets because capital projects were moved from the office of Community Development to General Government - City Manager's – Economic Development Office.

Business-type activities. Business-type activities increased the City's net assets in 2005 by \$69 million, accounting for 75.7% of the growth in the government's net assets. Key elements of the increase include:

- Capital contributions in the amount of \$61 million were received and include:
 - \$46.3 million for the renovation and expansion of the Duke Energy Center (formerly Cincinnati Convention Center),
 - Contributions of water mains to Water Works for \$14.5 million.
- Charges for Services increased \$6.2 million primarily due to a rate increase for water services of 5%.
- Water Works expenditures increased \$11.8 million. The major factors in the increase were:
 - \$2.1 million increase in personal services due to pension and post employment benefit obligations,
 - \$1.4 million increase in electric to pump water,
 - \$2.6 million increase in depreciation as projects were closed and fixed assets added,
 - \$5 million increase in interest on revenue bonds sold since 2001.

Financial analysis of the Government's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

Governmental funds. The focus of the City's *governmental funds* (footnote 1) is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$356.3 million, an increase of \$30.8 million in comparison with the prior year. Approximately 51.1% or \$182.2 million of this total amount constitutes *unreserved fund balance*, which is available for spending. The remainder of the fund balance is reserved to indicate that it is not available for spending because it has already been committed for encumbrances, working capital, inventory, and advances to other funds.

The general fund is the primary operating fund of the City. At the end of the current fiscal year, unreserved fund balance of the general fund was \$56 million, while total fund balance reached \$71.2 million. As a measure of the general fund's liquidity, it is useful to compare both unreserved fund balance and total fund balance to total fund expenditures. Unreserved fund balance represents 17.3% of total general fund expenditures, while total fund balance represents 22% of that same amount.

The fund balance of the City's general fund increased by \$9.8 million during the current fiscal year. Key factors of the increase are as follows:

- Total revenues increased by \$15.6 million in 2005.
 - Taxes increased by \$12.1 million attributable to an increase in Income Tax revenue of \$12.8 million and a decrease in Property Tax and Admissions revenue of \$.7 million,
 - Investment Income increased \$3.1 million,
 - Estate Taxes decreased \$2.8 million,
 - Increases in Charges for Services primarily from the increase in Building Fees and increased collections from Emergency Medical Services resulted in an additional \$1.7 million in revenue.
 - Miscellaneous revenue sources increased by \$1.7 million.
- Expenditures for Public Safety increased by \$6.1 million due to increases in salaries and fringe benefits.
- Expenditures for Employee Benefits increased \$4.5 million primarily due to an increase in Health Care most of which was offset by a decrease in spending in other areas.

The capital projects fund has a total fund balance of \$167.3 million, which is an increase of \$13.7 million over 2004. Key factors of the increase are as follows:

- Decrease in capital grants of approximately \$10.3 million. Grants for street projects decreased \$9.8 million
- Intergovernmental revenue increased \$5.6 million in 2005. The City received \$3 million from Hamilton County for bridge projects.
- Expenditures decreased \$35.7 million. The capital budget for 2005 was \$31 million less than the capital budget for 2004. Expenditures for citywide communications project decreased \$10 million from 2004 to 2005. Expenditures for the Gateway Garage decreased \$3.4 million.

The debt service fund has a total fund balance of \$44.8 million that is reserved for the payment of debt service. The net increase in fund balance was \$0.5 million. The Fund balance has remained relatively stable as revenues received in 2005 was essentially equal to debt service paid out in 2005.

Proprietary funds. The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. Unrestricted net assets of the nonmajor enterprise funds are \$22.3 million. The total growth in net assets for the Water Works fund was \$22.6 million, for the Convention Center fund \$43.5 million and the growth in net assets for the other enterprise funds was \$5.2 million. Other factors concerning the finances of these funds have been addressed in the discussion of the City's business-type activities.

General Fund Budgetary Highlights

The final amended General Fund budget had total appropriations of approximately \$4.1 million more than the original budget. The original appropriations were \$326.6 million while the final appropriations were \$330.7 million. Key elements of the changes in appropriation include:

The following increases totaling \$2.9 million were funded from available fund balance:

- \$10,000 appropriation increase to Fire for overtime at special event.
- \$315,000 appropriation increase to Public Services to reinstate weekly curbside recycling program.
- \$774,640 appropriation increase to Police for cost of living adjustments per new contract.
- \$165,000 appropriation increase to Police Pension for cost of living adjustments per new contract.
- \$1,200,000 appropriation increases to Police for overtime for police walking and bike patrols.
- \$428,020 appropriation increase for CODE employees' cost of living adjustments per new contract.
- \$19,160 appropriation increase to Community Development for teen work program.

The following increases totaling \$1.2 million were funded from transfers in from other funds:

- \$82,000 appropriation increase to Recreation for special projects
- \$100,000 appropriation increase to Public Services for clean-up activities in Over-the-Rhine.
- \$25,000 appropriation increase to Community Development for special study on lending performance.
- \$972,430 appropriation increase to the Judgments account for court judgment against the City.
- \$25,000 appropriation increase to Public Services for Music Hall preservation.

All other changes in appropriations were due to transfers among agencies and were within the original approved budget.

Capital Asset and Debt Administration

Capital Assets. The City's investment in capital assets for its governmental and business-type activities as of December 31, 2005 is \$1.8 billion (net of accumulated depreciation). This investment in capital assets includes land, buildings, systems, improvements, machinery and equipment, park facilities, streets, and bridges. The total increase in the City's investment in capital assets for the current fiscal year was 7.2% (2.7% increase for governmental activities and 11.6% increase for business-type activities).

Total capital assets, net of accumulated depreciation, increased \$123.7 million. Major capital asset events during 2005 included the following:

- Governmental activities capital assets increased \$23.1 million in 2005 net of depreciation and included:
 - Construction in Progress decreased \$7.8 million.
 - Infrastructure improvement for bridges, Fort Washington Way, retaining walls, traffic signal upgrades and street improvements and upgrades increased by \$24 million (Net of Depreciation).
 - Machinery and Equipment increased \$2.6 million (Net of Depreciation).
 - Buildings decreased \$4.5 million (Net of Depreciation).
 - Improvements increased \$6.7 million (Net of Depreciation).
 - Land increased \$2.1 million.

- Business-type activities capital assets increased \$100.6 million net of depreciation and included:
 - Improvements to water utilities increased by \$54 million.
 - Construction in progress for water utilities decreased by \$30.6 million.
 - Construction in progress for the Cinergy Center renovation and expansion increased \$47 million
 - Parking Facilities Buildings increased by \$10.4 million for completion of the Broadway Garage which was offset by a decrease to Construction in Progress
 - Machinery and Equipment increased \$18.8 million (Net of Depreciation).

Additional information on the City's capital assets can be found in note 14 on pages 65 to 67 of this report.

Long-term debt. At the end of the current fiscal year, the City had \$703.6 million in short and long-term bonds and notes outstanding. Of this amount, \$371.5 million comprises debt backed by the full faith and credit of the government. The remainder of the City's debt represents bonds secured solely by specified revenue sources (i.e., revenue bonds).

**City of Cincinnati's Outstanding Debt
General Obligation and Revenue Bonds
(AMOUNTS IN THOUSANDS)**

	Governmental Activities		Business-type Activities		Total	
	2005	2004	2005	2004	2005	2004
General Obligation Bonds & Notes	\$ 330,208	\$ 318,144	\$ 41,314	\$ 57,158	\$ 371,522	\$ 375,302
Revenue Bonds & Notes	<u>36,449</u>	<u>35,852</u>	<u>295,645</u>	<u>192,300</u>	<u>332,094</u>	<u>228,152</u>
Total	<u>\$ 366,657</u>	<u>\$ 353,996</u>	<u>\$ 336,959</u>	<u>\$ 249,458</u>	<u>\$ 703,616</u>	<u>\$ 603,454</u>

During the current fiscal year, the City's total debt increased by \$100.2 million (16.6 percent). Key events contributing to the change in long-term debt balances are as follows:

- In May 2005 the City issued \$31.5 million various purpose general obligation bonds. \$27.2 was issued for street, public building and equipment improvements and \$4.3 was for judgment bonds.
- In July 2005 the City issued \$40.5 million general obligation bonds for Ohio Police and Firemen's Disability and Pension Refunding.
- In May 2005 the City issued \$110.6 million in Water Works revenue bonds.
- During 2005 the City issued \$20.7 in general obligation notes for Governmental Activities of which \$3.0 were revenue supported to finance the Convergys Corporation economic development project. The balance was for Parks and Recreation improvements and Parking improvements.
- During 2005 \$75.7 million in general long-term bond obligations were redeemed. Of the amounts redeemed, \$11.6 million in general obligation bonds were for business-type activities and \$36.7 million were redemption of Ohio Police and Firemen's Disability and Pension bonds that were refunded in May 2005.
- During 2005 \$17.7 million in general obligation notes were redeemed \$12 million of which were for business type activities.
- During 2005 \$9.6 million in revenue bonds were redeemed of which \$7.2 million was for business-type activities.

The City's general obligation bond rating by Standard and Poor's Corporation and Moody's Investor Services, Inc. are "AA+" and "Aa1", respectively.

The City is within all of its legal debt limitations. The Ohio Revised Code provides that the net debt (as defined in the Ohio Revised Code) of a municipal corporation, whether or not approved by the electors, shall not exceed 10.5% of the total value of all property in the municipal corporation as listed and assessed for taxation. In addition, the unvoted net debt of municipal corporations cannot exceed 5.5% of the total taxation value of property. The statutory limitations on debt are measured by the ratio of net debt to tax valuation and expressed in terms of a percentage. The City had a legal debt margin for total debt of \$380.8 million and a legal debt margin for unvoted debt of \$95.8 million.

Additional information about the City's long-term debt can be found in note 9 on pages 58-62 of this report.

Economic Factors and Next Year's Budgets and Rates

- The unemployment rate for the Cincinnati MSA was 5.4% at December 2005, which is higher than a year ago by .3%. This rate compares favorably to the State's average unemployment rate of 5.9% but is higher than the national average rate of 4.9 %.
- The occupancy rate of the central business district Class A office space was 89% at the end of 2005 compared to a 92 % occupancy rate at the end of 2004.
- The City is experiencing increasing costs for employee health care, retirement and contractually obligated labor costs.

All of these factors were considered in preparing the City's biennial budget for the fiscal year 2006.

The General Fund balance is estimated to be \$11.5 million, on a budgetary basis, at the end of 2006. This is a reduction of \$10.0 million from the 2005 actual year-end fund balance of \$21.6 million on a budgetary basis. The reduction is primarily due to increased cost associated with the following: employer contributions to the City Retirement System, employer contributions for employee healthcare, the approved Police labor contract and approved Fire labor contract.

Consistent with previously planned rate increases, the Water Works plans a 7.5% rate increase in 2006. Rate increases will support water service and capital replacement, maintain sufficient debt service coverage ratios, and provide an adequate fund balance necessary to maintain the current bond rating.

Requests for Information

The financial report is designed to provide a general overview of the City's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Director of Finance, City Hall, Room 250, 801 Plum Street, Cincinnati, Ohio, 45202.

CITY OF CINCINNATI, OHIO
Reconciliation of the Balance Sheet to the
Statement of Net Assets
Governmental Funds
December 31, 2005
(Amounts in Thousands)

Total fund balances - governmental funds \$ 356,272

Amounts reported for governmental activities in the statement of net assets are different because:

Capital assets (net of accumulated depreciation) used in governmental activities are not financial resources and therefore are not reported as assets in governmental funds. 882,239

Certain receivables will be collected this year, but are not available soon enough to pay for the current period's expenditures, and therefore are deferred in the funds. 37,309

Some amounts reported for governmental-type activities in the statement of net assets are different because certain internal service fund assets and liabilities are included with business-type activities. (2,909)

Seven internal service funds are used by the City's management. The assets and liabilities of the internal service funds are included with governmental activities. The net property of \$39,944 as it relates to the internal service funds is included in the capital asset amount above. 18,988

Bond issue costs and discounts are expended in the fund level financial statements but are capitalized and amortized over the life of the bonds in the government-wide financial statements. This is the unamortized portion of those issue costs and discounts. 1,729

Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported as liabilities in the funds. Long-term liabilities at year-end consist of:

Bonds and notes payable	(330,208)
Revenue bonds payable	(36,449)
Deferred bond premium	(4,521)
Compensated absences	(76,564)
Net Pension Obligation	(9,248)
Net Other Post Employment Benefit Obligation	(2,068)
Unpaid claims payable	(11,309)
Accrued interest on bonds	(1,998)
Other liability	(685)
Capital leases payable	(46)
	(330,208)

Total net assets - - governmental activities (page 20) **\$ 820,532**

The accompanying notes to the financial statements are an integral part of this statement.

