NOTES TO THE FEDERAL AWARDS EXPENDITURES SCHEDULE DECEMBER 31. 2004

NOTE A – SIGNIFICANT ACCOUNTING POLICIES

The accompanying Federal Awards Expenditures Schedule (the Schedule) summarizes activity of the City of Parma's (the City's) federal award programs. The schedule has been prepared on the cash basis of accounting for all programs and the City has excluded federal financial assistance reported for the Annual Contribution Contract C – Housing Assistance Payment Program.

NOTE B - MATCHING REQUIREMENTS

Certain Federal programs require that the City contribute non-Federal funds (matching funds) to support the Federally-funded programs. The expenditure of non-Federal matching funds is not included on the Schedule.

NOTE C - FOOD DISTRIBUTION

Nonmonetary assistance, meals received from the Western Reserve Area Agency on Aging, is reported on the Schedule at the value of \$2.34 per meal served.

For congregate meals, the U.S. Department of Health and Human Services allocates \$2.28 per meal. For home delivered meals, the U.S. Department of Health and Human Services allocates \$2.34 per meal.

For the year ended December 31, 2004, the City served 23,027 congregate meals and 7,380 home delivered meals through the City's Senior Citizens Center meal programs. Therefore, \$69,771 was allocated to the U.S. Department of Health and Human Services.

NOTE D - COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) REVOLVING LOAN PROGRAMS

The City has established a revolving loan program to provide low-interest loans to persons from low-moderate income households to rehabilitate homes. The Federal Department of Housing and Urban Development (HUD) grants money for these loans directly to the City. The initial loan of this money is recorded as a disbursement on the accompanying Federal Awards Expenditures Schedule (the Schedule). Loans repaid, including interest, are used to make additional loans. Such subsequent loans are subject to certain compliance requirements imposed by HUD, but are not included as disbursements on the Schedule. These loans are collateralized by mortgages on the property. At December 31, 2004, the gross amount of loans outstanding under this program was \$12,605.

CFDA – Catalog of Federal Domestic Assistance.

N/A – Not applicable for direct programs; not available for pass-through programs.

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

City of Parma Cuyahoga County 6611 Ridge Road Parma, Ohio 44129

To the Members of Council:

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Parma, Cuyahoga County, Ohio, (the City) as of and for the year ended December 31, 2004, which collectively comprise the City's basic financial statements and have issued our report thereon dated March 8, 2006. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City's internal control over financial reporting to determine our auditing procedures in order to express our opinions on the financial statements and not to opine on the internal control over financial reporting. However, we noted certain matters involving the internal control over financial reporting and its operation that we consider reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect the City's ability to record, process, summarize, and report financial data consistent with management's assertions in the financial statements. Reportable conditions are described in the accompanying schedule of findings as items 2004-004 through 2004-006.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts material to the financial statements we audited may occur and not be timely detected by employees when performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered material weaknesses. However, we do not believe the reportable conditions described above are material weaknesses. In a separate letter to the City's management dated March 8, 2006, we reported other matters involving internal control over financial reporting we did not deem reportable conditions.

Lausche Building / 615 Superior Ave., NW / Twelfth Floor / Cleveland, OH 44113-1801 Telephone: (216) 787-3665 (800) 626-2297 Fax: (216) 787-3361 www.auditor.state.oh.us City of Parma
Cuyahoga County
Independent Accountants' Report on Internal Control Over
Financial Reporting and on Compliance and Other Matters
Required by Government Auditing Standards
Page 2

Compliance and Other Matters

As part of reasonably assuring whether the City's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express an opinion. The results of our tests disclosed instances of noncompliance or other matters we must report under *Government Auditing Standards* which are described in the accompanying schedule of findings as items 2004-001 through 2004-003. In a separate letter to the City's management dated March 8, 2006, we reported other matters related to noncompliance we deemed immaterial.

We intend this report solely for the information and use of the audit committee, management, City Council, federal awarding agencies, and pass-through entities. It is not intended for anyone other than these specified parties.

Betty Montgomeny

March 8, 2006

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

City of Parma Cuyahoga County 6611 Ridge Road Parma, Ohio 44129

To the Members of Council:

Compliance

We have audited the compliance of the City of Parma, Cuyahoga County, Ohio, (the City) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133, Compliance Supplement that apply to each of its major federal programs for the year ended December 31, 2004. The summary of auditor's results section of the accompanying schedule of findings identifies the City's major federal program. The City's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to its major federal program. Our responsibility is to express an opinion on the City's compliance based on our audit.

Federal programs of the Annual Contribution Contract C – Housing Assistance Payment Program are subjected to audit procedures under the OMB Circular A-133 and are reported on separately by other auditors.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to reasonably assure whether noncompliance occurred with the types of compliance requirements referred to above that could directly and materially affect a major federal program. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing other procedures we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the City's compliance with those requirements.

In our opinion, the City of Parma, Cuyahoga County, Ohio, complied, in all material respects, with the requirements referred to above that apply to each of its major federal programs for the year ended December 31, 2004.

Lausche Building / 615 Superior Ave., NW / Twelfth Floor / Cleveland, OH 44113-1801 Telephone: (216) 787-3665 (800) 626-2297 Fax: (216) 787-3361 www.auditor.state.oh.us City of Parma
Cuyahoga County
Independent Accountants' Report on Compliance with Requirements
Applicable to Each Major Federal Program and on Internal Control Over
Compliance In Accordance with OMB Circular A-133
Page 2

Internal Control Over Compliance

The City's management is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the City's internal control over compliance with requirements that could directly and materially affect a major federal program to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be timely detected by employees when performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

Federal Awards Expenditures Schedule

We have audited the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Parma, Cuyahoga County, Ohio, as of and for the year ended December 31, 2004, and have issued our report thereon dated March 8, 2006. Our audit was performed to form opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying federal awards expenditures schedule provides additional information as required by OMB Circular A-133 and is not a required part of the basic financial statements. We subjected this information to the auditing procedures applied in the audit of the basic financial statements. In our opinion, this information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

We intend this report solely for the information and use of the audit committee, management, City Council, federal awarding agencies, and pass-through entities. It is not intended for anyone other than these specified parties.

Betty Montgomery Auditor of State

Butty Montgomery

SCHEDULE OF FINDINGS OMB CIRCULAR A -133 § .505 DECEMBER 31, 2004

2. FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

FINDING NUMBER 2004-001

Appropriations Exceeding Estimated Resources

Ohio Rev. Code Section 5705.39 prohibits a political subdivision from making a fund appropriation in excess of estimated resources available for expenditure from the fund. In addition, Ohio Rev. Code Section 5705.40 requires that any appropriation measure may be amended or supplemented as long as the entity complies with the same provisions of the law as are used in making the original appropriation. The following funds, which were corrected at year end, had appropriations which were in excess of estimated resources as reported on the Official Certificate of Estimated Resources.

October 31, 2004:

| | Estimated | | |
|-----------------------|--------------|----------------|---------------|
| Fund | Resources | Appropriations | Variance |
| | | | |
| Disaster Preparedness | \$ 30,559 | \$ 80,850 | (\$50,291) |
| Noxious Weeds | \$ 13,934 | \$ 26,550 | (\$ 12,616) |
| Parma Public Housing | \$ 3,547,656 | \$ 5,185,086 | (\$1,637,430) |

We recommend the City review appropriations and estimated resources, on a monthly basis, and make the necessary revisions to the budget and the County Auditor in order to comply with legal budgetary requirements.

FINDING NUMBER 2004-002

Negative Cash Fund Balances

Ohio Rev. Code Section 5705.10 requires, in part, that money paid into any fund shall be used only for the purposes for which that fund is established. As a result, a negative fund balance indicates that money from one fund was used to cover the expenses of another fund. At October 31, 2004, the City carried negative cash fund balances in the Fair Housing Fund (\$325,671), West Creek Preservation Fund (\$126,371), Parma Public Housing Fund (\$164,467), Fire Levy Fund (\$164,826), and Street Lighting Fund (\$264,955). At December 31, 2004, the City had a negative cash fund balance in the Fire Pension Fund (\$82,115). The deficit fund balances were the result of a breakdown in monitoring the fund budgets, which precluded the City from transferring or advancing funds.

We recommend the City review the activities of these funds periodically to ensure that an adequate fund balance is maintained and to ensure that monies paid into a fund are used for the purposes for which the fund is established.

SCHEDULE OF FINDINGS OMB CIRCULAR A -133 § .505 DECEMBER 31, 2004

2. FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

FINDING NUMBER 2004-003

Schaaf Recreation Center

Fee Schedules – Hourly Rates

Parma Codified Ordinance Section 961.21 grants the Mayor, Director of Public Service and the Recreation and Park Commissioner the authority to contract with private entities for the usage of the Schaaff Building and to obtain the highest rents available therefore.

During a review of the Recreation Center's rentals, we noted the following:

- Several fees charged for room rentals, whether for an hour or by day, did not fall within the established fee schedule. Frequently these amounts were significantly less.
- Furthermore, the established fee schedule does not list hourly rates for certain rooms. Rather, it lists
 rates based on blocks of hours. We noted that the Recreation Center charged hourly rates rather than
 the lowest block rate for rooms that were rented for less than the minimum hour block.

Failing to establish hourly rental rates and adhere to published rates for customer rentals could result in improperly charging different customer's different rates for the same rooms, charging rates that are inadequate to cover actual costs of operating the facility, or unchecked abuse of discounted or free rentals by various City employees.

According to Recreation personnel, some organizations were charged less because they frequently rented space several times a month, throughout the year, and were on a different fee schedule. These discounted rates, however, were not available in any specific published fee schedule.

We recommend the Recreation Center formally establish hourly rates for all room rentals and secure Council's approval for those rates. We further recommend that Council approve all organizations receiving discounted rates and document the reason for the discount.

FINDING NUMBER 2004-004

Schaaf Recreation Center

Receipt Books

The Recreation Center collects large amounts of cash for various activities, including: athletics registration, room rentals, gym rentals, etc. When monies are collected, a triplicate (3-part), pre-numbered, carbonless, receipt is completed and issued. The white copy of the receipt is given to the customer, the yellow copy is filed with the pay-in, and the pink copy remains in the receipt book.

SCHEDULE OF FINDINGS OMB CIRCULAR A -133 § .505 DECEMBER 31, 2004

2. FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

FINDING NUMBER 2004-004 (Continued)

Schaaf Recreation Center (Continued)

Receipt Books (Continued)

The following observations were made while reviewing the Recreation Center's receipt books:

- 1. Receipt books for the period January 1, 2004 through May 9, 2004 were not available for inspection. There is evidence the Recreation Center issued receipts during this time because pay-ins had the yellow copy of the receipt attached to the pay-in.
- 2. When a receipt was not used or voided, it was not defaced to prevent its use.
- 3. Receipts that were voided were missing the white copy, the yellow copy, or both.
- 4. The pink copy of several receipts did not have any written information; however the white and yellow copies were detached from the book. In some instances, part of the written information was missing although some written information transferred to the carbon image as if something was blocking the transfer.
- 5. One receipt book was not completely used. Rather, only about one half of the book was used. The remaining pages were left intact and a new book was started.

Maintaining control of receipt books ensures accountability over collections. Failure to maintain internal control over receipt books exposes the City to the risk of improper posting of cash receipts, and theft.

We recommend the Recreation Center delegate the responsibility of issuing and collecting receipt books and ensure that one receipt book is turned in prior to issuing another. This individual should maintain a receipt log that identifies the receipt books, series of receipts, and period for which receipts are written. This person should be responsible for monitoring the receipt log activity. This individual should also be responsible for maintaining and safeguarding used receipt books, in a central location. Any receipt not issued because of an error should be properly defaced with all three copies in tact. "Voided" receipts should require the Director or Assistant Director's approval, evidenced by initialing. Finally, under no circumstances should receipts be issued out of numeric order or voided without all three copies present and remaining in tact. Once a receipt book is turned in, it should be reviewed by the Director or Assistant Director for unusual items such as a number of voided receipts, missing parts of the receipts, receipts altered as to name, amount, or date issued, and to verify receipts are voided and properly defaced, and the initial of person issuing receipts are present.

FINDING NUMBER 2004-005

Schaaf Recreation Center

Rental Agreements

The Recreation Center provides rooms for rent. When a person or organization rents a room, either hourly or by day, the Recreation Center will prepare a rental agreement. The rental agreement details the rental time, date, and fee, and also has a line for customer signature.

SCHEDULE OF FINDINGS OMB CIRCULAR A -133 § .505 DECEMBER 31, 2004

2. FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

FINDING NUMBER 2004-005 (Continued)

Schaaf Recreation Center (Continued)

Rental Agreements (Continued)

During a test of Recreation Center daily rentals, we noted the Recreation Center's staff did not always prepare or retain copies of agreements for room rentals. Of sixty room reservations tested, we noted that eight items were either canceled, no-charge, or invalid. Thus of the fifty-two remaining transactions, we noted customer agreements were missing for eleven and of all agreements present thirteen were not signed by the customer. Failing to prepare and acknowledge a customer rental agreement could result in unnecessary disputes arising prior to or subsequent to the rental.

We recommend that rental agreements be negotiated for all room rentals. Rental agreements should require a damage clause holding the rental party liable for damage and clean up. Rental agreements should be signed by the renting agent and renting party. Any reduced rates or exemptions should be approved by the Director or Assistant Director. Also, the rental agreement should require payment in advance with a refundable security deposit. Finally, a receipt must accompany all rental agreements for rental payments.

FINDING NUMBER 2004-006

Schaaf Recreation Center

Rental Fees - Timing

While reviewing the Recreation Center's room rental charges, we noted that customers (and tenants) frequently paid rental fees after the fact. We noted one instance whereby the Cuyahoga Special Education Center (CSEC), which rents 13-rooms for \$8,400 per month, paid four months in arrears, resulting in total charges of \$33,600. During testing of the Recreation Center's facility usage fees for daily rentals, we noted several instances where customer's paid facility usage fees subsequent to the actual rental date. Failing to collect rental fees in advance could result in debts becoming uncollectible.

Monthly rents should be collected in advance from tenants. In addition, we recommend the Recreation Center maintain a tickler file as a reminder to collect facility usage charges in advance of the rental date.

March 8, 2006

To Whom It May Concern:

The following fiscal report reflects the first year of my administration as Mayor. Since taking office on January 1, 2004, my administration has committed itself to providing Parma residents and businesses with excellent municipal services while living within a strict budget.

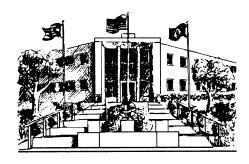

As my term began, each office started with a clean slate. Every department was headed by a new director, and for the first time in years, Parma was managed soundly in every facet.

We were able to continue to offer all the fine services our residents have come to expect and were able to explore new services as well.

I hope that you find this fiscal report to reflect the good work my administration does for Parma, and I look forward to continuing to serve this municipality and its citizens.

Sincerely,

City of Parma, Ohio

6611 Ridge Road • Parma, Ohio 44129 Phone: 440-885-8024

DENNIS M. KISH AUDITOR

March 8, 2006

Honorable Mayor Dean DePiero City of Parma Council and Citizens of the City of Parma, Ohio

Introduction

We are pleased to submit this Comprehensive Annual Financial Report (CAFR) of the City of Parma, Ohio, (the "City") for the year ended December 31, 2004. This report, prepared by the Office of the Auditor, includes the basic financial statements that summarize the various operations and cash flows related to the City's 2004 activities. Our intention is to provide a clear, comprehensive, and materially accurate overview of the City's financial position at the close of last year. The enclosed information has been designed to allow the reader to gain an understanding of the City's finances, including financial trends, financial instruments, and fund performances. The City has complete responsibility for all information contained in this report.

This report consists of management's representations concerning the finances of the City. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the City has established a comprehensive internal control framework that is designed both to protect the City's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City's financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP"). Because the cost of internal controls should not outweigh their benefits, this comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The City's financial statements have been audited by the Auditor of the State of Ohio. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City for the fiscal year ended December 31, 2004, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The Auditor of State concluded, based upon its audit, that there was a reasonable basis for rendering an unqualified opinion that the City's financial statements for the fiscal year ended December 31, 2004, are fairly presented in conformity with GAAP. The Auditor of State's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the City was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available in the City's separately issued Single Audit Report.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of a Management's Discussion and Analysis ("MD&A"). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the Auditor of State's Independent Accountants' Report.

Structure of this Comprehensive Annual Financial Report

This CAFR is designed to assist the reader in understanding the City's finances. This CAFR consists of the following sections:

The Introductory Section, which includes this letter of transmittal and contains information pertinent to the City's management and organization;

The Financial Section contains the Independent Accountants' Report, Management's Discussion and Analysis (MD&A), Basic Financial Statements, and various other statements and schedules pertaining to the City's funds and activities;

The Statistical Section contains numerous tables of financial and demographic information. Much of this information is shown with comparative data for the ten-year period from 1995 through 2004.

References throughout this report to Note 1, Note 2, etc., are to the notes to the financial statements included in the Financial Section of this CAFR.

Profile of the Government

The City

The City is a municipal corporation and political subdivision of the State of Ohio. It is located in Cuyahoga County in northeastern Ohio, approximately eight miles south of the downtown center of the City of Cleveland.

The City is part of the Cleveland-Akron Ohio Consolidated Metropolitan Statistical Area ("CMSA"), which is comprised of Ashtabula, Cuyahoga, Lake, Lorain, Geauga, Medina, Portage, and Summit counties. This CMSA is the 16th largest of 280 Metropolitan Areas in the United States, and the largest Metropolitan Area in the State of Ohio. Parma is the seventh largest city in the State of Ohio.

City Government

The City is a political subdivision of the State of Ohio and is operated according to state statute. The City was originally established as a township in 1826, incorporated as a village in 1924, and organized as a city in 1931. The City operates under, and is governed by, the Mayor/Council form of government in accordance with general laws. Under the Ohio Constitution, the City may exercise all powers of local self-government to the extent not in conflict with applicable general laws.

The City's chief executive and administrative officer is the Mayor, elected by the voters for a four-year term. Dean DePiero was elected as Mayor of the City in November 2003, and began his first term on January 1, 2004. Prior to assuming office as Mayor, Mr. DePiero served as a member of the Ohio House of Representatives and as a member of the City of Parma Council. The Mayor is the chief conservator of peace within the City. He may appoint and remove the director of public service, the director of public safety and the heads of the sub departments of public service and public safety. The Mayor approves every ordinance or resolution of the City before it goes into effect. If he approves the ordinance or resolution, he will sign and return it to Council. If he does not approve it, he will return it with his objections, which may be overridden by a two-thirds vote of all members of Council. The Mayor sees that all ordinances, bylaws, and resolutions of Council are faithfully obeyed and enforced. He signs all commissions, licenses, and permits.

Legislative authority is vested in a nine-member Council. Nine members are elected from wards for two-year terms. The Council fixes compensation of City officials and employees, and enacts ordinances and resolutions relating to City services, tax levies, appropriating and borrowing money, licensing and regulating businesses and trades and other municipal purposes. The powers of Council are legislative. The presiding officer is the President of Council. Other elected officials include the Law Director, Auditor, Treasurer, Judges, and Clerk of the Municipal Court.

The Law Director defends and acts as legal counsel for all complaints, lawsuits, and other controversies naming as a party the City, any board or agency of the City or the Parma Municipal Court. The Law Director confers with and renders legal opinions to elected officials and department heads pertaining to City matters, and prepares all legislation requested by Council, the Administration, and department heads. When requested by the Parma City School District, the Law Director renders legal opinions, defends lawsuits, and reviews contracts and leases for the school district.

The City Auditor is the City's chief fiscal and accounting officer. The Auditor's duties include maintaining the accounting records, preparing monthly and year-end reports, and ensuring that expenditures do not exceed appropriations. The Auditor has charge of the financial affairs of the City, including the keeping and supervision of all City accounts.

The City Treasurer has custody of all City monies, is responsible for investing City funds, and oversees the operation of the income tax department. He is also involved in the financing of City operations and capital construction through the issuance of short-term notes and long-term bonded debt.

The Mayor, Law Director, Auditor, and Treasurer are all elected to four-year terms.

Financial Reporting Entity

The City has applied guidelines established by Governmental Accounting Standards Board ("GASB") Statement No. 14, *The Financial Reporting Entity*. Provisions outlined in this statement define the operational, functional and organizational units for which the City "acting as Primary Government" is required to include as part of its reporting entity. The inclusion of a component unit as part of the City's reporting entity requires the appointment of a voting majority of the component unit's board, and either (1) the City's ability to impose its will over the component unit, or (2) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the City. Currently, the City does not have any component units.

Under these provisions, the City's financial reporting entity acts as a single rather than multi-component unit. The provisions permit the entity to include all funds, agencies, and boards and commissions that, by definition, comprise components within the primary government itself. For the City, these components include police and fire protection services, parks and recreation, health, select social services, and general administrative services. The City's only enterprise activity is a municipal golf course.

In accordance with GASB Statement No. 14, the Parma Community General Hospital Association and the Southwest Council of Governments are jointly governed organizations for which the City has no ongoing financial interest or responsibility. Neither of these organizations are included within the City's reporting entity.

Internal Control

Management of the City is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the City are protected from loss, theft or misuse. The internal control structure ensures that accounting data is compiled to allow for the preparation of financial statements in conformity with GAAP. The internal control structure is designed to provide reasonable assurances that these objectives are met. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

Consistent with the aforementioned safeguarding of assets, all employees of the City are covered by a blanket bond while certain individuals in policy-making roles are covered by a separate, higher limit bond coverage.

As a recipient of federal, state and county financial assistance, the City is also responsible for maintaining a rigorous internal control structure that ensures full compliance with applicable laws and regulations related to those programs. This internal control structure is subject to periodic evaluation by management and the City's external auditors. The City is required to undergo an annual audit in conformity with the provisions of the Single Audit Act Amendments of 1996 and U.S. Office of Management and Budget circular A-133, *Audits of State and Local Governments and Non-profit Organizations*. The information related to the Single Audit, including the federal awards expenditures schedule, findings and recommendations, and auditor's reports on the internal control structure and compliance with applicable laws and regulations, is included in a separate report.

Accounting and Financial Reporting

The City's accounting system is organized and operated on a fund basis. A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts. The types of funds to be used are determined by GAAP and the number of individual funds established is determined by sound financial administration. Each fund is a separate accounting entity with its own self-balancing set of accounts, assets, liabilities, and fund balance. The City's governmental funds include the General Fund, Special Revenue Funds, Debt Service Funds, and Capital Projects Funds. The City's Proprietary Funds are its Enterprise Funds that provide services to the general public, and Internal Service Funds that provide services to City departments, and divisions. The City also maintains Fiduciary Funds to account for assets held by the City as an agent or in a trust capacity for individuals, private organizations and other governments.

Except for budgetary purposes, the basis of accounting used by the City conforms to GAAP as applicable to governmental units. All governmental funds are accounted for using a current financial resources-current assets and current liabilities-measurement focus. The modified accrual basis of accounting is utilized for governmental funds. Revenues are recognized when they are susceptible to accrual (both measurable and available). Expenditures are recognized when the related liability is incurred, except for interest on long-term debt which is recorded when due.

The measurement focus of the City's enterprise and internal service funds is on the flow of total economic resources (all assets and liabilities). The accrual basis of accounting (revenues are recognized when earned and expenses when incurred) is utilized for the enterprise and internal service funds.

The City's basis of accounting for budgetary purposes differs from GAAP in that revenues are recognized when received, rather than when susceptible to accrual (measurable and available), and encumbrances are included as expenditures rather than included in fund balances.

For the year ended December 31, 2004, the City changed its financial reporting to comply with GASB Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*. Accordingly, government-wide financial statements, which include all governmental and proprietary funds, are presented on the full accrual basis of accounting. As permitted under the implementation provisions of GASB Statement No. 34, the historical cost of infrastructure assets acquired, significantly reconstructed or that received significant improvements prior to January 1, 1980 have not been included as part of governmental capital assets in the government-wide financial statements. The City will include infrastructure assets placed in service after January 1, 1980 but prior to January 1, 2003 in the government-wide financial statements as permitted under the implementation provisions of GASB Statement No. 34. In conjunction with the implementation of GASB 34, the City has also adopted GASB Statement No. 38, *Certain Financial Statement Note Disclosures*, which rescinds some and modifies other financial statement disclosure requirements.

Budgeting Procedures

Detailed provisions for City budgeting, tax levies and appropriations are made in the Ohio Revised Code. The procedures involve review by Cuyahoga County officials at several steps.

City budgeting for a fiscal year formally begins with the preparation, and then the adoption after a public hearing in July, of a tax budget for the following fiscal year. For debt service, the tax budget must show the amounts required, the estimated receipts for payment from sources other than ad valorem property taxes, the net amount for which a property tax levy must be made, and the portions of that levy to be inside and outside the ten-mill limitation. The tax budget is then presented for review by the County Budget Commission comprised of the County Auditor, County Treasurer and Prosecuting Attorney.

As part of that review, the County Budget Commission determines and approves levies for debt service outside and inside the ten-mill limitation. The Ohio Revised Code provides that "if any debt charge is omitted from the budget, the commission shall include it therein."

Upon its approval of the tax budget, the County Budget Commission certifies its action to the City together with the estimate by the County Auditor of the tax rates outside and inside the ten-mill limitation. Thereafter, and before the end of the current calendar year, the Council approves the tax levies and certifies them to the proper County officials. The approved and certified tax rates are then reflected in the tax bills sent to property owners. Real property taxes are payable in two installments, the first usually in January and the second in July.

A temporary appropriation ordinance to control expenditures may be passed on or about January 1 of each year for the period from January 1 to March 31. The annual appropriation ordinance must be passed by April 1 of each year for the period January 1 to December 31. Annual appropriations may not exceed the County Budget Commission's official certificate of estimated resources, and the County Auditor must certify that the City's appropriation measures do not appropriate monies in excess of the amounts set forth in those estimates.

Appropriations are adopted and control is maintained at the detail object level. Estimated expenditure amounts must be encumbered prior to the release of purchase orders to vendors or finalization of other contracts.

Factors Affecting Financial Condition

The City provides the full range of municipal services. These services include a municipal court, police, fire, emergency medical, recreation (including parks, skating, swimming and golf), street construction, maintenance and repair, contracting refuse collection, sewer services and repair, community development, public health and welfare and general administrative services. The primary government includes all departments that provide these services.

Major industries, Economic Conditions, and Employment

The Metal Fabrication Division of General Motors Corporation continues to be the largest contributor to the City in the area of income and property tax revenues. Its 2,600 employees represent one-half of the City's total manufacturing jobs. The Metal Fabrication Division serves a variety of General Motors product lines and is not heavily dependent on one vehicle type. According to Harbour and Associates, a Michigan-based firm generally recognized as an industry authority in manufacturing efficiency measurement, the Parma GM stamping division was recognized as one of the top-ranked plants in stamping productivity. The 2004 report noted that operations have averaged 5% improvement in productivity measures over the last four years.

Current Year Projects

Land acquisition for the construction of two new fire stations is underway. The two stations will replace two aging stations in the north end of the City. To finance this project, \$7 million of general obligation bonds were issued in June 2005. The bonds, which have maturities ranging up to 20 years, will be repaid with revenues generated by the City's Emergency Medical Services fund.

Numerous residential sewer programs to convert septic systems to sanitary sewers have begun along the West Creek Preserve corridor of the City. Funding for these programs will come from a combination of federal and state grants, City contributions, and residential special assessments.

Pittsburgh-based Dick's Sporting Goods opened a new 50,500 square-foot store in the Parmatown mall on the former site of a cinema in September, 2005.

The City signed a 99-year lease agreement with the Cleveland MetroPark System as part of the MetroPark System's plans to expand its reserve from 160 acres to 400 acres.

Future Economic Outlook

Parma Community General Hospital (PCGH) continues to serve as an important resource for the community, not only as a health care provider but also as an employer and a philanthropic partner. The Hospital is the second largest employer behind General Motors. As a not-for-profit hospital, any earnings in excess of expenditures stay in the community and are fed back to improve residents' health status and enhance available services. Parma Hospital receives no taxpayer support.