CITY OF CINCINNATI, OHIO
Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances
to the Statement of Activities
Governmental Funds
For the Year Ended December 31, 2005
(Amounts in Thousands)

Net change in fund balances - total governmental funds	\$ 30,763
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays (\$96,133) exceeded depreciation (\$38,731) in the current period.	57,402
Capital outlay expensed	(34,462)
Governmental funds report cash received for assets disposed of as revenue. However, in the statement of activities, that cash offsets the difference between the book value and accumulated depreciation of the disposed asset. This is the sum of the cash received (\$442) and the net gain (\$438) on the sale of assets.	(4)
Statement of activities reports an increase in revenues due to current activity in deferred revenues which is not reported at fund level.	16,022
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	
The long-term liability for compensated absences is not recorded in the fund level, but is reported in the statement of activities. This is the current year change in the liability, reported as an expense in the statement of activities.	(4,292)
The long-term liability for unpaid claims is not recorded in the fund level, but is reported in the statement of activities. This is the current year change in the liability, reported as an expense in the statement of activities.	(5,965)
The long-term liability for Net Pension Obligation is not recorded in the fund level, but is reported in the statement of activities. This is the current year change in the liability, reported as an expense in the statement of activities.	(9,248)
The long-term liability for Net Other Post Employment Benefit Obligation is not recorded in the fund level, but is reported in the statement of activities. This is the current year change in the liability, reported as an expense in the statement of activities.	(2,068)
Bond proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net assets. Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets. This is the amount by which proceeds exceeded repayments.	(9,095)
Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.	(3,549)

CITY OF CINCINNATI, OHIO
Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances
to the Statement of Activities
Governmental Funds
For the Year Ended December 31, 2005
(Amounts in Thousands)

(Continued)

Bond premiums are included in revenue at the fund level, but capitalized and amortized over the life of the bonds in the government-wide financial statements.	\$ (594)
Bond issuance costs are included in expenditures at the fund level, but are deferred and amortized over the life of the bonds in the government-wide financial statements	534
Bond discounts are included in expenditures at the fund level, but are deferred and amortized over the life of the bonds in the government-wide financial statements	(6)
Internal balances between the governmental activities and the business type activities are not reported at the fund level.	2,214
Internal service funds are used by management to charge the costs of certain activities, such as insurance and telecommunications, to individual funds. The net revenue(expense) of certain internal service funds is reported with governmental activities.	<u>(15,442)</u>
Change in net assets of governmental activities (page 21)	<u><u>\$ 22,210</u></u>

CITY OF CINCINNATI, OHIO
NOTES TO FINANCIAL STATEMENTS

For the year ended December 31, 2005

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Cincinnati is a political subdivision of the State of Ohio. It is governed with the powers of home rule by a directly elected mayor with a four-year term and a council of nine members who are elected at large for two-year terms. In 2001, Cincinnati converted from a city manager-council form of government, through which it had operated since 1926, to a strong mayor-council form of government.

A. Reporting Entity

The City as a reporting entity consists of only one governmental unit. Cincinnati has no component units - defined as entities for which the government is considered to be financially accountable.

The following organizations are included in the combined financial statements of the City because, under Ohio law, they have limited corporate powers and are therefore not legally separate organizations:

Cincinnati Park Board
Cincinnati Recreation Commission
City Planning Commission
Cincinnati Board of Health
Civil Service Commission

Cincinnati owns a railway line, the Cincinnati Southern Railway that was completed in 1881 and extends from Cincinnati, Ohio to Chattanooga, Tennessee, a distance of 335 miles. Improvements have been made at various intervals; the most recent, a major line revision to eliminate tunnel clearance restrictions, grades, and curves, was completed in 1964. Improvements other than buildings in Governmental Activities include \$83,224,000 attributable to the City's cost to construct and improve this railway system. The railway is leased to the Cincinnati, New Orleans and Texas Pacific Railway Company until December 31, 2026, with an option to extend the lease for an additional 25 years. The lessee is part of the Norfolk Southern Railway System and is its second largest operating unit. Total rental income from the railway lease was \$17,086,000 in 2005 and \$16,682,000 in 2004.

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the nonfiduciary activities of the City. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are

reported instead as general revenues.

Interfund receivables and payables between governmental and business type activities have been eliminated in the government-wide statement of net assets. These eliminations minimize the duplicating effect on assets and liabilities within the governmental and business type activities total column. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the city's business type activities and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Fund financial statements consist of a series of statements focusing on information about the City's major governmental and proprietary funds. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and a major individual enterprise fund are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The financial statements of the City of Cincinnati for 2005 are prepared in accordance with standards promulgated by the Governmental Accounting Standards Board (GASB). These standards include the effective pronouncements of the National Council on Governmental Accounting and the American Institute of Certified Public Accountants which are considered to be "generally accepted accounting principles" for state and local entities, until they are altered, amended, supplemented, revoked or superseded by a subsequent GASB pronouncement.

The City reports the following major governmental funds:

General Fund is the accounting entity in which all governmental activity, except that which is required to be accounted for in other funds, is accounted for. Its revenues consist primarily of taxes, intergovernmental shared revenues, charges for services, and investment income.

General Fund expenditures represent costs of general government, community development, public safety, public services, public health, parks and recreation, and other.

Capital Projects Fund is used primarily to account for resources designated to construct or acquire governmental fund capital assets. Such resources are derived principally from proceeds of general obligation debt, federal and state grants and City income tax (see Note 11). It is the City's policy to use the proceeds derived from the sale of bonds only for the capital improvement purpose detailed in the bond-authorizing ordinance and in accordance with state statutes. Any premium and accrued interest received from the sale of bonds is deposited into the Debt Service Fund.

Debt Service Fund accounts for the resources accumulated and payments made for principal and interest on general obligation debt and capital lease payments of the governmental funds.

The City reports the following major proprietary funds:

Water Works Enterprise Fund accounts for all activities of the City's Water Works Department. The City collects, purifies, and sells water to Greater Cincinnati Area residents. Revenues consist primarily of user charges.

Convention Center Fund accounts for the revenues and expenses from the operation of the Cinergy Convention Center, financed primarily through user fees.

The City reports the following fund types:

Internal Service Funds account for reproduction and printing; automotive repairs and maintenance services; stores; land sales and leasing; mechanized street sweeping; employee medical costs; workers' compensation; and data processing services to other departments or agencies of the City, or to other governments. Internal service funds are used to account for the financing of goods or services provided by one department or agency to another department or agencies of the government, generally on a cost reimbursement basis.

Pension Trust Fund – This fund is used to account for the receipts and expenditures of the City's Retirement System, which is a multiple-employer defined benefit pension plan. This fund accounts for both the pension benefits and the post-employment healthcare benefits.

Investment Trust Fund – This fund is used to account for the Metropolitan Sewer District Fund portion of the City's pool of cash and investments.

Agency Funds – These funds are used to account for assets held by the City in a fiduciary capacity. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The assets held by the City include towing and storing charges for impounded vehicles, transient occupancy taxes, entertainment facilities deposits, transportation and engineering specific purpose monies and the Metropolitan Sewer District monies.

Measurement Focus

Except for budgetary purposes, the basis of accounting used by the City conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus.

The government-wide and proprietary funds financial statements are reported using the economic resources measurement focus. The government-wide and proprietary funds financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Nonexchange transactions, in which the City gives (or receives) value without directly receiving (or giving) equal value in exchange, include income taxes, property taxes, grants, shared revenues, and donations. On an accrual basis, revenue from income taxes is recognized in the period in which the taxpayer's liability occurs and revenue from property taxes is recognized in the fiscal year for which the taxes are levied. On an accrual basis, revenue in the form of shared revenue is recognized when the provider government recognizes its liability to the City. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized in the accounting period in which they become both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within sixty days of the end of the current fiscal period. Expenditures generally are recorded when the related liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. Inventories of materials and supplies may be considered expenditures either when purchased or when used; and prepaid expense items may be considered expenditures either when paid for or when consumed. Proceeds of general long-term debt are reported as other financing sources.

Income taxes, delinquent property taxes, liquor permits, fines, local government fund, gasoline tax, and motor vehicle license fees for the current and prior periods are determined to be susceptible to accrual and are recognized as revenue in the current accounting period. All other major revenues of governmental funds are determined not to meet the criteria of either being measurable or available. The proprietary fund type statements are prepared utilizing the flow of economic resources measurement focus and the accrual basis of accounting for revenues, which are recognized when they are earned, and for expenses, which are recognized when they are incurred. Unbilled service receivables are recognized by proprietary funds when the services are provided.

The fiduciary fund types recognize revenue and expenditures/expenses on a basis consistent with the fund's accounting measurement objective. The pension trust fund and the mixed investment pool statements are prepared utilizing the flow of economic resources measurement focus and the accrual basis of accounting. The pension trust fund accounts for both the pension benefits and the employees' post-employment benefits. Agency funds do not have a measurement focus. Their financial statements are prepared utilizing the accrual basis of accounting.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The City has elected not to follow subsequent private-sector guidance.

Other Accounting Policies

- A.** *Investments* - The investments of the City (excluding the City of Cincinnati's Retirement System, (see Note 2)) are comprised primarily of time deposits and other securities guaranteed by the United States Government or its agencies and are stated at fair value based on quoted market prices.
- B.** *Inventories* - Inventories are valued at cost using either the moving weighted average or the first-in, first-out method. Inventories in the governmental funds and the proprietary funds are recorded using the consumption method whereby inventories are recorded as expenditures or expenses when they are used.
- C.** *Insurance* - The City maintains a comprehensive all-risk property insurance program that provides insurance coverage for approximately \$1,027,000,000 in property values. In addition, certain enterprise funds carry insurance coverage for specific purposes as determined by management. An estimated liability for uninsured losses is reported as required by Governmental Accounting Standards Board Statement 10 - Accounting and Financial Reporting for Risk Financing and Related Insurance Issues. State law authorizes the issuance of judgment bonds to settle claims. The City's available legal debt margin of \$96,000,000 at December 31, 2005, is considered adequate for catastrophic loss coverage.
- D.** *Inter-Fund Transactions* - During the course of normal operations, the City has numerous transactions between funds including expenditures/expenses, advances and transfers of resources to provide services, construct assets and service debt. The governmental and proprietary fund type financial statements generally reflect such transactions as transfers or advances. The internal service funds record charges for services to City departments as operating revenue. All City funds record these payments to the internal service funds as operating expenditures/expenses. The proprietary funds record operating subsidies as other income whereas the fund paying the subsidy records it as either an expenditure/expense or transfer. Transfers are intended to reallocate money permanently from one fund to another. Advances represent the long-term portion of loans between funds. Inter-fund services provided and used are accounted for as revenues, expenditures, or expenses in the funds involved. The General Fund provides administrative services to enterprise funds. Based on an internal cost allocation plan certain costs initially borne by the General Fund are then billed as indirect charges to other funds

of the City. The amounts charged for those services are treated as revenue to the General Fund and as operating expenses in the enterprise funds and as program expenses for individual functions and activities.

- E. *Capital Assets*** -Capital assets which include property, plant and equipment, and infrastructure (e. g. roads, streets, bridges and retaining walls) are reported in the applicable governmental or business-type activity columns in the government-wide financial statements. The City defines capital assets as assets with an individual cost of \$5,000 or more (\$100,000 for governmental infrastructure assets) and an estimated useful life in excess of one year. Such assets are capitalized at historical cost, or estimated values that approximate historical cost if purchased or constructed. Pursuant to the implementation of GASB No. 34, the historical cost of infrastructure assets (retroactive to January 1, 1980) are included as part of the governmental capital assets reported in the government-wide statement. Thus, the depreciated value of construction cost for streets, bridges and retaining walls is reported. Donated capital assets are recorded at estimated fair market value at the time of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Property, plant, and equipment of the City is depreciated using the straight-line method over the following estimated useful lives:

Water Mains	100 years
Buildings and Improvements	25-70 years
Infrastructure	15-25 years
Machinery and Equipment	5-40 years
Automotive Equipment	3-20 years

- F. *Deferred Revenues*** - The City reports deferred revenue on its governmental funds balance sheet. Deferred revenues arise when a potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. Certain intergovernmental receivables, uncollected assessments and miscellaneous receivables not meeting the availability criteria have been deferred and will be realized in a subsequent period in the governmental funds.
- G. *Grants and Other Intergovernmental Revenues*** - The proprietary fund types recognize the federal reimbursement-type capital grants as intergovernmental receivables and capital contributions as the related expenses are incurred. All other federal reimbursement-type grants are recorded as intergovernmental receivables and revenues when the related expenditures are incurred. On an accrual basis, revenue in the form of shared revenue is recognized when the provider government recognizes its liability to the City.
- H. *Operating Revenues and Expenses*** - The City, in its proprietary funds, distinguishes operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds and internal service funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

- I. *Capitalization of Interest* - Interest is capitalized by the City in proprietary fund types when it is determined to be material. The City capitalizes interest in accordance with Statement of Financial Accounting Standard No. 62, Capitalization of Interest Costs in Situations Involving Certain Tax-Exempt Borrowings and Certain Gifts and Grants. This statement requires that the interest cost capitalized during construction be reduced by interest income earned on investments of the bond proceeds from the date of the borrowing until the assets constructed from the bond proceeds are ready for their intended use.
- J. *Statement of Cash Flows* - For purposes of the statement of cash flows, the proprietary funds consider all highly liquid investments held by trustees, with a maturity of three months or less when purchased, to be cash equivalents. In addition, all cash and temporary investments with the City Treasurer are also considered to be cash equivalents since they are available to the proprietary funds on demand. The temporary investments primarily consist of certificates of deposit and U. S. Treasury securities that have maturities of up to two years.
- K. *Pronouncements Effective for the 2005 Financial Statements* - With this financial report the City has changed its financial reporting to comply with Governmental Accounting Standards Board (GASB) Statement Number 40, *Deposit and Investment Risk Disclosures*. This Statement was issued in March 2003 and amends Statement 3. This statement modifies and expands existing disclosure requirements for deposits and investments. This Statement is effective for financial statements for periods beginning after June 15, 2004.

With this financial report the City has changed its financial reporting to comply with Governmental Accounting Standards Board (GASB) Statement Number 42, *Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries*. This Statement was issued in November 2003 and establishes accounting and financial reporting standards for impairment of capital assets. This Statement is effective for financial statements for periods beginning after December 15, 2004.