PCGH received a five-star rating for clinical excellence in orthopedics from HealthGraders, Inc, the nation's leading health care rating company. The study ranked PCGH as the number one provider of joint replacement surgeries in the State of Ohio.

Cash Management

The City strictly adhered to the regulations set forth in the Ohio Revised Code to ensure the safety of its investments. All deposits are made under contracts with local banking institutions.

A majority of the City's deposits are collateralized by pooled collateral. By law, financial institutions may establish a collateral pool to cover all public deposits. The face value of the pooled collateral must equal at least one hundred five percent of the public funds on deposit. The collateral is held by trustees, including the Federal Reserve Bank and designated third party trustees, of the financial institutions.

The City's investment policies ensure efficient and profitable use of the City's cash resources and reduce the credit and market risks associated with the deposit and investment of City funds. Significant elements of the City's current cash management program include the following objectives:

A more streamlined bank account structure;

On-line connection to banks that advise the City of funds available each day for disbursement and investment;

Improved control over the timing of disbursements;

More sophisticated management of the City's investment portfolio;

Reconciliation of investments to the market value of the collateral pledged;

Investments transacted on a delivery versus payment basis;

Risk Management

During 2004, the City of Parma's Liability Self Insurance Program continued under the authority of Section 2744.08 of the Ohio Revised Code. The program's goal is to minimize loss potential in all areas of City operations. In order to reduce the City's loss potential, the City has instituted procedural changes in both its self insurance program and day-to-day operations, while initiating additional loss control policies.

The City's Self Insurance Risk Management Program has accepted the following types of potential loss exposures through its Self Insurance Risk Management program: general liability, automobile liability, law enforcement liability, fire department liability, fire department errors and/or omissions, public officials and employees legal liability, and property loss including contents and boilers.

The City is in the 17th year of a medical insurance self insurance program. The level of risk assumed is limited by the City's purchase of specific stop-loss coverage on a per-person basis.

The City continued to participate in the retrospective rating plan in accordance with the State of Ohio Bureau of Workers' Compensation. Under this plan, the City agrees to pay a fraction of the premium it would normally pay, while accepting the responsibility of reimbursing workers' claims as they become due. The City may benefit from this plan not only from lower initial minimum payments, but also from the cashflow accumulation the City realizes. The level of risk assumed by the City is limited to a maximum of two times the experience-rated annual premium with a \$250,000 per claim limit. The various safety and loss control programs initiated under the self insurance program have, as expected, impacted favorably on the workers' compensation costs to date and are expected to save the City additional amounts throughout the future. The City is comfortable with the degree of risk it has assumed under this plan.

Awards and Acknowledgements

The Independent Audit: The City of Parma is not legally required to prepare a CAFR. However, we believe that in these times of economic uncertainty, the City is best served by producing a CAFR that aspires to the highest level of national standards. Furthermore, we believe an independent audit is an essential element in financial control. We are pleased that Betty Montgomery, Auditor of State, has chosen to audit the City of Parma. The Independent Accountants' Report on the basic financial statements is included in this report.

Awards: The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting ("Certificate") to the City of Parma, Ohio for its CAFR for the year ended December 31, 2003. In order to be awarded a certificate, a governmental unit must publish an easily readable and efficiently organized CAFR which conforms to generally accepted accounting principles and applicable legal requirements.

The Certificate is the highest form of recognition in the area of governmental financial reporting, and its attainment represents a significant accomplishment by a government and its management. During 2003, the City was one of only 117 cities in Ohio and 1,662 cities in the United States which received this coveted award. The Certificate is valid for a period of one year only.

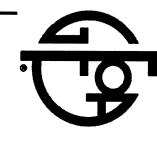

Acknowledgments: The preparation of this report could not have been accomplished without the efficient and dedicated service of the Office of the Auditor. We would also like to thank the Mayor, his cabinet, and members of City Council. Without their continued support, the Office of the Auditor could not have maintained the financial management practices required to ensure the financial integrity of the City. We would like to thank the representatives of the Auditor of the State of Ohio for their efforts and professional conduct throughout the audit engagement.

Sincerely,

Dennis M. Kish

Dennis M. Kish

Auditor

The Government Finance Officers Association of the United States and Canada

presents this

AWARD OF FINANCIAL REPORTING ACHIEVEMENT

6

Dennis M. Kish

Auditor City of Parma, Ohio

The award of Financial Reporting Achievement is presented by the Government Finance Officers Association to the individual(s) designated as instrumental in their government unit achieving a Certificate of Achievement for Excellence in Financial Reporting. A Certificate of Achievement is presented to those government units whose annual financial reports are judged to adhere to program standards and represents the highest award in government financial reporting.

INDEPENDENT ACCOUNTANTS' REPORT

City of Parma Cuyahoga County 6611 Ridge Road Parma. Ohio 44129

To the Members of Council:

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Parma, Cuyahoga County, Ohio, (the City) as of and for the year ended December 31, 2004, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Parma, Cuyahoga County, Ohio, as of December 31, 2004, and the respective changes in financial position and where applicable, cash flows, thereof and the budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated March 8, 2006, on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Management's Discussion and Analysis is not a required part of the basic financial statements but is supplementary information accounting principles generally accepted in the United States of America requires. We have applied certain limited procedures, consisting principally of inquiries of management regarding the methods of measuring and presenting the required supplementary information. However, we did not audit the information and express no opinion on it.

Lausche Building / 615 Superior Ave., NW / Twelfth Floor / Cleveland, OH 44113-1801 Telephone: (216) 787-3665 (800) 626-2297 Fax: (216) 787-3361 www.auditor.state.oh.us City of Parma Cuyahoga County Independent Accountants' Report Page 2

Butty Montgomery

We conducted our audit to opine on the financial statements that collectively comprise the City's basic financial statements. The introductory section, combining and individual nonmajor fund statements and schedules and statistical tables provide additional information and are not a required part of the basic financial statements. We subjected the combining and individual nonmajor fund statements and schedules to the auditing procedures applied in the audit of the basic financial statements. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole. We did not subject the introductory section and statistical tables to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we express no opinion on them.

Betty Montgomery Auditor of State

March 8, 2006

Management's Discussion and Analysis For the Year Ended December 31, 2004 Unaudited

The discussion and analysis of the City of Parma's (the City) financial performance provides an overall review of the City's financial activities for the year ended December 31, 2004. The intent of this discussion and analysis is to look at the City's financial performance as a whole; readers should also review the transmittal letter and the basic financial statements to enhance their understanding of the City's financial performance.

FINANCIAL HIGHLIGHTS

Key financial highlights for 2004 are as follows:

- The assets of the City exceeded its liabilities at December 31, 2004 by \$22,921,529 (net assets). Of this amount, \$6.8 million (unrestricted net assets) may be used to meet the government's ongoing obligations to citizens and creditors.
- Of the \$22,921,529 of net assets, business-type activities account for approximately \$1,699,838 of net assets, while governmental activities net assets were \$21,221,691.
- The City's net assets increased by \$5,635,232 during 2004 due to governmental activities' revenues exceeding expenses.
- Business-type net assets increased by \$63,991. The increase in business-type net assets was primarily attributed to a decrease in long-term liabilities.
- Governmental activities net assets increased by \$5,571,241. The primary component of the net increase was capital grants and contributions.
- At the end of the current fiscal year, unreserved fund balance for the general fund was \$4,998,786 and is available for spending at the City's discretion. The unreserved fund balance equals 13.4 percent of total current year general fund expenditures.
- The City's total governmental activities debt decreased by \$2,160,541 (4.3 percent) during the current fiscal year. The decrease was primarily attributable to payments on the City's general obligation bonds and capital leases.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

Government-wide Financial Statements. The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business. The statement of net assets and the statement of activities provide information about the activities of the whole city, presenting both an aggregate view of the City's finances and a longer-term view of those assets. Major fund financial statements provide the next level of detail.

The statement of net assets presents information on all of the City's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

Management's Discussion and Analysis For the Year Ended December 31, 2004 Unaudited

The statement of activities presents information showing how the City's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City principally include: general government, public service, public safety, human resources, community development, public health, parks and recreation, and economic development. The business-type activities of the City consist of a municipal golf course. The City also has liability self-insurance, medical insurance, and worker's compensation internal service funds.

The government-wide financial statements can be found starting on page 29 of this report.

Fund Financial Statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on the near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements. For governmental funds, these statements tell how services were financed in the short term as well as what dollars remain for future spending. The fund financial statements also look at the City's most significant funds with all other nonmajor funds presented in total in one column.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balance provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains 65 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Debt Service Fund, and City Income Tax Capital Acquisitions Fund; all of which are considered to be major funds. Data from the other 62 nonmajor governmental funds are combined into a single fund, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The City adopts an annual appropriated budget for each of its governmental funds. A budgetary comparison statement (non-GAAP basis) has been provided for each major and nonmajor fund to demonstrate budgetary compliance.

The basic governmental fund financial statements can be found starting on page 32 of this report.

Proprietary funds. The City maintains four proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses an

Management's Discussion and Analysis For the Year Ended December 31, 2004 Unaudited

enterprise fund to account for its golf course operations. Internal service funds are an accounting device used to accumulate and allocate costs internally throughout the City's various functions. The City uses internal service funds to account for its liability self-insurance, medical insurance, and workers' compensation insurance operations. Because these services predominantly benefit governmental rather than business-type functions, they have been included within the governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Golf Course Fund, which is considered to be a major fund of the City. Conversely, internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements elsewhere in this report.

The basic proprietary fund financial statements can be found starting on page 64 of this report

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The City only has agency funds.

The basic fiduciary fund financial statements can be found starting on page 68 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 69 - 98 of this report.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain other information that the City believes readers will find useful. After the notes to the financial statements, the combining statements referred to earlier in connection with nonmajor governmental and proprietary funds are presented, as well as individual detailed budgetary comparisons for nonmajor funds. This information can be found on pages 100 - 228 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

While this document contains information about the funds used by the City to provide services to our citizens, the view of the City as a whole looks at all financial transactions and asks the question "How did we do financially during 2004?" The Statement of Net Assets and the Statement of Activities answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by the private-sector. The basis of this accounting takes into account all of the current year's revenues and expenses regardless of when the cash is received or paid. These two statements report the City's net assets and the changes in those assets. The change in assets is important because it tells the reader whether, for the City as a whole, the financial position of the City has improved or diminished. However, in evaluating the overall position of the City, non-financial information such as changes in the City's tax base and the condition of the City's capital assets will also need to be evaluated. The Statement of Net Assets and the Statement of Activities are divided into the following categories:

- Assets
- Liabilities
- Net Assets (Assets minus Liabilities)
- Program Revenues and Expenses
- General Revenues
- Net Assets Beginning of Year and Year End

Management's Discussion and Analysis For the Year Ended December 31, 2004 Unaudited

The City of Parma as a Whole

Information regarding the government-wide net assets of the City is presented in the following table.

Table 1 Net Assets Summary Statement of Net Assets

| Total net assets | s | 21,221,691 | \$ 15,650,450 | \$ | 1,699,838 | \$ | 1,635,847 | \$ | 22,921,529 | s | 17,286,297 |

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. For the City, assets exceeded liabilities by \$22,921,529 at the close of the most recent fiscal year.

The largest portion of the City's net assets (42.2 percent) reflects its investments in capital assets (e.g., land, land improvements, buildings, and equipment), less any related debt to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other resources, since the capital assets themselves cannot be used to liquidate these liabilities. The second largest portion of the City's net assets (29.8 percent) is the unrestricted portion of net assets.

Total net assets increased \$5,635,232 with governmental net assets comprising \$5,571,241 and business-type activities compromising \$63,991 of that amount.

In order to further understand what makes up the changes in net assets for the current year, the following table gives readers further details regarding the results of activities for the current year.

Management's Discussion and Analysis For the Year Ended December 31, 2004 Unaudited

Table 2 Changes in Net Assets For the Fiscal Year Ended December 31, 2004

Governmental Activities. Several types of revenues fund our governmental activities, with the City income tax being the biggest contributor. The income tax rate was 2 percent for 2004. Both residents and non-residents who work inside the City are subject to the income tax. However, if residents work in a locality that has municipal income tax, the City provides 0.50 percent credit to those who pay income tax to another city. The income tax revenue for 2004 was \$32,559,830. Of the \$72,658,855 in total revenues, income tax accounts for 44.8 percent of that total. Property taxes of \$8,877,827 account for 12.2 percent of total revenues. Operating grants, contributions, and interest, capital grants and contributions, and general revenues from grants and entitlements account for 32.3 percent of total revenues, and charges for services and other revenue make up the remaining 10.7 percent.

General revenues from grants and entitlements, such as local government funds, are also a large revenue generator. The City monitors its sources of revenues very closely for fluctuations, especially income tax.

Management's Discussion and Analysis For the Year Ended December 31, 2004 Unaudited

Total expenses of governmental activities for 2004 were \$67,087,614. The largest program function for the City relates to security of persons and property, which includes the police and fire departments. Security of persons and property accounted for program expenses of \$26,487,182, which is 39.5 percent of the program expenses for governmental activities. General government is the next largest program expense at 30.8 percent, followed by community environment expenses of 10.8 percent. Public health and welfare, transportation, basic utility services, leisure time activities, and interest and fiscal charges comprised 18.9 percent.

Business-Type Activities. Business-type activities increased the City's net assets by \$63,991. Charges for services decreased by \$6,750 and operating expenses increased by \$468. Total expenses of business-type activities were \$1,040,655 for the golf course operations.

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. Information about the City's governmental funds begins on page 100. These funds are accounted for by using the modified accrual basis of accounting.

As of December 31, 2004, the City's governmental funds reported combined ending fund balances of \$11,480,006 Of that amount \$10,994,068 constitutes unreserved fund balances, which is available for spending at the government's discretion. The remainder of the fund balance, \$485,938, is reserved to indicate that it is not available for new spending because it has already been committed to liquidate contracts and purchase orders of the prior period or is reserved for inventory and loans.

The General Fund had total revenues of \$40,139,328 and expenditures of \$41,694,719, thereby decreasing the General Fund's fund balance by \$1,555,391 to \$5,140,522.

The General Fund is the chief operating fund of the City. At the end of the current fiscal year, the unreserved fund balance of the General Fund was \$4,998,786, while the total fund balance was \$5,140,522. As a measure of the General Fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total fund expenditures. Unreserved fund balance represents 12.0 percent of total general fund expenditures, while total fund balance represents 12.3 percent of that same amount.

Proprietary funds. The City's proprietary fund provides the same type of information found in the government-wide financial statements, but in more detail. Unrestricted net assets of the Ridgewood Municipal Golf Course at the end of the year amounted to \$230,167. Other factors concerning the finances of this fund have already been addressed in the discussion of the City's business-type activities.

GENERAL FUND BUDGETARY ANALYSIS

The City's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

During the course of 2004, the City amended its General Fund budget numerous times. All recommendations for a budget change come from the City Auditor to the Finance Committee of Council for review before going to the whole council for ordinance enactment on the change. With the general fund supporting many of our major activities

Management's Discussion and Analysis For the Year Ended December 31, 2004 Unaudited

such as our police and fire departments, as well as most legislative and executive activities, the General Fund is monitored closely looking for possible revenue shortfalls or over spending by individual departments.

For the General Fund, original and revised budgeted revenues were \$38,801,201 and \$39,466,006, respectively. Very conservative revenue projections at the beginning of the year played out as actual revenues were very close to projections. Actual revenues were \$41,062,729.

The City's ending unencumbered cash balance in the general fund was \$2,894,896.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital assets: The City's investment in capital assets for its governmental and business-type activities as of December 31, 2004, amounts to \$ 38,336,306(net of accumulated depreciation). This investment in capital assets includes land, land improvements, buildings, equipment; vehicles, software, and infrastructure. As permitted under the implementation provisions of GASB Statement No. 34, the historical cost of infrastructure assets acquired, significantly reconstructed or that received significant improvements prior to January 1, 1980 have not been included as part of governmental capital assets in the government-wide financial statements. Infrastructure assets placed in service after December 31, 2002 have been included as part of governmental capital assets in the government-wide financial statements. The total increase in the City's investment in capital assets for the current fiscal year was 15.5 percent (an 16.5 percent increase for governmental activities and a 3.5 percent decrease for business-type activities). A summary of the City's capital assets at December 31, 2004 is as follows:

Table 3
Capital Assets (net of depreciation)

| | Governmental Activities | | Business-type Activities | | Total | |
|----------------------------------------|-------------------------|------------|--------------------------|-----------|------------|------------|

See Note 9 of the Basic Financial Statements for additional information on the City's capital assets.

Debts At the end of the current fiscal year, the City had \$34,918,126 in bonds, loans, police and firemen's pension liability, capital leases and compensated absences outstanding with \$2,560,425 due within one year. A summary of outstanding debt at December 31, 2004 follows.

Management's Discussion and Analysis For the Year Ended December 31, 2004 Unaudited

Table 4

General Obligation Notes represent unvoted general obligation bond anticipation notes payable from ad valorem property taxes.

The General Obligation Bonds outstanding are comprised of unvoted general obligation bonds of the City payable from ad valorem property taxes and special obligation bonds.

The principal and interest for the Special Assessment Bonds outstanding will be retired with assessments levied against property owners and/or general levies of the City based on the improvements/benefit to the respective parties. Assessments are collected by the Cuyahoga County Auditor and will be received over periods ranging from five to ten years, with interest equal to the interest on the bonds and notes issued to finance the improvements.

The Ohio Public Works Commission Loans are paid semi-annually from the Debt Service Fund and will be paid in full in the year 2021.

The Ohio Water Development Authority Loans are paid semi-annually from the Debt Service Fund and will be paid in full in the year 2019.

The City's overall legal debt margin was \$151,735,931 at December 31, 2004.

See Note 14 of the Basic Financial Statements for additional information on the City's debt.

CURRENT FINANCIAL RELATED ACTIVITIES

The City of Parma, like all municipalities both locally and nationally, continues to face the challenges of economic recession. Basic operating costs continue to rise due to negotiated salary increases, higher benefit costs, and federal and state mandates placed upon municipalities while federal and state funding is being reduced.

CONTACTING THE CITY'S OFFICE OF THE AUDITOR

This financial report is designed to provide our citizens, taxpayers, creditors, and investors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have any questions about this report or need additional financial information, contact Dennis M. Kish, Parma City Auditor, 6611 Ridge Road, Parma, OH 44129.

City of Parma, Ohio Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Blances of Governmental Funds to the Statement of Activities December 31, 2004

| Net Change in Fund Balances - Total Governmental Funds | | (\$2,351,218) |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------|---------------|
| Amounts reported for governmental activities in the statement of activities are different because: | | |
| Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of these assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the current period | | |
| Capital outlay Depreciation | 6,753,125 (1,539,910) | |
| Total | | 5,213,215 |
| Governmental funds only report the gain from the disposal of capital assets to the extent proceeds are received from the sale. In the statement of activities, a gain or loss is reported for each disposal | | (3,083) |
| Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds | | |
| Property and other taxes Special assessments Intergovernmental | 280,121 313,615 255,516 | |
| Total | | 849,252 |
| Other financing sources in the governmental funds that increase long-term liabilities in the statement of net assets. These sources were attributed to the inception of capital leases | | (404,270) |
| Repayment of long-term debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets | | 2,623,080 |
| Internal Service Funds are used by management to charge the costs of certain activities, such as insurance, to individual funds. The net revenue (expense) of the internal service funds are reported with governmental activites | | (21,030) |
| Some expenses reported in the statement of activities do not require the use of current financial resources and are therefore not reported as expenditures in governmental funds | | |
| Compensated Absences Accrued Interest on Bonds | (230,465) (104,240) | |
| Total | | (334,705) |
| Change in Net Assets of Governmental Activities | | \$5,571,241 |

Notes to the Basic Financial Statements For the Year Ended December 31, 2004

NOTE 1 - DESCRIPTION OF CITY OPERATIONS AND REPORTING ENTITY

The City: The City of Parma, Ohio (the "City") is a political subdivision of the State of Ohio operated pursuant to state statute. The City was originally established as a township in 1826, incorporated as a village in 1924, and organized as a city in 1931. The City is organized as a Mayor/Council form of government. The Mayor, Council, Auditor, Treasurer and Law Director are elected, as are three Municipal Court Judges and a Clerk of Courts. The mayoral election was held in November 2003 and the new mayor took office in January of 2004.

Reporting Entity:

In evaluating how to define the governmental reporting entity, the City complies with the provisions of Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*, under which the financial statements include all the organizations, activities, functions, and component units for which the City ("primary government") is financially accountable. Financial accountability is defined as the appointment of a voting majority of the component unit's board, and either (1) the City's ability to impose its will over the component unit, or (2) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the City.

On this basis, the City's financial reporting entity has no component units but includes in its financial statements the financial activities of all departments, agencies, boards and commissions that are part of the primary government, including police and fire protection, parks and recreation, health, certain social services and general administrative services. In addition, the City owns and operates one enterprise activity, a municipal golf course.

The Parma Municipal Court has been included in the City's financial statements as an agency fund. The Clerk of Courts is an elected City official who has a fiduciary responsibility for the collection and distribution of the court fees and fines.

The City is associated with certain organizations that are identified as jointly governed organizations; however, the City has no ongoing financial interest or responsibility. These organizations are presented in Note 16 to the basic financial statements. These organizations are:

Parma Community General Hospital Association Southwest Council of Governments

The City is also associated with the Parma Community Improvement Corporation (PCIC). The PCIC is a not-for-profit corporation that was founded in 1996. The five-member board, which consists of two members appointed by the City and three local residents, promotes industrial, commercial, distribution and research activities within the City. The PCIC has been excluded from the reporting entity.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements as of December 31, 2004 and for the year then ended have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP") applicable to local governments. The Governmental Accounting Standards Board ("GASB") is the standard-setting body for establishing governmental accounting and financial reporting principles, which are primarily set forth in the GASB's Codification of Governmental Accounting and Financial Reporting Standards ("GASB Codification"). Pursuant to GASB Statement No. 20, Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities that use Proprietary Fund Accounting, the City complies with GASB guidance applicable to its governmental and business-type activities. The City also complies with Financial Accounting Standards Board Statements and Interpretations, Accounting Principles Board Opinions, and Accounting Research Bulletins issued after November 30, 1989 to its governmental and business type activities and to its proprietary funds that do not conflict with or

Notes to the Basic Financial Statements For the Year Ended December 31, 2004

contradict GASB pronouncements. The most significant of the City's accounting policies are described below.

A. Basis of Presentation

The City's basic financial statements consist of government-wide statements, including a statement of net assets and a statement of activities, and fund financial statements, which provide a more detailed level of financial position.

Government-wide financial statements consist of a statement of net assets and a statement of activities. These statements report all of the assets, liabilities, revenues, expenses, and gains and losses of the City. Governmental activities are reported separately from business-type activities. Governmental activities are normally supported by taxes and intergovernmental revenues whereas business-type activities are normally supported by fees and charges for services and are usually intended by management to be financially self-sustaining. Fiduciary funds of the City are not included in these government-wide financial statements.

Interfund receivables and payables and bonds and notes issued by the City and held by the City as investments within governmental and business-type activities have been eliminated in the government-wide statement of net assets. Related interest amounts are eliminated in the government-wide statement of activities. These eliminations minimize the duplicating effect on assets and liabilities within the governmental and business-type activities total column.

Internal service fund balances, whether positive or negative, have been eliminated against the expenses and program revenues shown in the governmental activities statement of activities.

The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the City's governmental activities and for the business-type activities of the City.

Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenue includes (a) charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions, including special assessments that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues. General revenues identify the extent to which each governmental program or business activity is self-financing or draws from the general revenues of the City.

Fund financial statements During the year, the City segregates transactions related to certain City functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the City at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column. Internal service funds are combined and the totals are presented in a single column on the face of the proprietary fund statements. Fiduciary funds are reported by type.

B. Fund Accounting

The City uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. There are three categories of funds: governmental, proprietary and fiduciary.

Governmental Funds – Governmental funds are those through which most governmental functions are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for

Notes to the Basic Financial Statements For the Year Ended December 31, 2004

which they may be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balances. The following are the City's major governmental funds:

General Fund – The General Fund is the primary operating fund of the City. It is used to account for all financial resources, except those required to be accounted for in other funds. Its revenues consist primarily of income and property taxes, investment earnings, shared revenues, charges for services, and licenses, fees, and fines.

General Fund expenditures represent the costs of legislative and executive (general government); security of persons and property (including police and fire); public health and welfare; transportation, community environment, basic utility services, and leisure time activities. General Fund resources are also transferred annually to support other services that are accounted for in other separate funds.

Debt Service Fund – The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

City Income Tax Capital Acquisitions Fund – The City Income Tax Capital Acquisitions Fund is used to account for the portion of the City's income tax to be used for the acquisition and maintenance of capital assets.

The other governmental funds of the City account for grants and other resources whose use is restricted to a particular purpose.

Proprietary Funds – Proprietary fund reporting focuses on the determination of operating income, changes in net assets, financial position and cash flows. Proprietary funds are classified as either enterprise or internal service.

Enterprise Funds - The Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The City has one major enterprise fund.

Municipal Golf Course – The Municipal Golf Course fund is used to account for the financial activities of the Ridgewood Municipal Golf Course.

Internal Service Funds - The Internal Service Funds are used to account for the financing of goods or services provided by one department to other departments or to other governments on a cost-reimbursement basis. The City's internal service funds report on liability insurance, medical insurance and worker's compensation.

Fiduciary Funds – Fiduciary funds reporting focuses on net assets and changes in net assets. Private-purpose trust funds are used to account for trust arrangements that benefit individuals, private organizations, or other governments. For accounting measurement purposes, the private-purpose trust funds are accounted for in essentially the same manner as proprietary funds. During 2004, the City did not utilize any private-purpose trust funds. Agency funds are used to account for assets held by the City as an agent for individuals, private organizations, and other governments. For accounting measurement purposes, the agency funds are custodial in nature (assets equal liabilities) and do not involve the measurement of results of operations. Other fiduciary funds include pension trust funds and investment trust funds. During 2004, the City did not utilize any such trust funds. Fiduciary funds are not included in the government-wide statements.

Notes to the Basic Financial Statements For the Year Ended December 31, 2004

C. Measurement Focus

Government-Wide Financial Statements

The government-wide financial statements are prepared using the economic resources measurement focus. All assets and all liabilities associated with the operation of the City are included on the Statement of Net Assets. The Statement of Activities presents increases (i.e., revenues) and decreases (i.e., expenses) in total net assets.

Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for government funds.

Like the government-wide statements, all proprietary funds are accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of these funds are included on the statement of net assets. The statement of changes in fund net assets presents increases (i.e., revenues) and decreases (i.e., expenses) in total net assets. The statement of cash flows provides information about how the City finances and meets the cash flow needs of its proprietary activities.

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting; proprietary funds also use the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue and in the presentation of expenses versus expenditures.

Revenues – Exchange and Non-Exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available. Available means that the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Available period for the City is thirty-one days after year-end.

Non-exchange transactions, in which the City receives value without directly giving equal value in return, include income taxes, property taxes, grants, entitlements and donations. On an accrual basis, revenue from income taxes is recognized in the period in which the income is earned.

Revenue from property taxes is recognized in the year for which the taxes are levied (see Note 5).

Notes to the Basic Financial Statements For the Year Ended December 31, 2004

Revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: income tax, state-levied locally shared taxes (including gasoline tax), fees, fines and forfeitures, licenses and permits, interest, and grants and entitlements.

Deferred Revenue

Deferred revenue arises when assets are recognized before recognition criteria have been satisfied.

Property taxes for which there is an enforceable legal claim as of December 31, 2004, but which were levied to finance year 2005 operations, have been recorded as deferred revenue. Special assessments not received within the available period and grants and entitlements received before the eligibility requirements are met are also recorded as deferred revenue.

On governmental fund financial statements, receivables that will not be collected within the available period have also been reported as deferred revenue.