With this financial report the City has changed its financial reporting to comply with Governmental Accounting Standards Board (GASB) Statement Number 44, *Economic Condition Reporting: The Statistical Section*. This Statement was issued in June 2004 and provides guidance on the tables and narrative explanations in the statistical section. This Statement is effective for periods beginning after June 15, 2005.

With this financial report the City has changed its financial reporting to comply with Governmental Accounting Standards Board (GASB) Statement Number 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*. This Statement was issued in June 2004 and addresses how state and local governments should account for and report their costs and obligations related to postemployment healthcare and other nonpension benefits. This Statement is effective for periods beginning after December 15, 2006.

Also with this financial report the City has changed its financial reporting to comply with Governmental Accounting Standards Board (GASB) Technical Bulletin 2004-2, *Recognition of Pension and Other Postemployment Benefit Expenditures/Expenses and Liabilities by Cost-Sharing Employers*. This bulletin was issued in December 2004. This Technical Bulletin requires governments to recognize pension expenditures/expenses in the period to which a payment relates even if the payment is not due until the next fiscal period. The requirements of this Technical Bulletin are effective for financial statements for periods beginning after December 15, 2004.

- L. *Pronouncements Issued But Not Yet Effective* – Governmental Accounting Standards Board (GASB) Statement Number 47, *Accounting for Termination Benefits* was issued in June 2005. This Statement establishes accounting standards for voluntary and involuntary termination benefits. This Statement is effective for financial statements for periods beginning after June 15, 2005.
- M. *Working Capital Reserve* - City Council established standards for a minimum working capital reserve account in 1984 to assure a strong financial position and to protect Cincinnati's general obligation bond rating during periods of fiscal stress. The policy called for achievement of a minimum reserve level, for emergency needs of a catastrophic nature, of no less than 5% or more than 8% of general operating revenues by December 31, 1986. The targeted year-end reserve level was achieved in January of each year 1985 through 2006. The working capital reserve for 2005 was \$22,226,000 and is included in the Fund Balance Reserved for Working Capital in the Capital Projects Fund. The City is a chartered government and the working capital reserve, as established, is allowed by the charter.
- N. Restricted resources such as bond funds are assumed to be expended before non-restricted resources in paying for capital projects of both the governmental funds and the proprietary funds.

2. DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS

The City of Cincinnati combines the cash balances in individual funds to form a pool of cash and investments. Each fund reports its respective equity in City Treasury cash as an element of its resources. In addition, several funds separately hold cash and equivalents and investments, which are appropriately identified, in the combined balance sheet of the City. Earnings from the pooled cash and investments are allocated on a quarterly basis to each participating fund based on month-end equity balances. The data presented in the accompanying financial statements is for the City of Cincinnati as a whole.

Deposits

At year-end the carrying amount of the City's deposits, including certificates of deposit with various financial institutions was \$189,229,000 and the bank balance was \$217,167,000. The entire bank balance is held in the name of the City and is collateralized either by federal depository insurance or securities pledged as collateral and segregated by the Federal Reserve Bank in a pledge account. The collateral is held by the City's agent in the City's name; it cannot be released by the Federal Reserve Bank without the City's approval.

Statutes specify that the City Treasurer require institutions designated as a public depository to pledge and to deposit with the Treasurer's office, as security for the payment of all public moneys to be deposited in the public depository during the period of designation, eligible securities of an aggregate market value equal to the excess of the amount of public monies that are at the time so deposited over and above such portion or amount of such money as is at such time insured by the Federal Deposit Insurance Corporation, or by any other agency or instrumentality of the federal government. As an alternative, the City Treasurer may require such institution to deposit with him surety company bonds which, when executed, shall be for an amount equal to such excess amount.

Excluded from these amounts are deposits held by the City's Retirement System for which the year-end book balance was \$103,597,000. The year-end bank balance was \$2,854,000 and the cash balance was \$2,436,000 (\$417,000 held by the Bank of New York, \$20,019,000 held by the City Treasurer). Cash of \$417,000 and cash equivalents of \$101,161,000 that were held in money managers custodial accounts at the Bank of New York at year-end are not subject to the same insurance and collateralization requirements as the City's deposits and are uncollateralized.

Investments

The fair value of investments for the City at December 31, 2005 was \$730,453,000. These investments include \$656,150,000 in U. S. Treasury Securities, \$20,677,000 in City of Cincinnati Notes, \$52,499,000 in Money Market Accounts and \$1,127,000 in Equity Securities. The City is legally authorized to invest in obligations of the U.S. Treasury, federal agencies or instrumentalities, obligations of the State of Ohio and its political subdivisions and repurchase agreements. All investments of the City of Cincinnati are insured or registered, or are securities held by the City or its agent in the City's name. The City Treasurer may enter into a repurchase agreement of United States Treasury obligations or other obligations for which the full faith and credit of the United States is pledged for the payment of principal and interest, or obligations or securities issued by any federal government agency. The City has not used reverse repurchase agreements or derivatives as investment instruments.

Excluded from the City's investments discussed above are assets held in trust by the City's Retirement System and Park Board. The fair value of investments for these funds at December 31, 2005 was \$2,357,553,000. These investments include \$450,145,000 in U. S. Treasury Securities, \$274,428,000 in Corporate Bonds and Notes, \$19,512,000 in Venture Capital, \$1,586,153,000 in Equity Securities, \$3,491,000 in State and Local Obligations, \$23,301,000 in other bonds, and \$523,000 in other investments. In those cases where resources are maintained in trust, the authority for investment of the property rests with either the trust agreement or local ordinance. Investments of the City of Cincinnati Retirement System are, by ordinance, subject to certain terms and limitations. These limitations do not apply to investments in securities of the City and federal government or their agencies. Investments of the City of Cincinnati Retirement System and Park Board are uninsured, with securities held by the counterparty, or by its trust department or agent but not in the City's name. The investment in Venture Capital is not considered an investment in a security for purposes of credit risk classification since it is not evidenced by securities that exist in physical or book entry form.

Investment Policy and Risk

The investment policy and risk will be discussed in four categories: 1) the City investment policy, which includes the General Fund, Debt Service Fund, Capital Project Fund, Water Works Fund (an Enterprise Fund), and the Metropolitan Sewer District (an Agency Fund), 2) the Permanent Funds except for the Park Board Fund, 3) the Park Board Fund, and 4) the City of Cincinnati's Retirement System's Pension Trust Fund.

A. City Investment Policy

The City's foremost objective of the investment policy for the funds that are pooled and deposited in the General Bank Depository Account and other accounts authorized by the City Treasurer is safety of principal. The investment policy minimizes credit risk by limiting investments to the safest types of securities, pre-qualifying the financial institutions with which the City will do business, and diversifying investments to minimize potential losses.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Interest rate risk is reduced by structuring the portfolio to mature to meet cash requirements for ongoing operations in order to avoid the need to sell securities prior to maturity and by investing operating funds in shorter-term securities.

At December 31, 2005, the city had the following investments held by the City Treasurer which were exposed to interest rate risk (amounts in thousands):

Investment Type	Investment Maturities (in years)				
	Fair Value	Less Than 1	1 to 5	6 to 10	More than 10
U.S. Treasury Obligations	\$ 431,327	\$ 218,390	\$ 167,663	\$ 19,465	\$ 25,809
Mortgage Backed					
Government Pass-Through	<u>224,772</u>	<u>131,114</u>	<u>93,658</u>		
Total	<u>\$ 656,099</u>	<u>\$ 349,504</u>	<u>\$ 261,321</u>	<u>\$ 19,465</u>	<u>\$ 25,809</u>

Currently, the investment policy limits the investments to: 1) obligations issued by the United States Treasury, 2) obligations issued by a federal government agency or instrumentality, 3) certificates of deposits, 4) no-load money market mutual funds which invest in 1), 2), or 3) above, 5) the Ohio subdivision's fund (STAR Ohio), 6) repurchase agreements, or 7) obligations of the State of Ohio or of a political subdivision of the state with at least a AA rating. These investments do not expose the City to foreign currency risk. Therefore, the City does not have a foreign currency risk policy.

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Credit ratings indicate the degree of credit risk for an investment. At December 31, 2005 the city held the following investments (amounts in thousands):

Investment Type	Total Fair Value	A-/A3 and Above	BBB-/Baa3 to BBB+/Baa1	B-/B3 to BB+/Ba1	C/C to CCC/Caa	D/D	Not Rated	Full Faith & Credit
U.S. Treasury Obligations	\$ 431,327	\$	\$	\$	\$	\$	\$	\$ 431,327
Mortgage Backed								
Government Pass-Through	224,772	224,772						
Star Ohio	<u>13,095</u>	<u>13,095</u>						
Total	<u>\$ 669,194</u>	<u>\$ 237,867</u>	<u>\$</u>	<u>\$</u>	<u>\$</u>	<u>\$</u>	<u>\$</u>	<u>\$ 431,327</u>

Custodial credit risk is the risk that in the event of a failure of a depository financial institution or counterparty to a transaction, the City would be unable to recover the value of an investment or collateral securities. The custodial credit risk policy is discussed in the Deposits section above. The City requires the certificates of deposit to be backed by collateral or surety bond with an aggregate market value of one hundred two percent of the City's deposits and investments including accrued interest. Repurchase agreements require collateral. The release of collateral requires the authority of the City Treasurer.

Concentration of credit risk is the risk of loss attributed to the magnitude of the City's investment in a single issuer. At December 31, 2005 the city did not have more than five percent of total investments with a single issuer.

B. Permanent Funds

The Permanent Funds (excluding the Park Board Fund) do not have a written investment policy. Each fund has a separate trust agreement, which limits the activity of the fund. At December 31, 2005, total investments were \$1,328,000 and included the following which were exposed to interest rate risk (amounts in thousands):

Investment Type	Investment Maturities (in years)				
	Fair Value	Less Than 1	1 to 5	6 to 10	More than 10
U.S. Treasury Obligations	\$ 51	\$	\$ 51	\$	\$
Total	\$ 51	\$	\$ 51	\$	\$

The Permanent Funds do not have investments exposed to custodial credit risk, concentration of credit risk, or foreign currency risk. Their investments, other than those in U.S. Treasury obligations, are equity securities.

C. Park Board

The Park Board Fund investments goals are to generate capital growth for long-term usage and provide operating income to the respective projects and operations. The fund has established asset allocation ranges. For equities the range is seventy to ninety percent. For bonds the range is ten to thirty percent. And for cash the range is zero to three percent. Each bond investment must have a minimum credit rating of A by Standard and Poor's and A by Moody's. Other than these limitations on investments the Park Board Fund does not have an established policy for interest rate risk, credit risk, which includes concentration of credit risk and custodial credit risk, or foreign currency risk.

At December 31, 2005 the Park Board fund had the following investments which were exposed to interest rate risk (amounts in thousands):

Investment Type	Investment Maturities (in years)				
	Fair Value	Less Than 1	1 to 5	6 to 10	More than 10
U.S. Treasury Obligations	\$ 714	\$ 153	\$ 386	\$ 175	\$
U.S. Government Agency	26			26	
Mortgage Backed					
Government Pass-Through	2,134	993	1,115	26	
Corporate Bonds	396	150	221	25	
Total	\$ 3,270	\$ 1,296	\$ 1,722	\$ 252	\$

The following chart provides information utilized in determining credit rate risk (amounts in thousands):

Investment Type	Total Fair Value	A-/A3 and Above	BBB-/Baa3 to BBB+/Baa1	B-/B3 to BB+/Ba1	C/C to CCC/Caa	D/D	Not Rated	Full Faith & Credit
U.S. Treasury Obligations	\$ 714	\$	\$	\$	\$	\$	\$	\$ 714

Mortgage Backed								
Government Pass-Through	2,134	2,134						
Corporate Bonds	396	345	51					
Total	\$ 3,270	\$ 2,505	\$ 51	\$ 0	\$ 0	\$ 0	\$ 0	\$ 714

D. City Retirement

The City of Cincinnati Retirement System's Pension Trust Fund Investment objectives are to maximize the total real return on the System's assets over the long term, subject to prudent investment standards and fiduciary responsibilities and to diversify investments across several asset classes so as to limit the adverse impact of any single investment. The System has established asset allocation goals, which may deviate by as much as five percent. The equity goal is 63.5% which is split with 50% allocated to U.S. common stock and 13.5% allocated to international stock. The fixed income allocation is 33.5% split between U.S. fixed income at 30.5% and U.S. high yield at 3%. The balance of 3% may be invested in real estate or an alternative investment.

The interest rate risk is addressed by guidelines that require the weighted duration of the investments to be within a 20% range of the duration of a benchmark index. The System utilizes various portfolio managers and therefore, several indexes, which include the Lehman Aggregate index and the Credit Suisse First Boston High Yield index. At December 31, 2005, the System had the following investments subject to interest rate risk (amounts in thousands):

Investment Type	Investment Maturities (in years)				
	Fair Value	Less Than 1	1 to 5	6 to 10	More than 10
U.S. Government Treasuries	\$ 48,654	\$ 8,999	\$ 4,823	\$ 2,321	\$ 32,511
U.S. Government TIPS	7,430		3,991	1,681	1,758
U.S. Government Agency	20,070	2,725	15,173	995	1,177
Other U.S. Government	5,196		3,247		1,949
Mortgage Backed

Government/Sovereign	2,866			1,023	1,843
Emerging Markets					
Corporate	2,662		658	2,004	
Government/Sovereign	1,612		279		1,333
Convertible Bonds	283				283
Commercial Paper	17,232	17,232			
Treasury Bills	5,670	5,670			
Total	\$ 785,570	\$ 44,711	\$ 176,507	\$ 105,702	\$ 458,650

In order to reduce credit risk, the System requires that 90% of the U.S. fixed income investments consist of a high quality investment grade security. The remaining 10% may be invested in high yield securities. The benchmark for the U.S fixed income allocation is the Lehman Brothers Aggregate index. As for custodial credit risk, the fund only requires collateral for their securities lending program as discussed below.