Expenses/Expenditures

On the accrual basis of accounting, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

E. Budgetary Procedures

The budgetary process is prescribed by provisions of the Ohio Revised Code and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriation ordinance, all of which are prepared on the budgetary basis of accounting. The certificate of estimated resources and the appropriations ordinance are subject to amendment through the year with the legal restriction that appropriations cannot exceed estimated resources, as certified. All funds, other than agency funds, are legally required to be budgeted and appropriated. For the Parma Public Housing Agency, the City maintained a budget only for salary and fringe benefit costs. However, all activity has been included as part of the reporting entity in the combined schedules prepared in accordance with GAAP.

The legal level of budgetary control is at the detail object within each department. Any budgetary modifications at this level may only be made by resolution of the City Council.

During the first Council meeting in July, the Mayor presents the annual operating budget for the following fiscal year to the City Council for consideration and passages. The adopted budget is submitted to the County Auditor, as Secretary of the County Budget Commission, by July 20 of each year, for the period January 1 to

Notes to the Basic Financial Statements For the Year Ended December 31, 2004

December 31 of the following year.

The County Budget Commission determines if the budget substantiates a need to levy all or part of previously authorized taxes and reviews estimated revenues. As part of this determination, the City receives the official certificate of estimated resources, which states the projected revenue of each fund. Prior to December 31, the City must revise its budget so that the total contemplated expenditures from any fund during the ensuing fiscal year will not exceed the amount available as stated in the certificate of estimated resources. The revised budget then serves as the basis for the annual appropriation ordinance.

On or about January 1, the certificate of estimated resources is amended to include any unencumbered balances at December 31 of the preceding year. Upon a determination by the Auditor that the revenue to be collected by the City will be greater or less than the amount included in the official certificate, the Auditor shall certify the amount of the excess of deficiency to the County Budget Commission, and if it is deemed reasonable by the Commission, the County Budget Commission shall certify an amended official certificate reflecting the deficiency or excess. The amounts reported on the budgetary statements reflect the amounts in the final amended official certificate of estimated resources issued during 2004.

A temporary appropriation ordinance to control expenditures may be passed on or about January 1 of each year for the period from January 1 to March 31. The annual appropriation ordinance must be passed by April 1 of each year for the period January 1 to December 31. The appropriation ordinance fixes spending authority at the fund, department and detail object level (personal services, other expenditures, and capital outlay). The appropriation ordinance may be amended during the year as new information becomes available provided that total fund appropriations do not exceed current estimated resources, as certified.

Funds appropriated may not be expended for purposes other than those designated in the appropriation measure. The allocation of appropriations among departments and major objects within a fund may be modified during the year only by an ordinance of Council. During the year, several supplemental appropriation measures were passed. None of these supplemental appropriations had any significant effect on the original appropriations. The "original budget" designation that appears in the statements of budgetary comparisons represents the original budget amounts adopted in the annual appropriation ordinance; the "final budget" designation represents the budget amount including all amendments and modifications passed by Council during the year.

As part of formal budgetary control, purchase orders, contracts and other commitments for the expenditure of monies are recorded as the equivalent of expenditures on the non-GAAP budgetary basis in order to reserve that portion of the applicable appropriation, and to determine and maintain legal compliance.

The Ohio Revised Code prohibits expenditures plus encumbrances from exceeding appropriations. On the fund financial level, encumbrances outstanding at year-end are reported as reservations of fund balances for subsequent year expenditures for governmental funds and reported in the notes to the basic financial statements for proprietary funds.

At the close of each year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations. The encumbered appropriation balance is carried forward to the succeeding fiscal year and is not reappropriated.

Notes to the Basic Financial Statements For the Year Ended December 31, 2004

While reporting financial position, results of operations, and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The Statements of Revenue, Expenditures, and Changes in Fund Balance – Budget (Non-GAAP Basis) and Actual – General Fund are presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and the GAAP basis are identified as follows:

- (a) Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis);
- (b) Expenditures/Expenses are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis);
- (c) In order to determine compliance with Ohio law, and to reserve that portion of the applicable appropriation, encumbrances are recorded as the equivalent of an expenditure (budget basis) as opposed to a reservation of fund balance for Governmental Funds.

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budgetary basis statements for the general fund.

| Net Change in Fund Balance | |
|-----------------------------|----------------|
| | General |
| GAAP Basis | \$ (1,555,391) |
| Increase (decrease) due to: | |
| Revenue accruals | 923,401 |
| Expenditure accruals | (925,832) |
| Outstanding encumbrances | (164,501) |
| Budget basis | \$ (1,722,323) |

F. Other Significant Accounting Policies

Cash and Cash Equivalents: Cash resources of certain individual funds are combined to form a pool of cash and investments that is managed by the City Treasurer. Investments in the Pooled Cash Account, consisting of certificates of deposit, repurchase agreements, U.S. government securities, StarOhio and time deposits, are carried at fair value (see Note 4) based on quoted market values. Interest earned on pooled cash and investments is distributed to the appropriate funds utilizing a formula based on the month-end balance of cash and investments of each fund.

Cash equivalents are defined as highly liquid investments with a maturity of three months or less at the time they are purchased by the City.

Investments: The City reports its investments at fair value based on quoted market values and recognizes the corresponding change in the fair value of the investments recorded in investment earnings in the year in which the change occurs. The City reports its investment in StarOhio at fair market value as of the date of the StarOhio statement.

Prepaid Items: Payments made to vendors for services that will benefit periods beyond December 31, 2004, are recorded as prepaid items using the consumption method by recording a current asset for the prepaid amount at the time of the purchase and the expenditure/expense in the year in which services are consumed.

Notes to the Basic Financial Statements For the Year Ended December 31, 2004

Materials and Supplies Inventory: Inventory generally consists of construction materials and parts inventory not yet placed into service. Inventories of governmental funds are stated at cost while inventory of proprietary funds are stated at the lower of cost or market. For all funds, cost is determined on a first-in, first-out basis. The costs of inventory items are recorded as expenditures in the governmental fund types when purchased and as expenses in the proprietary fund types when used. Reported supplies inventory is equally offset by a fund balance reserve in the governmental funds that indicates that it does not constitute available spendable resources even though it is a component of net current assets.

Capital Assets: Capital assets, which include property, plant, and equipment are reported in the applicable governmental or business-type activities columns in the government-wide financial statements to the extent the City's capitalization threshold is met. The City defines capital assets as assets with an estimated useful life in excess of 5 years and an individual cost of more than \$5,000. Assets are recorded at historical cost or estimated historical cost, if historical cost is not available. Contributed fixed assets are recorded at their estimated fair market value on the date contributed.

As permitted under the implementation provisions of GASB Statement No. 34, the historical cost of infrastructure assets acquired, significantly reconstructed or that received significant improvements prior to January 1, 1980 have not been included as part of governmental capital assets in the government-wide financial statements. The City will include infrastructure assets placed in service after January 1, 1980 but prior to January 1, 2003 in the government-wide financial statements as permitted under the implementation provisions of GASB Statement No. 34.

Capital assets in the proprietary funds are capitalized in the fund in which they are utilized. The valuation bases for proprietary fund capital assets are the same as those used for the general capital assets.

Costs for maintenance and repairs are expensed when incurred. However, costs for repairs and upgrades that materially add to the value or life of an asset and meet the above criteria are capitalized.

The City depreciates capital assets on a straight-line basis using the following estimated useful lives:

| Estimated Lives | |
|---------------------------------------|--|
| | |
| Not depreciated | |
| 10 - 20 years | |
| 70 years | |
| 10 years for governmental activities | |
| 15 years for business-type activities | |
| 15 years | |
| 5 - 50 years | |
| | |

Notes to the Basic Financial Statements For the Year Ended December 31, 2004

Compensated Absences: The liability for compensated absences is based on GASB Statement No. 16, "Accounting for Compensated Absences."

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the employer will compensate the employees for the benefits through paid time off or some other means. Normally, all vacation time is to be taken in the year available.

Sick days not taken may be accumulated until retirement. An employee is paid one-third of accumulated sick leave upon retirement, calculated at current wage rates, with the balance being forfeited. The City uses the vesting method to calculate its sick leave liability. Under this method, a liability for severance is based on sick leave accumulated at the balance sheet date by those employees who are currently eligible to receive termination (severance) payments according to City union agreements.

In the government-wide and proprietary funds financial statements, the entire amount of unpaid compensated absences is reported as a liability. A liability for compensated absences is accrued in the governmental funds only if the amount is currently due and payable at year-end. These amounts are recorded as accrued wages and benefits in the fund from which the employees who have accumulated leave are paid. The remaining portion of the liability is not reported in the governmental funds.

For governmental funds, the current portion of unpaid compensated absences is the amount expected to be paid using expendable available resources. These amounts are recorded in the account "compensated absences payable" in the fund from which the employees who have accumulated unpaid leave are paid.

Long-Term Obligations: In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statements of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Losses on advance refundings are deferred and amortized over the life of the new debt, or the life of the advance refunded debt, whichever is shorter. Bonds payable are reported net of the applicable unamortized bond premium, discount or advance refunding losses. Bond issuance costs are reported as other assets and amortized over the term of the related debt.

In the governmental fund financial statements, bond premiums and discounts, as well as bond issuance costs, are recognized as revenues or expenditures during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as other financing uses.

Fund Balances/Reserves: In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for a specific purpose. Reservations include amounts for open encumbrances, inventory and loans receivable. Designations of fund balances represent tentative management plans that are subject to change.

Grants and Other Intergovernmental Revenues: Grants and assistance awards made on the basis of entitlement programs are recorded as intergovernmental receivables and revenues when entitlement occurs. Reimbursement type grants are recorded as intergovernmental receivables and revenues when the related expenditures (expenses) are incurred. The City accounts for loans receivable related to the Community Development Block Grants as a reservation of fund balance in the fund financial statements to the extent that these loans do not have to be repaid to the Federal government. The loan proceeds are earmarked for future reprogramming under federal guidelines and are not available to fund current operating expenditures of the City.

Notes to the Basic Financial Statements For the Year Ended December 31, 2004

Encumbrances: Encumbrance accounting is employed in all City funds with the exception of Parma Public Housing. As part of the City's formal budgetary control, purchase orders, contracts, and other commitments for the expenditure of monies are recorded as the equivalent of expenditures on the non-GAAP budgetary basis in order to reserve that portion of the applicable appropriation and to determine and maintain legal compliance. Encumbrances outstanding at year-end are reported as a reservation of fund balances in the fund financial statements since they do not constitute expenditures or liabilities and are carried forward to the next fiscal year.

Interfund Transactions: During the course of normal operations, the City has numerous transactions between funds, including the allocation of centralized expenses and transfers of resources to provide services, construct assets and service debt. Such transactions are generally reflected as operating transfers or direct expenses of the fund that is ultimately charged for such costs. Quasi-external transactions are accounted for as revenues and expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed. Non-recurring or non-routine permanent transfers of equity are reported as residual equity transfers. All other interfund transfers are reported as operating transfers.

Operating Revenues and Expenses: Operating revenues are those that are generated directly from the primary activity of the proprietary funds. For the City, those revenues are charges for services for the golf course. Operating expenses are necessary costs incurred to provide the service for the primary activity of the fund. Revenues and expenses not meeting these definitions are reported as non-operating.

Net Assets: Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consisted of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through constitutional provisions or enabling legislation or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The City applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

Extraordinary and Special Items: Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the City Administration and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during 2004.

Statement of Cash Flows: The City utilizes the direct method of reporting cash flows from operating activities in the Statement of Cash Flows as defined by the GASB Statement No. 9 "Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities that use Proprietary Fund Accounting". In the statement of cash flows, cash receipts and cash payments are classified according to operating, noncapital financing, capital and related financing, and investing activities.

Estimates: The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Notes to the Basic Financial Statements For the Year Ended December 31, 2004

NOTE 3 - COMPLIANCE AND ACCOUNTABILITY

Legal Compliance

The following funds, which were corrected at year-end, had expenditures plus encumbrances exceeding authorized appropriations at the legal level of budgetary control on October 31, 2004, contrary to Ohio Revised Code Section 5705.41 (B):

| Fund/Department/Detail/Object | FY 2004 Appropriations Plus Prior Year Encumbrances Appropriated | Expenditures Plus Encumbrances | Variance |
|-------------------------------|------------------------------------------------------------------|--------------------------------------|-----------|
| General Fund | | | |
| City Income Tax | | | |
| All Other Expenditures | | | |
| Contractual Services | \$56,000 | \$64,108 | (\$8,108) |
| General Fund | | | |
| Law Director | | | |
| All Other Expenditures | | | |
| Special Counsel | \$49,468 | \$57,938 | (8,470) |
| General Fund | | | |
| City Council | | | |
| All Other Expenditures | | | |
| Outside Printing | \$8,000 | \$10,415 | (2,415) |

In order to address the budgetary violations of Ohio Revised Code Section 5705.41 (B), the City intends to closely monitor the budgetary accounts to eliminate these weaknesses in future periods.

The following funds, which were corrected at year-end, had appropriations in excess of the amount certified as available by the budget commission as of October 31, 2004, contrary to Ohio Revised Code Section 5705.39:

| Fund | Esimated Resources | Appropriations | Variance |
|-----------------------|--------------------|----------------|---------------|
| Disaster Preparedness | \$30,559 | \$80,850 | (\$50,291) |
| Noxious Weeds | \$13,934 | \$26,550 | (\$12,616) |
| Parma Public Housing | \$3,547,656 | \$5,185,086 | (\$1,637,430) |

In order to address the budgetary violations of Ohio Revised Code Section 5705.39, the City intends to closely monitor the budgetary accounts to eliminate this weakness in future periods.

Notes to the Basic Financial Statements For the Year Ended December 31, 2004

Deficit Fund Balances

At October 31, 2004, the following funds had deficit fund cash balances contrary to Ohio Revised Code Section 5705.10:

Non-Major Funds

| Fair Housing | \$325,671 |
|-------------------------|-----------|
| West Creek Preservation | 126,371 |
| Parma Public Housing | 164,467 |
| Fire Levy | 164,826 |
| Street Lighting | 264,955 |

At December 31, 2004, the following fund had a deficit fund cash balance contrary to Ohio Revised Code Section 5705.10:

Non-Major Funds

Fire Pension \$82,115

In addition, the following individual funds had GAAP deficit fund balances at year-end:

Non-Major Funds

| Community Development Block Grant | \$149,802 |
|-----------------------------------|-----------|
| Noxious Weeds | 7,466 |
| Street Lighting | 78,619 |
| Fire Pension | 18,754 |
| Fair Housing | 73,292 |
| Juvenile Diversion Program | 1,109 |
| Traffic Intervention Program | 247 |
| West Creek Preservation | 88,694 |
| FEMA Assistance to Firefighters | 21,168 |
| Henninger Homestead | 13,815 |
| Sewer Construction | 966,618 |
| Senior Citizens Center | 34,538 |
| Workers' Compensation Insurance | 613 |

Management is aware of these deficits and is analyzing the fund operations to determine the appropriate action to alleviate each fund's deficit. The general fund is liable for any deficits in these funds and provides operating transfers when cash is required, not when accruals occur.

Notes to the Basic Financial Statements For the Year Ended December 31, 2004

NOTE 4 - POOLED AND SEGREGATED CASH AND INVESTMENTS

Except for monies of the Parma Public Housing Agency and the Parma Municipal Court, whose depository accounts are presented as "Cash and cash equivalents in segregated accounts" or as "Cash and cash equivalents with fiscal and escrow agents", monies of all other funds of the City are maintained or invested in a common group of bank accounts. Collectively these common bank accounts and investments are presented as "Equity in pooled cash and cash equivalents" on the statement of net assets. Individual fund integrity is maintained through the City's accounting records.

Certain funds have made cash disbursements in excess of their individual equities in the pooled cash accounts. Such amounts have been classified as due to other funds and due from other funds between the General Fund and the respective funds that have made disbursements in excess of their individual equities in the pooled cash accounts.

Deposits: Ohio law requires that deposits be placed in eligible banks or savings and loan associations located in Ohio.

GASB Statement No. 3, "Deposits with Financial Institutions, Investments (Including Repurchase Agreements) and Reverse Repurchase Agreements", requires the City to categorize its deposits into one of three categories:

Category 1: Insured or collateralized with securities held by the entity or by its agent in the entity's name.

Category 2: Collateralized with securities held by pledging financial institution's trust department or agent in the entity's name.

Category 3: Uncollateralized (this includes any bank balance that is collateralized with securities held by the pledging financial institution, or by its trust department or agent but not in the entity's name).

At year-end, the carrying amount of the City's deposits including certificates of deposit was \$3,089,263 and the actual bank balance totaled \$3,832,566. The difference represents outstanding warrants payable and normal reconciling items. Based on the criteria described in GASB Statement No. 3, \$778,967 of the bank balance was insured or collateralized with securities held by the City or by its agent in the City's name. The remaining balance of \$3,053,599 was uninsured and uncollateralized, as defined by the GASB, (which includes any bank balance that is collateralized with securities held by the pledging financial institution or by its trust department but not in the City's name).

Investments: The City's investment policies are governed by state statutes and City ordinances which authorize the City to invest in obligations of the U.S. Treasury, agencies and instrumentalities; bonds and other State of Ohio obligations; certificates of deposit; U.S. Government Money Market Mutual Funds; State Treasurer Asset Reserve Fund (STAROhio); guaranteed investment contracts and repurchase transactions. Such repurchase transactions must be purchased from financial institutions as discussed in "Deposits" above or registered broker/dealers. Repurchase transactions are not to exceed a period of one year and confirmation of securities pledged must be obtained. Under City policy, investments are limited to repurchase agreements, U.S. government securities, certificates of deposit, investments in certain money market mutual funds and State Treasurer Asset Reserve Fund (StarOhio). Generally, investments are recorded in segregated accounts by way of book entry through the bank's commercial or trust department and are kept at the Federal Reserve Bank in the depository institution's separate custodial account for the City, apart from the assets of the depository institution. Ohio statute prohibits the use of reverse repurchase agreements as of September 1996.

Investment securities are exposed to various risks such as interest rate, market and credit. Market values of securities fluctuate based on the magnitude of changing market conditions, therefore, significant changes in market conditions could materially affect portfolio value.

Notes to the Basic Financial Statements For the Year Ended December 31, 2004

GASB Statement No. 3 requires the City to categorize its deposits and investments into one of three categories:

Category 1: includes insured or registered, or securities held by the City or its agent in the City's name;

Category 2: includes uninsured and unregistered, with securities held by the counterparty's trust department or agent in the City's name and;

Category 3: includes uninsured and unregistered, with securities held by the counterparty or its trust department or agent but not in the City's name.

The categorized investments shown in the following table include those that are classified as cash equivalents in accordance with the provisions of GASB Statement No. 9:

| | Category 1 | Category 3 | Carrying Amount | Fair Value |
|------------------------------|------------|------------|-----------------|---------------|
| Victory Federal Mutual Funds | - | - | 186,168 | 186,168 |
| STAR Ohio | - | - | 1,385,268 | 1,385268 |
| Money Market Accounts | - | - | 5,181,960 | 5,181,960 |
| FHLB | - | 3,476,645 | 3,476,645 | 3,476,645 |
| FNMA | - | 248,395 | 248,395 | 248,395 |
| Municipal Bonds | 16,000 | | 16,000 | 16,000 |
| | | | | |
| | \$16,000 | 3,725,040 | 10,494,436 | 10,494,436 |

During 2004, investments were limited to federal agency securities, repurchase agreements, manuscript bonds, STAR Ohio, non-negotiable certificates of deposit, Victory Federal Mutual Funds, and money market accounts.

Except for non-participating investment contracts, investments are reported at fair value.

STAR Ohio is an investment pool created pursuant to Ohio statutes and managed by the Treasurer of the State of Ohio that allows governments within the state to pool their funds for investment purposes. Investments in STAR Ohio are valued at STAR Ohio's share price, which is the price the investment could be sold for on December 31, 2004. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940.

Non-participating investment contracts include non-negotiable certificates of deposit that are reported at cost. Amounts invested with STAROhio, Victory Federal Mutual Funds, and money market accounts in a collective pool and in guaranteed investment contracts are not classified by risk categories because they are not evidenced by securities that exist in physical or book entry form as defined by GASB Statement No. 3.

Notes to the Basic Financial Statements For the Year Ended December 31, 2004

Reconciliation to Financial Statements:

The classification of cash and cash equivalents and investments on the combined financial statements is based on criteria set forth in GASB Statement No. 9. Cash and equivalents are defined as investments with an original maturity of three months or less. Reconciliation between the classification of cash and investments on the basic financial statements and the classifications per GASB Statement No. 3 is as follows:

| | Cash and Cash Equivalents | Investments | |
|----------------------------------------|------------------------------|--------------|--|
| GASB Statement No. 9 | \$13,583,699 | \$0 | |
| Investments: | | | |
| Victory Federal Mutual funds | (186,168) | 186,168 | |
| STAR Ohio | (1,385,268) | 1,385,268 | |
| Money Market Accounts | (5,181,960) | 5,181,960 | |
| Federal Home Loan Bank | (3,476,645) | 3,476,645 | |
| Federal Home Loan Mortgage Association | (248,395) | 248,395 | |
| Municipal Bonds | (16,000) | 16,000 | |
| GASB Statement No. 3 | \$3,089,263 | \$10,494,436 | |

NOTE 5 - PROPERTY TAXES

Property taxes include amounts levied against all real, public utility and tangible property (used in business) located in the City. The 2004 levy was based upon an assessed valuation of approximately \$1,701,410,336. Ohio law prohibits taxation of property from all taxing authorities in excess of 10 mills of assessed value without a vote of the people. Under current procedures, the City's share is 5.10 mills, of which 0.20 mills is dedicated to debt service and 0.60 mills is dedicated to the payment of police and fire pension obligations. A revaluation of all property is required to be completed no less than every six years, with a statistical update every third year. Assessed values are established by the Cuyahoga County Auditor. The County Treasurer collects property taxes on behalf of all taxing districts in the County including the City.

Real property taxes, excluding public utility property, are all assessed at 35% of appraised market value. Pertinent real property tax dates are:

| Collection Dates | January 20 and June 20 of the current year |
|------------------|-----------------------------------------------------|
| Lien Date | January 1 of the year preceding the collection year |
| Levy Date | October 1 of the year preceding the collection year |

Tangible personal property taxes are based on assessed values determined at the close of the most recent fiscal year of the taxpayer that ended on or before March 31 of the current calendar year. For the collection year 2004, the percentage used to determine taxable value of personal property and inventory was 25% of true value for capital assets and 23% of true value for inventory. Pertinent tangible personal property tax dates are:

| Collection Dates | April 30 and September 30 of the current year |
|------------------|-----------------------------------------------------|
| Listing Date | December 31 of the preceding year |
| Levy Date | October 1 of the year preceding the collection year |

Notes to the Basic Financial Statements For the Year Ended December 31, 2004

An electric company's taxable transmission and distribution property is assessed at 88% of true value, while all of its other taxable property is assessed at 25% of true value. Pertinent public utility tangible personal property tax dates are:

Collection Dates January 20 and June 20 of the current year

Lien Date December 31 of the second year preceding the collection year

Levy Date October 1 of the year preceding the collection year

The full tax rate for all City operations for the year ended December 31, 2004, was \$5.10 per \$1,000 of assessed value. The assessed values of real and tangible personal property certified for tax year 2004 are as follows:

| Real Property | \$1,573,099,850 | | |
|----------------------------|-----------------|--|--|
| Tangible Personal Property | 94,630,746 | | |
| Public Utility Property | 33,679,740 | | |
| | | | |
| Total Valuation | \$1.701.410.336 | | |

NOTE 6 - INCOME TAXES

The City levies a municipal income tax of 2% on all salaries, wages, commissions and other compensation earned within the City. A portion of the City income tax is restricted in its use to capital expenditures and debt service and is included in the City Income Tax Capital Acquisitions Fund. All other income tax proceeds are included in the General Fund. Employers are required to withhold this income tax from all their employees working within the City's limits, without regard to where the employees reside. The income tax withheld by employers must be remitted to the City on a monthly basis if the amount exceeds \$100 per month, otherwise quarterly. Persons under 18 years of age are not subject to the City income tax.

Corporations and area businesses are also subject to the 2% City income tax. All net profits earned by resident business are subject to City income tax, less the amount credited for taxes paid to another municipality. All non-resident businesses' net profits earned within the City are subject to the City income tax.

City residents are also subject to a 2% income tax on all income earned outside the City's limits. A credit of 50% is recognized on all municipal income taxes paid to another community. This credit cannot exceed the City's income tax rate of 2% or the tax rate of the municipality in which the income was generated, whichever is less.

All taxpayers incurring a liability that exceeds \$100 are required to pay estimated taxes on a quarterly basis.

In 2004, income tax proceeds were credited 78.75% to the General Fund and 21.25% to the City Income Tax Capital Acquisitions capital projects fund.

Notes to the Basic Financial Statements For the Year Ended December 31, 2004

NOTE 7 - INTERGOVERNMENTAL RECEIVABLES

A summary of the governmental activities principal items of the intergovernmental receivables follows:

| | Amount |
|--------------------------------------|-----------------|
| | |
| Local government | \$ 2,053,800 |
| Gasoline tax | 1,001,727 |
| Permissive motor vehicle license tax | 268,961 |
| Motor vehicle license registration | 266,270 |
| Homestead and rollback | 622,030 |
| Liquor permits | 40,736 |
| Estate tax | 345,015 |
| Miscellaneous | 11,003 |
| | |
| Total | \$ 4,609,542 |

NOTE 8 - COMPENSATED ABSENCES

Accumulated Vacation

City employees earn vacation leave at varying rates based upon length of service. Vacation leave is earned in one year and must be used in the next year. Any unused vacation leave is eliminated from the employee's vacation leave balance. In the case of death or retirement, an employee (or his estate) is paid for his unused vacation leave to a maximum of the amount of vacation leave earned in the prior year but not yet used and, on a pro rata basis, vacation leave earned during the current year. At December 31, 2004, the total vacation obligation for the City as a whole amounted to \$955.

Accumulated Unpaid Sick Leave

City employees earn sick leave at the rate of four and six tenths hours per eighty hours of service. Sick leave is cumulative without limit. In the case of death or retirement, an employee (or his estate) with ten or more years of service (except five or more years of service for American Federation of State, County, and Municipal Employees union members) is paid for one-third of his accumulated sick leave not to exceed various ceilings depending on the department for which the employee worked. The total obligation for sick leave accrual for the City as a whole as of December 31, 2004, was \$1,015,674.

Accumulated Overtime

All City employees earn overtime for work performed in excess of regular hours. Limitations of maximum accumulation of overtime hours are specified in the union agreements. During 2004, overtime was accumulated at a rate of one and one-half hours of overtime for each excess hour worked. All unpaid, accumulated overtime is paid to employees upon separation or death. Overtime is paid at the current wage rate in effect when the overtime is paid. At December 31, 2004, accumulated, unpaid overtime for the City as a whole was \$1,238,526.

Notes to the Basic Financial Statements For the Year Ended December 31, 2004

NOTE 9 – CAPITAL ASSET ACTIVITY

Capital asset activity for the year ended December 31, 2004 was as follows:

| | Balances | | | Balances |
|-----------------------------------------------------------------------------|--------------|-----------|-----------|------------|
| | 12/31/2003 | Additions | Disposals | 12/31/2004 |
| Governmental activities | | | | |
| Nondepreciable assets | | | | |

| Business-type activities capital assets, net of accumulated depreciation | \$1,608,771 | 67,721 | 0 | 1,552,488 |

Notes to the Basic Financial Statements For the Year Ended December 31, 2004

Depreciation expense was charged to governmental activities as follows:

| General government | \$768,729 |
|----------------------------------|-------------|
| Security of persons and property | 524,038 |
| Transportation | 13,841 |
| Community environment | 69,503 |
| Basic utility services | 40,665 |
| Leisure time activities | 123,134 |
| | |
| Total | \$1,539,910 |

Depreciation expense was charged to business-type activities as follows:

| Golf course | \$62,002 |
|-------------|----------|
| Total: | \$62,002 |

NOTE 10 - RISK MANAGEMENT

Self Insurance: The City is exposed to various risks of loss related to torts, thefts of, damage to and destruction of assets, errors and omissions, injuries to employees, and natural disasters. The City does not carry commercial insurance for such risks. An excess coverage insurance (stop loss) policy covers claims in excess of \$250,000 per occurrence and an aggregate of \$10,000,000 per occurrence. Settled claims have not exceeded coverage in any of the last three years and there has been no significant reduction in coverage from the prior year.