The concentration of credit risk is minimized by the diversification policy, which requires the assets to be allocated across major asset classes and be diversified broadly within each asset class. The capitalization and style structure of the U.S. equity portfolio shall be reflective of the overall domestic equity market, as defined by the Russell 3000 index. A combination of active and passive portfolio investment managers are utilized to achieve the appropriate capitalization and style structure. The Russell 3000 index is the performance benchmark for the U.S. equity allocation.

An indicator of credit risk is a credit rating. The following are investments held by the System at December 31, 2005 (amounts in thousands):

Investment Type	Total Fair Value	A-/A3 and Above	BBB-/Baa3 to BBB+/Baa1	B-/B3 to BB+/Ba1	C/C to CCC/Caa	D/D	Not Rated	Full Faith & Credit	A-1/P-1 and above

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment or a deposit. The System’s target allocation for international equities is 13.5%. The System’s exposure to foreign currency risk at December 31, 2005 is as follows (amounts in thousands):

Currency	Fair Value	Equity	Derivatives	Cash
Australian Dollar	\$ 17,719	\$ 17,718	\$	\$ 1
British Pound Sterling	53,285	60,308	(7,009)	(14)
Canadian Dollar	14,935	14,935

Swiss Franc	24,835	24,835		
Thai Baht	8			8
Total	\$ <u>328,677</u>	\$ <u>335,282</u>	\$ <u>(7,009)</u>	\$ <u>404</u>

Securities Lending

City statutes and board of trustee policies permit the City of Cincinnati Retirement System to use investments of the plan to enter into securities lending transactions – loans of securities to broker-dealers and other entities for collateral with a simultaneous agreement to return the collateral for the same security in the future. Securities are loaned in exchange for collateral that may include cash, U.S. government securities and irrevocable letters of credit. U.S. securities are loaned in exchange for collateral valued at 102% of the market value of the securities plus any accrued interest. Non-U.S. securities are loaned in exchange for collateral valued at 105% of the market value of the securities plus any accrued interest. Collateral cannot be pledged or sold unless the borrower defaults. The borrower is required to pay to the Lender the equivalent of all interest and dividends that are paid by the issuer during the term of the loan. All securities loans can be terminated on demand by either the lender or the borrower, although the average term of the System’s overall loans was 4 days in December 2005. Cash collateral is invested in a short-term investment pool, which had an average weighted maturity of 44 days as of December 31, 2005. Cash collateral may also be invested separately in “term loans”, in which the maturity of the term loan is matched to either the maturity of the cash collateral invested or the interest rate reset of the cash collateral invested. These loans have rights of substitution and securities can be recalled on demand. As of December 31, 2005, there were no violations of legal or contractual provisions, no borrower or lending agent default and no losses known to the securities lending agent. There are no dividends or coupon payments owing on the securities lent.

The following represents the balances relating to the securities lending transactions at the financial statement date (amounts in thousands):

Securities Lent	Fair Value of Underlying Securities	Cash Collateral Received/Securities Collateral Value
Lent for Cash Collateral:		
Stocks	\$ 298,194	\$ 307,641
U.S. Agencies	8,017	8,181
Corporate Bonds	34,950	35,816
U.S. Government Fixed Income	40,464	41,282
Total	<u>\$ 381,625</u>	<u>\$ 392,920</u>

The following maturity chart for securities lending collateral provides information pertinent to interest rate risk (amounts in thousands):

Asset class	Less Than 1 Year	1-5 Years	Total
Asset Backed Security	\$ 17,890	\$ 82,077	\$ 99,967
Bank Note		60,371	60,371
Certificate of Deposit Float		20,013	20,013
Commercial Paper	4,986		4,986
Corporate Floating Rate		144,856	144,856
Repurchase Agreements	43,151		43,151
Time Deposit	21,053		21,053
Total	<u>\$ 87,080</u>	<u>\$ 307,317</u>	<u>\$ 394,397</u>

In order to determine credit rate risk for the securities lending collateral, the following chart is useful (amounts in thousands):

Asset Class	S P Rating	Moody's Rating	Market Value
Asset Backed Security	AAA	Aaa	\$ 99,967
Bank Note	A	A2	15,087
Bank Note	A+	Aa3	18,030
Bank Note	AA-	Aa1	12,119
Bank Note	AA-	Aa3	15,135
Certificate of Deposit Float	AA	Aa1	5,003
Certificate of Deposit Float	AA	Aa2	9,999
Certificate of Deposit Float	AA-	Aa3	5,011
Commercial Paper	A-1	P-1	4,986
Corporate Floating Rate	A	A1	20,082
Corporate Floating Rate	A+	A2	10,006
Corporate Floating Rate	A+	Aa2	15,102
Corporate Floating Rate	A+	Aa3	49,243
Corporate Floating Rate	AA-	Aa1	15,111
Corporate Floating Rate	AA+	Aa2	15,102
Corporate Floating Rate	AAA	Aaa	20,210
Repurchase Agreements			43,151
Time Deposit	A-1+	P-1	21,053
TOTAL			<u>\$ 394,397</u>

Derivatives

Derivatives are generally defined as contracts whose value depends on, or derives from, the value of an underlying asset, reference rate, or index. The retirement system enters into certain derivative financial instruments primarily to enhance the performance and reduce the volatility of the portfolio. It purchases S&P 500 futures contracts to gain exposure to the U.S. equity market, fixed income futures contracts and options to manage interest rate risk, and foreign exchange contracts are used occasionally to hedge foreign currency exposure. The retirement system's fixed income managers are authorized to invest in mortgage-backed securities (MBS), commercial mortgage-backed securities (CMB), collateralized mortgage obligations (CMO) and asset-backed securities (ABS). MBS securities are issued by government agencies and instrumentalities such as the FHA, FNMA, GNMA, FHLMC, while CMB and CMO securities are issued by non-government corporations. ABS securities are supported by loans, which are secured by first residential mortgages, home equity mortgages, auto loans, credit card receivables, etc.

In addition to the derivatives listed in the Credit Rating chart for the Retirement System, the following derivative positions were held at December 31, 2005:

- 1.) Futures contracts settling March 17, 2006 to buy S&P 500 securities with a notional value of approximately \$43.0 million.
- 2.) Futures contracts settling March 22, 2006 to buy 10 year U.S. Treasury Note securities with a notional value of \$10 million.
- 3.) Futures contracts settling March 22, 2006 to buy 30 year U.S. Treasury Bond securities with a notional value of \$30 million.
- 4.) Futures contracts settling March 22, 2006 to sell 5 year U.S. Treasury Note securities with a notional value of \$99 million.
- 5.) Futures contracts settling March 31, 2006 to buy 2 year U.S. Treasury Note securities with a notional value of \$10 million.
- 6.) Futures contracts settling March 19, 2007 to buy Eurodollar securities with a notional value of \$21 million.
- 7.) Futures contracts settling June 18, 2007 to buy Eurodollar securities with a notional value of \$21 million.
- 8.) Futures contracts settling September 17, 2007 to buy Eurodollar securities with a notional value of \$21 million.

As of December 31, 2005 the retirement system held forward currency contracts with an expiration date of January 31, 2006. This currency hedge converts 4,089,000 U.K. Sterling to \$7,306,246 U.S. dollars.

3. MIXED INVESTMENT POOL

On April 10, 1968, the Board of County Commissioners of Hamilton County and the City of Cincinnati consolidated all County and City sanitary sewer facilities, under the direction and control of the Board of County Commissioners and the management and operation of the City. The cash balance in the fund established for this purpose, the Metropolitan Sewer District fund (MSD), is combined with the City's pool of cash and investments. For the purposes of financial reporting, the MSD portion of the City's pool of cash and investments is reported as an Investment Trust Fund. Assets in the pool are reported at fair value based on quoted market prices. The pool is not subject to regulatory oversight. Fair value amounts are determined at year-end. The City has not provided or obtained any legally binding guarantees to support the value of the Mixed Investment Pool. MSD is required by Chapter 301 of the Cincinnati Municipal Code to participate in the Mixed Investment Pool. The method used to determine participants' shares sold and redeemed is a proration based upon the equity held in City Treasury cash. These amounts increase and decrease based upon the change in the equity balance. This same method is used to report the investments. Disclosures required by GASB Statement 3 are discussed in Note 2.

Summary by major investment classification:

(Amounts in Thousands)

	<u>Cost</u>	<u>Fair Value</u>	<u>Interest Rate</u>	<u>Maturity Dates</u>
Money Market Fund	\$ 29,000	\$ 29,000		
Certificates of Deposit	110,301	110,301	1.01% - 4.71%	01/17/06 - 10/28/08
U.S. Treasury Notes	129,263	128,122	1.5% - 4.25%	03/31/06 - 08/15/08
FHLB/FNMA Securities	215,482	213,282	2.18% - 5.10%	01/30/06 - 12/28/08
City of Cincinnati Notes	20,677	20,677	1.89% - 5.50%	05/19/06 - 10/05/06
Cash	<u>2,916</u>	<u>2,916</u>		
Total	<u>\$507,639</u>	<u>\$504,298</u>		

The Mixed Investment Pool does not issue a separate report. The Mixed Investment Pool's financial statements can be found below:

4. COMMITMENTS

Convention Facilities Authority (CFA)

The CFA is an up to 11-member body corporate and politic, organized and existing under Chapter 351 of the Ohio Revised Code, as amended. The CFA issued bonds netting proceeds of \$111,176,644 dated March 2, 2004 for the purpose of expanding and renovating the Convention Center in Cincinnati.

Pursuant to a Memorandum of Understanding between the City of Cincinnati (City) and Hamilton County (County), a cooperative agreement was reached between the City and the County and a Project Service Agreement between the City and the CFA. The City will: (i) own the Convention Center, (ii) be responsible for the operation and maintenance of the Convention Center and (iii) manage the design and construction of the expansion and renovation project. Construction began in May 2004 and is scheduled for completion in July 2006.

In the financial plan for the convention center expansion and renovation the dedicated Transient Occupancy Tax (City) and Lodging Excise Tax (County) is expected to cover the debt service for senior (\$70.1 million) and subordinate (\$35.9 million) debt. Pursuant to the Memorandum of Understanding between the City, County and the CFA, the City has agreed to guarantee, subject to annual appropriation, the principal and interest on subordinate debt. The maximum annual debt service is \$2,309,250 and has been reserved to guarantee the subordinate debt service.

Subject to annual appropriation, the City shall pay \$1,000,000 (City Annual Contribution) to the Trustee of the CFA subject to the terms of the Cooperative Agreement. This contribution is pledged as an additional revenue source for the payment of the bonds. The City appropriated an amount sufficient to pay the City Annual Contribution for 2005.

Convergys

In July 2003 the City and Convergys Corporation entered into an Agreement for the Creation and Retention of Jobs. The City granted Convergys tax credits against the City's income tax for a period of fifteen years and a potential of \$29.75 million in grants if specific conditions are met over a three-year period. In December 2003 the City sold Economic Development Revenue Bonds in the amount of \$20.5 million to partially fund these grants.

Two grants totaling \$20.0 million were made to Convergys in 2004 and one grant for \$3.0 million was made in 2005 based on the eligibility requirements that were met in 2003, 2004 and 2005. If Convergys continues to meet its eligibility requirements they can receive up to \$3.0 million in each of the years 2006 and 2007. An additional \$1.0 million can be earned at any time if certain employment performance conditions are met.

The Vine and Central Parkway Garage and Housing Development

In September 2003 the City entered into an agreement with the Kroger Company to build a parking garage primarily for the benefit of Kroger. In return Kroger has agreed to keep its corporate headquarters and nearly 1,200 jobs in downtown Cincinnati. This development includes the construction of a 950 space parking garage, the creation of 25 market rate housing units and retail space. Kroger will rent a minimum of 850 spaces in the garage.

The City issued \$12 million in Bond Anticipation Notes to finance the garage. A \$4.8 million low interest loan from the State of Ohio and the proceeds from the sale of two parking garages will be used to redeem the notes.

The City has provided \$2.5 million in funding to support the construction of the housing and retail space in the development. Construction of 25 condominiums was completed. Approximately \$3.9 million in private financing from the Cincinnati Development Fund and the Cincinnati Equity Fund has been secured for this project.

5. INTERFUND ASSETS/LIABILITIES

The composition of interfund balances as of December 31, 2005, is as follows:

DUE FROM/TO OTHER FUNDS (Amounts in Thousands)

	Due From							Total
	General Fund	Capital Projects Fund	Nonmajor Governmental Funds	Internal Service Funds	Water Works Enterprise Fund	Nonmajor Enterprise Funds	Fiduciary Funds	
Due To								
General Fund	\$	\$ 11	\$ 141	\$ 1,407	\$ 5	\$ 19	\$ 1,817	\$ 3,400
Capital Project Fund	13		52	211	991	2	3	1,272
Debt Service Fund							1	1
Nonmajor								
Governmental	290		171	300	2		170	933
Internal Service Funds		1,041	42	20		1	256	1,360
Water Works Enterprise Fund	2	37	19	208		3	172	441
Convention Center Fund			3	4	1		7	15
Nonmajor Enterprise Funds	1	21	9	94	92	1	35	253
Fiduciary Funds				21				21
Total	\$ 306	\$ 1,110	\$ 437	\$ 2,265	\$ 1,091	\$ 26	\$ 2,461	\$ 7,696

The outstanding balances between funds result mainly from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

ADVANCES TO/FROM OTHER FUNDS (Amounts in Thousands)

	<u>Advances From</u>				Total
	General Fund	Capital Projects	Nonmajor Governmental Funds	Internal Service Funds	
<u>Advances To</u>					
General Fund	\$	\$	\$ 125	\$177	\$ 302
Nonmajor Governmental	521		2,333		2,854
Water Works Enterprise				206	206
Convention Center		24			24
Nonmajor Enterprise		9,391		185	9,576
Internal Service Funds		4,984			4,984
Total	<u>\$ 521</u>	<u>\$14,399</u>	<u>\$2,458</u>	<u>\$568</u>	<u>\$ 17,946</u>

The major portion of the amounts payable relate to loans made for the completion of capital projects construction in progress. The remaining portion of the amounts payable relate to working capital loans made to funds upon their creation, none of this balance is scheduled to be collected in the subsequent year.

6. INTERFUND TRANSFERS

Interfund transfers for the year ended December 31, 2005, consisted of the following:

TRANSFERS IN/OUT (Amounts in Thousands)

	<u>Transfers Out</u>							Total
	General Fund	Capital Projects	Debt Service Funds	Nonmajor Governmental Funds	Convention Center Fund	Nonmajor Enterprise Funds	Internal Service Funds	
<u>Transfer In</u>								
General Fund	\$	\$ 1,618	\$ 3,059	\$	\$	\$	\$ 168	\$ 4,845
Capital Projects Fund	522		15,608	527	13		1,198	17,868
Debt Service Funds	1,997	4,213		3		7,746	25	13,984
Nonmajor Governmental Funds	332	414		233		1,267	337	2,583
Convention Center		1,000						1,000
Nonmajor Enterprise			12,000			11		12,011
Internal Service		1,303		464				1,767
Total	<u>\$ 2,851</u>	<u>\$ 8,548</u>	<u>\$ 30,667</u>	<u>\$ 1,227</u>	<u>\$ 13</u>	<u>\$ 9,013</u>	<u>\$ 1,739</u>	<u>\$ 54,058</u>

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

7. NET ASSETS / FUND EQUITY DEFICITS

Included in the financial statements are certain internal service funds with net assets deficits as of December 31, 2005. The net assets deficits in the internal service funds of Property Management (\$41,000), Mechanized Street Sweeping (\$71,000) and Self-Insurance Medical (\$897,000) are to be covered by future user charges. Also included in the financial statements is a non-major governmental fund with a net fund equity deficit as of December 31, 2005. The fund equity deficit in the Special Revenue Fund Nonappropriated - Community Development (\$306,000) is to be covered by reimbursement from a federal grant.

8. LEASES

CITY AS LESSEE

Operating Leases

The City has entered into various leases for property, equipment and office space. These leases are considered for accounting purposes to be operating leases. The total cost for such leases were \$1,626,000 for the year ended December 31, 2005. Future minimum lease payments are as follows:

(Amounts in Thousands)

<u>Year</u>	<u>Amount</u>
2006	\$ 1,812
2007	1,129
2008	1,036
2009	981
2010	667
2011-2014	<u>1,844</u>
Total Future Minimum Lease Payments	<u>\$ 7,469</u>

Capital Leases

The City has capitalized leases for the following property and equipment. These lease agreements qualify as capital leases for accounting purposes and, therefore, have been recorded at the present value of their future minimum lease payments as of the inception date.

The assets acquired through capital leases are as follows:

(Amounts in Thousands)

	<u>Governmental Activities</u>
Leased Property/Equipment	\$ 2,093
Less: Accumulated Depreciation	<u>2,026</u>
Total	<u>\$ 67</u>

The following is a schedule of future minimum capital leases and the present value of the net minimum lease payments at December 31, 2005:

(Amounts in Thousands)

<u>Year</u>	<u>Governmental Activities</u>
2006	\$ 33
2007	19
2008	14
2009	<u>0</u>
Total minimum lease payments	66
Less: Amounts representing interest	<u>6</u>
Present value of net minimum lease payments	<u>\$ 60</u>

CITY AS LESSOR

The City has entered into various contractual agreements for the rental of properties to various commercial enterprises, which are reported as operating leases for accounting purposes.

Amounts relating to the operating leases as of December 31, 2005 are included in the financial statements of the following:

(Amounts in Thousands)

	<u>Business-type Activities</u>	<u>Governmental Activities</u>
Land	\$ 264	\$ 2,052
Buildings	1,946	3,329
Improvements		83,669
Accumulated Depreciation	1,259	80,445
Depreciation Expense	62	728

Future minimum rentals on non-cancelable operating leases as of December 31, 2005 are as follows:

(Amounts in Thousands)

<u>Year</u>	<u>Business-type Activities</u>	<u>Governmental Activities</u>
2006	\$ 591	\$ 17,679
2007	455	17,472
2008	389	17,274
2009	336	17,261
2010	147	17,133
Remaining years	<u>5</u>	<u>256,289</u>
Total Future Minimum Rental Payments	<u>\$1,923</u>	<u>\$343,108</u>
Total Rentals for 2005:	\$ 764	\$ 17,606

Future minimum rentals of the railway line, recorded in Debt Service Fund, are assumed to equal the payments calculated for the current year. These minimum rentals are included in the Governmental Activities column.

Enterprise Funds

The General Aviation rentals (included in business-type activities) do not include contingent rentals, which may be received on the basis of hours or usage in excess of stipulated minimums. Terms of the leases are normally on a five-year basis with renewal options not to exceed fourteen years.

The Parking Facilities has leased the Fountain Square North Parking Garage for a one-time payment of \$7.5 million for a period of 50 years beginning in 2005. The revenue has been deposited into the Parking Facilities fund to offset cash flow losses from the operation of this garage.

Governmental Capital Assets

The City-owned railway line, the Cincinnati Southern Railway, is leased to the Cincinnati, New Orleans, and Texas Pacific Railway Company until December 31, 2026, with a renewal option of twenty-five years. Pursuant to the Ohio Revised Code, the use of the rental income from the railway line is restricted to debt service.

During 1995, the City entered into a lease involving land with American Commercial Marine. The lease is for ten years, beginning January 1, 1996 and ending December 31, 2005.

9. LONG-TERM DEBT

General Obligation Bonds and Notes

The City issues general obligation bonds and notes to provide funds for the acquisition and construction of major capital facilities. General obligation bonds have been issued for both governmental and business-type activities. The original amount of general obligation bonds and notes issued in prior years was \$523,740,000.

General obligation bonds are direct obligations and pledge the full faith and credit of the City. General obligation bonds and notes currently outstanding are as follows:

(Amounts in Thousands)

<u>Purpose</u>	<u>Interest Rates</u>	<u>Amount</u>
Governmental activities	1.870% - 7.875%	\$330,208
Business-type activities	1.890% - 6.750%	<u>41,314</u>
		<u>\$371,522</u>

Annual debt service requirements to maturity for the general obligation bonds and notes are as follows:

(Amounts in Thousands)

<u>Year Ending</u> <u>December 31</u>	<u>Governmental Activities</u>		<u>Business-type Activities</u>	
	<u>Principal</u>	<u>Interest</u>	<u>Principal</u>	<u>Interest</u>
2006	\$ 38,208	\$ 15,054	\$17,444	\$ 1,929
2007	27,595	13,678	7,470	1,028
2008	25,255	12,431	4,600	693
2009	23,600	11,270	2,000	496
2010	21,245	10,202	2,000	412
2011-2015	99,605	36,607	7,800	806
2016-2020	59,440	15,360		
2021-2025	15,005	6,398		
2026-2030	9,705	3,713		
2031-2035	<u>10,550</u>	<u>1,334</u>		
Total	<u>\$330,208</u>	<u>\$126,047</u>	<u>\$41,314</u>	<u>\$ 5,364</u>

Revenue Bonds and Notes

The City also issues bonds and notes where the City pledges income derived from the acquired or constructed assets to pay debt service. The net revenues of the Water Works are pledged to pay Water Works revenue bonds debt service. The original amount of revenue bonds and notes authorized in prior years was \$272,971,000 of which \$269,971,000 was issued. During 2005, \$165,000,000 of revenue bonds were issued to finance Water Works projects and \$3,000,000 of revenue notes were issued to finance Economic Development projects.

Revenue bonds and notes outstanding at year-end are as follows:

(Amounts in Thousands)

<u>Purpose</u>	<u>Interest Rates</u>	<u>Amount</u>
Economic Development	Various	\$ 35,990
Urban Renewal	Various	459
Water Works	Various	<u>295,645</u>
		<u>\$332,094</u>

The annual debt service requirements to maturity for the revenue bonds are as follows:

(Amounts in Thousands)

<u>Year Ending</u> <u>December 31</u>	<u>Governmental Activities</u>		<u>Business-type Activities</u>	
	<u>Principal</u>	<u>Interest</u>	<u>Principal</u>	<u>Interest</u>
2006	\$ 5,480	\$ 2,053	\$ 11,045	\$ 13,596
2007	2,567	1,813	11,335	13,295
2008	2,670	1,682	11,815	12,824
2009	2,753	1,542	12,125	12,509
2010	2,689	1,390	12,750	11,894
2011-2015	9,060	5,070	73,450	49,732
2016-2020	6,650	2,464	94,125	29,053
2021-2025	<u>4,580</u>	<u>552</u>	<u>69,000</u>	<u>6,418</u>
Total	<u>\$36,449</u>	<u>\$16,566</u>	<u>\$295,645</u>	<u>\$149,321</u>

For the governmental activities, claims and judgments are generally liquidated by the general fund. Compensated absences for the governmental activities are generally liquidated by the employee's home fund, the fund from which the employee's regular wages are paid.

Internal Service funds predominantly serve the governmental funds. Accordingly, long-term liabilities for them are included as part of the above totals for governmental activities. At year-end, \$2,261,000 of compensated absences, \$31,210,000 of unpaid claims, and \$14,000 of capital leases for the internal service funds are included in the above amounts.

Advance Refunding/Defeasance of Police and Fire Pension Bonds

The City issued Police and Fire Pension Bonds, dated March 1, 2000 of which \$39,205,000 was outstanding as of January 1, 2005. On July 13, 2005, the City issued \$40,470,000 in General Obligation Bonds with an average interest rate of 4.39 percent to advance refund \$36,740,000 of outstanding bonds due in the years 2006 through 2020 with an average interest rate of 6.00 percent. The balance of the defeased debt at the end of 2005 was \$36,740,000.

The advance refunding of the \$36,740,000 bonds does not extend the maturity dates and will increase the City's total debt service payments over the next 20 years by \$3,730,000. By advance refunding the bonds the City obtained an economic gain (difference between the present values of the debt service payments on the old and the new debt) of \$4,000,000.

The City entered into an escrow deposit agreement with U.S. bank, on July 13, 2005, for the purpose of defeasing the Police and Fire Pension Bonds. The defeasance of the bonds was accomplished by making a payment of \$40,292,063 to an irrevocable trust maintained by the escrow agent.

10. DEBT LIMITATION

The City's "indirect" (ten mill) debt limit was removed by decision of the Ohio courts. In September 1977, the Supreme Court of Ohio dismissed an appeal from the decision of the Court of Appeals, First Appellate District, Hamilton County, Ohio, involving the City's debt limitations. In summary, the City instituted a test case against the Director of Finance for the purpose of obtaining a definitive construction of certain sections of the City Charter bearing on the right of the City to levy taxes in excess of the ten mill limitation of Section 5705.02 of the Ohio Revised Code. As a result of the Court decision, the City has the right to levy property taxes without limitation to support its lawfully issued bonds and notes, and the City's ability to incur debt will be limited only by the arithmetical (percentage) limitations set forth under Section 133.03 of the Ohio Revised Code.

Section 133.03 provides that the principal amount of both voted and unvoted debt of the City may not exceed 10-1/2% of the City's assessed valuation, and the principal amount of the City's unvoted debt may not exceed 5-1/2% of the City's assessed valuation. The Code also provides several exemptions of debt from the 5-1/2% and 10-1/2% limitations.

11. TAXES

City Income Tax

This locally levied tax applies to gross salaries, wages and other personal service compensation earned by residents both in and out of the City and to earnings of nonresidents (except certain transients) earned in the City. It also applies to net income of business organizations for business conducted in the City. The tax is the largest single source of General Fund revenue.

The City's income tax of 2.1% is subdivided into four components. The first component is 0.1%, which is to be spent only for the maintenance of the City's infrastructure. The second component is the 0.3%, which can be used only for public transit purposes, including both capital and current operating expense. The third component is 0.15%, which can be used only for permanent improvement purposes. The remaining 1.55% is first used to meet annual deficiencies, to the extent required, in the General Fund. The amount of the 1.55% income tax revenue over the fixed allocation to the General Fund at the end of any year is recognized as

revenue in the Income Tax Permanent Improvement Fund. The unused amount can be carried forward for subsequent year capital or operating needs. In 2005 the income tax revenue received over the fixed allocation was recognized in full in the General Fund in order to meet operating needs.