In accordance with GASB Statement No. 10, claims liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported ("IBNRs"). Claims that meet this criteria are reported as liabilities of either governmental or business-type activities in the government-wide statement of net assets. In the fund financial statements, claims liabilities that relate to internal service funds are reported; however, the long-term portion of claims liabilities is not reported for governmental funds.

The result of the process to estimate the claims liability is not an exact amount as it depends on many complex factors, such as inflation, changes in legal doctrines, and damage awards. Accordingly, claims are re-evaluated periodically to consider the effects of inflation, recent claim settlement trends (including frequency and amount of payouts), and other economic and social factors. The estimate of the claims liability also includes amounts for incremental claim adjustment expenses related to specific claims and other claim adjustment expenses, regardless of whether allocated to specific claims. Estimated recoveries, for example from salvage or subrogation, are another component of the claims liability estimate.

A liability of \$48,500 provided by the City's Law Director has been recorded. Changes in the Liability Insurance Self-Insurance Fund claims liability amount for 2002 through 2004 were:

| | Balance | Current | | Balance |
|------|-----------|-----------|-------------|-------------|
| | at | Year | Claim | at |
| | January 1 | Claims | Payments | December 31 |
| | | | | - |
| 2002 | \$325,000 | \$102,122 | (\$134,122) | \$293,000 |
| 2003 | 293,000 | 128,348 | (191,348) | 230,000 |
| 2004 | 230,000 | 116,311 | (297,811) | 48,500 |

Notes to the Basic Financial Statements For the Year Ended December 31, 2004

Medical Self Insurance: In October 1988, the City replaced its major health insurance with a Medical Insurance Self Insurance fund. A third-party administrator, Medical Mutual of Ohio, reviews all claims that are then paid by the Medical Insurance Self Insurance fund. The City pays a premium for reinsurance specific stop-loss coverage for the claim period October 1 through September 30, which carries a deductible of \$100,000 per person.

The Medical Insurance Self Insurance fund generates revenues by charging an actuarially determined premium to each fund based on the number of employees enrolled in the self-insured plan and their type of coverage. The Medical Insurance Self Insurance fund subsequently pays for all costs of providing claims servicing and claims payment.

A liability, estimated by the third party administrator, in the amount of \$520,774 has been recorded to reflect unpaid claims cost including incurred but not reported claims as of December 31, 2004. The estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claim adjustment expense. Changes in the Medical Insurance Self-Insurance Fund claims liability amount for 2002 through 2004 were:

| Balance | Current | | Balance |
|-----------|-----------------------------------------|--------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| at | Year | Claim | at |
| January 1 | Claims | Payments | December 31 |
| | | | |
| \$354,814 | \$3,649,692 | (\$3,609,356) | \$395,150 |
| 395,150 | 3,904,181 | (3,924,611) | 374,720 |

Workers Compensation Insurance Fund (WCIF): Effective January 1, 1997, the City commenced participation in the State of Ohio workers' compensation program to provide workers' compensation benefits to its employees. The City pays the State Workers' Compensation System a premium based on a rate per \$100 of salaries.

The City participated in a retroactive rating plan, under which the City assumed a portion of the risk in return for a possible reduction in premiums, through December 31, 1996. A liability in the amount of \$102,427, based on information provided by the Ohio Bureau of Workers' Compensation, has been recorded to reflect unpaid claims cost, including incurred but not reported claims, as of December 31, 2004. The estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claim adjustment expense.

All costs of workers claims, premiums, administrative costs and other additional assessments are paid out of the WCIF. Changes in the Workers' Compensation Insurance Fund claims liability amount for 2002 through 2004 were:

| | Balance | Current | | Balance |
|------|-----------|-----------|-------------|-------------|
| | at | Year | Claim | at |
| | January 1 | Claims | Payments | December 31 |
| | | | | |
| 2002 | \$61,001 | \$488,936 | (\$193,759) | \$356,178 |
| 2003 | 356,178 | 319,281 | (561,590) | 113,869 |
| 2004 | 113,869 | 447,500 | (458,942) | 102,427 |

Notes to the Basic Financial Statements For the Year Ended December 31, 2004

NOTE 11- INTERFUND TRANSACTIONS AND BALANCES

Interfund Transactions: During the course of normal operations, the City records numerous transactions between funds including expenditures and transfers of resources to provide services, subsidize operations, and service debt. The City has the following types of transactions among funds:

Reciprocal interfund services provided and used – Purchases and sales of goods and services between funds for a price approximating their external exchange value.

Nonreciprocal interfund transfers – Flows of assets between funds without equivalent flows of assets in return and without a requirement for repayment. This includes operating transfers to subsidize various funds.

Nonreciprocal interfund reimbursements – Repayments from the funds responsible for particular expenditures or expenses to the funds that initially paid for them.

Interfund balances: Interfund balances at December 31, 2004 represent charges for services or reimbursable expenses. These remaining balances resulted from the time lag between the dates that (1) interfund goods or services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting records, and (3) payments between funds are made. All are expected to be paid within one year.

Detailed listings of interfund receivables and payables as of December 31, 2004 are as follows:

| Governmental Activites | Receivables | Payables |
|-------------------------------------------|-------------|----------|
| General fund | \$ 552,416 | 0 |
| Debt service fund | 0 | 46,551 |
| City income tax capital acquisitions fund | 152,364 | 0 |
| Other governmental funds | 0 | 658,229 |
| Total | \$704,780 | 704,780 |

Detailed listings of due to/due from other funds as of December 31, 2004 are as follows:

| Governmental Activites | Due from | Due to |
|-------------------------------------------------|---------------------|-----------|
| General fund | \$ 335,603 | 1,463,480 |
| Internal service funds Other governmental funds | 1,463,480 17,911 | - |
| Agency funds | | 353,514 |
| Total | \$ 1,816,994 | 1,816,994 |

Notes to the Basic Financial Statements For the Year Ended December 31, 2004

Detailed listings of transfers as of December 31, 2004 are as follows:

| Governmental Activites | Transfers - in | Transfers - out | |
|----------------------------------------|----------------|-----------------|--|
| General fund | \$ 31,150 | 4,365,264 | |
| Debt service fund | 2,380,403 | 0 | |

| Other governmental funds | 6,833,468 | 2,854,972 | |
| Internal service funds | 601,000 | 0 | |
| Total | \$9,864,756 | 9,864,756 | |

NOTE 12 - DEFINED BENEFIT PENSION PLANS

Ohio Public Employees Retirement System: The City participates in the Ohio Public Employees System (OPERS). OPERS administers three separate pension plans. The traditional plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20% per year). Under the member directed plan, members accumulate retirement assets equal to the value of the member and vested employer contributions plus any investment earnings. The combined plan is a cost sharing, multiple employer defined benefit pension plan that has elements of both a defined benefit and a defined contribution plan. Under the combined plan, employer contributions are invested by the retirement system to provide a formula retirement benefit similar to the traditional plan benefit. Member contributions, whose investment is self-directed by the member, accumulate retirement assets in a manner similar to the member directed plan.

OPERS provides retirement, disability, survivor, and death benefits and annual cost of living adjustments to members of the traditional and combined plans. Members of the member directed plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report which may be obtained by writing to the OPERS, 277 East Town Street, Columbus, Ohio 43215–4642 or by calling 614.222.6705 or 800.222.7377.

For the year ended December 31, 2004, the members of all three plans, except those in law enforcement or public safety, participating in the traditional plan, were required to contribute 8.5 percent of their annual covered salaries. Members participating in the traditional plan who were in law enforcement contributed 10.1 percent of their annual covered salary; members in public safety contributed 9 percent. The City's contribution rate for pension benefits for 2004 was 9.55 percent, except for those plan members in law enforcement or public safety. For those classifications, the City's pension contributions were 12.7 percent of covered payroll. The Ohio Revised Code provides statutory authority for member and employer contributions.

The City's required contributions for pension obligations to the traditional and combined plans for the year ended December 31, 2004, 2003, and 2002 were \$1,576,338, \$1,220,483, and \$1,247,726 respectively; 100 percent has been contributed for 2004, 2003, and 2002.

Notes to the Basic Financial Statements For the Year Ended December 31, 2004

Ohio Police and Fire Pension Fund: The City contributes to the Ohio Police and Fire Pension Fund ("OP&F"), a cost sharing multiple employer defined benefit pension plan. OP&F provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. OP&F issues a publicly available financial report that includes financial information and required supplementary information for the plan. That report may be obtained by writing to the Ohio Police and Fire Pension Fund, 140 East Town Street, Columbus, Ohio 43215-5164.

Plan members are required to contribute 10 percent of their annual covered salary, while the City is required to contribute 11.75 percent for police and 16.25 percent for firefighters. The City's contributions to the Fund for police and firefighters were \$797,246 and \$1,198,755, \$710,335 and \$1,004,466 for the year ended December 31, 2003, and \$801,652 and \$1,005,573 for the year ended December 31, 2002, respectively. The full amount has been contributed for 2003 and 2002. 78 percent for police and 76 percent for firefighters has been contributed for 2004 with the remainder being reported as a liability.

In addition to current contributions, the City pays installments on the accrued liability incurred when the State of Ohio established the statewide pension system for police and firefighters in 1967. As of December 31, 2004, the unfunded liability of the City was \$100,754, payable in semi-annual payments through the year 2008. This is an accounting liability of the City that will not vary. The liability is reported as "long-term liabilities" in the governmental activities column on the statement of net assets.

NOTE 13 - OTHER POSTEMPLOYMENT BENEFITS

Ohio Public Employees Retirement System: The Ohio Public Employees Retirement System (OPERS) provides postretirement health care coverage to age and service retirees with ten or more years of qualifying Ohio service credit with either the traditional or the combined plans. Health care coverage for disability recipients and primary survivor recipients is available. Members of the member-directed plan do not qualify for postretirement health care coverage. The health care coverage provided by the retirement system is considered an Other Postemployment Benefit as described in GASB Statement No. 12. A portion of each employer's contribution to the traditional or combined plans is set aside for the funding of postretirement health care based on authority granted by State statute. The 2004 local government employer contribution rate was 13.55 of covered payroll (16.7 percent for public safety and law enforcement); 4 percent was the portion that was used to fund health care.

Benefits are advance-funded using the entry age normal actuarial cost method. Significant actuarial assumptions, based on OPERS's latest actuarial review performed as of December 31, 2003, include a rate of return on investments of 8 percent, an annual increase in active employee total payroll of 4 percent compounded annually (assuming no change in the number of active employees) and an additional increase in total payroll of between 0.50 percent and 6.30 percent based on additional annual pay increases. Health care premiums were assumed to increase 1 percent and 6 percent annually for the next eight years and 4 percent annually after eight years.

All investments are carried at market. For actuarial valuation purposes, a smoothed market approach is used. Assets are adjusted to reflect 25 percent of unrealized market appreciation or depreciation on investment assets annually.

The number of active contributing participants in the traditional and combined plans was 369,885. The City's actual contributions for 2004 that were used to fund postemployment benefits were \$660,246. The actual contribution and the actuarially required contribution amounts are the same. OPERS's net assets available for payment of benefits at December 31, 2003 (the latest information available) were \$10.5 billion. The actuarially accrued liability and the unfunded actuarial accrued liability were \$26.9 billion and \$16.4 billion, respectively.

Notes to the Basic Financial Statements For the Year Ended December 31, 2004

On September 9, 2004, the OPERS Retirement Board adopted a Health Care Preservation Plan (HCPP) with an effective date of January 1, 2007. The HCPP restructures OPERS' health care coverage to improve the financial solvency of the fund in response to increasing health care costs.

Ohio Police and Fire Pension Fund: The Ohio Police and Fire Pension Fund (OP&F) provides postretirement health care coverage to any person who receives or is eligible to receive a monthly service, disability, or survivor benefit check or is a spouse or eligible dependent child of such person. An eligible dependent child is any child under the age of 18 whether or not the child is attending school, or under the age of 22 if attending school full-time or on a 2/3 basis.

The health care coverage provided by the retirement system is considered an Other Postemployment Benefit (OPEB) as described in GASB Statement No. 12. The Ohio Revised Code provides the authority allowing the Ohio Police and Fire Pension Fund's board of trustees to provide health care coverage and states that health care costs paid from the OP&F shall be included in the employer's contribution rate. Health care funding and accounting is on a pay-as-you-go basis. The total police employer contribution is 19.5 percent of covered payroll and the total firefighter employer contribution is 24 percent of covered payroll, of which 7.75 percent of covered payroll was applied to the postemployment health care program during 2004. In addition, since July 1, 1992, most retirees have been required to contribute a portion of the cost of their health care coverage through a deduction from their monthly benefit payment. Beginning in 2001, all retirees and survivors have monthly health care contributions.

The City's actual contributions for 2004 that were used to fund post employment benefits were \$525,843 for police and \$571,714 for firefighters. The OP&F's total health care expenses for the year ended December 31, 2003, (the latest information available) were \$150,853,148, which was net of member contributions of \$17,207,506. The number of OP&F participants eligible to receive health care benefits as of December 31, 2003 was 13,662 for police and 10,474 for firefighters.

All bonds are secured by the full faith and credit of the City. Such bonds and notes are payable from ad valorem property taxes levied within the limitations provided by law, irrespective of whether such bonds or notes are secured by other receipts of the City in addition to such ad valorem property taxes.

Special assessment bonds will be paid from the proceeds of special assessments levied against benefited property owners. In the event that a property owner fails to pay the assessment, payment would be made by the City. General obligations bonds, with the exception of the internal service fund various purpose bonds, will be paid from the general bond retirement debt service fund. The OPWC and OWDA loans will be repaid from the debt service fund. The police and firemen's pension liability will be paid from levied taxes in the police and fire special revenue fund, and the law enforcement special revenue fund. Compensated absences will be paid from the fund from which the employees' salaries are paid. The capital leases will be paid from the city income tax capital acquisitions fund, municipal golf course enterprise fund and other governmental funds.