Actual collections of \$210,536,625 for the 1.55% portion in 2005 were more than the original allocation of \$196,268,691 for the General Fund. The following table identifies the excess 1.55% income tax collections for the years 2001 through 2005 and collections in excess of allocation:

(Amounts in Thousands)

<u>Year</u>	<u>Actual Collections of 1.55%</u>	<u>Allocation to General Fund</u>	<u>Collections in Excess of Allocation</u>
2001	\$188,598	\$188,598	\$
2002	185,258	185,258	
2003	190,142	187,993	2,149
2004	193,411	193,411	
2005	210,537	210,537	

Property Taxes

The assessed valuation of property within the City subject to the levy of ad valorem taxes includes real property, public utilities property and tangible personal property. The assessed value upon which the 2004 levy was based was \$4,836,982,000, \$319,435,000 and \$542,827,000 for real property, public utility property and tangible personal property, respectively (per Hamilton County Auditor). The City's property taxes are collected by the Hamilton County Auditor and are remitted to the City on a periodic basis. Real property taxes collected in any calendar year are generally levied on assessed values as of January 1 of the preceding year according to the following calendar:

Property Tax Calendar - 2006

Lien date	January 1, 2005
Levy date	October 31, 2005
First installment payment due	January 31, 2006
Second installment payment due	June 20, 2006

Assessed values are established by the County Audit, or at no more than 35% of appraised market value. The laws of the State of Ohio presently require that all property be revalued no less than every six years, at any time the County Auditor finds that true or taxable value thereof has changed, and in the third calendar year following the year in which a sexennial reappraisal is completed if ordered by the State Commissioner of Tax Equalization. Real property was reappraised during 2005 with the results affecting collections beginning in 2006. The City recognizes the property taxes due to be paid in 2006 as deferred revenue since the first settlement date is more than sixty days after year-end and does not meet the availability criteria for accrual.

Public utilities property taxes in any calendar year are those levied on assessed values as of December 31 of the preceding year. Tangible personal property of public utilities is assessed at various percentages of true value. Tangible personal property used in business, other than public utilities, is assessed at 25% of true value.

12. SHORT-TERM DEBT – BOND ANTICIPATION NOTES

The City issues bond anticipation notes in advance of issuance of bonds, depositing the proceeds in its capital projects fund. These notes are necessary to provide adequate funds at the time needed to support contracts for the improvements prior to issuance of the related bonds.

(Amounts in Thousands)

	<u>Beginning Balance</u>	<u>Issued</u>	<u>Redeemed</u>	<u>Ending Balance</u>
Bond Anticipation Notes	\$0	\$12,189	\$12,189	\$0

13. RESTRICTED ASSETS

The balance of the restricted asset accounts in the enterprise funds are as follows:

(Amounts in Thousands)

Revenue bond construction account – Water Works	\$ 65,483
Revenue bond reserve account – Water Works	26,526
Revenue bond construction account – Parking Facilities	8
Customer deposits – Water Works	1,395
Construction account - other – Water Works	<u>1,513</u>
Total restricted assets	<u>\$94,925</u>

14. CAPITAL ASSETS

Capital asset activity for the year ended December 31, 2005 was as follows:

Totals	<u>\$231,098</u>	<u>\$201,891</u>	<u>\$29,207</u>	<u>\$18,394</u>

15. RECEIVABLES

Accounts Receivable are presented in the financial statements net of the allowance for uncollectible accounts. The uncollectible accounts related to the General Fund at December 31, 2005, are as follows: Taxes Receivable (\$2,232,000) and other accounts receivable (\$15,552,000). The uncollectible accounts related to the Debt Service Fund at December 31, 2005 are Taxes Receivable (\$2,477,000). The balance for the allowance for doubtful accounts in the Capital Projects Fund at December 31, 2005 is (\$3,840,000). The balance of the allowance accounts for Appropriated Special Revenue is (\$146,000) and Non-Appropriated Special Revenue is (\$789,000) as of December 31, 2005. The balances of the allowance accounts of the proprietary funds as of December 31, 2005 are as follows: Water Works (\$3,858,000), Regional Computer Center (\$16,000), Convention Center (\$66,000), Municipal Golf (\$1,000), Parking Facilities (\$2,000), and Stormwater Management (\$719,000).

Loans receivable of the special revenue funds are made from revolving type loan accounts financed by allocations from the City's Community Development Block Grant. These loans are secured by liens on the property. Federal regulations provide that the grantor maintains the ownership of the City's Community Development Block Grant funded revolving loan portfolio; accordingly, revolving loan fund transactions do not affect the operating statement. A small number of the special revenue loans, with a value of \$6,483,000, were made from Housing and Urban Development Section 108 funds and do not involve a revolving type loan account. The loans are repaid to the federal government. If the borrower fails to repay the loan, the City's Community Development Block Grant funds may be used to repay the federal government. The total amount receivable for the special revenue loans is offset by an allowance for uncollectible loans receivable. Special revenue loans receivable at December 31, 2005 total \$59,636,000.

Loans receivable of the capital project funds receive similar treatment to the special revenue funds' loans receivable, in that the total amount receivable is offset by an allowance for uncollectible loans receivable. The balance of the loans receivable at December 31, 2005 is \$3,812,000. This amount is related to Goodall Properties Ltd. and forgivable housing loans.

16. CONTINGENT LIABILITIES

Federal and State Grants

The City has received Federal and State grants in excess of \$32 million for specific purposes that are subject to review and audit by the grantor agencies or their designee. Such audits could lead to a request for reimbursement to the grantor agency for expenditures disallowed under terms of the grant. Based on prior experience, the City Administration believes such disallowances, if any, will be immaterial.

Litigation

Various claims and lawsuits are pending against the City as of December 31, 2005. A liability of \$12.0 million was recorded for those claims and judgments as of December 31, 2005. Over the past decade, the City has averaged annual payments of \$2.3 million for claim and lawsuit settlements. Adequate funds have been provided to meet the claims paid from the General Fund, restricted funds and the sale of debt. The City Administration believes there is no foreseen problem in having adequate resources to settle presently known cases.

17. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; injuries to employees; employee health claims; unemployment compensation claims; and environmental damage. The City purchases commercial insurance to cover losses due to: theft of,

damage to, or destruction of assets and purchases general liability insurance for specific operations and professional liability insurance for certain operations. All other risks of loss are self-insured by the City. There has been no reduction in insurance coverage from coverage in 2005. Insurance settlements for claims resulting from the risks covered by commercial insurance have not exceeded the insurance coverage in any of the past three years.

The City of Cincinnati provides the choice of two separate health insurance plans for its employees. Both of the plans are self-insured and accounted for as an internal service fund. This internal service fund, titled "Self Insurance - Medical" has been in existence since 1980. Operating funds are charged a monthly rate per employee, by type of coverage.

In 1990, the City began to account for and finance its risk of loss due to workers' compensation claims and established an internal service fund titled "Self Insurance - Workers' Compensation". Workers' compensation is administered by the State. The City reimburses the Bureau of Workers' Compensation for injured workers' claims. All funds of the City participate in the program and make payments to the internal service fund based on the experience premium that would normally be charged by the Bureau of Workers' Compensation. Policy years 1989 through 2000 were financed through the retrospective rating program. Policy years 2001 and 2002 were financed through the fully insured program with the State Fund workers' compensation program. Beginning with policy year 2003 the City has elected to be fully self-insured for workers' compensation. All of the City's workers' compensation liabilities are funded within the "Workers' Compensation - Self-Insurance" fund. Changes in the balances of claims liabilities and claims adjustment expenses during 2005 and 2004 are as follows:

(Amounts in Thousands)

	General		Water Works		Parking Facilities		Convention Center		Municipal Golf			
	<u>2005</u>	<u>2004</u>	<u>2005</u>	<u>2004</u>	<u>2005</u>	<u>2004</u>	<u>2005</u>	<u>2004</u>	<u>2005</u>	<u>2004</u>

Claim Payments	<u>(2)</u>	<u>(7)</u>	<u>(13)</u>	<u>(53)</u>	<u>(78,236)</u>	<u>(75,066)</u>	<u>(4,640)</u>	<u>(4,300)</u>	<u>(1,000)</u>	<u>(7,457)</u>	<u>(86,358)</u>	<u>(87,799)</u>
Balance at December 31	<u>\$2</u>	<u>\$3</u>	<u>\$3</u>	<u>\$8</u>	<u>\$13,141</u>	<u>\$13,815</u>	<u>\$25,175</u>	<u>\$17,793</u>	<u>\$11,309</u>	<u>\$5,344</u>	<u>\$50,477</u>	<u>\$37,632</u>

The claims liabilities at December 31, 2005 for the Internal Service Funds above (Self-Insurance Medical and Workers Compensation) are included in the following liabilities in the balance sheet:

(Amounts in Thousands)

	Self-Insurance Medical	Workers Compensation
Accounts Payable	\$ 3,746	\$ 814
Accrued Liabilities		2,546
Estimated Liability For Unpaid Claim	<u>9,395</u>	<u>21,815</u>
Total	<u>\$13,141</u>	<u>\$25,175</u>

18. SUBSEQUENT EVENTS

On May 10, 2006 City Council authorized the consolidation of various bond issues for the purposes of providing for the issuance, sale and delivery of an amount not to exceed \$52,000,000 of various purpose general obligation bonds. On May 24, 2006, Series A of these bonds totaling \$32,995,000 were bid on and accepted. These bonds were sold and dated June 8, 2006. The bond issues sold at coupon rates of 4.00% to 5.00%, but with a bid premium of \$472,294.75. The effective rates were from 3.61% to 4.54%. The total bonds that were authorized for taking bids and that were sold include property tax supported issues of \$15,665,000 for Street Improvements, \$2,695,000 for Equipment Improvements, \$3,635,000 for Public Building Improvements, \$1,300,000 for Parks & Recreation Improvements, \$2,225,000 for Economic Development (Towne/Adams Village B Urban Renewal Project) and \$7,475,000 for Judgments. On May 24, 2006, Series B of these bonds totaling \$14,195,000 were bid on and accepted. These bonds were sold and dated June 8, 2006. The bond issues sold at coupon rates of 4.00% to 5.00%, but with a bid premium of \$248,020.20. The effective rates were from 3.61% to 4.54%. The total bonds that were authorized for taking bids and that were sold include municipal income tax supported issues of \$7,955,000 for Street Improvements, \$2,040,000 for Public Building Improvements and \$4,200,000 for Urban Redevelopment Improvements. On May 24, 2006, Series C of these bonds totaling \$2,750,000 were bid on and accepted. These bonds were sold and dated June 8, 2006. The bond issues sold at coupon rates of 5.41% to 6.00%. The effective rates were from 5.41% to 6.00%. The total bonds that were authorized for taking bids and that were sold include tax increment financing supported issues of \$2,750,000 for Economic Development (Towne/Adams Village A Urban Renewal Project).

The total bonds that were authorized for taking bids and that have not been sold include tax-supported issues of \$3,324,534 for Parks Improvements, \$3,173,461 for Recreation Improvements and \$9,169,695 for Street Improvements.

19. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS

Plan Description

The City administers a death benefit for its employees, both active and retired, that are police officers or fire fighters. If the police officer or fire fighter is retired, the benefit provides for \$5,000 to be paid to the designated beneficiary of the deceased police officer or fire fighter upon receipt of proof of death. If the police officer or fire fighter is active, the benefit provides for \$35,000 to be paid to the designated beneficiary of the deceased police officer or fire fighter upon receipt of proof of death. Benefit provisions are negotiated individually between the Fire union and the City, and the Police union and the City.

Funding Policy

The benefit is funded on a pay-as-you-go basis. Each year the City budgets for a pre-determined amount based on prior years payments. The members of the OPFPF do not make a contribution for this benefit. In 2005 the City budgeted \$310,000 and paid out \$210,000. The benefits unfunded liability for 2005 based on the future value of the liability as calculated by the City is \$245,000.

20. PENSION AND RETIREMENT

City employees are covered by one of three pension systems. They are the Ohio Police and Fire Pension Fund (OP&F) and the Ohio Public Employees Retirement System (OPERS), which are State pension systems, and the City of Cincinnati's Retirement System. The City Retirement System, OP&F and OPERS-Traditional Pension Plan are cost-sharing multiple-employer defined benefit pension plans. OPERS has two other pension plans: the Member Directed Plan-a defined contribution plan and the Combined Plan-a cost-sharing multiple-employer defined benefit pension plan that has elements of both a defined benefit and contribution plan.

Ohio Police and Fire Pension Fund

Plan Description

Police and Fire Fighters of the City of Cincinnati are members of the Ohio Police and Fire Pension Fund. The City of Cincinnati contributes to the (OP&F), a cost-sharing multiple-employer defined benefit pension plan. OP&F provides retirement and disability pension benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. The OP&F issues a publicly available financial report that includes financial information and required supplementary information for the plan. That report may be obtained by writing to OP&F, 140 East Town Street, Columbus, Ohio 43215-5164.

Funding Policy

Plan members are required to contribute 10.0% of their annual covered salary, while the City of Cincinnati is required to contribute 19.5% and 24.0% respectively for police officers and fire fighters. The City of Cincinnati's contributions to OP&F for the years ending December 31, 2005, 2004, and 2003 were \$27,416,000, \$24,882,000, and \$23,233,000, respectively equal to the required contribution for each year.

The OP&F informed the City that the City's only unfunded prior service cost of the fund is the deficiency existing at the time the fund was established in 1967 as determined by actuarial evaluation. On March 1, 2000 the City sold bonds for the refunding of the City's obligation for the employer's accrued liability. Pursuant to Section 742.30 of the Ohio Revised Code, the City and the OP&F (the Fund) have entered into an agreement, which permitted the City to make a one-time payment to the Fund for the purpose of extinguishing the City's obligation to the Fund for employer's accrued liability. The payment amount was \$41,454,864, which represents 68% of the first \$500,000 of the employer's accrued liability and 70% of the balance, plus accrued interest on the full amount of such accrued liability from March 1, 2000 to the date of payment.

Other Postemployment Benefit Information

OP&F provides access to post-retirement health care coverage for any person who receives or is eligible to receive a monthly benefit check or is a spouse or eligible dependent child of such person. The health care coverage provided by the police and firefighters' retirement system is considered an Other Postemployment Benefit (OPEB). A portion of each employer's contribution to the Police and Fire Pension Fund is set aside

for the funding of postemployment health care. The Ohio Revised Code provides the statutory authority allowing the fund's board of trustees to provide health care coverage to all eligible individuals. Health care funding and accounting are on a pay-as-you-go basis. In 2005, 7.75% of covered payroll was used to pay retiree health care expenses. In addition, since July 1, 1992 most retirees have been required to contribute a portion of the cost of their health care coverage through a deduction from their monthly benefit payment. Beginning in 2001, all retirees and survivors have monthly healthcare contributions.

The number of participants eligible to receive health care benefits as of December 31, 2004, the date of the last actuarial valuation available was 13,812 for police and 10,528 for firefighters. The portion of the City's 2005 contributions that was used to pay postemployment benefits was \$5,617,878 for police and \$4,284,573 for firefighters. The total health care expense of the fund for the year ending December 31, 2004, the date of the last actuarial valuation available, was \$102,173,796, which was net of member contributions of \$55,665,341.

State PERS

Plan Description

Only City employees who were members in the Public Employees Retirement System of Ohio (OPERS) or another Ohio State Retirement System prior to their City employment, City personnel employed in the building crafts trade since 1961, elected officials and certain part-time employees are enrolled in OPERS.

Ohio Public Employees Retirement System (OPERS) administers three separate pension plans as described below:

The Traditional Pension Plan- cost-sharing multiple-employer defined benefit pension plan.

The Member-Directed Plan - a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over 5 years at 20% a year). Under the Member Directed Plan, members accumulate retirement assets equal to the value of member and (vested) employer contributions plus any investment earnings.

The Combined Plan - a cost-sharing multiple-employer defined benefit pension plan. Under the Combined Plan, OPERS invests employer contributions to provide a formula retirement benefit similar in nature to the Traditional Pension Plan benefit. Member contributions, the investment of which is self-directed by the member, accumulate retirement assets in a manner similar to the Member-Directed Plan.

OPERS provides retirement, disability, survivor and death benefits and annual cost-of-living adjustments to members of both the Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report. Interested parties may obtain a copy by writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642 or calling (614) 222-6701 or (800) 222-7377.

Funding Policy

The Ohio Revised Code provides statutory authority for member and employer contributions. For 2005, member and employer contribution rates were consistent across all three plans. Employees contribute 8.5% of their annual compensation. The City's contribution rate for 2005 was 13.55% of covered payroll: 9.55% was the portion used to fund pension obligations and 4% was used to fund health care for 2005. City of Cincinnati's contributions to OPERS for the years ending December 31, 2005, 2004, and 2003, were \$2,228,000, \$2,216,000, and \$2,069,000 respectively, equal to the required contributions for each year.

Other Postemployment Benefit Information

OPERS provides postemployment health care coverage to qualifying members of both the Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including postemployment healthcare coverage.

In order to qualify for postemployment healthcare coverage, age and service retirees under the Traditional Pension and Combined Plans must have ten or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Postemployment Benefit (OPEB) as described in GASB statement 12. A portion of each employer's contribution to OPERS is set aside for the funding of postemployment health care. The Ohio Revised Code provides statutory authority requiring public employers to fund post employment healthcare through their contributions to OPERS. The City's contribution rate for 2005 was 13.55% of covered payroll: 9.55% was the portion used to fund pension obligations and 4% was used to fund health care for 2005.

OPEB are advance-funded on an actuarially determined basis. The number of active contributing participants at year-end 2005 was 355,287. The portion of the City's employer contribution that was used to fund postemployment benefits was \$657,758. The actuarial value of PERS net assets available for OPEB was \$10,800,000,000 at December 31, 2004, the date of the last actuarial valuation available. The actuarially accrued liability and the unfunded actuarial accrued liability, based on the actuarial cost method used, were \$29,500,000,000 and \$18,700,000,000 respectively.

City of Cincinnati Retirement System

Plan Description

The City of Cincinnati Retirement System is a cost-sharing multiple-employer defined benefit pension plan. The System provides retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members and beneficiaries. The System is considered part of the City of Cincinnati's financial reporting entity and is included in the City's financial report as a pension trust fund, see pages 30 and 31. No separate financial report is issued. Article XV of the Administrative Code of the City of Cincinnati provides the statutory authority vesting the general administration and responsibility for the proper operation of the System in the Board of Trustees of the City of Cincinnati Retirement System. There are four employers that contribute to the plan. They are the City of Cincinnati, University of Cincinnati, University Hospital and Hamilton County. Membership of the Retirement System of the City consisted of the following at December 31, 2005, the date of the latest actuarial valuation:

	<u>Pension</u>	<u>Health care</u>
Retirees and beneficiaries receiving benefits	4,408	4,408
Terminated plan members entitled to future benefits	159	159
Active plan members:		
Vested	2,743	1,821
Nonvested	<u>2,270</u>	<u>3,192</u>
Total	<u>9,580</u>	<u>9,580</u>

1,639 of the nonvested members are part-time employees who are included in the system to comply with the Omnibus Budget Reconciliation Act of 1990, which mandated the inclusion of certain classifications of employees either in state or municipal retirement systems or the Federal Insurance Contribution Act (Social

Security). The City of Cincinnati's Retirement System covers the majority of non-uniformed City employees and a closed group of members from other employers which includes employees of the University of Cincinnati and University Hospital who joined before control of these institutions was transferred to the State of Ohio, and former City employees staying with various operations transferred to the control of Hamilton County.

The service retirement allowance vests after five years of creditable service. Medical care benefits are provided after fifteen years of creditable service, or if hired before January 9, 1997 after reaching age sixty with at least five years of creditable service. Any member in service may retire at any age upon completing thirty or more years of membership service or at age 60 with at least five years creditable service, with a retirement allowance commencing immediately; or any member upon completing five years of creditable service before age sixty may retire with a retirement allowance commencing at age sixty, provided, however, at the time of election of the deferred annuity there is no loan outstanding against his contributions.

The annual retirement allowance is equal to 2.5% of the average of the three highest years' compensation multiplied by the number of years of membership service. Employees hired before July 12, 1998 elected either the 2.5% or a 2.22% formula, which factors in overtime pay and lump sum payments for vacation, sick leave and compensatory balances. All new employees hired July 12, 1998 and thereafter are subject to the 2.5% formula. Pensions are increased by 3% compounded annually commencing one year after retirement. The System also provides death and disability benefits. These benefit provisions and all other requirements, are established by the Cincinnati Municipal Code.

Contributions

Each member contributes at a rate of 7% of his salary until his retirement. This percent contributed by the employees is fixed by the fund's Board of Trustees on the basis of authority provided by Chapter 203 Section 77 of the Cincinnati Municipal Code. The City makes annual employer contributions based on a percentage of the salaries of all members. The contribution rate for 2005 was 11% for all employers. The Board has adopted a policy of applying the net employer contribution rate to the second following year after the actuarial valuation. The rate based on the actuarial report was 23%. City of Cincinnati's contributions to the City of Cincinnati Retirement System for the years ending December 31, 2005, 2004 and 2003 were \$15,598,000, \$15,520,000, and \$10,032,000, respectively equal to the required contributions for each year except for 2005. Administrative costs are financed from the system assets. The unfunded actuarial accrued liability for pension costs as of December 31, 2005 was \$112,911,000 to be amortized over an open period of 15 years. Although this is a multiple-employer cost allocation plan, it is being accounted for as a single employer plan. This is due to the fact that the number of active participants from employers other than the City of Cincinnati is insignificant in relation to the total number of active City of Cincinnati participants.

Annual Pension Cost and Net Pension Obligation. The City's annual pension cost and net pension obligation to CRS for the current year were as follows:

(Amounts in Thousands)

Annual required contribution	\$26,497
Actual contribution	<u>13,029</u>
Increase in net pension obligation	\$13,468

Summary of Significant Accounting Policies and Plan Asset Matters

Basis of Accounting - The City of Cincinnati Retirement System financial statements are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions to the plan are recognized when due and the employer has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Method Used to Value Investments - The Retirement System investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on national or international exchange are valued at the last reported sales price at current exchange rates.

Securities Lending – The Retirement System securities lending program disclosures are presented in accordance with Governmental Accounting Standards Board Statement 28, Accounting and Financial Reporting for Securities Lending Transactions and Statement 40, Deposit and Investment Risk Disclosures. The disclosures are located in Footnote 2 – Deposits with Financial Institutions and Investments and on the statement of plan net assets and statement of changes in plan net assets.

Derivatives – The Retirement System derivative disclosures are presented in accordance with Governmental Accounting Standards Board Technical Bulletin No. 94 –1, Disclosures about Derivatives and Similar Debt and Investment Transactions, and Governmental Accounting Standards Board Statement 40, Deposit and Investment Risk Disclosures, and can be found in Footnote 2 – Deposits with Financial Institutions and Investments.

Other Postemployment Benefit Information

The System provides hospital and surgical insurance and dental and vision insurance to retired members who have earned fifteen years credited service at the time of termination or terminate after age sixty with five years credited service. Those who are receiving survivor benefits of eligible members are entitled to have their hospital and surgical insurance and dental and vision insurance premiums paid by the System. When benefits would be reduced by reason of the retired member's eligibility for hospital and medical benefits under federal social security laws, the System will pay whatever additional fees are required for the federal medical coverage.

The health care coverage provided by the System is considered an Other Postemployment Benefit (OPEB). It is advance-funded on an actuarially determined basis as a portion of the employer contribution requirement to the System. The Cincinnati Municipal Code provides authority for employer contributions.

The actuarial assumptions used for the December 31, 2005 valuation included an assumption for hospital and surgical benefits recognizing adjusted premiums based on experience for recent years adjusted to current year by assumed annual increases in premium costs. The cost of OPEBs is recognized as an expense as claims are paid. The employer contribution that was used to fund postemployment benefits was \$3,139,000. The actuarial value of the System's net assets available for OPEB at December 31, 2005 was \$775,248,000. The actuarially accrued liability based on the actuarial cost method used was \$789,740,000. The unfunded actuarial accrued liability for postemployment benefits at December 31, 2005 was \$14,492,000 to be amortized over an open period of 15 years.

The information presented in the required supplementary schedules was determined as part of the actuarial valuations at the dates indicated. Additional information as of the latest actuarial valuation follows.

Valuation date	12/31/05
Actuarial cost method	Individual entry age normal
Asset valuation method	The actuarial value of assets was reset to market value of assets as of December 31, 2003. For future years, asset gains and losses will be recognized at the rate of 20% per year. The investment gain/(loss) is taken as the excess of the actual return on assets over the expected return on assets. The investment gain/(loss) is then recognized at 20% per year until fully recognized. The actuarial value of assets is the market value minus the sum of the deferred investment gains/(losses) during the preceding five plan years. In addition, the actuarial value is restricted to be no less than 80% of the market value or no more than 120% of the market value.
Actuarial assumptions:	
Investment rate of return*	8.75% per year, net of expenses, compounded annually.
Mortality	
Non-disabled lives:	Uninsured Pensioner 1994 Mortality Table projected to 2009
Disabled Retirees:	Pension Benefit Guarantee Corp. Disabled Mortality Table
Turnover	2000 City of Cincinnati Rate of Termination Experience Table
Disability	1995 City of Cincinnati Disability Retirement Experience Table
Salary increases	Salary increases are assumed to vary by service. For those who had not elected the 2.50% formula an additional 10% assumption increase in average salary is used to reflect final lump sum payments.
Medical Benefits:	The City offers medical benefits (including outpatient prescription drug coverage) to retirees before and during Medicare eligibility. Three plan options are offered to current and future retirees: a traditional indemnity plan, a PPO and an HMO.

Starting claim costs were developed based on historical retiree claims and enrollment experience data projected forward to the valuation period with trend and adjusted for the demographics of the historical vs. current retiree population. Historical claims experience was reviewed from January 2003 through December 2005, with data split separately by plan, by medical and prescription drug coverage, and by Medicare status.

Some retirees may have dependent children covered under the retiree health plan. Their cost is included in the historical claims experience used to estimate the adult per capita rate.

Administrative fees (claims administration and management, stop-loss, prescription drug, etc.) charged to the plan are included in the costs developed.

Costs are determined on a per capita basis, adjusted to age 65, and annualized for presentation. Costs are developed by plan (Traditional, PPO and HMO), and blended based on the current and expected enrollment among plans.

For health plan projection/valuation purposes, the City's valuation is split into multiple "Groups". Group 1 refers to current inactive (retiree) participants and active participants hired prior to 1997. Group 2 refers to active participants hired in 1997 or later. The reason for this distinction is that the contribution methodology is materially different for those employees hired after January 8, 1997.

Retiree Contributions

Group 1 current and future retirees only contribute towards the cost of coverage in the HMO plan. Contribution amounts are \$64 per year Pre-Medicare and \$62 per year Medicare eligible. For retirees with dependent(s) covered, contributions are double the amounts above. Contributions do not increase with aging, but are assumed to increase with medical trend. (Group 1 retirees in other plans have no retiree contributions.) Group 2 retirees contribute based on a "points system" at retirement.

Other Health Benefits

Medicare Part B: The City reimburses the Medicare Part B premiums for retirees and dependents. Medicare Part B premiums are assumed to increase in accordance with estimates from the 2005 Annual Report of the Board of Trustee Report until the year 2015 (same as in last year's valuation) and then increase at 5.0% per year thereafter. 2006 Part B Premiums are \$1062 (938.40 in 2005).