The City's overall legal debt margin was \$151,735,931 at December 31, 2004.

Notes to the Basic Financial Statements For the Year Ended December 31, 2004

Principal and interest requirements to retire the City's, general obligation bonds, special assessment bonds, police and firemen's pension liability, OWDA loans and OPWC loans payable at December 31, 2004 are as follows:

Other Governmental Obligations

Capital Lease Arrangements: The City has entered into leases for the acquisition of vehicles and equipment. These lease obligations meet the criteria of a capital lease as defined by Statement of Financial Accounting Standards Number 13, "Accounting for Leases," which defines a capital lease generally as one which transfers benefits and risks of ownership to the lessee. For governmental funds, capital lease payments are reflected as debt service expenditures in the basic financial statements. In the enterprise fund, capital lease principal payments have been reclassified to reduce the liability and the interest payments have been reclassified as interest and fiscal charges expense.

Notes to the Basic Financial Statements For the Year Ended December 31, 2004

The assets recorded by the City under capital leases were as follows as of December 31, 2004:

| | Governmental Activities | Business-Type Activities | | |
|--------------------------------|-------------------------|--------------------------|--|--|
| Equipment | \$744,680 | \$149,267 | | |
| Vehicles | 3,270,433 | 0 | | |
| Software | 922,165 | 0 | | |
| Less: accumulated depreciation | 1,490,492 | (29,583) | | |
| Carrying value | \$3,446,786 | \$119,684 | | |

The following is a schedule of the future minimum lease payments required under the capital leases and the present value of the minimum lease payments as of December 31, 2004:

| Year | Governmental Activities | Business-Type Activities |
|-----------------------------------------|-------------------------|--------------------------|
| 2005 | \$ 1,036,484 | 35,624 |
| 2006 | 707,390 | 35,624 |
| 2007 | 429,496 | 17,812 |
| 2008 | 343,668 | 0 |
| 2009 | 177,060 | 0 |
| Total minimum lease payments | 2,694,098 | 89,060 |
| Less: amount representing interest | 181,104 | 6,243 |
| Present value of minimum lease payments | \$ 2,512,994 | 82,817 |

Defeasance of Debt: On August 15, 1995, the City of Parma issued \$3.9 million in General Obligation Bonds. Proceeds were used to defease \$3,500,000 of its 1990 various-purpose general obligation bonds scheduled to mature in 2011 by placing the proceeds of the new bond issue in an irrevocable trust with an escrow agent to provide for all future debt service payments on the 1990 series bonds. On December 31, 2004, \$1,940,000 of bonds outstanding are considered defeased.

Notes to the Basic Financial Statements For the Year Ended December 31, 2004

NOTE 15 – NOTES PAYABLE

Note debt activity for governmental activities for the year ended December 31, 2004 consisted of the following:

| | Balance at 12/31/2003 | Issued | Retired | Balance at 12/31/2004 |
|----------------------------------------------------|-----------------------|-----------|-----------|-----------------------|
| 1.40% Contract Claim Settlement notes | \$ 450,000 | 0 | (450,000) | 0 |
| 2.20% Pleasant Valley Road Sewer Improvement notes | 0 | 1,200,000 | 0 | 1,200,000 |
| 2.00% Contract Claim Settlement notes | 0 | 170,000 | 0 | 170,000 |
| Total | \$ 450,000 | 1,370,000 | (450,000) | 1,370,000 |

Note debt activity for business-type activity for the year ended December 31, 2004 consisted of the following:

| | Balance at 12/31/2003 | Issued | Retired | Balance at 12/31/2004 |
|-------------------------------------|-----------------------|--------|-----------|-----------------------|
| 1.90% Golf Course Improvement notes | \$ 100,000 | 0 | (100,000) | 0 |
| Total | \$ 100,000 | 0 | (100,000) | 0 |

All notes are backed by the full faith and credit of the City and mature within one year. The liability for the \$1,200,000 Pleasant Valley Road Sewer Improvement notes and \$170,000 Contract Claims Settlement notes outstanding at year-end are reflected in the Sewer Improvement fund and City Income Tax Capital Acquisition fund, respectively. The \$1,370,000 Notes Payable are reflected on the Governmental Funds Balance Sheet and on the Statement of Net Assets.

NOTE 16 - JOINTLY GOVERNED ORGANIZATIONS

Parma Community General Hospital Association The Parma Community General Hospital Association is a not-for-profit adult care hospital controlled by a Board of Trustees that is composed of mayoral appointees from the cities of Parma, North Royalton, Brooklyn, Parma Heights, Seven Hills, and Brooklyn Heights. Each city has two representatives on the Board, other than Parma, which has six. The operations, maintenance, and management of the Hospital are the exclusive charge of the Parma Community General Hospital Association. The City's degree of control is limited to its appointments to the Board of Trustees.

Additions to the Hospital have been financed by the issuance of hospital revenue bonds. The bonds are backed solely by the revenues of the Hospital. The Cities have no responsibility for the payment of the bonds, nor is there any ongoing financial interest or responsibility by the City to the Hospital.

Because there is no ongoing equity interest, there is no requirement to disclose the investment in the jointly governed organization in the Government-Wide Financial Statements. There does exist, however, a residual equity interest upon the dissolution or sale of the Hospital, according to the terms of the original agreement among the Cities. The City of Parma has made no contributions to the Hospital during the year. The Hospital's financial statements may be obtained by contacting the Parma Community General Hospital, Parma, Ohio.

Notes to the Basic Financial Statements For the Year Ended December 31, 2004

Southwest Council of Governments: The Southwest Council of Governments helps foster cooperation between municipalities in areas affecting health, safety, welfare, education, economic conditions and regional development. The board is comprised of one member from each of the sixteen participating entities. The board exercises total control over the operation of the Council including budgeting, appropriating, contracting and designating management. Budgets are adopted by the board. Each City's degree of control is limited to its representation on the board.

The Council has established two subsidiary organizations, the Hazardous Material Response Team ("Haz Mat") which provides hazardous material protection and assistance and the Southwest Enforcement Bureau that provides extra assistance to cities in the form of a Special Weapons and Tactics Team ("SWAT Team"). The Council's financial statements may be obtained by contacting the Southwest Council of Governments, Parma Heights, Ohio.

NOTE 17 - CONTINGENCIES

General Contingencies: Various claims and lawsuits are pending against the City. In accordance with GASB Statement No. 10, those claims which are considered "probable" are accrued (see Note 10), while those claims that are considered "reasonably possible" are disclosed but not accrued.

As of December 31, 2004, the amount of claims against the City for which an unfavorable outcome is deemed to be reasonably possible, aggregated \$48,500 for governmental funds.

These estimates were based on a case-by-case review of outstanding claims by the City's Law Director.

Contingencies Under Grant Programs: The City participates in a number of federally assisted Investment Act grant programs, principal of which are Community Development Block Grants. These programs are subject to financial and compliance audits by the grantors or their representatives. Audits have been completed by granting agencies for the Parma Public Housing Agency grants. The City believes that disallowed costs on other grants, if any, would not be material.

NOTE 18 – SUBSEQUENT EVENTS

On March 17, 2005, the City issued \$400,000 Broadview Road Sanitary Sewer Improvement Notes with an interest rate of 2.80 percent maturing March 16, 2006.

On June 23, 2005, the City issued \$7,000,000 Fire Station Improvement Bonds with an average interest rate of 4.28 percent with a final maturity date of December 1, 2025.

On June 23, 2005, the City issued \$1,700,000 Road Improvement Bonds with an average interest rate of 4.28 percent with a final maturity date of December 1, 2025.

On July 13, 2005, the City issued \$1,066,000 West Pleasant Valley Road Sanitary Sewer Improvement Notes with an interest rate of 3.15 percent maturing July 13, 2006.

CITY OF PARMA, OHIO

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special revenue funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes. The City's special revenue funds are described below.

Paramedic Levy - To account for tax revenues restricted to providing emergency medical services within the City.

Land Acquisitions - To account for revenues designated for the purchase of land for park purposes.

Parks and Recreation - To account for revenues received from insurance fees, gifts, donations, rents, and contributions designated for recreation programs.

Parma Public Housing - To account for revenues received from the federal government to operate the Parma Public Housing department.

Community Development Block Grant - To account for revenues received from the federal government and expenditures for the Community Development Block Grant Program.

Street Construction, Maintenance and Repair - To account for that portion of the state gasoline tax and motor vehicle registration fees designated for maintenance of streets within the City.

State Highway -To account for that portion of the state gasoline tax and motor vehicle registration fees designated for maintenance of state highways within the City.

Municipal Motor Vehicle License Tax - To account for that portion of both city and county license tax designated for maintenance of streets within the City.

Noxious Weeds - To account for the cost of providing care to property not maintained by the property owner.

Street Lighting - To account for revenues and expenditures related to lighting the City's streets.

Police Pension - To accumulate property taxes for the partial payment of the current and accrued liability for police disability and pension benefits.

Fire Pension - To accumulate property taxes for the partial payment of the current and accrued liability for fire disability and pension benefits.

SPECIAL REVENUE FUNDS (continued)

Law Enforcement - To account for certain law enforcement revenue to be expended for incarceration costs.

Police Levy - To account for revenue from the police operating levy.

Fire Levy - To account for revenue from the fire operating levy.

Sewer Maintenance - To account for the revenues and expenditures of the sewer department.

Fair Housing - To account for grant revenue to assure fair housing within the City.

Community Center - To account for the revenues and expenditures of the community center.

Title III Grant - To account for grant revenues for senior citizens programs.

Senior Donations - To account for donations to senior citizens programs.

Housing Maintenance Code - To account for activity associated with the enforcement of City property maintenance standards.

Roadway Industrial Parkway - To account for activity associated with the Roadway Industrial Parkway.

Enterprise Zone Monitoring - To account for activity associated with the City's enterprise zone.

Local Law Enforcement Block Grant - To account for grant revenues and expenditures as prescribed by the Local Law Enforcement Block Grant program.

EMS Grant - To account for activity associated with the emergency medical services grant.

Court Security Grant - To account for activity associated with the court security grant.

Juvenile Diversion Program - To account for activity associated with Juvenile Diversion Program.

Victims of Crime Compensation Program - To account for activity associated with the Victims of Crime Compensation Program.

Traffic Intervention Program - To account for activity associated with Traffic Intervention Program.

Senior Facility Grant - To account for activity associated with the senior facility grant.

Schaff Community Center - To account for activity associated with the Schaff Community Center grant.

Stearns Farm - To account for activity associated with the Stearns Farm grant.

Litter Prevention and Recycling - To account for activity associated with the Litter Prevention and Recycling grant.

SPECIAL REVENUE FUNDS (continued)

Customer Service Center - To account for activity associated with the Customer Service Center grant.

Nature Works - To account for activity associated with the Nature Works grant.

America Beautiful - To account for activity associated with the America Beautiful grant.

West Creek Preservation – To account for activity associated with the West Creek Preservation recreational preserve.

Ohio and Erie Canal – To account for activity associated with the Ohio and Erie Canal recreational area.

Disaster Preparedness – To account for activity associated with the Disaster Preparedness fund.

County Health Loan – To account for activity associated with the County Health Loan fund.

James A. Lovell Park – To account for activity associated with the park named in honor of U.S. Navy captain (retired) and Apollo astronaut James A. Lovell.

Animal Shelter – To account for activity associated with the City's animal shelter.

DUI Prevention Task Force – To account for activity associated with the DUI Prevention Task Force fund.

Recreation Trust – To account for activity associated with the Recreation Trust fund.

Curb Cutting – To account for activity associated with the Curb Cutting fund.

Tree Planting – To account for activity associated with the City's Tree Planting fund.

Vista Ridge – To account for activity associated with the Vista Ridge subdivision fund.

FEMA Assistance to Firefighters – To account for activity associated with the FEMA Assistance to Firefighters grant.

Community Emergency Response Team – To account for activity associated with the Community Emergency Response Team grant.

PMC Clerk Computerization – To account for activity associated with the Parma Municipal Court Clerk Computerization program.

 $Henninger\ Homestead-To\ account\ for\ activity\ associated\ with\ the\ acquisition\ and\ improvement\ of\ the\ Henninger\ Homestead.$

Brownfield Redevelopment – To account for activity associated with brownfield redevelopment activity within the City.

CAPITAL PROJECTS FUNDS

Capital project funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds). The City's capital project funds are described below.

Library - To account for activity associated with the conversion of the Royal Ridge Elementary School into a branch of the Cuyahoga County Public Library.

Sewer Construction - To account for activity associated with the financing and construction of City sanitary sewers.

Street Improvement - To account for activity associated with the financing and improvement of City streets.

Sidewalks - To account for special assessments for sidewalk installation and maintenance.

Senior Citizens Center - To account for activity associated with the financing and construction of the Senior Citizens Center.

Courts Capital Improvement - To account for activity associated with capital improvements at the Parma Municipal Court District.

City Hall Capital Improvements - To account for activity associated with improvements to city hall.

Justice Center - To account for activity associated with the construction of the court and jail facility.

Fire Department Building Fund - To account for activity associated with the renovation of fire department buildings.

Gannett Land Purchase – To account for activity associated with the Gannet Land Purchase fund.

CITY OF PARMA, OHIO

INTERNAL SERVICE FUNDS

Internal service funds are established to account for the financing of goods or services provided by one department of the City to other departments of the City on a cost-reimbursement basis. The City's internal service funds are described below.

Liability Insurance - To account for activity associated with the City liability claims.

Medical Insurance - To account for activity associated with the City medical claims.

Workers' Compensation Insurance - To account for activity associated with City workers' compensation insurance.

CITY OF PARMA, OHIO

AGENCY FUNDS

Agency funds are established to account for assets received and held by the City when acting in the capacity of an agent or custodian. The City's agency funds are described below.

Municipal Court - To account for activity associated with the Parma Municipal Court.

North Royalton Sewer - To account for activity associated with North Royalton Sewer System.

Sales Tax - To account for activity associated with the City's collection and remission of state sales tax.

Child Abuse - To account for activity associated with the City's issuance of birth and death certificates.

Other Agencies - To account for activity associated with all other assets held by the City for other funds, governmental units, and individuals.