Dental Benefits

One traditional dental indemnity plan is provided to all current and future retirees. The plan includes a \$1,000 annual maximum on plan benefits. 2006 projected starting

cost is \$227 per adult per year (\$206 for the 2005 estimate). Costs are assumed to increase at a decreasing rate, starting at 6.0% for 2006, then decreasing by 0.25% per year to 4.25% and remaining there for 18 years, then decreasing gradually over 16 years to no material trend. This takes the \$1,000 annual maximum on annual dental claims into account. (This is virtually the same trend table utilized last year, initiated in 2006 rather than 2005). Dental aging assumptions are a 1.0% increase per year up to age 65, then 0%.

Vision Benefits

One indemnity design plan is provided to all current and future retirees. The plan has fixed benefits with a \$100 annual maximum benefit. The projected starting cost for 2006 is \$25 per adult per year (\$24 for the 2005 estimate). Although the claims benefit level is fixed, we anticipate a 3.0% annual trend increase in costs to account for increases in administrative costs. (The trend assumption was 1.0% annual trend increase per year.) No aging impact is assumed in the vision coverage.

Option Electives

75% of male participants and 25% of female participants will have a spouse who is covered under the medical, dental, and vision benefits portions of the plan. Of these participants with a covered spouse, 85% will elect a Joint & Survivor option.

Expenses

Investment and plan administration expenses are assumed to be the prior year's expenses reduced by \$250,000 and then rounded to the next \$100,000.

Excess (Deficiency) of revenues and other financing sources over (under) expenditures and other uses per the Budgetary Comparison Schedule	\$ 8,712
(Increases) decreases from revenues:	
Received in cash during year but already accrued as receivables (GAAP) at December 31, 2004	(35,754)
Accrued as receivables at December 31, 2005 but not recognized in budget	34,476
(Increases) decreases from encumbrances:	
Expenditures of amounts encumbered during prior years	(7,198)
Recognized as expenditures in the budget	9,898
(Increases) decreases from expenditures:	
Accrued as liabilities at December 31, 2004 recognized as expenditures (GAAP) but not in budget	6,955
Accrued as liabilities at December 31, 2005	(7,239)
Inventory purchase recognized as expenditures (budget) but not in GAAP	(60)
Net change in fund balance per the Statement of Revenues, Expenditures, and Changes in Fund Balance (Page 24)	\$ 9,790

See notes to required supplementary information.

City Of Cincinnati, Ohio
Note to the Required Supplementary Information
December 31, 2005

Note A- Budgetary Data

An operating budget is legally adopted each fiscal year for the General Fund. The budgetary data reports included within this report are prepared on a cash basis of accounting, with the exception of certain accrued personal service and employee benefit costs. Encumbrances, which do not lapse at year-end, are included as expenditures in the current year budget (Non-GAAP). The budgetary process begins at least six months prior to the calendar year for which the budget is to be adopted, with the City certifying the proposed budget to the County Auditor by July 20. By January 1, City Council may adopt annual or temporary appropriation measures using, in part, the official certificate of estimated resources approved by the County Budget Commission and tax rates certified by the County Auditor. By April 1, City Council must adopt annual appropriation ordinances. Only unencumbered appropriations lapse at year end.

The levels of appropriation control for each budgeted expenditure classification that may not be exceeded are: personal services, non-personal services, capital outlay, and debt service. Any revisions that alter the budgeted expenditure classification of any division within a City department must be approved by City Council. During the year, several supplementary appropriations were necessary.

SUPPLEMENTARY INFORMATION

(This page intentionally left blank.)

MAJOR GOVERNMENTAL FUND

GENERAL FUND

The General Fund is the general operating fund for the City. It is used to account for resources, traditionally associated with governments, which are not required to be accounted for in another fund.

CITY OF CINCINNATI, OHIO
NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Health Services Fund - Used to improve, establish, expand, and/or maintain health services to the citizens of Cincinnati.

Street Construction, Maintenance and Repair Fund - Used to account for street maintenance, repair and cleaning, and the operation and maintenance of traffic signals. Financing is provided by the City's share of State-levied Motor Vehicle License Tax, Gasoline Tax, and reimbursements of expenses.

Parking Meter Fund - Used to account for resources provided by collections from parking meters.

Cable T.V. Fund - Used to account for the proceeds of cable franchise fees received from the cable provider.

Income Tax Infrastructure Fund - Used to account for the proceeds of a .1% levy on earned income for infrastructure purposes.

Income Tax Transit Fund - Used to account for the proceeds of a .3% levy on earned income for transit purposes.

Motor Vehicle License Fund - Used to account for resources provided by the locally levied Municipal Motor Vehicle License Tax.

Special Recreation Fund - Used to account for monies received for special activities such as enrichment exercise programs or caretaker services.

Recreation - Used to account for Federal funds, private contributions, and user fees, and for expenditures made for special recreation activities.

Parks - Used to account for State funds, private contributions, and user fees, and for expenditures made for special parks activities.

Safety - Used to account for Federal and State funds and private contributions, and for expenditures made for public safety purposes.

Health - Used to account for Federal and State funds, private contributions and user fees, and for expenditures made for public health purposes.

Cincinnati Blue Ash Airport - Used to account for the revenue and the expenditures for the operation and maintenance of a municipal airport.

Community Development - Used to account for Federal funds received for city-wide development operations.

Department of Labor Grants - Used to account for Federal funds received for the relief of unemployment through jobs and training.

Other - Used to account for Federal and State funds, private contributions and user fees, and for expenditures for specific purposes not otherwise designated.

Bettman Nature Center - Used to account for the investment and expenditure of bequests made for the Bettman Nature Center.

CITY OF CINCINNATI, OHIO

PERMANENT FUNDS

Groesbeck Endowment - Used to account for the investment and expenditure of bequests made for the cost of music concerts in Burnet Woods.

Schmidlapp Park Music - Used to account for the investment and expenditure of bequests made for the cost of music concerts in Eden Park.

Joanna Peters Bequest - Used to account for the investment and expenditure of bequest made for the treatment of alcoholism.

W. M. Ampt Music Endowment - Used to account for the investment and expenditure of bequests made for the cost of concerts in various City parks.

Crosley Field Trust - Used to account for the investment and expenditure of bequests made for the maintenance of the Crosley Field Sports Complex.

Kroger Trust - Used to account for the investment and expenditure of bequest made for the maintenance of the Hartwell Recreation Center.

Yeatman's Cove Park Trust - Used to account for the investment and expenditure of bequest made for the maintenance of the Yeatman's Cove Park.

Park Board Fund - Used to account for the investment and expenditure of bequests related to the maintenance and improvement of Fleishmann Gardens, the Geier Esplanade, and various citywide parks.

CITY OF CINCINNATI, OHIO

NON-MAJOR ENTERPRISE FUNDS

Parking Facilities - Used to account for the revenue and expenses of the parking meters, garages, and lots of the City.

General Aviation - Used to account for the expenses of Lunken Airport, financed primarily through user fees.

Municipal Golf - Used to account for the revenue received from all golf activities and for the expenses of operating the golf courses of the City.

Stormwater Management - Used to account for the operation, maintenance and improvement of a stormwater management system. Financing is provided by the users of the system in proportion to their use of the system.

CITY OF CINCINNATI, OHIO

INTERNAL SERVICE FUNDS

Purchasing-Reproduction, Printing - Used to account for revenue from City departments and for the expenses of operations and maintenance of the Division of Reproduction and Printing. Also, used to account for the revenue and expenses related to the distribution and sale of materials and supplies.

Fleet Services - Used to account for revenue from City departments for auto repairs and maintenance and to account for the expenses necessary to provide this service.

Property Management - Used to account for proceeds of City leases and land sales and to account for costs of administering the fixed assets of the City.

Mechanized Street Sweeping – Used to account for revenues from various sources and to track revenues and expenditures for materials, salaries, service contracts and other costs associated with the mechanized street sweeping contract awarded to City employees as a result of the managed competition process for this service.

Self Insurance-Medical - Used to account for monies appropriated from the General or other funds or received from contract agencies, employees, members of council and others, including interest earned, and to make expenditures for employee medical costs.

Self Insurance-Workers' Compensation - Used to receive, from all City funds, workers' compensation premium charges, and to pay workers' compensation premium payments, claim costs and reserve settlements.

Regional Computer Center - Used to account for revenue and expenses related to the delivery of data processing services to the City, Hamilton County, and others.

The Schedule of Expenditures of Federal Awards is presented on a Non-GAAP budgetary basis. Total Community Development loans outstanding at December 31, 2005 totaled \$59,636,000.00 Total Rental Rehab loans outstanding totaled \$9,844,000.

CITY OF CINCINNATI, OHIO
INFRASTRUCTURE INCOME TAX

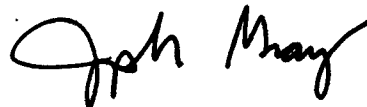

In accordance with the provisions of Chapter 311 of the Cincinnati Municipal Code, an additional earnings tax of .1% shall be levied for costs related to constructing, equipping, maintaining and repair of the City's infrastructure. Such tax shall remain in effect as long as the City appropriates at least the base amount required and subsequently expends funds at a level (ninety percent of the annual base amount within three years) specified in Chapter 311, CMC.

The following data summarizes the results of the City's compliance with the infrastructure income tax requirements for 2005 and 2004.

(AMOUNTS IN THOUSANDS)

	<u>2005</u>	<u>2004</u>
Required Base Amount	\$57,550	\$60,693
Actual Appropriated Amount	\$77,484	\$72,960
Infrastructure Expenditures - As of December 31, 2005	\$42,620	\$59,294
Percentage of Expenditures to Base Amount	74.0573%	97.6950%

I hereby certify that the City of Cincinnati appropriated for 2005 an amount sufficient to meet the requirements for continuation of the Infrastructure Income Tax. I also certify that the City of Cincinnati did expend through 2005 for the 2004 Infrastructure year more than 90% of the annual base amount, which satisfies the requirements for continuation of the Infrastructure Income Tax.

CITY OF CINCINNATI, OHIO

STATISTICAL SECTION

This section of the City of Cincinnati's comprehensive annual financial report provides detailed historical and economic information for users of the financial statements, notes to the financial statements, and required supplementary information for the purpose of assessing and evaluating the City's economic condition.

Financial Trends – This section provides information on the City's net assets, changes to net assets and fund balance for assessing the changes in financial position over time.

Revenue Capacity – This section provides information on the City's ability to generate revenue, specifically income tax (the major source of revenue for governmental activities) and property tax revenue.

Debt Capacity Information – This section provides information on the City's outstanding debt, debt limitations and the ability to leverage and pay future debt.

Demographic and Economic Information – This section provides information about the environment in which the City operates.

Operating Information – This section provides operating information related to the City's infrastructure, assets and services provided by function.

Sources: Unless otherwise noted, the information in these statistical schedules is from the comprehensive annual financial reports for the relevant years. The City implemented GASB 34 in 2002; schedules presenting government wide information include information beginning in that year.

2001	4,363,447,780	377,645,690	687,613,910	5,428,707,380	10.76
2002	4,379,262,050	304,549,100	644,918,170	5,328,729,320	10.76
2003	4,871,308,460	319,863,560	535,538,450	5,726,710,470	10.63
2004	4,930,272,530	323,749,180	536,114,777	5,790,136,487	10.36
2005	4,836,981,760	319,434,990	542,827,280	5,699,244,030	10.34

The current assessed valuation for 2005 is computed at approximately the following percentages of estimated true value:

real property - 35%; public utilities - various; and tangible personal property machinery and equipment - 25%; inventory - 25%.

For real property, the estimated true values for the last ten years are computed as follows:

Year	Estimated True Values	Year	Estimated True Values
1996	\$ 10,091,037,514	2001	\$ 12,466,993,657
1997	10,663,751,117	2002	12,512,177,286
1998	10,669,249,771	2003	13,918,024,171
1999	10,713,364,285	2004	14,086,492,943
2000	12,466,695,114	2005	13,819,947,886

For public utility property and tangible personal property, the City is not able to calculate estimated true values for the last ten years because the tangible personal property components (machinery and equipment, and business inventory) have been assessed over the years at different percentages.

(a) Reflects the addition of Butler County.

(b) Reflects the effect of a 12.5% bill proration and billing lag on the level of revenues to be received in the first year of each revenue adjustment.

(c) Does not include interest earnings from construction fund which will be used to fund future projects and reduce additional borrowing.

(d) Inflation factors used in calculations are 2.6-3.0% increases for Non-Personnel Costs and 3% increases in Personnel Costs

(e) Estimated Future Issues assuming revenue bonds (20 years bonds) as follows:

Year	Proceeds Required	Debt Service Reserve/ Bond Issuance Costs	Total Issue	Interest Rate
2007	\$62.166MM	\$6.273MM	\$68.439MM	5.50%
2009	\$108.357MM	\$10.933MM	\$119.290MM	5.75%

(f) Assumed to have a 3.00% interest rate.

(g) General Obligation Bond debt issued for Water System and SCIP loans.

(h) It has been the policy of the Utility to maintain a working capital reserve equal to 15% of the prior fiscal year's O&M Expenses.

City Solicitor	\$110,055- \$148,573
Various Department Directors	\$94,192 - \$127,648

MAYOR and CITY COUNCIL

The mayor is elected for a four-year term by the voters of Cincinnati. The legislature of the City is a nine-member council elected at large on a partisan basis for two-year terms. The vice-mayor is chosen by the mayor from the councilmembers. A list of the council incumbents and the term each is presently serving appears on page (xiii). The mayor selects the city manager, but the mayor's nominee must be approved by a majority of the council. The city manager appoints the deputy city manager and the department directors.
